Dharmesh V. Desai
Chairman & Managing Director
MEERA™
INDUSTRIES LIMITED

As Chairman and Founder of Meera Industries Limited since its inception in year 2006, I derive great satisfaction of having steered the organisation into position of strength and leadership in textile twisting technology & machineries and I am proud to share that we have always been customer-focused and globally competitive through better quality, latest technology and continuous innovations.

In today's fluid global economic scenario, India is somewhat better placed among global textile players but, to attain first position globally we need to endure technological renovation and uplift the production capacities of Textile industries. For this, R & D department of Meera Industries has always been on forefront and has been instrumental in innovations and discovering transformations in textile twisting machineries. Our efforts were proudly recognized by CSIR, Govt. of India and we are coveted winner of 2 - R & D award for research in textile machine, Export Award in SME sector (by TMMA), and many other leadership awards. Being global exporters of wide range of textile machineries worldwide, we strive to impart latest Hi-tech machineries, judicious product information, maintain business transparency and share a strong bond of trust with our customers. Ecological considerations in textile twisting machineries manufacturing and their usage are paramount to Meera Industries and I shall ensure their compliance.

“I am pleased to inform you that since inception Meera Industries have maintain its growth strides. Our shares are listed and actively traded on BSE since May15,2017 and received count-less response.

Our shares performed outstanding growth in June- July of this year with record hike of more than 50%.”

I cherish a vision to transform Meera Industries from domestic leader to global leader of textile twisting technology and machinery. At Meera Industries, we are driving a focused strategy to develop technology, products and solutions that are ahead of the curve and positioned to meet emerging demands of the market. All our efforts are directed towards positioning Meera Industries to leverage emerging opportunities in the market place to accelerate our growth in the future.

The energy in our leadership team and the high passion levels in our employees give us the confidence that we are well on our way to build a strong and sustainable business. I sincerely thank our customers, employees, partners and supporters for their continued trust in building Meera Industries for this exciting future.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Industry structure, developments and outlook**

India has the fourth largest economy in the world by purchasing power parity. Against a background of global instability, India registered a growth of 7.6% during the financial year 2016, becoming the fastest growing major economy in the world. During the same period, macroeconomic parameters such as inflation, fiscal deficit and current account balance all exhibited signs of improvement. The financial year 2016 has also witnessed the launch of several government programs and initiatives designed to boost manufacturing, industrial growth, foreign direct investment and ease of doing business. Financial, insurance, real estate and professional services are estimated to have achieved double-digit growth for the financial year 2016. The industrial sector, broadly comprising mining, manufacturing, electricity and construction is estimated to have grown to 7.3% of India's economy for the financial year 2016 from 5.9% for the financial year 2015.

Global textile machinery market is witnessing tremendous growth buoyed by growing demand of textile and apparel market. It is forecasted to grow at a CAGR of 14.02 per cent till 2018. The major manufacturers of textile machinery are Germany, Italy, Switzerland, France and now China. China is leading in the field of textile exports today because they installed a large set-up for spinning and weaving industry.

The industry witnessed a growth of 8-10 per cent to Rs 22,000 crore in 2014 from Rs 20,000 crore in 2013. The size of India's textile machinery industry is poised to double to Rs 45,000 crore in the next seven years from the present Rs 22,000 crores in light of new projects and emphasis on setting up textile parks. The textile machinery manufacturing section is one of the important segments of the machinery manufacturing industry in India. Our in-house production is insufficient to meet domestic demand. This industry is nearly 60 years old and has more than 1,000 machinery and component manufacturing units. Nearly 300 units produce complete machinery and the remaining produce various textile machinery components. However, not all the units work to full capacity or even the optimum capacity level.

Indian imports for textile machinery parts and accessories are growing at a CAGR of 25 per cent in last few years, whereas exports are very low as compare to imports, but it is also showing increasing trend and it is increasing at a CAGR of 36 per cent. Domestic demand for textile machinery is increasing at a CAGR of 17 per cent over the year. The demand is increasing; but demand met by indigenous manufacturer is not even half of the total demand.

Opportunities and Threats, Risks and concerns

Purchase of new machinery is the key growth driver of the market. One of the major growth drivers for global machinery market is the strong economic recovery; post-recession,

increasing demand for textile products, and environment friendly fibers, and a growing demand in the developing countries. India is strategically located from most of major textile & apparel producing countries and India has good potential to explore global opportunities & tap global market. India has to first focus on exports to the neighboring countries which are emerging as significant textile producers.

The major challenges faced in the textile machinery manufacturing industry is the lack of investment in R&D, except for the manufacturing units who have technical collaboration with reputed foreign companies; no progress has been made in the quality of the machinery produced. This dependence on borrowed technology and want of research has kept most of the sectors except spinning machinery sector far behind in the standard and performance of the machinery produced. This has resulted in the import of second hand machinery especially in the area of weaving thus discouraging the advancement of technology in the manufacturing of similar machinery in India. Lack of systematic fiscal support to the industry by the Government has also added to the problems.

Segment-wise or product-wise performance

The Company is presently engaged in the manufacturing of Yarn Twisting, Winding and Heat –Setting Machines for textile industries.

Internal control systems and their adequacy

The Company understands the importance for adequate internal controls and has a systematic internal controls system in place.

Discussion on financial performance with respect to operational performance

The Company has reported profits during the year under review. The operational performance of the Company is on the growth path. The operational details are mentioned in the financial statement.

Material developments in Human Resources / Industrial Relations front, including number of people employed.

The Company understands the value of human resource and continuously strives to build a team with experience, integrity and good governance. Various incentives are also provided to nurture and retain the human resource. The relations of the management with staff and workers remained cordial during the entire year. As on 31st March, 2017 the Company has 81 employees on its payroll.

Disclaimer: Statements mentioned in this report are forward looking statements and based on certain assumptions and expectations of future events which are out of control of the Company and the actual results can differ materially from those reflected herein. The Company assumes no responsibility to publicly amend, modify or revise any statement on basis of any development, information, or event.

INDEPENDENT AUDITORS' REPORT**TO THE MEMBERS OF
MEERA INDUSTRIES LIMITED****Report on the Standalone Financial Statements**

We have audited the accompanying Standalone Financial Statements of MEERA INDUSTRIES LIMITED ("the company"), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Standalone Financial Statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error. In making those

risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Financial Statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the Standalone Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2017;

Annexure “B”**TO THE AUDITORS’ REPORT****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **MEERA INDUSTRIES LIMITED** (“The Company”) as of 31 March 2017 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the

degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. However, we are of the opinion that the company

can make the Internal Controls on Financial Reporting more adequate and more effective considering the inherent risk and nature and size of the business activities carried out by the company.

NOTES ON ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2017

1 CORPORATE INFORMATION :

Meera Industries Limited ("the Company") was incorporated on 05/07/2006 as a private Limited company and during the year on 09/03/2017, it got converted in Public Limited Company domiciled in India. Its shares are listed on BSE SME platform effective from 09/05/2017. The company is primarily engaged in the business of manufacture and sale of customized textile machinery and machinery parts including Import and Export of the same.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES :**(i) Basis of preparation of Financial Statements :**

These financial statements of the company have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on accrual basis, except in case of assets for which provision for impairment for certain financial instruments which are measured at fair value.

All amounts included in the financial statements are reported in absolute figures of Indian Rupees.

(ii) Presentation and disclosure of financial statements :

During the year end 31ST March 2017, the company has presented the financial statements as per the Schedule III notified under the Companies Act, 2013. The company has also reclassified the previous figures in accordance with the requirements applicable in the current year.

(iii) Use of estimates :

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, if any at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(iv) Tangible Fixed Assets (AS 10) :

Tangible Fixed assets are carried at cost of acquisition and other applicable costs less accumulated depreciation and accumulated impairment loss, if any. The cost of fixed assets includes cost of acquisition plus, any freight, taxes, duties and other incidental expenses that are directly attributable to bring the assets to their working conditions for their intended use. Borrowing costs directly attributable to the qualifying assets are capitalized as part of the cost. The costs of internally generated assets comprise direct costs attributed to the generation of the assets.

Capital work in progress, if any comprises of the cost of fixed assets that are not yet ready for their intended use at the balance sheet date. Assets held for disposal, if any are stated at the lower of net book value and the estimated net realizable value.

When parts of the items of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to the property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

Gain / loss arising from de-recognition / sale / disposal of fixed assets are measured as the difference between the net disposal / sale proceeds and the carrying amount of the assets and are recognized in the statement of profit or loss when the asset is derecognized / disposed off.

Advances paid towards the acquisition of fixed assets, if any outstanding as of balance sheet date is disclosed under long term loans and advances.

No assets have been revalued during the year.

(v) Intangible Assets :

Intangible assets are stated at the consideration paid for acquisition less accumulated amortization and accumulated impairment losses, if any.

(vi) Borrowing Costs (AS 16):

Loan processing charges paid to Bank for Term Loans have been charged to revenue account since the same are not attributable to the acquisition of qualifying assets as per the requirements of AS 16.

Borrowing cost primarily includes interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

(vii) Depreciation / Amortization (AS 6):

Depreciation on tangible fixed assets is calculated on the Straight Line Method (SLM) based on the useful lives and residual values estimated by the management in accordance with Schedule II to the Companies Act, 2013. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

Intangible assets, if any are amortized on a straight line basis over the estimated useful economic life.

No assets have been revalued during the year.

(viii) Impairment of tangible and Intangible Assets (AS 28):

As per the estimates made by the management and as per the various assessments made by the management, there were no indicators whether internal or external (as provided in para 8 of AS 28) which has led to the impairment loss to any assets. Since there are no such indicators which suggest that the net value of the assets would fall significantly by passage of time and normal use, the company has not provided for any impairment loss for any assets during the current financial period. The company has chosen the "value in use" technique and as per the measurement of future cash flow, the management is of the opinion that the future cash flow and the terminal value of the assets would not be significantly less than the carrying value and hence no impairment for any assets has been provided for in the financial statements.

No reversal of impairment loss has been recognized in the Profit & loss Account.

Since the company has not carried out the activities in segments, the impairment loss or reversal of the impairment loss has not been provided for the segments.

In the opinion of the Board of Directors and to the best of their knowledge and belief the aggregate value of the current assets, loans and advances on realization in the ordinary course of business, will not be less than the amount at which they are stated in the Balance Sheet.

(ix) Investments (AS 13):

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued.

Current investments are carried in the financial statements at lower of cost and fair value determined in respect of each category of the investments. Long-term investments are carried at cost. However, provision for diminution in value, if any is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment, if any, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(x) Government grants and subsidies (AS 12):

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant / subsidy will be received.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

During the year, the Company has not applied for any Grants / subsidies related to the Revenue or specific Fixed Assets nor the Company has received any such Grants / subsidies during the year.

(xi) Inventories (AS 2):

Inventories of materials including stores and spares and consumables, packing materials, components,

work-in-progress and project work-in-progress are valued at the lower of cost and estimated net realisable value. Cost in case of work in progress is determined on the basis of the actual expenditure attributable to the said work till the end of the reporting period.

(xii) Revenue recognition (AS 9):

Revenue comprises sale & export of customized machinery and service income; interest income, dividend income and export incentive income. Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and that the revenue can be reliably measured. The Company collects excise duty, sales taxes, value added taxes (VAT), Central Sales Tax as applicable on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

Revenue from sale of goods is recognised in the statement of profit and loss when the significant risks and rewards in respect of ownership of goods has been transferred to the buyer as per the terms of the respective sales order, and the income can be measured reliably and is expected to be received.

Interest income are recognized on a time proportion basis taking into account the amount outstanding and the rate applicable

Dividend income from investments is recognized when the right to receive payment is established.

Export incentives are recognised when the right to receive the same is established.

(xiii) CENVAT & Gujarat VAT Credit:

CENVAT and Gujarat VAT credit available on purchase of materials, purchase of capital goods and input services is not charged to cost of material, capital goods and services. CENVAT and VAT credit availed is accounted by way of adjustment against excise duty and VAT payable on dispatch of finished goods or service tax payable on rendering of services.

(xiv) Retirement and other Employee benefits (AS 15) :

Defined contributions to Provident Fund and Employee State Insurance Corporation are charged to the statement of Profit & Loss of the year, when the employee renders the related service. There are no other obligations other than the contribution payable to the respective statutory authorities.

No retirement benefits have been paid to any employee during the year by the company.

The company does not pay the leave salary. However, the unavailed leave at the end of the financial year gets carry forwarded to subsequent years for availment.

In accordance with the Payment of Gratuity Act, 1972, the company provides for an amount for gratuity to eligible employees, at retirement or termination of employees. The company's obligation in respect of the gratuity plan, which is defined benefit plan (unfunded), is provided for based on actuarial valuation carried out by an independent actuary using Projected Unit Credit (PUC) method. The company has not recognized actuarial gains and losses in the Statement of Profit and Loss since the plan is unfunded and the fair value of plan assets is not applicable.

(xv) Foreign Exchange Transactions (AS 11):

Transactions in foreign currencies other than those covered by forward contracts entered into by the Company are accounted at the exchange rates prevailing on the date of transactions or at rates that closely approximate the rate at the date of the transaction.

Monetary assets (debtors for exports) and liabilities (Creditors for imports) relating to foreign currency transactions remaining unsettled at the end of the period are translated at the period-end rate and the difference in translation and realized gain and losses on foreign exchange transactions are recognized in the statement of profit and loss.

Non-monetary foreign currency items are carried at historical cost determined on the date of transaction.

Exchange difference in respect of liability incurred to acquire fixed assets is adjusted to the carrying amount of such fixed assets.

Forward premium in respect of forward exchange contracts, if any is recognized over the life of contract. There is no carry forward of Forward contract as at the end of the year. The company has not entered into any forward exchange contracts intended for trading or speculation purposes.

(xvi) Taxation (AS 22):

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected

to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Separate and detailed calculation of Deferred tax is appended in these notes.

(xvii) Provisions and contingent liabilities, Contingent assets (AS 29):

A provision is recognised when the Company has a present obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made of the amount of obligation. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions of various expenses are recognized in the financial statements since there exists present obligations as a result of event and the expenses are accrued and incurred during the year.

The opening balance of provisions is used during the year against the payments during the year. The closing balances of provisions are the expenses accrued during the year and provided.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

The Company does not recognise a contingent liability but discloses its existence in the financial statements unless the possibility of an outflow is remote.

A contingent asset is not recognized in the financial statements and hence not disclosed.

(xviii) Earning / (loss) per share (AS 20) :

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares

outstanding during the period are adjusted for any bonus shares issued during the year and also after the balance sheet date but before the date the financial statements are approved by the board of directors for the purpose of calculating diluted earnings / (loss) per share. The net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus and right issue as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

(xix) Cash and Cash Equivalents :

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand, cheques on hand and short-term investments with an original maturity of three months or less.

(xx) Operating leases :

Where the Company is a lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on the basis of the lease (rent agreements). Initial direct costs such as legal costs, brokerage costs, etc. if any, are recognised immediately in the statement of profit and loss.

Disclosures as required by Regulation 34(3) read with para A of Schedule V to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

The company has no subsidiary in India or outside India during the reporting period and hence the disclosure requirements as per Regulation 53(f) SEBI (LODR) Regulations, 2015 are not required to be made.

Note : No loans have been granted by the Company to any person for the purpose of investing in the shares of Meera Industries Limited.

35. CASH FLOW STATEMENT :

Cash flows are reported using the indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the company are segregated.

36. Based on the information available with the company, there are no dues to Micro & Small Enterprises under the Micro, Small and medium Enterprises Development Act, 2006.

37. DISCLOSURE REQUIRED U/S. 186(4) OF THE COMPANIES ACT, 2013 :

The company has not given any loans and guarantees to any related parties nor provided any guarantees for obtaining loans by the related parties.

No related parties have given any securities for loans obtained by the company.

The Company has no subsidiaries in India or Outside India during the year under reporting.

38. The provisions of sec. 135 of the Companies Act, 2013 related to Corporate Social Responsibility are not applicable to the company hence, no provision is made out of profit and no such expenses were incurred by the company during the reporting period.

39. During the year the company has not entered into any hire purchase agreement with any institutions.

40. PROVISION FOR TRADE GUARANTEES / WARRANTIES :

The company is engaged in the business of manufacturing of textile machinery and not provided or entered into any service contracts which creates the liability of warranties etc. and therefore, no such liabilities are provided.

41. CONTINGENT LIABILITIES :

Particulars	March 31, 2017	March 31, 2016
Amount payable if the "C" Forms under GVAT / CST pending for collection are not received till the date of assessment	10,72,460	94,850
Sales tax matter disputed in Appeal	97,342	97,342

Notes:

- The "C" forms are yet to be collected from the customers to whom interstate goods have been sold against "C" Forms with concessional rate of CST. However, as at the year end the forms are to be collected from various customers. The amount stated against non collection of "C" forms is the amount of tax liability that may be generated @ 3% of the Invoice value of such goods sold. However, the Company and its management are in the process of collection and obtaining the "C" Forms from various customers and are hopeful in succeeding in the exercise before the completion of VAT assessments and hence considering the facts of the matters, no provision in this regard is considered necessary by the management.
- The Company has filed an appeal before the Appellate authorities in respect of the disputed matter under sales tax and the appeal is pending with the appellate authority. Considering the facts of the matters, no provision is considered necessary by the management because the management is hopeful that the matter would be decided in favour of the Company in the light of the legal opinion obtained by the company.

42. CAPITAL AND OTHER COMMITMENTS :

There are no contracts remaining to be executed on Capital account and hence no provision has been made on this account.

The Company has no obligation on account of non-fulfilment of export commitments under various advance licenses during the reporting period and hence no provisions have been made.
