ABOUT US:

Established in 1994, Vidhi Specialty Food Ingredients Limited (Formerly known as 'Vidhi Dyestuffs Manufacturing Limited') ['Vidhi'] is a leading manufacturer of Superior Synthetic and Natural Food Grade Colours; providing customers with world class color solutions in applications of Foods & Beverages, Confectionaries, Pharmaceuticals, Feeds, Cosmetics, Inkjet Inks and Salt Free Colors. Our colors are being distributed and consumed in over 80 countries across 6 continents.

At Vidhi, we have a transcendental combination of highly experienced and young and dynamic force of qualified chemists dedicated towards partnering the efforts of our discerning customers in developing superior colour solutions for their products. A fully equipped & functional laboratory accredited by The Bureau of Indian Standards forms the core of Quality Control Department with dedicated R&D facility with a team of PhDs and qualified chemists. Our technical team works closely with the end user, right from the stage of envisioning the product to commercial production and after sales support. Stringent procedures and fail-safe methods of testing are adopted, right from the stage of sampling of all raw materials, in process checks at various stages of the reactions and thorough testing of all finished products is carried out by our team of highly qualified and trained chemists. We share up to date information and news developments, regarding regulatory procedures and new standards being implemented across all global markets thereby securing the interests of our valued customers.

Our company has two state-of-the-art manufacturing facilities, one located in the Dhatav village of Raigad district in Maharashtra and the recently commercialized Greenfield expansion in Dahej of Gujarat. This Greenfield expansion will enable Vidhi to address the growing demand supply gap and will result in increasing better realizations as the company forays into new high-margin products. Our manufacturing facilities are spread over an area of 1,76,000 square feet, located in Dhatav Village of Raigad District in the state of Maharashtra – India and and 1,08,250 square feet, located in Vagra Taluka in Bharuch District in the State of Gujrat – India. Today Vidhi is an ISO 9001:2000, ISO 22000:2005 and HACCP certified company. Vidhi is 1st Company in the field of manufacturing synthetic food colours in India to be awarded with ISO 9002 in the year of 2000. Our company continue to penetrate into newer geographies and add new customers across diversified end-user industries and further improve our wallet share from our existing customers. With the new greenfield expansion, vidhi has focus to enhance product portfolio and improve operational efficiencies and operating leverage. The board strives for a bright future for the company with overall growth and turnover, as well as profit through expansion of its production facility. Our Manufacturing facilities have been audited and found satisfactory by the U.S. FDA. All our products carry HALAL and Kosher certification. Vidhi is steadfastly working towards adoptions of standards like GFSI compliance.

CHAIRMAN'S SPEECH

Dear Esteemed Shareholders,

I trust this message finds you and your family in good health and high spirits. It gives me great pleasure to share that the past financial year has been a period of noteworthy accomplishments across several dimensions of our business.

Every institution reaches moments where it must choose between comfort in what has already been accomplished and courage to create what is yet to come. While achievements of the past are a source of pride, they are stepping stones, not resting places. The journey forward demands clarity of purpose and the ability to transform learning into progress.

Vidhi Specialty Food Ingredients Limited (VSFIL) today stands at such a stage. The Company is prepared not only to accept change but to accelerate it, building on its legacy while keeping its foundations strong. As Victor Hugo wisely said: *"Change your opinions, keep your principles; change your leaves, keep your roots intact."*

The true strength of an institution lies in its ability to outlast individuals, including its founders. It is shaped by the collective effort of all who contribute — employees, customers, partners, and stakeholders. Like many streams converging into one ocean, these contributions sustain the vitality and continuity of the organization.

VSFIL embodies this spirit of collective growth. We see ourselves as an ever-expanding ocean — resilient, sustainable, and committed to enduring for generations to come.

To build such permanence requires more than operational efficiency. It calls for a culture of excellence in products, an unwavering foundation of trust, and the highest levels of customer satisfaction. At VSFIL, this means delivering uncompromising quality, honoring timelines, offering strong technical support, and providing after-sales service that builds lasting relationships.

During FY 25 global economy demonstrated notable instability across regions. Over 60 nations have gone to the polls, redrawing maps, rewriting alliances. Logistic corridors were disrupted due to conflicts in the Middle East. Continent (Europe) which was once an economic stronghold, now grapples with stagnation and a search for identity in a fractured world. The International Monetary Fund (IMF) in its April 2025 World Economic Outlook, downgraded global growth forecasts for 2025 to 2.8% from 3.3% in 2024 which reflects a global economy grappling with trade tensions and policy uncertainty. While advanced economies face slower growth, emerging markets remain vulnerable to trade disruptions and constrained financial conditions.

Despite this global uncertainty, India stood apart. India recorded steady economic growth of 6.5% in FY25, driven by accelerated consumer demand, a pick-up in capex, and improved trade dynamics. While farsightedness was under pressure in many Nations, India surged forward as a symbol of stability, growth and confidence amidst confusion.

Let me now talk about a few of the highlights of the Company of FY 2024-25

The Company has developed world-class manufacturing infrastructure with two key facilities: Dhatav Village, Raigad, Maharashtra, and a Greenfield site in Dahej, Gujarat, spanning a combined 2.8 lakh sq. ft. Equipped with advanced technologies, these facilities ensure efficiency, compliance, and scalability. The Dahej plant, operational since December 2023, has boosted total production capacity from 325 MTPM to 675 MTPM, making Vidhi the third-largest global manufacturer of synthetic food-grade dyes and the second-largest in Asia, with an annual capacity exceeding 7,200 MTPA.

With strong technical expertise, in-house R&D, and backward integration, Vidhi serves as a trusted partner for leading global brands, including Nestlé, Britannia, Pepsi, Cipla, Parle G, Unilever, and ITC. Over 95% of production is exported, with FY 2024–25 revenue primarily from the Americas (51%), followed by Australia (29%) and Europe (16%).

Now let me take this opportunity to report back to you on your Companies performance as well as the future outlook:

Company is consistent with their transformation strategy to increase the manufacturing activities and gradually exit low-margin trading business. Manufacturing sales remained almost at same level whereas there is increase in Trading Sales by 59.61% in Current FY i.e. 2024-25 as compared to Pervious FY i.e. 2023-24.

Your Company is optimistic of revenue & profitability growth going forward due to penetration into newer geographies, addition of new customers, addition of wallet share from existing customers, enhancement of product portfolio and operational efficiencies & operating leverage.

In Current Year i.e. 2024-2025 EBITDA is turn up by 19.94% attributable to marginal Increase in the Profit Margin.

You will be pleased to note that considering the operational and financial performance, Company has declared a 1st Interim Dividend of Rs. 1/- per equity share of Rs. 1/- each, 2nd Interim Dividend of Rs. 1/- per equity share of Rs. 1/- each and 3rd Interim Dividend of Rs. 1.50/- per equity share of Rs. 1/- each (totalling to Rs. 3.50/- per share i.e. 350%) during the financial year 2024-25 and has also recommended a final dividend payment of Rs. 1.50/- per equity share of Rs. 1/- each (i.e. 150%) for the financial year 2024-2025.

In closing, let me express my deep gratitude to our clients, partners, employees, directors and other stakeholders who have placed their trust and confidence in us. Thank you once again for being an integral part of our Company

We are firmly committed to the highest standards of governance and ethics, making sure all regulatory requirements and our own internal rules are strictly complied with.

The continued trust and support from Board members and Stakeholders, extended over the years, has enabled the Company to evolve where it is today. Thank you for being part of this journey with us. Warm Regards

Warm Regards

Bipin Madhavji Manek
Chairman and Managing Director

- b) The Securities and Exchange Board of India ("SEBI") vide its Circular No. SEBI/HO/CFD-PoD-2/P/CIR/2024/133 dated October 03, 2024 read with SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 07, 2023, Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 05, 2023, Circular no. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and Circular No. SEBI/HO/CFD/CMD1/CIR/P/ 2020/79 dated May 12, 2020 (collectively referred to as "SEBI Circulars") has provided relaxation from requirement of sending the hard copy of annual report and sending proxy forms, as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "the Listing Regulations"). In line with the MCA Circulars and SEBI Circulars, the Notice of the AGM along with the Annual Report for FY 2024-25 is being sent by electronic mode to those Members whose e-mail addresses are registered with the Company/R&TA/ Depositories, i.e. National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL").

In accordance with the provisions of Regulation 36(1)(b) of the SEBI Listing Regulations, the Company is sending a letter to those Members whose e-mail addresses are not registered with the Company / DPs / RTA, providing the weblink of Company's website from where the Annual Report can be accessed and downloaded. The Company shall send a physical copy of the Annual Report to those Members who request for the same at vdmlcs@hotmail.com mentioning their Folio No./DP ID and Client ID.

The Notice of AGM and Annual Report 2024-25 are available on the Company's website viz. <https://vidhifoodcolors.com/investor-relation/annual-reports/> and may also be accessed from the relevant section of the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com, respectively. The AGM Notice is also available on the website of NSDL (agency for providing the Remote e-Voting facility) at www.evoting.nsdl.com.

- c) As per the provisions of clause 3.A.II. of the General Circular No. 20/2020 dated May 05, 2020 read with other MCA Circulars, the matters of Special Business, as appearing at item nos. 6, 7 & 8 of the accompanying Notice, are considered to be unavoidable by the Board and hence, form part of this Notice.
- d) As per Section 105 of the Act, a Member entitled to attend and vote at the general meeting is entitled to appoint a proxy, who need not be a Member, to attend and vote on poll on behalf of himself/herself. Since this AGM is being held through VC/OAVM pursuant to the MCA Circulars and SEBI Circulars, the requirement of physical attendance of Members has been dispensed with. Accordingly, in terms of the MCA Circulars and the SEBI Circulars, the facility for appointment of proxies by the Members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this notice. However, in pursuance of Sections 112 and 113 of the Companies Act, 2013, representatives of the Members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
- e) The Explanatory Statement pursuant to Section 102 of the Act setting out material facts concerning the business under Item Nos. 6, 7 & 8 of the Notice, is annexed hereto. Further, the relevant details with respect to Item Nos. 5 to 7 pursuant to Regulation 36(3) of the SEBI Listing Regulations and Secretarial Standard -2 on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking re-appointment at this AGM are also annexed.

Brief resume of the Directors of the Company has also been furnished separately in the Annual Report. The Directors proposed to be re-appointed have furnished the relevant consent for their re-appointment.

- f) The name of the RTA changed from "Link Intime India Private Limited" to "MUFG Intime India Private Limited" (MUFG Intime/RTA) with effect from December 31, 2024 upon acquisition of Link group by Mitsubishi UFJ Trust & Banking Corporation. having their office at C-101, 247 Park, L.B.S. In respect of the Members holding shares in the physical form, the bank details obtained from the R & TA will be used for the purpose of distribution of dividend through various approved/permissible electronic modes of payment. Any query related to dividend should be directed to R & TA.

SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/ CIR/2021/655 dated November 3, 2021 (subsequently amended by Circular Nos. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated December 14, 2021, SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 March 16, 2023 and SEBI/HO/MIRSD/POD-1/P/CIR/2023/181 November 17, 2023) has mandated that with effect from April 01, 2024, dividend to security holders (holding securities in physical form), shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature.

- k) Members may note that the Income Tax Act, 1961 ("IT Act"), as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a Company after April 01, 2020 shall be taxable in the hands of the Members. The Company shall therefore be required to deduct Tax at Source ("TDS") at the time of making the final dividend. In order to enable us to determine the appropriate TDS rate as applicable, Members are requested to submit the documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

1. For Resident Shareholders, TDS shall be deducted under Section 194 of the IT Act as follows:

Members having valid Permanent Account Number (PAN) updated in the Company's Register of Members	10%* or as notified by the Government of India
Members not having PAN / valid PAN not updated in the Company's Register of Members/ PAN is not linked with AADHAR in case of an individual	20% or as notified by the Government of India

* *As per the Finance Act, 2021, Section 206AB has been inserted effective July 01, 2021, wherein higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section.*

However, no TDS shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during the financial year 2025-26 does not exceed Rs. 10,000, and also in cases where members provide Form 15G/Form 15H (Form 15H is applicable to resident individual shareholders aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower/nil withholding of tax. PAN is mandatory for members providing Form 15G/15H or any other document as mentioned above. Please note that this includes the future dividend, if any, which may be declared by the Board in the financial year 2025-26.

A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source.

- 2. For Non-resident Members**, TDS is required to be deducted in accordance with the provisions of Section 195 of the IT Act at the rates in force. As per the relevant provisions of the IT Act, the tax shall be deducted @ 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable to them. However, as per Section 90 of the IT Act, the non-resident Member has the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the Country of tax residence of the Member, if they are more beneficial to them.

For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the shareholders or details as prescribed under rule 37BC of the Income tax Rules, 1962
- Copy of the Tax Residency Certificate for financial year 2024-25 obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholders
- Self-declaration in Form 10F
- Self-declaration by the shareholders of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by the shareholders

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act at the rate of 20%** (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents, if applicable.

** As per the Finance Act, 2021, Section 206AB has been inserted effective from July 1, 2021, wherein higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid section. However, in case a non-resident shareholder or a non-resident Foreign Portfolio Investor (FPI) / Foreign Institutional Investor (FII), higher rate of tax as mentioned in Section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial DTAA Rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by Non- Resident Member.

- l) Form 15G/15H/10F for current financial year can be downloaded from the Link <https://web.in.mpms.mufg.com/client-downloads.html> under general tab.
- m) Kindly note that the aforementioned documents can be submitted to the Company/R&TA at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html or can be uploaded on the link <https://web.in.mpms.mufg.com/formsreg/submission-of-form-15g-15h.html> on or before September 15, 2025 in order to enable your Company to determine and deduct appropriate TDS rate. No communication on the tax determination / deduction shall be entertained post September 15, 2025. It may be further noted that in case the tax on said dividend is deducted at a higher rate in the absence of receipt of the aforementioned details / documents from you, there would still be an option available with you to file the return of income and claim an appropriate refund, if eligible.
- n) The Company will issue soft copy of TDS certificate to its Members through email registered with Company/ Company's RTA post payment of dividend. In addition, Members will be able to download the TDS certificate from the Income Tax Department's website <https://eportal.incometax.gov.in> (refer to Form 26AS).
- o) In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the Members, such Members will be responsible to indemnify the Company and also, provide the Company with all information/documents and co-operation in any assessment/apellate proceedings.
- p) This communication is not exhaustive and does not purport to be a complete analysis or listing of all potential tax consequences in the matter of dividend payment. Shareholders should consult their tax advisors for requisite action to be taken by them.

- q) Members, who have not encashed/received the dividend warrants so far in respect of the below mentioned periods, are requested to make their claim to the R&TA well in advance before due dates. 2. Financial Performance, Operations and State of the Company's affairs:

The financial performance of the Company, during the year under review, is described as follows -

(Rs. In Lakhs)

Sr. No.	Particulars	As on March 31, 2025	As on March 31, 2024	Increase / (Decrease) (in %)
1	Total Income	38,389.34	29,915.78	28.32%
2	Profit Before Tax	6,016.17	4,897.56	22.84%
3	Profit After Tax from continuing operations	4,357.23	3662.10	18.98%

The financial performance is discussed in detail in the Management Discussion and Analysis Report which forms part of the Annual Report.

The Company has manufactured 4081 MT of food colours during the financial year 2024–25 as against 4507.19 MT in the previous year. The Dahej plant, which completed its trial run in August 2023 and commenced commercial operations in December 2023, has now completed its first full year of production. The steady operations at the Dahej unit have contributed significantly to the overall output and efficiency of the Company. With this, the capacity enhanced to 675 metric tons per month, as compared to the earlier capacity of 325 metric tons per month, has been effectively leveraged to meet rising demand. The Board continues to strive for a bright future for your Company, with sustained growth in turnover and profitability driven by the expansion of its production facilities.

3. Change in the nature of business, if any:

The Company is engaged in the business of manufacturing and trading in synthetic food colours and chemicals. There was no change in nature of business activity during the year.

4. Dividend:

Your Directors are pleased to recommend a final dividend of Rs. 1.50/- (Rupees One and fifty paise Only) per equity share of Rs. 1.00/- each fully paid up (i.e. 150%) for the financial year ended March 31, 2025. The total outflow on account of final dividend will be Rs. 749.18 Lakhs. The dividend payment is subject to the approval of the Members at the ensuing Annual General Meeting ('AGM') and be paid to the Members whose names appear in the Register of Members/Beneficial Holders as on Record Date fixed for the said purpose. The Board recommended dividend based on the parameters laid down in the Dividend Distribution Policy.

The dividend, if declared at the AGM, would be paid/dispatched within thirty days from the date of declaration of dividend to those persons or their mandates:

- whose names appear as beneficial owners as at the end of the business hours on Tuesday, September 17, 2025 in the list of the Beneficial Owners to be obtained from the Depositories, i.e. National Securities Depository Limited [NSDL] and Central Depository Services (India) Limited [CDSL], in respect of the shares held in electronic/dematerialized mode; and
- whose names appear as Members in the Register of Members of the Company as on Tuesday, September 17, 2025 in respect of the shares held in physical mode.

In line with our focus on enhancing shareholder returns and in view of the Company's strong cash generation and positive growth momentum, the Board of Directors had decided to distribute profits to its Members and accordingly the Board of Directors had declared interim dividend during the financial year 2024-25 as per details given below:

Type of Dividend	Date of Board Meeting	Rate of Dividend	Per share Dividend	Total Outflow
1 st Interim Dividend	August 08, 2024	100% per share	Rs. 1.00/- per share	Rs. 499.45 lakhs
2 nd Interim Dividend	November 07, 2024	100% per share	Rs. 1.00/- per share	Rs. 499.45 lakhs
3 rd Interim Dividend	January 20, 2025	150% per share	Rs. 1.50/- per share	Rs. 749.18 lakhs

Total dividend pay-out for the year 2024-25 (including final dividend to be declared in the ensuing AGM) is more than doubled to Rs. 5.00/- per equity share of Rs.1.00/- each against Rs.2.00/- per equity share for previous year.

5. Reserves:

As permitted under the Act, the Board does not propose to transfer any amount to General Reserve and has decided to retain the entire amount of profit for FY 2024-25 in the retained earnings.

6. Investor Education and Protection Fund (IEPF):

Pursuant to the applicable provisions of the Companies Act, 2013 ("the Act"), read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the IEPF Rules"), all unpaid or unclaimed dividends are required to be transferred by the Company to the IEPF after the completion of seven years. Further, according to the IEPF Rules, the shares on which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the demat account of the IEPF Authority. Since last Board Report, the Company has transferred the unclaimed and unpaid dividend amount in IEPF as per details given below:

Sr. No.	Dividend type	Dividend declaration date	Amount transferred to IEPF (In Rs.)*	Dividend Transferred to IEPF on	Number of shares transferred
1.	Final Dividend for FY 2016-17	September 25, 2017	2,80,505	October 29, 2024	Nil
2.	1 st Interim Dividend for FY 2017-18	September 25, 2017	1,38,063	October 29, 2024	13,700
3.	2 nd Interim Dividend for FY 2017-18	November 24, 2017	1,10,825	December 28, 2024	Nil
4.	3 rd Interim Dividend for FY 2017-18	February 14, 2018	1,51,277	March 20, 2025	24,000
Total			6,80,670		37,700

As per the requirements of the IEPF Rules, the Company has transferred 6,80,670 Equity Shares on which dividends were unclaimed for seven consecutive years. Further, the details of unclaimed dividend and due dates for transfer of unclaimed dividend to IEPF account has been given in Notes to the Notice calling Thirty-Second AGM and are also available on our website, at <https://vidhifoodcolors.com/investor-relation/unclaimed-dividends/>

7. Details of the Subsidiaries, Joint Ventures or Associate Companies:

The Company has a Wholly-owned Subsidiary Company namely, Arjun Food Colorants Manufacturing Private Limited, as on March 31, 2025. The Company did not have any Joint Venture or Associate Company during the year under review. During the year under report, no Company became or ceased to be Subsidiary, Joint Ventures or Associate Companies.

Arjun Food Colorants Manufacturing Private Limited did not have any business operation during the year 2024-25. Hence, there was no income from operation. However, the Company has incurred total expenses of Rs. 5.61 lakhs during the year as compared to expenses of Rs. 5.30 lakhs in the previous year. The Loss after tax of the Company during the year was Rs. 5.61 lakhs as compared to Loss after Tax of Rs. 5.30 lakhs in the previous year. Since there was no business income, the said Company has not contributed to the turnover/performance of the Company but due to losses, it has negatively impacted on consolidated profits of the Company.

As required pursuant to first proviso to sub section (3) of section 129 read with Rule 5 of Companies (Accounts) Rules, 2014, Form AOC-1 forms part of this report, appended as **Annexure A**

Further, pursuant to the provisions of Section 136 of the Act, the Standalone as well as Consolidated financial statements of the Company along with and all other documents required to be attached thereto and separate audited financial statement in respect of the subsidiary is available on the website of the Company at https://vidhifoodcolors.com/wp-content/uploads/2025/08/report_24_25.pdf

8. Deposits:

Your Company has not accepted any deposits from the public during the year under review and no deposit was outstanding to be paid. Since there was no such outstanding as on beginning of the financial year, there is no question of payment on account of principal or interest on public deposits arises.

9. Directors and Key Managerial Personnel:

27. Particulars of loans given, investments made, guarantees given and securities provided:

During the year under Report, the Company has not given any loan, except, loan to employees and loan to Wholly-owned Subsidiary Company for working capital, or given guarantee or provided securities as covered under Section 186 of the Act. Further, the Company has not made any fresh investment during the year.

However, the investment made in previous years in the Subsidiary Company is continuing.

The details of loan given and Investment made by the Company have been given in note no. 5 of the Financial Statement.

28. Risk Management:

The Company is exposed to inherent uncertainties owing to the sector in which it operates. A key factor in determining a Company's capacity to create sustainable value is the risks that the Company is willing to take (at strategic and operational levels) and its ability to manage them effectively. Many risks exist in a Company's operating environment and they emerge on a regular basis. The Company's Risk Management process focuses on ensuring that these risks are identified on a timely basis and addressed.

The Risk Management Committee ('RMC') of the Board provides oversight and sets the tone for implementing the Enterprise Risk Management ("ERM") framework across the organization. It reviews the status of key risks, progress of ERM implementation across locations and any exceptions as flagged to it, on periodic basis. The Committee oversees enterprise risk management framework to ensure execution of decided strategies with focus on action and monitoring risks arising out of unintended consequences of decisions or actions and related to performance, operations, compliance, incidents, processes, systems and transactions are managed appropriately. The Company believes that the overall risk exposure of present and future risks remains within risk capacity.

During the year under Report, the Company is keeping track to proactively manage risks and ensure health and safety of employees, while simultaneously ensuring growing business operation without any interruption.

29. Internal Financial Controls with reference to the Financial Statement:

The Company has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information.

The Company has in place adequate internal financial controls with reference to financial statements. The Company's internal control systems, including internal financial controls, are commensurate with the nature of its business and the size and complexity of its operations and the same are adequate and operating effectively. These systems are periodically tested and no reportable material weakness in the design or operation was observed. The Audit Committee reviews adequacy and effectiveness of the Company's internal control system including internal financial controls.

30. Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013:

Your Company has always believed in providing a safe and harassment-free workplace for every individual working in the Company. The Company has complied with the applicable provisions of the aforesaid Act, including constitution of the Internal Complaints Committee. The Company has in place an Anti-Sexual Harassment Policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. All employees (permanent, contractual, temporary and trainees) are covered under this Policy. The Policy is gender neutral.

We are pleased to inform you that no complaints pertaining to sexual harassment were received during the Financial Year 2024-25 and pending as on March 31, 2025.

31. Statement of compliance of provisions of Maternity Benefit Act, 1961:

The Company has complied with the provisions of the Maternity Benefit Act, 1961.

32. Secretarial Standards:

The Company has complied with all the applicable Secretarial Standards issued by the Institute of Company Secretaries of India and notified by the Central Government.

33. Cost Records:

As per Section 148(1) of the Act read with the Companies (Cost Records and Audit) Rules, 2014, the maintenance of cost records is not mandated for the products manufactured by the Company.

34. Business Responsibility and Sustainability Reporting (BRSR):

The Listing Regulations mandate the inclusion of the Business Responsibility and Sustainability Reporting (BRSR) from 2022-23 in lieu of the Business Responsibility Report (BRR) as part of the Annual Report for the top 1,000 listed entities based on market capitalization. Since your Company falls under Top 1,000 Companies by Market Cap, Pursuant to Regulation 34(2)(f) of the Listing Regulations and SEBI circular no. SEBI/LAD-NRO/ GN/2021/22 dated May 5, 2021, your Company provides the prescribed disclosures in new reporting requirements on Environmental, Social and Governance ("ESG") parameters called the Business Responsibility and Sustainability Report ("BRSR") which includes performance against the nine principles of the National Guidelines on Responsible Business Conduct and the report under each principle which is divided into essential and leadership indicators.

The BRSR in the format prescribed by SEBI is annexed to the Annual Report as **Annexure F**.

Also, a detailed BRSR Report describing various initiatives, actions and process of the Company towards the ESG endeavor can be accessed at <https://vidhifoodcolors.com/investor-relation/annual-reports/>

35. Dividend Distribution Policy

The Company has formulated a Dividend Distribution Policy as required under regulation 43A of the Listing Regulations. The said Policy is uploaded on the Company's website. The weblink of the same is as follows:

<https://vidhifoodcolors.com/INVPDFDocs/9.%20Codes%20and%20Polices/18.%20Dividend%20Distribution%20Policy.pdf>

36. Other Disclosures/Reporting:

Your Directors state that no disclosure or reporting is required in respect of the following items as there were no events/instances/transactions occurred on these items during the year under review:

- a) Material changes and commitments, if any, affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the financial statements relate and the date of the report;
- b) Voting rights which are not directly exercised by the employees in respect of shares for the subscription/ purchase of which loan was given by the Company (as there is no scheme pursuant to which such persons can beneficially hold shares as envisaged under section 67(3)(c) of the Act);
- c) The details of application made and proceeding pending under the Insolvency and Bankruptcy Code, 2016;
- d) The details of difference between amount of the valuation done at the time of one-time settlement and the valuation done while taking loan from the Banks or Financial Institutions;
- e) Significant or material orders were passed by the Regulators or Courts or Tribunals which impact the going concern status and Company's operations in future; and

- f) Details in respect of frauds reported by the Auditors under section 143(12) other than those which are reportable to the Central Government, as there were no such frauds reported by the Auditors.

37. Acknowledgements:

Your Board wish to place on record their appreciation and acknowledge with gratitude the support and co-operation extended by the Government Authorities, Bankers, Customers, Employees and Members during the year under review and look forward to their continued support.

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

(Pursuant to provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014)

A. Energy Conservation:**1. The steps taken/impact on conservation of energy:**

The Company is continuously reviewing various proposals for reduction in consumption of energy, mainly by way of replacement of existing equipments by modern and energy efficient equipments. Your Company has always considered energy and natural resource conservation as a focus area and has been consciously making efforts towards improving the energy performance year after year. Energy efficiency improvement initiatives have been implemented across all the plants and offices by undertaking various energy and resource conservation steps for sustainable development.

In addition to this, the Company had set-up 2 MW Solar Power Plant at Village: Rambhapur, Tal: Murtizapur, Dist: Akola, Maharashtra. 100% of electricity generated through above solar power plant is utilised for captive use for Company's Plant situated in Roha. This project supports the Company's green energy requirements for its manufacturing units. It also helps the Company reducing carbon emissions.

Further, the Company ensures adopting and following below mentioned energy saving measures:

- a) LED bulbs installed to save energy;
- b) Switching off equipments whenever not in use;
- c) Printing only important documents;
- d) Improvement in low insulation;
- e) Periodic desertion of Boiler;
- f) Use of energy efficient electric equipments;
- g) Regular maintenance of Machines and equipments;
- h) Use of natural lightning and natural ventilation; and
- i) Educating employees and workers for energy conservation and creating awareness amongst the employees and workers.

2. The steps taken by the Company for utilising alternate sources of energy:

- a) Installation of Solar Power Plant;
- b) Few batch processes scaled up/modified for saving of energy and time;
- c) The Company will take continuous steps to use the alternate sources by using cost effective fuels; and
- d) Power factor kept unity, few capacitors replaced resulting in significant cost savings.

3. The capital investment on energy conservation equipments:

For the year under review, the total capital investment on energy conservation equipment is NIL.

B. Technology Absorption:

1. The efforts made towards technology absorption:

Your Company has continued its endeavor to absorb advanced technologies for its product range to meet the requirements of a globally competitive market. Further, the Company is taking efforts to further improve quality of the products. The Company strives to achieve innovations in its operations.

2. The benefits derived like product improvement, cost reduction, product development or import substitution:

Not Applicable as the Company has not absorbed new technology during the year.

3. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

No technology was imported during the last three years preceding to the reporting year.

4. Expenditure incurred on Research and Development:

The Company has an exclusive and dedicated Research & Development Division (R&D Division) attached to its major production centre. It carries out development of new products besides improvement of existing products and production processes. R&D Division is playing a pivotal role not only in the case of new products already launched but also those on the anvil. R&D Division is entrusted with the responsibility to develop ways and means to minimize the adverse effect of quality deterioration, if any. R&D Division of the Company has a team of trained and dedicated personnel to further strengthen its activities.

The Specific areas in which R&D is carried out are:

- Development of production processes to meet specific customer requirements;
- Development of new products, especially line extension of existing products and new applications for the same;
- Development of new process techniques for cost optimization as well as fuel and energy conservation; and
- Reduction in water consumption.

13.	Ms. Vishakha Pandya# Company Secretary & Compliance Officer	7,41,000	N.A.	N.A.

**Mrs. Pravina Bipin Manek (DIN: 00416533) do not draw any remuneration from the Company.*

@The remuneration of Independent Directors covers sitting fees only which is Rs.20,000/- per meeting in which financial results are considered.

#Ms. Vishakha Pandya ceased to be Company Secretary w.e.f. March 07, 2025. Hence, percentage increase for her remuneration cannot be provided.

Since the remuneration of these Directors is only for part of the year, the ratio of their remuneration to median remuneration is not comparable and hence not stated.

i. The ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the Financial Year:

The median remuneration of employees of the Company during the Financial Year was Rs. 3,72,177/- and ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the Financial Year is provided in the above table.

ii. The percentage increase in the median remuneration of employees in the Financial Year:

In the Financial Year, the median remuneration of employees decreased by 2.51%.

iii. The number of permanent employees on the pay roll of the Company:

There were 96 (Including KMPs) permanent employees on the pay roll of the Company as on March 31, 2025.

iv. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last Financial Year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

Average percentile increase made in the salaries of employees other than the managerial personnel in the Financial Year i.e. 2024-25 was 9.04% whereas percentile increase in the managerial remuneration for the Financial Year 2024-25 was 27.84%.

The percentile increase in the managerial remuneration is greater than the average percentile increase in the salaries of the employees other than the managerial remuneration because the managerial personnel get remuneration by way of percentage of net profit of the Company. The Managerial Personnel were paid remuneration upto the maximum allowed limit under the Companies Act.

v. Affirmation that the remuneration is as per the remuneration policy of the Company:

It is hereby affirmed that the remuneration paid is as per the Policy for Remuneration of the Directors, Key Managerial Personnel and other employees.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	GHG Emissions	R	Production processes generate GHG emissions from fossil fuel combustion. With stricter emission norms, the company may face regulatory fines, operational challenges, and compliance costs.	<ul style="list-style-type: none"> • Transition to low carbon renewable energy through a 2.5 MW solar project at Sunbless Solar Park, Maharashtra. • Energy conservation practices across operations • Phasing out old equipment and replacing with energy-efficient equipment. • Emission control by installing wet scrubbers on HCL, Oleum, and H₂SO₄ tanks. • Conducting regular air quality monitoring and inspections to control air pollution. • Wastewater recycling using RO systems at Dahej. 	Negative
2	Water and Wastewater Management	R	Water is a critical input in chemical production. Rising scarcity, higher treatment costs, and climate change risks can disrupt operations and increase costs.	<ul style="list-style-type: none"> • Efficient Water Recycling by directing 80 KL process-water through Multi Evaporator Plant and repurposing the water for gardening and domestic use. Thus, minimising wastewater discharge and maximising resource utilisation. • Comprehensive Wastewater treatment of the remaining process water through our 2 stage ETP and then further through a Common Effluent Treatment Plant to reduce environmental impact and meeting regulatory standards. • Rainwater Harvesting for use in gardening and other operational activities to conserve water and meet our water management goals. 	Negative

3	Waste and Hazardous Material Management	R	Our manufacturing processes generate hazardous waste, such as heavy metals and sludge, that are governed by strict regulatory requirements for handling, transport, and disposal. Inadequate management could lead to compliance risks, penalties, and environmental liabilities.	<ul style="list-style-type: none"> • Responsible waste management: Vidhi adheres to Pollution Control Board guidelines to ensure responsible handling, treatment, and disposal of hazardous waste. • Scientific Disposal: Hazardous waste, including ETP sludge, is safely collected and transferred to Mumbai Waste Management Limited (MWML) for proper treatment and disposal. • Calorific Value Norms: Waste with a calorific value below 3000 kcal/kg is managed in line with prescribed practices, reducing environmental impact. 	Negative
4	Energy Efficiency	R	Chemical production is energy-intensive, typically relying on fossil fuels or purchased electricity. This makes energy sourcing a significant operational cost and a potential compliance risk, depending on environmental regulations. Inadequate energy management could hamper operations and increase costs, emissions and regulatory exposure.	<ul style="list-style-type: none"> • Commitment to Renewable Energy: Vidhi is reducing dependence on non-renewable sources by integrating renewable energy solutions, including its 2.5 MW solar power project. • Carbon Footprint Reduction: The company actively pursues sustainable practices to lower emissions and contribute positively to climate goals. • Energy-Efficient Operations: Adoption of modern, energy-efficient equipment and continuous process improvements help optimize energy use, reduce pollution, and strengthen environmental stewardship. 	Negative

5	Human Rights	R	Respecting human rights is essential to sustainable business operations. It includes fair treatment of employees, fair labour practices, safe working conditions, respect for community rights, and diversity. Failure to uphold human rights could result in reputational damage, regulatory penalties and potential litigations.	<ul style="list-style-type: none"> • Commitment to Human Rights: Vidhi upholds international human rights standards through established policies and procedures embedded in its governance framework. • Reporting Mechanism: Employees can raise concerns with their Head of Department, and if unresolved, escalate them to the CFO. • Internal Compliance Committee: Depending on the nature of the issue, complaints may also be addressed by the Internal Compliance Committee, ensuring independent oversight and accountability. • Human Rights Training: Regular training programs are conducted to raise awareness, reinforce ethical practices, and ensure alignment with human rights principles. 	Negative
6	Community Relations	R	While chemical companies contribute to local communities through employment, tax revenue, and investments, they also face challenges related to environmental impact, public health and process safety. It is very important to maintain good community relations as non-maintenance can lead to regulatory fines, legal issues, reputational damage and potential disruptions to operations.	<ul style="list-style-type: none"> • Commitment to Community Well-being: Vidhi prioritizes the health, safety, and well-being of the communities surrounding its operations. • Regular Engagement: The company actively engages with stakeholders to understand community needs and address concerns through open and transparent communication channels. • CSR Initiatives: Community support is extended through CSR programs focused on healthcare, education, women empowerment, and social welfare. • Grievance Redressal: The company maintains open channels for communities to share grievances, which are addressed promptly to maintain trust. • Value Chain & Stakeholder Collaboration: Vidhi continues to work with stakeholders across its value chain to uplift communities and align shared interests. 	Negative

7	Employee health and safety	R	<p>Employees in chemical plants are exposed to risks from heavy machinery, hazardous substances, and extreme operating conditions. A strong safety culture helps reduce workplace incidents, lower medical and legal costs, and improve efficiency.</p>	<ul style="list-style-type: none"> • Vidhi upholds strict safety standards, supported by continuous training and effective communication. • Regular drills and training are conducted on fire safety, first aid, material handling, chemical safety, and food safety. • Compliance with ISO 9001:2015 and ISO 22000:2005 underscores its commitment to global safety and quality benchmarks. • Routine health check-ups and proactive HACCP/HAZOP studies ensure employee well-being and early risk identification. 	Negative
8	Product Design, Safety and life cycle management	O	<p>Growing regulatory requirements and resource constraints encourage innovation in safer, more efficient, and sustainable products. Companies that prioritize product safety, adopt less toxic alternatives, and deliver cost-effective solutions can enhance market share, strengthen brand value, and improve shareholder returns.</p>	<ul style="list-style-type: none"> • Innovation & Quality Assurance: Vidhi's BIS-accredited R&D lab drives product innovation while ensuring adherence to global safety and quality standards. • Comprehensive Testing: Every stage of production — from raw material sampling to final product checks — undergoes rigorous testing to guarantee consistency and reliability. • Expert Team: A dedicated team of skilled chemists ensures all products meet strict industry benchmarks. • Customer Collaboration: Vidhi works closely with customers during product development, provides after-sales support, and keeps clients updated on global regulatory changes for continued compliance. • In-House Testing & Certification: The company's QC/QA lab conducts thorough in-house testing, supported by HACCP certification and regular evaluations. • Standard Operating Procedures (SOPs): Adherence to PRP, OPRP, CCP, and HAC protocols ensures a robust quality management system and high standards of food safety. 	Positive

9	Business Ethics and Legal Compliance	R	Business ethics and legal compliance are paramount for chemical companies. These principles ensure that companies operate with integrity, fairness, and within the confines of the law. Non-compliance with ethical and legal standards can expose the company to regulatory penalties, legal liabilities, reputational damage, and operational disruptions. Upholding strong business ethics and compliance safeguards trust, investor confidence, and long-term sustainability.	<ul style="list-style-type: none"> • Robust Policies: A comprehensive set of policies guides ethical conduct, anti-corruption practices, and compliance with applicable laws. • Training & Awareness: Regular training sessions are conducted to ensure employees and management remain aligned with ethical and regulatory expectations. • Internal Controls & Monitoring: Stringent internal controls and audit mechanisms help prevent non-compliance and safeguard operational integrity. • Whistle-blower Mechanism: Transparent reporting channels encourage employees to raise concerns without fear of retaliation. 	Negative
10	Governance	R	Strong corporate governance is core to achieving the organization's mission. Weak corporate governance can undermine stakeholder trust, damage reputation, disrupt business continuity, and reduce investor confidence. Effective governance ensures transparency, accountability, and sustainable value creation.	<ul style="list-style-type: none"> • Robust internal control systems ensure accurate reporting and compliance with regulatory requirements. • A comprehensive Code of Conduct guides ethical behaviour across the organization. • Whistle-blower and Insider Trading policies safeguard investor interests and reinforce transparency. • Active oversight by the Board and Committees strengthens governance and risk management practices. 	Negative

7	Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)
	<p>At Vidhi Specialty Food Ingredients Ltd., sustainability is not just a commitment—it is embedded in our strategy and operations. As a responsible manufacturer of synthetic and natural food-grade colours, we recognize the growing importance of Environmental, Social, and Governance (ESG) practices in shaping the resilience and long-term success of our business.</p> <p>Over FY 2024–25, we have continued to address key ESG challenges. On the environmental front, our priority remains reducing greenhouse gas emissions, conserving water, and managing waste responsibly. The successful commissioning of our 2.5 MW solar power project at Sunbless Solar Park, Maharashtra has significantly lowered our reliance on non-renewable energy. We also enhanced wastewater management at our Dahej facility through advanced Reverse Osmosis systems and Effluent Treatment Plants, enabling recycling and reuse of process water. These initiatives underline our focus on resource efficiency and climate stewardship.</p> <p>From a social perspective, we have strengthened employee health, safety, and well-being through regular training, medical check-ups, and ISO-certified systems. We are also committed to inclusivity, diversity, and human rights, supported by robust grievance redressal mechanisms and awareness programs. Our CSR initiatives in education, healthcare, women's empowerment, and community development reflect our belief in shared growth.</p> <p>On the governance front, we uphold high ethical standards through our Code of Conduct, whistleblower mechanism, and rigorous internal controls. We continue to enhance transparency and accountability in our disclosures, aligned with stakeholder expectations.</p> <p>Looking ahead, we aim to further scale up renewable energy usage, reduce water consumption, and innovate sustainable product solutions through R&D. With the trust of our stakeholders, we remain committed to building a responsible, resilient, and future-ready organization.</p>

10. Health and safety management system

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No) **Yes**

If Yes, the Coverage such systems?

Comprehensive Implementation Across All Facilities: Vidhi has established robust Occupational Health and Safety (OHS) systems at all its manufacturing plants, including the newly initiated Dahej facility. This ensures that every location adheres to the highest safety standards.

Adherence to International Standards: The company's manufacturing processes comply with ISO 9001:2015, ISO 22000:2005, and HACCP standards. These certifications reflect Vidhi's unwavering commitment to quality, environmental stewardship, and occupational health and safety.

High Safety Standards in Chemical Production: As a leading manufacturer of premium synthetic and natural food-grade colours, Vidhi prioritizes minimizing workplace risks through stringent safety measures. The company ensures that its operations meet industry-leading safety protocols to protect the well-being of its employees.

Proactive Health and Safety Measures: At both Roha and Dahej facility, and across all plants, health and safety measures are rigorously implemented. This includes regular health and safety counseling sessions, annual health check-ups for all employees, and the issuance of health cards to monitor and maintain employee well-being.

Ongoing Training and Safety Awareness: Vidhi emphasizes continuous improvement in safety through enhanced skills training, effective communication, and safety awareness programs. These initiatives are designed to foster a risk-free working environment and uphold the highest safety standards.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

Vidhi has instituted a robust risk management framework to prevent workplace injuries, incidents, and operational disruptions. Hazard identification and risk assessment are carried out both on a routine and non-routine basis through the following processes:

- **Routine Risk Assessments:** Continuous monitoring and evaluation of operations to identify emerging hazards and ensure timely corrective actions.
- **Proactive Safety Measures:** Regular safety audits, mock drills, and extensive training sessions help prepare employees and strengthen workplace safety.
- **Advanced Risk Identification Tools:** Use of HACCP (Hazard Analysis and Critical Control Points) and HAZOP (Hazard and Operability Study) methodologies enables detailed analysis of critical risks and the design of effective control measures.
- **Commitment to Continuous Improvement:** Vidhi reviews and upgrades its safety systems to align with best practices, ensuring a safe and secure working environment across all facilities.

c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks? (Yes/ No)

Yes.

Vidhi has established clear processes that empower employees to report workplace hazards and remove themselves from unsafe situations without fear of retaliation.

- **Encouraging a Reporting Culture:** Employees are encouraged to report accidents, unsafe conditions, or near-miss incidents openly, ensuring early identification of risks.
- **Incident Investigation & Preventive Action:** All reported cases are thoroughly investigated to identify root causes, followed by corrective and preventive measures to avoid recurrence.
- **Safety Training & Awareness:** Regular training programs equip workers with the knowledge and confidence to recognize hazards and take appropriate action, including stepping away from unsafe environments.
- **Systematic Hazard Assessment:** Advanced methodologies, such as HAZOP (Hazard and Operability Analysis), are used internally and with external experts to evaluate risks and design mitigation strategies.
- **Commitment to Safety:** These measures reflect Vidhi's ongoing commitment to safeguarding employee well-being and fostering a safe, transparent, and accountable workplace culture.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

No

11. Details of safety related incidents, in the following format:

12. Describe the measures taken by the entity to ensure a safe and healthy work place.

Vidhi Specialty Food Ingredients Ltd. (VSFIL) is committed to providing a safe and healthy work environment by preventing workplace injuries and illnesses, while continuously working to identify, eliminate, and control occupational health and safety risks.

Key measures implemented include:

- **Fire & Emergency Safety Systems:** Installation and maintenance of fire detection, alarm, and suppression systems across facilities.
- **Regular Safety Audits:** Periodic site inspections, reviews, and audits to ensure compliance with occupational safety standards.
- **Mock Drills:** Conducting routine fire and medical emergency mock drills to strengthen preparedness and response.
- **Training & Awareness:** Providing regular occupational health and safety training to employees, supported by awareness programs that promote a strong safety culture.
- **Employee Engagement Campaigns:** Initiatives focused on fire safety, road safety, emergency evacuation, ergonomics, and other critical safety topics to actively involve employees in workplace safety.

Through these measures, VSFIL ensures that workplace safety is integrated into daily operations and employee well-being remains a top priority.

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks/ concerns arising from assessments of health & safety practices and working conditions.

The company reported zero workplace accidents during the year and continues to conduct regular inspections of working conditions to safeguard employee health and safety.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders.

(This principle highlights the importance of stakeholder engagement. Companies should consider the interests and perspectives of all stakeholders, including shareholders, employees, customers, suppliers, and the communities in which they operate. They should also be responsive to stakeholder concerns and feedback.)

Essential Indicators**1. Describe the processes for identifying key stakeholder groups of the entity.**

The Company believes that long-term value creation is driven by responsible business practices, sustainable operations, and transparent engagement with its stakeholders. Stakeholders are identified as individuals, groups, or institutions that are directly or indirectly impacted by, or have the ability to influence, the Company's operations and value chain.

A structured stakeholder mapping and materiality assessment process is undertaken to prioritize stakeholders based on their level of interest, influence, and impact on the Company's business and sustainability performance. This process ensures that the Company remains aligned with the principles of the business responsibility while meeting evolving stakeholder expectations.

Key stakeholder groups include customers, shareholders and investors, employees and workers, suppliers, government and regulatory bodies and communities. Engagement with these groups is conducted through defined channels and mechanisms to address their concerns, incorporate their feedback, and strengthen trust. This forms an integral part of the Company's sustainability strategy and supports long-term resilience and sustainable growth.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annual/ Half/ Yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement

If yes, name of the external agency.		

*Energy consumption has increased on a year-on-year basis due to commencement of production at the Dahej plant. As the plant operations optimize and production increases, the footprint will reduce. The electricity is purchased from the India grid, (which is a mix of conventional and renewable energy). Fuel based energy is from coal, diesel and petrol. Energy data for 2023-24 is recalculated using fuel conversion factors based on energy reports from NITI AYOOG and Central Electric Authority. The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2024 by the World Bank for India which is 20.45.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Yes/ No)	No
If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

*Greenhouse gas emissions have increased on a year-on-year basis due to commencement of production at the Dahej plant. As the plant operations optimize and production increases, the footprint will reduce.

GHG footprint for 2023-24 is recalculated using emission factors and fuel conversion factors based on energy reports from NITI AYOOG and Central Electric Authority.

The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published for the year 2024 by the World Bank for India which is 20.45.

Source of emissions factors used for calculating the greenhouse gas emissions: Scope 1 emissions have been calculated using the emissions factors published by the NITI AYOOG, CPCB, CEA AND DEFRA GHG conversion factors 2024. For Scope 2 emissions – the emission factor is 0.727 tCO₂/MWh, as per the CO₂ Baseline Database for the Indian Power Sector, User Guide, Version 20.0, December 2024, published by the Central Electricity Authority of India.

8. Does the entity have any project related to reducing Green House Gas emission? (Yes/ No) If Yes, then provide details.	The Company is committed to improve its environmental performance with GHG reduction emission reduction projects like installation of solar power plant of 2.5 MW at Sunbless Solar Park at Murtizapur, Maharashtra. This is a set towards reducing non-renewable electricity use. Company also uses energy efficient equipment like efficient pumps and motors for energy conservation.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The company, a leader in synthetic food colours and specialty chemicals, is deeply committed to ensuring safety and environmental responsibility by minimizing the use of hazardous and toxic substances in our products and processes. We strictly adhere to all legal standards governing emissions, wastewater, and waste disposal, and maintain rigorous monitoring across our manufacturing sites.

Our wastewater management system is designed for efficiency and sustainability. We recycle 80 KL of post-process water daily using a Multi-Effect Evaporator (MEE) plant, which is then repurposed for gardening and other day-to-day activities. The remaining wastewater undergoes treatment at our Effluent Treatment Plant (ETP), and the treated water is safely discharged into the Common Effluent Treatment Plant (CETP). Sludge generated from this process is responsibly disposed of through government-authorized third-party vendors.

In addition, we implement comprehensive waste management practices that focus on minimizing waste generation, segregating waste at its source, and recycling processed wastewater. Hazardous materials are handled with the utmost care, and all waste disposal methods are fully compliant with the regulations set forth by the Maharashtra Pollution Control Board (MPCB), Gujarat Pollution Control Board (GPCB), and other relevant authorities.

To further enhance workplace safety and environmental stewardship, we have established robust monitoring mechanisms and conduct regular compliance checks. All effluents, emissions, and waste are maintained well within the limits prescribed by the Central Pollution Control Board (CPCB) and State Pollution Control Boards (SPCB).

MANAGEMENT DISCUSSION & ANALYSIS REPORT

This discussion provides an assessment by Management of the current financial position, results of operations for the financial year ended March 31, 2025, market scenario, industry position, global and Indian economy and its impact of the Company. Information presented in this discussion supplements the financial statement, schedules and exhibits for the financial year ended March 31, 2025.

Global Economic Overview:

After a succession of adverse shocks in recent years, the global economy is facing another substantial headwind, with increased trade tension and heightened policy uncertainty, contributing to a deterioration in prospects across most of the world's economies. For emerging market and developing economies (EMDEs), the ability to narrow per capita income gaps with richer countries, boost job creation, and reduce extreme poverty remains insufficient. The outlook largely hinges on the evolution of trade policy globally. Downside risks to the outlook predominate, including an escalation of trade barriers, persistent policy uncertainty, rising geopolitical tensions, and an increased incidence of extreme climate events. Growth is expected to weaken to 2.3 percent in 2025, with deceleration in most economies relative to last year. This would mark the slowest rate of global growth since 2008, aside from outright global recessions. New U.S. trade policy created a structural shock to the world's economy, with the uncertainty generated by higher tariff scrimping demand globally. Conversely, policy uncertainty and trade tensions may ease if major economies succeed in reaching lasting agreements that address ongoing trade disputes. The challenging global context faced by EMDEs is compounded by the fact that foreign direct investment inflows into these economies have fallen to less than half of their peak level in 2008 and are likely to remain subdued. Across EMDEs, domestic policy action is also critical to contain inflation risks, strengthen fiscal resilience through improved revenue mobilization, and reprioritize spending. To unlock job creation and long-term growth, structural reforms must focus on raising institutional quality, attracting private investment, and strengthening human capital and labour markets.

Outlook: Global co-operation is needed to restore a more stable and transparent global trade environment for mitigating risks and promoting growth. Governments should focus on policies that promote healthy aging, enhance labour force participation and foster productivity growth. Continued investment in infrastructure can help stimulate economic growth and improve long-term productivity whereas businesses needs to adapt to changing market conditions and be prepared to navigate a more volatile global landscape.

Domestic Economic Overview:

India, the world's fourth-largest economy, has emerged as the fastest-growing major economy and is on track to become the world's third-largest economy with a projected GDP of \$7.3 trillion by 2030. India is projected to be world's fastest growing major economy (6.3% to 6.8% in 2025-26). This transformation is the result of a decade of decisive governance, visionary reforms, and global engagement under the present Government. Driven by robust domestic demand, a dynamic demographic profile, and sustained economic reforms, India is asserting its rising influence in global trade, investment, and innovation. The numbers reflect India's shift in last Eleven years, from a 'dependent economy' to a self-reliant, globally competitive powerhouse. At the core of this transformation is the vision of 'Aatmanirbhar Bharat', a movement that promotes innovation, entrepreneurship, and technological sovereignty. Strategic initiatives like the Production Linked Incentive (PLI) schemes, revitalization of MSMEs, and the expansion of digital infrastructure have laid the foundation for a high-growth, high-opportunity economy. Digital transactions surged 9x in volume (FY18–FY24), with UPI processing 172 billion transactions in 2024 alone. Inflation was reduced from an average of 8.2% (2004–14) to around 5% (2015–25) through targeted fiscal and monetary policies. Retail inflation fell to 4.6% in 2024–25, the lowest since 2018–19. Tax revenues hit record highs with GST collections peaking in April 2025 and tax-to-GDP ratio estimated at 12% for FY26 India's GDP has witnessed a remarkable transformation over the past decade. At current prices, GDP has increased from Rs. 106.57 lakh crore in 2014–15 to an estimated Rs. 331.03 lakh crore in 2024–25, an approximate threefold rise. In 2024–25 alone, nominal GDP grew by 9.9% over the previous year, while real GDP (at constant prices) increased by 6.5%, reflecting sustained economic momentum. This steep growth reflects the country's expanding economic base and rising income levels.

India has rapidly become one of the world's most attractive destinations for Foreign Direct Investment (FDI), fueled by structural reforms, investor-friendly policies, and enhanced global competitiveness. Investor confidence has surged due to improvements in key international rankings and strategic initiatives. India's digital payment transactions volume grew from 2,071 crore in FY 2017–18 to 18,737 crores in FY 2023–24, achieving a CAGR of 44% whereas the value of transactions rose from Rs. 1,962 lakh crore to Rs. 3,659 lakh crore, with a CAGR of 11%. Over the past decade, India has undergone a profound economic transformation rooted in structural reforms, visionary policymaking, and unwavering political will. From achieving historic GDP growth and record exports to revolutionizing digital payments and empowering millions through financial inclusion, the country has laid the foundation for a resilient, equitable, and future-ready economy. With robust FDI inflows, expanding trade, and innovation-driven sectors leading the charge, India is no longer a passive participant in the global economy, it is a key architect of its future. As the country moves confidently toward its goal of becoming a top three economic power, the momentum signals that India's economic rise is not just a moment—it is a movement. India's GDP is forecasted to grow between 6.5% and 6.7% in FY2026, powered by domestic demand, fiscal support, and stable inflation. The impact of reciprocal tariffs imposed by the United States on Indian GDP could be range bound Impact of reciprocal tariffs on India's exports to the US. The tax exemptions announced in the budget will increase consumer spending and may boost GDP by 0.6% to 0.7%. However, uncertainty around the tariff rates imposed by the United States on Indian exports could offset those gains by 0.1% to 0.3% and hence the outlook remains optimistic, but cautious.

The food color market is segmented into type, application and region.

- A) **Type** – Food color market is categorized into natural color and artificial color.
- B) **Application** -Beverages, Dairy & Frozen Desserts, Bakery & confectionary, Meat products, Processed food &Vegetables, Oils & fats, sweets and snacks, cosmetic, Pharma product, etc.
- C) **Region wise** – Food color market analyzed across North America (U.S., Canada and Mexico), Europe (Germany, France, UK, Italy, Spain and rest of Europe), Asia-Pacific (China, Japan, Australia, India and rest of Asia-Pacific), Latin America (Brazil, Argentina, Colombia and rest of Latin America), Middle East (Saudi Arabia, Egypt, Nigeria and rest of Middle East) and Africa (South Africa, Nigeria, and rest of Africa).

Every year incremental demand of ~Rs. 1,500 to Rs. 1,700 crores is expected to generate globally for Food color. According to Future Market Insights, the global food color market is projected to be valued at USD 4.83 billion in 2025, with a forecasted rise to USD 8.46 billion by 2035, at a CAGR of 6.3%.

Market Analysis

The global food colours market continues to demonstrate strong growth, driven by rising demand for natural and clean-label ingredients across the food and beverage industry. Valued at approximately USD 4.8 billion in 2025, the market is projected to reach over USD 8.4 billion by 2035, registering a CAGR of around 6.3%. This growth is largely supported by increasing consumer awareness regarding artificial additives, coupled with regulatory movements in key markets such as the United States and Europe, which are progressively restricting the use of synthetic dyes. Natural food colours, derived from plant, animal, and microbial sources, are leading the market with over 55% share, while synthetic colours are witnessing a gradual decline due to health and safety concerns. Key application areas include beverages, confectionery, bakery, dairy, and processed foods, with beverages accounting for the largest share due to rising consumption of functional and ready-to-drink products.

In India, the food colours market mirrors global trends but with unique domestic dynamics. Estimated at USD 104.3 million in 2023, the Indian market is expected to grow to approximately USD 166.8 million by 2030, reflecting a robust CAGR of 6.9%. While synthetic colours continue to dominate in mass-market segments due to cost advantages, the demand for natural colours is rising steadily, driven by increasing urban health consciousness, regulatory support, and rapid growth in the FMCG sector. India also benefits from the abundant availability of raw materials such as fruits, vegetables, and spices, which support the local production of natural colourants. Key consumption sectors include snacks, confectionery, beverages, and bakery products, which are expanding in line with changing consumer preferences and the penetration of organized retail. With rising focus on food safety, innovation, and sustainable sourcing, the Indian food colours market presents significant long-term opportunities for both domestic and international players.

Overview of Vidhi's Business and its Position in Food Colour Manufacturing Industry:

Vidhi is a globally recognized and leading manufacturer in the food colour industry, with a robust presence across over 80 countries spanning six continents. Operating within a critical segment of the Indian chemical and food processing industry, the Company specializes in the production of superior synthetic food-grade colourants, including Synthetic Water-Soluble Colours, Aluminium Lakes, FD&C Colours, D&C Colours, Blends, Co-Blended Lakes, and Granules. These colourants are essential ingredients used across a wide range of sectors, including food and beverage, pharmaceuticals, confectionery, dairy, pet food, cosmetics, and healthcare.

The Company has established world-class manufacturing infrastructure with two primary facilities: one in Dhatav Village, Raigad District, Maharashtra, and another at its recently commissioned greenfield site in Dahej, Bharuch District, Gujarat. These facilities span over 2.8 lakh sq. ft. combined and are equipped with modern technologies to ensure efficiency, compliance, and scalability. The Dahej plant, which began commercial operations in December 2023 following a successful trial phase, has significantly increased the Company's total production capacity from 325 MTPM to 675 MTPM. Vidhi is now the third-largest manufacturer of synthetic food-grade dyes globally and the second-largest in Asia, with an annual installed capacity exceeding 7,200 MTPA.

Vidhi's strong technical capabilities, in-house R&D infrastructure, and backward integration in critical processes have positioned the Company as a high-quality, reliable partner for major global brands such as Nestlé, Britannia, Pepsi, Cipla, Parle G, Unilever, ITC, among others. Over 95% of its production is exported, with the American continent accounting for 50% of FY 2024–25 revenue, followed by Europe (17%) and Australia (27%).

Quality and compliance are central to Vidhi's operations. The Company was the first in India to receive ISO 9002 certification for synthetic food colour manufacturing (in 2000). It currently holds ISO 9001:2015 and ISO 22000:2005 certifications, and its facilities have been audited and approved by the U.S. FDA. All products carry Halal and Kosher certifications, catering to a diverse global customer base.

To further capitalize on market opportunities, the Company is developing an additional production facility at Roha Phase II, through its wholly owned subsidiary Arjun Food Colorant Private Limited, located in the same industrial zone in Dhatav, Raigad District. Environmental clearance has been sought for the facility, which, once operational, will further enhance the Company's manufacturing capacity and support the launch of new, high-margin products. This expansion is aligned with Vidhi's strategy of sustainable growth, capacity-led volume expansion, and value creation for stakeholders.

Vidhi's integrated approach includes a fully equipped laboratory accredited by the Bureau of Indian Standards (BIS) and a dedicated R&D team consisting of PhDs and qualified chemists. The Company continuously focuses on improving process efficiencies, product innovation, and expanding its product portfolio to meet evolving global regulatory and customer requirements. The combination of technical strength, aggressive marketing, and operational excellence has enabled Vidhi to maintain its leadership position in the global synthetic food colour market.

Outlook:

The outlook for the global food colour industry remains positive, underpinned by growing demand across beverage, bakery, confectionery, and processed food segments. The increasing popularity of flavoured drinks, nutritional beverages, and ready-to-eat products continues to drive market expansion. While synthetic food colours remain highly demanded due to their cost-effectiveness, high stability under light and heat, and resistance to microbial contamination, there is a parallel and growing shift towards natural colourants, particularly in developed markets. Natural colours, however, face challenges in cost, formulation complexity, and regulatory approvals.

Global trade dynamics continue to shift. Ongoing trade tensions among major economies such as China, the U.S., and Western Europe have impacted global supply chains, resulting in a realignment of sourcing and manufacturing strategies. These disruptions, along with China's evolving chemical industry landscape—marked by stricter environmental norms, tighter financing, and consolidation—have created an opportunity for Indian chemical and specialty manufacturers to gain market share in global value chains.

For Vidhi, this macroeconomic environment offers a strategic advantage. The Company is well-positioned to leverage its capacity expansion, backward integration, and enhanced product mix to strengthen profitability. The Dahej Greenfield plant, having completed its first full year of commercial operations, is expected to contribute significantly to the top line and margin expansion by focusing on high-margin value-added products.

Additionally, Vidhi's forward-looking investments in R&D and infrastructure—such as the upcoming Roha Phase II facility—are expected to bolster its market competitiveness. The Company's focus on operational efficiencies, expanding customer base, deeper geographic penetration, and increasing wallet share from existing clients, aligns with its growth-oriented strategy.

Overall, the Company expects sustained growth in revenue and profitability, supported by rising global demand, expanding production capacities, regulatory compliance, and a well-diversified export footprint. As the global and domestic landscape evolves, Vidhi remains committed to innovation, customer satisfaction, and long-term value creation for all stakeholders.

Opportunities and Threats:

The Company has a well set up infrastructure in respect to manufacturing capacities, human resources, technical expertise, etc. which are a key factor for future growth of its business. The Company can bank on its in-house R&D for development of new products, quality improvements and cost reductions. Another important aspect which helps the Company in having its diverse portfolio of products is the fact that, the manufacturing capacities are fungible. The dedicated teams for Quality Management and Quality Assurance, helps in maintaining the standards required for various products. The entire project or process is designed to ensure delivery of Best Quality Products. Company's products are having various quality certificates. Further, expansion plans and backward integration will enable the Company to cash on the various opportunities available to the Company.

Opportunities:

1. High Barriers to Entry & Regulatory Advantage

The food colours segment is highly regulated and technically demanding, resulting in *strong entry barriers*. Vidhi, being one of the few companies with robust technical expertise and necessary quality approvals, stands to benefit from this oligopolistic structure.

2. Growing Global Demand & Export Potential

The global **food and beverage colour market** is growing steadily, projected at a CAGR of around **6%**, with annual incremental demand of ₹1,500–1,700 crore globally. With India contributing approximately **16% of global dyestuff and dye intermediate production** Vidhi is well-positioned to tap both the domestic and export markets.

3. Cost & Supply Chain Advantages from Trade Realignments

Amid trade wars, Indian chemical manufacturers could benefit from shifts away from Chinese suppliers. While raw material costs have risen due to tariff-driven inflation, localizing inputs and playing to India's cost-competitiveness could offer longterm advantages.

4. Diversification into New Markets

Given escalating tariff tensions—especially with the U.S.—there's a clear strategic opportunity to diversify exports into regions like **EU, UK, ASEAN, Africa, Middle East**, and potentially **CPTPP** nations.

Threats:

1. Tariff-Driven Export Vulnerabilities

Escalating tariffs—from 25% to potentially 50%—on Indian exports to the U.S.—threaten the competitiveness of processed food products, including colours, spices, and more. This could lead to cancellations or reduced orders. Moody's also flags food as a sensitive category, exposed to reciprocal U.S. tariffs.

2. Geopolitical Disruption & Supply Chain Volatility

Volatile trade policies and tariff oscillations make long-term planning difficult for F&B ingredient suppliers. Companies may face surging input costs, sourcing delays, and regulatory complexities.

3. Rising Raw Material Costs

India's reliance on raw materials—often imported from China—has sown vulnerabilities. Tariffs on Chinese materials have led to 10–15% higher costs. While Indian specialty chemicals might benefit in some areas, food colour producers must navigate higher input costs or slimmer margins.

4. Trade Protectionism & Input Scarcity

Broader agricultural and food trade tensions, driven by protectionist policies and wars (e.g., Ukraine conflict, Indonesian export bans), can disrupt the supply of ingredients, raise costs (like edible oils & fertilizers), and intensify nontariff obstacles

Risks and Concerns:

Steep U.S. Tariffs on Indian Goods

The U.S. has imposed an **additional 25% tariff on Indian-origin goods**, taking total duties to as much as **50%**, responding to India's increased imports of Russian oil.

This sharp rise threatens to undermine the price competitiveness of Indian exports, including potentially those of food colours and their raw materials

The risk extends beyond cosmetics—export-dependent industries are bracing for 20–30% shipment cuts starting September 2025

Segment-wise or product-wise performance:

In accordance with Ind-AS 108, the Company has a single reportable business segment, namely, manufacturing and trading of food colours and chemicals. Thus, the segment wise or product wise performance report is not given in the report. The Company has manufactured 4081 MT food colours during the financial year 2024-25 against 4507.19 MT in the previous year.

ii. Operational Performance:

Overall, the macro-economic situation is still challenging and policy measures taken by the Government are yet to impact the business in a big way. However, Company posted excellent growth in top as well as bottom line on the back of planned austerity measures and optimum resource management.

The Company's performance with regard to the export manufacturing sales volumes, increased in the financial year 2024-25 to 87% of total sales as compare to 89% of total sales in previous year, domestic trading sales increased in the FY 2024-2025 to 14% as compare to decrease to 11% in FY 2023-24.

The Company's main focus is on manufacturing activities and trading is not the focus area of business. In reporting period companies manufacturing sales remains almost same as compare to last year. By a combination of a better product mix helped by specialty products and continual improvement in the efficiency

of operations at both the locations, the Company has tried keeping its operating margins healthy for all the four quarters and has achieved to have a reasonable EBITDA level. Turnover of the Company has been increased by 28.30% as compared to decreased in previous year whereas the other income is also increased by 33.41%. There is Increase in the Manufacturing Operations in the Reporting Period; however, the said plunge in the turnover of the Company was predominantly due to substantial reduction in Trading Activities.

Environmental & Hazardous Safety and Quality Assurance:

Vidhi commits itself to ethical and sustainable operation and development in all business activities. Sustainability enhances innovative ways to do business. This is a necessary prerequisite for value creation. Sustainability at the Company is an integral part of the way we work and this helps the company to position itself in the sustainable market, build a competitive advantage through differentiation, support profitable growth, create added value for stakeholders, build brand image and reputation and anticipate and mitigate risk.

Our ability to treat customers, employees, neighbors and environment in a responsible way is not only ethically correct but also strengthens our partnership with those stakeholders upon whom our success as a Company ultimately depends. The Company takes initiatives to reduce environment, health and safety risks in the production, storage, distribution, use of products and disposal of waste. These include efficient use of energy and resources and continuous improvement of our processes to minimize the impact of our activities on the environment.

As your Company deals with chemicals and is in the business of manufacturing food colours and trading in specialty chemicals, it has to make sure that the highest degree of safety measures is maintained in order to avoid any risk at the workplace. Your Company is committed to maintain its operations and workplace free from incidents and significant risk to the health and safety of its stakeholders through improved their work skills, strong channels of communication, safety awareness, and sound training practices.

The Company's certified manufacturing activities complies with ISO 9001:2015, ISO 22000:2005 and HACCP which reflects the Company's continued commitment towards Quality, Environment, Occupational Health and safety approaches.

Internal Control Systems and its Adequacy:

The Company has a system of internal controls to ensure that all its assets are properly safeguarded and not exposed to risks arising out of unauthorized use or disposal. The Internal Control system is supplemented by programs of internal audit to ensure that the assets are properly accounted for and the business operations are conducted in adherence to the laid down policies and procedures. The internal control system also focuses on processes to ensure integrity of the Company's financial accounting and reporting processes and compliance with the Company's legal obligations. The Company has a well-defined risk management programme for identifying and mitigating risks across all the functions which are reviewed by the Audit Committee and Board of Directors of the Company periodically.

The Company has a Risk Management Committee of the Board of Directors which meets regularly to review inter alia risk management policies, adequacies of internal controls, the financial information and other issues related to the Company's operations. The Internal Auditors along with finance team plans the audit schedule for the year in consultation with CFO and the Audit Committee. The Audit Committee of the Board approves the internal audit plan at the start of every financial year to ensure the coverage of most of the functions with a view to minimise associated risks. Independent external teams have been engaged as the Internal Auditors to perform the internal audit function, assess the internal controls and statutory compliances in various areas and also provide suggestions for improvement. The Audit Committee regularly reviews the major findings of the internal audits with respect to different locations and functions to help take effective steps in ensuring compliance.

Human Resources:

Performance measurement is a fundamental principle of the management. The measurement of performance is important because it identifies performance gaps between current and desired performance and provides indication of progress towards closing the gaps. The Company believes that human resources are a critical factor for its growth. The Company invests in its employees for the growth of their skills and talents so as to meet the growth aspirations of the business. The emphasis is on grooming in-house talent enabling them to take on larger

responsibilities. The senior management team spends considerable time in reviewing the existing talent base and processes used for honing the skills of the members in the talent pool and assessing their preparedness for taking on new assignments.

Compensation and benefits packages have always been pivotal to retaining and motivating employees. To remain competitive in compensation and rewards offered, continual efforts were made to make compensation and benefits flexible and market-linked.

The relations with the employees and workers remained cordial and harmonious throughout the year. The Company had total work force of 96 as on March 31, 2024.

Details of significant changes in key financial ratios (i.e. change of 25% or more as compared to the immediately previous financial year):

Ratios	F.Y. 2024-25	F.Y. 2023-24	% Change
Debtors Turnover	2.91	3.35	-13.13
Inventory Turnover	4.99	5.25	-4.95
Interest Coverage Ratio	28.27	18.34	54.13
Current Ratio	2.92	4.80	-39.17
Debt Equity Ratio	0.31	0.16	93.75
Operating Profit Margin (%)	18.75%	19.70%	-4.82
Net Profit Margin (%)	11.66%	12.39%	-5.89
Return on Net worth (%)	14.42%	13.03%	10.67

Reason for change in change of 25% or more in key financial ratios as compared to the immediately previous financial year:

- a) **Current Ratio (%):** Current Ratio declined to 2.92% as against 4.80% in previous year. The ratio is lower due to increase in current liabilities mainly on account of higher working capital borrowings during the current year.
- b) **Interest Coverage Ratio (%):** Interest Coverage Ratio is favorable and increased to 28.27 % as against 18.34% in Previous year. The said increase is primarily due to increase in the earnings in the current year on account of increased improved Business environment.
- c) **Debt Equity Ratio (%):** The Debt Equity ratio is increased to 0.31% as compared to previous financial year. The said increase is mainly due to increase in working capital borrowings during the current year.

Independent Auditor's Report

To the Members of Vidhi Specialty Food Ingredients Ltd

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Vidhi Specialty Food Ingredients Ltd ("the Company"), which comprises the Standalone Balance Sheet as at 31st March, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit including total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Standalone Financial Statements.

Key Audit Matter

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of our audit addressed is provided below

Sr. No	Key Audit Matter	Auditor's Response
1	<p>The Company has an inventory of Rs. 7,492.60 Lakhs as at 31st March, 2025.</p> <p>Within each location, inventory is stored in packets, drums at factory.</p> <p>This is a key audit matter because of the</p> <ul style="list-style-type: none"> • Significance of the inventory balance to the statement of financial position and • Complexity involved in determining inventory quantities on hand due to the number, conversion from litre to Kgs., location and diversity of inventory storage locations. 	<p>We attended inventory counts at factory, which we selected based on financial significance and risk</p> <p>We performed the following procedures at each site:</p> <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted; • Observed a sample of managements inventory count procedures to assess compliance with Company Policy and • Made enquiries regarding obsolete inventory items and inspected the condition of items counted. <p>We have also evaluated a selection of controls over inventory existence across the Company.</p>
2	<p>Trade Receivables:</p> <p>Trade receivables comprise a significant portion of the current assets of the Company and serve as security for a majority of the Company short-term debt. As indicated in Note 5(C) of the financial statements. The receivables provision has been made based on Expected Credit Loss method. Accordingly, the estimation of the allowance for trade receivables is a significant judgement area and is therefore considered a key audit matter.</p>	<p>We assessed the validity of material long outstanding receivables by obtaining third-party confirmations of amounts receivable. We also considered payments received subsequent to year-end, past payment history and unusual patterns to identify potentially impaired balances. The assessment of the appropriateness of the allowance for trade receivables comprised a variety of audit procedures across the Company including:</p> <ul style="list-style-type: none"> • Assessing the appropriateness and reasonableness of the assumptions applied in the management's assessment of the receivables allowance; • Consideration of the creditworthiness of significant export trade receivables over 270 days; • Consideration and concurrence of the agreed payment terms; • Verification of receipts from trade receivables subsequent to year-end; and • Considered the completeness and accuracy of the disclosures. To address the risk of management bias, we evaluated the results of audit procedures on other key balances to assess whether or not there was an indication of bias. We were satisfied that the Company's trade receivables are fairly valued and adequately provided. We further considered whether the provisions were misstated and concluded that they were appropriate in all material respects, and disclosures related to trade receivable in the financial statements are appropriate.

Other Information

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and auditor's report(s) thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard, since the Company's annual report is expected to be made available to us after the date of this auditor's report.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors and those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the standalone financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **"Annexure A"** statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement Changes in Equity and Cash Flows dealt with by this Report are in an agreement with the books of account.
- d) In our opinion, the aforesaid Standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) Based on the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to Standalone financial statement of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to directors is not in excess of the limit laid down under Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has confirmed that there are no pending litigations impacting its financial position.
 - ii. The Company did not have any long-term contracts, including derivative contracts, for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amount which was required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The management has represented that, to the best of its knowledge and belief,
 - a. no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.
 - b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(is), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above contain any material misstatement.

- v. As stated in Note 8(viii) of the Standalone financial statements:
 - a. The final dividend proposed in the previous year, declared and paid by the Company during the year, is in accordance with Section 123 of the Act, as applicable.
 - b. The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with Section 123 of the Act.
 - c. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks and information given to us, the Company has used accounting software for maintaining its books of account, which did not have a feature of recording audit trail (edit log) facility throughout the year for all relevant transactions recorded in the respective software, hence we are unable to comment on audit trail feature of the said software.

Annexure – A to the Independent Auditor’s Report on the Standalone Financial Statements of Vidhi Specialty Food Ingredients Ltd for the year ended 31st March, 2025

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ Section of our report of even date)

- i. In respect of clause 3(i) of the Order -
 - (a) The details in respect of Clause 3 i(a) of the Order are as follows -
 - (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (B) The Company does not have any intangible assets and hence, reporting for clause 1(a)(B) of the order is not applicable to the Company.
 - (b) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of property, plant and equipment by which all property, plant and equipment are verified in a phased manner. In accordance with this program, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination, title deeds of immovable properties and right to use assets, disclosed in the Standalone financial statements, are mortgaged to the banks against loans and we are informed that original agreements are with the bank.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. In respect of clause 3(ii) of the Order -
 - (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the inventory has been physically verified by the management during the year. According to the information and explanations provided to us, no material discrepancies were noticed on such verification.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of the security of current assets at any point of time during the year. In our opinion, the quarterly returns or statements filed by the Company with such banks are in an agreement with the books of account of the Company, except details as mentioned in note 10(A)(vi).
- iii. According to the information and explanations given to us and on the basis of our examination of the records, the Company has not made any investments in Companies, limited liability partnership, firms or other parties. During the year, the Company has not provided loans or provided advances in nature of loans or provided security to any entity other than its subsidiary.
 - (a) Based on the audit procedures carried on by us and as per the information and explanations given to us,
 - (A) the Company has not provided security or guarantee. However, it has provided loans or advances in the nature of loans to its subsidiary. The Company does not hold any investments in any joint ventures or associates.
 - (B) the Company has not given any loans or advances in the nature of loans or guarantee or provided security to any parties other than subsidiary amounting to Rs 5.24 lakhs during the year and outstanding balance at year end is Rs.16.45 lakhs.

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the loans and advances given during the year are, prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the schedule of repayment of principal and payment of interest has not been stipulated.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, and further in absence of repayment schedule, we are unable to comment upon whether there is any amount overdue for more than ninety days and whether any steps have been taken by the company for recovery of principal and interest.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, and further in absence of repayment schedule, we are unable to comment upon whether there are loans granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the subsidiary.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company and further in absence of repayment schedule, we are unable to comment upon whether the Company has granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- iv. According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made, loans and guarantees given by the Company, the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied with.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- vi. As informed to us, the maintenance of cost records has not been specified by the Central Government under sub-Section (1) of Section 148 of the Act for the business the Company operates in. Hence, reporting under Clause 3(vi) of the Order is not applicable to the Company.
- vii. In respect of clause 3(vii) of the Order -
- (a) According to the information and explanations given to us and based on the records of the Company examined by us, in our opinion, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess have generally been regularly deposited by the Company with the appropriate authorities, though there have been few delays in deposit which is not serious.
- There were no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess and other material statutory dues in arrears as at 31st March, 2025 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and based on the records of the Company examined by us, in our opinion, the Company does not have statutory dues referred to sub-clause (a) which have not been deposited on account of any dispute.
- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. In respect of clause 3(ix) of the Order -
- a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

- b)** According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.
- c)** According to information and explanations given to us and on the basis of examination of records of the Company, term loans, if any, obtained during the year have been applied for the purpose for which they were obtained.
- d)** According to information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short term basis have been used for long term purposes by the Company.
- e)** According to information and explanations given to us and on the basis of examination of records of the Company, we report the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.
- f)** According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiary (as defined under the Act). The Company does not hold any investment in any associates or joint venture (as defined under the Act) during the year ended 31st March, 2025.
- x.** In respect of clause 3(x) of the Order -
 - a)** The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Hence reporting under clause 3(x)(a) of the Order is not applicable to the Company.
 - b)** According to the information and explanations given to us and procedures performed by us, we report that the Company has not made any preferential allotment of shares or private placement of shares or convertible debentures (fully or partly or optionally) during the year. Hence reporting under clause 3 (x) (b) of the Order is not applicable to the Company.
- xi.** Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or no material fraud on the Company has been noticed or reported during the course of the audit.
 - (a)** According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by us or by secretarial auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - (b)** We have not received any whistle blower complaints during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii.** According to the information and explanation given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- xiii.** In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the Standalone financial statements as required by the applicable accounting standards.
- xiv.** In respect of clause 3(xiv) of the Order -
 - (a)** Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b)** We have considered the internal audit reports of the Company issued till date for the period under audit.
- xv.** In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence, provisions

of Section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi. In respect of clause 3(xvi) of the Order -

- (a)** The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
- (b)** The Company has not conducted any Non-Banking Financial or Housing Finance activities requiring a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi) (b) of the Order is not applicable.
- (c)** The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d)** According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC and accordingly, clause 3(xvi)(d) of the Order is not applicable.

xvii. The Company has not incurred cash losses in the financial year covered by our audit and in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

xix. According to the information and explanations given to us and on the basis of the financial ratios (refer note 31), ageing and expected dates of realization of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. In respect of clause 3(xx) of the Order –

- (a)** According to the information and explanations given to us, there is no unspent amount under sub-Section (5) of Section 135 of the Act which is required to be transferred to a fund specified in Schedule VII of the Act. Hence reporting under clause 3(xx)(a) of the Order is not applicable to the Company.
- (b)** According to the information and explanations given to us, there is no unspent amount under sub-Section (6) of Section 135 of the Act required to be transferred to a specified account. Hence reporting under clause 3 (xx) of the Order is not applicable to the Company.

xxi. The reporting under clause 3(xxi) is not applicable in respect of audit of Standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report. Refer to our independent audit report on consolidated financial statements.

Annexure B to the Independent Auditors' Report on the Standalone financial statements of Vidhi Specialty Food Ingredients Ltd for the year ended 31st March, 2025

Report on the internal financial controls with reference to the aforesaid Standalone financial statements under Clause (i) of Sub-Section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date)

Opinion

We have audited the internal financial controls with reference to Standalone financial statements of Vidhi Specialty Food Ingredients Ltd ("the Company") as of 31st March, 2025 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31st March, 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

MANAGEMENT'S RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements for the year ended 31 March 2025

(1) Corporate Information:

The Company was incorporated on 19th January, 1994 and is engaged in the business of manufacturing and trading in synthetic food colors and trading in chemicals. The company was formerly known as "Vidhi Dyestuffs Manufacturing Limited" and w.e.f. 25th August, 2016, it is changed to "Vidhi Specialty Food Ingredients Limited".

The equity shares of the company are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India.

Authorization of financial statements

The standalone financials statements were authorised for issue in accordance with a resolution of the Board of Directors passed on 12th May 2025

(2) Material Accounting Policies:

(i) Basis of preparation

The Financial Statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014 (IGAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Use of Estimates

Preparation of financial statements in conformity with Ind AS requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision of accounting estimates is recognized prospectively in current and future periods.

(iii) Current / Non-Current classification

The normal operating cycle of the Company is 12 months. Assets and Liabilities which are expected to be realizable / payable within 12 months are to be classified as current and rest will be classified as non-current.

(iv) Revenue Recognition

Revenue from sale of products is recognized on transfer of all significant risk and rewards of ownership to the customers, which is generally on dispatch of goods and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Sales are stated exclusive of GST and net of trade discount and quantity discount.

Dividend Income is recognized when the right to receive the dividend is established.

Interest Income is recognized on time proportion basis.

Export incentives / benefits are accounted for on accrual basis on value of exports affected during the year under consideration.

(v) Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at their reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Notes to Financial Statements for the year ended 31 March 2025

(vi) Property, plant and equipment

- (a) Freehold land is carried at historical cost. All other property, plant and equipment are shown at cost (net of adjustable taxes) less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises of its purchase price, non refundable / adjustable purchase taxes and any cost directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management, the initial estimate of any decommissioning obligation, if any and for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. The cost also includes trial run cost and other operating expenses such as freight, installation charges etc. The projects under construction are carried at costs comprising of costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and attributable borrowing costs.
- (b) Stores and spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.
- (c) When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.
- (d) An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset or significant part) is included in the Statement of Profit and Loss when the asset is derecognized.
- (e) In line with the provisions of Schedule II to the Companies Act, 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components of property, plant and equipment has been assessed based on the historical experience and internal technical inputs.
- (f) Depreciation on property, plant and equipment is provided as per straight line method based on useful life prescribed under Schedule II to the Companies Act, 2013. The Company has assessed the estimated useful lives of its property, plant and equipment and has adopted the useful lives and residual value as prescribed in Schedule II.

The property, plant and equipment acquired under finance lease are depreciated over the period of lease. Depreciation on stores and spares specific to an item or property, plant and equipment is based on life of the related property, plant and equipment. In other cases, the stores and spares are depreciated over their estimated useful life based on the technical assessment.

- (g) The residual values and useful lives of property, plant and equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (h) Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. These are stated at cost to date relating to items or project in progress, incurred during construction / preoperative period. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

(vii) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets comprising of "Computer Software" are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis. Estimated useful life of software is assessed to be 10 years.

(viii) Inventories

Inventories comprise all cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition.

Notes to Financial Statements for the year ended 31 March 2025

The Inventories [Raw Materials, Traded Goods, Packaging Material, Stock in transit (RM) and Stock with Third Parties (RM)] are valued at lower of cost and net realizable value on First-In-First-Out basis (FIFO).

The Work-in-process and finished goods valued at the batch cost which comprises of cost of raw material, manufacturing expenses, labour charges and other direct expenses.

Stores and Spares are charged to the statement of profit and loss in the year of purchase.

(ix) Foreign currency Transactions

(a) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(c) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in financial statements, are recognized as income or as expenses in the year in which they arise.

(d) Forward Contracts

The premium or discount arising at the inception of forward exchange contracts is booked as expense or income immediately. Exchange differences on such contracts are recognized in the Statement of Profit and Loss in the year in which the exchange rates changes. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(x) Employee benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognised during the period in which the employee renders related service.

Retirement benefits in the form of Provident Fund, Employee State Insurance and Superannuation Fund is a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Defined Contribution plan:

Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the profit and loss account of the year when the contributions to the respective fund are due. There are no other obligations other than the contribution payable to the respective fund.

Defined Benefit Plans:

The Company contributes to a gratuity fund which has taken a group policy with Life Insurance Corporation of India for future payments of gratuity to retiring employees. The premium has been so adjusted as to cover the liability under the scheme in respect of all employees at the end of their future anticipated services with the company.

Notes to Financial Statements for the year ended 31 March 2025

(xi) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as Lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(xii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiii) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Notes to Financial Statements for the year ended 31 March 2025

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Contingent liability is disclosed in the case of:

Present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation.

- A present obligation arising from past event, when no reliable estimate is possible.
- A possible obligation arising from past events, unless the probability of outflow of resources is remote. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(xiv) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(xv) Financial instruments

(a) Financial assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in case of financial asset not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial asset measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified into two broad categories:

- Financial asset at fair value
- Financial asset at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit or loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meet the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes)
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meet the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Debt Instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit or loss.

Notes to Financial Statements for the year ended 31 March 2025

Equity Instruments: All equity instruments within scope of Ind AS 109 are measured at fair value. Equity instruments which are classified as held for trading are measured at FVTPL. For all other equity instruments, the company decides to measure the same either at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such selection on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments measured at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognised in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of profit or loss, even on sale of such instruments.

The Investments are measured at Fair Market Value. The diminution in the market value of investments is not considered unless such diminution is considered permanent and accordingly provision for diminution is made in books of accounts.

All other financial asset is measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - a) the Company has transferred substantially all the risks and rewards of the asset, or
 - b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind-AS 109, the company applies Expected Credit Losses (ECL) model for measurement and recognition of impairment loss on trade receivables and other advances. The company follows "Simplified Approach" for recognition of impairment loss on these financial assets. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

(b) Financial liabilities:

Initial recognition and measurement:

Financial Liabilities are classified at initial recognition as:

- (i) Financial liabilities at fair value through profit or loss,
- (ii) Loans and borrowings, payables, net of directly attributable transaction costs or
- (iii) Derivatives designed as hedging instruments in an effective hedge, as appropriate.

Notes to Financial Statements for the year ended 31 March 2025

The company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished and the consideration paid is recognised in the Statement of Profit and Loss as other gains / (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender has agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. The amounts are unsecured and are usually paid within twelve months of recognition. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derivative financial instruments:

The Company uses derivative financial instruments, such as foreign exchange forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Loans and borrowings – subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective Interest Rate (EIR). The Effective Interest Rate (EIR) amortisation is included as finance costs in the statement of profit and loss.

Notes to Financial Statements for the year ended 31 March 2025

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(xvi) Investment Property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purpose). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of Ind AS 16 for cost model.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property is included in the Statement of Profit and Loss in the period in which the property is derecognized.

(xvii) Borrowing Costs

Borrowing costs are charged to Statement of Profit and Loss except to the extent attributable to acquisition / construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(xviii) Impairment of Non-financial Assets

At each balance sheet date, an assessment is made of whether there is any indication of impairment.

If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

- (x) The sensitivity analyses above have been determined based on Gratuity which is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses. The following table summarizes the change in defined benefit obligation and impact in percentage terms compared with the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points

Particulars	As on 31st March, 2025	
	Discount	Salary Escalation Rate
Defined Benefit Obligation on increase in 50 bps	132	143
Impact of increase in 50 bps on DBO	-4.08%	3.62%
Defined Benefit Obligation on decrease in 50 bps	144	133
Impact of decrease in 50 bps on DBO	4.34%	-3.43%

Particulars	As on 31st March, 2024	
	Discount	Salary Escalation Rate
Defined Benefit Obligation on increase in 50 bps	113	123
Impact of increase in 50 bps on DBO	-4.15%	3.62%
Defined Benefit Obligation on decrease in 50 bps	124	114
Impact of decrease in 50 bps on DBO	4.41%	-3.44%

- (xi) The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is as certified by the Actuary.
- (xii) The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Notes to Financial Statements for the year ended 31 March 2025

(All amounts in Indian ₹ in lakhs, unless otherwise stated)

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair value

- (i) The fair value of unquoted instruments, loans from banks other non-current financial assets and non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- (ii) Costs of unquoted equity instruments has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range. These investments in equity instruments are not held for trading. Instead, they are held for long-term strategic purpose.

(iii) Fair value hierarchy

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period for identical assets or liabilities. The mutual funds are valued using the net assets value (NAV) available in open market. The quoted market price used for financial assets held by the group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

There are no transfers among levels 1, 2 and 3 during the year

This section explains the judgement and estimates made in determining the fair value of financial assets that are:

- a) Recognized and measured at Fair value
- b) Measured at amortized cost and for which fair value is disclosed in financial statements

30 Financial risk management objectives and policies

The Company being the active supplier for the automobile industry is exposed to various market risk, credit risk and liquidity risk. The Company has global presence and has decentralised management structure. The regulations, instructions, implementation rules and in particular, the regular communication throughout the tightly controlled management process consisting of planning, controlling and monitoring collectively form the risk management system used to define, record and minimise operating, financial and strategic risks. The Company has set up a risk management committee (RMC) which comprise of Company chief finance officer and three directors of parent company of which two are independent directors. RMC periodically reviews operating, financial and strategic risk in the business and their mitigating factors. RMC has formulated a risk management policy for the Individual Company company and Company as a whole, which outlines the risk management framework to help minimise the impact of uncertainty. The main objective of this policy is to ensure sustainable business growth with stability and to promote a proactive approach in reporting, evaluating and resolving risk associated with the business. This process provides assurance that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective. The Company's financial risk management is an integral part of how to plan and execute its business strategies. Below notes explain the sources of risks in which the Company is exposed to and how it manages the risks.

(a) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. We are exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, our exposure to market risk is a function of revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

(i) Foreign currency risk

The Company is exposed to currency risk on account of transaction with foreign subsidiaries and other parties. The functional currency of the Company is Indian Rupee. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future.

The Company exposure to foreign currency risk at the end of the reporting periods are as follows

Particulars of un-hedged foreign currency exposure

Currency	As at 31 March 2025			As at 31 March 2024		
	Foreign currency Amount	Exchange rate (in ₹)	Amount	Foreign currency Amount	Exchange rate (in ₹)	Amount

Trade payable & Capital creditors				
USD	3.73	(3.73)	0.82	(0.82)

(ii) Interest rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's main interest rate risk arises from Short-term borrowings with variable rates. The company tries to manage its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowings	6,409.88	1,943.05
Fixed rate borrowings		35.02
Total	6,409.88	1,978.07

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations towards the Company and arises principally from the Company's receivables from customers and deposits with banking institutions and funds with mutual fund asset management companies (AMC). The maximum amount of the credit exposure is equal to the carrying amounts of these receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

(i) Trade Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of

business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The Company uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered impaired). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

(ii) Financial instruments and deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits and other risk free securities. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2025 is the carrying amounts. The Company's maximum exposure relating to financial instrument is noted in liquidity table below.

Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

31 Capital management

For the purposes of Company's capital management, Capital includes equity attributable to the equity holders of the company and all other equity reserves. The primary objective of the Company's capital management is to safeguard its ability to continue as going concern and to ensure that it maintains an efficient capital structure and maximize shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024. The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalent.

Independent Auditor's Report

To The Members of
Vidhi Specialty Food Ingredients Ltd
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **Vidhi Specialty Food Ingredients Ltd** ("the Holding Company") and its Subsidiary (the Holding Company and its Subsidiary together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31st March, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity, with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2025, their consolidated profit including their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SA" s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* Section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key Audit matters

Key audit matters ("KAM") are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of our audit addressed is provided below :

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Inventory Existence:</p> <p>The Company has an inventory of Rs. 7,492.60 Lakhs as at 31st March, 2025.</p> <p>Within each location, inventory is stored in packet, drums.</p> <p>This is a key audit matter because of the</p> <ul style="list-style-type: none"> • Significance of the inventory balance to the statement of financial position and • Complexity involved in determining inventory quantities on hand due to the number, conversion from litre to Kgs., location and diversity of inventory storage locations, banks. 	<p>We attended inventory counts at factory, which we selected based on financial significance and risk</p> <p>We performed the following procedures at each site:</p> <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted; • Observed a sample of managements inventory count procedures to assess compliance with Company Policy and • Made enquiries regarding obsolete inventory items and inspected the condition of items counted. <p>We have also evaluated a selection of controls over inventory existence across the Company.</p>
2	<p>Trade Receivables:</p> <p>Trade receivables comprise a significant portion of the current assets of the Company and serve as security for a majority of the Company short-term debt. As indicated in Note 6(C) to the financial statements. The receivables provision has been made based on Expected Credit Loss method. Accordingly, the estimation of the allowance for trade receivables is a significant judgement area and is therefore considered a key audit matter.</p>	<p>We assessed the validity of material long outstanding receivables by obtaining third-party confirmations of amounts receivable. We also considered payments received subsequent to year-end, past payment history and unusual patterns to identify potentially impaired balances. The assessment of the appropriateness of the allowance for trade receivables comprised a variety of audit procedures across the Company including:</p> <ul style="list-style-type: none"> • Assessing the appropriateness and reasonableness of the assumptions applied in the managements' assessment of the receivables allowance; • Consideration of the creditworthiness of significant trade receivables over 270 days; • Consideration and concurrence of the agreed payment terms; • Verification of receipts from trade receivables subsequent to year-end; • Considered the completeness and accuracy of the disclosures. To address the risk of management bias, we evaluated the results of audit procedures on other key balances to assess whether or not there was an indication of bias. We were satisfied that the Company's trade receivables are fairly valued and adequately provided. We further considered whether the provisions were misstated and concluded that they were appropriate in all material respects, and disclosures related to trade receivable in the financial statements are appropriate.

Other information

The Holding Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Holding Company's Annual Report but does not include the consolidated financial statements, and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard, since the Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the respective company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors and those charged with governance included in the Group are also responsible for overseeing the financial reporting process of respective Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its Subsidiary has adequate internal financial controls system in place and the operating effectiveness of such controls
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance of the Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding as well as Subsidiary Company as on 31st March, 2025 taken on record by the respective Board of Directors, none of the directors of group is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of Holding Company and its Subsidiary Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to directors is not in excess of the limit laid down under Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has confirmed that there are no pending litigations impacting financial position of the Group.
 - ii. The Group did not have any material foreseeable losses on long-term contracts, including derivative contracts, during the year ended 31st March, 2025.
 - iii. There has been no delay in transferring amount which were required to be transferred to the Investor Education and Protection Fund by the Holding Company. Further, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Subsidiary Company.
 - iv. The management of the respective Companies within the Group has represented that, to the best of its knowledge and belief,
 - a. no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its Subsidiary Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Holding Company or its Subsidiary Company or

- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- b. no funds have been received by the Holding Company or its Subsidiary Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its Subsidiary Company shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- c. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above contain any material misstatement.
- v. As stated in Note 9(viii) of the Consolidated financial statements:
 - a. The final dividend proposed in the previous year, declared and paid by the Holding during the year is in accordance with Section 123 of the Act, as applicable.
 - b. The interim dividend declared and paid by the Holding during the year and until the date of this report is in a compliance with Section 123 of the Act.
 - c. The Board of Directors of the Holding have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks and information given to us, the Group has used accounting software for maintaining its books of account, which did not have a feature of recording audit trail (edit log) facility throughout the year for all relevant transactions recorded in the respective software, hence we are unable to comment on audit trail feature of the said software.

Annexure B to the Independent Auditor's Report on the Consolidated Financial Statements on the Consolidated Financial Statements of Vidhi Specialty Food Ingredients Pvt Ltd for the year ended 31st March, 2025

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the **Vidhi Specialty Food Ingredients Ltd** ("the Holding Company") as of and for the year ended 31st March, 2025, we have audited the internal financial controls with reference to financial statements of the Holding Company and the Subsidiary Company incorporated in India under the Companies Act, 2013 as of that date.

In our opinion, the Holding Company and the Subsidiary Company incorporated in India, have, in all material respects, adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at 31st March, 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibilities for Internal Financial Controls

The Management of the respective Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its Subsidiary Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding and its Subsidiary Company.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements for the year ended 31 March 2025

(1). Corporate Information:

The Company was incorporated on 19th January, 1994 and is engaged in the business of manufacturing and trading in synthetic food colors and trading in chemicals. The company was formerly known as "Vidhi Dyestuffs Manufacturing Limited" and w.e.f. 25th August, 2016, it is changed to "Vidhi Specialty Food Ingredients Limited".

The equity shares of the company are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India.

Authorization of financial statements

The consolidated financial statements were authorised for issue in accordance with a resolution of the Board of Directors passed on 12th May 2025

(2) Material Accounting Policies:

(i) Basis of preparation

The Financial Statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014 (IGAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Use of Estimates

Preparation of financial statements in conformity with Ind AS requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision of accounting estimates is recognized prospectively in current and future periods.

(iii) Current / Non-Current classification

The normal operating cycle of the Company is 12 months. Assets and Liabilities which are expected to be realizable / payable within 12 months are to be classified as current and rest will be classified as non-current.

(iv) Revenue Recognition

Revenue from sale of products is recognized on transfer of all significant risk and rewards of ownership to the customers, which is generally on dispatch of goods and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Sales are stated exclusive of GST and net of trade discount and quantity discount.

Dividend Income is recognized when the right to receive the dividend is established.

Interest Income is recognized on time proportion basis.

Export incentives / benefits are accounted for on accrual basis on value of exports affected during the year under consideration.

(v) Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Notes to Financial Statements for the year ended 31 March 2025

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at their reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

(vi) Property, plant and equipment

- (a) Freehold land is carried at historical cost. All other property, plant and equipment are shown at cost (net of adjustable taxes) less accumulated depreciation and accumulated impairment losses. The cost of an asset comprises of its purchase price, non refundable / adjustable purchase taxes and any cost directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management, the initial estimate of any decommissioning obligation, if any and for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. The cost also includes trial run cost and other operating expenses such as freight, installation charges etc. The projects under construction are carried at costs comprising of costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and attributable borrowing costs.
- (b) Stores and spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment.
- (c) When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.
- (d) An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset or significant part) is included in the Statement of Profit and Loss when the asset is derecognized.
- (e) In line with the provisions of Schedule II to the Companies Act, 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components of property, plant and equipment has been assessed based on the historical experience and internal technical inputs.
- (f) Depreciation on property, plant and equipment is provided as per straight line method based on useful life prescribed under Schedule II to the Companies Act, 2013. The Company has assessed the estimated useful lives of its property, plant and equipment and has adopted the useful lives and residual value as prescribed in Schedule II.

The property, plant and equipment acquired under finance lease are depreciated over the period of lease. Depreciation on stores and spares specific to an item or property, plant and equipment is based on life of the related property, plant and equipment. In other cases, the stores and spares are depreciated over their estimated useful life based on the technical assessment.

- (g) The residual values and useful lives of property, plant and equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Notes to Financial Statements for the year ended 31 March 2025

- (h) Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. These are stated at cost to date relating to items or project in progress, incurred during construction / preoperative period. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

(vii) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets comprising of "Computer Software" are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis. Estimated useful life of software is assessed to be 10 years.

(viii) Inventories

Inventories comprise all cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition.

The Inventories [Raw Materials, Traded Goods, Packaging Material, Stock in transit (RM) and Stock with Third Parties (RM)] are valued at lower of cost and net realizable value on First-In-First-Out basis (FIFO).

The Work-in-process and finished goods valued at the batch cost which comprises of cost of raw material, manufacturing expenses, labour charges and other direct expenses.

Stores and Spares are charged to the statement of profit and loss in the year of purchase.

(ix) Foreign currency Transactions

(a) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(c) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in financial statements, are recognized as income or as expenses in the year in which they arise.

The premium has been so adjusted as to cover the liability under the scheme in respect of all employees at the end of their future anticipated services with the company.

(xi) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as Lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will

Notes to Financial Statements for the year ended 31 March 2025

exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(xii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiii) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Contingent liability is disclosed in the case of:

- Present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation.
- A present obligation arising from past event, when no reliable estimate is possible.
- A possible obligation arising from past events, unless the probability of outflow of resources is remote. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(xiv) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(xv) Financial instruments

(a) Financial assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in case of financial asset not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial asset measured at amortised cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified into two broad categories:

- Financial asset at fair value
- Financial asset at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of

Notes to Financial Statements for the year ended 31 March 2025

profit or loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meet the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: the objective of the Company's model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes)
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meet the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Debt Instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit or loss.

Equity Instruments: All equity instruments within scope of Ind AS 109 are measured at fair value. Equity instruments which are classified as held for trading are measured at FVTPL. For all other equity instruments, the company decides to measure the same either at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such selection on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments measured at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognised in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of profit or loss, even on sale of such instruments.

The Investments are measured at Fair Market Value. The diminution in the market value of investments is not considered unless such diminution is considered permanent and accordingly provision for diminution is made in books of accounts.

All other financial asset is measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - a) the Company has transferred substantially all the risks and rewards of the asset, or
 - b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if and to what extent it has retained the risks and rewards of

Notes to Financial Statements for the year ended 31 March 2025

ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind-AS 109, the company applies Expected Credit Losses (ECL) model for measurement and recognition of impairment loss on trade receivables and other advances. The company follows "Simplified Approach" for recognition of impairment loss on these financial assets. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

(b) Financial liabilities:

Initial recognition and measurement:

Financial Liabilities are classified at initial recognition as:

- (i) Financial liabilities at fair value through profit or loss,
- (ii) Loans and borrowings, payables, net of directly attributable transaction costs or
- (iii) Derivatives designed as hedging instruments in an effective hedge, as appropriate.

The company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished and the consideration paid is recognised in the Statement of Profit and Loss as other gains / (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender has agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Notes to Financial Statements for the year ended 31 March 2025

Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. The amounts are unsecured and are usually paid within twelve months of recognition. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derivative financial instruments:

The Company uses derivative financial instruments, such as foreign exchange forward contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Loans and borrowings – subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective Interest Rate (EIR). The Effective Interest Rate (EIR) amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(xvi) Investment Property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purpose). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of Ind AS 16 for cost model.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property is included in the Statement of Profit and Loss in the period in which the property is derecognized.

(xvii) Borrowing Costs

Borrowing costs are charged to Statement of Profit and Loss except to the extent attributable to acquisition / construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(xviii) Impairment of Non-financial Assets

At each balance sheet date, an assessment is made of whether there is any indication of impairment.

If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's

Notes to Financial Statements for the year ended 31 March 2025

(CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

(All amounts in Indian ₹ in lakhs, unless otherwise stated)

- (x) The sensitivity analyses above have been determined based on Gratuity which is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses. The following table summarizes the change in defined benefit obligation and impact in percentage terms compared with the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points

Particulars	As on 31st March, 2025	
	Discount	Salary Escalation Rate
Defined Benefit Obligation on increase in 50 bps	1,32,24,794	1,42,85,743
Impact of increase in 50 bps on DBO	-4.08%	3.62%
Defined Benefit Obligation on decrease in 50 bps	1,43,85,698	1,33,14,549
Impact of decrease in 50 bps on DBO	4.34%	-3.43%

Particulars	As on 31st March, 2024	
	Discount	Salary Escalation Rate
Defined Benefit Obligation on increase in 50 bps	1,13,42,305	1,22,62,101
Impact of increase in 50 bps on DBO	-4.15%	3.62%
Defined Benefit Obligation on decrease in 50 bps	1,23,55,768	1,14,26,593
Impact of decrease in 50 bps on DBO	4.41%	-3.44%

- (xi) The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is as certified by the Actuary.
- (xii) The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Management of the Company has assessed that trade receivables, cash and cash equivalents, other bank balances, other financial assets, borrowings, trade payables, lease liabilities and other financial liabilities approximate their carrying amounts.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair value

- (i) The fair value of unquoted instruments, loans from banks other non-current financial assets and non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- (ii) Costs of unquoted equity instruments has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range. These investments in equity instruments are not held for trading. Instead, they are held for medium or long-term strategic purpose.

Notes to Financial Statements for the year ended 31 March 2025

(All amounts in Indian ₹ in lakhs, unless otherwise stated)

(iv) Fair value hierarchy

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period for identical assets or liabilities. The mutual funds are valued using the net assets value (NAV) available in open market. The quoted market price used for financial assets held by the group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

There are no transfers among levels 1, 2 and 3 during the year

This section explains the judgement and estimates made in determining the fair value of financial assets that are:

- a) Recognized and measured at Fair value
- b) Measured at amortized cost and for which fair value is disclosed in financial statements

31 Financial risk management objectives and policies

The Company being the active supplier for the automobile industry is exposed to various market risk, credit risk and liquidity risk. The Company has global presence and has decentralised management structure. The regulations, instructions, implementation rules and in particular, the regular communication throughout the tightly controlled management process consisting of planning, controlling and monitoring collectively form the risk management system used to define, record and minimise operating, financial and strategic risks. The Company has set up a risk management committee (RMC) which comprise of Company chief finance officer and three directors of parent company of which two are independent directors. RMC periodically reviews operating, financial and strategic risk in the business and their mitigating factors. RMC has formulated a risk management policy for the Individual Company company and Company as a whole, which outlines the risk management framework to help minimise the impact of uncertainty. The main objective of this policy is to ensure sustainable business growth with stability and to promote a proactive approach in reporting, evaluating and resolving risk associated with the business. This process provides assurance that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective. The Company's financial risk management is an integral part of how to plan and execute its business strategies. Below notes explain the sources of risks in which the Company is exposed to and how it manages the risks.

(a) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. We are exposed to market risk primarily related to foreign exchange rate risk and interest rate risk. Thus, our exposure to market risk is a function of revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

(i) Foreign currency risk

The Company is exposed to currency risk on account of transaction with foreign parties. The functional currency of the Company is Indian Rupee. The exchange rate between the Indian rupee and foreign currencies is changing continuously in recent periods and may continue to fluctuate substantially in the future.

The Company exposure to foreign currency risk at the end of the reporting periods are as follows

Particulars of un-hedged foreign currency exposure

Currency	As at 31 March 2025			As at 31 March 2024		
	Foreign currency Amount	Exchange rate (in ₹)	Amount	Foreign currency Amount	Exchange rate (in ₹)	Amount

Trade payable & Capital creditors				
USD	3.73	(3.73)	0.82	(0.82)

(ii) Interest rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's main interest rate risk arises from Short-term borrowings with variable rates. The company tries to manage its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowings	6,411.95	1,943.05
Fixed rate borrowings		37.10
Total	6,411.95	1,980.15

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Impact on profit before tax and equity	
	For the year ended March 31, 2025	For the year ended March 31, 2024

(b) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing through the use of short term bank deposits, short term loans, and cash credit facility etc. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.

Maturity profile of financial liabilities

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

(c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations towards the Company and arises principally from the Company's receivables from customers and deposits with banking institutions and funds with mutual fund asset management companies (AMC). The maximum amount of the credit exposure is equal to the carrying amounts of these receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

(i) Trade Receivables

The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business. The group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The group uses an allowance matrix to measure the expected credit losses of trade receivables (which are considered good). The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

Notes to Financial Statements for the year ended 31 March 2025
