CHAIRMAN'S MESSAGE TO STAKEHOLDERS

Dear Shareholders,

I hope you and your family are healthy and safe.

Year 2020 was an incredibly difficult year for the world due to Covid-19 pandemic, and India was no exception. As the pandemic spread like wildfire and claimed a ghastly toll on human life and livelihoods, economic activity contracted significantly. Just as there were visible signs of recovery, a fierce second wave put paid to hopes of an early return to pre-Covid level economic activity. For the Financial Year 2021-22, despite the initial disruption caused by the second wave of COVID-19, India is expected to grow at a healthy rate, albeit on a low base. Expectation of revival in consumption and pick-up in the business activity is expected to drive growth. Sector-wise, the agriculture sector is expected to be the

key contributor to growth. The accelerated pace of vaccinations across countries and better healthcare delivery is certainly helpful in controlling the spread. The situation is now improving steadily, and I hope that we will soon see light at the end of this rather long tunnel. We salute to all corona warriors for their valuable support to nation.

COVID-19 pandemic has led to many challenges for the corporate sector. It forced companies to run differently along with testing the resilience of the business to the unprecedented disruptions. However, your Company gradually adapted to changing situations and executed operations ensuring limited interruptions.

During the pandemic situation, the production at our manufacturing units partially re-started from April 14, 2020 at limited capacity after obtaining necessary approvals and the teams ensured an uninterrupted supply of goods and services. I would like to extend my sincere gratitude to each and every team members of Mangalam Group for their relentless efforts, who have responded beyond their call of duty during the nationwide lockdown. Our team has demonstrated a strong sense of responsibility and has ensured that we continue with business as usual, despite the hardship.

Even though the recent challenges of Covid-19 prevailing in the country, your Company has recorded 58.87% of growth in income of the Company as compared to previous year and has booked profit (PBT) of Rs. 7.03 Crores for the year ended on March 31, 2021.

We would like to inform that during the year 2020-21, the securities of your Company have been migrated from SME Platform to Main Board Platform of NSE with effect from December 23, 2020. This would improve liquidity in the stock; and provide more visibility to your Company. Members would also recollect that during the year 2020-21, the Company issued Bonus Shares in the ratio of 1:2 rewarding the members for their support and faith in the Company.

Also I would like to share that your Company has recently started Manufacturing Unit on long lease basis in Bundi, Rajasthan for production of Soya Oil, Soya Meal, Soya De Oiled Cake, Mustard Oil, Mustard Meal and Mustard De Oiled Cake. Furthermore, your Company has also purchased one more unit at Bavla, Gujarat for processing of wheat and rice. In all, Company's plants are located at four places out of which two are at Harij, Gujarat, one is at Bundi, Rajasthan and one is at Bavla, Gujarat.

Further, your Directors have recommended a dividend of Rs. 1/- per equity share for the year ended March 31, 2021 which is being placed for your approval.

Before concluding, I would like to thank all the employees for their support and commitment towards the Company. I also express my gratitude to all customers, suppliers, associates and stakeholders for believing in the Company and supporting us in these difficult times. We will continue to create long-term, sustainable value for all by being consistent and flexible and I look forward to an exciting journey ahead, together.

Thank You.

**Warm Regards,
Vipin Prakash Mangal

In terms of the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014 (as amended or re-enacted from time to time) the remuneration as mentioned above, payable to the Cost Auditors, is required to be ratified by the Members of the Company.

The Board recommends the resolution set out under Item No. 6 for the approval of the Members by way of passing an Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives, are, in any way, concerned or interested, financially or otherwise, in the aforesaid resolution.

Item No. 7:

To appoint Mr. Anilkumar Shyamlal Agrawal (DIN: 00528512) as Non-Executive Independent Director of the Company: SPECIAL RESOLUTION

Pursuant to the provisions of Section 161 of the Companies Act, 2013 (the 'Act'), the Board of Directors of the Company, based on the recommendation of the Nomination and Remuneration Committee, appointed Mr. Anilkumar Shyamlal Agrawal (DIN: 00528512) as an Additional Non-Executive Independent Director of the Company with effect from November 1, 2020 and he holds office up to the date of the ensuing Annual General Meeting.

The Company has received notice in writing under Section 160 of the Act, proposing the candidature of Mr. Anilkumar Shyamlal Agrawal (DIN: 00528512) for the office of Non-Executive Independent Director of the Company.

The brief profile of Mr. Anilkumar Shyamlal Agrawal is as under:

Mr. Anilkumar Shyamlal Agrawal (DIN: 00528512) is having vast experience in Non-Banking Finance Business. He is associated with Suman Finstock Private Limited, a Non-Banking Financial Company since last 25 years. Further, he is also associated with VSD Infratech Limited, Hindprakash Overseas Private Limited. Currently he is Independent Director on the Board of Hindprakash Castor Derivatives Private Limited (Subsidiary of Mangalam Global Enterprise Limited). He is also registered as Independent Director in Independent Director's Data Bank.

The Company has received declaration from Mr. Anilkumar Shyamlal Agrawal confirming that he is not disqualified from being appointed as Director in terms of Section 164 of the Act and also he has not been debarred or disqualified from being appointed or continuing as Director of any Companies by the Securities and Exchange Board of India (SEBI), Ministry of Corporate Affairs, or any such statutory authority. He also confirmed that he meets the criteria of independence as prescribed under Section 149(6) of the Act read with Regulation 16(1)(b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'SEBI (LODR) Regulations, 2015').

Further, the Nomination and Remuneration has evaluated the balance of skill, knowledge and experience of Mr. Anilkumar Shyamlal Agrawal. In the opinion of Nomination and Remuneration Committee and the Board, Mr. Anilkumar Shyamlal Agrawal fulfills the conditions for appointment as Non-Executive Independent Director as specified in the Act, the Rules made thereunder and the SEBI(LODR) Regulations, 2015 and he is independent of the management and considering his vast experience and knowledge, it would be beneficial to appoint him on the Board of the Company. The term of appointment of Mr. Anilkumar Shyamlal Agrawal as Non-Executive Independent Director is not liable to retired by rotation.

A copy of the draft letter for the appointment of Mr. Anilkumar Shyamlal Agrawal as Non-Executive Independent Director setting out the terms and conditions are uploaded on the website of the Company and also would be available for inspection by the Members at the Registered Office of the Company during the normal working hours on any working days of the Company.

Information as required under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard - 2 regarding appointment of Mr. Anilkumar Shyamlal Agrawal is attached hereto.

Further, as per Regulation 25(2A) of the SEBI (LODR) Regulations, 2015 (amended on August 3, 2021), the appointment of Independent Director is subject to approval of shareholders by way of a Special Resolution.

The Board recommends resolution set out under Item No. 7 for the approval of the Members by way of passing a Special Resolution.

Except Mr. Anilkumar Shyamlal Agrawal, being appointee Director and their relatives, none of the other Directors or Key Managerial Personnel or their relatives are, in any way, concerned or interested, financially or otherwise, in the aforesaid resolution.

Item No. 8:

To increase the Authorised Share Capital of the Company and to make consequent alteration in Clause V of the Memorandum of Association: ORDINARY RESOLUTION

The present authorised share capital of the Company is Rs. 40,00,00,000/- (Rupees Forty Crore Only) divided into 40000000 (Four Crore) Equity Shares of Rs. 10/- (Rupees Ten Only) each.

Considering the fund requirement of the Company, it is proposed to increase the authorized share capital of the Company from Rs. 40,00,00,000/- (Rupees Forty Crore Only) divided into 40000000 (Four Crore) Equity Shares of Rs. 10/- (Rupees Ten Only) each to Rs. 50,00,00,000/- (Rupees Fifty Crore Only) divided into 50000000 (Five Crore) Equity Shares of Rs. 10/- (Rupees Ten Only), by way of creation of an additional 10000000 (One Crore) Equity Shares of Rs. 10/- (Rupees Ten only) each, ranking pari passu in all respect with existing equity shares of the company, aggregating to Rs. 10,00,00,000/- (Rupees Ten Crore Only). Consequently, existing Clause V of the Memorandum of Association would also be required to be altered to reflect such altered Authorised Share Capital.

Pursuant to provisions of the Companies Act, 2013, the proposed increase in Authorised Share Capital and the consequential changes in Clause V of the Memorandum will require the approval of the Members of the Company.

The copy of draft amended Memorandum of Association is available for inspection at Registered Office of the Company during the normal working hours on any working days of the Company and also be available during the Annual General Meeting.

The Board recommends resolution set out under Item No. 8 for the approval of the Members by way of passing of Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company or their relatives, are concerned or interested, financially or otherwise, in this resolution.

Item No. 9:

Approval for giving Loan or Guarantee or providing security in connection with Loan to any entity as specified under Section 185 of the Companies Act, 2013 in which any of the Directors of the Company is interested/deemed to be interested: SPECIAL RESOLUTION

In terms of the provisions of Section 185 of the Companies Act, 2013, a company may advance any loan, including any loan represented by a book debt, to any person in whom any of the Directors of the Company is interested or give any guarantee or provide any security in connection with any loan taken by any such person, subject to the condition that approval of the shareholders of the Company is obtained by way of passing a Special Resolution and requisite disclosures are made in the Explanatory Statement.

The Board is of the view that the Company may be required to invest surplus funds, if available in its subsidiary Companies/LLP or to any other body corporate(s) in which the Directors of the Company are interested, as and when required. Hence, as an abundant caution, the Board decided to seek approval of the shareholders pursuant to the amended provisions of Section 185 of the Act to advance any loan, including any loan represented by book debt, to its subsidiary company(ies)/LLP (Indian or overseas) or other body corporate(s) in whom any of the Directors of the Company is interested or to give guarantee or provide any security in connection with any loans/ debentures / bonds etc. raised by its subsidiary company(ies) (Indian or overseas) or other body corporate(s) in whom any of the Directors of the Company is interested as mentioned in the resolution.

The Members may note that the Board of Directors (including any Committee of the Board or any Director(s) or Officer(s) authorised by the Board) may carefully evaluate proposals and provide such loan, guarantee or security through deployment of surplus funds, from time to time, for business purpose such subsidiaries and/or other body corporate(s) in whom any of the Directors of the Company is interested.

The Board recommends the resolution set out under Item No. 9 for the approval of the Members by way of passing a Special Resolution.

Except Executive Directors and their relatives, none of the Directors and Key Managerial Personnel of the Company or their relatives, are concerned or interested, financially or otherwise, in this resolution.

Item No. 10:

To alter Articles of Association of the Company

To keep the Articles in line with provisions of Section 152 of the Companies Act, 2013, it is necessary to alter Articles, either by replacement of new Article or deletion of existing Article, with the approval of the members of the Company.

The existing Article No 98 is required to be replaced with the new Article and at the same time existing Article No. 106 related to Limit on number of non-rotational Directors is required to be deleted from the Articles of Association of the Company. Revised Articles are already

placed in the resolution. The approval of the members of the company is required, by way of special resolution pursuant to section 14 of the Companies Act, 2013 and accordingly the Board recommended the relevant resolution for the approval of members.

Further, due to deletion of Article No. 106, the existing Article from 107 to 143 is re numbered to 106 to 142.

None of the Directors and Key Managerial Personnel of the Company or their relatives, are concerned or interested, financially or otherwise, in this resolution.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Financial Year 2020-21 was an extraordinary year by any measure. It was a year of a global pandemic, global recession and unprecedented government actions. Ever since the first outbreak of Coronavirus (Covid-19) in India in March 2020, it led to huge economic damage on the Indian economy. The pandemic came with uncertainty and implications on all aspects of businesses.

Despite India being ahead of most countries in announcing a near-total nationwide lockdown and implementing work from home measures, there was job and earning deficit, and free fall of employment, along with instability in prices. The lockdown impacted supply chain management and sent the GDP and import-export cycle plunging. The second wave of Covid-19 that emerged in India during the last quarter of Financial Year 2020-21 had another devastating effect on economic activities. However, an anticipated vaccine-powered recovery and a faster vaccination drive have the capability to offer a back-ended upside to GDP growth in Financial Year 2022, following the disruptions that may emerge in the near term.

GLOBAL ECONOMY

Although the global economy is emerging from the collapse triggered by the pandemic, the recovery is projected to be subdued. Moreover, there is a material risk of setbacks in containing the pandemic or other adverse events derailing the recovery. The pandemic is likely to steepen the long-expected slowdown in potential growth over the next decade, undermining prospects. The heightened level of uncertainty around the global outlook highlights policy makers' role in raising the likelihood of better growth outcomes while warding off worse ones.

The global economy is experiencing an exceptionally strong but highly uneven recovery. Global growth is set to reach 5.6 percent in 2021—its strongest post-recession pace in 80 years. In particular, the impact of the pandemic on investment and human capital is expected to erode growth prospects in EMDEs and set back key development goals. The global recovery, which has been dampened in the near term by a resurgence of COVID-19 cases, is expected to strengthen over the forecast horizon as confidence, consumption and trade gradually improve, supported by ongoing vaccination drive.

INDIAN ECONOMY

As per the data released by the Government, the Indian economy is estimated to have reported a negative growth of 7.3% during Financial Year 2020-21, compared with a growth of 4% in the earlier fiscal year of Financial Year 2019-20, as the pandemic ravaged the economy. The contraction in FY 2020-21 GDP is worse in more than 40 years. In its monthly economic report for April 2021, the Reserve Bank of India (RBI) pointed out that the economic impact of the second wave of Covid-19 pandemic was disproportionately felt by individuals sustaining on daily livelihoods and small businesses, both organised as well as unorganised. Despite expansive Government spending designed to rescue thousands of severely battered businesses to blunt the pandemic's impact, India has been established among the worst-performing major economies.

During Financial Year 2020-21, India's GDP shrunk by 24.4% and 7.3% in the first and second quarters of the fiscal year, respectively. The data reflected the deepening of India's severest recessions.

However, in the third quarter, the economy witnessed a turnaround with growth coming in at 0.4%, officially signaling that India was out of a recession after two consecutive quarters of degrowth. In the fourth quarter of the year, the Indian economy grew by 1.6%, recording a slight pick-up in GDP despite second wave of Covid-19 hitting the economy hard. This was the second consecutive quarter when India's economy grew in the positive territory after a negative growth in the previous two quarters.

OUTLOOK

In its World Economic Outlook (April 2021), the International Monetary Fund (IMF) has noted that India's growth rate is projected to jump by an impressive 12.5% in Financial Year 2021-22. This will be stronger than that of China, and India will perhaps be the only major economy to record a positive growth during the pandemic.

Gauging the situation, Reserve Bank of India, in its Monetary Policy Committee meeting in April 2021, projected India's real GDP to grow by 10.5% in Financial Year 2021-22. However, the escalating second wave of Covid-19 infections with the spread of new mutants is posing serious downside risks to the economy and heightens the possibility of business disruptions, in addition to the substantial loss of life and significant humanitarian concerns.

Nevertheless, Reserve Bank of India has assured that India is better prepared to meet the challenges posed by the second wave, as fiscal and monetary authorities stand ready to act in a coordinated manner to limit its spill-overs to the economy at large.

IMPACT OF COVID-19 PANDEMIC ON AGRICULTURE SECTOR*

The impact of lockdown imposed in the entire country owing to COVID-19 on the overall production levels in the agricultural and allied sector has been significant with overall production levels in the agriculture and allied sector declining in 47% of the below mentioned sample districts. However, 19% of the districts have also reported an increase in the overall level of production in the sector and 34% of the districts have shown no change in the levels of production in the agriculture and the allied sector. Some of the reasons for decline in agricultural activities include lack of availability of labour and machines, need for social distancing, and restrictions on free movement of men and machineries.

* As per Report of Department of Economic Analysis & Research, NABARD Impact Assessment of COVID-19 on Indian Agriculture and Rural Economy dated November 11, 2020

GOVERNMENT INITIATIVES ON AGRICULTURE

The farming sector came into sharp focus in Union Budget 2021-22 as the Government allocated Rs. 75,000 crore for Farmers Samman Nidhi. It also enhanced the agricultural credit target to Rs 16.5 lakh crore for Ground Level Credit (GLC) in Financial Year 2021-22 to help build agriculture infrastructure. Money in the hands of farmers through the Minimum Support Price (MSP) regime will keep the momentum going in agriculture during the COVID times.

There are signs that the Government is clearing past arrears at an accelerated pace and has provided for doubling of expenditure in the fourth quarter. This will help boost demand and give further impetus to growth.

INDUSTRY OVERVIEW

➤ **CASTOR:**

The India castor oil market is currently witnessing moderate growth. Castor oil is a multi-purpose vegetable oil extracted from the seeds of the *Ricinus Communis* plant. It has a high ricinoleic acid content and offers excellent lubricating properties. Consequently, it is used in the production of wax, dyes, inks, soaps, caulks, paints, textiles, polishes, flypapers, adhesives, pigments, surfactants, brake fluids, machining oils, electrical liquids, washing powders and lubricating greases in India. Castor oil has anti-bacterial and anti-inflammatory properties and provides various therapeutic benefits. As a result, it finds applications in several industries, including pharmaceuticals and cosmetics. Moreover, on account of its distinctive chemical structure, castor oil is used as a key raw material in the manufacturing of various end products, such as biodiesel, machining oils, polyurethane adhesives and refrigeration lubricants. This represents another growth-inducing factor contributing to the market growth.

➤ **COTTON:**

Cotton plays an important role in the Indian economy as the country's textiles industry is predominantly cotton based. Cotton is a fiber, oil, and protein yielding crop, where India stands first in cotton production among the top cotton producers globally.

➤ **RICE:**

India is one of the top ten rice-producing countries in the Asia-Pacific, which is endowed with a wet environment suitable for rice cultivation. The COVID-19 has resulted in increasing consumption of rice due to changes in health habits in the country. Higher demand for Indian rice from North America and European regions coupled with good climatic conditions are supporting the growth of the market.

➤ **WHEAT:**

Wheat cultivation in India traditionally been dominated by the northern region of India. The northern states of Punjab and Haryana Plains in India have been prolific wheat producers. India is among top five countries producing wheat in the world. Various studies and researches show that wheat and wheat flour play an increasingly important role in the management of India's food economy.

➤ **MUSTARD:**

India is amongst the biggest consumers of mustard oil based on its high consumption in various culinary practices, such as cooking, frying, poaching, dressing, etc. Additionally, the expanding agriculture sector contributes to the increasing availability of high yielding mustard seeds, thereby catalyzing the mustard oil production. Moreover, the wide presence of brick-and-mortar retail

centers, including convenience stores, grocery stores, supermarkets, hypermarkets, etc., is also propelling the demand for mustard oil in the country. In line with this, the increasing sales of mustard oil over e-commerce platforms supported by several discounted offers, cashback, doorstep delivery options, etc., are also catalyzing the market for mustard oil in India. Moreover, the market is further driven by the growing demand for mustard oil in the personal care sector in India.

➤ **SOYABEAN:**

Some of the key factors driving the demand of soybean oil in India includes its large population, rising disposable incomes, growth of the food services sector and increasing demand in non-food applications. In India, the changing consumer dietary habits are primarily augmenting the demand for soybean oil based on its neutral taste, high smoke point, and low saturated fat content. Additionally, the high penetration of international food trends in India has led to the increasing utilization of soybean oil in preparing condiments, dressings, mayonnaise, non-dairy creamers, margarine, shortenings, whipped toppings, etc. Western and Central India currently represent the biggest markets for soybean oil in the country as they also represent the key regions where the domestic soybean crop is grown. Additionally, there is also a strong household demand for soybean oil in Western and Central India.

KEY MARKET DRIVERS OF PRODUCTS WE DEAL IN:

1. Castor oil is becoming an essential bio-based raw material which makes it ideal for various industrial applications.
2. Castor oil acts as a major raw material which is used in the production of various end products such as biodiesel, polyurethane adhesives, machining oils, refrigeration lubricants. This versatile nature of castor oil has been contributing towards the propelling growth of the market.
3. Dietary shift of consumers towards carbohydrate-based diet, especially intake of rice has been noticed in many high-income countries. This is set to drive the market growth in the forecast years 2021-2025.
4. Increased import of mustard seed is increasing the growth of the Mustard Market owing to the wide range of mustard seed applications.
5. Oil extracted from mustard seeds is traditionally being used to relieve muscle pain, arthritis pain, for cancer risk prevention, asthma, and several other body ailments, thus increasing the growth of Mustard Market during the forecast period of 2021-2025.
6. The emergence of multi culinary food culture is increasing the growth of the Mustard Market.
7. Increasing Trend of Vegan Diet across the globe, plant based protein like soybean will experience high demand. Soyabean is a rich source of amino acids, and is extremely beneficial for people suffering from lactose intolerance. These factors will drive the growth of soybean market.

KEY MARKET CONSTRAINTS OF PRODUCTS WE DEAL IN:

1. The global castor oil market is being hindered by the unstable prices of castor beans which is the result of their fluctuating supply.
2. The supply of castor oil highly depends upon the weather conditions of the region and a long harvesting process of castor beans.
3. Although aggregate rice yields reported at the national level continue to rise in most of the Asian countries, albeit at a reduced rate, yield declines have been documented in several long-term experiments on double-crop and triple-crop irrigated rice systems. Reduced quality of nitrogen management and soil nitrogen supply over the years have reduced the rate of production in the last few years. Thus, it is anticipated to hamper the market growth during the forecast period 2021-2025.
4. Some of the factors that is set to impede the growth of the Mustard Market are high cost and increasing competition among manufacturers.
5. Cultivation of Soyabean has shown fast deforestation. Soya production requires more water, inducing more cost for harvesting.

BUSINESS MODEL OF THE COMPANY

RISK MITIGATION FRAMEWORK

Despite the strong growth drivers, Indian Agricultural Industry faces challenges in terms of low awareness among large number of end users spread across the world. Managing inventory and distribution costs is a challenge for the industry players in the wake of volatility in the business environment. The performance of the crop protection industry and other Agri-inputs depends on monsoons, pest and disease incidences on crops. Agricultural Companies face issues due to seasonal nature of demand, the unpredictability of pest attacks and high dependence on monsoons.

Compliance to growing regulatory norms is a continuing requirement which can lead to delays in obtaining necessary approvals. Changes in guidelines or policies in various geographies may also lead to sudden disruption of business in specified products. Many Agricultural Industries have foreign exchange exposure either in the form of forex loans or exports and imports. For Companies which operate largely in the domestic arena, any major forex movement may affect profitability due to fluctuating import costs.

While on the one side input cost could increase, on the other side weak monsoon could reduce pricing flexibility, thereby affecting margins. To minimize the risk, a comprehensive and integrated risk management framework is followed by the Company.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains an adequate and effective Internal Control System, equivalent with its size and complexity. It believes that these systems provide, among other things, a reasonable assurance that transactions are executed with management authorization. It also ensures that they are recorded in all material respects to permit preparation of financial statements in conformity with established accounting principles, along with the assets of the Company being adequately safeguarded against significant misuse or loss. This is supplemented through an internal audit programme and periodic review by the management and the Audit Committee.

ENVIRONMENT SAFETY, HEALTH AND ENERGY CONSERVATION

Safety at work places is of paramount importance to the Company. The aim is to maintain the higher standards of safety across factories and workplaces; and ensure the latest best practices are implemented across the business to bring operational efficiencies and save energy.

The Key Financial Ratios has not witnessed a significant change i.e. a change of 25% or more as compared to Financial Year 2019-20 except Debtors Turnover, Inventory Turnover, Debt Equity Ratio, and Operating Profit Margin.

Explanations related to change of 25% or more as compared to Financial Year 2019-20, in Key Financial Ratios are given as under:

1. Debtors Turnover:

Debtor Realisation Cycle of Exports is longer. Exports have increased substantially during the financial year 2020-21 which has impacted the overall Debtor Turnover Ratio.

2. Inventory Turnover:

During the Financial Year 2020-21, the Company has improved Inventory Turnover Ratio by efficient Inventory Management.

3. Debt Equity Ratio:

During the Financial Year 2020-21, turnover increased substantially. The Company raised short term funds from Banks to meet the working capital requirement in order to achieve higher turnover.

4. Operating Profit Margin:

Due to Covid-19 pandemic, Raw Material Cost as well as Domestic and International freights have increased which has mainly impacted the operating profit margin.

Explanations related to change in Return on Networth as compared to Financial Year 2019-20:

Due to swift decision making and utilizing available opportunities in the market, Return on Networth has increased despite capital infusion in the Company by way of Bonus Issue and Preferential Allotment. Achieving higher topline and better fund management has helped us to provide better Return on Networth.

The Corporate Governance Report prepared by **Mangalam Global Enterprise Limited** ("MGEL") (CIN L24224GJ2010PLC062434) ("the Company"), contains details as stipulated in regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of regulation 46 and para C and D of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") ('applicable criteria') with respect to Corporate Governance for the year ended March 31, 2021. This report is required by the Company for annual submission to the Stock exchange and to be sent to the Shareholders of the Company.

Management's Responsibility

The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

Auditor's Responsibility

Our responsibility is to provide a reasonable assurance in the form of an opinion whether the Company has complied with the condition of Corporate Governance, as stipulated in the Listing Regulations.

The procedures selected depend on the auditor's judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. The procedures include but not limited to verification of secretarial records and financial information of the Company and obtained necessary representations and declarations from directors including independent directors of the Company.

The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve me performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

Opinion

Based on the procedures performed by me as referred above and according to the information and explanations given to me, I am of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the applicable period i.e. December 23, 2020 to March 31, 2021, referred above.

Other Matters and Restriction on use

This report is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

This report is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose.

Accordingly, I do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. I have no responsibility to update this report for events and circumstances occurring after the date of this report.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF **MANGALAM GLOBAL ENTERPRISE LIMITED**
REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying Standalone Financial Statements of Mangalam Global Enterprise Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and Notes to the Standalone Financial Statements, including a summary of Significant Accounting Policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, of the state of affairs of the Company as at 31 March 2021, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

3. We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the Key Audit Matters
<p>First time adoption of Ind AS framework</p> <p>As disclosed in Note 44 to the accompanying Standalone Financial Statements, the Company has adopted Indian Accounting Standards notified under section 133 of the Act, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended) ("Ind AS") with effect from 1 April 2020 (1 April 2019 being the transition date) and prepared the first set of Standalone Financial Statements under Ind AS framework in the current year.</p> <p>This change in the financial reporting framework required an evaluation of the potential impact on the components of the financial statement. This process also required the management to apply significant judgments to identify and elect appropriate accounting policies suitable for various transactions and balances relating to the operations of the Company including electing of available options for transition of balances as at transition date to the Ind AS framework.</p> <p>Considering the significance of the transition, the complexities and the efforts involved, this matter has been determined as a key audit matter for the year under audit.</p>	<p>We obtained adequate and appropriate audit evidences by performing additional procedure which included , but not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of management's processes and controls around adoption of Ind AS. We sought explanations from the management for areas involving complex judgments or interpretations to assess its appropriateness • Examined the implementation of exemptions availed and options chosen by the Company in accordance with the requirements of Ind AS 101, First Time Adoption of Indian Accounting Standards (Ind AS 101). • Examined the accounting policies adopted by the Company on transition to Ind AS and assessed its appropriateness on basis of our understanding of the entity and its operations and the requirements of relevant accounting standards under the Ind AS framework. • Examined whether the presentation and disclosures in the financial statements are in accordance with the requirements of the applicable standards and regulatory requirements. • Examined the appropriateness and adequacy of disclosures with respect to the reconciliations prepared and presented by the management in the financial statements in accordance with Ind AS 101.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

6. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report (but does not include the Standalone Financial Statements and our auditor's report thereon) and the rest of the Annual Report (the "Other Information"). The Other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

10. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;

- Conclude on the appropriateness of Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

16. The comparative financial information for the year ended 31 March 2020 and the transition date opening balance sheet as at 1 April 2019, prepared in accordance with Ind AS and included in these Standalone Financial Statements, are based on the previously issued Standalone Financial Statements for the year ended 31 March 2020 and 31 March 2019, respectively, prepared in accordance with Accounting Standards prescribed under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended), which were audited by predecessor auditors, whose reports dated 19 June 2020 and 29 June 2019, respectively, expressed unmodified opinion on those Standalone Financial Statements, and have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have been audited by us. Our report is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

17. As required by Section 143(3) of the Act, we report to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the Standalone Financial Statement;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 (as amended);
 - e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A';
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us,

the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

18. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure B' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

“ANNEXURE A” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE TO THE MEMBERS OF

MANGALAM GLOBAL ENTERPRISE LIMITED ON THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2021

(Referred to in para 17 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

INDEPENDENT AUDITORS’ REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

1. We have audited the internal financial controls over financial reporting with reference to Standalone Financial Statements of **MANGALAM GLOBAL ENTERPRISE LIMITED** (“the Company”) as at 31 March 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR INTERNAL FINANCIAL CONTROLS

2. The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of Company’s business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls over financial reporting with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls over financial reporting with reference to the Standalone Financial Statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENTS

6. A company’s internal financial controls over financial reporting with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls over financial reporting with reference to the Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and payments of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the Standalone Financial Statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls over financial reporting with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to

error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls over financial reporting with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to the Standalone Financial Statements and such internal financial controls over financial reporting with reference to the Standalone Financial Statements were operating effectively as at 31 March 2021, based on the internal financial controls over financial reporting with reference to the Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

“ANNEXURE B” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE TO THE MEMBERS OF

MANGALAM GLOBAL ENTERPRISE LIMITED ON THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2021

(Referred to in paragraph 18 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

REPORT ON THE MATTERS SPECIFIED PARAGRAPHS 3 AND 4 OF THE COMPANIES (AUDITOR’S REPORT) ORDER, 2016 (“THE ORDER”) ISSUED BY THE CENTRAL GOVERNMENT IN TERMS OF SECTION 143(11) OF THE COMPANIES ACT, 2013 (“THE ACT”)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the Standalone Financial Statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- 1 (a) The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment on the basis of available information.
- (b) The Company has a program of verification to cover all the items of its property, plant and equipment in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified by the management during the year. As informed to us, no material discrepancies were noticed on such verification.
- (c) Title deeds/ lease deeds of immovable properties (other than self-constructed) are in the name of the Company, as at the balance sheet date, disclosed as property, plant and equipment/ right of use asset in the Standalone Financial Statements.
- 2 The inventories were physically verified during the year by the Management. In our opinion, the frequency of such verification is reasonable. As explained to us, the discrepancies noticed on physical verification of inventory as compared to the book records were not material in relation to operations of the Company, and have been properly dealt with in the books of account.
- 3 According to the information and explanations given to us, the Company has granted loans, unsecured, to two companies, covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company’s interest.
 - (b) In respect of the aforesaid loans, the parties are repaying the principal amounts as stipulated and are also regular in payment of interest.
 - (c) There is no overdue amount remaining outstanding as at the year-end.
- 4 According to the information and explanations given to us, in our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- 5 The Company has not accepted any deposits within the meaning of Sections 73, 74, 75 and 76 or any other relevant provisions of the Act and the rules framed there under to the extent notified. Accordingly, we have nothing further to report with regards to matters contained in Para 3(v) of the order.
- 6 We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.
- 7 In respect of statutory dues:
 - (a) Amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employees’ state insurance, income-tax, sales-tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities.
 - (b) No undisputed amounts payable in respect of provident fund, employees’ state insurance, income-tax, sales-tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.
 - (c) There are no dues of income-tax, sales-tax, service tax, goods and service tax, duty of customs, duty of excise and value added tax which have not been deposited as on 31 March 2021 on account of any dispute.
- 8 The Company has not defaulted in the repayment of loans or borrowings to any bank during the year. The company has not borrowed from other financial institutions, government and it has not issued any debentures.
- 9 The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and monies raised by way of term loans have been applied by the Company for the purposes for which they were raised.

- 10 No fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- 11 The Company has paid/ provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- 12 The Company is not a Nidhi Company and accordingly we have nothing further to report with regards to matters contained in Para 3(xii) of the order.
- 13 Transactions with the related parties are in compliance with section 177 and 188 of the Act. Where applicable, the details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- 14 During the year, the company has made preferential allotment by way of private placement of equity shares and the amount raised have been used for the purposes for which the funds were raised. In our opinion, the requirement of section 42 of the Act has been complied with. The company has not made any preferential allotment or private placement of fully or partly convertible debentures during the year.
- 15 In our opinion, the company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, we have nothing further to report with regards to matters contained in Para 3(xv) of the order.
- 16 In our opinion, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

NOTE - 1 - Notes to the Standalone Financial Statements for the year ended on March 31, 2021

1.1 Corporate Information:

Mangalam Global Enterprise Limited ('the Company') is a public listed limited Company domiciled and incorporated in India. The registered office of the Company is located at 101, Mangalam Corporate House, 19/B Kalyan Society, Near M.G International School, Mithakhali, Ahmedabad -380006 Gujarat, India. Its Equity Shares were listed on SME platform of National Stock Exchange of India Limited (NSE) and subsequently wef 23rd December, 2020, it was migrated to Main Board of National Stock Exchange of India Limited (NSE).

The Company is engaged in activity of manufacturing/dealing/trading of Castor Seeds, Castor derivative products, cotton, cotton ginning, other agriculture commodities, other merchandise and agency service activity.

1.2 General Information & Statement of Compliance with Ind AS:

These financial statements are the separate financial statements of the Company (also called as standalone financial statements) prepared in accordance with Indian Accounting Standard ("Ind AS") notified under the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. These financial statements are the Company's first Ind AS Standalone Financial Statements. The Company has adopted all the Indian Accounting Standards and the adoption was carried out in accordance with Ind AS 101, "First Time Adoption of Indian Accounting Standards".

For all period up to and including the financial year ended March 31, 2020, the Company had prepared its financial statements in accordance with the Accounting Standard notified under the Section 133 of the Companies Act, 2013 read with the Rule 7 of Companies (Accounts) Rules 2014, ("Previous GAAP"). Detailed explanations on how the transition from Previous GAAP to Ind AS has affected the Company's Balance Sheet, financial performance and its cash flows are given under "Note No - 44".

1.3 Significant Accounting Policies:

1.3.1 Basis of Preparation and Presentation

The Financial Statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- (a) Certain Financial Assets and Liabilities (including derivative instruments), and
- (b) Defined Benefit Plans – Plan Assets

The Company's Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest Lakhs, except when otherwise indicated.

1.3.2 Fair Value Measurement

Some of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a financial reporting team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The financial reporting team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as pricing services, is used to measure fair values, then the financial reporting team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

1.3.3 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1.3.4 Property, Plant and Equipment

(a) Tangible Assets

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. In case of land the Company has availed fair value as deemed cost on the date of transition to Ind AS.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress.

Depreciation

Free hold land is not depreciated. Leasehold land and the improvement costs are amortized over the period of the lease. Depreciation on Property, Plant and Equipment is provided using Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II:

Name of Property, Plants and Equipment	Useful Life
Factory Building	30 Years
Building (Other than Factory Building)	60 Years
Plant and Machineries (Including Continuous Process Plant)	25 Years
Furniture and Fixtures	10 Years
Office Equipment	5 Years
Computer and Other Data Processing units	3 Years
Motor Vehicles	8 Years
Electrical Installation and Other Equipment	5 Years

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(b) Capital Work-in-Progress and Capital Advances

Cost of Property, Plant and Equipment not ready for intended use, as on the balance sheet date, is shown as a "Capital Work-in-Progress". The Capital Work-in-Progress is stated at cost. Any expenditure in relation to survey and investigation of the properties is carried as Capital Work-in-Progress. Such expenditure is either capitalized as cost of the projects on completion of construction project or the same is expensed in the period in which it is decided to abandon such project. Any advance given towards acquisition of Property, Plants and Equipment outstanding at each balance sheet date is disclosed as "Other Non-Current Assets".

(c) Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortization

The amortization expenses on Intangible assets with the finite lives are recognized in the Statement of Profit and Loss. The Company's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life as tabulated below:

Particulars	Useful Life
Accounting and antivirus software	3 Years
Other firewall and operating software	6 Years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

1.3.5 Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1.3.6 Lease

(a) The Company as a Lessee

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any, and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

(b) The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

1.3.7 Investment Properties

The property that is held for capital appreciation or for earning rentals or both or whose future use is undetermined is classified as Investment Properties. Items of investment properties are measured at cost less accumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. Investment properties are depreciated on straight line method on pro-rata basis at the rates specified therein. Subsequent expenditure including cost of major overhaul and inspection is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

1.3.8 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of finished goods, work-in-progress, raw materials, chemicals, stores and spares, components, consumables, packing materials, trading and other products are determined on First In First Out (FIFO) / average / weighted average basis.

1.3.9 Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

1.3.10 Employee Benefits

(A) Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(B) Post-Employment Benefits**(i) Defined Contribution Plans**

The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

(ii) Defined Benefit Plans

(a) Gratuity Scheme: The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

(iii) Other Long - Term Employee Benefits

Entitlement to annual leave is recognized when they accrue to employees.

1.3.11 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Company is generally the principal as it typically controls the goods or services before transferring them to the customer.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Export Incentives

Export incentive revenues are recognized when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method.

Dividend Income

Dividend Income is recognised when the Company's right to receive the amount has been established.

Surplus / (Loss) on disposal of Property, Plants and Equipment / Investments

Surplus or loss on disposal of property, plants and equipment or investment is recorded on transfers of title from the Company, and is determined as the difference between the sales price and carrying value of the property, plants and equipment or investments and other incidental expenses.

Rental Income

Rental income arising from operating lease on investments properties is accounted for on a straight - line basis over the lease term except the case where the incremental lease reflects inflationary effect and rental income is accounted in such case by actual rent for the period.

Insurance Claim

Claim receivable on account of insurance is accounted for to the extent the Company is reasonably certain of their ultimate collections.

Other Income

Revenue from other income is recognized when the payment of that related income is received or credited.

1.3.12 Foreign Currency Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalised as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or Statement of Profit and Loss are also recognised in Other Comprehensive Income or Statement of Profit and Loss, respectively).

1.3.13 Government Grants and Subsidies

Grants in the nature of subsidies which are non-refundable are recognized as income where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Income from grants is recognized on a systematic basis over periods in which the related costs that are intended to be compensated by such grants are recognized.

Refundable government grants are accounted in accordance with the recognition and measurement principle of Ind AS 109, "Financial Instruments". It is recognized as income when there is a reasonable assurance that the Company will comply with all necessary conditions attached to the grants. Income from such benefit is recognized on a systematic basis over the period of the grants during which the Company recognizes interest expense corresponding to such grants.

1.3.14 Financial Instruments – Financial Assets

(A) Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

(B) Subsequent Measurement

a) Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise to cash flows on specified dates that represent solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Further, the Company, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Company has made such election on an instrument-by-instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

c) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 - Financial Instruments.

(C) Investments

Investments are classified in to Current or Non-Current Investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as Current Investments. All other Investments are classified as Non - Current Investments. However, that part of Non - Current Investments which are expected to be realized within twelve months from the Balance Sheet date is also presented under "Current Investments" under "Current portion of Non-Current Investments" in consonance with Current/Non-Current classification of Schedule - III of the Act.

All the equity investment which covered under the scope of Ind AS 109, "Financial Instruments" is measured at the fair value. Investment in Mutual Fund is measured at fair value through profit and loss (FVTPL). Trading Instruments are measured at fair value through profit and loss (FVTPL).

(D) Investment in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, associates and joint venture at cost less impairment loss (if any).

(E) Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

1.3.15 Financial Instruments – Financial Liabilities**(A) Initial Recognition and Measurement**

All Financial Liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(B) Subsequent Measurement

Financial Liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.3.16 Derivative Financial Instruments and Hedge Accounting

The Company enters into derivative contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated financial assets measured at amortised cost.

The Company formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognised financial assets ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Company's Risk Management objective and strategy.

The hedge relationship so designated is accounted for in accordance with the accounting principles prescribed for a cash flow hedge under Ind AS 109, 'Financial Instruments'.

Recognition and measurement of cash flow hedge:

The Company strictly uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. As per Ind AS 109 - Financial Instruments, foreign currency forward contracts are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in hedge reserve (under reserves and surplus) through other comprehensive income and the ineffective portion is recognised immediately in the statement of profit and loss.

The accumulated gains / losses on the derivatives accounted in hedge reserve are transferred to the statement of profit and loss in the same period in which gains / losses on the underlying item hedged are recognised in the statement of profit and loss.

Derecognition:

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in hedge reserve and be reclassified to the statement of profit and loss in the same period or periods during which the formerly hedged transaction is reported in the statement of profit and loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognised in hedge reserve is transferred to the statement of profit and loss.

Fair Value Hedge:

The Company designates derivative contracts or non-derivative Financial Assets/Liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

1.3.17 Derecognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.3.18 Financial Instruments – Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.3.19 Taxes on Income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

(a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

(b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Presentation

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

1.3.20 Segment Reporting

Segments are identified having regard to the dominant source and nature of risks and returns and the internal organization and management structure. The Company has considered as Business Segments as Primary Segments.

Segments Accounting Policies

The Company prepares its Segment Information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Inter - Segment Transfer

The Company generally accounts the Inter - Segment transfers at an agreed value of the transactions.

Allocation of Common Costs

Common allocable costs are allocated to each segment reporting according to the relative contribution of each segment to the total of common costs.

Unallocated Items

Unallocated Items include the General Corporate Income and Expense items which are not allocated to any of the Business Segments.

1.3.21 Research and Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss as and when incurred.

Development costs are capitalised as an intangible asset if it can be demonstrated that the project is expected to generate future economic benefits, it is probable that those future economic benefits will flow to the entity and the costs of the asset can be measured reliably, else it is charged to the Statement of Profit and Loss.

1.3.22 Earnings per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

1.3.23 Provisions, Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

1.3.24 Events after Reporting Date

Where events occurring after the Balance Sheet date provide evidence of condition that existed at the end of reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

1.3.25 Non – Current Assets Held For Sales

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification.

Non-current assets held for sale are neither depreciated nor amortised.

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of sale and are presented separately in the Balance Sheet.

1.3.26 Cash Flows Statement

Cash Flows Statements are reported using the method set out in the Ind AS – 7, “Cash Flow Statements”, whereby the Net Profit / (Loss) before tax is adjusted for the effects of the transactions of a Non-Cash nature, any deferrals or accrual of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.3.27 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3.28 Recent Pronouncement

On 24 March, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 1 April, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held, etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

1.4 Critical Accounting Judgments and Key Sources of Estimation Uncertainty:

The preparation of the Company’s Financial Statements requires management to make judgment, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

1.4.1 Income Tax

The Company’s tax jurisdiction is in India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the income tax provisions, including the amount expected to be paid / recovered for uncertain.

1.4.2 Property Plant and Equipment/ Intangible Assets

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company’s historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is revised if there are significant changes from previous estimates.

1.4.3 Defined Benefits Obligations

The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS – 19, “Employee Benefits” over the period during which benefit is derived from the employees’ services. It is determined by using the Actuarial Valuation and assessed on the basis of assumptions selected by the management. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. Due to complexities involved in the valuation and its long term in nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are reviewed at each balance sheet date.

1.4.4 Fair value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

1.4.5 Recoverability of Trade Receivables

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

1.4.6 Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

1.4.7 Impairment of Financial and Non – Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

1.4.8 Recognition of Deferred Tax Assets and Liabilities

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses for which there is probability of utilisation against the future taxable profit. The Company uses judgment to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

(Rs. in Lakhs)

A. Defined Contribution Plan

Particulars	As at 31 st March, 2021	As at 31 st March, 2020
The Company has the following post-employment benefit plans:		
Contribution to defined contribution plan recognised as expense for the year is as under:		
Employer's contribution to provident fund	10.73	9.42

B. Defined Benefit Plans

Gratuity (Unfunded) :

- (i) The Company administers its employees' gratuity scheme unfunded liability. The present value of the liability for the defined benefit plan of gratuity obligation is determined based on actuarial valuation by an independent actuary at the period end, which is calculated using the projected unit credit method, which recognises each year of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- (ii) Gratuity benefits in India are governed by the Payment of Gratuity Act, 1972. The key features are as under:

Benefits offered	: 15 / 26 x salary x duration of service
Salary definition	: Basic salary including Dearness Allowance (If any)
Benefit ceiling	: Benefit ceiling of Rs. 20 Lakhs (not applied)
Vesting conditions	: 5 years of continuous service (not applicable in case of death/ disability)
Benefit eligibility	: Upon death or resignation or withdrawal or retirement
Retirement age	: 58, 60, 65 or 62 years
- (ii) Risks associated to the defined benefit plan of gratuity:
 - (a) Investment / Interest Risk: The present value of defined benefit plan liability is calculated using discount rate determined with reference to market yield on government bonds denominated in Indian rupees. A decrease in the bond interest rate will increase the plan liability.
 - (b) Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Note - 43 – Financial Instruments

Financial Risk Management – Objectives and Policies

The Company's financial liabilities mainly comprise the loans and borrowings in foreign as well as domestic currency, money related to capital expenditures, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets comprise mainly of investments, security deposits, cash and cash equivalents, other balances with banks, trade and other receivables that derive directly from its business operations.

The Company is exposed to the Market Risk, Credit Risk and Liquidity Risk from its financial instruments.

The Management of the Company has implemented a risk management system which is monitored by the Board of Directors of the Company. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Company are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims to identify, assess, mitigate the risks in order to minimize the potential adverse effect on the Company's financial performance.

The following disclosures summarize the Company's exposure to the financial risks and the information regarding use of derivatives employed to manage the exposures to such risks. Quantitative Sensitivity Analysis has been provided to reflect the impact of reasonably possible changes in market rate on financial results, cash flows and financial positions of the Company.

(*) Investment in subsidiaries are measured at cost as per Ind AS 27, "Separate financial statements", and hence not presented here.

(**) Fair value of financial assets and liabilities measured at amortized cost approximates their respective carrying values as the management has assessed that there is no significant movement in factor such as discount rates, interest rates, credit risk from the date of the transition. The fair values are assessed by the management using Level 3 inputs.

(***) The financial instruments measured at FVTPL represents current investments and derivative assets having been valued using level 2 valuation hierarchy.

Fair value hierarchy

The fair value of financial instruments as referred to in note below has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Notes to the Standalone Financial Statements for the year ended on 31st March, 2021

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

B. Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises three types of Risk: *“Interest Rate Risk, Currency Risk and Other Price Risk”*. Financial instrument affected by the Market Risk includes loans and borrowings in foreign as well as domestic currency, retention money related to capital expenditures, trade and other payables.

(a) Interest Rate Risk

Interest Rate Risk is the risk that fair value or future cash outflows of a financial instrument will fluctuate because of changes in market interest rates. An upward movement in the interest rate would adversely affect the borrowing cost of the Company. The Company is exposed to long term and short - term borrowings. The Company manages interest rate risk by monitoring its mix of fixed and floating rate instruments and taking actions as necessary to maintain an appropriate balance. The Company has not used any interest rate derivatives.

➤ Exposure to Interest Rate Risk

(*) holding all other variable constant. Tax impact not considered.

(b) Foreign Currency Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the volume of foreign currency transactions, the Company has taken certain forward contracts to manage its exposure.

➤ Exposure to Foreign Currency Risk

The Carrying amount of Company's unhedged Foreign Currency denominated monetary items are as follows:

C. **Credit Risk**

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and other Financial assets measured at amortized cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets. (i) Low credit risk, (ii) Moderate credit risk, (iii) High credit risk.

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Financial assets (other than trade receivables) that expose the entity to credit risk are managed and categorized as follows:

Basis of categorisation	Asset class exposed to credit risk	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss.
Moderate credit risk	Other financial assets	12 month expected credit loss, unless credit risk has increased significantly since initial recognition, in which case allowance is measured at life time expected credit loss
High credit risk	Other financial assets	Life time expected credit loss (when there is significant deterioration) or specific provision whichever is higher

Notes to the Standalone Financial Statements for the year ended on 31st March, 2021

Financial assets (other than trade receivables) that expose the entity to credit risk (Gross exposure): –

Particulars	(Rs. in Lakhs)		
	As at 31 st March, 2021	As at 31 st March, 2020	As at 1 st April, 2019

Other Financial Assets	347.62	774.82	2850.03
Total	3,327.02	3,133.52	3,572.65

(i) **Cash and cash equivalent and bank balance:**

Credit risk related to cash and cash equivalents and bank balance is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

(ii) **Loans and Other financial assets measured at amortized cost:**

Other financial assets measured at amortized cost includes export benefits receivables, bank deposits with maturity of more than 12 months and other receivables. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

(iii) **Trade receivables:**

Life time expected credit loss is provided for trade receivables. Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

(a) **Concentration of trade receivables:**

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risk are controlled and managed accordingly. Details of the such identified concentrations of credit risk are disclosed below:

(b) **Expected credit losses:**

Expected credit loss for trade receivables under simplified approach:

The Company recognizes lifetime expected credit losses on trade receivables using a simplified approach, wherein Company has defined percentage of provision by analyzing historical trend of default based on the criteria defined below and such provision percentage determined have been considered to recognize life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for). Further, the Company has evaluated recovery of receivables on a case to case basis. No provision on account of expected credit loss model has been considered for related party balances. The Company computes credit loss allowance based on provision matrix. The provision matrix is prepared on historically observed default rate over the expected life of trade receivable and is adjusted for forward - looking estimate. The provision matrix at the end of reporting period is as follows:

Particulars	Expected Loss Rate
< 90 Days	-
90 to 120 days	0.30%
120 to 180 days	0.50%
180 to 365 days	1.00%

D. **Liquidity Risk**

Liquidity Risk is the risk that the Company will encounter difficulty in raising the funds to meet the commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

▪ **Financing arrangements:**

E. Capital Management

The Company's capital management objectives are

- To ensure the company's ability to continue as a going concern
- To provide an adequate return to share holders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. The Company manages its capital on the basis of Net Debt to Equity Ratio which is Net Debt (Total Borrowings net of Cash and Cash Equivalents) divided by total equity plus net debt.

NOTE - 44 - First Time Adoption of Indian Accounting Standards ('Ind AS')

These are the Company's first financial statements prepared in accordance with Ind AS.

For all period up to and including the year March 31, 2020, the Company had prepared its financial statements in accordance with the Accounting Standards notified under Section 133 of The Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ("Previous GAAP"). For the year ended on March 31, 2021 prepared and presented in accordance with the Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 in accordance with the accounting policies as set out by the Company in Note No. 1.

The Accounting Policies as set out in Note No. 1 have been applied in preparing its financial statements for the year ended March 31, 2021 including the Comparative information for the year ended on March 31, 2020 and the Opening Ind AS Balance Sheet on the date of transition i.e., April 01, 2019.

In preparing its Ind AS Balance Sheet as at April 01, 2019 and in preparing the Comparative information for the period ended March 31, 2020, the Company has adjusted amounts reported previously in financial statements prepared in accordance with Previous GAAP. This note explains the principal adjustments made by the Company in restating its financial statements prepared under Previous GAAP for the followings:

- a) Balance Sheet as at April 01, 2019 (Transition Date);
- b) Balance Sheet as at March 31, 2020;
- c) Statement of Profit and Loss for the year ended on March 31, 2020; and
- d) Statement of Cash Flows for the year ended March 31, 2020

Ind AS 101 - First Time Adoption of Indian Accounting Standard, allow the first-time adopters, exemptions from the retrospective application and exemption of certain requirements of the Other Ind AS. The Company has availed the following exemptions as per Ind AS 101.

A. Ind AS Optional Exemptions:

1) Financial Instruments:

For the financial instruments, where the fair market values are not available (viz. interest free and below market rate security deposits or loans) the Company has elected to adopt fair value recognition prospectively to transactions entered after the date of transition.

2) Deemed cost of property, Plant and equipment and intangible Assets:

The Company has elected to consider the Carrying Value of all its Property, Plants and Equipment's (PPE) and Intangible Assets recognized in the financial statements prepared under Previous GAAP and use the same as Deemed Cost in the Opening Ind AS Financial Statements.

3) Deemed cost for Investments in subsidiaries:

The carrying amount of Company's Investments in its Associate Companies as per the financial statements of the Company prepared under Previous GAAP, are considered as Deemed Cost for measuring such investments in the Opening Ind AS Financial Statements.

4) Leases:

The company has elected to measure the right of use assets at the date of transition as if Ind AS 116 had been applied since the commencement date of the lease, but discounted using the lessee's incremental borrowing rate at the date of transition to Ind AS. Further the following expedients were used on transition to Ind AS.:

- the use of single discount rate to portfolio of leases with reasonably similar Characteristics.
- the accounting for operating leases with a remaining lease of less than 12 months as on transition date as short-term leases
- the exclusion of initial direct costs for the measurement of the Right-of-use assets at the date of initial application.

B. Ind AS Mandatory Exceptions:

1) Estimates:

An entity estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimate made for the same date in accordance with Previous GAAP (after adjustment to affect any difference in accounting policies) unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 01st April, 2019 are consistent with the estimates as at the same date made in conformity with Previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as there were not required under previous GAAP.

- The company has applied modified retrospective approach to all leases contract existing as at 01 April 2019 under Ind As 116

Notes to the Standalone Financial Statements for the year ended on 31st March, 2021

2) Classification and measurement of financial assets and liabilities:

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing as on date of transition. Financial Assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstance existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e., use of effective interest method, fair value of financial assets at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

Cash and Cash Equivalents at the beginning of the period	3.50	-	3.50
Cash and Cash Equivalents at the end of the period	58.20	-	58.20

Foot notes to First time adoption changes:

1. Lease accounting adjustment under Ind AS 116

The Company has leases for Immovable properties, Plant & Machinery and related facilities. Under the previous GAAP, all the of the payments in regard to these leases were expensed off in the statement of profit and loss. However, under Ind AS 116, the accounting is different as each lease is reflected on the balance sheet as a right-of-use asset and a lease liability with the exception of short-term leases and leases of low-value underlying assets which is expensed off in the statement of profit and loss. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

The above adjustment has also impacted cash flow statement of the Company as under the previous GAAP, the rent paid was used to be classified as operating activity; while the payments of lease liability under Ind AS 116 is classified under financing activities as per Ind AS 7.

Under the previous GAAP, the company has created rent equalization on straight line basis for the rent receivable. The same has been reversed as per the Ind AS 116.

2. Measurement of financial assets and financial liabilities at amortized cost

Under Previous GAAP, all financial assets and financial liabilities were carried at cost. Under Ind AS, certain financial assets and financial liabilities are subsequently measured at amortized cost which involves the application of effective interest method. In applying the effective interest method, an entity identifies, fees that are an integral part of the effective interest rate of a financial instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or financial liability. For certain financial liabilities, the fair value of the financial liability at the date of transition to Ind AS has been considered as the new amortized cost of that financial liability at the date of transition to Ind AS.

3. Deferred tax impact on above Ind AS

Under Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base. In addition, various transitional adjustments have also led to recognition of deferred taxes on new temporary differences.

4. Other Transition Adjustments

The errors and omissions came across upon the transition to Ind AS were adjusted in the Financial Statements includes Property, Plant & Equipment and Provision for Income under the Other Current Assets.

5. Recognition of loss allowance for expected credit losses on financial assets measured at amortized cost

Under Previous GAAP, provision for doubtful debts was recognized based on the estimates of the outcome and of the financial effect of contingencies determined by the management of the Company. This judgement was based on consideration of information available up to the date on which the financial statements were approved and included a review of events occurring after the balance sheet date.

Under Ind AS, a loss allowance for expected credit losses is recognized on financial assets carried at amortized cost. Expected loss on individually significant receivables is assessed when they are past due and based on company's historical counterparty default rates and forecast of macroeconomic factors. Other receivables have been segmented by reference to the industry of the counterparty and other shared credit risk characteristics to evaluate the expected credit loss. The expected credit loss estimate is then based on recent historical counterparty default rates for each identified segment.

Notes to the Standalone Financial Statements for the year ended on 31st March, 2021

6. Reclassification / Regrouping upon Transition to Ind AS

Previous GAAP figures have been reclassified/regrouped wherever necessary to confirm with financial statements prepared under Ind AS.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF **MANGALAM GLOBAL ENTERPRISE LIMITED**

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying Consolidated Financial Statements of Mangalam Global Enterprise Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and Notes to the Consolidated Financial Statements, including a summary of Significant Accounting Policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, of the consolidated state of affairs of the Group as at 31 March 2021, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

BASIS FOR OPINION

3. We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in "Other Matter" section below, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the Key Audit Matters
<p>First time adoption of Ind AS framework</p> <p>As disclosed in Note 44 to the accompanying Consolidated Financial Statements, the Group has adopted Indian Accounting Standards notified under section 133 of the Act, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended) ("Ind AS") with effect from 1 April 2020 (1 April 2019 being the transition date) and prepared the first set of Consolidated Financial Statements under Ind AS framework in the current year.</p> <p>This change in the financial reporting framework required an evaluation of the potential impact on the components of the financial statement. This process also required the management to apply significant judgments to identify and elect appropriate accounting policies suitable for various transactions and balances relating to the operations of the Group including electing of available options for transition of balances as at transition date to the Ind AS framework.</p>	<p>We obtained adequate and appropriate audit evidences by performing additional procedure which included , but not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of management's processes and controls around adoption of Ind AS. We sought explanations from the management for areas involving complex judgments or interpretations to assess its appropriateness • Examined the implementation of exemptions availed and options chosen by the Group in accordance with the requirements of Ind AS 101, First Time Adoption of Indian Accounting Standards (Ind AS 101). • Examined the accounting policies adopted by the Group on transition to Ind AS and assessed its appropriateness on basis of our understanding of the entity and its operations and the requirements of relevant accounting standards under the Ind AS framework.

Key Audit Matters	How our audit addressed the Key Audit Matters
<p>Considering the significance of the transition, the complexities and the efforts involved, this matter has been determined as a key audit matter for the year under audit.</p>	<ul style="list-style-type: none"> • Examined whether the presentation and disclosures in the financial statements are in accordance with the requirements of the applicable standards and regulatory requirements. • Examined the appropriateness and adequacy of disclosures with respect to the reconciliations prepared and presented by the management in the financial statements in accordance with Ind AS 101.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS’ REPORT THEREON

6. The Holding Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board’s Report including Annexure to Board’s Report (but does not include the Consolidated Financial Statements and our auditor’s report thereon) and the rest of the Annual Report (the “Other Information”). The Other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

RESPONSIBILITY OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

7. The Holding Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (“Ind AS”) specified under section 133 of the Act. Further, in terms of the provisions of the respective applicable laws in India/ other countries, the respective Board of Directors of the companies/ Designated Partners of the LLP, as may be applicable, included in the Group, are responsible for maintenance of adequate accounting records in accordance with the provisions applicable laws, for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the Consolidated Financial Statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies/ Designated Partners of the LLP included in the Group are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/ Designated Partners either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

9. The Board of Directors of the Companies/ Designated Partners of the LLP included in the Group are also responsible for overseeing the financial reporting process of the respective companies/ LLP in the Group.

AUDITOR’S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

10. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Directors;
 - Conclude on the appropriateness of Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities within the Group, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial information/ financial statements of such entities included in the Consolidated Financial Statements, of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
12. Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.
13. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are independent auditors, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

16. The accompanying Consolidated Financial Statements includes the financial statements/ financial information in respect of:
- a) One subsidiary, located in Singapore, whose annual financial statements reflect total assets of Rs. 5,739.83 Lakhs as at 31 March 2021, total revenue of Rs. 9,519.06 Lakhs, and net cash outflow of Rs. 4.43 Lakhs for the year ended on that date, as considered in the Consolidated Financial Statements. In our opinion, and according to the information and explanations given to us by the management, these financial statement and other financial information are not material to the Group.

Our opinion above on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

17. In case of subsidiaries located outside India whose financial statements and other financial information have been prepared in accordance with the accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the Consolidated Financial Statements is not modified in respect of this matter with respect to our reliance on the work done and the reports of the other auditors.

18. The comparative consolidated financial information for the year ended 31 March 2020 and the transition date opening consolidated balance sheet as at 1 April 2019, prepared in accordance with Ind AS and included in these Consolidated Financial Statements, are based on the previously issued Consolidated Financial Statements for the year ended 31 March 2020 and 31 March 2019, respectively, prepared in accordance with Accounting Standards prescribed under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended), which were audited by predecessor auditors, whose reports dated 19 June 2020 and 29 June 2019, respectively, expressed unmodified opinion on those Consolidated Financial Statements, and have been adjusted for the differences in the accounting principles adopted by the Holding Company on transition to Ind AS, which have been audited by us. Our report is not modified in respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

19. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements and other financial information of the subsidiaries, as noted in "Other Matter" section, we report to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statement;
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of Consolidated Financial Statements;
 - In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 (as amended);
 - On the basis of the written representations received from the directors of the Holding Company as on 31 March 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company, covered under the Act, none of the directors of the Holding Company and its subsidiary company covered under the Act, are disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
 - With respect to the adequacy of the internal financial controls over financial reporting with reference to Consolidated Financial Statements of the Holding Company and its subsidiary company covered under the Act, and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A';
 - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other statutory auditors of the subsidiary company covered under the Act, the remuneration paid by the Holding Company and its subsidiary company covered under the Act, to their directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in "Other Matter" section:
- i. The Group does not have any pending litigations which would impact its financial position.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company.

“ANNEXURE A” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE TO THE MEMBERS OF

MANGALAM GLOBAL ENTERPRISE LIMITED ON THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

(Referred to in para 19 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

INDEPENDENT AUDITORS’ REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

1. In conjunction with our audit of the Consolidated Financial Statements of **MANGALAM GLOBAL ENTERPRISE LIMITED** (“the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) as at and for the year ended 31 March 2021, we have audited the internal financial controls over financial reporting with reference to the financial statements of the Holding Company, its subsidiary company, which are companies covered under the Act, as at that date.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR INTERNAL FINANCIAL CONTROLS

2. The respective Board of Directors of the Holding Company, its subsidiary company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting established by the Holding Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of Company’s business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting with reference to the Consolidated Financial Statements of the Holding Company, as aforesaid, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls over financial reporting with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to the Consolidated Financial Statements of the Holding Company, its subsidiary company as aforesaid.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

6. A company’s internal financial controls over financial reporting with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls over financial reporting with reference to the Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and payments of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the Consolidated Financial Statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls over financial reporting with reference to the Consolidated

Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls over financial reporting with reference to the Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion and to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company, which are companies covered under the Act, have in all material respects, adequate internal financial controls over financial reporting with reference to the Consolidated Financial Statements and such internal financial controls over financial reporting with reference to the Consolidated Financial Statements were operating effectively as at 31 March 2021, based on the internal controls over financial reporting with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

1.2 General Information & Statement of Compliance with Ind AS:

These financial statements are the separate financial statements of the Group (also called as consolidated financial statements) prepared in accordance with Indian Accounting Standard ("Ind AS") notified under The Companies Act, 2013 ("The Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. These financial statements are the Group's first Ind AS Consolidated Financial Statements. The Group has adopted all the Indian Accounting Standards and the adoption was carried out in accordance with Ind AS 101, "First Time Adoption of Indian Accounting Standards". The Group has uniformly applied the accounting policies for the periods presented.

For all period up to and including the financial year ended March 31, 2020, the Group had prepared its financial statements in accordance with the Accounting Standard notified under the Section 133 of the Companies Act, 2013 read with the Rule 7 of Companies (Accounts) Rules 2014, ("Previous GAAP"). Detailed explanations on how the transition from Previous GAAP to Ind AS has affected the Group's Balance Sheet, financial performance and its cash flows are given under "Note No - 44".

1.3 Significant Accounting Policies:

1.3.1 Basis of Preparation and Presentation

The Consolidated Financial Statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- Certain Financial Assets and Liabilities (including derivative instruments), and
- Defined Benefit Plans – Plan Assets

The consolidated financial statements have been prepared and presented in Indian Rupees (INR), which is the Group's functional and presentation currency.

Basis of consolidation

The consolidated financial statements have comprised financial statements of the Holding Company and its subsidiaries. Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on

transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost.
- Derecognises the cumulative translation differences recorded in equity.
- Recognises the fair value of the consideration received.
- Recognises the fair value of any investment retained.
- Recognises any surplus or deficit in profit or loss.
- Recognise that distribution of shares of subsidiary to Group in Group's capacity as owners.
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or transferred directly to retained earnings, if required by other Ind ASs as would be required if the Group had directly disposed of the related assets or liabilities.

1.3.2 Fair Value Measurement

Some of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a financial reporting team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The financial reporting team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as pricing services, is used to measure fair values, then the financial reporting team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

1.3.3 Current and Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non- Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1.3.4 Property, Plant and Equipment

(a) Tangible Assets

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. In case of land the Group has availed fair value as deemed cost on the date of transition to Ind AS.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress.

Depreciation

Free hold land is not depreciated. Leasehold land and the improvement costs are amortized over the period of the lease. Depreciation on Property, Plant and Equipment is provided using Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II / as per technical evaluation as given below:

Name of Property, Plants and Equipment	Useful Life
Factory Building	30 Years
Building (Other than Factory Building)	60 Years
Plant and Machineries (Including Continuous Process Plant)	8 - 30 Years
Furniture and Fixtures	10 Years
Office Equipment	5 Years
Computer and Other Data Processing units	3 Years
Motor Vehicles	8 Years
Electrical Installation and Other Equipment	5-25 Years

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

In case of one subsidiary Farpoint Enterprise LLP, depreciation is calculated using Written Down Value method at the rates prescribed under Income Tax Act, 1961. The Details is given below:

Name of Property, Plants and Equipment	% applied
Factory Building	10%
Plant and Machineries (Including Continuous Process Plant)	15%
Electrical Installation and Other Equipment	15%

Derecognition

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(b) Capital Work-in-Progress and Capital Advances

Cost of Property, Plant and Equipment not ready for intended use, as on the balance sheet date, is shown as a "Capital Work-in-Progress". The Capital Work-in-Progress is stated at cost. Any expenditure in relation to survey and investigation of the properties is carried as Capital Work-in-Progress. Such expenditure is either capitalized as cost of the projects

on completion of construction project or the same is expensed in the period in which it is decided to abandon such project. Any advance given towards acquisition of Property, Plants and Equipment outstanding at each balance sheet date is disclosed as "Other Non-Current Assets".

(c) Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortization

The amortization expenses on Intangible assets with the finite lives are recognized in the Statement of Profit and Loss. The intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life as tabulated below:

Particulars	Useful Life
Accounting and antivirus software	3 Years
Other firewall and operating software	6 Years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

1.3.5 Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets

The Entity assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Entity estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1.3.6 Lease

(a) As a Lessee

The Entity, as a lessee, recognises a right- of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Entity has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of- use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any, and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Entity measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Entity uses incremental borrowing rate.

(b) As a Lessor

Leases for which the Entity is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

1.3.7 Investment Properties

The property that is held for capital appreciation or for earning rentals or both or whose future use is undetermined is classified as Investment Properties. Items of investment properties are measured at cost less accumulated depreciation/ amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. Investment properties are depreciated on straight line method on pro-rata basis at the rates specified therein. Subsequent expenditure including cost of major overhaul and inspection is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits associated with the item will flow to the Entity and the cost of the item can be measured reliably.

1.3.8 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of finished goods, work-in-progress, raw materials, chemicals, stores and spares, components, consumables, packing materials, trading and other products are determined on First In First Out (FIFO) / average / weighted average basis.

1.3.9 Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

1.3.10 Employee Benefits

(A) Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(B) Post-Employment Benefits

(i) Defined Contribution Plans

The Entity recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

(ii) Defined Benefit Plans

(a) Gratuity Scheme: The Entity pays gratuity to the employees who have completed five years of service with the Entity at the time of resignation/superannuation. The gratuity is paid @ 15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

(iii) Other Long - Term Employee Benefits

Entitlement to annual leave is recognized when they accrue to employees.

1.3.11 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Entity is generally the principal as it typically controls the goods or services before transferring them to the customer.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Entity has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the Entity expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

Export Incentives

Export incentive revenues are recognized when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection.

Interest Income

Interest Income from a Financial Assets is recognised using effective interest rate method.

Dividend Income

Dividend Income is recognised when the Entity's right to receive the amount has been established.

Surplus / (Loss) on disposal of Property, Plants and Equipment / Investments

Surplus or loss on disposal of property, plants and equipment or investment is recorded on transfers of title from the Entity, and is determined as the difference between the sales price and carrying value of the property, plants and equipment or investments and other incidental expenses.

Rental Income

Rental income arising from operating lease on investments properties is accounted for on a straight - line basis over the lease term except the case where the incremental lease reflects inflationary effect and rental income is accounted in such case by actual rent for the period.

Insurance Claim

Claim receivable on account of insurance is accounted for to the extent the Entity is reasonably certain of their ultimate collections.

Other Income

Revenue from other income is recognized when the payment of that related income is received or credited.

1.3.12 Foreign Currency Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalised as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or Statement of Profit and Loss are also recognised in Other Comprehensive Income or Statement of Profit and Loss, respectively).

1.3.13 Government Grants and Subsidies

Grants in the nature of subsidies which are non-refundable are recognized as income where there is reasonable assurance that the Entity will comply with all the necessary conditions attached to them. Income from grants is recognized on a systematic basis over periods in which the related costs that are intended to be compensated by such grants are recognized.

Refundable government grants are accounted in accordance with the recognition and measurement principle of Ind AS 109, “Financial Instruments”. It is recognized as income when there is a reasonable assurance that the Entity will comply with all necessary conditions attached to the grants. Income from such benefit is recognized on a systematic basis over the period of the grants during which the Entity recognizes interest expense corresponding to such grants.

1.3.14 Financial Instruments – Financial Assets

(A) Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

(B) Subsequent Measurement

a) Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise to cash flows on specified dates that represent solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Further, the Entity, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Entity has made such election on an instrument-by-instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Entity recognizes dividend income from such instruments in the Statement of Profit and Loss.

c) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Entity changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

(C) Investments

Investments are classified in to Current or Non-Current Investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as Current Investments. All other Investments are classified as Non - Current Investments. However, that part of Non - Current Investments which are expected to be realized within twelve months from the Balance Sheet date is also presented under “Current Investments” under “Current portion of Non-Current Investments” in consonance with Current/Non–Current classification of Schedule - III of the Act.

All the equity investment which covered under the scope of Ind AS 109, “Financial Instruments” is measured at the fair value. Investment in Mutual Fund is measured at fair value through profit and loss (FVTPL). Trading Instruments are measured at fair value through profit and loss (FVTPL).

(D) Investment in Subsidiaries, Associates and Joint Ventures

The Entity has accounted for its investments in Subsidiaries, associates and joint venture at cost less impairment loss (if any).

(E) Impairment of Financial Assets

In accordance with Ind AS 109, the Entity uses ‘Expected Credit Loss’ (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

1.3.15 Financial Instruments – Financial Liabilities

(A) Initial Recognition and Measurement

All Financial Liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(B) Subsequent Measurement

Financial Liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.3.16 Derivative Financial Instruments and Hedge Accounting

The Entity enters into derivative contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated financial assets measured at amortised cost.

The Entity formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognised financial assets ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Entity's Risk Management objective and strategy.

The hedge relationship so designated is accounted for in accordance with the accounting principles prescribed for a cash flow hedge under Ind AS 109, 'Financial Instruments'.

Recognition and measurement of cash flow hedge:

The Entity strictly uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. As per Ind AS 109 - Financial Instruments, foreign currency forward contracts are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in hedge reserve (under reserves and surplus) through other comprehensive income and the ineffective portion is recognised immediately in the statement of profit and loss.

The accumulated gains / losses on the derivatives accounted in hedge reserve are transferred to the statement of profit and loss in the same period in which gains / losses on the underlying item hedged are recognised in the statement of profit and loss.

Derecognition:

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in hedge reserve and be reclassified to the statement of profit and loss in the same period or periods during which the formerly hedged transaction is reported in the statement of profit and loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognised in hedge reserve is transferred to the statement of profit and loss.

Fair Value Hedge:

The Entity designates derivative contracts or non-derivative Financial Assets/Liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

1.3.17 Derecognition of Financial Instruments

The Entity derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a financial liability) is derecognised from the Entity's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.3.18 Financial Instruments – Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Entity has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1.3.19 Taxes on Income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

(a) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

(b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Presentation

The Entity offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Entity has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Entity.

1.3.20 Segment Reporting

Segments are identified having regard to the dominant source and nature of risks and returns and the internal organization and management structure. The Group has considered as Business Segments as Primary Segments.

Segments Accounting Policies

The Group prepares its Segment Information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

Inter - Segment Transfer

The Group generally accounts the Inter - Segment transfers at an agreed value of the transactions.

Allocation of Common Costs

Common allocable costs are allocated to each segment reporting according to the relative contribution of each segment to the total of common costs.

Unallocated Items

Unallocated Items include the General Corporate Income and Expense items which are not allocated to any of the Business Segments.

1.3.21 Research and Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss as and when incurred.

Development costs are capitalised as an intangible asset if it can be demonstrated that the project is expected to generate future economic benefits, it is probable that those future economic benefits will flow to the entity and the costs of the asset can be measured reliably, else it is charged to the Statement of Profit and Loss.

1.3.22 Earnings per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

1.3.23 Provisions, Contingent Liabilities

Provisions are recognised when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

1.3.24 Events after Reporting Date

Where events occurring after the Balance Sheet date provide evidence of condition that existed at the end of reporting period,

the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

1.3.25 Non – Current Assets Held For Sales

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification.

Non-current assets held for sale are neither depreciated nor amortised.

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of sale and are presented separately in the Balance Sheet.

1.3.26 Cash Flows Statement

Cash Flows Statements are reported using the method set out in the Ind AS – 7, “Cash Flow Statements”, whereby the Net Profit / (Loss) before tax is adjusted for the effects of the transactions of a Non-Cash nature, any deferrals or accrual of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

1.3.27 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3.28 Recent Pronouncement

On 24 March, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 1 April, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development
- If a Company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of Company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held, etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of standalone financial statements.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

1.4 Critical Accounting Judgments and Key Sources of Estimation Uncertainty:

The preparation of the Group’s Financial Statements requires management to make judgment, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

1.4.1 Income Tax

Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the income tax provisions, including the amount expected to be paid / recovered for uncertain.

1.4.2 Property Plant and Equipment/ Intangible Assets

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The useful life and residual values are based on the Entity's historical experience with similar assets and take into account anticipated technological changes. The depreciation/amortisation for future periods is revised if there are significant changes from previous estimates.

1.4.3 Defined Benefits Obligations

The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS – 19, "Employee Benefits" over the period during which benefit is derived from the employees' services. It is determined by using the Actuarial Valuation and assessed on the basis of assumptions selected by the management. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. Due to complexities involved in the valuation and its long term in nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are reviewed at each balance sheet date.

1.4.4 Fair value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

1.4.5 Recoverability of Trade Receivables

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

1.4.6 Provisions

The timing of recognition and quantification of the liability (including litigations) requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

1.4.7 Impairment of Financial and Non – Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Entity uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Entity's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets Entity estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

1.4.8 Recognition of Deferred Tax Assets and Liabilities

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses for which there is probability of utilisation against the future taxable profit. The Entity uses judgment to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

Note - 36 - Employee Benefits

(Rs. in Lakhs)

The Company has the following post-employment benefit plans:

A. Defined Contribution Plan

Contribution to defined contribution plan recognised as expense for the year is as under:

Particulars	As at 31 st March, 2021	As at 31 st March, 2020
Employer's contribution to provident fund	13.12	10.77

B. Defined Benefit Plans

Gratuity (Unfunded) :

- (i) In India, the Entities administers its employees' gratuity scheme unfunded liability as per Payment of Gratuity Act. The present value of the liability for the defined benefit plan of gratuity obligation is calculated using the projected unit credit method, which recognises each year of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- (ii) Gratuity benefits in India are governed by the Payment of Gratuity Act, 1972. The key features are as under:

Benefits offered	: 15 / 26 x salary x duration of service
Salary definition	: Basic salary including Dearness Allowance (If any)
Benefit ceiling	: Benefit ceiling of Rs. 20 Lakhs (not applied)
Vesting conditions	: 5 years of continuous service (not applicable in case of death/ disability)
Benefit eligibility	: Upon death or resignation or withdrawal or retirement
Retirement age	: 58, 60, 65 or 62 years
- (ii) Risks associated to the defined benefit plan of gratuity:
 - (a) Investment / Interest Risk: The present value of defined benefit plan liability is calculated using discount rate determined with reference to market yield on government bonds denominated in Indian rupees. A decrease in the bond interest rate will increase the plan liability.
 - (b) Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Notes to the Consolidated Financial Statements for the year ended on 31st March, 2021

Note - 36 - Employee Benefits (Contd...)

B. Defined Benefit Plans (Contd...)

Gratuity (Unfunded) : (Contd...)

(Rs. in Lakhs)

- (c) Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
- (d) Legislative Risk: Risks of increase in the plan liabilities or reduction in plan assets due to change in legislation.

(*) Fair value of financial assets and liabilities measured at a mortized cost approximates their respective carrying values as the management has assessed that there is no significant movement in factor such as discount rates, interest rates, credit risk from the date of the transition. The fair values are assessed by the management using Level 3 inputs.

(**) The financial instruments measured at FVTPL represents current investments and derivative assets having been valued using level 2 valuation hierarchy.

Fair value hierarchy

The fair value of financial instruments as referred to in note below has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Notes to the Consolidated Financial Statements for the year ended on 31st March, 2021

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

B. Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises three types of Risk: *“Interest Rate Risk, Currency Risk and Other Price Risk”*. Financial instrument affected by the Market Risk includes loans and borrowings in foreign as well as domestic currency, retention money related to capital expenditures, trade and other payables.

(a) Interest Rate Risk

Interest Rate Risk is the risk that fair value or future cash outflows of a financial instrument will fluctuate because of changes in market interest rates. An upward movement in the interest rate would adversely affect the borrowing cost of the Group. The Group is exposed to long term and short - term borrowings. The Entities manages interest rate risk by monitoring its mix of fixed and floating rate instruments and taking actions as necessary to maintain an appropriate balance. The Entities have not used any interest rate derivatives.

C. Credit Risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Group. The Group's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and other Financial assets measured at amortized cost. The Entities continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. The Entities assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Entities assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets. (i) Low credit risk, (ii) Moderate credit risk, (iii) High credit risk.

Based on business environment in which the Entities operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

(i) Cash and cash equivalent and bank balance:

Credit risk related to cash and cash equivalents and bank balance is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

(ii) Loans and Other financial assets measured at amortized cost:

Other financial assets measured at amortized cost includes export benefits receivables, bank deposits with maturity of more than 12 months and other receivables. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

(iii) Trade receivables:

Life time expected credit loss is provided for trade receivables. Based on business environment in which the Entities operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Entities. The Entities continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

Notes to the Consolidated Financial Statements for the year ended on 31st March, 2021

(a) Concentration of trade receivables:

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risk are controlled and managed accordingly. Details of the such identified concentrations of credit risk are disclosed below: (Rs. in Lakhs)

(b) Expected credit losses:

Expected credit loss for trade receivables under simplified approach:

The Entities recognizes lifetime expected credit losses on trade receivables using a simplified approach, wherein Entities has defined percentage of provision by analyzing historical trend of default based on the criteria defined and such provision percentage determined have been considered to recognize life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for). Further, the Entities has evaluated recovery of receivables on a case to case basis. No provision on account of expected credit loss model has been considered for related party balances. The Entities computes credit loss allowance based on provision matrix. The provision matrix is prepared on historically observed default rate over the expected life of trade receivable and is adjusted for forward - looking estimate.

D. Liquidity Risk

Liquidity Risk is the risk that the Group will encounter difficulty in raising the funds to meet the commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. Management monitors rolling forecasts of the Entity's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Entities takes into account the liquidity of the market in which the entity operates.

E. Capital Management

The Group's capital management objectives are

- To ensure the Group's ability to continue as a going concern
- To provide an adequate return to share holders

The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Entity's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of various classes of debt. The Management manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Management may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Management of Entities manages its capital on the basis of Net Debt to Equity Ratio which is Net Debt (Total Borrowings net of Cash and Cash Equivalents) divided by total equity plus net debt. The Group's position is given as below:

NOTE - 44 - First Time Adoption of Indian Accounting Standards ('Ind AS')

These are the Group's first financial statements prepared in accordance with Ind AS.

For all period up to and including the year March 31, 2020, the Group had prepared its financial statements in accordance with the Accounting Standards notified under Section 133 of The Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ("Previous GAAP"). For the year ended on March 31, 2021 prepared and presented in accordance with the Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 in accordance with the accounting policies as set out by the Group in Note No. 1.

The Accounting Policies as set out in Note No. 1 have been applied in preparing its financial statements for the year ended March 31, 2021 including the Comparative information for the year ended on March 31, 2020 and the Opening Ind AS Balance Sheet on the date of transition i.e., April 01, 2019.

In preparing its Ind AS Balance Sheet as at April 01, 2019 and in preparing the Comparative information for the period ended March 31, 2020, the Group has adjusted amounts reported previously in financial statements prepared in accordance with Previous GAAP. This note explains the principal adjustments made by the Group in restating its financial statements prepared under Previous GAAP for the followings:

- a) Balance Sheet as at April 01, 2019 (Transition Date);
- b) Balance Sheet as at March 31, 2020;
- c) Statement of Profit and Loss for the year ended on March 31, 2020; and
- d) Statement of Cash Flows for the year ended March 31, 2020

Ind AS 101 - First Time Adoption of Indian Accounting Standard, allow the first-time adopters, exemptions from the retrospective application and exemption of certain requirements of the Other Ind AS. The Group has availed the following exemptions as per Ind AS 101.

A. Ind AS Optional Exemptions:

1) Financial Instruments:

For the financial instruments, where the fair market values are not available (viz. interest free and below market rate security deposits or loans) the Group has elected to adopt fair value recognition prospectively to transactions entered after the date of transition.

2) Deemed cost of property, Plant and equipment and intangible Assets:

The Group has elected to consider the Carrying Value of all its Property, Plants and Equipment's (PPE) and Intangible Assets recognized in the financial statements prepared under Previous GAAP and use the same as Deemed Cost in the Opening Ind AS Financial Statements.

3) Leases:

The group has elected to measure the right of use assets at the date of transition as if Ind AS 116 had been applied since the commencement date of the lease, but discounted using the lessee's incremental borrowing rate at the date of transition to Ind AS. Further the following expedients were used on transition to Ind AS.:

- the use of single discount rate to portfolio of leases with reasonably similar Characteristics.
- the accounting for operating leases with a remaining lease of less than 12 months as on transition date as short-term leases
- the exclusion of initial direct costs for the measurement of the Right-of-use assets at the date of initial application.

B. Ind AS Mandatory Exceptions:

1) Estimates:

An entity estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimate made for the same date in accordance with Previous GAAP (after adjustment to affect any difference in accounting policies) unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 01st April, 2019 are consistent with the estimates as at the same date made in conformity with Previous GAAP. The Group made estimates for following items in accordance with Ind AS at the date of transition as there were not required under previous GAAP.

- The group has applied modified retrospective approach to all leases contract existing as at 01 April 2019 under Ind As 116

2) Classification and measurement of financial assets and liabilities:

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing as on date of transition. Financial Assets can be measured using effective

Notes to the Consolidated Financial Statements for the year ended on 31st March, 2021

interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstance existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e., use of effective interest method, fair value of financial assets at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

C. Reconciliations between Previous GAAP and Ind AS

Foot notes to First time adoption changes:

1. Lease accounting adjustment under Ind AS 116

The Group has leases for Immovable properties, Plant & Machinery and related facilities. Under the previous GAAP, all the of the payments in regard to these leases were expensed off in the statement of profit and loss. However, under Ind AS 116, the accounting is different as each lease is reflected on the balance sheet as a right-of-use asset and a lease liability with the exception of short-term leases and leases of low-value underlying assets which is expensed off in the statement of profit and loss. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

The above adjustment has also impacted cash flow statement of the Group as under the previous GAAP, the rent paid was used to be classified as operating activity; while the payments of lease liability under Ind AS 116 is classified under financing activities as per Ind AS 7.

Under the previous GAAP, the group has created rent equalization on straight line basis for the rent receivable. The same has been reversed as per the Ind AS 116.

2. Measurement of financial assets and financial liabilities at amortized cost

Under Previous GAAP, all financial assets and financial liabilities were carried at cost. Under Ind AS, certain financial assets and financial liabilities are subsequently measured at amortized cost which involves the application of effective interest method. In applying the effective interest method, an entity identifies, fees that are an integral part of the effective interest rate of a financial instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or financial liability. For certain financial liabilities, the fair value of the financial liability at the date of transition to Ind AS has been considered as the new amortized cost of that financial liability at the date of transition to Ind AS.

3. Deferred tax impact on above Ind AS

Under Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base. In addition, various transitional adjustments have also led to recognition of deferred taxes on new temporary differences.

4. Other Transition Adjustments

The errors and omissions came across upon the transition to Ind AS were adjusted in the Financial Statements includes Property, Plant & Equipment and Provision for Income under the Other Current Assets.

5. Recognition of loss allowance for expected credit losses on financial assets measured at amortized cost

Under Previous GAAP, provision for doubtful debts was recognized based on the estimates of the outcome and of the financial effect of contingencies determined by the management of the Group. This judgement was based on consideration of information available up to the date on which the financial statements were approved and included a review of events occurring after the balance sheet date.

Under Ind AS, a loss allowance for expected credit losses is recognized on financial assets carried at amortized cost. Expected loss on individually significant receivables is assessed when they are past due and based on group's historical counterparty default rates and forecast of macroeconomic factors. Other receivables have been segmented by reference to the industry of the counterparty and other shared credit risk characteristics to evaluate the expected credit loss. The expected credit loss estimate is then based on recent historical counterparty default rates for each identified segment.

6. Reclassification / Regrouping upon Transition to Ind AS

Notes to the Consolidated Financial Statements for the year ended on 31st March, 2021
