- As on 30<sup>th</sup> June 2025; the capital adequacy ratio for Namra stood at 50.14%.

**Commenting on the Company's performance, Mr. Jayendra Patel, Vice Chairman & Managing Director, Arman Financial Services said,**

"Our Q1 FY26 results reflect both the progress we have made and the areas where work is still required. Our standalone businesses continued to grow, demonstrating resilience, while our microfinance subsidiary is navigating a more challenging phase. Asset quality has yet to reach the levels we are targeting, underscoring the importance of the structural changes initiated last year. We believe these measures will strengthen the business and lay the foundation for more sustainable performance going forward.

As of 30 June 2025, our standalone AUM stood at INR 602 crore, up 29.5% from INR 465 crore last year, supported by quarterly disbursements of INR 117 crore, a 15% year-on-year increase. Net Interest Income rose 17% to INR 39 crore, while Pre-Provision Operating Profit improved to INR 23 crore from INR 21 crore last year. Asset quality for the standalone book remained stable, with GNPA for the MSME business stood at 3.80%, 2W business stood at 4.71%. Collection efficiency averaged 95.4% during the quarter, reflecting steady repayment behaviour in these product lines.

In our microfinance subsidiary, Namra Finance, AUM as of 30 June 2025 was INR 1,554 crore, down 8% from INR 1,686 crore last year. Quarterly disbursements stood at INR 270 crore, a 27% decline year-on-year. Net Interest Income for the quarter was INR 61 crore, while PPOP came in at INR 32 crore. Namra posted a loss after tax of INR 28 crore versus a profit of INR 19 crore in Q1 FY25. Asset quality remains under pressure, with GNPA at 3.43% and NNPA at 0.23%. Overall MFI collection efficiency for the month of June 2025 averaged at 95.3%, with the zero-bucket improving to 98.8% in June — an early but positive sign in certain branches. Total impairment costs for Namra were the lowest in the last three quarters (Q3 FY25: 68; Q4 FY25: 82; Q1 FY26: INR 59 crore). However, the AUM decline has weighed on interest income in the MFI segment, which we expect to recover as the sector stabilises and growth resumes.

Over recent months, we have been rebuilding our operational foundations. A key initiative has been the separation of credit and recovery functions from branch operations — a governance and risk management reform aimed at strengthening controls, reducing conflicts, and improving accountability. This new structure is already in place across 160 of our 391 branches, with rollout to be completed in H2 FY26. Early results, particularly in collection discipline at pilot branches, are encouraging.

To further safeguard the MFI portfolio, since November 2024 all disbursements have been covered under the Credit Guarantee Fund for Micro Units (CGFMU) scheme. As of June 2025, 50% of our MFI AUM is covered, providing a meaningful cushion against potential credit losses should conditions fail to improve.

Our capital position remains strong, with a capital adequacy ratio of 38.24% for Arman (standalone) and 50.14% for Namra, along with INR crore in surplus liquidity. This gives us the financial flexibility to continue investing in operational changes while absorbing near-term pressures. We also maintain ample cash liquidity, with quarter-end cash at INR 215.75 crore.

We acknowledge that the microfinance sector's recovery is taking longer than anticipated. However, the building blocks are in place, and with rural sentiment expected to improve on the back of a favourable monsoon and better agricultural output, we believe the second half of FY26 will provide a clearer demonstration of the benefits from our corrective actions, setting us on a path to stronger, more sustainable performance."

### **About Arman Financial Services Limited**

Incorporated in 1992, Arman Financial Services Ltd. is an Ahmedabad based, Non-Banking Finance Company (NBFC-ICC), which provides lending services primarily in the Two-Wheeler, Micro-Enterprise (MSME), Microfinance and LAP segments. The Microfinance division is operated through its wholly owned subsidiary, Namra Finance Ltd, an NBFC-MFI.

Arman is one of the market leaders in the NBFC space across the underpenetrated low-income parts of the country providing livelihood promotion services such as microcredit to socio-economically backward people, who have no or little access to the formal banking system or regular NBFC services. The group mostly serves niche rural markets in Gujarat, Madhya Pradesh, Uttar Pradesh, Maharashtra, Uttarakhand, Rajasthan, Haryana, Bihar, Jharkhand, Karnataka and Telangana through a strong distribution network of 492 branches, 50+ two-wheeler dealerships spread across 164 districts in 11 states serving ~6.8 lakh customers.

Company focuses on small ticket retail loans to the large underserved informal segment customers in rural & semi urban geographies. The Company has completely in-house operations with bottom-up driven credit appraisal models and rigorous collections practices tailored for the areas of operations.
