ANNUAL REPORT 2022-23

Late Dr. Rajendra Kumar Somany

1937-2023

Remembering a visionary

We want to take this opportunity to pay tribute to our visionary founder, Late Dr. Rajendra Kumar Somany. The ethos laid down by him forms the base of everything we do at Hindware Home Innovation Limited.

In 1962, he took the pioneering step of introducing vitreous china sanitaryware in India, thereby making Hindware the first company in the country to accomplish this feat. He was always ahead of his time; this was reflected in his relentless focus on innovation, which has always propelled us to stay at the forefront of the industry. His unwavering commitment, indomitable spirit, and pioneering vision have not only inspired our nationwide teams but have also sparked a fire of inspiration within the industry. His vision and commitment extended beyond the realms of the business world; he was an exemplary philanthropist who worked tirelessly to create a positive impact on the lives of marginalised communities.

As we move ahead, we are confident that the vision and principles laid down by him will enable us to traverse the realms of possibilities and continue this growth trajectory. We remain persistent in our commitment to delivering sustainable value to all our stakeholders who have entrusted us with their trust.

Delivering sustainable growth

With customer at the core

India represents a unique growth story. A burgeoning population with a significant youth demographic, rising disposable income and improved access to the internet have contributed to strong growth in consumption. This trend underscores a widespread aspiration for elevated living standards, evident in the meticulous curation of every aspect of the home to ensure heightened comfort and satisfaction.

Aligned with the India growth story, we have expanded from a single-segment company to a multi-segment one, catering to the evolving needs of the customers through a range of innovative products spanning the building products and consumer appliances segments, backed by the trusted Hindware brand. We have consistently embraced forward-thinking strategies, leveraging market insights to continuously evolve and maintain our position at the forefront of the industry.

With a commitment to delivering excellence and embracing innovation, we aim to provide our customers with the best-in-class products across the segments and maintain our upward trajectory while shaping the future of the industries we operate in.

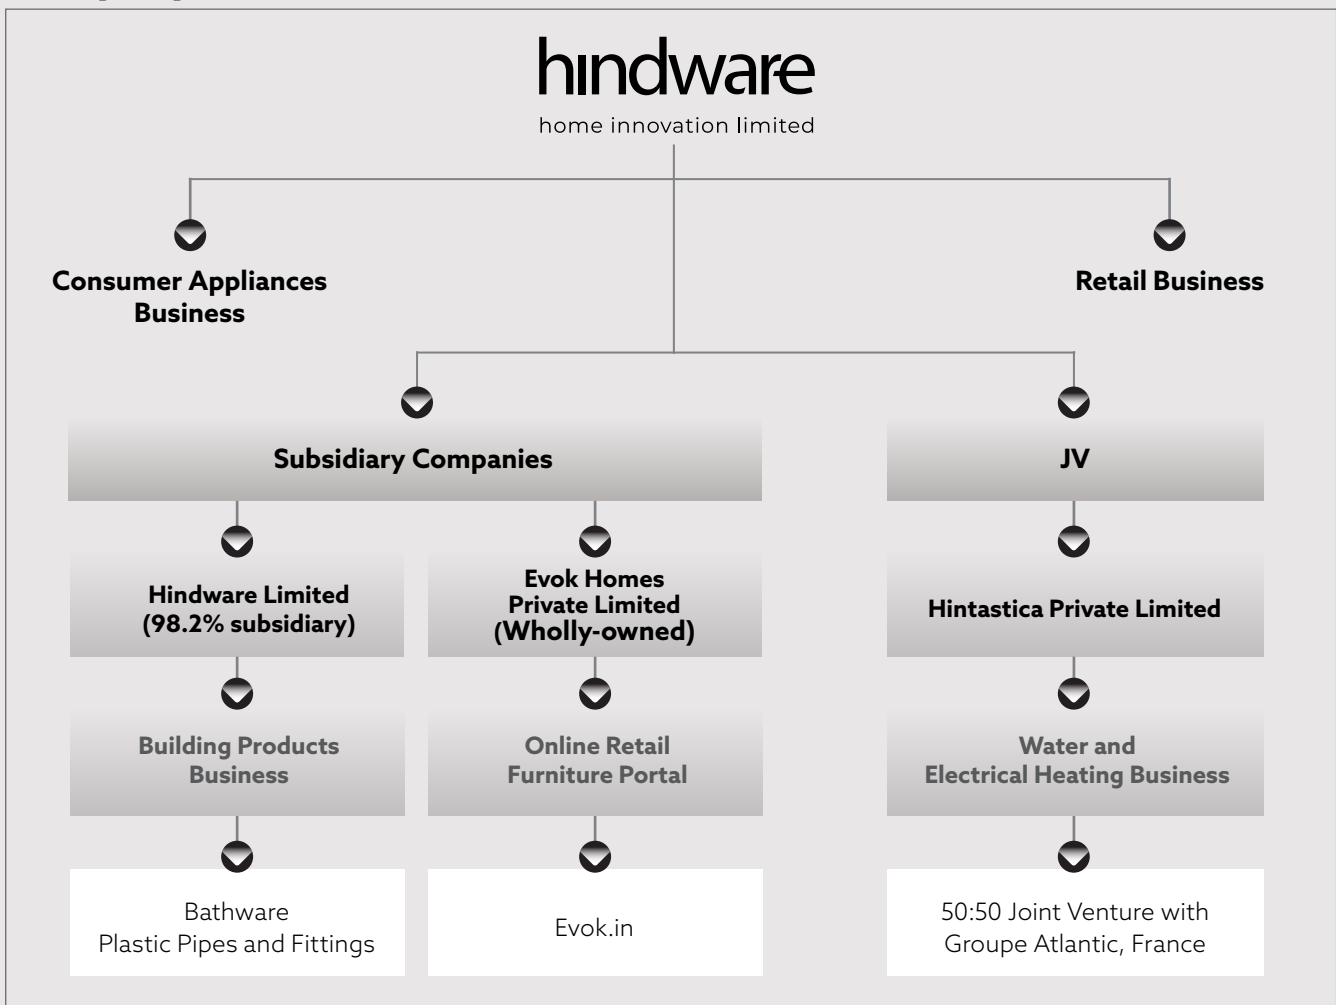

About Us

A legacy of innovation and quality

At the core of our Company's mission lies a commitment to providing innovative products that address the distinctive needs of our customers. Our diverse range of offerings is carefully designed with an emphasis on quality, functionality, and aesthetics.

Within our Building Products, we have two distinct businesses: bathware and plastic pipes and fittings. The bathware division encompasses sanitaryware, faucets, and premium and super premium tiles.

Meanwhile, our plastic pipes and fittings business has CPVC, UPVC, PVC, SWR pipes, overhead water storage tanks, as well as Bath Fittings (PTMT faucets and other accessories).

Under our Consumer Appliances Business, we have an extensive portfolio of categories including kitchen appliances, sinks, water purifiers, water heaters, air coolers, fans, and kitchen and furniture fittings. Our furniture retail brand 'EVOK' provides a curated selection of specialty home interior and furniture products, available in modern format stores and online platforms.

To ensure effective reach and expansion in our market, we have established three distinct distribution

channels for our business segments. Additionally, we have developed an omni-channel presence, enabling us to maintain proximity to our customers. By seamlessly integrating multiple channels, including online

platforms and physical retail stores, we ensure that our products are easily accessible to consumers and provide them with a convenient and immersive shopping experience.

Message from the Chairman

Building on a resilient future

Dear shareholders,

At the onset, I would like to pay tribute to Dr. Rajendra Kumar Somany, our Late Founder and my father. His commitment to excellence, and innovative mindset have given us a sense of direction that goes beyond the usual and drives us to remarkable accomplishments. His advice and direction formed the foundation for us to reach higher goals.

I am delighted to present the Annual Report for FY 2022-23. Once again, we have successfully navigated through the challenges in the year and have continued to thrive.

During the year under review, the world faced an array of challenges, including the geo-political tension which added to the already surging inflation, disrupted supply chain, and caused higher energy prices. Central banks globally raised key policy rates to control inflation. These factors, combined with rising living costs and stringent financial conditions exerted substantial pressure on the economic outlook.

India continues to stand out as one of the fastest-growing economies amidst the global turmoil driven by strong domestic consumption, favourable policies and enhanced investment in infrastructure by the Central Government. With solid fundamentals in place, India is poised to sustain a healthy growth rate in the upcoming years.

Through continuous efforts, we have strategically diversified our business portfolio, expanded our reach to tap into new markets and ventured into innovative product lines. This strategic expansion has not only enhanced the intrinsic value of our Company but also mitigated associated risks.

PERFORMANCE HIGHLIGHTS

In FY 2022-23, we achieved another remarkable year of strong performance. Our consolidated revenue reached ₹2,873 crore, representing a remarkable 25% increase compared to the previous year. Additionally, our consolidated EBITDA reached ₹281 crore, a significant y-o-y increase of 38%.

Our building products registered robust growth of 29% over FY 2021-22, generating revenue of ₹2,316 crore.

Our bathware business experienced strong expansion with a growth rate of 29%, resulting in a revenue of ₹1,532 crore. This success can be attributed to a combination of factors, including our innovative product portfolio, strategic marketing initiatives, enhanced brand awareness, and a diverse range of offerings. Additionally,

//

Truflo by Hindware continues to be the fastest-growing brand in the plastic pipes and fittings segment, recording a revenue of ₹785 crore, registering a strong growth of 29% over FY 2021-22.

our robust distribution and retail network played a crucial role in ensuring our products reached a wide customer base.

We also achieved stellar performance in our plastic pipes and fittings brand, Truflo by Hindware, which continues to establish itself as the fastest-growing brand in its segment. In FY 2022-23, Truflo recorded a revenue of ₹785 crore, registering a growth of 29% over the previous year. During the fourth quarter of the financial year under review, we commenced commercial production from our second manufacturing plant, bolstering our annual capacity to 48,000 MT.

Introduction of new products, deep relationship with the customers and plumbing community gives us impetus for strong growth. Further, with an aim to enhance reach and market access, we are investing in a greenfield manufacturing plant in Roorkee, Uttarakhand.

Sandip Somany
Chairman

Message from the Chairman

Our consumer appliances business exhibited resilience, recording a remarkable 16% revenue growth, amounting to ₹501 crore. In January 2023, Hintastica Private Limited, our 50:50 joint venture with Groupe Atlantic, commenced trial production at the Telangana plant. This state-of-the-art plant, spread across over nearly 6 acres, has the annual capacity to manufacture six lakh units of water heaters and other heating appliances.

The plant was built with an environment-friendly design that incorporates advanced energy-saving manufacturing equipment and harnesses renewable energy sources. These achievements have been possible due to the dedication of our team, our commitment to innovation, and the support of our customers.

STRATEGIC INITIATIVES, DRIVING SUSTAINABLE GROWTH

Our organisation's sustainable growth is driven by a series of strategic initiatives aimed at maximising our potential across various segments we operate in. At the heart of everything we do is our unwavering focus on customers, as we continuously innovative products across diverse categories, ensuring exceptional value and satisfaction. By embracing cutting-edge technology, we have created a smart and sustainable living experience that sets us apart in the market, effectively meeting our customers' evolving needs.

To fortify our market presence, we have carefully curated a differentiated product mix in both Building Products and Consumer Appliances categories. Our intelligent marketing and branding campaigns have further strengthened our brand recognition. Additionally, we have established strong distribution networks, allowing us to effectively market our innovative offerings and identify cross-selling opportunities.

In line with our commitment to continuous improvement, we have embraced digitalisation and data analytics, optimising various aspects of our business operations. Real-time insights and AI-driven forecasting have significantly improved our sales and supply chain management. Implementation of Salesforce CRM and WhatsApp for Business has enhanced our customer relationship management and improved sales effectiveness. Additionally, our adoption of service CRM and warehouse management systems has increased efficiency throughout our organisation.

Hintastica Private Limited plant started trial production in January 2023, featuring a cutting-edge facility with an annual capacity to produce six lakh units of water heaters and other heating appliances.

All these initiatives position us for long-term success, ensuring operational excellence and the delivery of superior products and services to our valued customers. With a strong focus on sustainability and staying at the forefront of technological advancements, we are confident in our ability to navigate the challenges of the future while continually surpassing customer expectations.

STRENGTHENING OUR HUMAN CAPITAL

At our organisation, we prioritise creating an inspiring work environment that empowers our employees to unleash their maximum potential. We are fostering an inclusive, dynamic, and rewarding atmosphere that promotes growth and satisfaction. We prioritise diversity and inclusion, encourage transparent communication and foster a dynamic workplace culture.

WAY FORWARD

As we navigate the ever-changing business landscape, we remain focused on seizing growth opportunities and mitigating potential challenges. Our resilient business model, strong leadership team, and customer-centric approach positions us well for sustained success. Growth in the sanitaryware and faucets segment will be driven by a consistent focus on brand creation, innovative product introductions, continued expansion in distribution and geographical reach. We have strategically planned investments to expand our capacities in the plastic pipes and fittings segment with a clear focus on propelling growth and capitalising on opportunities present in the market.

In the consumer appliances segment, we will continue to focus on technology-driven product innovations with the Internet

of Things (IoT)-based next-gen products at the forefront. To boost the market penetration and awareness, we are expanding our dealer and retailer network in Tier III and IV cities.

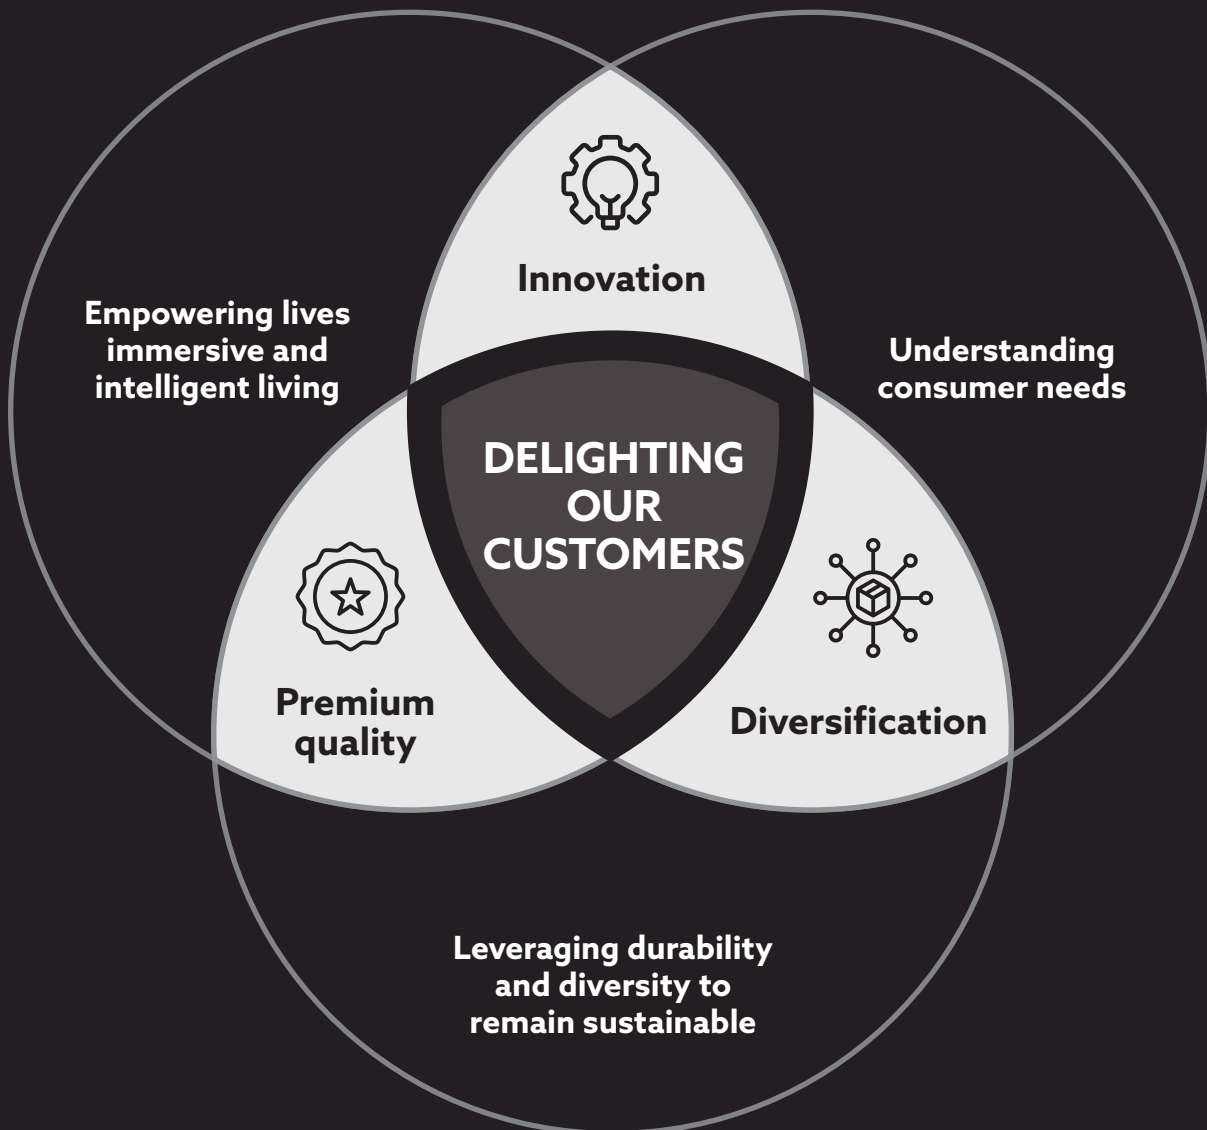

Our focused growth strategy and confidence in the India growth story position us for a journey of expansion and success. I am confident that we will continue to unlock significant stakeholder value as we progress. I take this opportunity to thank all stakeholders for their continued support.

Warm regards

Sandip Somany

BRAND CAMPAIGNS

HINDWARE IPL COLLABORATION

To improve brand visibility and engage with the country's cricket fans, we partnered with Punjab Kings and Royal Challengers Bangalore (RCB) for IPL 2023. We were the principal sponsor for Punjab Kings, with players having the logo on their cap and helmet. Simultaneously, we were recognised as the associate sponsor for RCB.

HUES BY HINDWARE ITALIAN COLLECTION

"Hues by Hindware Italian Collection" campaign announced the launch of coloured faucets. The new range entails a complete portfolio of faucets called Edge, Element and Avior which are available in stunning colours such as Gold, Rose-Gold and Chrome Black. The TV commercial was released in multiple languages and struck a chord with the audience, resonating effectively.

LET TIME WAIT

Queo has launched its latest TVC campaign titled 'Let Time Wait', starring the talented actress Aahana Kumra. This campaign aimed at strengthening Queo's positioning as a luxury bathware brand, offering consumers European bath lounges that seamlessly fuse design and innovation. The campaign truly embodies opulence and reaffirms that when it comes to superior bathspaces, Queo stands at the forefront.

BRAND WITH A PURPOSE-DRIVING CONVERSATIONS ON WORLD TOILET DAY

This initiative, launched in 2021 is dedicated to promoting education of young girls by providing them with proper sanitation facilities at schools. Over the past two years, we have successfully constructed approximately 170 toilets, with a primary focus on regions in and around Haryana and Rajasthan.

In the current year, we have pledged to construct an additional 80 toilets, and to ensure their effective on-ground execution, we have partnered with Ma My Anchor, an NGO. We will continue this journey by tying up with many more schools across the country to spread hygiene empowerment.

Since 2020, Hindware is building girls' toilets in village schools under its 'BUILD A TOILET, BUILD HER FUTURE' initiative.

INFLUENCER PROGRAMMES

PLUMBER LOYALTY PROGRAMME MAKING AN IMPACT WITH PLUMBER NO. 1

Plumbers and other professionals within the plumbing industry are crucial stakeholders for us, as they hold a significant influence in shaping purchase decisions.

Taking this into consideration, we introduced "Plumber No. 1" last year, an industry-first integrated loyalty programme for plumbers, which has a dedicated app and utilises QR codes. Through this programme, we offer weekly loyalty benefits, acknowledging the plumbers' invaluable contributions. During the last year, we organised 32 Plumber Melas and conducted more than 1,000 meets pan-India. Within just five months of its launch, the Hindware Plumber app garnered an impressive 26,000

registrations. Apart from the financial benefits, top plumbers from each state are recognised every month. Additionally, we are committed to providing training and certificates as part of the programme.

ARCHITECT CONNECT PROGRAMME

Club Maestro is an architect loyalty programme tailored exclusively for architects and interior designers. The programme offers them exclusive benefits, rewards, and support to enrich their professional journey and foster seamless collaboration with the brand. This year, we successfully onboarded 3,700+ architects under this programme.

3,700

Architects joined the Club Maestro app during the year

Design challenge

We conducted a design challenge where we invited designers from across India to present their vision of stylish bathrooms featuring Hindware products. The entries that came in, displayed inventive and cutting-edge designs, incorporating elements like wabi-sabi aesthetics, futuristic warfare scenarios, and tropical modern themes.

Following that, we selected the best bathroom designs that highlighted seamless integration of sanitaryware with artistic brilliance at an on-ground event. We recognised and celebrated the top three highly appreciated designs with beautifully handcrafted Longpi Moonshadow trophies symbolising their exceptional accomplishments.

DEALER CONNECT PROGRAMME

We launched an exclusive Hindware Privilege Club (HPC) Programme to provide our dealers with a more streamlined and rewarding payout system. The HPC Programme brings advantages to both our existing and new dealers, fostering a stronger relationship with them.

With the HPC Programme, we aim to strengthen our partnership with dealers and provide them with enhanced opportunities for growth and success.

Digital marketing

Our brand strategy focused on creating a strong digital presence and maximising brand impact. With intuitive navigation and a refined [Hindware.com](https://www.hindware.com) website, we achieved a seamless user journey, resulting in 3 million page views and 1 million visits.

To expand our brand's reach, we implemented 6 impactful media campaigns, including IPL Swag Se Refresh and HUE Coloured Faucets. Overall, the campaigns generated 257 million impressions and reached 85 million people across various platforms. These campaigns showcased our products' elegance and craftsmanship, elevating our brand's reputation.

Our social media handles played a vital role, reaching 46 million users. Our LinkedIn experienced a growth of 175%, reaching 13.5K followers. On Instagram, our account doubled its

followers to 32K, while our Facebook page also showed growth of 6%, reaching 584K followers.

Teaming up with popular influencers in lifestyle and design amplified our brand's credibility allowing genuine product displays and reaching new audiences. Under the one-commerce initiative, we have successfully listed over 600 products on prominent platforms, consistently enhancing content quality, and diversifying our offerings. Our strategic foray into offering our sanitaryware products online has proven fruitful, enabling us to cater to a wider customer base and expand our reach in the market.

ONLINE REPUTATION MANAGEMENT (ORM)

The integration of the Locobuzz ORM tool has led to a significant improvement in customer experience

and online grievance redressal for our brands. Through persistent social and online content, as well as efficient response management, we have achieved a reduced first-level response time to just 15 minutes.

The tool's capabilities go beyond enhancing ORM initiatives; it also measures brand insights, customer behaviour, competitor insights, and performance analytics across all key digital channels. By providing empowering business insights on a unified CX management platform, Locobuzz is playing a pivotal role in optimising our brand strategies and customer engagement.

HINDWARE BATHROOM VISUALISER

We successfully launched the 3D Bathroom visualiser on our website, a game-changing digital solution designed to elevate customer experience. With a strong focus on understanding customer interactions in physical spaces, this innovative tool provides an unmatched virtual experience.

The visualiser empowers customers to instantly experience our bath products in custom-built 3D concept bathrooms, allowing them to reimagine their desired bathroom by easily dragging and dropping their preferred bath products. This innovative solution aims to elevate customer engagement and provide an immersive shopping experience like never before.

BRAND STORE

During the reporting year, our Hindware Experience Centres underwent a transformation, exuding an even more elegant and premium look.

To support our dealers, we organised various activities, including consumer activations such as RWA activities, product-focused events, and festive season promotions. These initiatives not only enhanced dealer engagement but also strengthened our relationships with our dealers.

Manufacturing excellence

SANITARYWARE

We have significantly improved production efficiency through strategic transformations in plant machinery and processes. We introduced a robotic spraying system for precise application, implemented a pressure casting system for enhanced productivity, and optimised operations by grinding ceramic minerals in-house and replacing felsite lining with high alumina lining in the ball mill. These initiatives underscore our commitment to technological advancement and process innovation, reinforcing our position as industry leaders.

To optimise production, we have implemented cost-effective measures, minimised waste, and maximised recycling of rejects after grinding. These efforts demonstrate our commitment to excellence and sustainable growth.

Regarding energy consumption, significant progress has been made through the implementation of two state-of-the-art energy-efficient shuttle kilns and a batch kiln, resulting in operational flexibility and substantial energy savings. Furthermore, we have installed energy-efficient blungers,

a new screw-type compressor with VFD technology, and replaced conventional ceiling fans with high-energy efficient BLDC fans. Additionally, by shifting the electricity consumption meter from the substation to the plant, we have minimised unit losses. We have installed solar power panels, with a combined capacity of 2,720 kWp.

We have achieved significant progress by becoming a zero liquid discharge plant. Treated water generated from our captive ETP and STP facilities is utilised for gardening and toilet flushing.

FAUCETS

We have fully embraced state-of-the-art technologies and cutting-edge manufacturing practices to ensure optimal efficiency, precision, and quality at every stage. Recently, we have made significant improvements by adding two 2-head auto buffing machines and two 4-spindle surface peeling machines, elevating our manufacturing processes.

We have also successfully modified APM machines to operate with two operators, leading to remarkable improvements in productivity levels. These advancements reinforce our commitment to delivering top-notch products through innovative and streamlined manufacturing methods.

We have implemented various energy consumption initiatives including the utilisation of variable frequency drives on high-power blower motors and energy-efficient BLDC fans throughout the plant.

We have also invested in an energy-efficient air compressor and implemented insulation on induction furnaces to minimise heat loss. To reduce greenhouse gas emissions, we have retrofitted dual fuel kits on our diesel generator sets, enabling us to use natural gas as an alternative fuel source.

We have achieved zero liquid discharge with our in-house ETP and STP facilities. The treated water from our plant is repurposed for gardening and toilet flush purposes.

GO LARGER THAN LIFE

We launched a TV commercial campaign, 'Go Larger Than Life,' for our new line of extra-large tiles. The campaign showcased the design elegance and sophistication of the tiles, featuring Tamannaah Bhatia and the very well-known wrestler 'The Great' Khali.

It aims to captivate consumers through multilingual films and promote the brand across various media. This is the first-ever TVC from Hindware Italian Collection since we forayed into the tiles segment.

BROKEN BUT NOT WASTE

The campaign raised awareness about the significant wastage of tiles during construction and renovation projects. Its core message advocated for a sustainable approach among consumers by encouraging the reuse and recycling of damaged tiles.

To bring this initiative to life, we collaborated with Delhi Street Art and an NGO Ashwika Foundation in Delhi to create captivating mosaics using discarded tiles. Through this partnership, we aimed to change the perception of broken tiles, emphasising their value as valuable resources that can be repurposed and utilised creatively.

Sustainability initiatives

Energy efficiency

We use 100% daylight harvesting and LED lights, energy-efficient motors and VFDs, and effective cooling systems. Additionally, our all-electric bellling machines reduce energy consumption by 50%, robotic integration increases efficiency by 55%, and regular equipment monitoring further enhances our green practices.

Water efficiency

We practice comprehensive water conservation, encompassing 'Zero' discharge, 98% rainwater harvesting, low-flow fixtures, meter monitoring,

VFDs in cooling, efficient cooling towers, smart irrigation, drought-tolerant landscaping, and 100% domestic wastewater recycling.

Rooftop solar energy

With a 660 kW capacity, we are enhancing sustainability by adding 600 kW to further our energy goals.

Waste management practices

Our waste reduction includes time-based process mapping, analysis for yield, colour-coded bins for source segregation, on-site wastewater treatment, and vermi-composting for organic waste.

Green house gas emissions

We prioritise sustainability at every level. On-site Solar PV offsets carbon, green spaces increase, and dedicated living quarters encourage walking to work. Efficient logistics use buses and carpooling, telescoping loading optimises truck space, and BS IV vehicles are employed. Carbon reduction continues through bulk containers and reverse logistics. Our commitment extends to products, processes, supply chain, and infrastructure, following standards with a focus on eco-design, waste reduction, and continuous improvement. Key practices include FSC wood, low VOC paints, and local sourcing. Responsible procurement and packaging define our supply chain. Our building enhances well-being with optimised light, ventilation, and SCADA automation.

People-centric Approach

Our employees our priority, always

As we grow as an organisation, it is important to create a shared DNA that connects all our employees. With this thought in mind, we formed **ACT: Accountability, Collaboration and Talent**. We transformed this into our values, which is at the heart of everything we do at Hindware Home Innovation Limited.

Initiatives undertaken during the year

WORKSHOPS TO FOSTER NEW VALUES

To seamlessly integrate and ingrain our organisational values, we conducted workshops across multiple locations for our leadership team, which was spearheaded by our Chairman & Managing Director. The insights from the sessions were then circulated across the organisation, to further enlighten all our employees through dynamic discussions and engaging activities.

People-centric Approach

LEADERSHIP DEVELOPMENT PROGRAMMES

To empower our managers with essential knowledge and skills, we introduced leadership development programmes that touched upon a wide array of domains, such as leadership skills, effective communication, decision-making, conflict resolution, team building and performance management.

360-DEGREE FEEDBACK AND TRAINING

We introduced a 360-degree feedback system for leadership teams throughout the organisation. The system helped to collect inputs from supervisors, peers, and subordinates, providing a holistic assessment of strengths and growth areas. This spurred self-reflection and focused training for skill enhancement and alignment with our core values.

ENHANCING EMPLOYEE ENGAGEMENT AND COMMUNICATION

For enhanced employee engagement, we introduced various initiatives and integrated communication channels. Additionally, we also launched engaging activities like 'Learn Fri-yay' and team-building exercises, fostering appreciation, connection, and motivation among our employees, to instill value and inspiration for our collective organisational success.

DIGITAL TRAINING INITIATIVES

Implementing various tools and platforms has greatly benefitted our employees. Our social intranet platform has nurtured a culture of collaboration, knowledge sharing, and innovation. The introduction of 'Hum Tum', an AI-enabled HR chatbot, offers instant HR solutions, policy guidance, and operates around the clock.

Our shift towards a digital-centric approach has led to extensive digital training in areas like Power BI, RPA, AI, and IoT. This has notably boosted tool adoption, empowering us with actionable insights, elevating online reputation management, and enhancing sales effectiveness. These advancements have collectively positively impacted our employees, contributing to our organisation's growth and success.

CORPORATE TO CAMPUS INITIATIVES

As part of this Initiative, we engaged with Management Institutes to recruit talented Executive Trainees, while our Leadership team conducted business sessions at various institutes throughout the year.

Furthermore, we introduced online Executive MBA programmes in partnership with GLA University in Uttar Pradesh to empower our employees to pursue higher education while maintaining their work commitments, fostering continuous professional growth and academic advancement in tandem.

SIX SIGMA BLACK BELT PROJECTS

We successfully executed 11 Black Belt Projects, encompassing a spectrum of objectives. These included service enhancements such as minimising field failures, reducing spare parts ageing, and elevating partner/franchisee CSAT scores.

We also focused on enhancing quality parameters, implementing projects such as comprehensive

quality deployment programme from supplier to distribution level, quality control for outgoing dispatches, and transitioning from manual to app-based inspections at the supplier's end. Additionally, we undertook Black Belt projects related to warehouse improvements. Moving ahead, we are committed to an ongoing yearly execution of these projects to drive continuous progress.

Management Discussion and Analysis

Economic environment

GLOBAL

In the recent past, the world has witnessed several waves of challenges ranging from the pandemic to the Russia-Ukraine conflict yet the world has emerged even more resilient. The global economy is facing an extended period of inflation owing to supply-side disruptions and an increase in energy prices due to the onset of the Russia-Ukraine war. Central banks across the globe hiked key policy rates to further curtail demand and tame inflation. The combination of the high cost of living and tighter financial conditions is exerting significant pressure on the economic outlook.

Global growth moderated from 5.9% in 2021 to 3.4% in 2022. The emerging and developing economies fared better than the advanced economies. The opening of the Chinese economy towards the end of the year came as a ray of hope for the world.

Outlook

Uncertainty about the ongoing conflict in Ukraine, its broader consequences and the recent collapse of banks are key concerns for the global economy. Median income levels are being significantly reduced due to inflation, currency depreciation and insufficient investment in human resources in the service industry and the private sector. In addition, the economic outlook for Emerging Markets and Developing Economies (EMDEs) is generally stronger than that of advanced economies, but it varies greatly across different regions.

Stronger fiscal measures will help to revive the global economy and support the development agenda. Multilateral cooperation will accelerate the green energy transition and prevent fragmentation.

INDIA

India's economy has reached a significant milestone of becoming the fifth-largest economy in the world. Despite the global headwinds, the Indian economy remained resilient, largely owing to strong domestic demand, favourable government policies, and continued private and government investments. The GDP of the country is estimated to have grown by 7.2%, retaining its status as one of the fastest-growing major economies in the world. Inflation remained a cause of concern and the RBI tightened monetary policy to tame the surging inflation in the country. The factors which will lead to a healthy growth trend are full economic reopening in 2022, which is leading to a cyclical recovery in consumption; pickup in private capex with healthy balance sheets of corporates and financial sector players; and acceleration in government capex. The agriculture sector is estimated to grow by 3.5% in FY 2022-23. The Indian agriculture sector has emerged as the net exporter in recent years with agriculture exports touching US\$ 50.2 billion in FY 2022-23. The service sector rebounded in FY 2022-23, registering an estimated growth of 9.1% against 8.4% in FY 2021-22.

The country reported record GST collection during the year under review. The total gross collection for the year stood at ₹18.10 lakh crore with an average gross monthly collection of ₹1.51 lakh crore. The gross revenues in FY 2022-23 were 22% higher than that last year.

Outlook

The Economic Survey of India has projected a 6.5% growth rate for the Indian economy for the FY 2023-24 despite higher interest rates and weaker external demand will continue to weigh on investment and exports this year for the country owing to resilient domestic demand. India's growth potential has become even more significant since the pandemic with the economy poised for sustained growth and increased job creation which in turn will lead to a virtuous cycle of more jobs, higher income, higher saving, and higher investment. Further, the economy is witnessing a resilient job market, especially from the non-IT sectors, offsetting the slowdown in IT hiring.

MACRO DEMAND DRIVERS

Favourable push by the government

The Indian Government has intensified its expenditure on infrastructure development with an aim to stimulate economic growth. Programmes such as Make in India, Startup India, and National Infrastructure Pipeline have played a crucial role in driving growth by encouraging investments.

Growing exports sector

Despite the global slowdown, exports performed well owing to depreciated currency against the US dollar. India's services exports climbed sharply by 30% between April and February.

Growth of the micro, small and medium enterprises sector

The credit growth to the micro, small and medium enterprises sector has been remarkably high for FY 2022-23, supported by the extended Emergency Credit Linked Guarantee Scheme (ECLGS) of the Union government. India has more than six crore micro, small and medium enterprises that employ close to 12 crore workers across sectors and industries while contributing nearly 35% to the country's gross domestic product (GDP).

Expansion of public digital platforms

Path-breaking measures taken by the Government such as PM Gati Shakti, the National Logistics Policy, and the Production-Linked Incentive schemes help boost manufacturing output.

Private consumption

According to the Reserve Bank of India's Annual Report, private consumption is the primary driver of India's GDP growth, accounting for nearly 63% of it.

Young demography

India is home to a young and dynamic population with 66% of Indians under the age of 35 years, which means a significant workforce driving economic growth.

Booming middle class

India's 'urban mass' composed of 25% of the total middle class population generating around 29% of the country's disposable income and this middle class tends to be well-educated, enterprising, innovative and providing a stable consumer base that drives productive investment.

Building products

Industry review

SANITARYWARE

The Indian sanitaryware market stood at approx. ₹6,000+ crore in FY 2022-23, grown by 15% over the last few years. Almost one-fourth of the market is dominated by unorganised players. However, consumers are increasingly preferring branded products, driven by increasing awareness and affinity

towards premium products. It is the second-largest market in the world and is predicted to expand rapidly in the coming years on the back of various factors, including rising population, urbanisation, and favourable demographics, as well as increasing public and private initiatives in sanitation. This growth is also supported by the revival of the real estate sector, which is generating

a strong demand for sanitaryware products. With growing income and exposure to global trends, consumers are increasingly preferring premium and luxury offerings in ceramic fittings. Moreover, the shift from unbranded to branded products is driving the replacement market, and further boosting the sector.

The industry is also constantly innovating in terms of product offerings, which is expected to further fuel the demand for sanitaryware in India in the coming years.

The demand is further expected to increase substantially with the rising investment in commercial spaces and various projects including airports, hospitals, hotels, and residential projects. Additionally, the luxury housing segment and hotels are creating a demand for expensive, high-end sanitaryware products, which is contributing to the revenue generated by this segment.

FAUCET

The Indian faucet market is valued at around ₹12,000+ crore in FY 2022-23, growing by 18-19% over the past few years. The growth is attributed to several factors, including the rising number of homeowners, increased disposable income, and a growing focus on improving the aesthetic appeal of bathrooms. Additionally, Indian consumers, particularly those in the middle and high-income groups, are being influenced by global trends in interior design and want premium good-looking faucets which are driving the replacement market demand. The market is also expected to benefit from the introduction of a variety of products with advanced technologies and sleek designs.

The Indian government has recently allocated a significant amount of funds towards policies such as 'Har Ghar Nal Se Jal' and 'Pradhan Mantri Awas Yojana' to provide piped water to rural homes and improve housing conditions. This presents a great opportunity for the faucet market in India. As the income level of Indians continues to rise, there will likely be a greater focus on building and improving homes, creating a promising market for the faucet industry.

TILES

India is the world's second-largest producer and consumer of ceramic tiles, following China. The tiles market in India is around ₹35,000 crore. When it comes to value, the collective contribution of organised players accounts for approximately 40%, which amounts to around ₹14,000 crore. In terms of volume, the market size is approximately 900 million sq. m. with organised players contributing about 25%, equivalent to around 240 million sq. m.

Some of the major factors driving demand for ceramic tiles in the country include expansion in the construction sector with an increase in premium and luxury residential units, a rise in consumer expenditure, and growing urbanisation in the country.

PLASTIC PIPES AND FITTINGS

The plastic pipes and fittings industry faced significant challenges in the year under review because of a fall in the PVC raw material prices. But the industry seems well-positioned to overcome this on the back of raw

material prices stability and improved demand. In addition to it, government investments in infrastructure, construction, industrial production, irrigation, and the replacement of ageing pipes are going to boost sales. The current pipes market in FY 2022-23 is estimated at ₹22,000 crore.

The future of the Indian plastic pipes market is promising and is expected to reach a market value of ₹55,000-60,000 crore by FY 2024-25. Despite the pandemic and fall of PVC raw material prices in FY 2022-23, the plastic pipes sector in India has been performing well with a significant increase in the use of CPVC pipes in plumbing and piping applications in the construction industry. The government's 'Jal Jeevan Mission' initiative to provide tap water to all rural homes in India will further boost the demand for PVC pipes and fittings. Indirect policies, such as anti-dumping duties and the National Infrastructure Pipeline will also benefit the sector. While there are macroscopic difficulties and uncertainties, such as global trade and supply shortages, the industry is expected to boom in the coming years.

Growth drivers

Revival of the real estate sector

In 2022, the residential real estate market in India made remarkable strides, recording a y-o-y sales growth of 68%, thereby solidifying its position as one of the country's fastest-growing sectors.

Growth-focused government policies

The Government of India has recently earmarked a substantial amount of ₹60,000 crore towards the implementation of the 'Har Ghar Nal Se Jal' scheme aimed at ensuring the availability of fresh water throughout the country. As a result, there will be a surge in demand for pipes and fittings nationwide.

Rising urban population

By 2030, it is projected that the urbanisation rate in India will reach 40% which has led to an increase in demand for building products in urban areas. The government flagship programmes such as Housing for All, Atal Mission for Rejuvenation and Urban Transformation (AMRUT), and Smart Cities Mission aim to set the foundation for sustainable urban development.

Revival of retail real estate sector

The retail industry rebound in 2022 was driven by rising consumption which led to retail real estate growth in the country. A report by consulting firm Anarock and Retailers Association of India (RAI) estimates 25 million sq. ft. of mall space will be added in the top 7 cities in India in the next 4-5 years.

Demographic preferences

The demand for premium building products is expected to increase due to the improved lifestyle and living standards of millennials.

Potent per capita consumption

India's population of 1.4 billion with a relatively young demographic, is the backbone of the country's resilient and growing demand. With a consumption share of about 60% of GDP, India's per capita consumption is expected to remain robust and will drive the country's growth trajectory for the coming years.

Adoption of touchless technology

COVID-19 accelerated the growth of technology and hygiene-led products such as touchless faucets and touchless toilet technologies. Touch-free fittings reduce the risk of infection and the transmission of germs and are being used in sensitive areas like bathrooms, and in private as well as public spaces.

Rise in renovation projects

The sales of building products are experiencing a significant surge due to the rising demand for home improvement, particularly in the realm of bathroom renovations and remodelling. This trend is further fuelled by the pandemic-induced necessity to create multifunctional spaces, home bars, and outdoor entertaining areas, which have become increasingly popular among homeowners.

Business review

Our Building Products Segment comprises sanitaryware, faucets, premium tiles, and plastic pipes and fittings businesses.

Outlook

For our bathware business, we are confident of retaining our market share on the back of a well-crafted growth strategy that we have adopted. The first is to continue to launch innovative products across segments and categories. Secondly, we will continue to build the brand Hindware. Thirdly, to consistently expand our distribution and reach as we believe there is still significant opportunity in Tier 2 and Tier 3 cities. Our fourth area of emphasis is on strengthening our luxury brand Queo brand. All these efforts are underlined by our strong influencer programmes for key stakeholders

such as architects and plumbers, amongst others, and strong 360-degree integrated marketing campaigns for all our brands.

For our plastic pipes and fittings business, despite the persisting macroeconomic challenges, we are confident to remain the fastest-growing brand in this segment. Our focus is to prioritise expansion strategy, including brownfield and greenfield initiatives, distribution, and sustainable goals to shape our actions across short, medium, and long terms.

Consumer appliances business

Industry review

For the year under review, the growth of the retail and consumer durables sector was muted due to inflationary pressures caused by exceptionally high commodity prices, increased logistics costs, and parts shortages. But the vast untapped market for appliances, steady growth from Tier 3 cities and beyond, the shift in the way people live after the COVID-19 pandemic, premiumisation trends, pent-up demand, and policy initiatives are going to drive the growth of this segment which is expected to reach US\$ 21.18 billion by 2025.

The integration of AI in the consumer appliances and electronics industry has unlocked a vast range of opportunities, considering the enormous scale of the consumer durable market. It is projected that the home automation products industry will reach a value of US\$ 8.6 billion by 2027 due to increasing internet penetration, particularly with the rise of connected home appliances.

Growth drivers

Prudent policy push in key sectors

The Production-Linked Incentive (PLI) scheme, which covers 14 sectors, is expected to offer several advantages. It will enable domestic manufacturers to enhance their global competitiveness, attract investments in advanced technology, and integrate India into the global value chain. Additionally, the scheme is likely to benefit the MSME sector in the country.

Rise in nuclear families

The market for household consumer durables is being propelled by the rise of dual-income nuclear families and the impact of women, who seek to make household tasks less time-consuming and more pleasant.

Convenience of purchase

With many financial institutions offering EMI facilities on consumer appliance purchases, customers are buying products without worrying about upfront payment.

Rise in household incomes

A recent study conducted by McKinsey suggests that India will experience a significant rise in the number of high-income households soon. By 2030, India is projected to rank third in the world, following the US and China in terms of the number of high-income households.

Changes in consumer behaviour

India is experiencing a growing adoption of smart and interconnected devices, particularly among the tech-savvy younger generation, who are driving the demand for tech-led products. With the increasing demand for convenience-led products such as washing machines, microwaves, vacuum cleaners, dishwashers, and others, the market for household appliances and consumer electronics is experiencing growth.

Business review

Through our brand Hindware Smart Appliances, we have established ourselves as a significant player in the consumer appliances industry in India. We offer a wide array of products which include kitchen appliances such as chimneys, cooktops, dishwashers, sinks, water purifiers, built-in microwaves and hobs. Furthermore, we have air coolers, ceiling fans, pedestal fans, and kitchen and furniture fittings, designed to cater to the changing demands of Indian consumers.

Our strategy is largely focused on devising new innovative launches to strengthen the current product portfolio, foray into new markets in Tier 2 and Tier 3 cities through our retail presence and strengthen our omni-channel distribution network for robust growth.

We have also diversified our sourcing within our country and reduced our persistent reliance on imports.

We have expanded our distribution network and are building our brand through customer experience which has been a key focus for us. The opening of new kitchen galleries and customer experience stores, along with a focus on digital channels such as Amazon, are expected to further strengthen our market presence.

During the year, under the 50:50 joint venture with Groupe Atlantic, we commenced trial production of heating appliances from our state-of-the-art 5.7-acre manufacturing plant.

BUSINESS HIGHLIGHTS

Addition of a new 5.7-acre plant for production of heating appliances

- Commenced trial production from our state-of-the-art manufacturing plant in Telangana

Outlook

At Hindware Home Innovation Limited, our strategic focus is to be among the top 5 players in the categories in which we are present in the next 5 years. We aim to reach our goal by continuing to expand our distribution and retail network to service existing markets, enter newer markets and launch innovative products to add conveniences to our customers' lives.

Retail

India's furniture market, which was valued at US\$ 23.33 billion in FY 2020-21 is expected to reach US\$ 32.75 billion by FY 2026-27. Despite the adverse effects of COVID-19 on offline channels, online channels remained resilient, and they are anticipated to expand significantly over the next few years. The democratisation of online furniture and home décor categories is indicative of growing consumer comfort with e-commerce shopping. Notably, there has been an integration of brick-and-mortar with online shopping with several leading players exploring digitalisation.

Growth drivers

The growing middle class population

The rapidly expanding population and the rising middle class are driving the demand for residential and commercial infrastructure development.

Rising disposable income

The improved living standards are also driving the demand for innovative and unique home décor solutions

Rising home decoration and renovation trends

Investments in infrastructure renovation activities, with consumers increasingly adopting aesthetic furniture solutions is one of the key drivers of this growth

Growth of e-commerce

The increased availability of a wide range of furniture across online platforms is also enhancing the sales of furniture

Business review

Our retail business segment focuses on providing specialised home interior products under the brand name 'EVOK'. We sell through various channels such as franchise-based retail stores, our owned large-format retail stores, and online e-commerce platforms.

Our brand has a robust online presence through our website (www.evok.in) and we also sell our products on leading multi-brand furniture marketplaces such

as Pepperfry, Urban Ladder, Flipkart, and Amazon. We currently have 34 franchise-based retail stores and operate two display and sales stores in Delhi and Faridabad, which are Company-owned.

Our products are functional, comfortable, and aesthetically pleasing to cater to the evolving preferences and lifestyle choices of consumers.

BUSINESS HIGHLIGHTS

- Committed to expanding our physical presence, and as of now, we have successfully established and are operating over 34 stores
- Emphasised on minimising overheads to achieve higher profitability and moving from cash burn to cash earn
- Collaborated with Dalmia Group (Hippo Store) as an SIS operation with the first SIS opening in Noida

Outlook

We will continue to focus on the franchise model to deliver a much better ROI and offer innovative and practical solutions, making sure our range of furniture is versatile and practical. Furthermore, we will prioritise profitability improvement by improving operational efficiency and decreasing costs through various measures we plan to undertake such as streamlining store operations and minimising waste in the supply chain.

Risk management

In an ever-changing and unpredictable business landscape, it is crucial to establish a sturdy system that methodically evaluates both external and internal risks to our enterprise. We at Hindware Home Innovation Limited, implement rigorous measures to effectively tackle such risks.

The Board of Hindware Home Innovation Limited consistently offers direction and updates it yearly to enhance the process of identifying potential risks and the subsequent measures taken to alleviate them.

Risk management overview

Under the Board's oversight, we have an Audit Committee that is accountable for monitoring the efficacy of our risk management procedure, including detecting emerging risks.

Key dimensions

- We at Hindware Home Innovation Limited have a robust process that dynamically incorporates the identified risks. They are then measured and reported against criteria that are established against set criteria considering the propensity of occurrences and the prospective impact on the Company.
- To create the Company's risk profile, we conduct a scenario analysis of the external environment so that strategy, fundamental operations and various other engagement strategies are formulated while taking into consideration emerging risks.
- The resulting strategies formulated from the intellectual exercise is subjected to periodic review by the Audit Committee before the final review and approval by the Board.
- On an annual basis, the Directors conduct a thorough evaluation of the Company's ability to operate and remain financially stable over the long term. This assessment considers the major risks that the Company faces, such as changes in market conditions, regulatory compliance, technological advancements, and financial performance. By conducting this review, the Directors can identify any potential risks or challenges that may impact the Company's long-term viability and develop strategies to mitigate or manage them effectively. This process is an important aspect of ensuring the ongoing success and sustainability of the Company.

Key risks and their mitigation process

We at Hindware Home Innovation Limited have classified our risks into three categories namely: external, operational and financial. The mitigation strategy is as follows:

External risk

Nature	Key Risks and their Definition	Mitigation Strategy
Economic, political and market risk	The business may be negatively affected by a decrease in macroeconomic activity, disturbances in the global market, and geopolitical tensions. Additionally, an increase in inflation and interest rates could also have an impact on consumer demand.	Diversification of our business model across multiple segments helps to reduce dependence on any segment. This approach can provide several advantages, including survival in fluctuating market conditions, reduced costs, improved efficiency, expanded customer base, and connecting new opportunities.
Competition risk	Growing competition could impact pricing power and erode profitability	We are aware of the latest industry trends and consistently implement measures to enhance our competitive edge. Our focus on research and innovation is unwavering, enabling us to stay ahead of our competitors and meet the changing demands of our customers. Moreover, our omnichannel distribution system enables us to cater to a vast consumer base throughout the country.
Consumer risk	Consumer preferences are always in flux. Failure to adapt to changing consumer preferences may result in a decreased uptake of products or services.	To stay current, we rely on our robust customer feedback mechanism to comprehend their distinct requirements and customise our products accordingly.

Operational risk

Nature	Key risks and their definition	Mitigation strategy
Product quality risk	The inability to uphold the quality of a product can have negative consequences on sales, putting the market reputation at risk.	Our position among the top five brands in numerous categories is evidence of our dedication to maintaining high-quality standards. We adhere rigorously to stringent quality regulations.
Technology risk	The Company's competitive advantage may be reduced by the obsolescence of its technology.	We maintain a constant focus on global technological advancements and allocate resources towards acquiring state-of-the-art technology to ensure that we provide top-quality products. By forging partnerships and alliances with world-renowned technology pioneers, we can maintain a competitive edge.
Employee risk	Failure to both attract and retain employees has the potential to negatively impact our strategic goals for growth.	Our Company creates an environment that supports and promotes equality, allowing our employees to thrive. We cultivate a culture of continuous learning to aid in the professional development of our staff as they advance in their careers.
Distribution risk	The evolving purchasing habits of customers have the potential to endanger our distribution network, which could ultimately impact our profitability.	Our organisation has taken a comprehensive approach to distribution, by expanding our reach through both traditional and digital channels. We have embraced digital technologies and invested in our online presence to ensure that our customers can easily access our products through multiple digital platforms. At the same time, we recognise the continued importance of our traditional distribution channels and have made efforts to strengthen and optimise these methods. This has enabled us to create a seamless omnichannel distribution system that provides our customers with a convenient and flexible purchasing experience.
Operating efficiency	Failure to effectively utilise our logistics network, stores, and support units has the potential to negatively impact our profitability.	We consistently review and assess the performance of our logistics network, implementing measures to enhance, automate, and evaluate our processes. Additionally, our adoption of the franchise store model has resulted in a more efficient and effective market presence.
Cyber security	The possibility of cyber-attacks poses a threat to the continuity of our operations.	Significant investments have been made towards the development of a resilient IT infrastructure, aimed at mitigating any potential cyber security risks and maintaining the integrity of our organisation's data.
Business continuity risk	Unforeseen events such as pandemics or major incidents have the potential to disrupt our day-to-day operations and cause a ripple effect on our overall performance.	Following a thorough assessment of the market landscape, our senior management has taken multiple measures to mitigate the impact of the pandemic. We are continuously monitoring infection rates and adapting our response strategy to the ever-evolving situation.
Brand legacy	As our customers interact with our brand through various mediums such as electronic, print, and social media, any incorrect or misleading perceptions of our Company have the potential to result in a decline in sales.	Our Company places great importance on safeguarding the robust brand equity we have established through the years. To reach a broader audience and effectively convey our brand message, we utilise both traditional and digital communication channels.

Financial risk

Nature	Key risks and their definition	Mitigation strategy
Credit profile	The inability to obtain short and long-term working capital at a favourable interest rate has the potential to hinder our capacity to fulfil our liquidity needs, which could negatively impact our operations.	Our Company places a strong emphasis on enhancing our working capital requirements through the optimisation of our inventory and receivables cycles, as well as extending our payables cycle. Furthermore, we are actively pursuing initiatives to ensure that our Company has access to short- and long-term debt at competitive rates and can increase the maturity of new debts.
Credit rating risk	A reduction in our credit ratings has the potential to impede our ability to secure additional financing and could negatively impact the interest rates and other commercial terms associated with such instruments.	We maintain a consistent record of servicing our debt obligations in a timely manner and have established a positive reputation with our banks. Our regular engagement with lenders and rating agencies allows us to cultivate trust in our financial performance.
Currency risk	Profitability may be negatively affected by fluctuations in foreign currency exchange rates.	We safeguard our position by implementing appropriate hedging strategies when necessary. Our investment in forward and options contracts adheres to policies approved by the Board.
Legal risk	Failure to comply with regulations may result in penalties and damage our reputation.	We maintain a robust governance framework to ensure adherence to laws, regulations, and existing rules. Our regular interaction and reporting to regulatory bodies promote transparency in our policies and decision-making processes.

Internal control

Our Company is dedicated to maintaining an efficient internal control environment that provides assurance on the secure and orderly conduct of operations, asset protection, fraud and error prevention and detection, as well as timely and accurate completion of accounting records and preparation of reliable financial information. Our internal control systems are designed to align with the Principles of Governance.

The Audit Committee of the Board of Directors, which includes Independent Directors, is responsible for reviewing the effectiveness of our Company's internal control systems. This includes assessing the annual plan, significant audit findings, adequacy of internal controls, and compliance with accounting policies and regulations.

Internal financial controls

Our internal control framework is aligned with industry-best practices for organisations that are similar in size, nature, and complexity. We regularly evaluate and test this framework to identify areas for improvement.

Risk management

Our Company has a comprehensive risk management framework that evaluates and analyses strategic, operational, financial, and compliance risks. We also monitor the effectiveness and efficiency of risk mitigation and control measures. To systematically address major risks identified by our businesses and functions, we continually take necessary mitigating actions.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Standards and Guidelines to the extent applicable, etc. as mentioned above.

Based on the information received and records maintained, we further report that:

1. The Board of Directors of the Company is duly constituted with proper balance of Executive, Non-executive, Women and Independent Directors. The changes in the composition of Board of Directors that took place during the period under review were carried out in compliance with provision of the Act.
2. Adequate notice of at least seven days was given to all Directors to schedule the Board Meetings along with agenda and detailed notes on agenda except at shorter notice wherever required and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
3. Majority decision is carried through and recorded in the minutes of the meetings. Further as informed and verified from minutes, no dissent was given by any director in respect of resolutions passed in the Board and committee meetings.

Based on the compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by Senior Vice President and Chief Financial Officer of the Company pursuant to Regulation 17(8) under SEBI

(Listing) Regulations 2015 and report given by Company Secretary under the Act taken on record by the Board of Directors at their meeting(s), we further report that:

There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has not incurred any specific event/action that can have major bearing on the Company's affairs in pursuance of above referred laws, rules, regulations, guidelines, standards etc. except as follows:

1. Special Resolution under Section 4, 5, 13, 14 & 15 of the Companies Act, 2013 and Regulation 45 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 was passed by the members through postal ballot dated 29 April 2022 for change of name of the Company from "Somany Home Innovation Limited" to "Hindware Home Innovation Limited" and consequent alteration in Memorandum and Articles of Association of the Company. The Registrar of Companies, West Bengal has issued the fresh Certificate of Incorporation pursuant to change of name of Company on 23 May 2022.
2. The Board of Directors of Hindware Limited has allotted 9,00,000 (Nine lakh) partly paid-up equity shares on the payment of ₹ 1/- (Rupees One only) each on preferential basis to eligible subscribers in compliance of provisions of Sections 42(i), 62(1)(c) of the Companies Act, 2013 on 3 February 2023. Post that transaction, the Eligible Subscribers hold approx. 1.80% in the share capital of Hindware Limited. Consequently, the shareholding of the Company in Hindware Limited is reduced from 100% to 98.20% and the status of Hindware Limited has changed from wholly owned subsidiary to subsidiary of the Company with effect from 3 February 2023. However, it will continue to remain a material subsidiary of the Company as per SEBI Listing Regulations.

c. A brief on types of customers

Hindware Home Innovation Limited (HHIL) serves a wide spectrum of customers, encompassing a diverse array of individuals and entities seeking innovative and high-quality home solutions. These customers span various segments, including but not limited to the following:

1. **Brand Stores:** HHIL engages with brand stores, which are established retail outlets specializing in showcasing and selling a curated selection of Hindware's cutting-edge consumer appliances. These brand stores act as exclusive destinations where customers can explore and purchase a comprehensive range of home innovations products designed to elevate their living spaces.
2. **Retailers:** HHIL collaborates with retailers, who are key intermediaries bridging the gap between the manufacturer and the end consumers. These retailers encompass a wide network of outlets, both physical and online, that feature Hindware's products. By partnering with retailers, HHIL ensures that its innovative home solutions are easily accessible to a broad audience, enabling customers to integrate the latest advancements into their homes.
3. **Distributors:** The distribution network plays a crucial role in HHIL's outreach strategy. Distributors, acting as pivotal nodes within the supply chain, facilitate the efficient movement of Hindware's consumer appliances from manufacturing hubs to various retail points. By engaging with distributors, HHIL ensures widespread availability and seamless access to its home innovations, enhancing the convenience for customers to acquire these state-of-the-art solutions.

Governance, leadership, and oversight**7. Statement by the director responsible for the business responsibility report, highlighting ESG-related challenges, targets, and achievements (listed entity has flexibility regarding the placement of this disclosure)**

We at HHIL, recognize the critical importance of Environmental, Social, and Governance (ESG) factors in driving sustainable business practices. As a part of our commitment to responsible business operations, we have integrated ESG considerations into our overall strategy and operations, ensuring that we are accountable for the impact we have on the environment and society.

One of the key ESG challenges we face is reducing our carbon footprint and minimizing our environmental impact. We understand the urgency of addressing climate change and have set ambitious targets to reduce our greenhouse gas emissions. By investing in energy-efficient technologies, optimizing our manufacturing processes, if any and utilizing renewable energy sources, we aim to significantly decrease our carbon emissions over the next five years. Additionally, we are actively exploring opportunities to increase the use of recycled materials in our production processes, contributing to a circular economy.

Social responsibility is another fundamental aspect of our business. We strive to create a safe and inclusive workplace where diversity is celebrated, and all employees are treated with respect and fairness. We are dedicated to fostering a culture that promoted employee well-being, health, and safety. Our ongoing initiatives include providing training and development opportunities, implementing fair labor practices, and ensuring effective health and safety measures across our operations.

Hindware Home Innovation Limited

In terms of Governance, we uphold the highest ethical standards and value transparency and accountability. We have implemented robust corporate governance practices that promote integrity and responsible decision-making throughout our organization. As a part of our governance framework, we regularly engage with our stakeholders, to understand their expectations and address their concerns.

Looking forward to the future, we have set ambitious sustainability goals that align with international standards and best practices. Our roadmap includes initiatives such as further reducing our energy consumption, water usage, and waste generation. We are actively exploring partnerships and collaborations with other industry stakeholders, research institutes, and NGOs, to drive innovation and find sustainable solutions to the challenges we face.

We aim to create long-term value for our stakeholders, and we believe that sustainable business practices are not only essential for the well-being of our planet and society but also critical for the long-term success and resilience of our Company. We are committed to continually improving our ESG performance and reporting transparency on our progress, as we strive to be a leader in sustainability within our industry.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

HHIL is committed to upholding Principle 4 of the BRSR and will continue to engage with its stakeholders to ensure that its business practices are responsible, sustainable, and responsive to the needs of all. The Company engages with its stakeholders on an ongoing basis to understand their needs and expectations. The Company also conducts regular stakeholder mapping exercises to identify and prioritize stakeholders based on their relevance to its business. HHIL has established channels for stakeholders to raise concerns or provide feedback, and it takes these inputs seriously. HHIL believes that by respecting the interests of all stakeholders, it can build long-term relationships that benefit everyone.

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

HHIL has already completed a systematic and iterative approach to identify stakeholders who have an interest in or may be impacted by its activities. HHIL has identified its key stakeholders as below:

1. Firstly, an internal stakeholder comprises individuals within the organization who are part of critical functions such as Employees and Board Members
2. Following this, an external stakeholder, individuals outside the organization, such as vendors, suppliers, investors, regulators, NGOs, local communities, and other key stakeholders.
3. Once all stakeholders were identified, they were prioritized based on their level of influence on the business and the impact that the organization's activities have on them. This process helped determine the most critical stakeholders with whom the organization needed to engage more deeply.

The organization continues to regularly review and update its stakeholder analysis to remain responsive towards stakeholder needs and expectations. This process ensures that the organization is addressing the important challenges and opportunities it faces by engaging with the right set of stakeholders in a transparent and accountable manner.

Independent Auditor's Report

To the Members of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited)

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited) ("the Company"), which comprise the Balance Sheet as at 31 March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manners required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended 31 March 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter	How our audit addressed the key audit matters
<p>1. Valuation of Corporate Guarantee</p> <p>The company has given letter of continuing guarantee to banker against borrowing facilities extended to a Joint venture ₹ 8,221.36 lakh (PY ₹ 2,782.73 lakh). We have considered the valuation of corporate guarantee as key audit matter considering complexities and financial impact involved over financial statements.</p>	<p>Our audit procedures includes:</p> <ul style="list-style-type: none"> We tested the design and operating effectiveness of key Controls. Controls over the validation, completeness, implementation and usage of valuation models. Our own valuation specialists independently evaluated the valuation model and reasonableness of key assumptions.
<p>2. Recognition of revenue (as described in Note 3.4 and 30 of the standalone financial statements)</p> <p>The Company recognizes revenues when the control of goods and/ or services are transferred to the customer at an amount that reflects the net consideration, which the Company expects to receive for those goods and/or services from customers in accordance with the terms of the contracts. In determining the sales price, the Company considers the effects of applicable rebates, and discounts (variable consideration).</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> We read and evaluated the Company's revenue recognition policy and assessed its compliance in terms of Ind AS 115 'Revenue from contracts with customers'. We assessed the design and tested the operating effectiveness of internal controls related to sales and applicable rebates/discounts.

Description of Key Audit Matter

The terms of sales arrangements, including the timing of transfer of control, based on the terms of relevant contract and nature of discount and rebates arrangements, create complexities that require judgment in determining sales revenues.

Considering the above factors and the risk associated with revenue recognition, we have determined the same to be a key audit matter.

How our audit addressed the key audit matters

- We performed test for a sample of sales transactions by comparing the underlying sales invoices, sales orders and other related documents to assess that revenue is recognized on transfer of control to the customer in accordance with the terms of the contract.
- We tested on a sample basis rebates and discount schemes as approved by the management to assess its accounting. For the samples selected, we also compared that the actual rebates and discounts recognized in respect of particular schemes do not exceed their approved amounts.
- We tested on a sample basis, that revenue has been recognized in the proper period with reference to the supporting documents including confirmations from customers.

We read and assessed the relevant disclosures made in the standalone Ind AS financial statements

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In Connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

It based on the work we have performed, if we conclude that there is a material misstatement therein, we are required to report that fact.

we have nothing to report in this regard.

RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it

exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgments and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended 31 March 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 (as amended);

- (e) On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note no. 43 to the standalone financial statements;
 - ii) The Company has made provision, as required under the applicable law or Indian Accounting Standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March, 2023.
 - iv) (i) The management has represented that to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries
 - (iii) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above as required by rule 11(e) of Companies (Audit and Auditors) Rules 2014, as amended, contains any material mis-statement.
 - v) The Board of Directors of the Company have proposed dividend for the year 2022-23 which is subject to the approval of the members in the ensuing General meeting. The amount of dividend proposed is in accordance with section 123 of the Companies Act, 2013. (Refer note no. 54)
- (h) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided for by the Company to its directors during the year in accordance with the provisions of Section 197 read with Schedule V to the Act.
- (i) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is currently not applicable.

Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the standalone financial statements of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited) for the year ended 31 March 2023)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment (PPE), and relevant details of Right-of-use-Assets (ROU).
- (B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) As per the physical verification program, certain Property, Plant and Equipment were physically verified during the year by the Management in the phased manner designed to cover all the items over a period of three years. Accordingly, during the year, certain items have been physically verified which, in our opinion, provides for physical verification at reasonable intervals having regard to the size of the company and the nature of its property plant and equipment. Based on information and records provided, no material discrepancies were noticed on such verification.
- (c) The Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), hence reporting under clause (i)(c) of the Order is not applicable.
- (b) According to the information and explanations given to us and as per the records verified, the Company has been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with the banks in lieu of the sanctioned working capital facility, which are in agreement with the books of account other than those as set out below:-
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not revalued any of its PPE (including ROU) & Intangible assets during the year.
- (e) According to the information and explanations given to us and records provided, no proceedings have been initiated during the year or are pending against the Company as at 31 March, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) As per the physical verification program, the inventories of the Company were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. Discrepancies noticed were not of 10% or more in the aggregate for each class of inventories on such physical verification of inventories when compared with books of account.

Annexure "B" to the Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

OPINION

We have audited the internal financial controls over financial reporting of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited) ("the Company") as of 31 March 2023 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over

financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

1. CORPORATE INFORMATION

Hindware Home Innovation Limited (the 'Company') (formerly Somany Home Innovation Limited) is a public limited company incorporated in India under the Companies Act 2013. The registered office of the Company is situated in Kolkata and the corporate office is in Gurugram. The Company is into the business of selling and trading of Consumer products and Retail business. The equity shares of the Company is listed at National Stock Exchange of India Limited (NSE) and BSE Limited (BSE).

These financial statements were approved and authorized for issue in accordance with the resolution of the Company's Board of Directors on 24 May 2023.

2. APPLICATION OF NEW AND REVISED INDIAN ACCOUNTING STANDARD ("IND AS")

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the standalone financial statements are authorized have been considered in preparing these standalone financial statements.

2.1 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April, 2023, as below:

Ind AS 1 - Disclosure of material accounting policies

The amendments related to shifting of disclosure of erstwhile "significant accounting policies" to "material accounting policies" in the notes to the financial statements requiring companies to reframe their accounting policies to make them more "entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).

Ind AS 8 - Definition of accounting estimates

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a "change in accounting estimates" has been replaced with a definition of "accounting estimates." Under the new definition, accounting estimates are "monetary amounts in

financial statements that are subject to measurement uncertainty." Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.

Ind AS 12 - Income Taxes

The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12. At the date of transition to Ind ASs, a first-time adopter shall recognize a deferred tax asset to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. Similarly, a deferred tax liability for all deductible and taxable temporary differences associated with:

- a) Right-of-use assets and lease liabilities
- b) Decommissioning, restoration and similar liabilities and the corresponding amounts recognised as part of the cost of the related asset. Therefore, if an Entity has not yet recognised deferred tax on right-of-use assets and lease liabilities or has recognised deferred tax on net basis, the same need to recognize on gross basis based on the carrying amount of right-of use assets and lease liabilities.

The Company does not expect the amendment to have any significant impact in its financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

3.1 Statement of compliance with Indian Accounting Standards (Ind AS)

The standalone financial statements of the Company have been prepared in accordance with Ind AS notified by the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Accordingly, the standalone financial statements for the year ended 31 March 2023 are prepared complying applicable Ind AS.

3.2 Historical cost convention

These standalone financial statements have been prepared on a historical cost convention except where certain financial assets and liabilities have been measured at fair value.

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

3.3 Business combinations

Business combinations involving entities under common control are accounted for using the pooling of interest method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised as capital reserve under equity.

3.4 Revenue recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue is recognized net of sales reductions such as discounts and sales incentives granted. This variable consideration is estimated based on the expected value of outflow.

Sale of products:

Revenue from the sale of products is recognized when the Company has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Company will collect the consideration to which it is entitled to in exchange for the goods.

Sales-related warranties associated with the goods are integral to sales price and cannot be purchased separately, hence they serve as an assurance that the products sold comply with agreed-upon specifications. Accordingly, the Company accounts for warranties in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

Rendering of services:

Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

Interest and dividends

Interest income and expenses are reported on an accrual basis using the effective interest method. Dividends are recognised at the time the right to receive payment is established.

3.5 Leases

The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable,

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.6 Foreign currency transactions and translations

Initial recognition

The Company's standalone financial statements are presented in INR, which is also the Company's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Company, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

3.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale.

All other borrowing costs are expensed in the period in which they are incurred and reported in finance cost.

3.8 Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and pension fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees. The Company has no legal or constructive obligation to pay contribution in addition to its fixed contribution.

Defined benefit plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using 'the Projected Unit Credit method', with actuarial valuations being carried out at each Balance Sheet date. Re-measurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to the statement of profit and loss in subsequent periods. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

Long-term employee benefits

Compensated absences which are allowed to be carried forward over a period in excess of 12 months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date out of which the obligations are expected to be settled.

3.9 Taxation

Tax expense recognised in the statement of profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current tax

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT Credit is allowed to be carried forward. In the year in which the Company recognizes MAT Credit as an asset, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit Entitlement".

The Company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period. The MAT Credit Entitlement is disclosed under the head "Deferred tax liabilities (net)".

Deferred tax

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future opening results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognised in full, although Ind AS 12, Income Taxes, specifies limited exemptions.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in the statement of profit or loss, except where they relate to items that are recognised in other comprehensive income (such as the revaluation of land) or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

3.10 Operating cycle

Based on the nature of products/activities of the Company and the normal time between purchase of raw materials and their realisation in cash or cash equivalents, the Company has determined its operation cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.11 Operating expenses

Operating expenses are recognised in statement of profit or loss upon utilisation of the service or as incurred. Expenditure for warranties is recognised when the Company incurs an obligation, which is usually when the related goods are sold.

3.12(a) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Property, plant and equipment are stated at their original cost including freight, duties, taxes and other incidental expenses relating to acquisition and installation.

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

The carrying amount of assets, including those assets that are not yet available for use, are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, recoverable amount of asset is determined. An impairment loss is recognised in the statement of profit and loss whenever the carrying amount of an asset exceeds its recoverable amount. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined if no impairment loss had been recognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(b) Intangible assets

Intangible Assets are recognised, if the future economic benefits attributable to the assets are expected to flow to the company and cost of the asset can be measured reliably. All other expenditure is expensed as incurred. The same are amortised over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortisation and impairment losses, if any and are amortised over their respective individual estimated useful life on straight line method. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate

(c) Capital work-in-progress

Expenditure incurred during the period of construction, including all direct and indirect expenses, incidental and related to construction, is carried forward and on completion, the costs are allocated to the respective property, plant and equipment. Capital work-in-progress includes capital inventory.

3.13 Depreciation and amortisation

Depreciation is charged on a pro-rata basis on the straight line method at rates prescribed in Schedule II to the Companies Act, 2013 and is charged to the statement of profit and loss. Freehold land is not depreciated.

The estimated useful life of the items of property, plant and equipment are as follows:

Asset class	Useful life
Property, plant and equipment	
Plant and machinery	7.5 - 10 years*
Furniture and fixtures	2-10 years [^]
Office equipment	upto 5 years
Computer	3-6 years
Vehicles	8 years**
Intangible assets	
Software	6 years

*Moulds are parts of consumer appliances business of the Company, included in plant and machinery, are depreciated over a life of 10 years, which is different from life prescribed in schedule II of the Act, based on independent chartered engineer certificate

** Vehicles are being depreciated using written down value method as per life of 8 years mentioned in Schedule II of the Act

[^] Wooden pallets are parts of consumer appliances business of the Company, included in furniture and fixtures, are depreciated over a life of upto 5 years which is lesser than life prescribed in schedule II of the Act, depending on the actual use of the asset.

3.14 Impairment of property, plant and equipment and Intangible assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable and impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units). If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

3.15 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from the date of acquisition. Cash and cash equivalent are readily convertible into known amounts of cash

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

and are subject to an insignificant risk of changes in value.

3.16 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.17 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Costs of inventories are determined on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

3.18 Provisions and contingencies

A provision is recognised in the standalone financial statements where there exists a present obligation as a result of a past event, the amount of which can be reliably estimated, and it is probable that an outflow of resources would be necessitated in order to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised but are disclosed in the notes unless the outflow of resources is considered to be remote. Contingent assets are neither recognised nor disclosed in the standalone financial statements.

3.19 Equity, reserves and dividend payments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

Dividend distribution payable to equity shareholders are included in other liabilities when the dividends have been approved in a general meeting prior to the reporting date.

3.20 Earnings per share

Basic earnings or loss per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings or loss per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.21 Fair value measurement

The Company measures financial instruments such as investments in mutual funds, investment in certain equity shares etc. at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.22 Financial instruments

I. Financial assets

a. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset, which are not at fair value through profit and loss, are added to fair value on initial recognition. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit and loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

b. Subsequent measurement

(i) *Financial assets carried at amortised cost*

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) *Financial assets at fair value through other comprehensive income (FVTOCI)*

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) *Financial assets at fair value through profit or loss (FVTPL)*

A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit and loss.

c. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its assets measured at amortised cost and assets measured at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 40 details how the Company determines whether there has been a significant increase in credit risk.

d. De-recognition of financial assets

A financial asset is derecognised when:

- The Company has transferred the right to receive cash flows from the financial assets or
- Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity transfers the financial asset, it evaluates the extent to which it retains the risk and rewards of the ownership of the financial assets. If the entity transfers substantially all the risks and rewards of ownership of the financial asset, the entity shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. If the entity retains substantially all the risks and rewards of ownership of the financial asset, the entity shall continue to recognise the financial asset.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of the ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial assets. Where the Company retains control of the financial assets, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial liabilities

a. Initial recognition and subsequent measurement

All financial liabilities are recognized initially at fair value and in case of borrowings and payables, net of directly attributable cost.

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

III. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may vary from actual realization on future date.

IV. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.23 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in statement of profit and loss immediately unless the derivative is designated and

effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

3.24 Significant accounting judgements, estimates and assumptions

The preparation of the Company's standalone financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(i) Estimation of defined benefit obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Significant accounting policies and other explanatory information to the standalone financial statements

for the year ended 31 March 2023

(ii) Estimation of current tax and deferred tax

Management judgment is required for the calculation of provision for income - taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to adjustment to the amounts reported in the standalone financial statements.

(iii) Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain property, plant and equipment.

(iv) Impairment of trade receivables

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is recognised based on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

(v) Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with

how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date (refer note 39).

(vi) Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit is less than its carrying amount based on a number of factors including operating results, business plans, future cash flows and economic conditions. The recoverable amount of cash generating units is determined based on higher of value-in-use and fair value less cost to sell. The goodwill impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

NOTE 39 - FINANCIAL INSTRUMENTS AND RISK REVIEW

Capital management

The Company manages its capital to be able to continue as a going concern while maximising the returns to shareholders through optimisation of the debt and equity balance. The capital structure consists of debt which includes the borrowings as disclosed in note 18 & 24 and net off cash and cash equivalents as disclosed in note 12 and equity attributable to equity holders of the Company, comprising issued share capital, reserves and retained earnings as disclosed in the Statement of changes in equity. For the purpose of calculating gearing ratio, debt is defined as non current and current borrowings (excluding derivatives). Equity includes all capital and reserves of the Company attributable to equity holders of the Company. The Company is not subject to externally imposed capital requirements. The Board reviews the capital structure and cost of capital on an annual basis but has not set specific targets for gearing ratios. The risks associated with each class of capital are also considered as part of the risk reviews presented to the Audit Committee and the Board of Directors.

NOTE 39 - FINANCIAL INSTRUMENTS AND RISK REVIEW (Contd.)

Financial risk management objective

The Company is exposed to various risks in relation to financial instruments. The main types of risks are market risk, credit risk and liquidity risk. The Company is not engaged in speculative treasury activities but seeks to manage risk and optimise interest and commodity pricing through proven financial instruments.

The use of any derivative is approved by the management, which provide guidelines on the acceptable levels of interest rate risk, credit risk, foreign exchange risk and liquidity risk and the range of hedging requirement against these risks.

Credit risk:

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to financial loss. The Company is exposed to credit risk for receivables, cash and cash equivalents, short term investments, financial guarantee and derivative financial instruments.

Cash and cash equivalents and short term investments

The Company considers factors such as track record, size of institution, market reputation and service standard to select the banks with which deposits are maintained. Generally the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant deposit balances other than those required for its day to day operations.

Trade receivables

The Company extends credits to customer in normal course of the business. The Company considers the factors such as credit track record in the market of each customer and past dealings for extension of credit to the customer. The Company monitors the payment track record of each customer and outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located at several jurisdiction and industries and operate in large independent markets. The Company also takes advances and security deposits from customers which mitigate the credit risk to an extent.

The average credit period taken on sales of goods is 30 to 90 days. Generally, no interest has been charged on the receivables. Allowances against doubtful debts are recognised against trade receivables based on estimated irrecoverable amounts determined by reference to past default experience of the counterparty and an analysis of the counterparty's current financial position.

Before accepting any new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limits by customer. Limits attributed to customers are reviewed periodically. There is a customers who represent more than 10 per cent of total net revenue from operations.

Expected credit loss:

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected credit loss (%)
Not due for payment	0
Up to 6 months	0
From 6 months to 1 year	0
From 1 year to 3 years	10 to 100
More than 3 years	100

Liquidity risk:

Liquidity risk reflects the risk that the Company will have insufficient resources to meet its financial liabilities as they fall due.

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure that it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities so that it does not breach borrowing limits.

The table below provides undiscounted cash flows towards non-derivative financial liabilities into relevant maturity based on the remaining period at the balance sheet date to the contractual maturity date and, where applicable, their effective interest rates.

Market risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk, including:

Forward foreign exchange contract to hedge the exchange rate risk arising on the export of its products.

Currency risk

The Company undertakes various transactions denominated in foreign currencies, consequently, exposure to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The Company transacts business primarily in Indian Rupee, USD, Euro. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. Certain transactions of the Company act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adopted a policy of selective hedging based on risk perception of the management.

The carrying amounts of the company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

NOTE 39 - FINANCIAL INSTRUMENTS AND RISK REVIEW (Contd.)

Sensitivity analysis

The following table demonstrates the sensitivity of profit and equity in USD, and Euro to the Indian Rupee with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

Currency	Change in currency exchange rate	Effect on profit before tax	
		31 March 2023	31 March 2022
USD	5%	(46.92)	(148.28)
	-5%	46.92	148.28
EUR	5%	(2.14)	(0.13)
	-5%	2.14	0.13

(₹ in lakh)

This is mainly attributable to the exposure outstanding on foreign currency receivables and payables in the Company at the end of each reporting period.

Interest rate risk

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debts. Its objective in managing its interest rate risk is to ensure that it always maintain sufficient head room to cover interest payment from anticipated cash flows which is regularly reviewed by the board/nominated committee as well.

The following table demonstrates the sensitivity in the interest rate with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the interest rates is given below:

OPINION

We have audited the accompanying consolidated financial statements of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited) ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its joint venture (jointly controlled entity), which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint venture as at 31 March 2023, their consolidated profit including their other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters section below, other than the unaudited financial statements/ financial information of a company as certified by the management and referred to in and financial information not available as referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter	How our audit addressed the key audit matters
<p>Recognition of revenue (as described in 31 of the consolidated financial statements)</p> <p>The group recognises revenues when the control of goods and/or services are transferred to the customer at an amount that reflects the net consideration, which the Group expects to receive for those goods and/or services from customers in accordance with the terms of the contracts. In determining the sales price, the Company considers the effects of applicable rebates, and discounts (variable consideration).</p> <p>The terms of sales arrangements, including the timing of transfer of control, based on the terms of relevant contract and nature of discount and rebates arrangements, create complexities that require judgement in determining sales revenues.</p>	<p>Our audit procedures included the following:</p> <ol style="list-style-type: none"> We read and evaluated the Group revenue recognition policy and assessed its compliance in terms of Ind AS 115 'Revenue from contracts with customers'. We assessed the design and tested the operating effectiveness of internal controls related to sales and applicable rebates/discounts. We performed test for a sample of sales transactions by comparing the underlying sales invoices, sales orders and other related documents to assess that revenue is recognised on transfer of control to the customer in accordance with the terms of the contract.

Description of Key Audit Matter	How our audit addressed the key audit matters
<p>Considering the above factors and the risk associated with revenue recognition, we have determined the same to be a key audit matter.</p>	<p>iv. We tested on a sample basis rebates and discount schemes as approved by the management to assess its accounting. For the samples selected, we also compared that the actual rebates and discounts recognised in respect of particular schemes do not exceed their approved amounts.</p> <p>v. We tested on a sample basis, that revenue has been recognised in the proper period with reference to the supporting documents including confirmations from customers.</p> <p>We read and assessed the relevant disclosures made in the Consolidated Ind AS financial statements</p>
Assessment of carrying amount of goodwill related to	Hindware Limited (subsidiary company)
<p>The Group has a goodwill balance of ₹ 191.00 lakh as at March 31, 2023 relating to the above-mentioned subsidiary. The Group carries Goodwill at cost less impairment losses, if any, and tests the same for impairment atleast annually or when events occur which indicate that the recoverable amount of the Cash Generating Unit (“CGU”) is less than the carrying amount of Goodwill.</p> <p>The Group has identified the subsidiary as a separate CGU for the purpose of impairment assessment and has estimated its recoverable amount based on discounted free cash flows forecast of the CGU which requires judgement in respect of certain key inputs such as assumptions on discount rates, growth rate, expected change in selling prices, direct costs and capital expenditure, etc. This has been determined to be a Key Audit Matter as the determination of recoverable amount involves significant management judgement</p>	<p>Our procedures included the following:</p> <p>i. We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Group’s key controls over the impairment assessment of goodwill.</p> <p>ii. We evaluated the appropriateness of the Group’s accounting policy in respect of impairment assessment of Goodwill.</p> <p>iii. We evaluated the Group’s process regarding impairment assessment by involving auditor’s valuation experts, to assist in assessing the appropriateness of the impairment assessment model, underlying assumptions relating to discount rate, terminal value, etc.</p> <p>iv. We evaluated the cash flow forecasts/incremental cash flows by comparing them to the budgets and our understanding of the internal and external factors.</p> <p>v. We checked the mathematical accuracy of the impairment assessment model and agreed the relevant data with the latest budgets, actual results and other supporting documents, as applicable.</p> <p>vi. We assessed the sensitivity analysis and evaluated whether any reasonably foreseeable change in assumptions could lead to impairment.</p> <p>vii. We have discussed the key assumptions and sensitivities with those charged with governance.</p> <p>viii. We evaluated the appropriateness of the disclosures made in the consolidated financial statements. Based on the above procedures performed, we did not identify any significant exceptions in the management’s impairment assessment of the carrying amount of goodwill related to the above mentioned subsidiary.</p>

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR’S REPORT THEREON

The holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidate financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT'S AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group and joint venture in accordance with Ind As and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and joint venture are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and joint venture for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and joint venture are responsible for assessing the ability of the Group and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and joint venture or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and joint venture are also responsible for overseeing the financial reporting process of the Group and joint venture.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's

report. However, future events or conditions may cause the Group and joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

1. The consolidated financial statement include the audited financial statement of three subsidiaries, whose financial statements/financial information reflect total assets of ₹ 705.06 lakh as at 31 March 2023, total revenue of ₹ 522.64 lakh, total net profit/(loss) after tax of (₹ 268.23 lakh), total comprehensive income of (₹269.22 lakh) for year ended 31 March 2023 and net cash outflow of ₹ 18.10 lakh for the period from 1 April 2022 to 31 March 2023, as considered in the consolidated financial statement. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated Financial statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us are as stated in paragraph above.
2. We did not audit the financial statement of one foreign subsidiary whose financial statement reflect total assets of ₹ 21.29 lakh as at 31 March 2023, total revenue of ₹ Nil, total net profit/(loss) after tax of (₹ 5.58 lakh), total comprehensive income of (₹ 5.68 lakh) for the year ended 31 March 2023 and net cash outflow of ₹ 0.97 lakh for the period from 1 April 2022 to 31 March 2023, as considered in the consolidated financial Statement. The financial statement and other information have been prepared in accordance with accounting principles generally accepted in their respective country and which have been certified by the management. The Company's management has converted the financial statements which have been certified by a independent Chartered Accountant in India and other information of such subsidiary located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. Our opinion in so far as it relates to the balances and affairs of such subsidiary located outside India is solely based on the conversion adjustments prepared by the management of the Company and certified by a Chartered Accountant in India and audited by us. In our opinion and according to the information and explanations given to us by the Board of Director these financial statement are not material to the group.
3. Certain of these subsidiaries are located outside India whose financial statements and other information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by their respective auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements which have been certified by a Chartered Accountant in India and other information of such

subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is solely based on the report of other auditors, the conversion adjustments prepared by the management of the Company and certified by a Chartered Accountant and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors/independent firm of chartered accountants for the purpose of preparation of these consolidated financial statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure A, a statement on the matter specified in paragraph 3(xxi) of CARO 2020.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2023 taken on record by the Board of Directors of the Holding Company and its subsidiaries and its joint venture incorporated in India and the reports of the statutory auditors of its subsidiary companies and its joint venture incorporated in India, none of the directors of the Group companies and joint venture incorporated in India is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" which is based on the auditor's reports of the Holding Company and its subsidiary companies and its joint venture incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matter to be included in the Auditors' report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and according to the information and explanation given to us, the remuneration paid by the Holding company to its directors during the year and its subsidiaries and its joint venture which are incorporated in India is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - I. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group and joint venture – Refer Note No. 43 of the Consolidated Financial Statements.
 - II. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - III. There has been no delay in transferring amounts, required to be transferred, to the

Investor Education and Protection Fund by the Holding Company and its subsidiary and its joint venture companies incorporated in India.

- IV. (a) The respective management of the Holding Company and its subsidiaries and its joint venture which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries or joint venture to or in any other person(s) or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries or joint venture ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Management of the Holding Company and its subsidiaries and its joint venture which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the Holding Company or any of such subsidiaries or joint venture from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries or joint

venture shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Holding Company and its subsidiaries and its joint venture which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) above as required by Rule 11(e) of Companies (Audit & Auditors) Rules, 2014, as amended, contains any material mis-statement.
- v. The dividend declared and paid during the year by the Holding Company, its subsidiary companies and joint venture entities incorporated in India, is in compliance with Section 123 of the Companies Act, 2013.
- vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Group and its joint venture which are incorporated in India only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

Annexure "B" to the Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2023, we have audited the internal financial controls over financial reporting of Hindware Home Innovation Limited (formerly known as Somany Home Innovation Limited) ('the Holding Company'), its subsidiary companies and joint venture, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company, its subsidiary companies and joint venture which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding company and its subsidiary companies and joint venture, which are companies incorporated in India, based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued

by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Group, its Subsidiary companies and joint venture, which are incorporated in India, have, maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of

internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiaries, which is company incorporated in India, is based on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of this matter.

B) Statement of compliance with Indian Accounting Standards (Ind AS)

The consolidated financial statements of the Group have been prepared in accordance with Ind AS notified by the Companies (Indian Accounting Standards) Rules, 2015 (as amended). Accordingly, the Group's financial statements for the year ended 31 March 2023 are prepared complying in material aspects with applicable Ind AS.

The consolidated financial statement of the Group as at and for the year ended 31 March 2023 were approved and authorised by the Board of Directors on 24 May, 2023.

C) Application of new and revised Indian Accounting Standard ("Ind AS")

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised have been considered in preparing these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April, 2023, as below:

Ind AS 1 - Disclosure of material accounting policies

The amendments related to shifting of disclosure of erstwhile "significant accounting policies" to "material accounting policies" in the notes to the financial statements requiring companies to reframe their accounting policies to make them more entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).

Significant accounting policies and other explanatory information to the consolidated financial statements

for the year ended 31 March 2023

Ind AS 8 - Definition of accounting estimates

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a "change in accounting estimates" has been replaced with a definition of "accounting estimates." Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty." Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.

Ind AS 12 - Income Taxes

The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12. At the date of transition to Ind ASs, a first-time adopter shall recognise a deferred tax asset to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. Similarly, a deferred tax liability for all deductible and taxable temporary differences associated with:

- a) Right-of-use assets and lease liabilities
- b) Decommissioning, restoration and similar liabilities and the corresponding amounts recognised as part of the cost of the related asset. Therefore, if an Entity has not yet recognised deferred tax on right-of-use assets and lease liabilities or has recognised deferred tax on net basis, the same need to recognise on gross basis based on the carrying amount of right-of use assets and lease liabilities.

The Group does not expect the above amendments to have any significant impact in its financial statements.

2.2 Basis of preparation of Consolidated Financial Statements

These financial statements are the Consolidated Financial Statements of the Group prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

These Consolidated Financial Statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except

for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The Consolidated Financial Statements (CFS) comprises the Financial Statements of Hindware Home Innovation Limited ("the Company"), its Subsidiaries (hereinafter referred as the 'Group') and joint venture. The CFS of the Group have been prepared in accordance with the Indian Accounting Standards on "Consolidated Financial Statements" (Ind AS 110), "Joint Arrangements" (Ind AS 111), "Disclosure of Interest in Other Entities" (Ind AS 112), "Investment in Associates and Joint Ventures" (Ind AS 28) notified under Section 133 of the Companies Act, 2013.

2.3 Principles of Consolidation

(i) Subsidiaries

Control is gained when the Parent Company:

- Has power over the investee
- Is exposed or has rights to variable return from its involvement with the investee, and
- Has the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Parent Company has less than a majority of the voting or similar rights of an investee, the Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Parent Company's voting rights and potential voting rights
- The size of the Parent Company's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation

Significant accounting policies and other explanatory information to the consolidated financial statements

for the year ended 31 March 2023

of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Parent Company gains control until the date the Parent Company ceases to control the subsidiary.

(ii) Joint Venture/Equity Accounted Investees

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether joint control exists are similar to those necessary to determine control over the subsidiaries.

(iii) Loss of Control

When the Group loses control over a subsidiary, it de-recognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on 31 March.

2.4 Consolidation procedure:

Subsidiaries

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements.
- d) Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned, directly or indirectly, by the Holding Company

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Joint Venture

The Group's investments in its joint ventures are accounted for using the equity method. Under the equity method, the investment in a joint venture is

Significant accounting policies and other explanatory information to the consolidated financial statements

for the year ended 31 March 2023

initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment.

Unrealised gains resulting from the transaction between the Group and joint venture are eliminated to the extent of the interest in the joint venture, and deferred tax is made on the same.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss as 'Share of profit of a joint venture' in the Statement of Profit and Loss.

3 SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

3.1 Business combinations

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognised in accordance with the requirements

of Ind AS 12, 'Income Taxes' and Ind AS 19, 'Employee Benefits', respectively. Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in other comprehensive income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit and Loss in the period in which they are incurred.

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the parent entity's consolidated financial statements with the exception of certain income tax and deferred tax assets. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. The components of equity of the acquired companies are added to the same components within the Group's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to other equity and is presented separately from other capital reserves.

3.2 Foreign currency transactions and translations

Initial recognition

The Group's consolidated financial statements are presented in INR, which is also the Group's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

Significant accounting policies and other explanatory information to the consolidated financial statements

for the year ended 31 March 2023

Measurement at the balance sheet date

Foreign currency monetary items of the Group, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Group's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

3.3 Taxation

Deferred tax

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Parent Company's/its subsidiary's forecast of future opening results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognised in full, although Ind AS 12, Income Taxes, specifies limited exemptions.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in the statement of profit or loss, except where they relate to items that are recognised in other comprehensive income (such as the revaluation of land) or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

3.4 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Group has three operating/reportable segments: consumer appliances business, retail business and building products segments. In identifying these operating segments, management generally follows the Group's service lines representing its main products and services.

Each of these operating segments is managed separately as each requires different technologies, marketing approaches and other resources. All inter-segment transfers are carried out at arm's length prices based on prices charged to unrelated customers in standalone sales of identical goods or services.

For management purposes, the Group uses the same measurement policies as those used in its financial statements. In addition, unallocated assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment.

Balance as at 31 March 2022	191.00	
Impairment for the year	-	
Balance as at 31 March 2023	191.00	

The Group tests goodwill annually for impairment, or more frequently if there are indications that goodwill might be impaired.

The recoverable amounts of the cash generating units ("CGU") is determined from value in use calculation. The key assumptions for the value in use calculations are those regarding the discount rates, growth rates and expected changes to selling prices and direct costs during the period. These assumptions have been determined in light of the economic environment which has resulted in more conservative estimates about the future. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the CGU. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market.

The Group has conducted a sensitivity analysis on the impairment test of CGU carrying value. Change in the discount rate and growth rate by +/- 1% points would not impact in carrying value of goodwill (with other factors remains constant).

Value in use has been determined by discounting the future cash flows generated from the continuing use of the unit. The calculation of the value in use is based on the following key assumptions :

Particulars	As at	
	31 March 2023	31 March 2022
Discount rate	14.86%	N.A
Terminal value of growth rate	4%	N.A

The estimated recoverable amount of goodwill is not lower than the carrying amount at year end, consequently the Company has not provided for any impairment loss.

NOTE 45 - FINANCIAL INSTRUMENTS AND RISK REVIEW

Capital management

The Group manages its capital to be able to continue as a going concern while maximising the returns to shareholders through optimisation of the debt and equity balance. The capital structure consists of debt which includes the borrowings as disclosed in note 20 and 25; cash and cash equivalents as disclosed in note 14 and equity attributable to equity holders of the Group, comprising issued share capital, reserves and retained earnings as disclosed in the Statement of changes in equity. For the purpose of calculating gearing ratio, debt is defined as non-current and current borrowings (excluding derivatives). Equity includes all capital and reserves of the Group attributable to equity holders of the Company. The Group is not subject to externally imposed capital requirements. The Board of Directors of the respective company in the Group reviews the capital structure and cost of capital on an annual basis but has not set specific targets for gearing ratios. The risks associated with each class of capital are also considered as part of the risk reviews presented to the Audit Committee and the Board of Directors of the respective company in the Group.

NOTE 45 - FINANCIAL INSTRUMENTS AND RISK REVIEW (Contd.)

Financial risk management objective

The Group is exposed to various risks in relation to financial instruments. The main types of risks are market risk, credit risk and liquidity risk. The Group is not engaged in speculative treasury activities but seeks to manage risk and optimise interest and commodity pricing through proven financial instruments.

The use of any derivative is approved by the management of the respective company in the Group, which provide guidelines on the acceptable levels of interest rate risk, credit risk, foreign exchange risk and liquidity risk and the range of hedging requirement against these risks.

Credit risk:

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to financial loss. The Group is exposed to credit risk for receivables, cash and cash equivalents, short-term investments, financial guarantee and derivative financial instruments.

Cash and cash equivalents and short-term investments

The Group considers factors such as track record, size of institution, market reputation and service standard to select the banks with which deposits are maintained. Generally the balances are maintained with the institutions with which the Group has also availed borrowings. The Company does not maintain significant deposit balances other than those required for its day to day operations.

Trade receivables

The Group extends credits to customer in normal course of the business. The Group considers the factors such as credit track record in the market of each customer and past dealings for extension of credit to the customer. The Group monitors the payment track record of each customer and outstanding customer receivables are regularly monitored. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located at several jurisdiction and industries and operate in large independent markets. The Group also takes advances and security deposits from customers which mitigate the credit risk to an extent.

The average credit period taken on sales of goods is 30 to 90 days. Generally, no interest has been charged on the receivables. Allowances against doubtful debts are recognised against trade receivables based on estimated irrecoverable amounts determined by reference to past default experience of the counterparty and an analysis of the counterparty's current financial position. Before accepting any new customer, the Group uses an internal credit system to assess the potential customer's credit quality and defines credit limits by customer. Limits attributed to customers are reviewed periodically. There are customers no represent more than 10 per cent of total net revenue from operations.

Expected credit loss:

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected credit loss (%)
Not due for payment	0
Up to 6 months	0
From 6 months to 1 year	0
From 1 year to 3 years	10 to 100
More than 3 years	100

Liquidity risk:

Liquidity risk reflects the risk that the Company will have insufficient resources to meet its financial liabilities as they fall due.

The Group objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium-term expansion needs. The Group monitors rolling forecasts of its liquidity requirements to ensure that it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities so that it does not breach borrowing limits.

The table below provides undiscounted cash flows towards non-derivative financial liabilities into relevant maturity based on the remaining period at the balance sheet date to the contractual maturity date and, where applicable, their effective interest rates.

Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates.

Currency risk

The Group undertakes various transactions denominated in foreign currencies, consequently, exposure to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The Group transacts business primarily in Indian Rupee, USD and Euro. The Group has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. Certain transactions of the Group act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adopted a policy of selective hedging based on risk perception of the management. Foreign exchange hedging contracts are carried at fair value.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars		(in lakh)	
		As at 31 March 2023	As at 31 March 2022

NOTE 45 - FINANCIAL INSTRUMENTS AND RISK REVIEW (Contd.)

Sensitivity analysis

The following table demonstrates the sensitivity of profit and equity in USD, Euro and AED to the Indian Rupee with all other variables held constant. The impact on the Group's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

Currency	Change in currency exchange rate	Effect on profit before tax	
		31 March 2023	31 March 2022
USD	5%	(637.96)	(386.12)
	-5%	637.96	386.12
EUR	5%	(10.90)	(0.78)
	-5%	10.90	0.78

(₹ in lakh)

This is mainly attributable to the exposure outstanding on foreign currency receivables and payables in the Group at the end of each reporting period.

Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to long-term debts. Its objective in managing its interest rate risk is to ensure that it always maintain sufficient head room to cover interest payment from anticipated cash flows which is regularly reviewed by the board/nominated committee as well.

The following table demonstrates the sensitivity in the interest rate with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the interest rates is given below :

Particulars	Change in currency exchange rate	Effect on profit before tax	
		31 March 2023	31 March 2022
Long-term borrowings	0.50%	(206.82)	(6.39)
	-0.50%	206.82	6.39

(₹ in lakh)

Commodity risk

The Group is exposed to the movement in the price of key traded goods in the domestic and international markets. The Company has in place policies to manage exposure to fluctuation the prices of key traded goods. The Company enter into contracts for procurement of traded goods, most of the transactions are short-term fixed price contract and a few transactions are long-term fixed price contracts.

VI. Sensitivity analysis

Particulars	As at 31 March 2023		As at 31 March 2022	
	Change in assumption	Effect on gratuity obligation	Change in assumption	Effect on gratuity obligation
	Discount rate	0.50%	(142.46)	0.50%
	-0.50%	154.65	-0.50%	53.72
Expected rate of increase in compensation level	0.50%	154.33	0.50%	51.09
	-0.50%	(143.40)	-0.50%	(47.09)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the balance sheet.

VII. Experience adjustments:

Particulars	(₹ in lakh)				
	For the year ended 31 March 2023	For the year ended 31 March 2022	For the year ended 31 March 2021	For the year ended 31 March 2020	For the year ended 31 March 2019

2. Fair value of plan assets	2,430.66	2,230.18	674.44	562.57	526.31
3. Surplus/(deficit)	(726.94)	(143.15)	(92.44)	(167.52)	(11.53)
4. Experience adjustment on plan liabilities gain/(loss)	(11.07)	62.97	14.66	46.61	79.00

The expected rate of return on plan assets is based on the average long-term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Members holding shares in dematerialized mode and who have not registered their email address are requested to update their email address with the relevant DP to receive Annual Report.
12. In conformity with the MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report for the FY 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report for the FY 2022-23 are also available on the Company's website www.hindwarehomes.com, websites of National Stock Exchange of India Limited and BSE Limited i.e. www.nseindia.com and www.bseindia.com respectively and on the website of Central Depository Services (India) Limited ("CDSL") i.e. www.evotingindia.com/
13. SEBI has made it mandatory for all companies to use the bank account details furnished by the Depositories and the bank account details maintained by the Registrar and Share Transfer Agent of the Company for payment of dividend to members electronically. The Company is continuing to extend the facility of electronic credit of dividend directly to the respective bank accounts of the member(s) through ECS/NECS/Real Time Gross Settlement ("RTGS")/Direct Credit, etc.

As directed by SEBI, the Members holding shares in physical form, if any, are requested to submit particulars, in the prescribed form ISR-1, of their bank account alongwith the original cancelled cheque bearing the name of the Member to RTA/Company to update their bank account details for online payment of dividend as being declared by the Company.

Members holding shares in demat form are requested to update their bank account details with their respective Depository Participant. The Company or RTA cannot act on any request received directly from the Members holding shares in demat form for any change of bank particulars. Such changes are to be intimated only to the Depository Participants of the Members. Further instructions, if any, already given by them in respect of shares held in physical form will not be automatically applicable to shares held in the electronic mode or vice versa.

In accordance with the provisions of the Income Tax Act, 1961 as amended by the Finance Act, 2020, dividend income is taxable in the hands of shareholders w.e.f. 1 April 2020 and the Company is required to deduct tax at source ("TDS") from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The shareholders are requested to update their PAN with the Company/RTA (in case of shares held in physical mode) by clicking on <http://mdpl.in/form> and depositories (in case of shares held in demat mode) on or before 16 September 2023. Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at higher rates as mentioned in the Finance Act, 2020.

The Resident Non-Individual Members i.e. Insurance companies, Mutual Funds and Alternative Investment Fund ("AIF") established in India and Non-Resident Non-Individual Members i.e. Foreign Institutional Investors and Foreign Portfolio Investors may alternatively submit the relevant forms/declarations/documents through their respective custodian who is registered on National Securities Depository Limited ("NSDL") platform, on or before the aforesaid timelines.

14. No request for effecting transfer of shares in physical form is being processed in terms of Press Release No. 49/2018 dated 3 December 2018 of SEBI except in case of transmission, transposition of shares subject to necessary compliances.
15. As required under Regulations 36(3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and Secretarial Standard on General Meetings ("SS-2") issued by the Institute of Company Secretaries of India, the relevant information in respect of Director seeking re-appointment at the Annual General Meeting is provided herein below and forms a part of this Notice.

16. For shareholders holding shares in physical form, please send all correspondence including requests for change of address etc. to RTA of the Company.
17. The Company has designated an exclusive e-mail id "investors@shilgroup.com" for redressal of shareholders' complaints/grievances.
18. Since the AGM will be held through VC/OAVM facility, the Route Map is not annexed in this Notice.
19. Institutional Investors who are Members of the Company, are encouraged to attend and vote in the AGM through VC/OAVM facility.
20. The Board of Directors have appointed Mr. Pravin Kumar Drolia, Company Secretary in whole-time practice, Kolkata (Membership No. F2366, CP: 1362), as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner.
21. The Scrutinizer shall, immediately after the conclusion of voting at the AGM, unblock the votes cast through remote e-voting (votes cast during the AGM and votes cast through remote e-voting) and make, within two working days of conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or a person authorized by him in writing, who shall countersign the same.
22. The result declared alongwith the Scrutinizer's Report shall be placed on the Company's website www.hindwarehomes.com and on the website of CDSL www.evotingindia.com immediately. The Company shall simultaneously communicate the results to National Stock Exchange of India Limited and BSE Limited, where the shares of the Company are listed.
23. Subject to receipt of requisite number of votes, the resolutions shall be deemed to be passed on the date of the meeting i.e. 27 September 2023.
24. The members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1,000 members on first come first served basis. This will not include large shareholders (shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
25. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Regulation 44 of Listing Regulations (as amended) and MCA Circulars, the Company is providing facility of remote e-voting to its members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with CDSL for facilitating voting through electronic means, as the authorized e-voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 4

This Explanatory Statement is in terms of Regulation 36(5) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), though statutorily not required in terms of Section 102 of the Act.

M/s. Lodha & Co., Chartered Accountants (M/s. Lodha & Co.), Firm Registration No. 301051E, were appointed as Statutory Auditors of the Company by the shareholders in the Annual General Meeting held on 6 September 2018 for a period of five consecutive years from conclusion of the 1st Annual General Meeting till conclusion of the 6th Annual General Meeting ("AGM") of the Company. Accordingly, the first term of M/s. Lodha & Co., will expire by efflux of time on conclusion of the 6th AGM of the Company.

M/s. Lodha & Co. have given their consent for their re-appointment as Statutory Auditors of the Company and have issued certificate confirming that their re-appointment, if made, will be within the limits prescribed under the provisions of Section 139 of the Companies Act, 2013 ("the Act") and the rules made thereunder. M/s. Lodha & Co. have confirmed that they are eligible for the proposed appointment under the Act, the Chartered Accountants Act, 1949 and the rules or regulations made thereunder and have also provided confirmation that they have subjected themselves to peer review process of the Institute of Chartered Accountants of India ("ICAI") and hold a valid certificate issued by the 'Peer Review Board of ICAI'.

Accordingly, based on the recommendations of the Audit Committee and the Board of Directors on their skillset, governance, independence, quality of audit and market standing, it is proposed to re-appoint M/s. Lodha & Co., Chartered Accountants as Statutory Auditors of the Company for the second term of 5 (five) consecutive years who shall hold office from the conclusion of 6th Annual General Meeting till the conclusion of 11th Annual General Meeting of the Company at an annual remuneration of ₹ 19.90 lakh plus applicable taxes and reimbursement of out of pocket expenses incurred for providing the Auditing Services for the FY 2023-2024. For the remaining tenure, the Board of Directors in consultation with the Audit Committee will determine the statutory audit fee as may be mutually agreed by the Statutory Auditors.

M/s. Lodha & Co. having its head office at 14, Government Place East, Kolkata - 700069 was founded in 1941. It has branches in Mumbai, Delhi, Hyderabad, Chennai

and Jaipur. The firm has 16 Partners. The firm provides Assurance, Taxation, Accounting and Advisory Services. It has an experience of working with several Multinational Companies, listed entities and companies with Multi-products and Services. It is empanelled with Comptroller and Auditor General of India and Reserve Bank of India and is currently eligible to carry out Statutory Audit of Maharatna and large Public Sector Banks. Further, the firm is registered with Public Company Accounting Oversight Board (PCAOB) and therefore, it is eligible to conduct the audit of Indian subsidiaries/associates of companies listed in the USA. The firm has more than 80 years of professional experience and presence in major Business Groups, Banks and various Non-Government and Government organisations in India.

The Board recommends the Resolution under item no. 4 of the accompanying notice for approval of the shareholders of the Company as an Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in the resolution.

Item No. 5

As per the provisions of Section 20 of the Companies Act, 2013, read with Rule 35 of the Companies (Incorporation) Rules, 2014 (including any statutory modification(s) or re-enactment thereof, for the time being in force), a shareholder may request for document through a particular mode, for which the shareholder shall pay such fees as an advance amount in lump sum or otherwise against any estimated or actual expenses to be incurred towards delivery of such documents as may be determined by the Company in its Annual General Meeting. Since the cost of providing documents may vary according to the mode of service, weight and its destination etc., therefore it is proposed that actual expense that may be borne by the Company for such dispatch will be paid in advance by the shareholder to the Company. Further, such request along with requisite fee shall be duly received by the Company at least 7 (Seven) days in advance of the dispatch of document by the Company.

The Board recommends passing of the Ordinary Resolution as set out under Item No. 5 of the accompanying notice for approval of the shareholders of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in the resolution.
