ASTRO MOTORS Investment

Remsons Industries invests 36% into Astro Motors, an Electric three-wheeler company with Patented Gear Technology, with a road map to Acquire 51%.

Quote from Management

"I am pleased to share that Remsons Industries has delivered a strong performance in the first quarter of FY26. Our revenue grew by 30% year-over-year, reaching ₹996 million. EBITDA climbed to ₹106 million, marking an impressive 63% increase, while maintaining a healthy margin of 11%. Additionally, our net profit grew by 35% year-over-year to ₹36 million, further strengthening our financial position.

Even in a scenario where the auto industry remains muted, Remsons Industries has delivered a stupendous performance, showcasing the resilience and strength of our business model. This outstanding performance reflects our strategic focus on high-value products, improvements in operational efficiency, and strong export realizations. Looking ahead, we remain confident in our ability to sustain this momentum as we work towards our FY29 revenue target of ₹9,000 to ₹10,000 million.

At Remsons Industries, we firmly believe– "We deliver what we say." This commitment lies at the heart of everything we do.

As always, we are committed to delivering exceptional value to our shareholders with passion and dedication. In the coming quarters, we will continue to strengthen our business model, move up the value chain, and drive sustained growth. We are also broadening our product portfolio and further diversify into the Railways and Defense sector."
