MANAGEMENT DISCUSSION AND ANALYSIS

Global Economic Outlook:

Year 2020 will go down in the history as the watershed year, when the social, political, financial world changed so drastically, leaving behind scars, indeed wounds, which can continue to afflict mankind for a decade or even more.

In April 2019, the Global economy, which had slowed for three consecutive quarters in 2018, had halted the decline and was in a moderate growth phase. Chinese economy, the main driver of global growth was slowing down due to a combination of regulatory tightening to rein the shadow banking, and the enhanced trade tensions with the United States. The Euro area also lost the momentum. Thus, the developed economies were about to turnaround, and the emerging economies, including India, were witnessing some traction on growth. On the overall, while the global economic growth was slowing down to 3.3% in 2019, from 3.6% in 2018, it was expected to return to 3.6% growth in 2020.

However, as the year progressed, by October 2019, the world economic outlook worsened – largely driven by the trade tensions between the US and China, which led to a slowdown in both the countries. The global growth for 2019 was pegged at 3.0%, down from an estimate of 3.3% in April 2019. The recovery in 2020 was in turn expected to be slower at 3.4%, against earlier estimate of 3.6%.

As 2019 came to an end and 2020 began, a black swan event impacted the world with the onset of, what was later confirmed as a pandemic, caused by COVID 19, which originated in the Wuhan province of China. With no cure in sight, the only option left with government across the world was – “lockdown” which brought the commerce and economies almost to a grinding halt.

The IMF in its Global Economic outlook published in April 2020, estimated that the global economies will contract by as much as 3.0% in 2020. Assuming that the pandemic will fade in the second half of 2020, and with the resumption of economic activities, the global growth was expected to 5.8% in 2021. The emerging economies were expected to contract, fir time in decades, by 1% in 2020, to recover 6.6% in 2021. Exports for the emerging economies was estimated to contract by 8.2% in 2020. In 2021, the exports from emerging economies are expected to surge to 9.1%.

Indian Economy:

As per the latest Bi monthly policy statement of the Reserve Bank of India (RBI) in May 2020, the outlook for the Indian economy remains uncertain and is significantly determined by the duration of the pandemic and to what extent will the social distancing norms remain in place. In Q1 for 2020, except agricultural sector, the activities remained subdued and the same was expected to continue in the Q2. By Q3,

the activities ra expected to pick up, however RBI opined that “the downside risk to the domestic growth remains significant”. The Report also states that “upside impulse could be unleashed if the pandemic is contained and social distancing measures are phased out faster”.

Thus, the overall outlook for the Indian economy remains uncertain, and will almost entirely be governed by the containment of the pandemic within India and globally.

Aroma Chemical Business:

Amidst the uncertainty caused by the COVID 19 pandemic, there is also a change in lifestyle necessitating increased hand washing frequencies, better hygiene in general – including cleaning of floors, more frequent washing of cloths, etc. This change in lifestyle will lead to increased demand for sanitizers, soaps, detergents, and floor cleaners.

The increased demand for the above mentioned Fast Moving Consumer Goods (FMCG) products will in turn lead to increased demand for the raw materials for making these products, including the fragrances, and in turn Aroma chemicals.

In the medium term, therefore, your company is expecting a robust growth in the demand for the aroma chemicals – main business of your companies.

In the short term, however, the disruptions caused by the lockdown is resulting in both slackness in demand and more importantly the logistic bottlenecks like movement of goods to and from the port for exports and for domestic use.

1 GLOBAL FLAVOR AND FRAGRANCE INDUSTRY:

Global Perfume market: (Source: Grand view research)

The global perfume market size was valued at USD 31.4 billion in 2018 and is expected to expand at a CAGR of 3.9% from 2019 to 2025. The market growth is attributed to growing trend of personal grooming, coupled with increasing demand for luxury and exotic fragrances. Moreover, increasing consumer spending on premium and luxury fragrances due to high income level, along with improving living standards, is driving the global market.

In recent years, perfumes have evolved into a significant business in the cosmetics and personal care industry. Perfumes have emerged as an essential product driven by growing trend of personal care, forming a part of pride and confidence.

Product diversification by manufacturers is also expected to expand the customer base. Product innovations based on customer need are further augmenting the sales in the perfume market.

Key players are also focusing on introducing natural fragrances in the premium category, primarily due to rising concerns over allergies and toxins in synthetic ingredients. Approximately 75% of millennial women prefer buying natural products, wherein more than 45% of them prefer natural based healthy perfumes. For instance, LUXE brand has been positioning itself as a natural fragrance brand and is focusing on collaborating with celebrity personalities for product endorsement.

Moreover, innovative promotional activities are driving the market. Manufacturers are investing in advertisements in an effort to influence the purchase decisions. Growing influence and impact of social media and celebrity endorsements is one of the trending advertisement strategies implemented by the players. Companies are heavily investing in their advertisements and promotions to attract consumers on digital platform.

These factors have been aiding the companies to understand their product performance and develop products to meet the customer needs, thereby contributing to the growth of the global market.

Product Insights

Premium perfumes accounted for the largest share of more than 65.0% in 2018. The growth has surpassed that of mass fragrance products in the last few years owing to greater emphasis on quality, personalization, and exclusivity. Premium perfumes are expected to expand at the fastest CAGR of 3.9% from 2019 to 2025 owing to growing preference for unique, hand crafted, and exotic fragrances.

Manufacturers are also focusing on widening their offerings to include the high end products. For instance, Coty has slimmed down its product portfolio of low priced labels after the acquisition of some Procter & Gamble Co.'s beauty brands. Since then, it has been focusing on the luxury lines, which include Gucci Bloom and Tiffany & Co., targeting the millennials.

Decline in the mass perfume products is majorly attributed to increasing preference for premium fragrances among consumers. This has been driving the manufacturers to shift their focus towards premium products, thereby contributing to the growth of the global market.

End User Insights

Women accounted for the largest share of 60.1% in 2018. It is observed that women in

U.S. purchase a new perfume as often as once a month, in comparison to men who buy it on an average of 1 2 times per year, mainly for the purpose of replenishment. As per a survey, around 41% of the females in U.S. use perfumes everyday as compared to men.

In U.K., women pay more for fragrances than men, wherein female perfumes cost an average of about 6p more per ml as compared to male fragrances of the same brands. Perfume sales are expected to rise up among women irrespective of its high price points, as they consider it to be an essential part of personal care.

Distribution Channel Insights

The offline channel accounted for more than 70.0% share in 2018. Consumers prefer this channel to purchase their products due to availability of a wide range of options as well as facility of scanning the product details before any purchase. The offline segment is mainly driven by the sales from specialty stores that offer premium products. The layout of the supermarket and promotional campaigns by leading brands have also increased the sales volume in the supermarket and hypermarket segment. Growth of the organized retail sectors has been driving the market by providing ample space and visibility for the existing brands to offer their products.

The online platform is expected to witness the fastest growth during the next few years. Evolution of online retail channels such as Flaconi, Amazon, and Parfumdreams has turned out to be a new and convenient way of distributing perfumes, despite consumers not being able to test the fragrance before purchase. Various modes of advertisements and promotions in the market are very prominent, thereby driving the consumers to prefer online channels.

Regional Insights

Europe, followed by North America, accounted for the largest share in 2018. The U.S. and Europe market remain the industry trendsetters. Major countries contributing to the growth of the Europe market include Germany, France, and U.K., wherein Germany accounted for 16.3% in 2018. In 2017, Coty was positioned as the leading player in the fragrance market in Germany. The market growth was attributed to the strong sales of the premium products through brands such as Jil Sander and Calvin Klein, along with new product launches from other brands such as Hugo Boss.

France accounted for 25.9% share in the regional market in 2018. France serves as the home of numerous leading perfumes brands such as Christian Dior, Chanel, and Guerlain. The country has been driving the Europe market with the highest production and export values. In 2017, France had exported about USD 4.8 billion worth fragrance products to the global market, thereby representing more than 25.0% of the world's total perfume exports in the same year.

2 Market scenarios in India (source – Research and markets)

Fragrances are the unique combinations of natural and synthetic substances that are added in different products to give them distinctive scents. Perfumers keep on working on new fragrances using various fragrance ingredients and combine them in a unique way to produce fragrance products which can be used for different purposes.

Fragrances industry majorly includes two categories viz. deodorant and perfumes which are then categorized into several sub forms. Deodorants in India are available in aerosol/spray form as well as in roll ons and sticks whereas perfumes are available in the form of eau de toilette, eau de cologne, eau fraiche and eau de parfum. The fragrance industry is set to witness an increase in the demand for high end sophisticated fragrances as consumers are altering their lifestyle and adapting the luxurious fragrances in their daily personal grooming regime.

India fragrance market is dominated by deodorants whereas perfumes are also picking up pace with the onset of lifestyle changes. Deodorants kill the bacteria that causes odour when there is perspiration. As it is a more natural process to allow bodies to sweat, it makes more sense for consumers to use deodorants. Aluminium free underarm deodorants play a vital role in keeping the body clean and fresh. For the present generation, it is impossible to imagine life without deodorants. Different types of deodorants are available in the Indian market today with a number of brands and this has given a plethora of choices to consumers. India deodorant market is expected to grow with a CAGR of more than 15% over next five years out of which the aerosol/spray form of deodorant is expected to continue its dominance over 2017-2022.

According to "India Fragrance Market Outlook, 2022", the demand for fragrance products has been driven by rising disposable income, the importance of personal grooming, emergence of working women in India and the hot, humid and tropical climate conditions of India. Rising demand for perfumes from working professionals is one of the major growth drivers for perfume industry as professionals want to smell good every day from the moment they enter into the office till their exit. The mindset that men and women feel confident by using fragrance products has been one of the key points for the companies to look into this segment and tap the market as much as possible.

3 Aroma Chemicals:

Selbyville, Delaware, March 27, 2020 (GLOBE NEWSWIRE) As per the report published by Global Market Insights Inc., the overall aroma chemicals market was estimated at \$5.10 billion in 2019 and is expected to hit **\$7.5 billion** by 2026, registering a **CAGR of 6%** from 2020 to 2026.

As per industry analysis, aroma chemicals are natural as well as synthetic aromas that have been used for manufacturing various products which includes household, fine fragrances, soaps & detergents, food & beverages, and cosmetics & toiletries. Among these, the cosmetics & toiletries segment accounted for nearly 21.0% of the market share back in 2019. Factors like emerging personal grooming trends are expected to further lead the demand for cosmetics and impel the aroma chemicals market.

Aroma chemicals are also used for imparting attractive aromas to several consumer products, which includes perfumes, detergents, and toiletries. The increasing number of working women across the world has led to a growing demand for personal care products. Furthermore, rising preference for natural fragrances owing to negative effects of synthetic chemicals will positively contribute on aroma chemicals industry expansion as well.

Key reasons for aroma chemicals market growth:

1. Growing demand for soaps and detergents owing to rapidly rising personal hygiene trends throughout the globe. The COVID 19 pandemic is resulting in increased frequency and higher standards of hygiene – in turn leading to higher demand for aroma chemicals.
2. Rising adoption of synthetic aroma chemicals across the cosmetics industry.

2026 forecasts anticipate the 'soaps and detergents' application segment showing appreciative growth:

The soaps and detergents segment will witness substantial gains of over 6% through 2026. The product is extensively used for manufacturing soaps and detergents due to its fine aroma. The market of liquid soaps was valued at over \$15 billion back in 2018. Rising personal hygiene trends and the subsequent growth in demand for good smelling soaps will positively impact aroma chemicals market share.

North America aroma chemicals industry to witness appreciative growth:

North America is anticipated to foresee gains of over 5.5% through 2026. The United States FDA has designated these compounds as safe prior to its use by people. This recognition allows aroma chemicals to be utilized for manufacturing snacks, carbonated drinks, and candies, providing prominent revenue streams to the aroma chemicals market. Moreover, an increasing number of restaurants across the region have further impelled the consumption of junk food, which is further stimulating product demand.

**Leading market players:**

The key market players analysed in the aroma chemicals market report include Solvay and Takasago International Corporation, International Flavours & Fragrances Inc., Kao Corporation, MANE, Symrise, Robertet, BASF SE, S H Kelkar and Company, and your Company.

Regulations

Regulations are forcing companies to follow compliance, which could affect the market's growth trajectory.

For instance, wastewater discharge during the production of various synthetic aroma chemicals consists of many effluents, which need to meet applicable regulations for such discharge. As regulations are getting stringent and are imposing various restrictions on the emissions, like wastewater, air emissions, etc. producers are required to comply with the norms.

Growth drivers

As per market information, use of aroma chemicals so far was limited to the personal and household care sector. Market expansion and penetration of new generation lifestyle products like body deodorants has provided new market opportunities.

Demand for aroma chemicals is expected to rise especially in emerging economies such as India, China, Brazil and Africa. Rising income expected to drive increasing willingness among young consumers to spend on personal care products.

Shifting consumer preferences would create lucrative prospects for aroma chemicals market. Increasing market penetration and investment towards product development will help the aroma chemicals market to register strong growth in the forthcoming years.

With companies focusing on product diversification, consumers will have wider options to choose from. Spurred by these factors, the global aroma chemicals market will continue trading along a positive trajectory.

Building barriers to entry:

Aroma chemicals are used based on their olfactive properties, apart from the chemical assay and physical properties. Your Company has been in the business of supplying Aroma chemicals to global companies for about two decades and therefore has

considerable in house expertise and knowledge of the olfactive requirements of various customers.

Further, as your Company has a backward integrated to use waste generated from pulp mills CST, it has significant visibility of pricing of raw materials.

These factors provide distinct competitive advantages to your Company, against a new entrant or existing aroma chemical manufacturers.

Business Risks and mitigation of risks:

- Volatility in foreign exchange:

With the global trade uncertainties caused by protectionist policies of the developed world, accentuated further by the economic crises emanating from the COVID 19 pandemic, exchange rates have been very volatile, including the exchange rate between the Indian Rupee and the U S Dollar.

While your Company depending on over 70% of the raw materials by imports, it also exports over 70% of the finished goods. Thus, your Company has a natural hedge against the depreciation of Indian Rupee against the US dollar, after accounting for some of the borrowings which are denominated in dollars.

- Pricing and availability of raw materials:

The rate of key raw materials also varies considerably during the year, and the recent uncertainties add to further risks.

Your Company as a strategy enters into a half yearly or annual contracts for raw materials and finished products to mitigate the risks.

- Apart from the above, there is the systemic Socio geographic and resultant economic risks.

Further, your Company has increased capacities of key products as well as installed new capacities for certain niche specialty aroma chemicals to stay ahead of competition.

Your Company continues to be a leading producer globally in three flagship products – Dihydromyrcenol, Amber Fleur, and Pine Oil. All these products are made in the fully integrated manufacturing facilities of the Company – starting from the CST to the finished products. Above mentioned chemicals are important ingredients in the manufacture of Fragrances.

Your company continues to be the largest single CST processing site in Asia, which is invariably the reason for survival and growth under the current volatile situation in respect of raw materials. CST also allows us to be self sufficient on Key Raw Materials.

In addition to the above large volume flagship products, your Company also makes a number of specialty aroma chemicals – some of which are made from the side streams generated during manufacturing.

Thus, apart from consolidating the market share in the large volume products, your Company is also working on increasing Customer share by supplying other Aroma chemicals.

Technology initiatives:

Your company has been investing and will continue to invest in forward looking technologies (like biotechnology) for future from the point of view of expanding into other industry segments.

Your Company continues to be engaged in research and development in respect of technology & process improvement.

REACH Status of Your Company :

Registration, Evaluation, Authorization and Restriction of Chemicals (REACH):

EU/EEA REACH:

Requirements: To place any product in European Economic Area in qty e” 1 MTPA, the product is required to be registered within REACH Regulation (EC Regulation 1907/2006).

Our Status: So far, we have registered total 23 products of ours under EU REACH Regulation, through our Sweden based Only Representative

Key Post Registration Obligations: After European Chemical Agency (ECHA) evaluates Registration dossier, additional animal or product test data to be provided or corrections to made if ECHA finds any information missing or incorrect. For Example: ECHA requires us to submit Extended One Generation Reproductive Toxicity study for our already registered Dihydromyrcenol and Pine Oil

Korea REACH:

Requirements: To place any product in Korea in qty e” 1 MTPA, the product is required to be pre registered within Korean REACH Regulation (ARECs). The product needs to be registered by Dec 2021, Dec 2024, Dec 2027 or Dec 2030 depending on the annual Tonnages or Hazard properties.

Our Status: So far, we have pre registered total 9 products under Korea REACH, through our Korean based Only Representative

Turkey REACH:

Requirements: To place any product in Turkey in qty e” 1 MTPA after Calendar Year 2020, the product is required to be pre registered under Turkey REACH Regulation (KKDIK regulation) by Dec 2020. The product is required to be registered by Dec 2023.

Our Status: So far, we have shortlisted total 19 products for Pre registration. We are planning to pre register the products by Oct 2020.

Outlook & Highlights

Your Company has achieved a growth of 21.3% value over the previous year.

With existence of our 100% Subsidiary in US, our market share continues to keep growing year on year. Your Company is working on the legalities of establishing an office in Brazil to begin with in Latin America. Thus, utilizing on the base created so far by our subsidiary.

Your Company already has global presence by way of an own office in Netherlands, which is a valuable step forward from strategic point of view for future growth.

Your Company continues to see its growth coming from key accounts in emerging and developing countries and its ability to provide a range of products.

Your Company continuously is making further inroads into the developing markets (Nigeria, Egypt, UAE, Pakistan, South Africa) by seeking more and more customers.

Your Company continues to sell value added products from backward integrated feedstocks, thus contributing to enhance the revenues.

Your company continues to establish strategic long term business relations with global leading companies in F&F industry, like Givaudan, Firmenich, IFF, Symrise, MANE, Robertet, Takasago e.t.c and with well known global leading FMCG producers, like P&G, Henkel, RB.

OLEO CHEMICALS AND NUTRACEUTICALS:

The Industry Structure And Developments:

OLEO CHEMICALS:

Oleo Chemicals are preferred since they are produced from biological fats or oils i.e. natural sources. The demand for biodegradable chemicals is supporting oleo chemicals market. Fatty Acids, methyl esters and fatty alcohols are major oleo chemicals manufactured in India. The Company is mainly in the business of Fatty Acids which is one of the largest segments in Oleo Chemicals. Dimer Acid, Linoleic Acid / Soya Fatty Acid, other Distilled Fatty Acids are the main products of the Company in Oleo Chemical segment.

Dimer Acid:

The Company was able to maintain the volume of sales of this product during F.Y. 2019-20 indicating the acceptance of the quality of Company's Dimer Acid in India and fair price policy of the Company vis-à-vis competition from China. Dimer Acid is a value added product of the Company which is derived as one of the streams by further processing Linoleic Acid. During most part of F.Y. 2019-20, there was a demand pull for Linoleic Acid which absorbed substantial quantity of available Linoleic Acid. In view of lean availability of raw material during monsoon of 2019, the Company decided to meet the requirement of Dimer Acid of its old customers rather than exploring the new and big ones in an aggressive manner. In the meantime, Company worked on two things, one augmenting its raw material throughput capacity by de-bottlenecking and adding peripheral production and utility equipments and secondly by working on and taking trial of alternative raw materials, both of which were in place by December, 2019.

Dimer Acid is used for making two kinds of polyamides i.e. Non-reactive and reactive. Non-reactive polyamides are used by manufacturers of printing inks, adhesives, paper coatings etc. Rising demand from industries such as printing inks, adhesives and paper coatings may drive global dimer acid market size for non-reactive polyamide resins. The demand for Reactive polyamide resins application will be driven by increasing surface coatings & adhesives demand in marine and construction.

Linoleic Acid / Soya Fatty Acid:

During F.Y. 2018-19, the Company had worked on improvement in quality of this product and was in dialogue with a large paint company for a sizable volume on regular basis. It finally materialized during F.Y. 2019-20 and since then, Company has been supplying this product regularly every month.

Soya Fatty Acid and a result was able to push the sales of said product. The end use of both - Linoleic Acid and Soya Fatty Acid - is same i.e. for making Alkyd Resins which in turn is used in making paints. There is some qualitative difference. Linoleic Acid is a better product compared to Soya Fatty Acid and is preferred when premium / decorative grade paint is needed.

INTERMEDIATE NUTRACEUTICALS:

The word Nutraceutical is derived from two words viz. 'Nutrition' and 'Pharmaceutical'. When used in food, it provides health and nutrition benefits in addition to basic nutrition value present in food items. The consumers are now more health conscious and better informed about such nutritional products. The Company is mainly in the business of (natural) Tocopherols and Sterols – intermediate nutraceuticals and they are exclusively exported. Tocopherols have anti-oxidant properties. Tocopherols, after they are further concentrated by customers, are then used in (a) Pet Food, (b) food as it prevents rancidity. Tocopherols when converted into Natural Vitamin E finds the application in Pharmaceutical, cosmetic etc. Sterols after they are further concentrated, finds its use in making of Cortico Steroids and as food additive.

Due to unremunerative prices of the product exported by the Company, being intermediate in nature vis-à-vis price expectation of Indian suppliers of its specific raw material, the Company did limited business of this stream during the F.Y. 2019-20. The Company hopes to bounce back in this business from F.Y. 2021-22 onwards once its ongoing project of achieving higher concentration of tocopherols and as a result thereof obtain separate stream of sterols which can further be processed for getting highly concentrated sterols gets going by end of F.Y. 2020-21.

Strengths, Opportunities and Threat:

The major strength in Oleo Chemical business is Company's ability to process by-products having no technical specifications and make higher grade fatty acids and nutraceuticals intermediate finished products meeting stringent quality standards. The Company enjoys leadership position in its area of business. Another advantage in favour of the Company is its strong customer and supplier relationship of more than 20 years.

Ideally, there is a place for one company in this business of Oleo Chemicals and Nutraceuticals in India due to limited availability of the main raw material within India. The import of the said raw material with applicable basic import duty is not a very viable proposition at current prices of raw material as well as prime finished product obtained therefrom.

HUMAN RESOURCE MANAGEMENT:

Out of all the resources, human capital is of immense importance which may decide overall growth of Oleo Chemicals business. Human capital has the inherent capacity of delivering more than 100 % unlike other resources. During the year, the Company went for additional welfare measures to secure the employees of the Company. During the year, the industrial relations very cordial. As at March 31, 2020, the Company had 191 employees on the payroll of the Company.

OUTLOOK:

The outlook of Oleo Chemicals business appears to be promising. The Company is continuously working on process optimization and strives to explore the ways to beat the inflation and thereby maintain / reduce per unit processing cost. This is one area where the Company benefits without any corresponding loss to either its customer or supplier of raw material and so this benefit is permanent.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

There are adequate internal control systems for financial reporting. Internal audit has been done by a firm of Chartered Accountants. The Company is continuously exploring to strengthen its internal control either based on feedback of statutory / internal auditors or based on the need felt from day to day operations. With effect from December, 2018, entire finance dept. is shifted to the office at works and so now all the employees of the Company are at single location. This has its own advantages.

**Performance review:**

No.	Ratios	F.Y. 2019-20	F.Y. 2018-19

Impact of COVID-19 Pandemic

COVID-19 Pandemic has created health scare and resulted in economic disruption in India. The manufacturing operations at the Oleo Chemicals plant of the Company at Chekhala were stopped to comply with the directions of Central Govt. vide notification dated March 24, 2020. The Company continued to monitor the business situation and decided to defer re-starting of the said plant to May 21, 2020. Since the beginning of June, 2020, the business visibility has improved. The Company, however, remains cautious considering the fact that covid-19 cases continue to rise and partial lockdown is continuing in Maharashtra State which is commercially quite important. To ensure adequate liquidity and timely availability of funds, the Company has availed the benefit of moratorium of 3 EMLs on term loans.

MEETINGS OF THE BOARD:

During the Financial Year 2019-20, 5 (five) meetings of the Board of Directors took place. For further details, please refer Report on Corporate Governance.

LISTING:

The Company's securities are listed with BSE Limited and National Stock Exchanges of India Limited. The Company has paid the listing fees for F.Y. 2020-21 on the paid up equity share capital.

**BUSINESS RESPONSIBILITY REPORT:**

The Business Responsibility Reporting, as prescribed under Regulation 34 of SEBI (LODR) Regulations, 2015 is annexed to this Report.

CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES:

All contracts / arrangements / transactions with related parties entered into by the Company during the financial year with related parties were in the ordinary course of business and on an arm's length basis. During the year, the Company had not entered into any contract / arrangement / transaction with related parties which could be considered material in accordance with related party transactions.

The policy on Related Party Transactions as approved by the Board is uploaded on the Company's website.

INTERNAL CONTROL AND ITS ADEQUACY :

The Company has, commensurate with its size, single operational location and resultant requirement, Internal Control system. A well-known firm of Chartered Accountants carried out internal audit of the said system. Based on the recommendation / report of the said Internal Auditors which are presented to the Audit Committee, required corrective actions were initiated / taken by the Company.

Internal Financial Controls

The Directors have laid down policies and procedures which are adopted by the company for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information;

FRAUD :

During the year, no fraud was reported by the statutory auditors under section 143(12) of the Act.

CORPORATE SOCIAL RESPONSIBILITY:

The Corporate Social Responsibility Committee had formulated and recommended to the Board a Corporate Social Responsibility Policy which has been approved by the Board. The other details of the CSR activities as required U/s. 135 of The Companies Act, 2013 are given in the CSR Report as Annexure to Directors' Report.

RISK MANAGEMENT POLICY:

The Company has put in place Risk Management Plan. The Company has identified following elements of risk which in the opinion of the Board may threaten the existence of the Company:

- (1) Severe simultaneous drought in those Soya producing countries of the world on which Indian Crude Soya Oil refining is partly dependent.
- (2) Development of new and substantially cheaper manufacturing technologies using altogether new inputs for making various kinds of resins which are required for making paints, printing ink, hardeners.

The Company has identified other hard vegetable oils such as Palm to which it can switch over to in the extreme event of non-availability of soya based raw materials throughout or major part of the year.

STATUTORY AUDITORS AND THEIR REPORT:

- f) Appointment of Mr. Anurag Surana (DIN: 00006665), as an Independent Director to fill casual vacancy arising from the resignation of Mr. Darius Pandole (DIN: 00727320).
- g) Appointment of Mr. Dwarko Topan Khilnani (DIN:01824655), as an Independent Director to fill casual vacancy arising from the resignation of Mr. Viren Joshi (DIN: 01331107). Since Mr. Khilnani has attained the age of 77 years necessary Special Resolution pursuant to the provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment)

Regulations, 2018 (together referred as 'the Regulations') is being placed for the approval of Members at the ensuing Annual General Meeting.

- h) Appointment of Ms. Anuradha Thakur (DIN: 06702919), as an Independent Woman Director to fill casual vacancy arising from the resignation of Ms. Radhika Pareira (DIN:00016712). Since Mrs. Thakur aged 73 years and who shall attain the age of 75 years during her tenure, necessary Special Resolution pursuant to the provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 (together referred as 'the Regulations') is being placed for the approval of Members at the ensuing Annual General Meeting.
- i) Appointment of Mr. Mahesh Babani (DIN: 00051162), Managing Director as Chairman of the Board effective from close of business hours of August 12, 2020, thereby making him Chairman & Managing Director of the Company.
- j) Appointment of Mr. Bhaktvatsala Rao Doppalapudi (DIN: 00356218), Director as Executive Director, subject to approval of Shareholders at ensuing Annual General Meeting.
- k) Appointment of Mr. Narayan S Iyer as Chief Financial Officer (KMP) of the Company w.e.f. opening hours of August 13, 2020
- l) Appointment of Mr. Ramesh Kathuria as Company Secretary and Compliance Officer (KMP) of the Company w.e.f. opening hours of August 13, 2020
- m) Resignation of M/s Price Waterhouse & Co, Chartered Accountants LLP, as statutory Auditors of the Company one year before their scheduled tenure.
- n) Reconstitution of various Committees of the Board.

B. at the meeting of the Board of Directors held on August 17, 2020,

- a) Appointment of M/s B S R & Co., LLP, Chartered Accountants as Statutory Auditors of the Company, subject to approval at the ensuing Annual General Meeting.
- b) Adoption of Memorandum of Association along with the change in Object Clause, subject to approval at the ensuing Annual General Meeting.
- c) Adoption of new set of Articles of Association, subject to approval at the ensuing Annual General Meeting.
- d) Fixation of Remuneration payable to Mr. Mahesh P Babani, Chairman & Managing Director and Mr. Bhaktavatsala Rao Doppalapudi, Executive Director of the Company, subject to approval at the ensuing Annual General Meeting.

For and on behalf of the Board of Directors,

Place : Mumbai
Date : August 17, 2020

Mahesh P Babani
Chairman & Managing Director
(DIN: 00051162)

ANNEXURE TO DIRECTORS' REPORT – DISCLOSURES ON MANAGERIAL REMUNERATION

Details of remuneration as required under Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is provided below:

- (A) No of permanent employees on the rolls of the Company: 191.
 (B) The percentage increase in the median remuneration of employees in FY 2020 stood at 11.12%.
 (C) Relationship between the average increase in remuneration and the Company's performance:

Given below are the key financial parameters reflecting Company's performance.

		March 31, 2020	March 31, 2019	Growth
		Rs. in Crores		(In%)
1	Total Revenue	313.08	249.87	25.30
2	Profit before Depreciation, Finance Costs and Tax expense	57.42	40.40	42.13
3	Profit before Tax	44.88	29.22	53.59
4	Profit after Tax	36.55	21.52	69.84
5	Earnings per share Basic (As per annual reports for respective years) (Rs.)	9.36	5.51	69.87
6	Market Capitalisation	1,876.58	1810.17	3.67
7	Return on Capital Employed	32.64	28.20	15.74

- (D) Average percentile increase already made in salaries of employees other than managerial personnel in last financial year and its comparison with the percentile increase in managerial remuneration.

The average increase in the remuneration of all employees was 6.80% for the F.Y. 2019-20. There was no increase in the remuneration of Managing Director. The increase in the remuneration of CFO and Company Secretary was 6%

The average increase in the remuneration of both, the managerial and non-managerial personnel was determined based on the overall performance of the Company. Further, the criteria for remuneration of non-managerial personnel is based on an internal evaluation of key performance areas (KPA's), while the remuneration of the managerial personnel is based on the remuneration policy as recommended by the Nomination & Remuneration Committee and approved by the Board of Directors.

There were no exceptional circumstances which warranted an increase in managerial remuneration which was not justified by the overall performance of the Company.

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2020

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
FAIRCHEM SPECIALITY LIMITED
CIN:L15140MH1985PLC286828

Works & Office:
253/P & 312, Village – Chekhala,
Sanand – Kadi Highway,
Taluka – Sanand,
Dist. Ahmedabad – 382 115

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by FAIRCHEM SPECIALITY LIMITED (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives whether electronically or otherwise during the conduct of secretarial audit; we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2020 and made available to us, according to the provisions of:

- 1) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- 2) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- 3) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- 4) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

REPORT ON CORPORATE GOVERNANCE

[Pursuant to Regulation 34(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 under Uniform Listing Agreement]

1. Company's Philosophy on the Code of Governance

Corporate Governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures transparency, responsibility and accountability. The Company believes in upholding highest standard of ethics, integrity, transparency and accountability in conducting the affairs of the Company so as to disseminate the information to the stakeholders in transparent manner. We have, therefore, designed our systems and action plans to enhance performance and stakeholders' value in the long run. To create a culture of good governance, your Company has adopted practices that comprise of performance accountability, effective management control, constitution of Board Committees as a part of the internal control system, fair representation of professionally qualified, non-executive and Independent Directors on the Board, adequate and timely compliance, disclosure of information on performance, ownership and governance of the Company and payment of statutory dues.

The Compliance Report on Corporate Governance herein signifies compliance of all mandatory requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 [the Listing Regulations]. We believe, Corporate Governance is not just a destination, but a journey to constantly improve sustainable value creation. It is an upward-moving target that we collectively strive towards achieving.

2. Board of Directors

• Composition of the Board of Directors (Board)

The composition of the Board of Directors of the company is in conformity with the requirement of Regulation 17 of SEBI (LODR) Regulations, 2015 as amended from time to time.

In compliance with the Corporate Governance norms in terms of constitution of the Board, headed by Non-executive Chairman, the Board currently has Two Executive Directors and Nine Non-executive Directors, out of which Six are Independent Directors including one woman Director, representing optimum combination of professionalism, knowledge and experience to ensure the independence of the Board and to separate the Board functions of governance and management, who have considerable experience in their respective fields. Non-Executive and Independent Directors have expert knowledge in the fields of finance, taxation, legal and industry. Thus, the Board represents a balanced mix of professionals, who bring the benefits of their knowledge and expertise.

• Board Skills / Expertise / Competencies

Fairchem Board is a skill based Board comprising of Directors who collectively have the skills, knowledge and experience to effectively govern and direct the organization, the present size of the Board is appropriate for effective decision making. The mapping of the skills, expertise and competence among the Directors which is identified by the Company are also actually available with the Board and is as given below:

- (b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

Yes and it extends to the subsidiaries of the Company also. The Company gives due importance to ethics and transparency and it percolates down to the last level. The Company has a Code of Conduct duly approved by its Board of Directors. The said code is applicable to all Board Members and Senior Management. For all the employees, the Company has a set of rules and SOP to ensure the right conduct and preserve the financial interest of the Company.

The Company keeps a close watch on its labour contractors to ensure that such policy is followed by them also. As far as other external stakeholders such as suppliers of goods and services (other than manpower), other contractors etc. are concerned, the Company cannot enforce the same. The Company, however, views such acts, if any, of bribery and corruption on the part of any of such external agencies either single handedly or in collusion with employee(s) very seriously and takes appropriate action.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

As stated in the Corporate Governance Report, no complaint was received from the investors during the financial year 2019-20. During the year, no complaint was received from any of our customers pertaining to quality of our finished goods. Other complaints, if any, are immediately attended to as and when they arise by the concerned departments in consultation with senior management.

Principle 2

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- (a) Dimer Acid
- (b) Linoleic Acid / Soya Fatty Acid
- (c) Dedorizer Distillate (Mixed Tocopherol Concentrate)

All the finished products of the Company's including its three prime products viz. (A) Dimer Acid, (B) Linoleic Acid / Soya Fatty Acid and (C) Deodorizer Distillate (Mixed Tocopherol Concentrate) are manufactured by using natural source raw materials generated during different kinds of vegetable oil refining by oil refineries. The Company has in place mechanism for re-use of some portion of process water after treating the same. The Company also has tied up with a third party of treatment / incineration of its effluents. The company is having the goal of reaching zero discharge of waste water from its operations.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

- (a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?
- (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

The Company uses, as its raw materials, by-products generated in very small quantities by vegetable oil refineries during refining of vegetable oils to make the oils edible grade as the prime resource. The Company also uses water, steam coal, furnace oil, diesel, electricity as the resources.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

- (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Yes. The company has a well-defined and practiced procedure in place including transportation for sourcing its raw materials from across India – right from West Bengal in East to Tamilnadu in South. The test for the full proof set up is in the fact that it works even when there is continuous increase in volume.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

- (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The manufacturing plant of the Company was set up in a remote village more than 25 years back. The surrounding areas are mainly used for agricultural purposes. As raw materials of the Company are available from vegetable oil refineries, the Company has to source the same from wherever they exist and are available. As far as requirement of other goods and services are concerned, the Company does source the same from local suppliers of goods and services.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Yes. The Company does recycle part of its process water mainly for domestic use. As far as recycling of products is concerned, we start our manufacturing operations by using the by-products of vegetable oil refineries which are 'waste' products of the said refineries. We make different prime and residual products from the use of said waste products and realise values for each of the product stream.

Principle 3

- Please indicate the Total number of employees - Total Number of employees as on 31-03-2020 were 191.
- Please indicate the Total number of employees hired on temporary/contractual/casual basis.
Total Number of such employees as on 31-03-2020 were 120
- Please indicate the Number of permanent women employees. NIL
- Please indicate the Number of permanent employees with disabilities - NIL
- Do you have an employee association that is recognized by management :
No. There is no such association. The employees, however, has access to the top management to represent their case / grievance, if any.
- What percentage of your permanent employees is members of this recognized employee association? Not Applicable
- Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1	Child labour/forced labour / involuntary labour	Not Applicable as the Company does not hire such labour.	Not Applicable
2	Sexual harassment	NIL	NIL
3	Discriminatory employment	NIL	NIL

- What percentage of your under mentioned employees were given safety & skill up- gradation training in the last year?
 - Permanent Employees – About 36 % of employees were given training of safety, first aid, housekeeping and cleanliness practices.
 - Permanent Women Employees – Not applicable
 - Casual / Temporary / Contractual Employees – 11 security personnel were given training of firefighting and equipments handling.
 - Employees with disabilities – Not Applicable.

Principle 4

- Has the company mapped its internal and external stakeholders? Yes. The shareholders / investors including promoters, employees including contract employees, business associates, suppliers of goods and providers of services, residents / occupants of surrounding areas, Central Govt., State Govt. and local bodies are the stakeholders.
- Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders. Yes.
- Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

The Company, through its CSR spending, helps the families of such stakeholders.

Principle 5

- Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/ Others? The policy on human rights extends to all the stakeholders and is applied in day to day business operations.
- How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management? No complaint from any of the stakeholders was received during the F.Y. 2019-20.

Principle 6

- Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.
- Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.

3. Does the company identify and assess potential environmental risks? Y/N
4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?
5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.
6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?
7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

To address global environmental issues such as climate change, global warming etc., the Company's strategy is to minimise the GHG & usage of Natural Resources by re-use/re-cycle and continuous technological up gradations. Company has taken initiatives like Process Heat recoveries through PHEs & Steam Generators, waste water recycle through RO System, less Steam requirement by MEEs (Multi Effect Evaporators), Energy Efficient Motors & Capacitors for Electrical Power etc. Company has voluntarily achieved zero discharge status by installation of RO, MEE & ATFD. Also Multi-Cyclones & Bag Filters to maintain the quality of Emission Gases from Boilers & Thermic Fluid Heaters. Plantation activity in available open land has been a continuous process.

Principle 7

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:
 - (A) The Company is a member of Gujarat Chamber of Commerce and Industry (GCCl). GCCl works to create and sustain an environment conducive to the growth of industry and trade in the State of Gujarat.
 - (B) The Company is also registered with CHEMEXCIL which is an export promotion council administered by The Ministry of Commerce and Industry.
2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

No.

Principle 8

1. Does the company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof. The details are given in Report on CSR elsewhere included in this report.
2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization? The CSR initiatives during the year were undertaken by in-house team.
3. Have you done any impact assessment of your initiative? Yes. The team implementing such initiative carries out impact assessment.
4. What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken. The details are covered in Report on CSR elsewhere included in this report.
5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so. Yes. We include few persons from village willing to volunteer in such initiative for preserving / maintaining the work done by the Company under CSR.

Principle 9

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year. NIL
2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. / Remarks(additional information). All our finished products are in liquid form and are generally sold to industrial users. The list of documents which accompany the dispatch include lab. analysis report in case of prime products. No product label is required to be attached under any law.
3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so. No case is filed against the Company. Further, since the company is in B2B segment, Company does not advertise its products in any newspapers, TV media or on social platform.
4. Did your company carry out any consumer survey/ consumer satisfaction trends? No. Most of our customers are regular customers and not one time customer. Their repeat orders are an indication of the satisfaction at their end.

ANNEXURE II

PRINCIPLES TO ASSESS COMPLIANCE WITH ENVIRONMENTAL, SOCIAL AND GOVERNANCE NORMS

[See Regulation 34(2)(f)]

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Businesses should develop governance structures, procedures and practices that ensure ethical conduct at all levels; and promote the adoption of this principle across its value chain. Businesses should communicate transparently and assure access to information about their decisions that impact relevant stakeholders.
2. Businesses should not engage in practices that are abusive, corrupt, or anti-competition.
3. Businesses should truthfully discharge their responsibility on financial and other mandatory disclosures.
4. Businesses should report on the status of their adoption of these Guidelines as suggested in the reporting framework in this document.
5. Businesses should avoid complicity with the actions of any third party that violates any of the principles contained in these Guidelines

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. Businesses should assure safety and optimal resource use over the life-cycle of the product – from design to disposal – and ensure that everyone connected with it- designers, producers, value chain members, customers and recyclers are aware of their responsibilities.
2. Businesses should raise the consumer's awareness of their rights through education, product labelling, appropriate and helpful marketing communication, full details of contents and composition and promotion of safe usage and disposal of their products and services.
3. In designing the product, businesses should ensure that the manufacturing processes and technologies required to produce it are resource efficient and sustainable.
4. Businesses should regularly review and improve upon the process of new technology development, deployment and commercialization, incorporating social, ethical, and environmental considerations.
5. Businesses should recognize and respect the rights of people who may be owners of traditional knowledge, and other forms of intellectual property.
6. Businesses should recognize that over-consumption results in unsustainable exploitation of our planet's resources, and should therefore promote sustainable consumption, including recycling of resources.

Principle 3: Businesses should promote the wellbeing of all employees

1. Businesses should respect the right to freedom of association, participation, collective bargaining, and provide access to appropriate grievance Redressal mechanisms.
2. Businesses should provide and maintain equal opportunities at the time of recruitment as well as during the course of employment irrespective of caste, creed, gender, race, religion, disability or sexual orientation.
3. Businesses should not use child labour, forced labour or any form of involuntary labour, paid or unpaid.
4. Businesses should take cognizance of the work-life balance of its employees, especially that of women.
5. Businesses should provide facilities for the wellbeing of its employees including those with special needs. They should ensure timely payment of fair living wages to meet basic needs and economic security of the employees.
6. Businesses should provide a workplace environment that is safe, hygienic humane, and which upholds the dignity of the employees. Business should communicate this provision to their employees and train them on a regular basis.
7. Businesses should ensure continuous skill and competence upgrading of all employees by providing access to necessary learning opportunities, on an equal and non-discriminatory basis. They should promote employee morale and career development through enlightened human resource interventions.
8. Businesses should create systems and practices to ensure a harassment free workplace where employees feel safe and secure in discharging their responsibilities.

Principle 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

1. Businesses should systematically identify their stakeholders, understand their concerns, define purpose and scope of engagement, and commit to engaging with them.
2. Businesses should acknowledge, assume responsibility and be transparent about the impact of their policies, decisions, product & services and associated operations on the stakeholders.
3. Businesses should give special attention to stakeholders in areas that are underdeveloped.
4. Businesses should resolve differences with stakeholders in a just, fair and equitable manner

**Principle 5: Businesses should respect and promote human rights**

1. Businesses should understand the human rights content of the Constitution of India, national laws and policies and the content of International Bill of Human Rights. Businesses should appreciate that human rights are inherent, universal, indivisible and interdependent in nature.
2. Businesses should integrate respect for human rights in management systems, in particular through assessing and managing human rights impacts of operations, and ensuring all individuals impacted by the business have access to grievance mechanisms.
3. Businesses should recognize and respect the human rights of all relevant stakeholders and groups within and beyond the workplace, including that of communities, consumers and vulnerable and marginalized groups.
4. Businesses should, within their sphere of influence, promote the awareness and realization of human rights across their value chain.
5. Businesses should not be complicit with human rights abuses by a third party.

Principle 6: Business should respect, protect, and make efforts to restore the environment

1. Businesses should utilize natural and manmade resources in an optimal and responsible manner and ensure the sustainability of resources by reducing, reusing, recycling and managing waste.
2. Businesses should take measures to check and prevent pollution. They should assess the environmental damage and bear the cost of pollution abatement with due regard to public interest.
3. Businesses should ensure that benefits arising out of access and commercialization of biological and other natural resources and associated traditional knowledge are shared equitably.
4. Businesses should continuously seek to improve their environmental performance by adopting cleaner production methods, promoting use of energy efficient and environment friendly technologies and use of renewable energy.
5. Businesses should develop Environment Management Systems (EMS) and contingency plans and processes that help them in preventing, mitigating and controlling environmental damages and disasters, which may be caused due to their operations or that of a member of its value chain.
6. Businesses should report their environmental performance, including the assessment of potential environmental risks associated with their operations, to the stakeholders in a fair and transparent manner.
7. Businesses should proactively persuade and support its value chain to adopt this principle.

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Businesses, while pursuing policy advocacy, must ensure that their advocacy positions are consistent with the Principles and Core Elements contained in these Guidelines.
2. To the extent possible, businesses should utilize the trade and industry chambers and associations and other such collective platforms to undertake such policy advocacy.

Principle 8: Businesses should support inclusive growth and equitable development

1. Businesses should understand their impact on social and economic development, and respond through appropriate action to minimise the negative impacts.
2. Businesses should innovate and invest in products, technologies and processes that promote the wellbeing of society.
3. Businesses should make efforts to complement and support the development priorities at local and national levels, and assure appropriate resettlement and rehabilitation of communities who have been displaced owing to their business operations.
4. Businesses operating in regions that are underdeveloped should be especially sensitive to local concerns.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

1. Businesses, while serving the needs of their customers, should take into account the overall well-being of the customers and that of society.
2. Businesses should ensure that they do not restrict the freedom of choice and free competition in any manner while designing, promoting and selling their products.
3. Businesses should disclose all information truthfully and factually, through labelling and other means, including the risks to the individual, to society and to the planet from the use of the products, so that the customers can exercise their freedom to consume in a responsible manner. Where required, businesses should also educate their customers on the safe and responsible usage of their products and services.
4. Businesses should promote and advertise their products in ways that do not mislead or confuse the consumers or violate any of the principles in these Guidelines.
5. Businesses should exercise due care and caution while providing goods and services that result in over exploitation of natural resources or lead to excessive conspicuous consumption.
6. Businesses should provide adequate grievance handling mechanisms to address customer concerns and feedback.

CEO AND CFO CERTIFICATION

The Managing Directors and the Chief Financial Officer of the Company give annual certification on financial reporting and internal controls to the Board in terms of Regulation 17(8) of SEBI (LODR) Regulations, 2015. COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE

To,
The Members,
FAIRCHEM SPECIALITY LIMITED
CIN: L15140MH1985PLC286828

We have examined all relevant records of **FAIRCHEM SPECIALITY LIMITED** for the purpose of certifying compliance of conditions of Corporate Governance as stipulated under para C and D of Schedule V read with Regulation 34(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the year ended on March 31, 2020.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company. This certificate is neither an assurance as to the further viability of the Company nor of the effectiveness with which the management has conducted the affairs of the Company.

On the basis of the examination of the records produced (including receipt of documents by way of electronic means on account of ongoing pandemic of Covid - 19), explanations and information furnished, we certify that the Company has complied with the mandatory conditions of the Corporate Governance as stipulated in para C of Schedule V read with Regulation 34 (3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

This certificate is issued solely for the purpose of complying with the aforesaid regulations and may not be suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fairchem Speciality Limited

Report on the audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Fairchem Speciality Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>i) Revenue Recognition</p> <p>Refer to Note 2 (c), 31 and 50 to the Standalone financial statements.</p> <p>The Company recognises revenue from sale of goods at a point in time in accordance with the principles of Ind AS 115.</p> <p>The Management evaluates customer contracts in respect of the said revenue for identification of performance obligations, allocation of consideration to identified performance obligations and recognition of revenue at a point in time based on timing when control is transferred to customer.</p> <p>We focused on this area as revenue is required to be recognised in accordance with the terms of the customer contracts which involves management evaluation as described above and there is an inherent risk of material misstatement; and further, disclosures are required to be made in accordance with the applicable accounting standards.</p>	<p>Our testing of revenue transactions was designed to cover certain customer contracts.</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding, evaluating the design and testing the operating effectiveness of controls over revenue recognition. • Evaluating appropriateness of the accounting policy for revenue recognition. • Assessing appropriateness of management's significant judgements in accounting for identified contracts such as identification of performance obligation and allocation of consideration to identified performance obligation; • Evaluating the contract terms for assessment of the timing of transfer of control to the customer to assess whether revenue is recognised appropriately over a period of time or at a point in time (as the case may be) based on timing when control is transferred to customer • Testing whether the revenue recognition is in line with the terms of customer contracts and the transfer of control; and • Evaluating adequacy of the presentation and disclosures <p>Based on the above stated procedures, no significant exceptions were noted in revenue recognition including those relating to presentation and disclosures.</p>

Key audit matter	How our audit addressed the key audit matter
<p>ii) Physical verification of Inventory</p> <p>Refer to Note 12 to the standalone financial statements.</p> <p>As at March 31, 2020, the Company has inventory of Rs. 3,771.10 lakhs. Physical verification of these Inventories was conducted subsequent to year end by the management, due to lockdown restrictions imposed by the government.</p> <p>In order to arrive at the quantities of inventory that existed as at the year end, roll-back procedures were performed on the quantities of inventory counted on those dates by adding back the sales and deducting the purchases made during the period from the end of the financial year till the date of actual verification of inventory, from the quantities counted.</p> <p>We considered this as Key audit matter considering the nature of inventory, significance and magnitude of inventory balances, timing of physical verification of inventory and consequential performance of alternate procedures.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding, evaluating the design and testing the operating effectiveness of controls over inventory count and the roll back procedures. • Management's reports and procedures over the roll back of inventory from the date of physical verification back to March 31, 2020 were tested on a sample basis through inspection of purchase and sales records. • Consequent to lifting of lockdown restrictions, we observed the physical verification process of Inventory subsequent to the year end and performed roll back procedures to obtain sufficient and appropriate audit evidence about the existence and condition of inventory at the balance sheet date. <p>Based on the above procedures performed, the alternate procedures conducted for physical count of inventory, subsequent to year end, to determine its existence and condition as at the year-end, as determined by the management is considered to be reasonable.</p>

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the standalone financial statements

6. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone financial statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if,

individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

13. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
 - g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 45;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2020;
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020.
15. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 14(f) of the Independent Auditors' Report of even date to the members of Fairchem Speciality Limited on the standalone financial statements for the year ended March 31, 2020

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

- We have audited the internal financial controls with reference to financial statements of Fairchem Speciality Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

- The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

- Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
- Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

- A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

- Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**ANNEXURE B TO INDEPENDENT AUDITORS' REPORT**

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of Fairchem Speciality Limited on the standalone financial statements as of and for the year ended March 31, 2020

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) The title deeds of immovable properties, as disclosed in Note 4 on Property, plant and Equipment to the financial statements, are held in the name of the Company.
- ii. The physical verification of inventory have been conducted at reasonable intervals by the Management during the year. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it. The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 of the Act.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products.

We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, duty of customs, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities. Also refer note 45(a) to the standalone financial statements regarding management's assessment on certain matters relating to provident fund.

Further, for the period March 1, 2020 to March 31, 2020, the Company has paid Goods and Service Tax and filed GSTR 1 and GSTR3B after the due date but within the timelines allowed by Central Board of Indirect Taxes and Customs under the Notification Number 32/2020, 33/2020 and 34/2020 - Central Tax dated April 3, 2020 on fulfilment of conditions specified therein.

- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, duty of excise, goods and services tax and duty of customs which have not been deposited on account of any dispute. The particulars of dues of sales tax, service tax and value added tax as at March 31, 2020 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs. In lakhs)	Period to which the amount relates	Forum where the dispute is pending
Service Tax The Finance Act, 1994	Demand in respect of Cenvat credit reversal	3.85	February, 2013 to November, 2014	The Commissioner (Appeal) Central Excise, Ahmedabad
		2.44	December, 2014 to August, 2015	
Central Sales Tax Act, 1956 and The Gujarat Value Added Tax 2003	Demand in respect of Input Tax Credit	4.71	Year 2011-12	Dy. Commissioner of Commercial Tax – Appeal, Ahmedabad
		8.22	Year 2012-13	Dy. Commissioner of Commercial Tax – Appeal, Ahmedabad

viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government as at the balance sheet date. The Company has not issued any debentures as at the balance sheet date.

Further, in view of the extension of time granted vide a circular of Reserve Bank of India (RBI), RBI/2019-20/186 dated March 27, 2020 for the payment of interest and principal for term loans falling due between March 1, 2020 and May 31, 2020, the Company has availed the moratorium for payment of the aforesaid dues on term loans outstanding to HDFC Bank Limited.

- ix. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act. Also refer paragraph 15 of our main audit report.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

1 Background of the Company

Fairchem Speciality Limited (Formerly known as Adi Finechem Limited) (the “Company”) was incorporated in May, 1985 as “H. K. Agro Oil Ltd.” under the provisions of the Companies Act, 1956. The Company is engaged in manufacturing of Speciality Oleo Chemicals. The manufacturing facility is set up at Village Chekhala, Ta. Sanand, Dist. Ahmedabad, Gujarat. The equity shares of the Company are listed on BSE Limited and National Stock Exchange of India Ltd.

2 Significant accounting policies

This Note provides a list of the significant accounting policies adopted by the Company in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

i) Compliance with Ind AS

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the ‘Act’) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

As prescribed by the Ind AS, if the particular Ind AS is not in conformity with the applicable laws, the provisions of the said law shall prevail and financial statements shall be prepared in conformity with such laws. Consequently, the Company has applied this norm while preparing the financial statements.

ii) New standards or interpretations adopted by the Company

The Company has applied the following amendment for the first time for its annual reporting period commencing April 1, 2019:

Ind AS 116 – Leases

The Ministry of Corporate Affairs (MCA) has notified the Companies (Indian Accounting Standards), 2019 on March 30, 2019 which includes Ind AS - 116 “Leases”. The Company has applied Ind AS 116, Leases for the first time for their annual reporting period commencing April 01, 2019.

The Company changed its accounting policy as a result of adopting Ind AS 116.

Other amendments:

On March 30, 2019, the Ministry of Corporate Affairs (MCA) notified certain other amendments to Indian Accounting Standards (Ind AS), as part of the Companies (Indian Accounting Standards) Second Amendment Rules, 2019.

- i) Ind AS - 12 “Income taxes”, Appendix C - Uncertainty over income tax treatments
- ii) Amendment to Ind AS - 12 “Income taxes”
- iii) Ind AS – 19 “Employee benefits”, Plan amendment, curtailment or settlement
- iv) Ind AS - 23 “Borrowing costs”
- v) Ind AS 28, “Investments in associates and Joint-Ventures”, Long-term interests in Associates and Joint-ventures
- vi) Ind AS 109 “Financial Instruments”, Prepayment Features with Negative Compensation
- vii) Ind AS 103, “Business Combination”
- viii) Ind AS 111, “Joint Arrangements”

The above other amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

iii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities that is measured at fair value ; and
- Defined benefit plans - plan assets measured at fair value.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

iv) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, all other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle, or
- It is held primarily for the purpose of trading, or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, all other liabilities are classified as non-current.

b) Foreign currency transactions and translations

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Indian rupee (INR), which is Fairchem Speciality Limited's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the reporting date are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other incomes/expenses.

c) Revenue recognition

Sale of products

Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer upon dispatch or delivery, in accordance with the terms of customer contracts. Revenue is recognised at an amount that the Company expects to receive from customers that is net of trade discounts, rebates and goods and services tax (GST). The Company does not have any contracts where the transfer of the promised goods to customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction price for the time value of money.

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

Export benefit entitlements under Duty Drawback and Merchandise Exports from India Scheme (MEIS) are recognised when the right to receive credit as per the terms of the scheme is established in respect of the exports and there is no uncertainty in receiving the same.

d) Income tax

The income tax expense or credit for the period is the tax on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset deferred tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity in which case, the tax is recognised in other comprehensive income or directly in equity, respectively.

e) Investments in Subsidiary

Investments in subsidiary company is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investment in subsidiary company, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

f) Leases

As Lessee

(Till March 31, 2019)

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

With effect from April 01, 2019

The Company has applied Ind AS 116 for the first time for the annual reporting period commencing April 1, 2019.

Company as a lessee:

From April 1, 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components.

Lease liabilities:

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

The lease payments are discounted using the lessee's incremental borrowing rate. Lease payments are allocated between principal and finance cost.

The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right of use assets:

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, and lease payments made at or before the commencement date less any lease incentives received.

g) Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Assets are reviewed for possible reversal of the impairment at the end of each reporting period.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

i) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate (EIR) method, less provision for impairment, if any.

j) Inventories

Raw materials, packing material, stores and fuel, work in progress and finished goods are stated at the lower of cost and net realisable value. The cost of raw materials, packing materials, stores and fuel are determined based on first-in, first-out (FIFO) method and comprises cost of purchase. The cost of semi-finished goods comprises raw materials, direct labour, and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale .

k) Financial assets and liabilities

(i) Financial assets

1. Classification

The Company classifies its financial assets in the following measurement categories:

- at fair value (either through other comprehensive income, or through profit or loss), and
- at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable selection at the time of initial recognition to account for the equity

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

2. Initial Recognition and Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

3. Subsequent Measurement

Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any. The amortisation of EIR and loss or gains arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI): Financial assets that are held within a business model whose objective is, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to "Profit or Loss" in the Statement of Profit and Loss.

Measured at fair value through profit or loss (FVPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at Fair Value through Other Comprehensive Income (FVOCI) are not reported separately from other changes in fair value.

4. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115 only, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109 i.e. expected credit loss allowance as computed based on historical credit loss experience.

5. Derecognition

A financial asset is de-recognised only when the Company

- has transferred the rights to receive cash flows from the financial asset or,
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

6. Income recognition

Interest income from debt instruments is recognised using the EIR method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(ii) Financial liabilities:

1. Initial Recognition and Measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue of the financial liability.

2. Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

3. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

l) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

m) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/expense.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful life as per technical evaluation. Estimated useful life of the assets/significant component thereof are as under:

<u>Assets class</u>	<u>Useful life in years</u>
• Buildings	10 to 30
• Plant and Equipment	10 to 25
• Electrical Installations	10
• Office Equipments and Computers	3 to 5
• Furniture and Fixtures	10
• Vehicles	6 to 8

Depreciation methods and useful lives are reviewed at each financial year end and adjusted if appropriate.

Amortisation of leased assets are over the Lease period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

n) Intangible Assets and amortisation

Intangible assets with finite useful life are stated at cost of acquisition, less accumulated depreciation/ amortisation and impairment loss, if any. Cost includes taxes, duties and other incidental expenses related to acquisition and other incidental expenses. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of respective intangible assets.

Assets class

Useful life in years

- Computer software

3

o) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income/expenses.

q) Borrowings costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

r) Provisions and Contingencies

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

s) Employee Benefits

(i) Defined contribution plans

Contributions to retirement benefit plans in the form of provident fund, employee state insurance scheme and pension scheme as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Company has no further payment obligations once the contributions have been paid.

(ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees, which is funded. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

employment. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of each year. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Gratuity Fund contributions are made to a trust administered by the Company which has further invested in Life Insurance Corporation. The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

(iii) Other employee benefits

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

t) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Directors who are identified as the chief operating decision makers. The managing directors assess the financial performance and position of the company, and make strategic decisions.

u) Earnings per share

i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

v) Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, or decimal thereof as per the requirement of Schedule III, unless otherwise stated.

3 Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

The areas involving critical estimates or judgements are:

- Estimation of defined benefit obligation – Note 30
- Impairment of trade receivables – Note 42
- Estimation of useful life of tangible assets – Note 4

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company.

30 (a) Provision for Employee Benefits

	As at March 31, 2020		As at March 31, 2019	
	Current	Non-current	Current	Non-current
Compensated absences	33.76	114.33	32.09	89.54
Gratuity	-	-	25.41	-
Total Provision for Employee Benefits	33.76	114.33	57.50	89.54

(b) Long term employee benefit obligations**Compensated absences**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

	As at March 31, 2020	As at March 31, 2019
Current leave obligations expected to be settled within the next 12 months	33.76	32.09

(c) Post employment obligations**Defined benefit plans****Gratuity**

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972 and as per Company policy. The amount of gratuity payable on retirement/termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan. The scheme is funded with Adi Finchem Limited Employees Group Gratuity Assurance Scheme which in-turn, has taken Group Gratuity Scheme of the Life Insurance Corporation of India in the form of a qualifying insurance policy.

Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and ESI which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue.

The expense recognised during the period towards defined contribution plan are :

	Year ended on March 31, 2020	Year ended on March 31, 2019
Employer's Contribution to Provident Fund	38.58	33.84
Employer's Contribution to Employees' State Insurance	3.36	5.69
Employer's Contribution to Employees' Pension Scheme 1995	24.93	20.83
	66.87	60.36

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Benefit payments	(13.33)	13.33	-
As at March 31, 2020	274.25	(276.69)	(2.44)

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

The net liability disclosed above relating to funded and unfunded plans are as follows:

	As at March 31, 2020	As at March 31, 2019
Fair value of plan assets	(276.69)	(207.82)
Present value of funded obligations	274.25	233.23
(Surplus)/Deficit of gratuity plan	(2.44)	25.41

Categories of plan assets are as follows:

	As at March 31, 2020	As at March 31, 2019
Insurer managed funds	(276.69)	(207.82)
Total	(276.69)	(207.82)

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

	As at March 31, 2020	As at March 31, 2019
Discount Rate	6.85%	7.50%
Salary growth Rate	0% for F.Y. 2020-21;12% for F.Y. 2021-22;10% for F.Y. 2022-23;8% thereafter	10% p.a. for next 3 years & 8% p.a. thereafter
Withdrawal Rate	2% at all ages	2% at all ages

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
Discount Rate	0.50%	0.50%	(13.86)	(11.20)	15.15	12.24
Salary growth Rate	0.50%	0.50%	14.87	12.07	(13.19)	(11.15)
Withdrawal Rate	10.00%	10.00%	(0.47)	(0.12)	0.47	0.12

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Risk exposure:

- i Investment Risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
- ii Liquidity Risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company, there can be strain on the cash flows.
- iii Market Risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
- iv Legislative Risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation.

The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending March 31, 2021 are INR 29.27 lakhs (March 31, 2020 INR 25.41 lakhs).

The weighted average duration of the defined benefit obligation is 11 years (2019 – 10 years). The expected maturity analysis of undiscounted gratuity is as follows:

	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
As at March 31, 2020					
Defined benefit obligation (gratuity)	49.56	5.02	30.88	188.79	274.25
As at March 31, 2019					
Defined benefit obligation (gratuity)	54.82	7.44	20.82	150.15	233.23

Fair value hierarchy

All financial instruments have been measured at amortised cost. For all financial instruments referred above which have been measured at amortised cost, their carrying values are reasonable approximations of their fair values. The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). All financial instruments referred above have been classified as Level 3.

The categories used are as follows :

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. Considering that all significant inputs required to fair value such instruments are observable, these are included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

Valuation technique used to determine fair value

The fair value of the financial instruments is determined using discounted cash flow analysis.

Valuation processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO).

Fair value of financial assets/liabilities measured at amortised cost

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, investments, margin money deposits, loans to employees, security deposits, trade payables, capital creditors, interest accrued but not due on borrowings, unclaimed dividends, employee benefit payable and other deposits are considered to be as their fair values, due to their current nature.

The fair values of borrowings have been calculated based on cash flows discounted using a current lending rate. They are classified as level 3 in the hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

For Level 3 financial instruments, the fair value has been based on present values and the discount rates used, are adjusted for counterparty or own risk.

42 Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's management has overall responsibility for the establishment and oversight of the Company's risk management framework. The key risks and mitigating actions are also placed before the Board of directors of the Company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and to control and monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Risk Management framework of the Company is supported by the Finance team and experts of respective business divisions that provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The activities are designed to:

- Protect the Company's financial results and position from financial risks
- Maintain market risks within acceptable parameters, while optimising returns; and
- Protect the Company's financial investments, while maximising returns.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

Cash and cash equivalents & bank balances

The Company is also exposed to credit risk on cash and cash equivalents and bank balances other than cash and cash equivalents. These balances (other than cash on hand) are with high credit rating banks which are governed by Reserve Bank of India. The company believes its credit risk in such bank balances is immaterial.

Security deposits and other receivables

With respect to other financial assets namely security and other deposits and other receivables, the maximum exposure to credit risk is the carrying amount of these classes of financial assets presented in the balance sheet.

Trade receivables

The Company measures the expected credit loss of trade receivables from customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends which is very negligible.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**

Movement in impairment provision

	Amount
As at April 01, 2018	12.00
Impairment loss recognised	37.06
Balance as at March 31, 2019	49.06
Impairment loss reversed	(7.06)
Balance as at March 31, 2020	42.00

(B) Management of Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company maintains flexibility in funding by maintaining availability under committed credit lines.

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. Material and sustained shortfall in cash flow could undermine the company's credit rating and impair investor confidence. The company maintained a cautious funding strategy, with a positive cash generation from operating activities throughout the year ended March 31, 2020 and March 31, 2019.

Financing Arrangement

The Company has access to the following undrawn borrowing facilities at the end of the reporting period.

	As at March 31, 2020	As at March 31, 2019
Floating rate		
Current Borrowings	1,262.63	794.91
Non current Borrowings	500.43	-

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Maturities of financial liabilities

The following table shows the maturity analysis of the company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance sheet date:

Contractual maturities of financial liabilities As at March 31, 2020	Notes	Carrying amount	Less than 12 months	More than 12 months	Total
Borrowings *	22, 24, 26	6,667.26	5,034.10	1,633.16	6,667.26
Trade payables	25	640.60	640.60	-	640.60
Interest accrued but not due on borrowings	26	14.39	14.39	-	14.39
Unclaimed dividends	26	17.87	17.87	-	17.87
Creditors for Capital Goods	26	176.77	176.77	-	176.77
Employee benefit payable	26	200.08	200.08	-	200.08
Total liabilities		7,716.97	6,083.81	1,633.16	7,716.97

Contractual maturities of financial liabilities As at March 31, 2019	Notes	Carrying amount	Less than 12 months	More than 12 months	Total
Borrowings *	22, 24, 26	5,689.29	4,860.15	829.14	5,689.29
Trade payables	25	999.97	999.97	-	999.97
Interest accrued but not due on borrowings	26	12.47	12.47	-	12.47
Unclaimed dividends	26	16.53	16.53	-	16.53
Creditors for Capital Goods	26	84.38	84.38	-	84.38

Total liabilities		7,001.91	6,172.77	829.14	7,001.91

* After considering unamortised expenses of Rs. 12.33 Lakhs as at March 31, 2020 (March 31, 2019: Rs. 6.42 Lakhs).

(C) **Management of Market Risk**

Market risk comprises of foreign currency risk and interest rate risk. Foreign currency risk arises from transactions that are undertaken in a currency other than the functional currency of the company. Further, the financial performance and financial position of the company is exposed to foreign currency risk that arises on outstanding receivable and payable balances at a reporting year end date. Interest rate risk arises from variable rate borrowings that expose the company's financial performance, financial position and cash flows to the movement in market rates of interest.

Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US\$. The Company imports capital goods and raw materials and exports finished goods. The company also pays interest, legal and professional fees and travelling and conveyance in foreign currency.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

Foreign currency exposure

	As at March 31, 2020	As at March 31, 2019
	USD in Lakhs	USD in Lakhs
Financial Assets		
Trade Receivables	0.98	3.17
Exposure to foreign currency assets	0.98	3.17
Financial Liabilities		
Packing credit	0.43	0.77
Trade Payable	-	0.39
Exposure to foreign currency liabilities	0.43	1.16

Sensitivity - Foreign Currency

The sensitivity of profit or loss to changes in the exchange rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2020	For the year ended March 31, 2019
USD Sensitivity		
INR/USD increase by 5%*	2.07	6.93
INR/USD decrease by 5%*	(2.07)	(6.93)

* Holding all other variables constant

Interest rate risk

The Company is mainly exposed to interest rate risk due to its floating interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The Company mitigates the interest rate risk for borrowing in functional currency, which is linked with MCLR, by negotiating and fixing the rate at the time of renewal of bank facility which remains effective for one year from the date of renewal. In case of borrowing in foreign currency, which is linked with USD Libor rate, the company mitigates the risk by fixing the margin at the time of renewal of bank facility which remains effective for one year from the date of renewal.

The Company has various non current and current borrowings whose facilities are on a variable interest rate basis. Refer below table for interest rate exposure.

Interest Rate Exposure

The exposure of Company's borrowings to interest rate changes at the end of the reporting period are as follows:

	As at March 31, 2020	As at March 31, 2019
Variable Rate Borrowings	6,667.26	5,689.29

Sensitivity - Interest Rate

The sensitivity of profit or loss to higher/(lower) interest expense from borrowings as a result of change in borrowing rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2020	For the year ended March 31, 2019
Interest Rates - increase by 0.5%*	(3.24)	(2.87)
Interest Rates - decrease by 0.5%*	3.24	2.87

* Holding all other variables constant

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

43. Capital management

(All amounts in Rs. Lakhs, unless otherwise stated)

(a) Risk management

The Company considers the following components of its Balance Sheet as managed capital:

Total equity as shown in the balance sheet includes share capital and retained earnings.

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, reduce capital or issue new shares.

Consistent with others in the industry, the company monitors capital on the basis of the following gearing ratios:

Net debts (Total borrowings net of cash and cash equivalents)

divided by

Total 'equity' (as shown in the Balance Sheet)

The gearing ratios were as follows:

	As at March 31, 2020	As at March 31, 2019
Net Debts *	6,665.17	5,687.65
Total Equity	12,858.08	10,261.59
Net Debt to Equity Ratio	0.52	0.55

* After considering unamortised expenses of Rs. 12.33 Lakhs as at March 31, 2020 (March 31, 2019: Rs. 6.42 Lakhs).

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future periods. Refer the below note for the final dividend declared and paid.

(b) Dividend

	For the year ended March 31, 2020	For the year ended March 31, 2019
Equity shares		
Final dividend for the year ended March 31, 2019 - Rs. 2.50 (March 31, 2018- Rs. 1.50) per fully paid up share	976.57	564.15
Dividends not recognised at the end of the reporting period		
In addition to the above dividends, since year end, the directors have recommended the payment of a final dividend of INR 1.50 per fully paid equity share (March 31, 2019 – Rs. 2.50 per fully paid up share). This proposed dividend is subject to the approval of shareholders in the ensuing annual general meeting.	585.94	976.57

Total	53.90	76.70

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

The company is contesting the demands and the management believes that its position is likely to be upheld in the appellate process. It is not practicable to estimate the timing of cash outflows, if any in respect of legal matters, pending resolution of the proceedings with the appellate authorities.

The Company has evaluated the impact of Supreme Court ("SC") judgement dated February 28, 2019 in the case of Regional Provident Fund Commissioner (II) West Bengal v/s Vivekananda Vidyamandir and Others, in relation to exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to Provident Fund ("PF") under the Employees' Provident Fund & Miscellaneous Provisions Act, 1952. There are interpretation issues relating to the said SC judgement. Based on such evaluation, management has concluded that effect of the aforesaid judgement on the Company is not material and accordingly, no provision has been made in the financial statements.

(b) Capital Commitments

	As at March 31, 2020	As at March 31, 2019
Estimated value of contracts in capital account remaining to be executed	1,506.14	887.42
Total	1,506.14	887.42

46 Events occurring after reporting period

The Company evaluated subsequent events through June 23, 2020, the date the financial statements were available for issuance, and determined that there were no additional material subsequent events requiring disclosure.

47 Assets hypothecated and / or mortgaged as security

The carrying amounts of assets hypothecated and / or mortgaged as security for borrowings are:

Total current assets hypothecated as security		7,559.00	6,613.75

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

48 Segment reporting

In accordance with Ind AS -108 'Operating Segment', segment information has been given in the Consolidated Financial Statements of Fairchem Speciality Limited, and therefore, no separate disclosure on segment information is given in the Standalone Financial Statements.

49 Leases**Company as lessee**

The entity has reclassified leasehold land under Property, Plant & Equipments as Right of use assets on the date of initial application of Ind AS 116 - Leases.

There are no other lease arrangements entered into by the Company. Hence, there is no impact on the transition to Ind AS 116.

50 Ind AS 115 – Revenue from Contracts with Customers

The Company has adopted Ind-AS 115 "Revenue from Contracts with Customers" which is effective from April 1, 2018. The Company has opted for modified retrospective approach and accordingly, reviewed its existing customer contracts in this regard.

Management has used judgement in respect of matters such as identification of performance obligations; allocation of consideration to identified performance obligations and recognition of revenue over a period of time or at a point in time based on timing when control is transferred to customer.

The adoption of this standard does not have any material impact to the standalone financial statements of the Company.

(A) The Company is primarily in the Business of manufacture and sale of Speciality Oleo Chemicals. All sales are made at a point in time and revenue recognised upon satisfaction of the performance obligations which is typically upon dispatch or delivery. The Company has a credit evaluation policy based on which the credit limits for the trade receivables are established. The Company does not give significant credit period resulting in no significant financing component.

(B) Reconciliation of revenue recognised from Contract liability:

	As at March 31, 2020	As at March 31, 2019
Opening Contract liability	35.42	33.13
Less: Recognised as revenue during the year	(916.05)	(962.09)
Add: Addition to contract liability during the year	900.43	965.21
Add: Other Adjustments	-	(0.83)
Closing Contract liability	19.80	35.42

(C) Reconciliation of revenue as per contract price and as recognised in statement of profit and loss:

	For the year ended March 31, 2020	For the year ended March 31, 2019
Revenue from contract with customer as per Contract price	30,628.96	25,039.32
Less: Discounts and incentives	(16.73)	(6.61)
Less:- Sales Returns /Credits / Reversals	(33.14)	(187.11)
Revenue from contract with customer as per statement of profit and loss	30,579.09	24,845.60

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Disaggregation of Revenue from contract with customers

	For the year ended March 31, 2020	For the year ended March 31, 2019
India	29,494.45	22,247.75
Middle East	63.59	526.62
North America	1,021.05	2,071.23
	30,579.09	24,845.60

51 Impact of Covid 19

The COVID-19 pandemic has disrupted many business operations globally due to lockdown and other directives imposed by the governments. The sole manufacturing plant of the Company closed its operations from March 25, 2020. The Company has resumed production with effect from May 21, 2020 and is expected to achieve normal business operations from June, 2020. The Company has evaluated the impact of this pandemic on its business operations, liquidity and financial position and based on management's assessment of current indicators and economic conditions there is no material impact on its financial statements as at March 31, 2020. However, the impact assessment of COVID-19 is a continuing process and the Company will continue to monitor any material changes to future economic conditions.

52 Scheme of Arrangement and Amalgamation

The Board of Directors of the Company, in its meeting held on 22nd May, 2019, had approved a Composite Scheme of arrangement and amalgamation ('the Scheme') amongst Fairchem Speciality Limited (FSL), Fairchem Organics Limited (FOL) and Privi Organics India Limited (POIL), two wholly owned subsidiaries of the Company and their respective shareholders for Demerger of FSL's undertaking carrying on speciality oleo chemicals and nutraceuticals business and vesting the same into FOL and Amalgamation of POIL, manufacturers of aroma chemicals, into and with FSL, under Sections 230 to 232 read with Section 66 and other applicable provisions of the Companies Act, 2013. The Company has obtained approval of the said scheme from the stock exchanges. Pursuant to the directions of National Company Law Tribunal (NCLT), Mumbai Bench vide its Order dated January 22, 2020, the Company obtained the requisite approval of the Shareholders of the Company by convening and holding (physical) meeting of the equity shareholders of the Company on Tuesday, February 25, 2020. The Company has filed petition for approval of the Scheme with NCLT through electronic mode (e-filing) on May 31, 2020 which was admitted by NCLT on June 12, 2020 and the final hearing is scheduled on June 30, 2020.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fairchem Speciality Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Fairchem Speciality Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), (refer Note 56 to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2020, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records. (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, of consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The following Key Audit Matter has been reproduced from our report on the audit of standalone financial statements of the Holding Company.

Key audit matter	How our audit addressed the key audit matter
<p>i) Revenue Recognition</p> <p>Refer to Note 2 (d), 32 and 50 to the consolidated financial statements.</p> <p>The Holding Company recognises revenue from sale of goods at a point in time in accordance with the principles of Ind AS 115.</p> <p>The Management evaluates customer contracts in respect of the said revenue for identification of performance obligations, allocation of consideration to identified performance obligation and recognition of revenue at a point in time based on timing when control is transferred to customer.</p> <p>We focused on this area as revenue is required to be recognised in accordance with the terms of the customer contracts which involves management evaluation as described above and there is an inherent risk of material misstatement; and further, disclosures are required to be made in accordance with the applicable accounting standards.</p>	<p>Our testing of revenue transactions was designed to cover certain customer contracts.</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding, evaluating the design and testing the operating effectiveness of controls over revenue recognition. • Evaluating appropriateness of the accounting policy for revenue recognition. • Assessing appropriateness of management's significant judgements in accounting for identified contracts such as identification of performance obligation and allocation of consideration to identified performance obligation; • Evaluating the contract terms for assessment of the timing of transfer of control to the customer to assess whether revenue is recognised appropriately over a period of time or at a point in time (as the case may be) based on timing when control is transferred to customer • Testing whether the revenue recognition is in line with the terms of customer contracts and the transfer of control; and • Evaluating adequacy of the presentation and disclosures <p>Based on the above stated procedures, no significant exceptions were noted in revenue recognition including those relating to presentation and disclosures.</p>

Key audit matter	How our audit addressed the key audit matter
<p>ii) Physical verification of Inventory</p> <p>Refer to Note 12 to the consolidated financial statements.</p> <p>As at March 31, 2020, the Holding Company has inventory of Rs. 3,771.10 lakhs. Physical verification of these Inventories was conducted subsequent to year end by the management, due to lockdown restrictions imposed by the government.</p> <p>In order to arrive at the quantities of inventory that existed as at the year end, roll-back procedures were performed on the quantities of inventory counted on those dates by adding back the sales and deducting the purchases made during the period from the end of the financial year till the date of actual verification of inventory, from the quantities counted.</p> <p>We considered this as Key audit matter considering the nature of inventory, significance and magnitude of inventory balances, timing of physical verification of inventory and consequential performance of alternate procedures.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding, evaluating the design and testing the operating effectiveness of controls over inventory count and the roll back procedures. • Management's reports and procedures over the roll back of inventory from the date of physical verification back to March 31, 2020 were tested on a sample basis through inspection of purchase and sales records. • Consequent to lifting of lockdown restrictions, we observed the physical verification process of Inventory subsequent to the year end and performed roll back procedures to obtain sufficient and appropriate audit evidence about the existence and condition of inventory at the balance sheet date. <p>Based on the above procedures performed, the alternate procedures conducted for physical count of inventory, subsequent to year end, to determine its existence and condition as at the year-end, as determined by the management is considered to be reasonable.</p>

5. The following Key Audit Matter and related audit procedures were communicated by the auditors of Privi Organics India Limited, a subsidiary of the Holding Company, vide communication dated June 23, 2020, which is reproduced by us as under:

Key audit matter	How our audit addressed the key audit matter
<p>Valuation of Work in progress and finished goods inventory</p> <p>The company has work in progress (WIP) inventory of Rs. 7,639 lakhs and finished goods inventory (including GIT) of Rs. 12,651 lakhs as at 31 March 2020.</p> <p>The valuation of WIP and finished goods is considered to be a key audit matter due to significant judgement required to be exercised by the management in respect of determining the purity and recovery factors, the process weight allocations for apportionment of overheads, and allocation of cost to intermediate products involved in arriving at the valuation of inventories.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient audit evidence: -</p> <ul style="list-style-type: none"> • Compared rates of raw material, Finished goods and overheads with the previous periods to assess the reasonableness and in case of variances noted, to obtain reasons which could be co-related to other audit evidence. • Assessed the reasonableness of key assumptions made by the Management for purity factors /recovery factors, process weight, cost allocations in line with past period and in case of any variations, obtain explanation from the management which corroborate with our knowledge of business and other audit evidences. • Assessed the overhead allocation to verify the same is in line with the normal capacity of the production facilities and is comparable to the previous periods and variances are appropriately explained in line with our understanding of our operations. • Verified the subsequent conversion of WIP into finished goods on a test-check basis.

Other Information

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. We did not audit the financial statements of one subsidiary and two step down subsidiaries whose financial statements reflect total assets of Rs. 138,368.44 lakhs and net assets of Rs. 61,204.89 lakhs as at March 31, 2020, total revenue of Rs. 132,411.30 lakhs, total comprehensive income (comprising of profit and other comprehensive income) of Rs. 14,666.01 lakhs and net cash flows amounting to Rs. 6,848.25 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements of the aforementioned subsidiary and its two step down subsidiaries have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

16. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of internal financial controls with reference to financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group – Refer Note 47 to the consolidated financial statements.
 - ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts as at March 31, 2020– Refer note 27 to the Consolidated financial statements in respect of such items as it relates to the Group;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
 - iv) The reporting on disclosures relating to Specified Bank Notes is not applicable to the Group for the year ended March 31, 2020.
17. The holding company and its subsidiaries incorporated in India have paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 16(f) of the Independent Auditors' Report of even date to the members of Fairchem Speciality Limited on the consolidated financial statements for the year ended March 31, 2020

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2020, we have audited the internal financial controls with reference to financial statements of Fairchem Speciality Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to financial statements**

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company and one step down subsidiary company which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1 Background of the Group

Fairchem Speciality Limited (Formerly known as Adi Finechem Limited) (the “Company”) was incorporated in May, 1985 as “H. K. Agro Oil Ltd.” under the provisions of the Companies Act, 1956. The Company is engaged in manufacturing of Speciality Oleo Chemicals. The manufacturing facility is set up at Village Chekhala, Ta. Sanand, Dist. Ahmedabad, Gujarat. The equity shares of the Company are listed on BSE Limited and National Stock Exchange of India Ltd.

2 Significant accounting policies

The Consolidated Financial Statements include the Financial Statements of Fairchem Speciality Limited, the parent Company and all of its wholly owned subsidiary companies (collectively referred to as ‘Group’) (Refer note 56).

This Note provides a list of the significant accounting policies adopted by the Group in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

i) Compliance with Ind AS

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

As prescribed by the Ind AS, if the particular Ind AS is not in conformity with the applicable laws, the provisions of the said law shall prevail and financial statements shall be prepared in conformity with such laws. Consequently, the Group has applied this norm while preparing the financial statements.

ii) New standards or interpretations adopted by the Group

The Group has applied the following amendment for the first time for its annual reporting period commencing April 1, 2019:

Ind AS 116 – Leases

The Ministry of Corporate Affairs (MCA) has notified the Companies (Indian Accounting Standards), 2019 on March 30, 2019 which includes Ind AS - 116 “Leases”. The Group has applied Ind AS 116, Leases for the first time for their annual reporting period commencing April 01, 2019.

The Group changed its accounting policy as a result of adopting Ind AS 116.

Other amendments:

On March 30, 2019, the Ministry of Corporate Affairs (MCA) notified certain other amendments to Indian Accounting Standards (Ind AS), as part of the Companies (Indian Accounting Standards) Second Amendment Rules, 2019.

- i) Ind AS - 12 “Income taxes”, Appendix C - Uncertainty over income tax treatments
- ii) Amendment to Ind AS - 12 “Income taxes”
- iii) Ind AS – 19 “Employee benefits”, Plan amendment, curtailment or settlement
- iv) Ind AS - 23 “Borrowing costs”
- v) Ind AS 28, “Investments in associates and Joint-Ventures”, Long-term interests in Associates and Joint-ventures
- vi) Ind AS 109 “Financial Instruments”, Prepayment Features with Negative Compensation
- vii) Ind AS 103, “Business Combination”viii) Ind AS 111, “Joint Arrangements”

The above other amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

iii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities that is measured at fair value ; and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

- Defined benefit plans - plan assets measured at fair value.

iv) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, all other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle, or
- It is held primarily for the purpose of trading, or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, all other liabilities are classified as non-current.

b) Principles of consolidation

The Consolidated Financial Statements include the Financial Statements of Fairchem Speciality Limited, the parent Company and all of its wholly owned subsidiary companies (collectively referred to as 'Group') (Refer note 56).

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the Financial Statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

c) Foreign currency transactions and translations

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the reporting date are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other incomes/expenses.

(iii) Translations

On consolidation, the assets and liabilities of foreign operations are translated from USD at the rate of exchange prevailing at the reporting date and their statement of profit and loss are translated at the average exchange rates prevailing for the year. The exchange differences arising on translation for consolidation are recognised in OCI under Foreign Currency Translation Reserve. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

d) Revenue recognition

Sale of products

Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer upon dispatch or delivery, in accordance with the terms of customer contracts. Revenue is recognised at an amount that the Group expects to receive from customers that is net of trade discounts, rebates and goods and services tax (GST). The Group does not have any contracts where the transfer of the promised goods to customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction price for the time value of money.

A contract liability is the obligation to transfer goods to the customer for which the Group has received consideration from the customer. Contract liabilities are recognised as revenue when the Group performs under the contract.

Income in respect of insurance and other claims is recognized only on reasonable certainty of ultimate collection as per the requirement of the accounting standards.

Export incentives are recognised when the right to receive credit as per the terms of the scheme is established in respect of the exports and there is no uncertainty in receiving the same.

Interest revenue is calculated by using the effective interest method for financial assets measured at amortised cost.

Dividend income is recognised when the right to receive payment is established.

e) Income tax

The income tax expense or credit for the period is the tax on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset deferred tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiary where the group is able to control the timing of the reversal of the temporary difference and it is probable that the difference will not reverse in the foreseeable future.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity in which case, the tax is recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate tax ('MAT') under the provisions of the Income tax Act, 1961 is recognised as current tax in the Statement of Profit and loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent it is probable that the company will pay normal income tax during the year for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

f) Leases

As Lessee

(Till March 31, 2019)

Leases of property, plant and equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Group as a Lessee

(With effect from April 01, 2019)

The Group has applied Ind AS 116 for the first time for the annual reporting period commencing April 1, 2019.

Lease liabilities:

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the lessee's incremental borrowing rate. Lease payments are allocated between principal and finance cost.

The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right of use assets:

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, and lease payments made at or before the commencement date less any lease incentives received.

g) Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Assets are reviewed for possible reversal of the impairment at the end of each reporting period.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

i) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate (EIR) method, less provision for impairment, if any.

j) Inventories

Raw materials, packing material, stores and fuel, work in progress and finished goods are stated at the lower of cost and net realisable value. The cost of raw materials, packing materials, stores and fuel are determined based on first-in, first-out (FIFO) method and comprises cost of purchase. The cost of semi-finished goods comprises raw materials, direct labour, and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale .

k) Financial assets and liabilities

(i) Financial assets

1. Classification

The Group classifies its financial assets in the following measurement categories:

- at fair value (either through other comprehensive income, or through profit or loss), and
- at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable selection at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

2. Initial Recognition and Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

3. Subsequent Measurement

Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any. The amortisation of EIR and loss or gains arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI): Financial assets that are held within a business model whose objective is, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to "Profit or Loss" in the Statement of Profit and Loss.

Measured at fair value through profit or loss (FVPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at Fair Value through Other Comprehensive Income (FVOCI) are not reported separately from other changes in fair value.

4. Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115 only, the Group follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109 i.e. expected credit loss allowance as computed based on historical credit loss experience.

5. Derecognition

A financial asset is de-recognised only when the Group

- has transferred the rights to receive cash flows from the financial asset or,
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

6. Income recognition

Interest income from debt instruments is recognised using the EIR method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

(ii) Financial liabilities:

1. Initial Recognition and Measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue of the financial liability.

2. Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

3. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

l) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

m) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/expense.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful life as per technical evaluation. Estimated useful life of the assets/significant component thereof are as under:

<u>Assets class</u>	<u>Useful life in years</u>
• Buildings	10 to 30
• Plant and Equipment	10 to 25
• Electrical Installations	10
• Office Equipments and Computers	3 to 10
• Air Conditioners	5
• Furniture and Fixtures	10 to 16
• Vehicles	6 to 11

Depreciation methods and useful lives are reviewed at each financial year end and adjusted if appropriate.

Amortisation of leased assets are over the Lease period.

n) Intangible Assets and amortisation

Intangible assets with finite useful life are stated at cost of acquisition, less accumulated depreciation/ amortisation and impairment loss, if any. Cost includes taxes, duties and other incidental expenses related to acquisition and other incidental expenses. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of respective intangible assets.

With regard to internally generated intangible assets:

Expenditure on research activities, undertaken with the prospect of development of new products or gaining new technical knowledge and understanding, is recognised in profit or loss as incurred.

Capital expenditure on research and development is capitalized and depreciated as per accounting policy mentioned above. Revenue expenditure is charged off in the year in which it is incurred.

<u>Assets class</u>	<u>Useful life in years</u>
• Computer software	3 to 6
• Rights of sale of products	5
• Development rights	5

Development activities involve a plan or design for the production of new or substantially improved products or processes. Development expenditure is capitalised only if development costs can be measured reliably, the product or process is

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use the asset. The expenditure capitalised includes the cost of materials, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use, and directly attributable borrowing costs (in the same manner as in the case of tangible fixed assets). Other development expenditure is recognised in profit or loss as incurred.

Intangible assets are amortised in profit or loss over their estimated useful lives, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

o) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income/expenses.

q) Borrowings costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

r) Provisions and Contingencies

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

s) Employee Benefits

(i) Defined contribution plans

Contributions to retirement benefit plans in the form of provident fund, employee state insurance scheme and pension scheme as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Group has no further payment obligations once the contributions have been paid.

(ii) Defined benefit plans

The Group provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees, which is funded. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Group's liability is actuarially determined using the Projected Unit Credit method at the end of each year. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Gratuity Fund contributions are made to a trust administered by the Holding Company which has further invested in Life Insurance Corporation. The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

(iii) Other employee benefits

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

t) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Directors who are identified as the chief operating decision makers. The managing directors assess the financial performance and position of the Group, and make strategic decisions.

u) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

v) Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, or decimal thereof as per the requirement of Schedule III, unless otherwise stated.

3 Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

The areas involving critical estimates or judgements are:

- Estimation of defined benefit obligation – Note 31
- Impairment of trade receivables – Note 43
- Estimation of useful life of tangible assets – Note 4

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

Notes:

- (i) The Net block of tangible assets, amounting to Rs. 11,753.65 Lakhs (March 31, 2019 Rs. 10,599.94 Lakhs) are hypothecated and / or mortgaged as security for borrowings for the Holding Company.
- (ii) The Net block of Property, plant and equipments, amounting to Rs. 58,462.14 Lakhs (March 31, 2019 Rs. 37,373.58 Lakhs) are pledged as first charge security to term lending banks and second charges to working capital banks for POIL.
- (iii) Contractual obligations - Refer to note 47(b) for disclosure of contractual commitments for the acquisition of property, plant and equipment.
- (iv) Refer to note 46 - Leasehold land has been classified as Right of use asset as per Ind AS 116 for the Holding Company.
- (v) Plant and machinery includes an amount of Rs. 500.98 Lakhs (March 31, 2019 Rs. 374.01 Lakhs) that represent borrowing cost capitalized @ 8.6% (March 31, 2019 @ 8.6%) during the year for POIL.
- (vi) Gross Block includes Research and Development Assets (Building, Plant and Machinery, Furniture and Fixtures, Office Equipment and Intangible Assets) of Rs. 786.13 Lakhs (March 31, 2019 Rs. 712.54 Lakhs) and Net Block of Rs. 599.61 Lakhs (March 31, 2019 Rs. 329.67 Lakhs) for POIL. Addition for the Research and Development Assets during the year is Rs. 328.80 Lakhs (March 31, 2019 Rs. 73.59 Lakhs) for POIL.

	As at March 31, 2020	As at March 31, 2019
5 Capital Work in Progress		
Opening Balance	9,465.72	4,915.49
Addition during the year	22,561.34	18,063.86
Transfer during the year	28,057.22	12,912.47
Loss on account of Fire	-	601.16
Closing Balance	3,969.84	9,465.72

Capital work-in-progress mainly comprises of Building and Plant & Machinery.

The amount of expenditures recognised in the carrying amount of an item of Property, Plant and Equipments in the course of its construction:

	As at March 31, 2020	As at March 31, 2019
Pre-operative expenses pending allocation:		
Power and Fuel Consumed	223.34	199.68
Salary, Wages, Bonus, Ex-gratia and Provisions	298.16	164.49
Exchange Loss as per para 6E of Ind AS 23 - Borrowing Cost	108.73	147.03
Finance Costs	504.32	311.68
Total Pre-operative expenses	1,134.55	822.88
Add: Brought forward from Previous Year	291.85	184.19

31 (a) Provision for Employee Benefits

	As at March 31, 2020		As at March 31, 2019	
	Current	Non-current	Current	Non-current
Compensated absences	72.32	452.16	73.92	307.42
Gratuity	62.81	953.72	73.64	741.76
Total Provision for Employee Benefits	135.13	1,405.88	147.56	1,049.18

(b) Long term employee benefit obligations**Compensated absences**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

	As at March 31, 2020	As at March 31, 2019
Current leave obligations expected to be settled within the next 12 months	72.32	73.92

(c) Post employment obligations**Defined benefit plans****Gratuity**

Holding Company:

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972 and as per Company policy. The amount of gratuity payable on retirement/termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan. The scheme is funded with Adi Finechem Limited Employees Group Gratuity Assurance Scheme which in-turn, has taken Group Gratuity Scheme of the Life Insurance Corporation of India in the form of a qualifying insurance policy.

POIL:

The Company operates one post-employment defined benefit plan which is unfunded that provides gratuity. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement employees completing longer service periods, the Company's scheme is more favourable as compared to the obligation under Payment of Gratuity Act, 1972.

Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and ESI which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue.

The expense recognised during the period towards defined contribution plan are :

	Year ended on March 31, 2020	Year ended on March 31, 2019
Employer's Contribution to Provident Fund	336.32	288.91
Employer's Contribution to Employees' State Insurance	11.75	13.51
Employer's Contribution to Employees' Pension Scheme 1995	24.93	20.83
	373.00	323.25

Insurer managed funds	(276.69)	(207.82)
Total	(276.69)	(207.82)

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions for the Holding Company were as follows:

	As at March 31, 2020	As at March 31, 2019
Discount Rate	6.85%	7.50%
Salary growth Rate	0% for F.Y. 2020-21; 12% for F.Y. 2021-22; 10% for F.Y. 2022-23; 8% thereafter	10% p.a. for next 3 years & 8% p.a. thereafter
Withdrawal Rate	2% at all ages	2% at all ages

The significant actuarial assumptions for POIL were as follows:

	As at March 31, 2020	As at March 31, 2019
Discount Rate	6.84%	7.47%
Salary growth Rate	8.25%	8.25%
Attrition Rate	For service 2 years and below : 20% For service 3 to 4 Years : 10% For service 5 Years and above: 5%	For age 30 and below : 12% For age 31 to 40 years : 8% For age 41 to 50 years : 5% For age 51 and above : 1%
Mortality Tables	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions for the Holding Company is:

	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
Discount Rate	0.50%	0.50%	(13.86)	(11.20)	15.15	12.24
Salary growth Rate	0.50%	0.50%	14.87	12.07	(13.19)	(11.15)
Withdrawal Rate	10.00%	10.00%	(0.47)	(0.12)	0.47	0.12

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions for POIL is:

	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
Discount Rate	1.00%	1.00%	(82.62)	(63.51)	95.64	73.06
Salary growth Rate	1.00%	1.00%	93.37	71.09	(82.33)	(62.97)

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period, as calculated by Actuary.

Experience adjustment for last four* years for POIL

	As at March 31, 2020	As at March 31, 2019	As at March 31, 2018	As at March 31, 2017
Defined benefit obligation	1,016.53	789.99	627.56	522.23
Plan assets	-	-	-	-
Surplus/(deficit)	(1,016.53)	(789.99)	(627.56)	(522.23)
Experience adjustment on plan liabilities	43.72	54.61	23.63	31.42
Experience adjustment on plan assets	-	-	-	-

(*) POIL has been in existence for four years only.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

Risk exposure:

- i Investment Risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
- ii Liquidity Risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company, there can be strain on the cash flows.
- iii Market Risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
- iv Legislative Risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation.

The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending March 31, 2021 are INR 29.27 lakhs (March 31, 2020: INR 25.41 lakhs) for the Holding Company.

The weighted average duration of the defined benefit obligation is 11 years (March 31, 2019 – 10 years) for the Holding Company and 10 years (March 31, 2019 - 10 years) for POIL. The expected maturity analysis of undiscounted gratuity is as follows:

	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total
As at March 31, 2020					
Defined benefit obligation (gratuity)	112.37	64.58	248.42	1,978.72	2,404.09
As at March 31, 2019					
Defined benefit obligation (gratuity)	103.05	50.46	189.84	1,641.46	1,984.79

The Holding Company has elected to exercise the option under Section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019 from the current financial year. Accordingly, the provision for income tax and deferred tax balances have been recorded / remeasured using the new tax rate of 25.17%.

POIL has chosen to exercise the option of lower tax rate of 25.17% (inclusive of surcharge and cess) under section 115BAA of the Income tax act, 1961 as introduced by the Taxation laws (Amendment) Ordinance 2019. The impact of this change has been recognised in tax expenses for the year ended March 31, 2020 at the estimated annual effective tax rate.

41 c) Deferred tax liabilities

The balance comprises temporary differences attributable to:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Fair value hierarchy

All financial instruments have been measured at amortised cost. For all financial instruments referred above which have been measured at amortised cost, their carrying values are reasonable approximations of their fair values. The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). All financial instruments referred above have been classified as Level 3.

The categories used are as follows :

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. Considering that all significant inputs required to fair value such instruments are observable, these are included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

The fair value of the financial instruments is determined using discounted cash flow analysis.

Valuation processes

The finance department of the Group include teams that perform the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. These teams report directly to the Chief Financial Officers (CFOs').

Fair value of financial assets/liabilities measured at fair value

The fair values of the derivative financial instruments has been determined using valuation techniques with market observable inputs. The models incorporate various inputs including the credit quality of counter-parties and foreign exchange forward rates.

The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Fair value of financial assets/liabilities measured at amortised cost

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, investments, margin money deposits, loans to employees, security deposits, trade payables, capital creditors, interest accrued but not due on borrowings, unclaimed dividends, employee benefit payable and other deposits are considered to be as their fair values, due to their current nature.

The fair values of borrowings have been calculated based on cash flows discounted using a current lending rate. They are classified as level 3 in the hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

For Level 3 financial instruments, the fair value has been based on present values and the discount rates used, are adjusted for counterparty or own risk.

43 Financial risk management

The Group's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Group's management has overall responsibility for the establishment and oversight of the Group's risk management framework. The key risks and mitigating actions are also placed before the Board of directors of the Companies. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and to control and monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

The Risk Management framework of the Group is supported by the Finance team and experts of respective business divisions that provides assurance that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The activities are designed to:

- protect the Group's financial results and position from financial risks
- maintain market risks within acceptable parameters, while optimising returns; and
- protect the Group's financial investments, while maximising returns.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Management of Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations.

Cash and cash equivalents & bank balances

The Group is also exposed to credit risk on cash and cash equivalents and bank balances other than cash and cash equivalents. These balances (other than cash on hand) are with high credit rating banks which are governed by Reserve Bank of India. The Group believes its credit risk in such bank balances is immaterial.

Security deposits and other receivables

With respect to other financial assets namely security and other deposits and other receivables, the maximum exposure to credit risk is the carrying amount of these classes of financial assets presented in the balance sheet.

Trade receivables

The Group measures the expected credit loss of trade receivables from customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends which is very negligible.

	Carrying amount	
	As at March 31, 2020	As at March 31, 2019
Neither past due nor impaired	20,194.64	27,160.01
Past due 0-90 days	5,209.17	5,467.25
Past due 90-180 days	701.39	162.31
Past due 180-270 days	55.77	223.64
Past due 270-360 days	0.02	27.95

Balance as at March 31, 2019	59.92
Impairment loss recognised	15.58
Impairment loss reversed	(7.06)
Balance as at March 31, 2020	68.44

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

(B) Management of Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Group Management maintains flexibility in funding by maintaining availability under committed credit lines.

The Group's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. Material and sustained shortfall in cash flow could undermine the group's credit rating and impair investor confidence.

The Group maintained a cautious funding strategy, with a positive cash generation from operating activities for the year ended March 31, 2020 and March 31, 2019.

Maturities of financial liabilities

The following table shows the maturity analysis of the group's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance sheet date:

Contractual maturities of financial liabilities As at March 31, 2020	Notes	Carrying amount	Less than 12 months	More than 12 months	Total
Derivatives -forward contracts and Interest Rate Swap	27	1,615.18	1,615.18	-	1,615.18
Borrowings *	23, 25, 27	56,925.53	32,720.61	24,204.92	56,925.53

Total liabilities		77,801.99	59,718.79	18,083.20	77,801.99

* After considering unamortised expenses of Rs. 12.33 Lakhs as at March 31, 2020 (March 31, 2019: Rs. 6.42 Lakhs).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

(C) Management of Market Risk

Market risk comprises of foreign currency risk and interest rate risk. Foreign currency risk arises from transactions that are undertaken in a currency other than the functional currency of the Group. Further, the financial performance and financial position of the Group is exposed to foreign currency risk that arises on outstanding receivable and payable balances at a reporting year end date. Interest rate risk arises from variable rate borrowings that expose the Group's financial performance, financial position and cash flows to the movement in market rates of interest.

Foreign currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US\$ and EURO. The Group imports capital goods and raw materials and exports finished goods. The Group also pays interest, legal and professional fees and travelling and conveyance in foreign currency.

Foreign currency exposure

	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
	USD in Lakhs	USD in Lakhs	EURO in Lakhs	EURO in Lakhs
Financial Assets				
Cash and cash equivalents	10.64	1.33	0.42	-
Trade Receivables	185.80	222.76	10.35	22.64
Exposure to foreign currency assets	196.44	224.09	10.77	22.64
Financial Liabilities				
Borrowings	-	23.70	45.00	45.00
Buyers Credit	17.06	43.95	-	-
Packing credit	76.86	47.22	-	-
Working capital demand Loan	-	36.03	-	-
Trade payables and other financial liabilities	128.65	170.26	0.54	0.84
Other Current financial liabilities				
- Derivative Instruments Interest rate swap	19.95	6.77	1.34	1.29
Exposure to foreign currency liabilities	242.52	327.93	46.88	47.13

In case of POIL, Currency exposure for borrowings is exclusive of currency swap taken on IDFC loan of Rs. 4,000 Lakhs @ Rs. 64.42 per USD and currency swap taken on ICICI bank of Rs. 4,000 Lakhs @ Rs. 68.13 per USD classified as Indian currency loan.

Sensitivity - Foreign Currency

The sensitivity of profit or loss to changes in the exchange rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2020	For the year ended March 31, 2019
USD Sensitivity		
INR/USD increase by 5%*	(173.69)	(359.16)
INR/USD increase by 5%*	173.69	359.16
EURO Sensitivity		
INR/EURO increase by 5%*	(149.95)	(95.15)
INR/EURO decrease by 5%*	149.95	95.15

* Holding all other variables constant

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

Interest rate risk

The Group is mainly exposed to interest rate risk due to its floating interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The Group mitigates the interest rate risk for borrowing in functional currency, which is linked with MCLR, by negotiating and fixing the rate at the time of renewal of bank facility which remains effective for one year from the date of renewal. In case of borrowing in foreign currency, which is linked with USD Libor rate, the Group mitigates the risk by fixing the margin at the time of renewal of bank facility which remains effective for one year from the date of renewal.

The Group has various non current and current borrowings whose facilities are on a variable interest rate basis. Refer below table for interest rate exposure.

Interest Rate Exposure

The exposure of Group's borrowings to interest rate changes at the end of the reporting period are as follows:

	As at March 31, 2020	As at March 31, 2019
Fixed-rate instruments	50,198.77	42,344.35
Variable Rate Borrowings	6,708.76	6,447.64

Sensitivity - Interest Rate

The sensitivity of profit or loss to higher/(lower) interest expense from borrowings as a result of change in borrowing rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2020	For the year ended March 31, 2019
Interest Rates - increase by 0.5%*	(33.54)	(32.24)
Interest Rates - decrease by 0.5%*	33.54	32.24

* Holding all other variables constant

44 Capital management**(a) Risk management**

The Group considers the following components of its Balance Sheet as managed capital:

Total equity as shown in the balance sheet includes share capital, general reserve, retained earnings.

The Group aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Group considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, reduce capital or issue new shares.

Consistent with others in the industry, the Group monitors capital on the basis of the following gearing ratios:

Net debts (Total borrowings net of cash and cash equivalents)

divided by

Total 'equity' (as shown in the Balance Sheet)

The gearing ratios were as follows:

	As at March 31, 2020	As at March 31, 2019
Net Debts *	48,450.64	47,450.35
Total Equity	74,061.86	57,565.86
Net Debt to Equity Ratio	0.65	0.82

* After considering unamortised expenses of Rs. 12.33 Lakhs as at March 31, 2020 (March 31, 2019: Rs. 6.42 Lakhs).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The management monitors the return on capital as well as the level of dividends to shareholders. The Group's goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future periods. Refer the below note for the final dividend declared and paid.

(b) Dividend

	Impact on profit before tax	
	For the year ended March 31, 2020	For the year ended March 31, 2019
Equity shares		
Final dividend for the year ended March 31, 2019 - Rs. 2.50 (March 31, 2018- Rs. 1.50) per fully paid up share	976.57	564.15
Dividends not recognised at the end of the reporting period		
In addition to the above dividends, since year end, the directors have recommended the payment of a final dividend of Rs. 1.50 per fully paid equity share (March 31, 2019 – Rs. 2.50 per fully paid up share). This proposed dividend is subject to the approval of shareholders in the ensuing annual general meeting.	585.94	976.57

- 2) All outstanding balances are unsecured and payable in cash.

46 Ind AS 116 - Leases

Holding Company:

The entity has reclassified leasehold land under Property, Plant & Equipments as Right of use assets on the date of initial application of Ind AS 116 - Leases.

There are no other lease arrangements entered into by the Company. Hence, there is no impact on the transition to Ind AS 116.

POIL:

- (a) The Company has implemented Indian Accounting Standard for Leases ("Ind AS 116") with effect from April 1, 2019 using the modified retrospective approach, under which the cumulative effect of Initial application is recognized in retained earnings as on April 1, 2019. The effect of initial recognition as per Ind AS 116 is as follows:

	As on April 01, 2019
Lease liabilities	913.28
Right of Use (ROU) asset	893.41
Deferred tax assets	6.95
Net Impact on Retained Earnings	12.92

- (b) The difference between the future minimum lease rental commitments towards non-cancellable operating leases and finance leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to contracts reassessed as lease contracts under Ind AS 116, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 and exclusion of the commitments for the leases to which the Company has chosen to apply the practical expedient as per the standard.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

	Amount
Lease commitments as at March 31, 2019	913.28
Add: Impact of assessment of opening lease commitments under Ind AS 116	-
Lease liabilities as on April 01, 2019	913.28
 (c) Impact of adoption of Ind AS 116 for the year ended March 31, 2020 is as follows:	
	For the year ended March 31, 2020
Decrease in Other expenses by	(290.97)
Increase in Depreciation by (excludes depreciation on reclassified assets)	240.25
Increase in Finance cost by	76.75
Net Impact on Profit/Loss	26.03
 (d) Lease Expenses recognized in Profit and Loss statement not included in the measurement of lease liabilities:	
	For the year ended March 31, 2020
Variable lease payments	
Expenses relating to short-term leases	19.98
Expenses relating to leases of low-value assets, excluding short-term leases of low value	
 (e) Maturity analysis of lease liabilities– contractual undiscounted cash flows:	
	For the year ended March 31, 2020

Current lease liabilities	79.63
Non-Current lease liabilities	619.43
 (f) The Weighted average incremental borrowing rate of 9.40% p.a. for borrowings has been applied for measuring the lease liabilities at the date of initial application.	
 (g) The total cash outflow for leases for year ended March 31, 2020 is Rs. 220.25 Lakhs.	
 (h) Income from sub leasing of Right of use assets is Rs. NIL.	

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

47 Contingent Liabilities and commitments

(a) Contingent liabilities

	As at March 31, 2020	As at March 31, 2019
Claims against the Group not acknowledged as debt	15.00	15.00
Disputed excise and service tax liability	25.97	80.66
Disputed Value added tax and Central Sales Tax liability	12.93	12.93
Income Tax authorities	1,518.55	1,518.55
Disputed Custom Duty liability*	15.52	15.52
Total	1,587.97	1,642.66

*Demand of Rs. 15.52 Lakhs (out of which Rs. 6.00 Lakhs paid) raised by Customs, Excise and Service Tax Appellate Tribunal West Zonal Bench, Mumbai for clearance of imported goods under DEPB scheme. (Contravention of the provisions of Section 111 (o) of the Customs Act, 1962)

The Group is contesting the demands and the management believes that its position is likely to be upheld in the appellate process. It is not practicable to estimate the timing of cash outflows, if any in respect of legal matters, pending resolution of the proceedings with the appellate authorities.

The Group has evaluated the impact of Supreme Court ("SC") judgement dated February 28, 2019 in the case of Regional Provident Fund Commissioner (II) West Bengal v/s Vivekananda Vidyamandir and Others, in relation to exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to Provident Fund ("PF") under the Employees' Provident Fund & Miscellaneous Provisions Act, 1952. There are interpretation issues relating to the said SC judgement. Based on such evaluation, management has concluded that effect of the aforesaid judgement on the Group is not material and accordingly, no provision has been made in the financial statements.

(b) Commitments

	As at March 31, 2020	As at March 31, 2019
Capital Commitments		
Estimated value of contracts in capital account remaining to be executed	6,026.15	3,879.96
Other Commitments		
Bank Guarantee	4,813.00	3,804.42
LC's issued in favour of suppliers, but the material not dispatched	1,486.14	26.96
Total	12,325.29	7,711.34

48 Events occurring after reporting period

The Group evaluated subsequent events through June 23, 2020, the date the financial statements were available for issuance, and determined that there were no additional material subsequent events requiring disclosure.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

49 Segment reporting

During current financial year, in line with the changes in the structure for reporting financial information to the entity's chief operating decision maker (CODM) and Scheme of Arrangement (refer note 53 below) the Company and its subsidiaries has changed its Segment disclosures in the consolidated financial statements as per Ind AS 108 "Operating Segments", from previously reported segment being speciality chemicals to revised segments being (i) Oleo Chemicals and Intermediate Neutraceuticals and (ii) Aroma chemicals. The Group's chief operating decision makers (CODM) consists of Managing Directors.

The Segment Revenue, Segment Results, total carrying amount of Segment Assets, total carrying amount of Segment Liabilities, total cost incurred to acquire segment assets, the total amount charged for depreciation and amortisation during the year are all as reflected in the consolidated financial statements for the year ended March 31, 2020 and as on that date.

Oleo Chemicals and Intermediate Neutraceuticals includes business of Fairchem Speciality Limited and Fairchem Organics Limited and Aroma chemicals business includes business of Privi Organics India Limited and its subsidiaries.

CODM primarily uses a measure of Earnings before Interest and Tax (EBIT) (See below) to assess the performance of the operating segments. However, CODM also receives information about the segment's revenue and assets on quarterly basis.

Adjusted EBIT excludes the effect of significant item of income and expenditure which may have impact on the quality of earnings such as exceptional item for insurance recovery.

Other income and finance cost are not allocated to segment.

	For the year ended March 31, 2020	For the year ended March 31, 2019
Segment Revenue		
Oleo Chemicals and Intermediate Neutraceuticals	30,649.26	24,987.09
Aroma Chemical	1,32,411.30	1,09,117.04
Less: Inter Segment Revenue	-	-
Total Segment Revenue	1,63,060.56	1,34,104.13
Segment Results (EBIT)		
Oleo Chemicals and Intermediate Neutraceuticals	4,487.31	3,060.34
Aroma Chemical	16,038.30	13,472.24
EBIT (Excluding other income)	20,525.61	16,532.58
Reconciliation of EBIT to Profit Before Tax		
EBIT (Excluding other income)	20,525.61	16,532.58
Less: Finance Cost	(4,068.81)	(2,901.46)
Add/ (Less) Exceptional Item	4,000.00	904.78
Unallocable Income / Expenses	2,669.76	620.08
Profit Before Tax	23,126.56	15,155.98

Segment Assets are measured in the same way as in the financial statements. These are allocated based on the operation of the segment and the physical location of the asset.

* The above amount is inclusive of other operating revenue.

Includes deemed exports of Rs. 3,491.81 lakhs for the year (March 31, 2019 : Rs. 2,086.24 lakhs).

All the non-current assets of Company are located within India.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

(All amounts in Rs. Lakhs, unless otherwise stated)

50 Ind AS 115 – Revenue from Contracts with Customers

The Group has adopted Ind-AS 115 “Revenue from Contracts with Customers” which is effective from April 1, 2018. The Group has opted for modified retrospective approach and accordingly, reviewed its existing customer contracts in this regard.

Management has used judgement in respect of matters such as identification of performance obligations; allocation of consideration to identified performance obligations and recognition of revenue over a period of time or at a point in time based on timing when control is transferred to customer.

The adoption of this standard does not have any material impact to the Consolidated financial statements of the Group.

(A) The Group is primarily in the Business of manufacture and sale of Speciality Oleo Chemicals and Aroma Chemicals. All sales are made at a point in time and revenue recognised upon satisfaction of the performance obligations which is typically upon dispatch or delivery. The Group has a credit evaluation policy based on which the credit limits for the trade receivables are established, the Group does not give significant credit period resulting in no significant financing component.

(B) Reconciliation of revenue recognised from Contract liability:

	As at March 31, 2020	As at March 31, 2019
Opening Contract liability	254.59	112.93
Less: Recognised as revenue during the year	(2,354.29)	(2,030.48)
Add: Addition to contract liability during the year	2,280.00	2,172.97
Add: Other Adjustments	-	(0.83)
Closing Contract liability	180.30	254.59

(C) Reconciliation of revenue as per contract price and as recognised in statement of profit and loss:

	For the year ended March 31, 2020	For the year ended March 31, 2019
Revenue from contract with customer as per Contract price	1,61,396.23	1,34,093.89
Less: Discounts and incentives	(227.64)	(1,359.46)
Less:- Sales Returns /Credits / Reversals	(33.14)	(187.11)
Revenue from contract with customer as per statement of profit and loss	1,61,135.45	1,32,547.32

Disaggregation of Revenue from contract with customers

	For the year ended March 31, 2020	For the year ended March 31, 2019
India	64,971.37	58,312.41
Middle East	8,762.59	9,664.20
North America	28,672.25	23,414.73
Europe(excluding UK)	28,503.52	20,500.49
Asia (Excluding India)	16,547.26	10,315.97
United Kingdom	6,360.97	3,573.61
South America	4,012.01	3,492.91
Africa	3,234.87	3,220.07
Austrila and New Zealand	70.61	52.93
	1,61,135.45	1,32,547.31

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

51 Impact of Covid 19 on Holding Company

The COVID-19 pandemic has disrupted many business operations globally due to lockdown and other directives imposed by the governments. The sole manufacturing plant of the Company closed its operations from March 25, 2020. The Company has resumed production with effect from May 21, 2020 and is expected to achieve normal business operations from June, 2020. The Company has evaluated the impact of this pandemic on its business operations, liquidity and financial position and based on management's assessment of current indicators and economic conditions there is no material impact on its financial statements as at March 31, 2020. However, the impact assessment of COVID-19 is a continuing process and the Company will continue to monitor any material changes to future economic conditions.

52 Impact of Covid 19 on Privi Organics India Limited (POIL)

Government of India announced a Nationwide Lockdown due to Covid-19 Global Pandemic due to which POIL shutdown few of its plants at Mahad & Jhagadia factories (except those involved in manufacture of chemicals used in essential goods) from 24th March 2020 which continued till 7th April 2020. Although sales were partially affected during the period of shutdown, however, impact is not significant. POIL does not foresee significant impact on net realizable value of its current assets. The production and sales is not currently impacted due to supply chain issues. However, given the uncertainty due to Covid 19, POIL would continue to monitor any material changes to future economic conditions and the consequential impact on the financial statements.

53 Scheme of Arrangement and Amalgamation

The Board of Directors of the Company, in its meeting held on 22nd May, 2019, had approved a Composite Scheme of arrangement and amalgamation ('the Scheme') amongst Fairchem Speciality Limited (FSL), Fairchem Organics Limited (FOL) and Privi Organics India Limited (POIL), two wholly owned subsidiaries of the Company and their respective shareholders for Demerger of FSL's undertaking carrying on speciality oleo chemicals and nutraceuticals business and vesting the same into FOL and Amalgamation of POIL, manufacturers of aroma chemicals, into and with FSL, under Sections 230 to 232 read with Section 66 and other applicable provisions of the Companies Act, 2013. The Company has obtained approval of the said scheme from the stock exchanges. Pursuant to the directions of National Company Law Tribunal (NCLT), Mumbai Bench vide its Order dated January 22, 2020, the Company obtained the requisite approval of the Shareholders of the Company by convening and holding (physical) meeting of the equity shareholders of the Company on Tuesday, February 25, 2020.

The Company has filed petition for approval of the Scheme with NCLT through electronic mode (e-filing) on May 31, 2020 which was admitted by NCLT on June 12, 2020 and the final hearing is scheduled on June 30, 2020.

54 Transfer Pricing

Transactions with related parties are governed by transfer pricing regulations of the Indian Income-tax Act, 1961. POIL's international and domestic transactions with related parties are at arm's length as per the independent accountants report for the year ended March 31, 2019. Management believes that POIL's international and domestic transactions with related parties post March 2019 continue to be at arm's length and that the transfer pricing legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

55 Insurance recoveries towards loss by fire

On April 26, 2018 a major fire broke out at POIL's Unit 2 Plant located at MIDC Mahad. There has been loss to assets comprising of Inventories, Buildings, Plant and Machinery and other Fixed Assets etc. which were adequately insured including coverage towards loss of profit and replacement cost of fixed assets.

POIL received Rs. 4,000 Lakhs during the year from the Insurance Company which has been disclosed as an exceptional item. The final settlement is still pending with the Insurance company.
