

MISSION STATEMENT ADOPTED ON THE OCCASION OF GOLDEN JUBILEE OF THE COMPANY IN 1991

MISSION FOR NEXT 50 YEARS EXCEL INDUSTRIES LIMITED

We, the members of Excel family, pay our respects to the memory of our founder Late Shri C C Shroff, our dear Pappa, on this 19th November, 1990, marking the commencement of the 50th year of what is now Excel and rededicate ourselves to further fulfill the vision of our founder to make humble contributions to country, industry, rural society and our Company through technology, innovation and through individual and collective endeavour.

Satisfaction of our shareholders, customers, our own people, suppliers, institutions, investors, society and community is paramount to us. We will make whole hearted efforts for the fulfillment of this objective through our interactions and interdependence with them.

India, our country is blessed with abundant natural resources in terms of soil, sunlight, rain, rivers, minerals, underground resources, forests, mountains and snow. We are fortunate to have a background of thousands of years of culture and civilisation where values, principles and respect for nature are key factors. We the members of Excel family will follow the path of imbibing our cultural spirit, harmoniously working to preserve, utilise and protect our natural resources and to continue to base our practices on values and principles.

We have a responsibility towards industry and community. Rural community is heart of India. We will be friends and contributors to well-being of both industrial and rural community. Not only through our products and services, but also through our knowledge and expertise, we will be of assistance to community and industry.

Company is togetherness. We will work and contribute, learn and grow together in the spirit of "Saha Viryam". This is our resolution and we resolve so. We pray to the Almighty that we be granted the strength to fulfill our this Mission.

Fifth C. C. Shroff Memorial Lecture held on Thursday 17th February 2011 was delivered by Dr.Y.S.Rajan, internationally renowned Technologist, Space Scientist, an Administrator, Organisation Builder & Leader, a Diplomat, an eminent Scholar and Academician, a prolific Writer and a Poet. An achiever and a truly multi-faceted personality, Dr. Rajan led the distinguished audience through an interesting, imposing and inspiring talk.

Towards An Evolving Society ...

We Care : Community Camaraderie

"A good company delivers excellent products and services and a great company does all that and strives to make the world a better place". William Ford Jr., Chairman Ford Motor Co.

Corporate Social Responsibility to Excel is an expression of being a responsible citizen. Established in a reciprocal relationship, it has always believed in the need for an efficient co-existence of business-community-ecosystem, wherein each exist in respectful interdependence.

CONNEXIONS

Excel makes every effort to reach out to its customers and suppliers, existing and prospective and keeps abreast with the world business currents, by participating in national and international exhibitions, seminars, events for visibility and commerce.

Excel along with other group companies, held a stall displaying their national & international presence and group strength. The exhibits, amply displayed the Company's, capabilities, strength and will.

Our Channel Partners Are Our Extension And Critical To Our Success

We are committed to providing them with the knowledge, resources and services they need to most effectively deliver value to their customers.

An interactive Channel Partner Summit was organised in Mumbai with the purpose to impart and renew knowledge on Excel products and the markets.

The meeting was greatly satisfying and successful, facilitating intense interactions between the representatives of Channel Partners and the Excel Sales team.

The participants left the venue enriched with knowledge about the products, the marketing policies, the pricing and the promotional strategies, with the longing for having more such exchanges.

An Humble Tribute On The Occasion Of The Centenary Year Of Shri Govindji Chatrabhuj Shroff; “The Architect Of Excel” [28/2/1911-11/2/1996]

“..Those who live in people's hearts, never die..” Late Shri Govindji Shroff, fondly known as Bhai, was one such person.

Younger brother of late Mr. C. C. Shroff and elder brother of Shri K. C. Shroff, he is fondly remembered by one and all, for there are many who would never forget what they gained in his presence. He led a kind of life which in itself was like a training institute.

He affirmed “There is no limit to what a man can do if he doesn't care who gets the credit.” Though leaving a visible imprint of his interventions on innumerable developmental works in business, industry as well as social work arena, he consciously disclaimed ownership.

A man with high self discipline and punctuality, his simplicity in attire (plain Dhoti Kurta) and habits were eye-catching.

Based on ethical values and principles, he set an example by managing the industry that would not only earn for itself but also extend benefits to the society. A firm believer in concept of trusteeship propounded by Gandhiji, he considered staff of the company as a family.

An advocate of talent, he emphasised, that there is immense potential in each individual and when tapped, it would not be difficult to achieve any goal. He asserted that “Management is not the Direction of Things, it is the Development of People, for people who feel good about themselves produce good results.” and “The happiest manager is one who has under him managers more able than himself”.

A man of immense courage & wisdom, a financial wizard & a great administrator, according to him the essence of management was decision making; the essence of decision making was knowledge and understanding and the essence of knowledge and understanding was home work. He always believed that one does not need elaborate facilities to make progress. What is more important is to equip one's own self and become resourceful to ensure sustainable development.

Govindjibhai was forthright and did not mind calling ethical way of dealing with everyone be it others, the Company under his tenure not only good reputation and credibility, and became a Govindjibhai played an active role in many public Gujarat, Sanskardham in Mumbai and Shroff Chairman of the Pesticides Association of India,

ANNEXURE TO THE NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 173(2) OF THE COMPANIES ACT, 1956

Item No. 6.

Mr. S. R. Potdar was reappointed as Executive Director of the Company for a period of three years with effect from 3rd September, 2008. The term of his office expires on 2nd September, 2011. The Board of Directors in its meeting held on 20th May, 2011, on the recommendation of the Remuneration Committee has proposed to reappoint him as the Executive Director of the Company for a further period of three years with effect from 3rd September, 2011 on the terms and conditions including remuneration as set out in the draft Agreement to be executed subject to approval of the members.

The draft Agreement between the Company and Mr. S. R. Potdar contains, *inter alia*, the following terms and conditions:

I. SALARY

₹ 1,70,000 per month in the scale of ₹ 1,70,000 – 20,000 – 2,10,000.

The annual increments will be effective from 3rd September each year and will be decided by the Board.

II. PERQUISITES

- (a) Perquisites like accommodation (furnished or otherwise) or house rent allowance in lieu thereof, house maintenance allowance together with utilities such as gas, electricity, water, furnishings and repairs, medical reimbursement, leave travel concession for himself and his family, club fees, medical insurance, special allowance, etc. in accordance with the Rules of the Company or as may be agreed to by the Board of Directors and Mr. S. R. Potdar, such perquisites for each year not to exceed his annual salary.

For the purpose of calculating the above ceiling, perquisites shall be evaluated as per the Income-tax Rules, wherever applicable. In the absence of any such Rules, perquisites shall be evaluated at actual cost.

Provision of the Company's car and telephone at residence for official duties shall not be included in the computation of perquisites for the purpose of calculating the said ceilings.

- (b) Company's contribution to Provident Fund, Superannuation or Annuity Fund, Gratuity and Leave Encashment at the end of his tenure, as per the Rules of the Company applicable to senior executives and the same shall not be included in the computation of limits for the remuneration or perquisites aforesaid.

III. COMMISSION

A sum calculated with reference to the net profits of the Company in a particular financial year, as may be decided by the Board of Directors, not exceeding 24 months of his salary, within the overall ceilings stipulated as per the provisions of the Companies Act, 1956.

IV. MINIMUM REMUNERATION

If, in any financial year, the Company has no profits or its profits are inadequate, then in such an event, subject to the approval of the Central Government as may be required, the remuneration by way of salary and perquisites as specified in paragraphs I and II above will be paid as minimum remuneration.

V. OTHER TERMS

- (a) Leave: On full pay and allowance, as per the Rules of the Company but not exceeding one month's leave for every 11 months of service.
- (b) Reimbursement of entertainment and/or travelling, hotel and other expenses actually incurred by him in performance of duties.
- (c) The appointment may be terminated by either party giving to the other party ninety days' notice in writing.
- (d) In the event of any dispute or difference arising at any time between Mr. S. R. Potdar and the Company in respect of the terms of his appointment or the construction thereof, the same will be submitted to and be decided by arbitration in accordance with the provisions of the Arbitration and Conciliation Act, 1996.

2. DIVIDEND

Your Directors have recommended a Dividend of 75% amounting to ₹ 3.75 per equity share of ₹ 5/- each, including a special dividend of 25% (₹ 1.25 per equity share) on the occasion of 50th year as compared to a dividend of 40% (₹ 2/- per share) in the previous year.

3. OPERATIONS

During the year under review, the net sales increased from ₹ 222.32 crores to ₹ 254.12 crores, registering a growth of 14% and exports increased from ₹ 54 crores to ₹ 60 crores registering an increase of 11%. During the year under review, the Company had a profit before tax of ₹ 20.35 crores compared to ₹ 11.40 crores in the previous year, and had a profit after tax of ₹ 13.42 crores compared to ₹ 7.97 crores in the previous year.

4. NEW PROJECTS/EXPANSIONS/IMPROVEMENTS

Capacity for producing Pharma intermediates is being enhanced and certain balancing equipments are being installed to expand the capacity of existing products and to manufacture new range of products.

5. OUTLOOK

The Company's chemical products are sold in different market segments like, Agrochemicals, Polymers, Pharma Intermediates, sequesterants, Mining Chemicals and Biocides, etc. While majority of the products enjoy reasonable market share and capacity utilization, some products are experiencing maturation, low growth and attrition in market share and competition and inadequate profitability. The Company is examining ways to add value, improve costs and profitability and, if better replacement products are possible, to phase these out.

With revival of economy in India and elsewhere, the prices of several raw materials have gone up. Along with rise in price of crude oil, both the chemicals and energy products derived out of crude oil have started rising. These will need to be carefully monitored and their impact minimized through techno commercial efforts, and ultimately, wherever feasible, passed on to consumers.

Govt. of India vide its Notification No. 74/2010 dated 7th July, 2010 had levied anti-dumping duty on the product Diethyl Thiophosphoryl Chloride originating in or exported from People's Republic of China. The said notification was challenged by one of the importers in the Gujarat High Court.

The hearing in respect of the said petition took place on 5th May, 2011. We have been advised by our Solicitor that the said petition was allowed and judgement is stayed till 10th July, 2011. In the said petition, one of the pleas of the petitioner was to quash the said notification on the basis of judgement rendered by the Hon'ble Supreme Court in another case.

The Environment & Biotech Division is expected to do better, both in terms of Ahmedabad Plant's performance, as also the OWC Machine sales.

6. ENVIRONMENT, HEALTH AND SAFETY (EHS)

The Company continues to accord top priority to Environment, Health and Safety systems and strives to improve the performance through safety audits, training programmes and safety management systems.

7. QUALITY

(UNDER SECTION 217(1)(e) OF THE COMPANIES ACT, 1956)

Disclosures

(A) CONSERVATION OF ENERGY

(a) Energy Conservation Measures implemented in recent past:

- Replacement of 175 TR VAR Machine by 300 TR energy efficient VAR Machine.
- Installation of VFD (Variable Frequency Drives) for Blowers and Cooling water circulation pumps.
- Replacement of low efficiency pumps with high efficiency pumps.
- Installation of Steam Control Valves with Temperature Controller on HOT water tanks for energy efficiency.
- Replacement of Water-ring Vacuum Pumps with Oil Ring Vacuum Pump.
- Replacement of conventional gear boxes by energy efficient Helical Gear Boxes.

(b) Additional Investments and proposals, if any, being implemented for reduction in consumption of energy:

- Replacement of reciprocating Brine Compressor System (130 TR) by energy efficient Screw Compressor System (204 TR).
- Modification in Steam distribution set up to minimize transmission losses.
- Installation of Anaerobic Digesters in ETP system to get BIO GAS and to help reduce net energy consumption.

(c) Impact of Measures at (a) and (b)

The above measures have resulted into reduction in energy consumption:

- Reduction in steam consumption by 1 Kg/TR in chilled water generation.
- Reduction in electricity consumption by 1kW/TR in brine generation.

(d) Total energy consumption and energy consumption per unit of production as per prescribed Form A:

RESEARCH AND DEVELOPMENT (R & D)

1. *Specific areas in which R & D is carried out by the Company:*

Process optimization and analytical method development have successfully been accomplished for one specialty additive in polyester and plastic segment. We expect the commercial supplies for this upcoming product to start in current year.

A high value phosphorous based intermediate for multiple applications has been developed and approved by one of the overseas customers. Initial campaign will be taken up for the commercial production in second quarter of the year.

As a part of our ongoing activities towards high value-low volume product range, several new complex entities for an electronic application have been developed and will be sold in the market in the near future.

2. *Benefits derived as a result of the above efforts:*

The Company keeps an eye to continuously improve the processes for current products which will improve the raw material and energy efficiency and reduce the environmental pollution.

3. *Future plan of action:*

The Company is determined to put more emphasis on widening the product range thereby enhancing the competitiveness in new and high price specialty molecules. The development of new molecules in pharma/Agro intermediates, chemicals for plastics, electronic and mining is one of the principal objectives to boost business and to be in competition with global players.

4. *Expenditure on R & D for the year 2010-2011:*

	(₹ in Lacs)
(a) Capital	57.14
(b) Recurring	252.35
(c) Total	309.49
(d) Total R & D expenditure as a percentage of total turnover	1.22%

TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION

1. *Efforts in brief, made towards technology absorption, adaptation and innovation:*

With Extensive efforts on conservation of material and energy inputs, significant results were obtained in the area of effluent management, enabling the Company to retain its competitiveness.

2. *Benefits derived as a result of the above efforts:*

The Company has expanded the range of specialty chemicals with new entry in areas like electronic materials and polymer additives.

3. *Technology imported during the last five years:*

During the stated five year period, the Company has not imported any technology.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO

(a) *Activities relating to exports, initiatives taken to increase exports, development of new export markets for products and services and export plans:*

- The Company has completed the process of registration under REACH for some of its products. This will help in ensuring that the existing exports to Europe continue without any hindrance as well as give access to new customers.
- Efforts are being made for geographical diversification for the existing product range. Initiatives are being taken to extend the range of polymer inputs and other specialty chemicals manufactured by the Company.

(b) *Total foreign exchange earned and used:*

MANAGEMENT DISCUSSION AND ANALYSIS

1. BUSINESS REVIEW

1.1 Business Segment – Chemicals Business Division

(a) Industry structure and development:

Company's products are the inputs to various big and small industries in the areas of Agrochemicals, Pharmaceuticals, Commodity and Specialty Engineering polymers, Water Treatment Chemicals, Mining Chemicals, Soaps and Detergents and Dyes. The Indian Industry which was not too badly impacted in the first place by the recession set in 2009 in Europe and the USA certainly reasserted its strength and continued to grow. There are very few companies in India manufacturing the products of the Company in competition and the Company, like in the past, continues to pioneer and introduce new specialty chemicals. However, the real competition comes from the continuously increasing cheaper imports from China. Besides in the domestic market, the Company encounters stiff competition in the third countries also.

The Indian industry is dependant on China for the supply of various basic raw materials and after importing and processing them, has to sell the end products in competition with Chinese producers of the same end use products. This results in an inherent vulnerability owing to the difference in the prices of the raw materials to the Indian Industry as against to the Chinese producers and to the ability and practice of the Chinese Government to influence by imposing export restrictions and fiscal duties on export. In several areas, the cost of production is not transparent and hence the Chinese system is considered as a "non-market economy". Citing these factors and proving, with large amount of data and analysis, that large scale dumped imports of the Agrochemical intermediates and one of Company's main products, DETPC were indeed hurting the Indian Industry, the Company was successful in getting the Government of India to impose Anti Dumping Duty on the import of DETPC from China. The Company acknowledges that this move from the Government has helped it increase the capacity utilization compared to the previous few years.

Generally, the Indian producers have had to match the prices with the low priced Chinese suppliers in order to retain the customers. Whereas the prices in the Water Treatment Chemicals area continue to be low, there is a marginal increase seen as a trend in the prices of Agrochemical intermediates. There is a sharp increase in the prices of crude oil and hence petrochemical derivatives and in the cost of electricity. The Company thus operates in an environment which continuously challenges its cost and price management.

(b) Opportunities and Threats:

The positive trend in the agricultural production is the real opportunity for the Company. Near complete recovery of the western markets from the recession and increased production and consumption levels will call for increased supplies of intermediates. The Company also has several new products emerging out of its R & D laboratories and looks to commercializing the same.

The consumers of DETPC have appealed to the appropriate authorities and in Courts against the imposition of Anti Dumping Duty (ADD) on the product imported from China. The Company has taken appropriate steps to represent its case for defending the ADD. In the event of a decision adverse to the Company's interests, dumping imports from China may once again recommence affecting Company's Capacity utilization.

(c) Segment wise performance and outlook:

The country experienced a good monsoon this year and attained new records in agricultural production. The Agrochemicals Industry accordingly saw healthy demand growth and the Company was able to support with its intermediates. The Polymer industry too recovered well from the effects of recession and achieved improved productions over the previous year. In the Water Treatment Chemicals area, both capacity utilization and the price realization

suffered during the year. There is a sustained demand for the export of the Mining Chemical that the Company has developed. There was price reduction gained in Company's few major raw materials but the compulsion to reduce end product prices took away a lot more than the advantage that accrued. The main advantage was derived out of the improved volumes of production which also helped the Company to achieve improved specific consumptions of raw materials and energy. The production volumes mainly helped the Company present better financial results.

The monsoon forecast for the season 2011 is also one of normal and the positive trends in the growth of agricultural production is likely to continue. The Company is well equipped to meet the growing demands thanks to its existing capacities and is also experiencing sustained demands from its export customers. The Company is endeavoring to expand its product range in the Pharma intermediates sector and is receiving encouraging response from the potential customers. The severe competition in the Water Treatment Chemicals range continues to be a cause of concern. Riding on the high price of crude oil and based on other market conditions, prices of many of Company's raw materials like Phenol, Acetic Acid, Chlorine and Caustic Soda, Sulphur etc. have all been rising sharply in the first quarter of this financial year and it may not be possible for the Company to pass on the increases to the customers. Overall, the outlook is one of cautious optimism and the Company, barring unforeseen circumstances, hopes to retain its position in the financial year 2011-12.

(d) Risks and concerns:

Prices of major basic raw materials like Caustic Soda and Chlorine, Sulphur, Acetic Acid, Phenol have all been rising very sharply since the beginning of this financial year. Despite the bountiful Sugar cane crop, the prices of Ethanol are ruling higher than in the previous year. Coal and electricity have also become costlier. The production of Chlorpyrifos, the major crop protection chemical manufactured both in India and overseas and which consumes DETPC is seriously affected due to the reduced availability over a long period of its other intermediate. This might affect the total off take of our intermediate. Maximizing capacity utilization is the key to the profitability for the Company and these extraneous factors have to be monitored and addressed suitably.

1.2 Business Segment – Environment & Biotech Division

(a) Industry structure and Development:

The Division is engaged in the Business of Organic Solid Waste Management. The Company's core competence is to provide waste treatment solution for the organic component of the Solid Waste. There is increasing awareness of the problem created because of the improper management of the Municipal and other Solid Waste especially with respect to its adverse environment impact.

The Company has developed good technology for organic waste composting. It operates its own plant at Ahmedabad and has also licensed its technology to several organizations.

Several new private sector players are entering the business to offer integrated solutions like collection, transportation, treatment and final disposal of the Municipal Solid Waste (MSW) but not all of them are in possession of technology appropriate for large scale composting and they would look to associate with the Company for this part of the project.

(b) Opportunities and Threats:

Running out of capacity of the existing dumping sites for MSW and inability to find and set up newer sites because of unavailability of land or stiff opposition from people at large, the civic bodies are compelled to look at newer and more comprehensive solutions and this provides challenging opportunity for private sector players to provide appropriate solutions since the "Public Private Partnership" (PPP) models are now gaining wide acceptance.

The integrated treatment facility aiming to provide treatment & recycle solution for most of the components of Municipal Solid Waste (MSW) invariably requires a large capital cost outlay and needs financial support & incentives and conducive policies which have been very slow in coming.

The division is exploring the possibility of recovering Energy out of Municipal Solid Waste in the form of bio-gas and fuel pellets.

The Company is also looking to the extension of the business to other waste treatment streams like industrial wastes and other wastes.

Although inter ministerial task forces have recommended use of compost along with synthetic fertilizers since long, it is only recently that as per the Government directives, some fertilizer companies are coming forward for marketing the compost. This will help in achieving better volume of sales for better capacity utilization.

The Division is developing its strategy to explore the export market for the product and its value added formulations to fetch better price.

The Organic Waste Converter (OWC), the equipment developed by the Company for 'at source treatment' offers major advantage to the bulk generators of organic waste and is receiving encouraging response from various sectors. The Company is working to grow this business in coming years and is attending to issues in manufacturing, marketing and after sales service and strengthening the organization and resources accordingly.

(c) Segment wise performance and outlook:

The tie up with the fertilizer companies has resulted in increase of sales of the compost. Quantity of the compost sold from Ahmedabad Celrich plant is substantially more than previous year. Improved capacity utilization and sale of bio-cultures has improved the performance of the Ahmedabad compost plant.

In case of Organic Waste Converter business, efforts were taken to standardize the components and the process of manufacturing. Internal control system to review and control the expenditure and improve cash flow and sales has resulted in better sales and contribution of the product. The sales of the product improved in a healthy manner over the previous year.

In the previous year, the Company had entered into an agreement with a Mauritian company for Technology Transfer and Project Management Services. The project will be completed by the 2nd quarter of this year. We are fulfilling our commitments as per their requirements and the client has paid the fees accordingly.

(d) Risks and Concerns:

Compost: The production of the compost is all over the year whereas the demand is seasonal. Also the market for compost is far away in rural areas, necessitating large transport cost. Hence large inventory has to be carried till the season. However, we are trying to explore the export market to smoothen the demand and supply fluctuation.

AUDITORS' CERTIFICATE

TO THE MEMBERS OF
EXCEL INDUSTRIES LIMITED

We have examined the compliance of conditions of Corporate Governance by Excel Industries Limited, for the year ended on 31 March 2011, as stipulated in clause 49 of the Listing Agreement of the said Company with stock exchange(s).

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

EXCEL INDUSTRIES LIMITED

AUDITORS' REPORT

TO
THE MEMBERS OF
EXCEL INDUSTRIES LIMITED

1. We have audited the attached balance sheet of Excel Industries Limited ('the Company') as at 31 March 2011 and also the profit and loss account and the cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) ('the Order') issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956 ('the Act'), we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of Section 211 of the Act;
 - v. On the basis of the written representations received from the directors, as on 31 March 2011, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31 March 2011 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Act.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the balance sheet, of the state of affairs of the Company as at 31 March 2011;
 - (b) in the case of the profit and loss account, of the profit for the year ended on that date; and
 - (c) in the case of cash flow statement, of the cash flows for the year ended on that date.

EXCEL INDUSTRIES LIMITED

ANNEXURE REFERRED TO IN PARAGRAPH 3 OF OUR REPORT OF EVEN DATE

Re: Excel Industries Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
(b) Fixed assets have been physically verified by the management under a phased programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. *Material discrepancies were identified* on such verification which have been properly dealt with in the books of accounts.
(c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
(b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
(c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) As informed, the Company has not granted or taken any loans, secured or unsecured to/from companies, firms or other parties covered in the register maintained under section 301 of the Act. Hence clauses 4(iii)(b) to 4(iii)(g) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas. During the course of our audit, we have not observed any continuing failure to correct major weakness in internal control system of the Company.
- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Act that need to be entered into the register maintained under section 301 have been so entered.
(b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements exceeding value of ₹ five lakhs have been entered into during the financial year at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) In respect of deposits accepted, in our opinion and according to the information and explanations given to us, directives issued by the Reserve Bank of India and the provisions of sections 58A, 58AA or any other relevant provisions of the Act and the rules framed there under, to the extent applicable, have been complied with. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.

- (ix) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it.

Further, since the Central Government has till date not prescribed the amount of cess payable under Section 441A of the Act, we are not in a position to comment upon the regularity or otherwise of the Company in depositing the same.

- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty, cess and other undisputed statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, there are no dues outstanding on account of any dispute of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, except as follows:

Name of the statute	Nature of dues	Amount (₹ in lacs)	Period to which amount pertains	Forum where dispute is pending
Central Excise	Excise Duty Demand	0.25	2003-04	Revision Application Unit, New Delhi
Central Excise	Excise Duty Demand	14.39	2002-05	Additional Commissioner, Raigad

Central Excise	Excise Duty Demand	14.07	2007-08	Additional Commissioner of Central Excise, Raigad
Central Excise	Excise Duty Demand	0.01	2009	Assistant Commissioner of Central Excise, Alibag Division
Service Tax	Service Tax Demand	1.86	2005-09	Commissioner of Service Tax, Raigad
Service Tax	Service Tax Demand	0.63	2010	Commissioner of Central Excise, Alibag
Central Sales Tax	Sales Tax Demand	19.96	2006-07	Commissioner of Sales Tax (Appeals)
Central Sales Tax	Sales Tax Demand	14.13	2003-05	Deputy Commissioner of Sales Tax, Kolhapur.

- (x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders.
- (xii) According to the information and explanations given to us and based on the documents and records produced to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi/mutual benefit fund/society. Therefore, the provisions of clause 4(xiii) of the Order are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) Based on information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under Section 301 of the Act.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) The Company has not raised any money through public issue during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the year.

1. NATURE OF OPERATIONS:

Excel Industries Limited is engaged in manufacturing of Chemicals and Environmental products. Chemicals comprise of Industrial/Specialty chemicals and Pesticides Intermediates. Environmental products comprise of Soil Enricher, Bio - Pesticides and other Bio-products. The Company is also engaged in manufacturing activity on behalf of third parties.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Basis of Preparation:

The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies have been consistently applied by the Company are consistent with those used in the previous year.

(b) Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Fixed Assets and Depreciation:

(i) Fixed Assets:

Fixed Assets are stated at cost less accumulated depreciation/amortisation and provision for impairment, if any, except for the following:

(a) Land, Buildings, Plant and Machinery and Electrical Installations situated at Roha have been revalued as on 30 September, 2001 on the basis of valuation report of Government approved valuers at their depreciated replacement value and stated at their revalued amounts.

(b) Assets at Mumbai installed up to 31 March, 2002 are stated at cost as estimated by an approved valuer.

Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

(ii) Depreciation and Amortisation:

(a) Leasehold Land (at cost or revalued as the case may be) is amortised over the period of 69 Years and 95 Years for Roha and Lote Parashuram site respectively.

(b) Other Fixed Assets:

1. In the case of following assets (which have been revalued) at Roha, depreciation has been provided on straight line (SL) basis over the balance useful life of the assets as estimated by the approved valuer or at the rates specified in Schedule XIV to the Companies Act, 1956, whichever are higher.

Description of Tangible Assets	* Rates (SL Method) (Range)	Schedule XIV Rates (SL Method)
Buildings	1.63% – 19.00%	1.63%
Plant & Machinery	5.28% – 47.50%	5.28%
Electrical Installations	5.28% – 31.67%	5.28%

* Depreciation Rates on SL Method for the balance useful life as estimated by the valuer.

SCHEDULE FORMING PART OF THE BALANCE SHEET AND THE PROFIT AND LOSS ACCOUNT

SCHEDULE 'T'— (Contd.)

NOTES TO ACCOUNTS

2. In respect of Buildings, Plant and Machinery and Electrical Installations, except additions to the aforesaid Fixed Assets at Mumbai upto 30 September 1981, on straight line basis in accordance with Section 205(2)(b) of the Companies Act, 1956, at the rates specified in Schedule XIV to the Companies Act, 1956.
 3. In respect of all other Fixed Assets, on written down value basis in accordance with Section 205(2)(a) of the Companies Act, 1956, at the rates specified in Schedule XIV to the Companies Act, 1956.
 4. Individual assets acquired for less than ₹ 5,000 are entirely depreciated in the year of acquisition.
- (d) Impairment:
- (i) The carrying amounts of assets are reviewed for impairment at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.
 - (ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
 - (iii) A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.
- (e) Intangible Assets and Amortisation:
- (i) Intangible assets are stated at cost less accumulated amortisation.
 - (ii) Amortisation:
 - (a) Computer software is amortised on a straight line basis proportionately over a period of four years.
 - (b) Trademarks are amortised on a straight line basis proportionately over a period of five years.
 - (c) Product Registration expenses are amortised on a straight line basis over a period of four years.
- (f) Inventories:
- (i) Raw materials, containers, stores and spares
Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a moving weighted average basis.
 - (ii) Finished goods and Work-in-progress
Lower of cost and net realisable value. Cost includes direct materials, labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on absorption costing basis at actuals.
 - (iii) Traded Goods
Lower of cost and net realisable value. Cost is determined on a moving weighted average basis.
 - (iv) Work-in-progress in respect of Turnkey Projects is valued at lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

SCHEDULE 'T'— (Contd.)

NOTES TO ACCOUNTS

(iv) Forward Exchange Contracts not intended for trading or speculation purpose:
The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of Profit and Loss in the year in which the exchange rates change. Any Profit or Loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(k) Research Costs:
Research costs (other than cost of Fixed Assets acquired) are charged as an expense in the year in which they are incurred and are reflected under the appropriate heads of accounts. Development expenditure incurred on an individual project is carried forward when its future recoverability can reasonably be regarded as assured. Any expenditure carried forward is amortised over the period of expected future sales from the related project, not exceeding ten years. The carrying value of development costs is reviewed for impairment annually when the asset is not yet in use, and otherwise when events or changes in circumstances indicate that the carrying value may not be recoverable.

(l) Leases:

(a) Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

(b) Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expenses in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Profit and Loss Account.

(m) Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Interest and other costs incurred for acquisition and construction of qualifying assets, upto the date of commissioning/installation, are capitalised as part of the cost of the said assets.

(n) Government Grants:

Government Capital Grants of the nature of promoters' contribution are credited to Capital Reserve and treated as part of Shareholders' Funds.

(o) Accounting for Turnkey Projects:

Income in respect of Turnkey Projects is accounted on the completion of the said projects.

(p) Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. Gross turnover includes Excise Duty but does not include Sales Tax and VAT.

Income from Services

Revenues from service contracts are recognised pro-rata over the period of the contract as and when services are rendered and are net of service tax.

SCHEDULE 'T'— (Contd.)

NOTES TO ACCOUNTS

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Revenue is recognized when the shareholders' right to receive payment is established by the Balance Sheet date.

Royalties

Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreement.

Other Income

Certain items of income such as insurance claims, commission income, overdue interest from customers etc. are considered to the extent the amount is ascertainable/ accepted by the parties.

(q) Cash and Cash equivalents:

Cash and cash equivalents in the Cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

(r) Provisions and contingent liabilities:

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when the Company has a possible obligation and it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

(s) Earnings Per Share:

Basic earnings per share are calculated by dividing the net Profit or Loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net Profit or Loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(t) Segment Reporting Policies:

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Inter segment Transfers :

The Company generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties at current market prices.

Unallocated items

Includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to cash segment according to the relative contribution of each segment.

(u) Taxation:

Tax expense comprises of current and deferred tax. Current income tax measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each Balance Sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each Balance Sheet date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Wealth Tax is provided in accordance with the provisions of the Wealth Tax Act, 1957.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Profit and Loss Account and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

EXCEL INDUSTRIES LIMITED

AUDITORS' REPORT

TO,
THE BOARD OF DIRECTORS,
EXCEL INDUSTRIES LIMITED

1. We have audited the attached consolidated balance sheet of Excel Industries Limited ('the Company') and its subsidiary, associates and the joint venture (together referred to as 'the Group'), as at 31 March 2011, and also the consolidated profit and loss account and the consolidated cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that the consolidated financial statements have been prepared by the Company's management in accordance with the requirements of Accounting Standards ('AS') 21, Consolidated Financial Statements, AS 23, Accounting for Investments in Associates in Consolidated Financial Statements and AS 27, Financial Reporting of Interests in Joint Ventures, notified pursuant to the Companies (Accounting Standards) Rules, 2006 (as amended).
4. In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the consolidated balance sheet, of the state of affairs of the Group as at 31 March 2011;
 - (b) in the case of the consolidated profit and loss account, of the profit for the year ended on that date; and
 - (c) in the case of the consolidated cash flow statement, of the cash flows for the year ended on that date.

2. Statement of Significant Accounting Policies:

The significant accounting policies followed by the group in the consolidated financial statements are stated hereunder. In case, the uniform policy is not followed by each Company in the group, the same, as disclosed in the audited accounts of the said Company, has been reproduced, if material.

(a) Basis of Preparation:

The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies have been consistently applied by the Company are consistent with those used in the previous year.

(b) Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Fixed Assets and Depreciation:

(i) Fixed Assets:

Fixed Assets are stated at cost less accumulated depreciation/amortisation and provision for impairment, if any, except for the following :

- (a) Land, Buildings, Plant and Machinery and Electrical Installations situated at Roha have been revalued as on 30 September 2001 on the basis of valuation report of Government approved valuers at their depreciated replacement value and stated at their revalued amounts.
- (b) Assets at Mumbai installed up to 31 March 2002 are stated at cost as estimated by an approved valuer.

EXCEL INDUSTRIES LIMITED

SCHEDULE FORMING PART OF THE CONSOLIDATED BALANCE SHEET AND THE CONSOLIDATED PROFIT AND LOSS ACCOUNT

SCHEDULE 'T' — (Contd.)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS:

Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

(ii) Depreciation and Amortisation:

(a) Leasehold Land (at cost or revalued as the case may be) is amortised over the period of 69 years and 95 years for Roha and Lote Parshuram site respectively.

(b) Other Fixed Assets:

1. In the case of following assets (which have been revalued) at Roha, depreciation has been provided on straight line (SL) basis over the balance useful life of the assets as estimated by the approved valuer or at the rates specified in Schedule XIV to the Companies Act, 1956, whichever are higher.

Description of Tangible Assets	* Rates (SL Method) (Range)	Schedule XIV Rates (SL Method)
Buildings	1.63% - 19.00%	1.63%
Plant & Machinery	5.28% - 47.50%	5.28%
Electrical Installations	5.28% - 31.67%	5.28%

* Depreciation Rates on SL Method for the balance useful life as estimated by the valuer.

2. In respect of Buildings, Plant and Machinery and Electrical Installations, except additions to the aforesaid Fixed Assets at Mumbai upto 30 September 1981, on straight line basis in accordance with Section 205(2)(b) of the Companies Act, 1956, at the rates specified in Schedule XIV to the Companies Act, 1956.
3. In respect of all other Fixed Assets, on written down value basis in accordance with Section 205(2)(a) of the Companies Act, 1956, at the rates specified in Schedule XIV to the Companies Act, 1956.
4. Individual assets acquired for less than ₹ 5,000 are entirely depreciated in the year of acquisition.

(d) Impairment:

- (i) The carrying amounts of assets are reviewed for impairment at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.
- (ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
- (iii) A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(e) Intangible assets and Amortisation:

(i) Intangible assets are stated at cost less accumulated amortisation.

(ii) Amortisation:

- (a) Computer software is amortised on a straight line basis proportionately over a period of four years.
- (b) Trademarks are amortised on a straight line basis proportionately over a period of five years.
- (c) Product Registration expenses are amortised on a straight line basis over a period of four years.

EXCEL INDUSTRIES LIMITED

EXCEL INDUSTRIES LIMITED

SCHEDULE FORMING PART OF THE CONSOLIDATED BALANCE SHEET AND THE CONSOLIDATED PROFIT AND LOSS ACCOUNT

SCHEDULE 'T' — (Contd.)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS:

(ii) Conversion:

Foreign currency monetary items are reported using the closing exchange rate on the Balance Sheet date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences:

Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

(iv) Forward Exchange Contracts:

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(k) Research and Development Costs:

Research costs (other than cost of Fixed Assets acquired) are charged as an expense in the year in which they are incurred and are reflected under the appropriate heads of accounts. Development expenditure incurred on an individual project is carried forward when its future recoverability can reasonably be regarded as assured. Any expenditure carried forward is amortised over the period of expected future sales from the related project, not exceeding ten years.

The carrying value of development costs is reviewed for impairment annually when the asset is not yet in use, and otherwise when events or changes in circumstances indicate that the carrying value may not be recoverable.

(l) Leases:

(a) Where the Company is the lessee:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

(b) Where the Company is the lessor:

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expenses in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Profit and Loss Account.

(m) Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the respective asset. All other borrowing costs are expensed in the period they occur. Interest and other costs incurred for acquisition and construction of qualifying assets, upto the date of commissioning/installation, are capitalised as part of the cost of the said assets.

(n) Government Grants:

Government Capital Grants of the nature of promoters' contribution are credited to Capital Reserve and treated as part of Shareholders' Funds.

(o) Accounting for Turnkey Projects:

Income in respect of Turnkey Projects is accounted on the completion of the said projects.

(p) Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

EXCEL INDUSTRIES LIMITED

SCHEDULE FORMING PART OF THE CONSOLIDATED BALANCE SHEET AND THE CONSOLIDATED PROFIT AND LOSS ACCOUNT

SCHEDULE 'T' — (Contd.)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS:

Sale of Goods

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. Gross turnover includes Excise Duty but does not include Sales Tax and VAT.

Income from Services

Revenues from service contracts are recognised pro-rata over the period of the contract as and when services are rendered and are net of service tax.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Revenue is recognised when the shareholders' right to receive payment is established by the balance sheet date.

Royalties

Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreement.

Other Income

Certain items of income such as insurance claims, commission income, overdue interest from customers etc. are considered to the extent the amount is ascertainable/accepted by the parties.

(q) Cash and Cash equivalents:

Cash and cash equivalents in the Cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

(r) Provisions and contingent liabilities:

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when the Company has a possible obligation and it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

(s) Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(t) Segment Reporting Policies:

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Inter Segment Transfers

The company generally accounts for inter segment sales and transfers as if the sales or transfers were to third parties at current market prices.

Unallocated items

Includes general corporate income and expense items which are not allocated to any business segment.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS:

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to cash segment according to the relative contribution of each segment.

(u) Taxation:

Tax expense comprises of current and deferred tax. Current income tax measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Wealth Tax is provided in accordance with the provisions of the Wealth Tax Act, 1957.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.
