Appointment of Mr. Vishal Baid as Executive Director approved by Shareholders

Experience:

Mr. Vishal Baid has over two decades of multifaceted leadership experience in the global medical devices industry and has played a pivotal role in the strategic growth and international expansion of Poly Medicure Limited.

Association with Poly Medicure Ltd:

He has been associated with Poly Medicure for last 14 years and prior to his appointment as Executive Director, was designated as Sr. President (Sales and Marketing).

Some of his key contributions in the organization over the years are summarized below:

- Driving automation in the production processes by identifying new technologies, helping in driving cost efficiencies and building global competitive advantages for the company.
- Leading the development and management of the manufacturing footprint in the Jaipur region and currently oversees all operations of the manufacturing plants in Jaipur.
- Developing diverse vendor relationships for both raw material and capital equipment.
- Leading cross-functional coordination across marketing, procurement, product development and operations to align business priorities with growth strategy.
- Strengthening the company's institutional sales network, building deep customer relationships with key accounts and driving sales in the domestic market.
- Contributing to the launch and commercial scale-up of various high-growth product segments such renal care, critical care and cardiology.

His new Role in Company:

- To drive growth in product development and focus on business development in India.
- Responsible for overseeing the strategic growth, operations, and profitability of the Jaipur SEZ and Haridwar plant, ensuring efficient production, strong quality control, and revenue maximization to support overall business goals and market competitiveness.

Approval by the Board for appointment of Mr. PK Gupta as Executive Director

Experience:

Mr. PK Gupta has 35 years of experience in the medical devices and manufacturing industry including 17 years in Poly Medicure Ltd.

Before Joining Poly Medicure, he has experience with various companies and industries, including HMD, Dalmia Electronics, LML Ltd.

Association with Poly Medicure Ltd:

He joined as a senior manager in 2008 and rose to become President - Operations, leading key operational advancements. His strategic leadership significantly contributed to company's growth

Some of his key contributions in the organization over the years are summarized below:

- He recognizes the potential of cutting-edge technologies to create products that address unmet medical needs, improve patient outcomes, and enhance the quality of care.
- Lead end to end manufacturing operations across multiple plants.
- Implement operational excellence strategies to improve productivity and reduce waste.
- Collaborate with cross-functional teams in R&D, Quality, Procurement, and Marketing.
- Drive automation and digital transformation in manufacturing processes.
- Ensure compliance with global regulatory and quality standards (ISO, CE, FDA).
- Manage large teams of engineers, supervisors, and technicians.

His new Role in Company:

Mr. Pankaj Kumar Gupta thrives on hands-on involvement, often working in the field and engaging directly with suppliers to drive Poly Medicure's growth and direction. His approachable leadership style and deep engagement with the team foster a motivated and inspired workforce, empowering them to achieve their goals and push boundaries. As the medical devices industry continues to evolve rapidly, Mr. Gupta's leadership and vision enable Poly Medicure to stay ahead of the curve, leveraging his expertise to navigate challenges and capitalize on opportunities.

Enhance Usage of AI to optimize performance

In Manufacturing Processes

AI is being integrated into our manufacturing operations as we move towards smart manufacturing. From vision - control to process optimization, AI enhances precision & efficiency

In Learning and Development

Our AI-powered initiative is delivering immersive training experiences that replicate real-world customer interactions, product demonstrations, and trouble shooting.

Clinical Engagement Programs

A Joint Program with INS
6 sessions , 6000+ Nurses

Participation in International Exhibitions

WHX, Miami

Hospitalar, Brazil

Medi Pharm Expo, Vietnam

WHX, Kuala Lumpur
