**ANNEXURE-1****THE MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The world economy has strengthened as lingering fragilities related to the global financial crisis subside. In 2017, global economic growth reached 3%, the highest growth rate since 2011 and growth is expected to remain steady for the coming year. Labour market indicators continue to improve in a broad spectrum of countries, and roughly two-thirds of countries worldwide experienced stronger growth in 2017 than in the previous year. At the global level, growth is expected to remain steady at 3.0% in 2018 and 2019. The improved global economic situation provides an opportunity for countries to focus policies towards longer term issues such as low carbon economic growth, reducing inequalities, economic diversification and eliminating deep rooted barriers that hinder development.

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6% in 2017-18 and is expected to grow 7.3% in 2018-19. Public investment, government initiatives like Make-in-India, Smart cities and focus on rural development are likely to support growth in domestic demand in the next year. Further, structural reforms such as Goods & Services Tax (GST), Insolvency and bankruptcy code, will further help the organized sector to grow and reduce financial stress in the system.

Your Company, was able to achieve the best sales and production performance through higher levels of customer engagement, cost reductions steps and efficient supply chain management.

OPPORTUNITIES & THREATS

Our Company is one of the leading and established Company in Metal packaging industry. We are keenly conscious of the emerging opportunities in the can-manufacturing sector in India as well as abroad and we shall endeavor to take benefit of every good opportunity in the very best interest of our members.

Following are the opportunity and threats of our Company:

OPPORTUNITIES

1. Historical established performance.
2. Established customer profile and wide customer base.
3. Reputation for quality, well established brand.
4. Edge in raw material procurement.
5. Ability to expand and diversify.
6. Expansion in export market.
7. Professionally & technically qualified Human Resource.
8. Priority of the Government to promote Food Processing Industry.
9. Innovation and new product development.

THREATS

1. Global & Domestic competition
2. Lower recovery in Global Economy.
3. Volatility in exchange rate (with rupee depreciation).
4. Competition from unorganized sector.

5. Thin margin.
6. Development and innovation in alternate packaging materials
7. Uncertainty in availability of seasonal fruits & vegetables
8. Finance Cost
9. Environmental concerns against plastic products
10. Increased cost of inputs like Tinplate & Labour Cost.
11. US & China Trade War

PRODUCT WISE PERFORMANCE

The Company had been mainly focusing on food products and now gradually expanding its base in non food sector also. In addition Company is also developing new innovative products for domestic and global market.

OUTLOOK

The outlook of the Company seems to be progressive. The management of the Company is engaged in the task of reducing overheads and other costs. Company has a vision to consolidate its position as leader in metal packaging segment.

RISK

There is a trend towards alternate packaging which is cheaper as compared to metal packaging with shorter shelf life inspite of the fact that metal packaging has an edge over them in terms of shelf life, sustainability etc.

CONCERN

The main concern is the high inflation in the Indian economy resulting into increase in cost of various inputs particularly Tinplate, rising interest rates and lower recovery in global economy. Further few export consignments are reported damaged in transit. The consignments are insured and under investigation by the insurer, the impact of which is yet to be ascertained on the Company. Since the financial implication is yet to be quantified, no provision is made in the books.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has adequate internal control systems commensurate with its size and complexity of operations. The Internal Control systems are aimed at monitoring efficiency of operation, ensuring protection of resources, accuracy and promptness of financial reporting and compliance with statutes and regulations. All the vital internal control systems in the Company are working satisfactorily. Our statutory and Internal Auditors have not reported any serious departure in any of the internal control systems. The Audit Committee of the Company regularly reviews internal control systems of the Company and continuous improvements are being made in the same. Budgets are prepared every year and the actual performance is compared to the budgeted performance. The variances are reviewed on a monthly basis and corrective actions are taken accordingly.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE.

Inspite of fierce competition & extremely challenging domestic business environment, your Company delivers and achieves Rs. 31452.15 lakhs as against the previous year's revenue from operations (net of excise duty) of Rs. 26735.39 lakhs i.e. Increase of Rs. 4716.76 lakhs (17.64%). The Export Sales has been increased from Rs. 5297.81 lakhs in previous year to Rs. 7380.97 lakhs in current year i.e. Increase of Rs. 2083.16 lakhs (39.32%).

The Company has achieved total comprehensive income of Rs. 993.05 lakhs as against the previous year of Rs. 712.50 lakhs i.e. Increase of Rs. 280.55 lakhs (39.38%).

**STATUTORY COMPLIANCE**

All the statutory compliance with respect to SEBI regulations, provisions of the Listing Regulations, 2015 with the Stock Exchanges, Income Tax Act, Goods and Services Tax Act, 2017, Companies Act, 2013 and all other applicable Acts, and Rules & Regulations are complied with.

HEALTH & SAFETY

The Company continuously focuses on the health and safety of all its workers and staff. Adequate safety measures have been taken at the plant for the prevention of accidents or other untoward incident. The necessary medical facilities are available for the workers and staff to maintain good health.

CORPORATE SOCIAL RESPONSIBILITY

The Company recognizes the fact that, beyond the day-to-day conduct of its business, as a responsible corporate citizen, it has to discharge its duties towards the larger society in which it operates.

AUDITOR'S REPORT ON CORPORATE GOVERNANCE

To the Members of
HINDUSTAN TIN WORKS LIMITED

We have examined the compliance of conditions of Corporate Governance by Hindustan Tin Works Limited, for the year ended on 31st March, 2018, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Listing Regulations. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations.

We state that such compliance is neither an assurance as to future viability of the Company nor of the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED 31st MARCH 2018

To,

The Members

Hindustan Tin Works Limited

426, DLF Tower -A, Jasola,

New Delhi - 110025,

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Hindustan Tin Works Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit and the representations made by the Company, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by Hindustan Tin Works Limited for the financial year ended on 31st March 2018 according to the provisions of:

6. In case the company has failed to spend the two per cent of the average net profit of the last three financial years or any part thereof, the company shall provide the reasons for not spending the amount in its Board report:-

Your Company has spent Rs. 22,69,244/- in the financial year 2017-18 and Rs. 20,09,951/- in the financial year 2016-17, but still there is an amount which remains unspent during the year as per the Companies Act, 2013.

The CSR activities carried/ to be carried out by the Company is driven by the expertise of the management. The Company believes that the CSR should be in the field(s) which have substantial social impact and which co-relate with the philosophy of the Company to improve the quality of life. The Company has committed itself for Promoting education, skill development, clean environment, healthcare, etc for under privileged people at Delhi NCR Region through Foundations of PHD Chamber of Commerce, Chintan Environmental Research and Action Group, St. Stephen's Hospital Patients Welfare Society etc. as mentioned above and have started expending towards the said activities.

As can be determined from above, since the CSR avenues identified by the Company, either are at their initial phase of development, or have been recently associated with the Company, the spending prescribed towards CSR could not be fully made during FY 2017-18. Thus the Company in future will spend more on CSR activity in accordance with the prescribed limits as set by the Government.

The CSR Committee confirms that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company.

INDEPENDENT AUDITORS' REPORT

To the Members of Hindustan Tin Works Limited

Report on the Standalone Ind AS financial statements

We have audited the accompanying standalone Ind AS financial statements of Hindustan Tin Works Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

Management's Responsibility for the Standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs, profit/loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made there under.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone Ind AS financial statements.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, these standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit including other comprehensive income and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by the law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, these financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) Amendment Rules, 2016 issued by Ministry of Corporate Affairs.
 - (e) On the basis of written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to adequacy of the internal financial control over financial reporting and the operating effectiveness of such controls, refer to our report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 and Companies (Audit and Auditors) Amendment Rules, 2017, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The financial statement discloses the impact of pending litigation as referred to in note no. 33.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

**ANNEXURE "A"**

To the Independent Auditors' report on standalone financial statements of Hindustan Tin Works Limited.

Referred to in paragraph 1 under the heading, "Report on Other Legal and Regulatory Requirements" of our report of even date:

(i) In respect of its fixed assets:

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets with respect to most of its fixed assets.
- (b) The capitalised fixed assets are physically verified by the management according to a regular programme designed to cover all the items over a period of three years. Pursuant to the planned programme during the year, fixed assets have been physically verified by the management during the year, which in our opinion is reasonable having regard to the size of the Company and nature of its assets. No material discrepancies were noted on such verification.
- (c) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company.

(ii) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. The discrepancies noticed on verification between the physical stock and the book records were not material.

(iii) According to the information and explanations given to us, the company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(III) (a), (b) and (c) of the Order are not applicable to the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities.

(v) In our opinion and according to the information and explanations given to us, the Company did not receive any deposits covered under sections 73 to 76 of the Companies Act and the rules framed there under with regard to deposits accepted from the public during the year.

(vi) We have broadly reviewed the books of account maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Companies Act, 2013 and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained."

(vii) In respect of statutory dues:

- (a) According to the information and explanations given to us, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, goods and service tax, cess and other material statutory dues applicable to it.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material undisputed statutory dues were outstanding, as at the year end, for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no dues of Income-tax or Sales tax or Service tax or Goods and Services tax or duty of Customs or duty of Excise or Value added tax which have not been deposited by the Company on account of disputes.
- (viii) Based on our audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and according to the information and explanations given to us by the management, the Company has not defaulted in repayment of dues to financial institutions or banks. The Company does not have any debenture holders.
- (ix) In our opinion and according to information and explanations given by the management, monies raised by the company by way of term loans were applied for the purpose for which they were raised. The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or any fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- (xii) The Company is not a Nidhi Company and accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanation given by the management, transaction with related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and details have been disclosed in the notes to the standalone financial statements where applicable, as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of Paragraph 3 of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, Clause (xv) of the Order is not applicable.
- (xvi) In our opinion and according to information and explanations provided to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

**Annexure "B"****To the Independent Auditors report of even date on the financial statements of Hindustan Tin Works Limited.****To the Members of Hindustan Tin Works Limited****Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Hindustan Tin Works Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions

of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Due to its defined benefit plans, the Company is exposed to the following significant risks:

Changes in return on plan assets - A decrease in return on plan assets will increase plan liability.

Salary risk - The present value of the defined benefit plans liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**29. Segment reporting**

The primary segment reporting format is determined to be business segments as the company's risks and rates of return are affected predominantly by differences in the nature of services rendered. Secondary information is reported geographically. The operating businesses are organized and managed separately according to the nature of the services provided, with each segment representing a strategic business unit that offers different services and serves different markets.

*Note: The remuneration to key managerial personnel does not include the provisions made for gratuity and leave benefits, as they are determined on actuarial basis for the Company as a whole.

31. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same is explained in Note 2.2.14

Useful life of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event if it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and leave encashment) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance sheet date. These are reviewed at each Balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 28.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Carrying value and approximate fair values of financial instruments are same.

32. Financial risk management objectives and policies

The Company's activities expose it to a variety of financial risks : market risk, credit risk and liquidity risk. The primary market risk to the Company is foreign exchange risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market risk

The Company is exposed to foreign exchange risk through its sales and services outside India, and purchases and services from overseas suppliers in various foreign currencies. The exchange rate between the rupee and foreign currencies may fluctuate substantially in the future. Consequently, the results of the Company's operations are adversely affected as the rupee appreciates / depreciates against these currencies.

The foreign currency risks from financial instruments as of March 31, 2018 were as follows :

Particulars	Currency	Amount in foreign currency (Lakhs)	Amount in INR (Lakhs)
Trade receivables	USD	15.05	980.98

	GBP	0.17	16.70
	CHF	0.40	27.93
Foreign currency Term loans	USD	52.15	3,455.50

**Credit risk**

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers located primarily in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks.

Liquidity risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has no outstanding bank borrowings. The Company believes that the working capital is sufficient to meet its current requirements.

III. Notes to the balance sheet and statement of profit and loss reconciliations

1. Proposed dividend

Under previous GAAP, dividend on equity shares recommended by the board of directors ('proposed dividend') was recognised as a liability in the financial statements in the period to which it relates. Under Ind AS, such dividend is recognised as a liability when approved by the shareholders in the general meeting. The Company accordingly, has de-recognised the proposed dividend liability with the corresponding increase being recognised in equity.

2. Sale of goods

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is separately presented on the face of statement of profit and loss. Thus sale of goods under Ind AS has increased by INR 2,334.97 Lakhs with a corresponding increase in other expense.

3. Remeasurement differences

Under previous GAAP, there was no concept of other comprehensive income and hence, previous GAAP profit is reconciled to total comprehensive income as per Ind AS. Under previous GAAP, the remeasurements of the net defined benefit liability were recognised in the statement of profit and loss. Under Ind AS, the said remeasurement differences net of the related tax impact are recognised in other comprehensive income.

IV. Explanation of material adjustments to statement of cash flows

There were no material differences between the statements of cash flows presented under Ind AS and the Previous GAAP except due to definition of Cash and cash equivalents under these two GAAPs.

37. Previous year audit was done by M/s M.L. Puri & Co., Chartered Accountants.

Notes to the Financial Statements

1. Corporate Information

Hindustan Tin Works Limited ("the Company") is a public company incorporated on 11th December, 1958; equity shares of the company are listed on Bombay Stock Exchange, Calcutta Stock Exchange and Delhi Stock Exchange. The company is engaged mainly in the business of Manufacturing of Tin Cans, Printed/Lacquered Sheets, Components and trading in Tin Plates.

2. Significant Accounting Policies

2.1 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules 2015, read with Section 133 of Companies Act 2013.

For all periods, up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with the Companies (Accounts) Rules 2014, read with Section 133 of Companies Act, 2013 (Previous GAAP). These financial statements, for the year ended 31 March 2018, are the first the Company has prepared in accordance with Ind AS. The transition from Previous GAAP to the Ind AS has been done in accordance Ind AS 101, First Time Adoption of Indian Accounting Standards. Refer Note No 2.3 for information on how the Company has adopted Ind AS.

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

These financial statements are authorized for issue in accordance with a resolution of the directors on 30th May, 2018.

2.2 Summary of Significant Accounting Policies

2.2.1 Use of Estimates

The preparation of financial statements in conformity with Ind AS recognition and measurement principles and, in particular, making the critical accounting judgments require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Management reviews its estimates on an ongoing basis using currently available information. Changes in facts and circumstances or obtaining new information or more experience may result in revised estimates, and actual results could differ from those estimates.

2.2.2 Classification of Assets and Liabilities as Current or Non-Current

The Company presents current and non-current assets, and current and non-current liabilities, as separate classifications in its statement of financial position on the basis of realization of assets.

An asset is classified as current when it is:

- expected to be realized or intended to sold or consumed in the normal operating cycle
- held primarily for the purpose of trading

- expected to be realized within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

A liability is classified as current when:

- it is expected to be settled in the normal operating cycle
- it is held primarily for the purpose of trading
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2.3 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 18 issued by the ICAI, the Company has assumed that recovery of excise duty flows to the company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the company on its own account, revenue includes excise duty.

However, sales tax/ value added tax (VAT)/goods and service tax(GST) is not received by the company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods and scrap

The Company derives revenues primarily from sale of Tin Cans, Printed / Lacquered Sheet, Components of tin Cans and trading in Tin Plates.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, and Goods & Service Tax.

***Interest income***

For all financial assets measured at amortized cost interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Others

Income from export incentives such as duty export incentives are recognized on accrual basis.

2.2.4 Property, Plant and Equipment

Property, plant and equipment is recorded at cost less accumulated depreciation and impairment. Cost includes all related costs directly attributable to the acquisition or construction of the asset.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. Except for land, property, plant and equipment is depreciated using the straight-line method over the useful lives of the related assets as presented in Schedule 2 of Companies Act, 2013.

Major improvements, which add to productive capacity or extend the life of an asset, are capitalized, while repairs and maintenance are expensed as incurred. Where a property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items. The depreciation expense is recognized in the statement of profit or loss in the expense category consistent with the function of the property, plant and equipment.

Property, plant and equipment under construction is recorded as capital work- in-progress until it is ready for its intended use; thereafter it is transferred to the related class of property, plant and equipment and depreciated over its estimated useful life. Interest incurred during construction is capitalized if the borrowing cost is directly attributable to the construction.

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The residual values and useful lives of property, plant and equipment are reviewed at each reporting date and adjusted if expectations differ from previous estimates. Depreciation methods applied to property, plant and equipment are reviewed at each reporting date and changed if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset.

2.2.5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is recognized in the statement of profit or loss when it is incurred.

The useful lives of intangible assets are assessed as finite. Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at

the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense is recognized in the statement of profit or loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

2.2.6 Impairment of Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit (CGU)'s fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or company of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the statement of profit or loss in those expense categories consistent with the function of the impaired asset.

2.2.7 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, fair value through OCI or at amortized cost as appropriate. The Company determines the classification of its financial assets at initial recognition.

All financial assets are recognised initially at fair value plus, in the case of assets not at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The Company has the following financial assets in its statement of financial position

- Investments
- Cash
- Bank Balances
- Trade Receivables
- Loans

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as described below:

Financial assets at FVTPL or FVTOCI

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held-for-trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit and loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance income (positive net changes in fair value) or finance costs (negative net changes in fair value) in the statement of profit or loss. The Company has not designated any financial assets upon initial recognition as at fair value through profit or loss.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial assets at amortised cost

This category is the most relevant to the Company. All Trade and Other Receivables, Loans and Advances fall under this category. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss in finance costs for loans and in cost of sales or other operating expenses for receivables. This category generally applies to trade and other receivables.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either the Company has transferred substantially all the risks and rewards of the asset or transferred control of the asset.

**Impairment of Financial Assets**

The objective of the company in recognising the impairment allowance is to recognise lifetime expected credit losses for all financial instruments for which there have been significant increases in credit risk since initial recognition - whether assessed on an individual or collective basis - considering all reasonable and supportable information, including that which is forward-looking.

Credit Losses are the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive (ie all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Expected Credit Losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

The Company recognises a loss allowance for expected credit losses on a financial asset that is measured at amortized cost at each reporting date, at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. When making the assessment, the company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if it is determined to have low credit risk at the reporting date.

If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. For Trade receivables the company always measure the loss allowance at an amount equal to lifetime expected credit losses.

Evidence of impairment may include indications that the debtors or a company of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost, the Company first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Company determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a company of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The Company measures expected credit losses of a financial instrument in a way that reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible

outcomes, the time value of money; and the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the gross carrying amount using the effective rate of interest unless the financial instrument is credit-impaired in which case the interest income is recognised on reduced carrying amount. The interest income is recorded as part of finance revenue in the statement of profit or loss.

Loans, together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Company. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to profit or loss.

ii. Financial Liabilities

The Company has the following financial liabilities in its statement of financial position

- Borrowings
- Trade payables
- Other Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held-for-trading if they are acquired for the purpose of selling in the near term. Gains or losses on liabilities held-for-trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. The Company has not designated any financial liabilities as at fair value through profit or loss.

Financial liabilities at amortised cost

This is the category most relevant to the Company. After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and

losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate method (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit or loss.

This category generally applies to notes payable, short-term loans and overdrafts.

iii. **Offsetting of financial instruments**

Financial assets and financial liabilities are offset with the net amount reported in the consolidated statement of financial position only if there is a current enforceable legal right to offset the recognised amounts and an intent to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

iv. **Fair Value of Financial Instruments**

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial instruments are not materially different at the reporting date.

2.2.8 **Cash and Bank Balances**

Cash and Bank Balances in the statement of financial position comprise cash at banks and on hand and fixed deposits with banks, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits with original maturity of less than 3 months, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.2.9 **Leases**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date. The arrangement is assessed for whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

Finance leases that transfer to the Company substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit or loss.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

2.2.10 **Borrowing Cost**

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised

as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

2.2.11 Provisions

General Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.2.12 Employee Benefits

Employee benefits are all forms of consideration given by the company in exchange for service rendered by employees. Employee benefits include: short-term employee benefits, post-employment benefits and other long-term employee benefits

Short Term Employee Benefits

When an employee has rendered service to the company during an accounting period, the company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as a liability (accrued expense), after deducting any amount already paid and as an expense. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Defined Contribution Plan

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

When an employee has rendered service during the year, the company recognises the contribution payable to a defined contribution plan in exchange for that service as a liability (accrued expense) and as an expense.

Defined Benefit Plan

Defined benefit plans are those plans that provide guaranteed benefits to certain categories of employees, either by way of contractual obligations or through a collective agreement.

The company operates unfunded defined benefit plan. The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each fiscal year end. The obligation recognized in the consolidated statements of financial position represents the present value of the defined benefit obligation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period in which they arise.

Current service cost, which is the increase of the present value of the defined benefit obligation resulting from the employee service in the current period, is recorded as an expense as part of cost of sales and selling, general and administrative expenses in the statement of profit and loss. The interest cost, which is the change during the period in the defined benefit liability that arises from the passage of time, is recognized as part of financing costs in the statement of profit and loss.

2.2.13 Foreign Currencies

The Company's financial statements are presented in Indian Rupees (INR), which is also the company's functional currency. Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item.

2.2.14 Income Tax

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred Tax Expense or Income arises due to temporary differences are differences between the carrying amount of an asset or liability in the statement of financial position and its tax base. Temporary differences may be either taxable temporary differences, which are temporary differences that will result in taxable amounts in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled or deductible temporary differences, which are temporary differences that will result in amounts that are deductible in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled. A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax liability is recognised for all taxable temporary differences.

2.2.15 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- i. **Raw materials and Stores and spares:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- ii. **Finished goods and work in progress:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on first in, first out basis.
- iii. **Traded goods:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.2.16 Segment Reporting

Identification of segments

The Company's operating business are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products/services. The Company operates in two geographical segments: Domestic and International markets.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

2.2.17 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.2.18 Contingent Liabilities

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.3 First-time adoption of Ind AS

These financial statements, for the year ended 31 March 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2018, together with the comparative period data as at and for the year ended 31 March 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2016 and the financial statements as at and for the year ended 31 March 2017.

Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions

- (i) Estimates exception - On an assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS (except for adjustments to reflect any difference in accounting policies), as there is no objective evidence that those estimates were in error. However, estimates, that were required under Ind AS but not required under Previous GAAP, are made by the Company for the relevant reporting dates, reflecting conditions existing as at that date without using any hindsight.
- (ii) De-recognition of financial assets and liabilities exception - Financial assets and liabilities de-recognized before transition date are not re-recognized under Ind AS.

Reconciliations and explanations of the significant effect of the transition from Previous GAAP to Ind AS on the Company's equity, statement of profit and loss and statement of cash flow are provided in Note 36.

3. Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning on or after April 1, 2018:

Ind AS 115 - Revenue from Contracts with Customers

Ind AS 21 - The Effect of Changes in Foreign Exchange Rates

Ind AS 115 - Revenue from Contracts with Customers

Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 - Revenue.

The core principle of Ind AS 115 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the

entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognizes revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The Company has completed its evaluation of the possible impact of Ind AS 115 and will adopt the standard with all related amendments to all contracts with customers retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. Under this transition method, cumulative effect of initially applying Ind AS 115 is recognized as an adjustment to the opening balance of retained earnings of the annual reporting period. The standard is applied retrospectively only to contracts that are not completed contracts at the date of initial application. The Company does not expect the impact of the adoption of the new standard to be material on its retained earnings and to its net income on an ongoing basis.

Ind AS 21 - The Effect of Changes in Foreign Exchange Rates

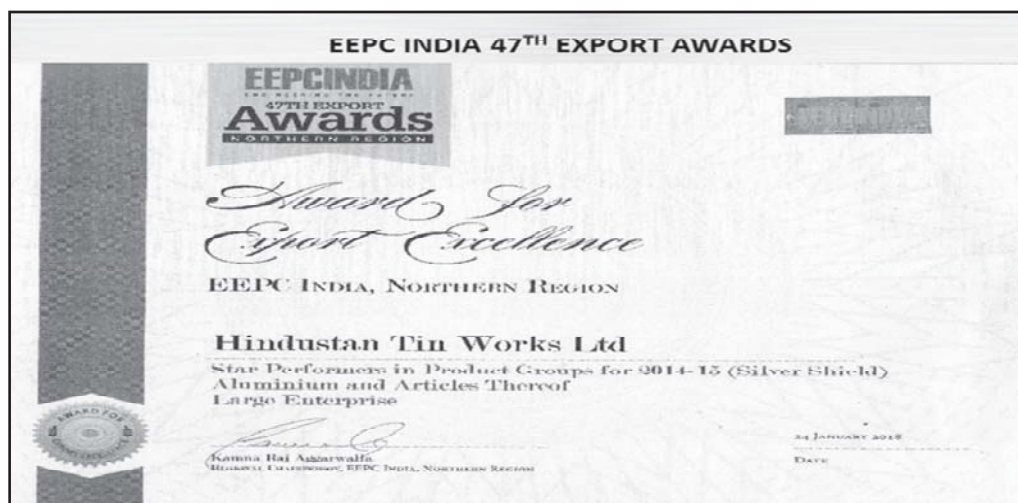

The amendment clarifies on the accounting of transactions that include the receipt or payment of advance consideration in a foreign currency. The appendix explains that the date of the transaction, for the purpose of determining the exchange rate, is the date of initial recognition of the non-monetary prepayment asset or deferred income liability. If there are multiple payments or receipts in advance, a date of transaction is established for each payment or receipt. The company is evaluating the impact of this amendment on its financial statements.
