FORWARD LOOKING STATEMENTS

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried wherever possible, to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’, ‘promises’ and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

MUNIR SHAIKH | CHAIRMAN

“Our success, in large measure, has resulted from our focus and effective implementation of a three-pronged strategy - innovation in brand building; strong talent acquisition and people development; and flawless execution”

DEAR SHAREHOLDERS,

I am happy to share with you another exceptional year - a year that saw your Company continue its relentless pursuit and enduring promise to deliver better healthcare, and enable people to live healthy lives. We have once again outperformed the Indian Pharmaceutical Market (IPM), with our core business growing at 26.5%* when the market grew by 12.1%# over the previous year.

2014-15 was a positive year with the economy growing at 7.4% with a stable government determined to bring in key structural reforms. However, it was challenging for the Indian

Pharmaceutical industry with the Drugs Prices Control Order (DPCO) 2013 and the National Pharmaceutical Pricing Authority (NPPA) continuing to bring more drugs under price control.

Despite these challenges, your Company continued its upward trajectory in both Sales and Profits. In light of this achievement, your Board has recommended a dividend of ₹ 31 per share.

During the year, the Company launched 9 new products, of which Arachitol Nano and Duphalac Fiber performed well at the market place in their

*Annualised #Source: IMS

respective therapy segments, namely, vitamin D3 deficiency and constipation.

Our success, in large measure, has resulted from our focus and effective implementation of a three-pronged strategy - innovation in brand building; strong talent acquisition and people development; and flawless execution.

Amongst various differentiated marketing initiatives, your Company set up a centralised marketing team which supported our brand teams in revamping in-clinic brand communication, launching digital and social media initiatives and adopting best practices from other sectors. These initiatives helped further strengthen our key brands and maintain our leadership in the IPM with 11 of our brands appearing among the top 300 brands in the IPM and 7 brands registering monthly revenues of more than ₹ 5 Crores each. Driving patient awareness in all therapy areas we are present in remains a key priority for your Company.

In the areas of talent acquisition and development, we have designed and begun implementation of our India Talent Strategy. This Strategy includes setting up and communicating a structured, transparent career path for all our employees and hiring both freshers and experienced candidates from leading institutes in India and abroad.

Our continuous endeavor remains on streamlining processes and increasing its

effectiveness. All reporting, both for field and head office employees, are automated. Also, new technology-enabled dashboards have been introduced. These, coupled with other analytical tools, helped our sales force improve their productivity.

At a macro level, we expect both the IPM and the broader Indian economy to maintain their strong growth. Also, the new Government is taking efforts to provide an enabling environment and improving the ease of doing business in India, which will have cascading benefits for all sectors of the economy. We believe that these positive undertones and our continuous efforts will enable us to strengthen our leadership position and drive strong growth year after year.

I would like to thank all our customers for their confidence in our products and our employees who make us proud with their commitment, determination and dedication. I also express my gratitude to all our shareholders for their trust in the Company, and to the Board of Directors for their invaluable guidance.

Thank you and looking forward to another exciting and successful year!

REHAN A. KHAN | MANAGING DIRECTOR

“We have once again outperformed the Indian Pharmaceutical Market, with our core business growing at 26.5%* when the market grew by 12.1%# over the prior year.”

DEAR SHAREHOLDERS,

It gives me tremendous pleasure to share with you the highlights of our strong performance in the year 2014-15 and our outlook and strategy going forward.

At Abbott India, we had another year of strong performance. During the year, we built on our strengths from the previous year and continued to grow faster than the market. We firmly believe that while the operating environment will have its set of challenges, successful companies are capable of overcoming these challenges and enjoying strong growth.

Success is always a team effort and, at Abbott India, our teams have worked tirelessly to deliver this performance. Our Commercial Marketing

teams work closely with the Field Force, and other support functions such as R&D, Medical, Finance and Manufacturing have also made a substantial difference to the business.

Abbott India's market beating performance is a result of many initiatives across the organization. Specifically, in the last year we developed innovative marketing campaigns and sales execution strategies. We have actively partnered with leading healthcare professionals to develop cutting-edge patient solutions. We have continued to launch new products and focussed on operational efficiencies in our systems and processes. Our transparent culture has allowed us to grow and retain the best talent in the industry.

Some of the key achievements in our 4 business divisions are as follows:

1. Women’s Health, Gastroenterology and Hepatic Care:

- This is the biggest division of the Company and grew by 22.0%* during the year
- Duphalac Fibre, an innovative product, was launched in the Women’s Health division
- Cremaffin continues to drive the Gastroenterology division with a growth of 26.1%*
- Heptral grew at 15.2%* and continues to drive growth of Hepatic Care

2. Specialty Care

- Thyronorm, the market leader with 52.6%# market share, continued its strong growth, growing at 41.2%* during the year
- In the Central Nervous System (CNS) division, Zolfresh remained at the No.1 position in the Extended Sleep Market.
- Vertin remains the No.1 brand for Vertigo treatment, while Prothiaden is a leader in the anti-depression therapy area

3. General Care

- General Care continued its remarkable turnaround since 2012. During the past year, this division grew by 19.7%*
- Brufen, Digecaine and Surbex - the key brands in the division - all registered strong growth during the year

- Arachitol Nano, launched during the year, achieved sales of ₹ 2.8 crores within 11 months of launch

4. Consumer Care

- Consumer Care division is a new focus area for the Company. This division grew by 19.4%* during the year.
- Digene, the flagship brand of the division, was repositioned during the year as a more consumer focused brand.

While we have enjoyed remarkable achievement in the last one year, our focus remains on maintaining and accelerating this impressive growth. We aim to continue our market beating growth going forward and to streamline processes to make us more agile, more innovative and more efficient. We remain committed to building the capability of our talent to enable the best possible engagement with all our stakeholders.

At Abbott India, enabling people to live fuller lives through better health remains a key focus and driver of all our efforts and activities. As we embark on another financial year, we reaffirm our commitment to deliver exceptional value to both, our shareholders and our consumers.

With warm regards,

Rehan A. Khan

Abbott India has 130 employees working at a state-of-the-art formulation plant at Verna,

Goa. The manufacturing plant produces high volume and high quality formulations using cost efficient processes and has well equipped laboratories and trained personnel to ensure compliance with international quality standards. The Company also has an in-house Research & Development team which works with medical teams to undertake product development that cater to the needs of the Indian market. Abbott India provides a mix of global and local products of high quality that impact the lives of people in India.

OUR BUSINESS

Abbott India's business is divided into 4 key categories. Each division focuses on a set of relevant therapies and is organized to deliver the best patient care in the most efficient manner.

WOMEN'S HEALTH, GASTROENTEROLOGY AND HEPATIC CARE

The Women's Health, Gastroenterology and Hepatic Care division has a mix of global and local brands present in the pregnancy, constipation and liver diseases segments. Several of the Company's largest brands including Duphaston, Duphalac, Udiliv, Cremaffin and Creon are part of this division.

The division focuses on building a strong connect with doctors through scientific promotion of all its products and sharing new insights and scientific data.

Highlights of the marketing initiatives taken during the year 2014-15 include:

- Improving awareness and diagnosis of liver diseases, in particular alcoholic liver disease, non-alcoholic fatty liver disease and hepatitis among Healthcare Professionals
- Enabling comprehensive treatment of bowel diseases such as constipation through our wide range of products as well as spreading awareness on the importance of sitting posture
- Equipping Gynaecologists to deal with serious conditions like recurrent pregnancy loss and threatened miscarriages by sharing medical insights and data

SPECIALTY CARE

The Specialty Care division is present in hypothyroidism, epilepsy, sleep disorders, depression, vertigo, migraine and diabetes. Key brands include Vertin, Thyronorm, Prothiaden and Zolfresh. The division focuses on a science-based, patient-centric approach to shape and grow the market by driving awareness and diagnosis in key therapy areas.

Highlights of the marketing initiatives taken during the year 2014-15 include:

- Increasing the awareness of hypothyroidism and improving diagnosis by Endocrinologists and other specialties
- Equipping Neurologists and Consulting Physicians to better diagnose and treat vertigo by sharing scientific insights
- Launch of a 'Purple Challenge' initiative to spread awareness on epilepsy and the importance of timely diagnosis and treatment by Neurologists

GENERAL CARE

The General Care division is present in several segments including pain management, vitamins and pregnancy. Key brands include Brufen, Surbex and Duvadilan. This division focuses on building on the brand equity of its legacy brands as well as scientific promotion to build its newer brands.

Highlights of the marketing initiatives taken during the year 2014-15 include:

- Successful launch of Arachitol Nano to further strengthen presence in the Vitamin D3 segment
- Sharing insights with Orthopaedics on pain management through targeted campaigns
- Protein gap assessment camps to increase awareness of protein deficiency in Indian diet

CONSUMER CARE

Consumer Care division is present in the Over The Counter (OTC) antacid segment. This division promotes all variants of the Digene brand - tablets, liquids and powders. It focuses on building a connect with patients through positioning of its products through several channels including mass media, social media and point of sale promotion.

Highlights of the marketing initiatives taken during the year 2014-15 include:

- New advertisements and communicating refined brand identity through all channels of communication
- Increasing coverage of retail stores beyond pharmacies to include grocers and general merchants

FOCUSSING ON INNOVATIVE SCIENCE BASED PRODUCTS

THERE ARE OVER 39,000 BRANDS AVAILABLE TO CONSUMERS IN INDIA. OUR BRANDS GIVE US IDENTITY, DISTINGUISHING OUR PRODUCTS FROM A PLETHORA OF ME-TOO OFFERINGS.

The key differentiators that Abbott India provides through its brands are innovation and quality built over the years. Our brands span all stages of life and encapsulate most therapeutic areas. Today many of our brands have become household names and easily recognized by the medical community.

At Abbott India, we have a broad portfolio of over 60 brands that connect strongly with both doctors and healthcare professionals, as well as connect directly with patients and their care givers.

Some of our brands are many decades old and have consistently endured their top rankings over these years, in spite of innumerable new entrants. Digene is over seven decades old, tracing its launch to the 1940s. It has been the #1 doctor prescribed antacid in India with over 49.91 Lakh prescriptions annually. Over 27,500 doctors prescribe Digene to their patients every month. Another example is Brufen launched over 40 years ago. Today, it is the market leader with a market share of 98.7%#, while Thyronorm leads the thyroid disorder/treatment area with over 52.6%# share of the market.

DELIVERING DIFFERENTIATED MEDICAL INSIGHTS

DOCTORS AND KEY OPINION LEADERS ARE THE CRITICAL LINK BETWEEN US AND PATIENTS. WE ENRICH OUR ENGAGEMENT WITH THEM BY PROVIDING CUTTING EDGE MEDICAL INSIGHTS WHICH ARE AT THE FOREFRONT OF SCIENCE.

The pharmaceutical market is one of the fastest innovators in today's world. Day in and day out, new research, new information and new ideas are radically changing the world of healthcare.

At Abbott India, we partner with Healthcare Professionals by sharing new developments in the medical world. We share critical insights with over 200,000 doctors across India, enabling them to treat their patients with the most suitable products and therapies.

Some of our initiatives include:

WOMEN'S HEALTH

- Duphalac Enema was gradually launched to approximately 2,000 Gastroenterologists in India; helped them understand the ease of administration of Lactulose Enema
- 150 training programs were conducted for Paramedics on Lactulose Enema

METABOLICS

- Educational discussions conducted with Consulting Physicians (CPs) and Gynaecologists to enhance awareness for universal screening in co-morbid conditions and pregnancy. Over 300 meetings and over 50 third party conferences were conducted during the year 2014-15
- A Train-The-Trainer Program was conducted with over 120 doctors on thyroid disorder management, treatment and the therapy options available

NEUROLOGY

- Neurosphere was organised with 5 international and 8 national speakers who delivered 14 scientific sessions to approximately 100 doctors. This event was followed by 180 Continuous Medical Education sessions involving approximately 2,000 doctors
- 'First to Inform', a unique initiative of bringing latest updates from international conferences on the very next day to approximately 3,000 Neurologists across India was launched
- NeuroinfoLine, an exclusive and customized medical information service to Neurologists and Psychiatrists servicing over 400 Healthcare Professionals with their personalized requests of medical information

GASTROENTEROLOGY

- More than 3,600 Healthcare Professionals were engaged on World Digestion Day to communicate the role of Digestive Enzymes in indigestion
- 9 Regional Advisory Boards for Diabetic Gastroparesis were held during the year. These discussions centred on new treatment options for patients
- Gastro Insights, a scientific compilation of latest articles in Luminal Gastroenterology, was presented to approximately 70,000 Healthcare Professionals

BUILDING A HOLISTIC TALENT PROGRAM

WE WORK IN A DYNAMIC ENVIRONMENT, AND OUR PEOPLE ADDRESS SOME OF THE BIGGEST ISSUES IN HEALTH. TALENT MANAGEMENT IS INTEGRAL TO OUR STRATEGY. WE AIM TO GROOM THE BEST TALENT AVAILABLE.

Today, the Abbott India team has over 2,800 members, comprising of people from diverse cultures, languages, traditions and skill-sets. With the rapid pace of innovation and change in the healthcare industry, building a talented workforce and equipping them with new advances has become critical for stakeholder engagement and operational execution. Talent management is fundamental to our success, and the HR function leads this strategic initiative through various employee engagement initiatives.

Some of the key initiatives include:

TALENT STRATEGY:

- As a part of our talent strategy program we aim to hire fresh graduates from premier schools as first line sales representatives. The first batch of 50 graduates will start in 2015

TALENT DEVELOPMENT:

- Abbott India’s career development program - TRACKS was launched in the year 2014-15. The program defines a clear career path for all employees in the organization. 90% of field managerial positions were filled through internal promotions as an outcome of the TRACKS program
- A benchmarking study to measure the perceived ranking of our field force vs. competition was conducted. Abbott India field force was ranked among the top 3 in India

PEOPLE PROCESS ENABLERS:

- ‘Pinnacle’, our best in class incentive program, continues to improve and motivate our sales force to perform at the optimum level
- ‘Abbworld’, our online sales force excellence tool, continues to be at the center of our Customer Relationship Management practices. This tool has become a critical enabler for measuring field efficiency and effectiveness of field execution

TRAINING:

- A robust three tier ‘Certification Program’, (Prima, Magna and Maxima) measures skills and knowledge of field employees. This program has now certified 1,116 Prima, 528 Magna and 32 Maxima employees
- An online e-learning module was launched in February 2015. More than 1,800 employees have accessed the e-learning module in the first month of launch itself

NATIONAL GOAL SETTING:

- ‘Lakshya’, the annual national goal-setting meet, was organised and attended by all employees. The meet celebrates and rewards outstanding achievers and also reveals the strategy for the coming year

ENABLING BETTER AWARENESS, ACCESS AND DIAGNOSIS

**INDIA'S KEY HEALTHCARE CHALLENGE STILL REMAINS
CREATING PATIENT AWARENESS AND DIAGNOSIS.**

Awareness, regular health-checks, accurate diagnosis, early detection and timely treatment are as important to health as medical products. Building better awareness through patient engagement activities and initiatives has been a key focus area for us. Over the years, we have done this in every therapeutic area that we are present in, to improve, enhance and augment awareness through a range of patient engagement and education initiatives. At the forefront of these are our campaigns around thyroid, constipation, liver health and women's health.

“MAKE INDIA THYROID AWARE”

- 1 in 10 urban Indians suffers from thyroid disorders and women are 3 times more affected by hypothyroidism than men. Despite high prevalence there is low awareness as the symptoms of thyroid disorder are vague and often ignored by patients
- ‘Make India Thyroid Aware’ was a critical initiative under which Abbott India’s Metabolics team conducted multiple thyroid camps and clinics across India. In the last year itself 2,800 thyroid clinics and 5,600 thyroid camps were conducted. These activities screened more than 1 million people. A new initiative - ‘Thyroid on Wheels’ was launched in Uttar Pradesh, Tamil Nadu, Coastal Andhra Pradesh and Himachal Pradesh to sensitize the general public, especially women about the nature of thyroid disorders

AIDING PATIENTS SUFFERING FROM CONSTIPATION

- Launched an innovative campaign - ‘Constipasana’, which highlights the significance of the right posture with the right treatment for constipation
- The campaign covered approximately 10% of the total adult population suffering from constipation

SCREENING FOR LIVER RELATED DISEASES

- The Fibroscan initiative (conducted in partnership with Echosens - makers of Fibroscan technology) screened over 21,000 patients through over 1,600 camps leveraging a non-invasive method for liver disease diagnosis
- HepConnect - A viral hepatitis Patient Support Program with free counselling and discounted diagnostics was initiated; more than 4,000 patients were screened

IMPROVING WOMEN’S HEALTH

- A new ‘Life Care Kit’ for Duphaston was launched in October 2014. The kit had 4 tablets of Duphaston and targeted women with potential for threatened miscarriages. With Duphaston’s new life kits, approximately 84,000 women with complicated pregnancies and having a high risk of miscarriage have been reached

CORPORATE SOCIAL RESPONSIBILITY

SANITATION PROJECT

The goal of Abbott India's sanitation project is to solve rural sanitation issues through infrastructure development (building toilets) and capacity building (awareness building).

This project is in alignment with the Government of India's Swachh Bharat Mission and has been structured around its objectives.

Effects of inadequate sanitation in India go beyond lack of access to toilets and subsequent health impacts caused by a prevalence of communicable diseases. Secondary impacts

of poor sanitation can extend to poorer attendance of girls in schools and threaten the safety of women. As a commitment to enable India's progress in the areas of sanitation, hygiene and education, the Company has spent ₹ 3 Crores for this campaign.

The goal of Abbott India’s sanitation project is to solve issues of rural sanitation through

infrastructure development (building toilets) and capacity building (awareness building). This project, for raising awareness and enabling the community to maintain a healthy and hygienic environment, is being carried out in collaboration with a non-profit foundation with a focus on sanitation, women and youth empowerment.

The ultimate objective is to ensure sustainability of this initiative and its usefulness to the community. This can be achieved by:

- Empowering the local community to handle maintenance and upkeep of sanitation facilities
- Enhancing personal and household hygiene awareness, highlighting the importance of sanitation and its effect on health
- Continuous monitoring to evaluate the effectiveness of these interventions

At the end of the project implementation as well as awareness building, it is expected that the entire population of 2 villages from the state of Gujarat adopted for this project, will be aware about the need for sanitation and various health and hygiene habits. It is also expected that at least 80% of the said population shall be mobilized to use the toilets that will be constructed as a part of Abbott India’s sanitation project.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC OVERVIEW

According to the World Economic Outlook published by the International Monetary Fund (IMF), the global economy expanded at 3.3% in 2014, reflecting a moderate growth over the previous year in spite of challenging economic conditions and heightened geo-political tensions during the year. While developing countries and emerging economies continued to witness slowdown, there was a steady recovery in advanced economies, particularly the US, which benefitted from low oil prices and steady improvements in job creation and consumer confidence. In China, growth slowed down to its lowest in the last 24 years at 7.4%, short of the government's target of 7.5%. (Source: IMF)

In India, economic activity saw a marked revival as a result of positive structural reforms by the new government. The core sectors of banking, insurance, defence and infrastructure saw bold steps being taken after a gap of many years. Another step taken during the year was a change in the GDP calculation methodology - the Central Statistics Organisation (CSO) changed the base year for GDP calculation from 2004-05 to 2011-12. In addition, in line with international practices, GDP will now be measured at market prices compared to GDP at factor cost. Post this revision, the Indian GDP growth rate at constant prices for financial year 2014-15 was 7.4% compared to 6.9% in the previous fiscal year. The new method will also increase the size of the Indian economy to around ₹ 126.5 Lakhs Crores at current prices (estimate as of February 2015). Low oil prices, particularly in the second half of the year, eased inflation. This prompted the Reserve Bank of India (RBI) to ease monetary policy and lower interest rates in January 2015.

The all-round India growth story continues to remain strong and attractive. Both IMF and World Bank have predicted that the Indian economy will grow at 7.5% in 2015-16 and 2016-17. This is positive for the Indian Pharmaceutical Market.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian Pharmaceuticals Market (IPM) is estimated to have grown from ₹ 72,000 Crores in 2013 to ₹ 79,000 Crores in 2014. IMS Health (IMS), a leading healthcare global information and technology services company, estimates the Compounded Annual Growth Rate (CAGR) for IPM to be in the range of 10%-11% till 2018.

Some of the key features of the IPM are :

- IPM occupies an important position in the global pharmaceuticals industry. In terms of volumes, it was the 3rd largest market in the world in 2014, a position it has retained since 2013.
- IPM has consistently grown at a CAGR of 10%-11% over the last few years and has shown resilience in spite of a global economic slowdown and local regulatory challenges.
- The market continues to remain fragmented, with over 24,000 players; however, there are only approximately 330 players in the organized sector.
- The market continues to be dominated by branded-generics and more recently generic-generic products. Generic drugs form 72% of the total market and OTC drugs contribute approximately 19%.
- As far as therapeutic segments are concerned, Anti-Infectives form the largest sub-segment of IPM with 16% followed by Cardiovascular at 13% (in value terms).
- The top 10 companies account for around 40% of total sales and top 30 companies together account for nearly 75% of total sales. Among the top 10 companies in IPM space, 7 Indian companies account for almost 70% of the market with the 3 MNCs making up the balance 30%. Price levels continue to remain low driven by intense competition.

The overall improvement in the Indian economy will continue to remain one of the key growth drivers of IPM in the short term and will be characterized by :

- **Healthcare as a Priority Sector** - In 2014-15 Union Budget, healthcare has been declared as a priority sector by the government. Key recommendations that

are likely to impact IPM in the medium term include raising the limit in Foreign Direct Investment (FDI) in medical insurance to 49%.

- **Increased Focus on IPM** - The Government of India has unveiled 'Pharma Vision 2020' aimed at making India a global leader in end-to-end drug manufacturing. It has reduced approval times for new facilities to boost investments. The industry is also expecting friendly policies and incentives to give a major thrust to the growth.
- **Improving Rural Market** - 70% of India's population is in rural markets. Over the last few years, there has been a significant increase in healthcare awareness as well as healthcare spend in rural India. As income levels rise in rural India, the rural markets present a big opportunity for growth.
- **Increasing Digital Penetration** - With the growth in digital media (including social media) and mobile, new patient engagement tools and technologies are being aggressively tested by various players. We expect this trend to continue and gain in importance in aspects such as patient awareness and diagnosis.

According to McKinsey & Company, the rise in the prevalence and treatment of diseases, increased affordability due to greater health insurance coverage and rising incomes, increase in medical infrastructure, launch of patented products and new market creation in newer therapies will drive growth of the Indian Pharmaceutical Market.

(Source : IMS, India Brand Equity Foundation)

OPPORTUNITIES AND THREATS

The following factors are likely to impact the IPM in the next few years :

- The mix of therapies will continue to gradually move in favour of specialty and super-specialty therapies. According to McKinsey & Company, mass therapies will constitute about half the market by 2020.
- Metro and Tier-I markets will make significant contributions to growth, driven by rapid urbanisation and greater economic development. Rural markets will grow the fastest, driven by step-up from current poor levels of penetration.
- The affordability of drugs will rise due to sustained growth in incomes and increase in insurance coverage. With real GDP growing at nearly 8% over the next decade, income levels will rise steadily.

- In addition to income growth, health insurance coverage will augment affordability. By 2020, McKinsey & Company expects nearly 650 million people to be covered by health insurance.
- The acceptability of modern medicine and newer therapies will increase due to aggressive market creation by players, an increased acceptance of biologics and preventive medicine, and a greater propensity to self-medicate. Players will shape the patient funnel, especially for chronic therapies such as cardiovascular and neuropsychiatry.
- The hospital segment will increase its share and influence, growing to 25% of the market in 2020, from the current 13%.

REVIEW OF OPERATIONS

Financial Performance

Sales :

Net Sales for the year ended March 31, 2015 amounting to ₹ 2237,60.25 Lakhs grew at 25.4%* over the prior period which is significantly higher than the 10.7%* growth achieved last year. Each of the businesses achieved double digit growth, as highlighted in the Division-wise Performance.

Material Cost and Manufacturing :

Due to various inflationary pressures, Material Cost increased to 58.6% of Net Sales as compared to 58.1% that was achieved in the prior period.

Employee Benefit Expenses :

During the year under review, the Company augmented its people strength by 3.7% to 2,867. The increase of 27.4%* in Employee Cost is mainly due to merit increase and sales incentives.

Other Expenses :

The Company continued to keep a tight control on all discretionary spending like Advertising & Promotional Spend and, therefore, has managed to bring down the Other Expenses from 19.4% of Net Sales last year to 16.7% of Net Sales this year.

Other Income :

Other Income for the year under review includes Profit on Sale of Residential Properties amounting to ₹ 1,87 Lakhs this year against ₹ 12,22 Lakhs last year.

Further, the investment strategy of the Company is reviewed periodically by the Audit Committee. The Company continued to invest in Bank Deposits, with a view

to safeguarding the principal and maintaining liquidity. The Company has an investment portfolio as at March 31, 2015 of approximately ₹ 603,67.36 Lakhs generated out of operating surplus.

Profit Before Tax :

Profit Before Tax for the year ended March 31, 2015 stood at ₹ 344,36.08 Lakhs, which was significantly higher at 15.4% of Net Sales as compared to 13.2% of Net Sales in the prior period. This was largely due to higher Sales, and other cost control measures and initiatives as mentioned above.

The Board of Directors has recommended a dividend of ₹ 31/- per equity share.

Division-wise Performance

The Company operates in single reportable business segment i.e. pharmaceuticals.

The Company's business operations are divided into four divisions. The key performance highlights of each business division for the year 2014-15 are as follows :

Women's Health, Gastroenterology and Hepatic Care Division

Women's Health :

This segment grew by 20.3%* in 2014-15. Duphaston, one of the flagship brands, dominates the market with approximately 19.7%* market share.

Gastroenterology :

This segment posted a strong growth of 22.2%* in 2014-15. This growth was majorly driven by Cremaffin, which grew at 26.1%* vs. 18.7%* in the prior period.

Hepatic Care :

This segment grew by 42.2%* in 2014-15 Heptral growing at 15.2%* continued to drive the growth of this segment.

Specialty Care Division

Metabolics :

This segment continued with its strong performance, growing at 34.8%* in 2014-15. Thyronorm is the undisputed market leader with a market share of 52.6%* and registered a growth of 41.2%* in 2014-15.

Central Nervous System :

This segment grew by 30.2%* in 2014-15. The Company has a portfolio of strong brands in this segment like Zolfresh, Vertin and Prothiaden. A strong commitment to emphasize the importance of sleep and its relationship with chronic disorders, has made Zolfresh the No. 1 brand# in the extended

*annualised, #Source : IMS

sleep market. In the vertigo treatment sub-segment, the Company's brand Vertin continues its leadership position as the No.1 brand.# In the anti-depression sub-segment, Prothiaden continues to maintain its leadership position.#

General Care Division

This division comprises multi-specialty drugs and applications, and is primarily aimed at general physicians. This division turned the corner in the last year with a 13.5%* growth from negative 4.6% in 2012-13. In the current year, the division continued the momentum with a growth of 19.7%*. All the major brands in the segment like Brufen, Digecaine and Surbex registered strong performance. Arachitol Nano, a new product launched during the year, achieved Sales of ₹ 2,83.27 Lakhs within 11 months of launch.

Consumer Care Division

This division is one of the new focus areas of growth for the Company. Its products fall within the OTC category and are targeted directly at patients through TV advertising and engagement programs. This segment grew at 19.4%* in 2014-15. Digene, the flagship brand in this segment, has shown impressive growth of 17.7%* in 2014-15. Digene Fizz has also performed well and registered a Sales of ₹ 9,08.07 Lakhs during this year.

CLINICAL RESEARCH

In 2014, we built further on our long-standing commitment to clinical trial transparency. To facilitate further research that can help advance medical science or improve patient care, we conducted nine trials of which three are on-going, one study on recurrent miscarriage has been published in The Journal of Obstetrics and Gynaecology, two studies have been submitted to the journal for publication, while the remaining three are in report writing phase.

A brief snapshot of studies conducted in 2014 is as follows :

- An observational study was conducted to profile Chronic Cholestatic Liver diseases in several centres across India. The study is complete and has moved to the report writing phase.
- A nationwide epidemiology study was conducted to study Minimal Hepatic Encephalopathy among patients of Cirrhosis which is also in the report writing phase.
- The third surveillance study on physicians' prescribing patterns in Acid Peptic Disease in India has been completed.
- Constipation and its prevalence and its clinical subtypes in Indian patients is the subject of an ongoing study for which we are currently recruiting patients.

- A study on the prevalence of Insomnia in Indian corporate employees has been completed and the report has been submitted to the journals for publication.
- Miscarriage and Menstrual Cycle regularisation have formed the subject of two clinical trials that have been completed in the last year, one of which has been published and the other currently being reviewed for publication in prestigious scientific journals.
- In addition, we have an ongoing thyroid registry to determine disease and treatment profile in newly diagnosed hypothyroidism patients.

All the studies have been conducted after receiving appropriate regulatory approvals and stringently adhere to international and national guidelines on conduct of clinical trials.

OUTLOOK

An analysis by IMS shows that the Indian Pharmaceuticals Market will likely grow between 10% and 11% year on year to more than 1 lakh crore by 2018. This growth will be driven by increasing affordability, increasing access particularly as private providers expand to lower tier towns and cities and favourable demographic factors – an overall increase in Indian population as well as increased prevalence of chronic, non-communicable diseases such as cardiovascular diseases, diabetes and cancer.

For the near future, the Company has identified specific opportunities to leverage this growth, capitalise on its strengths and position itself as a leading science driven pharmaceutical company. Some of the identified initiatives include :

- The Company is a market leader in 5 out of the 9 therapy areas that it is present in.# The Company will continue to build on its leadership position by entering adjacent therapy areas and launching new molecules which complement its suite of products.
- Driving diagnosis and creating patient awareness is another focus area especially through partnerships with other organizations in the healthcare value chain. A successful example of this has been in the area of thyroid through patient screening camps.
- To accelerate growth even further, the Company will be entering the Vaccines market with launch of 4 new vaccine brands in 2015. This will continue to be a high focus and high growth area for the Company.
- Another expansion area is OTC, with the launch of Consumer Care products. This expansion will be

*annualised, #Source : IMS

two-pronged – 1) Continue to build on the franchise and value of existing brands such as Digene; and 2) Enter new OTC segments which the Company is not present in.

- The Company also anticipates a strong adoption of technologies which complement our products and KOL engagement strategy. The Company will continue to drive patient diagnosis and treatment using cutting edge tools and new innovations. The use of innovative technology is also being aggressively adopted as part of our regular marketing programs.
- During the year, the Company launched 9 new products and will continue launching new products and molecules.

RISKS AND CONCERNS

Regulatory Challenges :

The pharmaceutical regulatory environment across the world is becoming more stringent including the Indian Pharmaceutical Industry. The Industry witnessed many important changes and challenges which included the New Pharmaceutical Pricing Policy, additional oversight mechanisms for clinical trials, Fixed Dose Combinations (FDCs) and new rules being notified for new drugs as well as clinical trials.

Various Regulatory Committees were formed by the Government to streamline the current processes which resulted in delays of clinical trials and new drug approvals. These processes form an inherent part of the drug development process. The mandatory generic generics drive by the State Governments will also pose challenges for pharma companies in the near future.

Drug Price Control Order, 2013 :

The Drug Price Control Order, 2013 (DPCO) changed the pricing mechanism of drug price control from 'cost-based' to 'market-based' for 348 drug molecules. In July 2014, the National Pharmaceutical Pricing Authority (NPPA) brought another 50 cardio-vascular and anti-diabetic drugs under price control. A revision in the National List of Essential Medicine list is in progress which, if expanded, may pose a risk to your Company's future profitability.

INTERNAL CONTROL AND ITS ADEQUACY

The Internal Controls of the Company are adequate and commensurate with the size and scale of the operations. These controls operate through well documented standard operating procedures, policies and process guidelines that are designed to provide reasonable assurance to management of the reliability of financial information,

compliance to operating and adherence to Statutory / regulatory requirements. The Internal Controls are routinely tested and certified by the Internal as well as the Statutory Auditors. Significant audit observations and the management actions thereon are reported to the Audit Committee on a quarterly basis. The Audit committee reviews the observations and assesses the adequacy of the actions proposed as well as monitors their implementation.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

At Abbott India Limited, our people have always been our most critical and valuable resource. The HR division of the Company plays a strategic role in engaging with employees at all levels, keeping them motivated and driven to the Performance Excellence and Leadership Engagement culture of the Company.

Talent Development :

We continued to attract high quality talent throughout the year. The Global Summer Internship and Leadership Development Programs attract talent from some of the world's best universities including the Harvard Business School, MIT Sloan and Wellesley College. The Management Trainee Program attracts talent from leading Indian business schools such as ISB, IIMs and NMIMS.

For our frontline salesforce, we have adopted a differentiated hiring approach. As a result, 30% of our Therapy Business Managers come with differentiated backgrounds such as Commerce Graduates, MBA, FMCG and from other leading Indian and MNC pharmaceutical companies.

India Talent Strategy :

- With a view to support future business growth and the Company's strategic direction, the India Talent Strategy program was launched. As part of a consolidated talent strategy, we initiated recruitment of freshers from premium graduate colleges.
- During the year, a benchmarking study on the perceived ranking of our field force vis-a-vis competition was also undertaken. Our field force was ranked among the top 3 in India.
- AMCAT, an external talent assessment tool, has been implemented to make our lateral hiring process for field force more robust.
- 100% of our field managers (260 first line managers and 50 second line managers) underwent coaching workshops during the year.
- We strengthened our goal setting process by standardizing goal templates and conducted a cross functional goal alignment workshop.

Training and Certification :

- The HR team partnered with the Commercial Excellence team to establish a robust three tier 'Field Certification Program' (Prima, Magna and Maxima) aligned to career paths of our employees.
- The Field Force Certification Program has now seen 1,113 Prima, 576 Magna and 32 Maxima certified employees.
- To enhance the capability of our field force, the Commercial Excellence team launched an online e-learning module in February 2015.
- More than 1,800 employees have accessed the e-learning module in the first month of launch.

Career Management Framework :

As part of the overall talent development program, the Company also launched a proprietary program called 'Tracks' which has created a structured framework for career development for employees and enables cross-functional, cross-geographical movement. This program outlines career progression in the organisation in a transparent manner so that all employees can plan their career advancement. The program has helped retain our key talent and positively impacted the Company's retention rate. Under this program :

- We conducted over 20 internal assessments and processed 800 applications for roles in different functions and divisions
- 14 second-line managers have been placed through internal assessments and 95% of managerial positions were backfilled by internal talent promotions

Online Performance Reviews :

During the year, we launched an online tool for conducting performance reviews across the organization. Given the size of the field force this was a critical initiative in bringing efficiency to how the Company does performance reviews. For the first time majority of the field force including first line managers was appraised through an online tool and represents a pioneering initiative in the industry.

Other Initiatives :

- As part of the launch of the new Vaccines Division, 40 employees were recruited to ensure that this division is ready to go to market in 2015.
- In Nepal, we increased our field force from 25 in November 2014 to 45 in April 2015.
- We established a Zonal HR Model in 2014 to create a decentralised structure and improve connect and access with the field force.

Prevention of Sexual Harassment at Work Place :

The Company has constituted Internal Complaints Committee (ICC) under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. During the year, two complaints were received by the Company and disposed off by ICC in terms of the provisions of the said Act

Total Number of Employees :

Total number of employees as on March 31, 2015 is 2,867.

HEALTH, SAFETY AND ENVIRONMENT

Compliance with relevant regulations coupled with effective management of these issues is an integral part of the Company's operating philosophy and we stand committed to continually improve on these objectives. The Company, year on year, increases its focus on improving Health, Safety and Environment.

Health and Safety :

The Company is committed to promoting health and safety of its employees. The Company has a dedicated Safety Officer and a Safety Committee, which includes representation from workmen and meets regularly to review issues impacting plant safety and employee health. The Company's EHS program includes the policy on safety, health and environment, well defined EHS organizational structure, EHS SOPs and EHS specific programs.

Various training programs are conducted at the Plant on health and safety issues including dealing with epidemics, ergonomics, machine guarding, work safety, road safety, etc. Regular health checkup (once a year) of the Plant employees is carried out. Mock drills for firefighting and rescue operations with the involvement of local fire services are also being conducted.

The plant has a well-equipped first-aid room with a full-time nurse and Occupational Health Physician catering to employee needs. The Plant also has a full-fledged ambulance van. A cross-functional team for Employee Health and Safety (EHS) and Emergency Action Plan (EAP) is in place.

The Plant celebrated National Safety Week from 4th to 10th of March, 2015. Various activities were planned during the week. Training program for e-waste disposal was conducted by an external agency during the week. Blood Donation Camp was organized in this week with the help of Goa Medical College and there was enthusiastic participation by plant personnel. Additionally, training program on women's health and related issues was also organised by a leading cardiologist during this period.

An elaborate audit for Environment, Health and Safety in accordance with Abbott's global standards and local regulations compliance was conducted by Abbott's global corporate team and external consultants

Environment :

The Company continuously endeavors to improve on environmental management to minimize the adverse environmental impact and through all activities demonstrate commitment to protecting the environment.

The Goa plant is a "ZERO" discharge plant. The Company has in place a modern state of art effluent treatment plant at the Goa unit, treating and discharging waste water with parameters of treated effluent well below the limits set by the local Pollution Control Board. The treated water from waste water treatment plant is recycled for horticulture within the site.

Rain water harvesting project, initiated two years ago, continued at the Plant during this year also, which resulted in 650 KL of water saving during monsoons. The emissions from boiler and generator stacks are monitored regularly and are well below the limits set by the State Pollution Control Board. The ambient air quality is being monitored on a regular basis to conform to the compliance of ambient air quality standards. There is also a vermi-composting unit to convert canteen waste into organic manure, which is used in the lawns and plantation inside the factory premises.

The site retains its certification of Zero Waste to landfill in purview of waste disposal. 81% of our waste goes for recycling, 16% for incineration and 3% for composting.

Environmental Key Performance Indicators are shared and discussed with employees on regular basis in order to continuously minimise the impact on environment.

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Abbott India Limited

I have conducted the Secretarial Audit of the compliance with applicable statutory provisions and the adherence to good corporate practices by Abbott India Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minutes book, forms and returns filed and other records maintained by the Company and also information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on March 31, 2015, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

I have examined the books, papers, minutes book, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2015 according to the provisions of :

1. The Companies Act, 2013 (the Act) and the Rules made thereunder;
2. The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') viz.;
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011, as amended from time to time;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

- c. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with client;

I have also examined compliance with the applicable clauses of the following :

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India. (Not applicable to the Company during the audit period)
- (ii) The Listing Agreements entered into by the Company with the BSE Limited.

To best of my understanding I am of the view that during the period under review the Company has complied with the provisions of the Act, Rules, Regulations and Guidelines Standards etc. mentioned above.

I further report that :

Having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws applicable specifically to the Company

- a. Drugs and Cosmetics Act, 1940 and Drugs and Cosmetics Rule 1945;
- b. Drugs and Magic Remedies (Objectionable Advertisement) Act, 1954;
- c. Drugs (Price Control) Order, 1995;

I further report that :

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act .

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members views, if any are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines

This report is to be read with my letter of even date which is annexed as Annexure and forms integral part of this report.

ANNEXURE IV

Conservation of Energy, Technology absorption and Foreign Exchange Earnings and Outgo

[In compliance with the provision of Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014]

A. Conservation of Energy :

i. The Energy conservation measures taken :

- Installation of single energy efficient screw type air compressor of 500 cfm capacity in place of existing three reciprocating type air compressors of 200 cfm each;
- Variable Frequency Drive installed for all new Air Handling Units (AHUs) in the multiproduct facility;
- Condensate Recovery System installed for providing feed water to boilers. Condensate water through this system remains at a temperature of about 90 c, which is used for providing feed water to boilers thus saving bio fuel estimated at 24 Tons / year.
- Pressure Independent Balancing and Control Valves (PIBCV) installed, in place of regular 3 way actuating Valves to maintain desired chilled flow rates for the related AHUs, thereby saving on pumping energy and also providing uniform flow across the chilled water circuit.
- Energy Efficient class motors installed for all new AHUs.
- Passive infra - red motion sensors installed in change Rooms for illumination and fan controls thereby reducing energy consumption.

ii. The steps taken by the Company for utilizing alternate sources of energy :

Nil

iii. The Capital Investment on Energy Conservation Equipment :

₹ 37.74 Lakhs

B. Technology Absorption :

i. The efforts made towards Technology Absorption :

Various new projects were undertaken at the Goa factory. Cremaffin was commercialized in a new

450ml pack. Additionally, Digene Orange was also commercialized in a 400 ml pack. Digene primary packs were changed from Glass to PET bottles with a new pack of 200 ml. This resulted in reduced inventory of bottles and caps in addition to savings on waste, transportation and reduction of noise levels during manufacturing. Research is underway to have Duphalac in PET bottles. New flavors for Digene tablets were developed. Initiatives for various process simplifications and new vendor development for raw materials were undertaken during the year.

ii. The benefits derived like product improvement, cost reduction, product development or import substitution :

- Ganaton – Reduced cycle time of the process and coating man-hours on account of modification in the coating process.
- Brufen – Reduced sieving and granulation process times and man-hours on account of revised granulation process.
- Studies for new vendor development were undertaken for both Active Pharmaceutical Ingredients and Excipients as part of supply chain improvement, avoid product stock outs and reduce cost.
- Import substitutions for alternate vendors were undertaken to ensure supply security and generate savings of approximately ₹ 50 Lakhs.

iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year) :

- a. the details of technology imported : Nil
- b. the year of import : Nil
- c. whether the technology been fully absorbed : N.A.

We have examined the compliance of conditions of Corporate Governance by Abbott India Limited (the 'Company'), for the year ended on March 31, 2015, as stipulated in clause 49 of the Listing Agreement of the said Company with the Bombay Stock Exchange Limited, Mumbai.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Annexure I

Remuneration Policy

1. Purpose :

- 1.1 Section 178 (3) of the Companies Act, 2013 and Clause 49 (IV) (B) (1) of the Listing Agreement requires every Nomination and Remuneration Committee (N&RC) to devise a Policy on remuneration of Directors, Key Managerial Personnel (KMP) and other employees.
- 1.2 The N&RC is responsible for recommending to the Board a Policy relating to the remuneration of Directors, Key Managerial Personnel and other employees.

2. Overview :

- 2.1 N&RC has laid down this Policy to ensure compliance with Section 178 (4) of the Companies Act, 2013, which states that :
 - 2.1.1 the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully;
 - 2.1.2 relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
 - 2.1.3 remuneration to Whole-time Directors, KMP and Senior Management Personnel involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

3. Company Philosophy :

- 3.1 The Company's compensation philosophy is based on three primary factors :
 - 3.1.1 Being competitive with peer-group companies both within and outside of healthcare with financial performance similar to the company;
 - 3.1.2 Making individual performance the primary driver of total pay;
 - 3.1.3 Linking pay to achievement of the Company's business goals.
- 3.2 Simply stated, the Company's compensation is intended to compare favorably with the pay programs of other leading healthcare companies as well as other high-performing companies outside of the healthcare arena that have a similar size, scope and financial performance to

the Company and operate in markets where we compete for talent.

- 3.3 While employees are paid based on their skills and levels of performance, employee pay at the company is on an average targeted to be competitive at the median pay of other leading companies.
- 3.4 The Company is dedicated to providing a solid foundation of employee benefits that will allow employees to meet their personal and family needs. We recognize the importance of financial security for things that matter most to the employee and their families. Our benefits philosophy is based on three primary core values :
 - 3.4.1 The Company cares and is concerned for the health, welfare and financial well-being of its employees worldwide;
 - 3.4.2 The Company has established competitive benefits as part of the Total Rewards offered to its employees;
 - 3.4.3 The Company has developed standards for effective management of employee benefit programs.
- 3.5 The Company is committed to offering comprehensive and competitive benefit packages designed to meet the changing needs of our employees and our diverse businesses.

4. Definitions :

- 4.1 "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
- 4.2 "Key Managerial Personnel" means
 - Chief Executive Officer or the Managing Director or the Manager;
 - Company Secretary;
 - Whole-time Director;
 - Chief Financial Officer; and
 - Such other officer as may be prescribed under the Act.
- 4.3 "Senior Management" means personnel of the Company who are members of its core management team, excluding the Board of Directors, comprising all members of management one level below the Executive Directors, including the functional heads.
- 4.4 "Other Employees" means all other employees of Abbott India Limited but do not include employees who have signed collective or union agreements or on contractual basis.

INDEPENDENT AUDITOR'S REPORT

To the Members of Abbott India Limited

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Abbott India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section

143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2015, its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:

- | | |
|--|--|
| <p>a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;</p> <p>b. ANNEXURE TO OUR REPORT OF EVEN DATE

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Some fixed assets were physically verified by the management during the year in accordance with a planned programme of verifying them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a) and (b) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us and having regard to the explanation that certain items of inventory purchased from strategic vendors or are of special nature for which suitable alternative sources are not readily available for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the company in respect of these areas.
- (v) The Company has not accepted any deposits from the public.

- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Companies Act, 2013, related to the manufacture of formulations and bulk drugs, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Wealth Tax, Service Tax, Sales Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of Income Tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax and Cess on account of any dispute, are as follows :

NOTES TO THE FINANCIAL STATEMENTS

1. COMPANY INFORMATION

Abbott India Limited ('The Company') is a public limited company domiciled in India and is listed and traded on the Bombay Stock Exchange and also traded on the National Stock Exchange. The Company is one of the leading multinational pharmaceutical companies in India and operates with an owned manufacturing facility in Goa and various independent contracts / third party manufacturers based across the country. The Company sells its products through independent distributors primarily within India.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting and Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on accrual basis under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except in case of depreciation (Refer (d) below).

b) Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the period. The management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the difference between the actual results and estimates are recognised in the period in which the results are known / materialised.

c) Revenue Recognition

Sales are recognised when the risk and reward of ownership is passed on to the customers. Net Sales are stated exclusive of excise duty, sales tax, VAT (Value Added Tax), and are net of sales returns, trade discounts, provision for anticipated returns on expiry, made on the basis of management expectation taking into account past experience.

Dividend income is recognised when the right to receive the dividend is established at the Balance Sheet date.

Interest income is recognised on a time proportion basis.

Service income is recognised as per the terms of the contracts / arrangements when related services are performed.

d) Fixed Assets and Depreciation / Amortisation

All Fixed Assets are stated at cost of acquisition less accumulated depreciation / amortisation and impairment in value, if any. Cost comprises the purchase price and any other attributable cost of bringing the asset to its working condition for its intended use.

Gains or losses arising from derecognition of Fixed Assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Till the period ended March 31, 2014, depreciation was provided on the basis of Schedule XIV to the Companies Act, 1956. During the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in changes related to depreciation of certain Fixed Assets. Based on Schedule II the Company has changed the life of Office Equipments from 10 years to 5 years and Computers from 4 years to 3 years.

During the year the Company had also changed the policy of fully depreciating the individual assets costing ₹ 5,000 or below. Now the Company is providing depreciation based on its useful life.

The management believes that useful lives currently used, which is as prescribed under Schedule II or higher, fairly reflect its estimate of the useful lives and residual values of Fixed Assets, though these rates in certain cases are different from lives prescribed under Schedule II.

NOTES TO THE FINANCIAL STATEMENTS

This change in accounting policy did not have any material impact on financial statements of the Company.

Depreciation and Amortisation is provided, pro-rata for the period of use, on the Straight Line Method, at rates determined based on the management's estimate of useful life and are as follows :

Method of Depreciation :	Straight Line
Type of Assets	Useful Life in Years
Leasehold Land	95 years
Leasehold Improvements	Over Lease Period
Buildings	
Factory Building	29 years and 11 months
Residential Buildings	50 years
Plant and Equipment	
Anaesthetic Equipment (included under Plant and Equipment)	5 years
Others	9 to 10 years
Office Equipments	
Computers	3 years
Others	5 years
Furniture and Fixtures	10 years
Vehicles	5 years
Software	3 to 5 years
Trade Marks	5 years

e) Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the Cash Generating Unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment amount is appropriately reversed.

f) Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rates that approximate the actual rate prevailing at the date of the transaction. Monetary items and forward contracts denominated in foreign currencies at the year end are translated at year end exchange rates. In respect of monetary items which are covered by forward exchange contracts, the difference between the year end rate and the rate on the date of the contract is recognised as exchange difference and the premium on such forward contracts is recognised over the life of the forward contract. The exchange differences arising on settlement / translation are recognised in the Statement of Profit and Loss.

g) Inventories

Inventories consists of Raw Materials and Packing Materials, Work-in-Progress, Stock-in-Trade and Finished Goods. Inventories are valued at lower of cost and net realisable value. Cost is determined on First-In-First-Out basis. Cost of Work-in-Progress and Finished Goods includes labour and manufacturing overheads, wherever applicable. Cost of Finished Goods includes Excise Duty.

h) Research and Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset

NOTES TO THE FINANCIAL STATEMENTS

ready for its intended use. Fixed Assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Fixed Assets.

i) Employee Benefits

i) Post employment Benefits

a) Defined Contribution Plans :

The Company has Defined Contribution Plans for post employment benefits, charged to Statement of Profit and Loss based on the contribution required to be made and when services are rendered by the employees in the form of :

- i) Provident Fund / Employees' Pension Fund administered by the Regional Provident Fund Commissioner, Mumbai;
- ii) Superannuation Fund as per Company policy administered by Life Insurance Corporation of India, Mumbai;
- iii) Employees' Deposit Linked Insurance Scheme, 1976 under Employees' Provident Fund and Miscellaneous Provisions Act, 1952, administered by Life Insurance Corporation of India, Mumbai; and
- iv) Group Life Insurance cover, as per Company policy.

b) Defined Benefit Plans :

- i) Funded Plan : The Company has Defined Benefit Plan for post employment benefits in the form of Gratuity for all employees administered through a trust, funded with Life Insurance Corporation of India, Mumbai.
- ii) Unfunded Plan : The Company has unfunded Defined Benefit Plans in the form of Compensated Absences (CA), Long Service Benefits (LSB) and Post Retirement Medical Benefits (PRMB) as per Company policy.

c) Other Long Term Defined Benefit Plans :

The Company has unfunded other long term benefit plans in the form of Compensated Absences (CA) and Long Service Benefits (LSB) as per Company Policy.

Liability for the above Defined Benefit Plans is provided on the basis of actuarial valuation, as at the Balance Sheet date, carried out by an independent actuary using the Projected Unit Credit method.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

- ii) The actuarial gains and losses arising during the period are recognised in the Statement of Profit and Loss for the period.

j) Leases

Lease rentals / Leave and Licence fees in respect of assets under operating lease are charged off to the Statement of Profit and Loss, as incurred.

k) Taxation

Tax expense comprises of current and deferred tax and includes any adjustments related to past periods in current and / or deferred tax adjustments that may become necessary due to certain developments or reviews during the relevant period. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income Tax Act, 1961.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred income taxes reflect the impact of current year's timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax resulting from timing differences between book and tax profits is accounted for at the current rate of tax / substantively enacted tax rates, as applicable, to the extent that the timing differences are expected to crystallise.

NOTES TO THE FINANCIAL STATEMENTS

The carrying amount of deferred tax assets are reviewed at each Balance Sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which deferred tax asset can be realised. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities.

l) Provisions, Contingent Liabilities & Contingent Assets

A provision is recognised when the Company has a present obligation as a result of a past event and, it is probable that an outflow of resources would be required to settle the obligation and in respect of which a reliable estimate can be made.

Provisions are not discounted and are determined based on best estimate required to settle the obligation at each Balance Sheet date. Provisions are reviewed at each Balance Sheet date and are adjusted to effect the current best estimation.

A contingent liability is disclosed where the possibility of an outflow of resources embodying economic benefits is possible.

Contingent assets are not recognised in the financial statements.

m) Classification of Current / Non Current Assets and Liabilities

All assets and liabilities are presented as Current or Non current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of Current / Non current classification of assets and liabilities.

3. With effect from the previous financial year, the Company has changed its accounting year from year ended December 31 to year ended March 31. Accordingly, the financial statements for the previous accounting period were prepared for a period of 15 months from January 1, 2013 to March 31, 2014. Hence, the figures and Earnings per share for the current year are not comparable with those of the previous accounting period.

29. DISCLOSURES RELATING TO SHARE BASED COMPENSATION

A) International Stock Ownership Plan (Stocks of Abbott Laboratories, USA)

Abbott Laboratories, USA has an "Affiliate Employee Stock Purchase Plan" (employee share purchase plan) whereby specified employees of its subsidiaries have been given a right to purchase shares of Abbott Laboratories, USA. Every employee who opts for the scheme contributes, by way of payroll deductions, up to 10% of his cash remuneration towards purchase of shares on a monthly basis over the purchase cycle of 6 months.

The maximum that an employee can contribute to the plan is USD 12,500 per purchase cycle or USD 25,000 per calendar year. At the end of the cycle, accumulated payroll deductions are used to purchase shares at a discounted price. The purchase price of the share is 85% of the lesser of Fair Market Value either on the first or last day of the purchase cycle. The shares of Abbott Laboratories, USA are listed with the New York Stock Exchange, USA and are purchased on behalf of the employees at market price less discount, allocated to participants as of last day of the purchase cycle. The concession in the price of the shares is entirely borne by Abbott Laboratories, USA.

In view of the above, no stock compensation expenses are incurred by the Company. During the year ended March 31, 2015, **14,656 shares** (March 2014 : 10,782 shares) were purchased by employees at weighted average fair value of **US \$ 32.99** (March 2014 : US \$ 30.07) per share.

NOTES TO THE FINANCIAL STATEMENTS

B) Employees Stock Options Plan (Stocks of Abbott Laboratories, USA)

Abbott Laboratories, USA has an “Incentive Stock Option Program” whereby specified employees of its subsidiaries covered by the plan are granted an option to purchase shares of Abbott Laboratories, USA at a fixed price (grant price), which shall be at least 100% of the Fair Market Value of the common share for a fixed period of time. Accordingly, no options compensation expenses are incurred by the Company during the period. The shares of Abbott Laboratories, USA are listed with the New York Stock Exchange, USA. The Grants issued are vested in one third installments over a three year period and have a 10 years contractual life.

33. CONTINGENT LIABILITIES		
i) Claims against the Company not acknowledged as Debts :		
a) In February 1996, the Government had made a tentative claim for a sum of ₹ 11,11.66 Lakhs to be paid into the Drugs Prices Equalisation Account (DPEA) on account of unintended benefit allegedly enjoyed by the Company during the period May 1, 1981 to August 25, 1987. This was contested by the Company and subsequently during the year ended November 30, 2005, a final demand was received for ₹ 3,46.64 Lakhs (including interest of ₹ 1,90.39 Lakhs upto March 31, 2004). The Company, being aggrieved of the said demand and based on legal advice obtained in this regard, contested the above final demand of ₹ 3,46.64 Lakhs and filed a Writ Petition before the Bombay High Court to restrain the Government from recovering the said amount. The Bombay High Court has admitted the Writ Petition and granted stay of the recovery of the amount of ₹ 3,46.64 Lakhs subject to the Company furnishing a Bank Guarantee in respect of the principal amount of ₹ 1,56.25 Lakhs. The said Bank Guarantee has been furnished. The Company however, out of abundant caution and based on its understanding of the facts and circumstances of the case provided for a sum of ₹ 1,00.09 Lakhs (March 2014 : ₹ 96.18 Lakhs) including interest liability till date.
