- 9) In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company as on the cut-off date will be entitled to vote during the AGM.
- 10) In compliance with the MCA and SEBI Circulars, Notice of the AGM along with the Annual Report for FY

2024-25 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories. The Members may note that the AGM Notice and Annual Report for FY 2024-25 will also be available on website of the Company, i.e. www.ceejayfinance.com; website of the Stock Exchange i.e. BSE Limited at www.bseindia.com and on the website of the CDSL www.evotingindia.com.

- 11) Members holding shares in demat form are requested to intimate any change in their address and / or bank details immediately to their Depository Participants and to M/s. MUFG Intime India Private Limited (Formerly M/s. Link Intime India Private Limited) Registrar & Share Transfer Agent (RTA) of the Company in case shares are held in physical form.
- 12) To support 'Green Initiative' Shareholders who hold shares in electronic mode and who have not registered their email addresses, so far, are requested to register their email address and changes therein from time to time, with their concerned Depository Participant. Shareholders who holding shares in physical mode are requested to register their email addresses with the Company/RTA.
- 13) Members desiring any relevant information with regard to the Accounts or any other matter at the Annual General Meeting are requested to write to the Company at least 7 (seven) days before the date of the meeting through email at cs@ceejayfinance.com to enable the management to keep the required information available at the meeting.
- 14) The Securities and Exchange Board of India ("SEBI") vide its circular dated 20th April, 2018 has mandated registration of Permanent Account Number (PAN) and Bank Account Details for all physical securities holders. Members holding shares in physical form are therefore, requested to submit their PAN and Bank Account Details to M/s. MUFG Intime India Private Limited (Formerly M/s. Link Intime India Private Limited) the Company. Members holding shares in demat form are requested to submit their PAN and update Bank Details and e-mail ID, with their respective Depository Participant.
- 15) As per Regulation 40 of the Listing Regulations, as amended, securities of listed Companies can be transferred only in dematerialized form with effect from, 1st April, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrar and Transfer Agent for assistance in this regard.
- 16) The Register of Directors and Key Managerial Personnel and their Shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the Members during the AGM. All documents referred to in the accompanying Notice will also be available for electronic inspection without any fee by the Members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email at cs@ceejayfinance.com.
- 17) Members are entitled to make nomination in respect of shares held by them. Members desirous of making nominations are requested to send the prescribed Form (SH-13) duly filled in and signed by them to the Depository Participants in case the shares are held in electronic form and to Registrar & Share Transfer Agent of the Company in case shares are held in physical form.
- 18) A dividend of ₹ 1.20/- per equity share has been recommended by the Board of Directors for the year ended 31st March, 2025, subject to the approval of the Members at the ensuing Annual General Meeting, is proposed to be paid within 30 days from the date of declaration by electronic mode to those Shareholders holding shares in electronic form/demat and having registered relevant bank details. In respect of those Shareholders holding shares in physical form or in case of electronic payment rejected, the Company will dispatch dividend warrants / cheques to such Shareholders through postal services.
- 19) The Company has fixed Friday, 12th September, 2025 as the 'Record Date' for determining entitlement of Members to final dividend for the financial year ended 31st March, 2025, if approved at the AGM.
- 20) Those Members who have so far not en-cashed their dividend warrants may claim or approach the Company for the payment thereof as the same will be transferred to the Investors' Education and Protection Fund (IEPF) of the Central Government, pursuant to Section 125 of the Companies Act, 2013.
- 21) Shareholders may note that pursuant to the Income Tax Act, 1961, as amended by the Finance Act, 2020, dividends paid or distributed by a Company after 1st April 2020 shall be taxable in the hands of the Shareholders. No tax will be deducted on payment of dividend to the Resident Individual Shareholders

if the amount of dividend payable does not exceed ₹ 5,000/-. Your Company shall therefore be required to deduct tax at source at the time of making the payment of the said dividend payable. The Shareholders are requested to update their PAN with the Company / RTA. (in case of shares held in physical mode) and depositories (in case of shares held in demat mode). However, no tax or reduced tax shall be deducted on the dividend payable by the Company in cases the Shareholder provides Form 15G (applicable to any Resident Individual other than a Company or a Firm) / Form 15H (applicable to Resident Individuals above the age of 60 years) / Form 10F (applicable to Non-Residents), provided that the eligibility conditions are being met. Disclaimer: This Communication is not to be treated as a tax advice from the Company or its affiliates or M/s. MUFG Intime India Private Limited (Formerly M/s. Link Intime India Private Limited) Shareholders should obtain the tax advice related to their tax matters from a tax professional.

22) **22) THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:**

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual Shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of Shareholders holding shares in physical mode and non-individual Shareholders in demat mode.

- i) The voting period begins on Tuesday, 23rd September, 2025 at 09.00 a.m. (IST) and ends on Friday, 26th September, 2025 at 05.00 p.m. (IST). During this period Shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the Cut-off Date of 20th September, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its Shareholders, in respect of all Shareholders' resolutions. However, it has been observed that the participation by the public non-institutional Shareholders/retail Shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the Shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual Shareholders holding shares in demat mode.

- iv) In terms of the aforesaid SEBI Circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 on e-Voting facility provided by Listed Companies, Individual Shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Company Secretary & Compliance Officer

THE STATEMENT SETTING OUT THE MATERIAL FACTS CONCERNING EACH ITEM OF SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4.

The Company is proposing to enter into certain business transactions with related parties as described in this explanatory statement up to the next AGM of the Company (for a period not exceeding Fifteen Months). All transactions to be entered into by the Company with related parties are in the ordinary course of business and are at arm's length basis and necessary approvals as required in compliance of the provisions under the Companies Act / the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") have already been obtained from the Audit Committee / Board.

Pursuant to Regulation 23 of the Listing Regulations, all Related Party Transactions shall require prior approval of the Audit Committee and all material transactions with related parties shall require approval of the Members of the Company through a Resolution and all related parties shall abstain from voting on such Resolution.

It may be noted that as per the amended definition provided in the explanation to Regulation 23 (1) of the Listing Regulations, a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds rupees one thousand crore or ten per cent of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. The amended Regulation 2(1)(zc) of the Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

Members may importantly note that the Company has been undertaking such transactions of similar nature with the said related parties in the past financial years, in the ordinary course of business and on arms' length after obtaining requisite approvals. The maximum annual value of the proposed transactions with below mentioned related parties is estimated on the basis of Company's current transactions with them and future business projections.

The Company is one of the Non-Banking Financial Companies (NBFC), primarily engaged in the business of loan financing. Accordingly, the lending book of the Company consists of diversified products, customer segments, geographies and varying tenors (Short Term and Long Term). Considering the nature of business and operations of the Company, the Company enters into various Related Party Transactions in the ordinary course of business.

The Management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with related parties for an aggregate value as mentioned hereunder in a table to be entered up to the next AGM of the Company (for a period not exceeding Fifteen Months). The Audit Committee has noted that the said transactions are/will be on an arms' length basis and in the ordinary course of business of the Company.

Accordingly, approval of the Members is sought for the arrangements/transactions/contracts undertaken whether by way of continuation/extension/renewal/modification/ratification of earlier arrangements/transactions/contracts/agreements.

The following arrangements/transactions/contracts/agreements which may be entered into by the Company with its related parties, from time to time, defined below are estimated to exceeds the threshold limit as prescribed in the above para and therefore it is consider as material related party transactions. Accordingly, it requires approval of the Company by way of passing of an Ordinary Resolution.

Details of Proposed Related Party Transaction up to the next AGM of the Company (for a period not exceeding Fifteen Months).

Details of the proposed RPTs between the Company and it's Related Parties including the information required to be disclosed in the Explanatory Statement pursuant to the SEBI Circular, are as follows:

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economic Overview

Global growth is projected at 3.3 percent both in 2025 and 2026, below the historical (2000-19) average of 3.7 percent. The forecast for 2025 is broadly unchanged from that in the October 2024, primarily on account of an upward revision in the United States offsetting downward revisions in other major economies. Global headline inflation is expected to decline to 4.2 percent in 2025 and to 3.5 percent in 2026, converging back to target earlier in advanced economies than in emerging market and developing economies.

Rising geopolitical tensions and widening domestic imbalances - in particular, weak demand in China and strong demand in the United States - have renewed concerns about global imbalances. Other nonmarket policies and state interventions could also contribute to external imbalances. The volume of international trade in percent of world GDP has been broadly stable, but structural changes have been taking place nonetheless.

For emerging market and developing economies, growth under the reference forecast is projected to drop to 3.7 percent in 2025 and 3.9 percent in 2026, following an estimated 4.3 percent in 2024. This is 0.5 and 0.4 percentage point lower, respectively, compared with the rate projected in the January 2025.

Global headline inflation is expected to decline to 4.3 percent in 2025 and to 3.6 percent in 2026. Inflation is projected to converge back to target earlier in advanced economies, reaching 2.2 percent in 2026, compared with emerging market and developing economies, for which it declines to 4.6 percent over the same time horizon. Compared with that in the January 2025, the global inflation forecast is slightly higher (Source: IMF World Economic Outlook - January, 2025 and April, 2025).

Emerging markets such as China and India are expected to show stronger growth in 2025 and in 2026 despite global uncertainties. Even so, economies are expected to stay resilient by adopting new technologies and implementing strategic policy measures.

Indian Economy Overview

India's GDP at constant (2011-12) prices grew by 6.7 per cent and 5.4 per cent in Q1 and Q2 FY25, respectively. This implied a real GDP growth of 6.0 per cent in the first half of the current fiscal.

India's monetary and financial sectors have performed well in the first nine months of FY25. The financial sector is currently undergoing a transformative period marked by several emerging trends. Notably, there is an increase in the share of consumer credit in overall credit extended by banks and a rise in non-bank financing options. Additionally, equity-based financing has gained popularity, with the number of initial public offerings (IPOs) increasing sixfold between FY13 and FY24. While these developments herald a new era for the financial sector, they also introduce potential risks from a regulatory standpoint. The rise in consumer debt, the expansion of unsecured lending, and the growing number of young investors underscore the need for balancing growth and stability. Such regulation should encourage financial sector growth while ensuring stability and resilience.

The financial sector is witnessing a moment of positive flux, with several changes taking shape. Firstly, there is a rise in the share of consumer credit in overall credit extended by banks. Between FY14 and FY24, the share of consumer credit in total bank credit increased from 18.3 per cent to 32.4 per cent. Secondly, there has been a rise in non-bank-based financing in recent years. Banks' share in total credit has declined from 77 per cent in FY11 to 58 per cent in FY22. Simultaneously, there has been a rise in NBFCs and bond market financing. Thirdly, equity-based financing has catapulted to popularity, with IPO listings growing six times between FY13 and FY24 and India being ranked first globally in terms of the number of IPO listings in FY24. Young investors are also driving the equity boom under the age of 30. As a report by the NSE notes that between March 2018 to September 2024, the proportion of young investors surged from 23 per cent to 40 per cent.

These emerging trends mark the dawn of a new era for India's financial sector. However, they also bring regulatory challenges and potential risks that cannot be overlooked. One critical risk to guard against is the dominance of financial markets in shaping policy and macroeconomic outcomes, a phenomenon known as 'financialisation.' The consequences of financialisation are evident in advanced economies, where it has led to unprecedented levels of public and private sector debt - some visible to regulators and some not. Economic growth in such contexts becomes overly reliant on rising asset prices to offset leverage, exacerbating inequality and asset market considerations that may overly influence public policies, particularly regulatory ones. As India strives to align its financial system with its economic aspirations for 2047, she should strive to maintain the fine balance between financial sector development and growth on the one hand and financialisation on the other. It means that the country has to chart its path with respect to its context, considering the levels of financial savings in households, its investment needs, and levels of financial literacy. Ensuring that incentives in the sector are consistent with national growth aspirations is a policy imperative (Source: Economic Survey 2024-25).

Industry Structure and Developments

In the recent decade, Non-Banking Financial Companies (NBFCs) have emerged as one of the principal institutions in providing credit financing to the unorganized underserved sector. NBFCs continue to leverage their superior understanding of regional dynamics and customized products and services to expedite financial inclusion in India. NBFCs have a systematically important role in the Indian financial system. They provide a means of financial inclusion for those who do not have easy access to credit. NBFCs have not only revolutionized the way the lending system operates in India over the last decade, but they have also merged digitization and technology to provide customers with a quick and convenient financing experience. Thus, accessing the large untapped demographic of the Indian subcontinent and setting the way for economic prosperity.

Focusing on the low-income groups and untapped segments of the society/economy, the NBFCs provide a plethora of services, including MSME financing, Home Finance, Microfinance, Gold loan and other retail segments. With small-ticket loan forming the major chunk of the business, NBFCs have further integrated with Fintech and developed newer products of the technological age. Leveraging on the hybrid model of physical and digital delivery, NBFCs have unlocked vast opportunities for the decades to come. The Government has also shown major focus towards the development of these NBFCs and have been working on governance measures to strengthen the systemic importance of the NBFCs. Given the increasing importance of NBFCs, the RBI, in the last few years, has increased its regulatory oversight over the sector.

Opportunities

The Company is expecting good opportunities in the upcoming financial year. It has witnessed considerable growth in the last few years and is now being recognized as complementary to the banking sector due to implementation of innovative marketing strategies, introduction of tailor-made products, customer-oriented services and simplified procedures, etc.

The Government is encouraging banks to use the co-origination model of financing to address the needs of the Micro, Small and Medium Enterprises (MSME) in the country, especially in smaller towns. The Reserve Bank of India (RBI) revised the co-lending scheme to provide greater operational flexibility to lenders with an aim to improve credit flow to the unserved and underserved sector of the economy. This helps flow of credit at a lower cost to a wider market. The Reserve Bank of India's (RBI)'s decision to enable banks and NBFCs (including HFCs) to co-lend is crucial to the progress of NBFCs in India. This has allowed banks and NBFCs to leverage their respective strengths and offer better lending options to the economically weaker sections. Co-lending is an important tool to increase the microfinance, MSME and affordable housing portfolio, a win-win situation for both banks and NBFCs. Co-lending is anticipated to boost NBFCs' performance as better loan originators, allowing them to reach a broader audience and provide a better customer care experience. While banks have greater liquidity, NBFCs have better reach and origination capabilities. Co-lending, which was developed as a means of increasing liquidity, has opened up new opportunities for NBFCs to expand and succeed.

Threats

Unanticipated changes in regulatory norms: The appropriate supervision and regulation of NBFC sector is a prerequisite for India's overall financial development. Non-bank lenders' regulatory structure has been changing over time to ensure prudent supervision and regulation. However, unexpected regulatory changes and restrictions, may increase compliance costs and adversely impact the way current products or services are produced or delivered.

Technology disruption: In India, the NBFC business is undergoing rapid technological development. Technology-based innovation has become essential to the Company's success. It has become critical to stay on top of the competition when it comes to new generation digital innovations. The potential of disruptions induced by developing technologies, however, always remain.

Liquidity squeeze: NBFCs rely on external funding to fulfill the financing needs of their customers. A liquidity crunch arising from reduced loan recovery, external funding or other unforeseen events could adversely impact the loan disbursement cycle of the NBFCs leading to subdued performance.

Global economic slowdown: The global scenario is as complex as it is uncertain. A global economic downturn might be disastrous for emerging economies. Erratic capital flows, currency volatility, migration restrictions, and global trade barriers might all have adverse impacts on the productivity and business of the NBFC sector.

Global geopolitical crises: India being an emerging global economy, faces notable risks due to global relations. A shift in developed and emerging countries' interest rates, policies and protectionism along with trade and capital market conditions may hamper businesses locally. Geopolitical and trade tensions in the global market pose further risk to the Indian NBFC industry.

Segment/Productwise performance

The Company operates in single business segment i.e. NBFC/Finance. CEEJAY Finance intends to continue its focus on serving the informal segment in the rural and semi-urban areas and scale up business by deepening the penetration levels of existing branch network to reach more unorganized enterprises in the rural and semi-urban areas. CEEJAY Finance would be selective in choosing the customer segments, after effective credit underwriting and enhanced risk management framework to maintain portfolio quality. On the liquidity front, we would continue to maintain higher than required liquidity during the early part of the year. We would take every step into the coming year cautiously. Protecting the portfolio, ensuring safety of our employees, containing cost and improving efficiency would be our key focus areas for the coming months till the environment becomes clear.

The Company's significant share of revenue comes from two-wheeler finance in rural/small town area. The thrust on rural/small town and infrastructure sectors by the government could rejuvenate rural/small town demand and also crowd in private investment. We continue to focus on two-wheeler and Second-hand four-wheeler Vehicle financing and we adopt such business models which generates required return on assets and the quality portfolio.

Our mission is to be sound NBFC among regional players in terms of product offerings, technology, service levels, risk management and audit and compliance etc. The objective is to continue building sound customer/franchises across distinct businesses so as to be a preferred provider of NBFC services for its target retail and customer segments, and to achieve a healthy growth in profitability, consistent with the Company's risk appetite.

The Company's range of retail financial products and excellent services and branches network is fairly exhaustive to meet up the coming challenges. The objective is continuing to build sound customer/dealer friendly atmosphere to achieve healthy growth in profitability, consistent with Company's risk appetite. The Company also emphasizes to develop innovative products and services that attract its Customers, Increase its market share as NBFC and financial services industry by following a disciplined growth strategy focusing on balancing quality and volume growth while delivering high quality customer service, maintain reasonably good standards for asset quality through disciplined credit risk management; and continue to develop products and services that reduce its cost of funds; and Focus on healthy earnings growth with low volatility. Our Company growth is more important especially looking to the concentration in rural area for the business. The Company grew its retail assets portfolio in a well-balanced manner focusing on both returns as well as risk. Company intends to follow conservative view in the coming years. Company also expects continuous threats to small/medium Company like us, from global/giant players in the retail finance market especially with large size/volume, lower rate of interest and ability to sustain in the market is inevitable for the Company to sustain in the market. Overall, in spite of various pros and cons your Company has demonstrated outstanding achievement in terms of earned valued and well-built market presence. Your Company is cash rich, has better liquidity, improved working capital and it has shown its readiness to accept market challenges. All of

these are signs of strong fundamentals which the Company has been able to establish with the help of better and professional management support. The main growth drivers for the Company are Unique value proposition, Regional outreach, Deep understanding of the customer segment, Customized product offerings, Availability of capital, Leveraging technology, Co-lending arrangements and Risk management.

Outlook

The future of Non-Banking Financial Companies (NBFCs) in India appears to be positive, with the sector striving for continued growth and innovation in the years ahead. NBFCs have become an important part of the financial services landscape in India, serving as a critical source of credit for individuals and businesses that are underserved by traditional banks. One of the key factors driving the growth of NBFCs in India is the increasing demand for financial services in the country.

The growth of various sectors has declined while NBFCs still attracted people and surged them with their accessible and affordable financial services. The proactive RBI modifications have been a major factor in harmonising NBFCs with banking sector regulation, making it easy and protecting the interests of the client.

NBFCs have also taken various steps to navigate through the pandemic induced headwinds, stricter and strengthened underwriting norms, use of alternate data sources for underwriting, quickening the pace of digitalisation through use of UPI handles, Bots, IVR's, strengthening of collection teams and focus on safer asset classes amongst others.

The aforementioned measures, coupled with greater focus on asset quality, digitalisation across customer lifecycle, co-lending partnerships, effective utilisation of structured financing and strengthening of capital base amongst others will hold NBFC's in good stead as they navigate towards a more benign economic environment that is expected in the latter part of fiscal 2025 and beyond.

NBFCs have come a long way in terms of their scale and diversity of operations. They now play a critical role in financial intermediation and promoting inclusive growth by providing last-mile access of financial services to meet the diversified financial needs of less-banked customers. Over the years, the segment has grown rapidly, with a few of the large NBFCs becoming comparable in size to some of the private sector banks. The sector has also seen advent of many non-traditional players leveraging technology to adopt tech-based innovative business models.

Risk Management/Swot Analysis and Internal Control Systems and their Adequacy

Managing risk is fundamental for ensuring sustained profitability and stability of an organisation. Risk management is the process of identifying, assessing, and controlling threats to an organisation's capital and earnings and focuses on proactive approach to manage both existing and emerging risks. The Company views risk management as one of its core competencies and endeavors to ensure that risks are identified, assessed, and managed in a timely manner. The Company risk management framework aligns risk and capital management to business strategies; aims to protect its financial strength and reputation; and ensures support to business activities for adding value to customers while creating sustainable Shareholder value.

In its pursuit of creating value for stakeholders through sustainable business growth Company has put in place a robust risk management framework to promote a proactive approach in reporting, evaluating and resolving risks associated with the business. Given the nature of the business the company is engaged in, the risk framework recognizes that there is uncertainty in creating and sustaining such value as well as in identifying opportunities. Risk management is therefore made an integral part of the company's operations.

Your Company is exposed to various risks that are an inherent part of any financial service business. Traditionally, credit, operational and liquidity risks have always been seen as the top tier risks. The Company's risk management framework is well dimensioned and managed based on a clear understanding of various risks, disciplined risk assessment, measurement procedures and continuous monitoring. The Board of Directors has oversight on all risks assumed by the Company and to facilitate focused oversight of the risks identified. These risks have the potential of impacting the financial strength, operations and reputation of

your Company. Keeping this in mind, your Company has a Risk Management Framework in place. The effectiveness of this framework is supervised periodically. Your company is committed towards creating an environment of increased risk awareness at all levels. It also aims at constantly upgrading the appropriate security measures, including cyber security measures, to ensure avoidance and mitigation of various risks and achieve an optimised balance of return for the risk assumed, while remaining within acceptable risk levels. Your Company conducts stress tests to assess the resilience of its Balance Sheet. This also helps to provide insights to the Management to understand the nature and extent of vulnerabilities, quantify the impact and develop plausible business-as-usual mitigating actions. The market witnessed substantial turbulence in the previous year, stemming from multiple sources impacting the industry. However, as your Company has been fundamentally built on the principle of sound risk management practices, it has successfully weathered the market turbulence and continues to remain resilient.

The Central Bank has been tightening regulations to manage the risk in the sector and has been proposing higher capital and provisioning requirements. It has also been stressing on higher disclosures to safeguard public money and prevent systemic shocks. In addition, the RBI has taken rapid preventive actions in addressing specific issues to manage systemic risk. It is expected that RBI will continue to monitor the activity and performance of the NBFC sector with a focus on major entities and their inter-linkages with other sectors to maintain financial stability in the short, medium and long-term.

Your Company has comprehensive Risk Management System towards identification and evaluation of all potential business risks. Management has developed Risk Management Plan and reviews its implementation regularly. The Company is exposed to external and internal risk associated with its business. To counter these risks, the Company continues to broaden its product portfolio, increase customer profile and geographic reach. Taking on various types of risk is integral to the NBFC business. Sound risk management and balancing risk reward trade-offs are critical to a Company's success. Business and revenue growth have therefore to be weighed in the context of the risks implicit in the Company's business strategy. Of the various types of risks your Company is exposed to, the most important are credit risk, credit concentration risk, market risk, business risk, strategic risk, interest rate risk, model risk, technology risk including liquidity risk price risk and operational risk. The identification, measurement, monitoring and management of risks accordingly remain a key focus area for the Company. For credit risk, appropriate distinct policies and processes are in place for the retail businesses. Overall portfolio diversification and reviews also facilitate mitigation and management. Especially a small capital based Company faces multiple problems due to poor recovery systems. The specific NPA provisions that the Company has made continue to be more conservative than the regulatory requirements. This will help the Company to maintain high standards for assets quality through disciplined credit risk management. The Company has strength as being the pioneer in the two wheeler vehicles financing sector in Gujarat/Maharashtra, Oldest NBFC since last 28 years, sound financial position since inception, a well-defined and scalable organisation structure, strong financial track record with low Non Performing Assets (NPAs), Experienced and stable management team, strong relationships with public, private as well as banks, fast Procedure. However, your Company is facing the threat of, small organisation structure, availability of cheaper fund, competition with large NBFC's/Banks, direct manufacturer involvement in finance business and rain fall affecting rural area. Regulatory restrictions - continuously evolving Government regulations and uncertain economic and political environment may impact operations.

Your Company continued to focus on managing cash efficiently and ensured that it had adequate levels of liquidity apart from back-up lines of credit to support business requirement and near term liability maturity. Further, Capital Adequacy (capital as a % of total advances) is quite comfortable at around 60.58%, well above regulatory minimum of 15%.

Also, CEEJAY has healthy internal controls system in place, driven through various procedures and policies which are reviewed and tested periodically, across processes, units and functions. CEEJAY teams have an

eye on the market; have inbuilt processes to identify the existing and probable risks and to mitigate identified risks. Senior management also monitors the mitigating measures. The Company has various committees which are designed to review and oversee critical aspects of Company's operations.

 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 - **(Not Applicable during the period under review);**

- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by the Institute of Company Secretaries of India; and
- ii. The Listing Agreement entered into by the Company with BSE Limited.

We hereby report that, during the period under review, the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

We further report that having regard to the compliance system and process prevailing in the Company and on examination of the relevant documents and records in pursuance thereof on test-check basis, the Company has complied with the following laws applicable specifically to the Company:

- a. The Reserve Bank of India Act, 1934; and
- b. Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 as are specifically applicable to the Company.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. Except where consent of the Directors was received for scheduling meeting at a shorter notice, adequate notice is given at least seven days in advance to all Directors to schedule the Board Meetings. As informed to us, the Company has also provided agenda and detailed notes on agenda to the Directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded, wherever applicable, as part of the minutes.

We further report that, based on the information provided and the representation made by the Company and also on the review of the compliance certificates / reports taken on record by the Board of Directors of the Company, in our opinion there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, during the audit period:

1. the approval of Shareholders by way of Ordinary Resolution has been obtained for related party transactions pursuant to Section 188 of the Companies Act, 2013 and Regulation 23 of SEBI Listing Regulations.
2. the approval of Shareholders by way of Special Resolution has been obtained for appointment of Mr. Samir Parikh (DIN: 10697716) as an Independent Director of the Company.
3. the approval of Shareholders by way of Special Resolution has been obtained for appointment of Mr. Chinmay Amin (DIN: 09193443) as an Independent Director of the Company.

There were no other major events / actions took place in pursuance of the above referred laws, rules, regulations, guidelines having a major bearing on the Company's affairs.

INDEPENDENT AUDITORS' REPORT

To the members of Ceejay Finance Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Ceejay Finance Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act"), in the manner so required, and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report, Management Discussion and Analysis, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditors' responsibilities relating to other Information'. We have nothing to report in this regard.

Management's responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act and the rules thereunder, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management or Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are

free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work: and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences

of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph (i)(vi) below on reporting under Rule 11(g).
 - (c) The Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the financial statements comply with the Ind AS specified under section 133 of the Act and the Rules thereunder, as amended.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to the financial statements and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B' to this report.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of sub-section (16) of Section 197 of the Act, as amended, we report that to the best of our information and according to the explanations given to us, remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - (h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 1 (b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g).
 - (i) With respect to the other matters to be included in the auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have any pending litigation which would have impact on its financial statements.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as provided in (a) and (b) above, contain any material misstatement.
- (v) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with the section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 17 to the Ind AS financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of members at the ensuing Annual General Meeting. The dividend declared is in accordance with the section 123 of the Act to the extent it applies to declaration of dividend.

- (vi) Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Further, since the Company had migrated to All cloud software from Tally ERP 9 during the previous year, we are unable to comment on preservation of the audit trail as per the statutory requirements for record retention.

Financial Statements of Ceejay Finance Limited**

(Referred to in paragraph 1 under 'Report on other legal and regulatory requirements' section of our report of even date to the members of Ceejay Finance Limited)

To the best of our information and according to the explanations provided to us by the Company and the books of accounts and the records examined by us in the normal course of audit, we state that:

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) The Company has a program of physical verification of Property, Plant and Equipment, so as to cover all the assets every year which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, Property, Plant and Equipment due for verification during the year were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) Based on our examination of the property tax receipts, registered sale deed/ transfer deed/ conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties, disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
 - (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The Company does not have any inventory during the year and hence, reporting under clause 3(ii)(a) of the Order is not applicable.
- (b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate from banks on the basis of security of current assets. The quarterly returns/statements filed by the Company with such banks are in agreement with the books of account of the Company.
- (iii) (a) As the principal business of the Company is to give loans, reporting under clause 3(iii)(a) of the Order is not applicable.
- (b) The grant of loans are not prejudicial to the Company's interest.
- (c) In respect of loans assets, the schedule of repayment of principal and payment of interest has been stipulated, except for loans where there are delays or defaults in repayment of principal and / or payment of interest as at the balance sheet date, in respect of which the Company has disclosed the accounting policy in note no 2.16 and asset classification / staging in note 5 to the Financial Statements in accordance with Ind AS and the guidelines issued by the regulators, the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest, as applicable. Having regard to the nature of the Company's business and the voluminous nature of loan transactions involved, it is not practicable to furnish entity wise list of loan assets where delinquencies in the repayment of principal and interest have been identified.
- (d) The total amount overdue for more than ninety days, in respect of loans and advances in the nature of loans including interest thereon, as at March 31, 2025 is Rs. 1226.78 Lakh (5054 cases). Reasonable

steps have been taken by the Company for recovery of the principal and interest as stated in the applicable Regulations and Loan agreements.

- (e) As the principal business of the Company is to give loans, reporting under clause 3(iii)(e) of the Order is not applicable.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) The Company has complied with the provisions of sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148(1) of the Companies Act, 2013, for the operations of the Company.
- (vii) In respect of statutory dues:
 - (a) In our opinion, the Company has generally been regular in depositing the undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and any other material statutory dues, as applicable, to the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Services Tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other material statutory dues, as applicable, in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
 - (b) Based on the records of the Company examined by us, there are no dues of Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues, as applicable, which have not been deposited on account of any dispute.
- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961 (43 of 1961).
- (ix)
 - (a) The Company is regular in repayment of loans or other borrowings or in payment of interest thereon to lenders.
 - (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or government authority.
 - (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
 - (d) According to the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
 - (e) The Company does not have subsidiaries, associates or joint ventures during the year. Hence, reporting under clause 3(ix)(e) of the Order is not applicable.
 - (f) The Company does not have subsidiaries, associates or joint ventures during the year. Hence, reporting under clause 3(ix)(f) of the Order is not applicable.

- (x) (a) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence, reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year.
- (c) As represented to us by the management of the Company, there are no whistle blower complaints received by the Company during the year.
- (xii) In our opinion, the Company is not a Nidhi company. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion, the Company is in compliance with Section 177 and Section 188 of the Act with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards
- (xiv) (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion, during the year, the Company has not entered into non-cash transactions with directors or persons connected with its directors, and hence, provisions of section 192 of Act are not applicable to the Company.
- (xvi) (a) In our opinion, the Company has registered as required, under section 45-IA of the Reserve Bank of India Act, 1934.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). Hence, reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the board of directors and management plans, and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Act in compliance with the second proviso to sub-section (5) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable.
- (b) There are no unspent amounts towards Corporate Social Responsibility (CSR) on ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Act in compliance with sub-section (6) of Section 135 of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable.

Annexure B to the Independent Auditor's Report of even date on the Financial Statements of Ceejay Finance Limited

Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' section of our report of even date to the members of Ceejay Finance Limited)

Report on the internal financial controls with reference to the financial statements under section 143(3)(i) of the Act

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the SAs prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to the financial statements.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to the financial statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements

1. Company Information

Ceejay Finance Ltd (Company) is a Public Limited Company domiciled in India with corporate ID No. L65910GJ1993PLC019090, incorporated on March 09, 1993. The company has its registered office at CJ house, Mota pore, Nadiad, Gujarat - 387001.

It is registered as Non-Deposit taking not significantly important Non-banking finance company under RBI Act, 1934 and Registration number A.01.400. The company is engaged predominantly in automobile financing. The Company's shares are listed on BSE

2. MATERIAL ACCOUNTING POLICIES

2.1 Basis of Preparation of Financial Statements:

(i) Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other relevant provisions of the Act.

Further, the Company follows the statutory requirements, circulars and guidelines issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC), from time to time.

The financial statements have been approved by the Company Board of Directors and authorized for issue on May 29, 2025.

(ii) Basis of Presentation

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

(iii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities which have been measured at the fair value amount:

- a) Certain financial assets and liabilities (including derivative instruments),
- b) Defined benefit plans - plan assets

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(iv) Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., in Indian rupees (INR) and all values are rounded off to nearest lakhs except where otherwise indicated.

2.2 Use of estimates, judgements and assumptions :

(i) Critical estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The management believes that

the application of accounting policies require critical accounting estimates involving complex and subjective judgments and the use of assumptions. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future period.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgement is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

(ii) Judgements

In the process of applying the Company's accounting policies, management has made judgements, which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

The areas involving critical estimates and judgements are:

Estimation of Defined benefit obligation - refer note 2.4(ii)

Fair value of financial instruments - refer note 2.15

Effective Interest Rate (EIR) - refer note below

Impairment on financial assets - refer note 2.16(iii)

Provision for tax expenses - refer note 2.4(iii)

Business model assessment - refer note below

Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instruments.

2.3 Revenue recognition

Interest income

Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.

Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

Other Revenue from Operations

Fee and commission income such as documentation charges, guarantee commission, servicer fee income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed.

Income in the nature of cheque bounce and other related charges are recognised on realisation basis, due to uncertainty in collection.

Dividends

Dividend income from investment is accounted for when the right to receive is established.

Rental Income

Income from operating leases is recognised in the Statement of profit and loss on a straight-line basis over the lease term

2.4 Expenses

(i) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed :

- a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc., provided these are incremental costs that are directly related to the issue of a financial liability.

(ii) Employee benefits

- a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
- c) Post-employment obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees.
- Defined contribution plans such as provident fund.

(i) Defined benefit obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(ii) Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

(iii) Taxes

- (a) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

- (b) Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as

deferred tax assets.

2.5 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

2.6 Property, Plant and Equipment

Items of property, plant & equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Schedule II of the Companies Act, 2013.

The estimated useful lives are, as follows:

Building	- 60 years
Office Equipment	- 5 years
Computers	- 3 years
Furniture and Fixtures	- 10 years
Vehicles	- 8 to 10 years

Depreciation on property plant and equipment individually costing ₹ 5,000/- or less is provided 100% in the year of acquisition.

The cost of improvements made to rented property during the year and included under furniture and fixtures, is depreciated over the primary lease period.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on fixed assets added / disposed off during the year is calculated on pro-rata basis with reference to the date of addition / disposal.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

2.7 Intangible assets

Intangible assets include the value of Software. Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life.

The estimated useful lives are, as follows:

Computer Software - 5 years

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.8 Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

2.9 Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred.

Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

Finance charges are expensed in the period in which they are incurred.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

General borrowing costs are capitalised at the weighted average of such borrowings outstanding during the year.

2.11 Earnings Per Share

The basic earnings per share is computed by dividing the net profit / (loss) attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

2.12 Impairment of non financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.13 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

2.14 Provisions, Contingent Liabilities and Contingent Assets:

A Provision is recognised when the Company has present obligation (legal or constructive) as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

Contingent Liabilities are disclosed by way of notes to Financial Statements. Contingent assets are not recognised in the financial statements but are disclosed in the notes to the financial statements where an inflow of economic benefits is probable. Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.15 Fair value measurement

The Company measures financial instruments at fair value as per Ind AS 113 at each balance sheet date. All financial assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly.
- ▶ Level 3 — Inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.16 Financial instruments

Financial assets

(i) Classification

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

1. Fair value through other comprehensive income (FVOCI),
2. Fair value through profit or loss (FVTPL), and
3. Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For

investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial liabilities

The Company classifies its financial liabilities as measured at amortised cost or fair value through profit or loss.

(ii) Measurement

At initial recognition, the Company measures a financial assets that are not at fair value through profit or loss at its fair value plus / (minus), transaction costs / origination, Income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial Assets :

Subsequent measurement of financial assets depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

(1) Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in revenue from operations using the effective interest rate method.

(2) Fair value through other comprehensive Income:

Assets that are held for collection of contractual cash flows and for sale and the contractual term of the financial assets give rise on specified dates to cash flows that are solely for the payment of principal and interest thereon.

(3) Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss.

Financial liabilities

Financial liabilities are carried at amortised cost using effective interest rate method

(iii) Impairment of financial assets**Overview of the ECL principles**

The Company records allowance for expected credit losses for all loans. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss as below

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

a) The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The company classifies all standard advances and advances upto 30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. 30 Days Past Due is considered as significant increase in credit risk.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. 90 Days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event (for eg. any natural calamity) warrants a provision higher than as mandated under ECL methodology, the Company may classify the financial asset in Stage 3 accordingly.

The mechanics of ECL:

The Company calculates ECLs based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Company in accordance with the contract and the cash flows that the Company expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Exposure at Default(EAD) - The Exposure at Default is an estimate of the exposure at a future default date.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realisation of any collateral.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL
Stage 1	30 Days Past Due	12-Month ECL
Stage 2	31-90 Days Past Due	Life-time ECL
Stage 3	More than 90 Days Past Due	Life-time ECL

Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

Collateral repossessed

In its normal course of business whenever default occurs, the Company may take possession of properties or other assets in its retail portfolio and generally disposes such assets through auction, to settle outstanding debt. As a result of this practice, assets under legal repossession processes are recorded on the balance sheet.

(iv) Write-off

Loans are written off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(V) De-recognition of financial assets and financial liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and

rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss except for the financial instrument that has been classified as fair value through other comprehensive income that will not be reclassified to profit or loss in subsequent periods.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

(VI) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.17 Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.18 Recent accounting pronouncements

The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended on March 31, 2025, MCA has notified Ind AS 117 – Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, effective from April 1, 2024. The Company has assessed these amendments and determined that they do not have any significant impact on its financial statements.

On May 07, 2025, MCA notified the amendment in Ind AS 21-The Effects of Changes in Foreign Exchange Rates. These amendments aim to provide guidance on assessing whether a currency is exchangeable and on estimating the spot exchange rate when exchangeability is lacking. The amendments are effective from annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statement.

Statutory reserve under section 45IC of RBI Act, 1934

According to section 45IC of RBI Act, 1934, the company transfers a sum not less than 20% of its net profit every year as disclosed in the statement of profit and loss and before declaration of any dividend to statutory reserves

General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Net surplus in the statement of Profit and loss

Surplus in the statement of profit and loss is accumulated available profit of the company carried forward from earlier years. These reserves are free reserves which can be utilised for any purpose as may be required.

Note 26 Earnings per Share (EPS) as per Indian Accounting Standard 33:

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the parent (after adjusting for interest on the convertible preference shares) by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date

The significant actuarial assumptions were as follows:

Gratuity:	As at 31 st March, 2025	As at 31 st March, 2024
Financial Assumptions		
Expected Return on Plan Assets	6.79%	7.21%
Discount rate	6.79%	7.21%
Salary Escalation Rate	7.00%	7.00%
Attrition Rate	3.00%	3.00%
Demographic Assumptions		
Published rates under the Indian Assured Lives		
Mortality (2012-14) Ult table		

F. Sensitivity

The sensitivity of the defined benefit obligation to changes in the weighted key assumptions are:

(₹ in Lakhs)

Gratuity :	As at 31 st March, 2025		As at 31 st March, 2024	
	Change in Present value of Plan Liabilities due to		Change in Present value of Plan Liabilities due to	
	Increase in Factor by 100 bps	Decrease in Factor by 100 bps	Increase in Factor by 100 bps	Decrease in Factor by 100 bps
Discount rate	(7.60)	8.56	(6.47)	7.25
Salary Escalation Rate	7.42	(6.92)	6.62	(6.12)
Attrition Rate	(0.14)	0.15	0.15	(0.16)

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the method (Projected Unit Credit Method) used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

G. The defined benefit obligations shall mature after year end 31st March, 2025 as follows:

(₹ in Lakhs)

Gratuity :	As at 31st March, 2025 ₹	As at 31st March, 2024 ₹
1st following year	27.79	26.77
2nd following year	8.05	4.00
3rd following year	22.86	7.06
4th following year	35.53	21.23
5th following year	3.05	31.76
Thereafter	143.39	118.03

Risk Exposure - Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments % which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit.

(ii) Defined contribution plans

The Company also has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is ₹ 14.37 Lakhs (2023-24 : ₹12.24Lakhs)

(i) Fair value Hierarchy

Ind AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 re-measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under Ind AS 113 are described below:

- **Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.
- **Level 2:** The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- **Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of the equity instruments is determined based on the quoted price as majority of the equity instruments are actively traded on stock exchanges
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(iii) Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

(iv) Comparison of Fair value and Carrying Value

B. Management of Market Risk

The company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- Foreign Currency risk
- Interest rate risk

The above risks may affect the company's income and expenses, or the value of its financial instruments. The company's exposure to and management of these risks are explained below:

(i) Foreign Currency risk

The company does not have any instrument denominated or traded in foreign currency. Hence, such risk does not affect the company.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming that the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

C Management of Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other financial Assets.

Loans

The following table sets out information about credit quality of loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

(₹ In Lakhs)

Impaired - (more than NPA* days)	595.24	501.94
Total	11,644.89	9,690.16

* NPA days for FY 2024-25 are 120 Days and for FY 2023-24 are 150 Days

Financial services business has a comprehensive framework for monitoring credit quality of its loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under ECL model, the loan assets have been segmented into three stages.

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- Loss given default" (LGD) is common for all three stages and is based on loss in past portfolio.

Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model:

- "Probability of default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenor.

There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument in low credit risk category and to determine significant increase in credit risk in loans. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

Definition of default

The definition of default used for internal credit risk management purposes is based on RBI Guidelines. Under Ind AS, financial asset to be in default when it is more than 90 days past due. The financial services business considers a financial asset under default as 'credit impaired'.
