About this report

The Thomas Cook India Group is pleased to present FY 2021 Integrated Annual Report (IAR) to our stakeholders. The Company aims to report in a holistic, transparent and integrated manner to apprise its stakeholders of its performance, key trends and overall business strategies.

The IAR of the Group was developed to communicate with the providers of financial capital while taking into consideration the needs of all our stakeholders. We have therefore produced this report embedding the guiding principles and fundamental concepts contained in the International Integrated Reporting Council ("IIRC") framework.

Reporting boundary and scope

This report covers information on the Thomas Cook India Group, comprising the standalone entity, Thomas Cook (India) Limited (TCIL), and its Indian and global subsidiaries and key investments. The Group's business

model, along with strategic focus areas and associated risks, have been elucidated through the report to offer a holistic view of its long-term sustainability.

Reporting period

This Integrated Report is an annual publication and provides material information regarding organisational developments between April 1, 2020 to March 31, 2021 (FY21).

Non-financial reporting

The Report extends beyond financial reporting and includes non-financial performance, opportunities, risks & risk management strategy and outcomes attributable to or associated with our key stakeholders, which have a significant influence on our ability to create value.

Reporting Principle

The report is prepared as per the Integrated Reporting framework of International

Integrated Reporting Council (IIRC). The financial and statutory data presented in this report is as per the requirements of the Companies Act, 2013 (including the rules made thereunder); Indian Accounting Standards; the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; and the Secretarial Standards. The Independent Auditor's Report for both consolidated and standalone financials can be found on pages 187 and 117, respectively.

Board and management assurance

The Board of Directors and our Management acknowledge the responsibility to ensure the integrity of this Integrated Report.

They believe that the Report addresses all material issues and presents the integrated performance of our Group and its impact in a fair manner. All financial statements published in this report are as of March 31, 2021.

About Thomas Cook (India) Limited

WHO ARE WE

Thomas Cook (India) Limited is a leading integrated travel and travel-related services company with operations in 25 countries, across five continents through its Indian and global subsidiaries and key investments.

Promoted by Fairfax Financial Holdings Limited, through its wholly-owned subsidiary, Fairbridge Capital (Mauritius) Limited holding 65.60%, Thomas Cook India is focused on creating enduring stakeholder value since its incorporation in 1978.

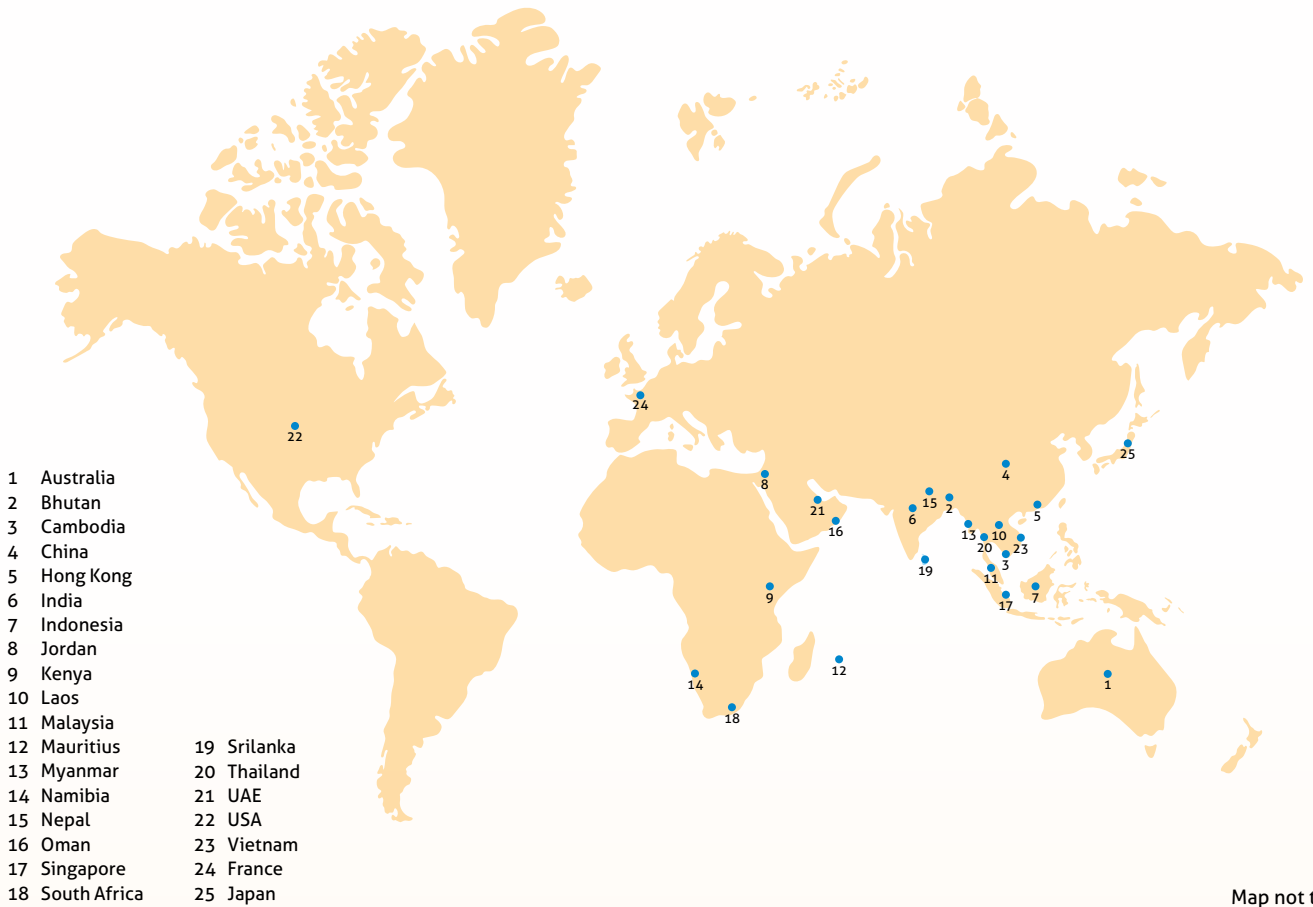

WHAT DO WE DO

At the Thomas Cook India Group, we understand that travel and holidays are strongly reflective of one's personal choices and interests. Therefore, we specialize in offering curated, end-to-end travel solutions to our wide spectrum of customers and brand patrons, and catering to them with an expansive omnichannel reach.

Over the decades, we have grown by pursuing both organic as well as inorganic opportunities; and currently own and operate an array of well-known travel service brands both in India and around the world, serving both B2B and B2C customers. We have three major business segments, namely Travel and Related Services, Financial Services and Strategic and Portfolio Investments.

MANAGING DIRECTOR'S MESSAGE

Dear Shareholders

I am glad to share that the Thomas Cook India Group stands strong despite having to face the most challenging period in our lifetime. We are continuing to adapt to the concerns and effects of the pandemic, while further strengthening our customer focus and accelerating our transformation while continuing to focus on sustainable and profitable growth.

**A year of
challenges,
leadership and
teamwork**

Covid-19 continues as a lingering black swan event and many lives have been lost and livelihoods impacted in a negative way. Every nation felt the full force of the unpredictable coronavirus pandemic - with the Travel and Tourism industry undoubtedly being impacted the most. While it is impossible not to be saddened by the devastation it has brought about, the pandemic has also summoned extraordinary resilience & innovation across the world.

The past year has challenged us in many different ways. But it was not without its own valuable lessons and opportunities. On the contrary, FY21 was a pivotal year in our transformational journey toward creating long-term value for our business and stakeholders. We were not only determined to keep raising the bar with our services, and everything within our means to lead the organization out of the pandemic and emerge stronger as travel and travel related services recovers rapidly going forward.

I truly believe that the past year belonged to active listeners, keen observers, and fast learners. Today, as I draft this message, I am constantly reminded about how far and fast the world has changed within the last twelve months. We have experienced profound changes starting with a heightened focus on health & safety, discovering the power of flexibility in businesses, to rapid digitalization to creating unique solutions in line with the new realities. A lot of what we see around today, very often, did not even exist a year back and yet, we have all seamlessly become a part of 'this new normal.'

As the pandemic raged, we launched a comprehensive Reimagine Program as our strategy to deal with the challenges and opportunities that the pandemic threw up. Driving it forward will help us grow along with the fundamental shifts in the sector and allow us to continually transform the business, leverage our strong brands, to delight more customers and in turn reward our investors and our people.

Macro-economic scenario:

Economies across nations have suffered the adverse impact of the multiple lockdowns and the consequent crisis to contain the spread of the pandemic. India witnessed one of the strictest lockdowns that has continued in different phases throughout twelve months and continues to be in existence as I write this letter. The pandemic's impact on society and economy started unfolding as it witnessed sharp de-growth and dampening business sentiment. Consumer demand remained muted with severe stress on household balance sheets due to growing unemployment, reduction in household incomes etc. As trade skewed negatively, the Government initiated measures around fiscal and monetary policies with an effort to curb economic disruption. With staggered and gradual easing of lockdowns, the second half of the year witnessed phased resumption of business across sectors and also bringing some respite to the travel segment. However, the second wave of Covid-19 once again slammed the brakes on an otherwise improving economic scenario. In these testing times, the rapid acceleration of vaccination drives around the world is a silver lining among these dark clouds. Countries worldwide including India have seen a decline in Covid-19 cases as vaccination efforts continue to ramp up. The International Monetary Fund forecasts India's gross domestic product (GDP) growth at 9.5% for FY22, factoring the hit on economic activity and demand due to the deadly 'second wave' of the Covid-19 pandemic.

Impact of COVID-19 on tourism:

A recent report by UN World Tourism Organization (UNWTO), indicated that international tourism and its closely linked sectors suffered an estimated loss of \$2.5 trillion in 2020 due to direct and indirect impacts of a steep drop in international tourist arrivals. With Covid-19 vaccinations being more pronounced in some countries than others, tourism losses are reduced in most developed countries but worsened in developing countries

Figure 1 International tourist arrivals (in thousands)

and this the asymmetric roll-out of vaccines magnifies the economic blow tourism has suffered in developing countries, as they could account for up to 60% of the global GDP losses. According to UNWTO, international tourist arrivals declined by about 1 billion or 74% between January and December 2020. In the first quarter of 2021, the UNWTO World Tourism Barometer points to a decline of 88%.

In India too, the successive waves of COVID-19 have devastated the travel and tourism industry. The green shoots and slow recovery recorded in the Q1 CY21 was diminished with the sudden onset of the second wave when localized lockdowns and restrictions imposed by various state governments crippled the tourism industry. According to the recent report - "India Tourism Statistics" published by the Ministry of Tourism, the Foreign Tourist Arrivals (FTAs) during January- April 2021 were 3,76,083 compared to 23,57,877 in January to April 2020, registering a fall of 84.0%.

Fiscal support: While the tourism and hospitality industry has made efforts to regenerate itself, it would be sometime before it returns to normal operations. Hence, Government's support is critical. For the dominant part of 2020, there was a lack of any umbrella direction from the Government or without any fiscal and monetary support. In June 2021, some economic relief measures were announced to boost sectors worst affected by the second wave of coronavirus.

- ₹1.1 lakh crore loan guarantee scheme for COVID-affected sectors
- Additional ₹1.5 lakh crore under the Emergency Credit Line Guarantee Scheme (ECLGS)
- Loans will be provided with 100% guarantee with a limit of ₹10 lakh for travel and tourism stakeholders and ₹ 1 lakh for registered tourist guides
- RBI announced ₹15,000 cr special liquidity window for travel and tourism sector

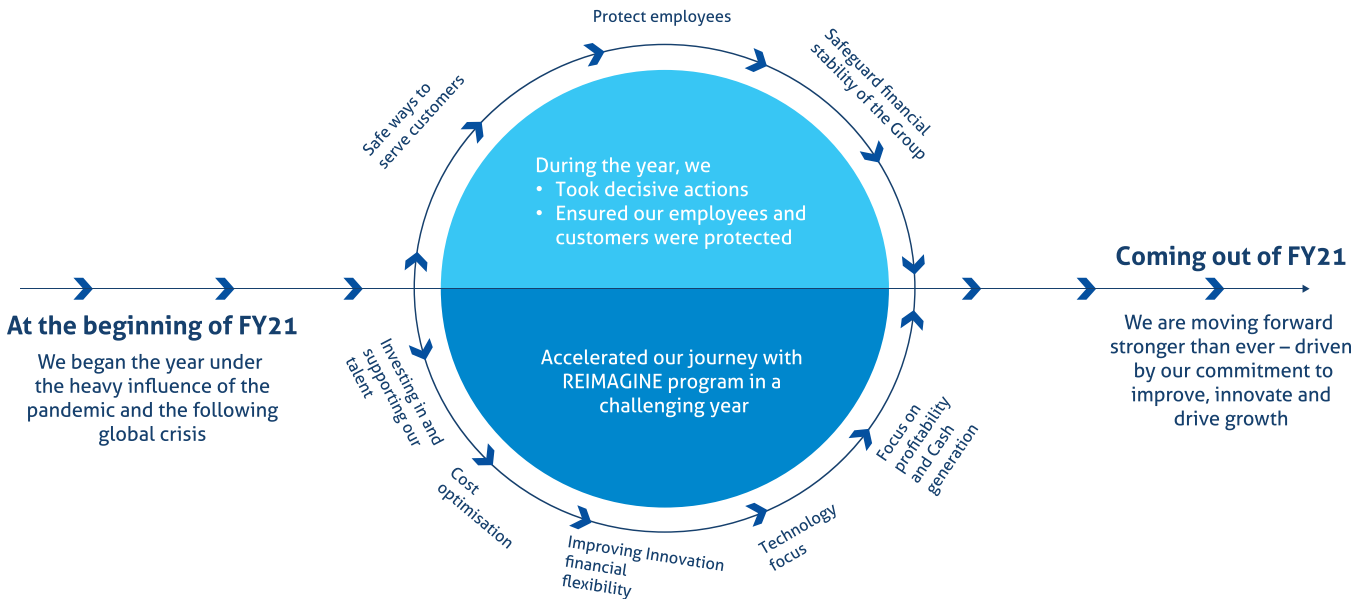

Strong and Swift Action

The safety, health and well-being of our employees and partners is always our first priority. This year, we reflect on the serious challenges and uncertainty our business and our colleagues have faced. We pay tribute to every colleague affected and our thoughts are with those who have lost friends and loved ones.

The impacts related to the global pandemic has been significantly negative for our Company, our customers, and our employees. When Covid-19 first emerged, we responded swiftly with a range of measures including preemptive restrictions, working from home where possible, digitalizing processes and systems, and intensifying hygiene and safety protocols. We shored up our balance sheet, reduced costs and adjusted many of our processes.

We summarize below how the pandemic has affected us and the actions we have taken:

Beyond the immediate priorities, we used the crisis as an opportunity to lay the foundations of a more agile, resilient and responsive organisation

Building a stronger business through a difficult year

We are pleased with the progress we have made in weathering the storm to date. While the pandemic is far from over, more and more people are getting vaccinated every day, giving us hope that we are getting closer to normalcy. The timing of a full recovery cannot be predicted and recovery timelines are going to vary greatly by region, but we are optimistic about the global recovery and the return of travel.

Customer Focus

The Group bonded together to find innovative ways to address customer needs while putting the health, safety and wellbeing of our customers at the forefront. There has never been a more crucial time to play such an important role in the lives of our customers. We have sharpened our focus, accelerated our digital drive and supported our customers in adapting to the new normal.

Expertise:

Trust and assurance are commanding a premium in a post-pandemic world, and we offer our customers peace of mind when their experience is managed and operated by Thomas Cook India Group. Our Third Holiday Readiness Report (June 2021), indicated that 77% of our respondents expressed strong preference for interaction with an expert for guidance and reassurance. With demand for professional services growing faster than ever, we are ready to capitalise on this with our strong branding and abundant expertise.

Safety with Flexibility:

As the travel industry continues to slowly transition back to action, there are new factors travelers are putting an importance on. As per our survey, 66% respondents are willing to increase spends to ensure higher levels of health & safety on their holiday, while 81% respondents reiterated their need for refundable/zero cancellation products. Thus customers are not only placing high emphasis on health and safety, but also on flexibility. To that aim, Thomas Cook India & SOTC Travel have announced a two pronged strategy: TravShield and Holiday First and Pay When You Return to cover every aspect of physical and financial safety. TravShield, a comprehensive safe travel commitment is designed with meticulous health and safety protocols to safe guard customers across Holidays, MICE and Business Travel and encompasses and enhances the companies' existing Assured Insured Secured Travel Program. Our scheme - Holiday First, Pay After You Return: provides customers the flexibility and benefits of paying only once they return from their holiday.

Accessibility:

We're living in an omnichannel world and guided by our Reimagine Strategy, we are successfully enabling our customers smoothly traverse the physical and digital worlds with our omnichannel approach. Travellers today are neither purely online or offline. Over the last few years, we have strived to make all our product and service options available through all channels, which gives our customers the freedom to shop where, when and how they want. Our aim is to give them the best customer experience that is personalized, memorable and frictionless, wherever they are, via whichever channels they choose, and for whatever purposes they need.

Omni Channel Accessibility

Contactless transactions

As a Group, we continue to evolve the way we interact with our customers using digital solutions. This need has now become more prominent as we respond to new customer needs post-pandemic – one of them being attention to safety, increased speed and convenience. To this end, we have prioritized customer-centric drive towards digitization, which included establishing seamless virtual online store for both travel and forex services.

The demand for virtual and contactless sales and service, along with customer safety as the top priority, paved way for India's first - our Virtual Holiday Store – an innovative, interactive sales and service platform that combines the power of digital with the much loved Thomas Cook personal - human connect.

Communicating with our customers

Our customers' needs changed in the last year and the way we communicated with them changed, too. And we used this opportunity to reach our customers and sought their needs, views and preferences which would not only help customers to navigate the rapidly changing situation but also let us innovate and deliver on their demands.

- Holiday Readiness Reports
- Customer Engagement virtual shows
- Virtual Lockdown Travel Awards
- Newsletters
- Leadership talks

Innovative Products & Services

The growth driver for any business is the evolution of innovation which leverages the Group's knowledge and experience to create sustainable and high quality solutions to remain competitive and create a seamless consumer experience. As we defined new normal, we invested more than ever to rethink, reorganize and redefine how our businesses operate.

Transformation of our Product Journey

As the Group evolved with adoption of new technologies, so did the product and services profile. Digital has changed the way in which we extend our offerings to customers while adding to their need of convinced and at the same time ensuring safety and compliance.

It has always been our strategy to ramp up innovation-led growth and find new ways of putting the customer at the center of all business activities. With our comprehensive Reimagine program, we have launched products, packages, forged strong partnerships and exclusive collaborations.

Key initiatives across Business Segments:

Foreign Exchange Services: The Foreign Exchange business, classified as an essential service, restarted services on April 16, 2020 and extended the innovation drive to its operations.

- A unique Virtual Branch model has been successfully implemented to facilitate contactless customer servicing
- Corporate and B2B Booking Tool operationalized to extend reach and seamless transactions
- Successful strides in Digital Payment
- Digital interface to enable forex transactions and remittances without the customer having to step out of his / her house
- Launched Study Buddy Program with special offers targeting the student segment

Travel: We have been leading from the front since the pandemic struck, staying in touch with customers and partners, launching several new initiatives and offerings in line with the new realities and market needs and restrictions – from staycations, nearcations, workations, private villas, camping, biking, wildlife oriented experiences etc.

During this time, we also embarked on several market-leader initiatives starting in 2020 after the first wave with our benchmark "Assured" Safe Travel Program – the only comprehensive set of travel safety protocols in association with and endorsed by Apollo Clinics, that not only covered best in class protocols for our distribution and delivery teams, but also of our partners in the travel ecosystem.

In 2021, on the back of vaccinations and enhanced safety requirements we upgraded Assured in the form of what we call "TravShield" - a 360° safety program that also includes only vaccinated staff and co passengers among many others and made this a pan organisational cornerstone across both TCIL and SOTC and each of our

lines of business, to ensure benchmark traveller safety in the pandemic era.

Leisure Holidays:

MICE: MICE verticals across Thomas Cook and SOTC have re-aligned with a focus on digital models, automation to

enhance customer experience and productivity

- Launched an innovative product line of Gourmet Genie and Experiential Concierge
- Corporate tours, virtual, physical and hybrid events
- First Physical MICE Travel Mart in Delhi in partnership with Marriott International and Tourism New Zealand
- TCIL ventured into the wedding business segment

Corporate Travel: The segment commenced implementation of a new booking tool to facilitate smooth digitization of customer experience; developed and deployed bots to enhance customer experience.

- Focused on digitization of sales lifecycle
- TCIL signed an agreement to take over dnata Travel's extensive Corporate Travel portfolio of 130 corporate houses in India, consolidating its leadership position in the space

International Inbound: As was the case with other operations of the Group, Covid-19 pandemic had an adverse impact even on the DMS entities. Preliminary and subsequent waves of the pandemic in the source markets as well as destinations resulted and, in some cases, even extended local Government measures such as lockdowns, closed borders, travel restrictions, quarantine requirements etc. thereby significantly impacting business.

- Focus of the DMS entities was towards customer engagement and improvement of operational efficiencies through technological enhancement and/or reorganisation and cash conservation

India Inbound: While travel restrictions are easing on the domestic front, India is yet to open borders for international tourist arrivals, however till then the Group has concentrated its focus on reskilling and equipping business for future trade. It has curated an Operational and Financial Transformation Project using Information Technology to revamp business thinking and are also conducting extensive trainings to equip the teams when business returns

DEI:

During the year, DEI entered into several New contracts/ Partnerships

- Dubai Parks and Resorts, Middle East’s largest integrated theme park
- Middle East’s largest aquarium, The National Aquarium in Abu Dhabi has partnered with DEI for its photography operations
- Inked a strategic multi-year memorandum with Shanghai Disney Resort
- Acquired imaging rights at Dubai Safari Park and the rights at The View at The Palm, Dubai
- Exclusive imaging operations for Grand Park Kodhipparu in the Maldives
- Photography partner for Global Village, UAE’s largest multi-cultural festival park (4th largest daily footfall globally)
- Snow City Salem for its photography operations
- Launched Mom `n Toes - maternity/newborn photography
- Experiential photography introduced to ensure unique engagement

Sterling Holidays:

- Launched "Sterling CARES" a new comprehensive hygiene and sanitation program, in association with Apollo Clinics
- Re-engineered several processes in the resorts: From minimal contact check-in to digital menus and contactless F&B services – to ensure continued protection for our guests, vendors and employees
- Complimentary Holiday Insurance
- Addition of a new 10-year Vantage product designed for Millennials

Accelerated deployment of end to end Digital solutions and processes across business lines to ensure seamless delivery of contactless, scalable, secure solutions to customers in line with the new normal

- Launched sub-brands like Sterling LOCAL – the Restobar, Subuthi – our spa and Swirl – barbeques and brunches,

to increase avenues for revenue generation within the resort

- Branding of Sterling Weddings, which will be an attraction in the resorts
- In house developed Virtual and Digital sales

Technology Drive:

Technology continues transforming people’s lives around the world with a clear shift towards digital adoption. Digitalization continues to shape the world we live in, connecting billions of people every day, with information generated and distributed at unprecedented speed and scale. It also opens up opportunities to change the way we work and make our processes more precise and efficient with automation and data analytics.

We are focused on using advanced analytics, automation and robotics to drive efficiency, productivity and quality across our operations.

The further expansion of our online business is of strategic importance for the Group and one of the key growth drivers. Investments in this channel have been significantly stepped up over recent years, thus successfully laying the foundation for future growth. We are continuing to develop our various digital customer platforms and adapt it to the needs of each business.

In FY21 we have invested in digital technologies as an accelerator for our strategy

- Enhanced existing e-commerce solutions offered
- Increased our virtual engagement and remote working as a result of the Covid-19 pandemic
- Accelerated the use of digital solutions across the Group and helped our people to work and solve challenges remotely
- Launched virtual stores with virtual agents
- Centralized repository for information required to service customer
- Advanced analytics to improve processes, automation and robotics to foster efficiency and quality
- Fostering transparency along the value chain through active engagement with key stakeholders
- Protecting our systems and enhancing cyber security

Agile, resilient and responsive

With the increasing pace of distribution of vaccines, the world is heading towards a recovery, though uneven. Vaccination developments look increasingly promising

and, with consumers looking forward to travelling again, we as industry leaders are optimistic about the future. But this will also require the Group to continuously respond to rapidly changing circumstances. To do this, we need continued financial stability. While we anticipate a rebound in business, we continue to be prudent in managing capital and cashflow by prioritizing operational expenses, streamlining processes and focusing on collections. An astute focus on cash conservation and cost optimization resulted in the Group achieving total savings of Rs 6.8 bn exceeding its saving target of Rs. 5.6 Bn for FY21.

Support from Parent Company: Fairfax Financial Holdings – in March 2021: The Company has issued Optionally Convertible Cumulative Redeemable Preference Shares ('OCCRPS') to Fairbridge Capital (Mauritius) Limited. The primary object of the funding is to meet the Group's working capital / general corporate requirements. The consolidated cash and bank balances were at Rs 6.08 bn as of June, 2021

CRISIL has reaffirmed its ratings assigned to the bank facilities, debt programs and corporate credit rating of TCIL, at "A+/CCR A+ A+/Negative/CRISIL A1'/ Stable. This reflects strong parent support from Fairfax, healthy liquidity against limited external debt supporting the capital structure, negative net debt and emerging recovery despite the pandemic. The ratings also factor in the Thomas Cook India Group's dominant position in the foreign exchange business and strong brand equity in travel related services

Our team has shown unwavering dedication to building a company that is focused on operational excellence and prudent capital allocation while maintaining a strong and flexible balance sheet. Along with financial stability, we must demonstrate agility.

- At the Group level, we need to strategize and manage operations to meet region-specific demands as and when their markets recover
- Strike a balance between keeping the organization lean but at the same time augmenting the talent pool
- Continue to maintain financial discipline and operational efficiency

Support for our people

We realize our ambitions through our colleagues. This year, more than any other, our people made the critical difference. I thank everyone in the Group for their outstanding commitment and contributions in this extraordinary year. Our focus during this period has been to focus on continued skills development, and health safety and wellbeing. The Company organized a vaccination drive for its employees and has successfully inoculated around 95% of the staff.

Performance in FY21

Despite our best efforts, the impact of Covid-19 pandemic is clearly reflected in our financial figures. During the year, our topline at a consolidated level stood at Rs 9,457.4 mn and Net loss was at Rs (2,951.8) mn.

Throughout the pandemic we have continued to operate within the guidelines and restrictions, looking after our customers and our people as best as we can, sometimes in extremely difficult conditions. Our financial performance during FY21 reflected this state of affairs. However, we have chosen a path that sees us streamlining and improving operations and targeting improved financial metrics and market share as conditions normalize. During the year, our focus to put in place robust cost capital management programme continues and as visible we have made significant progress in rationalising operational expenses and optimizing structure.

We have been successful in bringing about structural changes and synergies via the several initiatives through the year which will play a key role in enhancing operations for next stage of growth. Additionally, with the recent infusion via OCCRPS, our balance sheet is in a much stronger position.

We are hopeful that the vaccination programs underway globally will allow travel markets to progressively reopen. We note however that the recovery has been pushed out in a number of markets by additional outbreaks and mutations. The year that lies ahead may continue to be challenging as we face a volatile future however we have proven that we are able to adjust and be flexible to changing circumstances.

Conclusion

While the global impacts of the Covid-19 pandemic are projected to be with us for a while longer, to nevertheless achieve sustainable growth as a company, we are simultaneously strengthening our base. At present, we are witnessing different paths of recovery throughout the world. For example, what is happening in Middle East is very different from what is happening in Europe. The encouraging news is that we have seen a resiliency of demand as and when there is a sense of some control and restrictions can be safely lifted.

I would like to thank our Board members for their guidance and valuable advice throughout the year. We deeply appreciate the continuing support and trust of our loyal customers and shareholders. I would also thank the Reserve Bank of India and other Banks, Ministry of Tourism, Financial Institutions, Government of India, State Governments and all other Government agencies and Regulatory authorities for the support extended by them and also look forward to their continued support in future. Lastly, our remarkable employees deserve special recognition for enduring an extremely difficult year and doing so with grace and without whose hard work, solidarity and support, your Company's performance would not have been possible.

We remain determined to keep delivering for our customers, something that would not have been possible without the passion, resourcefulness and commitment of our exceptional stakeholders.

Key Developments in FY21

1) Issue of OCCRPS: Preferential allotment of Optionally Convertible Cumulative Redeemable Preference Shares to Fairbridge Capital (Mauritius) Limited on a private placement basis aggregating to Rs 4,357 mn. The Preferential Issue to our Promoter is considered as appropriate since our Promoter believes that there is substantial potential in travel and tourism industry and there is a possibility of a V-shaped recovery in the industry in a couple of years. Further to contain future losses and revive the business operations, our Promoter infused further funds in the Company in accordance with the terms mentioned below.

Post the approval of shareholders at the Extra Ordinary General Meeting of the Company held on 26 March, 2021, the duly authorised Sub-Committee of the Board of Directors, approved the Preferential Issue of 435,657,000 Optionally Convertible Cumulative Redeemable Preference Shares (OCCRPS/ Preference Shares) of Rs. 10 each for cash at par aggregating to Rs. 4,357 mn to Fairbridge Capital (Mauritius) Limited, promoter of the Company, on a private placement basis. The issue opened on 27th March, 2021 and closed on 30th March 2021 when it received the Share Application Money. The Company allotted the Preference Shares on 2nd April 2021 in the prescribed manner.

2) Withdrawal of Buyback: The Securities and Exchange Board of India (SEBI), vide its order dated February 11, 2021 allowed the withdrawal of Thomas Cook India’s Buy-back Offer application filed vide the Draft Letter of Offer dated March 5, 2020.

- The original purpose of the Buyback was to create a mechanism for distributing surplus cash to our shareholders and enhance shareholder value. Due to outbreak of the pandemic, the commercial and financial position of the Group witnessed substantial deterioration from what it was at the time when the Buyback was announced (February 26, 2020). Consequently, the Company was been forced to re-evaluate its options regarding the Buyback given the crippling effect it will create for the Company, in the event it was to be completed.
- It was critical and in the best interests of all our shareholders and investors to protect the financial sustainability of the Company, and, accordingly, a relaxation from SEBI was sought. The SEBI Order noted that the continuation of the Buy-back Offer will result in an adverse effect on the business of the Company and in turn, its shareholders. Accordingly, SEBI exercised its powers to allow the withdrawal of the Buy-back.

3) Integration of key functions of TCIL & SOTC- During the year, the Company has made several initiatives to streamline its structure in order to leverage the combined scale and eventually create synergies to drive operational efficiencies, higher productivity and margin expansion. This will also allow for the generation of competitive advantages in areas such as domain knowledge, CRM, pricing and value, scalability and also the ability to provide a wider range of products / offerings to its customers.

Integration of Product, Contracting and Operations to drive operational efficiencies, higher productivity and margin expansion	Consolidation of non-customer facing operations	Integrated Group Products, will drive higher operating strength led by higher volumes
Single centralized contracting team to provide competitive advantage in pricing and value along with scale		Ability to provide a wider range of products / offerings
Integrated call centres for both brands enabling greater efficiencies and ability to scale up on demand		Common CRM and customer acquisition to provide synergies in process and cost savings
Standardisation across both brands in processes, reporting, MIS, SOPs etc		Common platform for all channels of sales across both organizations, enabling a seamless customer experience whichever channel the customer reaches out to.

Technology

Technology led initiatives

The way forward for the travel and tourism sector is heavily hinged on the use of digital and technological tools in order to deliver experiences which are seamless, customizable and convenient. The focus on technology has always been strong within the Group with each business area driven to adapt new innovative solutions aimed at streamlining the internal processes and consequently ameliorating customer experiences. During the year, the significance of technology driven systems and solutions was heightened and only encourages the Group to bring in incremental investments towards creating sustainable and long term changes.

Key highlights of the year

Enhanced use of digital tools and offerings: to create business efficiencies and ease of conducting business

Increase engagement with customers via technology: The Company has invested in tools which will drive online engagement with customers via platforms such as WhatsApp, website and social channels

- Customized Holidays – catering to the need of customization, the customer now has an option to build his/her own Holiday Package with flights, hotels, sightseeing and transfers on a real time basis. This feature gives the customer an edge to select the services of his choice from an array of components available as compared to the traditional pre-defined packages

Digitally driven sales: The sales team's capabilities are aided by requisite technology and systems enabling them to conduct end-to-end transactions at the customer touch point

- Work from home enabled for our sales and service teams using the Cloud technologies for the CRM and Dialer applications
- Virtual agents have enabled the company to deliver superior services to customers (barring the limitations due to geographic constraints and varying lockdown rules across states), as well as ensured that staff was always available to service the customer
- Virtual Branches enabled the smooth delivery of both Forex and Travel services

Digitally enhanced processes: One of the key focus areas for the Group was digital transformation led by automating complex business processes to streamline

- Document Management System (DMS) to collect the KYC and transactions related documents and store them in digital format will lead to better security, compliance efficiency, service quality, improve service delivery and contain costs
- New tools to streamline payment related processes and workflows across various business areas

Leisure Holidays

The Company's leisure holiday segment has been offering varied holiday and travel experiences to its customers in both the Outbound and well as Domestic space. With an array of packages both group and individual, the Group aims to help achieve one's holiday dreams by curating packages designed to deliver superior and memorable experiences.

The Group's entities Thomas Cook (India) Limited and SOTC Travel Limited (SOTC) cater to both, group (GIT – Group Inclusive Tour) and individual (FIT - Free Independent Travel) customers, travelling to foreign destinations from India as well as within India.

The Hong Kong entity, Travel Circle International Limited operates as the leading premium tour operator in Hong Kong with a focus on the high-end, niche market of all-inclusive group long haul leisure travel and business travel.

Key trends & opportunities:

Latent demand for travel:

Customers' interest and willingness to travel again stands reinforced after easing of restrictions, opening of borders along with the ongoing global vaccination drive.

Critical role of travel experts:

The pandemic only served to highlight the critical role of travel experts thanks to fast-changing protocols, border restrictions and factoring in complex conditions that can come with traveling against the backdrop of the pandemic.

Outdoor travel on the rise – The pandemic has translated into the unveiling of alternative destinations. Demand for outdoor scenic travel, has seen a quicker

recovery across the world, likely building on ease in social distancing.

Flexi travel: The booking window—the time between the initial search and the travel date—has compressed considerably, which means customers are now focused on convenience and impulse.

Nonprice factors gaining traction: and have become more important in travel decisions; to respond to these changing consumer behaviors, the Company has launched a series of initiatives starting with the "Assured Program" to "Safe Holiday Helpline" to "Doctor on Call 24x7" to the latest being "TravShield" a comprehensive safe travel commitment.

Innovation & Digital Solutions:

Profound changes in the way customers research and purchase travel products and services digitally have long been under way, but the pandemic has proved to be an unexpected catalyst in the sector's quest for innovation and integration of new technologies.

No-contact travel trend: With digital adoption and consumption on the rise, consumers now prefer contactless technologies as a basic prerequisite for a safe and seamless travel experience. In the post Covid times, it is essential to provide faith and confidence to customers by ensuring to the extent possible a contactless transaction experience.

Destination Management Specialists (DMS)

The Group operates in the B2B DMS segment both in India and overseas (via subsidiaries). The India inbound business through its decades of invaluable and extensive local knowledge, creativity and expertise, specialises in designing and offering memorable travel experiences. In India, Travel Corporation (India) Limited. (TCI) operates our Group's inbound travel business and is one of India's foremost and largest companies operating in this space. We operate under three brands – SITA, TCI and Distant Frontiers. The segment has a network of over 1,500 partners which then caters to customers belonging to 100+ nationalities who travel to India, Nepal, Bhutan and Sri Lanka. The UK, Russia, Germany, France and USA are the primary source markets for TCI's Inbound business. The segment broadly operates across two categories - charter business based out of Goa and leisure. The leisure business is further bifurcated into FIT (Free Independent Travel), group, cruises, incentive and education travel.

The international DMS segment as the name suggests are specialists in catering to the inbound tourism market in various geographies across the globe. The entities under this segment are as follows:

 asian trails	Asian Trails	APAC
 desert adventures	Desert Adventures	Middle East
 atm	ATM-Australian Tours Management	Australia
 atp	Allied T Pro	North America
 private safaris	Private Safaris	Eastern Africa
 private safaris	Private Safaris	Southern Africa

India Inbound - Travel Corporation (India) Limited (TCI)

Key initiatives

- While travel restrictions are easing on the domestic front, India is yet to open borders for international tourist arrivals, however till then the company has concentrated its focus on reskilling and equipping business for future trade. It has curated an Operational and Financial Transformation Project using Information Technology to

revamp business thinking and are also conducting extensive trainings to equip the teams when business returns.

- Extensive trainings have been conducted comprising various domains and topics
- Expanding the scope of existing technology as well as adopting new solutions to increase productivity

- Concentrated efforts to align with norms and expectations in the post Covid-19 pandemic era
- Rationalization of administrative costs

Destination Management Specialists (DMS) (International)

As was the case with other operations of the Group, Covid-19 pandemic had an adverse impact even on the international DMS entities. Preliminary and subsequent waves of the pandemic in the source markets as well as destinations resulted in, and in some cases, even extended local Government measures such as lockdowns, closed borders, travel restrictions, quarantine requirements etc. thereby significantly impacting business.

Key initiatives

- Focus of the DMS entities was towards customer engagement and improvement of operational efficiencies through technological enhancements along with reorganisation and cash conservation measures
- With vaccination programs that are ongoing across various countries there is optimism relating to business of DMS entities bouncing back

Asian Trails:

- Received the World Travel and Tourism Council (WTTC) Safe Travel Stamp
- Efforts towards launching a user friendly B2B platform to enable booking of services by customers for all South East Asian countries
- New domestic teams to cater to domestic demand in key destinations

- IT initiatives to enhance customer & supplier connectivity, operations automation using AI and robotics process automation
- High emphasis on rationalisation of costs
- Key focus on Dubai Expo 2020, scheduled in October 2021, with Desert Adventures Tourism LLC having an exclusive right to sell & operate Expo & related tours

Private Safaris – East Africa:

- New reservation team to improve turnaround time for clients
- Stringent cost control measures implemented during FY21
- Business with charters from Romania started from March 2021 with more rounds expected to follow later into FY22

MICE

The Group's MICE segment has over the years established its dominance in the sector with its proven track record and expertise. Today the Group through its brands TCIL & SOTC, is engaged with a diverse set of corporates across industries and remains committed to curating memorable experiences.

As it continues to innovate its product-service portfolio, whilst reiterating focus on building a safe environment for travel, here are some of the pioneering initiatives undertaken during the year.

- **Digital & Hybrid Events:** In the current scenario, with limited access on ground, the team has strategically designed and curated a set of digital engagements with cutting edge technology to facilitate corporate events, reward and recognition programs for corporates, webinars, etc
- **Launched Art of Forever, Weddings by Thomas Cook:** Weddings have been instrumental in driving demand and the Company has successfully managed several events while adhering to all health and safety protocols as per the Thomas Cook India Assured guidelines
- **Gourmet Genie:** Culinary expertise has always been an integral part of the team's DNA. Innovating on this, it brought together celebrity chefs, 5 star hotel chains and leading speciality restaurants to offer a plethora of culinary treats, sweetmeats and experiences to connect with clients/corporates.
- **Key MICE Engagements:**
 - In February 2021, the MICE Team successfully conducted India's first physical MICE **Travel Mart in Mumbai and Delhi**, in partnership with Marriott and Tourism New Zealand with a sharp focus to restart MICE travel
 - Partnered with Singapore Tourism Board & Hong Kong Tourism Board to engage with key corporate clients through Gourmet Genie festive hampers and an interactive session with a focus to restart MICE travel
 - **Domestic Travel:** - Given limited reopening of international borders and health protocols, the company leveraged the surge in Destination India and successfully conducted domestic groups at destinations like Rajasthan, Goa, Mahabalipuram, Kashmir, Delhi, Mumbai, Chennai etc.
- **Technology & Automation:** will be a key enabler towards seamless planning/execution of MICE programs. The segment invested in technology to improve on business process and internal & external customer interaction and eventually create competitive differentiation as demand resumes
- **Introducing first in the industry SOTC MICE App** – For an end to end contactless customer experience for collection of documents, pre departure meets, handover of travel documents, health & safety guidelines, facilitation of travel essentials, important communications pre & post tour

Business Travel

The Group's business travel segment offers a collection of corporate travel solutions designed to achieve maximum cost savings by streamlining travel management. With our expertise and booking tools we aim to simplify travel needs and help manage any company's strategic approach to travel. The group offers business travel products and services under the following entities: Thomas Cook, SOTC and Travel Circle International Limited, Hong Kong

Led by the impact of Covid-19, the segment witnessed subdued sales during the year, while witnessing progressive increase in volumes as the situation improved. The segment experienced good revival of demand towards the last quarter of the fiscal. However, this was again impacted as the second wave hit India which saw most states implemented harsh quarantine rules even for domestic travellers. The uptick continues as the situation is easing with increased vaccinations, willingness to travel and opening up of international travel.

Customers in IT, ITES and manufacturing sectors showed a willingness to travel even during the second lock down and continuing into the better months of June and July '21 and many more are expected to start travelling as offices start to open and the population gets duly vaccinated.

In the interim, the corporate travel team continues to issue international tickets for eligible customers who are flying in line with the air bubbles as set by the government. It is encouraging to see the uptake of domestic ticketing which is back to upto 65% of pre lock down levels and is continuing to grow steadily.

Key developments

Thomas Cook India inks agreement to take over the portfolio of dnata Travel India's Corporate Travel business (TMC). After an extensive evaluation exercise, dnata Travel India picked Thomas Cook India as their choice of partner to take over their Corporate Travel portfolio in India to meet their evolving expectations with regard to business travel. This agreement reinforced the Group's continued leadership in the Corporate Travel space, adding both scale and value to the portfolio.

Integration of backend functions:

During the year, the Group has successfully integrated the corporate and backend functions of both TCIL and SOTC brands, while each brand continues to operate independently at the consumer level. This has translated into better operating efficiencies as well as better customer service and

experience.

The business also elevated tenured resources to lead service delivery, products and sales portfolios with a focus to drive excellence in all three streams. Going forward, there will be special focus on high revenue generating products such as hotels, cars, allied services sales in addition to the already championed ticketing services

Leverage Technology:

The segment continues its agenda of enhancing the use of technology and has effectively deployed smart technologies which increase serviceability as well as capture the corporate traveller's preferences and provide multiple options aligned to his needs.

Thomas Cook India now offers the maximum number of booking platform options to the corporate customer to choose from and has developed its mid and back office solutions to be front office

agnostic, thereby enabling the customer an increased amount of flexibility in choosing the most apt travel and expense solutions for their employees. Thomas Cook also has enabled end to end e-submissions with most customers thereby completely eliminating the need for human intervention at the time invoice submissions and reconciliation, this effort has been lauded by the customers as key to transparent and effective management of their travel budgets.

In addition to this there is also an increased adoption of robotics for ticketing, invoice validation and also customer support making the business future ready.

Visa and passport services

With the objective of being a one stop shop and an end-to-end travel service provider, the Company provides allied services related to Visa and Passports. Given its strong domain expertise in this segment, the aim is to provide a seamless experience for our customers across corporate and leisure travel. The Group's relationship with Embassies and High Commissions, combined with a stringent quality check of applications enhance the comfort of customers while applying for a visa.

In July 2020, the Company collaborated with ICMR approved medical partners to render RTPCR service (Covid-19 test) for all its customers PAN India and overseas for both their travel and non-travel requirements.

Foreign Exchange

The Group's Forex segment has systematically and sustainably gained traction to become a leading player in the foreign exchange space in India. Thomas Cook India is the first non-banking institution to have been granted an AD-II licence by the Reserve Bank of India and the only non-bank AD II licence holder to be a SWIFT member, with an in-house dealing room. The Company issues its own prepaid travel card in India to facilitate better customer travel and convenience. The forex business is a combination of foreign exchange businesses of Thomas Cook India, SOTC, TC Lanka, TC Mauritius Operations.

The Company operates in both – wholesale and retail segment and is one of the largest exporters of bank notes globally. It optimises on both its online as well as retail presence to provide an omni-channel experience. Our strong distribution network encompasses a network of retail outlets over 100 locations and 21 airport counters in India, Sri Lanka and Mauritius.

The Company's multi-currency Borderless Prepaid Card has seen a steady growth trajectory and has sold over 8,25,000 cards with load volume of approx. US\$ 2.1 bn since inception. In FY21, the business clocked revenue of Rs. 1,084 mn and an EBIT of Rs 141 mn.

Key initiatives

As an approach to counter the pandemic impact on the foreign exchange business, we adopted a strategy where we 'reimagined' our business post the pandemic. The endeavour was to innovate with products, services and processes that would be required to cater to the customers in a 'contactless' manner.

Digitalisation was the cornerstone of this strategy where we implemented several initiatives:

- **Digital interface** with the customer was introduced to facilitate foreign exchange transactions without the customer having to step out of his / her house. During the year we were able to cater to nearly 6000

transactions by digitally interfacing with the customer

- **Virtual Branch** – To overcome the restrictions on branch operations due to lockdowns, the Company introduced Virtual Branch concept, giving customers easy access to our staff (operating remotely) and well equipped to handle customer queries.
- **Digital Payment Gateway** – Expanding on the digitisation efforts, we introduced a Payment Gateway option at all our branches which provided convenience to conclude payment for a foreign exchange transaction. We were able to receive and process over 5,500 transactions in this mode during the year
- **FXMate** – First of its kind initiative in the foreign exchange industry where we equipped our B2B partners with a Digital Tool enabling them to offer the entire suite of foreign exchange services from their office. This helped us increase our reach across India and cater to a wider customer base. The Company has on-boarded over 700 new partners under this program during the year who have generated over 2000 transactions
- **Document Management System** – Introduced and implemented to ensure that all transaction related data is stored digitally and can be retrieved for any checks, audits or

inspection.

- **Corporate E-invoicing** – In order to ensure that corporate forex requirements are fulfilled and that settlements are done on a timely basis, we introduced the E-invoicing concept. This facilitated timely payments during the pandemic and enabled us to have a better control on the receivables.

Strategic Investments

To position our Company as a leading player in the evolving travel space, we explore value-accretive investments from time to time.

Digiphot Entertainment Imaging (DEI) is a leading player in the imaging solutions and services providers across the globe. The company has sustained its focus and continues to direct its efforts towards expansion in the industry whilst maintaining its financial strength and leveraging its expertise and technology. It provides imaging related solutions for the attractions industry with its end-to-end turnkey model which included providing equipment, software, talent and operational expertise consultation to its business partners.

Like all other businesses, DEI has also been impacted by Covid-19. However, it is also the first in the Group to witness strong recovery as it started generating sales in UAE, USA, China, Maldives, Hong Kong and Macau.

New Partnerships and Renewals:

- New contracts during the year:
 - Strategic partnership agreements with Shanghai Disney Resorts, Dubai Parks and Resorts, Nakheel Malls and Global Village in UAE
- Renewals during the year:
 - DEI has successfully renewed several of its current souvenir imaging agreements including Burj Khalifa, Atlantis the Palm, Ferrari World, Warner Brothers and Yas Waterworld, Wild Wadi, Jumeirah Beach and Resort (all in UAE), KL Tower- Malaysia, Wildlife Reserve Singapore and Venetian Macau
 - DEI is at final stage of closing contracts with The National Aquarium - UAE, The Sheikh Zayed Grand Mosque - Abu Dhabi and Burj Al Arab -UAE
 - DEI continues to explore new geographies to expand its network and create growth opportunities

Innovation in offerings:

- As international travel is inching towards normalcy with the rollout of vaccines, DEI's imaging approach is now also including international travellers along with the current traction lead by domestic tourism
- Experiential photography is driving unique engagement and has continued to yield/per person spend
- DEI will soon launch Middle East's first Tethered Helium Balloon in partnership with Atlantis Dubai - which is expected to be operational in November 2021. This unique experience will offer visitors sweeping views of Dubai, up to 10 Kms in all directions – from a height of 300 meters above the Palm Jumeirah
- DEI continues to leverage technology to introduce new products and services as well as improve customer experiences.

Positive renegotiations with partners:

- The company has continued to have fruitful renegotiations with all partners for more favorable terms with a very positive success rate

Sterling Holiday Resorts Limited

Sterling Holiday Resorts Limited (Sterling) is a leading Holiday Lifestyle Company with 2,290 rooms spread over 35 resorts. The resorts are spread across leisure destinations: mountains, beaches, jungles, river fronts, heritage and pilgrimage destinations and drive-to location from major cities. Sterling offers unique Discoveries and Experiences while maintaining best in class accommodation, food and services, to ensure that the customers have memorable holidays.

With the aim of enhancing its consumer focus, the brand through its website has established a customer-centric digital presence along with exhaustive information about its resorts and destinations. The efforts to delight customers has resulted in 31 resorts being rated greater than 4 [on a scale of 5] on Trip Advisor and 24 Gold and 1 Silver Crown resorts, as certified by RCI. Two resorts were recognized by Trip Advisor as the Best of the Best and featured in the top 25 Hotels for families in India and Asia.

Sterling has adopted a hybrid strategy of both acquiring long-term members by selling memberships and operating as a holiday hotel/resort. This strategy has permitted aggressive growth and has established the Sterling brand as a premier holiday brand in India. The business is primarily focused on family & group holidays along with conferences by corporates and destination weddings.

Sterling has adopted an asset-light strategy of expansion of rooms and destinations through Management Contracts. Sterling has nearly 20% of its room inventory under this model and is in the process of adding many more locations, to be opened in 2021-2022.

New Partnerships and Renewals:

Key initiatives:

- The pandemic necessitated the closure of our resorts and offices. However, the company used the lockdown period to plan & execute several initiatives to make a positive impact in the post COVID scenario.
- Customer Related
 - Developed a Safety & Hygiene protocol: Sterling CARES in association with Apollo Clinics to ensure the best protection for our guests, to enjoy a safe and fun-filled holiday
 - Constant customer engagement via an active outreach program
 - Reopened the resorts post the lockdown: the company reopened its resorts with a strategic focus on drive-to destinations to encourage members and guests from nearby cities to drive over for holidays – ensuring faster recovery of demand
 - Launched sub-brands like Sterling LOCAL – the Restobar, Subuthi – spa and Swirl – barbeques and brunches, to increase avenues for revenue generation within the resort
 - Launched the Sterling Spark Joy Gift Cards to add presence onto e-com platforms and present holidays as a gifting option

- Business Related
 - Re-engineered several processes in the resorts: From minimal contact check-in to digital menus and contactless delivery of food, to deep-cleaning of rooms and public areas – to ensure continued protection for our guests, vendors and employees
 - Re-skilled and multi-skilled our resort staff with virtual trainings
 - Renegotiated payment terms and rates with vendors and leased resort owners
 - Enabled business-critical functions to “work from home” with technology support
 - Deployed Virtual processes to ensure minimal-contact in critical areas like: Member Acquisition and Collections
 - Built a strong network of offline Travel Agents to increase width of distribution into Tier 2 and Tier 3 towns
 - Launched a lighter version of the membership – Vantage
- Due to the outbreak of Covid-19, the resorts were shut down for most part of FY21 and normal operations were resumed in a phased manner since Q2'FY21.
- Sterling has reduced its losses from Rs. 465.9 mn in FY20 to Rs. 83.6 mn in FY21 by implementing several cost control measures
 - The revenue from operations

- decreased by 36% from Rs 2,691 mn to Rs 1,717 mn
- Membership revenue increased by 28% compared to FY20 (Rs. 659 mn in FY21 as against Rs. 516 mn in FY20). Introduction of a new 10-year membership product Vantage yielded increased numbers as well.
- Resort revenue decreased by 51% in FY21 as against the previous year with occupancy at 42.9% on a decreased available room base due to Covid-19 restrictions
- Average room rent reduced from Rs. 4,392 in FY20 to Rs. 4,306 in FY21, a decrease of 1.9%

Sterling Holidays will continue to expand in new destinations in the coming year and focus on expansion with an asset-light model, while maintaining very high standards of service focused on Customer Delight, Discoveries & Experiences. Sterling has a strong, balanced and experienced leadership team, drawn from across hospitality and other industries, giving the team the strength, vision and competences required to guide the aggressive growth plans. In addition, the company has embarked on a digitization plan across customer-facing functions and backend processes that would enable it to focus on driving customer-centric growth.

Human capital

Our people power

Our teams enable our businesses to continuously develop agile, effective responses to emerging challenges and opportunities. Our human resource policies help our go-getters to stay ahead of the market dynamics and fulfill the Group's brand promise with continuous learning and evolution.

We foster a collaborative and safe work environment for our people and ensure that they continue to engage as part of our family for an enriching experience. We attract top-notch industry relevant talent from around the world and help them pursue a meaningful career path with us. As part of our HR policy, wide-ranging cross-functional people engagements are organised and benchmarking exercises are conducted to provide an inclusive and highly rewarding work culture. In the recent years, post our global expansion, we have improved our cultural diversity mix and have attracted talent from 56 nationalities.

We take pride in our cultural diversity and have instituted a common group policy by adopting industry best practices across subsidiaries. Encouraging gender diversity is part of our stakeholder promise and we are constantly focusing on increasing the proportion of women workforce in our teams. We believe in 'agility at scale', while remaining deeply rooted to our core values of customer centricity and stakeholder integrity. Going forward, we will continue to upskill our people, who are our true brand ambassadors.

Training and development

We believe in training our workforce to align them to the changing needs of the market. This involves both product and process trainings, apart from skill and behavioural development sessions.

Our trainings include:

- Product and process training
- Behavioural trainings for competencies, skillsets, and attitude
- Sales training for doing better business
- Two levels of programmes Self-Management: ACE Level1 & ACE Level 2
- Fraud and risk management trainings

Post the sessions, feedback is taken continuously and the course content is refreshed accordingly.

Employee engagement

We undertake regular employee engagement initiatives across the organisation and at a pan-India level. While the last fiscal concentrated on improving interaction through interesting activities, the focus for FY21 is employee health and wellness..

Some of the practices include:

- Interactive and fun activities
- Quarterly newsletters from HR desk as well as from senior-level managers
- Fun'd'mentals, our internal team generates new ideas every month for engagement activities.
- Virtual CnC (Coffee and Conversation) – CEOs and senior executives connect with employees and have an informal conversation on relevant topics.
- Motivational/Inspirational workshops with renowned speakers
- Company sponsored Covid Vaccination Drives across PAN India for all employees
- Quarterly Confluence – a platform which is initiated to achieve three objectives
 - Employees to have opportunity to interact with Business leaders and understand business updates every quarter.
 - Reward top performers for the quarter through PRIDE awards and provide peer recognition.
 - An opportunity where employees can showcase their talents and engage their families as well in the "new normal".

Our succession planning process

Continuity of leadership is one of our key focus areas. For retaining key talent, we deploy long term incentives, stock options and better compensations.

For succession planning, we conduct Behavioural Event Interviews (BEIs) and utilise HR analytics to find the best fit for succession and understand each person's organizational fit.

In the last four years, succession planning has been done for the first level i.e. the executive committee (Execom)

Corporate Social Responsibility

Expanding and deepening our social outreach

While we enrich peoples' lives by fulfilling their travel dreams, we also reach out to those in need as part of our corporate social responsibility initiatives.

Project Dialysis

With Covid-19 pandemic, the access to dialysis closer to home gained primary importance preventing infection for the immunocompromised dialysis patients & also creating dialysis facility at Covid centres

Chronic Kidney Disease (CKD) will soon be the 5th leading cause of deaths in India

35% of Diabetics & 20% of Hypertensives above the age 20 likely to develop CKD & may need dialysis

1.3 million Chronic Kidney Disease patients require dialysis twice a week to survive

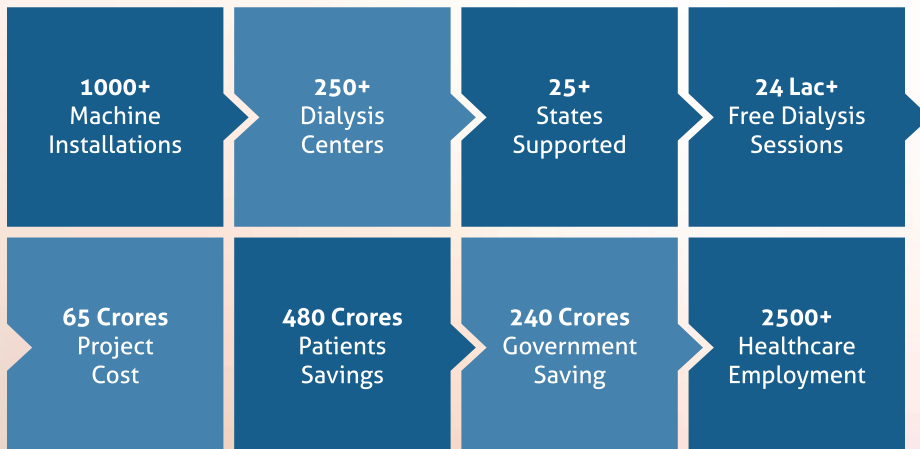

2,00,000 dialysis machines needed to service these patients & we have less than 30,000. More than 80% of these serve only urban and more affluent Indians.

Severe shortage means dialysis cost is over Rs. 2.4 lacs per patient per year. This further escalates in remote locations.

The Fairfax India Charitable Foundation (Fairfax Trust) and its Dialysis Initiative: Based on the direction of the honorable Prime Minister Shri Narendra Modi, the Fairfax Trust (promoted by our holding organization) was set up in November 2016 to focus on improving dialysis access across the country – with a clear mission to raise the resources for and deploy 1000 dialysis machines across the country to offer access to free/subsidized high quality dialysis to India's under-served renal patients.

The Fairfax Trust supports the Pradhan Mantri National Dialysis Programme (PMNDP) through a unique Public Private Partnership model that harnesses government infrastructure, private sector expertise and financial support from corporates and individuals.

Additionally, we have recently streamlined business segments into three verticals for greater focus and agility in business operations.</p>

Directors' Report

To the Members,

Your Directors have pleasure in presenting the Forty-Fourth Annual Report, together with audited financial statements for the financial year ended on March 31, 2021.

OVERVIEW

For several years, as a result of higher disposable incomes, technological advances, the travel and tourism industry has sustained its growth, emerging as one of the leading contributors to the economy. However, due to the Covid-19, catastrophic changes happened across the globe with international arrivals falling by one billion (74%) in 2020 over 2019, leading to an overall estimated damage of over 11 times larger than in 2009 in the wake of the global financial crisis.

The share of the travel and tourism sector in the GDP reduced by 120 basis points to 4.7% in 2020, from 6.9% in 2019, due to the impact of the coronavirus pandemic that led to a de-growth of over 36% in the sector, according to data from the World Travel and Tourism Council.

At the start of the Covid-19 pandemic, the virus spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to change the way we live and the way we travel. The Covid-19 pandemic had decimated the global tourism sector in 2020, with the industry virtually coming to a standstill.

The pandemic continues to create challenges for international tourism with stakeholders forced to assess the health risks at the destination, quarantining mandates, border policies and domestic restrictions, such as the opening of restaurants and tourist sites. Adding to the uncertainty are changes in infection rates and the presence of variants.

The lockdowns and restrictions imposed on various activities due to Covid-19 pandemic have posed challenges to all the businesses of the Company and its subsidiaries and associates. The initial lockdown guidelines issued by Central/State governments mandated cessation of air traffic and other forms of public transport as well as closure of hotel operations; while these restrictions have been relaxed over the past few quarters, the second wave of the pandemic has been a serious hindrance to normalisation of business in India.

Government Initiatives

India is one of the largest travel & tourism markets in the world. It offers diverse tourism options such as cruises, adventure, medical, wellness, sports, MICE, eco-tourism, film, rural and religious travel. India has been recognised as a spiritual tourist destination by domestic and international visitors. India ranked 34th in the Travel & Tourism Competitiveness Report 2019 published by the World Economic Forum.

During the year, many governments across the world including India have announced relief packages to revive tourism. The initiatives of the Government of India especially are expected to help the

stakeholders in the sector. These measures are likely to infuse the required liquidity to support in operations in near-term which could normalise the industry.

The travel industry is feeling optimistic again, as vaccinations get under way and pent-up demand resurfaces. Several countries are considering easing Covid-19 travel restrictions as vaccination drives gain traction. In India too, the vaccination strategy has been accelerated with gusto. While the Company was able to restart its foreign exchange segment as early as April 2020, business in the domestic ticketing and leisure travel segment could restart in the latter half of the year in India. Further, in some of the territories where the Group operates, notably the Middle East, the business volumes have started picking up. The Company expects operations to normalise in a phased manner after the lockdown is fully lifted, a sizeable portion of the population gets vaccinated and the confidence of corporates / travellers is restored.

PERFORMANCE HIGHLIGHTS

During the financial year ended March 31, 2021, on standalone basis, the (Loss)/ Profit before Tax stood at Rs. (563.6) Mn (previous year) Rs. 217.6 Mn).

- Total Income decreased by 85.5% to Rs. 3,186.2 Mn from Rs. 21,905.3 Mn
- (Loss) / Profit After Tax was Rs. (145.0) Mn [previous year Rs. (249.1) Mn]

On a Consolidated basis, your Company posted a (Loss) / Profit Before Tax of Rs. (4,164.5) Mn (previous year Rs. 686.4 Mn).

- Total Income stood at Rs. (9,457.4) Mn (previous year Rs.69,483.0 Mn)
- (Loss) / Profit After Tax was Rs. (2952.0) Mn [previous year Rs.(176.5) Mn]

The performance of FY 2021 is reflective of the impact of Covid-19. The lockdown and restrictions imposed on various activities due to Covid-19 pandemic have posed challenges to all the business of the Company, its subsidiaries and associates. However, the Company has been able to restart some of its business in the foreign exchange and domestic ticketing and leisure travel segment in India.

EXTENSIVE NETWORK

As of March 31, 2021, your Company, along with its subsidiaries, continues to be amongst the largest integrated travel groups in India. Your Company is a leading integrated transnational travel and travel related services company offering a broad spectrum of services that include Foreign Exchange, Corporate Travel, MICE, Leisure Travel, Value Added Services, Visa and Passport services and E-Business.

Your Company along with its subsidiaries has presence in countries outside India through its branches/representative offices in USA (New York), Spain (Madrid), UK (London), Japan (Tokyo), China (Beijing), Hungary, Portugal, Poland, Italy, Germany, Brazil, Russia, Australia, Nepal, Bhutan, Cambodia, Indonesia, Laos, Malaysia,

Myanmar, Singapore, Thailand, Vietnam, Kenya, South Africa, Dubai, Abu Dhabi, Oman, Jordan and France (Paris) apart from its subsidiaries in Mauritius, Sri Lanka, Singapore and China (Hong Kong).

CHANGE IN NATURE OF BUSINESS

There has been no change in the nature of the business of the Company. Your Company continues to be in the business of Travel and Travel related services.

DIVIDEND

The Board thought it fit to conserve cash for continuing its business operations smoothly, as far as may be, given the uncertainties associated with the nature of Covid-19 pandemic and its duration, and, therefore, did not recommend any dividend for the financial year 2020-21.

GENERAL RESERVE

During the financial year, the Company has transferred Rs. 3.7 Mn from Share Option Outstanding Account to General Reserve. The total General Reserve stands at Rs. 1,158.6 Mn as on March 31, 2021.

ACQUISITIONS/ INCORPORATIONS/ OTHER CORPORATE RESTRUCTURINGS

- The Company is committed to building long term shareholder value by growing the business inorganically and through acquisitions and alliances.
- The Company was directly or indirectly involved in the following corporate restructurings:

WITHDRAWAL OF BUY-BACK OF EQUITY SHARES OF THOMAS COOK (INDIA) LIMITED

The Securities and Exchange Board of India (SEBI), vide its order dated February 11, 2021 has allowed the withdrawal of the Company's Buy-back Offer application filed vide the Draft Letter of Offer dated March 5, 2020.

- The original purpose of the Buyback was to create a mechanism for distributing surplus cash to our shareholders and enhance shareholder value. Due to outbreak of the pandemic, the commercial and financial position of the Group witnessed substantial deterioration from what it was at the time when the Buyback was announced i.e. February 26, 2020. Consequently, the Company was forced to re-evaluate its options regarding

the Buyback given the crippling effect it will create for the Company, in the event it was to be completed.

- It was critical and in the best interests of all our shareholders and investors to protect the financial sustainability of the Company, and, accordingly, a relaxation from SEBI was sought.
- SEBI vide its Order noted that the continuation of the Buy-back Offer will result in an adverse effect on the business of the Company and in turn, its shareholders. Accordingly, SEBI exercised its powers to allow the withdrawal of the Buy-back.

BUY-BACK OF EQUITY SHARES OF THOMAS COOK (MAURITIUS) OPERATIONS COMPANY LIMITED

Thomas Cook (Mauritius) Operations Company Limited, a step-down subsidiary, completed the buy-back of 38% of its equity share capital from its Promoter, Thomas Cook (Mauritius) Holding Company Limited, a wholly owned subsidiary of the Company.

INVESTMENT BY THOMAS COOK (MAURITIUS) HOLDING COMPANY LIMITED

Thomas Cook (Mauritius) Holding Company Limited, a wholly owned subsidiary of the Company, subscribed to one ordinary share in Travel Circle International (Mauritius) Limited.

Annual Report On Corporate Social Responsibility (CSR) Activities for FY 2020-21

1. Brief outline on CSR Policy of the Company.

CSR vision:

Thomas Cook (India) Limited exists not only for doing good business, but equally to do good for society.

As a result of this holistic vision, aimed at achieving long-term stakeholder value creation, the Company seamlessly integrates its CSR efforts with its pursuit of business excellence in a mutually beneficial manner.

Thomas Cook (India) Limited shall always continue to respect the interests of and be responsive towards the communities it serves and operates in - especially those from socially and economically backward groups, the underprivileged and marginalized; thereby, society at large.

"As an integral part of our commitment to Good Corporate Citizenship, we at Thomas Cook (India) Limited will actively work to improve the quality of life of the people in the communities we serve. We shall relentlessly strive to partner with the Government, respected socially conscious agencies and NGOs in the noble efforts of nation-building via sustainable economic & social development, inclusive growth and social equity"

CSR Charter & Focus:

In our CSR journey, we shall selectively deploy our financial resources earmarked for CSR to drive an action agenda in line with Schedule VII of the Companies Act, 2013 as recommended by the CSR Committee of the Company and overseen by the Management and nominated representatives from the Board of Directors.

The Company's annual CSR budget and efforts shall focus on:

1. Health and Sanitation (Ongoing Projects):

Improving access to healthcare by focussing on developing a high impact, holistic, sustainable and collaborative ecosystem that offers free/ affordable, quality healthcare services to underprivileged population in parts of India where there is limited healthcare infrastructure/ access including undertaking Project Dialysis through Fairfax India Charitable Foundation by collaborating with government on a public private partnership supporting Pradhan Mantri National Dialysis Program or supporting private charitable organization thereby developing access to dialysis at parts of India where there is poor dialysis infrastructure.

Addressing lack of hygiene and sanitation facilities at tourist spots pan India or on highways enroute to these tourist spots. This will be done by setting up/managing environment friendly toilet facilities and the underprivileged local population will be trained in the upkeep of these facilities.

2. Any Other Project or Programme that falls under the purview of Schedule VII of Section 135 of the Companies Act, 2013, as identified and approved from time to time.

Management Discussion and Analysis

Global economy

In 2020, the world economy shrunk by 4.3%, over two and half times more than during the global financial crisis of 2009. The modest recovery of 4.7% expected in 2021 would barely offset the losses of 2020 (Source: World Economic Situation and Prospects released by the UN). In South Asia, the pandemic severely impacted most economies in the region, dragging down average GDP by -8.9% in 2020. India, in particular, suffered its largest economic decline in history, with output falling by nearly 10% in 2020.

One year into the Covid-19 pandemic and the accumulating human toll continues to raise concerns, even as vaccine coverage increases. The global economic outlook continues to be constrained by high uncertainty and reels under the pressure of sharp contraction in activity seen in 2020.

The outlook depends not just on the outcome of the battle between the virus and vaccines—it also hinges on how effectively economic policies deployed under high uncertainty can limit lasting damage from this unprecedented crisis.

Note: For India, data and forecasts are presented on a fiscal year basis, with FY 2020/2021 starting in April 2020. For the April 2021 WEO, India's growth projections are -7.1 percent in 2020 and 11.3 percent in 2021 based on calendar year.

While economic output in the United States and China is expected to grow robustly and lift global growth, the recovery path for many developing economies may be elongated. Future developments will circle around progress in healthcare, possibility of new strains of Covid-19, effectiveness of policy actions and evolution of financial conditions in world economies.

The ebb and flow of these drivers and their interaction with country-specific characteristics will determine the pace of the recovery and the extent of medium-term impact across countries.

Indian economy

At the start of the Covid-19 pandemic, the virus spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to change the way we live and the way we travel. The travel and tourism industry has in the past operated through its share of pandemics and cyclical downturns driven by broader economic recession. However, for the first time in over a century, these deadly forces have powerfully intertwined. As a result, consumers today are facing a dual-front crisis concerning both health and finances.

India's second wave of Covid-19 hit at a time when the country's mood was optimistic. The World Bank, Asian Development Bank and International Monetary Fund were forecasting India's FY22 growth to be upwards of 10%. The Economic Survey 2020-21 boldly stated that since June 2020, India has experienced a V-shaped economic recovery.

However, post February 2021, India is an entirely different landscape. With the spread of infection escalating and more than 20 States enforcing some form of lockdown, an economic impact is inevitable.

Global industry review - Travel and tourism

2020 INTERNATIONAL TOURIST ARRIVALS JANUARY-DECEMBER

The Covid-19 pandemic had decimated the global tourism sector in 2020, with the industry virtually coming to a standstill. Experts opined that tourism and hospitality will be the last ones to recover from the pandemic. As per UNWTO, international arrivals fell by one billion (74%) in 2020 over 2019, ensuring that the overall estimated damage was over 11 times larger than in 2009 in the wake of the global financial crisis.

The impact of Covid-19 on International Tourism

Source: WTTC

The pandemic continues to create challenges for international tourism with stakeholders forced to assess the health risks at the destination, quarantining mandates, border policies and domestic restrictions, such as the opening of restaurants and tourist sites. Adding to the uncertainty are changes in infection rates and the presence of variants.

Small island nations that have historically relied heavily on international tourism are the most vulnerable. For example, international tourist receipts accounted for just shy of 60% of GDP and 85% of all export revenue for Maldives. However, larger countries are also vulnerable to weakness in international travel. More than 10% of GDP comes from international tourists in Croatia, Thailand, and Portugal. In Spain, Australia, New Zealand, the Philippines, and Turkey, more than 15% of all export revenue is from tourism.

Vaccination rates at destination and departure countries, domestic tourism, and savings during the pandemic will largely determine which countries ultimately fare the best.

Countries with high vaccination rates that are reliant on tourism from countries that also have high vaccination rates are likely to be more resilient. For example, Israel was ahead of the curve in terms of its vaccination program and relies heavily on tourists from countries such as the United States, France, and the United Kingdom, all of which are inoculating their populations relatively quickly. On the flip side is Thailand where more than two thirds of international arrivals are from East Asia alone. Although much of East Asia has kept infection rates relatively low throughout the past year, they have been slow in terms of vaccine dissemination. Other tourist destinations in Southeast Asia may face similar challenges.

While international tourism remains subdued, domestic tourism has the potential to supplement some of the lost revenue. For countries most reliant on international tourism, it will be difficult for domestic tourists to fill the entire gap left by foreigners.

It is clear that international tourism will be restrained while the pandemic lingers. Pockets of variants and resurgence in infection rates will add to the industry's challenges. Although many tourist-reliant countries will struggle, those that have access to more vaccines and can attract tourists from other highly vaccinated countries are best positioned to regain lost ground. Other countries could see large benefits as would-be international travellers opt for domestic tourism this year instead.

Outlook

Towards the end of 2020 and early 2021, the travel and tourism industry witnessed a lot of positive signals with a few countries opening up borders for international tourists, with stringent safety policies in place. Also, with vaccine rolling out the industry was totally geared up to restart business. But beginning April 2021, the changing variants/mutants of Covid-19 has again forced the Governments across the world to keep on fine tuning their SOPs/

safety guidelines almost on weekly basis. The most obvious impact of this surge of Covid-19 resulted into a total travel ban. The green shoots that were evident in December 2020 and January 2021, have faded again with arrival of new mutants. Travel bubbles executed between countries were being halted. Vaccinated travellers, ease of travel, cross country movements, even cross-city movements which were permitted earlier, were being withdrawn too.

Indian industry review - Travel and Tourism 2020 the year in review

The share of the travel and tourism sector in the GDP reduced by 120 basis points to 4.7% in 2020, from 6.9% in 2019, due to the impact of the coronavirus pandemic that led to a de-growth of over 36 per cent in the sector, according to data from the World Travel and Tourism Council. For several years, as a result of higher disposable incomes, technological advances, affordable travel and better work-life balance, amongst others, the travel and tourism industry has sustained its growth, emerging as one of the leading contributors to the economy.

The World Health Organization (WHO) on March 11, 2020, declared the novel coronavirus (Covid-19) outbreak as a pandemic. Tourism was one of the first sectors to be deeply impacted by the pandemic, as measures introduced to contain the virus led to a near-complete cessation of tourism activities around the world. The Covid-19 pandemic has hit the tourism economy hard with unprecedented effects on jobs and businesses.

The Federation of Associations in Indian Tourism and Hospitality (FAITH), has sharply raised the estimated industry's losses for FY21 to ₹ 15 trillion owing to the covid-19 pandemic. This is a threefold increase from ₹ 5 trillion loss estimated in March.

Trends that evolved during the year

Real-time information: During and in a post Covid-19 world, it is more important than ever for travellers to stay connected as they travel and it is now a critical need to stay informed and up to date with the latest travel guidelines and advisories

Controlled GIT and FIT focused travel: With safety being paramount in current and future times, options for travelling are pivoting more towards FIT travel and smaller controlled and known groups

Emergence of new markets: Unique, unexplored and isolated destinations may gain over traditional and crowded tourist hotspots given the shift in dynamics and need for safety and precautions while travelling

Increase in demand for travel experts: With a considerable amount of uncertainty regarding travel safety and contradictory information rife online, travellers are now seeking experts when it comes to planning their trips. Going forward too, as travel gains more complexities with health and other regulations to be adhered to, travel experts will continue to gain prominence

New formats - Staycations, workations, weekend getaways are now gaining traction as they provide feasible quick getaways during the pandemic induced travel restrictions

Rise in domestic tourism: Lockdown across the world has created opportunities to explore domestic tourism. In India, there has been emphasis on 'Dekho Apna Desh' by the Tourism ministry

Contactless Travel: During and post the pandemic, the travel and hospitality industry has made significant efforts to boost confidence among travellers by making services contactless as far as possible. From contactless transactions, bookings, check-in at airports and hotels; to ordering food contactless offerings are becoming a norm more than an exception. In parallel, travellers are also warming up to the idea of using contactless services and also building appreciation for the tech-rich experiences that promise travel safety, upfront

Vaccination passports: are being developed and may be required to travel. Just like one needs a passport to travel abroad, there are talks about a vaccination passport— be it digital or otherwise — that will provide proof of vaccination

Current scenario

The second wave in India has been resulting into 0.3 million to 0.4 million cases on a daily basis. While international tourism is totally out-of-the-scene, domestic tourism that was witnessing revival faded away since March 2021. Countries after countries are withdrawing from air travel bubble agreements. Domestic air traffic in India has come down to half in April 2021 compared to March 2021. Countries that were welcoming Indian travellers and were planning to open doors have put a ban on Indian arrivals. Not only this, these countries have also issued travel advisories for their citizens against travelling to India.

However, after a year lost to the coronavirus pandemic, the travel industry is feeling optimistic again, as vaccinations get under way and pent-up demand resurfaces. Several countries are considering easing Covid-19 travel restrictions as vaccination drives gain traction. In India too, the vaccination strategy has been accelerated with gusto.

Travel and travel-related services

The Group's integrated model in travel segment combines customer centricity with innovation to create unique solutions for a delightful experience. The travel services offerings span over a wide range of B2B & B2C offerings spread across Leisure, Destination Management Services, Corporate Travel, MICE to Visa services. Leveraging on its strengths, scale and wide presence, the Group has been successfully curating tailor-made and bespoke programmes and packages suiting the ever-changing sector requirements, especially in the post Covid era. Armed with a robust portfolio, incessant drive towards digitization and customer satisfaction, the Group is continually focused on increasing its connect with its audience.

Leisure travel (Outbound+Domestic)

The Leisure holidays segment witnessed the highest negative impact on account of the global pandemic and the consequent implementation of various mitigating measures by the Indian government, as well as by the governments at the global level, including lockdown of business operations, restrictions on domestic and international air travel.

While business transactions came to a standstill, the Group has capitalized on this past year to reimagine the way business is conducted, realign strategies to be well equipped to ride the demand wave as and when demand resumes. The Group's initiatives during the year were thus focused on identifying key trends, creating innovative offerings, curating covid specific travel solutions etc.

The Group operates in both categories of Free Individual Traveller (FIT) and Group Inclusive Tour (GIT) customers, providing end-to-end and seamless travel experience and does this via its entities Thomas Cook India, SOTC and TC Tours Limited (TC Tour). It also operates in the outbound segment in Hong Kong via Travel Circle International Limited.

SOTC: The company has over 7 decades of legacy to its operations in India and has been pivotal to the growth of organized leisure travel in the Outbound and Domestic travel. The company has a solid foundation which is cemented by the continuous innovation in offerings, technological upgrades and expanding destination markets.

SOTC was established in 1949. Since then, it has escorted lakhs of travelers across the globe for more than 70 years to various destinations around the world. It is one of the leaders in segments, namely Escorted Group Tours, Customised Holidays, Holidays of India and Incentive Travel amongst others. SOTC's customer focus, innovation and operational excellence has not only tapped the existing market potential but has also created new markets through innovative packages. Its vast array of holiday services is taking holidaying to an entirely new level. A new age innovative holiday maker, SOTC strives to make holidays a priority for every Indian. Through investments in technology and with a strong online presence the company serves its customers through an omni-channel play.

TC Tours Limited

TC Tours Limited (earlier known as Thomas Cook Tours Limited) is a wholly owned subsidiary of the Company and offers air ticketing, hotels, domestic tours and allied services to the Group's multiple travel offerings across Leisure, Corporate Travel and MICE.

Travel Circle International Limited (TCI 勝景遊)

The company operates as the leading premium tour operator in Hong Kong with a focus on the high-end niche market of all-inclusive group long haul leisure travel and business travel. 80% of the tour operating sales is generated from its B2C segment (across 4 retail stores, call centre and website); the remainder via its third party B2B channels.

The business operations were impacted on account of the ongoing Covid pandemic and the severe mobility restrictions implemented across geographies. During this period, the company ensured strict compliance, implemented all necessary preventive measures and practiced safety for its employees.

On the business front, the company activated several initiatives around product development, customer service and COVID-19 related protocols, which will help it enhance reach and connect as and when demand resumes normalcy.

Thomas Cook (Mauritius) Holidays Limited

Apart from the above, the Group owns and operates a subsidiary in Mauritius, Thomas Cook (Mauritius) Holidays Limited, which offers outbound tours to major Asian and European markets and unique destination markets.

Corporate Travel

The Group's Corporate/Business Travel segment facilitates employee travels alongside providing hotels, transfers, visas, among other services for its corporate clients, spanning small, mid and large markets. At the consumer end, the Group offers services under the Thomas Cook and SOTC brands. At the corporate level, however, there is a centralisation of processes of both Thomas Cook and SOTC brands, to achieve efficiencies and deliver a better customer experience.

In addition to regular business travel transactions, the business also supported personal ticketing for many employees of the contracted customers who needed professional guidance and support for their itineraries in these complicated times. This not only re-instilled the faith of the brand in the eyes of many important stake holders but also brought in a new and risk free business for the Company.

The Group also aims to increase its network of hotel, car, allied services sales driving margins and increasing number of services per customer thereby increasing sales opportunity per individual traveller multifold. In addition, the business intends to expand its footprint into the unorganised business travel segment, to include SMEs, all through an end to end automated booking tool and offering multiple payment solutions including credit/debit cards, UPI and pre-payment.

(Refer to page 32 for further details)

Meetings, Incentives, Conferences and Events (MICE)

The Company's MICE portfolio is a growing segment driven by its capabilities and expertise to organise seamless travel solutions for large groups. The Company's customer-centric approach with a strong focus on experience-led travel has helped it carve out a niche in the industry. In line with the Reimagine strategy, innovation was prominent in the segment. The company successfully diversified into implementing, several digital & hybrid events, designed and curated with cutting edge technology to facilitate corporate events, reward and recognition programs for corporates, webinars, etc. The Company extended its portfolio by launching the Art of Forever, Weddings by Thomas Cook. Besides this is also added Gourmet Genie. With limitations on international travel, the segment focused on domestic tourism.

The segment invested in technology to improve on business process and internal & external customer interaction and eventually create competitive differentiation as demand resumes.

The international DMS business spans over 22 countries with presence in Southeast Asia (Asian Trails), the Middle East (Desert Adventures), Australia (ATM-Australian Tours Management), North America (Allied-T Pro), South Africa and East Africa (Private

Safaris). The entities due to the burden of the pandemic saw business activities come to a halt. However in line with the Group's Reimagine Program, the entities focused on areas such as customer engagement, cost optimization, enhanced use of technology and innovation.

(Refer to page 30 for further details)

The Group's Mauritius subsidiary, Thomas Cook (Mauritius) Holidays Limited, also operates as a DMS company.

Visa and passport services

The Group being an end-to-end travel service provider coupled with the objective of being a one stop shop, it also provides allied services related to Visa and Passports. It caters to a wide range of customers across corporate and leisure travel, which in turn gives the company a competitive advantage. From ensuring a comprehensive application process to updating customers at every point until closure and feedback, its service is a few notches above the rest in offering customer confidence and convenience.

Customers can avail visa services through the company's omnichannels, either by walking into a branch or online or call centre applications. Visa delivered to door is another novel service offering that the company has rolled out. In July 2020, the company collaborated with ICMR approved medical partners to render RTPCR service (Covid-19 test) for all its customers pan India and overseas for both their travel and non-travel requirements.

Travel Related Financial services

Foreign exchange

The Company holds a unique advantage as not only the first but also the only non-bank foreign exchange player in India to have been granted an AD-II license by the Reserve Bank of India. It also pioneered as the first in the non-banking category to issue its own easy-to-use branded prepaid card solutions. The forex business is operated through our entities - Thomas Cook (India) Limited, Thomas Cook Lanka (Private) Limited, Thomas Cook (Mauritius) Operations Company Limited and SOTC.

The Company operates in both – wholesale and retail segment and is one of the largest exporters of bank notes globally. It optimises on both its online as well as retail presence to provide an omnichannel experience. Our strong distribution network encompasses a network of retail outlets over 100 locations and 20 airport counters in India, Sri Lanka and Mauritius. As of March 31, 2021, the total load value on forex cards is US\$109 mn and over 8,25,000 cards have been sold since launch.

During FY21, the forex operations at the branches were stalled on account of the lockdowns implemented in the country starting March 2020. However, Forex was classified as essential services and following the directive issued by the Government and guidelines by RBI, we resumed operations from April 16, 2020 with specific reference to Inward Money Transfer (MTSS). Following that the company rolled out several initiatives which were focussed around innovation to ultimately provide better access to customers. As a result, we launched virtual branches, expanded on digitisation efforts and automated several processes which will augur well for the segment in the future also. *(Read more on page 35)*

Thomas Cook (Mauritius) Operations Company Limited:

The effects of the Covid-19 pandemic were hard-felt during this year as well. The repercussions of the absence of tourist arrivals adversely impacted the retail segment. The company's cross-border remittance business was also reflective of the economic slowdown. However, it has consolidated its leadership position with MoneyGram in the Money Transfer segment. The Corporate and Financial Institutions Currency Purchases and Sales segment received a prompt support from the Central Bank by allowing the Foreign Exchanges Dealers to participate in its market interventions, providing the company with a regular and reliable source of foreign exchange to carry out its currency deals. Going ahead, the economic and market outlook appears to be uncertain. However, at an organisational level, it will continue to drive its focus on cost management.

Thomas Cook Lanka (Private) Limited, the Company's Sri Lankan subsidiary offers foreign exchange services in Sri Lanka through its presence at Bandaranaike International Airport and branches in Colombo & Kandy.

Shared Services

The captive Shared Services Centre (SSC) continues to operate with the aim to consolidate business operations and derive synergies across multiple entities of the Group. In today's rapidly changing business environment, the SSC is on the constant look out for better ways to deliver value through the deployment of digital workflows with innovative digital tools, intelligent automation between the front end and backend systems.

The SSC has evolved over these years from a resource centre to a centre of excellence (COE) by delivering innovation, quality and strategic value.

Fund management

Cash conservation – focus on collections, recovering deposits, reworking timelines for payables, reducing cash costs through restructuring. In the pandemic hit period, primary focus moved from free cash generation to effective cash management and preserving liquidity. This involved a complete overhaul of cash position and flow monitoring which became a daily activity done and reviewed with the senior management. There has been increased focus on collections, recovering deposits, reworking timelines for payables and a complete restructuring of the cost base with a view to bring about substantial cost savings at a group level.

Building a war chest through drawdowns of limits and OCCRPS issue. From the initial period of lockdown, the company focused on maximising the liquidity backup by drawdown of all possible limits and also the infusion proposed to be done by parent at the end of the year in the form of OCCRPS issue. This, coupled with daily cash monitoring measures, enabled the company to build a cash war chest to meet the fund requirements of the group companies spread across multiple geographies.

Pooling of cash across units – The Group has multiple legal entities running operations across multiple businesses. The cash available across cash-rich units was assessed and any surplus cash was pooled in to help the ones which needed cash support during the pandemic. This ensured smooth functioning of operations across the group and ensured that all payment obligations were fulfilled.

Safety first principle for investments – moved away from MF to FD. For investments of surplus funds, the Company used to prefer Mutual Fund investments while also investing in bank fixed deposits. Looking at the multiple credit defaults followed by COVID-19 impact on financial position of players in multiple industries, the company moved away from Mutual Fund investments and restricted the investments to deposits in banks which are pre-approved by the Board of Directors. This shift was guided by 'Safety first' principle and helped avoid any hits on account of credit defaults.

Support to subsidiaries – As the pandemic hit the Group, cash flows of the company as well as group companies started going into a deep negative. From June 2020 the company has been extending financial support to group companies in India and overseas in the form of inter-company loans. This was done to finance the subsidiaries' cash losses and was essential to ensure that the group companies do not default/ delay any critical payments. This has resulted into shifting of substantial amounts of cash to loans receivable.

Human resources

The Group's over 6,400 strong workforce is the backbone of its operations. They are the Group's brand ambassadors to the external world. The Company, thus, focuses on building a nurturing ecosystem that empowers employees and gives them growth opportunities through different training programmes, leadership development modules, engagement sessions, and so on.

The Company initiated company sponsored Covid-19 vaccination drives across pan India for all employees.

Risk management

Risk assessment and management are critical to ensure long term sustainability of the business. The Company has in place a strong risk management framework with regular reviewed by the senior management. Enlisted below are the key risks identified and the related mitigation measures.

- **Economic Risk:** Our business is closely associated with the macro environment that impacts the consumers' behavior and spending power. The Covid-19 pandemic has not only led to global health and safety concerns, but has also thrown many economies into slowdown.

Mitigation Measures:

During the year, we undertook multiple initiatives around several areas to combat the temporary effects of the pandemic on our businesses. To mitigate health and safety concerns of our consumers and our staff, there has been increased focus on digital sales with minimal physical interaction. Additionally, we are focusing on continuously updating technology to create a leaner and efficient organization, which would help to mitigate the risk arising from the current macro-economic slowdown, to some extent.

"Assured" Safe Travel Program, a series of comprehensive health and safety measures in place across every travel touch-point from airports, airlines, local transportation, hotels, restaurants and attractions and encompasses employees and suppliers, sellers and channels, including franchisees & customers

Partnered with ICMR accredited medical centres pan India, becoming the first travel service providers to offer seamless, end-to-end COVID-negative certification services

Curating innovating products which are ensuring health and safety of customers such as self-drive packages, wellness packages and short haul packages to destinations around beaches, safaris, mountains etc. Offering virtual and digital conferences, R&Rs for corporate customer

- **Credit Risk:** As the Company deals with a wide range of corporates and channel partners, it is exposed to credit risk. Any default or delay in payments may adversely affect the Company's financials.

Mitigation Measures: The Company's well-defined, balanced and comprehensive client policy drives all contracts and business dealings in addition to the finance team's evaluation of financial capabilities of big clients and channel partners.

- **Forex risks:** Being exposed to a significant number of geographies, the Company deals in a number of currencies and runs the risk of unfavourable movement in any currency leading to financial losses.

Mitigation Measures: The Company has a stringent hedging policy to manage its forex risks. The Company keeps a close watch on all currency movements and enters hedging contracts to protect margins.

- **Competition risks:** The Company is a premium brand in all the categories across geographies and competes with local players. Due to stiff competition and pricing wars, the Company's operating margins can be adversely impacted.

Mitigation Measures: The Company's leadership presence in most markets helps to derive competitive advantages while our pricing strategy is based on healthy targeted margins.

- **Integration risks:** The Company's investment in diversified businesses in divergent geographies requires harmonious integration of people, assets, processes and systems. Any deficiency in the integration process may impact the Company's growth prospects.

Mitigation Measures: The Company's promoters and senior management have successful track records in managing acquisitions and integrations. Further, the Company has recently streamlined business segments into four verticals for greater focus and agility in business operations.

Internal control systems and their adequacy

Internal control systems are embedded in all processes across all functions within the Company. These systems are regularly reviewed and wherever necessary, they are modified or re-designed to ensure better efficiency, effectiveness and improved controls.

All processes and systems are subject to Internal Audit through an annual internal audit plan approved by the Audit Committee. These are further supported by Internal Financial Auditors, and Statutory Auditors who validate that financial reporting is true and fair, and that these controls are designed and operating effectively. The Company has also adopted a system of Concurrent Audit, in line with RBI guidelines for its Foreign Exchange business across branches. The Company's Anti-Money Laundering Policy is regularly reviewed and updated, incorporating applicable revisions therein according to any modified guidelines issued by the RBI. The results of all audits are discussed with Senior Management and reviewed by the Audit Committee that meets atleast once every quarter.

Forward looking statements

Statements forming part of the Management Discussion and Analysis covered in this Report may be forward-looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include demand and supply conditions, changes in government regulations, exchange rates, tax laws, monsoon, natural hazards, economic developments within the country and other factors.

Report Of The Directors On Corporate Governance

1. COMPANY'S PHILOSOPHY ON THE CODE OF CORPORATE GOVERNANCE

Thomas Cook (India) Limited ('TCIL/Company') philosophy on Corporate Governance is to conduct its business in a manner which is ethical and transparent with all stakeholders of the Company. The Company believes in providing a structure that works for the benefit of everyone concerned, by ensuring that the Company adheres to ethical standards, laws and best practices. The Company's policy on Corporate Governance is to make it a way of life by, *inter alia*, adopting standard Corporate Governance practices through continual improvement of internal systems and satisfaction of customers and shareholders. The Company in its approach to adopt the best possible practices of Corporate Governance and keeping adherence to the latest rules and regulations prescribed by various regulatory authorities, has taken all the necessary steps to stay in line with the continuously progressing governance demands.

TCIL, endeavours to demonstrate the highest standards of Corporate Governance and ethical behaviour across all levels within the organisation with a zero- tolerance policy towards any deviation from these standards. Our ethical framework focuses on long term shareholder value creation through responsible decision making. As a global organisation, the Corporate Governance practices followed by the Company and its subsidiaries are compatible with international standards and practices.

Our Corporate Governance framework ensures that we make timely disclosures and share relevant information regarding our financial performance, as well as disclosure related to the leadership and governance of the Company. At TCIL, Corporate Governance is more than just adherence to the statutory and regulatory requirements. It is equally about focusing on voluntary practices that underline the highest levels of transparency and propriety.

Over the years, the Board of Directors ("Board") has developed Corporate Governance guidelines to help fulfill our corporate responsibility towards the Company's stakeholders. These guidelines ensure that the Board will have the necessary authority and processes to review and evaluate the Company's operations when required. Further, these guidelines allow the Board to make decisions that are independent of the Management. The Board may change these guidelines as and when required, to achieve the Company's stated objectives.

To the Members of

Thomas Cook (India) Limited

Corporate Identity Number: L63040MH1978PLC020717

Thomas Cook Building, Dr. D. N. Road, Fort, Mumbai- 400 001

We have examined the compliance with conditions of Corporate Governance by Thomas Cook (India) Limited ('the Company'), for the financial year ended on March 31, 2021, as per Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and paragraphs C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

The compliance with conditions of Corporate Governance is the responsibility of the management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations made by the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 17 to 27 and clauses (b) to (i) of Regulation 46(2) and paragraphs C and D of Schedule V of the Listing Regulations during the financial year ended March 31, 2021.

We further report that BSE Limited [BSE] and the National Stock Exchange of India Limited [NSE] vide its Notice dated July 10, 2020, has levied fine on the Company for violation of Regulation 29(2)/ (3) of Listing Regulations for not giving prior intimation to the Stock Exchange(s) of the Board Meeting held on June 18, 2020 wherein the fundraising proposal was considered. The Company has paid the said fine within the prescribed time period with BSE and NSE, respectively and also placed the said Notices before the Board at their meeting held on August 4, 2020. As informed by the management, the Company has made a representation to BSE and NSE for waiver of fines levied. The NSE vide its letter dated November 13, 2020, approved the Company's request for waiver of fine and refunded the fine amount to the Company. The Company is awaiting response from BSE on its waiver application.

We further report that the Hon'ble Supreme Court of India by its Order dt April 17, 2018 set aside the Order passed by Competition Appellate Tribunal (COMPAT) and restored the Order passed by Competition Commission of India (CCI) imposing penalty of Rs. 1 crore with no costs.

We further state that this Certificate is neither an assurance as to the future viability of the Company nor the efficacy or effectiveness with which the management has conducted the affairs of the Company.

This certificate is issued solely for the purposes of complying with the aforesaid Regulations and shall not be suitable for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this Certificate for events and circumstances occurring after the date of this Certificate.

Independent Auditors' Report

To the Members of Thomas Cook (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Thomas Cook (India) Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2021, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information in which are included the standalone financial statements of Thomas Cook (India) Limited Employee Trust for the year ended on that date (hereinafter referred to as standalone financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Emphasis of matter

We draw attention to Note 2 to the standalone financial statements, which describes the possible effect of uncertainties relating to COVID-19 pandemic on the Company's financial performance as assessed by the management.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

The key audit matter	How the matter was addressed in our audit
<p>Impact of COVID-19 pandemic on Going Concern</p> <p>Refer Note 2 – "Going concern and impact of COVID-19" of the standalone financial statements</p> <p>On 11 March 2020, the World Health Organisation declared the Novel Coronavirus (COVID-19) outbreak to be a pandemic.</p> <p>The State Governments has imposed lock-downs across the country which have posed significant challenges to the businesses of the Company. This required the Company to assess impact of COVID-19 on its operations.</p> <p>The Company has assessed the impact of COVID-19 on the future cash flow projections. The Company has also prepared a range of scenarios to estimate financing requirements.</p> <p>In view of the above, we identified impact of COVID-19 on going concern as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none">• Obtained an understanding of the key controls relating to the Company's forecasting process• Compared the forecasted income statement and cash flows with the Company's business plan approved by the board of directors• Obtained an understanding of key assumptions adopted by the Company in preparing the forecasted income statement and cash flow and assessed the consistency thereof with our expectations based on our understanding of the Company's business• Assessed the forecasted income statement and cash flow by considering plausible changes to the key assumptions adopted by the Company• Assessed impact of Government's announcement to lift the lockdown restrictions and Company's plan to re-start business operations in a phased manner;• Assessed disclosures made in the standalone financial statements with regard to the above.

Independent Auditors' Report *(Continued)*

The key audit matter	How the matter was addressed in our audit
<p>Revenue recognition:</p> <p>Refer Note 1.3 and Note 16 – “Revenue recognition” and “Revenue from operations” in the standalone financial statements</p> <p>Revenue is measured based on consideration paid for services.</p> <p>As disclosed in note to the standalone financial statements, revenue is recognised on transfer of control of promised services to customers at a consideration which the Company expects to receive for those services.</p> <p>The Company has revenue from Foreign Exchange and Travel and Related Services.</p> <p>Revenue from Foreign Exchange, Travel and Related Services has risk of fraud due to significant amount of cash and cash equivalent and reliance on multiple front office IT systems and their integration to back office system. Thus, it has been considered as significant matter for our audit.</p>	<p>Our audit procedures included following:</p> <ul style="list-style-type: none"> Assessing the policies in respect of revenue recognition by comparing with applicable accounting standards Evaluating the design, testing the implementation and operating effectiveness of the Company’s internal controls over recognition of revenue alongwith effectiveness of Information Technology controls built in the automized processes. Checking of completeness and accuracy of the data used by the Company by testing the controls in operation; Performing cash count procedures; Selecting samples of revenue transactions and testing the sample for existence and accuracy; Testing the revenue based on agreements, where applicable; Performing analyses over revenue from foreign exchange, travel and travel related services Assessing journal entries posted to revenue to identify unusual items not already covered by us;
<p>Valuation of Investments</p> <p>Refer to note 5 – “Investments” in the standalone financial statements.</p> <p>The Company has investments in subsidiaries and associates. These investments are accounted for at cost less any provision for impairment. The Company evaluates the indicators of impairment of the said investments regularly by reference to the requirements under Ind AS 36 Impairment of Assets.</p> <p>The Company carries out impairment assessment for each investment by:</p> <ul style="list-style-type: none"> Comparing the carrying value of each investment with the net worth of each company based on latest financial statements Comparing the performance of the investee companies with projections used for valuations and approved business plans Comparing the carrying value of certain investments with the fair valuation report from independent valuer <p>The recoverable amounts of the above investments are estimated in order to determine the extent of the impairment loss. As impairment assessment involves significant assumptions and judgment, we regard this as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the indications of impairment of investments in subsidiaries. We have also examined the basis of estimates of the recoverable amounts of these investments, the assumptions used in making such estimates, and the allowance for impairment. Compared the carrying values of the Company’s investment in subsidiaries with their respective net asset values, fair values (where applicable) and assessed the performance and their outlook. Evaluated key assumptions in the Company’s valuation models used to determine recoverable amount including assumptions of projected adjusted EBITDA, growth rate, projected revenue, projected capital expenditure, long term growth rates, discount rates. We also evaluated the forecasts based on historical performance. We evaluated fair valuation reports obtained by the management from independent valuers. We involved our internal valuation experts. <p>We tested the related disclosures in Note 5 of the standalone financial statements.</p>

Other Information

The Company’s management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the standalone financial statements and our auditors’ report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company’s Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the

Independent Auditors' Report *(Continued)*

Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Independent Auditors' Report *(Continued)*

2. (A) As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its standalone financial statements - Refer Note 25 to the standalone financial statements;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

- (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure B to the Independent Auditors' report

on the standalone financial statements of Thomas Cook (India) Limited for the year ended March 31, 2021

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Thomas Cook (India) Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal standalone financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal standalone financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

(All amounts in Rs. Lakhs, unless otherwise stated)

General Information

Thomas Cook (India) Limited (the "Company") is a Public Limited Company listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is engaged in diversified businesses of travel and travel related businesses, working as travel agent and tour operator. The Company is also engaged as an authorised foreign exchange dealer.

The standalone financial statements of the Company for the year ended 31st March 2021, in which are included the standalone financial statements of Thomas Cook (India) Limited Employee Trust for the year ended on that date, were approved by the board of directors and authorised for issue on 27 May 2021.

1(A) Significant Accounting Policies

1.1 Basis of preparation

(a) Statement of compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at 31 March 2021.

(b) Historical cost convention

Standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities - measured at fair value,
- defined benefit plans – defined benefit obligations less plan assets measured at fair value, and
- share based payment - measured at fair value

The standalone financial statements are presented in Indian Rupees "(INR)" or "(Rs.)" which is also the Company's functional currency and all values are rounded off to nearest lakhs ('00,000) except where otherwise indicated. Wherever the amount is represented as '0' ('zero') it construes a value less than fifty thousand.

1.2 Foreign currency translation and transactions

(a) Functional and presentation currency

A Company's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

(b) Transactions and balances

(i) Initial recognition

On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

(ii) Subsequent recognition

As at the reporting date, non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit or loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the statement of profit and loss.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement / conversion at the FEDAI rates are recognised in the statement of profit and loss.

Profit or loss on purchase and sale of foreign exchange by the Company in its capacity as Authorised Foreign Exchange Dealer are accounted as a part of the revenue.

1.3 Revenue recognition

Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of services is net of Indirect taxes and discounts.

(a) Income from operations

The Company earns revenue from travel and related services and financial services

Notes to the Standalone Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(i) Financial services

It comprise of income arising from the buying and selling of foreign currencies on the net margins earned, commissions on sale of foreign currency denominated prepaid cards and agency commissions from Moneygram, Xpressmoney and Western Union on currency remittances. Revenue from financial services are recognized by reference to the time of services rendered.

(ii) Travel and related services

It comprises of leisure tours packages within India and outside India along with travel related services viz travel insurance and visa services. Revenue on leisure tours / holiday's packages are recognized on the completion of the performance obligation which is on the date of departure of the tour.

It also includes income from the sale of airline tickets is recognized as an agent on the basis of net commission earned, at the time of issuance of tickets, as the Company does not assume any performance obligation post the confirmation of the issuance of an airline ticket to the customer. Performance linked bonuses from airlines are recognized as and when the performance obligations under the schemes are achieved.

(b) Contract balances

(i) Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(ii) Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

1.4 Taxes on income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised in 'Other comprehensive income or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

(a) Current tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/expenses and penalties, if any related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The company offsets the current tax assets as against the liability for provision for tax.

(b) Deferred tax:

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred taxes on items classified under Other comprehensive income ('OCI') has been recognised in OCI.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

1.5 Leases

The company as a lessee

The company's lease asset classes primarily consist of leases for buildings, vehicles and office equipments. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether:

- (1) the contract involves the use of an identified asset
- (2) the company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a "Right of Use" ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any remeasurement of the lease liability.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

The company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

1.6 Impairment of assets

(a) Financial assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security. The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in statement of profit and loss and are reflected as an allowance account against receivables. Interest on the impaired asset continues to be recognized as income through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit and loss.

The company assess at each date of Balance sheet whether a financial assets or group of financial assets is impaired. In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure:

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit

(All amounts in Rs. Lakhs, unless otherwise stated)

quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Impairment losses on investment carried at fair value through other comprehensive income are recognized by transferring the cumulative loss that has been recognized in other comprehensive income and presented in the fair value reserve in equity, to statement of profit and loss.

(b) Non financial assets

Goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Total impairment loss of a cash generating unit (CGU) is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in the statement of profit and loss and is not reversed in the subsequent period.

1.7 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with original maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

1.8 Financial instruments

(i) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Transaction costs are expensed in the statement of profit and loss, except for financial instruments carried at amortized cost, where transaction costs are adjusted in the amortized cost of the asset.

(ii) Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:

(i) the entity's business model for managing the financial assets and

(ii) the contractual cash flow characteristics of the financial asset.

(a) **Measured at amortized cost:** Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortized cost using the effective interest rate ('EIR') method, less impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, gain or loss, if any, is recognised in the statement of profit and loss.

(b) **Measured at fair value through other comprehensive income :** Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) **Measured at fair value through profit or loss:** A financial asset not measured at either amortised cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value (except for investment in subsidiaries). Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement

Notes to the Standalone Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the company's right to receive payments is established.

(iii) Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of non-financial assets is disclosed in Note 1.6. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

(iv) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset. On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a fair value basis that reflects the rights and obligations that the Company has retained.

(b) Financial liabilities

(i) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at FVTPL. Financial liabilities carried at FVTPL are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

(ii) Subsequent measurement:

Financial liabilities are subsequently measured at amortized cost using EIR method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(iii) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(c) Guarantee

Financial guarantee contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of amount determined in accordance with Ind AS 37 and the amount initially recognized less cumulative amortization, where appropriate.

The fair value of financial guarantees is determined as the present value of the differences of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

(d) Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

1.9 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1.10 Property, plant and equipment

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit and loss during the period in which they are incurred. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Losses arising from the

Notes to the Standalone Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

retirement of, and gains or losses arising from disposal of assets which are carried at cost is recognised in the statement of profit and loss.

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Depreciation is provided on a straight-line method over the estimated useful lives of the assets. The depreciation rates are prescribed in Schedule II to the Companies Act, 2013. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter or longer than that envisaged in the aforesaid Schedule, depreciation is provided at a higher or lower rate respectively, based on the management's estimate of the useful life/remaining life.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, as follows:

Assets	Useful Life
Computers	3 years
Computer servers and networks	6 years
Furniture and fixtures	10 years
Office equipment	5 years
Office building	60 years
Vehicles under finance lease	4 years
Other vehicles	8 years
Plant and machinery	15 years

Leasehold improvements are amortised over the period of the lease or useful life of the asset, whichever is lower.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss.

1.11 Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the statement of profit and loss.

The carrying value of these intangible assets is reviewed at least annually for impairment and adjusted to the recoverable amount if required.

(i) Goodwill

Goodwill on business combination is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or company's of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or company's of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

(ii) Computer software

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs those are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it

Notes to the Standalone Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Computer software

Amortisation methods and periods

Asset	Useful Life
Software (including software - internally generated / developed)	4 years

Amortization is calculated using the straight-line method to allocate their cost over their estimated useful lives.

(iii) Brand

Amortisation methods and periods

Asset	Useful Life
Brand	25 years

Amortization is calculated using the straight-line method to allocate their cost over their estimated useful lives.

1.12 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortized over the period of the facility to which it relates. Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividends on these preference shares are recognised in statement of profit and loss as finance costs.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit and loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

1.13 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

1.14 Other income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the right to receive dividend is established.

1.15 Employees share-based payments

Share-based compensation benefits are provided to employees via the following plans:

- a) Thomas Cook Employees Stock Option Plan -2007
- b) Thomas Cook Save As You Earn (SAYE) -2010
- c) Thomas Cook Employees Stock Option Plan -2013
- d) Sterling Holiday Resorts (India) Limited Employee Stock Options Scheme 2012 - ("SHRIL ESOS 2012")
- e) Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)
- f) Thomas Cook Employees Stock Scheme 2018 - Execom

The fair value of options granted under each plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity.

In respect of options granted to the employees of the subsidiary companies, the amount equal to the expense for the grant date fair value of the award is recognized as a debit to investment in subsidiary as a capital contribution and a credit to equity.

Replacement awards are treated as a modification of share based payment arrangement, and the fair value of the new equity instruments (measured at the date of the modification) are included in the measurement of the amount recognised for services received and recognized over the remaining vesting period of the options.

1.16 Employee benefits

(a) Post employment benefits:

(i) Defined contribution plans

The Company has defined contribution plan for post-employment benefit in the form of Superannuation scheme. Contributions to Superannuation scheme are charged to the statement of profit and loss as incurred. The contributions to Superannuation scheme are based on the premium contribution called for by Life Insurance Corporation of India (LIC) with whom the Company has entered into an arrangement.

Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

(ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

Contribution to Gratuity is based on the premium contribution called for by the Life Insurance Corporation of India (LIC) with whom the Company has entered into an arrangement. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or asset is charged or credited in the statement of profit and loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the statement of profit and loss.

In respect of certain employees, the Company has Defined Benefit Plan for Other Long-term Employee Benefit in the form of Provident Fund. Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(b) Short-term employee benefit

As per the leave Policy of the Company, employees are entitled to avail 30 days of leave during a calendar year. Any carry forward or encashment of the same is not allowed and all unutilised leaves necessarily lapse at the end of the calendar year. At reporting date liability pertaining to compensated absences is calculate based on the total leave balances of each employee.

1.17 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1.18 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

1.19 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

1.20 Business Combination

Business combinations of entities under common control are accounted using the "pooling of interests" method and assets and liabilities are reflected at the predecessor carrying values and the only adjustments that are made are to harmonise accounting policies. The figures for the previous periods are restated as if the business combination had occurred at the beginning of the preceding period irrespective of the actual date of the combination.

1.21 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include sub-contractor charges, rent, recruitment and training expenses, travelling and conveyance, legal and professional fees and communication expenses.

1.22 Treasury shares

The Company has created an Employee Benefit Trust ("ESOP Trust") for providing share based payment to its employees. The Company uses ESOP trust as a vehicle for distributing shares to its employees under the Employee Stock Option Schemes. The ESOP Trust buy shares from the Company for giving shares to employees. The Company treats ESOP trust as its extension and shares held by ESOP trust are treated as treasury shares.

Treasury shares are recognized at cost and deducted from equity. No gain or loss is recognised in the statement of profit and loss on the purchases, sale, issue, cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are deducted from treasury shares.

1 (B) Critical Accounting Estimates and Judgements:

The preparation of Financial Statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates and judgements are:

Going Concern and impact of COVID-19 - note 2

Useful life of property, plant & equipment - note 3

Estimated useful life of intangible asset- Note 4(a)

Estimated goodwill impairment - note 4 (a) (ii)

Leases – note 4(c)

Notes to the Standalone Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

Impairment of investment - note 5

Estimation of Defined Benefit Obligation - note 14a

Recognition of deferred tax assets for carried forward unabsorbed depreciation/ loss, MAT credit entitlement - note 15

Recognition and measurement of provision and contingencies - note 25

Fair value of financial instruments - note 27

Impairment of trade receivables - note 28

Estimation of inputs for fair value of Share based payment instrument - note 31

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

1 (C) Current / Non Current Classification

All assets and liabilities are classified into current and non-current:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the above definition and the nature of services provided, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

1 (D) Recent accounting pronouncement

The Ministry of Corporate Affairs ("MCA") on March 24, 2021 through notification, amended Schedule III of the companies Act, 2013. The amendments revise Division I, II, and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with companies (Indian Accounting Accounting) Rules 2015 are:

Balance Sheet:

- Lease Liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non current.
- Specified format for ageing schedule of trade receivables and trade payables.
- If a company has used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used
- Enhanced disclosure for borrowings from Banks or financial institutions on the basis of security of current asset such as agreement of quarterly returns or statements of current assets signed by the Company with bank or financial institutions with

(All amounts in Rs. Lakhs, unless otherwise stated)

books of account and if not, summary of reconciliation and reason for material discrepancies, if any.

- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, Compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel(KMP) and related parties, details of benami property held, disclosure related to ratios etc

Statement of Profit and loss:

- Additional disclosures relating to Corporate Social Responsibilities (CSR), undisclosed income and crypto virtual currency specified under the head 'additional information' in notes forming part of the standalone financial statements .

The Company is in the process of evaluating above amendments.

Amendments to other standards

The MCA notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 01 April 2020.

2 Going concern and impact of COVID-19

On 11 March 2020, the World Health Organization declared COVID-19 outbreak as a pandemic, the Indian Government had taken a series of measures to contain the outbreak, which included imposing 'lock-downs' across the country. The lockdowns and restrictions imposed on various activities due to COVID-19 pandemic have posed challenges to all the businesses of TCIL and its subsidiaries and associates. The initial lockdown guidelines issued by Central/State governments mandated cessation of air traffic and other forms of public transport as well as closure of hotel operations; while these restrictions have been relaxed over the past few quarters, the second wave of the pandemic has been a serious hindrance to normalisation of business in India. However, the Company has been able to restart some of its businesses in the foreign exchange and domestic travel segments in India. Further, in some of territories where the Group operates, notably the Middle East, the business volumes have started picking up. The Company expects operations to normalise in a phased manner after the lockdown is fully lifted, a sizeable portion of the population gets vaccinated and the confidence of corporates / travellers is restored. The Company has assessed the impact of COVID-19 on the carrying amount of its assets and revenue recognition. In developing the assumptions relating to the possible future uncertainties, the Company, as on date of approval of these standalone financial statements has used internal and external sources of information to the extent available. The Company, based on current estimates and information, expects the carrying amount of these assets to be recovered.

The Company has assessed the impact for existing and anticipated effects of COVID-19 on the future cash flow projections on the basis of significant assumptions as per the available information. The Company has raised funds through issuance of Optionally Convertible Cumulative Redeemable Preference Shares and has liquidity to meet its commitments. In addition to this, funds are expected to be generated from the operating activities as business picks up and stabilises.

The Company has undertaken various cost saving initiatives to maximise operating cash flows and conserve cash position in the given situation. Based on aforesaid assessment, management believes that as per estimates made conservatively, the Company will continue as a going concern. The Company continues to monitor any material changes to its COVID-19 impact assessment, resulting from the future economic conditions and future uncertainty, if any.

(ii) Post employment obligations

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

In respect of certain employees, the Company has defined benefit plan for other long-term employee benefit in the form of provident fund. Provident fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company.

Significant estimates: Actuarial assumptions and sensitivity for gratuity

The significant actuarial assumptions were as follows:

Particulars	March 31, 2021	March 31, 2020
Discount rate	5.70%	5.70%
Salary growth rate	6.00%	6.00%
Expected return on assets	5.70%	5.70%
Attrition rate	10% - 29%	10% - 29%
Mortality	Indian Assured Lives Mortality (2012-14)	

Sensitivity analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation					
	Change in assumptions		Increase in assumptions		Decrease in assumptions	
	March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
Discount rate	50 basis point	50 basis point	-2.30%	-2.72%	2.41%	2.87%
Salary growth rate	50 basis point	50 basis point	2.39%	2.84%	-2.31%	-2.73%

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

(All amounts in Rs. Lakhs, unless otherwise stated)

The major categories of plans assets for gratuity are as follows:

Particulars	March 31, 2021				March 31, 2020			
	Quoted	Unquoted	Total	In %	Quoted	Unquoted	Total	In %
Insurer (LIC) Managed Funds	-	1,041.0	1,041.0	100%	-	1,479.0	1,479.0	100%

Risk exposure for gratuity

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below :

- Asset volatility- The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.
- Salary growth & demographic assumptions- The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.
- Majority of the plan assets consist of Insurer (LIC) managed funds which offers the best return over the long term with an acceptable level of risk. The plan asset mix is in compliance with the requirements of the respective local regulations

Defined benefit liability and employer contributions for gratuity

The weighted average duration of the defined benefit obligation is 4.71 years (2020 - 5.65 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
31 March 2021 - Post Employment Obligations	458.9	314.9	773.3	1,184.8	2,731.9

23 Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net Debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the balance sheet) less cash and cash equivalent. Total capital is calculated as 'equity' as shown in the balance sheet.

During the periods presented, the Company's strategy has been unchanged. The credit rating was downgraded to 'CRISIL A+/CCR A+/Negative/CRISIL A1+' from 'CRISIL AA-/CCR AA-/Negative/CRISIL A1+' and the gearing ratios as at the period ends were as follows:

Particulars	March 31, 2021	March 31, 2020
Net Debt*	-	-
Total equity	1,86,784.2	1,43,896.1
Net debt to equity ratio	-	-

* As at March 31, 2021 and March 31, 2020, cash and cash equivalents exceeds total borrowings and hence net debt as at 31 March 2021 and 31 March 2020 has been considered zero for the purpose of calculation of net debt to equity ratio.

- (b) The Company does not expect any reimbursement in respect of the above contingent liabilities.
- (c) During the previous year ended 31 March 2020, pursuant to the approval of the National Company Law Tribunal and the Scheme between Thomas Cook (India) Limited and various other companies, the Company filed the application for adjudication for the stamp duty on the Scheme with the Revenue office being the Collector of Stamps Enf 2, Mumbai under the Additional Controller of Stamps Mumbai. The Collector of Stamps Enf - 2 has adjudicated a duty of Rs. 2,500.0 lakh and imposed a penalty of Rs. 250.0 lakh. The Company has provided for stamp duty of Rs. 2,500 lakh and has charged to the Statement of Profit and Loss as an exceptional item for the year ended 31 March 2020. The Company filed an appeal with the Chief Controlling Revenue Authority, Pune (CCRA), disputing the duty amount calculation and the penalty. At an interim hearing, the CCRA directed to deposit 10% of the total demand or Rs. 250 lakh, whichever is less. Upon the relevant payment, the CCRA granted an ad-interim relief of stay from any proceedings until further hearing. The matter is adjourned to 6 July 2021.
- (d) During the previous year ended 31 March 2020, in response to a Show Cause Notice issued by The Enforcement Directorate (ED), Chennai, on Thomas Cook (India) Limited and TC Forex Services Limited (TCF) (erstwhile Tata Capital Forex Ltd, and amalgamated into TCIL on 25 November 2019 with effect from the Appointed Date, i.e. 1 April 2019), the ED, by its Orders, imposed a penalty of Rs. 450.0 lakhs on the Company and its Officer and of Rs. 166.0 lakhs on TCF and its Officer respectively. Being aggrieved by the Orders passed by the ED, the Company has filed Appeals before the Hon'ble Appellate Tribunal under the FEMA Act, 1999 in New Delhi. Since there was suspension of functioning of Appellate Tribunal due to COVID-19, the Appeals have been adjourned to July 2021. In the Interim, the Company received a demand notice from the ED, Chennai asking TCIL to deposit the penalty which was imposed by its Order dated 30 March 2020. Pursuant to which, the Company filed an Urgent Hearing Application on 9 March 2021 before the Hon'ble Appellate Tribunal, New Delhi and the same was listed for hearing on 24 March 2021. On 24 March 2021, the Hon'ble Tribunal after hearing the submission was pleased to issue notices and directed the Respondent (ED) not to take any coercive action against TCIL till next date of hearing i.e. 5 July 2021.
- (e) The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of provident fund contribution. Subsequently, a review petition against this decision has been filed and which is now dismissed. Management has accounted for the liability for the period from date of the SC order to March 31, 2019. Further, pending decision and directions from the EPFO, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

* Amount is below the rounding off norm adopted by the Company.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- the foreign exchange forward contracts are marked to market using forward FEDAI rates pertaining to the date of maturity of the contract at the balance sheet date.
- Discount rates to fair value of financial assets and liabilities at amortised cost is based on general lending rate.

The carrying amounts of Accrued revenue, insurance claim receivable, advance to related parties, current borrowings, trade payables, trade receivable, other financial liabilities, loans given and interest thereon, cash and cash equivalents and other bank balances are considered to be the same as their fair values due to their short-term nature.

28 Financial risk management

The Company's activities expose it to credit risk, market risk and liquidity risk.

The company has an overall enterprise risk management policy, approved by the Audit Committee of the board of directors. Risks are managed by the individual business units, or the support services' unit, entering into the base transactions, which give rise to the risks. The Executive Committee (comprising the Chairman & Managing Director, the Chief Financial Officer, and the heads of the business units and support services' units) has the overall responsibility for the risk management framework and its effectiveness, with the respective heads of business units/support services' units, being responsible for its implementation and day-to-day monitoring. The Company's policy is to place cash and cash equivalents and short term deposits with reputable banks and financial institutions.

(A) Credit risk

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as of different reporting periods.

(B) Market risk

(i) Foreign currency risk

The Company enters into foreign currency transactions in the Foreign Exchange and Leisure Travel Outbound businesses. The currency risk arising out of foreign currency transactions in the Foreign Exchange business is monitored by a central dealing room, which then hedges the positions transactions entered into at individual locations across the country, through deals in the interbank market, or through forward contracts, thereby ensuring that there are minimal open positions. In the Leisure Travel Outbound business, package prices are denominated partly in the functional currency of the Company, Indian Rupees (INR), and partly in foreign currencies. The portion of customer collection in foreign currencies, which is parked in Nostro bank accounts, is used to pay off vendor liabilities, denominated in foreign currencies, thereby creating a natural hedge. As a result, the risk related to foreign currency exchange rate fluctuation is insignificant.

* Net Exposure of Rs. 1,209.8 lakhs is due to the trade payable and other financial liabilities which is included in balance sheet. The Company will cover this exposure on actual payment of foreign currency amount. Net exposure of previous year of Rs. 1,224.2 lakhs is due to the accrued income which is included in the balance sheet.

(b) Sensitivity:

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts.

(iii) Price risk

Exposure

The company's exposure to equity securities price risk arises from investments held by the company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss. Except for the investment of 13,50,686 shares in Qess Corp Limited held by Thomas Cook Employee Benefit Trust (Branch), the company does not have any other material equity investments, the company does not have a material price risk exposure as of reporting period.

(C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Management monitors rolling forecasts of the company's liquidity position (comprising the unused cash and bank balances along with temporary investments in fixed deposits and/or liquid mutual funds) on the basis of expected cash flows.

(i) Financing arrangements

Particulars	March 31, 2021	March 31, 2020
Floating rate		
- expiring within one year (bank overdraft)	916.1	4,518.6
	916.1	4,518.6

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice.

(ii) Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity based on their contractual maturities for:

- all non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

30 Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international as well as specified domestic transactions (if applicable) entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions (if any) are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

Thomas Cook Employees Stock Option Plan -2007

The Company has established an Employee Stock Option Plan called -"Thomas Cook Employees Stock Option Plan - 2007". The same has been approved by a Special Resolution passed by the Shareholders by a Postal Ballot on March 23, 2007. The Scheme is in accordance with the provisions of Securities and Exchange Board of India (SEBI)- (Employee Stock Option Scheme and employee Stock Purchase Scheme) Guidelines, 1999. The exercise price is as governed by the guidelines issued by SEBI.

The objectives of this plan are :

- (a) Motivate talent in the organization with a view to achieve long term business goals.
- (b) Retain key talent in the organization
- (c) Foster ownership and motivation.

The grant of options to employees under the stock option scheme is on the basis of their performance and other eligibility criteria. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The unvested options shall vest with the participant in 3 equal annual instalments on each of the anniversaries from the Grant Date.

Thomas Cook Save As You Earn (SAYE) -2010

Further to the Thomas Cook Employees Stock Option Plan - 2007, the Company has established a Thomas Cook Save As You Earn (SAYE), Scheme - 2010. The SAYE scheme has been approved by a Special Resolution passed on December 14, 2010, by the shareholders as at and for the year ended March 31, 2016 Thomas Cook (India) Limited of a Postal Ballot and shall be effective from that date. SAYE is a Monthly Savings Contribution Scheme available to all employees of Thomas Cook (India) Limited and its subsidiaries provided that they have completed at least 6 months in the organization.

The objectives of the SAYE Scheme -2010 are same as Thomas Cook Employees Stock Option Plan -2007.

SAYE allows employees to save a part of their net pay every month which gets deposited with a bank in a recurring deposit account carrying fixed rate of interest. At the end of 3 years, employees have the option to either purchase specific number of equity shares of Thomas Cook (India) Limited at the predetermined exercise price or withdraw the monthly savings contributions along with interest accrued. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The maximum number of options granted per participant per grant will not exceed 200,000 (Two lakhs) equity shares. The maximum number of equity shares that may be issued / transferred pursuant to the exercise of options granted under the SAYE scheme shall not exceed 30,00,000 (Thirty Lakhs) equity shares.

Vesting under the scheme is linked to the continued association with the Group. The options would vest only when an employee has completed the committed 36 monthly contributions. The exercise period would not be more than one month from the date of vesting.

Thomas Cook Employees Stock Option Plan -2013

The Company has established an Employee Stock Option Plan called -"Thomas Cook Employees Stock Option Plan - 2013". The Scheme is in accordance with the provisions of Securities and Exchange Board of India (SEBI) - (Employee Stock Option Scheme and employee Stock Purchase Scheme) Guidelines, 1999. The exercise price is in accordance with the guidelines issued by SEBI.

The objectives of this plan are:

- a) to reward the Senior Employees of the Company for their performance
- b) to motivate them to contribute to the growth and profitability of the Company and
- c) to retain talent in the organization

The grant of options to employees under the stock option scheme is on the basis of their performance and other eligibility criteria. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The unvested options shall vest with the participant after 4 years but not later than 7 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The attainment of such performance parameters would be a mandatory condition for vesting of options as determined by the Recruitment & Remuneration Committee from time to time.

Sterling Holiday Resorts (India) Limited Employee Stock Options Scheme 2012 - ("SHRIL ESOS 2012")

Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)

The Company has established an Employee Stock Option Scheme called -"Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)". The Scheme of Thomas Cook (India) Limited has been approved by the special resolution passed on April 11, 2018 through Postal ballot by the shareholders. The Scheme is regulated by the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time and includes all regulations, clarifications and statutory modifications issued there under and also any new regulations on the matter of share based employee benefits.

The Exercise price of the Vested Option shall be 50% of the Market price as defined under the SEBI Regulations.

The purpose of this Scheme is to reward and retain the employees of the Subsidiary Companies of Thomas Cook under its control for high levels of individual performance and for exceptional efforts to improve the financial performance of the respective subsidiary companies, which will ultimately contribute to the success of Thomas Cook. This purpose is sought to be achieved through the grant of Options, for and on behalf of, and at the behest of the subsidiary companies to their employees.

The maximum number of Shares that may be issued pursuant to Exercise of Options Granted to the Participant under this Scheme shall not exceed 36,72,000 Shares of Thomas Cook. All Options that have lapsed (including those having lapsed by way of forfeiture) shall be added back to the number of Options that are pending to be granted or Shares pending to be allotted. The Company may Grant such Options within the overall limit i.e. 36,72,000

The grant of options to employees under the stock option scheme is on the basis of their performance and other eligibility criteria. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The unvested options shall vest with the participant after 3 years date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters.

Thomas Cook Employees Stock Scheme 2018 - Execom

The Company has established an Employee Stock Option Scheme called -"Thomas Cook Employees Stock Scheme 2018 - Execom ". The Scheme of Thomas Cook (India) Limited has been approved by the special resolution passed on April 11, 2018 through Postal ballot by the shareholders. The Scheme is regulated by the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time and includes all regulations, clarifications and statutory modifications issued there under and also any new regulations on the matter of share based employee benefits.

The Exercise Price shall be equal to face value of shares i.e Re. 1 per option.

The objective of the ESOP 2018 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. Modification of share based payment:

On merger of Thomas Cook Insurance Services

In the course of business combination effective from August 18, 2015 as per the court scheme, under which Sterling was merged with Thomas Cook Insurance services, Thomas cook India limited had replaced the erstwhile ESOS scheme of sterling by issuing shares from its share capital. Such modification of share based payment arrangements are accounted for as per Ind AS 102.

On implementation of Composite Scheme of arrangement and Demerger of Human Resource Business

As per the composite scheme, the Company has demerged its Human Resources Services Business and transferred it to Quess Corp Limited (Quess). The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019. The effective date of the scheme was November 25, 2019 when both the company and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies.

As a part of the composite scheme, Employees whose ESOPs were outstanding on the effective date will be entitled to the additional shares of Quess on account of the demerger of Human Resource Business. Instead of altering the exercise price, the company provided additional award in form of Quess shares. The eligible employees are now entitled to shares of Quess along with those of the company in the same share entitlement ratio prescribed in the scheme for the other shareholders of the company

In case of vested options, the employees will be granted shares of the Company and Quess only on payment of the exercise price. In case of unvested ESOPs, the employees will be granted shares of the Company and Quess on completion of the remaining vesting period and payment of the exercise price.

The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of Company's own equity instruments or any of its group entity's equity instruments. The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ind AS 19. The options settled by shares of the Company continue to be considered as share based payments and are accounted as per IND AS 102. The grant of Quess shares is considered to be modification of ESOP Schemes, there is no impact of modification for the year ended 31 March 2020 in the statement of profit and loss.

34 Exceptional item

During the previous year pursuant to the approval of the National Company Law Tribunal and the Composite Scheme of Arrangement and Amalgamation between Thomas Cook (India) Limited and various other companies (the "Scheme") becoming effective on 25 November 2019 and operative from the Appointed Date, i.e. 1 April 2019, the Company filed the application for adjudication for the stamp duty on the Scheme with the Revenue office of the Sub-Registrar of Assurances (Sub-Registrar). The Sub-Registrar has raised a demand notice for a duty of Rs. 2,500.0 lakhs and a penalty of Rs. 250.0 lakhs. The Company has filed an objection with the Sub-Registrar disputing the duty amount calculation and the penalty, stating that the interim demand notice required reconsideration. The Company had provided for stamp duty of Rs. 2,500 lakhs and had charged to the Statement of Profit and Loss as an exceptional item in previous year ended 31st March, 2020.

35 Buyback of shares

The Company had filed a Draft Letter of Offer (DLOF) for a buy-back of its equity shares with the Securities and Exchange Board of India (SEBI) on 6 March 2020. Pursuant to the approval of the Board of Directors of the Company dated 25 September 2020, in relation to the withdrawal of the buy-back, the Company had proceeded to apply to SEBI, for such withdrawal. The Securities and Exchange Board of India (SEBI), vide its order dated 11 February 2021 has allowed the withdrawal of Thomas Cook India's Buyback Offer.

36 During the quarter ended 31 December 2019, the Company formed Thomas Cook Employee Benefit Trust, which subscribed 73,56,122 shares of the Company for Rs. 11,048.8 lakhs out of the loan received from the Company. EPS is calculated after reducing the equity shares of the Company held by the Trust. Pursuant to the approval of the National Company Law Tribunal and the Composite Scheme of Arrangement and Amalgamation between Thomas Cook (India) Limited and various other companies (the "Scheme"), the Trust received 13,89,571 shares of Qess Corp Limited ("QCL"). Out of 13,89,571 shares received, 38,885 shares were transferred to employees on exercise of options during the quarter and year ended March 31, 2021. Mark-to-Market ("MTM") gain for the quarter and year ended 31 March 2021 on QCL shares held by the Trust amounting to Rs. 2,053.0 Lakhs and Rs. 6,689.3 lakhs respectively is included in other income. During the year ended 31 March 2020, Mark-to-Market loss on QCL shares held by the Trust amounting to Rs. 2,945.1 lakhs is included in other expenses.

37 Scheme of Amalgamation and arrangement

The Board at its meeting held on 3 October 2019 had approved the amendments to the Composite Scheme of Arrangement and Amalgamation amongst Thomas Cook (India) Limited ('TCIL'), Qess Corp Limited ('QCL'), Travel Corporation (India) Limited ('TCI'), TC Forex Services Limited (formerly known as Tata Capital Forex Limited) ('TCF'), TC Travel Services Limited (formerly known as TC Travel and Services Limited) ('TCTSL') and SOTC Travel Management Private Limited (formerly known as SITA Travels and Tours Private Limited) ('SOTC TRAVEL') and their respective shareholders ('the Scheme') in accordance with the provisions of Section 230 to 232 read with Section 52, 55, and 66 of the Companies Act, 2013. The Scheme inter-alia provides:

- Demerger of the inbound business of TCI consisting of business of handling inward foreign tourist activity from TCI into SOTC TRAVEL; and
- Amalgamation of residual TCI, TCF and TCTSL with TCIL; and

(All amounts in Rs. Lakhs, unless otherwise stated)

iii. Demerger of the Human Resource Services Business of TCIL (including shares in QCL held by TCIL) into QCL. As a part of consideration, QCL will issue its own shares to the shareholders of TCIL in the ratio of 1889 QCL shares for every 10000 shares held in the Company.

The National Company Law Tribunal ("NCLT"), Mumbai Bench for TCIL and Bengaluru Bench for QCL vide its order dated 10 October 2019 and 7 November 2019 respectively had approved the Scheme of Arrangement. The Scheme of Arrangement has become effective from Appointed Date i.e. 1 April 2019 but operative from Effective Date i.e. 25 November 2019 being the date of filing of certified copy of the Order of NCLT by all the companies with their respective jurisdictional Registrar of Companies.

Pursuant to the Scheme, the Company has acquired net assets/(liabilities) including reserves of Rs. 9,952.2 lakhs, Rs. 115.5 lakhs and Rs. (2,200.0) lakhs of residual TCI, TCF and TCTSL respectively by way of amalgamation in preceeding previous year and transferred net operating assets of its Human Resource Services Business (including its investment) to QCL of Rs. 16,644.1 lakhs by way of demerger in accordance with the Scheme of Arrangement with effect from Appointed Date, in previous year. Consequently the difference between assets and liabilities acquired and transferred to "Reserve on restructuring account". As prescribed in the Scheme of Arrangement, balance in Reserves on restructuring account is adjusted with Capital Redemption Reserves and Security Premium.

Independent Auditors' Report

To the Members of Thomas Cook (India) Limited

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Thomas Cook (India) Limited which includes financials of Thomas Cook (India) Limited Employee Trust (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its associates, which comprise the consolidated balance sheet as at 31 March 2021, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, and associates as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31 March 2021, of its consolidated loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 2 to the consolidated financial statements, which describes the possible effect of uncertainties relating to COVID-19 pandemic on the Group's financial performance as assessed by the management.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter	How the matter was addressed in our audit
<p>Impact of COVID-19 pandemic on Going Concern</p> <p>Refer Note 2 – "Going Concern" and impact of Covid-19" of the consolidated financial statements</p> <p>On 11 March 2020, the World Health Organisation declared the Novel Coronavirus (COVID-19) outbreak to be a pandemic.</p> <p>The State Government has imposed lock-downs across the country which have posed significant challenges to the businesses of the Group. This required the Group to assess impact of COVID-19 on its operations.</p> <p>The Group has assessed the impact of COVID-19 on the future cash flow projections. The Group has also prepared a range of scenarios to estimate financing requirements.</p> <p>In view of the above, we identified impact of COVID-19 on going concern as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none">• Obtained an understanding of the key controls relating to the Group's forecasting process• Compared the forecasted income statement and cash flows with the Group's business plan approved by the board of directors• Obtained an understanding of key assumptions adopted by the Group in preparing the forecasted income statement and cash flow and assessed the consistency thereof with our expectations based on our understanding of the Group's business• Assessed the forecasted income statement and cash flow by considering plausible changes to the key assumptions adopted by the Group• Assessed impact of Government's announcement to lift the lockdown restrictions and Group's plan to re-start business operations in a phased manner;• Assessed disclosures made in the consolidated financial statements with regard to the above.

Independent Auditors' Report *(Continued)*

The key audit matter	How the matter was addressed in our audit
<p>Revenue recognition (Refer note 1.5, note 18 and note 30):</p> <p>Revenue is measured based on consideration paid for services.</p> <p>As disclosed in note to the consolidated financial statements, revenue is recognised on transfer of control of promised services to customers at a consideration which the Group expects to receive for those services.</p> <p>The Group has revenue from Foreign Exchange, Travel and Related Services and Vacation Ownership and Resort Business.</p> <p>Revenue from Foreign Exchange, Travel and Related Services has risk of fraud due to significant amount of cash and cash equivalent and reliance on multiple front office IT systems and their integration to back office system.</p> <p>Revenue from Vacation Ownership and Resort Business involves key judgments relating to identification of distinct performance obligations, determination of transaction price, identification of incremental costs of obtaining a contract and appropriateness of the basis used to measure revenue recognized over a period or at a point in time – primarily in respect of the membership business of the Group.</p> <p>Revenue is recognized when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.</p> <p>Thus, it has been considered as significant matter for our audit.</p>	<p>Our audit procedures included following:</p> <ul style="list-style-type: none">• Assessing the policies in respect of revenue recognition by comparing with applicable accounting standards• Evaluating the design, testing the implementation and operating effectiveness of the Group's internal controls over recognition of revenue alongwith effectiveness of Information Technology controls built in the automatized processes.• Checking of completeness and accuracy of the data used by the Group by testing the controls in operation;• Performing cash count procedures;• Selecting samples of revenue transactions and testing the sample for existence and accuracy;• Testing the revenue based on customer contracts and agreements, where applicable;• Performing analysis over revenue from foreign exchange, travel and travel related services• Selecting samples of existing and new membership contracts, testing management's assessment relating to identification of distinct performance obligations, determination of transaction prices, appropriateness of the basis used to measure revenue recognized over a period or at a point in time.• Verifying Management's determination of incremental cost of obtaining a membership contract and the related deferral thereof.• Assessing journal entries posted to revenue to identify unusual items not already covered by us;
<p>Goodwill – evaluation of adequacy of provision for impairment of goodwill (Refer note 1.16(a) and note 5)</p> <p>As a result of past acquisitions, the Group carries capitalized goodwill aggregating Rs 104,931.0 lakhs. In accordance with Ind AS, the Group has allocated the goodwill to their respective cash generating units (CGU) and tested these for impairment using a discounted cash flow model and recoverable amounts based on its property fair value less cost to sale.</p> <p>The Group compares the carrying value of these assets with their respective recoverable amount. The inputs to the impairment testing model include:</p> <p>a) Future cash flows and growth rate; and</p> <p>b) Discount rate applied to the projected cash flows.</p> <p>The impairment test model includes sensitivity testing of key assumptions.</p> <p>The annual impairment testing is considered a significant accounting judgement and estimate and a key audit matter because:</p> <ul style="list-style-type: none">• the assumptions on which the tests are based are highly judgmental and are affected by future market and economic conditions which are inherently uncertain; and• the significance of balance to the consolidated financial statements.	<p>Our audit procedures included following:</p> <ul style="list-style-type: none">• We assessed the Group's methodology applied in determining the CGUs to which these assets are allocated.• We assessed the assumptions around the key drivers of the cash flow forecasts including discount rates, expected growth rates and terminal growth rates used;• We compared the cash flow forecasts to approved budgets and other relevant market and economic information.• We evaluated the sensitivities of the assumptions relative to the recoverable value by performing sensitivity testing.• We involved our valuation specialist to assess the assumptions and methodology used by the Group to determine the recoverable amount.• We assessed the adequacy of the Group's disclosures related to the impairment tests and their compliance with Ind AS.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Independent Auditors' Report *(Continued)*

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company. and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associates, are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditors' Report *(Continued)*

- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in subparagraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements / financial information of 5 subsidiaries, whose financial statements/financial information reflect total assets (before consolidation adjustments) of Rs. 45,949.8 lakhs as at 31 March 2021, total revenues (before consolidation adjustments) of Rs. 19,670.9 lakhs and net cash outflows amounting to Rs. 3,866.4 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates is based solely on the audit reports of the other auditors.

Certain of these subsidiaries and associates are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries and associates located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries and associates located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

- (b) The financial statements/financial information of 44 subsidiaries, whose financial statements/financial information reflect total assets (before consolidation adjustments) of Rs.97,075.5 lakhs as at 31 March 2021, total revenues (before consolidation adjustments) of Rs. 4,836.8 lakhs and net cash outflows (net) amounting to Rs 7,081.4 lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. The consolidated financial statements also include the Group's share of net loss after tax (net) (and other comprehensive income) of Rs. 1.6 lakhs for the year ended 31 March 2021, as considered in the consolidated financial statements, in respect of 3 associates, whose financial statements/financial information have not been audited by us or by other auditors.

These unaudited financial statements/financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associates, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.

Independent Auditors' Report *(Continued)*

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries and associates as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
 - On the basis of the written representations received from the directors of the Holding Company as on 31 March 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and associate companies incorporated in India, none of the directors of the Group companies and its associate companies incorporated in India is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies and associate companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries and associates, as noted in the 'Other Matters' paragraph:
- The consolidated financial statements disclose the impact of pending litigations as at 31 March 2021 on the consolidated financial position of the Group and its associates. Refer Note 38 to the consolidated financial statements.
 - Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 8(c) to the consolidated financial statements in respect of such items as it relates to the Group and its associates. The Group does not have any derivative contracts for which there were any material foreseeable losses.
 - There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies and associate companies incorporated in India during the year ended 31 March 2021.
 - The disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2021.
- C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies and associate companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company, its subsidiary companies and associate companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company its subsidiary companies and associate companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

(Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to consolidated financial statements of Thomas Cook (India) Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Annexure A to the Independent Auditors' report

on the consolidated financial statements of Thomas Cook (India) Limited for the year ended March 31, 2021

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to Consolidated Financial Statements

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

General information:

Thomas Cook (India) Limited including its Thomas Cook (India) Limited Employee Trust ("the Company") and its subsidiaries (the "Group") are engaged in diversified businesses including Travel and Related Services, Authorised Foreign Exchange Dealers, Imaging solutions and providing full-service leisure resorts catering to Vacation ownership, One-time Leisure Holidays and Meetings, Incentives, Conferences and Exhibitions.

The consolidated financial statements of the Group including its interests in associates for the year ended March 31, 2021, were approved by the Board of Directors and authorised for issue on May 27, 2021

1 Significant accounting policies

1.1 Basis of preparation

(a) Statement of compliance with Ind AS

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time that are notified and effective as at March 31, 2021.

(b) Historical cost convention

Consolidated Financial Statements have been prepared on a historical cost basis, except for the following:

- (i) certain financial assets and liabilities - measured at fair value,
- (ii) defined benefit plans - defined benefit obligations less plan assets measured at fair value
- (iii) share based payment - measured at fair value
- (iv) contingent consideration in case of a business combination - measured at fair value
- (v) freehold and leasehold land of Sterling - measured at fair value

The consolidated financial statements are presented in Indian Rupees "(INR)" or "(Rs.)" which is also the Group's functional currency and all values are rounded off to nearest lakhs ('00,000) except where otherwise indicated. Wherever the amount is represented as '0' ('zero') it construes a value less than fifty thousand.

(c) Uniform accounting policies

As far as possible, the Consolidated Financial Statements of the Group are prepared using uniform accounting policies for similar transactions and other events in similar circumstances.

1.2 Principles of consolidation of subsidiaries, associates and joint ventures

Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the Company has control. The Group controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Equity accounted investees:

The Group's interests in equity accounted investees comprises interests in associates and joint ventures.

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

A joint venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangement. Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in the consolidated statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Non-controlling interests (NCI):

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

Loss of control:

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit or loss.

1.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker ('CODM'). The board of directors, the chief executive officer and the chief financial officer have been identified as being the CODMs. Refer Note 29 for segment information.

1.4 Foreign currency translation and transactions

(a) Functional and presentation currency

A Group's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

(b) Transactions and balances

The financial statements are presented in INR, the functional currency of the Group.

(i) Initial Recognition:

On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

(ii) Subsequent Recognition:

As at the reporting date, non - monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit or loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the statement of profit and loss.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the balance sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the statement of profit and loss. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement / conversion at the FEDAI rates are recognised in the Statement of Profit and Loss at the end of accounting period.

Profit or loss on purchase and sale of foreign exchange by the Company in its capacity as Authorised Foreign Exchange Dealer are accounted as a part of the revenue.

(All amounts in Rs. Lakhs, unless otherwise stated)

1.5 Revenue recognition

Revenue is recognized upon transfer of control of promised services to customers to the extent that it is probable that the economic benefits associated with the transaction will flow to the entity and revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

(A) Income from operations

(a) Financial services

It comprise of income arising from the buying and selling of foreign currencies on the net margins earned, commissions on sale of foreign currency denominated prepaid cards and agency commissions from Moneygram, Western Union and Xpressmoney on currency remittances. Revenue from financial services are recognized by reference to the time of services rendered.

(b) Travel and related services

The Group provides travel products and services to leisure and corporate travellers in India and abroad. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates and taxes. The revenue from rendering these services is recognized in the income statement at the time when significant risk and rewards are transferred to the customer.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the entity's activities as described below. The entity bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Income from the sale of airline tickets is recognized as an agent on the basis of net commission earned, at the time of issuance of tickets, as the Group does not assume any performance obligation post the confirmation of the issuance of an airline ticket to the customer. Performance linked bonuses from airlines are recognized as and when the performance obligations under the schemes are achieved.

Revenue on holiday packages is recognised on gross basis on the date of departure of the tour considering that the Group fully transfers control of the promised services to the customer once all the vouchers, tickets and other booking/travel related details are issued to the customer at time of departure. Accordingly, its performance obligation is satisfied at the time of departure.

Sales from inbound tour services are recognized on the date of arrival of the tour

(c) Vacation ownership and resorts business

(i) Vacation ownership business

In respect of sale of membership, the Group determines the transaction price and allocates the same to each performance obligation in the membership contract. Revenue from membership fee is recognized over the effective membership period since the Group's efforts or inputs are expended evenly throughout the membership period. Revenue from offers given to the customer is recognized when the customer obtains control over the promised good or service.

Provision for cancellation of membership contracts is made considering the Group's cancellation policy and historical trends and experience.

Interest income on membership plans: Interest is recognised as an income based on the terms of the contracts entered into with the members if they are reasonably certain to be recovered from the customers.

Incremental costs of obtaining and fulfilling a contract: The Group recognises as an asset the incremental costs of obtaining a contract with a customer if the entity expects to recover those costs. The incremental costs of obtaining a contract are those costs that an entity incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained. Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained are recognised as an expense when incurred, unless those costs are explicitly chargeable to the customer regardless of whether the contract is obtained.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

If the costs incurred in fulfilling a contract with a customer are not within the scope of another Standard, the Group recognizes an asset from the costs incurred to fulfil a contract only if those costs meet all of the following criteria:

- (i) the costs relate directly to a contract or to an anticipated contract that the entity can specifically identify;
- (ii) the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- (iii) the costs are expected to be recovered.

The above costs to obtain and fulfill a contract are amortized over the period for which such service is rendered.

(ii) Income from resorts

Income from resorts comprising of sale of food and beverages, room rentals and other services are recognized when these are sold and as services are rendered.

(iii) Income from subscription fee

Income in respect of annual subscription fee or annual amenity charges dues from members is recognized only when it is reasonably certain that the ultimate collection will be made. Where the length of time between rendering services and collection of consideration from the customers is more than one year, the Group adjusts the consideration for time value of money.

(d) Digiphoto imaging services

Revenue in respect of services and goods sold is recognised in the period in which the souvenir photography services are rendered.

(B) Contract balances

(a) Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Group performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(b) Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Group performs under the contract.

1.6 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the Group are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include sub-contractor charges, rent, recruitment and training expenses, travelling and conveyance, legal and professional fees and communication expenses.

1.7 Taxes on income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Group operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognised in 'Other comprehensive income or directly in equity, in which case the tax is recognised in 'Other comprehensive income' or directly in equity, respectively.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(a) Current tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years. Interest income/expenses and penalties, if any, related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The Group offsets the current tax assets as against the liability for provision for tax.

(b) Deferred tax:

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred Taxes on items classified under Other Comprehensive Income ('OCI') has been recognised in OCI.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

1.8 Leases

The Group has adopted Ind AS 116 "Leases" (which replaces Ind AS 17 "Leases") effective April 1, 2019 and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. The Group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. Refer note 6(c) for impact of adopting Ind AS 116.

The Group's lease asset classes primarily consist of leases for land, buildings, vehicles and office equipments.

The Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether:

- (i) the contract involves the use of an identified asset,
- (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease, and;
- (iii) the group has the right to direct the use of the asset.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. .

Right-of-use asset are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any remeasurement of the lease liability. Leasehold land of Sterling is measured based on the revaluation model and will be recognized at fair value based on periodic, at least triennial, valuations done by external independent valuers, less subsequent depreciation. Increase in the carrying amount arising on revaluation of land are recognized, net of tax, in revaluation reserve through other comprehensive income

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rates in the country of domicile of the leases.

Lease payments included in the measurement of the lease liability comprise the following:

- (i) Fixed payments;
- (ii) Variable lease payments;
- (iii) Amounts expected to be payable under a residual value guarantee; and
- (iv) The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in terms of the contract, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee. When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Till March 31, 2019, all lease arrangements were classified as operating or finance leases. Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease payments under leases are charged or credited to the Statement of Profit and Loss on a straight-line basis over the term of the lease. Lease arrangements where the Group has substantially all the risks and rewards of ownership were classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased asset and the present value of the minimum lease payments. The finance charge is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The Group as a lessor

A lease for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term.

1.9 Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the;

- (i) fair values of the assets transferred;
- (ii) liabilities incurred to the former owners of the acquired business;
- (iii) equity interests issued by the Group; and
- (iv) fair value of any asset or liability resulting from a contingent consideration arrangement.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Acquisition-related costs are expensed as incurred.

The excess of the;

- (i) consideration transferred;
- (ii) amount of any non-controlling interest in the acquired entity, and
- (iii) acquisition-date fair value of any previous equity interest in the acquired entity

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

1.10 Impairment of assets

(a) Financial assets

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Group on terms that the Group would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security.

The Group considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment. In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account against receivables. Interest on the impaired asset continues to be recognized as income through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit or loss.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Impairment losses on investment carried at fair value through other comprehensive income are recognized by transferring the cumulative loss that has been recognized in other comprehensive income, and presented in the fair value reserve in other equity.

(b) Non-financial assets

Goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are Grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Groups of assets (cash-generating units). Non financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

Total impairment loss of a cash generating unit is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in net profit in the statement of profit and loss and is not reversed in the subsequent period.

1.11 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with original maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an Group's cash management, and are included as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.12 Non-current assets (or disposal Groups) held for sale and discontinued operations

Non-current assets (or disposal Groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement. Non-current assets (including those that are part of a disposal Group) are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale and the assets of a disposal Group classified as held for sale are presented separately from the other assets in the balance sheet.

1.13 Financial instruments

(a) Financial assets

(i) Initial recognition and measurement:

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Transaction costs are expensed in the Statement of Profit and Loss, except for financial instruments carried at amortised cost, where transaction costs are adjusted in the amortised cost of the asset.

(ii) Subsequent measurement:

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') on the basis of:

- the entity's business model for managing the financial assets and;
- the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortised cost using the effective interest rate ('EIR') method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised in the Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income :

Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(c) Measured at fair value through profit or loss:

A financial asset not measured at either amortised cost or FVTOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Group may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss, when the Group's right to receive the payment is established.

(iii) Derecognition:

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset. On transfer of the financial asset, the Group evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a fair value basis that reflects the rights and obligations that the Group has retained.

(b) Financial liabilities

(i) Initial recognition and measurement:

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at FVTPL. Financial liabilities carried at FVTPL are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

(ii) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using EIR method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

(iii) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(c) Guarantees:

Financial guarantee contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of amount determined in accordance with Ind AS 37 and the amount initially recognized less cumulative amortisation, where appropriate.

The fair value of financial guarantees is determined as the present value of the differences of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

(d) Equity investments (other than investments in subsidiaries and associates):

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the Company's right to receive payments is established.

Notes to Consolidated Financial Statements (Continued)

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(e) Derivative financial instruments

The Group uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

1.14 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

1.15 Property, plant and equipment

Freehold land of Sterling is measured based on revaluation model and will be recognized at fair value based on periodic, at least triennial, valuations done by external independent valuers. Increase in the carrying amount arising on revaluation of land are recognized, net of tax, in revaluation reserve through other comprehensive income.

Property, plant and equipment except freehold land as mentioned above, are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Losses arising from the retirement of, and gains or losses arising from disposal of assets which are carried at cost is recognised in the Statement of Profit and Loss.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided on a Straight Line Method ('SLM') over the estimated useful lives of the property, plant and equipment as estimated by the Management and is generally recognized in the consolidated statement of profit and loss. The management believes that the useful lives as given below best represent the period over which the management expects to use these assets based on an internal assessment and technical evaluation where necessary. Hence, the useful lives for some of these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Description of tangible assets	Estimated useful life (Number of years)
Computers (includes data server and networks)	3 - 7 years
Furniture and Fixtures	4 - 10 years
Office Equipment	3 - 5 years
Office Building	60 years
Vehicles under finance lease	4 years
Vehicles	4 - 8 years
Other vehicles	3 - 8 years
Plant and Machinery	3 - 15 years
Shop and Electrical Fittings	8 - 10 years

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

Leasehold improvements are amortised over the period of the lease or useful life of the asset whichever is lower.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses) and other expenses.

(All amounts in Rs. Lakhs, unless otherwise stated)

1.16 Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

Brand names acquired as part of acquisitions of businesses are capitalised separately from goodwill as intangible assets if their value can be measured reliably on initial recognition and it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group.

The carrying value of these intangible assets is reviewed at least annually for impairment and adjusted to the recoverable amount if required.

Amortization is provided at rates calculated to write off the cost less estimated residual value of each asset on a straight-line basis over its estimated useful life.

(a) Goodwill

Goodwill on business combinations is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

(b) Computer software

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognised as intangible assets when the following criteria are met:

- (i) it is technically feasible to complete the software so that it will be available for use
- (ii) management intends to complete the software and use or sell IT
- (iii) there is an ability to use or sell the software
- (iv) it can be demonstrated how the software will generate probable future economic benefits
- (v) adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- (vi) the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

(c) Amortisation methods and periods

Asset	Useful Life
Software (including software - internally generated / developed)	3 - 7 years
Brand name	5 – 25 years

Amortization is calculated using the straight-line method to allocate their cost over their estimated useful lives.

1.17 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred and the amount can be estimated reliably.

Warranty costs are estimated on the basis of a technical evaluation and past experience. Provision is made for estimated liability in respect of warranty costs in the year of rendering of services.

A provision for onerous contracts other than construction contracts is recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognizes any impairment loss on the assets associated with that contract.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

1.18 Other income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is recognized when the right to receive dividend is established.

Securitised assets are derecognised when the contractual rights therein are transferred to the third party. On being derecognised, the excess of consideration received over the principal amounts of receivable from members (net of reversals in respect of cancelled members) is recognised as income from securitisation.

1.19 Government grants

Government grants related to subsidy received in cash or in kind are recognised as income when there is reasonable assurance that the entity will comply with the conditions attaching to them; and the grants will be received. Duty credit scrips received from Government on compliance of the conditions laid down under the new foreign trade policy are treated as revenue grant and classified under other operating revenue.

1.20 Employees share based payments

The fair value of options granted under each plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the Impact of any service and non-market performance vesting conditions (e.g. profitability, SALES growth targets and remaining an employee of the entity over a specified TIME Period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, statement of profit or loss, with a corresponding adjustment to equity.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

Replacement awards are treated as a modification of share based payment arrangement, and the fair value of the new equity instruments (measured at the date of the modification) are included in the measurement of the amount recognised for services received and recognized over the remaining vesting period of the options.

1.21 Employee benefits

(a) Post employment benefits

(i) Defined contribution plans

Superannuation scheme:

The Company and its subsidiary Travel Corporation (India) Limited have Defined Contribution Plan for Post Employment Benefit in the form of Superannuation scheme. Contributions to Superannuation scheme are charged to the Statement of Profit and Loss as incurred. The contributions to Superannuation scheme are based on the premium contribution called for by Life Insurance Corporation of India (LIC) with whom the companies have entered into an arrangement.

Provident fund, Employee State Insurance Scheme and Labour Welfare Funds:

For all Group companies other than Thomas Cook (India) Limited, contributions to Provident Fund are charged to the Statement of Profit and Loss as incurred. The Provident Fund contributions are made to a government administered fund towards which the company has no further obligations beyond its monthly contributions.

Contributions to Employee State Insurance Scheme and Labour Welfare Funds are charged to the Statement of Profit and Loss account as incurred.

(ii) Defined benefit plans

Gratuity:

The Group provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

Contribution to Gratuity is based on the premium contribution called for by the Life Insurance Corporation of India (LIC) with whom the Group has entered into an arrangement. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or asset is charged or credited to 'Finance costs' in the Statement of Profit and Loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.

Provident fund:

In respect of certain employees, for Thomas Cook (India) Limited and Travel Corporation (India) Limited, Provident Fund contributions are made to a Trust administered by the Group. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. Any short fall/ (excess) based on independent actuarial valuation is accounted for in the Statement of Profit and Loss in the relevant period.

(iii) Other long term benefits

Compensated absences:

For Sterling and its subsidiaries accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The liability is actuarially determined (using the Projected Unit Credit method) by an independent actuary at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise. The discount rates used for determining the present value of the obligation under the defined benefit plan are based on the market yields on government bonds as at the balance sheet date.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

(b) Short-term employee benefit

Compensated absences:

For Sterling Holiday Resorts Limited ("Sterling") and its subsidiaries, accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

For Travel Circle International Limited, employees are entitled to avail 9-25 days of leave during a year. Any carry forward or encashment of the same is not allowed and all unutilised leaves necessarily lapse at the end of the year.

For other Group companies, employees are entitled to avail 30 days of leave during a calendar year. Any carry forward or encashment of the same is not allowed and all unutilised leaves necessarily lapse at the end of the calendar year. At reporting date liability pertaining to compensated absences is calculate based on the total leave balances of each employee.

(c) Employee benefits of Foreign subsidiaries are provided for on the basis of the their local laws.

1.22 Inventories

Inventories which comprise finished goods, provisions, perishables, beverages, stock in trade and operating supplies are valued at the lower of cost and net realizable value. Cost of inventories comprises purchase price, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost method ['WAM'] basis. Net realizable value is the best estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The comparison of cost and net realizable value is made on an item-by-item basis. Inventories are stated net of write down or allowances on account of obsolete, damaged or slow moving items.

1.23 Borrowing costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

1.24 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

1.25 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Group's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. The weighted average number of equity shares outstanding during the year is also adjusted for treasury shares. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

1.26 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1.27 Treasury shares

The Company has created an Employee Benefit Trust ("ESOP Trust") for providing share based payment to its employees. The Company uses ESOP trust as a vehicle for distributing shares to its employees under the Employee Stock Option Schemes. The ESOP Trust buy shares from the Company for giving shares to employees. the Company treats ESOP trust as its extension and shares held by ESOP trust are treated as treasury shares.

Notes to Consolidated Financial Statements *(Continued)*

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

Treasury shares are recognized at cost and deducted from equity. No gain or loss is recognised in the statement of profit and loss on the purchases, sale, issue, cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are deducted from treasury shares.

1A Critical accounting estimates and judgements

The preparation of Consolidated Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Restated Standalone Financial Information.

The areas involving critical estimates or judgements are:

- Going Concern and impact of COVID-19 - Note 2
- Useful life of property, plant and equipment - Note 4(a)
- Estimated goodwill impairment- Note 5
- Estimated useful life of intangible asset- Note 6(a)
- Estimation of leases- Note 6(c)
- Impairment of investment - Note 7
- Impairment of trade receivables- Note 8(c)
- Estimation of defined benefit obligation- Note 14
- Recognition of deferred tax- Note 15
- Fair value of financial instruments - Note 26
- Estimation of inputs for fair value of Share based payment instrument- Note 33
- Recognition and Measurement of provision and contingencies - Note 39

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

(a) Current / Non Current Classification

All assets and liabilities are classified into current and non-current:

Assets: An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the above definition and the nature of services provided, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(b) Recent accounting pronouncement

The Ministry of Corporate Affairs ("MCA") on March 24, 2021 through notification, amended Schedule III of the companies Act, 2013. The amendments revise Division I, II, and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with companies (Indian Accounting Accounting) Rules 2015 are:

Balance Sheet:

- Lease Liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non current.
- Specified format for ageing schedule of trade receivables and trade payables.
- If a company has used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used
- Enhanced disclosure for borrowings from Banks or financial institutions on the basis of security of current asset such as agreement of quarterly returns or statements of current assets signed by the Company with bank or financial institutions with books of account and if not, summary of reconciliation and reason for material discrepancies, if any.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, Compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held, disclosure related to ratios etc

Statement of Profit and loss:

- Additional disclosures relating to Corporate Social Responsibilities (CSR), undisclosed income and crypto virtual currency specified under the head 'additional information' in notes forming part of the financial statements .

The Group is in the process of evaluating above amendments.

2 Going concern and impact of COVID-19

On 11 March 2020, after the World Health Organization declared COVID-19 outbreak as a pandemic, the Indian Government took a series of measures to contain the outbreak, which included imposing lockdowns across the country. The lockdowns and restrictions imposed on various activities due to COVID – 19 pandemic have posed challenges to the Company and its subsidiaries and associates ("Group"). The initial lockdown guidelines issued by Central/State governments mandated cessation of air traffic and other forms of public transport as well as closure of hotel operations; while these restrictions have been relaxed over the past few quarters, the second wave of the pandemic has been a serious hindrance to normalisation of business in India. However, the Group has been able to restart some of its businesses in the foreign exchange and domestic travel segments in India. Further, in some of territories where the Group operates, notably the Middle East, the business volumes have started picking up. The Group expects operations to normalise in a phased manner after the lockdown is fully lifted, a sizeable portion of the population gets vaccinated and the confidence of corporates / travellers is restored. The Group has assessed the impact of COVID-19 on the carrying amount of its assets and revenue recognition. In developing the assumptions relating to the possible future uncertainties, the Group has used internal and external sources of information to the extent available. Based on current estimates and information, the Group expects the carrying amount of these assets to be recovered.

The Group has assessed the impact for existing and anticipated effects of COVID-19 on the future cash flow projections on the basis of significant assumptions as per the available information. The Group has raised funds through issuance of Optionally Convertible Cumulative Redeemable Preference Shares and has liquidity to meet its commitments. In addition to this, funds are expected to be generated from the operating activities as business picks up and stabilises. The Group has undertaken various cost saving initiatives to maximise operating cash flows and conserve cash. Based on aforesaid assessment management believes that as per estimates made conservatively, the Group is confident of meeting its financial commitments and will continue as a going concern. The Group continues to monitor any material changes to its COVID-19 impact assessment, resulting from the future economic conditions and future uncertainty, if any.

	1,04,931.0	1,06,684.7

Significant Estimate

The Group tests whether goodwill has suffered any impairment on an annual basis. The recoverable amount of a cash generating unit (CGU) is determined based on value-in-use calculations which require the use of assumptions (other than goodwill arising on acquisition of Sterling). The calculations use cash flow projections based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period are extrapolated using the estimated growth rates stated below. These growth rates are consistent with forecasts included in industry reports specific to the industry in which each CGU operates. The entire amount of goodwill is pertaining to Sterling business (cash generating unit) generated at the time of acquisition and is tested for impairment on an annual basis. Recoverable amount of the CGU is based on its property fair values less cost to sell which is higher than the carrying value of the cash generating unit. Fair value of investment in Sterling Group is calculated by valuing the properties and freehold land by Independent Valuer after deducting the fair values of other tangible assets and liabilities. The fair value is more than the carrying value of the investment as at March 31, 2021 and March 31, 2020.

Notes to Consolidated Financial Statements (Continued)

for the year ended March 31, 2021

(All amounts in Rs. Lakhs, unless otherwise stated)

The following table sets out the key assumptions for the other CGUs that have significant goodwill allocated to them:

Particulars	March 31, 2021	March 31, 2020
Sales volume % growth	5% - 10%	5% - 25.0%
Terminal growth rate	2%-5%	2%-5%
Discount rate	9%-13.50%	9%-13.50%

As at March 31, 2021, the Group conducted an assessment and concluded that goodwill has to be impaired for Luxe Asia Private Limited subsidiary of Thomas Cook Lanka (Pvt) Ltd. Accordingly an impairment loss of Rs. 72.7 lakhs and has been charged to the Statement of Profit and Loss as an exceptional item for the year ended 31 March 2021

For other units the estimated recoverable amount of CGU exceeds its carrying value and hence the impairment is not triggered.

Sensitivity analysis for significant foreign components

The gratuities and retirement obligations are lump sum plans and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation of each significant foreign components at the end of the reporting period arising on account of an increase or decrease in the reported key actuarial assumptions for such components.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions of respective significant foreign component	Impact on defined benefit obligation of respective significant foreign component	
		Increase in assumptions	Decrease in assumptions
		March 31, 2021	March 31, 2021
DEI Group			
Discount rate [2.55% on March 31, 2020]	50 Basis Points	-4.5%	4.9%
Salary growth rate [3.0% on March 31, 2020]	50 Basis Points	4.8%	-4.5%
Mauritius Subsidiaries (Thomas Cook (Mauritius) Operations Company Limited & Thomas Cook (Mauritius) Holidays Limited)			
Discount rate [6.00% on March 31, 2019]	100 Basis Points	-13.8%	11.5%
Salary growth rate [4.40% on March 31, 2019]	100 Basis Points	13.8%	-11.5%

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

The major categories of plans assets for gratuities & other retirement benefit plans are as follows:

Risk exposure for gratuity & other retirement benefit plans

Through its defined benefit plans, the group is exposed to a number of risks, the most significant of which are detailed below:

- Asset volatility- The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.
- Salary growth & Demographic assumptions- The plan is of a final salary defined benefit in nature which is sponsored by the Group companies and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Group companies that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

Defined benefit liability and employer contributions for gratuities & other retirement benefit plans:

The group has agreed that it will aim to eliminate the deficit in defined benefit pension and gratuity plan over the next nine years. Funding levels are monitored on an annual basis. The group considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly.

(i) Leave obligations - compensated absences:

The leave obligations cover the Group companies liability for sick and earned leave. Based on past experience, the group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is expected to be taken or paid within the next 12 months.

Particulars	March 31, 2021	March 31, 2020

(ii) Post employment obligations

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the group makes contributions to recognised funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Some of the entities in the group have Defined Benefit Plan for other long-term Employee Benefits in the form of Provident Fund. Provident Fund contributions are made to a Trust administered by the Holding Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. Any short fall / excess based on an independent actuarial valuation is accounted for in the Statement of Profit and Loss in the relevant year.

(iii) Defined contribution Plans

The Group, other than entities mentioned above, has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The group also makes contributions towards Employee's Pension Scheme, Employee's State Insurance, Labour Welfare Fund, Superannuation, National Pension Scheme and other defined contribution plans. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation.

The expense recognised during the year towards defined contribution plan is Rs. 1,717 (Previous Year Rs 2,368.2) in the Consolidated Statement of Profit and Loss for the year ended March 31, 2021 under defined contribution plan.

The net liability disclosed above relates to funded and unfunded plans are as follows:

Particulars	March 31, 2021	March 31, 2020
Present value of funded obligations	3,953.0	4,508.0
Fair value of plan assets	1,735.4	2,467.8
Deficit of funded plan	2,217.6	2,040.2
Unfunded plans	175.4	165.2
Deficit of gratuity plan	2,393.0	2,205.4

Significant estimates: Actuarial assumptions and sensitivity for gratuity

The significant actuarial assumptions were as follows:

Particulars	March 31, 2021	March 31, 2020
Discount rate	5.5% - 6.5%	5.7% - 7.4%
Salary growth rate - Others	5.0% - 6.1%	6.0% - 6.2%

Sensitivity analysis for Significant Indian Components:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation of each significant Indian component at the end of the reporting period arising on account of an increase or decrease in the reported key actuarial assumptions for such components.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions of each significant Indian component		Impact on defined benefit obligation of respective significant Indian component			
	March 31, 2021	March 31, 2020	Increase in assumptions		Decrease in assumptions	
			March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
Thomas Cook (India) Limited - Discount rate	50 basis point	50 basis point	(2.30%)	(2.72%)	2.41%	2.87%
Thomas Cook (India) Limited - Salary growth rate	50 basis point	50 basis point	2.39%	2.84%	(2.31%)	(2.73%)
Sterling Holiday Resorts Limited & its subsidiaries - Discount rate	100 basis points	100 basis points	(1.98%)	(2.07%)	2.46%	2.47%
Sterling Holiday Resorts Limited & its subsidiaries - Salary growth rate	100 basis points	100 basis points	2.46%	2.48%	(2.26%)	(2.16%)
SOTC Travel Limited - Discount rate	100 basis points	100 basis points	(2.33%)	(4.72%)	2.44%	5.10%
SOTC Travel Limited - Salary growth rate	100 basis points	100 basis points	2.34%	4.31%	(2.26%)	(4.13%)
Travel Corporation India Limited - Discount rate	50 basis point	50 basis point	(2.47%)	(2.96%)	2.58%	3.12%
Travel Corporation India Limited - Salary growth rate	50 basis point	50 basis point	2.56%	3.09%	(2.47%)	(2.96%)

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

Notes to Consolidated Financial Statements *(Continued)*

(All amounts in Rs. Lakhs, unless otherwise stated)

The major categories of plans assets for gratuity are as follows:

Particulars	March 31, 2021				March 31, 2020			
	Quoted	Unquoted	Total	In %	Quoted	Unquoted	Total	In %
Insurer managed funds	120.4	1,614.9	1,735.4	100.0%	-	2,467.8	2,467.8	100.0%

Risk exposure for gratuity

Through its defined benefit plans, the group is exposed to a number of risks, the most significant of which are detailed below:

- Asset volatility- The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.
- Salary growth & Demographic assumptions- The plan is of a final salary defined benefit in nature which is sponsored by the Group companies and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Group companies that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

Defined benefit liability and employer contributions for gratuity

The Group has agreed that it will aim to eliminate the deficit in defined benefit pension and gratuity plan over the next nine years. Funding levels are monitored on an annual basis and the current agreed contribution rate is 12% of the basic salaries in India. The Group considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly. Expected contribution to post employment benefit plans for the year ending March 31, 2021 is Rs. 305 lacs. The weighted average duration of the defined benefit obligation is 4.7 - 10.4 years (March 31, 2020: 4.57 - 8.23 years).

Significant estimates

The Group has recognised deferred tax assets on carried forward tax losses and MAT credit entitlement. The Group estimates that the deferred tax assets will be recoverable using the estimated future taxable income based on the approved business plans and budgets. The unabsorbed depreciation can be carried forward for unlimited years and losses for a period of 8 years as per local tax regulations and the Group expects to recover the losses.

The unused tax credit can be carried forward for a period of 15 years as per local tax regulations and Group expects to utilize the same within that period.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

The carrying amounts of Advance recoverable in cash, receivables from related parties, trade payables, payable for fixed assets, employees benefits payables, cash and cash equivalents and other bank balances are considered to be the same as their fair values due to their short-term nature. The fair value of long term debt and others in the above table are materially the same.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This includes listed equity instruments and mutual funds that have quoted price / declared NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Notes to Consolidated Financial Statements *(Continued)*

(All amounts in Rs. Lakhs, unless otherwise stated)

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices for quoted instruments
- the fair value of the remaining financial assets is determined using discounted cash flow analysis.
- the foreign exchange forward contracts are marked to market using forward FEDAI rates pertaining to the date of maturity of the contract at the balance sheet date.
- Discount rates to fair value of financial assets and liabilities at amortised cost is based on general lending rate.
- Use of NAV for valuation of mutual fund investment
- The fair value of contingent consideration is determined by using a discount rate that reflects the likely amount to be paid out over the years as earn out which has been calculated using pre-tax cash flow projections based on financial budgets approved by management covering a five-year period.

(iii) Inter level transfers

There are no transfers between levels 1 and 2 and also between levels 2 and 3 during the year.

27 Financial risk management

The group's activities expose it to credit risk, market risk and liquidity risk.

The Group has an overall enterprise risk management policy, approved by the Audit Committee of the Board of Directors. Risks are managed by the individual business units, or the support services' unit, entering into the base transactions, which give rise to the risks. The Executive Committee (comprising the Chairman & Managing Director, the Chief Financial Officer, and the heads of the business units and support services' units) has the overall responsibility for the risk management framework and its effectiveness, with the respective heads of business units/ support services units, being responsible for its implementation and day-to-day monitoring.

(A) Credit Risk

The Group is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Group. The Group's exposure to credit risk is influenced mainly by its customer. To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as of different reporting periods.

Credit risk on cash and cash equivalents and other bank balances and bank deposits is limited as the Group generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies. Investments comprises of investment in mutual funds invested with mutual fund institutions having high credit ratings assigned by domestic credit rating agencies. The loan represents security deposits given to suppliers, employees and others. The credit risk associated with such deposits is relatively low.

Trade receivables

The Group's exposure to credit risk is influenced mainly by its customers. However, the management also considers the factors that may influence the credit risk of its customer base. The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references.

Based on industry practices and the business environment in which the entity operates, the management considers that trade receivables are in default (credit impaired) if the payments are due for more than specific number of days. Loss allowances are based on actual credit loss experience over the past years. Refer note 8(c) for loss allowances provided.

(B) Market risk

(i) Foreign currency risk (Exposure in different currencies converted to functional currency)

The Group is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the respective functional currencies of the Group companies. The functional currency for large number of Group companies is Indian Rupees ("INR"). The currency risks of the respective group companies are managed by the local management of these companies. The currency risk arising out of foreign currency transactions in the foreign exchange business is monitored by a central dealing room, which then hedges the positions transactions entered into at individual locations across the country, through deals in the interbank market, or through forward contracts, thereby ensuring that there are minimal open positions. In the leisure travel outbound business, package prices are denominated partly in the functional currency of the Group companies and partly in foreign currencies. The portion of customer collection in foreign currencies, which is parked in Nostro bank accounts, is used to pay off vendor liabilities, denominated in foreign currencies, thereby creating a natural hedge. As a result, the risk related to foreign

currency exchange rate fluctuation is insignificant. The exposure of the group companies to foreign currency risk at the end of the reporting period, are as follows -

(a) Foreign currency risk exposure:

Particulars	March 31, 2021				March 31, 2020			
	EUR	GBP	USD	Others	EUR	GBP	USD	Others

(ii) Interest rate risk exposure

The exposure of the group's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2021	March 31, 2020
Fixed rate borrowings	22,886.3	11,487.2
Variable rate borrowings	21,886.5	39,623.8

As at the end of the reporting period, the Group had the following variable rate borrowings:

Particulars	March 31, 2021		March 31, 2020	
	Balance	% of total loans	Balance	% of total loans
Variable rate borrowings	21,886.5	49.0%	39,623.8	78.0%
Net exposure to cash flow due to interest rate risk	21,886.5		39,623.8	

Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

Changes in interest rate are based on historical movement.

Particulars	Impact on profit

(iii) Price risk exposure

The Group's exposure to equity securities price risk arises from investments held by the Group and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss. Except for the investment of 13,89,571 shares in Qness Corp Limited held by Thomas Cook Employee Benefit Trust (Branch), the Group does not have any other material equity investments, the Group does not have a material price risk exposure as of reporting period.

(C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due and to close out market positions. Respective group company's treasury department maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements.

Management monitors rolling forecasts of the Group's liquidity position (comprising the unused cash and bank balances along with temporary investments in fixed deposits and/or liquid mutual funds) on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the group in accordance with the practice and limits set by the group.

(i) Financing arrangements

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Refer note 13(b) for various financing arrangements.

(ii) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity based on their contractual maturities.

- all non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

28 Capital management

(a) Risk management

The group's objectives when managing capital are to safeguard the group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the balance sheet) less cash and cash equivalent. Total "equity" is as shown in the balance sheet (including non-controlling interest).

Particulars	March 31, 2021	March 31, 2020
Net debt*	-	-
Total equity	1,91,598.6	1,69,436.7

(I) Thomas Cook (India) Limited

Employee option plan/tradable options

Thomas Cook Employees Stock Option Plan - 2007

The Company has established an employee stock option plan called -"Thomas Cook Employees Stock Option Plan - 2007". The same has been approved by a special resolution passed by the shareholders by a postal ballot on March 23, 2007. The Scheme is in accordance with the provisions of Securities and Exchange Board of India (SEBI) - (Employee Stock Option Scheme and employee Stock Purchase Scheme) Guidelines, 1999. The exercise price is as governed by the guidelines issued by SEBI.

The objectives of this plan are :

- (a) Motivate talent in the organization with a view to achieve long term business goals.
- (b) Retain key talent in the organization
- (c) Foster ownership and motivation.

The grant of options to employees under the stock option scheme is on the basis of their performance and other eligibility criteria. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The unvested options shall vest with the participant in 3 equal annual instalments on each of the anniversaries from the grant date.

Thomas Cook Save As You Earn (SAYE) - 2010

Further to the Thomas Cook Employees Stock Option Plan - 2007, the Company has established a Thomas Cook Save As You Earn (SAYE), Scheme - 2010. The SAYE scheme has been approved by a Special Resolution passed on 14 December 2010, by the shareholders as at and for the year ended 31 March 2016 Thomas Cook (India) Limited of a Postal Ballot and shall be effective from that date. SAYE is a monthly savings contribution scheme available to all employees of Thomas Cook (India) Limited and its subsidiaries provided that they have completed at least 6 months in the organization.

The objectives of the SAYE Scheme - 2010 are same as Thomas Cook Employees Stock Option Plan - 2007.

SAYE allows employees to save a part of their net pay every month which gets deposited with a bank in a recurring deposit account carrying fixed rate of interest. At the end of 3 years, employees have the option to either purchase specific number of equity shares of Thomas Cook (India) Limited at the predetermined exercise price or withdraw the monthly savings contributions along with interest accrued. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The maximum number of options granted per participant per grant will not exceed 200,000 (Two Lakh) equity shares. The maximum number of equity shares that may be issued/transferred pursuant to the exercise of options granted under the SAYE scheme shall not exceed 3,000,000 (Thirty Lakh) equity shares.

Vesting under the scheme is linked to the continued association with the Group. The options would vest only when an employee has completed the committed 36 monthly contributions. The exercise period would not be more than one month from the date of vesting.

Thomas Cook Employees Stock Option Plan - 2013

The Company has established an employee stock option plan called - "Thomas Cook Employees Stock Option Plan - 2013". (TCIL) the SHRIL ESOS 2012 became a part of the company's schemes and Stock Options which had been granted but not exercised as of the Record Date, by such SHRIL employees shall lapse and in lieu of the Lapsed Options of SHRIL, TCIL shall grant 120 options for every 100 options of SHRIL. The revised Exercise Price for Grant I was Rs. 80.00 and for Grant II was Rs. 108.46. Subject to the terms of the Scheme and SEBI ESOP Guidelines, the option holder will have a period of 5 years from the date of which the Options have vested, within which the vested options can be exercised.

Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)

The Company has established an Employee Stock Option Scheme called -"Thomas Cook Employees Stock Scheme 2018 - Management (ESOP 2018 – Management)". The Scheme of Thomas Cook (India) Limited has been approved by the special resolution passed on 11 April 2018 through Postal ballot by the shareholders. The Scheme is regulated by the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time and includes all regulations, clarifications and statutory modifications issued there under and also any new regulations on the matter of share based employee benefits.

The Exercise price of the Vested Option shall be 50% of the Market price as defined under the SEBI Regulations.

The purpose of this Scheme is to reward and retain the employees of the Subsidiary Companies of Thomas Cook under its control for high levels of individual performance and for exceptional efforts to improve the financial performance of the respective subsidiary companies, which will ultimately contribute to the success of Thomas Cook. This purpose is sought to be achieved through the grant of Options, for and on behalf of, and at the behest of the subsidiary companies to their employees.

The maximum number of Shares that may be issued pursuant to Exercise of Options Granted to the Participant under this Scheme shall not exceed 36,72,000 Shares of Thomas Cook. All Options that have lapsed (including those having lapsed by way of forfeiture) shall be added back to the number of Options that are pending to be granted or Shares pending to be allotted. The Company may Grant such Options within the overall limit i.e. 36,72,000

The grant of options to employees under the stock option scheme is on the basis of their performance and other eligibility criteria. Each option will entitle the participant to one equity share of Thomas Cook (India) Limited. The unvested options shall vest with the participant after 3 years date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters.

Thomas Cook Employees Stock Scheme 2018 - Execom

The Company has established an Employee Stock Option Scheme called - "Thomas Cook Employees Stock Scheme 2018 - Execom". The Scheme of Thomas Cook (India) Limited has been approved by the special resolution passed on 11 April 2018 through Postal ballot by the shareholders. The Scheme is regulated by the provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time and includes all regulations, clarifications and statutory modifications issued there under and also any new regulations on the matter of share based employee benefits.

The Exercise Price shall be equal to face value of shares i.e Re. 1 per option.

The objective of the ESOP 2018 - Execom is to reward the Execom Employees of the Company for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use this Scheme to retain talent in the organization. The Company views Employee Stock Options as instruments that would enable the Employees to share the value they create for the Company and align individual objectives of employees with objectives of the Company in the years to come.

The maximum number of Shares that may be issued pursuant to Exercise of Options Granted to the Participant under this Scheme shall not exceed 17,54,458 Shares of Thomas Cook. All Options that have lapsed (including those having lapsed by way of forfeiture) shall be added back to the number of Options that are pending to be granted or Shares pending to be allotted. The Company may Grant such Options within the overall limit i.e. 17,54,458.

The Scheme shall be applicable to the Execom and Employees of the Company, its Subsidiary companies in India and abroad, as determined by the Committee on its own discretion from time to time.

Options granted under ESOP 2018 - Execom would Vest only at the end of 5 years from the date of grant of such options. Vesting of options would be subject to continued employment with the Company and certain performance parameters. The specific performance parameters will be decided by the Committee from time to time and will be communicated to the employees. The attainment of such performance parameters would be determined by the Committee from time to time which shall be a mandatory condition for vesting of options.

as per the composite scheme of arrangement and demerger of human resource business of the Company, on exercise, in addition to allotted options of the Company's shares, employees are also eligible for Qess shares as per the share entitlement ratio of 1889 : 10000.

During the year ended 31 March 2021, Board noted and confirmed grant of 46,196 stock options under Thomas Cook Employees Stock Option Scheme 2018 – Execom. Further, the Board has also noted and confirmed the vesting of 7,46,448 stock options that were granted under the Thomas Cook Employees Stock Option Plan 2013.

Modification of share based payment:

On merger of Sterling Holiday Resorts with Thomas Cook Insurance Services

In the course of business combination effective from 18 August 2015 as per the court scheme, under which Sterling was merged with Thomas Cook Insurance services, Thomas cook India limited had replaced the erstwhile ESOS scheme of sterling by issuing shares from its share capital. Such modification of share based payment arrangements are accounted for as per Ind AS 102. Fair value of the replacement options issued by the company are calculated using the inputs disclosed in inputs table.

On implementation of Composite Scheme of arrangement and Demerger of Human Resource Business

As per the the composite scheme, the Company has demerged it's Human Resources Services Business and transferred it to Qess Corp Limited (Qess). The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019. The effective date of the scheme was November 25, 2019 when both TCIL and Qess filed the certified copies of the order with their respective jurisdictional Registrar of Companies.

As a part of the composite scheme, employees whose options were outstanding on the effective date will be entitled to the additional shares of Qess on account of the demerger of Human Resource Business of the Company. Instead of altering the exercise price, the Company has provided additional award in form of Qess shares. Hence, The eligible employees are now entitled to shares of Qess along with shares of the Company in the same share entitlement ratio prescribed in the scheme for the other shareholders of the Company.

In case of vested options, the employees will be granted shares of the Copmany and Qess only on payment of the exercise price. In case of unvested options, the employees will be granted shares of the Company and Qess on completion of the remaining vesting period and payment of the exercise price.

The options, to the extent, which are settled by shares of Qess do not meet the definition of a share-based payment arrangement because the value of shares of Qess is not based on the price or value of Company's own equity instruments or any of its group entity's equity instruments. The options to the extent which are settled by shares of Qess will be considered as an employee benefit within the scope of Ind AS 19. The options settled by shares of the Company continue to be considered as share based payments and are accounted as per Ind AS 102. The grant of Qess shares is considered to be modification of ESOP Schemes, there is no impact of modification for the year ended March 31, 2020 in the statement of profit and loss

- (a) Pursuant to the approval of the National Company Law Tribunal and the Composite Scheme of Arrangement and Amalgamation between Thomas Cook (India) Limited and various other companies (the "Scheme") becoming effective on November 25, 2019 and operative from the Appointed Date, i.e. April 1, 2019, the Company filed the application for adjudication for the stamp duty on the Scheme with the Revenue office of the Sub-Registrar of Assurances (Sub-Registrar). The Sub-Registrar has raised a demand notice for a duty of Rs. 2,500.0 lakhs and a penalty of Rs. 250.0 lakhs. The Company has filed an objection with the Sub-Registrar disputing the duty amount calculation and the penalty, stating that the interim demand notice required reconsideration. The Company has provided for stamp duty of Rs. 2,500 lakhs and has charged to the Statement of Profit and Loss for the year ended March 2020 as an exceptional item .
- (b) The Group assessed the recoverable amount of intangible assets with definite life recognised in DEI Group acquisition which represent a cash generating unit ("CGU"), as at March 31, 2020, as the higher of Fair Value Less Cost of Disposal ("FVLCD") and Value in Use ("VIU") of the relevant assets of the CGU due to change in market condition. This has resulted in an impairment loss of Rs. 1,395.5 lakhs and has charged to the Statement of Profit and Loss as an exceptional item for the year ended March 31, 2020.
- (c) As required by Ind AS 36 - "Impairment of Assets", Financial Assets are tested for impairment on annual basis and assessed for any indication of impairment as at each reporting date to ensure that carrying amount does not exceed the recoverable amount. Accordingly the group assessed the recoverable amount of Investment and advances provided to its associate Travel Junkie Solutions Private Limited as at March 2021. Due to adverse business conditions, the recovery of invested amount and advances provided to the associate is doubtful and this has resulted in an impairment provision of Rs. 299.90 lakhs and has been charged to the Statement of Profit and Loss as an exceptional item for the year ended March 31, 2021.
- (d) As required by Ind AS 36 - "Impairment of Assets", Goodwill is tested for impairment on annual basis and assessed for any indication of impairment as at each reporting date to ensure that carrying amount does not exceed the recoverable amount. The Group conducted an assessment and concluded that goodwill has to be impaired for Luxe Asia Private Limited subsidiary of Thomas Cook Lanka (Pvt) Ltd. Accordingly an impairment loss of Rs. 72.7 lakhs and has been charged to the Statement of Profit and Loss as an exceptional item for the quarter and year ended 31 March 2021

37 Property related matters

- (a) During the financial year 2011-12, pursuant to One Time Settlement (OTS) scheme, Sterling had fully settled the dues of a Financial Institution (FI) and also obtained a 'No Due' certificate. However, the FI has not released the title deeds of the properties given as security for the reason that a Third Party has filed a writ petition against the FI challenging the cancellation of sale of the said property to them. Sterling is also a party to the said writ petition. The said writ petition was disposed off by Hon'ble High Court of Madras, against the Sterling. Sterling has preferred Special Leave Petition (SLP) before the Hon'ble Supreme Court of India and the Court has ordered 'Status quo' in all respects concerning the said properties. The net book value of land and building as at March 31, 2021 in respect of the said property aggregates to Rs. 8,065.60 lakhs (March 31, 2020: Rs. 8,217.1 lakhs). In view of the management and based on the independent legal opinion obtained, the Sterling has a fair chance to succeed in the appeal pending before Hon'ble Supreme Court of India.

- (b) Sterling had in the past transferred a property at Goa and part of the sale consideration amounting to Rs. 527.1 lakhs (March 31, 2020: Rs. 527.1 lakhs) (included under "Other financial assets") was retained by the buyer pending compliance of certain conditions. Sterling is confident of recovering this amount as it has taken effective steps for discharge of its obligations. Sterling is also legally advised that it has the right of vendor's lien against the immovable property sold to the extent of amount due. Sterling has filed a suit against the buyer for recovery of the amount. In view of the aforesaid, the above amount is considered good and recoverable by Management. Application for rejection of the plaint by the defendant has been dismissed. The Defendant filed a revision before the High Court at Goa and High Court dismissed the same. Sterling expects the trial to start soon.
- (c) Sterling had in the past transferred a property of 7.3 acres out of 10.3 acres land parcel at Chail for consideration and with a condition that the buyer would construct 10 cottages in the 3 acres land retained by Sterling and handover the same. However, the buyer had taken the possession of the entire parcel of land and had not fulfilled the condition. The book value of the land is Rs. 550.0 lakhs (March 31, 2020: Rs. 550.0 lakhs). The title deeds for 3 acres of land are not available with Sterling. There is an arbitration award in favour of Sterling which Sterling is enforcing in the court of law. Sterling is of the view that it has a fair chance to succeed in its plea. The High Court has ordered status Quo on the property. Sterling has filed an application for appointment of the receiver.
- (d) During July 2019, Sterling has terminated its lease contract for the Daman resort due to non-renewal of the statutory licenses by the owner after repeated reminders. The contract had a lock-in period of 9 years till January 2024. The resort owner issued a legal notice on November 25, 2019 demanding a sum of Rs.1,091.0 lakhs towards the outstanding lock-in obligation, outstanding operations and maintenance fee, GST not paid by Sterling and other costs incurred by the owner. The land lord has invoked the Arbitration clause and appointed an Arbitrator to adjudicate the dispute. Sterling has submitted a reply on December 17, 2019 denying all the allegations and has nominated an Arbitrator to represent Sterling. Sterling is awaiting further update from the resort owner regarding the same. The amount is treated as contingent liability at this stage.

- (a) It is not practicable for the Group to estimate the timing of cash flows, if any, in respect of the above pending resolution of the respective proceedings.
- (b) The Group does not expect any reimbursement in respect of the above contingent liabilities.
- (c) During the previous year ended 31 March 2020, pursuant to the approval of the National Company Law Tribunal and the Scheme between Thomas Cook (India) Limited and various other companies, the Company filed the application for adjudication for the stamp duty on the Scheme with the Revenue office being the Collector of Stamps Enf 2, Mumbai under the Additional Controller of Stamps Mumbai. The Collector of Stamps Enf - 2 has adjudicated a duty of Rs. 2,500.0 lakh and imposed a penalty of Rs. 250.0 lakh. The Company has provided for stamp duty of Rs. 2,500 lakh and has charged to the Statement of Profit and Loss as an exceptional item for the year ended 31 March 2020. The Company filed an appeal with the Chief Controlling Revenue Authority, Pune (CCRA), disputing the duty amount calculation and the penalty. At an interim hearing, the CCRA directed to deposit 10% of the total demand or Rs. 250 lakh, whichever is less. Upon the relevant payment, the CCRA granted an ad-interim relief of stay from any proceedings until further hearing. The matter is adjourned to 6 July 2021.
- (d) During the previous year ended 31 March 2020, in response to a Show Cause Notice issued by The Enforcement Directorate (ED), Chennai, on Thomas Cook (India) Limited and TC Forex Services Limited (TCF) (erstwhile Tata Capital Forex Ltd, and amalgamated into TCIL on 25 November 2019 with effect from the Appointed Date, i.e. 1 April 2019), the ED, by its Orders, imposed a penalty of Rs. 450.0 lakhs on the Company and its Officer and of Rs. 166.0 lakhs on TCF and its Officer respectively. Being aggrieved by the Orders passed by the ED, the Company has filed Appeals before the Hon'ble Appellate Tribunal under the FEMA Act, 1999 in New Delhi. Since there was suspension of functioning of Appellate Tribunal due to COVID-19, the Appeals have been adjourned to July 2021. In the Interim, the Company received a demand notice from the ED, Chennai asking TCIL to deposit the penalty which was imposed by its Order dated 30 March 2020. Pursuant to which, the Company filed an Urgent Hearing Application on 9 March 2021 before the Hon'ble Appellate Tribunal, New Delhi and the same was listed for hearing on 24 March 2021. On 24 March 2021, the Hon'ble Tribunal after hearing the submission was pleased to issue notices and directed the Respondent (ED) not to take any coercive action against TCIL till next date of hearing i.e. 5 July 2021.
- (e) The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of provident fund contribution. Subsequently, a review petition against this decision has been filed and which is now dismissed. Management has accounted for the liability for the period from date of the SC order to March 31, 2019. Further, pending decision and directions from the EPFO, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.

4.1 Buyback of shares

The Company had filed a Draft Letter of Offer (DLOF) for a buy-back of its equity shares with the Securities and Exchange Board of India (SEBI) on March 06, 2020. Pursuant to the approval of the Board of Directors of the Company dated September 25, 2020, in relation to the withdrawal of the buy-back, the Company had proceeded to apply to SEBI, for such withdrawal. The Securities and Exchange Board of India (SEBI), vide its order dated February 11, 2021 has allowed the withdrawal of Thomas Cook India's Buyback Offer.

4.2 Scheme of Amalgamation and arrangement

The Board at its meeting held on October 03, 2019 had approved the amendments to the Composite Scheme of Arrangement and Amalgamation amongst Thomas Cook (India) Limited ('TCIL'), Quess Corp Limited ('QCL'), Travel Corporation (India) Limited ('TCI'), TC Forex Services Limited (formerly known as Tata Capital Forex Limited) ('TCF'), TC Travel Services Limited (formerly known as TC Travel and Services Limited) ('TCTSL') and SOTC Travel Management Private Limited (formerly known as SITA Travels and Tours Private Limited) ('SOTC TRAVEL') and their respective shareholders ('the Scheme') in accordance with the provisions of Section 230 to 232 read with Section 52, 55, and 66 of the Companies Act, 2013. The Scheme inter-alia provides:

- Demerger of the inbound business of TCI consisting of business of handling inward foreign tourist activity from TCI into SOTC TRAVEL; and
- Amalgamation of residual TCI, TCF and TCTSL with TCIL; and
- Demerger of the Human Resource Services Business of TCIL (including shares in QCL held by TCIL) into QCL. As a part of consideration, QCL will issue its own shares to the shareholders of TCIL in the ratio of 1889 QCL shares for every 10000 shares held in the Company.

The National Company Law Tribunal ("NCLT"), Mumbai Bench for TCIL and Bengaluru Bench for QCL vide its order dated October 10, 2019 and November 7, 2019 respectively had approved the Scheme of Arrangement. The Scheme of Arrangement has become effective from Appointed Date i.e. April 01, 2019 but operative from Effective Date i.e. November 25, 2019 being the date of filing of certified copy of the Order of NCLT by all the companies with their respective jurisdictional Registrar of Companies.

Pursuant to the Scheme, the Group has transferred net assets of Rs. 7,29,870.4 lakhs pertaining to Human Resource Services Business

including investment in QCL by way of demerger, consequently the same has been debited to reserves in accordance with the scheme.

However, demerger of the inbound business of TCI from TCI into SOTC TRAVEL and amalgamation of residual TCI, TCF and TCTSL with the Company does not have any impact on consolidated financial statements as these transaction are under common control.

46 Transfer Pricing

The Group has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Group is in the process of updating the documentation for the international as well as specified domestic transactions (if applicable) entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions (if any) are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

NOTES AND INSTRUCTIONS:

1. In view of the ongoing COVID-19 pandemic, the Ministry of Corporate Affairs (MCA) vide its General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 5, 2020 and Circular no. 02/2021 dated January 13, 2021 (collectively "MCA Circulars") and Securities and Exchange Board of India ("SEBI") vide its circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and circular no. SEBI/HO/CFD/CMD2/ CIR/P/2021/11 dated January 15, 2021 (collectively "SEBI Circulars"), have permitted companies to conduct AGM through VC or other audio visual means, subject to compliance of various conditions mentioned therein. In compliance with the aforesaid MCA Circulars and SEBI Circulars and the applicable provisions of Companies Act, 2013 and rules made thereunder, and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the 44th AGM of the Company is being convened and conducted through VC. The deemed venue for the AGM shall be the Registered Office of the Company.
2. The Board of Directors have considered and decided to include the Item Nos. 3 to 5 given above as Special Business in the forthcoming AGM, as they are unavoidable in nature.
3. In terms of the provisions of the Act, Mr. Sumit Maheshwari, Director (DIN: 06920646), retires by rotation at the AGM. Mr. Sumit Maheshwari is interested in the Ordinary Resolution as set out at Item No. 2 of the Notice with regard to his re-appointment. Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Business set out under Item No. 2 of the Notice. Mr. Sumit Maheshwari is not debarred from holding of office of Director pursuant to any Securities and Exchange Board of India Order or any other such authority.

4. PURSUANT TO THE PROVISIONS OF THE ACT, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE AGM IS ENTITLED TO APPOINT ONE OR MORE PROXIES TO ATTEND AND VOTE INSTEAD OF HIMSELF/HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. THEREFORE, THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THE AGM. Since the AGM will be held through VC / OAVM in accordance with the MCA Circulars, proxy form and attendance slip are not attached to this Notice. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Members of the Company had approved the appointment of M/s. B S R & Co. LLP, Chartered Accountants, (Firm Registration No. 101248W/W-100022), as the Statutory Auditors at the Fortieth Annual General Meeting of the Company for a term of five years subject to ratification by the members at every Annual General Meeting. The Ministry of Corporate Affairs vide its Notification dated May 7, 2018 has enforced Section 40 of the Companies (Amendment) Act, 2017 and the Companies (Audit and Auditors) Rules, 2014 wherein the requirement for ratifying the appointment of the Statutory Auditors of the Company at every Annual General Meeting has now been dispensed with. Accordingly, the proposal for ratification of the appointment of Statutory Auditors is not forming part of the Notice convening ensuing Annual General Meeting.
6. Statement setting out material facts (Explanatory Statement) pursuant to Section 102(1) of the Companies Act, 2013, in respect of the Special Businesses to be transacted at the AGM as set out in the Notice and relevant details in respect of Item Nos. 2 to 5 pursuant to the provisions of Regulation 36(3) of the SEBI Listing Regulations and Secretarial Standard on General Meetings (SS-2) are annexed hereto.
7. Nomination facility for shares is available for members. For members holding shares in physical form, the prescribed format can be obtained from the Company's Registrar and Share Transfer Agent, TSR Darashaw Consultants Private Limited (formerly known as TSR Darashaw Limited) ("TSR Darashaw") , C-101, 1st Floor, 247 Park, Lal Bahadur Shastri Marg, Vikhroli (West), Mumbai – 400085. For members holding shares in electronic form, you are requested to approach your Depository Participant (DP) for the same.
8. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 as well as the Register of Contracts and Arrangements in which the Directors are interested, maintained under Section 189 of the Companies Act, 2013 will be available for inspection by the members through the electronic mode by sending a request for the same to the Company Secretary at sharedept@thomascook.in.

All the documents referred to in the accompanying Notice will also be available for inspection by the members through electronic mode from the date of circulation of this Notice upto the date of the AGM. The request for the same can be sent to the Company Secretary at sharedept@thomascook.in.
9. Since the AGM will be held through VC/ OAVM, the route map of the venue of the Meeting is not annexed hereto.

10. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC/ OAVM. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to thomascook.scrutinizer@gmail.com with a copy marked to sharedept@thomascook.in.
11. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
12. Members holding shares in physical form are requested to notify/ send the following to the Company's Registrar and Share Transfer Agent i.e. TSR Darashaw to facilitate better service:
- details of Income Tax Permanent Account Number (PAN) in case the same is not registered with the Company;
 - any change in their address / mandate / bank details;
 - particulars of their bank account in case the same have not been sent earlier;
 - update of specimen signature of holders with the Company; and
 - share certificate(s) held in multiple folio nos. in identical names or joint accounts in the same order of names for consolidation of such shareholdings into one account.
13. SEBI has made it mandatory for every participant in the securities/capital market to furnish the details of Income Tax Permanent Account Number (PAN) and complete Bank account details. Accordingly, all the members holding shares in physical form are requested to submit their details of PAN of all the holders along with a photocopy of both sides of the PAN card, duly attested and details of bank account, to the Registrar and Share Transfer Agent of the Company. The members holding shares in electronic form are requested to register their PAN and complete bank details with their respective Depository Participants.
14. As per Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, securities of listed Companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings into dematerialized form. Members can contact the Company or Company's Registrar and Share Transfer Agent, TSR Darashaw Consultants Private Limited (formerly known as TSR Darashaw Limited) for assistance in this regard. Members may also refer to the Frequently Asked Questions ('FAQs') which are made available on the Company's website at the following link: https://resources.thomascook.in/downloads/Frequently_asked_questions_on_DematerialisationRematerialisation.pdf
15. As a part of the 'Green Initiative', members who have not yet registered their email addresses are requested to register the same with their Depository Participants ("DPs") in case the shares are held in electronic form and with TSR Darashaw in case the shares are held in physical form.
16. Pursuant to the provisions of Section 124 of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended ("IEPF Rules") and relevant circulars and amendments thereto, the amount of dividend remaining unpaid or unclaimed for a period of seven years from the due date is required to be transferred to the Investor Education and Protection Fund ("IEPF"), constituted by the Central Government. The Company had, accordingly, transferred Rs. 4,30,421/- being the unpaid and unclaimed dividend amount pertaining to Final Dividend for Financial Year 2012-2013 to the IEPF in the FY 2020-21.
- Pursuant to the provisions of IEPF Rules, all equity shares in respect of which dividend has not been paid or claimed for last seven consecutive years shall be transferred by the Company to the designated Demat Account of the IEPF Authority ("IEPF Account") within a period of thirty days of such shares becoming due to be transferred to the IEPF Account. Accordingly, 19,551 equity shares of Re. 1/- each on which the dividend remained unpaid or unclaimed for last seven consecutive years with reference to the due date of 11th July, 2020 were transferred for the Financial Year 2012-2013 to the IEPF Account, after following the prescribed procedure.
- Further, the Company will transfer the unpaid/unclaimed dividend amount pertaining to Final Dividend for Financial year 2013-14 to the IEPF which is due to be transferred on 6th July, 2021 along with the equity shares of all the Shareholders who have not claimed / encashed their dividends in the last seven consecutive years from Financial Year 2013-14.
- The Company has been sending reminders to Members having unpaid / unclaimed dividend before transfer of such dividend(s) to IEPF. Details of the unpaid / unclaimed dividend are also uploaded on the Company's website www.thomascook.in. Members who have not encashed Final Dividend for the Financial Year 2014-15 or any subsequent dividend declared by the Company are advised to write to the Company immediately, in order to avoid transfer of dividends and shares to the IEPF.
- Members are requested to note that no claim shall lie against the Company in respect of any shares/ dividend amounts so transferred to the IEPF Authority. The shares transferred to the IEPF can be claimed back by the concerned member(s) from the IEPF Authority after complying with the procedure prescribed under the IEPF Rules.
17. In compliance with the aforesaid MCA Circulars and SEBI Circulars, the Notice of AGM, along with Annual Report are being sent only through electronic mode i.e. by email to those members who have registered their email addresses with their Depository Participants (in case of shares held in demat form)

or with the Company's Registrar and Share Transfer Agent (in case of shares held in physical form). Members who have not registered their email address with the Company can register the same as follows:-

For receiving all communication (including Annual Report) from the Company electronically:

- a) Members holding shares in physical mode and who have not registered/ updated their email address with the Company are requested to register / update the same by writing to the Company with details of folio number and attaching a self-attested copy of PAN card at sharedept@thomascook.in or visit the link <https://green.tsrdarashaw.com/green/events/login/tk>
- b) Members holding shares in dematerialised mode are requested to register / update their email addresses with the relevant Depository Participant or visit the link <https://green.tsrdarashaw.com/green/events/login/tk>

21. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 8, 2020, April 13, 2020 and May 5, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting

agency. The facility of casting votes by a Member using remote e-voting as well as the e-voting system during the AGM will be provided by CDSL.

The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit and Risk Management Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and Auditors who are allowed to attend the AGM without restriction on account of first come first served basis.

INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on Sunday 26th September, 2021 (9.00 a.m. IST) and ends on Tuesday 28th September, 2021 (5.00 p.m. IST). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Wednesday 22nd September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

III. Other Information:

a. **Reasons of loss or inadequate profits** – The Group's business operations were influenced by the continued impact of the multiple lockdowns and the consequent crisis to contain the spread of COVID-19 pandemic. During the year, key business segments witnessed a staggered recovery with gradual easing of lockdowns, bringing some respite to the travel & tourism industry. The second half of FY21 showcased initial recoveries thereby aiding the Company's growth agenda. However the spread of the Delta variant reversed the transition towards nascent stages of normalcy witnessed in Jan-March 2021. The operational and financial performance during FY21 reflected the overall impact of this state of affairs.

b. **Steps taken to Mitigate the impact:** – The key focus for the Group during the year was to weather the storm and emerge strong on the back of evaluated measures and steps which would help it safeguard broader level interests of the Company and its associated partners & stakeholders. The Company as part of its Comprehensive "Reimagine Program" took several decisive actions and executed strategies around safety, cost rationalization, customer focus, innovation, enhanced use of technology etc. These efforts have enabled us to streamline and focus on improving operations and targeting improved financial metrics and market share as conditions normalize. Each business segment across the group has dedicated its efforts towards finding innovative ways to address customer needs while putting the health, safety and wellbeing of our customers at the forefront. As the inoculations across geographies including India are accelerating, it provides the much needed hope that the situation is getting closer to normalcy.

- c. **Expected Increase in productivity and profits in measurable terms** - The transformational changes carried on in the Group led by innovation, automation and customer centricity will help in enhancing sales for next stage of growth. The Management has successfully implemented several immediate and structural changes which have enabled the business to continue its financial resilience and going ahead will add to overall synergies, consequently aiding bottom-line performance. Additionally, with the recent infusion via OCCRPS, the Company's balance sheet is in a much stronger position.

Mrs. Karve is not debarred from holding of office of Director pursuant to any Securities and Exchange Board of India Order or any other such authority.

All the documents referred to at Item No. 4 of the Notice and the Explanatory Statement shall be available for inspection through electronic mode from the date of circulation of this Notice upto the date of the AGM, by sending request to the Company Secretary at sharedept@thomascook.in. The same will be replied by the Company suitably.

The terms and conditions of appointment of Mrs. Karve as Non-Executive Independent Director are also posted on the website of the Company at www.thomascook.in.

The Board is of the opinion that, Mrs. Karve is a person of integrity and possesses requisite skills, expertise, proficiency, experience and knowledge relevant to the Company's business and that it would be of immense benefit to the Company to have her on the Board of the Company as an Independent Director.

As on date of this Notice, Mrs. Karve does not hold any shares in the Company.

Mrs. Karve is not related to any of the Directors of the Company.

Except Mrs. Karve and her relatives, none of the other Directors and Key Managerial Personnel and their respective relatives, are in any way, concerned or interested, financially or otherwise, in the resolution as mentioned in Item No. 4 of the Notice.

Mrs. Karve's brief profile and the disclosures pursuant to the Secretarial Standard -2 on General Meetings and Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are provided in the Annexure to the Notice.

Accordingly, considering the benefits which will be reaped by the Company from her experience, expertise and mature advice to the business of the Company and based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors recommends to the members the appointment of Mrs. Sharmila A. Karve as an Independent Director of the Company for a period of five consecutive years with effect from May 29, 2021 to May 28, 2026 or till such earlier date to conform with the Company's Policy on Corporate Governance by way of an Ordinary Resolution as set out in Item No. 4 of the accompanying Notice. In compliance with the MCA Circulars, this item is considered unavoidable and forms part of this Notice.

Item No. 5:

Appointment of Mr. Gopalakrishnan Soundarajan (DIN: 05242795) as a Non-Executive Director of the Company.

In pursuance to the provisions of Sections 152, 161 and other applicable provisions, if any, of the Companies Act, 2013 ("Act") read with applicable rules made thereunder, Articles of Association of the Company, applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company vide its resolution dated May 27, 2021, appointed Mr. Gopalakrishnan Soundarajan (DIN:05242795) as an Additional Director with effect from May 29, 2021 to hold the office upto the date of ensuing AGM.

A notice under Section 160 of the Act has been received from a member proposing the candidature of Mr. Soundarajan as a Non-Executive Director of the Company.

The Company has received from Mr. Soundarajan (i) a consent in writing to act as a Director in pursuant to Rule 8 of the Companies (Appointment and Qualification of Directors) Rules, 2014 and (ii) an intimation in Form DIR-8 pursuant to Rule 14 of the Companies (Appointment and Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under the provisions of Section 164 of the Companies Act, 2013. Mr. Soundarajan is not debarred from holding of office of Director pursuant to any Securities and Exchange Board of India Order or any other such authority.

In the opinion of the Nomination and Remuneration Committee and the Board of Directors of the Company, the appointment of Mr. Soundarajan on the Board of the Company would be beneficial to the overall functioning of the Company considering his experience and knowledge of general business management.

As on date of this notice, Mr. Soundarajan does not hold any shares in the Company.

Mr. Soundarajan is not related to any of the Directors of the Company.

Except Mr. Gopalakrishnan Soundarajan and his relatives, none of the other Directors and Key Managerial Personnel and their respective relatives are in any way, concerned or interested, financially or otherwise, in the resolution mentioned at Item No. 5 of the Notice.

Mr. Soundarajan's brief profile and the disclosures pursuant to the Secretarial Standards -2 on General Meetings and Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are provided in the Annexure to the Notice.

The Board of Directors propose the appointment of Mr. Soundarajan as a Non-Executive Director of the Company liable to retire by rotation and recommend the passing of Ordinary Resolution as set out in Item No.5 of the accompanying Notice for the approval of the members. In compliance with the MCA Circulars, this item is considered unavoidable and forms part of this Notice.
