Cautionary Statement Regarding Forward-Looking Statement

Statements in this Annual Report describing the Company's objectives, projections, estimates and expectations may be 'forward-looking statements' within the meaning of applicable laws and regulations. Actual results might differ materially from those in such forward-looking statements. Important developments that could affect the Company's operations include a downtrend in the infrastructure sector, significant changes in political and economic environment in India or key financial markets abroad, tax laws, litigation, exchange rate fluctuations, interest and other costs.

Our strong performance in FY 2017-18 manifests the growing success of our business strategy.

We encouraged investments in annuity-based products, which are proven, stable and less vulnerable to market vagaries to de-risk our clients.

We empowered clients with more research, digital technologies and financial planning tools.

And these, we did, with one common goal: protect and grow investors wealth.

Chairman's Message

Indian markets have rallied to be one of the top performing ones in the world.

Mutual Fund Assets under Management nearly doubled in three years' time to over ₹ 21 lakh crores as on March 2018.

Dear Shareholders,

It is my honor and privilege to present before you the 24th annual report of the Company.

Making the markets available to more and more Indians, is the driving force of Geojit. Our aim is not just about giving people access to the markets. It's about helping them to understand the markets better, and enabling them to make confident decisions that add greater value to their financial matters. It is this focus on customer-centricity that has helped us deliver spectacular results, making 2017 an exceptional year for the Company, its shareholders and clients.

Almost a decade since the financial crisis which sparked global economic decline, 2017 saw the global growth come back with a bang. Global stock markets roared ahead, with the MSCI index of stock markets in 47 countries up by 22%. Progress of Brexit talks, Trump tax cuts, fears of war in North Korea, upheaval in Europe and bitcoin bubble failed to dampen the spirits.

2017 was also a spectacular year for emerging markets, and India was a huge beneficiary of this trend. Indian markets have rallied to be one of the top performing ones in the world. India's benchmark S&P BSE Sensex earned 35% return in dollar terms in 2017, its best since 2009. The reasons were mainly - easy availability of money globally, burgeoning domestic flows, improving economic fundamentals, the Government's strong resolve and momentum in implementing structural reforms, signs of a reversal in corporate earnings and consumer-driven credit growth.

The year 2017 will also be remembered for the implementation of GST, Insolvency and Bankruptcy Code, and announcement of bank recapitalization. It also witnessed significant steps being taken towards the resolution of problems associated with non-performing assets of the banks and further liberalization of FDI.

India's benchmark S&P BSE Sensex earned 35% return in dollar terms in 2017, its best since 2009.

These reforms will have a long-lasting impact on the Indian economy. Formalization of economy, rapid digitization, Government incentives, regulatory initiatives, and a deliberate push for improving investor education, have been the key factors driving financialization of savings.

Domestic flows have been on the higher side given the trend of financialization of savings in India, and this will keep the equity markets afloat with ample liquidity. Household savings in shares and debentures are also on the rise, and this may be a consequence of low returns on physical assets. The big jump has been in mutual funds as growth of savings in mutual funds registered a phenomenal increase. Mutual Fund Assets under Management nearly doubled in three years' time to over ₹ 21 lakh crore as on March 2018.

Technology has now become an integral part of the financial services industry and is used widely in each and every aspect - from fund management to transaction processing.

Our total AUM (Mutual Funds) stood at ₹3,431 crore as on 31st March 2018, compared to ₹2,180 crore as on 31st March 2017, indicating a rise of 57%.

Against this exciting backdrop, let me take you through the key developments of the Company:

The strategic realignment we undertook in 2016 is clearly getting us traction. By laying equal emphasis on marketing and distribution of Mutual Fund and Mutual Funds SIPs, we have not only broadened our business horizon, we are also in line with our thrust towards creating investor wealth. Our total MF distribution income grew substantially, validating our efforts and commitment being a customer-centric financial services intermediary.

Geojit has re-entered the commodity futures broking business after 10 years as the clause which prevented the Company from engaging in commodity brokerage has been removed. We received trading cum clearing membership from MCX India, NCDEX and NMCE for

commodities derivatives broking. We believe there is a strong correlation between currency and commodity derivative, which we plan to leverage through our single platform. With the acquisition of client base of Geofin Comtrade Limited, the Company has added another promising business line and will leverage its existing business infrastructure.

Looking beyond the numbers, you can see our success reflected in our strong consumer brand value that appeals to clients and prospects. Towards the end of 2017, we launched major branding and advertising campaigns. This has significantly increased our consumer mindshare, and played a role in increasing our clientbase. The success of this advertising campaign has prompted us to continue investing in brand building campaigns for over the next few years.

Our Mutual Funds distribution business continues to grow impressively. On a standalone basis, our total AUM (Mutual Funds) stood at ₹3,431 crore as on 31st March 2018, compared to ₹2,180 crore as on 31st March 2017, indicating a rise of 57%. Our SIP book has also increased from ₹76 crore as on 31st March 2017 to ₹143 crore as on 31st March 2018. This robust performance is driven by the strong brand equity of the Geojit brand, especially in South India, where the Company enjoys a widespread customer base.

Today, financial products and services are not available in all parts of the country and we believe they should be available even in smaller cities. An integral part of our expansion plan is to increase our footprint in the B15 cities. B15 cities are cities beyond the top 15 cities where the Government encourages financial intermediaries to expand as part of the larger financial inclusion agenda.

When it comes to empowering clients through online platforms, our subsidiary, Geojit Technologies, has played an instrumental role. We have successfully launched the Geojit Online Financial Planner, a user-friendly platform that allows clients to do comprehensive financial planning, and Funds Genie, an innovative application for mutual funds investment. With these, we are able to provide enriched user experience to

our clients. Digitization has improved our distribution efficiencies, use of Aadhaar for e-KYC has proved to be a game changer ensuring instant on-boarding and it also enables seamless tracking and transaction of MF investments through mobile and online apps.

Financial Performance

Driven by our clearly crafted strategy, our financial performance for the year was exceptional. Not only did our MF distribution income increase by 92%, our brokerage income also increased by 18% on the back of bullish stock markets and increased participation by retail investors. The combined effect meant a 20% increase in consolidated Total Income, which grew from ₹305.76 crore in FY2017 to ₹367.95 crore in FY2018. With operational efficiencies, our Profit After Tax on a consolidated basis improved by 31%, rising to ₹73 crore in FY2018 from ₹56 crore in FY2017. The Board has recommended a dividend of ₹2 per share on the paid-up value of ₹1 per share, which is 200% for FY 2017-18.

Outlook

Our focus will be to provide long-term investing solutions customized around investor needs through Geojit Online Financial Planning and Funds Genie, our advice-embedded online investment solutions. We will also continue to give attention to our personalized Portfolio Management Services, commodity and equity business, thus creating wealth for our diverse clientele.

We've set the bar high, but the future is bright, and thanks to your continued support, together we will make it a success.

Yours faithfully,

AP Kurian

36.7%

individual mutual funds investment has grown

60%

individual investors from T15 cities

Dear Shareholders,

At Geojit, we have always been driven by a larger purpose and a core philosophy which is to create wealth for investors. It is this focus that is our key strength as well as our differentiator.

As you know, the financial markets are constantly evolving. Since 1987, when Geojit was established, the financial markets have witnessed continuous change and many a time we have spearheaded the change. The last few years saw a shift in the way people trade and invest. On one side, we have seen day traders turning to online discount brokers. Now, full service brokers have started offering deep discounts through their technology platforms. We have even seen some of these traders coming back to us as they tend to lose more due to compulsive trading as securities margin and brokerage are low.

On the other side, investors are turning to annuity-based financial products that offer a stable return as well as security. Many investors have realized the advantages of long-term investing through mutual funds. Especially, considering the fact that direct investments in the capital markets require in-depth knowledge, constant attention to one's portfolio and is time-consuming. In fact, individual investors held ₹11.66 lakh crore in mutual funds as of March 2018, an increase of 36.79% over March 2017. Investments of individual investors in equity schemes have increased by 53.4% over March 2017.

Geojit recognized this trend early on and for the past two years we shifted our focus to guiding our clients to Mutual Fund investments, especially through the SIP route.

We believe that distributors play a key role in understanding and addressing the needs of clients. They assist them in choosing the right mutual fund and manage their portfolio. This is where Geojit steps in, guiding investors by offering sound advice and advanced technology platforms that are easy to use.

Our efforts in promoting the benefits of investing through MF SIP paid rich dividends and we have now become the 3rd largest distributor of SIP among non-banks in the country. The Company's distribution income has increased by 92% YoY. In fact, Geojit has

At Geojit, by investing in people and processes, we are geared to meet the constantly revamped regulations and norms.

an SIP book size of around ₹143 crore at the end of March 2018, including STP (Systematic Transfer Plan) the book size is ₹165 crore.

To effectively cater to the needs of our growing clientele, we have upskilled our staff, enhanced our online platforms and introduced new digital initiatives. Thus, we have ensured that everything in place has wealth creation for investors underlined.

Investor protection continues to be a priority for us and compliance norms are changing. The costs of ensuring compliance are going up with every passing year. At Geojit, by investing in people and processes, we are geared to meet the constantly revamped regulations and norms.

Going forward, we have initiated the process of setting up an AMC, only for passive funds, as we believe that these funds will pick up in India. We will also be focusing on building the PMS business over the next three years.

In conclusion, let me re-emphasize that as an organization, we are totally committed to continue expanding into stable and steady growth opportunities, both for our clients as well as our investors.

Warm regards,

C J George
Managing Director

Strengthening prospects... **With a balanced and sustainable business model**

We have the apt building blocks for growth with investments in promising business areas and right geographies. The impact of this is visible with more customers choosing us, higher revenue growth, increasing proportion of steady income, and enhanced margins.

Strategic realignment from broking-based to investment services-based model

Retail broking is our primary business, yet we took a decisive call to promote SIPs and mutual fund investments. This is because in retail broking, many of the traders do not have the right expert knowledge to tackle the vagaries of market and ended-up with capital erosion. Though rising equity and F&O trading meant

business for us, we realized our clients are losing and this will not be sustainable. And so, we shifted focus to safer financial products that generate healthy returns, facilitates wealth creation and protect downside risks. This enabled us to safeguard our clients and gain their trust. From the Company's point of view, this move has enhanced our brand equity and provided us avenues to steady income and enhance margins.

**Geojit is ranked #3 non-bank
SIP distributor in India.**

Re-entry in the commodities business

With the recent change in regulations allowing banking entities to engage in commodities business, we seized the opportunity. We entered into an agreement with Geofin Comtrade to acquire its client base (without any other assets or liabilities), on an arm's-length basis at a consideration of ₹ 8.1 crore. The diversification is a natural extension to all our existing services to clients and will help in scaling our currency derivatives business, as both share integral relations. It will provide us a jumpstart in the commodity trading business and open-up cross selling opportunities to Geofin's 40,000 registered clients base.

Building business in B15 (beyond top15) cities

With the regulator enhancing incentives for conducting business beyond the top15 cities of India to enhance mutual fund penetration, we have focused on intensifying activities in these regions. Our strong presence in these regions with a majority of our branches being located here provide us attractive opportunity to enhance margins. We have already intensified activities in these regions to capture more clients.

Multi-channel service architecture

Our multi-channel service architecture comprising 512 offices across 19 States and 2 Union Territories, robust online (web and mobile) platform and call centers optimizes our distribution business and strengthens reach to customers.

70%

of new SIP business in FY 2017-18 were sourced from B15 cities

13%

of overall revenues in FY 2017-18 sourced from annuity products, indicating steady future income

Strengthening prospects... Through Digital Leadership

In a knowledge-driven and consumer-facing industry, the future depends on new ideas being driven through the business. Our pioneering efforts to leverage digital technologies are redefining the speed and convenience with which customers transact with us. It is enabling us to make our operations scalable and efficient, while providing superior customer experiences.

Strengthening operational efficiency

We made our web and mobile platform more user-friendly and seamless to facilitate paperless, secure, and instant onboarding and provide efficient services to customers. We leveraged analytics with customer data gathered over the years to empower our team with information to better understand customers and satisfy their needs. We equipped our sales team with tablets to enhance sales force automation, thus improving turnaround times and facilitating higher productivity. We implemented intelligent business application and distributed CRM solution that facilitates in reducing operational issues, effective plugging of gaps and accelerates remedial action. We introduced a mobile application which enables employees to constantly upgrade their knowledge. The platform is useful for initiating orientation and induction programmes that can be taken as per employee convenience.

Automating customer onboarding

Customer onboarding, being an expensive and time-consuming function, we focused on automating the process in line with the SEBI guidelines. We enrolled with the Unique Identification Authority of India (UIDAI) as KYC User Agency (KUA) to facilitate instantaneous Aadhaar-based e-KYC and authentication service. We also provide assisted onboarding using tablets that have platform with built-in biometrics and Mobile Device Management (MDM) security mechanism.

Strengthening mobile platform

We have strengthened our mobile trading app to provide customers a seamless and powerful trading experience. With this mobile has emerged as important medium with over 45% clients using mobile channels for transactions. The mobile platform attracts 65,000 logins daily with 32,000 of them being unique. On an average, it accounts for 40-45% of our overall daily trading volumes.

Empowering clients

We provide clients with powerful tools to assist them in taking informed decision. For this, we have tied-up with a service provider whose multi-algorithm-based integrated financial investment platform analyze a client's portfolio on several parameters. It further provides clients access to market indices, breaking news alerts, and helps keep track of stock performance.

We also launched our blog, Foresight, through which we provide current, objective and fully comprehensive resources to investors. It features articles and videos about various investment products and services and provides insights on savings and investments.

Launching innovative and premium digital technologies

Innovative Mutual Fund (MF) app

In FY 2017-18, we launched the innovative Funds Genie app for facilitating instant onboarding of prospective MF customers on our platform using PAN and Aadhaar numbers to start investing. With advantage of zero paperwork, it offers customers access to 14,000+ MF schemes along with our research-backed, short-listed recommendations. Embedded with a Robo advisory feature, it allows advanced features likes goal planning and tracking, tax planning, portfolio performance tracking and generate comprehensive reports.

Geojit Online Financial Planning (GOFP) platform

GOFP, our premium online platform was launched to enable clients plan, execute and monitor the entire gamut of financial planning, including retirement planning without engaging the services of an advisor.

Developed by our technology arm, Geojit Technologies, the intelligent and user-friendly platform analyzes profile, risk tolerance and goals of individuals to provide customized solutions. With a structural shift in savings towards financial asset class, this platform will prove utilitarian in guiding investors.

Management Discussion and Analysis

GLOBAL ECONOMIC OVERVIEW

2017 was a year in which global economic environment stabilized. Decent recovery and rebound were seen in investment, trade and manufacturing activity. This was driven by accommodative policies and firming commodity prices. The pickup in investment reflected in increased capacity utilization, favorable financial conditions, rising profits, and favorable business sentiment. Economic growth is expected to further accelerate with a broad base and a positive upswing in European and Asian economies.

The IMF's Primary Commodities Price Index increased by 3.9% between July 2016 and June 2017. In the oil market, inventories continue to fall amid strong demand, OPEC production restraint, and stabilizing United States shale oil production. The prices of industrial commodities continued to strengthen, while most of the agricultural prices remained broadly stable. *(Source: World Bank)*

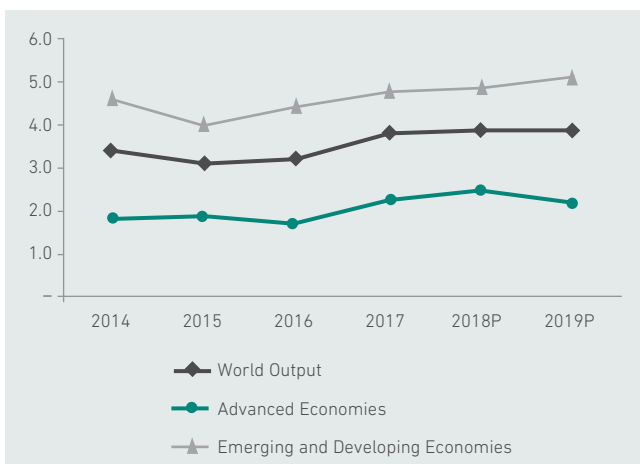

Equity markets in emerging markets and developing economies strengthened in the first three quarters of FY 2017-18. But towards the end of FY 2017-18, a significant portion of the gains were erased due to geopolitical uncertainties and the United States' trade policies.

As per the World Economic Outlook Report dated April 2018, World output was expected to grow at 3.8% in 2017 on the back of rebound in global investment growth and is projected to increase at 3.9% in 2018 and 2019. The increased global growth is a reflection of the expected impact of the tax policy changes of the United States. The tax cut by the United States will have an overall favorable impact, while in the short term; impact in the United States will be mostly driven by the investment in response to the policy changes. In the United States, the economic expansion is expected to trend northwards in 2018 and 2019, supported by buoyant asset prices, strong business and consumer confidence. The wage growth acceleration will offset the impact of slowing employment growth on consumption. Lowering tax rates on corporate and personal income will support fiscal policy in 2018.

Growth in advanced markets is driven by a recovery in capital spending and exports. Economic activity in advanced economies is forecasted to grow at 2.5% in 2018 and 2.2% in 2019 as compared to 2.3% growth registered in 2017. This growth is driven by a pickup in capital spending, a turnaround in inventories, and strengthening external demand. While growth accelerated in all major economies, the improvement was markedly stronger than expected in the Euro Area.

Emerging markets and developing economies are forecasted to grow at about 4.9% and 5.1% in 2018 and 2019 respectively from 4.8% in 2017. Growth in emerging markets reflects firming activity in commodity exporters and continued solid growth in commodity importers. The contribution of net exports declined in commodity exporters, as import growth rebounded substantially.

INDIAN ECONOMIC OVERVIEW

Indian economy is projected to achieve 7.4% growth rate in 2018, gradually recovering from the transitory adverse impact of rolling out the GST and demonetization. As per World Economic Outlook Report dated April 2018, the GDP growth is expected to be 7.4% and 7.8% in 2018 and 2019 respectively. This growth will be largely driven by the accelerated pace of structural reforms, focus towards a rule-based policy framework, and improvement in the ease of doing business. India's recent reforms are expected to encourage formal sector activity, broaden the tax base, and improve long-term growth prospects.

One Nation One Tax "GST" has created a single market, leading to increase in productivity and boost in corporate investment. It has also helped in reducing the cost of capital. These investments are further supported by the Centre's move to recapitalize public sector banks, creating fresh liquidity in the market. On the direct tax front, plans to reduce the corporate income tax rate and broaden the base will also promote growth.

As a reflection of the cumulative actions to improve the business environment, India's rank jumped 30 spots on the World Bank's Ease of Doing Business rankings. Although higher oil prices kept the fiscal deficit and inflation higher than expected, the Economic Survey suggests that if the pace of structural reform continues and fiscal stability is kept under control, growth in the medium term has the potential to reach 8%.

WPI Inflation surged in early 2017 due to the sudden spurt in global crude oil prices. The WPI inflation stood at 2.9% in 2017-18 (Apr-Dec) as against 0.7% in 2016-17 (Apr-Dec). Till July 2017, the moderation in global crude prices led to moderation in inflation. But as the oil prices bounced back along with the rise in food prices, inflation rose and reached the level of 3.6% in December 2017.

India's service sector contributed approximately 72.5% in 2017-18 to the country's Gross Value Added growth and grew at 8.3% during FY 2017-18. The Banking, Financial Services and Insurance (BFSI) sector contracted on account of periodic cyclicalities but is expected to rebound from the sectoral trough in 2018 with a gradual movement towards digitization. The BFSI sector growth has accelerated following an increase in electronic banking and insurance transactions with the Indian market outperforming the rest.

India's total foreign exchange reserves stood at USD 424.36 billion for the week ended 30th March 2018. This was on account of constant inflows from overseas investors thus helping India's import coverage ratio to reach a comfortable level of 10x in Financial Year 2018. India's Current Account Deficit (CAD) doubled to 1.2% of GDP or USD 7.2 billion in the second quarter ending September 2017 from 0.6% of GDP or USD 3.5 billion in the September quarter of 2016. The widening of the CAD was primarily on account of a higher trade deficit of USD 32.8 billion on account of larger increase in merchandise imports relative to exports.

Money and capital market

Capital market is the one-stop solution for companies looking to raise capital and investors looking to invest money. Money markets provide short-term finance; capital markets provide a much longer and broader avenue. A healthy and booming capital market is a strong indication of the confidence of people in the financial ecosystem of the country. Strong capital market volume aids economic growth by mobilization of savings and providing funds to the needy. In recent times, the overall performance of the Indian market has been good. SEBI facilitates transparency, investor protection and efficient pricing in the market. This has made the Indian capital market attractive for domestic as well as foreign investors. The investing pattern in the country is changing fast. There is a clear trend of financialization of savings, and within financial assets, there is an increasing preference for equity as an asset class. The Indian capital market seems poised to maintain its uptrend for a long time.

Equity markets: Following the global trend, Indian equity market also remained stable in 2017 and has turned volatile in 2018. India's equity market turnover (including F&O) for FY 2017-18 stood at ₹174,816,632 crores, increasing significantly by 78% over the previous year. The BSE saw its consolidated revenues jump by 13% for FY 2017-18 to ₹698.9 crore, from ₹618.3 crore in FY 2016-17. Indian equity valuations have mostly been at a premium to other emerging markets, reflecting the country's higher growth and potential growth. As on 29th January 2018, MSCI India is valued at a premium of 35% to the Asia ex-Japan Index.

Commodity markets: For an emerging market like India, commodities are an important driver of the capital market and commodity derivatives have a huge potential in such a market. There is a huge untapped potential, as Indian commodity market is hardly explored when compared to some developed nations. With significant efforts by all the stakeholders in this segment it's now evolving into a fully developed market. India has a long way to go in commodity derivatives segment. This is evident from the fact that the notional value of commodity derivatives is less than USD 1 trillion or almost half of the country's GDP whereas it is almost 2x GDP in China and almost 2.4x in the United States and 6.4x in the UK. The commodity market in India has grown slowly with newer options (agricultural as well as non-agricultural commodities) becoming increasingly available to customers. In 2017, the total turnover was at ₹51.26 lakh crore as against ₹61.11 lakh crore in 2016. Also, the institutional participation in the commodity market is in discussion stage and could be live very soon; this will deepen the volumes in the commodity market further.

Derivatives: In India, equity derivative market is rapidly growing with 9 major indices and 207 securities currently trading in the futures and options segment. SEBI has initiated the process of improving the equity derivative market in the country by seeking views from the market participants. The notional F&O turnover in FY 2016-17 was 15.6 times the cash market. In FY 2017-18, trading index and stock options contributed around 87.26% to the total turnover, followed by stock futures at 9.45%, and index futures at 2.92%.

Response to the Indian Derivative Market is very positive. The derivatives turnover has surpassed the equity market turnover. Between the financial years 2005 and 2017, cash market turnover increased by CAGR of 11.4%, while F&O turnover rose by CAGR of 35%.

India is one of the most successful developing countries in terms of a vibrant market for exchange-traded derivatives. As the equity derivative market is garnering higher volumes and a healthy growth rate, timely and relevant changes to this segment are necessary and the market regulator rightly intends to do so as is evident from the recent changes brought about in the P-note regulations.

Insurance: The average penetration for the life insurance industry globally is 3.5% as on 2016 which is 75 bps more than the Indian life insurance industry. Among comparable Asian counterparts, life insurance penetration for Thailand, Singapore, and South Korea stood at 3.7%, 5.5% and 7.4%, respectively, as of 2016, much higher compared with India. India's life insurance penetration declined to almost 2.7% in 2016 as compared to 4.4% in FY 2009-10, this is attributed to the fact that GDP is growing at a faster pace compared to

growth in premiums. Further, due to a higher share of savings than protection in the premium, the actual protection provided by insurance in India would be much lower compared with other developing markets. The average insurance penetration in emerging markets increased to 3.2% in 2016 from 2.9% in 2015. The insurance density in India, at USD 46.5 billion in 2016, remains low as compared to that of other developed and emerging market economies.

The insurance industry in India has recorded significant growth post-liberalization with currently about 24 life insurance and 33 non-life insurance companies operating in the Indian market. Within Life Insurance, as of FY 2016-17, non-linked products were the most popular, accounting for 87% of total premium collected. The life insurance players have also started to offer health insurance products covering individuals and groups. As of FY 2016-17, health insurance premium collections were ₹307 billion. Currently, low penetration and low density offers large growth potential for Indian insurance market. Going forward, the new business premium of life insurers is expected to grow at 11-13% CAGR to ₹3,000-3,100 billion over the next five years.

Mutual funds: Indian mutual fund industry started its operation in 1963 with the formation of Unit Trust of India. India's mutual fund industry's asset base has grown 4.3x in the past 10 years and collections have jumped sharply over the last two years especially post demonetization and with investors becoming aware of the mutual fund market. The assets under management of the Indian mutual fund industry have quintupled from ₹3.26 trillion as on 31st March 2007 to ₹21.36 trillion as on 31st March 2018. The total number of accounts as on 31st March, 2018 stood at 7.13 crore, while the number of folios under equity, ELSS and balanced schemes, wherein the maximum investment is from the retail segment, stood at 5.94 crore. Indian mutual funds have a significantly higher share of equity AUM compared with most emerging markets. As on December 2017, corporate investors accounted for almost 43.03% of the total Assets Under Management in India, while high net worth individuals and retail investors accounted for 29.65% and 25.25% respectively. The rising monthly SIP book presents an encouraging picture for the sector. From less than ₹1,000 crore a month a few years ago, the SIP flows have crossed ₹7,000 crore by mid 2018. In 2017, over ₹53,000 crore of money has flowed in through the SIP mode; most of it is in equity. With this pace of growth, the sector expects SIP monthly flows to touch ₹10,000 crore by the end of 2018.

Growth drivers

- **Digitization:** India has almost 432 million Internet users and over 1.2 billion mobile users and 30% of them are smartphone users. The smartphone penetration rate in India is expected to increase rapidly over the next few years, reaching 66% by the end of FY 2021-22. The share of mobile data subscribers is projected to increase from 34% in

FY 2016-17 to 66% by the end of FY 2021-22. With the increase in smartphone penetration and faster data speeds, consumers are increasingly finding digital platforms more convenient.

- **Financial Inclusion:** The Central Government is promoting financial inclusion by several initiatives like Pradhan Mantri Jan-Dhan Yojana which aims to bring all citizens under the purview of a formal banking system and ensures access to financial services at an affordable price, including savings and deposit bank accounts, remittances, credit, and insurance. Pradhan Mantri Jeevan Jyoti Bima Yojana is a Government-backed insurance scheme that offers life insurance coverage while Pradhan Mantri Suraksha Bima Yojana is an accident insurance scheme that provides coverage of ₹ 200,000. Over 100 million people have registered for these schemes.
- **Aadhaar Linkage:** UIDIAI's Aadhaar is the world's largest biometric ID system and has received over 1.4 billion unique identification accounts as of December 2017. Over 99% of Indians above the age of 18 have enrolled in the Aadhaar program. This will enable seamless electronic KYC, which has facilitated a rapid transformation of India from a cash-dominated economy into a "digital" economy.
- **Recapitalization Package:** Recapitalization of public sector banks in October 2017 with ₹ 2.11 trillion package is a major initiative towards revitalizing these institutions. As these institutions are grappling with large portfolios of NPAs and inadequate capital, this will help them to focus on credit growth.
- **GST:** Introduced in July 2017, One India One Tax Reform "GST", has removed multiple cascading effects of taxes levied by the central and state governments thereby streamlining the tax system. The GST enables business decisions to be taken based on supply chain efficiency, instead of state-wise tax arbitrage.
- **Insolvency and Bankruptcy Code:** Insolvency and Bankruptcy Code is a key long-term initiative that structurally strengthens the identification and resolution of insolvencies. Insolvency and Bankruptcy Code aims to resolve insolvencies within definite timelines and by enhancing the credit enforcement structure.
- **Increasing per capita income:** The per capita income in India is expected to cross ₹ 1.11 lakhs in FY 2017-18, an 8.3% increase over that in the last fiscal (~₹ 1.03 lakhs). This could channelize more savings into financial markets including debt and equity instruments.
- **Record demat account openings:** India saw record demat account openings in the FY 2017-18. Over 3.76 million fresh demat accounts have been opened, surpassing the previous record of 3 million in the peak of the previous bull market of FY 2007-08.

Investments (FDI/FPI/FII)

Services sector including financial services were amongst the top 5 sectors in terms of FDI equity Inflows during FY 2016-17. Services sector recorded a growth of 26% from USD 6.9 billion during FY 2015-16 to reach USD 8.7 billion during FY 2016-17.

During the FY 2017-18, India received net investments of USD 19.8 billion from FIIs touching a record high investments in Indian equities and debt. This was backed by expectations of an economic recovery, falling interest rates and improving earnings outlook.

India-focused offshore funds and exchange-traded funds (ETFs) witnessed inflows of USD 6.5 billion in 2017. Inflows in January 2018 reached a 10-month high of USD 1.1 billion.

Outlook

The year gone by was a revolutionary year for Indian financial services sector. With new emerging technologies, options for e-payments and online banking, the ease of doing transactions improved and institutions are now increasingly focusing on risk management by adopting a holistic approach towards the same to keep themselves up to the mark. Most of the banks have already put in place a framework for asset-liability match and credit and derivatives risk management. As per IBEF report dated April 2018, gross national savings in India is likely to grow at a CAGR of 8.87% over 2015 to 2019 to reach USD 940 billion. HNI's wealth is likely to grow at 19.7% CAGR till 2020 giving an indication of the robust growth in innovative financial products. RISK EVALUATION AND MITIGATION

1. **Product risk:** Product risk refers to the risks arising out of the products a company offers to its customer in the market.

Risk mitigation: Geojit Financial Services Limited offers its customers a well-diversified product range in line with customers need and market conditions. The Company offers brokerage, mutual fund distribution and portfolio management to its customers. This diversification and product range helps the Company reduce risks arising out of products.

2. **Regulatory risk:** Regulatory risk is the risk arising out of a change in laws and regulation governing business. It could also arise on account of inadequate observance of regulatory requirements or differences in interpretation of regulations vis-à-vis the regulators. New laws or regulations or changes in the enforcement of existing laws and regulations may adversely affect business/revenue/profits.

Risk mitigation: The Company has a team of experienced professionals who take care of compliance with applicable laws, rules, regulations, and guidelines affecting our

As per IBEF report dated April 2018, gross national savings in India is likely to grow at a CAGR of 8.87% over 2015 to 2019 to reach USD 940 billion.

businesses. The team is strongly supported by our Corporate Functions team to quickly calibrate the action in case of a change in regulation. All the new guidelines, circulars, notifications are complied with. Formulation of the policies as well as its implementation is taken due care of. Internal audit is also carried out to monitor compliance with best practices, approved policies, and applicable regulations.

3. **Operational risk:** Risks arising due to inadequate control or insufficient checks of the controls in the internal processes, people, and systems or from external factors or a combination of internal as well as external factors is known as Operational Risk. The businesses are dependent on people and processes. Shortcomings or failure in internal processes or systems may have a material adverse impact on financial position as well as affecting its operations.

Risk mitigation: The Company has well-defined policies, operational processes, and systems that have been devised for operations. The Company also gets systems audit carried out periodically. Maker/Checker mechanism has been put in place to ensure compliance with laid down systems and procedures in all areas of functioning of the Company. Also, the Company's key management team consists of professionals with a high level of commitment.

4. **Financial risk:** This risk arises out of loss due to non-trading, changes in consumer preference, failure in terms of generating adequate revenue.

Risk mitigation: The Company now has diversified into different areas and products. This diversification has

reduced the financial risk as profit out of one or more segments could nullify loss from another. In the mutual fund business, we have focused on the SIP-based approach to reduce the risk to a great extent and ensure steady cash flow into the business.

5. **Technological risk:** This relates to the risk of lacking the technological bent in offering financial services and delivering financial products.

Risk mitigation: The Company has made timely investment in procuring the latest hardware and software to meet the requirements of business, risk, and finance teams, which has led to higher productivity. The Company endeavors to upgrade technological processes constantly and believes that IT initiatives will play a crucial role in fueling higher growth.

6. **Strategy risk:** Risk arising out of major strategic moves that the Company takes and those that the competitors may replicate.

Risk mitigation: The Company has put in place its strategies to always be competitive and ahead of time. These strategies give the Company an edge over market and competitors. As a result of this trading platforms like SELFIE have expanded the Company's product distribution and services network by offering both online and offline access to customers across its product categories. This platform has features to plan much ahead and to safeguard the business from internal and external threats.

7. **Competition risk:** The industry in which the Company operates is growing at a rapid pace and is exposed to tremendous competition at the national as well as international level. Strong growth prospects combined with the liberalization of financial services sector have prompted the entry of newer foreign and domestic financial services companies.

Risk mitigation: Diversified and innovative products and services are offered to keep the customers and other stakeholders intact. Further, continuous research and development helps in mitigating the competition risk. Fair and transparent practices help the entity gain a competitive advantage over other entities.

OUR PERFORMANCE:

The year under review was another satisfying year for the Company. The Company continued to grow on its set targets with high level of corporate governance and robust internal control system. The Company had also tapped on an inorganic growth opportunity by acquiring the client base of commodity broker 'Geofin Commodities'. During the year, a new Independent Director joined the board of the Company to strengthen the board structure. Now, the Company has seven directors on board of which four directors are independent directors.

FINANCIAL PERFORMANCE ANALYSIS

Segment-wise performance

Equity: Equity markets had a spectacular year with both benchmark indices touching all-time highs in the month of January 2018. Reforms in indirect tax, RERA, and other reforms pushed the growth in the market. Equity trading increased with the increased use of online trading platform 'SELFIE'.

The average equity cash volume per day went up from ₹ 397 crore to ₹ 473 crore, an increase of 19%. In the Futures and Options segment, however, the comparable increase was 50%, i.e. from ₹ 853 crore witnessed last year to ₹ 1,281 crore in FY 2017-18. Revenue from Mobile Trading was ₹ 52 crore, as compared to ₹ 35 crore recorded in the previous year, an increase of 47%. Similarly, income from internet broking, including mobile, increased from ₹ 68.63 crore last year to ₹ 87 crore, an increase of 26%.

The number of clients has increased from 865,000 to 934,000, an increase of 8.0%. Assets under Management and Custody increased from ₹ 32,376 crore to ₹ 38,620 crore, an increase of 19%. Our network of offices stands at 512. We are present in 19 States and 2 Union Territories.

Mutual Fund: The mutual fund distribution income reported a growth of 92%, from ₹ 22.69 crore in the FY 2016-17 to ₹ 43.45 crore in FY 2017-18. Our sharper focus and efforts in promoting Mutual Funds, particularly SIPs have led to higher revenues. Higher returns from diversified investments and growing awareness relating to mutual funds industry resulted in business segment growth along with better buying experience for customers.

Depository Services: In line with the increase in the number of clients, the number of depository accounts increased by nearly 6% during the year, from 5.77 lakhs at the end of March 2017 to 6.12 lakhs at the end of March 2018.

OVERSEAS OPERATIONS

The Company's overseas operations continued to grow in strength even as the austerity and localization drives affected Indian migrants. While India continued to top the world rankings in terms of remittances, the Non-Resident Indians faced uncertainty as the Gulf Region underwent seismic changes. However, there is no let-up in our business activity there. BBK Geojit Securities in Kuwait and Barjeel Geojit Securities in the UAE, remained highly profitable while others like Aloula Geojit Capital in Saudi Arabia and QBG Geojit Financial in Oman are showing strong volumes. We expect their performance to only get better.

EMERGING OPPORTUNITIES AND CHALLENGES

Interest rate in the US is returning to normalcy with short-term rates moving up to 1.5-1.75%. The rate hikes started last year, and there are expectations of a rate hike in future also. The interest rate hike in the world's largest economy has implications for emerging economies like India. The dollar inflows from FIIs have been robust but with rate hike, expectations are that a part of the money will flow back to the US as there will be investment safety. There have been spurts

in Indian stock prices till January 2017, which were purely liquidity-driven without much support from earnings growth. The over-leveraged corporate houses of India are already facing the wrath of the government and the RBI as they are keen to push the stressed companies to bankruptcy proceedings that will see a resolution or liquidation within 180 days. There are signs of uncertainty with geopolitical conflicts in the Middle East and recent trade war between US and other countries. In the midst of all these global uncertainties and geopolitical tensions, Indian markets have performed well consistently, on the back of strong domestic funds inflow, good growth story and fruits of demonetization.

RISK ANALYSIS AND RISK MITIGATION

The financial services industry is subject to continuously evolving legislative and regulatory environment due to increasing globalization, integration of world markets, newer and more complex products and transactions and an increasingly stringent regulatory framework. Risk is an integral part of the business and almost every business decision requires the management to balance risk and reward. The inability to manage these risks can cause permanent damage.

Timely and effective risk management is of prime importance to the Company's continued success. The Company believes that risk assessment is the first step in a sound risk management procedure. The Company has developed comprehensive risk management policies and processes to deal with the risks that are encountered in conducting business activities in an effective manner. The Directors review these reports and the course of action taken or to be taken to manage and mitigate the risks.

Risk is managed through risk management architecture as well as through policies and processes approved by the Board of Directors and the Firm Management encompassing independent identification, measurement, and management of risk across various businesses.

INTERNAL CONTROLS

The Company maintains adequate internal control systems commensurate with the nature of business, size, and complexity of its operations. The Company has well-established processes, guidelines, and procedures to augment the internal controls. This, coupled with adequate internal information systems ensures proper information flow for the decision-making process. Adherence to these processes is ensured through frequent internal audits. The internal control system is designed to ensure maintenance of proper accounting controls, monitoring of operations, protection and conservation of assets and compliances with applicable laws and regulations.

The Audit Committee of the Board provides necessary oversight and directions to the internal audit function and periodically review the findings and ensures corrective measures are taken keeping in mind the organization's requirements, growth prospects, and ever-evolving business environment. This system enables us to capture a precise reflection of the organization's position at all times and also facilitates timely detection and plugging of anomalies by various business groups.

Human resources

The Company's strong management team and talented, professional human capital resource are its biggest strengths. The Human Resource function revolves around creating and developing human capital by improving organizational effectiveness, providing a safe and ethical work environment, and maintaining stability and sustainability amidst the rapidly changing business environment. The Company believes in retaining its employees, who are technologically driven and clear performers. The total strength of the Company's workforce as on 31st March, 2018, was 2,460.

Procedure for Postal Ballot

In compliance with Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Sections 108, 110 and other applicable provisions of the Act, read with related Rules, the Company provides electronic voting facility to all its Members, to enable them to cast their votes electronically. The Company engages the services of NSDL for the purpose of providing e-facility to all its Members. The Members have the option to vote either by physical ballot or by e-voting.

The Company dispatches the postal ballot notices and forms along with postage pre-paid business reply envelopes to its Members whose names appear in the Register of Members/the List of beneficiaries as on a cut-off date. The Postal Ballot Notice is sent to members in electronic form to the email addresses registered with their depository participants (in case of electronic shareholding)/ the Company's Registrar and Share Transfer Agents (in case of physical shareholding). The Company also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the Act and the applicable Rules.

Voting rights are reckoned on the paid-up value of shares registered in names of Members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms are requested to return the forms duly completed and signed, to the Scrutinizer on or before the end of the voting period. Members desiring to exercise their votes by electronic mode are requested to vote before close of business hours on the last day of e-voting.

The Scrutinizer submits his/her report to the Chairman, after the completion of scrutiny and the consolidated results of the voting by postal ballot are then announced by the Chairman/authorised officer. The results are also displayed on the website of the Company, www.geojit.com, besides being communicated to the Stock Exchanges, Depositories and the Registrar and Transfer Agent.

Auditors' certificate on Corporate Governance

To the Members of Geojit Financial Services Limited

(formerly known as Geojit BNP Paribas Financial Services Limited)

Independent Auditor's certificate on Compliance of Corporate Governance Report

This certificate is issued in accordance with the terms of our engagement letter dated 3 May 2018.

Geojit Financial Services Limited (formerly known as Geojit BNP Paribas Financial Services Limited) ('the Company') requires Independent Auditor's Certificate on Corporate Governance as stipulated in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') for the period 1 April 2017 to 31 March 2018.

Managements' Responsibility

The preparation of the Corporate Governance report is the responsibility of the Management of the Company along with the maintenance of all its relevant supporting records and documents. The Management is responsible for ensuring that the Company complies with the requirements as stipulated in Regulations 17-27, Clauses (b) to (i) of Regulation 46 (2) and paragraphs C, D and E of Schedule V of the Listing Regulations for the period 1 April 2017 to 31 March 2018. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the report and applying an appropriate basis of preparation.

Auditor's Responsibility

Pursuant to the requirements of the Listing Regulations, our responsibility is to state whether the Company has complied with the above said conditions of Corporate Governance for the period 1 April 2017 to 31 March 2018.

We have examined the compliance of conditions of Corporate Governance by the Company for the period 1 April 2017 to 31 March 2018 as per Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have conducted our examination in accordance with the 'Guidance Note on Reports or Certificates for Special Purposes' issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

In our opinion and to the best of information and according to the explanations given to us and representations made by the Management, we state that the Company has complied with the conditions of Corporate Governance as specified in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations, as applicable.

We state that such compliance is neither an assurance as to the future viability of the Company nor as to the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Restriction on use

This certificate is issued solely for the purpose of complying with Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations for the period 1 April 2017 to 31 March 2018 and may not be suitable for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Annexure- VIII to Directors' Report

Remuneration Policy

1. Introduction

Geojit Financial Services is an intermediary in the savings and investment segment of India since January 1987. The company always believed its "Employees" to be the most vital component and steps have been taken at all times to ensure that the employees are motivated for improving organizational effectiveness.

One of the important tools at the hands of the Company is an appropriate remuneration structure considering the nature of the Industry. The compensation policy has always served the need for attracting and retaining the best employees. Considering the industry being cyclic and unpredictable in nature the Company always looked at a balancing act by providing fixed and variable monetary and non-monetary benefits to employees.

In pursuance of the Company's commitment towards good corporate governance, the Company had a Compensation Committee from May 2000 consisting of three Directors of the Board of which two were Independent Directors. Over the years, the Committee was reconstituted periodically with change in members and with adequate representation of independent members. To align with the statutory requirements under the Companies Act 2013 and the Amended Cl.49 of the Equity Listing Agreement, the Board of the Company in its meeting held on 14th May 2014 has renamed the existing Compensation Committee as "Nomination and Remuneration Committee".

2. Constitution of the Nomination and Remuneration Committee (NRC)

As mandated under Sec.178(1) of the Companies Act, the Board of the Company in exercise of its powers, has constituted the Nomination and Remuneration Committee comprising of the following Directors:

1. R Bupathy (Independent Non-Executive Director) – Chairman of NRC
2. Mahesh Vyas (Independent Non-Executive Director) – Member
3. Radhakrishnan Nair (Independent Non-Executive Director) – Member

3. Applicability of the Policy

This Policy is applicable to:

- Directors (both Executive & Non-Executive)
- Key Managerial Personnel (MD & CEO, Chief Financial Officer, Company Secretary)
- Senior Management Personnel means personnel of the Company who are members of its core management team, comprising of the Heads of Sales, Operations and Human Resources
- All other employees

4. Types of Remunerations and role of NRC

The NRC shall ensure that the level and composition of remuneration to the Directors, KMPs, SMPs and employees of the Company are reasonable and sufficient to attract, retain and motivate quality manpower required to run the company successfully. The components of the total remuneration vary for different grades and are governed by the industry pattern, qualification & experience / merits, performance etc of each employee. The Company while deciding the remuneration package takes into consideration current employment scenario, business environment and remuneration package of the industry. The current structure of remuneration as detailed below shall be reviewed by NRC periodically to ensure its adequacy.

- I. **Direct Remuneration** refers to monetary benefits offered to employees, in return for the services they provide to the organization. The monetary benefits include fixed salary consisting of Basic Salary, allowances, perquisites and statutory contributions. The Direct Remuneration may be designed keeping in mind the industry standards and follows a minimum remuneration benchmark. **Indirect Remuneration** refers to non-monetary benefits offered to employees with some benefits extended to dependent family members, so that employees enjoy work-life balance. It includes additional holidays and leave over and above the statutory requirements, Leave travel reimbursement, , annual Executive medical check-up for employee and spouse, corporate mobile connection, subsidized meals, soft loans, group medical insurance, group personal accident insurance etc.

II. Strategic Remuneration consists of compensation packages determined and provided to the employees that are aligned with the business goals and objectives. Keeping abreast with today's competitive scenario, company has taken special measures regarding compensation of the employees so that it can retain valuable employees. The remuneration includes:

- **Monthly and Annual Incentives:** based on individual and team performance and also on the profitability of the Division/Company.
- **Profit sharing Bonus to Senior Management personnel:** paid annually as a percentage of the net profits of the Company subject to consistent performance.
- **Merit Raise; by way of Promotions and salary hikes** for exceptional performance of employees
- **ESOPs:** given to employees in recognition for their performance and for their association with the company.

5. Remuneration of Non-Executive Directors

1. The Non-Executive Directors of the Company (both promoter director/independent director) shall be paid sitting fees for the meetings that they attend.
2. The Non-Executive Directors shall be reimbursed reasonable costs for attending meeting of the board and committees thereof.

6. Remuneration of Managing Director

The Managing Director of the Company shall be paid remuneration as approved by the Shareholders on the recommendation of the Board and Nomination & Remuneration Committee. It shall consist of direct remuneration, indirect remuneration and also a strategic remuneration based on the performance of the Company which shall be in accordance with the provisions of the Act.

7. Remuneration of KMPs and SMPs

The remuneration to KMPs and SMPs shall include direct remuneration and indirect remuneration primarily. Strategic remuneration appropriate to the performance of KMPs and SMPs will be paid subject to the prevailing policy.

8. Remuneration of Other Employees

The remuneration to employees other than KMPs and SMPs shall include direct remuneration, indirect remuneration and strategic remuneration which can be Performance Linked and/or Profit linked incentive. These incentives include Monthly Incentives and consistent performers are also rewarded with Annual incentives and other strategic remuneration.

9. Effective Date of the Policy

The Policy shall be effective from 1st April 2014.

Independent Auditor's Report

To the Members of Geojit Financial Services Limited

(formerly known as Geojit BNP Paribas Financial Services Limited)

Report on the standalone financial statements

We have audited the accompanying standalone financial statements of Geojit Financial Services Limited (formerly known as Geojit BNP Paribas Financial Services Limited) (the "Company"), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profits and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, its profits and its cash flows for the year ended on that date.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act;
 - (e) on the basis of the written representations received from the directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and
 - (g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 28(i) to the standalone financial statements;
 - ii. the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company; and
 - iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the financial year ended 31 March 2018. However amounts as appearing in the audited standalone financial statements for the period ended 31 March 2017 have been disclosed.

Annexure A to the Independent Auditor's Report

The Annexure referred to in our Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended 31 March 2018, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The Company is a service company, primarily rendering financial services. Accordingly, paragraph 3 (ii) of the Order is not applicable.
- (iii) The Company has granted a loan to one of its subsidiary covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act').
 - (a) In our opinion, the rate of interest and other terms and conditions on which the loan had been granted to the subsidiary covered in the register maintained under Section 189 of the Act was not, prima facie, prejudicial to the interest of the Company.
 - (b) In the case of the loan granted to the subsidiary covered in the register maintained under Section 189 of the Act, the borrower has been regular in the payment of the principal and interest as stipulated.
 - (c) There are no overdue amounts in respect of the loan granted to the subsidiary.
- (iv) In our opinion and according to the information and explanations given to us, and based on the legal opinion obtained by the management, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans, guarantees given and investments made as applicable to the Company.

Annexure B to the Independent Auditors' Report

Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Geojit Financial Services Limited (*formerly known as Geojit BNP Paribas Financial Services Limited*) ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the standalone financial statements

1. Background

Geojit Financial Services Limited (*Formerly known as Geojit BNP Paribas Financial Services Limited*) ('the Company') had its origin in the year 1987 as a partnership firm of Mr. C. J. George and his associates. In the year 1994, the firm was converted into a Company with the objective of providing technically superior trading platform for the investor community in Kerala. Over the years, the Company has spread its operations across the country through branch and franchisee network. In 2007, BNP Paribas SA became a major shareholder in the Company. The Company offers complete spectrum of financial services including online broking for equities, commodities, derivatives and currency futures, custody accounts, financial products distribution, portfolio management services, margin funding, etc. It has operations outside the country through subsidiaries, an associate and joint ventures in Oman, Kuwait, UAE and Saudi Arabia. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange.

2. Significant accounting policies

2.1 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI). The financial statements have been prepared on accrual basis under the historical cost convention and using the going concern basis of accounting as assessed by the management. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Cash and cash equivalents (for purposes of cash flow statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition) highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.4 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.5 Property, plant and equipment and intangible assets

Fixed assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Property, plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Advances paid towards the acquisition of fixed assets, outstanding at each balance sheet date are shown under advances for capital goods. The cost of the property, plant and equipment not ready for their intended use before such date are disclosed under capital work-in-progress.

Notes forming part of the standalone financial statements (contd...)

2.6 Depreciation and amortisation

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on property, plant and equipment has been provided under the straight-line method as per the useful life as estimated by management.

Management estimates the useful life for the property, plant and equipment as under:

Class of assets	Useful life
Buildings *	40 years
Furniture and fixtures	10 years
Furniture and fixtures in leasehold premises *	5 years
Computers and accessories	3 years
Computers and accessories - Data centre equipments *	5 years
Office equipments	5 years
Electrical equipments *	5 years
Vehicles *	5 years
Plant and machinery	15 years

* For these class of assets, the Company has assessed the useful life based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Improvements to leasehold premises are amortised over the lease term or useful lives of the assets, whichever is lower. If the premises are vacated before the expiry of above term, the un-amortised costs are fully written off in the year of vacation.

Computer software, an intangible asset, is amortised under straight-line method over the estimated useful life of 5 years. The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

2.7 Revenue recognition

Brokerage income is recognized on the trade date of transaction upon confirmation of the transaction by the stock exchange. Income from depository services, penal charges and portfolio management services are recognised on the basis of agreements entered into with clients and when the right to receive the income is established. Commission income from financial products distribution is recognised on the basis of agreements entered into with principals and when the right to receive the income is established. Interest income from margin funding business is recognised on loans given to clients on time proportion basis.

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive the income is established. Shared services cost is recognised based on agreements entered into with the parties.

2.8 Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the statement of profit and loss.

Foreign currency monetary items outstanding at the balance sheet date are translated at the closing exchange rates on that date. Non-monetary items are carried at historical cost.

2.9 Investments

Non-current investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually at the lower of cost and fair value. Cost of investments includes acquisition charges such as brokerage, fees and duties.

Notes forming part of the standalone financial statements (contd...)

2.10 Employee benefits

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Defined contribution plan

The Company's contribution to provident fund scheme is considered as defined contribution plan, and is charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

For defined benefit plan in the form of gratuity fund, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the statement of profit and loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date.

2.11 Employee share based payments

The Company has formulated Employee Stock Option Plans (ESOP) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. The Schemes provide for grant of options to employees of the Company and its subsidiaries to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period. In accordance with the SEBI Guidelines and the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India, the excess, if any, of the closing market price on the day prior to the grant of the options under ESOP over the exercise price is amortised on a straight-line basis over the vesting period under the 'intrinsic value method'.

2.12 Leases

Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

Notes forming part of the standalone financial statements (contd...)

2.13 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.14 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax relating to items directly recognised in reserves are recognised in reserves and not in the Statement of Profit and Loss.

2.15 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount in the statement of profit and loss. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

2.16 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes. Contingent assets are not recognised in the financial statements.

(B) Accounting of employee share based compensation cost:

The Company has adopted 'intrinsic value method' for accounting employee share based compensation cost. Under the intrinsic value method, the difference between market price of the share on the date prior to grant date and the exercise price is considered as intrinsic value of options and expensed on straight-line basis over the vesting period as employee share based compensation cost. The details of costs accounted under the Employee Stock Option Plans are as follows:

Plan	ESOP 2010 – Tranche II	ESOP 2010 – Tranche III	ESOP 2010 – Tranche IV	ESOP 2016 – Grant 1	ESOP 2016 – Grant 2	ESOP 2016 – Grant 3	ESOP 2016 – Grant 4	ESOP 2017

Annualised volatility is computed using the high and low market price of the Company's share over the one year period prior to the date of grant. It is assumed that employees would exercise the options immediately on vesting. The historical volatility of the Company's share price is higher than the volatility considered above. However, the Company expects the volatility of its share price to reduce as it matures.

Independent Auditors' report

To the Members of Geojit Financial Services Limited

(formerly known as Geojit BNP Paribas Financial Services Limited)

Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Geojit Financial Services Limited (formerly known as Geojit BNP Paribas Financial Services Limited) ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries collectively referred to as the "Group"), its associate and jointly controlled entities, comprising of the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements")

Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated state of affairs, consolidated profits and consolidated cash flows of the Group including its associate and jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate and jointly controlled entities are responsible for assessing the ability of the Group and of its associate and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Group and of its associate and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Group and its associate and jointly controlled entities to cease to continue as a going concern.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of its subsidiaries, an associate and jointly controlled entities, the Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and jointly controlled entities as at 31 March 2018, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other matters

We did not audit the financial statements / financial information of five subsidiaries, whose financial statements / financial information reflect total assets of ₹ 18,409.75 lakhs as at 31 March 2018, total revenues of ₹ 3,291.29 lakhs and net cash

outflows amounting to ₹ 39.65 lakhs for the year then ended, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose report have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report of the other auditors.

We did not audit the financial statements / financial information of one subsidiary and two jointly controlled entities, whose financial statements / financial information reflect total assets of ₹ 3,250.09 lakhs as at 31 March 2018, total revenues of ₹ 1,585.95 lakhs and net cash outflows amounting to ₹ 75.62 lakhs for the year ended on that date, as considered in the consolidated financial statements. The Consolidated Financial Statements also include the Group's share of net profit of ₹ 11.28 lakhs for the year ended 31 March 2018, as considered in the consolidated financial statements, in respect of one associate, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, jointly controlled entities and associate, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/ financial information certified by the Management.

Report on other legal and regulatory requirements

As required by sub-sections 3 of Section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements of the subsidiaries as noted in the 'Other Matter' paragraph, we report, to the extent applicable, that:

- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;

Annexure A to the Independent Auditors' Report on the consolidated financial statements

Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of Geojit Financial Services Limited (*formerly known as Geojit BNP Paribas Financial Services Limited*) ("the Holding Company") and its subsidiary companies, which are companies incorporated in India, (collectively referred to as the "Group") as of that date.

Management's responsibility for internal financial controls

The respective Board of Directors of the companies included in the Group are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of the report referred to in the 'Other matter' paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its subsidiaries incorporated in India has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal controls over financial reporting insofar as it relates to five subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes forming part of the consolidated financial statements

1. Background

Geojit Financial Services Limited (*Formerly known as Geojit BNP Paribas Financial Services Limited*) ('the Company') had its origin in the year 1987 as partnership firm of Mr. C.J. George and his associates. In the year 1994, the firm was converted into a Company with the objective of providing technically superior trading platform for the investor community in Kerala. Over the years, the Company has spread its operations across the country through branch and franchisee network. In 2007, BNP Paribas SA became a major shareholder in the Company. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange. The Company, its subsidiaries and jointly controlled entities, located within and outside India, hereinafter referred to as the 'Group', offers complete spectrum of financial services including online broking for equities, commodities, derivatives and currency futures, custody accounts, financial products distribution, portfolio management services, margin funding, etc. The Group's operations outside the country are located in Oman, Kuwait, UAE and Saudi Arabia.

2. Basis of consolidation and significant accounting policies

2.1 Basis of accounting and preparation of consolidated financial statements

The consolidated financial statements of the Company, its subsidiaries and jointly controlled entities (together the 'Group') have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI). The consolidated financial statements have been prepared on accrual basis under the historical cost convention and using the going concern basis of accounting as assessed by the management. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

2.2 Principles of consolidation

The consolidated financial statements relate to Geojit Financial Services Limited (the 'Company'), its subsidiary companies, jointly controlled entities and the Group's share of profit / loss in its associate. The consolidated financial statements have been prepared on the following basis:

- (i) The financial statements / financial information of the subsidiary companies, jointly controlled entities and associate used in the consolidation are drawn upto the same reporting date as that of the Company, i.e., 31 March 2018.
- (ii) The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered, as per AS 21 'Consolidated financial statements'.
- (iii) The consolidated financial statements include the share of profit / loss of an associate entity which has been accounted for using 'equity method' as per AS 23 'Accounting for investments in associates in consolidated financial statements'. Accordingly, the share of profit/ loss of the associate entity (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investment.
- (iv) Share of profit / loss, assets and liabilities in the jointly controlled entities, which are not subsidiaries, have been consolidated on a proportionate basis by considering the book values of like items of assets, liabilities, incomes and expenses to the extent of the Group's equity interest in such entity as per AS 27 'Financial reporting of interests in joint ventures'. The intra-group balances, intra-group transactions and unrealised profits or losses have been eliminated to the extent of the Group's share in the entity.
- (v) The excess of cost to the Group of its investments in the subsidiary companies / jointly controlled entities over its share of equity of the subsidiary companies / jointly controlled entities, at the dates on which the investments in the subsidiary companies / jointly controlled entities were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the subsidiary companies / jointly controlled entities as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital reserve' and shown separately in the consolidated financial statements. The 'Goodwill' / 'Capital reserve' is determined separately for each subsidiary company / jointly controlled entity and such amounts are not set off between different entities.

Notes forming part of the consolidated financial statements (contd...)

2.2 Principles of consolidation (contd...)

- (vi) Minority interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company.
- (vii) The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve, as the case may be.
- (viii) Goodwill arising on consolidation is not amortised, but tested for impairment.
- (ix) Following subsidiary companies, associate and jointly controlled entities have been considered in the preparation of the consolidated financial statements:

Name of the entity	Relationship	Country of incorporation	Ownership held by	% of holding and voting power either directly or indirectly through subsidiary as at	
				31 March 2018	31 March 2017
Geojit Investment Services Limited	Subsidiary company	India	Geojit Financial Services Limited	100%	100%

- (x) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements.

Notes forming part of the consolidated financial statements (contd...)

2.3 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.4 Cash and cash equivalents (for purposes of cash flow statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition) highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.6 Property, plant and equipment and intangible assets

Fixed assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash consideration. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident.

Property, plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Projects under which property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.7 Depreciation and amortisation

Depreciable amount for assets is the cost of an asset, less its estimated residual value.

Depreciation on property, plant and equipment of the Company and its Indian subsidiaries has been provided under the straight-line method as per the useful life as estimated by the management.

Management estimates the useful life for the property, plant and equipment as under:

Class of assets	Useful life
Buildings *	40 years
Furniture and fixtures	10 years
Furniture and fixtures in leasehold premises *	5 years
Computers and accessories	3 years
Computers and accessories - Data centre equipments *	5 years
Office equipments	5 years
Electrical equipments *	5 years
Vehicles *	5 years
Plant and machinery	15 years

Notes forming part of the consolidated financial statements (contd...)

2.7 Depreciation and amortisation (contd...)

* For these class of assets, the Company and its Indian subsidiaries has assessed the useful life based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Improvements to leasehold premises are amortised over the lease term or useful lives of the assets, whichever is lower. If the premises are vacated before the expiry of above term, the un-amortised costs are fully written off in the year of vacation.

Computer software, an intangible asset, is amortised under straight-line method over the estimated useful life of 5 years. The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

Depreciation on the property, plant and equipment and intangible assets of the Company's foreign subsidiary, jointly controlled entities and associate has been provided under the straight-line method as per the estimated useful life of such assets as follows:

Class of assets	Useful life
Furniture, fixtures and Electrical fittings	4 to 10 years
Leasehold improvements	10 years
Office equipments	4 to 6.67 years
Computers	3 to 8 years
Vehicles	4 years
Computer software	3 years
License fees	5 years

2.8 Revenue recognition

Brokerage income is recognized on the trade date of transaction upon confirmation of the transaction by the stock exchange. Income from depository services, penal charges and portfolio management services are recognised on the basis of agreements entered into with clients and when the right to receive the income is established. Commission income from financial products distribution is recognised on the basis of agreements entered into with principals and when the right to receive the income is established. Interest income from margin funding business is recognised on loans given to clients on time proportion basis. Software development revenue is recognised on completion of different stages of software development and acceptance by clients. Revenue from annual maintenance contracts are recognised on time proportion basis. Commission income from insurance business is recognised on completion of policy formalities in all aspects based on intimation from the principal.

2.9 Other income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive the income is established. Cost recovery for shared services are recognised based on agreements entered into with the parties.

2.10 Foreign currency transactions and translations

Initial recognition

Company: Transactions in foreign currencies are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Net investment in non-integral foreign operations: Net investment in non-integral foreign operations is accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Non-integral foreign operations: Transactions of non-integral foreign operations are translated at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Notes forming part of the consolidated financial statements (contd...)

2.10 Foreign currency transactions and translations (contd...)

Treatment of exchange differences

Company: Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the consolidated statement of profit and loss.

Net investment in non-integral foreign operations: The exchange differences on restatement of long-term receivables / payables from / to non-integral foreign operations that are considered as net investment in such operations are accumulated in a "foreign currency translation reserve" until disposal / recovery of the net investment, in which case the accumulated balance in "foreign currency translation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal / recovery is recognised.

Non-integral foreign operations: The exchange differences on translation of balances relating to non-integral foreign operations are accumulated in a "foreign currency translation reserve" until disposal of the operation, in which case the accumulated balance in "foreign currency translation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.

Measurement of foreign currency monetary items at the balance sheet date

Company: Foreign currency monetary items outstanding at the balance sheet date are restated at the closing exchange rates on that date. Non-monetary items are carried at historical cost.

Net investment in non-integral foreign operations: Foreign currency monetary items of the Group's net investment in non-integral foreign operations outstanding at the balance sheet date are restated at the closing exchange rates on that date.

Non-integral foreign operations: All assets and liabilities of non-integral foreign operations are translated at the closing exchange rates on that date.

Premium or discount arising on inception of forward exchange contracts, which are intended to hedge the foreign currency risk of existing assets or liabilities has been amortised as income / expense over the life of the contract and exchange differences on such contracts are recognised in the Statement of profit and loss in the reporting period in which the exchange rates change.

2.11 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

2.12 Employee benefits

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Defined contribution plan

Contribution to provident fund scheme by the entities in the Group is considered as defined contribution plan and is charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Notes forming part of the consolidated financial statements (contd...)

2.12 Employee benefits (contd...)

Defined benefit plan

For defined benefit plan in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Consolidated statement of profit and loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the consolidated balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date.

2.13 Employee share based payments

The Company has formulated Employee Stock Option Plans (ESOP) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. The Schemes provide for grant of options to employees of the Company and its subsidiaries to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period. In accordance with the SEBI Guidelines and the Guidance note on Employee share based payments issued by the Institute of Chartered Accountants of India, the excess, if any, of the closing market price on the day prior to the grant of the options under ESOP over the exercise price is amortised on a straight-line basis over the vesting period under the 'intrinsic value method'.

2.14 Leases

Assets leased by the Group in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the Group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the consolidated statement of profit and loss on a straight-line basis over the lease term.

2.15 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

Notes forming part of the consolidated financial statements (contd...)

2.16 Taxes on income

Current tax is determined on the basis of taxable income and tax credits computed for each of the entities in the Group in accordance with the applicable tax rates and the provisions of applicable tax laws of the respective jurisdictions where the entities are located.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset in the consolidated balance sheet when it is probable that future economic benefit associated with it will flow to the entity.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the entity has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

The Group offsets deferred tax assets and deferred tax liabilities, and advance income tax and provision for tax, if it has a legally enforceable right and these relate to taxes in income levies by the same governing taxation laws.

Current and deferred tax relating to items directly recognised in reserves are recognised in reserves and not in the consolidated statement of profit and loss.

2.17 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the consolidated statement of profit and loss, to the extent the amount was previously charged to the consolidated statement of profit and loss.

2.18 Provisions and contingencies

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

(c) Share of group in the contingent liabilities of jointly controlled entity (Refer note 35)	6,606,464	6,572,957

Note: Future cash outflows in respect of the above matters are determinable only on receipt of judgments / decisions pending at various forums / authorities.

Direct tax matters

The Company and its subsidiaries have ongoing disputes with Income Tax authorities in India. The disputes relate to tax treatment of certain expenses claimed as deductions, computation or eligibility of tax incentives or allowances, and characterisation of fees for services received. As at 31 March 2018, the Company and its subsidiaries have contingent liability of ₹ 144,936,424/- (Previous year: ₹ 140,324,657/-) in respect of tax demands which are being contested by the Company and its subsidiaries based on the management evaluation and advice of tax consultants.

The Group periodically receives notices and inquiries from income tax authorities related to the Group's operations in the jurisdictions it operates in. Management has evaluated these notices and inquiries and has concluded that the position taken by it on the above matters is tenable and hence no adjustments have been made in the financial statements.

* In respect to a subsidiary company [Geojit Investment Services Limited (GISL)] an amount of ₹ 400,000,000/- received in a prior year by way of compensation for discontinuing the business of commodities trading from BNP Paribas, the income tax authorities had raised a demand of ₹ 182,549,673/- including interest, by assessing the said sum as business income. Based on the legal advice obtained, GISL had while claiming the amount as not liable to tax, as a matter of prudence, provided a sum of ₹ 122,677,628/- by treating the amount received as capital gains. The Commissioner of Income Tax (Appeals) had confirmed the assessment. GISL has now been legally advised that the order of Commissioner of Income Tax (Appeals) is not sustainable. Hence, no further provision is made for the additional demand of ₹ 59,872,045/- not considered liable at this stage. However as a matter of abundant caution GISL has remitted the demand in full and is carried under the head Income tax advance, net of provision made as above, disclosed under the head Long-term loans and advances.

28. Contingent liabilities and commitments (to the extent not provided for)

(i) Contingent liabilities: (contd...)

Indirect tax matters

The Company and its subsidiaries have ongoing disputes with Indian tax authorities mainly relating to treatment of characterisation and classification of certain items. As at 31 March 2018, the Company and its subsidiaries in India have demands and show cause notices amounting to ₹ 55,468,411/- (Previous year: ₹ 59,085,138/-) from various indirect tax authorities which are being contested by the Company and its subsidiaries based on the management evaluation and advice of tax consultants.

Other matters

The company and its subsidiaries have disputes with the Provident Fund authorities as regards treatment of certain allowances for the computation of provident fund liability. Management has evaluated these notices and inquiries and has concluded that the position taken by it on the matter is tenable and hence no adjustment has been made in the financial statements.

30. The Company has deposited the dividends payable to non-resident shareholders into their rupee account with various banks in India and hence the disclosure of amounts remitted in foreign currency during the year to non-resident shareholders on account of dividend is not applicable.

31. Employee benefit plans

- (i) Defined contribution plans – Provident Fund

The Group makes Provident Fund contribution for qualifying employees. Under the plan, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The Group has recognised ₹ 29,126,173/- (Previous year: ₹ 21,931,129/-) towards Provident Fund contribution in the consolidated statement of profit and loss. The contributions payable to this plan by the Group are at the rates specified in the rules of the scheme.

- (ii) Defined benefit plan – Gratuity

The Company provides gratuity benefit to its employees (included as part of 'Contribution to provident and other funds' in Note No. 24 Employee benefits expense), which is funded with Life Insurance Corporation of India.

37. Employee Stock Option Plans: (contd...)

Annualised volatility is computed using the high and low market price of the Company's share over the one year period prior to the date of grant. It is assumed that employees would exercise the options immediately on vesting. The historical volatility of the Company's share price is higher than the volatility considered above. However, the Company expects the volatility of its share price to reduce as it matures.

17. A route map showing directions to reach the venue of 24th AGM is given at the end of this Notice as per the requirement of Secretarial Standards -2 on "General Meeting."

18. Voting Through Electronic means

1. Pursuant to Section 108 and other applicable provisions, if any of the Companies Act, 2013 and the Companies (Management and Administration) Rules, 2014 as amended and Regulation 44 of SEBI(LODR) Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote at the 24th Annual General Meeting (AGM) of the Company by electronic means and the items of business as detailed in this Notice may be transacted through e-voting services. The Members may cast their vote using an electronic voting system from a place other than the venue of the meeting.
2. The facility of casting the votes by the members using an electronic system from a place other than venue of the AGM ("remote e-voting") will be provided by National Securities Depository Limited (NSDL).
3. The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through ballot paper. In case Members cast their vote through both the modes, voting done by e-voting shall prevail and votes cast through ballot form shall be treated as invalid.

4. The members who have cast their vote by remote e-voting prior to AGM may also attend the AGM but shall not be entitled to cast their vote again.
5. The remote e-voting period commences on Monday, 30th July 2018 (9:00 am) and ends on Wednesday 01st August 2018 (5:00 pm). During this period members of the Company, holding shares either in physical form or in demat form, as on the cut - off date of Friday, 27th July 2018, may cast their vote electronically. The remote e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.
6. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting as well as voting at the AGM through ballot paper. A person who is not a member as on the cut-off date should treat this notice for information purpose only.
7. Any person who acquires shares of the Company and becomes member of the Company after dispatch of Notice of AGM and holds shares as on the cut-off date i.e; Friday, 27th July 2018, may obtain the Log-in ID and Password by sending a request at evoting@nsdl.co.in.

However, if you are already registered with NSDL for remote e-voting, then you can use your existing Log-in ID and Password for casting your vote. If you forgot your password, please see the instructions provided below.

You can also update your mobile number and e-mail id in the user profile details of the folio which may be used for sending future communication(s)

8. The instructions for remote e-voting:
The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1 : Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>

Step 2 : Cast your vote electronically on NSDL e-Voting system.

Details on Step 1 is mentioned below:

How to Log-into NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholders' section.
3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below :

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***.

5. Your password details are given below:

- a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
- b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- c) How to retrieve your 'initial password'?
 - i. If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - ii. If your email ID is not registered, your 'initial password' is communicated to you on your postal address.
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
 - a) Click on "**Forgot User Details/Password?**" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - b) **Physical User Reset Password?** (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.

- c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address.
7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
8. Now, you will have to click on "Login" button.
9. After you click on the "Login" button, Home page of e-Voting will open.
3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or send a request at evoting@nsdl.co.in
19. Nomination facility for shares is available for members. For members holding shares in physical form, the prescribed format can be obtained from the Company's Registrar and Share Transfer Agents, M/s. S.K.D.C. Consultants Limited, Kanapathy Towers, 3rd Floor, 1391/A-1, Sathy Road, Ganapathy, Coimbatore, Tamil Nadu- 641006 (Email: info@skdc-consultants.com). For members holding shares in electronic form, you are requested to approach your Depository Participant (DP) for the same.

Details on Step 2 is given below:

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see the Home page of e-Voting. Click on e-Voting. Then, click on Active Voting Cycles.
2. After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
3. Select "EVEN" of company for which you wish to cast your vote.
4. Now you are ready for e-Voting as the Voting page opens.
5. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
6. Upon confirmation, the message "Vote cast successfully" will be displayed.
7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
8. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.
20. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
21. Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be printed on the Dividend Warrants as per the applicable regulations of the Depository. The Company will not act on any direct request from such members for change/deletion in such bank details. Further, instructions if any, already given by them in respect of shares held in physical form will not be automatically applicable to the dividend paid on shares held in electronic form. Members may, therefore, give instructions regarding bank accounts in which they wish to receive dividend, to their Depository Participants immediately.
