THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- i. The voting period begins on 27.09.2025, 9:00 AM TO 5:00 PM and ends on 29.09.2025, 9:00 AM TO 5:00 PM. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 23.09.2025 may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING AND JOINING GENERAL MEETING ARE AS UNDER:-

The remote e-voting period begins on Saturday, September 27, 2025 at 09:00 A.M. and ends on Monday, September 29, 2025 at 05:00 P.M. The remote e-voting module shall be disabled by NSDL for voting thereafter. The Members, whose names appear in the Register of Members / Beneficial Owners as on the cut-off date i.e. Tuesday, September 23, 2025, may cast their vote electronically. The voting right of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date, being Tuesday, September 23, 2025.

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of “Two Steps” which are mentioned below:

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY OVERVIEW:

The Domestic Home Textile industry in India continues to build momentum, driven by sustained growth in organized retail, rising urbanization, and favorable economic conditions. In FY 2024-25, demand for home textiles has surged, further supported by a strong post-pandemic recovery in consumer spending. The continued success of GST in streamlining tax structures has further minimized the influx of cheap imports, benefiting organized players. E-commerce and Modern Trade remain pivotal, offering competitively priced private labels that attract value-conscious consumers. However, premium consumers are showing an increasing preference for eco-friendly, sustainable, and innovative high-end fabrics, reflecting global trends towards sustainability. The market continues to distinctly cater to both value-led consumers and fashion-conscious buyers, with the latter's demand shifting towards ethically sourced, luxury products. Additionally, geopolitical shifts and supply chain adjustments have influenced domestic manufacturing, bolstering the "Make in India" initiative and promoting local brands.

COMPANY AND ITS BUSINESS STRUCTURE:

During the financial year 2024-25, your company continued to focus on its core competency of fabric processing, catering to both domestic and international markets. We have strengthened our position by leveraging advanced technology and optimizing our processes to meet evolving customer demands. Our business model, primarily based on job processing of fabrics, remains agile, enabling us to efficiently manage fluctuations in demand and supply within the textile commodities market. With an increased emphasis on sustainability and innovation, we have enhanced the properties and quality of fabrics to meet global standards. Each operational stage remains self-sufficient, with a strong managerial framework and timely corporate support to ensure seamless functioning. Total customer satisfaction continues to be at the heart of our operations. Through a customer-centric approach, we focus on delivering value by offering high-quality, customized fabric solutions. Our skilled workforce adheres to stringent quality standards, and continuous product innovation has allowed us to develop technical solutions tailored to specific customer needs, contributing to long-term success and mutual growth.

KEY STRENGTHS OF THE INDUSTRY

Cost-Effective and Skilled Manpower: India continues to benefit from a vast pool of skilled and cost-effective labor, providing a significant competitive edge in the global textile market.

Integrated Textile Value Chain: The industry boasts a vertically and horizontally integrated value chain, encompassing everything from raw material sourcing to the production of finished goods. This integration enhances efficiency and quality control.

Nationwide Competitive Textile Processing: With textile processing units spread across the country, India offers a diverse and competitive design base that caters to a wide range of consumer preferences in both domestic and international markets.

Modern and Efficient Manufacturing Facilities: Investments in advanced technology and modernization of manufacturing facilities have led to increased efficiency and reduced processing costs, particularly in grey fabric processing, solidifying India's position as a cost leader.

Growing Domestic and International Markets: The robust growth of the Indian economy, coupled with rising consumer spending, has expanded the domestic market. Additionally, strong demand in international markets offers significant opportunities for export growth.

Adoption of Sustainable Practices: The industry is increasingly embracing sustainable and eco-friendly manufacturing practices, aligning with global trends and enhancing its appeal in markets that prioritize environmental responsibility.

Government Support and Initiatives: Continued government support through policies like the Production Linked Incentive (PLI) scheme and the "Make in India" initiative has created a favorable environment for investment and growth in the textile sector.

BUSINESS OVERVIEW (2024-25)

Vinny Overseas Limited, established in 1992, continues to be a recognized name in the manufacture and processing of textile fabrics. Over the years, the company has strengthened its position in the Textile Processing Industry by maintaining a loyal clientele, including multinational corporations. In FY 2024-25, we have further solidified our presence in the domestic market, ensuring Pan-India distribution of our products. Our ongoing focus on quality, innovation, and customer satisfaction has enabled us to sustain growth and meet the evolving needs of our clients across the country.

OPERATIONAL PERFORMANCE:

Your Directors have been making efforts on all fronts viz. production, marketing, finance and cost control, etc. and these efforts have been yielding good results. The outlook for the Company's products appears to be good and the Company is confident of achieving improved operational performance.

POLICIES:

A. POLICY ON RELATED PARTY TRANSECTIONS

SCOPE AND PURPOSE OF POLICY

Related party transactions can present a potential or actual conflict of interest which may be against the best interest of the company and its shareholders. Considering the requirements for approval of related party transactions as prescribed under the Companies Act, 2013 ("Act") read with the Rules framed there under and provisions of Regulation 23 of SEBI (LODR) guidelines, our Company has formulated guidelines for identification of related parties and the proper conduct and documentation of all related party transactions.

Also, provisions of Regulation 23 of SEBI (LODR) guidelines require a company to formulate a policy on materiality of related party transactions and dealing with related party transactions. In light of the above, our Company has framed this Policy on Related Party Transactions ("Policy"). This Policy has been adopted by the Board of Directors of the Company based on recommendations of the Audit Committee. Going forward, the Audit Committee would review and amend the Policy, as and when required, subject to the approval of the Board.

OBJECTIVE OF THE POLICY

The objective of this Policy is to set out (a) the materiality thresholds for related party transactions and; (b) the manner of dealing with the transactions between the Company and its related parties based on the Act, provisions of regulation 23 of SEBI (LODR) guidelines and any other laws and regulations as may be applicable to the Company.

MANNER OF DEALING WITH RELATED PARTY TRANSACTIONS

a. Identification of related parties:

The Company has formulated guidelines for identification and updating the list of related parties as prescribed under Section 2(76) of the Act read with the Rules framed there under and provisions of regulation 23 of SEBI (LODR) guidelines.

b. Identification of related party transactions:

The Company has formulated guidelines for identification of related party transactions in accordance with Section 188 of the Act and provisions of regulation 23 of SEBI (LODR) guidelines.

DISCLOSURES

The Company shall disclose, in the Board's report, transactions prescribed in Section 188(1) of the Act with related parties, which are not in ordinary course of business along with the justification for entering into such transaction.

B. FAMILIARIZATION POLICY FOR INDEPENDENT DIRECTORS

PURPOSE AND OBJECTIVE OF THE POLICY

The Program aims to provide insights into the Company to enable the Independent Directors to understand its business in depth and contribute significantly to the Company.

FAMILIARIZATION AND CONTINUING EDUCATION PROCESS

- The Company through its Managing Director / Executive Director / Key Managerial Personnel conducts programmes / presentations periodically to familiarize the Independent Directors with the strategy, operations and functions of the Company.
- Such programmes/presentations provide an opportunity to the Independent Directors to interact with the Senior Management of the Company and help them to understand the Company's strategy, business model, operations, service and product offerings, markets, organization structure, finance, human resources, technology, quality, facilities and risk management and such other areas as may arise from time to time.
- The programmes/presentations also familiarizes the Independent Directors with their roles, rights and responsibilities.
- When a new Independent Director comes on the Board of the Company, a meeting is arranged with the Chairperson, Managing Director, Chief Financial Officer to discuss the functioning of the Board and the nature of the operation of the Company's business activities.
- New Independent Directors are provided with copy of latest Annual Report, the Company's Code of Conduct, the Code of Conduct for Prevention of Insider Trading and the Code of Corporate Disclosure Practices, Schedule of upcoming Board and Committee meetings.
- The Company provides the Directors with the tours of company's facilities from time to time.
- A detailed Appointment Letter incorporating the role, duties and responsibilities, remuneration and performance evaluation process, insurance cover, Tata Code of Conduct and obligations on disclosures, is issued for the acceptance of the Independent Directors.

C. RISK MANAGEMENT POLICY

LEGAL FRAMEWORK

Risk Management is a key aspect of the "Corporate Governance Principles and Code of Conduct" which aims to improvise the governance practices across the Company's activities. Risk management policy and processes will enable the Company to gain new opportunities.

BACKGROUND AND IMPLEMENTATION

The Company is prone to inherent business risks. The objective of Risk Management Policy shall be identification, evaluation, monitoring and minimization of identifiable risks. This policy is in compliance with the provision of regulation 21 of SEBI (LODR) guidelines, which requires the Company to lay down procedure for risk assessment and procedure for risk minimization. The Board of Directors of the Company and the Audit Committee shall periodically review and evaluate the risk management system of the Company so that the management controls the risks through properly defined network. Head of Departments shall be responsible for implementation of the risk management system as may be

applicable to their respective areas of functioning and report to the Board and Audit Committee.

COMMITTEE

The Company has not made Risk Management Committee, but the Board of Directors & Audit Committee is looking after the Risk Management of the Company.

A. CORPORATE SOCIAL RESPONSIBILITY POLICY

India has introduced several new provisions which change the face of Indian corporate business. One of such new provisions is Corporate Social Responsibility (CSR). As per Section 135 of the Companies Act, 2013, it provides the threshold limit for applicability of the CSR to a Company i.e. (a) networth of the company to be Rs 500 crore or more; (b) turnover of the company to be Rs 1000 crore or more; (c) net profit of the company to be Rs 5 crore or more. Our Company does not fall under the said criteria. So that CSR Policy is Not Applicable to the Company. So any CSR Activities have not been undertaken by the Company & has not made Corporate Responsibility Committee.

B. VIGIL MECHANISM POLICY

LEGAL FRAMEWORK

Section 177 of the Companies Act, 2013 requires every listed company and such class or classes of companies, as may be prescribed to establish a vigil mechanism for the directors and employees to report genuine concerns in such manner as may be prescribed. Provision of regulation 22 of SEBI (LODR) guidelines and the Stock Exchanges, inter alia, provides for a mandatory requirement for all listed companies to establish a mechanism called “Whistle Blower Policy for employees to report to the management instances of unethical behavior, actual or suspected, fraud or violation of the company s code ofconduct.

POLICY

In compliance of the above requirements, Vinny Overseas Limited, being a Listed Company has established a Vigil (Whistle Blower) Mechanism and formulated a Policy in order to provide a framework for responsible and secure whistle blowing/vigil mechanism. The Vigil (Whistle Blower) Mechanism aims to provide a channel to the Directors and employees to report genuine concerns about unethical behavior, actual or suspected fraud or violation of the Codes of Conduct or policy. The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations and in order to maintain these standards, the Company encourages its employees who have genuine concerns about suspected misconduct to come forward and express these concerns without fear of punishment or unfair treatment. The mechanism provides for adequate safeguards against victimization of Directors and employees to avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee in exceptional cases. This neither releases employees from their duty of confidentiality in the course of their work nor can it be used as a route for raising malicious or unfounded allegations about a personal situation.

SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (POLICY WHERE MORE THAN 4 WOMEN WORKING) AND ELIMINATION OF CHILD LABOUR POLICY.

The Company has in place an Anti-Sexual Harassment measures in line with the requirements of The Sexual Harassment of Women at the Workplace (Prevention Prohibition& Redressal) Act 2013. During the year there were no complaints received under the said act. The Company has complied with all the applicable provisions of the said Act including the constitution of internal complaints committee

MANAGEMENT DISCUSSION AND ANALYSIS

PRESENT STRENGTH OF THE COMPANY.

Domestic Home Textile category continues to evolve faster in India. Increased penetration of organized retail, favorable demographics, and rising income levels are likely to drive demand for home textiles. GST implementation has helped the organized retailers by reducing influx of cheap alternatives from abroad and domestic unorganized industry. While on one hand, influence of competitively priced private labels in Modern Trade and E-com marketplaces is bringing in new value conscious consumers to the industry; on other hand, fashion led premium consumer's preferences are switching over to product made from high end fabrics and innovative designs. The market is clearly drawing distinction between the value led and the fashion-conscious consumers

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF VINNY OVERSEAS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **VINNY OVERSEAS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Board's report including Annexures to Board's report are to be made available to us by company after the date of this report. When we read the same, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe action applicable under the applicable laws and regulation.

Kishan M. Mehta & Co.

CHARTERED ACCOUNTANTS

Responsibilities of Management and Those Charged with Governance for the Financial Statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for

preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company

Kishan M. Mehta & Co.

CHARTERED ACCOUNTANTS

has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the Annexure – "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note -30 to the financial statements.

Kishan M. Mehta & Co.

CHARTERED ACCOUNTANTS

- ii. The Company did not have any long-term contracts including derivative contracts.
- iii. There has not been an occasion in case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided in (a) and (b) above, contain any material misstatement.
- v. The company has not declared or paid any dividend during the year.
- vi. Based on examination which included test checks, in our opinion, the company has used accounting software which has a feature of recording audit trail (edit log) facility and the same has been operated for all transactions recorded in the software during the year. Further during the course of our audit we did not come across any instance of audit trail feature being tempered with in respect of this accounting software and the audit trail has been preserved by the company as per the statutory requirement for record retention.

management, we report that no fraud on or by the Company has been noticed or reported during the year.

(b) As no fraud in the company by its officers or employees has been noticed during the course of our audit, the auditors are not required to file form ADT-4.

(c) According to the information and explanation given to us, no whistle-blower complaints have been received during the year by the company.

(xii) As the company is not a Nidhi Company, clause (xii) (a), (b) & (c) of paragraph 3 of the order is not applicable to the Company.

(xiii) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) The company has an internal audit system during the year commensurate with the size and nature of its business.

(b) We have considered the report of internal Audit for the year under audit.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) a) According to information and explanation to us, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934, hence clause (xvi) (a) of paragraph 3 of the order is not applicable to the company.

b) According to information and explanation to us, the company is not engaged in any non-banking financial or housing finance activities, hence clause (xvi) (b) of paragraph 3 of the order is not applicable to the company.

c) According to information and explanation to us, the company is not a core investment company as defined in the regulations made by reserve bank of India, hence clause (xvi) (c) of paragraph 3 of the order is not applicable to the company.

d) According to information and explanation to us, there is no core investment company as a part of the group, hence clause (xvi) (d) of paragraph 3 of the order is not applicable to the company.

(xvii) The Company has not incurred cash losses during the financial year and in the immediately preceding financial year.

(xviii) During the year, there has been no resignation of the statutory auditors, hence clause (xviii) of paragraph 3 of the order is not applicable to the company.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our

Kishan M. Mehta & Co.

CHARTERED ACCOUNTANTS

examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) According to information and explanations given to us and according to records produced before us, we are of the opinion that Section 135 of the Companies Act as to spending any amount during the year regarding Corporate Social Responsibility is not applicable to the company and hence disclosures regarding the same in clause (xx) (a) & (b) of paragraph 3 of the order are not required to be made by the company.
- (xxi) Company does not have any subsidiary company and hence reporting regarding audit of subsidiary company is not required to be made.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **VINNY OVERSEAS LIMITED** (the "Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively

for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

CHARTERED ACCOUNTANTS

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Background

Vinny Overseas Limited is a public limited company incorporated in India having registered office address at B/H International Hotel Narol-Isanpur Road Narol, Ahmedabad, Gujarat-382405

The company is primarily engaged in the business of manufacturing and trading of cloth and sublimation paper.

Note No : 1 Material accounting policies

This Note provides a list of the material accounting policies adopted by the Company in preparation of these Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation:

- i) The Financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as amended.
- ii) The financial statements have been prepared on historical cost basis except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- iii) The Financial Statements have been prepared on accrual and going concern basis.
- iv) The accounting policies are applied consistently to all the periods presented in the Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Company and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.
- v) Recent accounting pronouncements :
Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time . For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.
- vi) The financial statements are presented in Indian Rupees. Any discrepancy in any table between totals and sums of the amounts listed is due to rounding off.

b) Foreign currency transactions:

- i) Functional and presentation currency:
Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('functional currency'). The Financial Statements of the Company are presented in Indian currency (Rs.), which is also the functional currency of the Company.

ii) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gain | (loss) resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss except that they are deferred in other equity if they relate to qualifying cash flow hedges. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gain | (loss) presented in the Statement of Profit and Loss are on a net basis within other expenses/ (income).

Non-monetary items that are measured at fair value that are denominated in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain | (loss). Non-monetary items that are measured in terms of historical cost in a foreign currency are reported using the exchange rate at the date of the transaction not revalued.

c) Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

(i) Sale of goods :

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The company collects Goods and Service Tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from the revenue.

(ii) Income from Job work/Services:

Revenue from job work / services is recognised on percentage of completion method based on the physical proportion of the Job Work / services.

(iii) Interest:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate of interest. Interest income is included under the head "Other Income" in the statement of profit and loss.

Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

d) Taxes:

Tax expenses comprise current and deferred tax. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidences that they can be realized against future taxable profits. Deferred tax assets are reviewed at each reporting date.

Minimum Alternate Tax paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the guidance note on accounting for credit available in respect of minimum alternate tax under the income tax act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" at each reporting date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity.

e) Government grants:

i) Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

ii) Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss in proportion to depreciation over the expected lives of the related assets and presented within other income.

iii) Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

f) Leases:

As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: i) the contract involves the use of an identified asset ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

g) Current / non-current classification:

The Company presents assets and liabilities in the balance sheet based on current and non-current classification. An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- a) expected to be settled in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

h) Property, plant and equipment:

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognised in the of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital work-in-progress'.

Depreciation and amortisation methods, estimated useful lives and residual value:

Depreciation on fixed assets is determined based on the estimated useful life of the assets using the straight line method as prescribed under the schedule II to the Companies Act, 2013. Individual assets costing less than Rs. 5000.00 or less are depreciated within a year of acquisition. Depreciation on assets purchased/sold during the period is proportionately charged.

ROU asset is amortized on a straight line basis over the period of lease. Intangible assets, if any, are amortized over their useful life on a straight line method. Depreciation on assets are provided on the basis of useful life of assets as follows.

Particulars	Useful life of assets
Factory Building	30 years
Office buildings	60 years
Plant & Equipment	15-20 years
Windmill	22 years
Electrical installation	10 years
Furniture & fixtures	10 years
Office equipments	5 years
Vehicles	8 years
Data processing equipments	3 years

The carrying amount of an asset is written down immediately to its recoverable amount, if the carrying amount of the asset is greater than its estimated recoverable amount.

i) Intangible assets:

Intangible assets acquired separately are measured, on initial recognition, at cost. Following the initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

The amortisation expense on intangible assets is recognised in the statement of profit and loss.

Intangible assets are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

j) Impairment of non-financial assets:

The Company assesses, at each reporting date, whether there is any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Company bases its impairment calculation on detailed budgets and forecast calculations.

Impairment losses are recognised in the statement of profit or loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses on assets no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

k) Trade receivables:

Trade receivables are recognised when the right to consideration becomes unconditional. These assets are held at amortised cost, using the effective interest rate (EIR) method where applicable, less provision for impairment based on expected credit loss.

l) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

m) Inventories:

Inventories are stated at lower of cost and Net Realisable value. Cost is calculated on specific identification basis except colour, chemicals, fuel, consumable stores & spare and trading goods being sublimation paper on FIFO basis. Finished goods and Semi Finished goods include raw materials and other costs incurred in bringing the inventories to their present location.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

n) Cash and Cash Equivalents:

For the purpose of presentation in statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with Banks / Financial institutions, with original maturities of 3 months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk of change in value.

o) Investments and other financial assets:

Classification:

The Company classifies its financial assets in the following measurement categories:

- i) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- ii) Those measured at amortised cost

Debt instruments:

Initial recognition and measurement:

Financial asset is recognised when the Company becomes a party to the contractual provisions of the instrument. Financial asset is recognised initially at fair value plus, in the case of financial asset not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial asset carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement:

Subsequent measurement of debt instruments depends on the business model of the Company for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any, the amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain | (loss) previously recognised in OCI is reclassified from the equity to other income in the Statement of Profit and Loss.

Measured at fair value through profit or loss (FVPL):

A financial asset not classified as either amortised cost or FVOCI, is classified as FVPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Statement of Profit and Loss.

Equity instruments:

The Company subsequently measures all investments in equity instruments other than subsidiary companies, associate company and joint venture company at fair value. The Company has elected to present fair value gains and losses on such equity investments in other comprehensive income and there is no subsequent reclassification of these fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments continue to be recognised in profit or loss as other income when the right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Investments in subsidiary companies, associate companies and joint venture company:

Investments in subsidiary companies, associate companies and joint venture company are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary companies, associate companies and joint venture company, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note no. 42 details how the Company determines whether there has been a significant increase in credit risk.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

Derecognition:

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, the asset expires or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised through the Statement of Profit and Loss or other comprehensive income as applicable. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities:**i) Classification as debt or equity:**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iv) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

p) Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

q) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income (expense).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

r) Borrowings Costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

s) Provisions & contingent liabilities / Assets:

The company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a present obligation that cannot be estimated reliably or a possible or present obligation that may, but probably will not, require and outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent assets are not recognised but are disclosed in the notes to Financial Statements when economic inflow is probable.

t) Employee benefits:

Retirement benefit in the form of contribution to provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company's liabilities towards gratuity payable to its employees are determined using the Actuarial Valuation Report which is obtained in accordance with Ind AS 19.

Remeasurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- a) The date of the plan amendment or curtailment, and
- b) The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- a) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- b) Net interest expense or income.

u) Earnings Per Share:

Earnings per share (EPS) is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the EPS is the net profit for the period and any attributable tax thereto for the period.

For the purpose of calculating diluted EPS, the net profit for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

v) Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

w) Financial Instruments:

Critical estimates and judgements

Preparation of the Financial Statements requires use of accounting estimates, judgements and assumptions, which, by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Financial Statements. This Note provides an overview of the areas that involves a higher degree of judgements or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates or judgements are:

- i) Estimation for income tax: Note 1 (d)
- ii) Estimation of useful life of tangible assets: Note 1 (h)
- iii) Estimation of provision for inventories: Note 1 (m)
- iv) Allowance for credit losses on trade receivables: Note 1 (k)
- v) Estimation of claims / liabilities: Note 1 (o)
- vi) Estimation of defined benefit obligations: Note 1 (t)
- vii) Estimation of fair Value: Note no. 39

Retirement benefit plans:

a) Defined Contribution Plans

The Company made contribution towards provident fund to a defined contribution retirement benefit plan for qualifying employees. The provident fund plan is operated by the Regional Provident Fund Commissioner.

The company Recognized Rs. 138744/- (Previous year Rs. 139380/-) for provident fund contributions in the profit & loss account and included in note no. 28 in "Contribution to Provident and Other Funds".

b) Defined Benefit Plans

The Company made provision for gratuity liability which is un funded. The scheme provides for payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service.

The present value of the defined benefit obligation and the related current service cost were measured using the Projected Unit Credit method as per actuarial valuation carried out at the balance sheet date.

The following tables sets out the status of the gratuity plan as required under Ind AS and the amounts recognized in the company's financial statements as at 31st March, 2025.

(Rs. In Lakhs)			
Particulars	As at 31st March, 2025		As at 31st March, 2024
Change in present value of obligations :			
Obligations at beginning of the year	71.30		63.62
Service cost	12.01		10.43
Interest cost	3.54		3.38
Net Actuarial (gain) / loss due to change in assumptions	15.76		(3.18)
Benefits paid	4.16		(2.95)
Obligations at the end of the year	98.45		71.30
Reconciliation of Present Value of Obligation and the fair value of plan assets :			
Present value of the defined benefit obligation at the end of the year	98.45		71.30
Less : Fair value of plan assets	-		-
Unfunded status amount of liability recognized in the balance sheet	98.45		71.30
Gratuity cost of the year :			
Service Cost	12.01		10.43
Interest cost	3.54		3.38
Net Actuarial (gain) / loss due to change in assumptions	15.76		(3.18)
Net gratuity cost charged to profit & loss	31.31		10.62
Significant estimates: Actuarial assumptions and sensitivity			
The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:			
Particulars	As at 31st March, 2025		As at 31st March, 2024
Discount rate	6.55%		7.15%
Future salary increase	5.50%		5.50%
Attrition rate	25% P.a. at all ages		25% P.a. at all ages
Mortality rate during employment	0.09% - 1.12%		0.09% - 1.12%

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions	Impact on defined benefit obligation			
			As at 31st March, 2025		As at 31st March, 2024
Gratuity					
Discount rate	0.5% increase		-0.78%		-0.84%
	0.5% decrease		0.81%		0.87%
Salary increase	0.5% increase		0.81%		0.88%
	0.5% decrease		-0.79%		-0.86%
Withdrawal Rates	10% increase		-0.28%		-0.19%
	10% decrease		0.27%		0.17%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared to the prior year.

Fair value Measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 -- This includes financial instruments measured using quoted prices. The fair value of all equity instruments which are traded on the Stock Exchanges is valued using the closing price as at the reporting period.
- Level 2 -- The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates.
- Level 3 -- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved, wherever required, for valuation of significant assets, such as properties, unquoted financial assets and significant liabilities. Involvement of external valuers is decided upon by the Company after discussion with and approval by the Company's management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Company, after discussions with its external valuers, determines which valuation techniques and inputs to use for each case.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Company also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value measurement. Other fair value related disclosures are given in the relevant notes.

The management assessed that cash and cash equivalents, trade receivables, loans, other financial assets, trade payables, borrowings and other financial liabilities (excluding current maturities of long-term borrowings) approximate their carrying amounts largely due to the short-term maturities of these instruments.				

Financial risk management:

The Company's principal financial liabilities comprise of loans and borrowings, trade payables and other financial liabilities. The loans and borrowings are primarily taken to finance and support the Company's operations. The Company's principal financial assets include loans, cash and cash equivalents, trade receivables and other financial assets.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The risk management system is relevant to business reality, pragmatic and simple and involves the following:

Risk identification and definition: Focuses on identifying relevant risks, creating / updating clear definitions to ensure undisputed understanding along with details of the underlying root causes / contributing factors.

Risk classification: Focuses on understanding the various impacts of risks and the level of influence on its root causes. This involves identifying various processes generating the root causes and clear understanding of risk interrelationships.

Risk assessment and prioritisation: Focuses on determining risk priority and risk ownership for critical risks. This involves assessment of the various impacts taking into consideration risk appetite and existing mitigation controls.

Risk mitigation: Focuses on addressing critical risks to restrict their impact(s) to an acceptable level (within the defined risk appetite). This involves a clear definition of actions, responsibilities and milestones.

Risk reporting and monitoring: Focuses on providing to the Board periodic information on risk profile evolution and mitigation plans.

(i) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk or Net asset value ("NAV") risk in case of investment in mutual funds. Financial instruments affected by market risk include investments, trade receivables, trade payables, loans and borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2025 and March 31, 2024.

The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2025 and March 31, 2024.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. In Lakhs)		
Particulars	Increase/(decrease) in basis points	Increase/(decrease) in profit before tax
31 March, 2025		
Rupee borrowings	+50	(0.30)
	-50	0.30
31 March, 2024		
Rupee borrowings	+50	(4.72)
	-50	4.72

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Foreign currency risk

The Company has international operations and is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from future commercial transactions and recognised financial assets and liabilities denominated in a currency that is not its functional currency (Rs). The risk also includes highly probable foreign currency cash flows

As an estimation of the approximate impact of the foreign exchange rate risk, with respect to the Financial Statements, the Company has calculated the impact as follows:

(Rs. In Lakhs)				
Particulars	Foreign Currency Amount		Reporting Currency Amount	
	31 March, 2025	31 March, 2024	31 March, 2025	31 March, 2024
Accounts Receivable				
USD	0.25	0.41	21.64	33.98
Accounts Payable				
USD		0.96	-	79.72

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Change in USD rate		Effect on profit before tax	
31 March, 2025	5.00%		1.08	
	-5.00%		(1.08)	
31 March, 2024	5.00%		(2.29)	
	-5.00%		2.29	

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and foreign exchange transactions.

Trade receivables

Customer credit risk is managed by the Company's internal policies, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an credit rating credit assessment and credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments of goods to major customers are generally covered by letters of credit. As at March 31, 2025, there were 3 customers with balances greater than Rs.100 lakhs accounting for more than 22.26% of the total amounts receivables. As at March 31, 2024 there were 2 customers with balances greater than Rs.100 lakhs accounting for more than 16.22% of the total amounts receivables.

The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Trade receivables are non-interest bearing and are generally on 15 days to 90 days credit term. Credit limits are established for all customers based on internal rating criteria. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically.

(iii) Liquidity risk

The principal sources of liquidity of the Company are cash and cash equivalents, borrowings and the cash flow that is generated from operations. It believes that current cash and cash equivalents, borrowings and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, liquidity risk is perceived to be low.

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows as at the Balance Sheet date

Note No : 41**Capital risk management**

The primary objective of capital management is to maintain a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value, safeguard business continuity and support the growth of the Company. It determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. It is not subject to any externally imposed capital requirements.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes, within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

(Rs. in Lakhs)

Particulars	As at 31 March 2025	As at 31-Mar-24
Borrowings (Refer note no. 14 & 17)	287.19	1,513.68
Less: cash and cash equivalents (Refer note no. 7)	(613.15)	(8.93)
Net debt	(325.96)	1,504.75
Equity share capital (Refer note no. 13)	4,652.47	2,326.23
Other equity	3,565.97	807.24
Total capital	8,218.44	3,133.47
Capital and net debt	7,892.48	4,638.22
Gearing ratio (%)	-4.13%	32.44%

The gearing ratio has turned negative as at 31 March 2025 due to the Company holding a net cash position—i.e., cash and cash equivalents (₹6.13 crore) exceed total borrowings (₹2.87 crore). This negative net debt indicates a strong liquidity position and the Company's ability to meet its financial obligations without reliance on external debt. The ratio is calculated as net debt divided by the sum of total equity and net debt.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025, and March 31, 2024.
