## MANAGEMENT DISCUSSION AND ANALYSIS

a) **Industry Structure and Development:** The global pharmaceutical market is now estimated to be US \$ 1 trillion and is growing at a rate of about 4 -5 % per annum. North America, Japan and Europe constitute about 70% of the global pharmaceutical market. Increased penetration of specialized drugs and continued rise of emerging markets are key trends that will shape the global pharmaceutical markets in the coming years. Due to advances in science and technology, the research based pharmaceutical industry is entering an exciting new era in medicine development. The research methods are evolving and the innovative pharmaceutical industry aims to turn fundamental research into innovative treatments that are widely available and accessible to patients. A move to value based outcomes in drug research, increased penetration of specialty drugs, greater patient access to medicines, the reduced impact from patent expiries and continued rise of emerging markets will be primary drivers behind increase in global medicine spending through 2018.

b) **Outlook, Risks and Concerns:** Indian pharmaceutical market is considered to be a highly fragmented and consolidation has become an important feature of this industry. Indian pharmaceuticals exports have increased from US\$ 2 billion in 2006 to about US\$ 10 billion in 2014. Though in the world pharmaceutical market, India is ranked 3rd in volume, it has a negligible share by value and ranks 13th. India has a huge pool of scientists and engineers who have potential to take this industry to a very high level of growth. Indian pharmaceutical industry is estimated to grow at nearly 20% over the next 5 years. Indian pharmaceuticals manufacturing facilities registered with US FDA at 500 plus was highest for any country outside USA. The Government of India has unveiled 'Pharma Vision 2020' aiming at making India a global leader in end-to-end drug manufacturing. India is also fast emerging as a preferred pharmaceuticals manufacturing location. Several large selling drugs going off patent over next few years and increasing use of pharmaceutical generics in developed markets to reduce healthcare cost will provide attractive growth opportunities to generics manufacturers and thus Indian pharmaceutical industry is poised for an accelerated growth in the coming years.

However, poor public healthcare funding and infrastructure, low per capita consumption of medicines in developing and under developed countries including India, currency fluctuations, regulatory issues, inflation and resultant all round increase in input costs are few causes of concern. During the year under report, there

was no change in the nature of Company's business.

c) **Financial Performance and Operations Review:** During the financial year under report, the Company registered a total income of Rs.570.86 crores against Rs.536.22 crores in the previous year, a growth of 6.46%. The Company is implementing comprehensive measures at all its manufacturing sites to ensure quality and regulatory compliances.

The operations have resulted in a net profit of Rs.84.10 crores during the financial year under report as against Rs.80.86 crores in the previous financial year.

d) **Internal Control Systems and its adequacy:** The Company has adequate internal control systems including suitable monitoring procedures commensurate with its size and the nature of the business. The internal control systems provide for all documented policies, guidelines, authorisation and approval procedures. The Company has various internal audits to get audited various systems and procedures throughout the year. The statutory auditors while conducting the statutory audit, review and evaluate the internal controls and their observations are discussed with the Audit committee of the Board.

e) **Human Resources:** The human resource plays a vital role in the growth and success of an organization. The Company has maintained cordial and harmonious relations with employees across various locations. During the year under review, various training and development workshops were conducted to improve the competency level of employees with an objective to improve the operational performance of individuals. Company has maintained cordial and harmonious relations with all employees.

f) **Cautionary Statement:** Certain statement/s in the management discussion and analysis may be forward looking within the meaning of applicable securities law and regulations and actual results may differ materially from those expressed or implied. Factors that would make differences to Company's operations include competition, price realisation, currency fluctuations, regulatory issues, changes in government policies and regulations, tax regimes, economic development within India and the countries in which the Company conducts business and other incidental factors.

## INDEPENDENT AUDITOR'S REPORT

To the Members of Shilpa Medicare Limited  
Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Shilpa Medicare Limited ("the Company"), which comprise the balance sheet as at March 31, 2015, the statement of profit and loss and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2015, its profit and its cash flows for the year ended on that date.

### Emphasis of Matter

We draw attention to Note 50 to the Standalone financial statements. The Company has filed a lawsuit for recovering its amount paid as capital advance to its vendor for supply of Capital Assets, along with punitive damages. The Preliminary hearings of the case are in progress. As the ultimate outcome of the case cannot be determined presently, hence no provision for the outstanding balance receivable from the party has been made in the financial statements. Our opinion is not qualified in respect of this matter.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this

**Report are in agreement with the books of account;**

- d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e. On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act; and

## Significant Accounting Policies

### NOTE: 1

#### Basis of Preparation

The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared the financial statements to comply in all material aspects with the applicable accounting standards, as notified under sec.133 of the Companies Act 2013 ('the Act') read together with Paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The Company generally follows mercantile system of accounting and recognizes all the income and expenditure on accrual basis. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

#### 1. Significant Accounting Policies

##### a) Use of Estimates :

The preparation of financial statements in conformity with Indian GAAP requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

##### b) Fixed Assets:

- i. Tangible Assets are stated at cost net of recoverable taxes, less accumulated depreciation and impairment losses if any. Cost of Tangible Assets comprises its purchase price and any attributable cost of bringing the assets to its working condition for its intended use and adjustments arising from exchange rate variations attributable to the assets.

Projects under which assets are not ready for their intended use are disclosed under Capital work in progress.

- ii. Intangible Assets are stated at cost less accumulated amortization and impairment loss, if any. Cost includes any expenditure directly attributable on making the asset ready for its intended use and adjustments arising from exchange rate variations attributable to the assets if any.
- iii. DMF costs represent expenses incurred on development of processes and compliance with regulatory procedures of the USFDA, in filing

Drug Master Files (DMF), in respect of products for which commercial value has been established by virtue of third party agreements/arrangements. This is in accordance with the requirements of Accounting Standard 26.

The cost of each DMF is amortized over a period of ten years from the date on which the amount have been capitalized.

##### c) Depreciation:

- i. Depreciation on Fixed Assets is provided based on the useful life of the assets as prescribed in Schedule II of the Companies Act-2013, except in respect of storage drums which are depreciated over a period of 05 years as ascertained by the management.
- ii. Intangible assets are amortized over their useful life/ period of ten years.

##### d) Impairment of Assets:

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable value being higher of value in use and net selling price. An impairment loss is recognized as an expense in the Profit and Loss Account in the year in which an asset is identified as impaired.

##### e) Investments:

- i. Non-current investments are stated at cost. Provision for diminution in the value of Non-current investments is made only if such a decline is other than temporary.
- ii. Current investments are stated at lower of cost and fair value.

##### f) Inventory:

- i. Raw-Materials, Stores & Spares and Packing Materials are valued at cost – Cost is determined on FIFO basis.
- ii. Work-in-progress & Finished goods are valued at estimated cost or net realizable value whichever is lower.
- iii. Provision for obsolescence if any, is made, wherever necessary.

##### g) Employee Benefits:

###### Provident Fund

Contribution towards Provident Fund for employees is made to the regulatory authorities,

where the Company has no further obligations. Such benefits are classified as Defined Contribution schemes as the Company does not carry any further obligations, apart from the Contributions made on a monthly basis.

### **Gratuity**

Gratuity liability is defined benefit obligation and is provided on the basis of an actuarial valuation on projected unit credit method made at the end of each year. The Company funds the benefit through contributions to LIC. The Company recognizes the actuarial gains & losses in the statement of profit & loss in the period in which they arise.

### **Short Term Employee Benefits**

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

## **h) Leases**

### **Operating Lease**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement Profit & Loss on a straight-line basis over the lease term.

## **i) Revenue Recognition:**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

### **(i) Sale of products:**

Revenue from sale of products is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. The Company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from gross revenue. Excise duty deducted from gross revenue is the amount that is included in the revenue and not the entire amount of liability arising during the year.

### **(ii) Development Charges:**

Development charges are earned over the time period of the development activity and are

recognized on the basis of each mile-stones identified in the agreement

## **j) Other Income**

- i. Interest Income: Interest Income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.
- ii. Dividend Income: Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

## **k) Foreign Currency Transactions:**

### **Initial Recognition**

Foreign Currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency on the date of the Transaction.

### **Conversion**

Foreign currency monetary Items are reinstated using the exchange rate prevailing on the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

### **Exchange Differences**

The exchange difference arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in the previous financial statements, are recognized as income or as expense for revenue items.

Exchange differences arising on a monetary item that, in substance, forms part of the Company's net investment in a non-integral foreign operation is accumulated in the foreign currency translation reserve in the financial statements until the disposal of the net investment, at which time they are recognised as income or as expenses.

Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.

## **l) Borrowing Costs**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its

intended use. All other borrowing costs are charged to Profit and Loss account. Further, interest earned out of borrowed funds from temporary investments is reduced from the borrowing cost.

**m) Derivative Instruments:**

The Company uses derivative financial instrument such as Interest Rate Swap to hedge its risk associated with Interest rate on External Commercial Borrowings. The difference between the forward rate and the exchange rate at the time of settlement is recognized as expense over the life of the contract.

**n) Taxes on Income:**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflect the impact of current period timing differences between taxable income and accounting income for the period. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available against which such deferred tax assets can be realized.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss account as current tax. The Company recognizes MAT credit available as an asset to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss account and shown as "MAT Credit Entitlement".

**o) Provisions, Contingent Liabilities and Contingent Assets**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statement.

## Significant Accounting Policies on Consolidated Accounts

### 1. SIGNIFICANT ACCOUNTING POLICIES

#### a) Basis of Preparation

The consolidated financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provision of the Companies Act, 2013.

#### b) Use of Estimates

The preparation of financial statements requires the management of the Group to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the year. Examples of such estimates include provision for doubtful debts, employee benefit plans, provision for income taxes, accounting of depreciation on fixed assets and provision for impairments.

#### c) Principles of Consolidation

The consolidated financial statements relate to Shilpa Medicare Limited ('the Company'), and its subsidiaries, Associates and joint ventures ('the Group'). The Consolidated financial statements have been prepared on the following basis:

1. The financial statements of the Company and its subsidiary companies are combined on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements".
2. Interest in joint ventures has been accounted by using the proportionate consolidation method as per Accounting Standard (AS) - 27 - "Financial Reporting of Interest in Joint Ventures". 3. In case of foreign subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.
4. Minority interest in the net assets of consolidated subsidiary consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by them and further movements in their share in the Profit / (Loss) thereon.
5. The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
6. Minority Interest's share of net (profit)/losses of "Group" for the year is identified proportionately on the basis of their respective holdings and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
7. Minority Interest's share of net assets of Consolidated Company is identified and presented in the consolidated balance sheet separate from liabilities and equity of the Company's share holders.
8. Investment in Associate Companies has been accounted under the equity method as per Accounting Standard (AS) 23 - "Accounting for Investments in Associate in Consolidated Financial Statements"
9. The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's separate financial statements except otherwise stated elsewhere in this schedule.
