#### Dear Shareholders,

It is with great honour that I welcome you to the 61st Annual General Meeting of BEML Limited.

The financial year 2024–25 proved to be a defining chapter in BEML's journey—one that challenged global resilience yet reaffirmed the clarity of our vision, the strength of our strategy, and the precision of our execution. In a year marked by geopolitical upheaval, economic headwinds, and disruptions across international supply chains, your Company not only weathered the storm but advanced with renewed agility, purpose, and foresight.

With more than 60 nations undergoing elections and many markets grappling

with policy flux and stalled reforms, industrial activity across the globe

# Chairman's Message

experienced significant inertia. Yet, in the face of these formidable externalities, BEML stood firm—recalibrating production schedules, mitigating supply risks, and fast-tracking innovation. Guided by disciplined cost control, bold structural reforms, and sharp operational focus, we delivered a performance that was not only resilient but truly transformative across financial and strategic dimensions.

#### Performance Highlights: Resilient & Focused

To begin with, I would like to acknowledge the outstanding performance of our Defence Business Group, which accounted for 27% of total sales in FY 2024–25, a significant increase from 19% in FY 2023–24. This marks the highest-ever turnover for the Defence business, reflecting a robust 29% year-on-year growth.

#### 61st ANNUAL REPORT 2024-25

Our Mining & Construction (M&C) Business group remained a key contributor, generating approximately 54% of total sales. This performance was further strengthened by the Sustenance segment, which not only contributed over 49% of the Group's sales but also achieved its highest-ever annual sales.

On April 1, 2024, we initiated a strategic restructuring of your Company by way of formation of Strategic Business Units (SBUs) in a phased and well-planned manner. While transitions of this scale generally take time to stabilize, we are confident that this transformation will drive improved performance and align the organization with dynamic business demands.

The Rail & Metro Business Group contributed 19% to total Company sales during the year, despite a challenging business environment stemming from the non-availability of executable orders. Notably, the Group exhibited strong momentum in order acquisition, closing the year with a healthy order book of ₹9,200 crores.

During the year, your Company secured several prestigious contracts, including an order for 210 cars for Chennai Metro (CMRL) valued at ₹3,004 crores, a variation order for 42 cars for Bangalore Metro (BMRCL) worth ₹407 crores, and an order for two trainsets (16 cars) for the High-Speed Train project valued at ₹734 crores. We are pleased to share that deliveries for some of these major projects are scheduled to commence in the current financial year.

At the same time, your Company faced a series of operational challenges, including supply chain disruptions, rising raw material costs, and increased logistics expenses. These factors led to delays in project execution and deliveries, prompting the management to take strategic measures to safeguard financial stability and enhance cost efficiency.

In response, our teams conducted a comprehensive operational review, identifying key areas for improvement. This exercise enabled the optimization of supply chain processes, streamlining of administrative workflows, and the adoption of more efficient technologies—all aimed at reinforcing operational resilience and long-term sustainability.

Through these diligent efforts, your Company achieved substantial savings across multiple functions. These initiatives extended beyond conventional cost-cutting, focusing instead on smart, sustainable decisions that lay the groundwork for future growth and resilience. Our steadfast commitment to prudent financial management enabled us to navigate macroeconomic uncertainty, while continuing to invest in areas critical to BEML's long-term success.

The positive outcome of these efforts is clearly reflected in our financial performance. I am proud to report a Profit Before Tax (PBT) of ₹405 crores—the highest ever in BEML's history. This milestone underscores—our operational agility, financial

#### 61st ANNUAL REPORT 2024-25

strength, and the soundness of our strategic priorities.

Our commitment to financial discipline has positioned BEML to capitalize on new opportunities, ensuring we remain competitive, agile, and future-ready. As we look ahead, we are committed to building on this strong foundation, pursuing excellence across all business segments, and delivering sustained value to our stakeholders.

Your Company recorded exports worth ₹298 crores, reinforcing BEML's global presence across 72 countries. As of April 1, 2025, our order book stood at ₹14,610 crores, reflecting a robust 23% growth in order bookings over the previous year. In terms of operational efficiency, value added per employee and sales per employee stood steady at ₹39 lakhs and ₹84 lakhs, respectively—maintaining the same levels as the previous financial year.

#### Infinix - Igniting a New Era of Beyond Possibilities

In February 2025, we unveiled a bold new chapter in BEML's journey—our new brand identity, "Infinix." This transformation represents far more than a visual change; it marks a defining moment in how we see ourselves and how we intend to shape the future. The name 'Infinix' is a fusion of 'Infinity' and 'Phoenix', powerfully symbolizing our limitless aspirations and our enduring ability to reinvent, adapt, and rise stronger in an ever-evolving global landscape.

Our new logo, a phoenix breaking free from its circular boundary, captures this spirit of liberation and ambition. Its outstretched wings represent BEML's growing presence across air, land, and sea, while its aerodynamic, fluid form speaks to our engineering mastery, agility, and a bold, future-forward mindset. At the core of this identity lies the concept of infinity—a continuous cycle of innovation, excellence, and untapped possibilities. It reflects our determination to transcend limitations, address complex global challenges, and build a sustainable, inclusive tomorrow.

As this Phoenix takes flight, it carries with it the dreams and ambitions of every stakeholder in the BEML ecosystem—our dedicated employees, valued customers, partners, and shareholders. It is a shared symbol of purpose: to create meaningful value, drive impactful progress, and leave an indelible legacy. Infinix is more than a rebranding—it's a strategic leap, signifying our evolution from a legacy-driven enterprise to a globally competitive, innovation-led powerhouse.

This identity invites all of us to soar higher, explore deeper, and achieve the extraordinary. Together, we will chart untraveled paths, redefine what's possible, and build a legacy future generations will celebrate. The future is here. The Phoenix is no longer bound—it is free to innovate, to scale new heights, and to embrace a future without limits. Through Infinix, we reaffirm BEML's unwavering commitment to building a world where every challenge becomes an opportunity to rise.

61st ANNUAL REPORT 2024-25

#### Fearless Competition

Despite operating in a highly competitive environment across all business verticals, your Company achieved 73% of its sales through competitive bidding. Notably, BEML has successfully sustained and maintained a strong market share in key product segments such as Dump Trucks, Dozers, and Metro Cars, reaffirming our industry leadership and the enduring trust of our customers.

#### Innovation as a Strategic Imperative

Research & Development (R&D) has continued to play a pivotal role in driving innovation, growth, and sustainability for your Company. In an everevolving business landscape, our unwavering commitment to R&D has been instrumental in maintaining our competitive edge and industry relevance. During the year, we successfully designed and developed new products, while also upgrading existing offerings across all business verticals, aligning with emerging market needs and technological advancements.

Furthermore, our commitment to R&D reflects our belief in investing not only in physical assets but also in intellectual capital. We recognize that the knowledge and expertise generated through our R&D efforts are invaluable assets that underpin our long-term competitiveness. During the year, your Company was granted 28 Intellectual Property Rights (IPRs), including 14 patents—a testament to our continuous innovation and dedication to advancing technology.

It gives me immense pleasure to share that over 87% of our business during the year was driven by in-house developed products-a clear demonstration of your Company's robust R&D capabilities. Our commitment to innovation is further reflected in our R&D expenditure, which stood at 2.62% of total sales and accounted for 34% of the Profit After Tax, Your Company remains committed to investing in the brightest talent from premier institutions, cutting-edge technologies, and the most promising ideas-guided by the strong belief that innovation is the cornerstone of sustained success.

# Self-Reliance: Engineering Independence, Empowering Innovation

In an ever-evolving global landscape, self-reliance is not just an ideal—it is a strategic necessity that fosters independence, autonomy, and resilience. At BEML, we view self-reliance not merely as a policy imperative, but as a mindset—one that empowers us to shape our own future and be the masters of our destiny.

Self-reliant organizations are inherently more innovative. Freed from external dependencies, they are empowered to explore bold ideas, develop creative, context-driven solutions, and pioneer advancements that align with national priorities and global benchmarks.

#### 61st ANNUAL REPORT 2024-25

To further this commitment, your Company is actively leveraging the Srijan Portal, a Government of India initiative, to drive the indigenization of imported items across our portfolio. In the Defence segment, we have achieved over 80% indigenization in High Mobility Vehicles (HMV) 8x8.

In the Mining & Construction domain, we have already attained over 90% indigenization for most of our equipment—further strengthening our position as a trusted and self-reliant OEM.

In the Metro Rail segment, our indigenization currently stands at 65%, and we are taking concrete steps to enhance this further. With respect to Rail equipment, I am pleased to report that all products have achieved indigenization levels exceeding 95%.

During the year, we indigenized 117 items, leading to a foreign exchange saving of approximately ₹81 crore. In addition, your Company has proactively listed 133 major aggregates and LRUs in the Positive Indigenization Lists 1, 2 & 3 issued by the Ministry of Defence—of which 49 items have already been indigenized.

These achievements reflect not just our engineering capabilities, but our deep commitment to AatmaNirbhar Bharat, and to building a globally competitive, self-reliant industrial ecosystem.

# Digital Transformation: Building a Future-Ready Enterprise

In FY 2024-25, BEML embarked on a bold and strategic journey of Digital Transformation (DT)—implementing key initiatives across all three of our core business verticals. These efforts have delivered measurable improvements in operational efficiency, fostered stronger alignment between people and processes, and contributed meaningful value to both the top and bottom lines.

Our DT strategy was anchored on four foundational pillars:

- Business Applications
- Systemic Improvements
- Cybersecurity
- Infrastructure Modernization

Key accomplishments during the year include:

- Deployment of advanced antivirus solutions integrated with Data Loss Prevention (DLP) to significantly enhance cybersecurity
- Modernization of endpoint and network devices to bring them in line with global standards
- Upgradation of video conferencing infrastructure to enable more seamless collaboration
- Enhancements to SAP and non-SAP applications to support integrated business workflows
- Daily cybersecurity awareness tips rolled out to strengthen our digital culture across all levels of the organization
- · Launch of a mobile application for the customer

complaint portal, streamlining support and enhancing customer engagement

Through these transformative initiatives, BEML has reaffirmed its commitment to digital excellence and future-ready operations, laying a strong foundation for innovation-led, technology-driven growth in the years to come.

### Human Capital: Empowering People, Enabling Performance

It is often said that a company's true strength lies in its people—and at BEML, we deeply believe in this principle. Our employees are far more than just contributors; they are innovators, collaborators, and custodians of our core values.

Recognizing that employee growth is intrinsically tied to organizational success, BEML places people at the forefront of its strategy. Our Human Resources department has played a pivotal role in shaping people-centric policies that reflect our unwavering commitment to nurturing talent, promoting well-being, and cultivating a culture of respect and excellence.

In FY 2024–25, we initiated a transformative shift in our HR approach, aligning our initiatives closely with business goals while moving beyond traditional frameworks. The transition to a modern, agile HR model focused on enhancing employee satisfaction, empowerment, and workplace liberty—all of which directly contribute to heightened productivity and performance.

These reforms not only support short-term operational excellence, but also lay the foundation for long-term strategic resilience—reinforcing our belief that when our people thrive, so does BEML.

# Vigilance: Strengthening Integrity, Ensuring Accountability

In FY 2024-25, our vigilance activities were executed comprehensively, encompassing prevention, detection, and enforcement.

Our approach included:

- Surprise and Periodic Checks: Regular inspections and audits were conducted to ensure compliance and uphold the highest standards of integrity.
- Contract and Claims Scrutiny: We carried out detailed examinations of purchase orders, contracts, travel allowances, medical reimbursements, and annual property returns.
- In-House Inspections: Four CTE-type inspections and four system studies were conducted to maintain rigorous operational and ethical standards.
- We are also in the process of updating our vigilance manual to align it fully with the Central Vigilance Commission (CVC) guidelines.

These vigilance initiatives are crucial in upholding transparency and accountability across our operations, ensuring that our systems remain robust, compliant, and future-ready.

#### 61st ANNUAL REPORT 2024-25

# The Year Ahead: Driving Disruption, Execution, and Expansion

The financial year 2025–26 commenced on an encouraging note, marked by the receipt of a major order from M/s Singareni Collieries Ltd. for the supply of high-end excavators—further reinforcing BEML's leadership in advanced mining and earthmoving solutions.

With an order book exceeding ₹14,000 crores, BEML has set an aspirational growth target of at least 25% over last year's performance. This ambitious benchmark reflects our confidence in the organization's capabilities, strategic positioning, and the expanding momentum across our business verticals.

The current order pipeline and operational momentum are expected to play a significant role in achieving this target, while also driving sustainable value creation for all stakeholders.

In FY 2025–26, BEML's 14 Strategic Business Units (SBUs) and 2 Micro SBUs are poised to deliver strong performance, powered by a deeply customer-centric approach. Each unit is structured to respond swiftly to market demands, strengthen stakeholder partnerships, and enhance value delivery at every level.

This focused alignment with evolving customer expectations—across product innovation, service excellence, and operational agility—will be pivotal in meeting our growth aspirations and further solidifying BEML's reputation as a trusted, responsive, and future-ready partner.

As part of our ongoing mission to fulfill evolving customer requirements and to realize our vision of becoming a world-class technology-driven enterprise, BEML takes great pride in its state-of-the-art, integrated Research & Development (R&D) establishment. This facility stands at the core of our innovation ecosystem, driving the design, development, and enhancement of cutting-edge solutions across all business segments.

The R&D division continues to play a transformational role, converting strategic ideas into actionable solutions that advance our capabilities in engineering excellence, product reliability, and sustainability. Its sustained commitment to technological innovation ensures BEML remains agile, globally aligned, and performance-driven.

To strengthen this ecosystem, BEML's R&D has been strategically organized into four specialized divisions, each with a distinct innovation mandate:

- Central Research Facility Dedicated to bluesky research and breakthrough technologies.
- Futuristic Product Innovation and Incubation
   Centre Spearheading next-generation product development and incubating disruptive solutions.

#### 61" ANNUAL REPORT 2024-25

- Corporate Technology Planning and Alliance Management – Driving strategic technology roadmaps and fostering vital collaborations.
- Strategic Business Unit (SBU) R&Ds Embedded within business verticals for targeted innovation and agile product development.

Together, these divisions form the backbone of BEML's innovation strategy, enabling the Company to stay competitive, adaptive, and forward-looking across a diverse portfolio of industries.

During FY 2024-25, our R&D team executed multiple initiatives focused on the in-house design and development of advanced products and aggregates, while also upgrading existing platforms. These efforts were directed towards:

- Ensuring compliance with evolving emission standards.
- Incorporating safety features as recommended by regulatory bodies, and
- Strengthening product reliability, efficiency, and future readiness across all SBUs.

This structured and integrated approach has positioned BEML at the forefront of technological excellence, strongly aligned with both national imperatives and global best practices.

Looking forward, we have designated FY 2025-26 as a pivotal period of Disruption, Execution, and

Expansion at BEML Limited. In pursuit of our strategic vision to sustain and accelerate growth, we remain deeply committed to disciplined cost management and value creation for all stakeholders.

We are actively exploring innovative approaches to elevate operational efficiency, modernize legacy systems, and seize new opportunities that align with BEML's core competencies. These cost optimization initiatives are not aimed at short-term gains alone—they serve as critical enablers of our long-term strategic goals.

By harmonizing cost management with our broader organizational vision, we ensure that every initiative we undertake is purposeful, resilient, and strategically aligned with our commitment to sustainable and inclusive growth at BEML Limited.

# Defence & Aerospace: Advancing Sovereignty, Scaling Horizons

The Government of India's proactive initiatives to strengthen indigenous design, development, and manufacturing of defence equipment are laying the foundation for a more sustainable and self-reliant defence industrial ecosystem. The emphasis on Atmanirbhar Bharat and the introduction of the Positive Indigenisation List have further accelerated our nation's progress toward achieving technological sovereignty.

As part of India's broader defence modernization drive, the procurement of Armoured Vehicles by

#### 61st ANNUAL REPORT 2024-25

the Ministry of Defence is currently underway. In parallel, BEML is strategically exploring new business opportunities across high-impact domains such as:

- Overhauling of Armoured Recovery Vehicles and High Mobility Vehicles,
- Supplying platforms for advanced gun systems,
   and
- Developing strategic equipment, including Futuristic Wheeled and Armoured Combat Vehicles.

These initiatives are expected to significantly accelerate revenue growth while further reinforcing BEML's critical role in shaping India's defence ecosystem.

We reached a key engineering milestone with the successful development of a 1,500 HP engine, heralding a new era in self-reliant powertrain technologies. The first engine was successfully built and fired last year, followed by a second unit this year, which was handed over to a globally renowned original design house in the UK for advanced testing and performance calibration.

Furthering our commitment to strategic defence infrastructure, BEML has indigenously developed the 12x12 Strategic Weapon Carrier Vehicle, a platform that was previously imported. This vehicle has been delivered to VRDE and is now undergoing rigorous field trials—a significant leap in India's domestic defence manufacturing capability.

Strengthening our expanding portfolio, BEML has also secured a key contract from the Ministry of Defence for the manufacture and supply of 56 Mechanical Minefield Marking Equipment (MMME) Mark-II units and 21 Command Post Vehicles (CPVs)—both of which play a vital role in supporting frontline ground combat operations.

With these advancements, BEML is evolving from a platform manufacturer into a full-fledged system integrator, thereby reinforcing its strategic position as a core contributor to India's defence modernization vision.

BEML is also strategically poised to expand its presence in the Aerospace sector, backed by a strong pipeline of opportunities in missile subsystems, aircraft and helicopter components, and critical assemblies for nationally significant space programs. With its robust infrastructure and advanced technical capabilities, BEML is ideally positioned to capitalize on these emerging opportunities.

As part of its strategic growth roadmap, BEML is actively collaborating with Defence Public Sector Undertakings (DPSUs) and private sector partners across several vital aerospace and missile initiatives, including:

- Design and supply of Ground Handling Equipment (GHE) and Ground Support Equipment (GSE) for fighter aircraft programs such as LCA Mk-1, Mk-2, and AMCA,
- · Manufacturing and integration of light alloy

structures for ISRO's Launch Vehicle Mk-III (LVM3),

- Development and supply of missile canisters and sub-systems for DRDL and BDL missile programs,
- Fabrication of airborne structural components and precision-machined parts for HAL's aircraft platforms.

To further its export-oriented vision and serve global aerospace OEMs, BEML has established a warehousing facility at the Aerospace SEZ Park in Bengaluru. These facilities provide essential warehousing and allied support services, reinforcing our commitment to global competitiveness and strategic readiness.

# Rail & Metro: Accelerating Growth Through Innovation and Global Reach

BEML is actively responding to the evolving demands of India's rail sector, with a strong emphasis on delivering cutting-edge solutions across passenger rolling stock and maintenance equipment.

The first prototype of the Vande Bharat
Sleeper train set has successfully
undergone testing, paving the way for
large-scale production. Major orders for
these advanced train sets are in the
pipeline, holding the potential to
substantially enhance the company's
revenue.

# 61<sup>st</sup> ANNUAL REPORT 2024-25

- In anticipation of future mobility needs, BEML is proactively preparing to meet demand for semi-high-speed train sets and aluminium coaches—both critical to the modernization agenda of Indian Railways.
- The upcoming manufacture of High-Speed
  Trains is set to reignite the rail sector,
  further bolstered by new orders for LHB
  coaches. These developments are expected
  to significantly strengthen BEML's
  financial performance.
- Notably, the company secured a prestigious order worth ₹3,004 crores for 210 metro cars from Chennai Metro, with delivery of the first train set scheduled for January 2027. As Metro Rail expands into Tier-II cities, BEML is well positioned to capture the next wave of opportunities in Metro Car projects.
- The growing demand for suburban train systems—including Electric Multiple Units (EMUs), Regional Rapid Transit Systems (RRTS), and maintenance vehicles such as RBMV and UTV—is forecasted to positively impact revenue in the near term.
- As part of its global growth strategy, BEML is actively bidding for international metro and rail projects, leveraging its robust manufacturing infrastructure and deep engineering expertise to scale operations and establish a strong global footprint.

#### 61st ANNUAL REPORT 2024-25

# Mining & Construction: Scaling Innovation, Powering Growth

With the Government of India placing strong emphasis on reducing import dependency and ramping up domestic coal production, the mining sector is poised for expansion. In parallel, evolving geopolitical dynamics—particularly across CIS countries—are opening new collaboration avenues for Indian manufacturers to meet rising global mining equipment demand.

In response to these macro developments, BEML has crafted a comprehensive product strategy aimed at capturing emerging opportunities across mining and infrastructure development. Key growth drivers include:

- A steady rise in coal production,
- Accelerated infrastructure development projects, and
- An enhanced focus on exports of capital equipment.

To meet this growing demand, BEML is actively developing high-capacity Motor Graders, Tyre Handlers, and Loaders—designed to strengthen our market share in the large-scale mining segment. In the construction domain, the Company is planning to introduce new products and variants to expand its market reach and drive value-based growth.

Recognizing the strategic importance of underground mining—particularly in the extraction of critical minerals like coal, zinc, and uranium—BEML is pursuing global technology partnerships focused on mechanization and modernization. These partnerships will bring in advanced equipment solutions, including:

- · Continuous Miners
- Surface Miners
- Tunnel Boring Machines

The objective is to infuse global expertise into domestic operations, driving greater productivity and enhanced safety across India's mining and construction landscape.

A landmark achievement during the year was the design and manufacture of Asia's largest allelectric 21-cubic meter rope shovel. This groundbreaking development reflects BEML's 
commitment to indigenous innovation and marks 
a transformative leap toward electrification and 
sustainability in the heavy mining equipment 
sector.

The successful deployment of this mega shovel not only underscores BEML's engineering excellence, but also lays the foundation for a future-ready portfolio of eco-friendly, zero-emission products—perfectly aligned with national goals for decarbonization and responsible industrial growth.

# Futuristic Maritime Business & Global Expansion: Charting New Frontiers

Diversification is a vital strategy that strengthens a company's competitive edge by enhancing versatility and adaptability. It fosters innovation

#### 61st ANNUAL REPORT 2024-25

and enables agile responses to dynamic market conditions—setting diversified organizations apart from those focused on a single market or product stream.

In alignment with this strategy, BEML has outlined an ambitious diversification roadmap into the Maritime sector. The objective is to capitalize on emerging opportunities and promote indigenous development of marine systems, including propulsion technologies and structural components for marine vessels.

During the current fiscal year, BEML plans to invest in maritime initiatives through:

- Strategic Joint Ventures (JVs),
- Design and development of critical marine solutions such as:
  - o Aircraft Carrier Aggregates
  - o Submarine Aggregates
  - o Maritime Cranes
  - o Dredgers for coastal and river dredging
  - Development of critical components for M/s
     DCIL.

This strategic entry into the Maritime domain will leverage BEML's advanced manufacturing capabilities and engineering expertise—driving innovation in marine systems and accelerating value creation. By investing in futuristic technologies like hydrogen propulsion, stern drives, and non-magnetic engines, the company is well-positioned to tap into untapped market potential.

These initiatives are expected to propel BEML's revenue to new heights, while reinforcing its role as a catalyst for indigenous industrial transformation in critical sectors.

#### Exports: Accelerating Global Growth

In the current fiscal year, exports are poised to play a pivotal role in accelerating BEML's growth trajectory. As part of the company's strategic vision to expand its global footprint, international markets have emerged as key enablers of value creation and business diversification across segments.

BEML has already received and commenced execution of orders from CIS region for Mining and Construction equipment, marking a significant milestone in its export journey. These deliveries will continue through the year, reinforcing the company's reputation for high-quality, indigenously manufactured solutions.

Further, BEML is actively pursuing export opportunities worth ₹2,000 crores across all three business verticals—Defence & Aerospace, Rail & Metro, and Mining & Construction. These efforts are expected to significantly contribute to revenue growth, strengthen international partnerships, and showcase India's engineering excellence on the global stage.

#### Upholding Excellence in Corporate Governance

At BEML, we remain deeply committed to achieving and maintaining the highest standards

#### 61st ANNUAL REPORT 2024-25

of Corporate Governance, rigorously adhering to the guidelines laid down by the Department of Public Enterprises (DPE) for Central Public Sector Enterprises (CPSEs). These principles are not only observed in letter but embraced in spirit, reflecting the company's unwavering dedication to transparency, accountability, and ethical leadership.

A detailed Corporate Governance Compliance Report has been integrated into the Board's Report, underscoring BEML's steadfast adherence to best practices. This enduring commitment has consistently earned the company an "Excellent" rating from DPE, reinforcing our strong and proven track record in governance performance.

The Board of Directors plays a proactive and engaged role in sustaining governance excellence by continuously reviewing and enhancing internal policies, procedures, and organizational structures. This adaptive governance approach ensures that BEML's framework remains relevant, agile, and aligned with evolving stakeholder expectations and global benchmarks.

# CSR & Sustainable Development: Purpose with Impact, Growth with Compassion

In a world where kindness holds increasing value, BEML embraces empathy not just as a principle but as a way of life. It is this deep-rooted commitment to compassion and community that defines our purpose, drives our vision, and guides our growth. The very foundation of the public sector was inspired by the belief that businesses can be powerful agents of societal upliftment, and that same spirit continues to fuel our Corporate Social Responsibility (CSR) framework.

Your Company consistently spends more than 2% of the average PAT of the last three years, exceeding regulatory targets set by the Department of Public Enterprises (DPE). Our CSR efforts span a wide spectrum of social impact initiatives, including:

- Promoting education and skill development
- Enhancing access to healthcare and community development
- Supporting the rehabilitation of specially abled individuals
- Tackling hunger and malnutrition
- Driving afforestation, sanitation, and clean drinking water access
- Upholding national commitments like the Swachh Bharat Mission
- Adopting villages and supporting inclusive rural transformation

Recent gestures reflect our heartfelt dedication: the donation of three electric vehicles to AIIMS Delhi, and support for e-vehicles at Dr. B. R. Ambedkar National Institute of Technology Jalandhar.

# Sustainability as a Strategic Imperative

Sustainability at BEML is not a passing trend—it's a strategic imperative. Our operations are being reimagined to minimize environmental impact while enhancing resource efficiency:

Through Green Energy projects—including 23

#### 61st ANNUAL REPORT 2024-25

MW Windmill installations and 250 kWp Solar Power systems—the company met 75% of its energy requirements in FY 2024-25.

• These projects helped mitigate over 20,211 tons of carbon emissions, propelling us closer to becoming a completely green enterprise.

#### Committed to Holistic Development

As a Responsible Corporate Citizen, BEML is pursuing CSR and Sustainable Development (SD) initiatives with unwavering dedication—ensuring holistic progress across its operational regions and society at large.

With the continued support of our passionate teams and the trust of our shareholders, BEML is forging ahead on a path that combines business excellence with purposeful impact. As we look to the future, our resolve remains firm: to build a legacy that uplifts communities, protects our planet, and shapes a better tomorrow.

# Customer Satisfaction: Elevating Trust Through Responsive Engagement

Customer satisfaction remains one of the most critical drivers of business performance—impacting loyalty, retention, and long-term success. At BEML, our unwavering commitment to customer excellence is reflected in the formation of dedicated engagement teams that proactively connect with customers across diverse platforms.

Through surveys, focus groups, and direct interactions, these teams solicit valuable feedback

that fuels product refinement, service enhancement, and continuous innovation. The insights gathered help us align more closely with customer expectations and better anticipate future needs.

As we navigate an ever-evolving business landscape, BEML recognizes that customer preferences and demands are fluid. By remaining attuned to shifting expectations, valuing candid feedback, and investing in strategic improvements, BEML is confident in its ability to adapt with agility and deliver reliable, future-ready solutions.

#### Awards & Recognition: Honours That Reflect Our Pursuit of Excellence

BEML's commitment to innovation, sustainability, and stakeholder value has been consistently recognized through numerous prestigious accolades and awards across diverse domains. These honors reflect not only the company's operational excellence but also its leadership in engineering, environmental stewardship, and social responsibility.

#### Significant Awards and Accolades Received:

# Acknowledgements: With Gratitude, We Move Forward

Let me extend my deepest gratitude to the Government of India, the Administrative Ministry, the Ministry of Defence, and especially the Department of Defence Production, along with Prime Minister of India office, Ministry of Housing and Urban Affairs, Coal India Ltd, Defence Public Sector Units, Indian Railways, Ministry of Ministry of Ports, Shipping and Waterways, Ministry of Coal, Ministry of Steel, Ministry of Mines, Ministry of External Affairs, Indian Army, Indian Navy, Indian Air Force, and other allied administrative departments for their unwavering support and guidance. Their encouragement has been instrumental in BEML's continued progress and success.

I also take this opportunity to express my sincere appreciation to my fellow Board members, our valued clients, trusted partners, dedicated employees, and all other stakeholders who have placed their confidence in us. Your trust energizes our ambition and fuels our journey forward.

As we look ahead, I assure you that our team's commitment, drive, and collective ambition know no bounds. We embrace every challenge with optimism, confident in our ability to adapt, innovate, and seize emerging opportunities. Personally, I am thrilled and fully committed to the transformation journey we are leading—one that will elevate BEML to greater heights.

In closing, I'm reminded of a quote that perfectly encapsulates our philosophy and forward momentum:

"Companies that change may survive, but companies that transform thrive." - Nick Candito

These powerful words resonate deeply with BEML's ethos. With clarity of purpose, courage in action, and collective determination, we are ready to shape a successful and meaningful year—for BEML Limited, and for the nation we proudly serve.

We will aspire—and we will achieve.

61st ANNUAL REPORT 2024-25

#### Brief Profile

Shri Shantanu Roy assumed charge as the Chairman and Managing Director of BEML Limited on August 1, 2023, bringing with him over 33 years of diverse experience in the capital goods industry. His career spans critical sectors including Defence, Mining & Construction, Rail & Metro, Renewable Energy, and large-scale Power Projects. A visionary leader and strategic thinker, Shri Roy has been pivotal in steering BEML's journey of growth, innovation, and global outreach, positioning the company as a future-ready engineering powerhouse.

A graduate in Electrical Engineering from NTT Raipur and holding an MBA in Financial Management, Shri Shantanu Roy has played a pivotal role in transforming BEML's operational landscape—driving enhanced performance across Northern Region operations, strategic initiatives, international business, and emerging growth avenues. Prior to taking charge as Chairman and Managing Director, he served as Director (Mining & Construction Business), contributing significantly to the company's growth trajectory and operational excellence.

Shri Shantanu Roy Chairman & Managing Director

With a strong emphasis on transformation and technological leadership, his tenure has propelled BEML into a new phase of strategic relevance and innovation excellence. Embracing organic diversification as a catalyst for long-term value creation, he has steered BEML's foray into high-potential sectors including maritime platforms, aerospace systems, infantry combat vehicles, and next-generation combat engineering solutions. With an unrelenting focus on future-readiness, he has championed breakthrough initiatives—from the development of advanced power pack technologies and high-speed rail systems to the relaunch of next-generation construction and mining equipment.

His tenure is defined by signature achievements such as the successful test-firing of India's first indigenously developed 1500 HP combat vehicle engine, the unveiling of the Vande Bharat Sleeper Trainset prototype, and the launch of India's first all-electric Rope Shovel – BRS 21. He also led the indigenous design and rollout of the 12x12 High Mobility Vehicle (HMV) for defence logistics, and secured the prestigious contract for rolling stock production for India's first High-Speed Bullet Train project.

Reinforcing his commitment to strengthening national infrastructure and advancing the Make-in-India vision, he is spearheading the development of a state-of-the-art greenfield rail manufacturing unit in Umariya, Bhopal. Additionally, under his leadership, BEML has been allotted land by the Government of Chhattisgarh to set up a dedicated Mining & Construction equipment manufacturing unit.

With a forward-looking approach, Shri Roy has redefined BEML's business structure by establishing 14 Strategic Business Units from its traditional three divisions—Defence & Aerospace, Rail & Metro, and Mining & Construction. His commitment to fostering innovation and self-reliance has led to the creation

of specialized research and development verticals, including the Futuristic Product Innovation & Incubation Centre (FPIIC), focused on next-generation indigenous technologies, and Corporate Technology Planning & Alliance Management (CTPAM), dedicated to strategic collaborations and innovation-driven solutions. Under his leadership, BEML unveiled its new brand identity, Infinix, symbolizing a bold reimagination of the company's future. This transformation reflects BEML's renewed ambition to transcend boundaries and achieve beyond possibilities.

A leader with a global outlook, Shri Roy is a Six Sigma Black Belt-certified professional, adept in project financing, legal compliance, and international business strategy. During his tenure at BHEL, he played a key role in securing the largest-ever export order—US\$1.5 billion for the 2X660 MW Maitree STPP in Bangladesh. He also expanded BHEL's footprint in Bhutan and Nepal through strategic hydroelectric projects.

Recognized for his transformative leadership, Shri Shantanu Roy has been the recipient of several prestigious accolades. These include the CEO of the Year – PSU (Defence & Aerospace) award by the World HRD Congress, the CMD Leadership Award 2024 by Governance Now, and the PSU Leadership Award 2025 for his exceptional contributions to the public sector. He has also been conferred with the Samarpan PSU Award in recognition of his exemplary leadership and unwavering commitment to excellence.

Beyond his professional achievements, he is an avid reader, traveler, and sports enthusiast, passionate about mentoring young professionals and inspiring the next generation to drive technological advancements and industrial self-reliance. His vision continues to propel BEML towards a future defined by innovation, sustainability, and global competitiveness.

The objective of Outsourcing & Vendor Development policy is to achieve cost effectiveness & improve competitiveness of Company in global market.

BEML recognizes outsourcing as one of the strategic tools to achieve cost benefits and also complement the strengths of private sector to build a strong industrial base. BEML is well on its journey to become a system integrator by outsourcing a substantial part of manufacturing activities from Indian vendors, enabling BEML to enhance the capacity, attain cost effectiveness and improve competitiveness in the global market.

As a policy BEML is not making any capital investment where facilities are available in the Indian industry. To facilitate outsourcing, the company has well established policies, procedures and guidelines.

- New vendors are supported by way of imparting knowledge on manufacturing processes, specifications, quality plans, etc.
- BEML also extends its testing facilities to its vendors wherever required.
- To enhance transparency in all its procurement processes, BEML has well established e-Procurement Portal.

Further, as per the directives of Ministry of Defence, BEML has framed an "Outsourcing and Vendor Development Policy" as duly approved by the Board. The objective of the policy is to enhance cost effectiveness and improve competitiveness of the Company in Global market. The other significant objective of this Outsourcing and Vendor Development Policy is to build a manufacturing eco system in the Country to attain self reliance. On the other hand, participation of Indian private industry will be an enabler in building technological and manufacturing capability inside the country. Based on the policy so framed, a Road Map for Vendor Development has been prepared with yearly targets and monitored at the Board level periodically.

#### Annexure-I

# Annexures to Board's Report for the FY 2024-25

# Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo required under the Companies (Accounts) Rules, 2014.

The details of conservation of energy, technology absorption, foreign exchange earnings and outgo are as follows:

## (A) CONSERVATION OF ENERGY

# (a) Steps taken or impact on conservation of Energy

- The office lighting, street lighting, shop high bay lighting and perimeter lighting
  systems have been replaced with LED lights
  in place of conventional lights like
  HPMV/HPSV/fluorescent tube lights and
  energy saver units & timer circuits for
  lighting system have been introduced.
  Replacing LED lighting system has led to
  significant energy savings & reduction
  energy cost.
- 1310 efficient BLDC fans have replaced the conventional fans. Replacement with BLDC fans has helped in saving of energy & reduced energy cost substantially. High star rated energy efficient inverter air conditioners have replaced conventional air conditioners, which have resulted in significant reduction in the energy cost.

- Introduction of Electric Two Wheelers for official movements, both internal and external movement.
- Reconditioning of Pit Type Carburizing
  Furnace & Box Type carburizing Furnace at
  HT shop to reduce heat loss and to improve
  thermal efficiency & achieve energy
  conservation:
- Replacement of 5 Nos X 500 CFM reciprocating Compressors with Screw type Compressors
- Installation of 5 star rated, energy efficient, inverter based Refrigerators in place of old/conventional refrigerators.
- Replacement of 40 Nos. of Inverter based energy efficient Welding Machines in place of Conventional welding machines.

# (b) Steps taken by Company for utilizing alternative sources of Energy

 Optimum operation of 50 KWp grid connected roof top solar power plant for utilization of Solar energy. In the year 2024-25, 62,560 units of energy is generated through the Solar Power plant valuing

61st ANNUAL REPORT 2024-25

₹ 3.88 lakhs. Additionally, there is a saving of 44.4T of CO<sub>2</sub> emission.

- Extensive usage of Solar water heaters in Canteen & Guest house for hot water applications.
- 200 KWp roof top solar power system has been installed to utilize alternate source.
- Renewable energy (BEML Wind power) consumed 21.70 lakhs units for the year 2024-25 as alternate energy source.
- Usage of Solar water heaters in Workers Canteen for hot water applications.
- Generation of Green Energy from our Wind Mill Projects (23MW) and solar Project (260KW) to an extent of 74 % of Grid Power Consumption by all the Production Division.
- Achieved GHG emission reduction of about 20211 Tons of Co2 equivalent by utilization of Green Energy from Wind Projects.

# (c) Capital investment on energy conservation equipment

During the year under review, your Company has invested ₹4.78 crores for implementing various energy saving measures.

#### (B) TECHNOLOGY ABSORPTION

Research & Development (R&D) undertaken for technology absorption is as below:

Efforts made towards technology absorption:

R&D has absorbed the collaborator technology and further developed on it, which has resulted in development of new products & technologies and up-gradation of existing products. Some of the major new product developments & product up-gradation which have resulted because of in-house R&D efforts during the year 2024-25 are: -

#### Defence:

# New products Development

- Design and Development of 1500 HP Engine for MBT.
- Upgradation of TATRA Engine (300 KW to 325KW).

# Mining & Construction:

- Design and development of BD475L.
- Design and development of BL40TH 8 Ton Tyre Handler.
- Design and Development of BG1205 Motor Grader.
- Design and Development of BWS50 Water Sprinkler.
- Engineering of ZF Transmission on BD30W-1.
- Development of indigenous source for BH205E Electrical drive system.
- Engineering of Tier-3 engine on BD355.
- Engineering of Viscous mount on BD155 and BD355.

# Upgradation of BD355 Dozer to meet M/s. IDF, Israel requirements/Additional features.

- Design and development of BD46W (450-500HP Wheel Dozer).
- Design and Development of BL54 (6-7 cubic Meter) Wheel Loader.
- Design and development of BG1205L for Russian requirements.
- Indigenization of Imported items.
- Development of Bogie type under carriage for BD475-2 Dozer.
- Development of alternate engine for BH100 through KOEL.

## Rail & Metro:

- Vande Bharath Sleeper Trains for Indian Railways. These are air-conditioned sleeper cars with assorted classes based semi-high speed Vande Bharat trains for Indian Railways. These cars have best in class features such as crashworthy carbody, couplers with deformation tubes, side crash buffers, meets highest fire hazard level (HL3) etc.
- Catenary Maintenance Vehicle (CMV) integrated with:
  - CBTC based Signalling system.
  - Overhead Catenary Measuring system (OCS) with Automated measuring equipment of OHE parameters like

# 61<sup>st</sup> ANNUAL REPORT 2024-25

Diameter, Temperature, Pressure, Height from Rail level mast identification etc.,

 Electro-Pneumatic Brake system with Electronics.

# 2. Intellectual Property Rights (IPR)

Totally 45 IPRs have been submitted for registration, out of which 22 are Patents, 07 are Design , 08 are Copyrights and 08 are Trademarks.

IPRs have been submitted out of which 1 has been filed and granted Patent.

A total of 11 applications have been submitted from Mining & construction vertical for grant of IPR during the FY2024-25:

- Patent 6
- Design 3
- Copy Right -2

# The benefits derived like product improvement, cost reduction, product development or import substitution:

Major R&D initiatives like new product/ aggregates development, product upgradation, indigenization etc. have ensured the good position of BEML in the industry and the existing Mining product range is enhanced with cutting edge technology features that will help in sustaining the existing market and also in exploring the new emerging markets. There has been a considerable foreign exchange savings on account of the indigenization plan.

61st ANNUAL REPORT 2024-25

Indigenization of some of the components like Air compressor for 140 Series, Valves for 170 Series, Temperature sensor, Air heater, Thermostatic Valve etc. thereby significantly cutting down the import costs and be self-reliant. The skill sets, knowledge & expertise of R&D personnel have been enhanced and it has induced confidence in taking up future challenges.

4. Import of technology during the last three years reckoned from the beginning of the financial year:

Nil

# 5. Future plan of action:

Keeping in view the emerging trends in technology and also in line with the unfolding business scenario, R&D has put in place, plan of action to take up a number of projects with enhanced allocation of resources. To achieve this, R&D infrastructure and resources are being continuously strengthened/upgraded to handle and cope up with the latest technologies effectively.

R&D has also planned to develop a series of production/ aggregates covering all the three business segments as under:

#### Defence

 Engine R&D is working on upgrading and Commonising 170 Series Engines that would cater for both 140 Series and 170 Series Engine, by implementing CRDI technology and Exhaust after treatment systems to meet CEV Stage 5 norms

- Efforts are underway to Indigenously manufacture CRDI Systems, to be Self-reliant
- Hiring process are on-going to strengthen R&D infrastructure in Design, Simulation and Engine Emission and Calibration
- To derive Engine variants that would cater for all Defense applications

# Mining & Construction

R&D M&C has involved in the futuristic projects like the design & development of 21 cu. m. Rope Shovel required for Mega Coal Projects, 8 Ton Tyre Handler & Development of Heavy-duty wheel loader (450 HP). Further keeping in view of future technology trends with changing business scenario, R&D, M&C has taken up initiatives to launch new products and upgrade existing products in line with the latest emission norms as mandated by the government and safety features as per IS17055/ISO20474 & DGMS regulations for Dump Trucks, Dozers, Excavators, Wheel Loaders and Underground Mining Equipment apart from up gradation of existing Products with innovative and new features in line with major global competitors.

# Indigenous Product Development

 Completion of the BRS21 Rope Shovel with enhanced localization and cost optimization.

## 61st ANNUAL REPORT 2024-25

- Development of the BG1205 Motor Grader prototype for improved efficiency and market competitiveness.
- Development of 8 Ton Tyre Handler BL40TH.

# 2. Advanced Engine Development

- Integration of Tier 4 engines in the Higher capacity Dump Trucks.
- Engineering of the QSK19C Tier 3 engine for the BD355 Dozer for domestic and export markets.

## 3. Electrification & Sustainability

- Expansion of electric drive technology for large dump trucks (e.g., BH150E, BH205E) to reduce emissions and improve efficiency.
- Research into Battery Operated vehicles and hybrid powertrains for construction and mining equipment.

# 4. Safety & Automation

Implementation of autonomous and semiautonomous features in mining equipment to improve productivity and reduce operator fatigue.

# Advanced Manufacturing & Digitalization

 Acquisition of a 3D scanner with additive manufacturing capabilities to accelerate prototype development. Transition to digital twin technology for real-time monitoring and predictive maintenance.

## Strategic Sourcing & Localization

Development of alternative sources for critical components like engines, transmissions, and other critical aggregates to reduce dependency on foreign suppliers.

# 7. New Equipment Development

- Design and development of surface miner
- Design and development of BD46W
- Design and development of BL54
- Development of indigenous Electrical drive system for Bh150E and BH205E

#### Rail & Metro

R&D commuter rail is executing / planned to execute following project:

- Executing the design, development and supply of Vande Bharath Sleeper Trains for Indian Railways- 10 rakes (Train set) of 16 cars each.
- Catenary Maintenance Vehicle (CMV) project is under execution for
  - o DMRC
  - Patna metro
  - CMRL

- 61st ANNUAL REPORT 2024-25
- Received LoA for supply of 2 nos. CMVs to Mumbai Metro Line 2B, execution is under progress for this order.
- ICF has floated a tender on BEML for manufacture and supply of 600 nos of LHB coaches. LHB (Linke-Hofmann-Busch) is a passenger coach known for their enhanced safety, comfort, higher operation speed and better ride quality with key features like Anti-climbing arrangement, Secondary air suspension, Anti-telescopic arrangement.
- Under maintenance vehicle segment,
   Commuter Rail R&D is working on
   Overhead Catenary Measuring system (OCS)
   for NCRTC and Nagpur Metro.
- Commuter Rail R&D is working on the tenders of Indian Railways & submitted bid for supply of "Rail Borne Maintenance Vehicles (RBMV), Rail Inspection Vehicle (RIV), Utility Track Vehicle (UTV) and Selfpropelled ultrasonic rail test (SPURT)' Cars.
- Under maintenance vehicle segment, R&D Rail & Metro is working on upcoming requirements for NCRTC, Nagpur Metro.
- Similarly, R&D Rail & Metro is working on the tenders of Indian Railways & submitted

- bid for supply of "Rail Borne Maintenance Vehicles (RBMV), Rail Inspection Vehicle (RIV), Utility Track Vehicle (UTV) and Selfpropelled ultrasonic rail test (SPURT)' Cars,.
- Currently, R&D Rail & Metro is working & executing CMVs order for DMRC (2 nos.), Patna metro (1 no.) and CMRL (3 nos.).
- Received LoA for supply of 2 nos. CMVs to Mumbai Metro Line 2B. R&D Rail & Metro is started working on this order also.

# 6. Expenditure on R&D

Company has spent ₹ 100.69 crores on R&D during FY 2024-25 which is about 2.50% of Revenue from Operations.

- Upcoming prospects in Aerospace Business and ISRO.
- Unmanned ground vehicles.
- Unmanned Aerial Vehicles (UAVs).
- Manufacture of Fixed wing aircraft and Helicopter Aggregates.
- Demand for high end Electric Drive Dump Trucks, Excavators and Bull-Dozers.
- Ground Combat platforms.
- AI and Robotics enabled systems.
- High Speed Trains and Medium speed EMUs.

- Emerging business opportunity for Light Rail.
- New opportunities in Maintenance equipment viz. Rail Grinding machines, Track Cleaning Machine, etc.

#### (b) Threats

- Increased competition from Indian private and Global companies.
- Technology leaders operating directly than parting technology to Indian counterparts.
- Mergers & Acquisitions in Mining and Construction equipment industry.
- Difficulty in sourcing of few critical and denied technologies.
- > Rapid changes in technologies.
- Increased FDI caps in Coal & Defence sector.
- Policy interventions favouring Private sector.

#### (iv) Outlook:

## Mining & Construction:

Given the Government of India's emphasis on reducing the import dependency for mining equipment and ramping up annual coal production, there's a concerted effort to enhance output. Further, amidst the current geopolitical landscape, CIS countries are seeking collaborations with Indian companies to fulfill their requirements.

With the outlined coal production and infrastructure development strategies, coupled with efforts to boost exports, the demand for

#### 61st ANNUAL REPORT 2024-25

Mining & Construction equipment is projected to remain strong in the coming years. The company has devised comprehensive strategies within its product portfolio to seize opportunities in this promising market.

#### Defence & Aerospace:

The government's proactive measures to bolster indigenous design, development, and manufacturing of defence equipment, aimed at fostering a sustainable defence industrial ecosystem, will undoubtedly create numerous opportunities for the domestic sector. The call for Atmanirbhar Bharat and positive indigenisation list has further catalyzed efforts toward achieving self-reliance.

The increased defence modernization plans, including the procurement of Armoured vehicles by the Ministry of Defence, are in the pipeline. Additionally, exploring new business domains such as overhauling Recovery/High Mobility Vehicles, De-mining equipment, and Vehicles for gun systems will contribute significantly to revenue growth.

BEML achieved a significant milestone by completing the groundbreaking project of designing and developing India's indigenous prototype 1500 HP engine. This remarkable feat marks a pivotal moment in India's defence capabilities, highlighting the nation's engineering excellence and dedication to self-reliance in defense technologies. BEML aims to continue developing engine variants to meet various

requirements of the Defence Services, demonstrating its commitment to realizing the vision of Aatmanirbhar Bharat and establishing itself as a leader in defence production.

In Aerospace sector, orders for aircraft, helicopter components, and aggregates for space programs are anticipated to pick up pace in the near future. The requisite facilities are already established, poised to capitalize on these opportunities.

Furthermore, BEML is actively pursuing business opportunities aligned with its product portfolio and overhauling services. Diversification in Naval & Marine sector, through indigenization of dredging spares and providing dredging solutions. Collaboration with other Defense Public Sector Undertakings (DPSUs) and Private Sectors for the supply of High Mobility Vehicles, aggregates for various Missile Programs, and Aerospace components is part of the company's strategic initiatives.

#### Rail & Metro:

Production and supply of proto train for Vande Bharat sleeper Train has enhanced the capability for meeting the upcoming requirement of Vande Bharat sleeper Trains. BEML is actively meeting the upcoming demands of LHB coaches and other Rail maintenance equipment.

Additionally, as Metro Rail expands into Tier-II cities across the country, BEML is hopeful of securing orders for upcoming Metro Car projects.

Furthermore, the rising demand for suburban trains, such as Electric Multiple Units, and the

#### 61st ANNUAL REPORT 2024-25

forthcoming tenders in this regard are expected to positively impact the company's revenue.

Design and manufacturing of India's maiden High speed train will set tone for future of Indian Rail business.

Furthermore, addressing port congestion is a priority for the Government of India, prompting BEML to take proactive measures.

#### Exports:

On the export front, the Company has secured export orders from Middle east Countires and equipment were supplied. Additionally, supplies of orders received from M/s. BEL & M/s. BDL for the supply of High Mobility Vehicles is progressing.

The Company is actively pursuing various business opportunities in the Defence, Mining & Construction, and Rail & Metro segments across SAARC, AFRICA, ASEAN, LATAM, and MENA regions.

With this strategic approach, BEML aims to explore opportunities for exporting High Mobility Vehicles and Aircraft towing tractors in the Defence sector, as well as Rail coaches, Metro Cars, and Maintenance vehicles in the Rail & Metro business. This initiative also extends to the export of Mining & Construction equipment.

## (v) Challenges, Risks and Concerns:

The major challenges to the Company are:

Supply Chain Disruptions

- Dumping price strategy adopted by global player for Mining & Metro projects
- Continuity in receipt of orders from Indian Army and Indian Railways
- Indigenisation of parts / components due to MOQ, Quality and Cost

## (vi) Internal control systems and their adequacy:

The Company has an internal control system designed to provide high degree of assurance regarding optimization and safeguarding of resources, quality and reliability of financial and operational information, compliance with applicable statutes and corporate policies. It is the Company's endeavour to align all its processes and controls with global best practices.

The internal audit process is designed to review the adequacy of internal control checks in the system and covers all significant areas of the Company's operations. The internal audit department performs risk-based audits, based on an internal audit plan which is reviewed every

year in consultation with statutory auditors and the Audit Committee. The Audit Committee reviews audit reports submitted by internal auditors and follow up on the implementation of corrective actions periodically.

The Statutory Auditors submit a report on internal financial controls over financial reporting along with their Audit Report on the financial statement every year. BEML being a Government Company,

## 61st ANNUAL REPORT 2024-25

it is subject to audit by Comptroller and Audit General of India also.

A comprehensive Delegation of power exists for smooth decision making which is being periodically reviewed to align with changing business environment and for speedier decision making. The Company has implemented an enterprise-wide ERP. The Company has end to end SAP platform to provide a robust foundation to address several emerging business needs.

#### Governance, leadership and oversight

 Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements

At BEML, our commitment to sustainability is fundamental to our operations and decision-making processes. We understand the importance of generating long-term value while simultaneously reducing our environmental footprint, promoting social welfare, and adhering to robust governance standards. Our Environmental, Social, and Governance (ESG) strategy reflects our dedication to conducting business responsibly, fostering innovation, and maintaining transparency in all our endeavors. We are actively engaged in initiatives aimed at lowering our carbon emissions, improving resource efficiency, and implementing sustainable technologies that contribute to a more environmentally friendly future. In addition to our environmental initiatives, we place a strong emphasis on the wellbeing of our employees, the development of our communities, and the practice of ethical governance. This ensures that integrity guides our decision-making processes and that we maintain accountability in our operations. By embedding ESG principles into our overall business strategy, we strive to build resilience, promote sustainable growth, and create a positive impact on society.

Describe the processes in place to safely reclaim your products for reusing, recycling and disposing
at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d)
other waste.

BEML Limited has instituted a well-defined and systematic mechanism for the environmentally responsible disposal of waste generated during the manufacturing of products and equipment. Waste materials are routed through authorized recyclers and handlers, in accordance with the guidelines set by the respective Pollution Control Boards.

In alignment with its sustainability goals, the Company utilizes leftover food waste for biogas generation, which is then used to support light cooking applications through an on-site biogas plant. Additionally, a coolant recycling facility has been established to manage and dissipate heat generated during manufacturing processes. The Company also operates sewage treatment plants that enable the recycling and reuse of water in production activities.

Collectively, these sustainable waste management initiatives contribute to the recycling of approximately 5-10 percent of total products and waste. Furthermore, the disposal of electronic waste across all operational complexes is centrally managed to ensure streamlined, compliant, and environmentally sound e-waste handling.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

	Sustenance generates revenue by providing repair, reconditioning, and rehabilitation services for aggregates such as engines, transmissions, final drives, and other equipment, as requested by customers. During FY 2024-25, we received a total order value of ₹51.65 crore. Typically, approximately 50-55% of material value is reused during aggregate repair at our Service Centre.	The Company's manufacturing operations generate a significant volume of metal scrap; however, concerted engineering interventions are undertaken to minimise waste generation at the source. Reusable material is also used in packaging manufactured goods. While these recycled and reused materials contribute meaningfully to environmental conservation, their financial value is presently not being accounted for in the reporting framework.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company is certified under ISO 14001:2015 for its Environment Management System, reflecting its commitment to sustainable and compliant environmental practices. Hazardous wastes are stored in designated hazardous waste storage areas, with used oil and other hazardous liquid materials secured using secondary containment systems. Various types of waste, including metal scraps, damaged packing wood, paint sludge, used oil, batteries, and e-waste, are carefully segregated and stored separately in the scrap yard. Disposal of these wastes is carried out through authorized waste handlers, ensuring adherence to regulatory requirements with proper documentation. Wet waste is converted into compost, while non-hazardous waste such as metal scrap and damaged packing wood is disposed of through MSTC in accordance with established guidelines. Additionally, sludge generated from sewage treatment plants is repurposed for gardening, promoting resource recovery and circular economy practices.

- Channels/ platforms where information on products and services of the entity can be accessed.
   Information on products and services offered are available on BEML website <a href="https://www.bemlindia.in">https://www.bemlindia.in</a>. Also, BEML is participating in various Defence exhibitions for Advertisement of products and services.
- Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

BEML's Defence Equipment is utilized for training purposes in accordance with the Standard Operating (5O) requirements. Additionally, the Company provides specialized service and training camps for Indian Army personnel, ensuring that they are equipped with the necessary skills and knowledge to operate and maintain the Defence Equipment effectively.

3. Mechanisms in place to inform consumers of any risk of disruption/ discontinuation of essential services.

Customers are notified about any disruption or discontinuation of services through emails, letters, and service bulletins. BEML's effective contract management ensures that customers are kept informed about the status of supplies and any potential issues related to obsolescence. Given the high level of indigenisation of BEML products, supported by a robust supply chain and vendor ecosystem, concerns regarding disruption and discontinuation are proactively addressed. Customers are provided with ample opportunity for end-of-life procurements, ensuring smooth transitions and continued support.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/ services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes, product information is displayed on BEML products in compliance with local regulations. For example, BEML Dumpers are marked with "Not Meant for Plying on Public Roads," along with appropriate reflectors and caution stickers. This information is also discussed with customers and prominently displayed on the product. Additionally, each product is supplied with a feedback form, developed by the quality and customer inspection teams, to collect valuable customer insights, which are processed according to established procedures. BEML conducts periodic consumer satisfaction surveys to assess product and service performance. Furthermore, BEML is governed by contractual obligations, and upon completion, customers issue a Performance Certificate.

These financial statements were authorised for issue in accordance with a resolution of the directors on 23.05.2025.

#### Note no. 2: Material accounting policies

# 2.1. Basis of preparation and Statement of Compliance

- a. The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act. These financial statements for the year ended 31 March 2025 with comparatives of year ended 31 March 2024 are prepared in accordance with Ind AS.
- b. The financial statements have been prepared on historical cost basis, except for the following assets and liabilities which have been measured at fair value:
  - Derivative financial instruments,
  - Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments),
  - Defined benefit and other long-term employee benefits obligations
- c. The financial statements are presented in Indian Rupee (INR) which is the functional and the presentation currency of the Company and all values are rounded to the

#### 61st ANNUAL REPORT 2024-25

nearest lakhs (INR 00,000), except when otherwise indicated.

- d. Preparation of the financial statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates.
- e. Assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company's operating cycle is considered as twelve months for the purpose of current / non-current classification of assets and liabilities.
- f. The Company revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the financial statements. Changes in accounting policies are applied retrospectively. A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or

liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors result in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

#### 2.2 Summary of Material accounting policies

#### A. Revenue Recognition:

Sales is exclusive of GST.

#### Revenue from contracts with customers:

Revenue is recognized, on the transfer of promised goods or services, by way of allocating transaction price, being amount of consideration which an entity expects/entitles in exchange for transferring promised goods or services to a customer, to the extent of performance obligation satisfied in a contract.

# i. Satisfaction of performance obligation over time

- a. Revenue is recognised overtime where the transfer of control of goods or services takes place over time by measuring the progress towards complete satisfaction of that performance obligation, if one of the following criteria is met:
  - the company's performance entitles the customer to receive and consume the benefits simultaneously as the company performs

- the company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced
- the company's performance does not create an asset with an alternative use to the company and the company has an enforceable right to payment for performance completed to date.
- b. Progress made towards satisfying a performance obligation is assessed based on the ratio of actual costs incurred on the contract up to the reporting date to the estimated total costs expected to complete the contract. If the outcome of the performance obligation cannot be estimated reliably and where it is probable that the costs will be recovered, revenue is recognized to the extent of costs incurred.
- c. For measurement of satisfaction of performance obligation over time, input cost method is adopted.

# Satisfaction of performance obligation at a point in time

- a. In respect of cases where the transfer of control does not take place over time, the company recognizes the revenue at a point in time when it satisfies the performance obligations.
- b. The performance obligation is satisfied when the customer obtains control of the asset. The indicators for transfer of control include the following:

# 61<sup>st</sup> ANNUAL REPORT 2024-25

- the company has transferred physical possession of the asset
- · the customer has legal title to the asset
- the customer has accepted the asset
- when the company has a present right to payment for the asset
- the customer has the significant risks and rewards of ownership of the asset. The transfer of significant risks and rewards ownership is assessed based on the Incoterms of the contracts.

#### c. Bill and hold Sales

Bill and hold sales is recognized when all the following criteria are met:

- the reason for the bill and hold sales is substantive
- the product is identified separately as belonging to the customer
- the product is currently ready for physical transfer to the customer
- the company does not have the ability to use the product or to direct it to another customer.

#### Penalties & Liquidated damages:

Penalties, including levy of liquidated damages for delay in delivery, specified in customer contracts, are not treated as inherent part in determination of the Transaction price as per para 51AA of Ind AS 115 if the same is subject to review by customer.

61st ANNUAL REPORT 2024-25

#### Escalation:

Escalation in prices is recognized as revenue as per the escalation formula provided in the contract. In the absence of such a clause in the contract, any claim for the same is recognized on acceptance by the customer.

#### Duty Drawback:

Duty drawback claims on exports are accounted on preferring the claims.

#### Revenue from wind energy:

Revenue from generation of electricity from wind mill is recognized when the electricity is supplied to industrial electricity distribution license holder as per the terms of agreement.

#### Other Income

#### (i) Interest income:

Interest Income is recognized using the effective interest rate (EIR) on a time proportion basis and as per the terms of the relevant instrument.

#### (ii) Dividends:

Dividend income is recognized when the Company's right to receive the payment is established.

#### (iii) Rental income:

Rental income arising from operating leases is accounted for on a straight-line basis over the non-cancellable lease term unless increases in rentals are in line with expected inflation.

# B. Investments in associates and joint venture

The Company accounts for its interests in associates and joint ventures in the separate financial statements at cost.

#### C. Foreign Currencies:

Transactions in foreign currencies are initially recorded by the Company at their respective currency exchange rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency exchange rate at the reporting date. Differences arising on settlement or translation of monetary items are recognized in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

#### D. Fair value measurement:

The Company measures certain financial instruments, such as derivatives and other items in its financial statements at fair value at each balance sheet date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy.

61st ANNUAL REPORT 2024-25

#### E. Discontinued operation:

Classification of an operation as a discontinued operation occurs at the earlier of disposal or when the operation meets the criteria to be classified as held-for-sale. When an operation is classified as a discontinued operation, the comparative statement of profit and loss and other comprehensive income is re-presented as if the operation had been discontinued from the start of the comparative year.

#### F. Government Grants:

Government Grants are recognized as follows when there is reasonable assurance that the grant will be received and all attached terms and conditions will be complied with.

- (i) Grant towards meeting expenditure is recognized as income as and when the expenditure for which the grant is sanctioned is incurred.
- (ii) Grant towards procurement of an asset is recognized as income in equal amounts over the expected useful life of the related asset.
- (iii) Grant towards non-monetary assets are recognized at fair value and released to Statement of profit and loss over the expected useful life.
- (iv) The subsidized portion of interest rate provided by the Government on loans or

similar financial assistance is recognized as grant.

#### G. Income Taxes:

#### Current income tax:

Current tax assets and liabilities are measured at the amount to be recovered from or paid to the taxation authorities as per the applicable tax laws at the reporting date in Statement of profit and loss.

#### Deferred tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences can be utilized.

For the items directly recognized in Equity, the current and deferred tax pertaining to such item is recognized through Equity.

# H. Property, Plant & Equipment:

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses if any. Cost includes expenditure on acquisition of asset, present value of expected cost for the decommissioning of an asset, cost of replacing part of Plant and Equipment and borrowing costs.

61st ANNUAL REPORT 2024-25

Depreciation is calculated on a straight-line basis over estimated useful lives as prescribed in schedule II of the Companies Act 2013. In respect of the following assets, useful lives are different than the useful lives indicated in Schedule II of Companies Act 2013, based on technical assessment and management estimates depending on the nature and usage of the respective assets.

- (a) Special tools up to the unit value of ₹5,000 are charged off in the year of incurrence and Special tools to the unit value above ₹5,000 are amortised over a period of 3 years.
- (b) Jigs and fixtures up to the unit value of ₹5 Lakhs are charged off in the year of incurrence and Jigs and fixtures of unit value above ₹5 Lakhs are amortised over a period of 3 years.

When parts of an item of property, plant and equipment have different useful lives, they are treated as separate components and depreciated over their estimated useful lives.

The residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively.

Any gain or loss arising out of derecognizing of an asset is included in statement of Profit and Loss of the relevant period.

Products given under No Cost No Commitment are capitalised appropriately under the relevant asset category and amortised over the useful life of that asset.

They are also tested for impairment periodically.

Expenditure incurred on Developmental Projects for participating in trials, based on Request from customers, are carried forward till conclusion of the trials and will be amortised over the orders to be received. In case customer order does not forthcoming or on discontinuation of project, the balance amount will be either capitalised if further economic benefit is expected from its use or will be charged off.

#### I. Investment Property:

Investment properties are stated at cost less accumulated depreciation and accumulated impairment loss if any. The fair value of the Investment property is disclosed in the notes.

# J. Intangible Assets:

- (i) Intangible assets acquired are stated at acquisition cost, less accumulated amortization and accumulated impairment losses if any
- (ii) Research costs are expensed as incurred
- (iii) Development expenditure is recognized as Intangible assets and tested for impairment annually during the period of development
- (iv) Expenditure on development of products intended for sale is included in inventory.

(v) Intangible Assets referred above includes the cost of materials, direct labour, overhead costs, borrowing costs that are directly attributable to the respective asset for its intended use.

#### Amortization

Intangible assets are amortized over useful economic life and assessed for impairment if any. Where it is not possible to assess the useful economic life of an intangible asset, the same is not amortized and reviewed annually for impairment if any.

#### K. Borrowing Cost:

Borrowing costs directly attributable to creation of an asset are capitalized as part of the cost of the asset. General borrowing costs are capitalized by apportioning the same to qualifying assets.

#### L. Lease:

Contracts with third party, which give the company the right of use in respect of an identified Asset, are accounted in line with the provisions of Ind AS 116 – Leases, if the recognition criteria as specified in the Accounting standard are met.

A lease is classified at the inception date as a finance lease or an operating lease by lessor whereas lessee will follow the Single lease accounting (i.e. same as finance lease).

#### Company as a lessee:

Lessee will recognize right-of-use asset and lease liability, for all leases, except short term lease and leases for which underlying asset is of low value.

Short term lease is a lease that, at the commencement date, has a lease term of 12 months or less and does not contain a purchase option.

An underlying asset can be of low value only if:

- (a) the lessee can benefit from use of the underlying asset on its own or together with other resources that are readily available to the lessee; and
- (b) The underlying asset is not highly dependent on, or highly interrelated with, other assets.

The initial value of lease liability shall be determined at the present value of the lease payments due. The interest rate implicit in the lease or lessee's incremental borrowing may be used to arrive at the present value of the lease payments due. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability and reducing the carrying amount to reflect the lease payments made.

Leases will be recognized where the value of new individual asset is more than 32 Lakhs.

61st ANNUAL REPORT 2024-25

At the commencement date, the company as lessee measures the right of use asset at cost. The cost of "right of use" asset is determined at the present value of outstanding lease payments plus any initial direct cost and estimated cost, if any, of dismantling and removing the underlying asset and presented as part of Plant, property and equipment schedule in the Balance Sheet.

Lessee would recognize depreciation expense on the right of use asset using the straightline method from the commencement date to the end of lease term or useful life of the asset, whichever is earlier.

#### Company as a lessor:

In case of an operating lease, initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the leased asset. In case of finance leases, amounts due from lessees are recorded as receivables.

## M. Inventory:

Inventories are valued at the lower of cost and net realizable value. Cost for the purpose of the above is accounted as under:

- (i) Raw materials, Components, Stores and Spare parts: weighted average cost
- (ii) Finished goods and Work in Progress:
   Cost of materials, labour and production overheads

Scrap is valued at estimated realizable value.

Based on ageing assessment, on a periodic basis an allowance is recognized for obsolete, non-moving inventory.

#### N. Impairment of non-financial assets:

The company assesses at each reporting date for impairment of asset or cash generating units (CGU). If on assessment, the asset or CGU is considered impaired they are written down to the recoverable amount.

# O. Employee Benefits: Short-term employee benefits:

Short-term employee benefits are expensed as the related service is rendered.

#### Defined benefit plans:

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by actuarial valuation conducted annually by a qualified actuary using the projected unit credit method.

Actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (assets) is recognized in the statement of profit and loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in the statement of profit and loss.

#### Other long-term employee benefits:

The Company's net obligation in respect of long-term employee benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods. The benefit is discounted to determine its present value. Remeasurements are recognized in the statement of profit and loss in the period in which they arise.

#### Defined contribution plan:

For defined contribution plans, the Company contributes to independently administered funds as per relevant scheme. These contributions are recorded in the statement of profit and loss. The Company's liability is limited to the extent of contributions made to these funds.

#### P. Provisions:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted. Contingent liabilities and contingent assets are not recognized in the financial statements but are disclosed in the notes.

#### Warranty provisions:

Provision for warranty related costs are recognized on sale of product or service rendered based on historical experience and technical assessment and reviewed annually.

#### Operous contracts:

A provision for onerous contracts other than construction contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

#### Q. Financial Assets:

#### Recognition and measurement:

All financial assets are recognized initially at fair value. Subsequently, financial assets are measured at fair value or amortized cost based on their classification.

#### Embedded derivative:

If the hybrid contract contains a host that is a financial asset within the scope of Ind-AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. If the hybrid contains a host that is not an asset within the scope of Ind AS 109, the

61st ANNUAL REPORT 2024-25

embedded derivative is separated and accounted at fair value.

#### Derecognition:

A financial asset or part of a financial asset is derecognized when the rights to receive cash flows from the asset have expired.

#### Trade and other receivables:

Receivables are initially recognized at fair value, which in most cases approximates the nominal value. If there is any subsequent indication that those assets may be impaired, they are reviewed for impairment.

#### Cash and cash equivalents:

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, which are subject to an insignificant risk of change in value.

#### Impairment of financial assets:

The recognition and measurement of impairment loss for certain financial assets within the scope of IND AS 109 is based on the concept of expected credit loss (ECL). The company follows simplified approach for recognition of impairment loss allowance on Trade Receivables. Impairment loss on contract assets are recognised only when the customer is billed in accordance with IND AS 115.

#### R. Financial Liabilities:

#### Recognition and measurement:

Financial liabilities are classified, at initial recognition, at fair value through statement of profit and loss as loans, borrowings, payables, or derivatives, as appropriate.

Financial liabilities are measured based on their classification at fair value through statement of profit and loss, amortized cost or fair value through other comprehensive income.

#### Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

#### Trade and other payables:

Liabilities are recognized for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

# S. Financial Assets and Liabilities Reclassification:

# Reclassification of financial Assets and Liabilities:

After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For other financial assets, a reclassification is made prospectively only if there is a change in the business model for managing those assets.

#### 61st ANNUAL REPORT 2024-25

# Offsetting of financial Assets and Liabilities:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis.

## T. Earnings per share:

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held.

Diluted earnings per share is determined by adjusting profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares

As per our report of even date attached For G Natesan & Co, Chartered Accountants Firm Registration Number: 0024245 outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

# U. Cash dividend and non-cash distribution to equity shareholders:

The Company recognizes a liability to make cash or non-cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company.

#### V. Events after the reporting period:

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted.

- Buildings include carrying value of building at Ranchi pending registration / khatha transfer at ₹9.74 Lakhs (Previous Year ₹10.12 Lakhs).
- ii) The Company has taken land measuring 1109 acres and two workshops on lease for a period of 10 years vide Lease Agreement dated 5th May 2004, w.e.f. 28.04.2004 from M/s Bharat Gold Mines Limited (BGML) (A Company under orders of winding up by BIFR), and a sum of ₹100 Lakhs was paid as non-refundable deposit, (included under Other non-current current assets (Note no.11). As per the terms

#### BEML LIMITED

61" ANNUAL REPORT 2024-25

of the Lease agreement, this deposit shall be adjusted against the outright sale/transfer of ownership that may be fixed for the property and lessee shall be free to construct new building/alter the existing building/lay roads/fence the land in the interest of furthering its business to suit its use and on expiry of the lease the said building shall vest with the lessor on payment of consideration based on value prevailing on the date of handing over of the property. The Company had incurred on the above land a sum of ₹1452.95 Lakhs (with carrying value - ₹ 679.91 Lakhs) on Buildings (Previous Year - ₹ 724.70 Lakhs) included in Property, Plant and Equipment as at year end.

Vide order dated 09.07.2013, the Hon'ble Supreme Court of India upheld the decision of the Union Government to float a global tender of BGML assets with an observation about the existence of sub-lease of a portion of the land to BEML Ltd expiring on 28.04.2014 to be included in the tender documents. The Company filed an Interlocutory application before the Hon'ble Supreme Court of India, praying for exclusion of land leased to BEML from the purview of global tender, which was dismissed. Since the lease agreement provides for the continuation of the lease even after the expiry of lease period on 28.04.2014 till the final decision of the Company / Government in this regard, the operations of the company on the above land is continued. Appropriate accounting action will be considered based on the outcome of the tender process.

Meanwhile, BEML has proposed to surrender 1080.65 Acres out of 1109 Acres of land to BGML and to enter into a fresh lease agreement for the balance operational area of 28.35 Acres. However, BGML has offered BEML to outrightly purchase the land of 28.35 acres at mutually agreed price. The matter is under discussion between BGML and BEML. Based on the communication from BGML, BEML has filed application before High Court of Karnataka on 08.08.2024 seeking permission to purchase the said land. Matter is pending before the High Court for disposal.

- iii) Lease Hold Land Includes land measuring 101175.92 Sq. Mtrs taken on perpetual lease from KIADB (Bangalore Aerospace, SEZ Park) at a cost of ₹5126.00 Lakhs (Previous Year -₹5126.00 Lakhs).
- iv) No Provision considered necessary for impairment of assets as the realizable value of assets technically assessed is more than the carrying cost of these assets.
- v) Free Hold Land measuring 3.647 acres of land, surrendered to BBMP against TDR (at cost) is ₹4.58 Lakhs. Free Hold Land measuring 1.937 acres of land surrendered to BBMP for which TDR yet to be received (at cost) is ₹2.43 Lakhs.
  - Above TDR will be utilised for further construction.
- vi) For information on estimated capital contracts pertaining to the acquisition of property, plant and equipment, refer Note no. 39 D II a.
- vii) Free hold at KGF does not include 114 Acres which is under reconciliation with DC, Kolar.
- viii) BEML holds the title of 302.26 acres of land which was transferred to BEML Land Assets Limited on demerger. The title transfer to BLAL

There were no transfers in either direction in the fair value hierarchy during the year 2024-25.

#### L. Financial risk management

The Company is broadly exposed to credit risk, liquidity risk and market risk as a result of financial instruments.

The Company's Board of Directors has the overall responsibility for the establishment, monitoring and supervision of the Company's risk management framework. Treasury Management Team in the company takes appropriate steps to mitigate financial risks within the framework set by the top management. Derivative transactions are undertaken by a specialist team with appropriate skills and experience. Company do not trade in derivatives for speculation.

#### (I) Creditrisk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from credit exposures from customers, cash and cash equivalents held with banks and current and non-current debt investments.

The Company regularly follow up the receivable to minimise losses arising from credit exposure from credit customers. Credit control assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Deposits and cash balances are placed with reputable scheduled banks. The carrying amount of financial assets represents the Company's maximum exposure to credit risk. No other financial assets carry a significant exposure to credit risk.

#### Trade Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, the management also considers the factors that may influence the credit risk of its customer base. Major Customers of the company are from Government Sector and Public Sector Companies, where credit risk is relatively low.

The management has established a system under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, and in some cases bank references.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables based on factual information as on the Balance sheet date.

The maximum exposure to credit risk for trade receivables by geographic region was as follows.

(₹ in Lakhs)

Particulars	31 March 2025	31 March 2024
India	1,66,532.59	1,38,152.82
Other regions	3,055.22	5,765.89
Total trade receivables	1,69,587.81	1,43,918.71

At 31 March 2025, the Company's most significant customer, accounted for ₹40913.39 Lakhs of the trade receivables carrying amount (31st March 2024: ₹44891.00 Lakhs).

The movement in the loss allowance for impairment of trade receivables are disclosed in Note No. 14

Any past due from Government Customers and those fully covered by guarantees or collaterals received are not tested for impairment.

The credit quality of the financial assets is satisfactory, taking into account the allowance for doubtful trade receivables.

The Company has not received any collaterals for receivables as at reporting date.

The impairment loss allowance at 31 March 2025 related to several customers that have indication that they may not pay their outstanding balances. The Company believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on the fact that major customers are Government department, PSUs and historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings if they are available.

#### (ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset, or the risk that the Company will face difficulty in raising financial resources required to fulfill its commitments. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity risk is maintained at low levels through effective cash flow management, low borrowings and availability of adequate cash. Cash flow forecasting is performed internally by forecasts of the Company's liquidity requirements to ensure that it has sufficient cash to meet operational needs, to fund scheduled investments and to comply with loan covenants.

To ensure continuity of funding, the Company primarily uses short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short-term borrowings to fund its ongoing working capital requirements needs. The Company has also availed various non-current facilities in the form of secured redeemable debentures, secured term loans, inter-corporate loans against the Company's guarantee and soft loans from the Government for expansion projects and construction and development of capital assets.

#### Exposure to liquidity risk

The table below details the Company's remaining contractual maturity for its financial liabilities and derivative financial liabilities. The contractual cash flows reflect the undiscounted cash flows of financial liabilities and derivative financial liabilities based on the earliest date on which the Company can be required to pay.

#### 61" ANNUAL REPORT 2024-25

#### (iii) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity / commodity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. All such transactions are carried out within the guidelines set by the management.

The Company's activities expose it primarily to the financial risks of changes in foreign exchange rates and interest rate movements (refer to notes below on currency risk and interest risk). The Company enters into forward derivative contracts to manage risks of loss arising due to foreign exchange exposure. During the year ended 31 March 2025, there was no change to the manner in which the Company managed or measured market risk.

#### (iv) Currency risk

Foreign currency risk is the risk arising from exposure to foreign currency movement that will impact the Company's future cash flows and profitability in the ordinary course of business. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to its operating activities from procuring or selling in foreign currencies and obtaining finance in foreign currencies.

The Company is exposed to currency risk on account of its borrowings and other payables in foreign currency. The functional currency of the Company is Indian Rupee. The Company uses forward exchange contracts to hedge its currency risk, mostly with a maturity of less than one year from the reporting date.

The Company does not use derivative financial instruments for trading or speculative purposes. Following is the information on derivative financial instruments to hedge the foreign exchange rate risk as on dates are as below:

#### Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against US dollars, Euro, Japanese Yen, the Pound and other currencies at 31 March 2025 and 31 March 2024 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

#### (v) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in market interest rates.

#### Exposure to interest rate risk

The Company's interest rate risk arises from borrowings and loans made. Borrowings availed at fixed rates expose the Company to fair value interest rate risk. The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

(₹ in Lakhs)

market and	Carrying amount			
Particulars	31 March 2025	31 March 2024		
Fixed-rate instruments				
Financial assets	1			
Financial liabilities		12		
	C.	9		
Variable-rate instruments				
Financial assets	14	5		
Financial liabilities		9		

#### Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, and the Company does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

#### Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

#### (vi) Equity and commodity price risk

Price risk is the risk of fluctuations in the value of assets and liabilities as a result of changes in market prices of investments. The Company has no exposure to changes in the quoted equity securities price risk as it has investments in unquoted equity instruments only. The Company does not invest in commodities and is not exposed to commodity price risk.

#### M. Capital Management

The Company strives to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders. The Board of Directors seek to maintain a balance between the higher returns and levels of borrowings and the advantages and security afforded by a sound capital position.

The Company's adjusted net debt to equity ratio is as follows.

(₹ in Lakhs)

Particulars	31 March 2025	31 March 2024	
Total borrowings <sup>1</sup>	21,846.25	6,056.10

#### N. Derivatives

#### Derivatives not designated as hedging instruments

The Company uses foreign currency forward contracts to manage its exposure to foreign currency fluctuations. These forward contracts are used to hedge foreign currency payables and other future transactions. However, these foreign exchange forward contracts are not designated as qualifying hedge instruments and are entered into for periods consistent with foreign currency exposure of the underlying transactions, and are generally for a term of 3 months to 12 months.

The Company has following outstanding forward contracts as on

31 March 2025 : JPY Nil (INR Nil) [Previous Year - JPY Nil (INR Nil)]

31 March 2025 : EUR Nil (INR Nil) [Previous Year - EUR Nil (INR Nil)]

31 March 2025 : USD Nil (INR Nil) [Previous Year: USD NIL (INR Nil)]

The fair value of foreign currency forward derivative is as below:

(₹ in Lakhs)

Particulars	31 March 2025 INR	31 March 2024 INR
Derivative assets		
Foreign exchange forward contracts (JPY)		
Foreign exchange forward contracts (EUR)	*	8
Foreign exchange forward contracts (USD)		×
Total		2
Derivative liabilities

The Company has unhedged foreign currency exposure of ₹3440.70 Lakhs (31 March 2024: ₹23753.33 Lakhs) for payables as at reporting date.

The Company has applied the principles of Ind AS 109 for the measurement of derivative financial instruments and has classified such derivative contracts as at fair value through profit or loss.

#### 61st ANNUAL REPORT 2024-25

#### INDEPENDENT AUDITOR'S REPORT

#### To the members of M/s BEML LIMITED

We are issuing this revised audit report which supersedes our earlier report dated 23.05.2025 concurring to the opinion of the Comptroller and Auditor General of India under section 143(6)(b) of the Companies Act, 2013 with respect to a few clauses in Annexure A to C.

### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone Ind AS financial statements of M/s. BEML LIMITED ("the Company"), which comprise the Balance Sheet as at March 31st, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and other explanatory information and a summary of the Material Accounting Policies and Notes to the standalone Ind AS financial statements (hereinafter referred to as "Standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, and Profit and Other Comprehensive

Income, changes in Equity and its Cash Flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of this report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other Ethical Responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### Key Audit Matters

Key Audit Matters ("KAM") are those matters that, in our professional judgment, were of the most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

61st ANNUAL REPORT 2024-25

BEML LIMITED

## Key Audit Matter

## Contingent Liabilities disclosed with regard to taxation related disputes:

- a) The company is in litigation with the tax departments on various issues, received demands, deposited a portion of the demands under protest and has contested against the orders in appropriate forums.
- b) The issues involved are varied. The company has not made any provision for these demands which total to ₹ 28,377.93 lakhs and treated as contingent liabilities.

This is a key audit matter, as evaluation of these matters requires management judgement and estimation, interpretation of laws & regulations and application of relevant judicial precedents to determine whether a provision is required or the same may be disclosed as a contingent liability, and making related disclosures in the financial statements.

Note No. 39(D)(1)(a)(i) and Accounting Policy Note No. 2.2(P)

## How our audit addressed the Key Audit Matter

Our audit procedures relating to Contingent Liabilities relating to direct and indirect tax demands included the following:

- We understood, assessed and tested the design and operating effectiveness of key controls surrounding assessment of litigations relating to the relevant laws and regulations;
- We discussed with the management the recent developments and the status of the material litigations;
- We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities/other significant litigations disclosed in the Standalone Financial Statements;
- We used our expertise to gain an understanding and to evaluate the disputed tax matters;
- We evaluated the orders raising the demands and other communication from regulatory authorities and management responses thereto;
- We evaluated management's assessments by understanding precedents set in similar cases and assessed the reliability of the management's past estimates/judgements;
- We evaluated management's assessment around those matters that are not disclosed or

### 61st ANNUAL REPORT 2024-25

## not considered as contingent liability, as the probability of material outflow is considered remote by the management; and

• We assessed the adequacy of the Company's disclosures.

Based on the above work performed, the assessment in respect of litigations and related disclosures relating to contingent liabilities/other significant litigations in the Standalone Financial Statements is considered reasonable.

#### Assessment of Warranty provision:

- a) The Company recognizes provision in respect of the costs expected to fulfil the warranty obligation over the period/term of the warranty. The provision towards warranty obligation is estimated by the Company, primarily considering factors such as historical trend, average historical failure rate, estimation of expected pattern of future claims and estimated replacement cost.
- b) The timing of outflows will vary based on the actual warranty claims. The determination of warranty provision is associated with unavoidable estimation uncertainties. Because of the quantitative significance, complexity and level of judgement involved, there is a risk of inappropriate and inadequate provision for warranty obligation.

Assessment, estimation and provisioning for warranty is therefore a Key Audit Matter. Principal Audit procedures performed include:

- Understood, evaluated, and tested the design and operating effectiveness of the controls over estimation of warranty costs and related accruals.
- Obtained an understanding of the warranty terms offered by the Company on sale of different products.
- Assessed management's estimation process by performing a historical trend analysis for warranty cost accruals made in prior years.
- Evaluated the method used by management in making the accounting estimates by verifying source data for various input factors such as historical trend, average historical failure rate, estimation of expected pattern of future claims and estimated replacement cost, and enquiring with management's experts.
- Verified the computation of provision for warranty costs including testing of completeness, arithmetical accuracy and

## validity of the data used in the warranty calculations.

 Verified the adequacy of the disclosures in the standalone financial statements

Our review of the provisions created by the company does not reveal any material discrepancy in the provisioning as well as their quantification

#### **Expected Credit loss**

- The company assesses impairment of its receivables by applying Simplified Approach of Expected Credit Loss method.
- b) The receivables are assessed for possible defaults over their expected life. The company analyses the historical collection trends and applies it to a provision matrix. The company determines the Expected Credit Loss based on the trend, present economic scenario and future economic conditions.
- c) The company also identifies features specific to any particular receivable and determines the expected credit loss based for these specific receivables based on existing facts.

Given the relative significance of these receivables to the standalone financial statements and since the determination of allowance for ECL is subjective and requires management to make judgements and assumptions, hence this is considered as key audit matter.

Principal Audit procedures performed include:

- Verified if any receivable contains significant financing component.
- Applied adequate procedures to verify the existence of robust internal control systems including credit risk management system so that management estimates of ECL and related judgments are based on concepts and reliable data that meets the requirements of Ind AS 109.
- Verified whether the receivables are bifurcated between those which have indications of dispute and clear receivables.
- Validated the historical data confirming the value of receivables of the preceding years and their ageing analysis in the current year.
- Assessed the provision matrix based on past due bucket and it's the methodology adopted to arrive at the basis for arriving at the default percentage
- Verified the actual Expected credit loss (ECL) provision working for trade receivable.

#### 61st ANNUAL REPORT 2024-25

Assessed the adequacy of the related disclosures in the Standalone financial statements with reference to revenue recognition and trade receivable as per relevant accounting standards.

Our review of the provisions created by the company does not reveal any material discrepancy in the provisioning as well as their quantification.

### **Emphasis of Matter**

We draw attention to Note No. 11 to the standalone financial statements regarding the company's outlay on the MAMC Consortium and the related advance to MAMC Industries Ltd.

Our opinion is not modified in respect of the above matter.

## Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Corporate Governance Report included in the Annual Report but does not include the Standalone Financial Statements and our auditor's report thereon, which we obtained prior to the date of this auditors' report, and the Management Discussion and Analysis and Board of Directors' Report along with its Annexures, which is expected to be made available to us after that date.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

When we read the Management Discussion and Analysis and Board of Directors' Report along with its Annexures, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with

61st ANNUAL REPORT 2024-25

governance and describe actions applicable under the applicable laws and regulations.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and the estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair

view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

#### 61st ANNUAL REPORT 2024-25

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of Standalone Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the

#### 61st ANNUAL REPORT 2024-25

planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding Independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matter

As on 31<sup>st</sup> March 2025, the Company's Board of Directors comprises of five Whole-time Executive (Functional) Directors including the Chairman and Managing Director, one Government Nominee Director (Non-Executive) and one Independent Director on the Board of the company. Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the Internal Financial Controls with reference to Financial Statements of BEML Limited ("the Company") as at March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility:

The Company's Management is responsible for establishing and maintaining Internal Financial Controls with reference to Financial Statements based on the internal financial control over financial reporting criteria established by the Company considering the essential components of control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds

and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility:

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" (Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls with reference to Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls with reference to Financial Statements and their operating effectiveness. Our audit of Internal Financial

#### 61st ANNUAL REPORT 2024-25

Controls with reference to Financial Statements included obtaining an understanding of Internal Financial Controls with reference to Financial Statements, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls with reference to Financial Statements.

# Meaning of Internal Financial Controls with reference to Financial Statements:

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls with reference to Financial Statements:

Because of the inherent limitations of Internal Financial Controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls with reference to Financial Statements to future periods are subject to the risk that the Internal Financial Controls with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion and to the best of our information and explanations given to us, the Company has, in all material respects, adequate Internal Financial Controls with reference to Financial Statements and such Internal Financial Controls with reference to Financial Statements were operating effectively as at March 31, 2025, based on Internal

# BEML SOUDHA, 23/1, 4TH MAIN ROAD, S.R. NAGAR, BENGALURU-560027 Material Accounting Policies – Consolidated

#### Note no. 1: Corporate Information:

The accompanying consolidated financial statements comprise of the financial statements of BEML Limited (the Company), its subsidiaries viz., Vignyan Industries Ltd and MAMC Industries Ltd (referred collectively as the 'Group') and the Groups interest in associates and Joint ventures for the year ended 31 March 2025.The Group manufactures and supplies defence ground support equipment such as Tatra based high mobility trucks, aircraft towing tractors etc. Under Mining and Construction business, the Group manufactures and supplies bull equipment like dozers, excavators, dumpers, shovels, loaders and motor graders to various user segments and under Rail and Metro business, manufactures and supplies rail coaches, metro cars, ACEMUs, OHE cars, steel and aluminium wagons to the rail and metro sector. Information on other related party and nature of relationships of the Group is provided in Note 39C. These financial statements were authorised for issue in accordance with a resolution of the directors on 23.05.2025.

Note no. 2: Consolidated Material accounting policies

# 2.1. Basis of preparation and Statement of Compliance

The financial statements of the Group have

been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These financial statements for the year ended 31 March 2025 with comparatives of year ended 31 March 2024 are prepared in accordance with Ind AS.

- b. The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:
  - Derivative financial instruments,
  - Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments),
  - Defined benefit and other long-term employee benefits obligations.
- c. The financial statements are presented in Indian Rupee (INR) which is the functional and the presentation currency of the Group and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.
- d. Preparation of the financial statements, in conformity with Ind AS, requires the

61st ANNUAL REPORT 2024-25

Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates.

- e. Assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group's operating cycle is considered as twelve months for the purpose of current / non-current classification of assets and liabilities.
- f. The Group revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the financial statements. Changes in accounting policies are applied retrospectively. A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change. Discovery of errors result in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the

earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

#### g. Basis of Consolidation:

transactions.

- (i) Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.
- (ii) Non-controlling interest (NCI) are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of

control are accounted for as equity

(iii) Equity accounted investees: The Group's interests in equity accounted investees comprise interests in associates and joint ventures.

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies. A joint venture is an arrangement in which the Group has joint control and has rights to the net

#### 61st ANNUAL REPORT 2024-25

assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in associates and joint ventures are accounted for using the equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and OCI of equity accounted investees until the date on which significant influence or joint control ceases.

(iv) Transactions eliminated on consolidation: Intra group balances and transactions and any unrealized income and expenses arising from intra group transactions, are eliminated. Unrealized gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

# 2.2 Summary of consolidated material accounting policies

# A. Revenue Recognition:

Sales is exclusive of GST.

#### Revenue from contracts with customers:

Revenue is recognized, on the transfer of promised goods or services, by way of allocating transaction price, being amount of consideration which an entity expects/entitles in exchange for transferring promised goods or services to a customer, to the extent of performance obligation satisfied in a contract.

# i. Satisfaction of performance obligation over time

- a. Revenue is recognised overtime where the transfer of control of goods or services takes place over time by measuring the progress towards complete satisfaction of that performance obligation, if one of the following criteria is met:
  - the Group's performance entitles the customer to receive and consume the benefits simultaneously as the company performs
  - the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced
  - the Group's performance does not create an asset with an alternative use to the company and the company has an enforceable right to payment for performance completed to date.
- b. Progress made towards satisfying a performance obligation is assessed based on the ratio of actual costs incurred on the contract up to the reporting date to the estimated total costs expected to complete

#### 61st ANNUAL REPORT 2024-25

the contract. If the outcome of the performance obligation cannot be estimated reliably and where it is probable that the costs will be recovered, revenue is recognized to the extent of costs incurred.

c. For measurement of satisfaction of performance obligation over time, input cost method is adopted.

# Satisfaction of performance obligation at a point in time

- a. In respect of cases where the transfer of control does not take place over time, the Group recognizes the revenue at a point in time when it satisfies the performance obligations.
- b. The performance obligation is satisfied when the customer obtains control of the asset. The indicators for transfer of control include the following:
  - the Group has transferred physical possession of the asset
  - the customer has legal title to the asset
  - the customer has accepted the asset
  - when the Group has a present right to payment for the asset
  - the Group has the significant risks and rewards of ownership of the asset. The transfer of significant risks and rewards ownership is assessed based on the Inco- terms of the contracts.

#### . Bill and hold Sales

Bill and hold sales is recognized when all the following criteria are met:

- the reason for the bill and hold sales is substantive
- the product is identified separately as belonging to the customer
- the product is currently ready for physical transfer to the customer
- the Group does not have the ability to use the product or to direct it to another customer

#### Penalties & Liquidated damages:

Penalties, including levy of liquidated damages for delay in delivery, specified in customer contracts, are not treated as inherent part in determination of the Transaction price as per para 51AA of Ind AS 115 if the same is subject to review by customer.

#### Escalation:

Escalation in prices is recognized as revenue as per the escalation formula provided in the contract. In the absence of such a clause in the contract, any claim for the same is recognized on acceptance by the customer.

#### Duty Drawback:

Duty drawback claims on exports are accounted on preferring the claims.

# Revenue from wind energy:

Revenue from generation of electricity from wind mill is recognized when the electricity

#### 61st ANNUAL REPORT 2024-25

is supplied to industrial electricity distribution license holder as per the terms of agreement.

#### Other Income

#### (i) Interest income:

Interest Income is recognized using the effective interest rate (EIR) on a time proportion basis and as per the terms of the relevant instrument.

#### (ii) Dividends:

Dividend income is recognized when the Group's right to receive the payment is established.

#### (iii) Rental income:

Rental income arising from operating leases is accounted for on a straight-line basis over the non-cancellable lease term unless increases in rentals are in line with expected inflation.

# B. Investments in associates and joint venture

The Group accounts for its interests in associates and joint ventures in the separate financial statements at cost.

# C. Foreign Currencies

Transactions in foreign currencies are initially recorded by the Group at their respective currency exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated

in foreign currencies are translated at the functional currency exchange rate at the reporting date. Differences arising on settlement or translation of monetary items are recognized in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

#### D. Fair value measurement:

The Group measures certain financial instruments, such as derivatives and other items in its financial statements at fair value at each balance sheet date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy.

#### E. Discontinued operation:

Classification of an operation as a discontinued operation occurs at the earlier of disposal or when the operation meets the criteria to be classified as held-for-sale. When an operation is classified as a discontinued operation, the comparative statement of profit and loss and other comprehensive income is re-presented as if the operation had been discontinued from the start of the comparative year.

#### 61st ANNUAL REPORT 2024-25

#### F. Government Grants:

Government Grants are recognized as follows when there is reasonable assurance that the grant will be received and all attached terms and conditions will be complied with.

- (i) Grant towards meeting expenditure is recognized as income as and when the expenditure for which the grant is sanctioned is incurred.
- (ii) Grant towards procurement of an asset is recognized as income in equal amounts over the expected useful life of the related asset.
- (iii) Grant towards non-monetary assets are recognized at fair value and released to Statement of profit and loss over the expected useful life.
- (iv) The subsidized portion of interest rate provided by the Government on loans or similar financial assistance is recognized as grant.

#### G. Income Taxes:

#### Current income tax:

Current tax assets and liabilities are measured at the amount to be recovered from or paid to the taxation authorities as per the applicable tax laws at the reporting date in Statement of profit and loss.

#### Deferred tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences can be utilized.

For the items directly recognized in Equity, the current and deferred tax pertaining to such item is recognized through Equity.

#### H. Property, Plant & Equipment:

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses if any. Cost includes expenditure on acquisition of asset, present value of expected cost for the decommissioning of an asset, cost of replacing part of Plant and Equipment and borrowing costs.

Depreciation is calculated on a straight-line basis over estimated useful lives as prescribed in schedule II of the companies Act 2013. In respect of the following assets, useful lives are different than the useful lives indicated in Schedule II of Companies Act 2013, based on technical assessment and management estimates depending on the nature and usage of the respective assets.

#### 61" ANNUAL REPORT 2024-25

- (a) Special tools up to the unit value of ₹5,000 are charged off in the year of incurrence and Special tools to the unit value above ₹5,000 are amortised over a period of 3 years.
- (b) Jigs and fixtures up to the unit value of ₹5 Lakhs are charged off in the year of incurrence and Jigs and fixtures of unit value above ₹5 Lakhs are amortised over a period of 3 years.

When parts of an item of property, plant and equipment have different useful lives, they are treated as separate components and depreciated over their estimated useful lives.

The residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively.

Any gain or loss arising out of derecognizing of an asset is included in statement of Profit and Loss of the relevant period.

Products given under No Cost No Commitment are capitalised appropriately under the relevant asset category and amortised over the useful life of that asset. They are also tested for impairment periodically.

Expenditure incurred on Developmental Projects for participating in trials, based on Request from customers, are carried forward till conclusion of the trials and will be amortised over the orders to be received. In case customer order does not forthcoming or on discontinuation of project, the balance amount will be either capitalised if

further economic benefit is expected from its use or will be charged off.

#### I. Investment Property:

Investment properties are stated at cost less accumulated depreciation and accumulated impairment loss if any. The fair value of the Investment property is disclosed in the notes.

#### J. Intangible Assets:

- (i) Intangible assets acquired are stated at acquisition cost, less accumulated amortization and accumulated impairment losses if any
- (ii) Research costs are expensed as incurred
- (iii) Development expenditure is recognized as Intangible assets and tested for impairment annually during the period of development
- (iv) Expenditure on development of products intended for sale is included in inventory.
- (v) Intangible Assets referred above includes the cost of materials, direct labour, overhead costs, borrowing costs that are directly attributable to the respective asset for its intended use.

#### Amortization

Intangible assets are amortized over useful economic life and assessed for impairment if any. Where it is not possible to assess the useful economic life of an intangible asset, the same is not amortized and reviewed annually for impairment if any.

#### K. Borrowing Cost:

Borrowing costs directly attributable to creation of an asset are capitalized as part of the cost of the asset. General borrowing costs are capitalized by apportioning the same to qualifying assets.

#### L. Lease:

Contracts with third party, which give the Group the right of use in respect of an identified Asset, are accounted in line with the provisions of Ind AS 116 - Leases, if the recognition criteria as specified in the Accounting standard are met.

A lease is classified at the inception date as a finance lease or an operating lease by lessor whereas lessee will follow the Single lease accounting (i.e. same as finance lease).

#### Group as a lessee:

Lessee will recognize right-of-use asset and lease liability, for all leases, except short term lease and leases for which underlying asset is of low value.

Short term lease is a lease that, at the commencement date, has a lease term of 12 months or less and does not contain a purchase option.

An underlying asset can be of low value only if:

(a) the lessee can benefit from use of the underlying asset on its own or together

# 61st ANNUAL REPORT 2024-25

- with other resources that are readily available to the lessee; and
- (b) The underlying asset is not highly dependent on, or highly interrelated with, other assets.

The initial value of lease liability shall be determined at the present value of the lease payments due. The interest rate implicit in the lease or lessee's incremental borrowing may be used to arrive at the present value of the lease payments due. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability and reducing the carrying amount to reflect the lease payments made.

Leases will be recognized where the value of new individual asset is more than Rs.2 Lakhs.

At the commencement date, the Group as lessee measures the right of use asset at cost. The cost of "right of use" asset is determined at the present value of outstanding lease payments plus any initial direct cost and estimated cost, if any, of dismantling and removing the underlying asset and presented as part of Plant, property and equipment schedule in the Balance Sheet.

Lessee would recognize depreciation expense on the right of use asset using the straight-line method from the commencement date to the end of lease term or useful life of the asset, whichever is earlier.

61st ANNUAL REPORT 2024-25

#### Group as a lessor:

In case of an operating lease, initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the leased asset. In case of finance leases, amounts due from lessees are recorded as receivables.

#### M. Inventory:

Inventories are valued at the lower of cost and net realizable value. Cost for the purpose of the above is accounted as under:

- (i) Raw materials, Components, Stores and Spare parts: weighted average cost
- (ii) Finished goods and Work in Progress:
   Cost of materials, labour and production overheads

Scrap is valued at estimated realizable value.

Based on ageing assessment, on a periodic basis an allowance is recognized for obsolete, non-moving inventory.

# N. Impairment of non-financial assets:

The Group assesses at each reporting date for impairment of asset or cash generating units (CGU). If on assessment, the asset or CGU is considered impaired they are written down to the recoverable amount.

# O. Employee Benefits:

#### Short-term employee benefits:

Short-term employee benefits are expensed as the related service is rendered.

#### Defined benefit plans:

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by actuarial valuation conducted annually by a qualified actuary using the projected unit credit method.

Actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (assets) is recognized in the statement of profit and loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in the statement of profit and loss.

### Other long-term employee benefits:

The Group's net obligation in respect of longterm employee benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods. The benefit is discounted to determine its present value. Remeasurements are recognized in the statement of profit and loss in the period in which they arise.

#### Defined contribution plan:

For defined contribution plans, the Group contributes to independently administered

funds as per relevant scheme. These contributions are recorded in the statement of profit and loss. The Group's liability is limited to the extent of contributions made to these funds.

#### P. Provisions:

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted. Contingent liabilities and contingent assets are not recognized in the financial statements but are disclosed in the notes.

#### Warranty provisions:

Provision for warranty related costs are recognized on sale of product or service rendered based on historical experience and technical assessment and reviewed annually.

#### Onerous contracts:

A provision for onerous contracts other than construction contracts is recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured

at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

#### Q. Financial Assets:

#### Recognition and measurement:

All financial assets are recognized initially at fair value. Subsequently, financial assets are measured at fair value or amortized cost based on their classification.

#### Embedded derivative:

If the hybrid contract contains a host that is a financial asset within the scope of Ind-AS 109, the Group does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. If the hybrid contains a host that is not an asset within the scope of Ind AS 109, the embedded derivative is separated and accounted at fair value.

#### Derecognition:

A financial asset or part of a financial asset is derecognized when the rights to receive cash flows from the asset have expired.

#### Trade and other receivables:

Receivables are initially recognized at fair value, which in most cases approximates the nominal value. If there is any subsequent

61" ANNUAL REPORT 2024-25

indication that those assets may be impaired, they are reviewed for impairment.

#### Cash and cash equivalents:

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, which are subject to an insignificant risk of change in value.

#### Impairment of financial assets:

The recognition and measurement of impairment loss for certain financial assets within the scope of IND AS 109 is based on the concept of expected credit loss (ECL). The company follows simplified approach for recognition of impairment loss allowance on Trade Receivables. Impairment loss on contract assets are recognised only when the customer is billed in accordance with IND AS 115.

#### R. Financial Liabilities:

#### Recognition and measurement:

Financial liabilities are classified, at initial recognition, at fair value through statement of profit and loss as loans, borrowings, payables, or derivatives, as appropriate.

Financial liabilities are measured based on their classification at fair value through statement of profit and loss, amortized cost or fair value through other comprehensive income.

#### Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

#### Trade and other payables:

Liabilities are recognized for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

# S. Financial Assets and Liabilities Reclassification:

# Reclassification of financial Assets and Liabilities:

After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For other financial assets, a reclassification is made prospectively only if there is a change in the business model for managing those assets.

# Offsetting of financial Assets and Liabilities:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis.

#### 61st ANNUAL REPORT 2024-25

#### T. Earnings per share:

The Group presents basic and diluted earnings per share data for its ordinary shares.

outstanding during the year, adjusted for own shares held.

Diluted earnings per share is determined by adjusting profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

# U. Cash dividend and non-cash distribution to equity shareholders:

The Group recognizes a liability to make cash or non-cash distributions to equity holders when the distribution is authorized and the

As per our report of even date attached For G Natesan & Co, Chartered Accountants Firm Registration Number: 0024245 Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares distribution is no longer at the discretion of the Group.

#### V. Events after the reporting period:

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

A. Carrying value of Plant & Equipment includes equipment offered to customers for trials on No Cost No Commitment (NCNC) basis ₹ 170.64 Lakhs (Previous Year ₹ 244.46 Lakhs).

#### B. Property, Plant and Equipment

 Buildings include carrying value of building at Ranchi pending registration/khatha transfer at ₹9.74 Lakhs (Previous Year ₹10.12 Lakhs). ii) The Group has taken land measuring 1109 acres and two workshops on lease for a period of 10 years vide Lease Agreement dated 5th May 2004, w.e.f. 28.04.2004 from M/s Bharat Gold Mines Limited (BGML) (A Company under orders of winding up by BIFR), and a sum of ₹100 Lakhs was paid as non-refundable deposit, (Included under Other non-current assets (Note no.11). As per the terms of the Lease agreement, this deposit shall be

adjusted against the outright sale/transfer of ownership that may be fixed for the property and lessee shall be free to construct new building/alter the existing building/lay roads/fence the land in the interest of furthering its business to suit its use and on expiry of the lease the said building shall vest with the lessor on payment of consideration based on value prevailing on the date of handing over of the property. The Group had incurred on the above land a sum of ₹1452.95 Lakhs (with carying value - ₹679.91 Lakhs) on Buildings (Previous Year - ₹724.70 Lakhs) included in Property, Plant and Equipment as at year end.

Vide order dated 09.07.2013, the Hon'ble Supreme Court of India upheld the decision of the Union Government to float a global tender of BGML assets with an observation about the existence of sub-lease of a portion of the land to BEML Ltd expiring on 28.04.2014 to be included in the tender documents. The Group filed an Interlocutory application before the Hon'ble Supreme Court of India, praying for exclusion of land leased to BEML from the purview of global tender, which was dismissed. Since the lease agreement provides for the continuation of the lease even after the expiry of lease period on 28.04.2014 till the final decision of the Group / Government in this regard, the operations of the group on the above land is continued. Appropriate accounting action will be considered based on the outcome of the tender process.

Meanwhile, BEML has proposed to surrender 1080.65 Acres out of 1109 Acres of land to BGML and to enter into a fresh lease agreement for the balance operational area of 28.35 Acres. However, BGML has offered BEML to outrightly purchase the land of 28.35 acres at mutually agreed price. The

matter is under discussion between BGML and BEML. Based on the communication from BGML, BEML has filed application before High Court of Karnataka on 08.08.2024 seeking permission to purchase the said land. Matter is pending before the High Court for disposal.

- iii) Lease Hold Land includes land measuring 101175.92 Sq. Mtrs taken on perpetual lease from KIADB (Bangalore Aerospace, SEZ Park) at a cost of ₹5126.00 Lakhs (Previous Year - ₹5126.00 Lakhs).
- iv) No Provision considered necessary for impairment of assets as the realizable value of assets technically assessed is more than the carrying cost of these assets.
- v) Free Hold Land measuring 3.647 acres of land, surrendered to BBMP against TDR (at cost) is ₹4.58 Lakhs. Free Hold Land measuring 1.937 acres of land surrendered to BBMP for which TDR yet to be received (at cost) is ₹2.43 Lakhs.

Above TDR will be utilised for further construction.

- vi) For information on estimated capital contracts pertaining to the acquisition of property, plant and equipment, refer Note no. 39 D II a.
- vii) Free hold at KGF does not include 114 Acres which is under reconciliation with DC, Kolar.

viii) In respect of subsidiary company M/s MIL-

a. The land is taken on lease from Urban development dept, Govt of West bengal for a period of 60 (sixty) years on 7<sup>th</sup> March 2011. This has been capitalised in the books of the company. As per Clause no 25 and other

#### 61st ANNUAL REPORT 2024-25

- clauses in the lease deed with Govt of West Bengal, the company has to start the factory within two years from date of signing of lease deed. However, the company could not start the factory within the stipulated time. Hence the Govt. of West Bengal reserves the right to cancel the lease and take back the lease land. However there is no demand/notice from Govt of West Bengal in this regard till date.
- Leasehold land financed by BEML Limited on behalf of MAMC and as registered in the name of Company is under consortium arrangement with BEML, CIL and DVC and shall revert to JV company if and when formed with approval of the Government.
- ix) Group holds the title of 302.26 acres of land which was transferred to BEML Land Assets Limited on demerger. The title transfer to BLAL is under progress. 85.905 acres of Mysore township land has been surrendered to KIADB.
- C. Amount of borrowing cost capitalised on addition of assets during the year is as under:
  - Plant & Machinery ₹NIL Lakhs
- D. Since there is no investment property in the group as on 31.03.2025, fair value of investment property is Nil (Previous Year - Nil)

### (I) Creditrisk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises from credit exposures from customers, cash and cash equivalents held with banks and current and non-current debt investments.

The Group regularly follow up the receivable to minimise losses arising from credit exposure from credit customers. Credit control assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Deposits and cash balances are placed with reputable scheduled banks. The carrying amount of financial assets represents the Group's maximum exposure to credit risk. No other financial assets carry a significant exposure to credit risk.

### Trade Receivables

The Groups's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, the management also considers the factors that may influence the credit risk of its customer base. Major Customers of the group are from Government Sector and Public Sector Companies, where credit risk is relatively low.

The management has established a system under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, and in some cases bank references.

The Group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables based on factual information as on the Balance sheet date.

The maximum exposure to credit risk for trade receivables by geographic region was as follows.

(₹ in Lakhs)

Particulars	31 March 2025	31 March 2024	
India	1,66,532.59	1,38,152.82	
Other regions	3,055.22	5,765.89	
Total trade receivables	1,69,587.81	1,43,918.71	

At 31 March 2025, the Group's most significant customer, accounted for ₹ 40913.39 Lakhs of the trade receivables carrying amount (31st March 2024: ₹44891.00 Lakhs).

The movement in the loss allowance for impairment of trade receivables are disclosed in Note No. 14

Any past due from Government Customers and those fully covered by guarantees or collaterals received are not tested for impairment.

The credit quality of the financial assets is satisfactory, taking into account the allowance for doubtful trade receivables.

The Group has not received any collaterals for receivables as at reporting date.

The impairment loss allowance at 31 March 2025 related to several customers that have indication that they may not pay their outstanding balances. The Group believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on the fact that major customers are Government department, PSUs and historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings if they are available.

### (ii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset, or the risk that the Group will face difficulty in raising financial resources required to fulfill its commitments. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Liquidity risk is maintained at low levels through effective cash flow management, low borrowings and availability of adequate cash. Cash flow forecasting is performed internally by forecasts of the Group's liquidity requirements to ensure that it has sufficient cash to meet operational needs, to fund scheduled investments and to comply with loan covenants.

To ensure continuity of funding, the Group primarily uses short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short-term borrowings to fund its ongoing working capital requirements needs. The Group has also availed various non-current facilities in the form of secured redeemable debentures, secured term loans, inter-corporate loans against the Group's guarantee and soft loans from the Government for expansion projects and construction and development of capital assets.

### Exposure to liquidity risk

The table below details the Group's remaining contractual maturity for its financial liabilities and derivative financial liabilities. The contractual cash flows reflect the undiscounted cash flows of financial liabilities and derivative financial liabilities based on the earliest date on which the Group can be required to pay.

### (iii) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity / commodity prices – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Group uses derivatives to manage market risks. All such transactions are carried out within the guidelines set by the management.

The Group's activities expose it primarily to the financial risks of changes in foreign exchange rates and interest rate movements (refer to notes below on currency risk and interest risk). The Group enters into forward derivative contracts to manage risks of loss arising due to foreign exchange exposure. During the year ended 31 March 2025, there was no change to the manner in which the Group managed or measured market risk.

### (iv) Currency risk

Foreign currency risk is the risk arising from exposure to foreign currency movement that will impact the Group's future cash flows and profitability in the ordinary course of business. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to its operating activities from procuring or selling in foreign currencies and obtaining finance in foreign currencies.

The Group is exposed to currency risk on account of its borrowings and other payables in foreign currency. The functional currency of the Group is Indian Rupee. The Group uses forward exchange contracts to hedge its currency risk, mostly with a maturity of less than one year from the reporting date.

The Group does not use derivative financial instruments for trading or speculative purposes. Following is the information on derivative financial instruments to hedge the foreign exchange rate risk as on dates are as below:

### Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against US dollars, Euro, Japanese Yen, the Pound and other currencies at 31 March 2025 and 31 March 2024 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

### (v) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in market interest rates.

# Exposure to interest rate risk

The Groups's interest rate risk arises from borrowings and loans made. Borrowings availed at fixed rates expose the Group to fair value interest rate risk. The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the Group is as follows.

(₹ in Lakhs)

B-147.75	Carrying amount				
Particulars	31 March 2025	31 March 2024			
Fixed-rate instruments					
Financial assets		-			
Financial liabilities		-			
	*	-			
Variable-rate instruments					
Financial assets	12	-			
Financial liabilities	-	-			

### Fair value sensitivity analysis for fixed-rate instruments

The Group does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

### Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

### Equity and commodity price risk

Price risk is the risk of fluctuations in the value of assets and liabilities as a result of changes in market prices of investments. The Group has no exposure to changes in the quoted equity securities price risk as it has investments in unquoted equity instruments only. The Group does not invest in commodities and is not exposed to commodity price risk.

### M. Capital Management

The Group strives to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders. The Board of Directors seek to maintain a balance between the higher returns and levels of borrowings and the advantages and security afforded by a sound capital position.

The Group's adjusted net debt to equity ratio is as follows.

Particulars	31 March 2025	31 March 2024
Total borrowings <sup>1</sup>	21,846.25	6,056.10

### N. Derivatives

# Derivatives not designated as hedging instruments

The Group uses foreign currency forward contracts to manage its exposure to foreign currency fluctuations. These forward contracts are used to hedge foreign currency payables and other future transactions. However, these foreign exchange forward contracts are not designated as qualifying hedge instruments and are entered into for periods consistent with foreign currency exposure of the underlying transactions, and are generally for a term of 3 months to 12 months.

The Group has following outstanding forward contracts as on

31 March 2025 : JPY Nil (INR Nil) [Previous Year - JPY Nil (INR Nil)]

31 March 2025 : EUR Nil (INR Nil) [Previous Year - EUR Nil (INR Nil)]

31 March 2025 : USD Nil (INR Nil) [Previous Year: USD NIL (INR Nil)]

The fair value of foreign currency forward derivative is as below:

The Group has unhedged foreign currency exposure of ₹3440.70 Lakhs (31 March 2024: ₹23753.33 Lakhs) for payables as at reporting date.

The Group has applied the principles of Ind AS 109 for the measurement of derivative financial instruments and has classified such derivative contracts as at fair value through profit or loss.

#### INDEPENDENT AUDITOR'S REPORT

#### To the Members M/s BEML Limited

# Report on the Audit of the Consolidated Ind AS Financial Statements

We are issuing this revised audit report which supersedes our earlier report dated 23.05.2025 concurring to the opinion of the Comptroller and Auditor General of India under section 143(6)(b) of the Companies Act, 2013 with respect to a few clauses in Annexure A.

#### Opinion

We have audited the accompanying consolidated Ind AS financial statements of M/s. BEML Limited ("the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") which comprise the consolidated Balance Sheet as at 31st March 2025, and the consolidated Statement of Profit and Loss Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended, and notes to the Consolidated IND AS financial statements, including a summary of Material Accounting Policy Information and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, of consolidated profit including other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report.

We are independent of the Group and in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other Ethical Responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we

#### 61" ANNUAL REPORT 2024-25

have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

# **Emphasis of Matter**

We draw attention to Note No. 11 to the consolidated Ind AS financial statements regarding the holding company's outlay on the MAMC Consortium.

We draw attention to of Note 3B(viii)(a) to the consolidated Ind AS financial statements regarding possibility of surrender of the leased land due to non-compliance by the subsidiary company MAMC Industries Ltd to the terms of allotment by the Government of West Bengal.

Our opinion is not modified in respect of the above matters.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters We have determined the matters described below to be the key audit matters to be communicated in our report.

# Key Audit Matter

# Contingent Liabilities disclosed with regard to taxation related disputes:

- a) The Group is in litigation with the tax departments on various issues, received demands, deposited a portion of the demands under protest and has contested against the orders in appropriate forums.
- b) The issues involved are varied. The Group has not made any provision for these demands which total to ₹ 28,509.07 lakhs and treated as contingent liabilities.

This is a key audit matter, as evaluation of these matters requires management judgement and estimation, interpretation of laws & regulations

# How our audit addressed the Key Audit Matter

Our audit procedures relating to Contingent Liabilities relating to direct and indirect tax demands included the following:

- We understood, assessed and tested the design and operating effectiveness of key controls surrounding assessment of litigations relating to the relevant laws and regulations;
- We discussed with the management the recent developments and the status of the material litigations;
- We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities /other significant

and application of relevant judicial precedents to determine whether a provision is required or the same may be disclosed as a contingent liability, and making related disclosures in the financial statements.	litigations disclosed in the Standalone Financial Statements;  We used our expertise to gain an understanding and to evaluate the disputed tax matters;		
Refer:			
Note No. 39(D)(1)(a)(i) and Accounting Policy Note No.2.2(P)	<ul> <li>We evaluated the orders raising the demands and other communication from regulatory authorities and management responses thereto;</li> </ul>		
	• We evaluated management's assessments by understanding precedents set in similar cases and assessed the reliability of the management's past estimates/judgements;		
	• We evaluated management's assessment around those matters that are not disclosed or not considered as contingent liability, as the probability of material outflow is considered remote by the management; and		
	• We assessed the adequacy of the holding Company's disclosures.		
	Based on the above work performed, the assessment in respect of litigations and related disclosures relating to contingent liabilities/other significant litigations in the Consolidated Financial Statements is considered reasonable.		
Assessment of Warranty provision:	Principal Audit procedures performed include:		

# Key Audit Matter

- a) The Holding Company recognizes provision in respect of the costs expected to fulfil the warranty obligation over the period/term of the warranty. The provision towards warranty obligation is estimated by the Holding Company, primarily considering factors such as historical trend, average historical failure rate, estimation of expected pattern of future claims and estimated replacement cost.
- b) The timing of outflows will vary based on the actual warranty claims. The determination of warranty provision is associated with unavoidable estimation uncertainties. Because of the quantitative significance, complexity and level of judgement involved, there is a risk of inappropriate and inadequate provision for warranty obligation.

Assessment, estimation and provisioning for warranty is therefore a Key Audit Matter.

# How our audit addressed the Key Audit Matter

- Understood, evaluated, and tested the design and operating effectiveness of the controls over estimation of warranty costs and related accruals.
- Obtained an understanding of the warranty terms offered by the Company on sale of different products.
- Assessed management's estimation process by performing a historical trend analysis for warranty cost accruals made in prior years
- Evaluated the method used by management in making the accounting estimates by verifying source data for various input factors such as historical trend, average historical failure rate, estimation of expected pattern of future claims and estimated replacement cost, and enquiring with management's experts.
- Verified the computation of provision for warranty costs including testing of completeness, arithmetical accuracy and validity of the data used in the warranty calculations.
- Verified the adequacy of the disclosures in the standalone financial statements

Our review of the provisions created by the holding company does not reveal any material

Expected Credit loss	Principal Audit procedures performed include:		
<ul> <li>The holding company assesses impairment of its receivables by applying Simplified Approach of Expected Credit Loss method.</li> </ul>	<ul> <li>Verified if any receivable contains significant financing component.</li> </ul>		
b) The receivables are assessed for possible defaults over their expected life. The company analyses the historical collection trends and applies it to a provision matrix. The holding company determines the Expected Credit Loss based on the trend, present economic scenario and future economic conditions.	Applied adequate procedures to verify the existence of robust internal control systems including credit risk management system so that management estimates of ECL and related judgments are based on concepts and reliable data that meets the requirements of Ind AS 109.		
c) The holding company also identifies features specific to any particular receivable and determines the expected credit loss based for these specific receivables based on existing facts.	<ul> <li>Verified whether the receivables are bifurcated between those which have indications of dispute and clear receivables.</li> <li>Validated the historical data confirming the value of receivables of the preceding years and</li> </ul>

receivables to the standalone financial statements and since the determination of allowance for ECI is subjective and requires management to make judgements and assumptions, hence this is considered as key audit matter. # Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Corporate Governance Report included in the Annual Report but does not include the Consolidated Financial Statements and our auditor's report thereon, which we obtained prior to the date of this auditors' report, and the Management Discussion and Analysis and Board of Directors' Report along with its Annexures, which is expected to be made available to us after that date.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard. When we read the Management Discussion and Analysis and Board of Directors' Report along with its Annexures, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5)

# 61st ANNUAL REPORT 2024-25

of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including consolidated other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group, in accordance with the IND AS specified under section 133 of the Act and accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group and are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

# Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

# 61st ANNUAL REPORT 2024-25

- As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements of the Group, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act,2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management of the holding company.
- Conclude on the appropriateness of management's use of the going concern basis of

accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company and/or its Subsidiaries and to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors For the other entities included in the consolidated financial

statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matters

- We did not review the financial information of the two subsidiaries included in the audited consolidated financial results, whose financial information reflects total assets of ₹ 5,245.09 lakhs as at March 31, 2025 and, total revenues of ₹ 0.03 lakhs for the year ended March 31, 2025 for Vignyan Industries Limited and total revenue loss of ₹ 9.58 lakhs for the year ended March 31, 2025, and total assets of ₹ 413.04 lakhs as at March 31, 2025 for MAMC Industries Limited as considered in the Statement. This financial information has been audited by other auditors whose reports have been furnished to us and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us.
- The Holding Company has made investments in Communication (Defence) Testing Foundation, UAS Testing Foundation and

61st ANNUAL REPORT 2024-25

Systems Testing and Research for Advanced Materials Foundation, which are not-for-profit companies registered under Section 8 of the Companies Act, 2013. These entities have not been considered for consolidation in the consolidated financial statements, as the Holding Company does not exercise control over these entities nor does it have rights to variable returns from its involvement, other than the equity investment.

- 3. The Holding Company held a 45% share in the operations of a JV Company M/s. BEML Mid-West Ltd at a cost of ₹ 542.25 lakhs. The Honourable Hyderabad Bench of NCLT vide its order dated 20.10.2023 has directed liquidation of the JV company in accordance with Chapter III of the IBC Code. A Resolution Professional has been appointed. The Holding Company ceased to have any control or influence over the JV company and therefore ceased to be an associate.
- As on 31 March 2025, the Holding Company's Board of Directors comprises of five Wholetime Executive (Functional) Directors including the Chairman and Managing Director, one (Non-Government Nominee Director Executive) and one Independent Director on the Board of the company. The composition of the Board is not in terms of Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and not in terms of section 149 of the Companies Act, 2013 from 24th December 2024 till 16.04.2025 due to

non-appointment of requisite number of Independent Directors on the Board of the Company.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

# Report on Other Legal and Regulatory Requirement

- As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

- (b) The respective managements of the Holding Company and its Subsidiary have represented that, to the best of their knowledge and belief, no funds have been received by the Holding Company and its Subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries: and

- (c) Based on such audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above contain any material misstatement.
- v. (a) The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Act as applicable to the extent it applies to payment of dividend. No dividend has been declared by the subsidiary companies.
  - (b) The interim dividend declared and paid by the holding Company during the year and until the date of this audit report is in accordance with section 123 of the Companies Act 2013.
  - (c) The company has not declared any final dividend for up to the date of this report.
- vi. Based on our examination which included test checks and that performed by the auditors of one of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, the holding company and one of its subsidiaries have used an accounting software for maintaining its books of account which has a feature of

# 61st ANNUAL REPORT 2024-25

recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit and the auditor of one of the subsidiaries did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention. The auditor of the other subsidiary has reported that the subsidiary has not used any accounting software that has a feature of recording audit trail.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and issued by auditors of the companies included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

# Annexure A to the Independent Auditors' report

#### (Referred to in our report of even date)

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to consolidated financial statements of M/s. BEML Limited ("the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") as of March 31, 2025 in conjunction with our audit of the consolidated IND AS financial statements of the Group for the year ended on that date.

# Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary which are companies incorporated in India is responsible for establishing and maintaining Internal Financial Controls with reference to Consolidated Financial Statements based on the internal financial control over financial reporting criteria established by the Company considering the essential components of control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

# Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountancy of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements

#### 61" ANNUAL REPORT 2024-25

were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other Auditors in terms of their Reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system with reference to Financial Statements of the Group.

Meaning of Internal Financial Controls with reference to consolidated financial statements A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated financial statements.

#### 61st ANNUAL REPORT 2024-25

# Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF BEML LIMITED, BENGALURU FOR THE YEAR ENDED 31 MARCH 2025

The preparation of consolidated financial statements of BEML Limited, Bengaluru for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by him vide his Revised Audit Report dated 15 July 2025 which supersedes his earlier Audit Report dated 23 May 2025.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of BEML Limited, Bengaluru for the year ended 31 March 2025 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of BEML Limited, Bengaluru, but did not conduct supplementary audit of the financial statements of Vignyan Industries Limited, Tarikere for the year ended on that date. Further, section 139(5) and 143(6)(b) of the Act are not applicable to BEML Midwest Limited, Hyderabad and BEML Brazil Industrial Limited, Brazil, being private entities incorporated in India/Foreign country under the respective laws for appointment of their Statutory Auditor and for conduct of supplementary audit. Accordingly, Comptroller and Auditor General of India has neither appointed the Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

In view of the revisions made in the Statutory auditor's report, to give effect to some of my audit observations raised during supplementary audit, I have no further comments to offer upon or supplement to statutory auditor's report under section 143(6) (b) read with section 129(4)of the Act.
