MANAGEMENT DISCUSSION & ANALYSIS
ECONOMY & THE MARKETS

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. Second Advance Estimates of Gross Domestic Product (GDP) released by the Central Statistics Office (CSO), estimated the growth rate of GDP at constant (2011-12) market prices for FY 2018-19 at 7.0 per cent.

ROAD AHEAD

India's gross domestic product (GDP) is expected to reach US\$ 5 trillion by FY25 and achieve upper-middle income status on the back of digitisation, globalisation, favourable demographics, and reforms.

Agriculture being the primary source of livelihood for about 58 per cent of India's population, Government of India has introduced several projects to assist the agriculture sector. They are Pradhanmantri Gram Sinchai Yojana: Scheme aims to irrigate the field of every farmer and improve water use efficiently to achieve the motto 'Per Drop More Crop'. Government of India is also aiming to double farmers' income by 2022, these augur well for the farm mechanisation industry.

INDUSTRY AND COMPANY OVERVIEW

The Year under review was impacted due to various factors such as Monsoon failure in certain areas, non-availability of funds with various State Govts, issues w.r.t subsidy allocation in key states and implementation of direct billing of products from Company to subsidy customers. Your company managed trade receivables efficiently and consequently, the receivables were reduced from Rs.186 Crs as of March 31st, 2018 to Rs 96 Crs as of March 31st 2019.

A. POWER TILLER BUSINESS

During the year 2018-19 the Power Tiller industry witnessed around 7.5 % de-growth. This sector relies heavily on Government subsidies and any delay in implementing schemes in various states leads to demand distortions. The number of Power Tillers sold during the year was 22547 units as against the previous year sale of 30,143 units, our market share being reduced to 44% in the current year.

Our business continues to grow in the new product segments such as Rice Transplanter, which grew by 157 % and the Power Reaper segment which grew by 26 %.

B. TRACTOR BUSINESS

In the financial year 2018-19 the total tractor industry in India grew by 6.7%, however, your

company (primarily in the compact category) registered a degrowth of 28%. The number of Tractors sold was 8,198 Nos during the year as against 11,367 tractors in 2017-18. There has been a degrowth in the 0-20HP segment of compact tractor industry by about 2.7%, as this segment of the industry was affected due to drought in Maharashtra, Gujarat (Saurashtra region) and delay in subsidy in certain states. The industry degrowth in the areas where VST products were popular impacted our volumes leading to an overall drop in market share to 8.3% in the compact segment category.

The Custom Hire & Service Centres that have been under the VST umbrella under the scheme launched by the Government of Karnataka are running satisfactorily.

FUTURE OUTLOOK:

Your company continues to be the market leader in power tillers and will now focus on introduction of new products in this segment. Your company believes that the power tiller industry would continue to grow considering the need for affordable mechanization for small and marginal farmers. The key driver for growth would be subsidy and retail finance availability and for this your company has tied up with major banks and NBFCs and will continue to work with them to arrange funding for this segment of customers. The Company will simultaneously continue to expand its dealer network across the country.

Your company has undertaken to invest Rs.210 crores on long term capex plan for infrastructure, product upgradation and new product development. During the year 2018-19 your company launched three higher HP Tractor Models i.e. 45 & 50 HP Viraj and 47HP VST Shakti Branson. Simultaneously, your company will ramp up the volumes in the higher HP segment in the new financial year. Your company will also launch new models in the compact segment.

C. PRECISION COMPONENT DIVISION, MYSORE

The performance of the Component Division, Mysore recorded a marginal growth in domestic business however export business was lower compared to the earlier. The turnover for 2018-19 was Rs. 7.88 crores as compared to Rs.8.30 crores for 2017-18.

Your company has invested Rs. 24 Crs to modernise this facility and plans are under implementation to ensure profitable growth of this business in the medium and long term.

RISK & CONCERN

Majority portion of Power Tillers and Compact Tractors in some states are sold under government subsidy schemes. In case of reduction in subsidy allocation the demand of these products will be affected. Most of the State Governments are switching over to DBT (Direct Benefit Transfer) scheme for subsidy which would mean the farmer has to pay 100% to buy the product. This scheme may affect the liquidity of the farmers although they will get the subsidy portion later. To mitigate this situation your Company has made the arrangement for retail finance support to farmers.

Competition in power tillers and compact segment tractors requires your company to come out with suitable variants to counter the same.

OPPORTUNITIES & THREATS

There is a need to mechanize agriculture due to unavailability & high cost of labour. Your company is offering solutions to the small and marginal farmers through power tillers and compact tractors optimized with various applications. Your company is also in the process of launching complete range of higher HP Agriculture tractors.

Dependency on favourable Monsoon and delay in release of Subsidy by the Government will be the key threat for the business of the Company. Unstable prices for farm produce and unforeseen natural calamities in the recent past have impacted small and marginal farmers since they suffer the most during such situations.

CURRENT YEAR OUTLOOK

With prediction of normal monsoon, stable government and continued focus on farm mechanisation by the Government, we expect our revenue growth will be par with the overall industry growth.

In fiscal year 2019, loan waivers have been announced by newly elected governments in few states such as Karnataka, Madhya Pradesh, Rajasthan and Chattisgarh, which constitute to farmers to tide over losses incurred due to uneven monsoon and drought conditions. This will boost the morale of the farmer and may encourage them to purchase Tractor and Power tillers.

Scarcity of farm labour and increase in farm mechanization, may spur the demand for Power Tillers and Tractors. The Company has been expanding its product portfolio keeping in mind the growth potential of the farm equipment industry including localization of 47 HP VST Shakti Branson Model to make it economical for Indian market. The Company has introduced specific model of spare parts distribution and with increase in farm equipment volume, increase is also expected in the spare parts business.

Your Company is committed to focus on export sales which includes introduction of new models and expansion of export network. Your Company continues its focus on cost optimization, productivity improvement, supply chain management and value engineering.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Your Company deals with single segment only i.e. "Manufacturing of Agricultural Machineries".

DIVIDEND:

"The Board of Directors of your company is pleased to recommend a dividend of Rs.15/- per equity share of

the face value of Rs. 10 each i.e. @ 150%, payable to those Shareholders whose names appear in the Register of Members as on the Book Closure / Record Date.

The Dividend will be disbursed on or after 12th August 2019, if approved by the shareholder at the 51st AGM. The total outflow will be Rs 1562 lakhs including the dividend distribution tax of Rs. 266 lakhs,

TRANSFER TO RESERVES

"The Board of Directors of your company, has decided not to transfer any amount to the Reserves for the year under review."

SECRETARIAL AUDIT REPORT

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

V.S.T. TILLERS TRACTORS LIMITED

Regd. Office: Plot No-1,

Dyavasandra Indl Layout,

Whitefield Road, Mahadevapura Post,

Bengaluru - 560 048.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by VST TILLERS TRACTORS LIMITED (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on, 31st March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009/2018; (**Not applicable during the audit period**);
 - (d) Securities and Exchange Board of India (Shares Based Employee Benefits) Regulations, 2014; (**Not applicable during the audit period**);
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (**Not applicable during the audit period**);
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (**Not applicable during the audit period**) and
 - (h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 1998 /2018 (**Not applicable during the audit period**).

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing obligations and disclosure Requirements) Regulation 2015 (LODR Regulations).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards etc. as mentioned above except the following.

Composition of board of directors: In terms of regulation 17(1) of LODR Regulations, during period between 11th May 2018 to 27th December 2018, as regular non-executive chairperson was promoter, the board was required to consist of half of the board independent directors. For this non-compliance the stock exchanges imposed a fine of rupees 10,74,100 each. The company paid the same and sought for waiver of the same from stock exchange.

We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws / guidelines/rules applicable specifically to the Company:

V.S.T. TILLERS TRACTORS LIMITED

Report on the Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of **M/s. V.S.T. Tillers Tractors Limited** (the “**Company**”), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as “Ind AS financial statements”).
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2019, and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion:

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the

Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Ind AS financial statements for the year ended March 31, 2019. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, Our description of how our audit addressed the matter is provided in that context.
5. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors responsibilities for the audit of Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key Audit Matters

Internal control over payments

As reported by the Company in the previous year financial statements (FY 17-18) with respect to lapses in Internal control over payments made through EDI (Electronic Data Interchange) and resulting in fraudulently siphoning of funds by Employees (as mentioned elaborately in note 47).

Detailed investigation is conducted by an independent agency appointed by the company during the current financial year in relation to the

How the matters were addressed in our Audit

Our procedures included:

- assessing the design, implementation and operating effectiveness of management’s key internal controls over payments made through EDI.
- reconciling the payment entries with the EDI files which are directly obtained from the bank.
- performed analytical procedures for reasonableness of the expenses accounted and periodical payments made.

<p>incidence of fraud committed by certain employees amounting to Rs. 2,72,65,175/- /- (after netting of the recovery of Rs. 82,17,813).</p> <p>We have identified the above matter as a key audit matter in view of the significant risks identified.</p>	<ul style="list-style-type: none"> • reviewed the related disclosure in notes to the financial statements • Enquired with management for any control lapses and obtained written representations relating to the internal controls.
<p>Input Tax Credit (Goods & Service Tax)</p>	
<p>For the year ended 31st March 2019, the Company has an asset of Input Tax Credit (ITC) of Rs. 41.25 crores due to higher GST rate on the major inputs purchased as compared to Output Liability.</p> <p>Accordingly, the recognition of Input tax credit as asset is dependent on whether the Company would be able to claim the excess ITC as a refund or adjust it against the future output liability.</p> <p>We have identified the above matter as a key audit matter as the amount involved is material and in view of complexity and significant judgements.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> • assessing the design, implementation and operating effectiveness of management's key internal controls over recognition of Input tax credit. • Assessed the reasonable of judgements used for recognition of Input tax credit. • We have used our specialist to evaluate the stand and judgements considered by the Company for recognition of Input Tax Credit (ITC) as per the prevailing law.

Management's Responsibility for the Ind AS Financial Statements:

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of accounting records,

relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements:

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs

will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw

attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- (v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

2. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
3. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
4. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

11. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central

Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in “Annexure - A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

12. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of written representations received from the directors as on 31st March 2019 taken on record by the board of directors, none of the directors are disqualified as on 31st March 2019 from being appointed as directors in terms of section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial statements.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – (Refer Note 41 of the Ind AS financial statements).
 - ii. The Company did not have long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of V.S.T. Tillers Tractors Limited ("the Company") as at 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial

controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements.

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that,

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and

that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements.

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

01. Corporate information:

V.S.T. Tillers Tractors Limited (VTTL) was incorporated on December 18, 1967 in Bangalore, India. It was promoted by the VST Group, a well-known business house in South India, in technical collaboration and joint venture with Mitsubishi Heavy Industries and Mitsubishi Corporation, Japan for the manufacture of Power Tillers and Diesel Engines. The plant went into production in the year 1970.

In 1984, an additional technical and financial collaboration with Mitsubishi Agricultural Machinery Company Ltd, Japan for the manufacture of 18.5 HP, 4 wheel drive Tractor was entered into.

The company was incorporated for the purpose of manufacture and to deal with Tractor, Tillers, Diesel Engines, Harvesters, Reapers, Binders, Transplanters /planters, Trench Cutters, Front end Loaders and all kinds of allied agricultural, plantation and horticultural machinery including attachments, components, accessories, spares implements and other equipment's required for the satisfactory functioning of the agricultural equipment.

02. Basis of preparation:

These financial statements of VTTL have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

These financial statements were approved by the Company's Board of Directors and authorized for issue on 10th May 2019.

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value.

Recent Accounting Pronouncements:

Ind AS 116 Leases:

On March 30, 2019 Ministry of Corporate Affairs (MCA) has notified Ind AS 116 – Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17 Leases and related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and lessor. Ind AS 116 introduces single lessee accounting model and requires lessee to recognize assets and liabilities for all leases with a term of more

than twelve months, unless the underlying asset is of low value. Currently operating lease expenses are charged off to the statement of Profit & Loss. This Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

The Company estimates that the effect on adoption of Ind AS 116 Leases would be insignificant on the financial statements.

Amendment to Ind AS 12 – Income taxes:

On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

The Company is currently evaluating the effect of this amendment on the financial statements.

Amendment to Ind AS 19 – plan amendment, curtailment or settlement:

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction

in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

The Company is currently evaluating the effect of this amendment on the financial statements.

03. Significant Accounting policies:

a) Significant accounting estimates and assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities and the disclosures of contingencies at the end of the each reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes that requiring a material adjustment to the carrying amounts of assets or liabilities affected in future periods.

Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation of uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The assumptions and estimates made by the company based on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i. Impairment of non-current assets:

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposals and its value in use. The fair value less costs of disposal is calculated based on available data from binding sales transactions, conducted at arm's length price, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted

Cash Flow ("DCF") model. The value in use is sensitive to the discount rate (generally weighted average cost of capital) used for the DCF model as well as the expected future cash-inflows and the growth rate used for exploration purposes.

ii. Defined Benefit Plans:

The present value of the gratuity obligation is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, rate of increment in salaries and mortality rates. Due to complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All the assumptions are reviewed at each reporting date.

iii. Fair Value measurement of financial instruments:

When the fair values of financial assets and financial liabilities on reporting date cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques i.e., the DCF model. The inputs to these models are taken from observable markets.

iv. Contingencies:

Management judgement is required for estimating the possible inflow/outflow of resources, if any, in respect of contingencies/claim/litigations against the company/by the company as it is not possible to predict the outcome of pending matters with accuracy.

v. Property, Plant and Equipment:

Based on evaluations done by technical assessment team, the management has adopted the useful life and residual value of its Property, Plant and Equipment. Management believes that the assigned useful lives and residual value are reasonable.

vi. Intangibles:

Internal technical or user team assesses the useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

vii. Income Taxes:

Management judgment is required for the calculation of provision for income taxes and deferred tax assets/liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets/liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

viii. Provision for Warranty expenditure:

Due to the nature of industry the company operates, it needs to incur warranty expenditure on regular basis. Company applies rational judgement and past experience in determining the extent of provision to be created at the end of each reporting period.

b) Current Vs Non-current classifications:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it satisfies below criteria:

- i. Expected to be realised or intended to be sold or consumed in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current assets.

A liability is classified as current when it satisfies below criteria:

- i. Expected to settle the liability in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

c) Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost net of GST input credit, less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, any cost attributable in bringing the asset to its working condition for its intended use and cost of borrowing till the date of capitalisation in the case of assets involving material investment and substantial lead time.

The company adopted cost model as its accounting policy, in recognition of the Property, Plant and Equipment and recognises at the transaction value as the cost.

Direct expenditure incurred and other attributable costs on projects under construction or in the process of installation are termed as Capital work in progress and shown at cost in the Balance Sheet.

Depreciation is provided on the straight line method as per the useful life prescribed in the Schedule II to the Companies Act, 2013 except in respect of the following categories of assets in whose case the life of certain assets has been assessed based on technical advice taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, maintenance supports etc.

Estimated useful life of the assets are as follows:

Type of the Asset	Method of Depreciation	Useful life considered
Buildings	Straight line Method	3 – 60 Years
Plant and Machinery	Straight line Method	5 - 15 Years
Data processing equipment	Straight line Method	3 Years
Furniture and fixtures	Straight line Method	10 Years
Vehicles	Straight line Method	8 Years
Office Equipment	Straight line Method	5 Years

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the Statement of Profit and Loss. Property, Plant and Equipment which are found to be not usable or retired from active use or when no further benefits are expected from their use are removed from the books of account and the carrying value if any is charged to Statement of Profit and Loss.

d) Intangible Assets:

Intangible assets are carried at cost, less accumulated amortisation expenses and impairment losses, if any. Cost of an intangible asset comprise of purchase price and attributable expenditure on making the asset ready for its intended use.

Computer software:

Costs incurred towards purchase of computer software are amortised over the useful life as estimated by the Management which is 3 years for all of the intangible computer software assets.

Technical Knowhow

The expenditure incurred on purchase of technology is amortised over the estimated period of benefit which is 5 years, commencing from the year the asset is ready for its intended use.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use of disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the Statement of Profit and Loss when the asset is derecognised.

e) Investment Properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related

transaction costs and where applicable borrowing costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefit associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight – line method over their estimated useful lives. The estimated useful life of buildings, classified as investment properties, ranges from 30 - 60 years. The useful life has been determined based on technical evaluation performed by the management's expert.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their use. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the statement of Profit and Loss in the period of derecognition.

f) Impairment of tangible and intangible assets:

- i. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/ external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using appropriate discounting factor. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
- ii. When there is an indication previously recognised impairment losses no longer

exists or may have decreased such reversal of impairment loss is recognised in the profit and loss account.

g) Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

h) Inventories:

i. Stock-in-Trade:

Stock-in-Trade are stated at the lower of cost and net realizable value. Net realisable value represents the estimated selling price of inventories less estimated costs of completion and costs necessary to make the sale. Cost is determined on weighted Average basis.

ii. Stores and Spares:

Spare parts, stand-by equipment and servicing equipment are recognised in accordance with Ind AS 16 when they meet the definition of Property, Plant and Equipment. Otherwise, such items are classified as inventory. Spare parts, stand-by equipment and servicing equipment classified as inventory are stated at the lower of cost or net realisable value. Cost is determined on Weighted Average basis.

i) Fair Value Measurement:

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received on selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that

price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or a liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purpose in these financials statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, lease transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value, such as net realisable value in Ind AS 2, or value in use in Ind AS 36.

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurement are observable and the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i. Level 1 – Quoted (unadjusted market prices) in active markets for identical assets or liabilities.
- ii. Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurements is directly or indirectly observable.
- iii. Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

j) Revenue recognition:

i. Revenue from operations:

Effective April 1, 2018 the Company adopted Ind AS 115 “Revenue from contracts with Customer” using the cumulative catch up transition method. Applied to contracts that were not completed as of April 1, 2018. In accordance with cumulative catch up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

The Company is primarily engaged in the manufacture and sale of Tractors, Tillers and Other related products. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

In case of revenue from sale of products, the performance obligation is satisfied at a point in time. Where there is no uncertainty as to the measurement or collectability of consideration, revenue is recognized as and when the performance obligation is satisfied (i.e. shipment of goods from the premises of the Company).

The Transaction Price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties. Accordingly, volume discounts and pricing incentives to customers as a reduction of revenue and revenues is presented net of indirect taxes in its statement of Profit and loss.

Further, Discount is recognized only when it is probable that the criteria for the discount will be met, the payment is probable and the amount can be estimated reliably. However, in case there is a change in the estimated amount of obligations for discounts, the company recognizes the change in the period in which it occurs.

The general credit period offered to customers is 45 days from the date of sale. Accordingly, adjustment due to Financing Arrangement is not applicable.

- ii. **Interest/dividend:** Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is recognised when the right to receive payment is established by the balance sheet date.

- iii. **Rental income from Investment Property:** Rental income is recognised on accrual

basis, based on agreements entered by the company as on the reporting date.

k) Foreign currency transactions:

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value is determined. Non-monetary items are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the statement of profit and loss in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks.

l) Retirement and other employee benefits:

- i. Employer's contribution to Provident Fund, Employee State Insurance and Labour Welfare Fund which is in the nature of defined contribution scheme is expensed off when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the fund.
- ii. Gratuity liability is in the nature of defined benefit obligation. The company's Plan Assets comprise of Gratuity fund maintained by Life Insurance Corporation of India and liability is provided based on independent actuarial valuation on projected unit credit method made at the end of each reporting period as per the requirements of Ind AS 19 on "Employee Benefits".

Actuarial gain/(loss) in the valuation are recognised as other comprehensive income for the period.

- iii. Compensated absences which are in the nature of defined benefit obligation are provided for based on estimates and provided for on the basis of independent actuarial valuation on projected unit credit

method made at the end of each financial year as per the requirements of Ind AS 19 on "Employee Benefits".

m) Earnings Per Share:

Basic earnings per share are calculated by dividing the profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n) Provisions:

Provisions are recognised when there is a present legal or constructive obligation that can be estimated reliably, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provisions.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provisions are reversed. Where the effect of the time of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provisions due to the passage of time is recognised as a finance cost.

o) Contingencies:

Where it is not probable that an inflow or an outflow of economic resources will be required, or the amount cannot be estimated reliably, the asset or the obligation is not recognised in the statements of balance sheet and is disclosed as

a contingent asset or contingent liability, unless the probability of inflow or outflow of economic benefits is remote. Possible outcomes on obligations/rights, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent assets or contingent liabilities unless the probability of inflow or outflow of economic benefits is remote.

p) Taxes on Income:

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Current tax includes taxes to be paid on the profit earned during the year and for the prior periods.

Deferred income taxes are provided based on the balance sheet approach considering the temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if it is probable that they can be utilised against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company write-off the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-off is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

q) Prior period items:

In case prior period adjustments are material in nature the company prepares the restated financial statement as required under Ind AS 8

- “Accounting Policies, Changes in Accounting Estimates and Errors”. In case of immaterial items pertaining to prior periods are shown under respective items in the Statement of Profit and Loss.

r) Cash and cash equivalents:

Cash and cash equivalents includes cash in hand and at bank, deposits held at call with banks, other short-term highly liquid investment with original maturities of three months or less that are readily convertible to a known amount of cash as are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments.

For the Statement of Cash Flows, cash and cash equivalents consists of short term deposits, as defined above, net of outstanding bank overdraft (if any) as they being considered as integral part of the company’s cash management.

s) Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

A. Initial recognition and measurement:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the asset.

B. Subsequent measurement:

For subsequent measurement, financial assets are classified into following categories:

- a. Debt instruments at amortised cost
- b. Debt instruments at fair value through profit and loss
- c. Equity instruments at fair value through profit and loss

a. Debt Instruments at amortised cost:

A ‘debt instrument’ is measured at the amortised cost if both the following conditions are met:

- i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

b. Debt instrument at fair value through profit and loss (FVTPL):

AS per the Ind AS 101 and Ind AS 109 company is permitted to designate the previously recognised financial asset at initial recognition irrecoverably at fair value through profit or loss on the basis of facts and circumstances that exists on the date of transition to Ind AS. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c. Equity Instruments at fair value through profit and loss (FVTPL):

Equity instruments/Mutual funds in the scope of Ind AS 109 are measured at fair value. The classification is made on initial recognition and is irrevocable. Subsequent changes in the fair values at each reporting date are recognised in the statement of profit and loss.

C. Derecognition:

A financial asset or where applicable, a part of a financial asset is primarily derecognised when:

- a. The rights to receive cash flows from the asset have expired, or
- b. The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a

‘pass-through’ arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company’s continuing involvement.

D. Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the debt instruments, that are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

Expected credit loss is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive.

The management uses a provision matrix to determine the impairment loss on the portfolio of trade and other receivables. Provision matrix is based on its historically observed expected credit loss rates over the expected life of the trade receivables and is adjusted for forward looking estimates.

Expected credit loss allowance or reversal recognised during the period is recognised as expense or income, as the case may be, in the statement of profit and loss. In case of balance sheet it is shown as reduction from the specific financial asset.

Financial liabilities:

A. Initial recognition and measurement:

At initial recognition, all financial liabilities are recognised at fair value and in the case of loans, borrowings and payables, net of directly attributable transaction costs.

B. Subsequent measurement:

a. Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gain or losses on liabilities held for trading are recognised in the statement of profit and loss.

The company doesn’t designate any financial liability at fair value through profit or loss.

b. Financial liabilities at amortised cost:

In case of financial liabilities with maturity more than one year, amortised cost is calculated by discounting the future cash flows with effective interest rate. The effective interest rate amortisation is included as finance costs in the statement of profit and loss.

Financial liability with maturity of less than one year is shown at transaction value.

C. Derecognition:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit and loss as other income or finance costs.

t) Warranty:

The company periodically assesses and provides for the estimated liability on warranty given on sale of its products based on past experience of claims.

u) Segment reporting:

The Company has only one reportable business segment, which is manufacturing and trading of agriculture machinery and operates in a single business segment. Accordingly, the amounts appearing in the financial statements relate to the company’s single business segment.

v) Exceptional Items

Significant gains/losses or expenses incurred arising from external events that is not expected to recur are disclosed as ‘Exceptional Items’.

Expected payments – 6th year to 10th Year		15,66,16,641
8. Other Information:		
<p>i. The company has invested planned assets with Life Insurance Corporation of India. Expected Return on Assets is based on rate of return declared by fund managers.</p>		
<p>ii. Present value of defined benefit obligation:</p> <p>Present value of the defined benefit obligation is calculated by using Projected Unit Credit method (PUC Method). Under the PUC method a “projected accrued benefit” is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the Plan. The “projected accrued benefit” is based on the Plan’s accrual formula and upon service as of the beginning or end of the year, but using a member’s final compensation, projected to the age at which the employee is assumed to leave active service. The Plan Liability is the actuarial present value of the “projected accrued benefits” as of the beginning of the year for active members.</p>		
<p>B. Compensated absences amounting to Rs. 92,52,894 (March 31, 2018: Rs. 78,81,730) is recognised as expense and included in the Note 25 ‘Salaries, wages and bonus’.</p>

34. Fair Value of Financial Instruments:

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current assets and liabilities approximate to their carrying amount largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is reported at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- The fair values of the quoted instruments are based on price quotations at the reporting date. The fair value of unquoted instruments are based on the Net Asset Value provided by the Management as on the date of reporting.
- Fair value of Interest free Security deposits are calculated by discounting future cash flows using rates currently available for debt on similar terms credit risk and remaining maturities.

Description of significant observable inputs to valuation:

- Interest free Security Deposits (assets & liabilities):

Interest Rate factor has been considered at a rate of 12% p.a. by the company for discounting the amount receivable at the time of maturity.

(Amount in ₹.)

The carrying amount of all financial assets and liabilities (except for those instruments carried at fair value) appearing in the financial statements is reasonable approximation of fair values.

37. Financial Risk Management objectives and policies:

The company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include interest rate risk, foreign currency risk, market risk, credit risk and liquidity risk. The company's risk management policies focus on the unpredictability of financial markets and seek to, where appropriate, minimize potential and guidelines and there has been no change to the company's exposure to these financial risks or the manner in which it manages and measures the risks or the manner in which it manages and measures the risks.

The following sections provide the details regarding the Company's exposure to the financial risks associated with financial instruments held in the ordinary course of business and the objectives, policies and processes for the management of these risks.

i. Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity risk. Financial instruments affected by market risk include loans and advances, deposits, investments in debt securities, mutual funds, and other equity funds.

a. Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of the Company and the Company's financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to interest rate risk arises primarily from the investment in debt securities, investment in debt mutual funds and cash and cash equivalents.

The company's policy is to manage its interest rate risk by investing in fixed deposits, debt securities and debt mutual funds. Further, as there are no borrowings, the company's policy to manage its interest cost does not arise.

b. Foreign Currency Risk:

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Company has transactional currency exposures arising from Exports or imports that are denominated in a currency other than the functional currency. The foreign currencies in which these transactions are denominated are mainly in US Dollars (\$). The Company's trade receivable and trade payable balances at the end of the reporting period have similar exposures.

The Company does not use any financial derivatives such as foreign currency forward contracts, foreign currency options or swaps for hedging purposes.

The following table demonstrates the sensitivity in the USD, Euro and GBP to the Indian Rupee with all other variables held constant. The impact on the company's profit before tax due to changes in the fair value of monetary items is given below:

Particulars	Change in Rate	For the year ended March 31, 2019	For the year ended March 31, 2018
USD	+5.00 %	(2,66,479)	1,81,861
	-5.00 %	2,66,479	(1,81,861)
GBP	+5.00 %	1,48,647	(19,999)
	-5.00 %	(1,48,647)	19,999
Euro	+5.00 %	(2,405)	124
	-5.00 %	2,405	(124)

ii. Credit risk:

Credit risk is the risk of loss that may arise on outstanding financial instruments when a counterparty default on its obligations. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities, cash and short-term deposit), the Company minimizes the credit risk by dealing exclusively with high credit rating counterparties. The Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Company trades only with recognised and creditworthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures.

In addition, Outstanding customer receivables are regularly monitored and any credit to new customers are generally covered by appropriate security in the form of deposits.

a. Exposure to credit risk:

At the end of the reporting period, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position. No other financial assets carry a significant exposure to credit risk.

b. Credit risk concentration profile:

At the end of the reporting period, there were no significant concentrations of credit risk. The maximum exposures to credit risk in relation to each class of recognised financial assets is represented by the carrying amount of each financial assets as indicated in the balance sheet.

c. Financial assets that are neither past due nor impaired:

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Company. Cash and short-term deposits, investment securities that are neither past due nor impaired are placed with or entered with reputable banks, financial institutions or companies with high credit ratings and no history of default.

d. Financial assets that are either past due or impaired:

Trade receivables that are past due or impaired at the end of the reporting period, for which lifetime expected credit loss has been provided by the company according to its policy. These are shown in the balance sheet at carrying value less impairment/expected credit loss (information provided in note no. 11).

iii. Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

The company ensures that it has sufficient cash on demand to meet expected operational demands, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments which are payable within 12 months.

ANNEXURE TO THE NOTICE

Statement pursuant to section 102 of Companies Act, 2013.

Item No. 5

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s. Rao, Murthy & Associates, Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2020.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014 the remuneration payable to the Cost Auditors has to be determined by the members of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 5 of the Notice for approval of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2020.

None of the Directors / Key Managerial Personnel of the Company / their relatives is, in any way, concerned or interested (financially or otherwise) in the resolution as set out at Item No. 5 of the Notice.

The Board of Directors recommends the Ordinary Resolution set out at Item No. 5 of the Notice for the approval of the Members.

Item No. 6, 7 & 8

At the 46th AGM of the Company held on 14th August 2014, Mr. R.Subramanian, Mr. M.K. Bannerjee were, inter alia, appointed as Independent Directors on the Board of the Company for a term of 5 (five) consecutive years up to 13th August, 2019 pursuant to the provisions of Sections 149, 152 and Schedule IV of the Act read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and the erstwhile Clause 49 of the Listing Agreement.

Mr. K.M. Pai was appointed for the casual vacancy caused due to resignation of Mr. V.Ramachandran, Independent Director pursuant to the provisions of Sections 149, 152, 161 and Schedule IV of the Act read with the Companies (Appointment and Qualification of Directors) Rules, 2014. The present term of Mr. K.M. Pai is expiring on 13th August 2019.

The Board of directors on recommendation of Nomination & Remuneration Committee and based

on performance evaluation, considering the need for providing advice, guidance and mentorship to the company's executive management, is of opinion that Mr. R.Subramanian, Mr. M.K. Bannerjee and Mr. K.M. Pai possess relevant expertise and vast experience. Their association as Non-Executive Independent Directors will be beneficial and in the best interest of the company. The board proposed their candidatures for re-appointment of Independent Directors.

Mr. R.Subramanian is aged about 76 years and Mr. M.K. Bannerjee will be 75 years of age during his 2nd term. Regulation 17(1A) of SEBI (LODR) Regulations will be complied while re-appointing them by passing the special resolutions.

The company is in the receipt of required disclosure and declarations from the directors. Company has received notice in writing from member under Section 160 of the Companies Act, proposing Mr. R.Subramanian, Mr. M.K. Bannerjee and Mr. K.M. Pai as candidate for the office of Directors of the Company. In the opinion of the Board, Mr. R.Subramanian, Mr. M.K. Bannerjee and Mr. K.M. Pai fulfill the criteria of Independence.

Copy of the draft letter of appointment of Mr. R.Subramanian, Mr. M.K. Bannerjee and Mr. K.M. Pai as Independent Directors setting out the terms and conditions is available for inspection of the Members in physical or in electronic form at the Registered Office of the Company.

Except Mr. R.Subramanian, Mr. M.K. Bannerjee and Mr. K.M. Pai, None of the Directors / Key Managerial Personnel of the Company / their relatives is, in any way, concerned or interested financially or otherwise in the resolution as set out at Item No. 6, 7 & 8 of the AGM Notice respectively.

The Board of Directors recommend the Special Resolutions set out at Item No. 6, 7 & 8 of the Notice for the approval of the Members.

The brief resume of said directors, nature of their expertise in functional areas, disclosure of relationships between Directors, Directorships and Memberships of Committees of the Board of Listed entities and shareholding as required under Regulation 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended is set out in this Notice as Annexure A.
