Manufacturing Business Segments

All manufacturing units of the Company faced sluggish market environments which lead to decline in turnover during the year. The total revenue from watch components segment declined by 4.8%, primarily because of major slowdown in export markets. The total revenue of precision engineering business during the year declined by 6.5%, primarily on account of decline in direct and indirect exports. The revenue of the precision engineering business from domestic market grew by more than 25%. The ornamental packaging business of the company witnessed a revenue decline of 16%.

The decline in revenue and profitability of the company was also due to reduction of export incentives on the watch components from 5% in the previous year to zero in the first part of the year under review and later restored partially only to 2%.

The requirement of watch components from domestic watch industry was also irregular compared to the previous year which led to sub optimal utilization of the capacities and resources.

Your Company's continuing efforts for improving the average price realization by manufacturing components with additional features and higher complexity is moving in the right direction and it will lead to improved and better financial performance in the coming periods. The strategic actions of management for enhancing operational performance are in the right direction and with the improvement in market environment and conditions, better results are expected in the coming periods.

The Company continues to focus on improving the productivity with dedicated steps for skill enhancement, better utilization of machines and optimizing business and manufacturing processes.

The Precision Engineering business of the Company is likely to witness a healthy growth in revenue from next year onwards. Your company has identified the key additional capabilities and structurally making progress in the identified markets and improving the critical levers of operational performance, which will yield healthy growth and returns in the ensuing period.

Efforts for improving the reach to customers by show-casing our capabilities and competitiveness are bearing fruits. Your company has established its reputation as a quality supplier with the ability to meet sophisticated customer needs. The Company continues to believe that this business segment will be a major source of growth in revenue and profitability in the coming years. Company is judiciously investing and moving in the direction of a high growth trajectory in various emerging opportunities.

Retail Business Segments:-

During the course of the year, the retail business ETHOS continued its topline growth. The company's net sales grew from Rs. 281 crores in FY14-15 to Rs. 329 cr in FY15-16, (+ 17%), with a healthy like-to-like growth of billings at store level at 12%. However, the implementation of Rs. 2,00,000 PAN card threshold rule had a large immediate impact on the sales of the company, especially during the last quarter. Further, the company also faced margin pressures due to the higher competitive environment, brought about partly by the new PAN rules, and also due to unfavourable exchange rate and higher taxes. As a result of these challenges the business recorded a loss before tax of Rs. 4.63 Cr in the year compared to profit of Rs. 3.54 Cr in the previous year. The EBIDTA recorded by the business in the year is Rs. 7.40 Cr, about 2.3% of the net sales of the year.

The impact of the new PAN rules is likely to diminish gradually as the rules gain wider acceptance amongst the watch customers. The business is already witnessing a recovery of growth. The business is also taking proactive steps to modify its growth strategy to counter the negative impact of the PAN rules on the very high price points and to nullify the margin pressures in general.

The Directors are hopeful of the introduction of GST in the near future. This will have a very healthy impact on the Company. The Company has a pan India presence but archaic laws make it very difficult and expensive to leverage this presence. In addition, the levy of multiple taxes, especially customs, service tax, sales tax, etc. has an impact on the profitability of the Company. The introduction of GST will not just lead to administrative ease for serving customers across geographies, it will also have direct positive impact on the profitability of the Company.

The Packaging division operational revenue was lower due to decline in order position from jewellery and writing instruments market segment. However, the efforts of the company in consolidation of the manufacturing facilities and control of overheads lead to sharp reduction in losses from the business. The major segments of the business are showing irregular and cyclic fluctuations in the demand, which leads to a pressure on the operational continuity. The Company is taking necessary proactive actions to add new customers and move into higher average realizations to contain losses and turn around this division.

The Company's Swiss subsidiary, Pylania SA in Switzerland financial performance is as per the expected levels and continuously improving year on year by adding new streams of the revenue and curtailing the overheads. We foresee that the watch component manufacturing business of Company will witness recovery with the implementation of the new "Swiss Made" regulations that will be implemented from January 2017.

The operations of the Joint venture Company Satva Jewellery and Design Limited, the 50:50 Joint Venture with Pascal Vincent Vaucher, SA of Switzerland remained suspended during the year. The Company is in discussion with the JV partner for finding out the alternatives for restructuring / realigning the business of the Company.

FOR THE FINANCIAL YEAR ENDED 31.03.2016

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members

KDDL Limited

(CIN:L33302HP1981PLC008123)

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s KDDL Limited (hereinafter called 'the company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2016(Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2016 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 (upto 14th May 2015) and Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (effective from 15th May 2015);
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;

- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 - Not Applicable as the company has not issued any debt securities during the audit period;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client- Not Applicable as the Company is not registered as Registrars to an Issue and Share Transfer Agents;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 - Not Applicable as the company has not delisted its equity shares during the audit period and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 - Not Applicable as the company has not bought back any of its securities during the audit period.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India (effective from 1st July, 2015).
- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Ltd. and BSE Limited and SEBI (LODR) Regulations, 2015 (effective from 1st December, 2015).

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

We further report that we have relied on the representation made by the Company and its officers and quarterly compliance reports by respective department heads taken on record by the Board of Director for compliance, systems and mechanism formed by the Company for allowing other applicable Acts, Laws and Regulations:

- a) The Factories Act, 1948;
- b) The Payment of Wages Act, 1936;

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**AN OVERVIEW OF THE ECONOMY****Global Economy**

The global economic environment continues to remain weak as major economies are struggling for revival and growth. Amid weak aggregate demand, falling commodity prices and increasing financial market volatility in major economies, the global economy stumbled in 2015.

World economy is projected to grow by 3.2% in 2016 and 3.5% in 2017, supported by less restrictive fiscal and accommodative monetary stances worldwide.

Indian Economy

India continues to remain a bright spot in the otherwise bleak global economic forecast of the International Monetary Fund (IMF). India faces a challenging environment in the next year due to unusual volatile external environment with significant risks of weaker global activity and domestic growth affected by weak manufacturing activity and agriculture decline due to weak monsoon. The bright spots under the environment are strengthening domestic business cycle, and a supportive policy environment, compared to most other major developing countries. With slowing trade growth as one of the risk factors to growth, India is estimated to grow at 7.5% in 2016-17.

The Central Government has shown its determination towards improving business environment in the country, with its continued efforts towards bringing in like GST, land Acquisition, FDI limits, etc., but the speed of reforms and the realisation on ground is the key to swifter sustainable growth.

GST, in particular, once implemented will be positive for the company, it being engaged in importing of luxury watches for its retail business.

The government continues its efforts towards bringing consumption above the ground and the efforts have turned into real initiatives in terms of implementation PAN card regulation and Tax Collected at Source on cash transactions more than a specified amount.

Implementation of PAN card requirement for transactions above Rs.2 Lakhs and above w.e.f from 1st January 2016 had a sharp and sudden negative impact across product categories, including high-end watches. However, over the last few months, the company has witnessed customers returning to the normal consumption pattern gradually on all but the very highest price points. The company believes without doubt that in the long term the regulation will be beneficial for the company as well as the business in general especially if the playing field is made level and compliances are rationalised together with policies.

Swiss Watch Industry

The Swiss Watchmaking industry had to contend with a more complex and challenging environment in 2015. It reported its first downturn since 2009. The value of the watch industry exports in 2015 stood at 21.5 billion francs against 22.2 billion francs in the year 2014, witnessing a decline of 3.3% over previous year. Following two consecutive years of consolidation, the annual result was therefore almost back at its 2012 level. The adverse trend in many major markets including China & Hongkong, Russia and Middle East, had a severe impact on the overall progress of business.

KDDL Limited

Watchmaking exports deteriorated continuously during 2015, falling from +3.2% in the first quarter to -7.3% in the fourth quarter. This year again, the watch industry witnessed consolidation, while its largest markets, Hong Kong and China declining by more than 18.3% over 2014. Overall, during the year, Switzerland exported 28.1 million watches against 28.6 million watches in 2014, i.e. decline by 1.6%.

Total	21,522.3	22,247.3	-3.3%	100.0%	100.0%

While the outlook continues to be weak on Chinese markets, European markets like United Kingdom, France, Germany and Italy are expected to fare better. Overall the markets are expected to turn upward soon, signalling the end of the declining trend.

Countries	Units in Million	Change in %	Units in Million	Change in %
	2015		2014	
China	682.8	+2.1%	669.0	+5.5%
Hong Kong	276.7	12.2%	315.1	4.9%
Switzerland	28.1	1.6%	28.6	+1.7%
Germany	21.9	+4.4%	21.2	+8.6%
USA	9.5	2.0%	9.7	+4.9%
France	7.3	+6.1%	6.8	2.4%

China exported 682.8 million pieces of watches in 2015, growth of 2.1% over previous year. On the other hand Hong Kong volume exports declined by 12.2% to 276.7 million pieces. Volumes wise, Switzerland maintained its third position with exports of 28.1 million watches in 2015, decline of 1.6% over previous year.

The launch of 'smart' watches was the most talked about subject in the watch industry. Even though the Apple Watch is still a first generation product and there has been a lot of talk of it revolutionising the genre, the general impression is that 'smart' watches have not fared as well as was expected. So far they don't seem to pose a significant threat to the Swiss watch industry. Swiss watch brands, as well as global fashion brands such as those of Fossil Group, have also started introducing smart watches to counter the threat of the Apple smart watch.

The Swiss watch industry had successfully faced the appreciation of Swiss Franc after the removal of currency cap with Euro by its ability to pass on increase in prices, mostly in the high-end segment. For the other segments, the watch companies are cutting costs and renegotiating prices. The major business strategy for

watch companies is introduction of the new products, with new styles and complications.

Another major development in the coming period is the preparedness of the watch companies to face the implementation of the "SWISS ORIGIN" regulations w.e.f. 2017.

Indian Watch Market

Indian luxury market posted reasonable growth during the last few years. However, it is still in its nascent stage and has many opportunities for growth amongst international players. The recent slowdown in Chinese luxury goods has also shifted the focus of luxury players to India. With luxury brands increasing their efforts towards better brand visibility, accessibility and availability, the market is positioned to capitalize on socio-economic growth in the country.

This is further augmented by the urban rich consumer base of India is indulging in luxury goods for both style and status reasons, growing purchasing power of upper class population in Tier II and Tier III cities with increased brand awareness.

This segment is also witnessing positive traction on the online platforms. This is mainly on account of increase in the number of internet users in the country owing to the rising internet penetration. This is beneficial for the overall industry as online presence reduces the need to create a physical presence, thereby tapping the latent potential in the non-urban regions of the country.

BUSINESS OVERVIEW

KDDL Limited is one of the leading Companies in India in manufacture of watch components and also emerging as a strong engineering company for manufacture of high quality precision stamped components and progressive tools for various applications. KDDL also manages the largest retail chain of luxury Swiss watches in the organised sector through its subsidiary, Ethos Limited.

The Company's revenues are primarily from manufacture of watch components, progressive tools, precision engineering components and sub-assemblies. An overview of the different business segments are given below:

Turnover

The total turnover of the company was impacted by the sluggish market environment and the revenue declined by 3% during the year, as compared to growth of 13% during the last year. The impact of slowdown in Swiss watches market was visible on the revenues of the company also. The watch components of company which has a major revenue share in the overall business is not insulated from market environment and were impacted by this slow down.

All segments of the manufacturing business witnessed marginal decline in the operational revenue. The overall turnover of company from domestic market improved by 2% and on the other hand turnover from exports market declined by 5.8%.

The watch components business of domestic market was stagnant as compared to a healthy growth of 21% in value terms in previous year, showing the impact of the sluggishness in market conditions. On the other hand, exports value of watch components business declined by 2.4% due to slow down in Swiss market. Other manufacturing businesses of the company witnessed decline of 8% compared to growth of 12% in previous year on account of delayed and deferred projects by the customers in company's EIGEN precision engineering business.

The Company's overall strategy is to continue focus on increasing exports of watch components to Swiss

market and to accelerate the growth of Precision Engineering business by adding new capabilities and increasing marketing efforts.

Watch Components

During the year, dials units of the company located at Parwanoo and Baddi (H.P) and Derabassi (Punjab) operated at sub-optimal capacity utilisations due to sluggish order position, both from domestic and export markets. The overall revenue of Dial units declined by 4% compared to a growth of 9% in previous year. The major decline in Dial units revenue was from domestic market, which declined by 2.8% compared to previous year growth of 20%. The Dial units revenue from export was almost stagnant. The overall revenue of Watch Hands Units of the Company located at Bangalore registered a decline of 5.5% compared to growth of 17.6% in the previous year. The revenue of Hands unit from domestic market increased by 4.4% compared to previous year and exports market declined by 4%.

Precision Engineering Components

The overall revenue of our precision components manufacturing unit at Bangalore witnessed decline of 6.5% compared to a growth of 26% in the previous year. The decline in turnover of the unit was primarily because of slow down and deferment of the projects by the export customers. The year on year growth in revenue from domestic market was 25%, whereas the direct and indirect exports market declined by 31% compared to previous year. During the year, company had initiated various efforts for increasing its presence and reach with the potential customer segments, by regular participations in the relevant trade fairs and exhibitions.

Other Businesses

Another business of the company relates to manufacture of Packaging for the Ornamental Jewellery, Watches, Writing Instruments and other accessories. The revenue of the company from this business declined by 15.8% compared to a decline of 12.8% in the previous year. The major reason for decline in revenue was slow down in the domestic market demand for the Jewellery Packaging and Writing Instruments market.

Strategic Initiatives

The financial year 2015-16 commenced with suppressed market conditions but the overall industry was hopeful that this is a temporary phenomenon and order position will start improving with the recovery in overall economic environment. However, the market conditions continued consistent decline quarter by quarter and the third quarter of financial year hit rock bottom levels in revenue because of low order position. However, from the last quarter, the market conditions improved in all segments of manufacturing business and the order position was much healthier. However, it is likely that the watch components business may still need couple of quarter's time frame for full recovery. The efforts of the company in the previous few year for consolidation, restructuring of the watch dial manufacturing facilities, enhancing the capabilities to manufacture more complex and additional features dials coupled with improvement in operational parameters will help the company in overcoming the sluggish market conditions and the company will be well positioned to capture the opportunities post revival of market conditions.

During the year, company created Training Institute for providing the in-house training and enhancing skills of the craftsmen responsible for manufacturing watch dials. The efforts of the company for enhancing skills will help in optimising the operational efficiencies, improving productivity and add capabilities to manufacture additional features, more complex components.

The major focus of the company is to increase market presence in engineering business by enhancing the core capabilities and aggressive marketing efforts for encashing the strengths of the organisation.

As a part of this exercise, during the year, company has increased its efforts for enhancing the growth of the

Precision Stamped Components and Progressive tooling by structured marketing efforts for extending the customer reach and improving the flow of initial queries and conversion to orders. The company efforts are yielding positive results and there is an improvement in the flow of RFQ's both from the existing customers and new customers. Company has enhanced its presence by participating in various trade shows, extension offices for key focus countries and improving the visibility by show casing the technical capabilities of the unit. In addition to this, the unit continues to focus on improving the internal efficiencies by improving manpower productivity, OEE, machines and tools efficiency thru' structured processes of enhancing skills, quality of machines and tools. The company continues to view precision engineering business as major growth drivers in the coming years. During the last year, company also added the capabilities of mould making and manufacture of plastic injection moulded components. In addition, the company initiated efforts for getting AS9100 C certifications to qualify as a certified supplier of components to the aerospace segment. The unit has qualified this certification and now it has been recommended for AS 9100C certification by the inspection and registering authority TUV SUD and we expect the certification in next few weeks' time.

The Packaging business of the company continues its struggle for growth and profitability. The fluctuating order inflows, quality of customers, and high cost of conversion is a major cause of concern. During the year, company focussed on improving the average price realisations. The depressing business environment of low order position necessitated curtailing the capacity of the unit, manpower rationalisation and restricting overheads. The management had taken necessary steps and initiatives for reviving the business with a lower overhead structure. The financial performance of the unit improved compared to previous year but the operations still continue to be in losses.

During the year, the website of company www.ethoswatches.com, was utilised to the maximum potential for enhancing the online leads and conversion. This platform continues to be used by our subsidiary Ethos Limited and the company continues to explore other avenues for extending this platform for other lifestyle products and brands.

Company continues to identify and eliminate the non-value added process for improving internal controls and efficiencies and during the year, company has extended the SAP tools for many additional processes.

BUSINESS PERFORMANCE REVIEW

Revenue

The gross operating income of the company declined from Rs. 1310 million to Rs. 1234 million representing a decrease of 6% over the previous year. The turnover of the company was broadly stable in both half's of the year, but third quarter was significantly low in the year as the market slowdown impacted lead to reduced order position for the company. However, the market situation and order position improved in the last quarter. The overall revenues were also impacted by the reduction in the export incentives by the government of India on watch components from 5% during the last year to 2% during the current year. The market conditions and overall environment was sluggish, but the impact on Company operations was less because of the structured focus and efforts of the company coupled with the delivery of the high quality competitive products. The watch segment gross operating income declined from Rs. 958 Million to Rs. 943 Million, registering a decline of 1.7% compared to growth of 12.4% in previous year. The other segment's revenue decreased from Rs. 250 Million to Rs. 230 Million, registering a decline of 8.2%. The domestic sale of the company improved from Rs. 434 Million to Rs. 443 Million representing a growth of 2%, whereas the direct and indirect export revenue declined from Rs. 775 Million to Rs. 730 Million registering a decline of 5.8% which establishes the fact that overall global economic activity was at a reduced level.

Margins

During the year the margins of the company were under pressure compared to previous year due to major slowdown in the export markets and reduction of export incentives on watch components from 5% to 2%.

KDDL Limited

The earnings before interest, depreciation, taxes and appropriations reduced from Rs. 260 million to Rs. 229 million, decline of almost 12% over the previous year. The operating EBIDTA earning after eliminating the exceptional, abnormal cost and CSR expenditure reduced to 19.2% from 20.5% achieved in previous year. The percentage EBIDTA earning during the year was similar to the levels achieved in 2013-14.

Shareholders' Funds

The company's reserves improved from Rs. 434 millions as on 31st March 2015 to Rs. 756 millions as on 31st March 2016, on account of retained earnings from the profitability of the company and also due to receipt of share premium of Rs. 275 millions on issue and allotment of 10,08,400 equity shares of face value Rs. 10 each on a preferential basis for cash at a price of Rs. 297.50 (including premium of Rs. 287.50) during the year.

The Share capital of the company also increased from Rs. 91.6 millions to Rs. 101.7 millions on account of allotment of equity shares on preferential basis.

Loan Funds and Cost of Debt

The cost of funds as a percentage to total revenue decreased substantially from 5.1% to 3.9% in 2015-16. During the year, Reserve Bank of India reduced the interest rates but banks were lagging behind in passing on the benefit to customers. However due to improved liquidity of the company post induction of funds through allotment of new shares on preferential basis, the company reduced its high costs debts and working capital borrowings, which led to sharp reduction in the borrowing costs. The overall simple average cost of debt decreased to 10.1% from 12% during the previous year.

The Company continues to focus and optimize the working capital cycle and reduce cost of borrowing by effective use and availment of different financing options. The company efforts are on restricting the overall borrowing of the company for better leverage.

Fixed Assets

Gross Fixed Assets of the company including Capital work in progress during the year increased from Rs. 1203 million to Rs. 1317 million on account of normal capital expenditure in the different units for increasing productivity, new product developments and addition of other assets for quality, safety, Information technology and administrative functions. In addition, the company has acquired a new land at Bangaluru Aerospace Park, adjacent to Bangaluru Airport for the expansion of precision engineering business.

Subsidiary Companies and Joint Ventures

Ethos Limited

The luxury watch market in India continued to grow at a brisk pace during the first nine months of the financial year. However, the implementation of Rs. 2,00,000 PAN card threshold rule from 1st January 2016 had a large immediate impact on the luxury industry in general and luxury watches in particular. In addition to this, the luxury watch market witnessed an increased level of competition brought about partly by the new PAN rules as well as unfavourable movements in exchange rates and increase in taxes.

During the course of the year, the retail business ETHOS continued its topline growth. The company's net sales grew from Rs. 281 crores in FY14-15 to Rs. 329 cr in FY15-16, (+ 17%), with a healthy like-to-like growth of billings at 12%. The introduction of the new PAN rules had an impact on the sales of the company immediately in the first month resulting in the sales growth getting limited to 3% for quarter. However, the sales growth rates improved in the subsequent months and reverting to healthy levels at the end of the year. As a result of these challenges the business recorded a loss before tax of Rs. 4.63 Crores in the year compared to profit of Rs. 3.54 Crores in the previous year. The EBIDTA recorded by the business in the year is Rs. 7.40 Crores, about 2.3% of the net sales of the year.

KDDL Limited

During the year, the Company has opened one new store. The Company took a close look at stores that are not profitable and closed 8 stores. The total number of stores as at the end of FY2015-16 is 39. The Company continues to monitor closely the financial performance of all stores and will continue to close stores that do not show a significant improvement in sales and profits. Further, we are reviewing opportune new locations for stores especially flagship stores in the metro cities and also opportunities in tier2 and tier3 cities consistent with our Omni channel retail strategy.

The Online initiatives of the Company continue to show impressive performance. In FY2015-16, the Company attracted an online traffic of more than 7.9 million visits compared to around 6 million in the previous year. Further, the Online initiatives contributed to more than 31% of the overall sales achieved by the Company. The Company continues to allocate greater resources to this medium.

The Company is also in the process of expanding its portfolio of brands to include luxury accessories of international brands such as MONTBLANC and Chopard and also looking at other complementary brands.

The impact of the new PAN rules is likely to be diminish over a period time. The PAN rules are expected to gain wider acceptance amongst the watch customers over a period of time and the sales growth should revert to levels witnessed in previous periods. The Company is already witnessing a recovery of growth. The Company is also taking pro-active steps to modify its growth strategy to counter the negative impact of the PAN rules on the very high price points and to nullify the margin pressures in general.

The introduction of GST is also expected in the near future. This will have a very healthy impact on the Company. The Company has a pan India presence but archaic laws make it very difficult and expensive to leverage this presence. In addition, the levy of multiple taxes, especially customs, service tax, sales tax, etc. has an impact on the profitability of the Company. The introduction of GST will not just lead to administrative ease for serving customers across geographies, it will also have direct positive impact on the profitability of the Company.

Pylania SA

During the financial year 2015-16, the manufacturing operations of the company remained suspended and the revenue generation was primarily from trading activities, consultancy and managerial services and leasing of available resources.

Presently company is evaluating the options of re-commencing the manufacturing of watch components and enhancing the trading business for watches and its components. The implementation of "SWISS ORIGIN" regulations for horology industry from 2017 onwards will help in reviving the Swiss manufacturing of watch components in Pylania.

During the year, the revenue of the company declined from CHF 791 K to CHF 486 K because of the slow-down in the watch components trading revenue. However the company financial profitability improved to CHF 56 K compared to a profit of CHF 44 K during the year 2014-15. The improved profitability was made possible by the efforts of the company in restricting and controlling the operational expenses.

During the year, the company enhanced its share capital by converting CHF 600 K of subordinated loans from an existing shareholder into equity. In addition, CHF 750 K was inducted into the company by way of allotment of 3000 additional shares of CHF 100 at a premium of CHF 150 per share. Company is continuously reducing its borrowings to reduce the finance cost and also to reduce the financial obligations of the company. During the year, the borrowings of the company reduced by more than a million CHF by partial conversion into equity and repayments.

The Board and Shareholders of the company are confident that the revenue and profitability of the business will grow in the coming years as the company plans to enhance the revenue generation by venturing into new streams of business.

Satva Jewellery and Design Limited

This is joint venture Company with 50:50 ownership between KDDL and Pascal Vaucher Holding, SA of Switzerland in the field of Jewellery setting. During the year, the operations of the company remained suspended as no orders were received from the JV partner. The company is exploring all available options acceptable to both the joint venture partners for recovery / restructuring of the business. KDDL is also working on alternatives for effective utilization of the assets of this joint venture company. The non cooperation of the other joint venture partners is delaying any final resolution for the company.

Human Resource Management

The skills and capabilities of our team remain our most valuable asset. KDDL seeks to attract and retain the best talent available. Human Resource Management incorporates a process driven approach that invests regularly in the training and development needs of employees through succession planning, job rotation, on the job training and extensive training workshops and programs.

The Company's Talent Management process focused on building talent at various levels in the organization. A number of professions in different functions had been hired keeping in mind the company's future needs to build a leadership pipeline. Also, new people had been hired to build capabilities in new areas and to fill any gaps. As such, the Company has focused on developing internal talent through a robust identification process and with a clear development plan designed for each such talent.

During the year the Company held various employee engagement programs in order to bolster employee morale inculcate a feeling of team work and camaraderie and create a mechanism to recognize individual and team contributions to the organizations. Programs such as Chairman's Annual Awards and Star Performer Awards recognize and reward individual and team achievements across the Group. The total number of employees of the Company was over 1000 during the year under review.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

A strong internal control culture is an important focus and thrust area in the company. The company has comprehensive internal systems, controls and policies for all the major processes to ensure the reliability of financial reporting, timely feedback on achievement of operational and strategic goals, compliance with policies, procedures, laws, and regulations, safeguarding of assets and economical and efficient use of resources.

The formalized systems of control facilitate effective compliance as per applicable laws. The company also has well documented Standard Operating Procedures (SOPs) for various processes which are periodically reviewed for changes warranted due to business needs.

The Internal Auditors of the company continuously monitors the efficacy of internal controls/ compliance with SOPs with the objective of providing to the Audit Committee and the Board of Directors, an independent, objective and reasonable assurance on the adequacy and effectiveness of the organization's risk management, control and governance processes.

The scope and authority of the Internal Audit activity are well defined in the Internal Audit scope and guidelines, approved by the Audit Committee. Internal Auditors develops a risk based annual audit plan with inputs from major stake holders, and the major focus areas as per previous audit reports.

All significant audit observations are reviewed periodically and follow-up actions thereon are reported to the Audit Committee. The Audit Committee also meet the company's Statutory Auditors and Internal Auditors to ascertain their views on the financial statements, including the financial reporting system, compliance to accounting policies and procedures, the adequacy and effectiveness of the internal controls and systems followed by the company.

The top and senior management of the company also assesses opportunities for improvement in business processes, systems and controls, provides recommendations, designed to add value to the organization and follows up on the implementation of corrective actions and improvements in business processes.

The senior management of the company meets periodically to assess the performance of the each business segment and key functions of the company and areas for improvement of performance / controls are identified and reviewed on continuous basis.

RISKS, THREATS AND CONCERNS

Risk means uncertainties about events and their outcomes that could have a material impact on the performance and projections of the Company. Since risk is inherent in every business, it is the Company's responsibility to minimize its incidence in order to protect and enhance shareholder value.

Our framework for combating risks recognizes that risks may be divided into two broad categories - risks that are common and relevant for most business in general and risks that are more specifically applicable to your company and business in particular. The Risk Management Policy at KDDL inter-alia provides for Risk identification, assessment, and reporting and mitigation procedure. The Policy is continuously updated and adopted to the changing environment in which the Company operates.

Risks of General Nature

Risks relating to the general macroeconomic environment of the Company include risks associated with political and legal changes, changes in tax structures, and commercial rules & laws. The Company keeps a proactive track to anticipate such changes and mitigate associated risks to the extent possible.

Risks related to man-made and natural disasters such as explosions, earthquakes, storms as well as civil disturbances are handled by following best practices in the design of structures and "safety first" as a guiding principle while designing technical and business processes duly supplemented with requisite insurance coverage.

The third set of general risks relates to risks from market led changes. These include risks associated with sudden fall in GDP and growth rates, overall market condition in India and abroad, or sudden changes in market preferences. The mitigation of these risks is achieved by a cost-effective and flexible working structure which would allow the Company to scale up or scale down working in affected areas in accordance with the changes.

Specific Risks

We have identified the following specific risks that need more detailed attention in the present circumstances and business of the Company.

Risks due to decline in overall demand for watches: While we remain confident of a steady growth in the demand of watches in India over the next 10-15 years, we are aware of the decline of the watch as a time keeping instrument. At the same time, we see an evident increase in the watch becoming an important fashion accessory and also as an activity monitoring cum communicating instrument. The risk of such decline in the functional value of a watch is mitigated by positioning ourselves to better serve the watch as a fashion and wearable technology.

Risks pertaining to over dependence on few companies: The Company has enjoyed a close and mutually beneficial association with several leaders in the watch business most notably Titan, Timex in India and the Swatch Group and many of the other leading brands in Switzerland. This inevitably has lead to a substantial part of the Company's business being related to these groups.

Notwithstanding the strong standing of these companies and our Company's enduring relationship with them, we recognize that broad-basing our customer base and brand partner base is a priority to mitigate any inherent risk from over-dependence on any specific partner.

Risks related to over dependence on one business: The company is structurally focussing on increasing the revenue from other manufacturing business streams and strategically enhancing the growth of these segments, which will help in off-setting the over dependence on the watch segment. In order to overcome the risks of over dependence on watch components, company is aggressively focusing on the business growth from other business segment of precision engineering components and also adding new capabilities for enhancement of revenue stream.

Foreign Exchange Risks: More than 60% of the Company's manufacturing turnover comes from exports, denominated in Swiss Francs and US Dollars. The fall and rise in these currencies can seriously impact the working of the Company in the short and medium term. In the current year, the fall in the value of these currencies will have a significant impact on the export earnings in Rupee terms and thereby on the profitability of the Company. This risk is mitigated with several measures which include:

- Hedging of currencies to the extent reasonably possible, also keeping in mind natural hedge we enjoy by exporting and importing in the same currency.
- Balancing of imports and exports.

Risk related to Personnel: Our business is increasingly dependent on the skills and competencies of our employees and management team. The general war for talent in our growing economy has created a risk related to the retention of key personnel both in manufacturing and retail sector. This risk is mitigated through effective HR policies relating to recruitment and retention and a proactive remuneration and rewards policy that is periodically reviewed at the highest management level.

CAUTIONARY STATEMENT

Certain statements made in the "Management Discussion and Analysis Report" relating to the Company's objectives, projections, outlook, expectations, estimates and others may constitute "forward looking statements" within the meaning of applicable laws and regulations. Actual results may differ materially from those expressed or implied. Important factors that could make significant difference to the Company's operations and actual results include among others, Government Regulations, statutes, tax laws, economic developments within India and countries in which the company conducts businesses, litigations and other allied factors.

Independent Auditor's Report

To the Members of KDDL Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of KDDL Limited ("the Company"), which comprise the Balance sheet as at 31 March 2016, the Statement of Profit and loss, the Cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements, that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies(Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act; safeguarding the assets of the Company; preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2016, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure-I a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. Further to our comments in Annexure I, as required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c. the standalone financial statements dealt with by this report are in agreement with the books of account;
- d. in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
- e. on the basis of the written representations received from the directors as on 31 March 2016 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2016 from being appointed as a director in terms of Section 164(2) of the Act;
- f. we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 30 May 2016 as per Annexure II expressed unqualified opinion; and
- g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. as detailed in Note 32(d) to 32(f) to the standalone financial statements, the Company has disclosed the impact of pending litigations on its standalone financial position;

Annexure I to the Independent Auditor's Report of even date to the members of KDDL Limited on the financial statements for the year ended 31 March, 2016

Annexure I

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular program of physical verification of its fixed assets under which fixed assets are verified in a phased manner over a period of -three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (which are included under the head 'fixed assets') are held in the name of the Company except for the following piece of land situated at Parwanoo which was transferred to the Company, as a result of amalgamation of Himachal Fine Blanks Limited, erstwhile wholly owned subsidiary of the company:

Nature of property	Total Number of Cases	Whether leasehold / freehold	Gross block as on 31 March 2016 (Rs.)	Net block on 31 March 2016 (Rs.)	Remarks
Land	1	Freehold	566,913	566,913	The management is completing formalities for transferring the title deeds.

Annexure I to the Independent Auditor's Report of even date to the members of KDDL Limited on the financial statements for the year ended 31 March, 2016

- ii. In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management. No material discrepancies were noticed on the aforesaid verification.
- iii. The Company has granted secured loan to a company covered in the register maintained under Section 189 of the Act; and with respect to the same:
 - (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the company's interest.
 - (b) the schedule of repayment of principal and payment of interest has been stipulated in the contract. The repayment of the principal amount and payment of interest did not fall due during the year covered by our audit;
 - (c) there is no overdue amount in respect of loans granted to such company.
- iv. In our opinion, company has complied with the provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees, and security.
- v. In our opinion, the Company has complied with the directives issued by the Reserve Bank of India, the provisions of Sections 73 to 76 and other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended) as applicable, with regard to the deposits accepted. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal, in this regard.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited to the appropriate authorities, though there has been a slight delay in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) The dues outstanding in respect of income-tax, sales-tax, service tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

Annexure II to the Independent Auditor's Report of even date to the members of KDDL Limited on the financial statements for the year ended 31 March, 2016

Annexure II

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the 'Act')

1. In conjunction with our audit of the financial statements of KDDL Limited (the 'Company') as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting (IFCoFR) of the Company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the IFCoFR criteria established by the Company considering the essential components of internal financial controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing ('Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Annexure II to the Independent Auditor's Report of even date to the members of KDDL Limited on the financial statements for the year ended 31 March, 2016

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the IFCoFR criteria established by the Company considering the essential components of internal financial controls stated in the Guidance Note issued by the ICAI.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016**

1. Background and nature of operations

KDDL Limited (the "Company") incorporated in January 1981 is engaged in the business of manufacturing dials, watch hands and precision components. Currently, the Company has manufacturing facilities, at Pawanoo (Himachal Pradesh) and Derabassi (Punjab) - dial manufacturing, Bangalore (Karnataka) - hands and precision components manufacturing.

2. Significant accounting policies**a. Basis of preparation**

These financial statements have been prepared under the historical cost convention on a going concern basis, on the accrual basis of accounting in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). Indian GAAP comprises mandatory accounting standards as specified under Section 133 of the Companies Act, 2013 ('the Act'), read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and other accounting pronouncements of The Institute of Chartered Accountants of India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Revised Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

b. Use of estimates

In preparing the financial statements in conformity with accounting principles generally accepted in India, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revisions to accounting estimates are recognised in the current and future periods.

c. Revenue recognition

- a) Revenue from sale of goods is recognised when the significant risks and rewards in respect of ownership of the goods are transferred to the customer and is stated inclusive of excise duty and net of trade discounts, sales returns and sales tax wherever applicable.
- b) Duty Entitlement Pass Book (DEPB) and any other scheme are recognized in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of the exports made.
- c) Revenue in respect of tool development and job charges is recognized as per the terms of the contract with the customers.
- d) Interest income is recognised on a time proportion basis, taking into account the amount outstanding and the rates applicable.
- e) Dividend income is recognised when the Company's right to receive the same is established.

d. Fixed assets**Tangible assets**

Fixed assets are stated at cost (gross block) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of cenvat credit availed) and any attributable cost of bringing the asset to its working condition for its intended use.

Expenditure on account of modification / alteration in plant and machinery / building, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalised.

Borrowing costs directly attributable to acquisition or construction of fixed assets, which necessarily takes a substantial period of time to get ready for their intended use are capitalised.

Assets acquired on hire purchase are capitalised at the inception of the hire purchase agreement. Interest cost is charged to statement of profit and loss on accrual basis.

Intangible assets

Intangible assets are stated at cost (gross block) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of cenvat credit availed) and any attributable cost of bringing the asset to its working condition for its intended use.

for the year ended 31 March 2016**

e. Depreciation and amortisation

Pursuant to the notification in Part II of Schedule II to the Companies Act, 2013, effective from 1 April 2014, the management has reassessed and changed, wherever necessary the useful lives to compute depreciation, to conform to the requirements of the Companies Act, 2013. Depreciation on fixed assets is provided on straight line method based on life prescribed as per Schedule II of the Companies Act, 2013.

Block of asset	Useful life as per Companies Act, 2013 (in years)
Buildings	30-60
Plant and machinery	15
Furniture and fixture	10
Office equipment	5
Computers	3
Vehicles	8 - 10

- Depreciation on improvements carried out on buildings taken on lease (included under buildings) is provided over the period of the lease or useful life of the assets, whichever is lower.
- Depreciation on a particular class of dies and tools manufactured by the Company and put to use after 1 April 2003 is provided over a period of 3 years.
- The cost of leasehold land other than land purchased during the current year at Bangalore for setting up new plant (amortized over the period of lease) is not amortised as these are perpetual leases.
- Know-how is amortised over a period of four years.
- Software is amortised over a period not exceeding six years.

f. Inventories

Inventories are valued as follows:

1. **Raw materials and components, stores and spares, finished goods and work-in-progress:** At lower of cost and net realisable value.
2. Cost of inventories is ascertained on the following basis:
 - a) Raw materials and components and stores and spares cost includes material cost, custom duty, freight and related direct expenses incurred in bringing the inventories to present location and condition. Cost is determined on moving weighted average basis.
 - b) Work-in-progress is valued at raw material cost plus conversion costs depending upon the stage of completion.
 - c) Finished goods are stated at the lower of cost or net realizable value. Cost is determined using moving weighted average cost basis and includes the raw material cost plus conversion costs, packing cost and other overheads costs incurred to bring the goods to their present location and condition.

g. Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments.

Long-term investments are stated at cost. Provision is made for diminution in the value of long-term investments to recognise decline, if any, other than temporary in nature.

h. Foreign currency transactions

Investments in foreign entities are recorded at the exchange rate prevailing on the date of making the investment. Transactions in foreign currencies are recorded at the rates prevailing on the date of the transaction and monetary items denominated in foreign currency are restated at the rate prevailing on the balance sheet date.

Differences arising on foreign currency translations of transactions settled during the year are recognised in the statement of profit and loss.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016**

Forward exchange contracts not covered under Accounting Standard 11 'Effect of change in Foreign Exchange Rates', that are entered to hedge the foreign currency risk of highly probable forecast transactions and unrecognized firm commitments are marked to market at the balance sheet date and exchange loss is recognised in the statement of profit and loss immediately. Any gain is ignored and not recognised in the financial statements, in accordance with the principles of prudence enunciated in Accounting Standard 1- Disclosure of Accounting Policies.

The premium or discount arising at the inception of the forward contracts other than those entered into to hedge the foreign currency risk of firm commitments or highly probable forecast transactions is amortised as expense or income over the life of the contract.

Any profit or loss arising on cancellation or renewal of forward exchange contracts is recognised as income or expense for the year.

i. Employee benefits**Short term employee benefits**

All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, bonus, etc are recognized in the statement of profit and loss in the period in which the employee renders the related service.

Post-employment benefits**Defined contribution plan**

The company makes specified contribution towards employee provident fund to Employees Provident Fund administered by the Regional Provident Commissioner. The Company's contribution to provident fund, being a defined contribution plan, is recognized in the statement of profit and loss in the financial year to which it relates.

In respect of superannuation, the Company makes contribution to Life Insurance Corporation of India ("LIC") of an amount payable by the trusts to LIC, which is charged to the statement of profit and loss.

Defined benefit plan

Gratuity is a post-employment defined benefit plan. The present value of obligation for gratuity is determined based on actuarial valuation using the Projected Unit Credit Method, less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. Gratuity and superannuation funds are administered by trustees of independently constituted trusts. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the year in which such gains or losses arise.

Other long term liability

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability determined based on actuarial valuation using the Projected Unit Credit Method at the balance sheet date.

Actuarial Gains/Losses

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the year in which such gains or losses arise.

j. Employee Stock Option Plan (ESOP)

Stock options granted to the employees under the stock options schemes are accounted at intrinsic value as per the accounting treatment prescribed by the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('Guidelines') and guidance note on Employee share based payments issued by the Institute of Chartered Accountants of India. Accordingly, the excess of market price, determined as per the Guidelines and guidance note, of underlying equity shares (market value), over the exercise price of the options is recognised as deferred stock compensation expense and is charged to statement of profit and loss on a straight line basis over the vesting period of the options. The amortised portion of the cost is shown under shareholders' funds.

k. Taxes on income

Tax expense comprises current tax and deferred income tax.

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016**

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. In respect of carry forward losses and unabsorbed depreciation, deferred tax assets are recognized only to the extent there is virtual certainty that sufficient future taxable income will be available against which such losses can be realised.

i. Earnings per share

The earnings considered in ascertaining the Company's earnings per share comprise the net profit or loss for the year attributable to the equity shareholders. Earnings per share are computed using the weighted average number of shares outstanding during the year.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

m. Leases

Leases of assets under which significant risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Lease rentals in respect of assets taken under an operating lease are charged to the statement of profit and loss on a straight line basis over the lease term.

In respect of assets given on operating lease, income is being recognised on a straight line basis over the lease term.

n. Contingent liabilities and provisions

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation at the reporting date. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The company does not recognize assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognized in the financial statements of the period in which the change occurs.

o. Impairment of assets

The Company on an annual basis makes an assessment of any indicator that may lead to impairment of assets. If any such indication exists, the Company estimates the recoverable amount of the assets. If such recoverable amount is less than the carrying amount, then the carrying amount is reduced to its recoverable amount by treating the difference as impairment loss and is charged to the statement of profit and loss.

p. Cash and cash equivalents

Cash and cash equivalents comprise cash and deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

1. Depreciation during the year includes Rs 1,538,166 (Previous year Rs 862,223) charged on plant and machinery at EGEN unit which was utilised for development of in-house tools. Accordingly, such amount has been capitalised under plant and machinery.

2. Pursuant to the enactment of Schedule II to Companies Act, 2013 being effective from 1 April 2014, the Company had revised depreciation rate on fixed assets as per the useful life specified in part II of Schedule II to the Act and as per management's estimate based on internal valuation. As a result of this change, the depreciation charged for the year ended 31 March 2015 was higher by Rs 13,337,160 and profit before tax would have been higher by such amount and net amount of Rs 15,706,967 (Gross amount Rs 24,019,708 and deferred tax impact Rs 8,312,741) had been adjusted in the opening reserves (Also refer note 4).

3. Based on the Company's experience, the existing models of tools used for manufacture of watch hands (at KHAN unit) become obsolete in 2 to 3 years and the tools manufactured exclusively to these models also become redundant. The Company's policy of 36 months of useful life is consistent with dynamics associated with the industry in which it is operating.

4. The borrowing cost capitalised under leasehold land during the year ended 31 March 2016 is Rs 897,304 (previous year Nil), comprising of rent, power, salary, water charges and freight expenses have been capitalized under plant and machinery being expenses eligible for capitalization.

5. During the current year, expenses amounting Rs 2,041,430 (previous year Nil), comprising of rent, power, salary, water charges and freight expenses have been capitalized under plant and machinery being expenses eligible for capitalization.

41. KDDL Employee Stock Option Plan- 2011 ('ESOP 2011')

- (a) The Company has established an Employee Stock Option Plan ('ESOP') in accordance with the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('Guidelines') which has been approved by the Board of Directors and the shareholders. A compensation committee comprising promoter executive and independent non-executive members of the Board of Directors administer the ESOP. All options under the ESOP are exercisable for equity shares. The Company planned to grant upto 110,000 options to eligible employees and directors of the Company and subsidiaries of the Company. The outstanding options as on 31 March 2016 are 24,750.
- (b) Fifty percent of the options which have been granted under ESOP 2011 have been vested on 1 April 2014 ('first tranche'). These options were exercised by the employees and accordingly 39,750 shares were issued during the year to the eligible employees. The balance options shall vest on the date when the turnover (excluding excise duty thereon) of the Company would exceed Rs. 1,500,000,000 ('second tranche'). The exercise period for the options is within six months from the date of vesting of the options. Each option is exercisable for one equity share of Rs. 10 each fully paid up on payment of exercise price of share determined with respect to the date of grant.
- (c) The movement in the scheme is set out as under:

Particulars	ESOP 2011		ESOP 2011

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2016

(All amounts in rupees, unless stated otherwise)

- (e) The fair value of options, calculated by an external valuer for first and second tranche, was estimated on the date of grant using Black and Scholes model using following significant assumptions:

Particulars	For the year ended 31 March 2016	For the year ended 31 March 2015
Risk Free interest rate (in %)	8.50%	8.50%
Expected life (in months)*	88	29
Volatility (in %)**	66.49%	66.49%
Dividend Yield (in %)	1.58%	1.58%

* The options under second tranche shall vest on the date when the turnover (excluding excise duty thereon) of the Company would exceed Rs 1,500,000,000. The management of the Company has revised the expected life to achieve the turnover of Rs 1,500,000,000 from 29 months in previous year to 88 months in current year starting from 2011.

** The volatility of the options is based on historical volatility of share prices since the company's share are publicly traded, which may be shorter than the terms of the options.

- (f) Details of the weighted average exercise price and fair value of the stock options granted at price below market price:

- 43.** Segment information, as required under AS-17 "Segment Reporting", has been provided in the consolidated financial statements of the Company and therefore no separate disclosure on segment information is given in these standalone financial statements.
- 44.** As per the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of transactions with associated enterprises and maintain adequate documentation in this respect. Since law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of appointing independent consultants for conducting a Transfer Pricing Study (the 'Study') to confirm that the transaction with associate enterprises undertaken during the financial year are on "arms length basis". Management is of the opinion that the company's transactions are at arm's length and that the results of the proposed study will not have any impact on the financial statements and that they do not expect any transfer pricing adjustments.

Independent Auditor's Report

To the Members of KDDL Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of KDDL Limited, ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associate and jointly controlled entity, which comprise the Consolidated Balance Sheet as at 31 March 2016, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group and its associate and jointly controlled entity, in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). The Holding Company's Board of Directors, and the respective Board of Directors/Management of the subsidiaries included in the Group, and of its associate and jointly controlled entity are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms with the provisions of the Act, the respective Board of Directors of the Holding Company and its subsidiaries, associate and jointly controlled company, which are incorporated in India are responsible for maintenance of adequate accounting records; safeguarding the assets; preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.
4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the auditor's report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 9(a) and 9(b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries, associate and jointly

controlled entity as noted below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and jointly controlled entity as at 31 March 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. (a) We did not audit the financial statements of two Indian subsidiaries and one jointly controlled entity, included in the consolidated financial statements, whose financial statements reflect total assets (after eliminating intra-group transactions) of Rs2,093,719,269 as at 31 March 2016, total revenues (after eliminating intra-group transactions) of Rs3,287,474,160 and net cash flows amounting to Rs5,731,822 for the year ended on that date. The consolidated financial statements also include the Group's share of net profit of Rs128,872 for the year ended 31 March 2016, as considered in the consolidated financial statements, in respect of an associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entity and associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled entity and associate, is based solely on the reports of the other auditors.
- (b) We did not audit the financial statements of two foreign subsidiaries included in the consolidated financial statements, whose financial statements reflect total assets (after eliminating intra-group transactions) of Rs114,023,574 as at 31 March 2016, total revenues (after eliminating intra-group transactions) of Rs55,215,894 and net cash flows amounting to Rs3,779,630 for the year ended on that date. These financial statements have been examined by other auditors whose examination reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such examination reports examined by other auditors. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

10. As required by Section 143(3) of the Act, and based on the auditor's reports of the subsidiaries, associate and jointly controlled entity, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - The consolidated financial statements dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014(as amended);
 - On the basis of the written representations received from the directors of the Holding Company as on 31 March 2016 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies, associate company and jointly controlled company incorporated in India, none of the directors of the Group companies, its associate company and jointly controlled company, incorporated in India is disqualified as on 31 March 2016 from being appointed as a director in terms of Section 164(2) of the Act.
 - We have also audited the internal financial controls over financial reporting (IFCoFR) of the Company, its subsidiary companies, associate company and jointly controlled company, which are companies incorporated in India, as of 31 March 2016, in conjunction with our audit of the consolidated financial statements of the group, its associate and jointly controlled entity for the year ended on that date and our report dated 30 May 2016 as per annexure I expressed unmodified opinion.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. As detailed in Note 33 (d) to 33 (f), the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associates and jointly controlled entity;
 - ii. The Group, its associate and jointly controlled entity did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies, associate company and jointly controlled company incorporated in India.

Annexure I to the Independent Auditor's Report of even date to the members of KDDL Limited, on the consolidated financial statements for the year ended 31 March 2016.

Annexure I

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated financial statements of the KDDL Limited ("the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries together referred to as "the Group"), its associate and jointly controlled entity as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting (IFCoFR) of the Holding Company, its subsidiary companies, its associate company and jointly controlled company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies, its associate company and jointly controlled company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on IFCoFR criteria established by the Group considering the essential components of internal financial controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of the company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company, its subsidiary companies, its associate company and jointly controlled company as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note"), issued by the

Annexure I to the Independent Auditor's Report of even date to the members of KDDL Limited, on the consolidated financial statements for the year ended 31 March 2016.

ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, its subsidiary companies, its associate company and jointly controlled company as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its subsidiary companies, its associate company and jointly controlled company, which are companies incorporated in India, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on IFCoFR criteria established by the Group considering the essential components of internal financial controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI').

Other Matters

9. We did not audit the IFCoFR insofar as it relates to two subsidiary companies and one jointly controlled company, which are companies incorporated in India, whose financial statements reflect total assets (after eliminating intra-group transactions) of Rs2,093,719,269 as at 31 March 2016, total revenues (after eliminating intra-group transactions) of Rs3,287,474,160 and net cash flows amounting to Rs5,731,822 for the year ended on that date; and one associate company, which are companies incorporated in India, in respect of which, the Group's share of net profit of Rs128,872 for the year ended 31 March 2016 has been considered in the consolidated financial statements. Our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company, its subsidiary companies, its associate company and jointly controlled company, which are companies incorporated in India, under Section

KDDL Limited (Consolidated)

Annexure I to the Independent Auditor's Report of even date to the members of KDDL Limited, on the consolidated financial statements for the year ended 31 March 2016.

143(3)(i) of the Act insofar as it relates to the aforesaid subsidiaries, associate and jointly controlled company, which are companies incorporated in India, is solely based on the corresponding reports of the auditors of such companies. Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and the reports of the other auditors.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016**

1. Significant accounting policies

a) Principles of Consolidation

The consolidated financial statements include the financial statements of KDDL Limited ("KDDL" or the "Parent Company" or the "Company"), its subsidiaries, associate and joint venture (collectively referred to as "Group").

The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS)21 - "Consolidated Financial Statements".

Interest in Joint Ventures have been accounted by using the proportionate consolidation method as per Accounting Standard (AS) 27 - "Financial Reporting of Interest in Joint Ventures".

In case of foreign subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Exchange Fluctuation Reserve.

The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.

The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as of the date of disposal is recognised in the consolidated Profit and Loss Statement being the profit or loss on disposal of investment in subsidiary.

Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.

Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

Investment in Associate Companies has been accounted under the equity method as per Accounting Standard (AS) 23 - "Accounting for Investments in Associates in Consolidated Financial Statements".

The difference between the cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be.

As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.

b) Basis of preparation

These financial statements have been prepared under the historical cost convention on a going concern basis, on the accrual basis of accounting in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). Indian GAAP comprises mandatory accounting standards as specified under Section 133 of the Companies Act, 2013 ('the Act'), read with Rule 7 of the Companies (Accounts) Rules, 2014(as amended) and other accounting pronouncements of The Institute of Chartered Accountants of India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Revised Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

c) Use of estimates

In preparing the Group's financial statements in conformity with accounting principles generally accepted in India, the management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognised in the period the same is determined.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016**

d) Revenue recognition

- a) Revenue from sale of goods is recognised when the significant risks and rewards in respect of ownership of the goods are transferred to the customer and is stated inclusive of excise duty, net of trade discounts, sales return and sales tax wherever applicable.
- b) Commission from sale of goods, received on consignment basis, is recognised on accrual basis.
- c) Export entitlements under the Duty Entitlement Pass Book scheme are recognised in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of the exports made.
- d) Revenue in respect of tool development and job charges is recognised as per the terms of the contract with the customers.
- e) Interest income is recognized on a time proportion basis, taking into account the amount outstanding and the rates applicable.
- f) Dividend income is recognized when the Company's right to receive the same is established.

e) Fixed assets**Tangible assets**

Fixed assets are stated at cost (gross block) less accumulated depreciation and adjusted for impairment losses. Cost comprises the purchase price (net of Cenvat credit availed) and any attributable cost of bringing the asset to its working condition for its intended use.

Expenditure on account of modification / alteration in plant and machinery / building, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalized.

Borrowing costs directly attributable to acquisition or construction of fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalized.

Assets acquired on hire purchase are capitalised at the inception of the hire purchase agreement. Interest cost is charged to statement of profit and loss on accrual basis.

Intangible assets

Intangible assets are stated at cost (gross block) less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of cenvat credit availed) and any attributable cost of bringing the asset to its working condition for its intended use.

f) Depreciation and amortization

Pursuant to the notification in Part II of Schedule II to the Companies Act, 2013, effective from 1 April 2014, the management has reassessed and changed, wherever necessary the useful lives to compute depreciation, to conform to the requirements of the Companies Act, 2013. Depreciation on fixed assets for year ended 31 March 2016 is provided on straight line method based on life prescribed as per Schedule II of the Companies Act, 2013.

Block of asset	Useful life as per Companies Act, 2013 (in years)
Buildings	30-60
Plant and machinery	15
Furniture and fixture	10
Office equipment	5
Computers	3
Vehicles	8 - 10

Depreciation on improvements carried out on buildings taken on lease (included under buildings) is provided over the period of the lease or useful life of the assets, whichever is lower.

Depreciation on a particular class of dies and tools manufactured by the Parent Company and put to use after 1 April 2003 is provided over a period of 3 years.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016** (All amounts in rupees, unless stated otherwise)

The above rates of depreciation are indicative of the useful lives of the assets.

- The cost of leasehold land is not amortised as these are perpetual leases.
- Goodwill is amortised over a period of 5 years.
- Know-how is amortised over a period of four years.

Software is amortised over a period not exceeding six years.

For Pylania SA (foreign subsidiary) depreciation charge is provided on straight line method based on the estimated economic useful life of the assets using the rates stated below:

Description	Rates
Buildings - factory	1.5% to 8.5%
Plant and machinery	10% to 15%
Office equipment	8.5% to 15%
Motor vehicles	48%

g) Inventories

Inventories are valued as follows:

1. Raw materials and components, stores and spares, finished goods and stock in process: At lower of cost or net realisable value.
2. Cost of inventories is ascertained on the following basis:
 - a) Raw materials and components and stores and spares cost includes material cost, custom duty, freight and related direct expenses incurred in bringing the inventories to present location and condition. Cost is determined on moving weighted average basis.
 - b) Goods purchased for re-sale - moving weighted average basis.
 - c) Work in progress valued at raw material cost plus conversion costs depending upon the stage of completion.
 - d) Finished goods are stated at the lower of cost or net realizable value. Cost is determined using moving weighted average cost basis and includes the raw material cost plus conversion costs, packing cost and other overheads costs incurred to bring the goods to their present location and condition.

h) Investments

Long-term investments (other than those accounted for using the equity method of accounting) are stated at cost. Provision is made for diminution in the value of long-term investments to recognise decline, if any, other than temporary in nature.

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investment.

i) Employee Stock Option Scheme (ESOS)

Stock options granted to the employees under the stock options schemes are accounted at intrinsic value as per the accounting treatment prescribed by the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('Guidelines') and guidance note on Employee share based payments issued by the Institute of Chartered Accountants of India. Accordingly, the excess of market price, determined as per the Guidelines and guidance note, of underlying equity shares (market value), over the exercise price of the options is recognised as deferred stock compensation expense and is charged to statement of profit and loss on a straight line basis over the vesting period of the options. The amortised portion of the cost is shown under shareholders' funds

j) Foreign currency transactions

Investments in foreign entities are recorded at the exchange rate prevailing on the date of making the investment. Transactions in foreign currencies are recorded at the rates prevailing on the date of the transaction. Monetary items denominated in foreign currency are restated at the rate prevailing on the balance sheet date. Differences arising on foreign currency translations of transactions settled during the year are recognised in the statement of profit and loss.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016** (All amounts in rupees, unless stated otherwise)

The foreign subsidiary has been identified as non-integral operations in accordance with requirement of Accounting Standard 11 ('AS 11') 'Effect of change in Foreign Exchange Rates'. In accordance with AS 11, the Financial statement of non-integral foreign operations are translated to Indian rupees as follows:

- a) All assets and liabilities, both monetary and non-monetary are translated using the closing rate.
- b) Revenue items are translated at the respective monthly average rates.
- c) The resulting net exchange difference is credited or debited to a foreign currency translation reserve.

Indian Rupee is the reporting currency of the Group. However, the local currencies of the overseas associate and a foreign subsidiary (having operations integral to that of the Parent Company) are different from the reporting currency of the Group. The translation of the results of the overseas associate and the foreign subsidiary is performed as if the transactions of such entities had been those of the Parent Company itself.

Forward exchange contracts not covered under AS 11, that are entered to hedge the foreign currency risk of highly probable forecast transactions and unrecognized firm commitments are marked to market at the balance sheet date and exchange loss is recognised in the statement of profit and loss immediately. Any gain is ignored and not recognised in the financial statements, in accordance with the principles of prudence enunciated in Accounting Standard 1- Disclosure of Accounting Policies.

The premium or discount arising at the inception of the forward contracts other than those entered into to hedge the foreign currency risk of firm commitments or highly probable forecast transactions is amortised as expense or income over the life of the contract.

Any profit or loss arising on cancellation or renewal of forward exchange contracts is recognised as income or expense for the year.

k) Employee benefits

Short term employee benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, bonus, etc are recognized in the statement of profit and loss in the period in which the employee renders the related service.

Post-employment benefits

a) Defined contribution plan

The company makes specified contribution towards employee provident fund to Employees Provident Fund administered by the Regional Provident Commissioner. The Company's contribution to provident fund, being a defined contribution plan, is recognized in the statement of profit and loss in the financial year to which it relates.

In respect of superannuation, the Company makes contribution to Life Insurance Corporation of India ("LIC") of an amount payable by the trusts to LIC, which is charged to the statement of profit and loss.

b) Defined benefit plan

Gratuity is a post-employment defined benefit plan. The present value of obligation for gratuity is determined based on actuarial valuation using the Projected Unit Credit Method, less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. Gratuity and superannuation funds are administered by trustees of independently constituted trusts.

Other long term liability

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability determined based on actuarial valuation using the Projected Unit Credit Method at the balance sheet date.

Actuarial gains/losses

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the year in which such gains or losses arise.

l) Taxes on income

Tax expense comprises current tax and deferred income tax.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016** (All amounts in rupees, unless stated otherwise)

Current tax is determined as the amount of tax payable in respect of taxable income for the year.

Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. In respect of carry forward losses and unabsorbed depreciation, deferred tax assets are recognized only to the extent there is virtual certainty that sufficient future taxable income will be available against which such losses can be realized.

Minimum Alternate tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

m) Earnings per share

The earnings considered in ascertaining the Group's earnings per share comprise the net profit or loss for the year attributable to the equity shareholders. Earnings per share are computed using the weighted average number of shares outstanding during the year.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all delusive potential equity shares.

n) Club Echo points

Club echo points accrued to the customer as a part of the loyalty programme, is provided for based on management's past experience.

o) Leases

Lease rentals in respect of assets taken under an operating lease are charged to the statement of profit and loss on accrual basis.

In respect of assets given on operating lease, income is being recognised on a straight line basis over the lease term.

p) Contingent liabilities and provisions

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation at the reporting date. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Group does not recognize assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognized in the financial statements of the period in which the change occurs.

q) Impairment of assets

The carrying values of assets / cash generating units are reviewed for impairment at each Balance Sheet date in accordance with Accounting Standard- As 28 'Impairment of Assets' to determine whether there is any indication of impairment by the management of the Group. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

**Summary of significant accounting policies and other explanatory information
for the year ended 31 March 2016** (All amounts in rupees, unless stated otherwise)

r) Cash and cash equivalents

Cash and cash equivalents comprise cash and deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

s) Segment reporting policies

The accounting policies adopted for segment reporting are in line with those of the Group with the following additional policies for segment reporting:

- a) Inter segment revenues have been accounted for based on the transaction price agreed to between segments at estimated cost of the transferor segment.
- b) Revenues and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.
- c) Revenues and expenses, which relate to the group as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocated corporate expenses". Unallocated corporate expense also includes taxes and finance charges and other unallocable corporate expenses.
- d) Assets and liabilities, which relate to the group as a whole and are not allocable to segments on a reasonable basis, are shown as unallocated corporate assets and liabilities respectively.

34. During the year 2011-2012, pursuant to the visit of the officers of Directorate general of Central excise intelligence (DGCEI) in the premises of the Company on 18 August 2011, the company had reversed the input service tax credit of Rs 17,000,000 availed by the Company in previous years. The above amount was reversed as per the opinion of the officials of DGCEI. The Company, on the basis of legal opinion obtained, is of the view that the Company is entitled to this input service tax credit. Since, the amount was reversed under protest and without prejudice to the legal rights of the Company, the Company has shown the above amount of Rs 17,000,000 reversed as claim receivable under the head "Long term loans and advances". During the financial year 2012-13, the Company had received a notice from DGCEI whereby, the Company had been called upon to show cause as to why service tax amounting to Rs 663,452 which had been short paid and CENVAT credit amounting to Rs 24,276,671 wrongly availed should not be demanded and recovered. The Company had filed the reply to the show cause notice with the Commissioner-Central Excise and Service Tax, Chandigarh. The authority has confirmed the demand except Rs 663,452. Further, the authority has imposed a penalty of Rs 24,276,671. Being aggrieved against the order of Commissioner- Central Excise and Service Tax, the Company has preferred appeal with CESTAT and the matter is sub-judice with CESTAT, New Delhi. Due to the pending adjudication of the appeal, liability on this account has not been provided in the accounts.

35. The Parent Company has taken a number of office and factory facilities under operating leases. Rental expense for operating leases for the years ended 31 March 2016 and 31 March 2015 was Rs 22,993,871 and Rs 19,193,021 respectively.

42. Employee Stock Option Plans

I. KDDL Employee Stock Option Plan- 2011 ('ESOP 2011')

- (a) The Company has established an Employee Stock Option Plan ('ESOP') in accordance with the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('Guidelines') which has been approved by the Board of Directors and the shareholders. A compensation committee comprising promoter executive and independent non-executive members of the Board of Directors administer the ESOP. All options under the ESOP are exercisable for equity shares. The Company planned to grant upto 110,000 options to eligible employees and directors of the Company and subsidiaries of the Company. The outstanding options as on 31 March 2016 are 24,750.
- (b) Fifty percent of the options which have been granted under ESOP 2011 were vested on 1 April 2014 ('first tranche'). These options were exercised by the employees and accordingly 39,750 shares were issued during the previous year to the eligible employees. The balance options shall vest on the date when the turnover (excluding excise duty thereon) of the Company would exceed Rs 1,500,000,000 ('second tranche'). The exercise period for the options is within six months from the date of vesting of the options. Each option is exercisable for one equity share of Rs 10 each fully paid up on payment of exercise price of share determined with respect to the date of grant.
- (c) The movement in the scheme is set out as under :

Particulars	ESOP 2011		ESOP 2011	
	Year Ended 31 March 2016		Year Ended 31 March 2015

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2016

(All amounts in rupees, unless stated otherwise)

* The options under second tranche shall vest on the date when the turnover (excluding excise duty thereon) of the Company would exceed Rs 1,500,000,000. The management of the Company has revised the expected life to achieve the turnover of Rs 1,500,000,000 from 29 months in previous year to 88 months in current year starting from 2011.

** The volatility of the options is based on historical volatility of share prices since the company's share are publicly traded, which may be shorter than the terms of the options.

(e) Details of the weighted average exercise price and fair value of the stock options granted at price below market price:

II. KDDL Employee Stock Option Plan- 2011 ('KRL ESOP')

(a) In the annual general meeting held on 15 September 2011, the shareholders of the subsidiary company Ethos Limited approved the issues of options not exceeding 84,000 options under the scheme titled "KRL Employee Stock Option Plan-2011" ("KRL ESOP").

The ESOP allows the issue of the options to eligible employees of the subsidiary. Each option comprises one underlying equity share.

As per the scheme, the Compensation Committee grants the options to the employees deemed eligible. The exercise price of each option shall be equal to the "Market Price" as defined in the Scheme. The options granted vest as follows. Options may be exercised within two years of vesting.

1. 50 % of the options granted to the selected employee shall vest on 1 April 2014 in case there is continuation of his service till the date of vesting
2. 50 % on the first day of the financial year subsequent to the achievement of billing of Rs. 300 crores in any financial year by the subsidiary, subject to the continuation of service till the date of vesting. However there shall remain a gap of minimum one year between the date of grant and the date of vesting under this clause. The compensation committee shall declare such date as and when it is triggered.

The subsidiary company has in its Compensation Committee meeting on 4 January 2013 granted outstanding 2,500 options to employee of the subsidiary company. The above options have been issued by the Compensation Committee in accordance with the terms & conditions of the "KRL Employee Stock Option Plan-2011" (ESOP).

In the Extraordinary General Meeting held on 10 March 2014 of the subsidiary company, the shareholders approved the issue of options not exceeding 3,50,000 options under the Scheme titled "Ethos Employee Stock Option Plan – 2013"

The ESOP allows the issue of options to eligible employees of the subsidiary company. Each option comprises one underlying equity share.

As per the Scheme, the Compensation Committee grants the options to the employees deemed eligible. The exercise price of each option shall be equal to the "Market Price" as defined in the Scheme. The options granted vest as follows. Options may be exercised within 3 years of vesting.

1. 50% of the options granted to the selected employee shall vest on 1st October, 2017 in case there is continuation of his service till the date of vesting.
2. 50% on the first day of the financial year subsequent to the achievement of billing of Rs. 500 crores in any financial year by the Company, subject to the continuation of service till the date of vesting. However there shall remain a gap of minimum one year between the date of grant and the date of vesting under this clause. The compensation committee shall declare such date as and when it is triggered.

The subsidiary company has in its Compensation Committee meeting on 4 August 2014 granted outstanding 3,500 options to employee of the Parent Company. The above options have been issued by the Compensation Committee in

accordance with the terms & conditions of the "Ethos Employee Stock Option Plan – 2013".

The difference between the marker price of the share underlying the options granted on the date of grant of option and the exercise price of the option (being the intrinsic value of the option) representing stock compensation expense is expenses over the vesting period.

(b) The movement in the scheme is set out as under:

- 49.** During the current financial year, a fire broke out in one of the stores of the subsidiary company (Ethos Limited) located at Ambience Mall, Gurgaon, thereby resulting in a loss of Rs 2,781,525 on account of damage to fixed assets (furniture and leasehold improvements) and Rs 4,096,664 on account of damage to inventory. Consequently, the subsidiary company has filed an insurance claim with the insurance company. Pending final acceptance of the amount by the insurance Company as at 31 March 2016, the subsidiary company has recognised an amount of Rs 6,878,189 as receivable in the financials appearing under "Non-current assets", thereby having no impact on profit and loss for the year. Any further changes to the insurance claim amount will be accounted for once the amount gets finalized with the insurance company.
- 50.** As per the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the parent company is required to use certain specific methods in computing arm's length prices of transactions with associated enterprises and maintain adequate documentation in this respect. Since law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of appointing independent consultants for conducting a Transfer Pricing Study (the 'Study') to confirm that the transactions with associate enterprises undertaken during the financial year are on an "arms length basis". Management is of the opinion that the Company's transactions are at arm's length and that the results of the proposed study will not have any impact on the financial statements and that they do not expect any transfer pricing adjustments.
- 51.** Previous year figures have been regrouped/recasted, wherever considered necessary to make them comparable with those of the current year.
