“CHAIRMAN’S MESSAGE”

Dear Shareholders,

I was delighted to be appointed as the Chairman of your Company in September, 2017. It gives me great pleasure and immense pride in placing before you the 25th Annual Report of your Company for the financial year 2017-18.

According to Central Statistics Office (CSO), the Indian economy posted a growth rate of 7.7% during Q4 – January – March 2018, enabling the country to retain its position as the fastest growing major economy. India has positioned itself as the most dynamic emerging economy among the largest countries and is expected to remain the fastest growing on the back of robust private consumption and noteworthy domestic reforms gradually being implemented by the Government. During the year under review, RBI made the various amendments to the regulatory framework for NBFCs. Your Company is keeping a consistent monitoring of all these developments and is continuously exploring new opportunities. The domestic challenges are not insurmountable. The overall business environment today is much better than what it was during the last few years. Your Company has been aggressively taking up the cause of the sector by way of regular interaction with the regulators and the Governments, both at the Centre and the States.

Indian businesses have successfully coped with numerous policy-led realignments and the financial services sector has been witnessing regulatory led credit quality changes which will enable a secured future for the market. Compared to the global scenario, the India story remains buoyant and holds significant

potential. We are committed to further strengthening our capabilities that allow us to serve various financial needs of our customers.

At the heart of everything we do, we try to deliver excellent service, making customers connected with us, feel recognised, respected and valued with each interaction. Over more than two decades of rich knowledge enables us to develop products and services according to the specific needs of our customers across various locations. Our continued focus on stringent credit norms has helped us in maintaining asset quality over the years. Quality and Profitability has been the underlying philosophy that has guided your Company over the years and shall continue to do so in the future as well. As always, preservation of asset quality will remain a key imperative.

We are constantly building on our existing strengths, while at the same time envisaging our business priorities to reach new horizons of growth and opportunities and also re-assured stability and soundness in terms of overall business performance by achieving profit before tax of ₹ 1,647.21 lakhs for the financial year ended 31st March, 2018

Your directors are pleased to recommend a final dividend of ₹ 0.05/-per equity share (i.e, 1% on the face value of ₹ 5/-each) for the financial year ended March 31, 2018, out of the profits of the Company for the financial year ended March 31, 2018, on the paid up capital of ₹ 9,511.92 Lakhs, if approved by the shareholders will be recognised as a liability during the financial year 2018-19.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Compared to the global scenario, the India story remains buoyant and holds significant potential. Firm government reforms, businesses adjusting to transformational policy changes like demonetisation, GST, RERA, etc. and increased spending on welfare and infrastructure needs gels well with the revival of India’s growth theme. In FY 2017-18, India grew by 6.7 percent and the IMF growth forecast is 7.4 percent for FY 2018-19 and 7.8 percent in FY 2019-20. India has positioned itself as the most dynamic emerging economy among the largest countries and is expected to remain the fastest growing on the back of robust private consumption and noteworthy domestic reforms gradually being implemented by the Government.

The Economic Survey 2017-18 has highlighted that NBFCs bring in diversity and efficiency to the financial sector and makes it more responsive to the needs of the customers. The flow of non-bank resources to the corporate sector, which includes bond market borrowing and lending by NBFCs has increased by 43 per cent from April to December, 2017 substituting in part for weak bank credit. During the year under review, RBI made the various amendments to the regulatory framework for NBFCs. Your Company is keeping a consistent monitoring of all these developments and is continuously exploring new opportunities. The domestic challenges are not insurmountable. NBFCs continue to be an integral part of the country’s financial service ecosystem. The expected reforms and drive towards various core sectors will provide more opportunities to the NBFCs to create significant financial inclusion and employment opportunities across the country. In line with the government’s vision to achieve inclusive growth, the next key step is to include the unbanked population in the formal financial system. This will empower them and result in a significant increase in the average per capita income. Government policies, combined with the financial services industry’s efforts to look for growth, will augment financial inclusion.

Annexure – B to the Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Golden Goenka Fincorp Limited (“the Company”) as of 31st March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Annexure – B to the Auditors' Report (Contd.)

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies and Notes to Financial Statements

1 Significant Accounting Policies

1.1 Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards ('AS') specified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act as applicable. Further, the Company follows the guidelines issued by the Reserve Bank of India ('RBI') as applicable to a Non-Banking Financial (Non-Deposit Accepting or Holding) Company ('NBFC'). The financial statements have been prepared under the historical cost convention, on accrual basis. The accounting policies applied by the Company are consistent with those applied in the previous year except as otherwise stated elsewhere.

1.2 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions which are considered to arrive at the reported amounts of assets and liabilities and disclosure of contingent liabilities as on the date of the financial statements and the reported income and expenses during the reporting year. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates. The difference between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Any revision to the accounting estimates are recognised prospectively in the current and future years.

1.3 Fixed Assets, Depreciation/Amortisation and Impairment

a) Fixed Assets

Tangible Fixed Assets are carried at cost less accumulated depreciation/amortisation and impairment losses, if any. Cost comprises of the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets, which takes substantial period of time to get ready for their intended use, are also capitalised to the extent they relate to the period till such assets are ready to put to use.

b) Depreciation/Amortisation

Depreciation/Amortization is provided under straight line method at the rates determined based on the useful lives of the respective assets and residual values in accordance with Schedule II of the Companies Act, 2013.

Fixed Asset costing upto ₹ 5,000/- are depreciated fully over a period of 12 months from the date of purchase.

c) Impairment

The carrying amount of assets is reviewed at each Balance Sheet date to determine if there is any indication of impairment, based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

1.4 Investments

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments in accordance with the RBI guidelines and Accounting Standard 13 on 'Accounting for Investments' as notified under the Companies (Accounting Standards) Rules, 2006. Current investments also include current maturities of long-term investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and market price determined category-wise. All non-current investments including investments in Subsidiary Companies are carried at cost. However, provision for diminution in value, other than temporary in nature, is made to recognise a decline, on an individual basis.

Cost is arrived at on weighted average method for the purpose of valuation of investment.

1.5 Stock for Trade

Stock for Trade is carried at lower of cost and market price, determined category-wise.

Significant Accounting Policies and Notes to Financial Statements (Contd.)

1.6 Loan Assets

Loan Assets include loans advanced by the Company, secured by collateral offered by the customers, if applicable.

Loan assets are carried at net amount including installments fallen due and are net of unmatured / unearned finance charges, amounts received, assets not paid for, etc.

1.7 Provisioning / Write-off of Assets

The Company makes provision for Standard and Non-Performing Assets as per the Non-Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015, as amended from time to time. The Company also makes additional provision towards loan assets, to the extent considered necessary, based on the management's best estimate. Provision for other financial services is also made on similar basis.

1.8 Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured:

- a) Revenue from sale of Stock for Trade (shares/securities, commodities and mutual fund) is recognised when a binding obligation has been entered into.
- b) Interest Income from Loan assets is recognised in the Statement of Profit and Loss on accrual basis as per the terms and conditions of the loan agreement, except in the case of non-performing assets where it is recognised upon realisation, as per the Prudential Norms / Directions of the Reserve Bank of India, applicable to NBFCs. Penal interest is recognized upon realization.
- c) Profit/loss from derivative instruments (futures and options) are recognised on a marked to market basis.
- d) Dividend income is recognised when the right to receive the dividend is established.
- e) Profit or Loss on sale of investments is recognised when a binding obligation has been entered into.
- f) Interest is recognised using the time proportion basis taking into account the amount outstanding and the interest rate applicable.
- g) All other income is accounted for on accrual basis.

1.9 Prior Period and Extra Ordinary Items

Prior Period and Extra Ordinary items having material impact on the financial affairs of the Company are disclosed separately.

1.10 Retirement and other Employee Benefits

- a) Gratuity
Liability for gratuity, which is a defined benefit scheme, is provided for based on an actuarial valuation carried out as at the balance sheet date. The Company has taken a policy administered by Life Insurance Corporation of India. Actuarial gains/losses are charged to the Statement of Profit and Loss and are not deferred.
- b) Compensated Absences
Short term compensated expenses are charged to the Statement of Profit and Loss in the year in which the related service is rendered.
- c) Provident Fund and Employee State Insurance
The provision of Employees' Provident Fund (under the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952) and Employee State Insurance is not applicable to the Company as the number of employees were less than 20 during the year and at year end.

1.11 Borrowing Costs

Borrowing costs relating to the acquisition / construction of qualifying assets are capitalised until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

The ancillary costs incurred in connection with the arrangement of borrowings are amortised over the life of underlying borrowings. Premium payable on redemption of debentures is amortised over the tenure of the debentures. These form part of the borrowing costs.

Significant Accounting Policies and Notes to Financial Statements (Contd.)

Borrowing costs also include exchange differences arising from Foreign currency borrowings, to the extent they are regarded as an adjustment to the borrowing costs.

All other costs related to borrowings are recognised as expense in the period in which they are incurred.

1.12 Segment reporting

Based on the risks and returns associated with business operations and in terms of Accounting Standard-17 (Segment Reporting), the Company is predominantly engaged in a single reportable segment of 'Financing and Related Services'.

1.13 Leases

Leases, where the lessor effectively retains substantially all the risks and rewards of ownership of the leased asset, are classified as operating leases. Operating lease payments are recognised on a straight-line basis over the lease term.

1.14 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the net profit or loss for the year, attributable to equity shareholders, by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted EPS, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.15 Cash and Cash Equivalents

Cash and Cash Equivalents in the Cash Flow Statement comprise of cash on hand and at bank, demand deposits with banks, cheques on hand, remittances in transit and short term highly liquid investments with an original maturity of three months or less.

1.16 Taxes on Income

Tax expense comprises of current tax [(net of Minimum Alternate Tax (MAT) credit entitlement)] and deferred tax.

Current tax is the amount of tax payable on the taxable income for the year determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by The Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

1.17 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the company has a present obligation as a result of past event and it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognised but are disclosed in the notes to financial statements. Contingent Assets are neither recognised nor disclosed in the financial statements.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies and an associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure to the Independent Auditors' Report on Consolidated Financial Statements (contd.)

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies and an associate, which are companies incorporated in India, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 6 (six) subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Significant Accounting Policies and Notes to the Consolidated

1. Significant Accounting Policies

1.1 Basis of Preparation of Consolidated Financial Statements

The consolidated financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards ('AS') specified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act as applicable. Further, the Company follows the guidelines issued by the Reserve Bank of India ('RBI') as applicable to a Non-Banking Financial (Non-Deposit Accepting or Holding) Company ('NBFC'). The financial statements have been prepared under the historical cost convention, on accrual basis. The accounting policies applied by the Company are consistent with those applied in the previous year except as otherwise stated elsewhere.

1.2 Use of estimates

The preparation of consolidated financial statements requires the management to make estimates and assumptions which are considered to arrive at the reported amounts of assets and liabilities and disclosure of contingent liabilities as on the date of the financial statements and the reported income and expenses during the reporting year. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates. The difference between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Any revision to the accounting estimates are recognised prospectively in the current and future years.

1.3 Principles of Consolidation

Golden Goenka Fincorp Limited (the Holding Company, hereinafter referred to as "the Company"), its subsidiaries and associate are collectively referred to as 'the Group'. The Consolidated Financial Statements of the Group have been prepared in accordance with Accounting Standard 21 (AS-21) "Consolidated Financial Statements" and Accounting Standard 23 (AS-23) "Accounting for Investments in Associates in Consolidated Financial Statements" notified by the Central Government under the Companies (Accounting Standards) Rules, 2006. The consolidated financial statements have been prepared on the following basis:

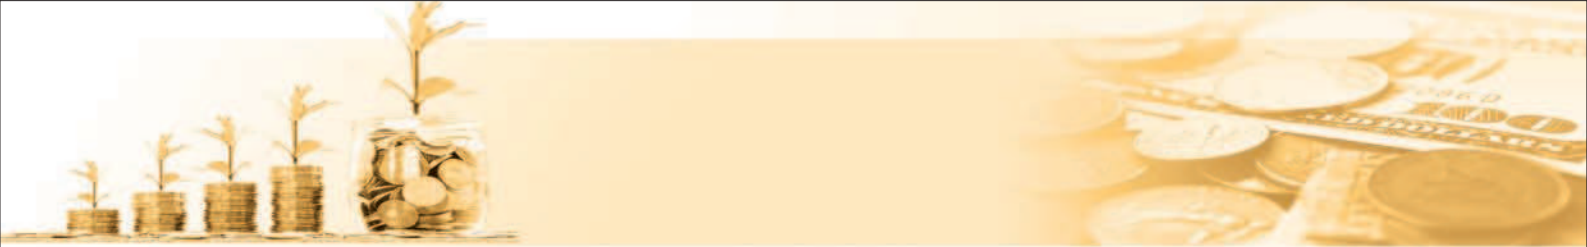

- a) The financial statements of the Holding Company and its subsidiary companies have been combined on line by line basis by adding together the book value of like items of Assets, Liabilities, Income and Expenses after eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses.
- b) Uniform accounting policies for like transactions and other events in similar circumstances have been adopted and presented, to the extent possible, in the same manner as the Holding Company's separate financial statements.
- c) The excess of cost of the Holding Company of its investment in the subsidiary over the Holding Company's portion of equity of the subsidiary as at the date of investment is recognised in the consolidated financial statements as Goodwill. It is tested for impairment on a periodic basis and written-off if found impaired.
- d) The excess of Holding Company's portion of equity of the Subsidiary, over cost as at the date of investment, is treated as Capital Reserve.
- e) Investment in associate is accounted using the equity method and disclosed separately in the Consolidated Balance Sheet.

1.4 Fixed Assets, Depreciation/Amortisation and Impairment

a) Fixed Assets

Tangible Fixed Assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. Cost comprises of the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets, which take substantial period of time to get ready for their intended use, are also capitalised to the extent they relate to the period till such assets are ready to put to use.

Intangible Assets comprising of computer software and licenses expected to provide future enduring economic benefits are carried at cost less accumulated amortisation and impairment losses, if any. Significant Accounting Policies and Notes to the Consolidated Financial Statements (Contd.)

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

1.5 Investments

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments in accordance with the RBI guidelines and Accounting Standard 13 on 'Accounting for Investments' as notified under the Companies (Accounting Standards) Rules, 2006. Current investments also include current maturities of long-term investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and market price determined category-wise. All non-current investments including investments in Subsidiary Companies are carried at cost. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

The ancillary costs incurred in connection with the arrangement of borrowings are amortised over the life of underlying borrowings. Premium payable on redemption of debentures is amortised over the tenure of the debentures. These form part of the borrowing costs.

Borrowing costs also include exchange differences arising from Foreign currency borrowings, to the extent they are regarded as an adjustment to the borrowing costs.

All other costs related to borrowings are recognised as expense in the period in which they are incurred.

Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment assets and segment liabilities represent assets and liabilities in respective segments. Fixed assets used in the Group's business have not been identified to any of the reportable segments, as the fixed assets are used interchangeably between segments.

1.14 Leases

Leases, where the lessor effectively retains substantially all the risks and rewards of ownership of the leased asset, are classified as operating leases. Operating lease payments are recognised on a straight-line basis over the lease term.

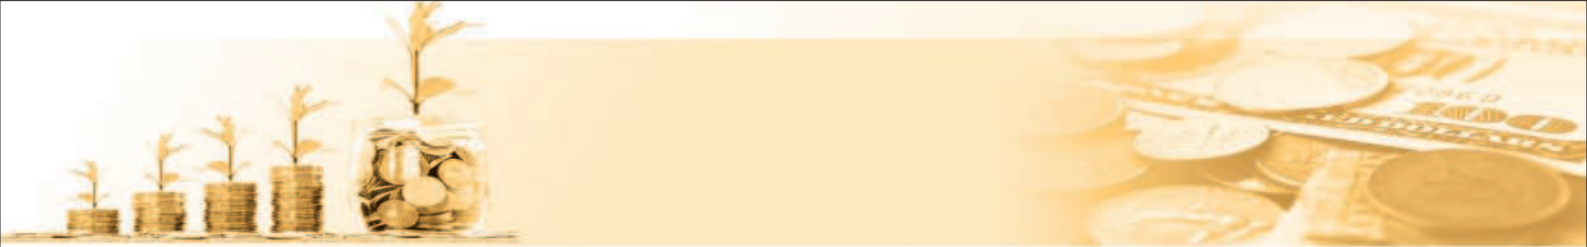

1.15 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted EPS, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.16 Cash and Cash Equivalents

Cash and cash equivalents in the Cash Flow Statement comprises of cash on hand, cash at bank, demand deposits with banks, cheques on hand, remittances in transit and short-term highly liquid investments with an original maturity of three months or less.

Significant Accounting Policies and Notes to the Consolidated Financial Statements (Contd.)

1.17 Taxes on Income

Tax expense comprises of current tax [(net of Minimum Alternate Tax (MAT) credit entitlement)] and deferred tax.

Current tax is the amount of tax payable on the taxable income for the year determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by The Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

1.18 Provision, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognised but are disclosed in the notes to financial statements. Contingent Assets are neither recognised nor disclosed in the consolidated financial statements.
