Restaurant Brands Asia's Standalone Revenue up by 12.6% in Q1 FY26

- Burger King India same-store sales grew by 2.6% in Q1

For the first quarter of FY26 ending on June 30, 2025, Restaurant Brands Asia Limited ("RBA"), earlier known as Burger King India Limited, reported Revenue from Operations (Standalone) at Rs. 5,523 million an increase of 12.6% over the same period last year. Earnings before interest, tax, depreciation and amortization (EBIDTA) for the quarter was at Rs 745 million, growing by 19.2%. EBIDTA margin was at 13.5% rising by 0.8%, over the same quarter in the preceding year.

The increase in Revenue was led by the addition of 63 stores over last year and a same-store sales growth of 2.6%. Notably, traffic in its dine-in restaurants grew by over 6%, driven by the launch of its new Korean range of products, along with the focus on its value offerings.

Mr. Rajeev Varman, Whole-time Director and Group Chief Executive Officer of RBA commented, "Innovation along with operational excellence has helped us navigate a dynamic environment. Our new Korean range of products have been well received, with guests appreciating the use of premium ingredients and authentic flavours. The new Whopper Deluxe Burgers and the BK Fusion range of shakes and sundaes launched earlier this month, have also seen a good initial response. We continued to elevate our in-store experience with BK Café and self-ordering kiosks now in 93% of all our restaurants. By staying close to our customers and swiftly responding to their evolving tastes, we are confident of creating enduring value for all our stakeholders."
