Performance Review

In the backdrop of COVID-19 scenario, financial year 2020-21 was a challenging year, particularly due to imposition of nationwide lockdown during first quarter. As a result, country's overall economy witnessed the sharpest decline in the first quarter of fiscal 2021. Impacted by the same, the Company's operations also remained suspended from 23rd March, 2020 to 4th May, 2020 and, after restart of operation from 5th May, 2020, the activity level gradually picked up the pace from second quarter onwards. As agriculture sector remained unaffected during this slow down, the tractor industry to which the company serves, witnessed a strong growth during the financial year ended 31st March, 2021. Consequently, your Company was also benefitted by the significant rise in engine demand from Q2 onwards and registered an overall growth of 26% in its engine sales for the financial year 2020-21 over last year. In the process, the Company crossed 1,00,000 units for the first time and posted its highest ever engine sales of 1,13,269 units during FY21 as against last year's sale of 89,928 units.

Fuelled by higher engine sales volume, the net operating revenue for FY 2020-21 stood at Rs. 986.57 crores as against Rs. 773.30 crores of previous year - up 27.6%. With continued focus on cost front, the Company's Operating profit (EBITDA) margin at 13.8% improved by 80 basis points. While the Operating profit at Rs. 135.66 crores grew by 35.1% over last year, Profit before tax at Rs. 124.48 crores registered a growth of 33.7% over last year. Profit after tax (before other comprehensive income) of Rs. 92.54 crores (previous year - Rs. 71.04 crores) translated into Basic Earning Per Share of Rs. 76.27 (previous year - Rs. 58.57). Total comprehensive income (net of tax) for the year stood at Rs. 92.59 crores as against Rs. 70.61 crores of previous year.

Taking note of the emerging demand scenario in the coming years and to timely cater the customer requirements, your Company has also approved capacity expansion programme to increase its capacity to 1,50,000 engines per annum from existing 1,35,000 engines per annum. This capacity expansion will be fully financed through the internal resources and expected to be available from Q2 FY22.

While details of financial position and performance are available in the Balance Sheet, Statement of Profit & Loss, alongwith related notes, key aspects are highlighted in the following paragraphs:

(A) Statement of Profit & Loss

Income:

Total revenue for the year was Rs. 995.16 crores (previous year - Rs. 786.08 crores) with the following breakdown:

	<u>2020-21</u>	<u>2019-20</u>
		(Rs. in Crores)
Engines	962.51	750.45
Engine Spares/Parts	20.90	20.11
Scrap etc.	3.16	2.74
Net Revenue from Operations	986.57	773.30
Other Income	8.59	12.78
Net Total Revenue	995.16	786.08

The domestic tractor industry after witnessing slowdown in demand during FY 2019-20 registered a strong growth in FY 2020-21. The other income for the year was lower primarily due to decline in returns & overall corpus available for investment.

Expenditure:

- **Material Cost**

Material cost as a percentage of net revenue from operations was 77.6% against previous year's 76.6%. The same was higher because of increases witnessed in prices of related commodities and also higher cost to meet supply chain challenges during FY 2020-21.

- **Personnel Cost**

Personnel cost for the year was Rs. 42.89 crores against Rs. 41.78 crores of previous year. The change in the cost was primarily due to higher activity level and annual increments etc.

- **Other Expenses**

Higher volumes supported by continuous focus on cost control have restricted the other expenses (consisting manufacturing, administrative & marketing expenses etc.) at 4.3% as percentage of net operating revenue against previous year's 5.0%.

- **Depreciation and Amortisation**

Depreciation and amortisation for the year was Rs. 19.77 crores against previous year's Rs. 20.13 crores.

The Company is having Performance Management System (PMS) to objectively measure the performance of the individual and the organization. The overall remuneration structure is linked with PMS.

To further increase the competency level of the employees, systematic and structured training is provided at different levels. Such trainings cover aspects related to leadership development, communication effectiveness and team building etc. This has made a significant contribution to the Company's business.

Industrial relations remained cordial throughout the year under review.

Regular employee strength (excluding apprentice) as on 31st March, 2021 stood at 351 (31st March, 2020 - 360).

INDUSTRY STRUCTURE AND DEVELOPMENTS

Since Company's principal business is sale of diesel engines for tractors being manufactured by M&M-Swaraj Division, it would be appropriate to take note of developments in the tractor industry.

Indian tractor industry (the world's largest by volume) has a mix of Indian origin and international manufacturers and is traditionally segmented by horsepower broadly - the low horsepower upto 30 HP segment, the mid segment of 30 HP - 50 HP and the higher segment of above 50 HP. While most of the major players cater to all the three segments, their relative strengths and market positions differ from segment to segment. Over a period of time, the medium and higher HP segments have become the most popular and fastest growing segments in the country owing to increased affordability, tractor versatility and evolution of farming practices especially in case of farmers with large land holdings. Further, to increase the tractor penetration in the lower segment of the market and to serve the growing horticulture segment with cost effective product, industry players are also focusing on this segment.

The domestic tractor industry, which witnessed a de-growth of nearly 10% during FY20, bounced back in fiscal 2021 and posted a significant growth of about 27% to reach at 8,99,000 units - the highest ever volume for any financial year.

OUTLOOK AND OPPORTUNITIES

While the current COVID-19 pandemic scenario could pose some challenges, it is expected that the good rabi crop, prediction of normal monsoon, availability of finance will help to sustain the tractor demand momentum. Further, with Government's continued thrust on enhancing farmers' income through various initiatives like improving irrigation facilities, crop insurance, hike in minimum support price (MSP), monetary support to marginal farmers, promoting rural development besides other industry growth drivers such as agri mechanisation, scarcity of farm labour especially during the sowing season and momentum in infrastructural projects etc., the tractor industry is expected to continue its growth journey in medium to long term. In this backdrop, engine business of the Company is likely to move in tandem with industry.

THREATS, RISKS & CONCERNS

As a supplier to M&M, your Company would be directly affected by factors impacting tractor industry. These would include issues like the rain-dependent nature of our agriculture, Government policy on procurement, credit availability, commodity price trends, new regulations for tractors etc.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report and the related annexures, but does not include the Financial statements and our Auditors' Report thereon.

Our opinion on the Financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph "f" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to Financial Statement under Clause (i) of Sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Swaraj Engines Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
