The Board recommends aforesaid Resolution for approval of the Members by means of Special Resolution.

Item No. 11 & 12

The Company had obtained omnibus approval of the Members of the Company by means of Resolutions passed at the Annual General Meeting (AGM) of the Company held on 17th September 2016 for Related Party Transactions entered into/to be entered into with JK Lakshmi Cement Limited, the Holding Company/Promoter (JKLC) and Hansdeep Industries and Trading Company Limited, the Fellow Subsidiary (HITCL) upto an amount of ₹ 750 Crore each, on an annual basis, for the Financial Year 2016-17 & onwards. JKLC and HITCL continues to provide all requisite assistance and support including technical, financial and operational support to the Company in the normal course of business.

While the transaction(s) by the Company with JKLC and HITCL being in the ordinary course of business and on arm's length basis, does not require any approval of the Members pursuant to the provisions of Section 188 of the Companies Act, 2013 (Act), approval of the Members is sought under the provisions of Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) for all material related party transactions. A transaction with a related party shall be considered material under the Listing Regulations, if the transaction(s) to be entered into individually or taken together with previous transactions during a Financial Year, exceeds ten percent of the annual consolidated turnover of the Company as per the last audited financial statements. Based on the financial results of the Company for the Financial Year ended 2017-18, the 10% of the annual turnover of the Company works out to be ₹ 3760.69 Lakh.

It is therefore considered desirable to obtain fresh omnibus approval of the Members by way of renewal for the Financial Year 2018-19 and onwards in respect of Related Party Transactions that may be entered into with JKLC and HITCL in the ordinary course of business and on arm's length basis within the limits of ₹ 750 Crore each on an annual basis already approved by the Members at the above AGM, subject to requisite approval of the Audit Committee of Directors of the Company, from time to time, pursuant to the provisions of Section 177 of the Act read with relevant Rules made thereunder and Regulation 23 of Listing Regulations.

The Board, accordingly, recommends passing of the Resolutions as set out in Item No. 11 & 12 of this Notice by the Members, in the best interest of the Company.

JKLC, holds in aggregate 22,58,92,781 Equity Shares of the Company (72.54%) and may be deemed to be concerned or interested in the Resolutions. Smt. Vinita Singhania, a Related Party, being Vice Chairman and Managing Director (Key Managerial Personnel) of JKLC and through her relatives including Shri Shrivats Singhania, to the extent of their shareholding, if any, in the Company may be deemed to be interested in the Resolutions. Other related parties of the Company including Shri R.K.Gupta and Shri O.N.Rai, Directors of the Company, to the extent of their shareholding in the Company, may be deemed to be concerned or interested in the Resolutions and shall also abstain from voting on said Resolutions.

None of the other Directors, Key Managerial Personnel of the Company and/or their relatives are in any way concerned or interested financially or otherwise in the aforesaid Resolutions. The Board recommends aforesaid Resolutions for approval of the Members.

Item No. 13

It is proposed to obtain omnibus approval of the Members of the Company authorising the Board of Directors to raise funds by way of issue of Secured Non-Convertible Debentures (NCDs), as mentioned in the proposed Resolution, upto an amount not exceeding ` 200 Crore in the aggregate, in one or more tranches and series, at such times, as they may in their absolute discretion deem appropriate on Private Placement basis, *inter alia* to refinance the existing loans etc., part-finance the capital expenditure from time to time and to augment long term resources of the Company. This is an enabling Resolution and the Company may issue NCDs, subject to applicable laws and necessary compliances as mentioned in the Resolution.

Pursuant to Sections 42 and 71 of the Companies Act, 2013 read with the Rules made thereunder, a company offering or making an invitation to subscribe to NCDs on private placement basis is required to obtain prior approval of the Members by means of a Special Resolution. Such an

approval can be obtained once a year for all the offers and/or invitations made for such issue of NCDs for a period of one year from the date of passing of such Resolution.

The Resolution is accordingly recommended for approval of the Members, in the best interest of the Company, by way of Special Resolution. None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the aforesaid Resolution.

Item No. 14

The Company at its Annual General Meeting held on 19th September 2015, had authorised the Board of Directors of the Company to continue to borrow for the purposes of the Company, moneys in excess of paid-up capital of the Company and its free reserves upto an amount not exceeding ₹ 750 Crore, at any point of time pursuant to Section 180(1)(c) of the Companies Act, 2013 (Act). The Company's activities have increased significantly. To meet the increasing requirements of funds for various expansion and other projects envisaged by the Company, it is considered necessary to increase the said borrowing limits to ₹ 1000 Crore.

Pursuant to Section 180(1)(c) of the Act, as amended, the Board can exercise borrowing powers, in excess of the paid-up share capital, free reserves and securities premium of the Company, with the approval of Members of the Company by way of Special Resolution. The Resolution is accordingly recommended for approval of Members as a Special Resolution under the Act.

None of the Directors, Key Managerial Personnel of the Company, and/or their relatives may be deemed to be concerned or interested in the proposed resolution.

Item No. 15

The Company vide Resolution passed by means of Postal Ballot on 21st September 2015, had authorised the Board of Directors of the Company to continue to create mortgage and/or charge on the immovable and movable properties of the Company in favour of the lenders to secure their financial assistance not exceeding ₹ 750 Crore, in the aggregate on account of principal, together with interest thereon pursuant to Section 180(1)(a) of the Companies Act, 2013 (Act).

The operations of the Company have increased significantly. To meet the increasing requirements of funds for various expansion and other projects, the Company will have to resort to further borrowings from financial and other lending institutions upto a limit of ₹ 1000 Crore, sanctioned by the Board. As security for such borrowings, the immovable and movable properties of the Company, present or future, pertaining to any one or more of its units will have to be mortgaged/charged in favour of Financial and other lending institutions.

Pursuant to Section 180(1)(a) of the Act, the Board can exercise power to create mortgage and/or charge on the immovable and movable properties of the Company, with the approval of Members of the Company by way of Special Resolution. The Resolution is accordingly recommended for approval as a Special Resolution under the Act.

None of the Directors, Key Managerial Personnel of the Company, and/or their relatives may be deemed to be concerned or interested in the proposed resolution.

PERFORMANCE

After commissioning of its integrated cement plant in March 2017, your Company has successfully run the plant operation and launched its "PLATINUM HEAVY DUTY CEMENT" brand which gained well acceptance in the nearby market. During the Financial Year 2017-18, the production scaled a new high at 10.72 Lakh tonnes with sales at 10.74 Lakh tonnes. The Company's EBIDTA stood higher at ` 2180.75 Lakhs during the Year compared to ` 385.23 Lakhs in the previous Year. However, due to higher depreciation and finance cost, the Company suffered a net Loss of ` 4370.85 Lakhs against a net profit of ` 274.00 Lakh in the previous Financial Year.

OUTLOOK FOR INDIAN ECONOMY

Indian economic growth, after hitting a three-year low of 5.7% in the first Quarter of the Financial Year 2017-18, made an impressive comeback in the second Quarter to 6.3%, which further increased to 7.2% in the third Quarter and continued its upward climb to 7.7% in the fourth Quarter on the back of strong performance in manufacturing sector. With this, Indian Economy has regained its momentum and reclaimed 'world's fastest growing economy' tag from China. It is heartening to note that during the Year, there has been notable reduction in the fiscal deficit as a percentage of GDP.

Lower inflation coupled with healthy growth in direct as well as in indirect tax collection is a good sign for the industry as well for the economy. With emphasis on infrastructure and housing, we expect that cement demand will bounce back to respectable levels, signs of which are already visible during last a few months.

Yet there are some signs of worry as well. Weakening of Rupee against Dollar and rising crude oil prices will impact the industry and economy in terms of rising costs and reducing operating margins. To offset these cost pressure, it is important that there is healthy growth in demand which would lead to better capacity utilization and consequent reduction in the fixed cost. A good monsoon combined with robust growth in rural income and rural demand could well be the key to sustain the growth momentum.

Your Company has adequate systems and processes to continuously monitor the economic environment at macro and micro level, analyze the impact on the industry in general and the

Company in particular such that proactive actions can be taken either to mitigate the risks or to make use of the arising opportunities.

INDUSTRY OVERVIEW - THREAT & OPPORTUNITIES

Government spending on large infrastructure development projects such as Highways, Freight Corridors, Industrial Corridors, Inland Water Ways, Ports, etc. has always been the key driver of growth in cement demand and boosting of industry sentiments. In addition to these, private spending on housing and real estate is also significant contributor to overall demand for cement in the country. Though the tough economic reforms such as demonetization in November 2016 and GST implementation in July 2017 did turn out to be dampener in demand growth but it now appears that the worst is over and the tide is gradually turning back.

Since last six months or so there has been a healthy growth in Cement Demand and we expect that this momentum shall now continue for a considerable long duration. This to some extent may provide some respite to the industry which at an aggregate level has nearly 40% surplus capacity, however, as witnessed in past, industry capacity utilization levels reaching in the vicinity of 80% provide a fresh trigger for new capacity additions. Hence, surplus capacity of ~20%+ seems to be a new industry norm. A reasonable surplus capacity is a good sign as it provides industry with a cushion to absorb unexpected surge in demand; especially when last a few years have seen a small percentage cement demand being substituted with other alternative construction materials. It is also an opportunity for the Industry to strive hard and expand the markets to those who till now have been non users.

The 'Housing for All' initiative of the government of India and especially the rural is one such opportunity for the industry to reach out to those who would perhaps be the first time user of cement. This indeed is a very challenging task; as to reach out to this new emerging segment of the market. The distribution and logistics will have to penetrate deep inside into the pockets where they have never been before. It is satisfying to note that your Company is putting its best foot forward to tap these emerging segments of the demand. We are working to strengthen our distribution network in our core markets and in fact in a short span of one year, more than 70% of our sales are achieved through distribution network which in industry parlance is better known as trade channel.

However, rising fuel cost is one of the worry that the industry will have to grapple with for quite some time in this environment of global uncertainties. At the same time, it is also an opportunity for the industry to be more efficient and explore new alternatives. The potential of using municipal solid waste and other industrial waste materials as fuel is a bit under-explored in India and hence is an opportunity. Industry has taken a pledge to increase the usage of alternative fuels including the plastic waste and the recently notified Plastic Waste Management Rules 2016 provide industry an opportunity to work with local municipal bodies and turn the waste into wealth.

Your company is continuously striving to maximize the leveraging of emerging opportunities and also minimizing the impact of these threats. As the manufacturing operations are gradually stabilizing and are expected to improve the operational efficiencies, our efforts of consolidating our presence in the market would certainly lead to better operating performance in the times to come.

HUMAN CAPITAL MANAGEMENT

The Company is known for its people centric approach ever since its inception. The Company has adopted best HR practices for retaining talents in the Organisation. To name a few, we have been able to initiate HR initiatives afresh for developing learning culture and starting programmes on Emerging Leadership, Strengthening PMS system through SMART based KRAs, 360 degree feedback, Launching of various employee engagement activities viz. SHARE CAPITAL

During the Year, the Authorized Share Capital of the Company increased from ` 200 Crore to ` 250 Crore. As approved by the Members at the Annual General Meeting held on 10th August 2017, the Company issued 50,00,000, 6% Optionally Convertible Cumulative Redeemable Preference Shares of ` 100 each (OCCRPS), aggregating upto ` 50 Crore to JK Lakshmi Cement Limited, the Holding Company (JKLC), on preferential basis on 10th August 2017.

As per the Terms of Issue of OCCRPS, JKLC has exercised its right to convert 45,00,000 OCCRPS (part conversion out of 50,00,000 OCCRPS held) into Equity Shares of the Company. Consequently, 1,62,04,537 Equity Shares of ` 4 each, fully paid-up, of the Company were allotted to JKLC on 10th May 2018 @ ` 27.77 per Share pursuant to SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2009 and the paid-up Equity Share Capital of the Company has increased from ` 118.08 Crore to ` 124.56 Crore.

INTERNAL CONTROL SYSTEM

The Company has in place adequate Internal Control System commensurate with the size and level of operations of the Company and the same were operating effectively throughout the year. The Internal Audit Team apart from submitting its Reports on the Audit Observations also submits its Report on the efficacy and adequacy of Internal Control Systems to the Chairman of Audit Committee of the Board. There are adequate checks & balances in place, wherein deviation from the systems laid-out are clearly identified and corrective actions are taken in the respective areas, wherever required.

INTERNAL FINANCIAL CONTROLS

The Company has in place adequate Internal Financial Control Policies and Procedures in relation to the size and nature of operations of the Company. This ensures accuracy and comprehensiveness of the Financial & Accounting Records. These are adequate for safeguarding of its assets and effective towards prevention and detection of frauds and errors. The Policies and Procedures are also adequate for orderly and efficient conduct of business of the Company. During the year, no reportable material weaknesses were observed in the system.

ANNEXURE 'C' TO DIRECTORS' REPORT

Particulars of Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo required under the Companies (Accounts) Rules, 2014

(A) Conservation of Energy

The Company accords highest priority to sustainability and is committed to stringent energy conservation measures in its manufacturing processes. The Company's energy conservation programs are being regularly reviewed both internally as well as by external energy experts for effective control on consumption of energy. The Company has designed its plant and other facilities, to ensure minimal energy losses.

The Company has efficiently reduced its non-renewable energy footprint by commissioning of 6 MW of Waste Heat Recovery System (WHRS), that has replaced about 21% of conventional electricity. It has also resulted in GHG emission reduction to the tune of 15966 tCO₂e.

Further, the Company has taken various initiatives for conservation of energy and fuel resources, some of the major initiatives are as follows:

- Increased power generation from WHRS Circuit through various in-house modifications and optimizations like, dummy installation in Cooler Vent duct, reducing false air in Preheater, WHR operation from two fan system to one fan system to reduce auxiliary energy consumption, etc.
- Reducing energy consumption by 0.7 Kwh/Ton in operation of VRM through optimization of VRM Process parameters thereby improving Mill Feed rate.
- Reduction in energy consumption to the tune of 48000 Kwh/Annum in VRM product circuit by optimization of running of Air Slide blowers and reducing false air ingress.
- Installation of Energy Efficient LEDs in place of conventional CFLs in Packing plant section.
- Installation of motion sensors in offices for energy conservation.

(B) Technology absorption, adaptation and innovation by technology adaptation

The Company has a professionally qualified and well trained team of engineers who have successfully installed and absorbed latest art of technology machines, equipment and systems for gaining resource efficiency, increasing productivity and delivering superior quality of its processes, products and services.

Our major thrust lies in implementation of various large and small scale innovative in-house modifications in our mines, plant and processes to achieve better efficiency and technological excellence at minimal cost. Some of these initiatives are as under:

- Installation of VFDs in various fans/drives for conservation of energy.
- In-house designed Heat Tracing Arrangement for fine coal bins for improved flowability of coal

and reduced tendency of coal flushing thereby easing operation.

- In-house designing of PID Loops in Cooler Water Spray System for effective cooling of hot clinker.
- In-house modification of wiring scheme to enable standby mode for power saving during unload condition of compressors.
- In-house optimization in coal mill bag house through automation of purging time for operation flexibility and energy saving.

(C) Research and Development

The Company is currently focusing on achieving 100% capacity utilization of existing manufacturing facility and hence, during the period ended 31st March 2018 there was no expenditure on research and development. However, maintaining technological excellence through innovation and creativity has been our focus and key to success.

(D) Exports, Foreign Exchange Earnings and Outgo

During the period ended 31st March 2018, although there were exports of clinker to Nepal, but there were no Foreign Exchange earnings on account of exports. The Foreign exchange outgo on account of import of coal was ₹ 725.32 Lakhs, stores & spares ₹ 28.53 Lakhs and travelling ₹ 4.08 Lakhs aggregating to ₹ 757.93 Lakhs during the year.

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Udaipur Cement Works Limited,
Shripati Nagar, P.O. CFA,
Udaipur-313021
(Rajasthan)

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Udaipur Cement Works Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on 31st March, 2018 (Audit Period), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March, 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

INDEPENDENT AUDITOR'S REPORT

To

The Members,

Udaipur Cement Works Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of UDAIPUR CEMENT WORKS LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS Financial Statements").

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters, which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the

disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018 and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matters

The comparative standalone Ind AS financial statements of the Company for financial year ended on 31st March, 2017 included in these standalone financial statements have been audited by predecessor auditors whose report for the year ended on 31st March, 2017 dated May 10th, 2017 expressed an unmodified opinion on those financial statements.

Our opinion on the standalone financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the Annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian

Accounting Standards prescribed under section 133 of the Act read with relevant rule issued thereunder;

- (e) On the basis of written representations received from the directors as on 31st March, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure'B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements - Refer Note 45 to the standalone Ind AS financial statements;

"Annexure - B" to the Auditors' Report

(Referred to in Paragraph 2(f) under the heading "Report on other legal and regulatory requirements" of our report of even date)

Report on the Internal Financial Controls under clause (i) of sub section 3 of section 143 of the Companies

Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Udaipur Cements Works Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis

for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as

at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 1

Company Overview, Basis of Preparation & Significant Accounting Policies.

I. Corporate & General Information.

Udaipur Cement Works Limited ("the Company") is domiciled and incorporated in India and its Shares are publicly traded on the Bombay Stock Exchange Ltd. (BSE). The Registered Office of the Company is situated at Shripati Nagar, P.O.: CFA, Dist.: Udaipur – 313021 (Rajasthan)

The Company is a manufacturer and supplier of Cement and Cementitious products with manufacturing facilities in the State of Rajasthan. The Company's Technical Service Cell provides construction solutions to its customers & carries out regular & innovative contact programmes with Individual House Builders, Masons and other Business Associates to keep in tune with their needs and requirements.

These Financial Statements were approved and adopted by the Board of Directors of the Company in their meeting held on 10th May, 2018.

II. Basis of Preparation of Financial Statements.

(i) Statement of Compliance.

The Financial Statements have been prepared in accordance with Indian Accounting Standards (IND AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013. The Financial Statements comply with IND AS notified by Ministry of Company Affairs ("MCA"). The Company has consistently applied the accounting policies used in the preparation for all periods presented.

(ii) Basis of Preparation.

The significant accounting policies used in preparing the Financial Statements are set out in Note no. III of the Notes to the Standalone Financial Statements.

(iii) Basis of Measurement.

The standalone financial statements have been prepared on accrual basis and under the historical cost convention except for the items that have been measured at fair value required by relevant IND AS.

(iv) Fair Value Measurement.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes in to account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

(v) Current & Non-Current Classifications.

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realisation in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(vi) Significant Accounting Judgments, Estimates and Assumptions.

The preparation of these Financial Statements requires management judgments, estimates and assumptions that affect the application of Accounting Policies, the Accounting disclosures made and the reports amounts of Assets, Liabilities, Income and Expenses. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to Accounting estimates are recognized in the period in which the estimates are revised and any future periods effected pursuant to such revision.

III. Significant Accounting Policies for the year ended 31st March, 2018.

(a) Property, Plant and Equipment.

The Company adopted optional exception under IND AS 101 to measure Property, plant and equipment at fair value as at 1st April 2015. Consequently, the fair value was assumed to be deemed cost of Property, plant and equipment on the date of transition. Subsequently, the Property, plant and equipment are carried at cost less accumulated depreciation and accumulated losses, if any. Cost includes expense that is directly attributable to the acquisition of the items.

Subsequent cost are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that is future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Internally manufactured property, plant and equipment are capitalized at factory cost, wherever applicable.

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by the management, the cost of erection/construction is transferred to the appropriate category of property, plant and equipment cost (net of income and including pre-operative cost/expenses) associated with the commissioning of an asset are capitalized until the

period of commissioning has been completed and the asset is ready of its intended use.

Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

Depreciation methods, estimated useful lives and residual value.

Depreciation is calculated using the Straight Line Method (SLM) to allocate their cost, net of their residual values, over their estimated useful lives as specified in Schedule II to Companies Act, 2013 except for Furniture & Fixtures, Office Equipments, Vehicles and Locomotives which is provided on Written Down Value Method (WDV) as per the said schedule.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of profit or loss within other gains/(losses).

Depreciation on impaired assets is provided on the basis of their residual useful life.

(b) Investment Properties.

Property that is held for long-term rentals yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. The Company adopted optional exception under IND AS 101 to measure Investment Property at fair value as at 1st April, 2015. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties other than freehold land are depreciated using the Straight Line Method (SLM) over their estimated useful lives. The useful life has been determined based on technical evaluation performed by the management's expert.

The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

(c) Intangible Assets.

Intangibles Assets are recognised if the future economic benefits that are attributable to the Assets are expected to flow to the Company and the cost of the asset can be measured reliably.

Internally generated intangibles, excluding capitalized developments costs, are not capitalized and the related expenditure is reflected in Statement of Profit and Loss in the

period in which the expenditure is incurred.

The useful lives of Intangibles Assets are assessed as either finite or indefinite. The amortisation period and the amortisation method for an Intangible Asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible Asset with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the Intangible Asset may be impaired.

Intangible Assets are amortised as follows:

- Computer Software : Over a period of five years

Intangibles Assets with indefinite useful lives, if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite life is made on prospective basis.

Gain or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognized.

(d) Research and Development Cost.

Revenue Expenditure on Research and Development is charged to Statement of Profit and Loss and Capital Expenditure is added to Property, plant and equipment.

However, Development expenditure on new product is capitalised as intangible asset.

(e) Inventories.

Inventories are carried in the balance sheet as follows :

- a) Raw materials, Packing materials, Construction materials, Stores & Spares. : At lower of cost, on weighted average basis and net realizable value.
- b) Work-in-Progress – Manufacturing : At lower of cost of material, plus appropriate production overheads and net realizable value.
- c) Finished goods – Manufacturing : At lower of cost of material, plus appropriate production overheads and net realizable value.
- d) Finished goods – Trading : At lower of cost, on weighted average basis and net realizable value.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present

location and condition. Slow and non-moving material, obsolesces, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

(f) Cash and Cash Equivalents.

Cash and Cash Equivalents includes cash on hand, deposits held at call with Banks/Financial Institutions, other short-term, highly liquid investments which are subject to an insignificant risk of changes in value.

(g) Impairment Assets.

The carrying amounts of Property, Plant & Equipment, Intangible Assets and Investment Properties are reviewed at each Balance Sheet date to assess impairment, if any, based on internal/external factors. An impairment loss is recognised, as an expense in the Statement of Profit & Loss, wherever the carrying amount of the Asset or Cash Generating Unit (CGU) exceeds its recoverable amount. The impairment loss recognised in prior accounting period is reversed, if there has been an improvement in recoverable amount in subsequent years. Recoverable amount is determined :-

- In the case of an Individual Asset, at the higher of the Fair Value less cost to sell and the value in use; and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, and appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

(h) Foreign Currency Translations & Transactions.

(i) Functional and Presentation Currency.

The Company's financial statements are presented in INR, which is also the Company's functional and presentation currency.

(ii) Transaction and Balance.

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary Assets and liabilities related to foreign currency transactions are stated at exchange rate prevailing at the end of the year and exchange difference in respect thereof is recognised to Statement of Profit & Loss.

(i) Financial Instruments.

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial Assets.

1.1 Definition.

Financial Assets include Cash and Cash Equivalents, Trade and Other Receivables, Investments in Securities and other eligible Current and Non-Current Assets.

At initial recognition, all financial assets are measured at fair value. The classification is reviewed at the end of each reporting period.

(i) Financial Assets at Amortised Cost .

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from impairment are recognised in the Statement of Profit or Loss.

(ii) Financial Assets at Fair value through Other Comprehensive Income .

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

(iii) Financial Assets at Fair value through Profit or Loss .

At the date of initial recognition, Financial assets are held for trading, or which are measured neither at Amortised Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

1.2 Trade Receivables.

A Receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form

of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

1.3 Investment in Equity Shares.

Investment in Equity Securities are initially measured at cost. Any subsequent fair value gain or loss is recognized through Statement of Profit or Loss if such investments in Equity Securities are held for trading purposes. The fair value gains or losses of all other Equity Securities are recognized in Other Comprehensive Income.

1.4 Derecognition of Financial Assets.

A Financial Asset is primarily derecognised when:

- The right to receive cash flows from asset has expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either:
 - a) The Company has transferred substantially all the risks and rewards of the asset, or
 - b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

2. Financial Liabilities.

2.1 Definition .

Financial liabilities include Long-term and Short-term Loans and Borrowings, Trade and Other payables and Other eligible Current and Non-current Liabilities.

(a) Initial Recognition and Measurement.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

(b) Subsequent Measurement.

The measurement of financial liabilities depends on their classification, as described below :

i) Financial Liabilities at Fair Value through Profit or Loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

ii) Financial Liabilities measured at Amortised Cost.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR") except for those designated in an effective hedging relationship. The carrying value of borrowings that are designated as hedged items in fair value hedges that would otherwise be carried at amortised cost are adjusted to record changes in fair values attributable to the risks that are hedged in effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

2.2 Loans and Borrowings.

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

2.3 Financial Guarantee Contracts.

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss

allowance determined as per impairment requirements of Ind AS 109 and the amount initially recognised less cumulative amortization.

2.4 Trade and Other Payables.

A payable is classified as "trade payable" if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.5 De-recognition of Financial Liability.

A Financial Liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of profit or loss as other income or finance costs.

3. Offsetting of Financial Instruments.

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4. Derivative Financial Instruments.

The Company uses derivative financial instruments, such as forward contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of profit or loss.

5. Compound Financial Instruments.

The liability component of a compound financial instrument is recognised initially at fair value of a similar liability that does not have an equity component. The equity component is recognised initially as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and the equity components, if material, in proportion to their initial carrying amounts.

Subsequent to the initial recognition, the liability component of a compound financial instrument is measured at amortised cost using the effective interest rate method. The

equity component of a compound financial instrument is not re-measured subsequent to initial recognition except on conversion or expiry.

(j) Equity Share Capital.

Ordinary shares are classified as equity. Incremental costs net of taxes directly attributable to the issue of new equity shares are reduced from retained earnings, net of taxes.

(k) Provisions, Contingent liabilities, Contingent Assets and Commitments.

i) General.

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- A present obligation arising from past events, when no reliable estimate is possible.
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include the amount of Purchase Order (net of Advances) issued to parties for Completion of Assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

ii) Other Litigation Claims.

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

iii) Onerous Contracts.

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognises impairment on the assets with the contract.

(l) Revenue Recognition.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

i) Sale of Goods.

Revenue is recognized when significant risk and reward of ownership have been passed on to the Customer.

ii) Dividend Income.

Dividend Income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

iii) Lease Incentive.

Lease Agreements where the risk and rewards incidental to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Leases rentals are recognized on straight-line basis as per the terms of the agreements in the statement of profit and loss.

iv) Interest Income.

For all Financial instruments measured at amortised cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in statement of profit and loss.

v) Export Income

Export incentives, Duty drawbacks and other benefits are recognized in the Statement of Profit and Loss.

vi) Government Grants/Assistance/Subsidies.

Grants and Subsidies from the Government are recognised when there is reasonable assurance that the grant subsidy will be received and all attaching conditions will be complied with. Revenue grants are recognised in the Statement of Profit and Loss. Capital Grants relating to specific assets are recognised in the Balance Sheet as deferred income and credited in the Statement of Profit and Loss on a systematic basis over the useful life of the related Assets.

(m) Employees Benefits.

i) Defined Contribution Plans.

Contributions to the employees' regional provident fund, superannuation fund, Employees Pension Scheme and Employees' State Insurance are recognised as defined contribution plan and charged as expenses during the period in which the employees perform the services.

ii) Defined Benefit Plans.

Retirement benefits in the form of Gratuity and Leave Encashment are considered as defined benefit plan and determined on actuarial valuation using the Projected Unit Credit Method at the balance sheet date. Actuarial Gains or Losses through re-measurement of the net obligation of a defined benefit liability or asset is recognised in Other Comprehensive Income. Such re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

The Company makes contribution towards provident fund which is administered by Employees' Provident Fund Organisation, Government of India.

iii) Short-term Employee Benefits.

Short term benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

iv) Long-term Employee Benefit.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date. Annual leaves can either be availed or encashed subject to restriction on the maximum accumulation of leaves.

v) Termination Benefits.

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) When the entity can no longer withdraw the offer of those benefits; and
- (b) When the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(n) Borrowing Costs.

- (1) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

The Borrowing Cost consists of Interest & Other Incidental costs that the Company incurs in connection with the borrowing of such funds.

- (2) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of

the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

- (3) All other borrowing costs are recognised as expense in the period in which they are incurred.

(o) Leases.

1. *As a Lessee.*

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

1.1. Finance Lease.

Finance Lease that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's policy on borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

1.2. Operating Lease.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset. Payments under operating lease are recorded in the Statement of Profit and Loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

Leasehold lands are amortised over the period of lease.

2. *As a Lessor.*

Lease income from operating leases where the group is a lessor is recognized in income on a straight-line basis over the lease term unless the recipients are structured to increase in line with expected general inflation to compensate for the expected

inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(p) Taxes on Income.

a) Current Tax.

- i) Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments/appeals.
- ii) Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss .Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred Tax.

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss.

Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

(q) Exceptional Items.

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial

statements.

(r) Earnings Per Share (EPS).

i) *Basic earnings per share.*

Basic earnings per share is calculated by dividing :

- The Profit or Loss attributable to Equity Shareholders of the Company.
- By the Weighted Average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii) *Diluted earnings per share.*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account :

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- The Weighted Average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Segment Accounting.

The Company is engaged primarily into manufacturing of Cement. The Company has only one business segment as identified by management namely Cementitious Materials.

Segments have been identified taking into account nature of product and differential risk and returns of the segment. The business segments are reviewed by the Chief Operating Decision Makers.

The Chief Operational Decision Makers monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

(t) Recent Accounting Pronouncements.

1) Appendix B to Ind AS 21 - Foreign Currency Transactions and Advance Consideration.

Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company is evaluating the requirement of the amendment and the effect of this on the financial statements will be given in the due course.

2) Appendix B to Ind AS 115 - Revenue from Contract with Customers.

The Company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity

expects to be entitled in exchange for those goods or services.

Further it requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition:

Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach)

The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018 and the Company will adopt the standard on April 1, 2018 by applying Cumulative catch-up transaction method and accordingly comparatives for the year ended March 31, 2018 will not be retrospectively adjusted. The effect on adoption of Ind AS 115 is expected to be insignificant.

Notes accompanying the Financial Statements.

33. Financial Risk Management Objectives and Policies.

The Company's Financial Risk Management is an integral part of how to plan and execute its Business Strategies. The Company's Financial Risk Management Policy is set by the Board. The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk.

33.1 Market Risk: Market risk is the risk of loss of future earnings, fair values or future cash flows that may results from change in the price of a financial instrument. The value of a financial instrument change may change as result of change in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments and deposits, foreign currency receivables, payables and loans and borrowings. Market risk comprises mainly three types of risk: interest rate risk, currency risk and other price risk such as equity price risk and commodity risk.

The Company has an elaborate risk management system to inform Board Members about risk management and minimization procedures.

a) Foreign Currency Risk : Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company makes certain imports in foreign currency & therefore is exposed to Foreign Exchange Risk.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Foreign Currency Sensitivity.

The following table demonstrates the sensitivity to a reasonable possible change of US \$ with all other variable held constant. The impact on the Company's Profit/(Loss) before tax due to changes in Foreign Exchange Rate

(Figures in ` Lakh)

Particulars	As at 31.03.2018	As at 31.03.2017
Change in USD	+ Rs. 0.25	-
Effect on profit/(loss) before tax	(2.85)	-
Change in USD	- Rs. 0.25	-
Effect on profit/(loss) before tax	2.85	-

- b) Interest Rate Risk : Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by maintaining a proper blend of Fixed & Floating Rate Borrowings. The following Table shows the Company's Borrowings:

(Figures in ` Lakh)

S. No.	Particulars	As at 31.03.2018	As at 31.03.2017
1	Loans in Rupees		
	- Fixed Rate	55,215.42	52,526.49
	- Floating Rate	-	-
	Total	55,215.42	52,526.49
2	Loans in USD		
	- Fixed Rate	733.41	-
	- Floating Rate	-	-
	Total	55,948.83	52,526.49

The Company regularly scans the Market & Interest Rate Scenario to find appropriate Financial Instruments & negotiates with the Lenders in order to reduce the effect Cost of Funding.

Interest Rate Sensitivity:

Since, the Company has only fixed rate borrowings; there would be no impact of interest rate sensitivity on profit/(loss) before tax.

- c) Commodity Price Risk and Sensitivity: The Company is exposed to the movement in price of key raw materials in domestic and international markets. The Company manages fluctuations in raw material price through hedging in the form of advance procurement when the prices are perceived to be low and also enters into advance buying contracts as strategic sourcing initiative in order to keep raw material and prices under check cost of material hedged to the extent possible.

33.2 Credit Risk:

Credit Risk arises from the possibility that counter party may not be able to settle their obligations as agreed. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade Receivable:- Customer Credit Risk is managed based on Company's established policy, procedures and controls. The Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and aging of accounts receivables. Individual risk limits are set accordingly.

The credit risk from the organized and bigger buyers is reduced by securing Bank Guarantees/Letter of Credits/part advance payments/post dated cheques. The

Outstandings of different parties are reviewed periodically at different level of organization. The outstanding from the trade segment is secured by two tier security - security deposit from the dealer himself, and our business associates who manage the dealers are also responsible for the outstanding from any of the dealers in their respective region.

The Aging of Trade Receivables is as below:-

Net Total	90.32	0.54	-	-	90.86

Financial Instruments and Deposits with Banks:

The Company considers factors such as track record, size of institution, market reputation and service standards to select the bank with which balances and deposits are maintained. Generally, balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operation.

33.3 Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The Company relies on a mix of borrowings, and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowings facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

Maturity Profile of Financial Liabilities :

The following Table provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

(Figures in ` Lakh)

	Total	58,221.53	5,619.62	48,825.09	3,776.82	58,221.53

34. Capital Risk Management:

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal structure to reduce the cost of capital.

For the purpose of the Company's capital management, capital includes issued capital, preference shares and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits.

Fair Valuation Techniques:

The Company maintains policies and procedures to value Financial Assets & Financial Liabilities using the best and most relevant data available. The Fair Values of the Financial Assets and Liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values :-

1. Fair Value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are considered to account for the expected losses of these receivables. As at end of each reporting year, the carrying amounts of such receivables, net of allowances (if any), are not materially different from their calculated fair values.
3. Fair value of Investments in quoted mutual funds and equity shares are based on quoted market price at the reporting date. The fair value of unquoted Investments in preference shares are estimated by discounting future cash flows using rates currently available for

debt on similar terms, credit risk and remaining maturities. The fair value of unquoted Investments in equity shares are estimated on net assets basis.

4. Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
5. The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value Hierarchy: There are no Financial Assets and Liabilities for which the Company is required to do fair value measurement. Hence, fair value hierarchy of Company's assets and liabilities to be grouped in various Levels is not applicable for the Company.

36. Segment Information:

The Company is engaged primarily into manufacturing of Cement. The Company has only one business segment as identified by management namely Cementitious Materials. Segments have been identified taking into account nature of product and differential risk and returns of the segment. The business segments are reviewed by the Directors of the Company.

Actual return on plan assets	11.65	-

d) Recognised in Other Comprehensive Income

(Figures in ` Lakh)

Particulars	Gratuity (Funded)
Remeasurements - actuarial loss/(gain) For the year ended March 31, 2017	38.71*
Remeasurements - actuarial loss/(gain) For the year ended March 31, 2018	54.88

*Rs. 27.89 lakh charged to Capital work in progress in 2016-17.

e) The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below

(Figures in ` Lakh)

Particulars	As at year ended March 31, 2018	As at year ended March 31, 2017
Attrition rate ages		
Discount Rate	7.59%	7.19%
Expected Rate of increase in salary	5.00%	5.00%
Expected Rate of Return on Plan Assets	7.50%	8.00%
Mortality Rate	100% of IALM (2006-08)	
Expected Average remaining working lives of employees (years)	13.92	8.17

The assumption of future salary increase takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand in employment market. Same assumptions were considered for comparative period i.e. 2016-17.

f) Sensitivity analysis

(Figures in ` Lakh)

Particulars	Change in Assumption	Effect on Gratuity obligation	Change in Assumptions	Effect on Leave Encashment obligation
For the year ended March 31, 2017				
Discount rate	+0.50%	(3.93)	+0.50%	(2.19)
	-0.50%	4.18	-0.50%	2.40
Salary Growth Rate	+0.50%	4.24	+0.50%	2.44
	-0.50%	(4.03)	-0.50%	(2.24)
For the year ended March 31, 2018				
Discount rate	+0.50%	(6.52)	+0.50%	(4.14)
	-0.50%	6.98	-0.50%	4.52
Salary Growth Rate	+0.50%	7.09	+0.50%	4.61
	-0.50%	(6.70)	-0.50%	(4.26)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

g) History of experience adjustments is as follows

OCI presentation of defined benefit plan

- Gratuity is in the nature of defined benefit plan, Re-measurement gains/(losses) on defined benefit plans is shown under OCI as Items that will not be reclassified to profit or loss and also the income tax effect on the same.
- Leave encashment cost is in the nature of short term employee benefits.

Presentation in Statement of Profit & Loss and Balance Sheet

- Expense for service cost, net interest on net defined benefit liability (asset) is charged to Statement of Profit & Loss.
- IND AS 19 do not require segregation of provision in current and non-current, however net defined liability (Assets) is shown as current and non-current provision in balance sheet as per IND AS 1.
- Actuarial liability for short term benefits (leave encashment cost) is shown as current and non-current provision in balance sheet.
- When there is surplus in defined benefit plan, Company is required to measure the net defined benefit asset at the lower of; the surplus in the defined benefit plan and the assets ceiling, determined using the discount rate specified, i.e. market yield at the end of the reporting period on government bonds, this is applicable for domestic companies, foreign Company can use corporate bonds rate.
- The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The mortality rates used are as published by one of the leading life insurance companies in India.
