PERFORMANCE

During the year, the Company's overall performance has been satisfactory. It has achieved cement production of 3.00 Lac tonnes and sales of 2.96 Lac tonnes. The Company continues to lay emphasis on Cost optimization at all levels.

PROGRESS OF THE PROJECT

After commissioning the Cement Mill in July 2013, the Company has been making steady progress on civil construction work as a part of setting up of clinkerisation facility. About 95% work upto Pyro Section has been completed. Most of the equipments have arrived at site and around 65% erection work has also been done. The Project is expected to be commissioned by December 2016. The Company has so far spent ₹ 419.50 Crore as Capex on the above including modernization and upgradation of the Plant. Civil work for second Cement Mill has also been started.

INDUSTRY SCENARIO

The Cement Industry, currently having a capacity of more than 400 million tonnes per annum is gradually moving towards consolidation, largely driven by acquisitions. New capacity additions are expected to be considerably lower over the next few years mainly due to higher cost of acquisition of new mining leases & land and increased regulatory requirements.

In the year 2015, India for the first time in its recent history, surpassed China to emerge as top FDI destination in the world. It attracted more than 40 Billion US \$ of investment during April to December 2015. With the Indian economy growing at current pace and with other favorable micro indicators such as inflation, budget & trade deficit, exchange & interest rates, growth of non-food credit etc., there are huge expectations of significant turn-around in the industry fortunes in FY 2016-17.

The Prime Minister in the recent past has laid considerable emphasis on the schemes and policies such as 'Smart Cities', 'Swacch Bharat', 'AMRUT' and most ambitiously 'Housing for All by 2022'. These schemes when fully implemented are expected to revive the cement consumption all over the country. Further, increase of 46% in the budget allocations for infrastructure segment in the Union Budget for FY 17 and the emphasis being laid by the present Government on the Highway Projects and Concrete Roads construction augurs well for cement consumption, on a sustainable basis.

These initiatives will help to absorb the excess capacity to the extent of 40 to 50% in certain regions and above 25% for the country on the whole.

OUTLOOK

The last quarter of FY 2015-16 has seen some upsurge in cement demand in certain pockets of the country with corresponding improvement in prices and margins. With the expectations of overall GDP growth of above 7.5%, the Industry is hopeful of seeing at least 8% growth in cement demand in the FY 2016-17 with a possible 2% upside on account of the policies and schemes announced by the Government.

In this backdrop, your Directors are fairly optimistic about the future of the industry in general and the Company in particular. It is hoped that the Company will be in a position to take full advantage of the revival of Cement demand and these opportunities on commissioning of its clinkerisation facility and the second Cement Mill in December 2016.

"Annexure - B" to the Independent Auditor's Report of even date on the (Standalone) Financial Statements of Udaipur Cement Works Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Udaipur Cement Works Limited ("the Company") as on 31st March, 2016 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the

"Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over

financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
