

Nestlé India Limited

19th Financial Analysts' Meet - Gurgaon 17th March 2011

Disclaimer

This presentation may contain statements which reflect Management's current views and estimates and could be construed as forward looking statements. The future involves certain risks and uncertainties that could cause actual results to differ materially from the current views being expressed. Potential risks and uncertainties include such factors as general economic conditions, commodities and currency fluctuations, competitive product and pricing pressures, industrial relations and regulatory developments.

Responses can be given to questions, which are not price sensitive. Calculations in this presentation are based on non-rounded figures. Real Internal Growth (RIG) and Organic Growth (OG) are basis Nestlé Internal Reporting Standards in relation to third party sales only.

Nestlé

"With the financial results in December, we have delivered 16 consecutive quarters of double digit growth.

However, we have started 2011 with a number of uncertainties, including the intensity of cost increases specially the volatile raw material prices."

OVERVIEW OF OPERATIONS
