### ANNEXURE TO NOTICE

### EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013:

### ITEM NO.3: APPROVAL FOR RELATED PARTY TRANSACTIONS:

The particulars of the Material Related Party Contracts/ Pre-arrangements/ Transactions are as under:

Pursuant to the provisions of Section 188, if and to the extent applicable, and other applicable provisions of the Act, read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force), all related party transactions beyond the thresholds mentioned in Rule 15(3) (a) require prior approval of the Members in general meeting.

as per the provisions of Regulation 23(2) (4) of the SEBI (LODR), Regulation 2015, as amended from time to time, all related party transactions require prior approval of the Audit Committee and all material transactions with related parties require approval of the members of a public listed company through an Ordinary resolution and the related parties are required to abstain from voting on such resolution whether the entity is a related party to the particular transaction or not.

"Material Related Party Transaction" under Regulation 23(1) of listing Regulation means any transaction to be entered into individually or taken together with previous transactions during a financial year exceeding 10% of the annual consolidated turnover of a company as per its last audited financial statements.

Accordingly, any transaction(s) by the Company with a related party (except with its wholly owned subsidiaries if any) exceeding Rs. 100 Crores (10% of the Company's annual consolidated turnover) shall be considered as material transaction and hence, the approval of the Members is required for the same.

The above proposal is in the interest of the Company and the Board recommends the Special Resolution as set out at Item No.4 for approval by the members of the Company.

None of the Directors or Key Managerial Personnel other than Directors or their relatives are in any way concerned with or interested, financially or otherwise in the resolution at Item no. 3 of the accompanying notice.

The Board informs that currently there is relate party and related party transaction in preceding financial year, and looking to company's aggressive nature towards the growth, it is better to take prior approval of the shareholders.

Accordingly, the Special Resolution as set out in item No. 3 of the Notice is proposed for approval of Members.

# ITEM NO.4: RECLASSIFUCATION OF PERSONS FORMING PART OF THE PROMOTER / PROMOTER GROUP FROM 'PROMOTER & PROMOTER GROUP CATEGORY' TO 'PUBLIC CATEGORY'

#### **MANAGEMENT DISCUSSION & ANALYSIS REPORT**

Your Directors have pleasure in presenting the management discussion and analysis report for the year ended on March 31, 2025. The Management Discussion and Analysis have been included in consonance with the Code of Corporate Governance as approved by The Securities and Exchange Board of India (SEBI). Investors are cautioned that these discussions contain certain forward-looking statements that involve risk and uncertainties including those risks which are inherent in the Company's growth and strategy. The company undertakes no obligation to publicly update or revise any of the opinions or forward-looking statements expressed in this report consequent to new information or developments, events or otherwise.

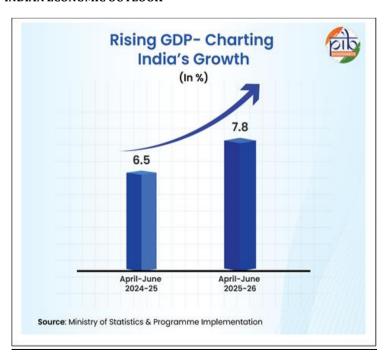

The Management of the Company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the Company and its outlook for the future. This outlook is based on Management's own assessment and it may vary due to future economic and other future developments in the country.

#### GLOBAL ECONOMIC OUTLOOK

G lobal economic activity is expected to maintain modest but uneven momentum. We project that global real GDP growth will decelerate to around 3.0% in 2025 and 2.9% in 2026, following a 3.2% advance in 2024, as rising trade frictions, persistent geopolitical and policy uncertainty, elevated market volatility, and inflation divergence reshape the global outlook. Regional growth patterns have become more fragmented, with developed markets losing steam and emerging markets showing varied resilience. Across emerging markets, we expect real GDP growth to hover to 4.1% in 2025 and 3.9% in 2026, from 4.2% in 2024. China's economy faces headwinds from a prolonged property downturn and demographic drag as well as renewed pressures from trade tensions and US tariffs. Our forecast shows real GDP growth decelerating from 5.0% in 2024 to 4.4% in 2025 and 4.0% in 2026 despite continued policy support. India remains a global bright spot, underpinned by infrastructure investment and strong domestic demand, with GDP growth projected at 6.6% in 2025 and 6.5% in 2026, following a 6.7% advance in 2024. We expect Latin America to see modest growth, with momentum in Brazil softening amid tighter financial conditions and fiscal constraints, and growth in Mexico constrained by trade tensions with the US.

The midpoint of 2025 finds the global economy in a precarious yet resilient state, navigating a volatile mix of macroeconomic headwinds and structural shifts. Momentum has broadly held, but growth trajectories are diverging more sharply across geographies and sectors. Mounting policy uncertainty — driven by a global reordering of trade relationships, financial market repricing and evolving fiscal priorities — is compounding the complexity of strategic planning. Businesses are operating in an environment marked by supply fragilities, inflation volatility and fragmented policy signals across central banks. In this update, we explore six global geoeconomic themes that are reshaping the outlook of the global economy.

#### INDIAN ECONOMIC OUTLOOK

India's strong services activity has helped GDP growth comfortably beat expectations for the second quarter in a row, rising to an impressive high of 7.8% for AprilJune 2025. The swift growth in the first quarter of the current financial year further consolidates India's position as the world's fastest growing major economy. Currently the world's fourth-largest economy, India is on track to become the third-largest by 2030 with a projected \$7.3 trillion GDP. This momentum is powered by decisive governance, visionary reforms, and active global engagement. Notably, growth is accelerating, with real GDP expected to rise by 7.8% in Q1 FY 2025-26, up from 6.5% a year earlier.

#### INDUSTRY STRUCTURE AND DEVELOPMENTS.

#### SEGMENT WISE PERFORMANCE

The Company operates in three reportable segments i.e. Commodity Trading Business, Finance Business Activities and Information Technology. During the year company has started new business growing Digital Media Space with the launch of "GudGudi" the first OTT Channel dedicated to humour.

The Viewers would have free access to GudGudi and enjoy both professionally produced Content as well as User Generated Content. It would stream Comedy Movies and TV Series, Stand-up Comedy and humorous Poetry (HasyaKavi) Sessions. It would include Classic Shows and Movies from yesteryears to take Viewers down memory lane. It would also be streaming freshly produced Content made exclusively for Gudgudi as well to attract young Viewers.

The business Segments has been identified as separate segment in accordance with Accounting standard 17 'Segment Reporting'. The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India (SEBI) and Generally Accepted Accounting Principles (GAAP) in India. The Company has decided to venture in to new business i.e Sports and Entertainment Industry which will help the Company to faces stiff competition and perform well in the long run.

#### **OPPORTUNITIES & THREATS**

The growth of the Company is subject to opportunities and threats as are applicable to the industry from time to time. The Company has risk management policy in place for risk assessment and treatment of the same. Due to rise in Competitive business, the company has decided to change the name and object of the Company to expand and diversified the business in Sports and Entertainment Industry.

Company believed change in industry due to will be more beneficial to sustain in the long run of business.

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### **Key Audit Matter**

#### 1 Valuation of Unlisted Equity Investments

As disclosed in Note No. 6 of the Standalone financial statements, the Company holds investments in unlisted equity shares amounting to  ${\tt ₹}$  552 lakhs, which includes  ${\tt ₹}10.25$  lakhs in a subsidiary company accounted for at cost in accordance with Ind AS 27. The remaining investments comprise  ${\tt ₹}463.84$  lakhs valued based on a valuation report obtained from a registered valuer and  ${\tt ₹}77.91$  lakhs valued using Net Book Value (NBV) as certified by the Company's management.

The determination of fair value for these unlisted investments involves significant management judgment in selecting valuation methodologies and inputs, particularly where NBV is used without an independent valuation. While management is responsible for the preparation and fair presentation of these financial statements, including the determination of fair values, our responsibility is to assess the reasonableness of the assumptions and methodologies used.

Due to the materiality of these investments and the subjectivity involved in their valuation, this matter was considered significant in the context of our audit and accordingly identified as a key audit matter.

**2** Non-availability of Loan Confirmations As at March 31, 2025, the Company has outstanding loan receivables amounting to \$1,330.60 lakhs from various borrowers. Of this, the Company was unable to obtain direct balance confirmations from borrowers for amounts aggregating \$221.82 lakhs.

The absence of third-party confirmations increases the risk of potential misstatement relating to the existence and recoverability of these balances. The assessment of recoverability in such cases involves significant management judgment, particularly where no independent evidence is available. Due to the materiality of the amount and the inherent estimation uncertainty involved, we considered this to be a key audit matter.

#### How our audit addressed the key audit matter

Our audit procedures included:

- Assessing whether the investment in the subsidiary is appropriately carried at cost in line with Ind AS 27.
- Reviewing the valuation report prepared by the registered valuer for the investments valued at ₹463.84 lakhs, focusing on the valuation techniques applied and key inputs used.
- Obtaining an understanding of the basis adopted for valuing ₹77.91 lakhs of investments using NBV and assessing whether such basis is consistent with the fair value measurement principles under Ind AS 113.
- Evaluating the adequacy of the disclosures made by the management with respect to the valuation techniques and significant judgments involved.

We have not performed an independent valuation of these investments. Our audit procedures were designed to assess the reasonableness of the management's estimates and to determine whether the investments are fairly presented in the financial statements as a whole.

The management is responsible for assessing the recoverability of these receivables and ensuring appropriate presentation in the financial statements. Our audit procedures were limited to:

- Reviewing the internal controls and procedures adopted by the Company for granting and monitoring loans;
- Performing selective alternative procedures such as review of subsequent receipts, internal correspondence with borrowers, or board approvals for loan modifications, where available;
- Discussing with management the reasons for nonavailability of confirmations and evaluating their assessment of recoverability;

We have not independently verified the balances in absence of external confirmations and our audit procedures were limited to the information and records made available to us by the management. Accordingly, our conclusion is based on

**3** Write-off of Loan Receivables During the Year During the financial year ended March 31, 2025, the Company recognized write-offs of loan receivables amounting to ₹196.68 lakhs in the Statement of Profit and Loss. These write-offs were based on management's internal assessment of the recoverability of the underlying loan portfolio.

The determination of such write-offs involves significant judgment by the management in evaluating the borrower's creditworthiness, expected cash flows, and other qualitative factors. Given the materiality of the amount and the estimation uncertainty involved, we considered this a key audit matter.

4 Valuation Loss on Acquisition of Unlisted Equity Shares

During the year, the Company acquired 5,62,500 equity shares of an unlisted company for a total consideration of \$18.00 crore, partly through loan conversion and partly by payment. No independent valuation was obtained at the time of purchase to support the share price of \$320 per share.

At year-end, the Company obtained a valuation report from a registered valuer (appointed by the investee company), which estimated the fair value at ₹82.46 per share. The resulting difference of ₹1,336.21 lakh was recorded in Other Comprehensive Income (OCI) as per Ind AS 109 and Ind AS 113.

This matter was significant due to the size of the investment, the lack of independent valuation at acquisition, and the large fair value loss later recorded.

management representations and available internal evidence, and no assurance is expressed on individual loan balances.

The assessment of loan recoverability and the decision to write off such balances is a management judgment, supported by internal evidence and analysis. Our audit procedures in respect of this matter were limited to

- Evaluated the reasonableness of the management's assumptions and judgments in determining the recoverability of the loans that were written off.
- Discussing with management the rationale behind the decision to write off the loan and whether the timing and amount of the write-off were appropriate.
- Tested the aging analysis of receivables, evaluated the assumptions used by management in determining the provision for bad debts, and reviewed subsequent receipts from debtor.

We did not perform an independent assessment of the creditworthiness of each borrower or a valuation of recoverable amounts. Our procedures were restricted to assessing the reasonableness of the methodology adopted by management, based on the information provided to us. Accordingly, our comments are based on management's representations and supporting documentation made available during the course of the audit.

How our audit addressed the matter, We:

- Reviewed documents relating to the share acquisition and settlement.
- Checked if the accounting complied with Ind AS 109 and 113.
- Evaluated the year-end valuation report and the independence of the valuer.
- Assessed key valuation assumptions but did not express an opinion on the valuation figure.
- Verified that disclosures in the financials were adequate and as per Ind AS.

We draw attention to the fact that, Valuation is the responsibility of management. Our work was limited to checking compliance with Ind AS and adequacy of disclosures, based on the information provided.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors is responsible for assessing the Company's ability

to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

- xvi. (a) In our opinion, the Company is not required to be registered under section 45- IA of the Reserve Bank of India Act, 1934. Hence, reporting under this clause of the Order is not applicable.
  - (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly, reporting under paragraph 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

#### ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on Other Legal and Regulatory Requirements' section of our report to the Members of Prismx Global Ventures Limited of even date

## Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Prismx Global Ventures Limited (the "Company") as of March 31, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

#### Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

### Prismx Global Ventures Limited CIN: L74110MH1973PLC016243

#### Notes to Standalone Financial Statement for the year ended March 31, 2025

#### 1 Company Overview

The Company Prismx Global Ventures Ltd (Formerly known as Gromo Trade & Consultancy Limited) is an existing public limited company incorporated on 15/01/1973 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office Office No. 303 3rd Floor Relcon House Premises Chl, Plot No 15/A, M G Road, Vile Parle East, Vileeparle (East), Mumbai, Mumbai, Maharashtra, India, 400057 -. The Company offers a diverse range activities in Trading in commodities, Trading in shares and Securities, Financial Investment Activities, Digital Media Services. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (INR).

#### 2 Basis of Preparation Of Financial Statement

#### a) Statement of Compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

These financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The financial statements were authorized for issue by the Company's Board of Directors on May 28, 2025.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off, unless otherwise indicated.

#### b) Significant accounting judgement, estimates and assumptions

The preparation of the Company's financial statements in confirmity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Estimates and underlying assumptions are reviewed on an ongoing basis.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### Significant Estimates and assumptions are required in particular for:

#### Impairment of Non Financial Asset:

Determining whether property, plant and equipment and intangible assets are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the underlying assets or cash generating units. Further, the cash flow projections are based on estimates and assumptions relating to expected revenues, operational performance of the assets, market prices of related products or services, inflation, terminal value etc. which are considered reasonable by the management.

#### Taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

#### c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the All other assets are classified as non-current.

### A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### 3 Summary of Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis.

#### Cash And Cash Equivalents

Cash comprises cash on hand and demand deposit with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in

#### Property, plant and equipment

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost in accordance with the exemption provided under IND AS 101.

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any such cost includes the cost of replacing part of the plant and equipment and borrowing its for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation on property, plant and equipment is calculated on a WDV basis using the rates arrived at based on the useful lives estimated by the management which coincides with the rates as per Schedule II of the Companies Act, 2013. The useful life of major computer is 3 years.

#### **Revenue Recognition**

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the

Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties Step 4. Allocate the transaction price to the performanceobligations in the contract: For a contract that has more thanone performance obligation, the Company will allocate the transaction price to each performance obligation inan amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

#### Sales

- (i) Sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.
- ii) Interest income on financial asset is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

#### Accounting for Trading in Future & options

This policy outlines the accounting treatment and disclosure requirements for transactions involving futures and options trading. The policy ensures that all such transactions are recorded accurately and consistently in the financial statements, in compliance with applicable accounting standards

This policy applies to all futures and options trading activities undertaken by the company, including hedging, speculative, and arbitrage transactions.

#### Initial Recognition:

Futures and options contracts are recognized in the books on the trade date, which is the date the company enters into the contract. Contracts are initially recorded at fair value, which is typically the transaction price, excluding transaction costs.

#### Subsequent Measurement:

At each reporting date, futures and options contracts are re-measured at fair value.

Gains and losses arising from changes in the fair value of open futures and options contracts are recognized in the statement of profit and loss.

#### **Options Contracts:**

Premium paid or received on options is recognized in the statement of profit and loss as a cost or income upon the expiry or exercise of the option.

The fair value of open options contracts is re-measured at each reporting date, and changes in fair value are recognized in the statement of profit and loss

#### Futures Contracts:

Futures contracts are marked to market on a daily basis. Unrealized gains or losses are recognized in the statement of profit and loss.

The margin paid or received is adjusted against the settlement of the contract or realized at the closure of the position.

#### Other Income

#### Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

#### **Inventories Valuation**

- (i) Cost of Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of goods purchased
- (ii) Scrap is valued at net realisable value.

#### Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

#### **Borrowing Cost**

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

#### Investments

All equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

#### Investment in Subsidiary

Investment in Subsidiary -The Company's investment in its subsidiaries are carried at cost.

#### Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset. unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the

#### **Employee Benefit**

- (i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered.
- (ii) The Company does not provide for retirement benefits. The same shall be payable on due basis.

#### Segment Report

- (i) The company identifies primary segment based on the dominant source, nature of risks and returns and the internal organisaiton and mangagement structure. The operating segement are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.
- (ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

#### Leases

The Company has no leases or any contractcontaining lease accordingly, no disclosure has been made on the same.

#### **Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit of loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

#### Taxation

- (i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation. Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.
- (ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.
- (iii) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction. affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax as sets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

#### **Provisions and Contingent Liabilities**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

#### **Operating Cycle**

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

#### **Financial Instruments**

#### (I) Financial Assets

#### (i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

#### (ii) Subsequent measurement

- (a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- **(b)** Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- (c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at EVTDI

#### (iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- (a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- (b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

#### (II) Financial Liabilities

#### (i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

#### (ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

#### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

#### Loans and borrowings

This is the category most relevant to the company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

#### De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is

#### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### Note 36: Financial instruments - Fair values and risk management

#### A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

The company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

- Level 1: Fair value measurement are those derived from quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs)

#### B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

# C. Financial Risk Management

#### C.i. Risk management framework

A wide range of risks may affect the Company's business and operational or financial performance. The risks that could have significant influence on the Company are market risk, credit risk and liquidity risk. The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the company's operational and financial performance.

#### C.ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

#### (a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counter party
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is a no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due, When recoverable are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

#### (b) Cash and cash equivalents and Other Bank Balances

The Company held cash and cash equivalents and other bank balances as stated in Note No. 08. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

## C.iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

#### C.iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

## C.iv.a Currency risk

The Company is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposure are mainly denominated in INR's Only. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

# C.iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company has fixed rate contract with parities pertaining to loans which are repayable on demand

#### Note 37: Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt is calculated as borrowing less cash and cash equivalent and other bank balances and mutual funds investments.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024.

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

#### Note 38: Events after reporting period

No subsequent event has been observed which may required an adjustment to the balance

# **Independent Auditor's Report**

# To the Members of Prismx Global Ventures Limited Report on the Audit of the Consolidated Financial Statements

#### **Opinion**

We have audited the accompanying consolidated financial statements of Prismx Global Ventures Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025 and the Statement of Consolidated Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2025, and consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

## **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

# **Key Audit Matter**

# 1 Valuation of Unlisted Equity Investments

As disclosed in Note No. 7 of the Consolidated Financial Statements, the Group holds investments in unlisted equity shares amounting to ₹541.75 lakhs,. The investments comprise ₹463.84 lakhs valued based on a valuation report obtained from a registered valuer, and ₹77.91 lakhs valued using Net Book Value (NBV) as certified by the management.

The determination of fair value for these unlisted investments involves significant management judgment in selecting valuation methodologies and inputs, particularly where NBV is used without an independent valuation. Considering the subjectivity involved, the materiality of the investments, and the reliance on management estimates, this matter was considered to be of most significance in the audit of the consolidated financial statements..

As at March 31, 2025, the Group has outstanding loan receivables amounting to ₹1,236.35 lakhs from various borrowers. Of this, balance confirmations aggregating to ₹221.82 lakhs were not obtained from borrowers.

The absence of external confirmations increases the audit risk with respect to the existence and recoverability of these balances. Given the judgment involved in management's assessment, and the potential material impact on the consolidated financial statements, this has been considered a key audit matter.

3 Write-off of Loan Receivables During the Year During the year ended March 31, 2025, the Group wrote off loan receivables amounting to ₹196.68 lakhs, which were charged to the Consolidated Statement of

# How our audit addressed the key audit matter

Our audit procedures included:

- Reviewing the valuation report prepared by the registered valuer for the investments valued at ₹463.84 lakhs, focusing on the valuation techniques applied and key inputs used.
- Obtaining an understanding of the basis adopted for valuing  $\ref{77.91}$  lakks of investments using NBV and assessing whether such basis is consistent with the fair value measurement principles under Ind AS 113.
- Evaluating the adequacy of the disclosures made by the management with respect to the valuation techniques and significant judgments involved.

We have not performed an independent valuation of these investments. Our audit procedures were designed to assess the reasonableness of the management's estimates and to determine whether the investments are fairly presented in the financial statements as a whole.

Management is responsible for assessing recoverability and presenting the balances appropriately. Our audit procedures were limited to:

- Reviewing internal controls and monitoring practices related to loan disbursement and follow-up;
- Performing alternative procedures such as review of subsequent receipts or internal correspondence where direct confirmations were unavailable;
- Discussing with management the reasons for nonconfirmation and their basis for recoverability assessment. We did not independently verify the balances. Our conclusion is based on management representations and internal documentation available at the time of audit. No assurance is expressed on individual balances.

Our procedures were limited to assessing management's basis and included:

Profit and Loss. These write-offs were based on management's internal assessment of non-recoverability.

Given the significant estimates and judgment involved in determining the write-offs and their material impact on the financial results, we considered this to be a key audit matter

- Evaluating the reasonableness of assumptions used in the write-off decisions;
- Reviewing the aging analysis of loans and creditworthiness of borrowers, to the extent available;
- Discussing with management the rationale for timing and quantum of write-offs;
- Verifying whether the financial statements disclose the writeoff appropriately in accordance with applicable Ind AS.

We did not independently assess recoverability at borrower level. Our comments are based on management's representation and documentation made available to us

# **4** Valuation Loss on Acquisition of Unlisted Equity Shares

Subsequently, the Group obtained a valuation report from a registered valuer (appointed by the investee company) estimating fair value at \$82.46 per share. The resulting difference of \$1,336.21 lakhs was recorded in Other Comprehensive Income in accordance with Ind AS 109 and Ind AS 113.

Due to the size of the transaction, the lack of independent valuation at acquisition, and the significant fair value loss recognised, this matter is considered to be of most significance in the context of the consolidated financial statements.

Our procedures included:

- Reviewing the acquisition-related documentation including board approvals and settlement terms;
- Assessing whether accounting treatment is compliant with Ind AS 109 and Ind AS 113;
- Evaluating the year-end valuation report and reviewing key assumptions and independence of the valuer;
- Assessing whether appropriate disclosures have been made in the consolidated financial statements.

We have not independently assessed the fair value of the shares. Our work was limited to reviewing compliance with accounting standards and adequacy of disclosures.

## **Other Information**

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report, Corporate Governance Report, Management Discussion and Analysis Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# **Other Matters**

We did not audit the annual financial statements of subsidiary company Tmart Platform Private Limited included in the Statement, whose financial information reflects total assets of \$ 115.78 Lakh as at 31 March 2025, total revenue of \$ 9.81 Lakh, total net loss of \$ 12.83 Lakh, total comprehensive loss of \$ 12.83 Lakh for the year ended on that date, as considered in the Statement. These annual financial statements have been audited by other auditors whose audit reports have been furnished to us by the management, and our opinion in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the audit reports of such other auditors, and the procedures performed by us as stated above.

Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and the reports of the other auditors.

## **Report on Other Legal and Regulatory Requirements**

As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included in the CARO 2020 reports issued in respect of the standalone financial statements of the companies which are included in these Consolidated Financial Statements.

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- e) On the basis of the written representations received from the directors of the Holding Company and subsidiary companies as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and subsidiary companies, incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in para (vi) of clause (i) below on reporting under Rule 11(g) of the Rules
- g) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements, if any.
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on longterm contracts including derivative contracts.
- iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company. There were no amounts which is required to be transferred to the Investor Education and Protection Fund by the subsidiary companies incorporated in India.
- iv. (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in Notes to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in the 47(xi) to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us for the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub- clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- v. The Group has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi.Based on our examination, which included test checks, the Group has used accounting software systems for maintaining its books of account for the financial year ended 31st March 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems.

Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

In our opinion and based on the consideration of reports of other statutory auditor of the Subsidiary company, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company and its subsidiaries to their directors in accordance with the provisions of section 197 read with Schedule V to the Act.

# Annexure A to Independent Auditor's Report

Independent Auditor's Report of even date to the members of Prismx Global Ventures Limited on the consolidated financial statements for the year ended March 31, 2025

# Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to Consolidated financial statements of Prismx Global Ventures Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

# Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to Consolidated financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

# Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company and its subsidiary companies internal financial controls system with reference to consolidated financial statements.

# Meaning of Internal Financial Controls with reference to Consolidated financial statements

A company's internal financial control with reference to Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls with reference to Consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to Consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to Consolidated financial statements and such internal financial controls with reference to Consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

#### Notes to Consolidated Financial Statement for the year ended March 31, 2025

#### 1 Company Overview

The Company Prismx Global Ventures Ltd (Formerly known as Gromo Trade & Consultancy Limited) is an existing public limited company incorporated on 15/01/1973 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office Office No. 303 3rd Floor Relcon House Premises Chl, Plot No 15/A, M G Road, Vile Parle East, Vileeparle (East), Mumbai, Mumbai, Maharashtra, India, 400057 -. The Company offers a diverse range activities in Trading in commodities, Trading in shares and Securities, Financial Investment Activities, Digital Media Services. The equity shares of the Company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (INR).

#### 2 Basis of Preparation Of Financial Statement

#### a) Statement of Compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

These financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The financial statements were authorized for issue by the Company's Board of Directors on May 28, 2025.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off, unless otherwise indicated.

#### Basis of consolidation

The Group consolidates all entities which are controlled by it. The consolidated Ind AS financial statements comprise the financial statements of the Company and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The entities are consolidated from the date control commences until the date control ceases.

#### Consolidation procedure

The consolidated Ind AS financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealised gain/loss from such transactions are eliminated upon consolidation. These consolidated Ind AS financial statements are prepared by applying uniform accounting policies in use at the Group. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interest having a deficit balance

Group Information: The consolidated financial statements of the Group include subsidiaries listed in the table below

Prismx Global Ventures Ltd- Parent Company

Tmart Platform India Pvt Ltd - Subsidiary Company (Associate in FY 2022-23)

#### b) Significant accounting judgement, estimates and assumptions

The preparation of the Company's financial statements in confirmity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Estimates and underlying assumptions are reviewed on an ongoing basis.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

# Significant Estimates and assumptions are required in particular for:

# Impairment of Non Financial Asset:

Determining whether property, plant and equipment and intangible assets are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the underlying assets or cash generating units. Further, the cash flow projections are based on estimates and assumptions relating to expected revenues, operational performance of the assets, market prices of related products or services, inflation, terminal value etc. which are considered reasonable by the management.

#### Taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

# c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- $\hbox{- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period and the resulting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the reporting period of the liability for at least twelve months after the liability for at least twelve months after the liability for at least twelve months$

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

# **3** Summary of Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis.

#### **Cash And Cash Equivalents**

Cash comprises cash on hand and demand deposit with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments

#### Property, plant and equipment

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost in accordance with the exemption provided under IND AS 101.

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any such cost includes the cost of replacing part of the plant and equipment and borrowing its for long-term construction projects if the recognition criteria are met. When significant parts of plant and

Depreciation on property, plant and equipment is calculated on a WDV basis using the rates arrived at based on the useful lives estimated by the management

#### **Revenue Recognition**

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018. The Company has applied the following The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

#### Sales

- (i) Sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.
- ii) Interest income on financial asset is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

#### **Accounting for Trading in Future & options**

This policy outlines the accounting treatment and disclosure requirements for transactions involving futures and options trading. The policy ensures that all such transactions are recorded accurately and consistently in the financial statements, in compliance with applicable accounting standards

This policy applies to all futures and options trading activities undertaken by the company, including hedging, speculative, and arbitrage transactions.

#### Initial Recognition:

Futures and options contracts are recognized in the books on the trade date, which is the date the company enters into the contract.

Contracts are initially recorded at fair value, which is typically the transaction price, excluding transaction costs.

# Subsequent Measurement:

At each reporting date, futures and options contracts are re-measured at fair value.

Gains and losses arising from changes in the fair value of open futures and options contracts are recognized in the statement of profit and loss.

#### Options Contracts:

Premium paid or received on options is recognized in the statement of profit and loss as a cost or income upon the expiry or exercise of the option.

The fair value of open options contracts is re-measured at each reporting date, and changes in fair value are recognized in the statement of profit and loss

#### Futures Contracts

Futures contracts are marked to market on a daily basis. Unrealized gains or losses are recognized in the statement of profit and loss.

The margin paid or received is adjusted against the settlement of the contract or realized at the closure of the position.

#### Other Income

#### **Dividends**

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

#### **Inventories Valuation**

- (i) Cost of Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of goods purchased
- (ii) Scrap is valued at net realisable value.

## **Trade receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

#### **Borrowing Cost**

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it (ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

#### Investments

All equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

#### Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset. unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

#### **Employee Benefit**

- (i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related
- (ii) The Company does not provide for retirement benefits. The same shall be payable on due basis.

#### **Segment Report**

- (i) The company identifies primary segment based on the dominant source, nature of risks and returns and the internal organisaiton and mangagement structure. The operating segment are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.
- (ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

#### Leases

The Company has no leases or any contractcontaining lease accordingly, no disclosure has been made on the same.

#### **Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit of loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

# Taxation

- (i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation. Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.
- (ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.
- (iii) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax as sets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### **Impairment of Assets**

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

#### **Provisions and Contingent Liabilities**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

#### Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

#### **Financial Instruments**

#### (I) Financial Assets

# (i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

#### (ii) Subsequent measurement

- (a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- **(b)** Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- (c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

#### (iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- (a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- (b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

# (II) Financial Liabilities

## (i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

#### (ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

# Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

#### Loans and borrowings

This is the category most relevant to the company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

#### **De-recognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

# Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### NOTE: 34(B)- EMPLOYEE BENEFITS

Provision for retirement benefits to employees was not provided on accrual basis, which is not in conformity with Ind AS19 and the amount has not been quantified because actuarial valuation report is not available. However, in the opinion of the management the amount involved is negligible and has no material impact on the Statement of Profit & Loss.

# Note: 34(C) - COMPLIANCE OF SECTION 45-IA OF THE RBI ACT, 1934

The financial assets of the company constitute more than 50% of the total assets of the company. The company is also engaged in trading activity and the income from which is more than 50% of the gross income of the company. Interest income earned from Fixed deposit with banks and Gsec Bonds are temporary in nature and this Income is not generated from ordinary course of business. Therefore we have not considered Interest Income as part of Gross income during the current financial year while calculating 50-50 criteria. Therefore the company does not fullfill One of the NBFC 50-50 criteria prescribed in terms of section 45-IA of the RBI Act, 1934 in the current financial year and therefore NBFC provisions are not applicable in the current financial year.

#### Note: 37 - Financial instruments - Fair values and risk management

#### A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair

The Group uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

Level 1: Fair value measurement are those derived from quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or

Level 3: Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market

#### B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

### C. Financial Risk Management

# C.i. Risk management framework

A wide range of risks may affect the Group's business and operational or financial performance. The risks that could have significant influence on the Group are market risk, credit risk and liquidity risk. The Group's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the Group's operational and financial performance.

#### C.ii. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Group periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

#### (a) Trade and other receivables from customers

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an on-going basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counter party
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is a no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. When loans or receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivable due, When recoverable are made, these are recognised as income in the statement of profit and loss.

The Group measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

#### (b) Cash and cash equivalents and Other Bank Balances

The Group held cash and cash equivalents and other bank balances as stated in Note No. 08. The cash and cash equivalents are held with bank with good credit ratings and financial institution counterparties with good market standing.

#### C.iii. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Group through effective fund management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and other borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

#### C.iv. Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

#### C.iv.a Currency risk

The Group is not exposed to any currency risk on account of its operating and financing activities. The functional currency of the Group is Indian Rupee. Our exposure are mainly denominated in INR's Only. The Group's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Group has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

#### C.iv.b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Group has fixed rate contract with parities pertaining to loans which are repayable on demand

#### Note: 39 - Capital Management

For the purpose of the Group's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Group is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt is calculated as borrowing less cash and cash equivalent and other bank balances and mutual funds investments.

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.
