## 5. SCENARIO AT TEA INDUSTRY

Tea being an agricultural product, the plantation operations are subject to the fluctuating fortunes of weather. The crop yield depends on the climatic conditions to a very large extent. The steps initiated by the management for increasing the crop yields by implementation of improved agricultural practices are not only necessary, but also important for the sustainability of the Industry. Tea continues to be savoured globally and remains the most popular beverage in the country contributing substantially to the country's income by way of foreign exchange earnings. Indian tea industry provides employment to more than one million people, more than half of whom are women. Tea Industry supports a large population comprising of workers, dependents and others residing in the tea estates. Originally, the tea plantation sector consisted of tea estates with factories to manufacture their teas but over the last decade or so, there has

been an emergence of small tea growers and bought leaf factories contributing to almost 50% of the total country's tea production.

India Tea Market is projected to grow at a CAGR of 4.5% between 2024 and 2032. Aided by the growing consumer preference for premium tea products and the increasing prominence of health and wellness beverages, the market is expected to grow significantly by 2032.

Tea is an integral part of India's cultural and social fabric, offering a diverse range of varieties such as Assam, Darjeeling, and Nilgiri, each with its unique flavour profile. Apart from traditional consumption, the market has seen a significant shift towards specialty and health-focused teas, catering to the evolving preferences of health-conscious consumers.

Substantial increase in labour wages, high social cost over most other tea producing countries, high infrastructure costs and increasing energy and other input costs remain the major problems for the Indian Tea Industry. Shortage of labour during peak season in some pockets is also a cause for concern. The Company has made substantial investment in irrigation to minimize the impact on crop due to change in climatic conditions.

Weather is also of prime importance for the industry to achieve desired production levels. Due to erratic weather conditions the production of tea fluctuates within a given range. However, inspite of this scenario the outlook for the tea industry is positive, due to its increasing demand, consumption and acceptance of the same as a wellness drink globally.

## 6. INDIAN ECONOMY AND STATE OF AFFAIRS

In 2024-25, the Nominal GDP, or GDP at current prices, is estimated to reach ₹ 331.03 Lakh crore. This represents a growth rate of 9.9% compared to ₹ 301.23 Lakh crore in 2023-24. The Indian economy is projected to grow by 6.5% in Real GDP during 2024-25. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

# Directors' Report (Contd.)

India is the second-largest producer of tea globally. Indian tea is one of the finest in the world owing to strong geographical indications, heavy investment in tea processing units, continuous innovation, augmented product mix, and strategic market expansion. As of 2022, a total of 6.19 lakh hectares of area was cultivated in India for tea production. India is also among the world's top tea-consuming countries, with 80% of the tea produced in the country consumed by the domestic population. In FY24, India's tea production stood at 1,382.03 million kgs, compared to 1,374.97 million kg in FY23, whereas during FY25 (April-December) production stood at 1,186.62 million kgs.

The Assam Valley and Cachar are the two tea-producing regions in Assam. In West Bengal, Dooars, Terai and Darjeeling are the three major tea producer regions. The southern part of India produces about 17% of the country's total production with the major producing states being Tamil Nadu, Kerala, and Karnataka.

## SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,  
The Members  
TERAI TEA CO. LTD.  
East India House,  
20B, British Indian Street, 2nd Floor,  
Esplanade, Kolkata - 700069

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Terai Tea Co. Ltd.** (hereinafter called “the company”) having **CIN: L51226WB1973PLC029009**, for the **financial year ended 31st March, 2025**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the **financial year ended on 31st March, 2025** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Terai Tea Co. Ltd.** (“the Company”) for the **financial year ended on 31st March, 2025** according to the provisions of:

### Criteria of making payments to Non-Executive Directors

With changes in the Corporate Governance norms brought by the Companies Act, 2013 as well as the Listing Regulations, the role of Non-Executive Directors particularly the Independent Directors and the degree and quality of their engagement with the Board and the Company has undergone significant changes. The Company is being hugely benefited from their expertise, advice and inputs. They devote their valuable time in deliberating on the strategic and critical issues in the course of the Board and Committee meetings of the Company and give valuable advice, suggestions and guidance to the management of the Company from time to time.

The Company believes that remuneration paid to its Non- Executive Independent Directors should be reflective of the size of the Company and complexity of the Sector/ Industry/Company’s operations and should be consistent with recognized best practices. Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate directors aligned to the requirements of the Company, taking into consideration the challenges faced by the Company and its future growth imperative.

Contribution of the Non-Executive Directors in Board and Committee Meetings, time devoted by them, participation in strategic decision making, timely guidance to the Board on important policy matters of the Company, performance of the Company and industry practices and benchmarks forms the main criteria for determining payments to Non-Executive Directors.

### Sitting Fees

Non-Executive Directors are paid a sitting fees of ₹ 20,000/- for the meeting attended during the financial year 2024-25. These fees have been decided taking into consideration the extend of business transacted at various meetings.

## Annexure “F” to the Directors’ Report

# Management Discussion and Analysis Report

Regulation 34 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 stipulates disclosure under specific heads which are given in the following paragraphs and which continue to be followed in the usual course of the Company’s business over the years in discussion amongst the Directors and Senior Management Personnel.

### **INDUSTRY STRUCTURE AND DEVELOPMENT**

The Company’s main business is manufacture and sale of Tea. Tea being a seasonal industry manufacture of tea commences from around mid-March and continues till around mid-December. The crop yield depends to a large extent on the weather conditions. The plantation area being constant the yield depends on irrigation facilities, better soil management techniques, weather etc. Necessary steps are initiated by the Company for improving the yield and quality of crop in its gardens. The Company lays stress on improving the quality. Use of vermi compost in the plantation areas is in vogue for sustaining the quality of soil as well as for improving the yield. The Company adopts good tea plantation practices to maintain the yield and has embarked on production of quality teas.

India is the second-largest producer of tea globally. Indian tea is one of the finest in the world owing to strong geographical indications, heavy investment in tea processing units, continuous innovation, augmented product mix, and strategic market expansion.

India exports tea to more than 25 countries throughout the world. Russia, Iran, UAE, USA, the UK, Germany, and China are some of the major importers of tea from India. India’s tea export soared to a 10- year high of 255 million kilograms in 2024, marking a significant achievement despite global market uncertainties caused by geopolitical tensions. The country saw a robust 10

percent growth in tea exports compared to 231.69 million kilograms recorded in 2023.

### **OPPORTUNITIES AND THREATS:**

The continuous promotional efforts and better marketing and brand building initiatives taken jointly by the Government/Tea Board including TRUSTEA programmes are likely to benefit the industry in the long term. Erratic weather conditions and shortage of labour are the main threats to the industry. In spite of all technological advancement tea remain totally a rain dependent crop. Global Warming induced drastic climate change is effecting all agriculture crop including tea.

Climate change have changed the character of monsoon to no rain for long period with heavy rain for short periods.

### **RISK AND CONCERN:-**

The Management has to constantly monitor the risks and concerns associated with the industry by ensuring adequate irrigation facilities to the Plantation areas, soil enrichment, protection of plantation against attacks by pests etc and is also subject to changing market conditions and the trends. Further increased supply in the global market and slowdown of the economic growth may also adversely affect the Company’s business prospects.

### **SEGMENT ANALYSIS AND REVIEW**

The Company is engaged in the Manufacturing of Tea, and Trading of Sugar, Raw Jute and others Merchandise.

### **INDIAN TEA MARKET OUTLOOK**

The tea industry in India is being driven by the high penetration of the beverage in the country across socio-economic classes. India’s healthy economic growth and the subsequent rise in the middle-class population are also proving to be catalysts for the industry’s growth as the consumers are preferring premium brands. The rising

demand for the packaged variety of the beverage in both urban and rural areas due to lesser chances of adulteration, convenient storage, and their superior quality is further aiding the tea industry in India. The demand for packaged varieties with natural ingredients is also witnessing a growth.

The Tea market is projected to grow at a CAGR of nearly 4.5% in the forecast period of 2023-2028. The market in the country is projected to witness a further growth in the forecast period of 2023-2028, growing at a CAGR of 4.2%. In 2026, the tea industry in India is expected to attain 1.40 million tons.

### FINANCIAL REVIEW & ANALYSIS

The Company's financial position is strong enough which has helped Company to pass through in turbulent times. The development work in garden is always given top priority for improvement in quality as well as quantity. The surplus fund of the Company is deployed in such a way that reasonable returns are derived.

### INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has laid down guidelines, procedures and policies for better management control which are periodically tested and supplemented by an extensive internal audit programme. Significant findings are placed before the Audit Committee and the corrective measures are recommended for implementation. In the opinion of the management, the existing internal checks and controls are effective and adequate.

### MATERIAL DEVELOPMENT IN HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The relationships were cordial with the employees throughout the year. Tea Industry being highly labour intensive, prime focus is always on the Labour class. The Company carries out various program for development of its executives at all levels. During the year the Company carried out restructuring exercise at key level for improvement in plantation activities and overall corporate performance. The Company would like to record appreciation of the whole hearted support and dedication from employees at all levels in maintaining smooth production and manufacture of tea from all the Tea Estates during the year.

## REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

### Opinion

We have audited the Standalone Financial Statements of **Terai Tea Company Limited** ("the Company") which comprise the Standalone Balance Sheet as at 31 March 2025, the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025 and its profit, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

### Estimation of Useful Life of Bearer Plants

See note 3(a) to the standalone financial statements-

The key Audit Matter	How the Matter was Addressed in our Audit
<p>Useful life of Bearer Plants requires the management to exercise significant judgement in relation to the estimate thereof. Nature, timing and likelihood of changes to the natural factors may affect the useful life expectancy of the assets and therefore could have a material impact on the depreciation expense for the year.</p> <p>As per Note 4 – "Property, Plant and Equipment", the management reviews the estimated useful life and the residual value of Bearer Plants annually and adjusts for changes, where appropriate. Accordingly, the matter has been identified as key audit matter.</p> <p>The written down value of such Bearer Plants as on 31 March 2025 is Rs. 1,648.18 lakhs.</p>	<ul style="list-style-type: none"> <li>✓ Assessed the management's estimates of the useful life of Bearer Plants with reference to: (a) the consistency with the Company's pattern of economic benefits embodied in such assets and future operating plans including acquisitions and retirements of the Bearer Plants; (b) the comparison to the useful life estimates adopted by the comparable tea producers; and (3) consideration of the Company's historical experience.</li> <li>✓ Evaluated the assumptions and critical judgements used by the management through testing of underlying documents / details.</li> <li>✓ Assessed the related disclosures included in the standalone financial statements in this regard.</li> </ul>

### Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

# Independent Auditors' Report (contd.)

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

1. Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

# Independent Auditors' Report (Contd.)

2. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone cash flow statement dealt with by this report are in agreement with the books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i) The Company does not have any pending litigations which would impact its financial position.
    - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
    - iv)
      - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
    - v) With respect to the matter to be included in the auditors' report under Section 197(16), In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.
    - vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

# Independent Auditors' Report (contd.)

## Annexure - "A" to the Independent Auditors' Report

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that :

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
  - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
  - (B) The Company does not have any intangible asset. Accordingly, reporting under clause 3(i)(a)(B) of the order is not applicable.
  - (b) The Company has a program of physical verification to cover all the items of Property, Plant and Equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were identified on such physical verification.
  - (c) According to the information and explanations given to us, and on the basis of our examination of the records provided to us, we report that, the title deeds, comprising all the immovable properties which are freehold, are held in the name of the Company as at the balance sheet date. In respect of leasehold land that have been taken on lease the lease agreements are in the name of the Company. In respect of leasehold land that have been taken on lease, the Company has not recognized as Right of Use asset in Property, Plant and Equipment in the financial statements.
  - (d) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventories except stocks lying at warehouse or consignment agents have been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stock and the book records were not material and have been appropriately dealt with in the books of accounts. For stocks lying at warehouse or consignment agents at the year-end has been verified on the basis of subsequent sales.
- (b) The Company has been sanctioned working capital limits in excess of Rs. Five crores in aggregate from banks or financial institutions during the year on the basis of security of current assets and we report that the quarterly statements submitted to the Bank are in agreement with the books of accounts except the value of standing tea crop which is provided on estimate.
- (iii) The Company has made investments in companies and granted certain loans and advances in the nature of loans, in respect of which based on the audit procedures carried by us and as per the information and explanations given to us, we report as follows-
  - (a) The Company has provided loans or advances in the nature of loans during the year-
    - A. The aggregate amount of loans and/or advances in the nature of loans during the year to any Subsidiary Company and Associated was Nil.
    - B. The aggregate amount of loans and/or advances in the nature of loans provided to any other entity/ies was Rs. 85.75 Lakhs and the balance outstanding at the year end was Rs. 240.99 Lakhs.
  - (b) According to information and explanations given to us, the terms and conditions of the grant of such advances in the nature of loans is not considered prejudicial to the interest of the Company.
  - (c) According to information and explanations given to us, there was no stipulation as to repayment of principal and interest in respect of advances in the nature of loans.
  - (d) According to information and explanations given to us, amount is overdue for more than ninety days.
  - (e) According to information and explanations given to us, there were no loans or advances in the nature of loans which has fallen due during the year, and which has been renewed or extended or for the repayment of which fresh loan has been granted.
  - (f) According to the information and explanations given to us, in terms of Clause 3(iii)(f), we are to report-
    - a. The aggregate of loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment was Rs. 85.75 Lakhs which is 100% of such advances in the nature of loans.
    - b. Gross amount of loans or advances in the nature of loan granted to Director/Relatives as defined in Section 2(76) of the Companies Act, 2013 was Rs. 70.75 Lakhs.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to the loans given, investments made, guarantees and security given.
- (v) According to information and explanation given to us, the Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act, 2013 and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

# Independent Auditors' Report (contd.)

- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to manufacture of goods, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The term loan raised during the year was applied for the purpose for which it was taken.
- (d) In our opinion and according to the information and explanations given to us, the funds raised on short term basis have not been utilised for long term purposes.
- (e) On and overall examination of the financial statements of the Company, the Company has not taken funds from any entity or person on account of or to meet the obligations of its Associate Companies as well as Subsidiary Companies.
- (f) According to the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company did not raise any money by way of initial public offer or further public offer (including debt instrument) and term loans during the year. Thus, the paragraph 3(x)(a) of the Order is not applicable to the Company.

# Independent Auditors' Report (contd.)

- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.  
(b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.  
(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards.
- (xiv) (a) According to the information and explanations given to us and based on our examination, the Company has an adequate internal audit system commensurate with the size and the nature of its business.  
(b) We have considered the Internal Audit Reports issued to the Company during the year and covering the period up to December 2024 and the final internal audit report issued subsequent to 31st March 2025 covering the period from January 2025 to March 2025.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) According to the information and explanation given to us and in our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

# Independent Auditors' Report (Contd.)

## Annexure B to the Independent Auditors' Report of even date on the Financial Statements of Terai Tea Company Limited

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the financial statements of **Terai Tea Company Limited** ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the financial statements.

#### Meaning of Internal Financial Controls with reference to the Financial Statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to the Financial Statements

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements

# Independent Auditors' Report (Contd.)

to future periods are subject to the risk that the internal financial control with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as at 31 March 2025, based on the internal control with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

# Notes to Financial Statements (Contd.)

## **NOTE - 1 : REPORTING ENTITY**

**Terai Tea Company Limited** (the 'Company') is a Public Limited Company domiciled in India, with its registered office situated at 10, Government Place (East), 1st Floor, Kolkata, West Bengal - 700069 which has been shifted to East India House, 20B, British Indian Street, 2nd Floor, Kolkata, West Bengal - 700069 with effect from 07.04.2025. The Company has been incorporated under the provisions of Indian Companies Act, 1956 and its equity shares are listed on the Bombay Stock Exchange (BSE) and Calcutta Stock Exchange Limited in India. The Company is primarily engaged in production, distribution and trading of tea and other agricultural merchandise.

## **NOTE - 2 : BASIS OF PREPARATION**

### **A. Statement of Compliance**

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended, notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Standalone Financial Statements were authorised for issue by the Company's Board of Directors on 30th May 2025. Details of the Company's accounting policies are included in Note 3.

### **B. Functional & Presentation Currency**

These Standalone Financial Statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

### **C. Basis of Measurement**

The Standalone Financial Statements have been prepared on the historical cost basis except for the following items:

<b>Items</b>	<b>Measurement Basis</b>
Certain Financial Assets and Liabilities	Fair Value
Net Defined Benefit (Asset) / Liability	Fair Value of Plan Assets less present value of defined benefit obligations

### **D. Use of Estimates and Judgments**

In preparing these standalone financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### ***Judgements***

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements.

#### ***Assumptions and Estimation Uncertainties***

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2025 is included in the following notes:

- Note 30 - Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
- Note 35 - Measurement of defined benefit obligations: key actuarial assumptions;
- Note 31 - Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 4 - Useful life of property, plant and equipment
- Note 12 - Impairment of financial assets.

### **E. Measurement of Fair Values**

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows :

# Notes to Financial Statements (Contd.)

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the Note 38 - financial instruments.

## 3. SIGNIFICANT ACCOUNTING POLICIES

### (a) Property, Plant and Equipment

#### *i. Recognition and Measurement*

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its non refundable purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

Bearer Plants which is used in the production or supply of agriculture produce and expected to bear produce for more than a period of twelve months are capitalized as a part of Property, Plant and Equipment. The cost of Bearer Plant includes all cost incurred till the plants are ready for commercial harvest. Bearer Plants are depreciated from the date when they are ready for commercial harvest.

The Company recognises Tea bushes and shade trees as bearer plant, bearer plants with further classification as mature bearer plants and immature bearer plants. Mature bearer plants are those that have attained harvestable stage.

Bearer assets are carried at historical cost of acquisition less accumulated depreciation and impairment loss, if any. Subsequent expenditure on bearer assets are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost incurred for new plantations and immature areas are capitalised. The cost of immature areas coming into bearing is transferred to mature plantations and depreciated over their estimated useful life.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

#### *ii. Subsequent Expenditure*

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

#### *iii. Depreciation*

Depreciation is the systematic allocation of the depreciable amount of property, plant and equipment over its useful life and is provided on a written down value basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013. Land is not depreciated.

Depreciable amount for property, plant and equipment is the cost of property, plant and equipment less its estimated residual value. The useful life of property, plant and equipment is the period over which property, plant and equipment is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction /disposal.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

# Notes to Financial Statements (Contd.)

## **iv. Capital Work-in-Progress**

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

## **(b) Assets held for Sale and Disposal**

Non-Current Assets, or disposals group comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such Assets, or disposals groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Any resultant loss on a disposal group is allocated first to goodwill, and then to remaining assets and liabilities on pro rata basis, except that no loss is allocated to inventories, financial assets, employee benefit assets and biological assets which continue to be measured in accordance with the Group's other accounting policies. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated, and any equity-accounted investee is no longer equity accounted.

## **(c) Impairment**

### **(i) Financial Assets**

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in profit or loss.

### **(ii) Non-Financial Assets**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units' (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

## **(d) Leases**

The Company has adopted Ind AS 116 and has elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets). Adoption of Ind- AS 116 doesn't have any material impact on the financial statements of the Company.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **Company as a Lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### **Right of Use Assets**

The Company does recognise right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use).

### **Lease Liabilities**

Lease payments for tea garden land are accounted for on an annual basis and present value of liabilities for long term lease is not provided for.

### **Short-Term Leases and Leases of Low-Value Assets**

The Company applies the short-term lease recognition exemption to its short-term leases of office, machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of offices,

# Notes to Financial Statements (Contd.)

equipment, etc. that are of low value. Lease payments on short term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

## (e) Borrowings

Borrowings are measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

## (f) Inventories

Raw materials, traded goods and finished goods are stated at the lower of cost and net realisable value.

Stores and spares are carried at cost. Provision is made for obsolete, slow-moving and defective stocks, where necessary.

Cost is determined on weighted average method for all categories of inventories other than for stores and spares and auction/private bought teas in which case, cost is determined on FIFO basis and cost is considered as actual cost of manufacturing. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition, where applicable, include appropriate overheads based on normal level of activity. Provision is made for obsolescence and other anticipated losses wherever considered necessary.

## (g) Financial Instruments

### i. Recognition and Initial Measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition.

### ii. Classification and Subsequent Measurement

#### Financial Assets

##### *Financial Assets Carried at Amortised Cost*

A Financial Asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### *Financial Assets at Fair Value Through Other Comprehensive Income*

A Financial Asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### *Financial Assets at Fair Value Through Profit or Loss*

A Financial Asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

#### Financial Liabilities

Financial Liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investments representing equity interest in associates are carried at cost in the financial statements.

### iii. Derecognition

#### Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

# Notes to Financial Statements (Contd.)

If the Company enters into transactions whereby the transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

## **Financial Liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

### **iv. Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

### **(h) Borrowing Costs**

Borrowing costs directly attributable to the acquisition or construction of those property, plant and equipment which necessarily takes a substantial period of time to get ready for their intended use are capitalised. All other borrowing costs are expensed in the period in which they incur in the Statement of Profit and Loss.

### **(i) Foreign Currencies**

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

### **(j) Government Grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the Statement of Profit and Loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

### **(k) Revenue Recognition**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, outgoing sales taxes including goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

The specific recognition criteria described below must also be met before revenue is recognised.

#### **Sale of Products**

Revenue from sale of goods is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any).

#### **Trade Receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

#### **Rental Income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the Statement of Profit or Loss. The Company has determined that it does not meet criteria for recognition of lease rental income on a basis other than straight-line basis.

# Notes to Financial Statements (Contd.)

## **Interest Income**

Interest Income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income from debt instruments is recognised using the effective interest rate method.

## **Dividends**

Dividend income is recognised in the statement of profit and loss only when the right to receive payment is established, which is generally when shareholders approve the dividend.

## **(l) Income Tax**

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

### **i. Current Tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

### **ii. Deferred Tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets recognised or unrecognized are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

## **(m) Provisions and Contingent Liabilities**

### **i. General**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### **ii. Contingent Liabilities**

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

### **iii. Onerous Contracts**

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

# Notes to Financial Statements (Contd.)

## (n) Employee Benefits

### *i. Short-Term Employee Benefits*

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

### *ii. Post-Employment Benefits*

Contributions to defined contribution schemes such as Provident Fund, Pension Fund, etc., are recognised as expenses in the period in which the employee Contributions to defined contribution schemes such as Provident Fund, Pension Fund, etc., are recognised as expenses in the period in which the employee renders the related service. In respect of contributions made to government administered Provident Fund, the Company has no further obligations beyond its monthly contributions. The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognized in the statement of profit and loss.

### *iii. Other Long-Term Employee Benefits*

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date.

## (o) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with the financial institutions, other short term, highly liquid investments with original maturities of three months or less (except the instruments which are pledged) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

## (p) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Managing Director of the Company. As per Ind AS 108 if a financial report contains both the consolidated financial statements of a parent that is within the scope of this Indian Accounting Standard as well as the parent's separate financial statements, segment information is required only in the consolidated financial statements. Accordingly the company has presented segment only for consolidated financial statements.

## (q) Earnings Per Share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for the share splits.

## (r) Cash Flow Statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

## **NOTE 36 - FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT (Contd.)**

The fair value of cash and cash equivalents, trade receivables, loans, trade payables and other financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's loans have been contracted at market rates of interest. Accordingly, the carrying value of such loans approximate fair value. Investments in equity shares in associates is not appearing as financial asset in the table above being investment in associates accounted under Ind AS 27, Separate Financial Statements is scoped out under Ind AS 109, Financial Instruments.

Investments in liquid and short-term mutual funds which are classified as FVTPL are measured using net assets value at the reporting date multiplied by the quantity held.

Investments in equity shares which are classified as FVTPL are measured using market price of share at the reporting date multiplied by the quantity held.

### **Financial Risk Management**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's management risk policy is set by the Board. The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. A summary of the risks have been given below.

#### **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

#### **Financial Assets that are not Credit Impaired**

The Company has financial assets which are in the nature of cash and cash equivalents, other bank balances, loans, security deposits, interest accrued on fixed deposits and other receivables which are not credit impaired. These are contractually agreed where the probability of default is negligible.

#### **Financial Assets that are Credit Impaired**

##### **Trade Receivables**

The Company's exposure to credit risk is influenced mainly by the type of each customer. In monitoring customer credit risk, customers are grouped according to their credit characteristics, industry, trading history with the Company and existence of previous financial difficulties.

The Company has calculated the impairment loss arising on account of past trends in the default rate for time bucket.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

**Out of the total Trade Receivables of Rs. 132.90 Lakhs (31 March 2024 : Rs. 255.37 Lakhs), the exposure considered for expected credit loss is Rs. 76.06 Lakhs (31 March 2024 : Rs. 109.11 Lakhs).**

<b>Movement in the Allowance for Impairment in Trade Receivables</b>	<b>31-03-2025</b>	<b>31-03-2024</b>

Amount Provided for	(33.05)	(10.33)
<b>Net Remeasurement of Loss Allowance</b>	<b>76.06</b>	<b>109.11</b>

#### **Liquidity Risk**

Liquidity Risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of significant financial liabilities-

<b>Particulars</b>	<b>As at 31 March 2025</b>		<b>As at 31 March 2024</b>

## NOTE 36 - FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT (Contd.)

### Market Risk

Market risk is the risk that changes in market prices – such as interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

### Interest Rate Risk

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate. The Company expects the variable rate to decline, accordingly the Company is currently carrying its loans at variable interest rates.

Particulars	31 March 2025	31 March 2024
Variable Rate Borrowings	6,813.14	3,214.07
Fixed Rate Borrowings	-	-
<b>Total</b>	<b>6,813.14</b>	<b>3,214.07</b>

### Sensitivity Analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit/(loss) before tax is affected through the impact on floating rate borrowings, as follows:

31 March 2025	Profit or Loss		Equity, Net of Tax	
	Strengthening	Weakening	Strengthening	Weakening
<b>Movement by 50 basis points</b>	<b>34.07</b>	<b>(34.07)</b>	<b>25.21</b>	<b>(25.21)</b>
	<b>34.07</b>	<b>(34.07)</b>	<b>25.21</b>	<b>(25.21)</b>

31 March 2024	Profit or Loss		Equity, Net of Tax	
	Strengthening	Weakening	Strengthening	Weakening
<b>Movement by 50 basis points</b>	<b>16.07</b>	<b>(16.07)</b>	<b>11.89</b>	<b>(11.89)</b>
	<b>16.07</b>	<b>(16.07)</b>	<b>11.89</b>	<b>(11.89)</b>

### Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner:

- Sufficient inventory levels of chemicals, fertilisers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Slightly higher level of consumable stores viz. packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

**NOTE 37 :** The Company acquired by way of purchase Dharnipur Tea Estate as a "Going Concern" from its owner Sri Dharendra Nath Bhowmick (since deceased) and Dharnipur Tea Industries (P) Ltd. as confirming party and the Deed of conveyance was duly executed and registered in the name of the Company. The said Deed of Conveyance was cancelled in view of certain pending disputes between the seller and another party. However the agreement for purchase of the said Tea Estate subsists and is subject matter of a specific performance suit pending before Hon'ble Calcutta High Court. The Company is not in possession of the said Tea estate and has accordingly not accounted for the profit and loss on account of the operation or ownership of the said Tea Estate. The value of Dharnipur Tea estate represents the costs paid at the time of purchase and the legal expenses incurred thereafter on behalf of Bhowmicks and/or legal heirs for contesting their suit which was pending. All advocate fees at High Court and at Supreme Court were paid by this Company and capitalized. On the basis of Hon'ble Supreme Court order dated 01.10.91, if Bhowmick's title is confirmed in their pending suit then the rights of this company remains intact. The title of Bhowmicks/legal heirs was confirmed by Hon'ble Calcutta High Court. A suit for declaration and title in favour of the Company is pending.

## REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

### Opinion

We have audited the Consolidated Financial Statements of **Terai Tea Company Limited** ("the Company") which comprise the consolidated balance sheet as at 31 March 2025, the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion, and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of each associates and subsidiary, audited by other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at 31 March 2025 and its consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

### Estimation of Useful Life of Bearer Plants

## Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. The information included in the annual report is expected to be made available to us after the date of the auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective board of directors of the Company and its associates and subsidiary are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the Company and its associates and subsidiary are responsible for assessing the ability of each Company to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors is also responsible for overseeing the financial reporting process of each Company.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

## Independent Auditors' Report on Consolidated Statements (Contd.)

based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates and subsidiary to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Company and its associates and subsidiary to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matters

The consolidated financial statements include the share of net profit of Rs. 585.05 lakhs for the year ended 31 March 2025, in respect of twelve associates and one subsidiary, whose financial statements have not been audited by us. These financial statements of twelve associates and one subsidiary, and other financial information have been audited by other auditors, whose financial statements, other financial information and auditor's report have been furnished to us by the Management. Our opinion on the consolidated financial statement, in so far as it relates to the amounts and disclosures included in respect of these associates and subsidiary is based solely on the report of the other auditors. Our opinion is not qualified in respect of this matter.

### Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such associates and subsidiary as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Company as on 31 March 2025 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate and subsidiary companies incorporated in India, none of the directors of the Company and its associate companies and subsidiary incorporated in India is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company, its associate companies and subsidiary incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

## Independent Auditors' Report on Consolidated Statements (Contd.)

With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the associates and subsidiary, as noted in the 'Other Matters' paragraph:

- i) The Company and its associates and subsidiary, do not have any significant pending litigations which would impact its financial position.
- ii) The Company and its associates and subsidiary did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv) With respect to the matter to be included in the auditors' report under Section 197(16), in our opinion and according to the information and explanations given to us, the remuneration paid by the Company and its associates and subsidiary to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
- v) With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by statutory auditors of each Associate Company and subsidiary included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the CARO reports of the said companies included in the consolidated financial statements.
- vi)
  - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- vii) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

# Independent Auditors' Report on Consolidated Statements (Contd.)

## Annexure A to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Terai Tea Company Limited.

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to consolidated financial statements of Terai Tea Company Limited (hereinafter referred to as "the Company") and such companies incorporated in India under the Companies Act, 2013 which are its associate companies and subsidiary, as of that date. In our opinion, the Company and such companies incorporated in India which are its associate companies and subsidiary, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

#### Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

#### Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant associate companies and subsidiary in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

#### Meaning of Internal Financial Controls with reference to the Consolidated Financial Statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Independent Auditors' Report on Consolidated Statements (Contd.)

## Inherent Limitations of Internal Financial Controls with reference to the Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to Consolidated Financial Statements (Contd.)

## **NOTE - 1 : REPORTING ENTITY**

**Terai Tea Company Limited** (the 'Company') is a Public Limited Company domiciled in India, with its registered office situated at 10, Government Place (East), 1st Floor, Kolkata, West Bengal - 700069, which has been shifted to East India House, 20B, British Indian Street, 2nd Floor, Kolkata, West Bengal - 700069 with effect from 07.04.2025. The Company has been incorporated under the provisions of Indian Companies Act, 1956 and its equity shares are listed on the Bombay Stock Exchange (BSE) and Calcutta Stock Exchange Limited in India. The Company is primarily engaged in production, distribution and trading of tea and other agricultural merchandise.

## **NOTE - 2 : BASIS OF PREPARATION**

### **A. Statement of Compliance**

The Consolidated Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended, notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The Consolidated financial statements were authorised for issue by the Company's Board of Directors on 30th May 2025. Details of the Company's accounting policies are included in Note 3.

### **B. Functional & Presentation Currency**

These Consolidated Financial Statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

### **C. Basis of Measurement**

The Consolidated Financial Statements have been prepared on the historical cost basis except for the following items:

<b>Items</b>	<b>Measurement Basis</b>
Certain Financial Assets and Liabilities	Fair Value
Net Defined Benefit (Asset) / Liability	Fair Value of Plan Assets less present value of defined benefit obligations

### **D. Use of Estimates and Judgments**

In preparing these Consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### **Judgements**

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the Consolidated financial statements.

#### **Assumptions and Estimation Uncertainties**

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2025 is included in the following notes:

- Note 30 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
- Note 35 - measurement of defined benefit obligations: key actuarial assumptions;
- Note 31 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 4 - useful life of property, plant and equipment
- Notes - 10 - impairment of financial assets.

### **E. Measurement of Fair Values**

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

# Notes to Consolidated Financial Statements (Contd.)

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the Note 38 - financial instruments.

## **NOTE - 3 : SIGNIFICANT ACCOUNTING POLICIES**

### **(a) Basis of Consolidation**

Non - Controlling Interest (NCI) : NCI are measured at their proportionate share of the acquirers net identifiable assets on the date of aquisition.

Associates : These are entities over which the group has significant influence but not control or joint control over the financial and operating policies.

Subsidiaries : A subsidiary is an entity that is controlled by another entity (called the parent).

Control exists when the parent has : Power over the investee, Exposure or rights to variable returns from its involvement with the investee and Ability to use its power to affect the investor's returns.

Interest in associates are accounted using the equity method. They are initially recognised at cost which includes transaction cost. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and other comprehensive income of equity accounted investees until the date on which significant influence ceases.

Equity Method : Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of post- acquisition profit or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associate or joint ventures are recognised as a reduction in the carrying amount of the invesment.

When the Group's share of losses in an equity - accounted invesment equals or exceeds its interest in the entity, including any other unseured long term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Interest in subsidiaries are accounted and the accounts are fully consolidated using the line-by-line method.

### (b) Property, Plant and Equipment

#### i. Recognition and Measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its non refundable purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

Bearer Plants which is used in the production or supply of agriculture produce and expected to bear produce and expected to bear produce for more than a period of twelve months are capitalized as a part of Property, Plant and Equipment. The cost of Bearer Plant includes all cost incurred till the plants are ready for commercial harvest. Bearer Plants are depreciated from the date when they are ready for commercial harvest.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

#### ii. Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

#### iii. Depreciation

Depreciation is the systematic allocation of the depreciable amount of property, plant and equipment over its useful life and is provided on a written down value basis over the useful lives as prescribed under Schedule II to the Companies Act, 2013. Land is not depreciated.

Depreciable amount for property, plant and equipment is the cost of property, plant and equipment less its estimated residual value. The useful life of property, plant and equipment is the period over which property, plant and equipment is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction /disposal.

The Company recognises Tea bushes and shade trees as bearer plant, bearer plants with further classification as mature bearer plants and immature bearer plants. Mature bearer plants are those that have attained harvestable stage.

Bearer assets are carried at historical cost of acquisition less accumulated depreciation and impairment loss, if any. Subsequent expenditure on bearer assets are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost incurred for new plantations and immature areas are capitalised. The cost of immature areas coming into bearing is transferred to mature plantations and depreciated over their estimated useful life.

Tea is designated as agricultural produce at the point of harvest and is measured at their fair value less cost to sell as at each reporting date. Any changes in fair value are recognised in the statement of profit and loss in the year in which they arise.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

#### iv. Capital Work-in-Progress

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

# Notes to Consolidated Financial Statements (Contd.)

## (c) Assets held for Sale and Disposal

Non - Current assets or disposals group comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets, or disposals groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Any resultant loss on a disposal group is allocated first to goodwill, and then to remaining assets and liabilities on pro rata basis, except that no loss is allocated to inventories, financial assets, employee benefit assets and biological assets which continue to be measured in accordance with the Group's other accounting policies. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated, and any equity- accounted investee is no longer equity accounted.

## (d) Impairment

### (i) Financial Assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in profit or loss.

### (ii) Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units' (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

## (e) Leases

Ind AS 116 supersedes Ind AS 17 Leases including its appendices. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

The Company has adopted Ind AS 116 using the modified retrospective method of adoption under the transitional provisions of the Standards, with the date of initial application on 1st April 2019. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets). Adoption of Ind- AS 116 doesn't have any material impact on the financial statements of the Company.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **Company as a lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### **Right of use assets**

The Company does not recognise right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use).

### **Lease liabilities**

Lease payments for tea garden land are accounted for on an annual basis and present value of liabilities for long term lease is not provided for.

### **Short-term leases and leases of low-value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of Office, machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not

# Notes to Consolidated Financial Statements (Contd.)

contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of offices, equipment, etc. that are of low value. Lease payments on short term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

## (f) Borrowings

Borrowings are measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

## (g) Inventories

Raw materials, traded goods and finished goods are stated at the lower of cost and net realisable value.

Stores and spares are carried at cost. Provision is made for obsolete, slow-moving and defective stocks, where necessary.

Cost is determined on weighted average method for all categories of inventories other than for stores and spares and auction/private bought teas in which case, cost is determined on FIFO basis and cost is considered as actual cost for each lot respectively. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition, where applicable, include appropriate overheads based on normal level of activity. Provision is made for obsolescence and other anticipated losses wherever considered necessary.

## (h) Financial Instruments

### i. Recognition and Initial Measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition.

### ii. Classification and Subsequent Measurement

#### Financial Assets

##### *Financial assets carried at amortised cost*

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### *Financial assets at fair value through other comprehensive income*

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### *Financial assets at fair value through profit or loss*

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

#### Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investments representing equity interest in associates are carried at cost in the financial statements.

### iii. Derecognition

#### Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the

# Notes to Consolidated Financial Statements (Contd.)

risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby the transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

## **Financial Liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

## **iv. Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

## **(i) Borrowing Costs**

Borrowing costs directly attributable to the acquisition or construction of those property, plant and equipment which necessarily takes a substantial period of time to get ready for their intended use are capitalised. All other borrowing costs are expensed in the period in which they incur in the Statement of Profit and Loss.

## **(j) Foreign Currencies**

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

## **(k) Government Grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the Statement of Profit and Loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

## **(l) Revenue Recognition**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, outgoing sales taxes including goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

The specific recognition criteria described below must also be met before revenue is recognised.

### **Sale of Products**

Revenue from sale of goods is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any).

### **Trade Receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

# Notes to Consolidated Financial Statements (Contd.)

## **Rental Income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the Statement of Profit or Loss. The Company has determined that it does not meet criteria for recognition of lease rental income on a basis other than straight-line basis.

## **Interest Income**

Interest Income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income from debt instruments is recognised using the effective interest rate method.

## **Dividends**

Dividend income is recognised in the statement of profit and loss only when the right to receive payment is established, which is generally when shareholders approve the dividend.

## **(m) Income Tax**

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

### **i. Current Tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

### **ii. Deferred Tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets recognised or unrecognized are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

## **(n) Provisions and Contingent Liabilities**

### **i. General**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### **ii. Contingent Liabilities**

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

# Notes to Consolidated Financial Statements (Contd.)

## **iii. Onerous Contracts**

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

## **(o) Employee Benefits**

### **i. Short-Term Employee Benefits**

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

### **ii. Post-Employment Benefits**

Contributions to defined contribution schemes such as Provident Fund, Pension Fund, etc., are recognised as expenses in the period in which the employee Contributions to defined contribution schemes such as Provident Fund, Pension Fund, etc., are recognised as expenses in the period in which the employee renders the related service. In respect of contributions made to government administered Provident Fund, the Company has no further obligations beyond its monthly contributions. The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognized in the statement of profit and loss.

### **iii. Other Long-Term Employee Benefits**

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date.

## **(p) Cash and Cash Equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with the financial institutions, other short term, highly liquid investments with original maturities of three months or less (except the instruments which are pledged) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

## **(q) Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Managing Director of the Company. As per Ind AS 108 if a financial report contains both the consolidated financial statements of a parent that is within the scope of this Indian Accounting Standard as well as the parent's separate financial statements, segment information is required only in the consolidated financial statements. Accordingly the company has presented segment only for consolidated financial statements.

## **(r) Earnings Per Share**

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for the share splits.

## **(s) Cash Flow Statement**

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

## **NOTE 36 - FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT (Contd.)**

The fair value of cash and cash equivalents, trade receivables, loans, trade payables and other financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's loans have been contracted at market rates of interest. Accordingly, the carrying value of such loans approximate fair value. Investments in equity shares in associates is not appearing as financial asset in the table above being investment in associates accounted under Ind AS 27, Separate Financial Statements is scoped out under Ind AS 109, Financial Instruments.

Investments in liquid and short- term mutual funds which are classified as FVTPL are measured using net assets value at the reporting date multiplied by the quantity held.

Investments in equity shares which are classified as FVTPL are measured using market price of share at the reporting date multiplied by the quantity held.

### **Financial Risk Management**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's management risk policy is set by the Board. The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. A summary of the risks have been given below.

### **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

### **Financial Assets that are not Credit Impaired**

The Company has financial assets which are in the nature of cash and cash equivalents, other bank balances, loans, security deposits, interest accrued on fixed deposits and other receivables which are not credit impaired. These are contractually agreed where the probability of default is negligible.

### **Financial Assets that are Credit Impaired**

#### **Trade Receivables**

The Company's exposure to credit risk is influenced mainly by the type of each customer. In monitoring customer credit risk, customers are grouped according to their credit characteristics, industry, trading history with the Company and existence of previous financial difficulties.

The Company has calculated the impairment loss arising on account of past trends in the default rate for time bucket.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

**Out of the total Trade Receivables of Rs. 132.90 Lakhs (31 March 2024 : Rs. 255.37 Lakhs), the exposure considered for expected credit loss is Rs. 76.06 Lakhs (31 March 2024 : Rs. 109.11 Lakhs).**

<b>Movement in the Allowance for Impairment in Trade Receivables</b>	<b>31-03-2025</b>	<b>31-03-2024</b>
Opening Balance	<b>109.11</b>	119.44
Amount Provided for	<b>(33.05)</b>	(10.33)
<b>Net Remeasurement of Loss Allowance</b>	<b>76.06</b>	<b>109.11</b>

### **Liquidity Risk**

Liquidity Risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The table below provides details regarding the contractual maturities of significant financial liabilities-

Particulars	As at 31 March 2025		As at 31 March 2024	
	Less than 1 year	More than 1 year	Less than 1 year	More than 1 year

## **NOTE 36 - FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT (Contd.)**

### **Market Risk**

Market risk is the risk that changes in market prices – such as interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

### **Interest Rate Risk**

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate. The Company expects the variable rate to decline, accordingly the Company is currently carrying its loans at variable interest rates.

Particulars	31 March 2025	31 March 2024
Variable Rate Borrowings	6,813.14	3,214.07
Fixed Rate Borrowings	-	-
<b>Total</b>	<b>6,813.14</b>	<b>3,214.07</b>

### **Sensitivity Analysis**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit/(loss) before tax is affected through the impact on floating rate borrowings, as follows:

31 March 2025	Profit or Loss		Equity, Net of Tax	
	Strengthening	Weakening	Strengthening	Weakening
<b>Movement by 50 basis points</b>	<b>34.07</b>	<b>(34.07)</b>	<b>25.21</b>	<b>(25.21)</b>

	<b>16.07</b>	<b>(16.07)</b>	<b>11.89</b>	<b>(11.89)</b>

### **Agricultural Risk**

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner:

- Sufficient inventory levels of chemicals, fertilisers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Slightly higher level of consumable stores viz. packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

**NOTE 37 :** The Company acquired by way of purchase Dharnipur Tea Estate as a "Going Concern" from its owner Sri Dharendra Nath Bhowmick (since deceased) and Dharnipur Tea Industries (P) Ltd. as confirming party and the Deed of conveyance was duly executed and registered in the name of the Company. The said Deed of Conveyance was cancelled in view of certain pending disputes between the seller and another party. However the agreement for purchase of the said Tea Estate subsists and is subject matter of a specific performance suit pending before Hon'ble Calcutta High Court. The Company is not in possession of the said Tea estate and has accordingly not accounted for the profit and loss on account of the operation or ownership of the said Tea Estate. The value of Dharnipur Tea estate represents the costs paid at the time of purchase and the legal expenses incurred thereafter on behalf of Bhowmicks and/or legal heirs for contesting their suit which was pending. All advocate fees at High Court and at Supreme Court were paid by this Company and capitalized. On the basis of Hon'ble Supreme Court order dated 01.10.91, if Bhowmick's title is confirmed in their pending suit then the rights of this company remains intact. The title of Bhowmicks/legal heirs was confirmed by Hon'ble Calcutta High Court. A suit for declaration and title in favour of the Company is pending.

### **NOTE 38**

The Company acquired certain interest in a plot of land at Bangalore for which registration in the name of the Company has not been done. All expenses of litigation in respect of the said land are considered as deemed cost of land and the same has been accounted as advance given for land.
