#### MANAGEMENT DISCUSSION AND ANALYSIS

# 1) INDUSTRY STRUCTURE AND DEVELOPMENTS

Print media is one of the oldest and basic forms of mass communication and the contribution of print media in providing information and transfer of knowledge is remarkable. Even after the advent of electronic media, the print media has not lost its charm or relevance. Print media has the advantage of making a longer impact on the minds of the reader, with more in-depth reporting and analysis.

There are more than 80000 publications of various kinds in various languages registered with the Registrar of Newspapers of India, which functions under the Ministry of Information & Broadcasting. With increase in advertising expenditures across media platforms, the print media is expected to grow at 9-10% during 2011-2015.

The Company belongs to the Regional Print Media Industry and which is a publisher of "SANDESH" a premier Gujarati daily newspaper in Gujarat Region, to carry on the business of editing, printing and publishing newspapers and periodicals. The Company started its first printing facilities at Ahmedabad.

Late Shri Chimanbhai S. Patel acquired the entire business from the original promoter in the year 1958, and had put his efforts to strengthen the activities carried out by "SANDESH". The editorial policy of the Company has always been based on basic journalist values of objectivity and has not been influenced by any external forces. Presently, Shri Falgunbhai Patel, Chairman & Managing Director is running the entire business affairs of the Company along with Shri Parthiv Patel, Managing Director and a professional team of the Executives of the Company.

The Company had started its printing facilities at Baroda during 1985-86, at Surat during 1989-90, at Rajkot during 1990-91, at Bhavnagar during 1998-99 and at Bhuj during 2010-11 to cater to the semi urban and rural areas. The Company has now total six editions in the State of Gujarat. The Company has its regional offices at Mumbai, Delhi, Kolkata, Bangalore, Chennai and Pune, which have experienced staff and well equipped communication facilities. The Company has a strong regional franchise, where it enjoys strong readership loyalty.

The Company has successfully launched an augmented reality app i.e. 'Sandesh Smart' which lets its readers access multimedia contents like videos, slideshows, social media connect, polls, interactive quizzes and much more by simply scanning the newspaper with their Smartphone. The Company has become the first regional newspaper brand in India to bring digital content through its newspaper with the launch of 'Sandesh Smart'.

Besides the Company also publishes "Stree", a weekly magazine and also the periodical "Sandesh Pratyaksha Panchang" which remained popular among the public. A weekly newspaper 'Agro Sandesh', specific to the rural community of the State of Gujarat covering the farming, dairy and co-operative sector was successfully launched and which is contributing positively to the development of the farmers of the State of Gujarat and allied agricultural industries.

The Company has successfully diversified into electronic media under the brand name "Sandesh News". This news channel in a very short time has become immensely popular and has also won the awards. Further, as a part of its out-of-home advertising activity, the Company has sites at all the major commercial areas in Ahmedabad. The Company is also successfully operating its real estate and finance businesses.

#### 2) OPPORTUNITIES AND THREATS

Historically, the print media companies have expanded by increasing penetration and keeping the cover prices affordable, thus resulting in relatively lower circulation revenue growth. However, recently, the print media industry has been in a consolidation mode and circulation revenue growth for most print companies has been higher than the advertising revenue growth.

Indian print advertising has grown at 11% from the year 2007 to the year 2012, as against growth of about 5% globally. Regional print media is reported to have grown at even higher rate of 14% during this period as against only 6% in English print media. Regional advertising has been increased due to growing readership and increase in advertising rates. Print media continues to be the largest beneficiary, accounting for 46% of advertising pie at ₹ 150 Million.

Macro factors such as rising literacy and increasing penetration in semi-urban and rural areas are likely to ensure profitable growth for the print media sector. Future growth is largely driven by semi-urban and rural areas on account of increasing commercial activity, higher spending power and rising literacy. With the language print medium dominating in these areas, language newspapers are preferred over English newspapers.

The Company, with its six editions at different strategic locations, has strongly established its presence across the State of Gujarat. The Company also sees the opportunities in rural and semi-urban areas of Gujarat. The Company is planning to continuously improve the circulation of its newspaper in those areas also and will target higher readership amongst the young, educated and elite mass of the public. The publications of the Company are very popular in the urban areas of the State and it continuously improving the readership in smaller towns and villages of the State of Gujarat.

"Sandesh Spotlight" is the OOH wing of the Company which has a vision 'To make an impact in the OOH market by combining Marketing Strength and Futuristic Approach'. The Company had procured various prestigious tenders like Bus Rapid Transit System Bus Shelters, AUDA & Ahmedabad Municipal Corporation. Sandesh Spotlight has properties in the prime locations in the city of Ahmedabad, covering the most prominent junctions & some of the busiest cross roads, and aims at strategically adding more so as to be able to provide its clients with best visibility for their brands; in line with its mission - 'To work as a team with our clients to ensure better mileage and visibility for their brands'.

Better Planning, focused approach for the implementation of strategy and professionalization of the management will help the Company to have a sustained development of its business. Further, looking to the popularity of its newspaper amongst its readers, there seems to be no close threat from its competitors.

# 3) SEGMENT-WISE OR PRODUCT-WISE PERFOMANCE

#### I) PUBLICATION:

This is the core business of the Company since its inception. The Company had been able to maintain its business volumes despite stiff competition in the Regional Print Media Industry. The revenue from the publication division was ₹ 7165.82 Lacs during the Financial Year under review as against ₹ 6130.49 Lacs in previous Financial Year.

### II) FINANCE DIVISION:

The Company has been in the Financing business and during the year under review, the segment revenue from Finance Division was ₹ 3954.37 Lacs during the Financial Year under review as against ₹ 4238.76 Lacs in the previous year.

#### 4) OUTLOOK, RISKS AND CONCERNS

The increase in population, literacy rate and reach has led to increased circulation and readership of the newspapers in India. The company is steadily increasing its geographical presence, which helps improve its circulation and readership of its publications.

The business outlook for the Print Media Industry and the Company looks good. Both readership and circulation of newspapers is growing in India.

Newsprint prices are an important driver for print earnings as they constitute approximately 40% of operating costs and about 33% of revenues. Though international prices in USD terms have been largely stable over past two years, newsprint cost for the print companies in India were hardening due to an increase in domestic newsprint price and rupee depreciation. Newsprint prices are unlikely to exhibit significant increase due to declining demand from the developed countries. Newsprint price increase is expected to be restricted to approximately 5%. However, the Company keeps close watch on the development on the Newsprint front. The Company uses imported as well as domestic newsprint and by judicious mix of them, tries to mitigate the high cost impact on the operations. The newsprint price is cyclical and is dependent on various factors.

The Company is continuously strengthening its market positions, reinforcing its relationships with Agents, Advertisers and providing high quality contents to its readers. The Company's website i.e. "www.sandesh.com" is a very popular website for the Gujarati community.

#### 5) INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY

The Company's internal control systems are adequate considering size and nature of operations of the Company, to meet regulatory/ statutory requirements, assure recording of all transactions and report reliable and timely financial information. The Audit Committee of the Board of Directors of the Company periodically reviews the internal control system and also internal audit reports.

# 1. SIGNIFICANT ACCOUNTING POLICIES:

#### 1 Basis of Preparation of Financial Statements:

The Company maintains its accounts on accrual basis following the historical cost convention except for the revaluation of certain fixed assets and in accordance with generally accepted accounting principles ["GAAP"], as well as in compliance with the Accounting Standards referred to in Section 211(3C) and other requirements of the Companies Act, 1956.

#### 2 USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.
