Sub: Investor Presentation for the quarter ended 30th June, 2025

Dear Sir,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find attached herewith Investor Presentation for the quarter ended 30th June, 2025

The aforesaid presentation is also being made available on the Company's website www.expogas.com

Thanking you

Yours faithfully,

For Expo Engineering and Projects Limited
(Formerly known as Expo Gas Containers Limited)

Hasanain S. Mewawala
Managing Director

ABOUT US

Established in 1982 under the visionary leadership of the **late Mr. Shaukatali Mewawala**, a passionate engineer and IIT Bombay alumnus. We began by manufacturing LPG cylinders at our facility in Murbad, Thane. Over the years, we have evolved into a prominent **heavy engineering company** specializing in the manufacturing of diverse **process plant equipments**.

- We manufacture a wide range of process plant equipments, including **high-pressure vessels, heat exchangers, reactors, columns, and custom-built fabrications**.
- We provide end-to-end engineering solutions, from **design and manufacturing to fabrication and installation**.
- With over 4 decades of experience, we have served diverse industries, including **oil and gas, green hydrogen, petrochemicals, chemicals, pharmaceuticals, and power**, both in India and internationally and have established ourselves as a trusted partner across these sectors.

JOURNEY SO FAR

1982–2002 The Humble Beginning

1982

Founded by Late Shri Shaukatali Mewawala
(IIT Bombay alumnus); began manufacturing LPG Cylinders.

1992

Entered process plant equipment manufacturing
– first step into heavy engineering.

1994

Listed on BSE

1994–2001

Export expansion
to Japan, UK, Germany, Middle East, and Africa.

2002

Strategic Pivot

- Exited LPG cylinder manufacturing due to policy changes.
- Focus shifted entirely to fabrication of process equipment.
- Built relationships with leading EPCs, PMCs, and oil marketing companies.

2003–2009

Overcoming Financial Struggles

- 2003–04 Faced execution delays; exited ₹40 Cr IOCL Panipat order due to rising input costs.
- Debt burden grew; company entered One-Time Settlement (OTS) in 2009, clearing major liabilities and regaining stability

2015

Leadership Transition

After the passing of the founder, new leadership took charge:

Mr. Murtuza Mewawala

– Chairman

Mr. Hasanain Mewawala

– Managing Director

Strategic reboot with focus on growth, profitability, and engineering excellence.

2024

A New Era of Growth

- Raised ₹7.52 Cr via equity infusion (37.6 lakh shares to promoters & investors).
- Focus on CAPEX for advanced machinery, efficiency & scale.
- Plans to enter exotic metals segment (Titanium, Nickel) to serve high-value sectors.

2025

- Received a ₹25.62 crore work order from Bharat Petroleum Corporation Ltd. (Mahul), Mumbai Refinery
- received a work order from Indian Oil Corporation Limited, Mumbai amounting to ₹26.09 crore

KEY MANAGEMENT

Murtuza s. Mewawala

Chairman

He pursued production engineering at Somaiya College. Later, he earned a Bachelor's in Finance & Economics from Bryant University, Rhode Island, USA. After graduating and working briefly at Merrill Lynch in New York, he joined Expo Gas Containers Ltd., when he came back to India. In 2015, he became Chairman and has since overseen the company's strategy, planning, and governance.

Hasanain s. Mewawala

Managing director

With 20+ years of experience in engineering, construction, and manufacturing, he began his career in 2001, focusing on maintenance and shutdown services for major oil & gas companies. In 2009, he joined Expo Gas Containers Ltd., initially assisting with projects and later taking on a leadership role upon becoming the Managing Director. He now oversees operations and has been the driving force behind the company's growth playing a pivotal role in solidifying Expo's position in the industry.

Sajjadhussein m. Nathani

Executive director

A seasoned finance professional with over 30+ years of experience, he has played a crucial role in the company's financial growth and stability. He has proficiently managed the company's financial affairs, highlighting his exceptional leadership and strategic insight. His forward-thinking approach has been instrumental in transforming the company's financial landscape and ensuring long-term success.

MANAGEMENT COMMENT

Murtuza S. Mewawala

Chairman

I am pleased to report a resilient performance for Q1FY26, marked by stable revenues and significant improvement in profitability despite a challenging external environment. Our EBITDA grew by 36.9% year-on-year, driven by improved operational efficiencies and prudent cost management. The EBITDA margin expanded to 10.68%, reflecting our continued focus on disciplined execution and value-added engineering.

Notably, our PAT witnessed a robust growth of 263% year-on-year, supported by lower finance costs and optimized resource allocation. While there was a sequential decline in topline due to phasing of project executions, we remain confident of strong revenue visibility in the coming quarters, backed by a healthy order book and ongoing customer engagements..

With over four decades of expertise and a clear focus on high-margin and quality-driven projects, we are well-positioned to deliver sustainable growth and enhanced value for our stakeholders in the upcoming quarters

BUSINESS overview

BUSINESS SEGMENTS

Process Plant Equipment Manufacturing

- Specializes in high-pressure vessels, heat exchangers, reactors, columns, and custom-built fabrications.
- Offers complete services from design and manufacturing to fabrication and installation.

On-Site Engineering Projects

specialize in **on-site engineering projects**, including fixed and floating roof storage tanks, huge site-fabricated equipments, mounded bullets, horton spheres, and the fabrication and erection of equipments.

Maintenance & Inspection Services

Our services also include the **maintenance, inspection, and repair** of crude oil storage tanks, aluminum dome roof tanks, and process plant equipments. Furthermore, we specialize in the **installation** of column internals and **the complete revamping** of columns and vessels, etc.

Metallurgies we specialize in

carbon steel, NACE, NACE + HIC, stainless steel, duplex steel, inconel, monel, alloy steel, hastelloy and clad steel in all metallurgies.

KEY STRENGTHS

Experienced Management

Over 5 decades of experience in this business - supported by team of professionals with more than 2 decades of experience

Cost effective and Quality Manufacturing

Certified as an authorized ASME U & R stamp manufacturer - manufacturing custom made equipment

Strong Geographical Footprint

Exporting tailor-made equipment to Indonesia, Russia, Israel, USA, Bangladesh and other countries

Strong Brand value and repeat Customer orders

- Esteemed client base across Pharmaceuticals, Agro Chemicals and Specialty Chemicals Industry
- Majority of clients give repeat orders and have been with for last many years – this needs to be quantified – How many customers in terms of % have been with Company for more than 5/10 years
- How many customers give repeat orders – in terms of %

MANUFACTURING CAPABILITIES

- Our manufacturing facility is strategically located in Murbad, Thane, approximately 90 kms north of Mumbai, covering a total plot area of nearly 5 acres (20,234.3 Sq. M)
- The main fabrication bay measures 120 Mtrs in length, 20 Mtrs in width. In 2009, this bay was further extended by an additional 42 Mtrs in length, increasing the height below the crane hook to 9 Mtrs.

AREA ALLOCATION	SIZE
Heavy Fabrication Bay	4,000 Sq. M
Medium & Light Fabrication Bay	3,473 Sq. M
Open Yard Facility	11,324 Sq. M

MATERIAL HANDLING EQUIPMENTS	SIZE
Electric Overhead Travelling Cranes	Up to 75 MT
Hydraulic Jacks	Up to 150 MT
CNC Profile cutting Machine	100 mm Oxy Fuel & 35 mm Plasma

EQUIPMENT DIMENSIONS	SIZE
Diameter of equipment	Up to 9 Mtrs
Length of equipment	Up to 120 Mtrs
Weight of equipment	Up to 350 Ton
Tube Sheet Thickness	Up to 300 mm
Maximum Plate Width	2.5 Mtrs & 3 Mtrs
Rolling Capacity of Plate	Up to 70 mm x 3 Mtrs width

PROCESS	EQUIPMENT
Submerged Arc Welding	SAW mounted on Column, Boom & Trolley type DC Power Sources – 1500, 1000 Amp Bode Long Seamer
Flux Cored Arc Welding	Thyristorised Rectifier (CC/CV)
Gas Tungsten Arc Welding	High Frequency Units Invertors
Automatic Shot Blasting Machine	Blast Wheel Size: 349 mm Ø

SIGNIFICANT DEVELOPMENTS

Fund utilization & strategic fund raising

Successfully raised funds through a preferential allotment, issuing 37,60,000 equity shares aggregating to Rs 7.52 Cr in Q1 FY25.

These funds have been fully utilized in the following manner:

- Funding working capital requirements- Rs 4.00 Cr
- CAPEX requirements- Rs 2.50 Cr
- Bidding for new projects & hiring new engineering professionals- Rs 1.02 Cr

Furthermore, the Company is raising Rs 22.02 Cr by issuing 31,45,715 convertible warrants into equity shares to Promoter and Non-Promoters on preferential basis

Order info for this quarter

- Indian Oil Corporation Ltd awarded two orders for the maintenance & inspection of crude oil storage tanks at their Vadinar and Chakshu installation, totaling to Rs 15.60 Cr.
- Additionally, secured an order from Bharat Petroleum Corporation Ltd for the maintenance and inspection of crude oil storage tanks at their Vadinar Oil Terminal, which is valued at Rs 5 Cr.
- Secured an order from Bharat Petroleum Corporation Ltd for the maintenance and inspection of crude oil storage tanks at their Mumbai Refinery, valued at Rs 25.63 Cr, for which we had achieved the L1 position earlier.

Key developments

- Won an order of Rs 26.10 Cr from Indian Oil Corporation Ltd for supply, installation, fabrication, erection, testing & commissioning of tanks and their foundation work, pipelines and allied works for their LB Plant in Asaoti, Haryana.
- Also secured two orders from Reliance Industries Ltd, aggregating to Rs 1.56 Cr for the supply of carbon steel fabricated fittings for their Jamnagar site.

A low-angle, blue-tinted photograph of an industrial construction site. Several tall cranes are visible, with one in the center lifting a large, cylindrical component. The scene is filled with complex scaffolding and structural elements of the building under construction.

Industry Opportunity

INDUSTRY OPPORTUNITY

SOARING ENERGY REQUIREMENTS

- Oil demand to **double to 11 million barrels/day by 2045**.
- Diesel demand expected to reach **163 MT by 2029-30**, covering 58% of oil demand by 2045.
- Natural gas consumption to grow by **25 BCM until 2024**, supported by LNG imports.

Robust Policy & Investment Climate

- **100% FDI** allowed in upstream & private refining projects.
- Union Budget 2025-26 allocated **₹5,597 crore (US\$ 640 million)** for Phase II of ISPRL to expand underground petroleum storage.

STRATEGIC OPPORTUNITIES FOR EXPO GAS CONTAINERS LTD

With India's crude oil imports projected to exceed 5.8 million barrels/day and LNG imports rising to ~35,000 MMSCM in 2025, along with plans to expand strategic petroleum reserves and strong petroleum exports (~65–68 MMT expected in FY25), there is a significant opportunity for Expo Gas Containers Ltd to supply advanced high-pressure storage vessels, gas cylinders, and specialized containers, positioning the company to capitalize on the growing need for safe, reliable oil and gas storage solutions.

ACCELERATING REFINING & STORAGE EXPANSION

- Refining capacity rose from 215.1 to **256.8 MMTPA**, projected to **309.5 MMTPA by 2028**.
- 50% commercialization of **Strategic Petroleum Reserves (SPR)** underway to fund new storage capacity.
- Expected **US\$ 25 billion** investment in exploration, production & infrastructure.

Exports of Petroleum Products from India (MMT)

Source: Ministry of Petroleum and Natural Gas, (MMT - Million Metric Tonnes)

INDUSTRY OPPORTUNITY

INDIA'S SPR EXPANSION PLANS

6 new strategic reserve sites planned, targeting **90 days of crude backup** (up from ~77 days).

Sites include Mangalore SEZ (Karnataka) and Bikaner (Rajasthan), with feasibility reports due by year-end.

Current reserves cover just 9.5 days; expansion will **significantly increase national storage capacity**.

WHY THIS MATTERS

- India imports **85% of crude oil**; disruptions (e.g., Strait of Hormuz risks) can cripple supplies.
- Recent West Asia tensions highlight the need for larger reserves.
- Each 1 MMT reserve requires **~₹2,500 crore investment**, creating multi-billion-dollar demand for storage solutions.

EXPO GAS CONTAINERS LTD: POSITIONED TO LEAD

Proven expertise in **high-pressure gas cylinders and specialized storage container**

Capability to deliver **customized, large-scale storage solutions**

track record of serving oil & gas, defense, and energy sectors — making Expo a natural partner for upcoming SPR projects.

WAY | Ahead

Continue bidding for projects aligned with our strengths and capacity, sustaining our track record in tender wins.

Upgrade qualifications to participate in large-value tenders, targeting the elite bracket with less competition and higher value addition.

Leverage upgraded manufacturing facilities to ensure faster production cycles and timely deliveries.

Expand customer base beyond Public Sector Oil companies, focusing on sectors such as Chemicals and Steel manufacturing.

Enlist with overseas Project Management Consultants to increase export share in heavy engineering equipment.

Explore manufacturing of equipment using exotic materials for high-value, precision-engineered products with enhanced capabilities.

THANK YOU!
