New Delhi, February 11, 2015: Escorts Limited today reported a net profit of ₹ 35.7 crore in the third quarter ended December 31, 2014. The third quarter saw an increase of 5.4% in turnover to ₹ 1,046 crore against ₹ 992.6 crore in the preceding quarter. EBIDTA was sequentially up by 46.1% at ₹ 49.0 Cr. in the quarter ended December 2014 as against ₹ 33.5 Cr. in the quarter ended September 2014.

Domestic tractor industry remains flat sequentially, company posted an increase of 9.5% in domestic tractor volumes to 15,455 against 14,117 tractor in preceding quarter ended September 2014. Total volume up by 5.8% to 15,881 tractor against 15,013 tractor in quarter ended September 2014. Construction Equipment posted an increase of 7.2% sequentially in volume to 801 units against 747 units in quarter ended September 2014 and correspondingly up by 8.7% from 737 units in quarter ended December 2013.

However, the downturn in the tractor industry is expected to continue due to low yield coupled with low crop prices. The turnover was down correspondingly by 9.8% to ₹ 1,046.4 crore against ₹ 1,159.6 crore last year. This was largely on account of a 16.6% drop in tractor volumes to 15,881 tractors against 19,047 tractor in the corresponding quarter ended December 2013. This impacted overall profits which correspondingly went down from ₹ 45.6 crore in the quarter ended December 2013 to ₹ 35.7 crore in the quarter ended December 2014.

Speaking on the results, Chairman Mr. Rajan Nanda said, "The first three quarters have been quite tough for the tractor industry. Looking ahead, the tractor demand is expected to remain subdued in the short term, however the long term demand drivers are intact. At the same time, the signs in the construction sector seem to have turned positive and have shown an uptrend in volume for two continuous quarters for us. The optimism in the economy due to the new government is now entering a phase where the policies and actions on the ground will need to give the necessary channel for growth."
