

6th September 2025

To, The Manager Department of Corporate Services **BSE Limited** Phiroze Jeejeebhoy Towers, Dalal Street, Fort, Mumbai- 400 001 Scrip Code: 530627

Dear Sir/Madam,

Sub: Submission of copy of the Annual Report for the Financial Year 2024-25 along with the Notice of 53nd Annual General Meeting of Vipul Organics Limited, pursuant to the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Pursuant to the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we submit herewith the notice of 53rd Annual General Meeting of the Company along with the copy of Annual Report for the financial year 2024-25.

The 52nd Annual General Meeting of the Company will be held on Tuesday, 30th September, 2025 at 3.30 p.m. (IST) through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM"), without physical presence of the Members at a common venue in terms of the applicable provisions of the Companies Act, 2013 and MCA General Circular No. 10/2022 dated 28th December, 2022 read with General Circular Nos. 14/2020 dated 8th April, 2020, 17/2020 dated 13th April, 2020, 20/2020 dated 5th May, 2020 and 02/2022 dated 5th May, 2022 issued by the Ministry of Corporate Affairs.

The same is being dispatched to the shareholders of the Company by the permitted mode(s).

The same is also available on the website of the Company viz. www.vipulorganics.com and on the website of CDSL viz. www.evotingindia.com

Kindly take the above on your record.

Thanking You,

Yours faithfully,

For Vipul Organics Limited

EVERY COLOUR TELLS A STORY.

At Vipul Organics, ours is painted in bold pigments of progress and enriched with enduring shades of sustainability.

In Sayakha, the brushstroke of progress takes form, a greenfield facility rising with scale, speed and global intent.

And as one colour ascends, another deepens: the shade of sustainability, where our leap into membrane technology safeguards resources and equips industries to flourish responsibly.

Together, these colours blend into a canvas that celebrates our century-old craft of chemistry with a future-facing vision — vibrant, resilient and sustainable.

This is more than growth. This is Vipul Organics colouring tomorrow.

VIPUL ORGANICS LIMITED Annual Report **2024-25**

PIGMENTS OF Proposition

In a landscape where stagnation signals decline, progress becomes not just ambition, but a strategic imperative for relevance, resilience and sustained growth.

It demands bold vision, agile execution and relentless pursuit of impact.

At Vipul Organics, we had the option to pursue incremental capacity expansion. Instead, we made a deliberate decision to invest in a transformative growth initiative.

We are establishing a state-of-the-art greenfield manufacturing facility in Sayakha, located within Gujarat's premier chemical hub. This facility will serve as a cornerstone asset for Vipul Organics, positioning the company among the world's leading producers of dyes, pigments and pigment intermediates.

Strategically situated along the Delhi-Mumbai Industrial Corridor and adjacent to the proposed Dedicated Freight Corridor (DFC), the site offers exceptional multimodal connectivity. With direct access to robust road and rail infrastructure and proximity to Dahej Port, an important node on global maritime trade routes, the facility is optimally placed to serve both domestic and international markets.

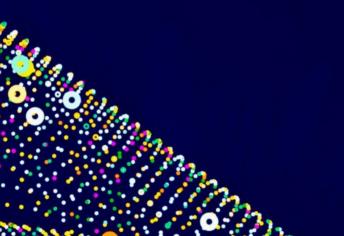

This investment will significantly enhance our manufacturing capabilities, drive operational efficiencies and reinforce our commitment to delivering high-quality solutions at scale.

We are optimistic about commencing the Phase 1 production of pigment powder during Q3 of FY 2025-26

Vipul Organics successfully executed the initial phase of its first commercial order for a newly developed organic intermediate tailored for the automobile industry. The inaugural export shipment for this long-term order was dispatched within just two months of receiving the order, underscoring our manufacturing agility and execution excellence.

This breakthrough product represents an entirely new category, developed through our advanced R&D capabilities. It reflects our commitment to delivering cutting-edge chemical solutions with speed, precision and global relevance.

While sustainability echoes across boardrooms in India Inc., few companies are truly driving impactful change.

Vipul Organics stands apart.

It is going beyond simply embedding environmental stewardship into its own operations. Actively enabling others to accelerate their own sustainability journeys through innovative solutions and strategic collaboration.

Our bold leap into membrane technology marks a new chapter in our journey.

Membrane technology plays a crucial role in water and wastewater treatment, food and beverage processing, pharmaceutical production and industrial filtration. With global attention shifting toward cleaner water access, sustainability and resource recovery, membranes are emerging as essential components of industrial infrastructure.

With a dedicated unit in Sayakha, Gujarat, Vipul is entering the niche of advanced water and wastewater treatment solutions that support industrial circularity. This will be an independent unit focused entirely on membrane development and production, with advanced R&D, engineering and manufacturing functions. This facility will produce membrane solutions tailored for both Indian and international markets.

By fusing specialty chemical expertise with scalable innovation, we aim to catalyse a cleaner, more resource-efficient ecosystem. Every step forward deepens our commitment to vibrant Shades of Sustainability.

WE ARE LOOKING AT AN APPRECIABLY LARGE OPPORTUNITY

GLOBAL

According to the data from Fortune Business *Insights, the global water* and wastewater treatment market was valued at US\$323.32 billion in 2023 and is projected to reach US\$617.81 billion by 2032, growing at a CAGR of 7.5%.

INDIA

According to Market Research Future, the Indian water treatment market size was valued at US\$2.30 billion in 2024. The water treatment industry is projected to grow from US\$2.54 billion in 2025 to US\$6.3 billion *by 2034, exhibiting a 10.60%* CAGR during the forecast period (2025-2034).

MANAGING DIRECTOR'S STATEMENT

"As we enter FY26, Vipul Organics stands at a pivotal inflection point. We are not simply scaling operations, we are shaping a future-ready enterprise built on sustainability, innovation and global reach."

Dear Shareholders

With confidence and clarity of purpose, I am pleased to share the progress Vipul Organics has achieved over the past year. Demonstrating resilience and strategic foresight, the company continued to strengthen its position as a trusted global partner in the pigments and dyes industry.

The macroeconomic environment improved meaningfully, with easing inflation and supportive monetary policies fostering recovery. Global trade rebounded, led by emerging markets. India remained a standout, recording 6.5% GDP growth in FY25, underpinned by robust consumption, expanding manufacturing and services and policy-driven momentum. Softer inflation and accommodative measures further boosted liquidity and investment sentiment.

Financial Performance

Against an improving macroeconomic backdrop, Vipul Organics delivered steady topline growth, reflecting operational resilience and strategic execution. Revenue from operations rose 8.6% year-on-year to ₹163 crore in FY25. EBITDA increased to ₹13 crore, with margins expanding from 8.0% to 9.2%, driven by disciplined cost management and enhanced efficiency.

Net profit grew 33% to ₹4.5 crore, supported by stronger operating leverage. The Company maintained a robust balance sheet with a debt-equity ratio of 0.71

and achieved a ROCE of 8.48% as of March 31, 2025.

These results underscore Vipul Organics' ability to sustain earnings growth while executing major capex at Sayakha and Ambernath. With both projects nearing completion, the Company is well-positioned for an accelerated financial trajectory.

Capacity expansion

We are pleased to announce the completion of our new manufacturing facility at Ambernath, Maharashtra, spanning 27,000 square feet. Executed at a capital outlay of ₹13 crore, the project was funded through a balanced mix of promoter equity and internal accruals. This strategic expansion significantly enhances our pigment preparation capacity, positioning us to meet rising demand across domestic and global markets with greater agility.

New greenfield facility

We have made strong headway in establishing our greenfield facility at Sayakha, Gujarat, a state-of-theart hub for pigments, intermediates and high-performance colours, built with integrated backward and forward capabilities. Civil work is 60% completed, with Phase I on track for August 2025. Pigment powder production is slated to begin in Q3 FY26. This expansion will substantially scale our manufacturing capacity, positioning Vipul Organics among the largest pigment producers outside China and enhancing our ability to meet rising global demand with speed and precision.

Strengthening our global presence

To enhance global customer proximity, we have established a sales office in the United States, the largest market for dyes and pigments. This strategic presence strengthens client engagement, accelerates response times and deepens our understanding of evolving industry trends.

In parallel, we continue to invest in R&D, empowering our teams to

develop high-performance, ecofriendly solutions. Our innovation pipeline is increasingly focused on emerging sectors such as cosmetics, food-grade colourants and sustainable packaging, where demand for certified, compliant products is expanding rapidly.

Entering a niche space

We are pleased to announce our strategic entry into membrane manufacturing, with a dedicated production unit being established at our greenfield facility in Sayakha, Gujarat.

This expansion marks a natural evolution of our commitment to sustainable, future-ready solutions. Leveraging our core expertise in specialty chemicals and zero-liquid discharge technologies, we view membrane technology as a critical enabler of industrial circularity and water stewardship.

This move strengthens our technology portfolio, mitigates business risk and positions us to meet the rising demand for advanced, sustainable solutions across industries.

Industry Opportunity

The global dyes and pigments industry is poised for robust growth, with market size projected to exceed US\$87.99 billion by 2037. Structural demand across various industries, including textiles, paints, plastics, coatings, packaging, automotive, cosmetics and food, continues to drive expansion.

In India, the sector is gaining momentum, fuelled by rising textile consumption, a real estate-led surge in paints and coatings, increased demand in plastics and packaging and a growing shift toward ecofriendly colourants.

Vipul Organics is well-positioned to leverage these opportunities. With a diversified portfolio, ongoing capacity expansions and strong sustainability credentials, the company is aligned to meet evolving market needs across key sectors, including textiles, packaging, paints and automotive.

Sectoral transition

The industry is undergoing a pivotal shift as sustainability becomes integral to consumer and corporate priorities. Demand for environmentally compliant products is increasing across various sectors, with certified eco-friendly pigments and dyes gaining popularity.

Vipul Organics is well-positioned to lead this transition. Our OEKO-TEX ECO PASSPORT-certified SunPrint and SunActive ranges enable partnerships with globally recognised sustainable textile and garment manufacturers. This portfolio also unlocks growth in adjacent segments such as cosmetics and food-grade applications, where safety, regulatory compliance and environmental stewardship are

Looking ahead with optimism

As we enter FY26, Vipul Organics stands at a pivotal inflection point. We are not simply scaling operations, we are shaping a future-ready enterprise built on sustainability, innovation and global reach.

Our evolution from a modest venture to a leading specialty chemicals manufacturer has been driven by the trust of our shareholders, the commitment of our employees and the loyalty of our customers. With their continued support, we are confident in achieving new milestones, reinforcing our global leadership in pigments and dyes and delivering lasting value to all stakeholders.

We extend our sincere gratitude to all who have been part of this journey. Together, we will continue to advance growth, innovation and sustainable progress.

Warm regards,

Vipul ShahManaging Director

We are actively pursuing forward and backward integration to build a robust value chain. We have expanded our global footprint by exporting to over 45 countries and establishing world-class manufacturing facilities. Our operational facilities span a sprawling area of 450,000 square feet, equipped to meet international standards in quality and scale.

We are driven by the belief that colour enriches life and we strive to make every individual's world more vibrant through our wide palette of solutions.

Make each individual's life on the planet colourful with our wide palette of colours.

MISSION

To develop and nurture longlasting business relationships with our customers by increasing the ambit and application of our colours, providing the best quality and cost-effective colouring solutions that meet the changing needs of our global clients.

We operate advanced manufacturing facilities that are purpose-built to meet the dynamic and diverse needs of our global customer base. Our commitment to innovation, R&D, sustainability and international compliance sets us apart in the chemical and pigment industry.

With strategically segmented product portfolios across our three manufacturing sites, we've designed our operations for maximum flexibility. Each facility is capable of producing products from other locations, allowing us to mitigate risks effectively and ensure seamless supply continuity, reinforcing our promise of reliability and excellence across markets.

This site houses three dedicated manufacturing units specialising in the production of Ortho Dianisidine (Di HCI), OT Base, 5COT (Red TR), Fast Bases, Vat Dyes and a range of Pigment Intermediates. Notably, we are proud to be recognised as the world's largest producer of Ortho Dianisidine (Blue B Base), reinforcing our leadership and scale in high-performance chemical synthesis.

This facility is dedicated to producing highperformance Pigment Powders and Water-Based Pigment Dispersions, serving a broad spectrum of industrial applications. With a focus on consistency, versatility and compliance, we deliver solutions that meet the evolving demands of global markets across coatings, plastics, textiles and beyond.

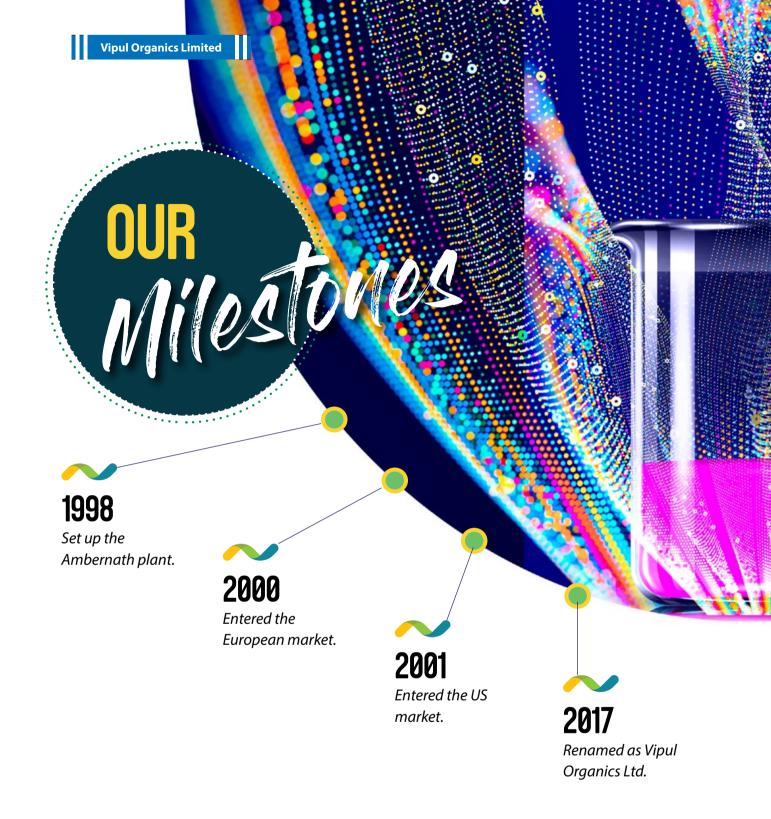

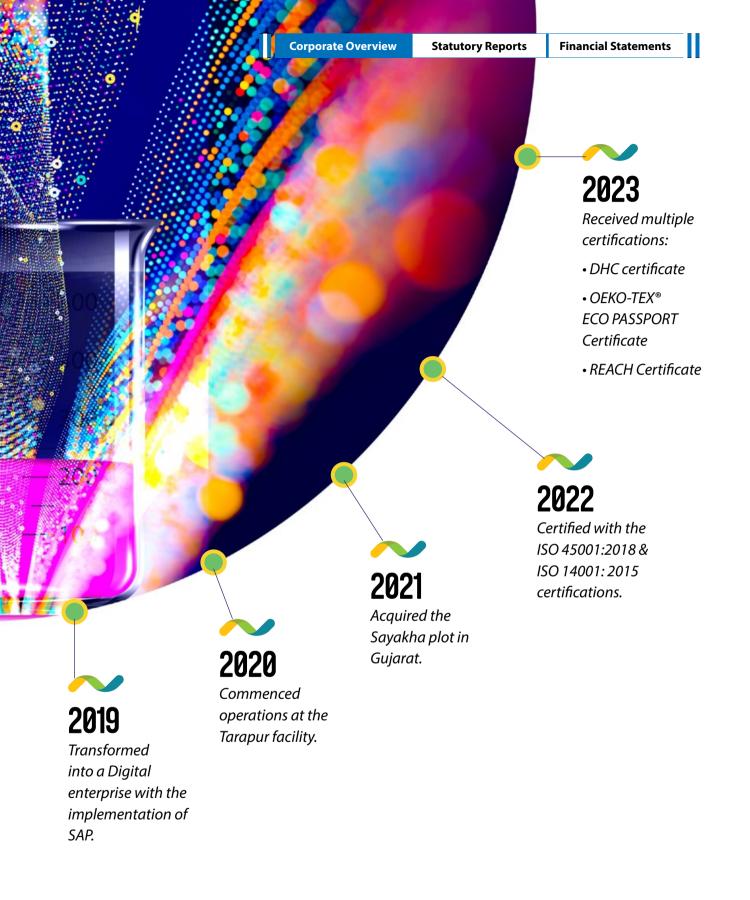

Leveraging advanced technology, this unit specialises in the production of Naphthols, Pigment Powders, Pigment Dispersions, Reactive Dyes, Acid Dyes and Direct Dyes. Our integrated capabilities ensure precision, consistency and scalability, enabling us to meet diverse industry requirements while maintaining the highest standards of quality and compliance.

Vipul Organics announced that construction at its greenfield facility in Sayakha, Gujarat, is progressing rapidly, with Phase 1 production of pigment powder expected to begin in Q3 of FY 2025-26. The plant has received all key regulatory approvals.

Our resilient and globally approved infrastructure and capabilities make us a reliable partner for largescale collaborations.

PRESENCE

We are rapidly growing our international network to reach and serve clients across geographies.

Our competitive advantage stems from our ability to seamlessly integrate diverse capabilities to deliver customised solutions across the chemical industry and adjacent sectors. By harnessing the synergies of interconnected chemistry, we are evolving into a deeply customercentric, solution-driven organisation. This transformation empowers us to respond to complex and varied client requirements with agility, innovation and precision, reinforcing our commitment to excellence, adaptability and long-term value creation.

Our product portfolio includes Pigment Powders, Pigment Dispersions, Textile Dyes, Paper Dyes, Leather Dyes, Naphthols, Fast Colour Bases, Fast Colour Salts and Dye Intermediates. We cater to a wide range of industries such as paints, plastics, textiles, printing inks, cosmetics, the food industry and paper, serving clients both in India and across global markets. With a strong domestic foundation, we have built a robust international presence, exporting to over 50 countries worldwide.

OUR COLLECTION OF BRANDS

SunTone®

Our flagship brand specialises in a wide range of pigment powders used across diverse applications such as coatings, plastics, printing inks and more.

SunCoat[®]

This series is a meticulously engineered collection of pigment dispersions tailored for paint and coating applications. Our dispersions, emulsions and pastes are completely free from VOCs, alkyl/nonyl phenol ethoxylates and formaldehyde, meeting the highest global safety and environmental standards.

SunPrint®

This range features thoughtfully developed, eco-friendly pigment dispersions for textile printing. Our SunPrint series complies with OEKO-TEX® ECO PASSPORT and meets ZDHC Level 3 requirements, ensuring compatibility with leading sustainability standards such as GOTS, Bluesign® and INDITEX.

SunPulp®

This newly launched product range offers an advanced line of pigment dispersions specifically designed for the pulp and paper industry.

SunThol®

It features a high-quality range of naphthols used in textile dyeing and pigment production.

SunActive®

These premium reactive dyes are expertly crafted for textile dyeing and printing, ensuring exceptional colour quality and performance.

India's dyes and pigments sector is experiencing robust expansion, underpinned by favourable global trade dynamics, strong domestic consumption and an accelerating shift toward sustainable solutions. The country's enhanced competitiveness in textile exports is driving increased demand for premium-grade textile dyes, while rapid growth in the real estate sector is fuelling the uptake of high-performance, environmentally friendly pigments for paints and coatings.

Heightened environmental awareness and evolving regulatory frameworks are catalysing a transition toward biodegradable and non-toxic colourants, particularly in packaging and plastic applications. These structural shifts are further reinforced by progressive government policies and targeted initiatives that incentivise cleaner, more sustainable manufacturing practices across the value chain.

TEXTILE EXPORT MOMENTUM

India's position in global textile exports is gaining momentum, propelled by evolving trade dynamics and U.S. import tariffs on key competitors such as China, Vietnam and Bangladesh. This shift is catalysing greater international demand for high-quality textile dyes, reinforcing India's market share and serving as a key growth driver for the domestic dyes and pigments industry.

BOOM IN PAINTS & COATINGS

India's rapidly expanding real estate sector is driving significant demand for vibrant, durable and low-VOC pigments across both decorative and industrial coatings. In H1 2024, residential sales surged to an 11-year high, with 681,138 units sold across 60 cities, marking a 23% year-on-year increase. This growth spans the full spectrum of housing, from premium developments to affordable segments, underscoring broad-based market momentum.

Looking ahead, the sector is projected to reach a valuation of US\$5.8 trillion by 2047, accounting for approximately 15.5% of the national GDP. This trajectory firmly positions real estate as a strategic growth engine for India's pigments industry, with sustained demand expected across construction, infrastructure and urban development initiatives.

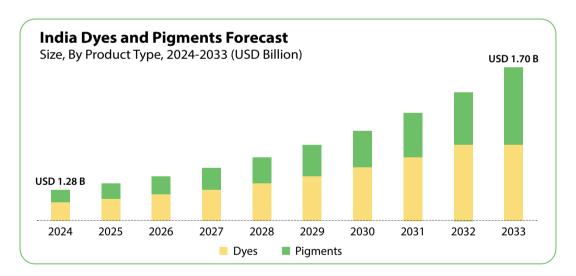

RISE OF ECO-FRIENDLY SOLUTIONS

Rising environmental consciousness and tightening regulatory standards are accelerating the industrywide transition toward biodegradable and nontoxic dyes. The global natural dye market, valued at US\$250 million in 2022, is poised to double as manufacturers intensify investments in green chemistry and sustainable formulations.

This momentum is further reinforced by the growing demand for eco-compliant pigments in plastics and packaging, particularly across the FMCG, pharmaceutical and e-commerce sectors, where colourants play a critical role in ensuring product safety, brand differentiation and longterm durability. The convergence of sustainability imperatives and functional performance is reshaping the value proposition of India's dyes and pigments industry.

POLICY-LED SUSTAINABILITY PUSH

Government-led initiatives such as the National Action Plan on Climate Change (NAPCC), Green India Mission and Swachh Bharat Abhiyan are playing a pivotal role in accelerating the shift toward sustainable manufacturing practices. These policy frameworks actively promote the adoption of renewable raw materials, cleaner production technologies and enhanced environmental stewardship, laying a robust regulatory foundation for long-term growth in India's organic dyes and pigments segment.

A US\$1 BILLION OPPORTUNITY!

The signing of the India-UK Free Trade Agreement (FTA) is expected to boost India's export sectors, including textiles and footwear, among others. According to industry estimates, the deal is expected to generate additional business of around ₹7,000 crore for the textile and apparel (T&A) industry in India, moving it closer to its 2030 target of US\$100 billion in exports.

Economic growth stabilised in 2024 as inflation eased and monetary policies turned supportive across key markets. Amid shifting trade dynamics, major economies recalibrated strategies to bolster resilience and promote inclusive development. Commodity prices showed mixed trends, with stable levels in H2 driven by ample supply and muted demand. Oil remained under pressure due to weak global consumption and high inventories. Global trade is projected to grow by 3.3%, led by a 5.0% expansion in emerging markets and 2.1% growth in advanced economies.

Outlook

The global economy remains resilient, with output projected to grow by 2.8% in 2025 and 3.0% in 2026. The US sustains strong momentum, while emerging markets show robust potential. Europe's advanced

economies are set for moderate expansion. Headline inflation is forecast at 4.3% in 2025, easing to 3.6% in 2026. Advanced economies are expected to reach the target inflation of 2.1% by 2025. Crude prices are likely to decline, while nonfuel commodities may rise 2.5%, boosting resource-led sectors.

Regional Growth(%)	2025 **	2024	2023
World output	2.8	3.3	3.1
Advanced economies	1.9	1.7	1.69
Emerging and developing economies	4.2	4.2	4.1

^{**} Projected

India, the world's fastest-growing major economy, is expected to maintain its growth momentum in FY 2024–25, albeit at a moderate pace, due to the high base effect. India recorded a GDP growth of 6.5% in FY25, supported by resilient consumer spending, improving rural demand, expansion in services and a growing contribution of high-value manufacturing to exports.

Inflation and Monetary Policy

Inflation eased to 4.6% in FY25 from 5.4% the previous year, driven by softening commodity prices. In response, the MPC cut the repo rate by 50 bps to 6.0%—its first dual-rate reduction in

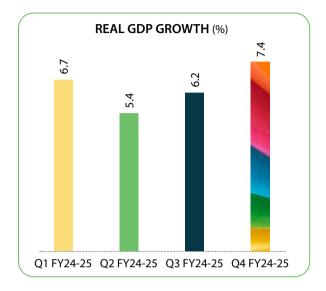

five years. This accommodative stance improved liquidity, lowered borrowing costs and boosted credit flow to productive sectors.

Agricultural, Manufacturing and Industrial Activity

India posted broad-based growth in FY25: agriculture grew 3.8%, industry 6.2% and services 7.2%. The core sector held steady at 4.6%. Manufacturing surged, with PMI reaching 58.1 in March—its highest since July 2024—on strong orders and output. GST collections rose 9.98% to ₹16.75 lakh crore, reflecting robust activity and improved compliance.

External Sector Activity

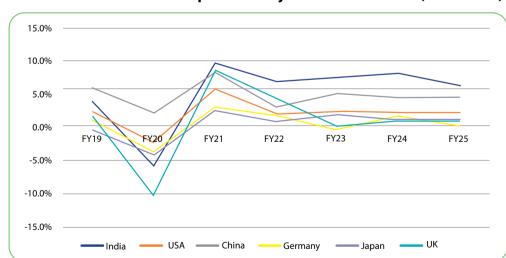

India posted a current account deficit of US\$23.3 billion (0.6% of GDP), moderated by strong net invisible receipts from robust services exports and remittance inflows. Between April and December 2024, services exports surged 11.6%, while overall exports grew 6.0% YoY. Reflecting this resilience, foreign exchange reserves hit a record US\$688.13 billion by April 2025.

Outlook

India's economy is projected to grow at 6.3–6.8% in FY26, moderating from a high base yet remaining among the fastest-growing major economies. External risks, such as global slowdown, geopolitical tensions, U.S. tariffs and trade disruptions, pose headwinds. Domestically, urban demand, food inflation and weak capital formation require close watch. India's trade landscape is evolving, with 13 active FTAs and ongoing negotiations with the EU, ASEAN and new partners across Africa, Latin America and the Arab Gulf to deepen global integration.

GLOBAL DYES AND PIGMENTS MARKET

Dyes and pigments are essential across paints, plastics, textiles and inks. Dyes offer finer dispersion but lower UV stability, while pigments excel in durability and UV resistance. Driven by population growth, industrial demand and e-commerce, the market is projected to grow from US\$44.41 billion in 2024 to US\$46.33 billion in 2025, reaching US\$87.99 billion by 2037, with a compound annual growth rate (CAGR) of 5.4%. Asia Pacific will lead this expansion.

Contribution Towards Textile and Sustainable Packaging

The global apparel market is expected to reach US\$1.84 trillion by 2025, with textiles projected to reach US\$2.05 trillion and grow to US\$4.91 trillion by 2037, at a compound annual growth rate (CAGR) of 7.4%. This expansion is driving demand for dyes and pigments, particularly eco-friendly, biodegradable variants such as organic pigments, which align with shifting consumer preferences and regulatory norms in developed markets. Manufacturers are investing in greener product

lines, while the sustainable packaging market is expected to grow from US\$430.01 billion in 2025 to US\$709.23 billion by 2032, driven by efforts from FMCG and e-commerce companies to reduce waste and emissions.

The Rise of The Automotive Sector

Rising automotive sales are driving demand in the dyes and pigments industry, with manufacturers focusing on high-performance, weather-resistant and aesthetically advanced solutions. Global light vehicle sales reached 84 million units in 2024. It is expected to grow further, reinforcing the sector's role in colourant innovation. Asia Pacific, supported by raw material availability and strong end-use industries and Europe, with its focus on technology and sustainability, remain the key growth hubs for the global dyes and pigments market.

INDIA'S SPECIALTY CHEMICALS AND MEMBRANE TECHNOLOGY LANDSCAPE

Specialty Chemicals: Driving Industrial Growth

Specialty chemicals are highly engineered chemical products, also known as performance chemicals or effect chemicals, designed to provide a specific function or unique benefit to a finished product. Unlike commodity chemicals produced in bulk, specialty chemicals are manufactured in smaller quantities to meet specific customer needs, often requiring extensive research and development and proprietary formulations. They are used in a wide range of industries, including food, cosmetics, pharmaceuticals, agriculture and electronics, to enhance product performance and facilitate specific processes.

The Indian Specialty Chemicals sector, valued at US\$62.78 billion in 2024, is poised to reach US\$95.15 billion by 2030, growing at a CAGR of 8.67%. The specialty chemicals are high-value, low-volume products with applications across agriculture, pharmaceuticals, textiles, automotive and personal care. India's advantages in process engineering, skilled manpower and cost-competitive manufacturing, combined with the global China+1 strategy, have strengthened its position as a preferred sourcing hub. With rising domestic demand, strong export momentum, and steady R&D investments in sustainable solutions, India is poised to play a pivotal role in reshaping the global specialty chemicals supply chain.

Membrane Technology: Enabling Sustainable Growth

The market for membrane separation technology in India is poised for strong growth, driven by rising awareness around wastewater treatment and the need to meet stringent water quality regulations. Membrane separation technology, a process that utilises semi-permeable membranes to separate substances selectively, is becoming increasingly indispensable in water treatment, industrial filtration, and pharmaceutical applications.

The Indian membranes market size reached US\$241.88 million in 2024 and is expected to reach US\$521.01 million by 2033, growing at a CAGR of 8.90% from 2025 to 2033.

Growth is further supported by the rapid expansion of the biopharmaceutical industry, India's position as a major pharmaceutical exporter and the increasing adoption of this technology across various sectors, including food processing, healthcare and industrial applications.

With regulatory frameworks and environmental concerns gaining priority, membrane technology is set to play a crucial role in India's sustainable industrial and economic development. Under the Swachh Bharat Mission (Urban) 2.0, launched in October 2021, nearly US\$1.9 billion has been allocated to States and Union Territories for wastewater management, including new sewage treatment plants (STPs) and faecal sludge treatment plants (FSTPs), further boosting adoption of advanced membrane solutions.

INDIAN DYES AND PIGMENTS MARKET

In 2024, India's dyes and pigments market showed strong resilience, rebounding from global economic headwinds and supply chain disruptions. As a key global manufacturer and exporter, the industry experienced notable volume growth and a recovery in exports following the decline in the prior year. While margin pressures persisted due to raw material volatility, regulatory constraints and global competition, India's self-reliance initiatives and shifting global sourcing patterns supported sustained momentum.

The market reached US\$1.28 billion in 2024 and is projected to grow at a CAGR of 3.26%, reaching US\$1.70 billion by 2033. Growth is driven by robust demand across textiles, plastics, construction and packaging, coupled with the increasing adoption of eco-friendly colourants and supportive government policies that promote domestic manufacturing.

Textile Industry, the core driver

India's textile industry is the largest consumer of dyes and pigments, driven by its global leadership in garment and fabric production. Demand spans a broad range of colourants—reactive, vat, disperse and acid dyes—serving both cotton and synthetic textiles. However, a 50% US import tariff on Indian exports, particularly textiles and chemicals, has raised costs and weakened competitiveness. This poses risks to export volumes. In contrast, the UK-India FTA presents new growth opportunities. The government is actively addressing challenges through export incentives and market diversification strategies.

Paints Industry

The paints and coatings industry in India is experiencing robust growth, with the market projected to increase from US\$9.6 billion in 2024 to US\$15.04 billion by 2029, representing a compound annual growth rate (CAGR) of 9.38%. This surge is closely tied to India's booming real estate sector, driven by rising housing demand, rapid urbanisation and shorter repainting cycles.

Residential sales hit an 11-year high in H1 2024, supported by improved infrastructure and

widespread development beyond tier-1 cities. As more homes and commercial spaces are built and refurbished, the need for vibrant, durable pigments in paints is rapidly increasing, positioning the dyes and pigments industry at the heart of India's urban transformation.

Plastics and Packaging

Driven by FMCG, pharma and e-commerce, India's plastics and packaging sector is a fast-growing consumer of pigments. Colourants, such as masterbatches, plastic dyes and high-performance pigments, play a key role in aesthetics, branding and UV protection.

As demand rises for advanced packaging, flexible, multilayer and biodegradable materials, so does the need for specialty pigments compatible with these materials. Regulatory pressures, particularly for food-grade and pharmaceutical-safe applications, are driving the shift to certified, non-toxic solutions.

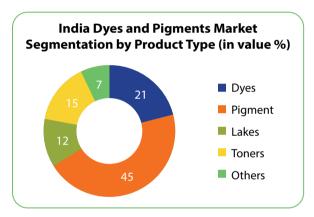

India's biodegradable packaging market reached US\$3.51 billion in 2024 and is projected to grow to US\$5.59 billion by 2033, with a compound annual growth rate (CAGR) of 5.30%, driven by environmental awareness, policy restrictions on single-use plastics and evolving consumer preferences.

Sustainability & Global Collaboration

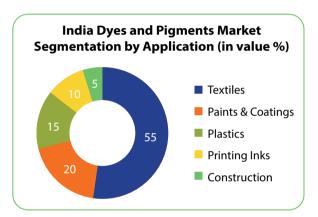

Demand for eco-friendly dyes and pigments is rising, driven by shifting consumer preferences and regulatory pressures. The natural dye market, valued at US\$250 million in 2022, is expected to double, fuelled by investments in green chemistry and biodegradable, non-toxic bio-dyes.

Technological advances and cost-effective methods are accelerating the adoption of biodegradable packaging across the food, e-commerce and personal care sectors, particularly in these areas. In India, sustainability is reshaping the pigment and textile industries. Joint EU–India initiatives across nine states are promoting natural dyes, bamboo crafts, and handlooms, while supporting artisans, MSMEs, and farmers. Aligned with the Sustainable Bharat Mission and the EU's Global Gateway Strategy, these efforts reflect India's commitment to a greener and more inclusive economy.

Government Initiatives: India's sustainability agenda is driven by key initiatives, including the National Action Plan on Climate Change (NAPCC), the Green India Mission and the Swachh Bharat Abhiyan. These programs are driving cleaner production, resource efficiency and environmental stewardship. The NAPCC promotes climate-resilient growth and green technologies. The Green India Mission enhances forest cover and supports the cultivation of natural dyes, including indigo and turmeric. Swachh Bharat Abhiyan strengthens waste management and pollution control, encouraging cleaner industrial practices. Collectively, these efforts are fostering a supportive policy landscape for the organic dyes and pigments market, advancing renewable raw materials, non-toxic colourants and sustainable manufacturing, especially in textiles and allied sectors.

THE COLOUR CHEMISTRY OF DYES AND PIGMENTS

Colour enhances the natural world, adding beauty and meaning through the interaction of light with the human eye. Colourants are materials used to impart or alter hue across various substances. Dyes and pigments are the most common colourants, essential across various industries, including textiles, pharmaceuticals, food, cosmetics, plastics, paints, inks, photography and paper. Dyes are organic compounds that bond chemically with substrates like textiles, paper and plastics, delivering vibrant, long-lasting colour through chromophores. Pigments, by contrast, are insoluble solid particles—organic or inorganic—known for their chemical stability. Available in a range of shades, including black, white and fluorescent, they are widely used to colour paints, inks, plastics, fabrics, cosmetics and food.

Vipul Organics is a leading player in the specialty chemicals sector, with a strong focus on pigments and dyes. The company manufactures a wide range of products catering to various industries, including paints, plastics, paper, leather and textiles. Renowned for its expertise in pigments, dyestuffs, pigment intermediates, naphthols, fast salts and lake colours, Vipul Organics holds a strong position in the domestic market and has a global footprint spanning over 50 countries.

Headquartered in Maharashtra, the company operates three state-of-the-art manufacturing facilities and a world-class R&D centre dedicated to developing and testing advanced dye and pigment solutions. Backed by a robust domestic and international distribution network, Vipul Organics ensures efficient market access and timely delivery across diverse geographies.

Vipul Organics is establishing a state-of-the-art membrane R&D and production facility in Sayakha, Gujarat, led by Dr. Vatsal Shah. This initiative will enable the Company to develop and supply advanced membrane solutions for both domestic and international markets. Membrane technology is vital to water treatment, food processing, pharmaceuticals and industrial filtration. The technology is witnessing rising global demand driven by sustainability and the need for clean water.

Vipul Organics Ltd reported strong financial results for FY25, underscoring its continued growth and operational resilience in the organic pigments and intermediates sector.

- Revenue Growth: Consolidated sales rose to ₹163 crore, reflecting an 8.67% year-on-year increase driven by strategic market expansion and sustained customer demand.
- Improved Profitability: EBITDA surged 16.7% to ₹21 crore, with margins improving to 12.88%, highlighting effective cost optimisation and operational efficiency.

• Enhanced Returns: Profit before tax grew 20% to ₹6 crore, while Earnings Per Share (EPS) climbed 34.7% to ₹2.60, signalling stronger shareholder value creation.

The Company's balance sheet remains solid, with total assets of ₹155 crore, equity capital of ₹13 crore, and reserves of ₹51 crore—providing a stable foundation for future growth.

Vipul Organics continues to reinforce its market leadership through disciplined financial management, strategic investments, and a commitment to sustainable value creation.

At Vipul Organics, R&D is the cornerstone of growth and diversification. With a legacy of over five decades in the chemical industry, the Company continues to strengthen its innovation-led approach by developing high-value, performance-oriented solutions tailored for emerging applications.

A recent breakthrough by the in-house R&D team has led to the development of a specialty compound for the automotive industry, used as an intermediate in the production of critical components such as shock absorbers and bumper extensions. This product, perfected over three years of rigorous research, has received approval for final application, underscoring the Company's ability to deliver world-class, industry-ready innovations.

This milestone not only adds a high-value product to the portfolio but also marks Vipul Organics' entry into the automotive segment, opening new avenues beyond its established dyes and pigments business. With robust R&D capabilities, the Company remains committed to building a pipeline of novel products across high-growth, performance-critical sectors, positioning itself for sustained value creation.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company believes that Internal Control is one of the key pillars of governance, providing management with the freedom to operate within a framework of appropriate checks and balances. The Company has a robust internal control framework, which has been developed considering the nature, size and risks that could hinder the Company from achieving its objectives. The Company maintains a well-placed, proper and adequate internal control environment commensurate with the size, scale and complexity of its operations.

Internal control systems, comprising policies and procedures, are designed to ensure the reliability of financial reporting, compliance with relevant laws and regulations and adherence to applicable policies and procedures. It ensures that all assets and resources are acquired economically, used efficiently and adequately protected. All the company processes are carried out on the SAP system. The internal auditors and the finance team plan the yearly schedule in consultation with the Chief Financial Officer and Audit Committee. The Audit Committee reviews the major findings of the internal audit. The periodic report prepared by the internal audit team serves as the basis for the certification provided by the Managing Director and Chief Financial Officer for financial reporting.

Vipul Organics is driven by a committed and motivated team whose dedication plays a key role in the Company's continued growth. The Company places strong emphasis on fostering meaningful relationships with its employees, recognising that engagement and satisfaction enhance workplace effectiveness.

It values dedication, skill and contributions across all levels of operation. As a performance-oriented and learning-focused organisation, Vipul Organics consistently invests in its people by offering opportunities for knowledge enhancement, skill development and leadership growth.

Competitive compensation packages, best-in-class recruitment practices, comprehensive training programs, motivational initiatives and robust performance evaluations support the Company's ability to attract and retain top talent. These efforts have helped the Company maintain an attrition rate significantly below the industry average.

As of March 31, 2025, the Company employed over 119 staff members.

In today's dynamic business environment, a robust risk management system is essential for sustaining long-term success. Proactive risk management enables organisations to identify, assess and mitigate potential threats and vulnerabilities that could adversely impact performance.

Vipul Organics has implemented a comprehensive Enterprise Risk Management (ERM) framework to manage both risks and opportunities effectively. The Company follows a unified, standardised approach to ensure an integrated and cohesive strategy across all functions.

This framework fosters a risk-aware culture, supported by independent, proactive and systematic risk practices. It clearly defines roles and responsibilities and incorporates well-established principles, standards, tools, methodologies and ongoing training initiatives to strengthen organisational resilience.

A COLOUR IS AS BRIGHT AS THE IMPRESSION IT CREATES."

requested to write to the Company at least 7 days in advance of the meeting so that the answers can be made available at the meeting.

- 30. In compliance with the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Regulation 44 of the Listing Regulations and Secretarial Standard on General Meetings (SS-2) issued by the ICSI, the Company is pleased to provide e-voting facility to its members to exercise their right to vote electronically on the resolutions mentioned in the notice of 53rd AGM dated 5th September, 2025. The members may cast their votes using electronic voting system from a place other than the venue of the meeting ('remote e-voting').
 - a) The facility of casting the vote by the members using an electronic voting system from a place other than venue of the AGM ("remote e-voting") and e-voting during the meeting will be provided by the CDSL.
 - b) A person, whose name is recorded in the Register of Members / List of Beneficial Owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of "remote e-voting" or "e-voting" during the AGM.
 - c) The "remote e-voting" period commences on Saturday, 27th September, 2025 at 9.00 A.M. (IST) and end on Monday, 29th September, 2025 at 5.00 P.M. (IST). During this period, members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, may cast their vote by "remote e-voting". The "remote e-voting" module shall be disabled by the CDSL for voting thereafter. Once the vote on a resolution is cast by a member, the member shall not be allowed to change it subsequently.
 - d) The voting rights of members shall be in proportion to their share in the paid-up equity share capital of the Company as on the cutoff date.

- Any person who becomes a member of the Company after dispatch of the Notice of the meeting and holding shares as on the cut-off date may obtain the User ID and password by sending a request at helpdesk.evoting@cdslindia.com or investor@bigshareonline.com. However, if the member is already registered with CDSL for remote e-voting then he can use his exiting user ID and password for casting the vote through e-voting. If you forgot your password, you can reset your password by using "Forgot User Details / Password" option available on www.evotingindia.com.
- e) The Board of Directors of the Company has appointed CS Poonam Somani, Proprietor M/s. Somani & Associates, Company Secretaries, Mumbai as Scrutinizer to scrutinize the voting through remote e-voting process and e-voting during the 53rd AGM in a fair and transparent manner. The Scrutinizer shall within two working days of the conclusion of the AGM prepare a Scrutinizers' Report on the votes cast in favour or against, if any, and forthwith to the Chairman of the meeting or a person authorized by him, who shall countersign the same and declare the result of the voting.
- f) The result declared along with Scrutinizer's Report shall be placed on the website of the Company viz. www.vipulorganics.com and on the website of the CDSL viz. www.evotingindia. com immediately after the declaration of result by the Chairman or a person authorized by him in writing. The results shall simultaneously be communicated to the BSE Ltd., where shares of the Company are listed.
- Subject to receipt of requisite number of votes, the resolutions shall be deemed to be passed on the date of the meeting i.e. Tuesday, 30th September 2025.

THE PROCEDURE / INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING 53RD AGM AND JOINING MEETING THROUGH VC / OAVM ARE AS UNDER:

- (i) The remote e-voting period begins on Saturday, 27th September, 2025 at 9.00 A.M. (IST) and end on Monday, 29th September, 2025 at 5.00 P.M. (IST). During this period, members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date may cast their vote electronically. The remote e-voting module shall be disabled by the CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020, under Regulation 44 of the SEBI Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level.
 - Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
 - In order to increase the efficiency of the voting process, pursuant to a public consultation, e-voting has been enabled to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 on e-voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-voting facility.

Pursuant to the said SEBI Circular, Login method for e-voting and joining virtual meetings for Individual shareholders holding securities in demat mode is given below:

We have examined the compliance of conditions of corporate governance by Vipul Organics Limited ('the Company') for the financial year ended on 31st March 2025 as stipulated in Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2), and paragraphs C, D and E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') pursuant to the listing agreement of the Company with Stock Exchange.

Management's Responsibility

The compliance of conditions of corporate governance is the responsibility of the Company's management. This responsibility includes the designing, implementing and maintaining operating effectiveness of internal control to ensure compliance with the conditions of corporate governance as stipulated in the Listing Regulations.

Auditor's Responsibility

Pursuant to the requirements of the Listing Regulations, our responsibility is to express a reasonable assurance in the form of an opinion as to whether the Company has complied with the conditions of corporate governance as stated above. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the relevant records of the Company in accordance with the applicable Generally Accepted Auditing Standards in India, the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered

Accountants of India ('ICAI'), and Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on the procedures performed by us and to the best of our information and according to the explanations provided to us, in our opinion, the Company has complied, in all material respects, with the conditions of corporate governance as stipulated in the Listing Regulations during the year ended 31st March 2025. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

This certificate is issued and provided to the Members of the Company solely for the purpose of complying with the aforesaid regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

INDEPENDENT AUDITOR'S REPORT

To the Members of

Vipul Organics Limited

Report on the Audit of the Standalone financial statements

Opinion

We have audited the accompanying standalone financial statements of **Vipul Organics Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2025, the Statement of Profit and Loss (including other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs(financial position) of the Company as at 31st March, 2025, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions

of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to be communicated in our report.

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Director's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that

there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard on the even date.

Responsibility of Management and those charged with Governance for the Standalone financial statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and

are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system, in relation to the financial statements, in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with the Management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report)
 Order, 2020 ("the Order"), issued by the Central
 Government of India in terms of sub-section (11)
 of section 143 of the Companies Act, 2013, we give
 in the Annexure "A", a statement on the matters
 specified in paragraphs 3 and 4 of the Order, to the
 extent applicable.
- 2. A. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. (refer our comments in para 2(C)(vi))
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of change in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies(Indian Accounting Standards) Rules ,2015,as amended .
- (e) On the basis of the written representations received from the directors as on 31st March,2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March,2025 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting with reference to the standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operative effectiveness of the company's internal financial controls with reference to standalone financial statements.
- (g) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
- B. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:
 - In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of

- Corporate Affairs has not prescribed other details under Section 197(16) of the Act, which are required to be commented upon by us.
- C. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations, which will have an impact on its financial position in its financial statements-refer note 37 to the standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. The management has represented that, a) to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in

- other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures that performed we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- The dividend declared and paid during the v) current year in respect of F. Y. 2022-2023 is in compliance with section 123 of the Act. The Board of Directors have proposed dividend for the year which is subject to approval of the members at the Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it apples to declaration of dividend.
- Based on such audit procedures that we vi) have considered reasonable and appropriate in the circumstances, we report that for the year ended March 31, 2025, for maintaining its books of account, the Company has used accounting software which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that no audit trail was enabled at the database level for accounting software SAP to log any direct data changes as described in note 53 to the financial statements . Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with and audit trail has been preserved by the Company as per the statutory requirements for record retention.

"Annexure B" to the Independent Auditor's Report of even date on the Standalone Financial Statements of Vipul Organics Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Vipul Organics Limited ("the Company") as of 31st March, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls over financial reporting and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control over financial reporting based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial statements and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

(i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to Standalone Financial Statement and such internal financial controls over financial reporting were operating effectively as at 31st March,2025, based the internal control over financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.1 Corporate Information

Vipul Organics Limited is a public limited domiciled in India incorporated under the provisions of the Companies Act ('the company') having its registered office at 102,Andheri Industrial Estate ,Off Veera Desai Road,Andheri West,Mumbai 400053 .The Company's principle activities are manufacturing & trading of Dyes stuff, Organic Pigments & Organic Intermediates.

The standalone financial statements for the year ended March 31st, 2025 were considered by the Board of Directors and approved for issuance on 30th May, 2025.

1.2 Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards(Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015.

1.3 Basis of preparation and presentation

The standalone financial statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on accrual basis except for certain financial assets and financial liabilities that have been measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 inputs are unobservable inputs for the asset or liability.

1.4 Functional and presentation currency

These standalone financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest thousands, unless otherwise indicated.

2. Significant accounting judgments, estimates and assumptions

The preparation of standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of standalone financial statements, income and expense during the period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the periods in which the estimates are revised and in future periods which are affected.

In the process of applying the Company's accounting policies, management has made the following judgments and estimates, which have the most significant effect on the amounts recognised in the standalone financial statements.

2.1 Revenue recognition

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer.Export Sales are accounted on the date of Bill of Lading. Export benefits thereon are accounted on the basis of eligibility in the year of Export.

2.2 Impairment of investments in subsidiaries

The Company reviews its carrying value of investments in subsidiaries at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

2.3 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

2.4 Litigation

The provision is recognized based on the best estimate of the amount desirable to settle the present obligation arising at the reporting period and of the income is recognized in the cases involving high degree of certainty as to realization.

3. Statement of material accounting policies

Accounting policy information is material, if when considered together with other information included in entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

Accounting policy information may be material because of the nature of the related transactions, other events, or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material.

3.1 Property, plant and equipment:

Items of property, plant and equipment are stated at cost, less accumulated depreciation & impairment losses, if any. Cost comprises a) the purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.,b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in Statement of Profit and Loss. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost,comprising of direct costs, related incidental expenses and attributable interest if any."

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the propert, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

3.2 Depreciation

Depreciation on Property, plant and equipment has been provided on written down value basis and manner prescribed in Schedule II to the Act. Depreciation on additions during the year has been provided on prorata basis from the date of such additions. Depreciation on assets sold, discarded or demolished has been provided on prorata basis. Leasehold assets are amortized over the primary period of lease or its useful life, whichever is shorter on a straight line basis.

3.3 Intangible assets

Intangible assets are recognized, only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any. Computer software is amortized on written down value basis and manner prescribed in Schedule II to the Act.

3.4 Impairment of tangible and intangible assets

Company at the end of each reporting period reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for

which the estimates of future cash flows have not been adjusted. An impairment loss is recognised immediately in statement of profit and loss.

A reversal of an impairment loss is also recognised immediately in Statement of Profit and Loss.

3.5 Financial instruments

Financial assets

Financial Assets comprises of investments in equity instruments, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition and measurement

All financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

Financial assets amortised at cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to

cash flows that are solely payments principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Further, Company has elected to apply the exemption available under Ind AS 101 to continue the carrying value for its investments in subsidiaries as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP as at the date of transition (April 1, 2016). Also, in accordance with Ind AS 27 company has elected the policy to account investments in subsidiaries at cost.

Derecognition:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset and shall be recognised either to statement of profit & loss or OCI o as per classification of the respective asset.

Financial Liabilities

Initial Recognition and Measurement

All financial liablities are initially recognised when the Company becomes a party to the contractual provisions of the instrument .Financial Liabilities are initially recognized at fair value plus any transaction costs, (if any) which are attributable to acquisition of the financial liabilities.

Subsequent measurement

Financial liabilities are subsequently carried at fair value through profit and loss. For trade payables and other liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of Financial Liabilities:

Financial liabilities shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting of Financial assets and Financial Liabilities

Financial assets and Financial Liabilities are offset and the net amount is presented in Balance Sheet when, and only when, the Company has legal right to offset the recognized amounts and intends either to settle on the net basis or to realize the assets and liabilities simultaneously.

3.6 Inventories

Inventories comprising of raw material & finished goods are carried at lower of cost and net realizable value. Cost is determined by using the First in First Out formula. Costs comprise all cost of purchase, cost of conversion and cost incurred in bringing the inventory to their present location and condition other than those subsequently recoverable by the Company from tax authorities.

Packing material, Stores & spares consumables are charged to revenue account.

3.7 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts

disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes, goods and service tax.Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer.Export Sales are accounted on the date of Bill of Lading. Export benefits thereon are accounted on the basis of eligibility in the year of Export.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Dividend income from investments is recognised when the right to receive payment has been established

3.8 Foreign currencies

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

3.9 Borrowing Cost

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the EffectiveInterestRate(EIR) applicable to the respective borrowing. Borrowing costs include interest costs measured at EIR.

Borrowing costs that are attributable to acquisition or construction of qualifying assets are capitalized as a part of cost of such assets till the time the asset is ready for its intended use. A qualifying assets is the one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recorded as an expense in the Profit and loss account in the year in which they are incurred.

3.10 Leases

The Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019, except those which are exempted under this standard, using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.The Company's lease asset classes primarily consist of leases of land and building .At the date of commencement of lease, the Company recognised a right-to-use assets and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve month or less (short-term leases) and low value leases. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The right-to-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. The right-to-use of assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset right-to use of assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. The Lease liability is initially measured at amortized cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease, or if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are remeasured with corresponding adjustment to the related right to use of asset if company changes its assessment if whether it will exercise an extension or termination option.

3.11 Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject

to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management."

3.12. Employee benefits

Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-employment obligations

Gratuity liability is defined benefit obligation and is provided for on the basis of actuarial valuation at the end of each financial year.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligations is performed annually. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a

result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

3.13. Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable

that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum alternate tax credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.14. Derivative financial instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

3.15. Research and development expenses

Expenditures on research activities undertaken with the prospect of gaining new scientific or technical knowledge and understanding are recognized as expense in the statement of profit and loss when incurred. Expenditure incurred on fixed assets used for research and development is capitalized and depreciated in accordance with the depreciation policy of the Company.

3.16. Earnings per equity share

Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). In this scenario, the number of equity shares outstanding increases without an increase in resources due to which the number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.17. Government Grants

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income and are credited to the Statement of Profit and Loss in a systematic basis over the expected life of the related assets and presented within other income.

Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

3.18. Non-current assets held for sale

Assets are classified as held for sale and stated at the lower of carrying amount and fair value less costs to sell if the asset is available for immediate sale and its sale is highly probable. Such assets or group of assets are presented separately in the Balance Sheet as "Assets Classified as Held for Sale". Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

3.19. Provisions, contingent liabilities and contingent assets

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes to the financial statements. Contingent assets are not recognized in the financial statements.

3.20. Current / non-current classification

An asset is classified as current if:

- it is expected to be realized or sold or consumed in the Company's normal operating cycle;
- ii) it is held primarily for the purpose of trade;

- iii) it is expected to be realized within twelve months after the reporting period; or
- iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- it is expected to be settled in normal operating cycle;
- ii) it is held primarily for the purpose of trading;
- iii) it is expected to be settled within twelve months after the reporting period;
- iv) it has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between acquisition of assets for processing / trading / assembling and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

41 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

42 Financial risk management objectives and policies

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amount of following financial assets represents the maximum credit exposure.

Trade & Other receivable

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, including the default risk of the industry and country in which customers operate and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Credit risk on its receivables is recognised on the statement of financial position at the carrying amount of those receivable assets, net of any provisions for doubtful debts. Receivable balances are monitored on a monthly basis with the result that the Company's exposure to bad debts is not considered to be material. The Company reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts.

Impairment

Ageing of trade and other receivables that were not impaired was as follows:

More Than 1 year	201.82	208.11
Carrying Amount of receivable	5,032.95	4,397.82

Management believes that the unimpaired amounts that are past due by more than 1 year are collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings wherever available.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Cash & Cash Equivalents

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invests in deposits with banks with high credit ratings assigned by external credit rating agencies; accordingly the Company considers that the related credit risk is low. Impairment on these items is measured on the 12-month expected credit loss basis.

ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Ultimate responsibility for liquidity risk rest with the management, which has established an appropriate liquidity risk framework for the management of the Company's short term, medium-term and long term funding and liquidity management requirements.. Management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Other current financial liabilities	4,258.67		4,258.67	
Total Financial Liabilities	7,919.16	899.75	8,818.91	

iii) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables.

The Company manages market risk through a treasury department, which evaluates and excercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

a) Foreign currency risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. The Company is exposed to currency risk significantly on account of its trade payables, borrowings and other payables denominated in foreign currency. The functional currency of the Company is Indian Rupee. The Company currently hedge its foreign currency risk by taking foreign exchange forward contracts.

(USD in Lakh)

Foreign currency exposure	Currency	March 31st, 2025	March 31st, 2024
Trade receivables & Advance	USD in (Lakhs)	42.41	36.15
Net exposure to foreign currency risk (assets)		42.41	36.15
Trade payables	USD in (Lakhs)	2.29	2.79
Borrowings	USD in (Lakhs)	1.62	2.65
Net exposure to foreign currency risk (liabilities)		3.92	5.44
Rupee Conversion Rate vs USD		85.48	83.37

Foreign currency sensitivity

The Company is exposed to the currencies as mentioned above. The following table details the Company's sensitivity to a 5% increase and decrease in the against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A reasonably possible strengthening (weakening) of the Indian Rupee against other currencies at March 31 would have affected the measurement of financial instruments denominated in US dollars and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

(USD in Lakh)

	March 3	1 st , 2025	March 3	31 st , 2024
	5% Weakening	5% Strengthening	5% Weakening	5% Strengthening

Decrease / (Increase) in profit and loss	164.69	(164.69)	127.98	(127.98)

b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing borrowings is as follows:

(in Lakh)

	March 31st, 2025	March 31 st , 2024
Current Borrowings		
Variable rate borrowings	3,679.02	2,596.81
	3,679.02	2,596.81

Interest rate risk sensitivity

The below mentioned sensitivity analysis is based on the exposure to interest rates for floating rate borrowings. For this it is assumed that the amount of the floating rate liability outstanding at the end of the reporting period was outstanding for the whole year. If interest rate had been 50 basis points higher or lower, other variables being held constant, following is the impact on profit.

(USD in Lakh)

	March 3	1 st , 2025	March 31st, 2024	
	50 bp 50 bp increase decrease		50 bp increase	50 bp decrease

Increase / (decrease) in profit and loss	(18.40)	18.40	(12.98)	12.98

43 Capital management

The Company manages its capital to ensure that the Company will be able to continue as going concerns while maximizing the return to stakeholders through the optimization of the debt and equity balance. For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company and borrowings.

The Company manages its funds in a manner that it achieve maximum returns (net of taxes) with minimum risk to the capital and consider the liquidity concerns for its working capital requirements.

INDEPENDENT AUDITOR'S REPORT

To the Members of

Vipul Organics Limited

Report on the Audit of the Consolidated financial statements

Opinion

We have audited the accompanying Consolidated financial statements of **Vipul Organics Limited** ("the Holding Company") and its subsidiary, (Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2025, the Consolidated Statement of Profit and Loss (including other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2025, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of Consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are independent of the Group in accordance

with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the independence requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to be communicated in our report.

Information Other than the Consolidated financial statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Holding Company's Annual report but does not include the standalone and consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated

financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard on the even date.

Responsibility of Management and those charged with Governance for the Consolidated financial statements

The Holding Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India.

The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the each entity and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless

management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the entities included in the Group are responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system, in relation to the financial statements, in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entities ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities or business activities included in the consolidated financial statements of which we are the Independent Auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with the Management of holding company and other entities included in consolidated financial statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.

 - The Group did not have any long-term contracts including derivative contracts for which there were material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.
 - iv. a) The respective Management of the Holding company and subsidiary have represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested

- (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or subsidiary to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or any subsidiary or provide any quarantee, security or the like on behalf of the Ultimate Beneficiaries.
- The respective Management of the Holding company and subsidiary has represented that, to the best of its knowledge and belief, no funds have been received by the Company or subsidiary from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or subsidiary shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures performed that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis- statement.
- v) The dividend declared and paid during the current year and previous year by the Holding Company is in compliance with section 123 of the Act.. The Board of Directors of the Holding Company have proposed dividend for the year, which is subject to approval of the members at the Annual General Meeting. The dividend proposed is in accordance with section 123 of

the Act to the extent it apples to declaration of dividend. The Subsidiary company have not declared nor paid any dividend during the year.

- vi) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, we report that for the year ended March 31, 2025, for maintaining its books of account, the Holding Company and its subsidiary company have used accounting software which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except for the instances mentioned below
 - a) In case of Holding Company, the feature of audit trail was not enabled at the database level for accounting software SAP to log any direct data changes as described in note 54 to the financial statements.
 - In case of Subsidiary Company, the feature of audit trail was not available for accounting software for the entire financial year from April 01,2024 to March 31,2025.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered

- with and audit trail has been preserved by the Holding Company as per the statutory requirements for record retention, in respect of accounting software for which the audit trail feature was available and operating.
- c) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated Financial statements, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

"Annexure A" to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Vipul Organics Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to consolidated financial result of the Vipul Organics Limited ("the Holding Company) and its Subsidiary company incorporated in India (the Holding Company and the subsidiary company incorporated in India together referred to as "the Group") as of 31st March, 2025 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting over consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to consolidated financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's Internal financial controls over financial reporting with reference to Consolidated financial statements

Meaning of Internal Financial Controls Over Financial reporting with reference to Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial statements and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over consolidated financial statements includes those policies and procedures that:

(i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting with reference to Financial statements

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the explanation given to us ,the Group has, in all material respects, an adequate internal financial controls over financial reporting with reference to Consolidated financial statements and such internal financial controls over financial reporting with reference to financial statements were operating effectively as at 31st March, 2025, based the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. 1 Corporate Information

Vipul Organics Limited is a public limited domiciled in India incorporated under the provisions of the Companies Act ('the company') having its registered office at 102, Andheri Industrial Estate, Off Veera Desai Road, Andheri West, Mumbai 400053. The Company's principle activities are manufacturing & trading of Dyes stuff, Organic Pigments & Organic Intermediates.

The Consolidated financial statements for the year ended March 31st, 2025 were considered by the Board of Directors and approved for issuance on 30th May, 2025.

1.2 Statement of Compliance

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015.

1.3 Basis of preparation and presentation

The sConsolidated financial statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on accrual basis except for certain financial assets and financial liabilities that have been measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 inputs are unobservable inputs for the asset or liability.

1.4. Basis for Consolidation & Principles for Consolidation

The consolidated financial statements include the financial statements of the Vipul Organics Limited., Holding Company and its Subsidiary Shree Ambika Naturals Private Limited.

The Group combines the financial statements of the Holding and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses and gains resulting from intra-group transactions are also eliminated except to the extent recoverable value of related assets is lower than their cost to the Group. Profit or loss of subsidiaries acquired or disposed during the year is recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted.

Subsidiaries are all entities over which the Group exercises control. The Group controls an entity when the Group is exposed to or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct relevant activities of the entity. Subsidiaries are fully consolidated from the date on which the control is transferred to the Group and are de consolidated from the date the control ceases.

Excess of acquisition cost over the carrying amount of the Holding's share of equity of the acquiree at the date of acquisition is recognized as goodwill. In

cases where the share of the equity in the acquiree as on the date of acquisition is in excess of acquisition cost, such excess of share in equity is recognised as 'Consolidation reserve' and classified under 'Reserves and Surplus'.

As per Ind AS 110 consolidated Financial Statements prescribed under the Ind ASs notified by the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 only the notes involving items which are material need to be disclosed. Materiality for this purpose is assessed in relation to the information contained in the consolidated financial statements. Further, additional statutory information disclosed in separate financial statements of the subsidiary or the Parent having no bearing on the true and fair view of the consolidated financial statements of the group are not disclosed in the consolidated financial statements.

The non-controlling interests comprise the portion of equity of subsidiaries that are not owned, directly or indirectly, by the Group. Non-controlling interest in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

1.5. Functional and presentation currency

Theseconsolidated financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest thousands, unless otherwise indicated.

2. Significant accounting judgments, estimates and assumptions

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of consolidated financial statements, income and expense during the period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. However, uncertainty

about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the periods in which the estimates are revised and in future periods which are affected.

In the process of applying the Company's accounting policies, management has made the following judgments and estimates, which have the most significant effect on the amounts recognised in the consolidated financial statements.

2.1 Revenue recognition

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. Export Sales are accounted on the date of Bill of Lading. Export benefits thereon are accounted on the basis of eligibility in the year of Export.

2.2 Impairment of investments in subsidiaries

The Company reviews its carrying value of investments in subsidiaries at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

2.3 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

2.4 Litigation

The provision is recognized based on the best estimate of the amount desirable to settle the present obligation arising at the reporting period and of the income is recognized in the cases involving high degree of certainty as to realization.

3. Statement of material accounting policies

Accounting policy information is material, if when considered together with other information included in entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

Accounting policy information may be material because of the nature of the related transactions, other events, or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material.

3.1 Property, plant and equipment:

Items of property, plant and equipment are stated at cost, less accumulated depreciation & impairment losses, if any. Cost comprises a) the purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.,b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in Statement of Profit and Loss. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference

between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest if any.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

3.2. Depreciation

Depreciation on Property, plant and equipment has been provided on written down value basis and manner prescribed in Schedule II to the Act. Depreciation on additions during the year has been provided on prorata basis from the date of such additions. Depreciation on assets sold, discarded or demolished has been provided on prorata basis. Leasehold assets are amortized over the primary period of lease or its useful life, whichever is shorter on a straight line basis.

3.3. Intangible assets

Intangible assets are recognized, only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any. Computer software is amortized on written down value basis and manner prescribed in Schedule II to the Act.

3.4. Impairment of tangible and intangible assets

Company at the end of each reporting period reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised immediately in statement of profit and loss. A reversal of an impairment loss is also recognised immediately in Statement of Profit and Loss.

3.5. Financial instruments

Financial assets

Financial Assets comprises of investments in equity instruments, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition and measurement

All financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Classification and subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through OCI or fair value through profit and loss.

Financial assets amortised at cost

A financial asset is subsequently measured at

amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely consisting payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Further, Company has elected to apply the exemption available under Ind AS 101 to continue the carrying value for its investments in subsidiaries as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP as at the date of transition (April 1,

2016). Also, in accordance with Ind AS 27 company has elected the policy to account investments in subsidiaries at cost.

Derecognition:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset and shall be recognised either to statement of profit & loss or OCI o as per classification of the respective asset.

Financial Liabilities

Initial Recognition and Measurement

All financial liablities are initially recognised when the Company becomes a party to the contractual provisions of the instrument .Financial Liabilities are initially recognized at fair value plus any transaction costs, (if any) which are attributable to acquisition of the financial liabilities.

Subsequent measurement

Financial liabilities are subsequently carried at fair value through profit and loss. For trade payables and other liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of Financial Liabilities:

Financial liabilities shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting of Financial assets and Financial Liabilities

Financial assets and Financial Liabilities are offset and the net amount is presented in Balance Sheet when, and only when, the Company has legal right to offset the recognized amounts and intends either to settle on the net basis or to realize the assets and liabilities simultaneously.

3.6. Inventories

Inventories comprising of raw material & finished goods are carried at lower of cost and net realizable value. Cost is determined by using the First in First

Out formula. Costs comprise all cost of purchase, cost of conversion and cost incurred in bringing the inventory to their present location and condition other than those subsequently recoverable by the Company from tax authorities.

Packing material, Stores & spares consumables are charged to revenue account.

3.7. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes, goods and service tax. Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. Export Sales are accounted on the date of Bill of Lading. Export benefits thereon are accounted on the basis of eligibility in the year of Export.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Dividend income from investments is recognised when the right to receive payment has been established.

3.8. Foreign currencies

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

3.9. Borrowing Cost

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the Effective Interest Rate(EIR) applicable to the respective borrowing.

Borrowing costs include interest costs measured at EIR. Borrowing costs that are attributable to acquisition or construction of qualifying assets are capitalized as a part of cost of such assets till the time the asset is ready for its intended use. A qualifying assets is the one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recorded as an expense in the Profit and loss account in the year in which they are incurred.

3.10. Leases

The Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019, except those which are exempted under this standard, using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.The Company's lease asset classes primarily consist of leases of land and building .At the date of commencement of lease, the Company recognised a right-to-use assets and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve month or less (short-term leases) and low value leases. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The right-to-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. The right-to-use of assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset right-to use of assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. The Lease liability is initially measured at amortized cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease, or if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are remeasured with corresponding adjustment to the related right to use of asset if company changes its assessment if whether it will exercise an extension or termination option.

3.11. Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.12. Employee benefits

Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-employment obligations

Gratuity liability is defined benefit obligation and is provided for on the basis of actuarial valuation at the end of each financial year.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligations is performed annually. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

3.13. Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can

be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum alternate tax credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.14. Derivative financial instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

3.15. Research and development expenses

Expenditures on research activities undertaken with the prospect of gaining new scientific or technical knowledge and understanding are recognized as expense in the statement of profit and loss when incurred.

Expenditure incurred on fixed assets used for research and development is capitalized and depreciated in accordance with the depreciation policy of the Company.

3.16. Earnings per equity share

Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). In this scenario, the number of equity shares outstanding increases without an increase in resources due to which the number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.17. Government Grants

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income and are credited to the Statement of Profit and Loss in a systematic basis over the expected life of the related assets and presented within other income.

Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

3.18. Non-current assets held for sale

Assets are classified as held for sale and stated at the lower of carrying amount and fair value less costs to sell if the asset is available for immediate sale and its sale is highly probable. Such assets or group of assets are presented separately in the Balance Sheet as "Assets Classified as Held for Sale". Once classified as held for sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

3.19. Provisions, contingent liabilities and contingent assets

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes to the financial statements. Contingent assets are not recognized in the financial statements.

3.20. Current / non- current classification

An asset is classified as current if:

- i) it is expected to be realized or sold or consumed in the Company's normal operating cycle;
- ii) it is held primarily for the purpose of trade;
- iii) it is expected to be realized within twelve months after the reporting period; or
- iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- it is expected to be settled in normal operating cycle;
- ii) it is held primarily for the purpose of trading;
- iii) it is expected to be settled within twelve months after the reporting period;
- iv) it has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between acquisition of assets for processing / trading / assembling and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

41 Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced of liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and cash equivalent, bank balances other than cash and cash equivalent, trade receivables, trade payables, other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

42 Financial risk management objectives and policies

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Company, through its training, standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amount of following financial assets represents the maximum credit exposure.

Trade & Other receivable

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, including the default risk of the industry and country in which customers operate and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Credit risk on its receivables is recognised on the statement of financial position at the carrying amount of those receivable assets, net of any provisions for doubtful debts. Receivable balances are monitored on a monthly basis with the result that the Company's exposure to bad debts is not considered to be material. The Company reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts.

Impairment

Ageing of trade and other receivables that were not impaired was as follows:

(₹ in Lakh)

	March 31st, 2025	March 31st, 2024
Considered Good		
0-12 Months	4,831.14	4,189.71
More Than 1 year	201.82	255.94
Carrying Amount of receivable	5,032.95	4,445.65

Management believes that the unimpaired amounts that are past due by more than 1 year are collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings wherever available.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Cash & Cash Equivalents

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invests in deposits with banks with high credit ratings assigned by external credit rating agencies; accordingly the Company considers that the related credit risk is low. Impairment on these items is measured on the 12-month expected credit loss basis.

ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Ultimate responsibility for liquidity risk rest with the management, which has established an appropriate liquidity risk framework for the management of the Company's short term, medium-term and long term funding and liquidity management requirements.. Management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Other current financial liabilities	4,259.03		4,259.03	
Total Financial Liabilities	7,905.03	899.75	8,804.78	

iii) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables and payables.

The Company manages market risk through a treasury department, which evaluates and excercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and ensuring compliance with market risk limits and policies.

a) Foreign currency risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. The Company is exposed to currency risk significantly on account of its trade payables, borrowings and other payables denominated in foreign currency. The functional currency of the Company is Indian Rupee. The Company currently hedge its foreign currency risk by taking foreign exchange forward contracts.

(USD in Lakh)

Foreign currency exposure	Currency	March 31st, 2025	March 31st, 2024
Trade receivables & Advance	USD in (Lakhs)	42.41	36.15
Net exposure to foreign currency risk (assets)		42.41	36.15
Trade payables	USD in (Lakhs)	2.29	2.79
Borrowings	USD in (Lakhs)	1.62	2.65
Net exposure to foreign currency risk (liabilities)		3.92	5.44
Rupee Conversion Rate vs USD		85.48	83.37

Foreign currency sensitivity

The Company is exposed to the currencies as mentioned above. The following table details the Company's sensitivity to a 5% increase and decrease in the against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A reasonably possible strengthening (weakening) of the Indian Rupee against other currencies at March 31 would have affected the measurement of financial instruments denominated in US dollars and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

(USD in Lakh)

	March 31st, 2025		March 31st, 2024	
	5% Weakening	5% Strengthening	5% Weakening	5% Strengthening
USD	164.50	(164.50)	127.98	(127.98)
Decrease / (Increase) in profit and loss	164.50	(164.50)	127.98	(127.98)

b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing borrowings is as follows:

(in Lakh)

	March 31st, 2025	March 31st, 2024
Current Borrowings		
Variable rate borrowings	3,679.02	2,596.81
	3,679.02	2,596.81

Interest rate risk sensitivity

The below mentioned sensitivity analysis is based on the exposure to interest rates for floating rate borrowings. For this it is assumed that the amount of the floating rate liability outstanding at the end of the reporting period was outstanding for the whole year. If interest rate had been 50 basis points higher or lower, other variables being held constant, following is the impact on profit.

(USD in Lakh)

	March 31st, 2025		March 3	31 st , 2024
	50 bp 50 bp decrease		50 bp increase	50 bp decrease
Impact on profit	(18.40)	18.40	(12.98)	12.98
Increase / (decrease) in profit and loss	(18.40)	18.40	(12.98)	12.98

43 Capital management

The Company manages its capital to ensure that the Company will be able to continue as going concerns while maximizing the return to stakeholders through the optimization of the debt and equity balance. For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company and borrowings.

The Company manages its funds in a manner that it achieve maximum returns (net of taxes) with minimum risk to the capital and consider the liquidity concerns for its working capital requirements.
