# **Analyst presentation – Q2CY2021**

ABB Power Products and Systems India Limited

## **Important notices**

This presentation includes forward-looking information and statements including statements concerning the outlook for our businesses. These statements are based on current expectations, estimates and projections about the factors that may affect our future performance, including global economic conditions, and the economic conditions of the regions and industries that are major markets for ABB Power Products and Systems India Ltd ("APPSIL"). These expectations, estimates and projections are generally identifiable by statements containing words such as "expects," "believes," "estimates," "targets," "plans," "outlook" or similar expressions.

There are numerous risks and uncertainties, many of which are beyond our control, that could cause our actual results to differ materially from the forward-looking information and statements made in this presentation and which could affect our ability to achieve any or all of our stated targets. The important factors that could cause such differences include, among others:

- COVID-19 crisis associated disruption risks
- business risks associated with the volatile global economic environment and political conditions
- costs associated with compliance activities
- market acceptance of new products and services
- changes in governmental regulations and currency exchange rates, and
- such other factors as may be discussed from time to time in APPSIL's filings with the Securities and Exchange Board of India (SEBI), including its Annual Report.

Although APPSIL believes that its expectations reflected in any such forward-looking statement are based upon reasonable assumptions, it can give no assurance that those expectations will be achieved.

# **Safety: Our licence to operate**

### **Inculcating self-reliance**

Enabling employees to contribute to a safe work environment

## **Customer appreciation**

- Perform Energy Efficiency improvement programs (audit & actions)
- Increase circularity (50% waste reduction disposal)

## Action #3

- Implement Energy management standard
- Implement SF6 management standard
- Implement Green House
   Gas management standard
- Implement Waste management standard
- Project Electricity and Heavy equipment's (Cranes/ trucks) 14.2% of CO<sub>2</sub>e

# Markets & performance

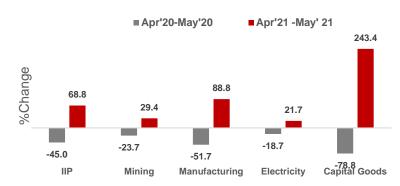

## **Economic landscape post 2<sup>nd</sup> Wave of COVID-19**

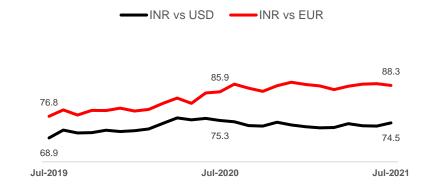

## **Macro-economic snapshot**

- COVID-19 Second wave on way down. Risk of 3<sup>rd</sup> Wave remains.
- GDP growth likely to be negative in Apr-June qtr., growth for FY22 expected to be 9-10% (revised downwards)
- Oil & commodities prices remains high, retail inflation rises to 6.26% in June
- Local and global supply chain disruptions due to COVID-19 outbreak
- Commodity price escalation increases input costs in a market with tight liquidity
- Power consumption grows nearly 10% to 115.39 BU in June
- Delays in decision making, but opportunities pipeline strong

# Industry growth (IIP<sup>2</sup>) – Core sectors show YoY growth on low base (lockdown) in 1<sup>st</sup> two months of FY 21-22

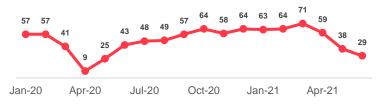

# Rupee depreciated ~2% against the USD in last 6 months

## **High Frequency Indicators \***

E-way bills generated (Mn) – declines in Apr-June qtr.

Value of tenders announced by central & state govt (INR, TN) – fell after spiking early in 2021

Steel Consumption (MMT) - Showing signs of recovery

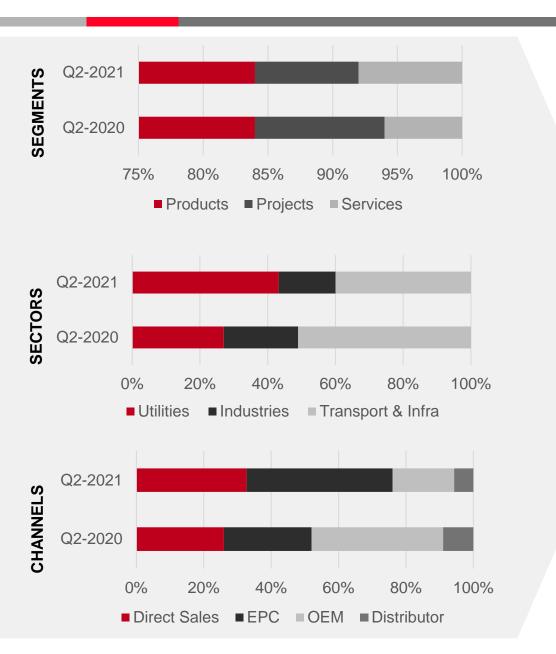

**HITACHI ABB POWER GRIDS** 

<sup>\*</sup> Source : BCG India Monitor, 2-IIP - Index of Industrial Production;

# Order distribution: Balanced across segments and channels

### Performance in Vision 2025 focus areas

## Renewables (Solar + Wind)

~2 GW of cumulative solar/wind orders catered for in Q2-21 with major export order

2021 vs 2020

2021 vs 2020:

2021 vs 2020:

**Power Quality** 

Reliable power for all

Increased electrification of

industries & transportation

#### **Datacenters**

India privacy laws Remotely connected economy Advent of 5G

### Railways & Metros

Urbanization Freight corridors Net zero ambitions

**Service orders grow YoY by >50%** 

**Cyber security** implementation order from a leading distribution utility

First GIS export order to South America

Successive order from leading steel manufacturer for digitally enabling its transformers

**HV Switchgear & Automation** orders from **Africa** 

Remote commissioning support provided for a hydro project – charging of 400kV GIS substation

**Digital Connect -** Virtual instructor led training conducted for customers across the regions

Making in India for the world; leveraging our installed base to expand in exports & service

## **Profit & Loss Statement**

Zero-debt company as of June 30, 2021

**CRISIL** rating:

A1+ short-term facilities; AAA/Stable long-term banking facilities

## **Priorities ahead**

## **People**

Prioritize people welfare – drive vaccination, provide medical infra support

Reiterate COVID appropriate behaviour

Strengthen diversity and inclusion, internalize global Diversity 360 efforts

## Execution

Make supply chain and processes flexible to swiftly adapt to market changes / disruptions

Focus on cash

Lower carbon footprint of own operations

### **High growth segments**

- Rail: In line with Indian Railways' 2030 Net Zero ambitions
- Data centers: Enhanced by govt's focus on data privacy
- Renewables: 450 GW target
- HVDC: New links to spur renewable integration

### Digitalization

- Thought leadership
- Collaboration: Develop solutions with customers to address their requirements
- Adoption: Platform agnostic, modular
- Maintenance & Cyber Security

### **Exports**

- Continued strengthening of local footprint – to make in India for India and the world
- Expansion & penetration of markets/geographies
