# JUBILANT LIFE SCIENCES - Q1'FY21 RESULTS

- Q1'FY21 Revenue at Rs 1,893 Crore vs. Rs 2,182 Crore in Q1'FY20;
- Q1'FY21 EBITDA at Rs 310 Crore vs. Rs 444 Crore in Q1'FY20

The Board of Jubilant Life Sciences Limited, an integrated global pharmaceutical and life sciences company, met today to approve financial results for the quarter ended June 30, 2020.

Commenting on the Company's performance, Mr. Shyam S Bhartia, Chairman and Mr. Hari S Bhartia, Co-Chairman & Managing Director, Jubilant Life Sciences said:

"During the quarter, we worked diligently towards employees' safety while continuing to serve our global customers by maintaining our operations.

The company's performance in the LSI business has been better in EBITDA as well as in margins on both year-onyear as well as quarter-on-quarter due to good demand and improved pricing of select products. We maintained business continuity in all the manufacturing sites. DDDS segment witnessed year-on-year growth in revenues as well as EBITDA led by healthy demand from customers.

The Company's performance in the Pharma business had a temporary negative impact due to production suspension at our API plant. This facility has resumed operations from the month of June 2020 and since then it has been operating at a normal capacity. We are witnessing strong demand conditions and improved pricing environment. Our Radiopharma and Allergy business saw an interim decline in revenues due to postponement of elective procedures led by COVID-19 related restrictions on hospital visitations. Adverse impact in these businesses was mitigated by growth in CMO and Dosage businesses.

With the gradual opening of the US healthcare markets, demand conditions in our Radiopharma and Allergy business have started improving from second half of Q1'FY21 with substantial normalisation achieved June 2020 onwards. In our CMO business, we have entered into four separate clinical and commercial supply agreements for the GMP manufacture of novel COVID-19 treatment and vaccine candidates. Strong demand conditions in this business, along with our business development initiatives, promise upside to performance in the near term.

Overall, barring unforeseen circumstances, we expect strong performance in our Pharma, LSI and DDDS business in the remaining three quarters of FY21. During Q1'FY21, the Company reduced net debt on a constant currency basis by Rs 343 Crore."

In the first week of August 2020, the Company launched its remdesivir product in the India and other countries under the brand name 'JUBI-R'.

The Company has taken several measures to tide over the COVID-19 induced challenges. We are confident of delivering sustained growth in the medium term on back of our leadership position in various businesses and growth strategies.

  simplify operations and provide customers with a single brand access for a wide range of discovery, IND
  and PR&D and GMP development services
- 1. Drug Discovery & Development Solutions include the Drug Discovery Services (Jubilant Biosys) business and Proprietary Drug Discovery business (Jubilant Therapeutics)

## **D. Business Outlook**

- We have seen substantial improvement in demand in most of our business segments from June 2020 onwards be it Specialty Pharma, CMO, API or Specialty Intermediates
- Given the strong demand recovery and new business sign-ups, we believe COVID-19 is not likely to have a material impact on our overall performance during FY21, provided the pandemic situation does not materially deteriorate going forward
- Overall, we expect strong performance in our Pharma, LSI and DDS business in the remaining three quarters of FY21
- For Pharmaceutical business, we expect substantially better performance in the remaining three quarters of FY21
- For LSI business, we expect to achieve close to double digit growth in revenues and significant growth in EBIDTA with higher margins and a very healthy cash generation in FY21
