FORWARD-LOOKING STATEMENT

“

In this Integrated Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and make informed investment decisions. This report and other statements, written and oral that we periodically make contain forward looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events, or otherwise.

CHAIRPERSON DESK

"BUILDING SUSTAINABILITY, INTO PROFITABILITY"

Dear Stakeholders,

It gives me great pleasure to present to you the 14th Annual Report of Parvati Sweetners and Power Ltd. for the financial year 2024–25.

The past year has been both a period of consolidation and a stepping stone toward a more sustainable and diversified future.

Our core operations in sugar manufacturing and its by-products — molasses, press mud, bagasse — along with our co-generation power plant have continued to perform steadily despite fluctuating market conditions in the sugar sector.

In alignment with the national vision for cleaner energy and reduced carbon footprint, we have embarked upon two significant growth projects:

- A new Ethanol Plant with a capacity of up to 45 KLPD, designed to utilise molasses and other feed stocks for producing fuel-grade ethanol, thereby supporting the blending programme of the Government of India.
- A Compressed Biogas (CBG) Plant of 15 TPD, powered by 240 tonnes of Napier grass and 3 tonnes of cow dung per day, aimed at producing clean energy, reducing waste, and generating additional income streams.

These projects are not just investments in infrastructure — they are investments in the future of our company, our farmers, and

our environment. They will help us diversify revenue, strengthen farmer partnerships through crop-based sourcing, and reduce dependency on sugar price cycles.

Our growth would not have been possible without the trust and confidence of our valued shareholders, the dedication of our employees, and the continued support of our farmers, partners, and the community. We remain committed to creating sustainable value for all stakeholders while contributing to the nation's renewable energy goals.

As we step into the next phase of our journey, I am confident that our integrated approach — combining sugar manufacturing, green energy, and sustainable agriculture — will drive Parvati Sweetners and Power Ltd towards a stronger, greener, and more resilient future.

On behalf of the Board of Directors, I thank you for your continued support and look forward to your participation in our future growth.

Warm regards,
Sincerely,
Poonam Chouksey
Chairman

"WHERE AGRICULTURE MEETS CLEAN ENERGY, THE FUTURE TAKES SHAPE."

“

From the Desk of the Executive Director

Dear Shareholders,

It is my privilege to share with you an overview of our company's journey and performance during the financial year 2024–25. This year has been marked by steady operational progress, important strategic decisions, and a renewed commitment to innovation and sustainability.

Our sugar manufacturing operations remained at the heart of our business, producing high-quality sugar and by-products such as molasses, press mud, and bagasse. Our co-generation power plant continued to supply renewable power efficiently, adding stability to our revenues and helping lower our carbon footprint.

In line with our vision of diversifying and building sustainable revenue streams, we have initiated two major forward-looking projects. The Ethanol Plant and Compressed Biogas (CBG) Plant this project aligns with circular economy principles, generates clean fuel, and strengthens our engagement with the farming community.

Both these initiatives are aligned with our larger mission — to make Parvati Sweetners and Power Ltd a multi-product, renewable-energy-driven, agriculturally anchored enterprise.

We also remain deeply committed to farmer partnerships, ensuring timely cane payments, promoting higher-yield crops, and supporting sustainable farming practices. Our focus on efficiency improvements across production, energy use, and resource management has helped us maintain operational stability even in the face of market fluctuations.

Looking ahead, our emphasis will remain on:

- Consolidating our strength in core sugar operations
- Accelerating execution of ethanol and CBG projects
- Adopting modern technologies for productivity and cost reduction
- Deepening our sustainability initiatives

I would like to acknowledge the dedication of our employees, the trust of our shareholders, and the unyielding support of our farmers and partners. Together, we will continue building a stronger, greener, and more profitable future for our company and stakeholders.

"Rooted in tradition, Rising with renewable vision"

With warm regards,
Anupam Chouksey
Executive Director
Parvati Sweetners and Power Ltd

FUTURE GOALS, MISSION & OBJECTIVES

MISSION

To create sustainable value for our shareholders, customers, employees, and the farming community by producing high-quality sugar and by-products, harnessing renewable energy, and embracing innovation — while contributing to India's clean energy and rural development goals.

VISION

To be a diversified, future-ready agribusiness and renewable energy enterprise that leads in sugar manufacturing, ethanol production, and green energy solutions - recognised for operational excellence, environmental stewardship, and strong community partnerships.

CORE OBJECTIVES

1. Strengthen Core Business – Enhance productivity, quality, and efficiency in sugar manufacturing and allied by-products.
2. Diversify Revenue Streams – Commission and scale the upcoming 45 KLPD Ethanol Plant and 15 TPD Compressed Biogas (CBG) Plant, reducing dependency on sugar price cycles.
3. Farmer Empowerment – Build enduring partnerships with farmers through fair pricing, timely payments, and promoting high-yield, sustainable crop practices like Napier grass cultivation.
4. Sustainability & Green Energy – Expand renewable energy initiatives, optimise by-product utilisation, reduce carbon emissions, and adopt circular economy principles.
5. Innovation & Technology – Invest in modern technologies and process enhancements to increase output, lower costs, and improve energy efficiency.
6. Market Leadership – Strengthen market presence domestically and explore export opportunities for sugar, ethanol, and other value-added products.
7. Stakeholder Value Creation – Ensure transparent governance, responsible growth, and consistent returns for investors and all stakeholders.

OUR FUTURE GOALS

- Commission and fully operationalise the Ethanol and CBG plants within targeted timelines.
- Increase renewable energy contribution to our total revenue mix.
- Achieve carbon footprint reduction through integrated green energy solutions.
- Expand farmer base and rural development programs in our operational regions.
- Position Parvati Sweetners and Power Ltd as a model integrated agri-energy company in India.

Global Economy Overview

Overview

Global economic growth declined marginally from 3.3% in 2023 to an estimated 3.2% in 2024. This was marked by a slowdown in global manufacturing, particularly in Europe and parts of Asia coupled with supply chain disruption and weak consumer sentiment. In contrast, the services sector performed more creditably.

The growth in advanced economies remained steady at 1.7% from 2023 to 2024 as the emerging cum developing economies witnessed a growth decline at 4.2% in 2024 (4.4% in 2023).

On the positive side, global inflation was expected to decline from 6.1% in 2023 to 4.5% in 2024 (projected at 3.5% and 3.2% in 2025 and 2026 respectively). This decline was attributed to the declining impact of erstwhile economic shocks, and labour supply improvements. The monetary policies announced by governments the world over helped keep inflation in check as well.

The end of the calendar year was marked by the return of Donald Trump as the new US President. The new US government threatened to impose tariffs on countries exporting to the US unless those countries lowered tariffs for the US to export to their countries. This enhanced global trade and markets uncertainty and emerged as the largest singular uncertainty in 2025.

Performance of major economies, 2024

United States: Reported GDP growth of 2.8% in 2024 compared to 2.9% in 2023.

China: GDP growth was 5.0% in 2024 compared to 5.2% in 2023.

United Kingdom: GDP growth was 0.8% in 2024 compared to 0.4% in 2023.

Japan: GDP growth was 0.1% in 2024 compared with 1.9% in 2023.

Germany: GDP contracted by 0.2% in 2024 compared to a 0.3% decline in 2023.

Outlook

The global economy has entered a period of uncertainty following the imposition of tariffs of products imported into the USA and some countries announcing reciprocal tariffs on US exports to their countries. This is likely to stagger global economic growth, the full outcome of which cannot be currently estimated. This risk is supplemented by risks related to conflicts, geopolitical tensions, trade restrictions and climate risks. In view of this, World Bank projected global economic growth at 2.7% for 2025 and 2026, factoring the various economic uncertainties.

Overview

The Indian economy was projected to grow at 6.5% in FY 2024-25, compared to a revised 9.2% in FY 2023-24. This represented a four-year low due to a moderate slowdown within the Indian economy (marked by slower manufacturing growth and a decline in net investments). Despite the slowdown, India retained its position as the world's fifth-largest economy.

India's nominal GDP (at current prices) was H331 trillion in FY 2024-25 (H301.23 trillion in FY 2023-24). The nominal GDP per capita increased from H2,15,936 in FY 2023-24 to H2,35,108 in FY 2024-25, reflecting the impact of an economic expansion.

The Indian rupee weakened 2.12% against the US dollar in FY 2024-25, closing at H85.47 on the last trading day of FY 25. In March 2025, the rupee recorded the highest monthly appreciation since November 2018, rising 2.39% (arising out of a weakening US dollar).

Inflationary pressures eased, with CPI inflation averaging 4.63% in FY 2024-25, driven by moderating food inflation and stable global commodity prices. Retail inflation at 4.6% in FY 2024-25, was the lowest since the pandemic, catalysing savings creation. India's foreign exchange reserves stood at a high of \$676 Billion as of April 4, 2025. This was the fourth consecutive year when rating upgrades outpaced downgrades on account of strong domestic growth, rural consumption, increased infrastructure investments and low corporate leverage (annualized rating upgrade rate 14.5% exceeded the decade-long average of 11%; downgrade rate was 5.3%, lower than the 10-year average of 6.5%).

Gross foreign direct investment (FDI) into India rose 13.6% to \$81 Billion during the last financial year, the fastest pace of expansion since 2019-20. The increase in the year was despite a contraction during the fourth quarter of 2024-25 when inflows on a gross basis declined 6% to \$17.9 Billion due to the uncertainty caused by Donald Trump's election and his assertions around getting investments back into the US.

The banking sector continued its improvement, with gross nonperforming assets (NPA) for scheduled commercial banks (SCBs) declining to 2.6% as of September 2024, down from 2.7% in March 2024. The capital-to-risk weighted assets ratio for SCBs stood at 16.7% as of September 2024, reflecting a strong capital position.

India's exports of goods and services are projected to reach \$800 Billion in FY 2024-25, up from \$778 Billion in the previous fiscal year. The Red Sea crisis impacted shipping costs, affecting price-sensitive exports. Merchandise exports were expected to grow 2.2% YoY, reaching \$446.5 Billion.

India's net GST collections increased 8.6%, totalling H19.56 Lakh Crores in FY 2024-25. Gross GST collections in FY 2024-25 stood at H22.08 Lakh Crores, a 9.4% increase YoY.

On the supply side, real gross value added (GVA) was estimated to expand 6.4% in FY 2024-25. The industrial sector was expected to grow 6.2%, supported by growth in construction activities, electricity, gas, water supply and other utility services.

India's services sector grew an estimated 7.3% in FY 25 (9.0% in FY 24), driven by public administration, defence and other services (expanded at 8.8% as in the previous year). In the infrastructure and utilities sector, electricity, gas, water supply and other utility services grew a projected 6.0% in FY 25, compared to 8.6% in FY 24. Meanwhile, the construction sector expanded at ~8.6% in FY 25, slowing from 10.4% in the previous year.

Manufacturing activity was subdued in FY 25, with growth projected at 4.3%, which was lower than 12.3% in FY 24. Moreover, due to lower public spending in the early part of the year, government final consumption expenditure (GFCE) is anticipated to have slowed to 3.8% in FY 25, compared to 8.1% in FY 24.

The agriculture sector growth was estimated at 3.8% in 2024-25 (1.4% in 2023-24). Trade, hotel, transport, communication and services related to broadcasting segment were estimated to grow at 6.4% in 2024-25 (6.3% in 2023-24).

From a demand perspective, private final consumption expenditure at constant prices was forecast to grow 7.3%, indicating a rebound in rural demand and stronger consumer confidence.

The Nifty 50 and SENSEX recorded their weakest annual performances in FY 25 in two years, rising 5.3% and 7.5% during the year under review respectively. Gold rose 37.7% to a peak of \$3,070 per ounce, the highest increase since FY 2007-08,

indicating global uncertainties.

Total assets managed by the mutual fund (MF) industry jumped 23% or H12.3 Lakh Crores in fiscal 2025 to settle at H65.7 Lakh Crores. At close of FY 25, the total number of folios had jumped to nearly 23.5 Crores, an all-time peak. During last fiscal, average monthly systematic investment plan (SIP) contribution jumped 45% to H24,113 Crores.

Foreign portfolio investments (FPIs) in India experienced high volatility throughout 2024, with total inflows into capital markets reaching approximately \$20 Billion by year-end. However, there was significant selling pressure in the last quarter, influenced by new tariffs announced by the new US government on most countries (including India).

Outlook

India is expected to remain the fastestgrowing major economy. Initial Reserve Bank of India estimates have forecast India's GDP growth downwards from 6.7% to 6.5% based on risks arising from US tariff levies on India and other countries. The following are some key growth catalysts for India in FY 26.

Tariff-based competitiveness: India identified at least 10 sectors such as apparel and clothing accessories, chemicals, plastics and rubber where the US' high tariffs give New Delhi a competitive advantage in the American market over other suppliers. While India faced a 10% tariff after the US suspended the 26% additional duties for 90 days, the levy remained at 145% on China, the biggest exporter to the US. China's share of apparel imports into the US was 25%, compared with India's 3.8%, a large opportunity to address differential (Source: Niti Aayog).

Union Budget FY 24-25

The Union Budget 2025-26 laid a strong foundation for India's economic trajectory, emphasizing agriculture, MSMEs, investment, and exports as the four primary growth engines. With a fiscal deficit target of 4.4% of GDP, the government reinforced fiscal prudence while allocating H11.21 Lakh Crores for capital expenditure (3.1% of GDP) to drive infrastructure development. The February 2025 Budget marked a shift in approach, with the government proposing substantial personal tax cuts. Effective April 1, 2025, individuals earning up to H12 Lakh annually will be fully exempt from income tax. Economists estimate that the resulting H1 Lakh Crores in tax savings could boost consumption by H3-3.5 Lakh Crores, potentially increasing the nominal private final consumption Expenditure (PFCE) by 1.5-2% of its current H200 Lakh Crores.

Free trade agreement: In a post Balance Sheet development, India and the United Kingdom announced a free trade agreement to boost strategic and economic ties. This could lead to a significant increase in the export competitiveness of Indian shipments in the UK across the textiles, toys, leather, marine products, footwear, and gems & jewellery sectors. About 99% of Indian exports to UK will enjoy zero-duty access tariff cuts; India will cut tariffs on 90% of tariff lines and 85% could become fully duty-free within 10 years.

Pay Commission impact: The 8th Pay Commission's awards could lead to a significant salary revision for nearly ten Million central government employees. Historically, Pay Commissions have granted substantial pay hikes along with generous arrears. For instance, the 7th Pay Commission more than tripled its monthly salaries, raising the range from H7,000 to H90,000 to H18,000 to H12.5 Lakh, triggering a widespread ripple effect.

Monsoons: The India Meteorological Department predicted an 'above normal' monsoon in 2025. This augurs well for the country's farm sector and a moderated food inflation outlook.

Easing inflation: India's consumer price index-based retail inflation in March 2025 eased to 3.34%, the lowest since August 2019, raising hopes of further repo rate cuts by the Reserve Bank of India.

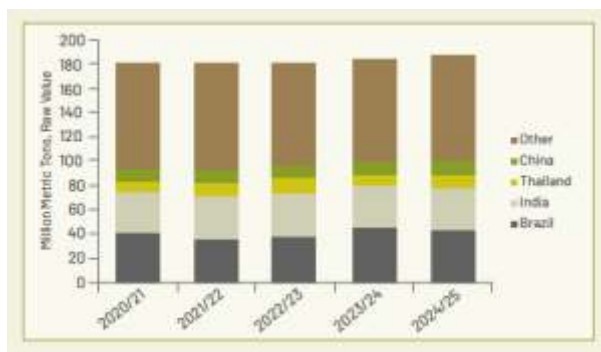

Deeper rate cuts: In its February 2025 meeting, the Monetary Policy Committee (MPC) reduced policy rates by 25 basis points, reducing it to 6% in its first meeting of FY 2025- 26. Besides, India's CPI inflation is forecasted at 4% for the fiscal year 2025-26.

Lifting credit restrictions: In November 2023, the RBI increased risk weights on bank loans to retail borrowers and NBFCs, significantly tightening credit availability. This led to a sharp slowdown in retail credit growth from 20-30% to 9-13% between September 2023 and 2024. However, under its new leadership, the RBI has prioritized restoring credit flow. Recent policy shifts have removed restrictions on consumer credit, postponed higher liquidity requirements for banks, and are expected to rejuvenate retail lending.

Global sugar sector review

Increasing urbanization, shifting consumer preferences towards convenient food options, and the rapid growth of the food service sector are collectively driving higher demand for sugar, especially due to the popularity of sweet and indulgent treats. The chemical segment of the sugar industry is expanding, propelled by the rising need for bio-based products, the redirection of surplus sugar towards ethanol production, supportive government policies, and the emergence of sustainable alternatives such as bio-plastics and specialty chemicals. The growing incorporation of sugar in cosmetic products for its natural exfoliating and moisturizing properties is becoming an important factor contributing to the industry's growth.

In 2024, global sugar production stood at 194.9 Million Tonnes, with forecasts projecting an increase to 223.1 Million Tonnes by 2033.

This growth reflects a compound annual growth rate of 1.36% during the period from 2025 to 2033.

Brazil continued to dominate the market, holding a notable 25% share in 2024. The sector's expansion was primarily fueled by rising consumer consumption of processed foods, broader pharmaceutical uses, and extensive distribution network coverage.

Performance of major sugar growing States

United States: Sugar production is projected to decline slightly to 8.4 Million Tonnes due to lower yields of sugarbeet and sugarcane in SS 2024-25. Imports are also expected to decrease, reflecting projected quota programs aligned with minimum requirements under World Trade Organization and free-trade agreement obligations. Additional factors include reduced imports from Mexico, reexports and high-tier tariff imports. While consumption remains largely unchanged, stocks are anticipated to decline due to reduced import volumes.

India: India's sugar production is projected to stand at 27 Million Metric Tonnes, while domestic consumption is anticipated to surpass 29 Million Tonnes over the year.

Brazil: For the 2024/25 season, the Centre-South region of Brazil is expected to produce 42.5 Million Metric Tonnes of sugarcane, driven by optimal weather and an increase in cultivated land.

China: Sugar production is estimated to rise by 1.0 Million Tonnes to reach 11.0 Million Tonnes in SS 2024-25, driven by an expansion in the area cultivated for both sugarcane and sugarbeets. Consumption is expected to increase slightly, supported by higher consumer spending driven by lower sugar prices. Imports are forecasted to remain steady, while stocks are anticipated to grow due to the increased production.

Thailand: Sugar production is projected to increase by 16% to 10.2 Million Tonnes in SS 2024-25, driven by favourable weather conditions that have boosted sugarcane output and sugar yields. While consumption continues to grow, the rate of increase is slower due to lower anticipated disposable income. Exports are expected to nearly double, supported by the higher production, while stock levels are forecast to drop by one-third due to the surge in exports.

EU: Sugar production is forecast to rise by 6,90,000 Tonnes, reaching 15.6 Million Tonnes in SS 2024-25, as an expansion in sugarbeet cultivation aims to meet higher demand. Consumption remains stable, while imports are expected to decline due to the increased domestic production. Despite the production growth, exports are projected to decrease compared to the elevated levels seen in recent marketing years. Stocks are anticipated to increase as a result of reduced export volumes.

Mexico: Sugar production is estimated to rise by 8% to 5.4 Million Tonnes, supported by favourable weather alleviating some drought impacts. Consumption and stock levels are expected to decline, driven by higher export volumes. Exports are projected to increase due to greater supply availability, with shipments to the United States determined by the terms of the amended suspension agreements.

Australia: Sugar production is projected to decline by 1,00,000 Tonnes to 4.0 Million Tonnes due to unfavourable rains in SS 2024-25, which left some sugarcane unharvested and deferred to the next season. Consumption is expected to increase slightly, driven by population growth, while exports are forecasted to rise despite reduced supplies, supported by strong global demand.

Indonesia: Sugar production is estimated to decrease by 3,00,000 Tonnes, reaching 2.0 Million Tonnes in SS 2024-25, due to adverse weather conditions. Consumption is projected to grow in line with population increases and higher demand from the

food and beverage industry. To meet this rising demand amid lower domestic production, imports are expected to increase, resulting in a decline in stock levels.

Turkey: Sugar production is forecasted to decline by 3,00,000 Tonnes to 3.1 Million Tonnes due to hot and dry weather in SS 2024-25. Imports are projected to more than double to compensate for the reduced production, while exports are expected to decrease. Consumption and stock levels are anticipated to remain unchanged.

Indian sugar industry overview

India holds the distinction of being the largest consumer of sugar in the world, making the sugar industry one of the most significant agro-based sectors in the country. The industry not only supports Millions of farmers but also contributes meaningfully to the rural economy and national GDP. The major by-products of sugar production are molasses, bagasse fibre, and cane wax. Cane is the syrups that remain after the sugar has been crystallized out.

India achieved a sugar production of 25.49 Million Tonnes by April in the ongoing 2024-25 sugar season, an 18% dip from last year. India's sugar availability is expected to remain comfortable due to a carry forward stock of about 8.5 Million Tonnes from the previous sugar season (2023-24). Sugar consumption is expected to reach approximately 28 Million Tonnes, a decrease from the 29 Million Tonnes consumed in the previous year. This decline is attributed to the absence of significant events, such as the 2024 General Elections, which had previously boosted sugar demand with an estimated 4 Million Tonnes of sugar (sucrose) diverted towards ethanol production and closing stocks of 8.78 Million Tonnes as of September 2025. Despite a slight reduction in acreage from 5.74 Million hectares to 5.37 Million hectares, cane yields are expected to improve, supporting a strong output of 439.93 Million Tonnes in 2024-25.

Indian sugar producers and traders are anticipating a substantial 19% decline in sugar production for the 2024–25 season. India's net sugar production for the 2024–25 season is projected to be approximately 26.4 Million Tonnes (264 Lakh Tonnes). This estimate accounts for the diversion of about 3.5 Million Tonnes of sugar towards ethanol production. The reduction from earlier forecasts is primarily due to lower sugarcane yields in key producing states like Maharashtra and Karnataka.

ISMA projected a closing stock of around 5.4 Million Tonnes by the end of the season, which exceeds the normative requirement and should help stabilize prices.

The sharpest decline is expected in Maharashtra, with a projected fall of approximately 27%, while Uttar Pradesh is likely to see a decrease of about 13%.

The Indian sugar and bioenergy manufacturers association (ISMA) provided a slightly more optimistic estimate, forecasting sugar production at around 26.4 MT, after accounting for the diversion of 3.50 Million Tonnes toward ethanol production.

At the beginning of 2025, ISMA reported total production of 23.3 Million Tonnes, with 228 mills still operational across India. In Uttar Pradesh, improved plant cane recovery and yields may extend the crushing season into April, although mills in the central and eastern regions are expected to shut by the end of March.

Meanwhile, reduced cane yield per hectare has lowered availability in Maharashtra and Karnataka, with some mills in Karnataka expected to resume operations during a special crushing season in June or July 2025. Final output projections stand at 8 Million Tonnes for Maharashtra (down from 11 Million Tonnes), 9 Million Tonnes for Uttar Pradesh (down from 10.4 Million Tonnes), and 4.1 Million Tonnes for Karnataka (lower than last year's 5.3 Million Tonnes but slightly above earlier projections).

Performance of major sugar growing states

Maharashtra: Sugar production declined to 8.07 Million Tonnes as of mid-April 2025, down from 10.94 Million Tonnes in the previous season. The decrease is attributed to reduced sugarcane yields and early closure of mills due to lower cane availability.

Uttar Pradesh: Production slightly decreased to 9.11 Million Tonnes from 10.18 Million Tonnes in the 2023–24 seasons. Despite this, Uttar Pradesh experienced the smallest decline among major producing states, owing to improved plant cane recovery and yield.

Karnataka: Sugar output fell to 4.04 Million Tonnes, compared to 5.06 Million Tonnes in the previous season. The decline is due to lower sugarcane yields and early cessation of milling operations.

Sugar exports and imports

At the beginning of 2025, India approved the export of up to 1 Million Tonnes of sugar for the year 2024-25, offering a boost to local sugar prices and enhancing liquidity. India exported 2,87,204 Tonnes of sugar by early April in the ongoing 2024–25 marketing year. This move is expected to improve realizations, supporting 50 Million farming families and 5,00,000 workers, while ensuring timely payments for sugarcane.

As the world's second-largest sugar exporter from 2018-19 to 2022-23, India played a crucial role in supplying markets like Indonesia, Bangladesh, and the UAE. Despite no exports in the 2023-24 season, the limited export quota for 2024-25, coupled with strong production prospects, signals positive market conditions.

Fair and remunerative prices

The Centre approved a H15/quintal increase in fair and remunerative price (FRP) of sugarcane for the 2025-26 season (October-September). Last year, the FRP was raised by H25/quintal. The FRP of sugarcane for season 2024-25 (October to September) stood at H340/ quintal for a basic recovery rate of 10.25%. Earlier, it was H315/quintal. There will be a premium of H3.46/quintal for every 0.1% increase in recovery over and above 10.25% and a reduction of H3.46/quintal in FRP for every 0.1% decrease in recovery.

Indian ethanol sector review

India's ethanol market was valued at \$6.51 Billion in 2023 and is expected to reach \$10.45 Billion by 2029. This growth trajectory reflects a robust CAGR of 8.84%. Ranking just behind the United States and Brazil, India now holds the position of the world's thirdlargest ethanol producer. A key pillar of its renewable energy strategy involves repurposing excess sugar into ethanol, a move that not only curbs dependency on fossil fuel imports but also reinforces the nation's commitment to meeting its COP 26 pledges.

Oil Marketing Companies (OMCs) had finalized procurement contracts for approximately 369.54 Crores litres of ethanol. Of this, 181.03 Crores litres originated from sugar-based sources, while 188.51 Crores litres came from grain-based production, marking a nearly even split with grain accounting for 51.02% and sugar for 48.98%.

India's ethanol-petrol blending rate has seen significant gains—from just 5% in 2019-20 to 12% by 2022-23. During this time, ethanol production surged from 173 Crores litres to beyond 500 Crores litres. As of the conclusion of the Ethanol Supply Year (ESY) 2024, the blend ratio had climbed to 14.6%, reflecting steady progress toward the 20% target. Impressively, by the end of March 2025, blending had already hit 18.36%, with a monthly average of 19.78% achieved for March alone— positioning India to meet its 20% target by 2025, well ahead of the initial 2030 deadline laid out under the National Policy on Biofuels (NPB) 2018.

To support this growth, the Union Cabinet recently revised the procurement price of ethanol derived from C-heavy molasses (CHM), raising it by H1.69 per litre to H57.97. The prices for ethanol produced using B-heavy molasses (BHM) and sugarcane juice (SCJ) have been maintained at H60.73 and H65.60 per litre, respectively, for a second consecutive year. This price revision benefits CHM-based producers, helping improve their operating margins. In contrast, distilleries utilizing BHM and SCJ continue to feel the pinch, especially after sugarcane prices rose by 3–5% in the previous year. As a result, production is expected to shift increasingly toward CHM and grainbased ethanol, which currently offer better returns.

Indian co-generation sector overview

Biomass plays a pivotal role in India's energy landscape, supplying nearly onethird about 32% of the nation's primary energy needs. For more than 70% of the population, it remains a vital energy source. In recent times, the bioenergy sector has demonstrated steady progress, with installed capacity rising from 10.84 GW in December 2023 to 11.35 GW by December 2024 —marking a 4.70% growth over the year. Projections suggest that the domestic biomass market could scale up to H32,000 Crores by FY 2030–31, propelled by policy-driven support and growing international interest from clean energy investors.

To expand biomass use, especially in rural and underserved areas, the Indian government has rolled out targeted interventions, particularly focused on co-generation and biogas plant development. These policies have successfully attracted global green energy firms keen to participate in India's expanding market for sustainable and dependable power sources. As energy demand continues to climb, biomass is expected to be a vital contributor to meeting this demand sustainably.

As part of its broader clean energy roadmap, India has anchored biomass development under the National Bioenergy Programme, which is being executed by the Ministry of New and Renewable Energy (MNRE) from 2021 through 2026. Phase-I of the programme is backed by a budgetary allocation of H858 Crores and is structured around three main components. The first is the Waste to Energy initiative, designed to harness energy from agricultural, municipal, and industrial waste streams—complementing the SATAT scheme's vision of commissioning 5,000 compressed biogas (CBG) plants. The second stream, the Biomass Programme, is focused on fostering pellet and briquette production while also pushing biomass co-generation as a solution to address crop residue burning. The third segment, the Biogas Programme, promotes decentralized energy through biogas plants tailored for small to mid-sized rural applications. Together, these schemes aim to shift the country away from fossil fuels, mitigate pollution, and generate economic opportunities at the grassroots level.

The sustained implementation of these policy measures is expected to deliver bioenergy, close to 130 Million Tonnes of oil equivalent (Mtoe) by 2040 meeting roughly 15% of India's total projected energy requirement.

Government initiatives

The government capped sugar diversion for ethanol making at 17 Lakh Tonnes for the current 2023-24 season (October-September) in view of likely fall in sugar production due to drought in parts of Maharashtra and Karnataka. The government had recently announced an incentive for ethanol made from maize. But since the sugarcane crop is more efficient in terms of water, nutrients, land use or carbon sequestration, as compared to maize, sugarcane also deserves to be supported more by the government. *(Source: business-standard.com)*

Demand drivers in the sector

Growing population: The population of India is projected at 1.46 Billion as of March 31, 2025, a 0.92% increase from 2023. This steady growth ensures a broader market reach for the Company.

Environmental growing conditions: Sugar cultivation in India is expected to rise, as South India's milder summers and frost-free, moderate winters create favorable growing conditions.

Beverage market gap: India's low nonalcoholic beverage consumption offers strong growth potential.

More demand for related products: The tea industry in India was valued at H 1.00 trillion in 2024 and is expected to reach H 1.47 trillion by 2029, expanding at a compound annual growth rate (CAGR) of 6.98% (2025-2030). Sugar, a complementary good to tea, is expected to see parallel growth.

Value-addition importance: The growing consumer interest in enhanced products is fueling expansion in the packaged goods sector.

Rising end-product demand: The growing appetite for sweets and chocolates is directly driving higher sugar consumption.

Pharmaceutical industry: India's pharmaceutical industry, valued at around US\$58 Billion, is projected to reach US\$120-130 Billion by 2030 and US\$400-450 Billion by 2047. Sugar's vital role in pharmaceutical production supports industry expansion.

Risk, Concern and Threats

The Company recognizes that risk is inherent to any business activity and that managing risk effectively is critical to the immediate and future success of the Company. The Company having many risk, concern like:-

1. The distance between the mills and cane fields are expected to pose a risk to the Company's business.
2. The Company could get affected by a situation of excess of supply over demand.
3. The Company may face risks involved in the procurement of sugarcane.
4. The Company may face the risk of low-quality sugarcane
5. The Company may face risks due to increasing debts.
6. Climatic vagaries could impact cane availability, quality and recovery
7. A change in the regulatory environment could impact operations

Risk management at our organization,

At PSPL, the corporate policy (and in effect our ability to manage organisational risk) is framed by our Board of Directors, comprising esteemed professionals with vast industry experience. Our governance principles, including overall risk tolerance, are directed by the Board of Directors. Our Board is assisted by various committees with specific functions like Risk Management Committee, Audit Committee, Stakeholders' Relationship Committee, Nomination and Remuneration Committee and Corporate Social Responsibility Committee, which also includes Board member(s) who report their findings to the Board of Directors. As a governance initiative, we ensure that members within our risk management structure are acquainted with our risk strategy and processes, ensuring complete transparency as well as improved ability to manage everyday risks. Our risk governance boosts the development and maintenance of an effective risk and control culture.

We have the following procedure for mitigation the risk:-

1. Risk identification
2. Risk assessment
3. Development, implementation and follow up of risk management activities
4. Monitoring

Internal Control systems and their adequacy

The Company's internal audit system is being continuously monitored and updated to ensure that assets are safeguarded, established regulations are complied with and pending issues are addressed promptly. The audit committee reviews reports presented by the independent internal auditors on a routine basis. The committee makes note of the audit observations and takes corrective actions, if necessary. It maintains constant dialogue with statutory and internal auditors to ensure that internal control systems are operating effectively

Human Resource Management

The Company believes that the quality of the employees is the key to its success and is committed to equip them with skills, enabling them to seamlessly evolve with ongoing technological advancements. During the year, the Company organised training programmes in different areas such as technical skills, behavioural skills, business excellence, general management, advanced management, leadership skills, safety, values and code of conduct. The Company's employee strength stood at 489 as on 31 March, 2025.

Cautionary Statement

Statements in the Management Discussion and Analysis relating to the Company's objectives, predictions, and outlook may be "forward-looking statements" within the meaning of applicable securities laws and regulations. 36. **Voting through electronic means:**

Members are requested to carefully read the below mentioned instructions for remote e-voting before casting their vote.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on **Sunday, 14th September, 2025 at 9:00 A.M. (IST) and ends on Tuesday, 16th September, 2025 at 5:00 P.M. (IST)**. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **Wednesday, 10th September, 2025** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November, 2024,, under Regulation 44 of Securities and Exchange Board of India (LODR)) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non institutional shareholders/retail shareholders is at a negligible level.
- (iv) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode

- (v) In terms of Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November, 2024, e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. EXPLANATORY STATEMENT IN TERMS OF SECTION 102 OF THE COMPANIES ACT, 2013 IN RESPECT OF SPECIAL BUSINESSES

Item No 3:

In accordance with the provisions of Section 148 of the Companies Act, 2013 ('the Act') and the Companies (Audit and Auditors) Rules, 2014 and the Companies (Cost Records and Audit) Amendment Rules, 2014 ('the Rules') the Company is required to appoint a Cost Auditor to audit the cost records of the Company.

On the recommendation of the Audit Committee, the Board of Directors at their Meeting has approved the appointment of M/s. Sanjay Kasliwal & Associates, Cost Accountants, Bhopal (ICWAI Firm Registration No. 100888), as Cost Auditor to conduct the audit of the cost records of the Company for the Financial Year ended March 31, 2026 at a remuneration of Rs. 30,000/- (Rupees Thirty Thousand only) plus applicable taxes and reimbursement of out of pocket expenses at actual, subject to ratification by the members in the 14th Annual General Meeting.

Accordingly, consent of the members is sought for passing an ordinary resolution as set out at Item No. 3 of the Notice for ratification of remuneration payable to the Cost Auditor for the Financial Year ended March 31, 2026.

Item No. 4:

Pursuant to provisions of Section 204 of the Companies Act, 2013, and relevant rules thereunder and Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"), every listed company is required to annex with its Board's Report, a secretarial audit report, issued by a Practicing Company Secretary.

Pursuant to the Listing Regulations, shareholders' approval is required for appointment of Secretarial Auditors. Further, such Secretarial Auditor must be a peer reviewed Company Secretary from Institute of Company Secretaries of India (ICSI) and should not have incurred any of the disqualifications as specified by SEBI.

In compliance with the aforesaid provision, the Board of Directors, on the recommendations the Audit Committee, at their meeting held on 30th May, 2025, has approved the appointment of M/s. Piyush Bindal & Associates., Practicing Company Secretaries (FRN: S2012MP186400; C.P. No. 7442; Peer review No. 922/2020), as Secretarial Auditor of the Company to hold office from Financial Year 2025-26 till 2029-30.

Pursuant to Regulation 24A of SEBI (LODR) Regulations, 2015, the approval of the shareholder is sought for appointment of the M/s. Piyush Bindal & Associates.. as Secretarial Auditor of the Company to hold office from Financial Year 2025-26 till 2029-30 at such remuneration as may be decided by the Board.

M/s. Piyush Bindal & Associates., has given their consent to act as the Secretarial Auditors, confirmed that they hold a valid peer review certificate issued by ICSI and that they are not disqualified from being appointed as Secretarial Auditors.

The documents related to appointment of M/s. Piyush Bindal & Associates., are available for inspection at both the Registered Office and the Corporate office of the Company. These documents are also accessible on the Company's website.

None of the Directors, Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise in the resolution no. 4 set out in this Notice.

ITEM NO. -5:

The financial performance of the Company in the financial year ended 31 March, 2025 did not meet expectations and it is possible that the Company will also have inadequate profits in the financial year 2024-25.

Under Section 197 of the Companies Act, 2013, if in any financial year a company has no profits or its profits are inadequate, payment of remuneration to its directors including any managing or whole time director (exclusive of sitting fees payable to directors) may be made only in accordance with the provisions of Schedule V. Section II of Schedule V to the Companies Act, 2013 provides that where in any financial year during the tenure of a managerial person, a company has no profits or its profits are inadequate, it may without Central Government approval, pay remuneration to the managerial person not exceeding the limits set out below:

(1)	(2)
Where the effective capital is	Limit of yearly remuneration payable shall not exceed (Rupees)
i. Negative or Less than 5 Crores	60 Lakhs
ii. 5 Crore & above but less than 100 Crores	84 Lakhs
iii. 100 Crores & above but less than 250 Crores	120 Lakhs
iv. 250 Crores & above	120 Lakhs plus 0.01% of the effective capital in excess of 250 Crores.

Hence, consent of members is sought for appointment and payment of remuneration to Mrs. Poonam Chouksey (DIN-02110270) as may be decided by Board of Directors but not exceeding 84 Lakhs in case of no profits or its profits are inadequate.

The management of the Company believes that the remuneration proposed for payment to Mrs. Poonam Chouksey (DIN-02110270) is justified in terms of her role and contribution within the Company. Accordingly, the Board recommends the resolution set forth in item no. 5, for the approval by the members of the Company by way of Special Resolution.

None of the Directors, Key Managerial Personnel and their relatives other than Mrs. Poonam Chouksey and her relatives are, in any way, concerned or interested in the said resolutions.

INDEPENDENT AUDITOR'S REPORT

To the Members of Parvati Sweetners and Power Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying IND AS financial statements of Parvati Sweetners and Power Limited, which comprise the balance sheet as at March 31, 2025 and the statement of Profit and Loss, statement of changes in equity (Including other comprehensive income) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at March 31, 2025 and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Director's Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company of which we are the independent auditors to express an opinion on the Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the components which have been audited by us. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

1. Balances in account of trade receivables, trade payable and loans and advances including those balances appearing in current assets, loans and advances and liabilities are subject to confirmation and reconciliation. The financial statements do not include the impact of adjustment, if any, which may arise out of the confirmation and reconciliation process.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended.

- (e) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (f) On the basis of the written representations received from the directors as on 31 March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 39 to the financial statements.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) (I) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner by or on behalf of the Company whatsoever ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 - (iii) Based on audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above contain any material mis-statement.
 - e) The Company has not declared or paid any dividend during the year.
 - f) Based on our examination, which included test checks, the Company have used accounting software for maintaining books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of accounting software.
 - g) In our opinion and according to the information and explanations given to us, the remuneration paid to its director is in excess of the limits laid down under the section 197 of the Act. Further, it has been prescribed that there are certain additional compliances which the Company has to comply if the remuneration has been in excess of the limit prescribed under the Act. Based on our examination, we would like to state that the Company has complied with the prescribed provisions of the Act.

Annexure A to the Independent Auditors' Report (referred to in our report of even date to the members of Parvati Sweetners and Power Limited as at and for the year ended 31 March, 2025)

- (I) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment except for furniture and fixtures and plants where the records are maintained for group of similar assets and not for each individual asset.
- (b) Property, plant and equipment were physically verified by the management during the year in accordance with a planned program of verifying all of them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in Property, plant and equipment (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee) are held in the name of the company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventories have been physically verified during the year by the management at reasonable intervals. In our opinion, the frequency of such verification is reasonable. According to the information and explanations given to us and as examined by us, no material discrepancies were noticed on such verification.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the monthly returns and quarterly statements filed by the Company with such banks are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, the provisions of clause 3(iii)(a), (b), (c), (d), (e) and (f) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable. Based on our audit procedures performed and according to information and explanations given by the management, the Company has complied with provisions of section 186 of the Act in respect of loans granted and investments made.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 related to manufacture of products. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company has generally been regular in depositing undisputed statutory dues and other material statutory dues applicable to it to the appropriate authorities. As explained to us, the Company did not have any dues on account of income tax, provident fund, goods and service tax, employee state insurance, sales tax, service tax, duty of customs, duty of excise of customs and value added tax.

According to the information and explanations given to us, no undisputed amounts payable in respect of income-tax and other material statutory dues were in arrears as at March 31, 2025 for a period of more than six months from the date they became payable other than those mentioned below:

Name of statute	Nature of Dues	Amount (Rs.)	Period to which amount Relates
MadhyaPradesh Professional Tax Act, 1995.	Professional Tax	3,990	2022-23

- (b) According to the information and explanations given to us, there are no dues in respect of income-tax, provident fund, goods and service tax and other material statutory dues which have not been deposited with appropriate authorities on account of any dispute other than those mentioned below:

Name of statute	Nature of Dues	Amount (Rs.)	Period to which amount Relates
Income Tax Act, 1961	Income Tax	1,03,400	2020-21
Income Tax Act, 1961	Income Tax	2,53,869	2017-18

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

- (ix) (a) In our opinion and according to information and explanations given by the management, the Company has not defaulted in repayment of dues to bank or government. The Company did not have any outstanding dues in respect of financial institutions or debenture holders during the year.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.

- (c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, as defined in the Act. The Company does not hold any investment in any associate or joint venture during the year ended 31, March 2025.

- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries.

- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

- (xi) (a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no material fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.

- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules,

2014 with the Central Government.

- (c) According to the information and explanations given to us, no whistle-blower complaints have been received during the year.
- (xii) In our opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clauses 3(xvi)(a) and 3(xvi)(b) of the Order are not applicable.

(b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(c) According to the information and explanations provided to us during the course of audit, the Group does not have any CICs.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report of Even Date on the Financial Statements of Parvati Sweeteners & Power Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")

Opinion

We have audited the internal financial controls over financial reporting of Parvati Sweeteners & Power Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management and Board of Director's responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning Of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Parvati Sweetners and Power Limited

Note to financial statements for the year ended 31st March 2025

All amounts have been rounded to the nearest lakhs, unless otherwise indicated

Notes forming part of Standalone Financial Statements for the year ended 31st March 2025

A. Corporate Information

Parvati Sweetners and Power Limited ("the Company") was incorporated as Parvati Sweetners & Power Private Limited on 13th December, 2011 and later converted into a Public Limited Company on 24th January 2012 and its shares are listed on Bombay Stock Exchange (BSE). Parvati Sweetners and Power Limited is a manufacturer of Sugar, and its by-products. The company has its registered office in Bhopal, Madhya Pradesh. The company has an Sugar, its by-products manufacturing plant at Village Sankhini, Tehsil Bitarwar, District: Gwalior.

B. Significant accounting policies

i. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with section 133 of the Companies Act, 2013.

ii. Basis of Preparation and Presentation:

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

The financial statements including notes thereon are presented in Indian Rupees ("Rupees" or "INR"), which is the Company's functional and presentation currency. All amounts disclosed in the financial statements including notes thereon have been rounded off to the nearest lakhs ('00,000) as per the requirement of Schedule III to the Act, unless stated otherwise.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

iii. Inventories

Inventories are valued at lower of cost and net realisable value, except scrap are valued at net realisable value. Cost of inventory is arrived at by using Moving Average Price Method. Cost of inventory generally comprises of cost of purchase, cost of conversion and other cost incurred in bringing the inventory to their present location and condition.

By products and Saleable scraps, whose cost is not identifiable, are valued at estimated net realisable value.

iv. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and that the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company assesses its revenue arrangements against specific criteria, i.e., whether it has exposure to the significant risks and rewards associated with the sale of goods or the rendering of services, in order to determine if it is acting as a principal or as an agent. Revenue is recognised, net of trade discounts, and taxes, as applicable.

(i) Revenue recognition Sale of Goods

Revenue from Sale of goods is recognised at the time of transfer of substantial risk and rewards of ownership to the buyer for a consideration. It includes excise duty and cess and excludes GST, Sales Tax / VAT, Trade discounts and rebates.

(ii) Operation and Maintenance Income

Income from services is recognized as they are rendered (based on arrangement / agreement with the concern customers).

(iii) Dividend and Interest income

Dividend income from investments is recognised when the right to receive dividend has been established.

Interest income recognised on accrual basis. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

v. Property, Plant and Equipment

(i) Property, plant and equipment

Recognition and measurement

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price net of recoverable taxes, trade discounts and rebates, incidental expenses, erection/ commissioning expenses, borrowing cost, any directly attributable cost of bringing the item to its working condition for its intended use and costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate components of property, plant and equipment.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, Free hold land is measured at cost.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

(ii) Depreciation

Depreciation on fixed assets is provided in the manner specified in Schedule II to the Companies Act, 2013. Depreciation of an asset is the difference between Original cost / revalued amount and the estimated residual value and is charged to the statement of profit and loss over the useful life of an asset on straight line basis. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of land and Assets held for sale are not depreciated.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

vi. Intangible assets

Intangible assets are held at cost less accumulated amortisation and impairment losses. Intangible assets developed or acquired with finite useful life are amortised on straight line basis over the useful life of asset.

The useful lives of intangible assets are assessed as either finite or indefinite. The Company currently does not have any intangible assets with indefinite useful life. Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

vii. Impairment of Non-Financial Assets

- Property, Plant and Equipment and Intangible Assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use).

The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

viii. Foreign currency transactions and translations

- (i) All transactions in foreign currency are recorded at the rates of the exchange prevailing on the dates when the relevant transactions took place; any gain/ loss on account of the fluctuations in the rate of exchange is recognized in the statement of Profit and Loss.
- (ii) Monetary items in the form of loans, current assets and current liabilities in foreign currencies at the close of the year are converted in the Indian currency at the appropriate rate of exchange prevailing on the dates of the Balance Sheet. Resultant gain or loss on account of fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.
- (iii) Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated in to functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

ix. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

The Company has chosen to present grants related to an asset item as other income in the statement of profit and loss.

x. Employee benefits

Defined Contribution plan

Provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense when an employee renders the related service.

xi. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xii. Segment Accounting Policies

- (i) The company has disclosed business segment as the primary segment. Based on the criteria mentioned in Ind AS 108 "Operating Segment" the company has identified its reportable segments.

The Chief Operating Decision Maker (CODM) evaluates the company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as performance indicator for all of the operating segments.

The Company has no reportable segment.

xiii. Leases

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation/amortisation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated/amortised using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

xiv. Tax Expenses

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

xv. Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but its existence is disclosed in the financial statements.

xvi. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

(i) Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(ii) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. On initial recognition, the company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

(iv) Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

(v) Impairment of financial assets (other than at fair value)

The company assesses at each date of balance sheet whether a financial asset or a company of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Financial liabilities and equity instruments Classification as debt or equity Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(vi) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

(vii) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

(viii) Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts.

(ix) Derecognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(x) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in balance sheet when and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on net basis or to realise the asset and settle the liability simultaneously.

xvii. Investment in Subsidiaries

Investment in subsidiaries are measured at cost as per Ind AS 27 – Company have no Subsidiary.

xviii. Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

xix. Cash Flow Statement

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

xx. Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares

been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

xxi. Use of critical estimates, judgements and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(i) Property, plant and equipment

On transition to IND AS, the Company has adopted optional exemption under IND AS 101. On Property, plant and equipment depreciation charged on cost amount less estimated salvage value. Property, plant and equipment also represent a significant proportion of the asset base of the Company. Therefore, the estimates and assumptions made to determine their carrying value and related depreciation are critical to the Company's financial position and performance.

(ii) Intangibles

Internal technical or user team assesses the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

(iii) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities.

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

(iv) Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(v) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

38. Corporate Social Responsibility

The company does not fall under section 135 of Corporate Social Responsibility.

39. Contingent liabilities and commitments

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the entity, or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

As at March 31, 2025, there are pending litigations against the Company but it does not have any financial impact in the financial statement. Accordingly, contingent liability has not been created in the financial statement.

Note-40: Financial risk management objectives and policies

In its ordinary operations, the companies activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The company has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks:

a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates (currency risk) and interest rates (interest rate risk), will affect the companies income or value of it's holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

i) Interest rate risk

Interest rate risk is the risk the the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rate. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing financial instrument because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing financial instrument will fluctuate because of fluctuations in the interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from banks. Currently company is not using any mitigating factor to cover the interest rate risk.

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Interest rate risk exposure		
Borrowings from banks	2,289.22	4,200.88
Total borrowings	2,289.22	4,200.88

ii) Interest rate sensitivity

The sensitivity analysis below have been determined based on exposure to interest rates for borrowing at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in case of term loans that have floating rates. If the interest rates had been 1% higher or lower and all the other variables were held constant, the effect on Interest expense for the respective financial years and consequent effect on companies profit in that financial year would have been as below:

Particulars	Year ended 31st March 2025	Year ended 31st March 2024
Impact on Profit or Loss for the year decrease	22.89	42.01
Impact on Profit or Loss for the year Increase	(22.89)	(42.01)

iii) Foreign currency risk

Company Have No Foreign Currency Exposure

(b) Credit risk

Credit risk is the risk that arises from the possibility that the counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Financial assets that are subject to such risk, principally consist of trade receivables, Investments and loans and advances. None of the financial instrumts of the company results in material concentration of credit risk.

Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

Trade and other receivables

The ageing analysis of the trade receivables has been considered from the date the invoice falls due:

Particular	Year ended 31st March 2025	Year ended 31st March 2024
Up to 6 months	-	164.13
More then 6 months	40.13	16.24
Total	40.13	180.37

The following table summarizes the change in the loss allowances measured using expected credit loss:

Particulars	Amount
Balance as at 31st March, 2024	-
Provided during the year	-
Reversed during the year	-
Balance as at 31st March, 2025	-

Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(c) Liquidity risk:

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due.

The Company has obtained fund and non-fund based working capital lines from various banks. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, process and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stake holders.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2025 and 31st March, 2024.

Note-41: Financial Instruments by Category and fair value heirarchy

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values.

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Ind AS. An explanation for each level is given below:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.
