La Opala RG Limited reports Q1 FY26 results

Kolkata, 14 August 2025 – La Opala RG Limited, the pioneer in opalware and crystalware in India, announced its financial results for the quarter ended June 30, 2025.

Commenting on the performance during the quarter, Mr. Ajit Jhunhunwala, Vice Chairman and Managing Director, said, *“Overall, the quarter's performance remained subdued, as Q1 is typically a softer period for the industry. With early monsoons, lower wedding dates in this quarter, compounded by reduced consumer spending added to further pressure. Despite some easing in inflationary pressures, demand has been slow in Q1.*

However, we did see a sequential improvement at the EBITDA and PBT levels, driven by reduced production costs following the strategic suspension of operations at our ageing and obsolete Madhupur plant and the temporary shutdown of one of the furnace at Sitarganj for relining. With production now fully consolidated at Sitarganj, where we have the latest automated technology, we remain committed to driving efficiencies and implementing necessary cost-control measures. The recent adjustments made to our distribution channels for enhanced reach have been completed, and we anticipate a recovery demand with the festive period starting.

We are starting to see positive trends as we enter the festive season. Our focus on high-quality products, strong brand recognition, and a solid partner network keeps us well-positioned as a preferred choice for our customers.”

La Opala RG Limited

About La Opala RG Limited

La Opala takes pride in being the first to introduce Opal Glass technology in India in the year 1988. Since then, it has continuously captured the lifestyle market. Today, it is the most popular and No. 1 Opalware brand of India. In its endeavour to service the consumers, it has created one of the widest distribution networks in the country. Moreover, La Opala's well-developed R&D expertise and capable design teams have successfully created elegant products and designs to satisfy the constantly evolving consumer needs. Time and again, it has established its leadership position by launching different Brands & Collections to cater to all the sections of the society. Being guided by this philosophy, in 2008, La Opala introduced its most fashionable range of Opalware, 'Diva' that ranks among the finest in the world. This new brand was crafted at the new state-of-the-art, fully automated plant, equipped with European technology at Sitarganj.

La Opala also produces the finest quality Handcrafted 24% Lead Crystalware, under the brand Solitaire Crystal.
