HOME RETAIL LIMITED
ANNUAL REPORT 2017-18

Inspiring homes

Ours is a simple but a powerful story of passion for creating beautiful homes for people. Homes that are unique and mirror who they are. It's about creating a warm space where they can invite guests into a welcoming living room or around a well laid table. Its about creating a cocoon where they can take a moment just for themselves away from the hum of everyday. And we do so through high quality products, exclusive styles, timeless design and seamless shopping solution in-store and online. And in doing so, we curate inspirations for home – a home that people don't just occupy, but the one in which they live their life.

Our Presence

This map is not to scale. It only represents the cities in which HomeTown has its stores across the country.

From the Chairman's Desk

Maximizing our potential to perform and deliver to our happy customers.

Dear Shareholders

On behalf of the Board of Directors and the management team of the Company, I have immense pleasure sharing the Annual Report of your Company, Praxis Home Retail Limited, the independent listed avatar of HomeTown, the erstwhile division of Future Retail Limited. With the demerger that was completed during financial

year 2017-18, we have started a new journey as an independent Company, with 39 stores in 26 cities catering to over one million customer visits annually, with a well-recognized brand - "HomeTown".

Industry

India's furniture industry is the 14th largest in the world in terms of value with the organised market expected to grow at over 20% per annum and cross ₹ 2.2 lakh crore by 2020. This growth has been fuelled by several factors namely Foreign Direct Investment (FDI) in the Indian real estate sector, the government's "Housing-for-All by 2022" initiative, development of 100 smart cities, the anticipated increase in tourism, hospitality, retail and hospital sectors etc.

Apart from sheer volume growth, the contours of the market are also changing, shaped by emerging trends such as growing preference for global designs-European and South East Asian, changing lifestyle choices, especially of the middle class and most importantly increased disposable income creating more eclectic tastes. We have robust plans to cater to this growing demand that will come from all segments of the Home Retail industry – residential, commercial, contractual and institutional.

Customers

At Praxis, we believe in customer centricity and to gauge customer loyalty, we have instituted a leading customer satisfaction measure, the Net Promoter Score (NPS) during financial year 2017-18. We are very happy to state that we achieved an average NPS of 82%, a high score which we want to improve further. Another measure of Customer satisfaction 'On Time Delivery' averaged 89%. We are confident that we will sustain this culture of continuous improvement in customer satisfaction measures that will spur sustained and profitable growth.

Expansion

We opened 6 new stores in Noida, Hyderabad, Gurugram, Vashi, Nashik and Guwahati during

financial year 2017-18 taking the total number of stores to 39, adding 1.3 lakh sq ft of retail space in the process to take the total to 8.6 lakh sq ft. We also plan to increase our retail footprint significantly during financial year 2018-19 and will continue to expand our physical presence wherever we believe our target customer resides. This will include opening stores in new cities as well as strengthening our dominant position in existing ones.

Technology

We believe technology is a strategically critical resource which will help us improve both customer experience and employee efficiency and will drive sustainable profitable growth. To tap this, we have identified several technological initiatives of which I will elaborate on the following:

- **Customer Relationship Management (CRM)** – Our rejuvenated CRM will give our sales teams and customer service agents, amongst other features, a 360-degree view of the customer, leading to an enhanced potential for generating more effective customer journeys.
- **Endless Aisle** – This technology will allow customers to view and order products that are either out of stock or not sold in-store and have them shipped directly to their homes thus presenting the customer with a significantly larger product assortment.
- **Digital Web Experience** – Our revamped website and app will help us improve our sell-through, provide a better Pre-sales and Post-sales experience and improve store guidance and discovery. Our fully functional ecommerce portal is a key step towards building an omni-channel presence and will initiate the digitization journey for us.

Governance

Good corporate governance is imperative to a company's success and towards this, we have set up a 6-member Board of Directors, comprising eminent professionals. In keeping with the traditions of good governance, we have also ensured that the Board is predominantly independent. Additionally, the Board

Members have brought diverse perspectives that have added immense value to the process of strategically steering the Company forward.

People

We have also focused on setting up a complete leadership team and added the necessary positions to achieve this which has not only strengthened the talent pool but has also helped us imbibe the best practices from other industries, including retail and FMCG. We are also building an enabling, performance-oriented culture that focuses on the customer and ensures both Strategic brilliance and Operational excellence.

We are all committed to spending time and effort to consistently better employee engagement. We strongly believe that engaged employees know and do best to contribute to the organizational goals and stakeholder delight. With an intent to make your Company an employer of choice, we participated in the Great Place to Work (GPTW) survey and are now a GPTW certified workplace. The survey helped us understand and improve employees' experience at our work place.

We are proud and grateful for our long-standing affiliations with all our partners viz. shareholders, customers, employees, suppliers, other business associates, regulatory authorities and all other stakeholders.

Outlook

We believe we are focusing on the right building blocks viz; customer focus, right growth strategies, efficient operations and effective governance and will continue to strengthen these which will yield significant stakeholder value creation over the long term. We are also excited about global players like Ikea entering the Indian market which is not only indicative of the organized sector's potential but will also help increase its size.

The year 2018 has been a great year for us and I am thankful to each one of you for your support and trust in us.

Management Discussion and Analysis

The Indian Retail Industry has emerged as one of the most dynamic and fast-paced industries due to the entry of several new players, accounting for over 10 percent of the Country's Gross Domestic Product (GDP) and around 8% of the employment. India is the world's fifth-largest global destination in the retail space. Indian Retail Industry has immense potential as India has the second largest population with affluent middle class, rapid urbanisation and rapid increase in internet penetration. While on one hand the boom in the residential real estate industry over the last few decades has given an impetus to the home décor market, it has on the other increased consciousness and upgradation in style of living among home owners has boosted the demand for stylish interiors and colourful classy décor.

During the year under review, the Scheme of Arrangement between Future Retail Limited ('FRL') and Bluerock eServices Private Limited ('BSPL') and Praxis Home Retail Limited ('PHRL' or 'the Resulting Company' or 'the Company') and their respective Shareholders under Sections 230 to 232 read with Section 66 of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013 ("**the Scheme**") was made effective on 20th November, 2017. As a result, Home Retail Business Undertaking of FRL (as on appointed date 1st August, 2017) and e-Commerce Home Retail Business Undertaking of BSPL (as on appointed date of 15th April, 2016) is now vested with the Company.

Post Demerger, your Company now operates stores of home furniture and home fashion under the brand name of HomeTown and also operates the web portal (www.hometown.in) to drive online sales of Furniture, Furnishing products with wide range of assortment catering to large section of customers. The web portal in addition to offering rich information on design & modular solutions i.e Design & Build, Modular Kitchens & Wardrobes also helps in capturing details of potential customers to enable service closure by the physical stores.

HomeTown is a one-stop shop that brings together under one roof a wide range of furniture, home furnishing goods, design and build, other home related products and high quality services including complete home design, modular kitchen, flooring, tiles, plumbing, wallpaper among others, along with great in-store experience. Currently, HomeTown has a pan India presence with 39 stores, across 26 cities and 13 states majorly in Maharashtra, West Bengal, Karnataka, Uttar Pradesh, Telangana and Delhi NCR.

The Demerger has resulted in consolidation of physical and online Home Retail Businesses under the single roof of the Company and has given a focused leadership and dedicated Management with greater visibility on the performance of physical and online formats.

With regards to the vesting of demerged Home Retail Business Undertaking of Future Retail Limited, the Company had completed the entire process, starting with the Board approval in April 2017, approval of Shareholders in September 2017 and finally sanction of Hon'ble Mumbai Bench of National Company Law Tribunal (NCLT), in November 2017. The Scheme has been given effect in the books of accounts of the Company, with effect from 1st August, 2017 for FRL and 15th April, 2016 for BSPL, post completion of necessary compliance. Your Company continues its strategy of adopting a measured approach towards growth that captures consumer spend from a growing set of Indian consumers and at the same time ensuring that this growth is sustainable, profitable and value accretive in the long run. A key focus for the Company is to increase its velocity of sales for its existing business and increase its overall retail space and presence. The objective has been to enhance assortment relevance, improve quality standards, shopping experience and reinvent ourselves for higher customer conversion ratio, better ticket sizes, better same store sales growth and focus on higher margin products.

Your Company is determined to design its format stores to be smarter and experiential through use of technology, innovation in services, layouts, sections and digital interface. It aims at attracting more evolved and experience seeking customers in key catchments and metros. These stores redefine the shopping experience and set new benchmarks for retailing in India. HomeTown store is where many of the Company's innovations and ideas to give consumers a world class shopping experience have come together.

As part of other efforts to enhance customers' shopping experience and have a bigger share of their shopping wallet certain other initiatives have also been taken. This includes introduction of payback loyalty points, EMI facility through Bajaj Finserv for spends above certain limit across stores of the Company, and many more initiatives. These innovative fast-growing digital tools are yielding deep consumer big-data which in-turn shall immensely help us in penetrating deeper into our customer-base while at the same time, bringing in new age customers in large numbers.

Management Discussion and Analysis (Contd.)

Operational Overview

Your Company is focussed on the objective of improving its Return on Capital Employed (ROCE) and it would continue to take necessary steps to improve the financial position.

As part of Company's plan to remain relevant to the internet-savvy new age consumers and other stakeholders, the Company, in coming months, proposes to focus on various digital initiatives. As a result, e-commerce has become an important pivot of growth. Your Company has taken definitive steps to stay ahead of the curve in this space; and has identified and appointed dedicated resources and is working with top-class consulting companies for growing the e-commerce business.

Your Company continues to strive hard for optimising productivity on per store basis. The optimum utilisation of the retail space, introduction of new and high demand products, better negotiation with vendors, attracting customers to stores to increase overall customer footfall and then better conversion rate would result in better store productivity as well as better contribution per square foot of retail space.

Brand, Customer and Marketing Overview

HomeTown is a one-stop shop destination for all home interior needs for the lifestyle seeking consumer. The brand is targeted at the aspirational upper-middle class consumer, seeking good quality, trendy and functional furniture, homeware and interior solutions. HomeTown has emerged to be the number one player in the organised home retail category and a strong aspirational lifestyle brand.

True to the brand positioning of 'Art of Better Living', HomeTown brand's vision is to inspire people to create living spaces that are beautiful, partnering with customers in building their dream homes by offering wide range of great quality and thoughtfully curated products, personalised buying experience and unmatched customer service.

Our marketing efforts are focussed on increasing brand salience and lead generation with print and outdoor advertising forming the core of our awareness strategy. Digitisation, Big Data and Omnichannel marketing are the key strategic themes for driving growth in the coming years. Digitisation efforts like Marketing Automation with Salesforce offer opportunities to deliver on our strategy of being a default home shopping destination by creating unique customer journeys and personalised dialogues with customers based on their needs and requirements

throughout their lifecycle. Big Data Analytics offers us opportunities to understand each customer segment in a unique manner and formulate selling and marketing strategies relevant to their attitude and purchase needs. Omnichannel marketing will ensure a fully integrated approach to deliver a unified and seamless experience across physical and online store.

Competition

Your Company is a part of the Future Group, which is a pioneer in organised Retail Industry. As of 31st March, 2018, the Company operates 39 stores covering a wide range of furniture, home furnishing goods, design and build, other home related products and high quality services including complete home design, modular kitchen, flooring, tiles, plumbing, wallpaper among others, along with great in-store experience. Praxis has presence across both metro and tier II cities and future expansion plans are in line with the need to serve the target customer.

Your Company is determined to increase sales from its existing stores and optimising its value chain, reduction in operating costs, improving margins and increasing sales thereby adding to the bottom-line. Goods and Services Tax (GST) is one of the biggest indirect tax reforms which India has ever witnessed. The enactment of the GST legislation has been a milestone reform that has created a win-win environment for all stakeholders with an integrated and productive economy and is expected to further boost economic growth.

Human Resource Initiatives

Human Resource is one of the key interfaces the Company has with its customers and hence it plays a vital role in writing the success story of any Company. The Human Resource function's strategy is focused on creating a future-ready workplace, strengthening the Company's culture, building capability for business and nurturing careers. We are very proud to state that post the Demerger, we have taken several initiatives in this direction.

Your Company currently employs approximately 1,750 employees spread across 39 stores and 26 cities. With an aim to hire and retain good talent we have revamped our hiring strategy and incorporated the Top Grading methodology of recruitment which is a detailed multiple step interviewing process including competency and role-based interview.

With an intent to make your Company an employer of choice, we undertook the Great Place to Work survey in which the strengths and weakness of the organization were highlighted after a detailed analysis.

Management Discussion and Analysis (Contd.)

You would be happy to know that your Company has been certified a “Great Place to Work” based on the engagement survey and an audit of its policies and practices adding another feather to its cap. This is a proud moment for your Company, as this was the first year of participating in such an engagement survey. Learning from the findings, your Company is now investing in transformational projects by aligning with larger business goal of growing at a fast pace.

Business Outlook

With the unorganized and fragmented players forming almost 80% of the furniture market, India offers immense opportunities for domestic and international players. The demand for furniture is growing in the country on account of increasing purchasing power of the consumers, changing lifestyle, increasing urbanization and widespread availability in tier II and III cities. The domestic furniture market in India is highly unorganized with regional players offering a stiff competition to leading furniture companies, which form the organized sector in the Indian furniture market. To increase product availability, your Company has entered into tie-ups with e-commerce marketplaces such as Flipkart and Amazon.

According to “**India Furniture Market Forecast & Opportunities, 2019**”, the Country’s furniture market is projected to grow at a CAGR of around 26% during 2014-19. Home furniture segment is the leading contributor, followed by office and institutional segment. Western region is expected to be the highest revenue contributor in Indian furniture market, followed by southern region due to the presence of large number of industrial hubs and upcoming infrastructure developments in these regions. Over the next five years, the Indian furniture market is expected to witness increasing consolidation due to growing entry of international companies as a result of the government’s 100% FDI approval in the Country’s furniture industry. Consequently, the value share of small and mid-sized furniture players forming the unorganized sector is expected to decrease over the coming years.

Risks and Threats

Risks might be with respect to regulatory changes pertaining to the industry in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on our business activities or investments, the monetary and fiscal policies of

India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, and changes in the competitive environment.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to general political, social and economic conditions in India and other countries. Strikes or work stoppages by our employees or contractual employees, increasing competition in, and the conditions of, the Indian Retail Industry, failure to continue business or undertake projects on commercially favourable terms, changes in government policies, including introduction of or adverse changes in tariff or non-tariff barriers, foreign direct investment policies, affecting the retail industry generally in India, accidents and natural disasters are factors which are beyond our control.

We expect significant demand for our products and hence require to continuously evolve and improve our operational, financial and internal controls across our Organization, and our continued expansion increases the challenges involving integration of new stores, preserving a uniform culture, values and work environment, developing and improving infrastructural, operational, and other internal systems, recruiting, training and retaining sufficient skilled management, project management, human resources and marketing personnel and adhering to health, safety and environmental standards.

Delay in store openings will impact our schedules and cause cost and time overruns. In addition, our expansion may present distribution and merchandising challenges that differ from those in our current operation. Addressing the challenges arising from our growth entails substantial senior level management time and resources and would put significant demands on our Management team and other resources. Any inability to manage our growth may have an adverse effect on our business and results of operations.

There can be no assurance that we will be able to execute our strategy on time and within the stipulated budget or that we will meet the expectations of the customers and achieve our planned growth. Further, large number of stores may increase our fixed operating costs, and there can be no assurance that we will experience a commensurate increase in revenue or derive operational synergies to offset these higher costs. Our inability to manage our growth could have a material adverse effect on our business, results of operations and financial condition.

Management Discussion and Analysis (Contd.)

Our business is subject to seasonal and cyclical volatility and our inability to forecast the trends and consumer preferences or demands in the forthcoming seasons may contribute to fluctuations in our results of operations and financial condition.

Your Company always strives to mitigate each of the above discussed risks both internal and external risks. We shall also note that at this time, we do not anticipate any major adverse change in the macroeconomic factors.

The set controls and defined responsibilities at each level of management require evaluation of the various existing risks and new expected risks at an early stage and immediate action plan to mitigate such risks. Further, the authority vested at each Management level ensures implementation and execution of such action plan with minimised risk. Further, use of information technology for implementation as well as regular review and evaluation of such risks and risk mitigation action plan by Management ensures minimisation of such risks.

Internal Controls and their adequacy

ANNEXURE – I

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Praxis Home Retail Limited
(formerly known as Praxis Home Retail Private Limited)
Mumbai.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Praxis Home Retail Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provides me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company, during the audit period covering the financial year ended on March 31, 2018, has prima facie complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2018 according to the provisions of:

- (i) The Companies Act, 2013 and / or the Companies Act, 1956 to the extent applicable (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings – (Not Applicable to the Company during the Audit Period);

(v) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992 (SEBI Act):-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulation 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

- (e) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations 2015.

Though the following laws are prescribed in the format of Secretarial Audit Report by the Government, the same were not applicable to the Company for the financial year ended 31st March, 2018:-

- (a) The Securities and Exchange Board of India(Share Based Employee Benefits) Regulations, 2014;
- (b) The Securities and Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008;
- (c) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;

ANNEXURE – I (Contd.)

- (d) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.

Based on the representation given by the Management of the Company, it is observed that there are no such laws which are specifically applicable to the industry in which the Company operates.

I have also examined compliance with the applicable clauses of the following:

- (a) SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015
(b) The Secretarial Standards 1 & 2 Issued by The Institute of Company Secretaries of India

During the period under review, the Company has prima facie complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that I rely on statutory auditor's reports in relation to the financial statements and accuracy of financial figures for Good and Services Tax (GST) Sales Tax, Value Added Tax, Related Party Transactions, Provident Fund, ESIC, etc. as disclosed under financial statements, Accounting Standard 18 and note on foreign currency transactions during our audit period.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors / Committees that took place during the period under review were carried out in compliance with the provisions of the Act.

I further report that as per the information provided by the Company, the Company has given adequate notice to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on agenda items before the meeting and for meaningful participation at the meeting.

I further report that as per the minutes of the meetings, majority decisions of the Board were unanimous and no dissenting views were found as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there was Scheme of Arrangement which is briefly explained as below:

Scheme of Arrangement between Future Retail Limited ('FRL') and Bluerock eServices Private Limited ('BSPL') and Praxis Home Retail Limited ('the Company') and their respective Shareholders and under Sections 230 to 232 read with Section 66 of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013 ("the Scheme") was approved by virtue of Order passed by the Hon'able Mumbai Bench of National Company Law Tribunal (NCLT) on 10th November, 2017, and was made effective on 20th November, 2017 by filing of the requisite e-form with the Ministry of Corporate Affairs.

Further, upon the Scheme becoming effective on 20th November, 2017, the issued, subscribed and paid up equity share capital of the Company of ₹ 5,00,000/- (Rupees Five Lakh Only), stood cancelled and reduced without any further act or deed, and 2,46,33,208 Equity Shares of face value ₹ 5/- each (earlier 50,000 equity shares were of face value of ₹ 10/- each which were sub-divided into 1,00,000 equity shares of ₹ 5/- each), aggregating to ₹ 12,31,66,040/- were issued and allotted to the shareholders of FRL for every 20 equity shares held by them and 6,30,000 9% Non-Cumulative Redeemable Preference Shares of face value of ₹ 100/- each aggregating ₹ 6,30,00,000/- were issued and allotted to the shareholders of BSPL. 2,46,33,208 Equity Shares were listed on the Stock Exchanges – BSE Limited and National Stock Exchange of India Limited, w.e.f. 31st January, 2018.

Further, 17061 fractional shares arising out of the above entitlement were consolidated and the Company issued a consolidated share certificate and after following due process of law, such shares were sold in the open market on 4th April, 2018 and the net sale proceeds were distributed to the shareholders in proportion to their fractional entitlements.

- (a) There were no instances of:
1. Buy- back of securities / Preferential issue of shares
 2. Foreign Technical Collaborations.
 3. Public / Rights issue of shares
 4. Merger / reconstruction etc.

ANNEXURE – I (Contd.)

I further report that:

1. Maintenance of Secretarial record is the responsibility of the Management of the Company. Our responsibility is to express an opinion on these Secretarial Records based on our audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the Secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. Wherever required, I have obtained the Management representation about the compliance of Laws, Rules and Regulations and happening of events etc.
4. The compliance of the provisions of Corporate and other applicable Laws, Rules, Regulations, Standards is the responsibility of the Management. My examination was limited to the verification of procedures on test basis.
5. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor the efficacy or effectiveness with which the Management has conducted the affairs of the Company.

Performance evaluation criteria for Independent Directors

The Company has also devised a process for performance evaluation of Independent Directors, the Board, its Committees and individual Directors. The Independent Directors were inter-alia evaluated on the criteria such as engagement, leadership, analytical, quality of decision-making, interaction, governance, etc.

REMUNERATION POLICY

The Company believes that human resource is the key for the continuous growth and development of

the Company. The Company's remuneration policy is designed to attract, retain and motivate employees by offering appropriate remuneration packages and retirement benefits. The remuneration policy is in consonance with the existing industry practice.

REMUNERATION POLICY FOR EXECUTIVE DIRECTORS

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) and commission or performance bonus (variable component) to the Chairman & Managing Director as approved by the Board. In determining the remuneration package of the Chairman & Managing Director, the Nomination and Remuneration Committee (NRC) inter-alia evaluates the remuneration paid by comparable organizations and thereafter makes its recommendation to the Board. Annual increments are decided by the NRC within the scale of remuneration approved by the Board. NRC also reviews and decides on the quantum of commission or performance bonus payable to the Chairman & Managing Director as per terms of appointment and based on the performance of the individual as well as the Company.

CRITERIA OF MAKING PAYMENTS TO NON-EXECUTIVE DIRECTORS

Non-Executive Directors are paid sitting fees for attending Meetings of the Board and Committees of the Board including meeting of Independent Directors, as decided from time to time by the Board. The Company also reimburses the out-of-pocket expenses if any incurred by the Directors for attending the meetings. The Members of Corporate Social Responsibility Committee have voluntarily waived the acceptance of sitting fees for attending the meeting of the Committee. The Non-Executive Directors as of 31st March, 2018 are not paid any Commission but may be paid commission up to an aggregate maximum of 1% of the net profits of the Company as specifically computed for this purpose and as may be approved by Board of Directors of the Company. The criteria of making payments to Non-Executive Directors inter-alia, covers the number of meetings attended, Chairmanship of Committees of the Board, time spent in deliberations with the Senior Management on operational matters other than at meetings and contribution at the Board/Committee(s) levels.

Independent Auditors' Report

To the Members of Praxis Home Retail Limited (formerly known as Praxis Home Retail Private Limited)

Report on the Ind AS Financial Statements

1. We have audited the accompanying financial statements of **Praxis Home Retail Limited** (formerly known as Praxis Home Retail Private Limited) ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of state of affairs (financial position), loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.
5. We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Independent Auditors' Report (Contd.)

Other Matters

9. The comparative financial information of the Company for the year ended 31st March, 2017 and the transition date opening balance sheet as at 1st April, 2016 included in these Ind AS financial statements are based on previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by M/s Rajen Damani & Associates, Chartered Accountants whose report for the year ended 31st March, 2017 and 31st March, 2016 dated 10th April, 2017 and 30th June, 2016 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of above matter.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

11. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.

e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act;

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has no pending litigations as at 31st March, 2018 on its financial position in its Ind AS financial statements;
- ii. The Company has no long-term contracts and derivative contracts as at 31st March, 2018 for which there were any material foreseeable losses;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31st March, 2018;

- (i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of its fixed assets.
- (b) As informed to us, the fixed assets are physically verified by the Management according to a phased program designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies between the book records and the physical inventory have been noticed.
- (c) The Company does not have any immovable property, So the clause is not applicable to the Company.
- (ii) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. As informed, the discrepancies noticed on physical verification of inventory as compared to book records were not material.
- (iii) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to any company, firm, limited liability partnerships or other party covered in the register maintained under Section 189 of the Act. Accordingly, the provisions stated in paragraph 3(iii) (a), (b) & (c) of the Order are not applicable.
- (iv) The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the provisions of Clause 3(iv) of the said Order are not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the provisions of Sections 73 to 76 of the Act and the rules framed there under.
- (vi) In our opinion and according to the information given to us, no cost records have been prescribed by the Central Government of India under sub section (1) of section 148 of the Act.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, goods and service tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales tax, goods and service tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues as applicable were outstanding for a period of six months from the date they became payable.
- (c) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, sales-tax, goods and service tax, service-tax, duty of customs, and duty of excise or value added tax which have not been deposited on account of any dispute.
- (viii) According to the records of the Company examined by us and the information and explanation given to us, the Company has not availed any loans or borrowings from any financial institution or bank or Government or dues to debenture holders. Hence, the reporting requirement under paragraph 3(viii) of the Order is not applicable.
- (ix) During the year the Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans hence the reporting requirements under paragraph 3(ix) of the Order is not applicable.

Annexure A to Independent Auditors' Report (Contd.)

- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.
- (xi) During the year, the Company has paid managerial remuneration in excess of the limits prescribed under Schedule V of Section 197 of the Act and the said excess amount was recovered from the Key Managerial Personnel during the year ended 31st March, 2018.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and accordingly the provision of the clause 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions entered into by the Company with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable.
- The details of related party transactions as required under Ind AS 24, Related Party Disclosures specified under Section 133 of the Act, have been disclosed in the Ind AS financial statements.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the period. Accordingly, paragraph 3(xiv) of the Order is not applicable.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its Directors.
- (xvi) According to the information and explanation given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to Auditors' Report

[Annexure to the Independent Auditor's Report referred to in paragraph "11(f)" under the heading "Report on other legal and regulatory requirements" of our report of even date on the Ind AS financial statements of Praxis Home Retail Limited (formerly known as Praxis Home Retail Private Limited) for year ended 31st March, 2018.]

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Praxis Home Retail Limited (formerly known as Praxis Home Retail Private Limited) ("the Company") as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial

reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Annexure B to Auditors' Report (Contd.)

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the financial statements for the year ended 31st March, 2018

1. General Information

Praxis Home Retail Limited ("PHRL" or "the Company") was originally incorporated on 31st January, 2011 as GRN Energy Private Limited with the Registrar of Companies, Maharashtra at Mumbai ("RoC"). Further, name of the Company was changed to GRN Retail Private Limited and a fresh certificate of incorporation was issued on 21st December, 2016 by RoC. Furthermore, name of the Company was changed to Praxis Home Retail Private Limited and a fresh certificate of incorporation was issued on 5th January, 2017 by RoC. Pursuant to the Composite Scheme of Arrangements under the relevant provisions of the Companies Act, 2013, the Company becomes a public Company domiciled in India.

The Company is engaged in the business of Home Retailing through departmental stores under various formats across the country.

The Company is a public limited Company which is listed on two recognised stock exchanges in India, BSE and NSE. The Company is incorporated and domiciled in India under the provisions of the Indian Companies Act, 1956. The registered office of the Company is located at iThink Techno Campus, Jolly Board Tower D, Ground Floor, Kanjurmarg (E), Mumbai – 400 042, India.

The Financial Statements were approved by the Board of Directors of the Company on 28th May, 2018.

2. Company overview and Significant Accounting Policies

2.1 Basis of Preparation

The financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") read with [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements for all periods up to and including the year ended 31st March, 2017 were prepared in accordance with the Accounting Standards notified under Section 133 of Companies Act, 2013 read together with the Companies (Accounts) Rules, 2014 ("Previous GAAP").

As these financial statements for the year ended 31st March, 2018 are the first financial statements of the Company prepared in accordance with Ind AS, Ind AS 101, "First-time Adoption of Indian

Accounting Standards" has been applied. An explanation of how the transition from Previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows including reconciliations and descriptions of the effect of the transition are provided in Note No 2.26.

The financial statements are presented in 'Indian Rupees', which also is the Company's functional currency and all amounts, are rounded to the nearest Lakh, with two decimals, unless otherwise stated.

The policies set out below have been consistently applied during the years presented.

2.2 Basis of Measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value; and
- defined benefit plans - planned assets measured at fair value

2.3 Use of judgements, estimates & assumptions

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgement and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, the disclosure of contingent asset and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of such changes in the circumstances surrounding the estimates. Changes in estimate are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.4 New Accounting Standards and Interpretations not yet effective

Amendments to Ind AS 115, 'Revenue from Contracts with Customers':

In March 2018, the Ministry of Corporate Affairs has notified the Companies (Indian Accounting

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

Standards) Amendment Rules, 2018 ("amended rules"). As per the amended rules, Ind AS 115 "Revenue from contracts with customers" supersedes Ind AS 11, "Construction contracts" and Ind AS 18, "Revenue" and is applicable for all accounting periods commencing on or after 1st April, 2018.

Ind AS 115 introduces a new framework of five step model for the analysis of revenue transactions. The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The new revenue standard is applicable to the Company from 1st April, 2018.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach).

The Company is evaluating the amendment and the impact on the financial statements.

Appendix B to Ind AS 21, foreign currency transactions and advance consideration:

On 28th March, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment is effective from 1st April, 2018. The Company is evaluating the requirement of the amendment and the impact on the Financial Statements. The effect on adoption of Ind AS 21 is expected to be insignificant."

2.5 Revenue Recognition

Revenue is recognized on a fair value basis to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably.

Sale of products

Revenue from the sale of products is recognized when the significant risks and rewards of ownership of the goods have been transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of products.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, considering contractually defined terms of payments and net of returns and allowances, trade discounts and volume rebates but does not include taxes and duties collected on behalf of the government.

Sale of Services

Revenue from services are recognized as they are rendered based on the arrangements with the customers.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Dividend Income

Dividend income is recognised when the Company's right to receive such dividend is established.

2.6 Property, Plant and Equipment

- Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment losses if any. The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management.

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

- b. An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net realisable value and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.
- c. The Cost of Property, Plant and Equipment acquired in a business combination is recorded at fair value less cost to sell.
- d. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its recoverable amount.
- e. Property, Plant and Equipment are eliminated from the financial statements, either on disposal or when retired from active use.
- f. The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end and changes, if any, are accounted prospectively.
- g. The Company depreciates Property, Plant & Equipment over their estimated useful lives using the "Written Down Value" method as prescribed under Schedule II of the Act. The estimated useful lives of the Asset are as follows:

Assets	Useful life of asset
Plant and Machinery	15 years
Office Equipment	5 years
Furniture and Fixture	10 years
Computers	3 years

- h. Intangible Assets
Intangible Assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the assets for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition.

Intangible assets are amortised on straight line basis over their estimated useful economic life. The estimated useful life of the assets are as follows:-

Assets	Useful life of asset
Software other than Customer Database	10 years
Customer Database	5 years
Brand, Trademarks and others	10 years

An item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.7 Impairment of Non Financial Assets

Assessment for Impairment is done at each balance sheet date as to whether there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

2.8 Current and Non-current Classification

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

- iii) It is expected to be realised within 12 months after the reporting date or;
- iv) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i) It is expected to be settled in the Company's normal operating cycle;
- ii) It is held primarily for the purpose of being traded;
- iii) It is due to be settled within 12 months after the reporting date or;
- iv) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax asset and liabilities are classified as non-current assets and liabilities.

Operating Cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's operating cycle is within a period of 12 months.

2.9 Fair Value Measurement

Accounting policies and disclosures require measurement of fair value for both financial and non-financial assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or ;
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.10 Inventories

Inventories are valued at lower of cost and net realizable value. Costs of Inventories are computed on Weighted Average basis. Cost includes purchase cost, conversion cost and other costs incurred to bringing the inventory to its location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

2.11 Financial Instruments

The Company recognises financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair values on initial recognition, except for trade receivables, which are initially measured at transaction price.

Financial Assets:

a) Initial Recognition and Measurement

The Company recognizes financial asset and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial asset and liabilities are recognised at fair value on initial recognition, except for trade receivable which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial asset and financial liabilities that are not fair value through profit or loss, are added to the fair value on initial recognition.

b) Subsequent Measurement

i) Financial asset at Amortized cost

A Financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal outstanding. Interest income from these financial assets is included in other income using the effective interest rate method.

ii) Financial Asset at Fair Value through Other Comprehensive Income (FVOCI)

Financial Asset is subsequently measured through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial asset and contractual terms of the financial asset give rise on specified dates to the cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of impairment gains and losses, interest revenue and foreign exchange gains

and losses which are recognized in the Statement of Profit and Loss. Further in cases where the Company has made irrevocable election based on its business model, for its investment which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

iii) Financial Asset at Fair Value through Profit & Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

c) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company measures the expected credit loss associated with its trade receivables based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

d) Derecognition of Financial Assets

A financial asset is derecognised only when:

- Right to receive cash flow from assets have expired or,
- The Company has transferred the rights to receive cash flows from the financial asset or,
- It retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

the received cash flows in full without material delay to a third party under a "pass through" arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial Liabilities

a) Initial Recognition and Measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

b) Subsequent Measurement

Financial liabilities at amortized cost: After initial measurement, such financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit and Loss.

i) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction

costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

ii) Trade and Other Payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

c) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

2.12 Contributed Equity

Equity Shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares are shown in equity as a deduction, net of tax, from the proceeds.

2.13 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate.

2.14 Contingent Liabilities and Contingent Assets

A Contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is probable that an outflow of resources will not be required to settle the obligation. However, if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as contingent liability.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the notes to financial statements. A Contingent Asset is not recognized in financial statements, however, the same is disclosed where an inflow of economic benefit is probable.

2.15 Foreign Currency Translation

a) Functional and Presentation Currency

The Functional Currency of the Company is the Indian Rupee. The financial Statements are presented in Indian Rupees.

b) Transactions, Translation and Balances

Foreign Currency Transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss.

All foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

2.16 Earnings Per Share

Basic earnings per equity share are computed by dividing the net profit attributable to the Equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

For calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.17 Taxes on Income

Income tax expense for the year comprises of current tax and deferred tax.

Current Tax

Current Income Tax for the current and prior period is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date.

Current Tax is recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively. Where current tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred Tax

Deferred Tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

Deferred Tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred Tax Assets and Deferred Tax Liabilities are offset if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.18 Employee Benefits

Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the period in which the related service is rendered.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

Post-employment benefits are recognized as an expense in the Statement of Profit and Loss for the period in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.

The liability in respect of gratuity is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Gains and losses through re-measurement of the net defined benefit liability / (assets) are recognized in other comprehensive income. The actual return

of the portfolio of plan assets, in excess of the yield computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income.

2.19 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.20 Leases

Leases where significant portion of the risks and rewards of ownership are retained by the lessor, are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to Statement of Profit or Loss on a straight-line basis over the period of the lease term.

2.21 Business Combinations

Business Combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued, and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

Business combination between entities under

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

common control is accounted for using the pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts. The only adjustments that are made are to harmonise accounting policies.

2.22 Borrowing Costs:

Borrowing Costs includes interest, amortisation of ancillary cost incurred in connection with the arrangement of borrowings and the exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

2.23 Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.24 Critical estimates and judgements:

The areas involving critical estimates or judgements are:

- **Estimation of deferred tax assets recoverable**
Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the same can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits

together with future tax planning strategies.

The Company has not recognized deferred tax asset on unused brought forward losses, which according to the management will expire and may not be used to offset taxable gain, if any, incurred by the Company. Refer Note No. 35 for amounts of such temporary differences on which deferred tax assets are not recognised.

- **Estimation of defined benefit obligation**

The cost of the defined benefit gratuity plan and other post-employment employee benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available Indian Assured Lives Mortality (2006-08) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases, and gratuity increases are based on expected future inflation rates for the respective countries. Refer Note No. 33 for key actuarial assumptions.

- **Impairment of trade receivables, loans and other financial assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

forward looking estimates at the end of each reporting period.

Refer Note No. 31 on financial risk management where credit risk and related impairment disclosures are made.

2.25 First Time Adoption of Ind AS

Transition to Ind AS

These are Company's first financial statements prepared in accordance with Ind AS.

The Accounting policies set out in note 2 have been applied in preparing the Financial Statements for the year ended 31st March, 2018, the comparative information presented in these financial statements for the year ended 31st March, 2017.

30. Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors.

(a) Credit Risk

Credit Risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivable amounting to ₹ 706.24 Lakh, ₹ NIL and ₹ NIL as on 31st March, 2018, 31st March, 2017 and 1st April, 2016 respectively.

Since Company operates on business model of primarily cash and carry, credit risk from receivable perspective is insignificant.

(b) Liquidity Risk

i) The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

ii) Maturity of Financial Liabilities

The amounts disclosed below are the contractual undiscounted cash flows. Balances due within 12 months equal to their carrying balances as the impact of discounting is not significant.

(b) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Accounting Standards. An explanation of each level follows underneath the table.

Assets and Liabilities which are measured at amortised cost for which Fair Values are disclosed as at 31st March, 2018

(d) Valuation technique used to determine fair values

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of the non-current Borrowings are based on discount cash flow using current borrowing rate.

Note

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. This is the case for long term borrowings which is included in this level.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

32. CAPITAL RISK MANAGEMENT

(A) Risk Management

For the purpose of the Company's Capital Risk Management, capital includes issued equity capital and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's Capital Risk Management is to maximize the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic condition and the requirements of the financial covenants. To maintain and adjust the capital structure, the Company may return capital to shareholder or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

Notes to the financial statements for the year ended 31st March, 2018 (Contd.)

33. Employee Benefits

The Company has various employee benefit schemes covering different categories of employees based on their location of employment.

a) Contribution Plans:

Amounts towards defined contribution plans have been recognised under "Contributions to Provident and other funds" in Note 27: ₹ 179.25 Lakh (31st March, 2017 - ₹ 28.02 Lakh).

b) Benefit Plans:

The Company operates the following defined benefit plans:

- (i) Gratuity
- (ii) Compensated Absences

(i) Gratuity:-

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. It entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. Inherent risk: The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

The actuarial valuation of the present value of the defined benefit obligation has been carried out as at 31st March, 2018. The following table sets forth the status of the various defined benefit plans of the Company and the amounts recognised in the Balance Sheet and Statement of Profit and Loss.
