CHAIRMAN MESSAGE

Dear Shareholders,

I am pleased to present you with our 10th Annual Report, providing you a glimpse of overall business performance of Rajshree Polypack Limited during financial year 2020-2021.

COVID-19 pandemic, while impacting global economy negatively, has also changed the way of living. The pandemic, while bringing in more thrust on usage of technology in our day-to-day lives, has also resulted in higher demand for packaged food products. Your company, though affected by pandemic in the first half of last year, was able to navigate towards growth in second half by acting swiftly to restore operations there by managed to maintain its turnover and profitability largely similar to earlier year.

Despite a challenging economy, during the financial year 2020-2021, the Company recorded satisfactory performance by achieving Revenue and EBITDA of ₹12,707.22 lakhs and ₹2,038.11 lakhs as against ₹12,571.98 lakhs and ₹1,996.82 lakhs respectively for financial year 2019-2020. At the same time, the Company also achieved overall production volume growth of 2.71% in Sheet Extrusion and 7.98% in thermoformed packaging products. However, the Profit after Tax for the year was down to ₹ 881.86 lakhs as against ₹ 926.00 lakhs for earlier year primarily on account of deferred tax adjustments.

As you may be aware that your Company is one of the leaders in Rigid Thermoformed Packaging Products and has been striving to strengthen its position further with technological enhancements and capacity addition. I am glad to inform you that we are first in the Industry in India to manufacture Rigid Barrier Packaging Products for enhanced shelf life of food products with completely integrated facility under one roof using

state-of-the-art European Machinery. Our long-term goal is to unlock the growth potential of rigid packaging in food sector in India and become a recognized global player in the segment by increasing our share in global rigid packaging industry.

In that direction, we have successfully completed expansion plan of Unit II at Daman resulting into additional capacity of 4,000 metric tons per annum of Extrusion and 2,000 Metric Tons per annum of Thermoforming. The commercial production from such expanded capacity commenced from June 2021. The new unit will generate additional 80 - 100 jobs in Daman. We hope that this will help us bringing more production efficiency, developing and launching newer product lines in the packaging industry and getting new customers.

At the same time, consolidation & modernization of Unit I & Unit III is also in progress and is expected to be complete by January 2022. This will help us in reducing cost of manufacturing and capacity enhancement by more than 15% of current combined capacity of Unit I and Unit III.

With our continuous business development initiatives, we have been able to strengthen our position in the dairy sector and developed 15 new and more-value added products apart from Barrier trays and rigid sheets for MAP and retort application. We aim to continue focusing on the dairy segment as one of our key customer segments so as to be a formidable force in dairy packaging. Food packaging is another key focus area and we have started supply packaging containers to restaurant industry under agreement with the large e-commerce players catering to the segment. The response has been encouraging and we shall continue to build our strengths in the segment. We have also developed barrier trays for Ready-to-Eat meals for one of the top industrial houses in India. Further, we have also been identifying and adding customers in other segments of packaged food with requirement for complex or value added products. At the same time, we have also increased our business strength by appointing experienced people at the key position both in the field of operations and marketing.

You would be glad to know that your Company stands committed to a sustainable environment and has been taking requisite steps in that direction. In this context, we have tied up with Rapidue Technologies Private Limited "Recykal" for plastic waste collection & recycling and meeting EPR Requirements. Here it will not be out of place to mention that almost all the products being manufactured the Company are the environment friendly recyclable products. Further, your Company is now completely equipped to manufacture PLA and other Compostable products as per market demand.

As we look ahead, on behalf of the Board of Directors, I take this opportunity to express my sincere appreciation to our Shareholders, Banks & Financial Institutions, Employees, customers and suppliers for your support and trust. I seek your continued support to grow and progress our Company to greater heights.

Best wishes,

Tube Laminates

The Company is exploring an opportunity of entering into the Tube Laminates segment.

The Tube Laminates segment consists of three kinds of Products - Foil based laminates, Non Foil Based laminates and Co-ex barrier based Products. While the Foil and Non-Foil based Products require an extrusion process, the Co-ex barrier based products do not require the same.

The Company is intending to manufacture non-foil based laminate products as it is comparatively simple manufacturing process, cost effective and also eco friendly.

Technology Upgradation

First to upgrade with

- Alternate decoration technology of shrink sleeving on containers.
- Fully automated 8-colour printing machine in dry offset with Swiss technology in the Indian market.

NOTES TO NOTICE:

- In view of the current extraordinary circumstances caused by the COVID-19 pandemic, the Ministry of Corporate Affairs (“**MCA**”) has vide its circular dated May 5, 2020 in relation to “Clarification on holding of AGM through VC or OAVM” read with General Circular No. 14/ 2020 dated April 8, 2020, the General Circular No. 17/ 2020 dated April 13, 2020, No. 33/2020 dated September 28, 2020 General Circular No. 39/2020 dated December 31, 2020 and General Circular No.02/2021 dated January 13, 2021 (collectively referred to as (“**MCA Circulars**”) permitted Companies to hold their AGM through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 (“**Act**”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**SEBI Listing Regulations**”) and MCA Circulars, the current AGM of the Company is being held through VC / OAVM. The deemed venue for the 10th AGM will be the registered office of the Company.
- Since the 10th AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
- The Explanatory Statement pursuant to Section 102(1) of the Act is annexed hereto and forms part of this Notice.
- The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI Listing Regulations (including any statutory modification(s) or amendment(s) or re-enactment(s) thereof, for the time being in force), in respect of Directors seeking approval for appointment/re-appointment at the AGM, forms part of the annexure to this Notice.
- Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, Body Corporates are entitled to appoint authorised representatives to attend

RAJSHREE POLYPACK LIMITED

- the AGM through VC/OAVM and participate thereat and cast their votes through e-voting.
6. The Members can join the AGM in the VC/OAVM mode thirty (30) minutes before the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available on first come first served basis.
 7. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
 8. Members desirous of seeking information in respect of Accounts of the Company are requested to send their queries to cosec@rajshreepolypack.com on or before **Friday, September 17, 2021**.
 9. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM through e-voting.
 10. Register of Members and Transfer Books of the Company will remain closed from **Saturday, September 18, 2021 to Friday, September 24, 2021 (both dates inclusive)** for the purpose of determining the shareholders entitled to the Dividend as recommended by the Board of Directors for the year ended March 31, 2021.
 11. If the dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend will be made to all Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited (NSDL) and the Central Depository Services (India) Limited (CDSL) as of the close of business hours on **Friday, September 17, 2021**.
 12. Any non-individual shareholders, who acquires shares of the Company and becomes member of the Company after the notice is send through e-mail and holding shares as of the cut-off date i.e. **Friday, September 17, 2021**, may obtain the login ID and password by sending a request at evoting@nsdl.co.in or Company /RTA. However, if you are already registered with NSDL for remote e-voting, then you can use your existing user ID and password for casting your vote. If you forgot your password, you can reset your password by using "Forgot User Details/Password" or "Physical User Reset Password" option available on www.evoting.nsdl.com or call on toll free no. 1800 1020 990 and 1800 22 44 30 . In case of Individual Shareholders holding securities in demat mode who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date i.e. **Friday, September 17, 2021** may follow steps mentioned in the Notice of the AGM under "**Access to NSDL e-Voting system**".
 13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are therefore, requested to submit their PAN to the Depository Participant with whom they are maintaining their demat account.
 14. As per the provisions of Section 72 of the Act the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. The said form can be downloaded from the Company's website www.rajshreepolypack.com (under 'Investors' section). Members are requested to submit the said details to their Depository Participants ("DPs") in case the shares are held by them in electronic form.
 15. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form.
 16. In view of the COVID-19 pandemic and resultant difficulties involved in dispatch of physical copies of the Annual Report, the MCA, vide its Circular dated May 5, 2020 has dispensed with the requirement of dispatch of physical copies of the Annual Report. Accordingly, the Notice of the AGM along with the Annual Report 2020-2021 is being sent only by electronic mode to those Members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report 2020-2021 will also be available on the Company's website www.rajshreepolypack.com, websites of the Stock Exchanges i.e. Emerge Platform of National Stock Exchange of India Limited at www.nseindia.com and on the website of NSDL <https://www.evoting.nsdl.com>. For any communication, the shareholders may also send requests to the Company's dedicated investor email-id: cosec@rajshreepolypack.com.
 17. Members who have not claimed/received their dividend paid by the Company in respect of earlier years, are requested to write to the Company's Registrar and Transfer Agent, Link In Time India Private Limited. Members are requested to note that in terms of Section 125 of the Act; any dividend unpaid / unclaimed for a period of seven(7) years from the date these first became due for payment, is to be transferred to the Central Government to the credit of the Investor Education & Protection Fund (IEPF). In view of this, members/claimants are requested to claim their dividends from the Company, within the stipulated timeline.
 18. Members, who wish to inspect the documents, as mentioned in this AGM Notice or as required under law, may write to the Company at cosec@rajshreepolypack.com and the Company shall endeavour to provide inspection of documents to such Member.
 19. Members at the 8th AGM of the Company, held on Friday, September 27, 2019 had approved the appointment of **M/s. EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ("ACT").

As required by Section 102 of the Act, the following explanatory statement sets out all material facts relating to the businesses mentioned under Item Nos. 4 to 11 of the accompanying Notice.

Item No. 4

Ratification of Remuneration of Cost Auditors.

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s. V.J. Talati & Co, Cost Accountants, Mumbai (Firm Registration No. R00213), as the Cost Auditors to conduct audit of the cost records of the Company for the financial year ending March 31, 2022 for a remuneration of ₹51,000/- (Rupees Fifty One Thousand Only) plus applicable taxes, out-of pocket expenses, traveling and other expenses incurred by them for the purpose of audit for the financial year 2021-2022. A Certificate issued by the above firm regarding their eligibility for appointment as Cost Auditors will be available for inspection by the members as stated in point 18 of the Notice given above.

In accordance with the provisions of Section 148(3) of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the members of the Company. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 4 of the Notice.

The Board recommends passing of the Ordinary Resolution as set out in Item No. 4 of the Notice relating to the remuneration payable to M/s. V.J. Talati, Cost Accountants, for approval by the Members.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested in the passing of this resolution as set out in Item No. 4.

Item No. 5

Appointment of Mr. Praveen Bhatia (DIN:00147498) as the Non- Executive Independent Director of the Company.

The Board based on the recommendation of the NRC had appointed Mr. Praveen Bhatia as an Additional Director (Non- Executive Independent) w.e.f. June 24, 2021 and subject to the approval of the members. Pursuant to Section 161 of the Act read with the Articles of Association of the Company, Mr. Praveen Bhatia holds office as Additional Director up to the date of this 10th AGM and is eligible for appointment as a Director.

The Company has also received the declaration from Mr. Praveen Bhatia stating that he meets the criteria of independence as per Section 149(6) of the Act. He has also confirmed that he is not debarred from holding the office of director by virtue of any order by SEBI or any other authority. The detailed profile of Mr. Praveen Bhatia is attached as Annexure to Notice.

A copy of the draft letter of appointment which will be issued to Mr. Praveen Bhatia setting out the terms and conditions of his appointment as an Independent Director will be available for inspection by the members as stated in point 18 of the Notice given above.

In the opinion of the Board, Mr. Praveen Bhatia fulfills the conditions specified in the Act and the rules made thereunder and also under the SEBI Listing Regulations for appointment as Non-Executive Independent Director and is independent of the Management.

The Board recommends passing of the Ordinary Resolution as set out in Item No. 5 of the Notice relating to the appointment of Mr. Praveen Bhatia as a Non-Executive Independent Director of the Company for a period of five (5) years commencing from June 24, 2021 to June 23, 2026, for approval by the members.

Except Mr. Praveen Bhatia, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested in passing of this resolution as set out in Item No. 5.

Item No. 6

Appointment of Mr. Anand Sajjankumar Rungta (DIN: 02191149) as an Whole-time Director of the Company and to approve his remuneration.

Mr. Anand Sajjankumar Rungta was appointed as Additional Director (Non-Executive category) on February 10, 2021.

Mr. Anand Sajjankumar Rungta has completed the First year course of the Bachelor's degree of Commerce and he has an experience of more than eight (8) years in various activities such as manufacturing, trading, import and export, commission agency of plastic items and other products. Further, he has an experience in textile and transportation industry as well. Considering his skill set and experience, it was proposed that Mr. Anand Sajjankumar Rungta shall lead the general marketing business and be associated in the day to day affairs of the Company. Therefore, the designation of Mr. Anand Sajjankumar Rungta was changed from Additional Director (Non-Executive category) to Additional Director (Executive category) of the Company in the Board meeting dated June 24, 2021.

The Board in their meeting held on June 24, 2021 decided to appoint him as Additional Director (Executive category), liable to retire by rotation based on the recommendations of the NRC, subject to the approval of the Members for a period of three (3) years commencing from June 24, 2021 or till the time Mr. Anand Sajjankumar Rungta is in employment of the Company, whichever is earlier and his remuneration will be effective from July 1, 2021, with the terms and conditions, pursuant to Section 196, 197 and 198 read with Schedule V of the Act and rules applicable thereon.

The Company has received from Mr. Anand Sajjankumar Rungta (i) notice in writing under the provisions of Section 160 of the Act signifying his candidature for the office of Director; (ii) consent in writing to act as director in Form DIR-2; (iii) intimation in Form DIR-8 to the effect that he is not disqualified under the Act; and (iv) notice of interest in Form MBP-1. He has also confirmed that he is not debarred from holding the office of director by virtue of any order by SEBI or any other authority.

A copy of the draft letter of appointment which will be issued to Mr. Anand Sajjankumar Rungta setting out the terms and conditions of his appointment as a Whole time Director and draft agreement to be entered by the Company will be available for inspection by the members as stated in point 18 of the Notice given above.

4. CHANGE IN THE NATURE OF BUSINESS:

During the financial year 2020-2021, there was no change in the nature of the business of the Company.

5. FINANCIAL PERFORMANCE AND STATE OF COMPANY'S AFFAIRS:

The financial year 2020-2021 has been a challenging year with weakening macro-economic conditions, slowing market growth in the Fast-Moving Consumer Goods

("FMCG") sector and finally, COVID-19 outbreak and containment measures towards the end of the financial year. Against this challenging backdrop, we have delivered marginal growth in the top line and restricted the adverse impact on profitability.

Our financial performance for the year 2020-2021 is as follows:

- Revenue from operation has marginally increased to ₹ 12,707.22 lakhs in financial year 2020 - 2021 as compared to ₹ 12,571.98 lakhs in financial year 2019 -2020.
- Profit before tax has decreased to ₹ 1,220.92 lakhs in financial year 2020-2021 as compared to ₹ 1,150.34 lakhs in financial year 2019- 2020.
- Profit after tax has decreased to ₹ 881.86 lakhs in financial year 2020- 2021 as compared to ₹ 926.00 lakhs in financial year 2019- 2020.
- Earnings per share has decreased to ₹ 7.85 in financial year 2020-2021 as compared to ₹ 8.24 in financial year 2019- 2020.

The Company continues to be engaged in development, manufacture and sale of rigid sheets for Form Fill Seal Applications and thermoformed packaging products for various consumer products like dairy; food; confectionery; ready to eat processed food; fresh and cut fruits and vegetables; bakery products, beverages etc. The Company has a wide range of products in its portfolio to meet the demand for packaging of these industries. We have the capability to make customized products as per the client's demand.

6. EXTRACT OF ANNUAL RETURN:

Pursuant to Section 92 of the Companies Act, 2013 ("Act") read with Rule 12 of The Companies (Management and Administration) Rules, 2014 and Section 134 (3) (a), the copy of Annual Return can be accessed on the website of the Company at www.rajshreepolypack.com.

7. DETAILS OF SUBSIDIARY, JOINT VENTURE AND ASSOCIATE COMPANIES:

The Company has no subsidiary, Joint Venture and Associate companies.

No company has become or ceased to be the Company's subsidiaries, joint ventures or associate companies during the year under review.

8. MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY:

There have been no material changes and commitments affecting the financial position of the Company that have occurred between the end of the financial year 2020-2021 of the Company to which the financial statements relate and the date of the report.

9. UTILIZATION OF NET PROCEEDS FROM THE INITIAL PUBLIC OFFER ("IPO"):

The proceeds of the funds raised under IPO by the Company are being utilized as per the Objects of the Issue. The disclosure in compliance with the Regulation 32 of Securities and Exchange Board of India (Listing Obligations

RAJSHREE POLYPACK LIMITED

and Disclosure Requirements), 2015 (“SEBI Listing Regulations”) is as under:

(₹ in Lakhs)

RAJSHREE POLYPACK LIMITED

Management Discussion & Analysis

With more than 15 years of experience in the packaging industry, Rajshree Polypack Limited is one of the leaders in manufacturing of rigid plastic sheets for specialized ("FFS") Application and thermoformed packaging products to the industry segment we cater to. We aim to continue to build our strengths in the field of rigid and semi-rigid packaging products. We manufacture customized thermoformed packaging products which are tailored to the client's requirements. Our products range include packaging for dairy industry, Food and Beverages ("F&B"), bakery and confectionaries, trays for sweet and snacks, punnets for fruits and vegetables, electronic packaging, etc. We have a wide range of sizes and designs to meet the customers' need. Our incessant commitment to design and development continues to add new products to our existing product-line.

With an annual extrusion capacity of over 14,200 MT, thermoforming capacity of 7,220 MT and more than 135 products, we are fundamentally committed to the ongoing technical advancement, whilst aiming to stay updated on the technology used in our business. Our manufacturing facility at Factory Unit - II at Daman has been equipped with the state-of-the-art machinery.

Over the years, we have constantly strived to grow and improvise. From a modest set up, when we started our business in the year 2004, presently we are operating out of three (3) manufacturing facilities located at Daman. We are the first in India to successfully commence manufacturing of Rigid Barrier Packaging Products, with integrated facility under one roof, for enhanced shelf life of food products using state-of-the-art European technology. At the same time, we are in the process of consolidation and modernization of Unit I and Unit III at a new location in Sarigam, Gujarat which shall help us with reducing manufacturing costs with consolidation and better production efficiency.

We meet the primary packaging requirements of Dairy, Food, Confectionery, Ready to Eat products, Fruits and vegetables, Bakery, Beverages, etc. We provide solutions to our customers by developing thermoformed packaging materials that are tailor-made to meet specific functional and aesthetic requirements of our customers.

We serve the entire spectrum of businesses engaged in the manufacture and sale of the above end products small to large Packaged Consumer Good companies, Quick Services Restaurants("QSR"), small and large Retail outlets / chains of food, beverages, traditional sweet and processed foods.

To support the continuously evolving functional requirements of our customers, especially for direct food contact and barrier requirements, we constantly upgrade the performance characteristics of our products through continuous Research and Development, Process and Technology Upgradation and adoption of newer Raw Materials.

Economic overview & Outlook

Global Economy

"Firm ground, but with divergent recoveries amid high uncertainty" reads the heading of latest World Economic Outlook ("WEO") update released by International Monetary Fund ("IMF") in April 2021. Given the impact of the pandemic, Financial Year 2021 was expected to be an extremely demanding year. The consensus was that GDP growth in FY2021 would not only be negative but also would constitute the greatest fall in growth in last 80 years.

Global economic growth is projected at 6% in 2021, moderating to 4.4 % in 2022 after an estimated contraction of 3.3% in 2020. While there is still uncertainty on the path of the health crisis, with likelihood of third or fourth waves, and the emergence of new strains of the virus, overall business outlook across industries appears to be positive.

The projections for 2021 and 2022 are stronger than in the October 2020 on the back of the fiscal and monetary support provided by Governments world over coupled with widespread vaccination.

There was an irreversible change in the way of working, viability of certain industries, nature of jobs and aspects of social life. At the same time, it became clearer that digital transactions were not optional anymore, and that e-commerce, connectivity, collaboration solutions were an imperative in the post-pandemic economy. Strong legacy businesses showed resilience, with consumer demand and confidence rebounding gradually. (Source – IMF report, Government of India)

Indian Economy

The Indian economy passed through one of the most volatile periods in living memory in 2020-21. The outbreak of COVID-19 and the consequent suspension of economic activities due to the pandemic-induced lockdown, coupled with muted consumer sentiments and investments, had a severe impact on the Indian economy during the first quarter of the year under review. The Indian economy de-grew 23.9% in the first quarter of financial year 2020-2021, the sharpest de-growth experienced by the country.

Following the lifting of lockdown, India's consumption revived sharply, resulting into full-blown economic recovery. A number of sectors in India real estate, steel, cement, home building products and consumer durables, among others reported unprecedented

growth. India de-grew at a relatively improved 7.4% in the second quarter (July-September) and reported 0.4% growth in the third quarter (October-December) followed by 1.6% growth in the last quarter of the year under review.

The Government of India's relief measures comprising (1) direct fiscal spending and transfers to the poor; (2) loan and guarantee schemes; and (3) the RBI's liquidity measures aided growth in bank credit, enabled abundant liquidity in the financial sector which was directed toward impacted segments like the industrial and services sector.

In early June, the Reserve Bank of India ("**RBI**") had projected that the Indian economy will grow at 18.5% in the first quarter (April-June) of the current financial year 2021-2022. Growth for the full year was pegged at 9.5%. But an analysis by economists at the RBI now suggests that the economy is likely to have fared better than previously expected. Growth is now expected to touch 22.1% in the first quarter, which would imply that the economic fallout of the devastating second wave of the pandemic might not have been as dreadful as last year.

The manufacturing sector that initially suffered has since benefited from the recovery aided by pent-up demand and shifting consumer preferences. The services sector is showing a weaker recovery especially hotels, travel and entertainment industry.

The government has taken on the onus of heavy lifting to revive the investment cycle. A growth-centric and expansionary Union Budget for 2021-22 puts out hope that it will set the tone for infrastructure growth over the next few years. (Source RBI, Economic Times)

Packaging Industry

Packaging in general is classified into two significant types i.e. rigid packaging and flexible packaging. Packaging encompasses a wide range of material types across paper board, metals, plastic, wood, glass and other materials. However, amongst all the substitutes available, 'Plastic Packaging' is the fastest emerging trend in the packaging industry. Plastics today form the foundation of our "convenience consumer culture". The traditional materials like paper boards, metals, wood, glass etc. have been replaced by plastics in many applications due to their cost to performance ratio.

Packaging is the planning, creating, manufacturing, wrapping, boxing or bottling of products for consumers both commercial as well as end-users. It is a very important mode of communication with customers when it comes to a consumer brand. The packaging industry plays an important role in nearly all of the industries and manufacturing establishments.

Packaging is an all-encompassing industry term for the technology and design work going into protecting or enclosing every sort of product destined for storage, shipping and sale. Packaging also takes in the product manufacturer's marketing efforts. For leading manufacturers, the way they package their products signifies their brand. They view packaging as an essential part of their business model. Once the package design is complete, engineers who are experts in industrial, mechanical, or electrical engineering determine how to efficiently and economically produce the package in mass quantities.

Global Scenario

Owing to increased urbanization as well as consumerism, the packaging industry has witnessed significant growth over the years. According to the popular organization, Smithers Pica, the Packaging industry is expected to hit the \$1 Trillion mark as we step in this new decade. At the midpoint of this decade, the industry was nearly USD 859 Billion. This forecast reassures the business world about the immense potential that the packaging industry possesses.

The growing application of packaging in various industries such as pharmaceutical, food processing, manufacturing industry, FMCG and increasing development of packaging sector in emerging economies such as China, India, Brazil, Russia and few other East European countries are the major factors driving the packaging industry. The growth of global trade as well as urbanization and population growth are creating huge pressure on export & import as well as packaging for safety of the goods. The busy life also forced many consumers to consume food on the go, which is increasing the need for food service packaging. Convenience consumption is another factor which is significantly contributing to the increased demand for packaging products. The COVID-19 Pandemic has added further fuel to the demand as people are forced to call for products at home only.

The Packaging Industry has come up with different types of innovative packaging technologies such as Packaging with safe closures, flexible handling or easy portioning which help in constantly increasing the portfolio of packaging industry. Europe has largest share in global packaging industry with more than 30% market share followed by North America with 28% and Asia-Pacific with 27% market share.

International market research studies are prophesying rising sales in the global packaging industry right up until 2020. However, experts also believe that this industry is facing a transformation. They say that new demographic conditions, new customer demands, growing purchasing powers on emerging markets and an increasing use of technical facilities are causing many to rethink the use of packaging materials and manufacturing processes.

APAC is projected to be the largest packaging market during the forecast period. The growth in APAC is fuelled by easy availability of packaging raw materials such as plastic, fibre, and glass and the presence of manufacturing facilities of most of the packaging companies.

RAJSHREE POLYPACK LIMITED

Indian Scenario

The packaging industry is the fifth largest sector in India's economy. Packaging industry in India was valued at USD 75.95 billion in 2019. Furthermore, it is expected to reach USD 103.32 billion by 2025 at a CAGR of 5% over the forecast period 2020 – 2025. However, according to the Packaging Industry Association of India (PIAI), the sector is growing at 24% to 27% per annum. With steady growth over the past years, even after COVID-19 challenge, the industry is showing firm potential for expansion, including in the export markets.

The growth of the Packaging Industry in India is largely driven by various logistic applications, technological advancements, and the development of the packaging sector across the country. The rising population, increasing income levels, changing lifestyles, increased media penetration through the internet, television, and growing economy, the demand for packaging is growing. Today, it is one of the strongest growing sectors in the country. The rapid growth of the market is primarily driven by the pharmaceuticals and foods and beverages industries. The rise of the Indian middle class, the rapid expansion of organized retail, growth of exports, and India's rising e-commerce sector is further facilitating growth. In addition, huge investments in the food processing, personal care, and pharmaceuticals end-user industries are also creating scope for expansion of the packaging market.

According to the Indian Institute of Packaging (IIP), the packaging consumption in India has increased by 200% in the past decade, rising from 4.3 kg per person per annum (pppa) to 8.6 kg pppa.

Pre-Covid China was the leader in the packaging sector globally, being the largest consumer, manufacturer and exporter of packaged materials and goods. The pandemic-led lockdown and controversy have impacted China's packaging sector exponentially. The subsequent isolation of China has led to countries and companies to look for replacements, in order to eliminate their supply chain vulnerabilities, wherein India's rising packaging industry may benefit in the near future. Using new digital architectures, the packaging industry is strengthening its potential in terms of technology, efficacy, skill and global competitiveness. As the country rises from the Covid-19 downturn, the package manufacturing and service industries will play a key role in establishing India's future growth, both inshore and outshore.

In order to further maximize the potential of the packaging sector in India, the government has been continuously consulting the industry experts. For instance, PIAI (Packaging Industry Association of India) has been asked to formulate policies and guidelines that is expected to augment India's export potential in the International market.

Rigid Plastic Packaging

Rigid plastic packaging products used for consumer packaging applications include bottles, jars, cups, tubs & pots, trays, tubes, pails, yoghurt and ice-cream containers and lids. Polyethylene Terephthalate (PET), High Impact Polystyrene (HIPS) and Polypropylene (PP) are the commonly used polymers for the manufacture of rigid containers. Low-density Polyethylene (LDPE), Linear Low-density Polyethylene (LLDPE), Polystyrene (PS) and Polyvinyl Chloride (PVC) are other polymers used in the Indian context.

Global Scenario

Rigid plastic packaging is often used when packaging fragile food products that need protection from falling and where shelf life of the food can be enhanced. Rigid plastic packaging offers durability, cost, longevity, absorption of flavors, and lightweight. Its production processes are also wide-ranging and are wholly dependent on their areas of application. It is predominantly used in a wide range of applications in different industries such as food & beverages, pharmaceuticals, personal care, and many more.

The global rigid plastic packaging market, estimated at USD 228.7 billion in 2020, is projected to grow to USD 313.5 billion by 2027 at a CAGR of 4.6% during 2020 - 2027.

This growth was primarily attributed to changing consumer lifestyles. Burgeoning consumption of snacks such as sausages, bread, and potato chips in emerging economies of China, India, and Middle East is working in favor of the overall market. Growing number of food retail outlets and new product launches are estimated to augment the importance of rigid packaging.

Furthermore, the introduction of innovative solutions, such as active packaging, modified atmosphere, edible, and bioplastic packaging, is also expected to boost the market growth in the years to come. On the other hand, rising awareness about sustainability and a stringent ban on single-use products to curb plastic pollution are likely to pose threat to the growth of the industry.

Indian Scenario

The rigid plastic packaging segment in India is an amalgamation of both organized and unorganized players ranging from very small players with limited presence to big players with large market share. Demand for this segment is anticipated to grow rapidly across all the players. Also, there is an increasing focus on innovative and cost effective packaging materials. Thus, the industry players are keeping in track with the changing trends in packaging and making efforts to capture the market with higher technology orientation. Furthermore, with a viewpoint of health and environment friendliness, the growth in packaging industry is leading to greater specialization and sophistication amongst the market players.

India rigid plastic packaging market stood at around USD 7.7 billion in 2018 and is projected to grow at CAGR of 10.8% to reach USD 14.4 billion by 2024. To ensure safety and longer shelf life of food, demand for rigid plastic packaging is high in F&B sector. Additionally, healthcare industry is another major end user of rigid plastic packaging.

The packaging industry is experiencing growth as a result of higher focus and preference of consumers towards hygiene and packaged products which are further expected to increase post Covid-19 pandemic. Packaging sales in the emerging markets are expected to continue to show strong momentum as both increased consumption and demand for consumer goods drives the need for more sophisticated packaging. In recent years, India has seen sustainable packaging growth due to the increase of packaged food consumption and awareness, demand for quality products. The rising purchasing power, due to the growth in per-capita income of the Indian middle-class and concern for hygiene post COVID-19, will fuel the Indian packaging market in adopting better packaging methods, materials, and machinery, to ensure better quality.

Opportunities and Threats

Opportunities

The growth in the plastic packaging industry in India will be majorly impacted by the end use industries, growing consumerism and government initiatives such as Make in India.

1. **End-Use Industries:** The Indian F&B industry has nearly 16% yearly growth and major application of plastics in food products is in packaging. Thus, growth in F&B sector highlights the growth potential for plastics in packaging. Similarly, personal care sector, which is growing at nearly 12%, will also drive demand for rigid plastics, as it is the most used material for packaging of personal care products. Other industrial sectors such as, pharmaceutical that is proposed to grow at 13-15% over next five years, retail industry, that is currently witnessing the shift from unorganized to organized retail will also stimulate the demand of plastic in packaging material.
2. **Consumerism:** Growing consumerism will also contribute to growing demand. Consumer's preference for the use of convenient packaging and affordable packaging is driving the market towards rigid packaging in India. Consumers today are increasingly looking to buy products which are suitable for handling, long lasting and easy to store and as plastics can be used with great versatility, they have been the preferred choice in packaging. This growth will also be pushed by the increasing size of middle class population in tier 2 and 3 cities in the country.
3. **Make in India:** The Government's current campaign on 'Make in India' which aims to turn the country into a global manufacturing hub will have positive impact on the growth of packaging industry. The proposed policies of government for technology up-gradation fund scheme, setting up SEZs to overcome bottlenecks of infrastructure and creating business friendly policies will help in exploring the underlying potential. Also, the extended support from Ministry of Chemicals & Fertilizers and the Central Institute of Petrochemicals Engineering & Technology ("**CIPET**") (formerly known as Central Institute of Plastics Engineering & Technology ("**CIPET**") will drive the growth of plastic industry in India. For example, an export-oriented plastic cluster has been proposed to be set up at an investment of over ₹ 100 crore in Lucknow. IIA in collaboration with ("**CIPET**") will set up this cluster. Cluster has already generated interest amongst 200 industrialists and entrepreneurs and is expected to generate direct employment opportunity for approx. 2,500 youth.
4. **Environment Sustainability:** With the growing awareness about packaging and its impact on Environment, there has been growing demand to restrict usage of packaging which are neither recyclable nor bio-degradable. Governments across the globe are taking multiple initiatives so as to reduce consumption of products which have negative impact on the environment. This is opening plethora of opportunities for Companies like us who are well poised to use the opportunities to manufacture products which can either be recycled after usage or are bio-degradable.
5. **Emerging technology:** Technology is playing an important role in rigid plastic packaging market development as it competes with rival packaging types. There have been considerable technology developments enabling rigid plastic packaging industry to grow at faster pace. Some of them are enumerated below:
 - Bio-based plastics, including 100% bio-based PET bottles, are expected to enter commercial production and establish significant market share over the next five years
 - Producers have developed considerably lighter plastic packaging in recent years and opportunities remain for further light weighting of plastic packaging
 - Improved barrier solutions enable further penetration of rigid plastic packaging into applications such as fruit juices, milk, wine and hot-fill food jars, and reducing emissions during transport.

RAJSHREE POLYPACK LIMITED

Threats

- Fluctuation in raw material prices:** The prices for our primary raw materials (including raw materials imported by our Company) used for the manufacture of plastic rigid sheets and thermoformed products have been volatile. These materials are global commodities and their prices are cyclical in nature and fluctuate in accordance with global market conditions. Any significant fluctuations in prices of raw material due to factors such as rise in input and commodity prices or shortages in supply may impact performance of the Company.
- Change in Government Policies:** Our business is subject to various government regulations and policies. Any significant change in government policies may have an adverse impact on the performance of the Company.
- Capital Investment and Technology upgradation:** Our business requires significant capital investments in plant and machinery, moulds & dies and regular technological upgrades. In the event, the Company is not able to keep pace with regular technology upgradations, it may have an adverse impact over the business and performance of the Company.

Segment-wise performance

Presently, the Company operates in only one primary segment i.e. Rigid packaging products and hence, segment-wise information is not applicable to the Company.

Outlook

With strong track record of performance over the years and state of the art manufacturing infrastructure, today the Company is well poised to take its business to next level. Further, we have constantly been focusing on adding new products and customers so as to derisk our business and expanding profitability. Successful commencement of manufacturing of Rigid Barrier Packaging Products, with integrated facility under one roof, for enhanced shelf life of food products is a positive move in that direction as the Company intends to enter into new product and industry segments with more complex products offering better profitability.

At the same time, the Company has been able to develop new bio-degradable packaging products for which the Company has already received license from Central Pollution Control Board ("CPCB"). The new products, once launched, shall open new doors of business opportunities for the Company in near future.

Risks and concerns

Risk	Description	Mitigation
Demand Risk	A cyclical downturn can lead to a slowdown in the Company's target markets and impact its sales velocity.	The Company has demonstrated ability of driving significant growth in sales volumes over the years by seeking to offer the right brand, at the right price, in the right package, and through the right channel. Its wide range of product portfolio enables it to cater to diverse consumer segments.
Business Agreement Risk	The Company relies on strategic relationships and agreements with various clients. Termination of agreements, or less favourable renewal terms could adversely affect profitability.	The Company's demonstrated ability of significantly enhancing product offering and services makes it a favourable partner.
Regulatory Risk	Regulations on consumer health and the risk of the Company's products being targeted for discriminatory tax and packaging waste recovery may adversely impact business.	The Company adheres to best manufacturing practices and takes the issues of sustainability relating to packaging and waste recovery very seriously. It works closely and constantly engages with stakeholders, to develop sustainable packaging focused on protecting the environment.
Business Viability Risk	An inability to integrate the operations of, or leverage potential operating and cost efficiencies from, the newly acquired territories and sub territories may adversely affect the Company's business and future financial performance.	To ensure success of the newly acquired operations, the Company invests significant management time and financial resources, develop local market strategies (including that for potential cultural and language barriers), and assimilate business practices to ensure business viability.
Consumer Preference Risk	Failure to adapt to changing consumer health trends and address misconceptions relating to impact of usage of plastic products on the health may adversely impact demand.	The Company sales team works closely with management to ascertain the changing consumer habits and constantly focus on product innovation and expanding range of products which are safe to use and eco-friendly.

Raw Material Risk	An interruption in the supply or significant increase in the price of raw materials or packaging materials may adversely affect the Company's business prospects, results of operations and financial condition.	Maximizing cost efficiencies is an integral part of Rajshree Polypack Limited strategy, whereby it constantly focuses on reducing cost of goods sold, effectively managing operating expenses and enhancing cash flows. For this, the Company has undertaken several initiatives including backward integration and centralized material procurement. It leverages its scale of operations to achieve better bargaining power with suppliers resulting in better working capital management. The Company's ability to improve asset utilization enables it to achieve higher operating leverage and amortize overheads on a wider base. Additionally, the Company continues to invest in advanced technologies to improve operational efficiencies and work processes in its operations, thereby ensuring integrated operational data from manufacturing, planned procurement and superior tracking of transportation of the Company's products from distributors to final delivery to the consumers

Details of any change in Return on Net Worth as compared to the immediately previous financial year along with a detailed explanation thereof

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefore, including:

Particulars		FY 2020-2021	FY 2019-2020
Inventory Turnover	Days	96.37	60.44
Interest Coverage Ratio	Times	13.17	9.19
Current Ratio	Times	1.51	3.84
Debt Equity Ratio	Times	0.15	0.08

Inventory Turnover Days in the financial year 2020-2021 has increased to 96.37 days from 60.44 days as compared to previous financial year due to increase of Raw Material Prices and also increase in physical inventory at the end of the financial year.

Interest coverage ratio in the financial year 2020-2021 has increased to 13.17 times from 9.19 times as compared to previous financial year due to lower outstanding bank loan during the year as compared to the earlier year.

Current ratio in the financial year 2020-2021 has decreased to 1.51 times from 3.84 times as compared to previous financial year primarily on account of significant increase in Creditors for capital goods (majorly including creditors outstanding against Letter of Credit) for purchase of machinery for Unit II (extension). At the same time, the trade payables and short term borrowings of the Company increased as well due to considerable increase in demand and sales towards the end of the financial year.

Debt equity ratio in the financial year 2020-2021 has increased to 0.15 times from 0.08 times as compared to previous financial year primarily on account of higher utilisation of bank working capital limits at the end of the year driven by higher demand and sales.

The Company Return on Net Worth (RoNW) has gone down to 8.15% for financial year 2020-2021 as compared to 9.22% for financial year 2019-2020. The drop in RoNW was primarily driven by lower profits on account of delayed implementation of expansion plan funded by funds raised through the Initial Public Offering. The earning effect of such funds is expected to be visible in Financial Year 2021-2022 when the Company shall be able to utilise its new production capacity.

INDEPENDENT AUDITOR'S REPORT

To the Members of Rajshree Polypack Limited Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Rajshree Polypack Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with Companies (Accounts) Rules, 2014 as amended and other accounting principles generally

accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters (Risk)	How was the Key Audit Matter addressed in the Audit
<p>Revenue is recognised when the customer obtains control of the goods. We identified revenue recognition as a key audit matter because the management and its external shareholders focus on revenue as a key performance indicator. This could create an incentive for revenue to be overstated or recognised before control has been transferred.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ol style="list-style-type: none"> 1. Evaluated the Company's accounting policies pertaining to revenue recognition and assessed compliance with the policies in terms of AS 9 - Revenue Recognition 2. Understood management's process to evaluate recognition of revenue on transfer of significant risks and rewards of ownership of the goods to the customers. 3. Evaluated the design of key controls and operating effectiveness of the relevant key controls with respect to revenue recognition on test check basis. 4. Performed substantive testing by selecting samples of revenue transactions, recorded during the year by verifying the underlying documents on test check basis . 5. Performed analytical procedures on revenue recognised during the year to identify unusual variances. 6. Performed confirmation procedures on selected customer balances at the balance sheet date. 7. Verified on test check basis, revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognised in the appropriate financial period. 8. Verified entries posted for discounts and credit notes to identify unusual items.

Emphasis of Matter

We draw attention to note 38 to the financial statements which states that the management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the end of year ended March 31, 2021 and has concluded that there is no material impact which is required to be recognized in the financial statements. Accordingly, no adjustments have been made to the financial statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described above to be the key audit matters to be communicated in our report:

RAJSHREE POLYPACK LIMITED

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those charged with Governance for Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance

is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

**Auditor's Responsibilities for the Audit of the Financial
Statements**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

- (iv). In our opinion and according to the information and explanations given to us, the Company has not either directly or indirectly, granted any loan to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of section 185 of the Act and the Company has not made investments through more than two layers of investment companies in accordance with the provisions of section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- (v). In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.
- (vi). The maintenance of cost records has been specified by the Central Government under section 148(1) of the Act in respect of specified products of the company. For such products we have broadly reviewed the cost records maintained by the Company pursuant to Companies (Cost records and Audit) Rules, 2013 as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and we are of the opinion that prima facie the prescribed cost records have been made and maintained. We have not, however, made a detailed examination of the reports with a view to determine whether they are accurate or complete.
- (vii). According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including provident fund, income-tax, goods and service tax, duty of custom, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.
- (a) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income-tax, duty of custom, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us and examination of records of the Company, the outstanding dues of income tax which have not been deposited on account of any dispute is as follows:

Name of the statute	Nature of dues	Amount ₹	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Income Tax Act, 1961	Income Tax	4,01,706	FY 2017-18	Commissioner of Income Tax (Appeals)	-
Income Tax Act, 1961	Income Tax	1,14,962	FY 2018-19	Commissioner of Income Tax (Appeals)	-

- (viii). In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to the financial institution, bank or debenture holders.
- (ix). In our opinion, according to the information explanation provided to us, money raised by way of Initial public offer and term loans during the year have been applied for the purpose for which they were raised. The Company has not raised any money by way of further public offer (including debt instruments) during the year.
- (x). During the course of our audit, examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across

any instance of material fraud by the Company or on the Company by its officers or employees.

- (xi). According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii). In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) of the Order are not applicable to the Company.
- (xiii). According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv). According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the provisions stated in paragraph 3 (xiv) of the Order are not applicable to the Company.
- (xv). According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.
- (xvi). In our opinion, the Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph clause 3 (xvi) of the Order are not applicable to the Company.

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF RAJSHREE POLYPACK LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Rajshree Polypack Limited on the Financial Statements for the year ended 31 March 2021]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Rajshree Polypack Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

RAJSHREE POLYPACK LIMITED

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

Accompanying notes to the financial statements for the year ended March 31, 2021

1 Corporate Information

"Rajshree Polypack Limited ("the Company") is a company incorporated in India under the provisions of Companies Act, 1956 on October 15, 2011. The Company is a SME and is listed on NSE Emerge in the year 2018. The registered address of the Company is located 503-504, Lodha Supermnus Bldg., Wagle Estate, Thane (West)-400604. The Company is engaged in the business of manufacturing and trading of "Plastic Packaging Product". The Company operates through its three manufacturing units in Daman. Expansion of Unit-II is completed in the Mar-21.

The Financial Statements were approved for issue by the Board of Directors on June 24, 2021. The Financial Statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Lakh except where otherwise indicated.

2 Significant Accounting Policies

2.1 Basis of Accounting:

The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspects of the Accounting Standards (AS) notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The accounting policies adopted in the preparation of financial statements have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy until now (hitherto) in use with those of previous year.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of business and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Use of Estimates:

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2.3 Revenue Recognition :

Revenue is recognised to the extent, that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods: Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods are transferred to the buyer and are recorded net of trade discounts, rebates and Goods and Service Tax .

Revenue from services: Revenue from services is recognised pro-rata over the period of the contract as and when services are rendered and the collectability is reasonably assured. The revenue is recognised net of Goods and service tax.

"Interest Income: Interest Income is recognised on a time proportion basis taking into account the amount outstanding and applicable interest rate.

Dividend Income: Dividend is recognised when the Company's right to receive dividend is established.

2.4 Purchases :

Purchases are stated inclusive of custom duty, clearing & forwarding charges and other direct expenses and net of discounts, returns, GST and rate differences.

2.5 Inventories:

Raw materials, components, stores and spares, and packing material are valued at lower of cost. However, these items are considered to be realisable at replacement cost if the finished goods, in which they will be used, are expected to be sold below cost.

Cost of inventories is computed on a FIFO basis. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition.

Work in progress and manufactured finished goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods is determined on the FIFO basis and comprises direct material, Cost of conversion and other costs incurred in bringing these inventories to their present location and condition.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale. The comparison of cost and net realizable value is made on item by item basis.

2.6 Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair

RAJSHREE POLYPACK LIMITED

Accompanying notes to the financial statements for the year ended March 31, 2021

value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

2.7 Property, Plant and Equipment: Tangible assets

Tangible assets, capital work in progress are stated at cost, less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, borrowing costs, if capitalization criteria are met and any cost attributable to bringing the assets to its working condition for its intended use which includes taxes, freight, and installation and allocated incidental expenditure during construction/acquisition and exclusive Input tax credit (IGST/CGST and SGST) or other tax credit available to the Company. When parts of an item of tangible assets have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditure relating to tangible assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

2.8 Property, Plant and Equipment: Intangible assets

An intangible asset is recognized when it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use which includes taxes, freight, and installation and allocated incidental expenditure during construction/acquisition and exclusive of Input tax credit (IGST/CGST and SGST) or other tax credit available to the Company.

Subsequent expenditure relating to intangible assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

2.9 Impairment of Assets:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets' net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average

cost of capital. After impairment, depreciation/amortization is provided on the revised carrying amount of the asset over its remaining useful life.

2.10 Depreciation on property, plant and equipment

Based on management's evaluation, useful life prescribed in Schedule II of the Companies Act, 2013 represent actual useful life of property, plant and equipment. Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives.

Depreciation on addition to tangible assets is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale/discard from tangible assets is provided for upto the date of sale, deduction or discard of tangible assets as the case may be.

Leasehold Property depreciated over the contractual lease period. For the Fixed assets used in shifts, the depreciation is increased by 50% for assets used in double shift and 100% for assets used in triple shift."

2.11 Amortization of Intangible assets

Amortization of intangible assets has been calculated on straight line basis at the following rates, based on management estimates, which in the opinion of the management are reflective of the estimated useful lives of the Intangible assets. Currently, computer software is amortised over 3 years being its useful life.

Amortization on addition to intangible assets is provided on pro-rata basis from the date the assets are ready for intended use. Amortization on sale/discard from intangible assets is provided for upto the date of sale, deduction or discard of intangible assets as the case may be.

2.12 Accounting for Taxes of Income:-

Tax expense for the period comprises of current tax and deferred tax.

Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the Income-tax Act, 1961. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts, and there is an intention to settle the asset and the liability on a net basis.

The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted as of the reporting date.

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets

Accompanying notes to the financial statements for the year ended March 31, 2021

are reviewed at each balance sheet date and are written-down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

At each reporting date, the Company reassesses the unrecognized deferred tax assets, if any.

2.13 Provisions and Contingent Liabilities:

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

The Company records a provision for decommissioning, restoration and similar liabilities that are recognized as cost of property, plant and equipment. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognized in the statement of profit and loss as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets are neither recorded nor disclosed in the financial statements.

2.14 Retirement and other employee benefits:

"Defined contribution plan : The Company makes defined contribution to Government Employee Provident Fund, Government Employee Pension Fund, Employee Deposit Linked Insurance, which are recognised in the Statement of Profit and Loss on accrual basis.

The Company has no further obligations under these plans beyond its monthly contributions."

Defined Benefit Plan- Gratuity: The Company provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the company with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation as at the Balance Sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the Statement of Profit and Loss. The expected return on plan assets is based on the assumed rate of return of such assets. The Company contributes to a fund set up by Life Insurance Company of India.

Other benefits: Leave encashment is accounted on accrual basis. Leaves are not subject to encashment. The leaves accumulated during the year can be availed till next one month from the end of the financial year.

2.15 Foreign Currency Transactions :

Initial recognition: Foreign currency transactions are recorded in the reporting currency by applying the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when such values were determined.

Exchange differences: Exchange differences arising on the settlement of monetary items or on reporting the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they occur.

2.16 Hedging policy

The Company uses foreign exchange derivative instruments to hedge its exposure on account of movements in foreign exchange and fluctuating interest rates on External commercial borrowings. These derivatives are generally entered with banks and not used for trading or speculation purposes. These derivative instruments are accounted as follows:

For forward contracts which are entered into to hedge the foreign currency risk of the underlying instrument outstanding on the date of entering into that forward contract, the premium or discount on such contracts is amortized as income or expense over the life of the contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognized as an income or expense for the period. The exchange difference on such a forward exchange contract is calculated as the difference between-

- i. the foreign currency amount of the contract translated at the exchange rate at the Balance Sheet date, or the settlement date where the transaction is settled during the reporting period, and
- ii. the same foreign currency amount translated at the later of the date of inception of the forward exchange contract and the last reporting date. Such exchange differences are recognized in the Statement of Profit and Loss in the reporting period in which the exchange rates change.

Forward contracts which are entered into to hedge the foreign currency risk of the highly probable transactions or firm commitments are valued at fair value at each Balance Sheet date. The resultant loss from these transactions is recognised in the Statement of Profit and Loss. However, in

RAJSHREE POLYPACK LIMITED**Accompanying notes to the financial statements for the year ended March 31, 2021**

case of resultant gains, such gains are not accounted in the books of accounts of the Company. Decrease in fair valuation loss already recognised in earlier years are reversed in the year of such decrease in fair valuation loss.

2.17 Borrowing Costs:

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are capitalized. All other borrowing costs are recognised as expenditure in the period in which they are incurred.

2.18 Government Grants and Subsidies :

"Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received. When the grant or subsidy is related to revenue, it is recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant is related to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

When the Company receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost, it is recognized at a nominal value.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

2.19 Leases:

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.20 Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

2.21 Earnings Per Share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

2.22 Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Further, inter-segment revenue have been accounted for based on the transaction price agreed to between segments which is primarily market based.

Unallocated items include general corporate income and expense items, which are not allocated to any business segment.

Note: 38.COVID-19 Impact on Organization:

The World Health Organization announced a global health emergency because of a new strain of corona virus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. On March 24, 2020, the Indian government announced a strict 21-day lockdown across the country to contain the spread of the virus. This pandemic and response thereon have impacted most of the industries. Consequent to the nationwide lock down on March 24, 2020, the Company's operations were scaled down in compliance with applicable regulatory orders. Subsequently, during the year, the Company's operations have been scaled up in a phased manner taking into account directives from various Government authorities. The impact on future operations would, to a large extent, depend on how the pandemic further develops and it's resultant impact on the operations of the Company. The Company continues to monitor the situation and take appropriate action, as considered necessary in due compliance with the applicable regulations.

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no impact which is required to be recognized in the financial statements. Accordingly, no adjustments have been made to the financial statements.

Note: 39. Social Security Code 2020 :

The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued. The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

Note: 40. The Previous year's figures have been re-grouped / re-classified to confirm to this year's classification.
