LAND OF DREAMS

**CHAIRMAN'S MESSAGE**

Dear Stakeholders,

It gives me great pleasure to address you once again as we reflect on the year gone by and look ahead with renewed optimism. FY 2024–25 has been a transformative year not only for our Company but for the entire Indian real estate sector, which continues to evolve at an accelerated pace amidst changing consumer preferences, regulatory developments, and global economic dynamics.

India's growth story remains robust, underpinned by a stable macroeconomic environment, rapid urbanization, and an aspirational middle class. As one of the key pillars of the Indian economy, the real estate sector stands to benefit immensely from these structural trends. With government initiatives such as PMAY, increased infrastructure spending, and continued focus on affordable housing, the environment remains conducive for long-term value creation.

At Radhe, we have stayed true to our founding principles of integrity, quality, and customer centricity. During the year, we made significant progress across our residential and commercial projects—delivering quality spaces on time, launching new developments aligned with market demand, and enhancing our operational efficiencies. We remain focused on strengthening our execution capabilities and maintaining financial prudence in all our initiatives.

The real estate landscape, however, is not without its challenges. Procedural bottlenecks, regulatory delays, and rising input costs have tested our agility and resilience. Yet, our decades-long experience, deep market understanding, and unwavering team spirit continue to guide us through. We are investing in digital transformation, strengthening governance frameworks, and recalibrating strategies to align with evolving consumer needs and emerging opportunities.

As we step into a new financial year, we are optimistic about the road ahead. Our strong project pipeline, strategic land reserves, and dedicated team position us well to tap into future growth. We will continue to remain agile, focused, and value-driven in all our endeavors.

I take this opportunity to thank all our stakeholders—employees, customers, partners, financial institutions, shareholders, and government authorities—for their trust, support, and confidence in Radhe. Your continued belief in our vision inspires us to reach higher milestones.

With warm regards,

ASHISH PATEL

**ANNEXURE TO NOTICE****Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013 and Other Applicable Provisions****ITEM NO. 3 AND 4**

The Members of the Company, through a postal ballot conducted on December 19, 2024, had approved the appointment of M/s. Parin Patwari & Co., Chartered Accountants (FRN: 154571W) as Statutory Auditors of the Company to hold office from the date of passing the resolution by the Members until the conclusion of the Annual General Meeting to be held in 2025. M/s. Parin Patwari & Co., Chartered Accountants have since resigned as Statutory Auditors of the Company with effect from August 08, 2025. The reasons for their resignation are available on the website of BSE at www.bseindia.com.

Pursuant to the provisions of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), to fill the casual vacancy caused by the resignation of M/s. Parin Patwari & Co., the Board of Directors, based on the recommendation of the Audit Committee at its meeting held on August 11, 2025, has recommended the appointment of M/s. S Parth & Co., Chartered Accountants (FRN: 154463W), as the Statutory Auditors of the Company, to hold office until the conclusion of the 31st Annual General Meeting, at a remuneration, plus applicable taxes and out-of-pocket expenses, as may be determined and recommended by the Audit Committee and approved by the Board of Directors. However, this appointment is subject to the approval of the Members in the ensuing Annual General Meeting.

Accordingly, consent of the Members is sought for passing the Resolutions as set out in Item No. 3 of the Notice for appointment of M/s. S Parth & Co., in the casual vacancy of statutory auditor caused by resignation of M/s Parin Patwari & Co., and payment of remuneration.

Further, the Board of Directors of the Company at its meeting held on August 11, 2025, based on the recommendation of the Audit Committee, proposed to the Members the appointment of M/s. S Parth & Co., Chartered Accountant (FRN: 154463W) as Statutory Auditors of the Company to hold the office from the conclusion of the 31st AGM, till the conclusion of 36th AGM at such remuneration plus applicable taxes, and out of pocket expenses, as may be determined and recommended by the Audit Committee in consultation with the Auditors and duly approved by the Board of Directors of the Company.

The Company has received consent letter and eligibility certificate from M/s. S Parth & Co., Chartered Accountant (FRN: 154463W) to act as Statutory Auditor of the Company, in place of M/s. Parin Patwari & Co., Chartered Accountants along with a confirmation that, their appointment, if made, would be within the limits prescribed under the Companies Act, 2013.

Accordingly, consent of the Members is sought for passing the Resolutions as set out in Item No. 4 of the Notice for appointment of M/s. S Parth & Co., Chartered Accountant (FRN: 154463W) as statutory auditor for a period of five consecutive years from the conclusion of the 31st Annual General Meeting till the conclusion of the 36th Annual General Meeting of the Company and payment of remuneration to them.

None of the Directors, Key Managerial Personnel of the Company and/or their relatives are in any way, concerned or interested, financially or otherwise, in the aforesaid Resolutions. The Board recommends the resolutions set out at Item No. 3 & 4 of the accompanying Notice for approval of the members of the Company.

ITEM NO. 5

Mr. Ashish Patel (DIN: 00228026) was re-appointed as a Managing Director of the Company for a period of 5 years w.e.f. 01st January, 2021 on the remuneration and other terms and conditions as approved by the members of the Company in the 26th Annual General Meeting held on 1st October, 2020. As the existing tenure of Mr. Ashish Patel as Managing Director of the Company will expired on 31st December, 2025 the Board of Directors of the Company in its meeting held on 28th July, 2025 has, subject to the approval of members, re-appointed him as a Managing Director designated as Chief Executive Officer (CEO) of the Company for a further period of five years w.e.f. 01st January, 2026 on the remuneration and terms and conditions, as detailed hereunder. **ANNEXURE – IV****SECRETARIAL AUDIT REPORT****FORM NO. MR-3****FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2025****[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]**

To,
The Members,
RADHE DEVELOPERS (INDIA) LIMITED

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **RADHE DEVELOPERS (INDIA) LIMITED** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on March 31, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder ;

**MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT****Indian Economic Scenario**

The global economy continues to display resilience, with growth maintaining stability even as inflation trends closer to central bank targets. Over the last two years, economies have adapted to post-pandemic supply-chain realignments, persistent geopolitical tensions, and synchronized monetary tightening. Despite these challenges, recessionary fears have been averted, financial systems have remained stable, and emerging markets have continued to attract capital flows.

On a year-over-year basis, global growth stood at 3.1% in 2024, with inflation easing to 2.8% by year end. Projections for 2025 indicate global growth of around 3.2%, with headline inflation expected to moderate further to 2.4% (Source: IMF, World Bank). Global financial conditions have improved, supported by expectations of gradual monetary policy easing by major central banks.

India has remained the fastest-growing major economy, supported by strong macroeconomic fundamentals. According to the Reserve Bank of India (RBI), GDP growth stood at 8.2% in FY 2023-24 and is estimated at 7.2% for FY 2024-25. Growth has been broad-based across services and manufacturing, though rural demand recovery continues to be dependent on agricultural output and inflation trends. Comfortable current account balances, robust forex reserves, resilient corporate earnings and progress toward fiscal consolidation continue to enhance India's economic stability.

While the global economy managed to avoid a hard landing, India stood out with GDP growth significantly surpassing expectations, reaffirming its position as the world's fastest-growing major economy. Growth was underpinned by robust performance in services and manufacturing, though rural recovery lagged on account of inflationary pressures. A normal monsoon forecast by the India Meteorological Department is expected to support rural demand revival.

The World Bank revised its 2024 GDP estimate for India upward to 6.6% (from 6.3%), citing stronger-than-expected Q1 performance. Structural reforms, policy continuity, fiscal discipline, PLI (Production-Linked Incentive) schemes, and rising capacity utilizations across industries are expected to sustain investment momentum in the coming years.

Industry Structure and Developments

The Indian real estate sector has witnessed robust growth in recent times, led by rising demand for both residential and commercial spaces. Government initiatives such as the Smart Cities Mission and PMAY (Pradhan Mantri Awas Yojana) continue to provide a supportive policy framework for long-term growth.

Globally, high interest rates, weak consumer sentiment, and slowing IT spending impacted real estate demand in advanced economies. By contrast, India witnessed:

- Strong residential housing demand across metros and Tier-II cities,
- Gradual recovery in office leasing, driven by return-to-office and hybrid working trends, and
- Sustained growth in retail real estate, supported by robust consumer spending and rising footfalls.

The sector's resilience reflects India's favorable demographics, increasing urbanization, and improving affordability driven by stable financing options.

Opportunities

ANNUAL REPORT 2024-25

Real estate sector in India is projected to reach USD 1 trillion by 2030, contributing nearly 13% of India's GDP by 2025. Rising urbanization, nuclear family structures, increasing disposable incomes, and government-led infrastructure initiatives will continue to drive demand. Policy support such as RERA, GST, REITs, and PLI schemes are expected to boost transparency and institutional investments. Ongoing infrastructure development (metros, expressways, airports) will further enhance real estate demand in Tier-II and Tier-III cities.

Threats

Despite the positive outlook, the sector faces certain challenges:

- Reversal of inflationary gains and tightening of interest rates.
- Geopolitical tensions affecting supply chains.
- Any slowdown in India's economic growth.
- Escalation in raw material prices impacting housing affordability.
- Prolonged approval processes delaying project execution.

Segment-wise Performance

As per Ind AS 108 – Operating Segments and in line with the internal review of operations by the management, the Company operates under a single reportable segment – Construction and Real Estate Development.

Outlook

India is projected to remain one of the world's fastest-growing economies with estimated growth of over 6.7% in CY 2024. Real estate will continue to benefit from favorable macroeconomic conditions, strong housing demand, policy support, and infrastructure expansion. Radhe Developers is well-positioned to capitalize on these opportunities with its established brand, execution capability, and customer trust.

Risks and Concerns

- Delays in project approvals due to absence of a single-window clearance system.
- Challenges in land acquisition under the Land Acquisition, Resettlement and Rehabilitation Act, 2013.
- Funding constraints for large-scale projects.
- Rising construction costs due to inflation in input materials.
- Dependence on monsoon performance for sustaining rural demand.

Internal Financial Control Systems and Adequacy

The Company has in place a robust system of internal financial controls, commensurate with its size and operations. The system ensures:

- Reliable financial reporting in compliance with applicable standards,
- Safeguarding of assets against unauthorized use, and
- Adherence to applicable laws, regulations and internal policies.

The Internal Auditors periodically review the adequacy and effectiveness of these controls. Findings and recommendations are reviewed by the Audit Committee to ensure continuous improvement.

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report including Annexures to the Director's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a

ANNUAL REPORT 2024-25

material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are

ANNUAL REPORT 2024-25

also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

ANNUAL REPORT 2024-25

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - v. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

ANNUAL REPORT 2024-25

- vi. The company has not proposed or declared any dividend during the year.
- vii. Company has not used such accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has not been operated throughout the year for all transactions recorded in the software. Since the accounting software with audit trail has not been used, the question of it being tampered with and preserved by the company does not arise.

**"ANNEXURE B" REFERRED TO IN THE AUDITORS REPORT TO THE MEMBERS OF RADHE DEVELOPERS (INDIA) LIMITED FOR THE YEAR ENDED 31ST MARCH, 2025****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **RADHE DEVELOPERS (INDIA) LIMITED** ("the Company") as of 31st March, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal

ANNUAL REPORT 2024-25

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025.****1. CORPORATE INFORMATION**

Radhe Developers (India) Limited is a public limited company incorporated and domiciled in India in the year 1995 and has its registered office in Ahmedabad, Gujarat, India. The Company has its primary listing on the BSE Limited. The company offers residential, commercial, plotting and related projects. It has niche in various aspects like design, timely completion of the project etc.

2. SIGNIFICANT ACCOUNTING POLICIES**2.1 Statement of compliance:**

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

2.2 Basis of Preparation of Financial Statements:

The financial statements have been prepared on going concern, accrual basis and on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

2.3 Revenue Recognition:

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from contracts with customers

Ind AS 1115 was issued on 29 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers.

1. Identify the contract(s) with the customer
2. Identify the separate performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Revenue Recognition when performance obligations are satisfied

Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS and the guidance note of real estate issued by ICAI

Effective April 1, 2018, the Company adopted Ind AS 115 from Contracts with using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach)The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018.

The Company has adopted the standard on April 1, 2018 by using the cumulative catch-up transition method and accordingly comparatives for the year ending or ended March 31, 2018 have not been retrospectively adjusted. The effect on adoption of Ind AS 115 is expected to be insignificant as all the projects/contracts of the company are completed as on effective date.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

In accordance with the new standard, and basis the Company's contracts with customers, its performance obligations are satisfied over time.

Interest income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.5 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

ANNUAL REPORT 2024-25

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.6 Property, plant and equipment:

Property, Plant & Equipment are stated at cost of acquisition or construction net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and other directly attributable costs. Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item flow to company and the cost of item can be measured reliably.

Depreciation provided is pro-rata basis as per "Straight Line Method" over the useful life of the assets as prescribed in Schedule II of the companies Act, 2013 in respect of all assets.

Capital work in progress is stated at cost less accumulated impairment loss, if any.

Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.7 Impairment of tangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment

ANNUAL REPORT 2024-25

loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

2.8 Inventory:

Inventories comprise completed units for sale and property under construction (Work in progress):

- a. Completed unsold inventory is valued at lower of cost and net realizable value. Cost is determined by including cost of land, materials, services and related overheads.
- b. Work in progress is valued at cost. Cost comprises value of land (including development rights), materials, services and other overheads related to projects under construction.

2.9 Financial Instruments

Financial assets and financial liabilities are recognized when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.10 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer para of Impairment of financial assets.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income:

ANNUAL REPORT 2024-25

- The asset is held within a business model whose objective is achieved both by collecting Contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer Para of Impairment of financial assets. All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other

ANNUAL REPORT 2024-25

contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognized in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

**Derecognition of financial assets**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

2.11 Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through

ANNUAL REPORT 2024-25

the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- The amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 18.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

2.12 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.13 Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.14 Borrowing Cost

ANNUAL REPORT 2024-25

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.15 Foreign Currency Transaction

Transaction in foreign currency is recorded at exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currency are translated at the exchange rate prevailing on the Balance sheet date and exchange difference on translation of monetary assets and liabilities and resultant gain or loss is recognised in the Profit and loss account.

Non-Monetary assets and liabilities are translated at the rate prevailing on the date of transaction.

2.16 Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. The Company's primary segment is identified as business segment based on nature of products, risks, returns and the internal business reporting system and secondary segment is identified based on the geographical location of the customers.

2.17 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders after deducting preference dividends and attributable taxes by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any

2.18 Use of Estimates

The preparation of the financial statements in conformity with Ind-AS requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities (including contingent liabilities) on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialize.

3. KEY ACCOUNTING ESTIMATES

- a) **Fair value measurement of financial instruments:** When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value are measured using valuation techniques. The inputs to these models are taken from observable markets where `possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as

ANNUAL REPORT 2024-25

liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

- b) **Impairment of non-financial assets:** Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cashflow (DCF) model. The cash flows are derived from the budget and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.
- c) **Taxes:** Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgments is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- d) **Defined benefit plan:** The cost of the defined benefit plans and other post-employment benefits and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter that is subject to change the most is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are after considering the expected future inflation rates for the country.

4. **RECENT ACCOUNTING PRONOUNCEMENTS AND ITS EFFECT ON FINANCIALS**

Ind AS 116 Leases: On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

ANNUAL REPORT 2024-25

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

1. Full retrospective - Retrospectively to each prior period presented applying Ind AS 8 Accounting policies, Changes in accounting estimates and errors.
2. Modified retrospective - Retrospectively, with the cumulative effect of initially applying the standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

1. Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or;
2. An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Effective April 01, 2019, the company has adopted Ind AS 116 'Leases' using modified retrospective approach. The adoption of the standard did not have any material impact on the financial results.

Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible method of transition:

1. Full retrospective approach - under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight
2. Retrospectively, with the cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives

Effective April 01, 2019, the company has adopted Ind AS 12 Appendix C using retrospectively, with the cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives. The adoption of the standard did not have any material impact on the financial results.

The Company has elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance 2019. Accordingly, the Company has recognized provision for the income tax for the year ended 31.03.2025 and re-measured its Deferred Tax Assets based on rate prescribed in the said section.
