- 14) Any person holding shares in physical form and non-individual shareholders holding shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@kfintech.com. In case they are already registered with KFinTech for remote e-voting, they can use their existing User ID and password for voting.

- 15) Individual Members having demat account(s) would be able to cast their vote without having to register again with the e-voting service provider ("ESP") i.e. KFinTech, thereby not only facilitating seamless authentication but also ease and convenience of participating in the e-voting process. Members are advised to update their mobile number and e-mail ID with their DPs to access the e-voting facility.

B. PROCEDURE AND INSTRUCTIONS FOR REMOTE E-VOTING AND E-VOTING AT THE AGM:

The manner of voting remotely by Members holding shares in dematerialized mode, physical mode and for Members who have not registered their email address is provided in the instructions given below.

1. Voting rights of a Member / beneficial owner shall be in proportion to his/her share in the paid-up equity share capital of the Company as on the cut-off date, i.e. Thursday, July 14, 2022.
2. The remote e-voting facility will be available during the following voting period:

Commencement of remote e-voting:	9.00 a.m. (IST) on Monday, 18 th July 2022
End of remote e-voting:	5.00 p.m. (IST) on Wednesday, 20 th July 2022.

3. The remote e-voting will not be allowed beyond the aforesaid date and time and the remote e-voting module shall be forthwith disabled by KFinTech upon expiry of the aforesaid period.
4. A person, whose name is recorded in the register of Members or in the register of beneficial owners maintained by the depositories as on the cut-off date, Thursday, 14th July, 2022, only shall be entitled to avail the facility of remote e-voting or for participation at the AGM. A person who is not a member as on the cut-off date, should treat the Notice for information purpose only.

5. The Company has appointed Shri Vijay Babaji Kondalkar (Membership No.: A15697) or failing him Shri Manish Gupta, (Membership No.: A43802), Partners of VKMG & Associates LLP, Company Secretaries as Scrutinizer, to scrutinize the entire e-voting process at the AGM and remote e-voting in a fair and transparent manner.
6. The Members who have cast their vote(s) by remote e-voting may also attend the AGM but shall not be entitled to cast their vote(s) again at the AGM. Once the vote on a resolution is cast by a Member, whether partially or otherwise, the Member shall not be allowed to change it subsequently or cast the vote again.
7. Information and instructions for voting at the AGM: Facility to cast vote at the AGM will be made available on the Video Conferencing screen and will be activated once the voting is announced at the AGM.
8. A Member can opt for only single mode of voting per EVENT, i.e., through remote e-voting or voting at the AGM (Insta Poll). If a Member casts vote(s) by both modes, then voting done through remote e-voting shall prevail and vote(s) cast at the AGM shall be treated as "INVALID".
9. As per circular of SEBI on e-Voting Facility provided by Listed Entities, dated 9th December 2020, all "individual shareholders holding shares of the Company in demat mode" can cast their vote, by way of a single login credential, through their demat accounts / websites of Depository Participants. II) Login method for remote e-voting for Members other than Individual's holding shares in demat mode and Members holding equity shares in physical mode.

(A) Members whose email IDs are registered with the Company / Depository Participants, will receive an email from KFinTech which will include details of e-voting Event Number (EVEN), USER ID and Password.

They will have to follow the following process:

- Launch internet browser by typing the URL: <https://emeetings.kfintech.com/>
- Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if a Member is registered with KFinTech for e-voting, they can use their existing User ID and password for casting the vote.
- After entering these details appropriately, click on "LOGIN".
- Members will now reach password change Menu wherein they are required to mandatorily change the password. The new password shall comprise of

minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@, #, \$, etc.,). The system will prompt the Member to change their password and update their contact details viz. mobile number, email ID etc. on first login. Members may also enter a secret question and answer of their choice to retrieve their password in case they forget it. It is strongly recommended that Members do not share their password with any other person and that they take utmost care to keep their password confidential.

- Members would need to login again with the new credentials.
- On successful login, the system will prompt the Member to select the "EVEN" i.e., 'Aditya Birla Sun Life AMC Limited – AGM' and click on "Submit"
- On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, a Member may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed the total shareholding of the shareholder as on the cut-off date. A Member may also choose the option ABSTAIN. If a Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
- Members holding multiple folios / demat accounts shall choose the voting process separately for each folio / demat account.
- Voting has to be done for each item of the notice separately. In case a Member does not desire to cast their vote on any specific item, it will be treated as abstained.
- A Member may then cast their vote by selecting an appropriate option and click on "Submit".
- A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once a Member has

voted on the resolution (s), they will not be allowed to modify their vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).

(B) Members whose email IDs are not registered with the Company/Depository Participants and consequently the Annual Report, Notice of AGM and e-voting instructions cannot be serviced, will have to follow the following process:

- i. Members who have not registered their email address, thereby not being in receipt of the Annual Report, Notice of AGM and e-voting instructions, may temporarily get their email address and mobile number submitted with KFinTech by following the below steps:
 - (a) Visit the link: <https://ris.kfintech.com/clientservices/mobileereg/mobileemailreg.aspx>.
 - (b) Select the company name i.e. Aditya Birla Sun Life AMC Limited.
 - (c) Select the Holding type from the drop down i.e. - NSDL/CDSL/Physical.
 - (d) Enter DP ID – Client ID (in case shares are held in electronic form)/Physical Folio No. (in case shares are held in physical form) and PAN.
 - (e) If PAN details are not available in the system, the system will prompt to upload a self-attested copy of the PAN card for updating records.
 - (f) In case shares are held in physical form and PAN is not available in the records, please enter any one of the Share Certificate No. in respect of the shares held by you.
 - (g) Enter the email address and mobile number.
 - (h) System will validate DP ID – Client ID/Folio number and PAN/share certificate number, as the case may be, and send OTP at the registered mobile number as well as email address for validation.
 - (i) Enter the OTPs received by SMS and email to complete the validation process. OTP will be valid for 5 minutes only.
 - (j) The Notice and e-voting instructions along with the User ID and Password will be sent on the email address updated by the member.
 - (k) Please note that in case the shares are held in demat form, the above facility is only for temporary registration of email address for receipt of the Notice and the e-voting instructions along with the User ID and Password. Such members will have to register their email address with their DPs permanently, so

that all communications are received by them in electronic form.

- ii. Members are requested to follow the process as guided to capture the email address and mobile number for receiving the soft copy of the AGM Notice and e-voting instructions along with the User ID and Password. In case of any queries, Members may write to einward.ris@kfintech.com.
- iii. Alternatively, Members may send an e-mail request at the email id: einward.ris@kfintech.com along with scanned copy of the request letter, duly signed, providing their email address, mobile number, self-attested PAN copy and Client Master copy in case of electronic folio and copy of share certificate in case of physical folio for sending the Annual report, Notice of AGM and the e-voting instructions.
- iv. After receiving the e-voting instructions, please follow all the above steps to cast your vote by electronic means.

In case of any queries/grievances, you may refer the Frequently Asked Questions (FAQs) for Members and e-voting User Manual available at the 'download' section of <https://evoting.kfintech.com> or call KFinTech on 1800 572 4001 (toll free).

DETAILS ON STEP 3 ARE MENTIONED BELOW:

III) Instructions for Members for attending the AGM of the Company through VC / OAVM and e-Voting during the meeting:

- i. Members will be able to attend the AGM through VC / OAVM platform provided by KFinTech. Members may access the same at <https://emeetings.kfintech.com/> by using the e-voting login credentials provided in the email received from the Company / KFinTech.
- ii. After logging in, click on the Video Conference tab and select the EVEN of the Company
- iii. Click on the video symbol and accept the meeting etiquettes to join the meeting. Please note that Members who do not have the user id and password for e-voting or have forgotten the same may retrieve them by following the remote e-voting instructions mentioned above.

Voting at the Annual General Meeting:

- i. The 'Vote Now Thumb sign' on the left-hand corner of the video screen shall be activated upon instructions of the Chairman during the AGM proceedings. Members shall click on the same to take them to the "Insta-poll" page and Members to click on the "Insta-poll" icon to reach the resolution page and follow the instructions to vote on the resolutions.

- ii. Those Members who are present in the Meeting through VC and have not cast their vote on resolutions through remote e-voting, can vote through Insta-poll at the Meeting. Chairman Message

Making our mark in the new age

Dear shareholders,

For many years, we have been talking about increasing volatility and unpredictability. The events of the last 24 months have heralded a new era of uncertainty where both the amplitude and frequency of shifts have vastly exceeded anything we have seen in recent decades. The unprecedented pandemic was followed by supply chain whiplash, and further disruption was brought on by the Russia-Ukraine war. We are now staring at the spectre of a high-interest rate and high-inflation regime globally.

Over the years, corporations have tried to find a balance between efficiency and resilience, with successive decades of growth having swung the pendulum in the direction of efficiency. The events of the last two years have again taught us all the virtues of reserves and resilience.

This era of disruption also presents a unique opportunity for renewal. The exigencies of this disruption have pushed the boundaries of innovation. A world where traditional rules didn't apply, freed thinking from its conventional shackles. And we are clearly staring at a new age, with new paradigms and new ideas.

GLOBAL ECONOMY: THE STORM BEFORE THE CALM?

The Global economy recovered from the pandemic shock in 2022 on the back of supportive fiscal and monetary policies and mass vaccination programmes. However, at the end of FY22, the war in Ukraine and the subsequent economic sanctions on Russia posed a large shock. It disrupted energy markets & supply chains and added to the already evolving inflationary pressures and concerns over consumer demand. Consequently, growth forecasts have been slashed. The International Monetary Fund (IMF) now expects the world economy to grow by 3.6% in CY22, which is 0.8 percentage points lower than its pre-war projections.

Many economies have experienced a sharp surge in inflation recently, particularly in food and fuel prices, taking their inflation rates to multi-decade highs. Central banks have been forced to respond to surging prices with aggressive rate hikes. The pace of monetary tightening is turning out to be quite swift as central bankers attempt to catch up with the rising inflation from their ultra-accommodative stance during the pandemic.

As the stance of monetary policy shifts, there is greater turbulence in currency markets. The dollar has strengthened, while emerging economies have witnessed downward pressure on their currencies. At the same time, energy and commodity markets have witnessed heightened volatility. Global supply chain disruptions due to pandemic-induced lockdowns have been replaced by new disruptions caused by the war in Ukraine and the economic sanctions.

While the global economic backdrop remains challenging, there are reasons to remain optimistic. First, despite the slowdown, IMF's projection of world GDP growth in CY22 is still tracking the pre-pandemic average. Second, fiscal support in developed economies remains above the pre-pandemic trend, even if somewhat diluted, versus past years. Third, mega-trends around sustainability, green investments, digitization, and disintermediation remain well-entrenched and will support growth and productivity enhancement in the medium-term.

Thus, while businesses will need to remain on guard regarding financial market volatility and cost pressures this year, one could expect the medium-term growth recovery to remain on track.

INDIA: AN ENGINE OF GLOBAL GROWTH

The Indian economy has not remained unscathed by these global developments. Partly on account of the elevated commodity prices in global markets, India's inflation has pushed higher than the target of the Reserve Bank of India (RBI). To control inflationary risks, and reduce the pressure on the rupee, RBI has been selling reserves and unwinding the extraordinary liquidity support provided by it during the pandemic.

On the positive side, economic activity in India has witnessed a sharp recovery to pre-pandemic levels on the back of a rapid and widespread rollout of the vaccination programme. A strong digital ecosystem, fiscal and monetary policy and various government schemes helped small and medium enterprises and the worst affected sections of the population to survive while reviving demand and bringing the economy back on track.

Even as the global headwinds are being felt, India's growth recovery is progressing well, and most estimates peg economic growth during FY23 around the 7% range. India, therefore, is poised to be the fastest-growing major economy in the world and an engine of global growth.

India's exports are exhibiting a strong buoyancy, and economic sentiment has been supported by a robust pipeline of infrastructure projects as well as the government's pragmatic policies, such as the production-linked incentives schemes. Many industries have witnessed fresh project investment announcements. Foreign direct investment flows have remained strong. The burden of non-performing assets in the banking sector seems to have peaked out and is easing. Dynamism in India's digital ecosystem, diversification of global supply chains away from China and the greater emphasis of investors on sustainable finance offer new opportunities for India.

The above trends lend confidence to a robust economic narrative for India in the medium-term, which augurs well for the corporate sector as well.

ADITYA BIRLA GROUP: DYNAMISM AND RESILIENCE AT PLAY

The Aditya Birla Group's pace of activity, range of businesses, and depth of global presence provide a useful compass to navigate this age of disruption. Against the backdrop of our long history as a group, dynamism leaps out as a common theme. Over the years, we have witnessed multiple business cycles. Across businesses and markets, our evolution is a story of continuous renewal and regeneration, as we aggressively invested in growth and created long-term value for all stakeholders.

This institutional dynamism and resilience helped us navigate an unprecedented business environment in FY22.

The pandemic inordinately impacted the future of work, workforce, and workplace. We have moved with the new work ethic by focusing on a holistic employee experience that puts equal emphasis on growth, engagement, and well-being. Our employees value and appreciate the One ABG culture, which is profoundly embedded across the Organization. This culture gives the ultimate competitive edge in a world where business models are easily upended.

It has been a matter of great pride for us that our employee engagement has continued to be strong despite the stresses of the pandemic. 87% of our employees stated in a survey that they have a colleague/friend at work to lean on during difficult times. 96% of our employees experienced considerate behaviour from their managers during this period.

WE ARE ONLY AS STRONG AS OUR PEOPLE.

The Group's continued focus and investment in its People Processes in good times have helped us build and sustain a robust and agile workforce that is able to be nimble and responsive at all times. When corporates across the world are facing a rather unusual phenomenon – The Great Resignation, our employee survey score for Intent to stay remained strong. It is higher than the Global High Performing organizations and almost similar to pre-covid levels. This strong affinity is a testimony to our relentless commitment to delivering a world of opportunities with care to our employees.

Internal employee movements of over 5000 (within the businesses) were up 18% from the average of the last two fiscals. We also focussed on bringing in young talent, with 73% of new hires being under 35 years of age. Last year, over 9000 new employees joined the Group refreshing our competence base.

Building an aspirational workplace for a diverse workforce was identified as one of the important aspects of our new HR strategy. Enhancing the diversity of our Group is a journey, and it is getting strengthened with targeted efforts over time.

Our commitment to gender diversity is evident through the appointment of 7 women to senior leadership roles. 21% of all new hires were women, and we had 102 women engineering graduates join us at plant locations.

We have always looked for opportunities to showcase the power of our women leadership. This year, our cement business, UltraTech launched India's first 'all-women' operated Ready-Mix Concrete (RMC) manufacturing plant at Bhugaon, Pune. Our list of firsts includes Aditya Birla AMC's all-women Mutual Fund branch in Bhilai, Chhattisgarh and Aditya Birla Fashion and Retail's Madura manufacturing plants in the south zone, which has 85% women employees.

Our learning strategy evolved continually to adapt in response to the dynamic external environment. This was achieved by re-designing innovative learning properties & methodologies focusing on building contemporary & contextual skills. We shifted gears across digital, blended, and now hybrid learning, making it easier to shift across modes of learning for different sets of learners. We strategically increased the adoption and penetration of our digital learning platform (Gyanodaya Virtual Campus) to cover 94% of our employees in the management cadre. Leveraging the power of internal and external networks, 500+ high-quality digital content modules were created on various themes and topics across ABG.

The spirit of ABG's resilience and dynamism was displayed at an individual, team, and business level. This has been reflected in the business results for FY22. This year also saw the launch of new businesses, units, capacity, products, and brands. This happened seamlessly, presenting a unique human story of innovation and grit, and bringing alive our Group values of commitment and passion. We have together navigated an unprecedented period of disruption and emerged stronger and sharper— demonstrating that care, empathy, and results are mutually compatible. And especially so in periods of turmoil.

YOUR COMPANY'S PERFORMANCE

ABSLAMC has been on an exciting growth journey over the last 27 years. Currently, your Company is the largest non-bank affiliated and the 4th largest AMC in the country, with an overall asset under management of over ₹ 3 trillion. Serving more than 7.9 million customers, your Company has expanded its market presence and set new benchmarks.

Over a long arc of time, your Company's growth can be attributed to various factors, such as the broad spectrum of solutions, consistent investment performance, strong presence with multi-channel distribution, digital penetration and growing alternative assets.

Your Company's leadership position, product mix and scale have contributed to a strong financial performance. In FY22, ABSLAMC clocked a total revenue of ₹ 1,409 Cr, up 17%

YoY. I am proud to share that your Company has achieved its highest-ever profitability at ₹ 673 Cr with a 28% YoY growth.

Your Company is focused on growing the overall assets under management across different asset categories. Mutual fund quarterly average AUM (QAAUM) grew at 10% YoY to ₹ 2.96 Lac Cr. Equity MF QAAUM increased by 25% YoY to ₹1.21 Lac Cr in Q4 FY22, mainly on the back of positive flows and investment performance.

Over the last few years, the focus has been on growing the retail franchise and increasing the wallet share from B30 cities (beyond the top-30 cities). Your Company's efforts have worked well, with the contribution of the retail franchise rising to 48% of the overall AUM. Similarly, the contribution from B30 cities has grown to 16% of overall AUM.

Customer acquisition and experience through the digital medium has also been a key focus area for your Company. For FY22, around 84% of overall transactions were done digitally, and 77% of new folios were created digitally.

Your Company's strong performance in FY22 is a testament to the trust and support of our investors, partners, and the commitment of our teams.

Since 1994, your Company has remained committed to its purpose of enabling more and more people to achieve financial well-being. It has strived to provide solutions for investors across platforms and offer a gateway for millions to access India's robust capital markets.

CONCLUSION

The forces of change engulfing the world are creating a whole new set of exciting possibilities and unbelievable opportunities. Many that didn't even exist yesterday. We are uniquely privileged in that we are not passive recipients of changing circumstances but can actively shape our destiny. And this tomorrow is for us to discover and build.

Across businesses, we are at the cusp of a transformational growth cycle. As a business house, we have always made investment decisions based on long-term fundamental drivers like market opportunity, demography, technology etc. Our strong leadership position across key businesses has come on the back of bold but calibrated long-term bets. Given the inherent strengths of your company, we are again at a moment where we are uniquely positioned to invest for long-term growth and explore new paradigms. An exciting journey beckons.

Kumar Mangalam Birla
Chairman

Accelerating Growth with a purpose to drive performance.

"Our leadership position, product mix, lean cost model and scale have resulted in our strong financial performance. In FY 2021-22, we clocked a total revenue of ₹ 1,409 crore with the highest-ever profitability of ₹ 673 crore."

Dear shareholders,

FY 2021-22 turned out to be an eventful year, marked both by resilience and recovery. While on one hand it marked the gradual recuperation from the pandemic with a massive vaccination drive world over and normalisation of business operations, on the other hand it saw geopolitical conflict intensify and a paradigm shift towards localisation. We saw a calibrated normalisation of monetary policy by central banks, inflationary pressures and the imminent interest rate hike. All through these developments, people, businesses, policy makers came together and adapted in a VUCA environment. Financial markets remained resilient and global economy tracked a path of recovery, albeit with intermittent volatility.

Against this backdrop, it is of significance to consider what ABSLAMC has achieved with the support of its employees and associates. Guided by our core values, inherent strengths, and the agility that comes with being a young and

dynamic organisation, we have always aimed to serve our customers. Our financial discipline, constant investment in innovation & digitalisation and ongoing development of our people has helped us persevere in our steadfast dedication to help customers and associates throughout the country.

FOCUS ON PERFORMANCE

We have been consistent in our growth over the past 27 years and continue to pursue our business growth by expanding our customer base, deepening our market penetration and increasing overall assets under management.

Our Company is one of the leading Asset Management Companies (AMCs) in India and the fourth largest AMC in the country. We manage a total AUM of over ₹ 3,07,409 cr under our suite of mutual fund, portfolio management services, alternative assets, offshore and real estate

offerings. Our total mutual fund QAAUM grew at a CAGR of 9% from ₹ 1,95,049 cr as of March 31, 2017 to ₹ 2,95,805 cr as of 31st March 2022. Our monthly SIP contribution including STP has reached ₹ 895 cr as of March 2022.

Our leadership position, product mix, lean cost model and scale have resulted in our strong financial performance. In FY 2021-22, we clocked a total revenue of ₹ 1,409 cr with the highest-ever profitability of ₹ 673 cr. Our net worth stands at ₹ 2,196 cr with a return on equity of 34.49%.

Last year, we brought in a sharper focus to our alternative assets segment and strengthened the leadership to enhance our product offering in passives, AIF, real estate and PMS. Our current passive product offering has yielded good results wherein our assets have gone up by 6 times from last year to around ₹ 10,000 cr as on 31st March 2022. On the real estate side, we have collaborated with BentallGreenOak, to jointly raise funds, source and underwrite deals for Real Estate funds. We have completed the first round of fundraising for the Aditya Birla Real Estate Credit Opportunities Fund under Category II AIF.

We have always been committed to delivering value for our shareholders. In line with this, we declared, subject to shareholder's approval, a total dividend of ₹ 11.45 per share in FY 2021-22, reinforcing our commitment to provide strong returns to our shareholders.

Our robust performance in FY 2021-22 is a testament to the trust and support of our investors, partners and shareholders, our diversified business model and the determination of our teams.

HOLISTIC INVESTMENT SOLUTION PROVIDER

Our purpose lies rooted in our responsibility to enable people to achieve financial well-being. Our objective has been to provide solutions for every need of our investors through the **WITS** model - **W**ealth creation, regular **I**ncome, **T**ax planning and **S**avings. We have a comprehensive investment solution platform across active, passives and alternative asset classes in equity and fixed income catering to people across different geographies through physical and digital presence. We currently cater to more than 7.94 million investor folios.

“

Our objective has been to provide solutions for every need of our investors through the **WITS** model-Wealth creation, regular Income, Tax planning and Savings.

Over the past two years, there has been a reinforcement of the idea of investing as an aid to savings. Our endeavour has always been to offer diversified solutions across equity and fixed income based on active and passive strategies. We strive to be 'Future Ready' by incorporating the necessary technologies and infrastructure, to consistently offer innovative and relevant investment solutions. We believe in empowering our customers and enhancing their investing experience through a whole host of Value-added Products and Value-added Services. We actively engage with our investors through multiple platforms and channels to showcase empathy, handholding them through the investment process and providing guidance on investments across various market cycles.

Along with our commitment to deliver innovative strategies and serve our clients in a way that meets their needs, we also support and are actively involved in delivering value for society at large.

Our investor education and distributor development initiatives have educated and empowered millions of people across India and brought them closer to financial independence. To bring in deeper financial inclusion within the country, we have launched an industry-first initiative 'For Her', in association with The Women's Collection PLC, Canada. We aim to educate and empower women across all corners of the country and to help them lead a prosperous and financially independent life.

We have also introduced SAHYOG – an initiative to further the cause of financial inclusion to the last mile person. We extend support to people, especially from low income groups by making them financially aware and setting them on the path of creating value through investments.

CUSTOMER-FIRST

At ABSLAMC, providing effective service and placing customer care at the core has helped us create value and mind share with our investors. We continue strengthening our operating structure and transforming our customer management model to improve sentiment and drive sustainable wallet share and revenue growth.

This year, we have set up a Service-to-Sales model that combines the best of both worlds to provide a pleasant investment experience. We have also adopted the virtual relationship manager (VRM) model, wherein the virtual manager will act as a single point of contact for various investment and servicing requirements.

Customer advocacy is significant to our organisation and we use both technology and human empathy to provide a best-in-class personalised customer experience. We have built multi-channel customer service architecture for the customer to choose their preferred channel to transact and service them at various stages.

All these initiatives have had a positive impact and given us business insights to create the right impact which will help us in improving our Net Promoter Score. The score has steadily improved over the last five years.

ADVANCING DIGITAL CAPABILITIES

We have been at the forefront in adopting the latest digital technologies for providing convenient solutions at the fingertip of our investor. Our company has shown focus on scalability, superior customer servicing and use of data analytics to ecosystem using digital assets including mobile apps, investor and partner portals. We have witnessed record client engagement across our digital platforms. Our continued growth in digital enrollment and engagement has been instrumental to our success in deepening client relationships while reducing costs and driving greater efficiencies across our businesses. Our digital transactions share in the overall transaction pie has increased to 84% in FY 2021-22.

Our constant efforts lie in making our digital assets even more robust and customer-centric. We engage, collaborate and partner with leading fintechs and digital platforms to complement our customer-first digital assets. We will continue to partner with large e-commerce, payment and fintech platforms to widen our reach with contextual product offerings.

“

Customer advocacy is significant to our organisation and we use both technology and human empathy to provide a best-in-class personalised customer experience.

OUR PEOPLE, OUR STRENGTH

At ABSLAMC, serving our investors and delivering for all our stakeholders, culture and people has been critical in creating value. Our strength has always been our people and the culture that we have built over the last 27 years. Our endeavour has always been to build a diverse talent pool, provide development and training opportunities and retain and attract best-in-class talent while fostering a culture where everyone feels seen, heard and empowered. We continue to advocate for equality, diversity and inclusion across the organization.

We offer our employees collaborative working conditions, access to the latest technologies, an inclusive environment and a wide range of individual development opportunities. The safety and well-being of all our employees and their families are paramount to us.

Our culture lies in how we help and look out for each other, which is our greatest strength. This is also reflected in the manner we care for our stakeholders and support communities. While we care about our employees and stakeholders, we also care for our society and its betterment. In conjunction with NGOs and other social organizations, we have worked to establish healthcare facilities for rural masses and provided aid for medical equipment to hospitals. We have established various educational scholarship programs to support those from lower economic backgrounds. We have also supported women farmers through our water and irrigation development programs.

THE WAY FORWARD

Looking ahead to FY 2022-23, we have the conviction that our business is robust, and our vision is clear. We will continue to strengthen and expand our retail franchise, be digital-ready, deliver consistent investment performance and have a talented and diverse workforce. We remain deeply committed to our purpose of being a trusted steward of our investors' assets and supporting the efficient functioning of capital markets.

With deeper penetration of financial literacy, the financial inclusion bracket has been expanding with people looking for investment solutions to secure their future and achieve financial independence. To address these evolving needs, we have adopted an asset allocation and solution-based approach and moved away from the traditional product-based approach. Through the SIP model, we are helping investors by cultivating a habit of disciplined investing and not being swayed away by the market cycles.

With our cost-effective emerging market, VRM and Sales to Service models we will enter newer markets and penetrate deeper into existing markets to further the cause of financial inclusion. Evolving with the trends in the market, we had introduced a dedicated alternative assets team to focus on serving the needs of investors in this segment. To cater to the needs of the large pool of NRI and Global Investors, we are in the process of setting up a presence in GIFT city.

To cater to various investor segments and needs, we will continue to widen our product portfolio by identifying pockets of product differentiation. For the convenience of investors, we strive to continue to enhance the user experience on our digital assets by incorporating the latest technologies and features while listening to the feedback of our users and adapting to their needs.

We intend to provide consistent investment performance and generate superior risk-adjusted returns through disciplined and structured investment processes. Our customer-centric approach as people's asset manager also guides our efforts towards not just providing the right solutions, but also handholding our stakeholders with holistic financial education catering to every life stage through our large-scale awareness initiatives.

Guidance from our Chairman, Board of Directors and Trustees has helped us immensely navigate through various business cycles and stand firm with conviction in the face of adversities. I thank them for their constant support and guidance. Our strong governance framework guided by Group values, continuous focus on innovation and relentless pursuit of delivering the best value for our investors and shareholders have helped us achieve greater milestones.

I would like to thank our strongest assets – our investors, distributors, esteemed partners and shareholders for their continued faith in us. Our biggest strengths are our employees and their remarkable commitment to address the needs of investors and deliver value to our shareholders. This spirit of solidarity and determination is one of the hallmarks of ABSLAMC's culture, and we are very proud of what our teams continue to achieve together in periods of uncertainty. Everyone associated with ABSLAMC has the conviction to achieve greater milestones and deliver to our investors and shareholders.

Thank you for your continued patronage and trust in us.

Our focus on customers enables us to grow exponentially

In the age of new paradigms and newer ideas, we are embarking on an exciting and transformative journey with customer-centricity at the heart of every step we take. For us, the need of the hour is to change our mindset for an exponential shift: from traditional to innovative answers to the same questions. From acquiring the right customers at scale to our approach to customer service, we are leveraging our strengths and moving from reactive to proactive service. We are looking at building experiences that enable us to maximise the revenue per customer while employing data analytics in varied ways to gain further insight into preferences and behaviours. At the same time, we are also looking inwards. Reflecting on our role as talent builders. We are an organisation that champions customer centricity and the entrepreneurial spirit across levels. A spirit that upholds customers above all else—today and in the future.

Business overview

Strengthening our position

The Company's remarkable growth is the result of focused efforts across the organisation backed by standout performance, strong distribution network, unique product selection, and utilisation of cutting-edge digital solutions that enhance customer experience. Together, these factors have strengthened its position among India's top four AMC's and as the biggest non-bank affiliated AMC.

The AUM of the Indian MF industry has increased 6 times over the last decade from ₹6.64 trillion on 31st March, 2012, to ₹38.38 trillion on 31st March 2022. This rapid growth reflects the attractiveness of the industry. However, the MF industry penetration is surprisingly low compared to other global markets.

7 major factors

1 OPERATING IN A FAST GROWING, UNDERPENETRATED MARKET

India is one of the fastest growing economies in the world, despite that India's AUM to GDP ratio stands at 14% compared to a global average of 75-80%. This shows great potential in a highly underpenetrated market. To back it up, the country has strong demographic drivers.

Risks management

De-risking with prudence

Prudent risk management is a precursor for the Company's business success and growth. ABSLAMC's strong risk management architecture has proven effective in ensuring the highest standards of Governance, Risk, and Compliance across various functions of the organisation.

Due to the pandemic and subsequent lockdowns, the financial year 2021-22 was marked by various difficulties. The well-laid and carefully implemented Business Continuity Plan helped the Company in staying resilient in the face of adversity.

ABSLAMC has developed a strong and effective Risk Management Framework over the years, which is backed up by well-established protocols and processes and a qualified pool of professionals. Through the year, it was able to tackle tremendous obstacles and emerge stronger as a result.

Risk identification, risk assessment, risk response, and risk management strategy are all part of our enterprise risk management framework.. To ensure that risk profiles are managed within policy limitations, strict monitoring and control mechanisms are used, including the formulation of relevant key risk indicators and key performance indicators.

Strategic risk: Risk to future profits or capital posed by the Company's inability to execute long-term or strategic business goals.

Mitigation measure

The Enterprise Risk Management framework uses the risk identification and assessment process to manage strategic risks. The Risk Management Committee keeps track of these threats and the measures in place to address them.

Investment risk: Risks associated with various asset classes' investment portfolios Equity, Debt, Real Estate across a variety of hazards such as market risk, credit risk, and interest rate risk. Rate risk, liquidity risk, and concentration risk are all factors to consider.

Mitigation measure

The Investment Committee and well-defined investment rules and procedures are in place to ensure that the risks associated with investments are recognised and acceptable levels are determined. The investment system covers regulatory and internal standards and enforces investment restrictions and exposure standards in real-time.

Operational risk: The uncertainty that arises from higher-than-expected losses or reputational harm as a consequence of insufficient or failing internal procedures, controls, people, systems, or external events.

Mitigation measure

The Risk Management policy controls operational hazards. The organisation keeps a database of operational losses in order to monitor and prevent risks resulting in financial losses. Regular reviews and updates of operating and reporting procedures are conducted to manage operational risk.

Information security and cybersecurity risk: The risk of financial or reputational loss caused by IT systems (data leakage, application vulnerabilities, lack of division of responsibilities and access control), human mistake, and other factors.

Mitigation measure

Information Security risks are regulated by an Information Security Management System that is certified in accordance with ISO 27001, a worldwide standard. The Company's Information Security and Cyber Security policies are designed to comply with ISO 27001, privacy and/or data protection legislations as specified in the Indian Information Technology Act, 2008 and Notification dated 11th April 2011 on protection of sensitive personal information. It serves as guidance to information security staff, management, and employees regarding their roles and responsibilities towards information security.

Corporate social responsibility (CSR)

Becoming a force for good

As a responsible corporate citizen, ABSLAMC's mission is to "Bettering Lives, Together" and in doing so, become a perpetual force for good to create positive impact in people's lives. Towards this goal, the Company collaborates with various like-minded and established agencies to support its efforts.

The CSR work is carried out under the aegis of 'The Aditya Birla Centre for Community Initiatives and Rural Development', with Mrs. Rajashree Birla as the Chairperson. This centre, along with Aditya Birla Capital Foundation, provides strategic direction, thrust areas for our work and oversight on our CSR initiatives. ABSLAMC is members of the Aditya Birla Capital Foundation

The Company's community involvement efforts are in line with the Sustainable Development Goals of the United Nations.

The Company's CSR reach extended to six states this year, benefiting over 65,000 individuals across the nation. The three major focus areas are:

Education

Healthcare

Women empowerment and sustainable livelihood

EDUCATION

Education plays very pivotal role in social development since it expands employment opportunities and allows communities to overcome poverty.

- In 17 Government schools in the NCR area to ensure proper hygiene and sanitation for the girls, toilets were constructed with continuous water supply and drinking water. Moreover, students and teacher's capacity building training were organised to empowered them with knowledge of how to utilise and maintain the amenities offered, over 5,500 pupils have benefited from this.
- In six Kasturba Gandhi Balika Vidyalayas in Uttar Pradesh's Siddharathnagar district, need-based infrastructure support such as an English learning lab, solar power, repairs and plastering of girls' hostels, and other basic requirements are being addressed to make the school environment conducive to learning.
- ABSLAMC's initiative, "Knowledge on Wheel," to stimulate creative thinking and promote science knowledge in schools by showcasing science experiments to pupils from low-income families. Over 10,000 children from grades 6 through 10 have benefitted from this.
- The Company helped 105 deserving students from financially disadvantaged families to complete their professional education by providing scholarship.

HEALTHCARE

- With the recurring waves of Covid-19, the past year has been difficult for the world, but it has been especially difficult for cancer-affected youngsters. Despite the challenges of the pandemic, the Company's, partner project implementation team in UP continues to work relentlessly in hospitals and care centres to help children with cancer and their families. Through the programme, 1,469 children with cancer received assistance.
- The Company in partnership with other ABC companies, installed 17 bed ICU paediatric wards to enhance two Navi Mumbai Municipal Corporation government hospitals with Covid-19 care assistance. These amenities in both hospitals' ICU wards will be utilised for normal paediatric patients as well as for Covid-19 patients.

WOMEN EMPOWERMENT AND SUSTAINABLE LIVELIHOOD

- Through sustainable agriculture, helping farmers with land upgradation, technology upgradation, closing the marketing loop, Initiatives like farm-based livelihood interventions, farmer training programmes, farmer producer groups, improved agriculture techniques, and animal husbandry management, take us closer to the goal of sustainable agriculture.
- In Madhya Pradesh through our interface with 33517 women farmers spanning 2878 Self Help Groups (SHG), we floated measures to revitalize agriculture and Infrastructure. These ensure food sufficiency round the year. In this context, over 7000 families saw their income doubling over a period of 2 years

People

Growing with our people

At ABSLAMC's, creating and nurturing a positive and safe working environment for people holds paramount importance. It is an organisation where continuous learning and career growth are at the core of all considerations, while also engaging in various initiatives for employees' sound health and wellbeing. It believes that its strength lies in its people, who not only drive the Company's capabilities but also create value for the stakeholders.

ABSLAMC remains committed to building an organisation that attracts, keeps, and allows talent to flourish.

The Company holds the profound belief that employees find meaning at work when they can relate to the organisation's mission, feel connected to their leaders, and experience a sense of belonging. Its efforts are centred on establishing a work environment that values diversity, fosters great relationships, offers challenging job assignments, and creates meritocratic opportunities for employees to advance and develop their careers in accordance with their goals.

TALENT MANAGEMENT

The Company continues to focus on developing a strong future-ready talent pool with a solid leadership succession pipeline. It continued to place a premium on identifying and developing our high-potential personnel, steering them toward more holistic, comprehensive, and forward-thinking development interventions.

During the last year, the emphasis has been on strengthening key verticals such as Investment, Retail Sales, and Alternate Business by re-aligning structures to drive business growth and strategy.

EMPLOYEE ENGAGEMENT AND WELLBEING

The Company created a lively and engaging environment as it welcomed its people back to the office and provided assistance and flexibility to ensure a smooth transition. It also introduced various initiatives to promote connection and friendship among people as they returned from remote working.

Through focused programmes and activities, ABSLAMC emphasises health and wellness. During the second and third waves of Covid-19, it provided medical infrastructure support and assistance to workers and their families, and assisted them in receiving timely vaccinations through unique vaccination campaigns in India.

With more solutions and health management efforts, ABSLAMC wants to improve employee health and wellbeing.

TRAINING AND DEVELOPMENT

The Company's learning interventions have an organisational-wide effect since they enhance people's performance, lend to their skill development and build their functional and behavioural understanding. The 'Birla Way of Learning' is ABSLAMC's learning architecture, which combines functional and behavioural learning, as well as management skills such as growth coaching and delivering constructive feedback.

The programme is conducted using a combination of leadership/expert sessions, classroom trainings, digital learning journals (VYMO), app-based modules and virtual training platforms to achieve maximum effect.

An AI-enabled learning app provides quick and easy access to information that is tailored to unique individual needs along with the opportunity to learn at one's convenience. Gyanodaya Virtual Campus (GVC), Aditya Birla Group's e-Learning portal, offers over 31,000 relevant courses, videos, and webinars, which can be accessed by the Company's employees.

Board of directors

Guided by strong leadership

ABSLAMC's Board of Directors guide the Company's journey of growth and steer it towards long-term value generation. It comprises distinct industry leaders whose experience helps the management team strategies for the future while minimising risks and maintaining best-in-class corporate governance practices.

ECONOMIC ENVIRONMENT: FY 2021-22

Overview of Global Economy

The year 2021 turned out to be a mirror image of the previous year with growth rebounding from the 2020 pandemic lows. World economy rebounded sharply in 2021 to 5.9% after declining 3.1% in 2020. The sharp uptick was on the back of continued ultra-accommodative monetary policy, impact of strong fiscal response to the pandemic, and the gradual normalization of economic activities from extreme Covid restrictions due to availability of vaccines and focus shifting to live with Covid.

Developed Markets (DMs) economies led by the US were the clear leaders in this growth revival. Emerging Markets' (EMs) growth recovery, adjusted for the base, was relatively modest except for commodity exporters. The policy response to the pandemic and vaccination turned out to be the key differentiator in growth outcomes between DMs and EMs. Although fiscal was expansionary across the globe, DMs underwent an extraordinarily large expansionary fiscal and monetary policy to stimulate demand including substantial direct/indirect transfers to households. Most of the Emerging Market (EMs) saw expansionary fiscal on account of shortfall in receipts due to collapse in economic activity.

The strong burst of demand, much higher than the pre-COVID levels in key markets like the US, was faced with disrupted supply chains, supply curtailment of crude by OPEC+ and weak supply response in many other commodities due to long period of low investment. This resulted in a strong burst of inflation across the globe, reaching multi-decade highs in many important economies. Aggressive monetary and fiscal policy actions undertaken to support the economy after the COVID-induced shock to aggregate demand on one hand, and supply chain disruptions resulting from local lockdowns and rotation from services to goods spending on the other hand, created the perfect storm for inflation. What was initially deemed 'transitory' inflation showed remarkable strength and surprised all analysts with inflation at multi-decade highs in the developed world. Adding further fuel to the fire, the Russian invasion of Ukraine triggered unprecedented sanctions from the West causing energy prices to spike from already elevated levels on the back of resurgent demand and OPEC+ led supply control.

High inflation has forced hawkish pivots from major Central Banks led by the US Fed resulting in a sharp rise in bond yields as market participants re-assess the path of interest rates. Evolution of Russia-Ukraine war and resurgence of COVID-19 in China has emerged as other risk factors for the global economy.

Overview of Indian economy

After a 6.6% contraction in FY 2020-21, the Indian economy rebounded to 8.9% in FY 2021-22 as per the second advance estimates released by the National Statistical Office(NSO). The strong Delta wave in the beginning of the fiscal had a significant negative impact on growth in the first half of the fiscal. While economy has shown steady recovery from Q2 FY22 onwards, it has largely been a K-shaped recovery with informal and contact intensive sectors lagging, while industry and agriculture doing much better. The Omicron wave in early 2022 also impacted growth, although much lesser than the Delta wave.

Falling infections, rapid vaccination coverage and quick normalisation of mobility have facilitated the recovery in economic activity over the last year. Rural demand has remained resilient while urban demand has also recovered with pent-up demand supporting the recovery in contact-intensive sectors. We are witnessing steady economic recovery in India from the troughs of delta wave, but the recovery is far from complete, and it is a K-shaped recovery with segments most impacted like trade, hotel, transport and other high contact services still running below pre-pandemic levels. Private final consumption expenditure and consumption sentiment survey have been weak. However, recovery has moved much further in industrial sector, construction and exports.

Inflation also rose in India like in much of the world, but largely remained within RBI tolerance band. Higher inflation in India has largely been due to high commodity prices and global supply disruptions. After remaining ultra-accommodative and giving preference to growth over inflation, RBI has pivoted due to high inflation and now gives more importance to inflation over growth, while still remaining accommodative.

The Union Budget for FY 2022-23 was focused on growth revival, budgeting for an aggressive capex spending while setting a fiscal deficit target at an elevated level of 6.4% of GDP. Consequently, government borrowing remains elevated. High inflation, hawkish RBI, sharp increase in bond yields in DMs and the large borrowing programme have caused interest rates in India to rise significantly.

Exports and Imports jumped sharply in FY 2021-22 supported by high oil prices, demand for gold and strong global growth. India's trade deficit rose from \$102.63 Billion in FY 2020-21 to \$192.24 Billion in FY 2021-22 and Current Account Deficit (CAD) is also expected to have widened to 1.5% of GDP from 0.9% of GDP surplus in FY 2020-21. Going forward, oil prices will be the most important variable for the Indian economy as the same impacts India's GDP growth, inflation as well as Balance of Payment (BOP) dynamics.

MUTUAL FUND INDUSTRY OVERVIEW

In FY 2021-22, the Mutual Fund industry witnessed good inflows across various equity schemes. The industry witnessed a strong net equity sale of ₹2.91 Lakh Crore in FY 2021-22 through new fund offerings and existing funds. A significant proportion of these inflows have been contributed through the launch of new schemes by various mutual funds across different categories. Approximately ₹1.08 Lakh Crore have been raised through New Fund Offers (NFOs), out of which around ₹85,000 Crore was in equity NFOs. Retail participation from both T30 (Top 30 cities) and B30 (Beyond Top 30 cities) cities has remained strong during this period.

- The Industry Average Assets under Management (AAUM) for the quarter ended on 31st March 2022 reached ₹38.36 Lakh Crore recording a growth of 20% over the same period last year. Corresponding AAUM for the quarter ended 31st March 2021 was ₹32.09 Lakh Crore.
- Industry Equity AAUM stood at ₹18.64 Lakh Crore for the quarter ended 31st March 2022 growing by 39% over the same period last year. Corresponding Equity AAUM for the quarter ended 31st March 2021 was ₹13.41 Lakh Crore.
- As on 31st March 2022, the total number of mutual fund investors stood at 13.1 Crore versus 9.9 Crore on 31st March 2021, an increase of 33% Y-o-Y.
- The retail investor surge is also reflected in higher industry individual Monthly Average AUM at ₹ 20.81 lakh cr, which grew 21% Y-o-Y and contributed to around 55% of the total Monthly Average AUM.
- The overall mutual fund investment as on 31st March 2022 from B30 cities at ₹ 6.24 lakh cr, was 16.6% of the overall AUM.
- The continuous promotion of Systematic Investment Plans (SIPs) has created significant momentum in monthly SIP contributions. Industry SIP book size stands at ₹12,328 Crore in March 2022 as compared to ₹9,182 Crore in March 2021.

COMPANY'S STRATEGY

Management Discussion and Analysis (Contd.)

5. Strengthen employee value proposition to continue to attract and retain good quality talent
 - a. Continue to invest in upskilling people in the rapidly evolving financial services sector.
 - b. Foster a culture of ownership for better alignment of the interests of employees with the Company's interests

Investor education initiatives will continue to educate existing as well as the next generation of investors and distributors and contribute to the overall financial inclusion. The Company launched an exclusive initiative – 'For Her', an initiative aimed to provide financial education to women across India.

PERFORMANCE OVERVIEW

For the year FY 2021-22, the Company continued to be the largest non-bank affiliated AMC with Quarterly Average Assets under Management (QAAUM) market share (excluding ETF) at 8.6% and is the fourth largest AMC in India by QAAUM as on 31st March 2022. The Company has a dominant position in the fixed income space with QAAUM Market share as on 31st March 2022 at 11.1%. The Company is focused on growing AUM across different asset categories.

The Company's focus continues to remain in achieving a robust asset mix of high margin assets of equity and long-term

debt to improve revenue basis points to AUM. The Company continues to improve profitability over time. The profit before tax for FY 2021-22 was ₹894.70 Crore as compared to ₹695.89 Crore in FY 2020-21. The profit after tax (PAT) increased to ₹672.77 Crore in FY 2021-22 as compared to ₹526.28 Crore in FY 2020-21. The Company delivered return on equity of 34.49% in FY 2021-22.

The Company's growth can be attributed to factors such as broad spectrum of solutions, consistent investment performance, strong presence across India, multi-channel distribution, and growing alternative assets.

Growth in AUM

AUM grew steadily across asset classes, with 7% Y-o-Y growth in closing domestic assets under management, to ₹2,78,197 Crore. Overall domestic QAAUM grew by 10% Y-o-Y to ₹2,95,805 Crore as on 31st March 2022, and domestic equity QAAUM grew by 25% Y-o-Y to ₹1,20,993 Crore as on 31st March 2022. In order to build a culture of sustainable growth in AUM, the Company conceptualised a theme called 'Har Ghar SIP'. Under this concept, the Company has launched many initiatives under the #WinWithSIP campaign, which is gaining traction. This is also creating awareness about the Multi SIP feature that eases the process of investing in multiple schemes as well as acts as an effective tool for goal-based investing. The Systematic Investment Plan (SIP & STP) book increased by 13% from ₹794 Crore in March 2021 to ₹895 Crore in March 2022. The Company was able to register 11.92 Lakh SIPs (including STPs) in FY 2021-22, which is around 75% growth over previous financial year's registration.

RISK MANAGEMENT

Risk Management is at the core of the business and ensuring the right risk return trade off in keeping with risk appetite is the essence of Risk Management. Company's robust risk management framework monitors firm-wide Governance, Risk and Compliance. The risk management philosophy focusses on the following organizational structure to manage risks through the following three lines of defense:

- First is the Line Management (Functional Heads) to ensure that accountability and ownership is as close as possible to the activity that creates the risks;
- Second is Risk Oversight including its Risk & Compliance Function, Managing Director & Chief Executive Officer and the Risk Management Committees (RMCs);
- Third is Independent Assurance by Internal Audit, conducted by Independent Internal Auditors whose work is reviewed by the Audit Committee.

The Board has constituted a Risk Management Committee as required under Regulation 21 of the SEBI Listing Regulations and SEBI (Mutual Funds) Regulations, 1996 to frame, implement and monitor the risk management plan of the Company and the Schemes of the Mutual Fund.

The objectives and scope of the Risk Management Committee broadly include:

- Risk identification;
- Risk Assessment;
- Risk Response and Risk Management strategy; and
- Risk monitoring, communication and reporting.

The Management Discussion and Analysis Report sets out the risks identified, and the mitigation plans thereof.

The financial year 2021-22 witnessed disruption and challenges due to the pandemic and consequent lockdowns. The Company showed good resilience due to the strong Business Continuity Plan and Pandemic Plans in place. Over the years, the Company has built a strong Risk Management Framework supported by well-established policies and procedures and a talented pool of Risk Professionals. The Company was able to face the unprecedented challenges during the year and emerged stronger during these turbulent times.

Further, the Company has adopted the Risk Management Framework prescribed by SEBI through circular dated September 27, 2021. Through this framework, the Company has devised the mechanism for identifying and measuring the AMC level and Mutual Fund's Scheme level risk appetite and setup a robust risk control assessment mechanism to report key emerging risks and control environment at functional level to the Management and the Board of the Company.

The Company has an enterprise risk management framework in place, which includes key risk management activities such as risk identification, risk assessment, risk response and risk management strategy. The identified risks are evaluated and managed by either avoidance, transfer, mitigation or retention. The risks faced can be broadly classified as reputation risk, people risk, regulatory risk, operational risk, investment risk, strategic risk and business risk. Close monitoring and control processes, including the establishment of appropriate key risk indicators and key performance indicators are put in place to ensure that risk profiles are managed within policy limits.

The Company's Investment function operates under the Investment Governance framework approved by the Investment Committee and the Board. The framework helps in not only ensuring regulatory compliance but also provides the framework for management and mitigation of the risks associated with investments.

The Company has implemented an Operational Risk Management framework to manage specific risks that may arise from inadequate or failed internal processes, people, systems, or external events. To manage and control such risks, the Company uses various tools including self-assessments, operational risk event management and key risk indicator monitoring. The

Company recognises that information is a critical business asset and, accordingly, the Company has an information security and cyber security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organization.

The risk management systems and procedures that are in place demonstrate the commitment of the Company towards working ethically and functioning profitably while maintaining compliance with best practices, applicable laws, rules and regulations. They are intended to provide reasonable but not absolute assurance against material misstatements or loss, as well as to ensure the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information and the identification and management of business risks.

The detailed Risk Management framework is enclosed as **Annexure IV** to the Board's Report.

Business Continuity

The Company has a well-documented Business Continuity Management Programme which has been designed to ensure continuity of critical processes during any disruption.

The continual disruptions caused by the COVID 19 pandemic and frequent lockdowns tested the BCP of the Company, nevertheless, it continued to operate in line with the procedures outlined in its Business Continuity Plan, which was modified to take care of the evolving situation and a Pandemic Plan was developed keeping in view the interest of various stakeholders like employees, customers, partners, distributors, etc. within the overall regulatory requirements and guidelines. As a result, Company was able to continue to protect and serve customers while taking care of the health of their employees.

The Business Continuity Plan was also supplemented with a Business Normalisation plan. This enabled entities to resume Business Operations wherever the conditions normalised.

The Risk team and business functions worked closely on the resumption strategy and ensure functions seamlessly resume business operations in a hybrid manner enabling parallel work from Office and Home for Primary and Secondary personnel as identified under the BCP strategy.

The world seems to be moving beyond Pandemic now and all the offices of the Company and its subsidiaries have resumed normal business operations from its various offices located throughout the country. However, there is still an element of uncertainty from different Covid variants emerging globally. We continue to monitor the situation and will act in best interest of our stakeholders in case of any eventuality.

Board's Report (Contd.)

In view of the increased move to digital, there was a continued focus on Cyber Security and the Company, and its subsidiaries continued to invest in a strong Cyber Defence Programme.

The Risk management team of the Company is keeping a look out on emerging Risk landscape and revisiting our strategies to deal with these risks and also to capitalize upon the opportunities presented in the new scenario.

CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES

During the financial year under review, all transactions entered into by the Company with related parties were in ordinary course of business and on an arm's length basis and were not considered material as per the provisions of Section 188 of the Act read with the Companies (Meetings of Board and its Powers) Rules, 2014 and Regulation 23 of the SEBI Listing Regulations. Hence, disclosure in form AOC-2 under Section 134(3)(h) of the Act, read with the Rule 8 of the Companies (Accounts of Companies) Rules, 2014, is not applicable.

Prior omnibus approval of the Audit Committee is obtained for Related Party Transactions ("RPTs") which are of a repetitive nature and entered into in the ordinary course of business and at arm's length. A statement on RPTs specifying the details of the transactions, pursuant to each omnibus approval granted, is placed on a quarterly basis for review by the Audit Committee.

Pursuant to Regulation 23(9) of SEBI Listing Regulations, disclosures of RPTs are submitted to the stock exchanges on a half-yearly basis and published on the Company's website at <https://mutualfund.adityabirlacapital.com/shareholders/announcements-and-updates>.

There were no material transactions entered into with related parties during the period under review, which may have had any potential conflict with the interests of the Company at large.

The details of contracts and arrangements with related parties of the Company for the financial year under review, are given in notes to the Standalone Financial Statements, which forms part of this Annual Report. The Policy on Related Party Transactions, as approved by the Board, is available on the Company's website at <https://mutualfund.adityabirlacapital.com/-/media/bsl/files/resources/policies-and-codes/policy-on-related-party-transaction-060422.pdf>.

INTERNAL FINANCIAL CONTROLS

The Company has well-established internal control systems in place which commensurate with the nature of its business and size and scale and complexity of its operations. Standard operating procedures (SOP) and Risk Control Matrices designed to provide a reasonable assurance are in place and are being continuously monitored and updated. Internal audits are

undertaken on periodic basis to independently validate the existing controls as per scope assigned to Internal Audit Function. The Internal audit program is approved by the Audit Committee at the beginning of the year to ensure that the coverage of the areas is adequate. Internal Audit Reports are regularly reviewed by the management and corrective action is initiated to strengthen controls and enhance the effectiveness of existing systems.

Significant audit observations, if any, are presented to the Audit Committee along with the status of management actions and the progress of implementation of recommendations. During the financial year under review, no material or serious observation was identified for inefficacy or inadequacy of such controls.

The Company also periodically engages outside experts to carry out independent review of the effectiveness of various business processes. The observations and best practices suggested are reviewed by the Management and Audit Committee and appropriately implemented with a view to continuously strengthen internal controls.

INTERNAL AUDIT

The Company has in place an adequate internal audit framework to monitor the efficacy of internal controls with the objective of providing to the Audit Committee and the Board of Directors, an independent and reasonable assurance on the adequacy and effectiveness of the organization's risk management, internal control and governance processes. The framework is commensurate with the nature of the business, size, scale and complexity of its operations with a risk based internal audit approach.

The internal audit plan is developed based on the risk profile of business activities of the organization. The audit plan covers process audits at the head office and across various branches of the organization. The Internal audits are carried out by an independent external firm, the in-house internal audit team of the Company. The audit plan is approved by the Audit Committee, which regularly reviews the compliance to the plan.

Annexure V

Executive Remuneration Philosophy/ Policy

Aditya Birla Sun Life AMC Limited, ("the Company"), an Adiya Birla Group Company has adopted this Executive Remuneration Philosophy/Policy as applicable across Group Companies. This philosophy/ policy is detailed below.

Executive Remuneration Philosophy/Policy

At the Company, we expect our executive team to foster a culture of growth and entrepreneurial risk-taking. Our Executive Remuneration Philosophy/Policy supports the design of programs that align executive rewards – including incentive programs, retirement benefit programs, promotion and advancement opportunities – with the long-term success of our stakeholders. This is in line with and is guided by our Rewards Philosophy.

Our business and organizational model

Our Group is a conglomerate and organized in a manner such that there is sharing of resources and infrastructure. This results in uniformity of business processes and systems thereby promoting synergies and exemplary customer experiences.

I. Objectives of the Executive Remuneration Programme

Our executive remuneration programme is designed to attract, retain, and reward talented executives who will contribute to our long-term success and thereby build value for our shareholders. Our executive remuneration programme is intended to:

1. Provide for monetary and non-monetary remuneration elements to our executives on a holistic basis
2. Emphasize "Pay for Performance" by aligning holistic remuneration including incentive programmes with business strategies to reward executives who achieve or exceed Group, business and individual goals.

II. Covered Executives

Our Executive Remuneration Philosophy/Policy applies to the following:

1. Directors of the Company (as per applicable laws).
2. Key Managerial Personnel (KMP): Managing Director & Chief Executive Officer and equivalent, Chief Financial Officer, Company Secretary and any other person designated as KMP as per Companies Act, 2013 and other applicable laws.
3. Senior Management

III. Appointment Criteria and Qualifications

The Committee while making appointments to the Board assess the approximate mix of diversity, skills, experience and expertise. The Committee shall consider the benefits of diversity in identifying and recommending persons to Board membership and shall ensure no member is discriminated on the grounds of religion, race, origin, sexual orientation or any other physical or personal attribute.

IV. Business and Talent Competitors

We benchmark our executive pay practices and levels against peer companies in similar industries, geographies and of similar size. In addition, we look at secondary reference (internal and external) benchmarks in order to ensure that pay policies and levels across the Group are broadly equitable and support the Group's global mobility objectives for executive talent. Secondary reference points bring to the table, the executive pay practices and pay levels in other markets and industries, to appreciate the differences in levels and medium of pay and build in as appropriate for decision making.

V. Executive Pay Positioning

We aim to provide competitive remuneration opportunities to our executives by positioning target total remuneration (including perks and benefits, annual incentive pay-outs, long term incentive pay-outs at target performance), ESOPs and target total cash compensation (including annual incentive pay-outs) at target performance directionally between median and top quartile of the primary talent market. We recognize the size and scope of the role and the market standing, skills and experience of incumbents while positioning our executives.

We use secondary market data only as a reference point for determining the types and amount of remuneration while principally believing that target total remuneration packages should reflect the typical cost of comparable executive talent available in the sector.

VI. Executive Pay-Mix

Our executive pay-mix aims to strike the appropriate balance between key components: (i) Fixed Cash compensation (Basic Salary + Allowances) (ii) Annual Incentive Plan (iii) Long-Term Incentives (iv) Perks and Benefits (v) ESOP's

Annual Incentive Plan:

We tie annual incentive plan pay-outs of our executives to relevant financial and operational metrics achievement and their individual performance. We annually align the financial and operational metrics with priorities/ focus areas for the business.

Long-Term Incentive:

Our Long-term incentive plans incentivize stretch performance, link executive remuneration to sustained long term growth and act as a retention and reward tool.

We use RSU's, ESOPs, SARS and cash plan as the primary long-term incentive vehicles for our executives as we believe that they best align executive incentives with stockholder interests, value creation and for retention of key talent.

VII. Performance Goal Setting

We aim to ensure that for both annual incentive plans and long-term incentive plans, the target performance goals shall be achievable and realistic.

Threshold performance (the point at which incentive plans are paid out at their minimum, but non-zero, level) shall reflect a base-line level of performance, reflecting an estimated 75% probability of achievement.

Target performance is the expected level of performance at the beginning of the performance cycle, taking into account all known relevant facts likely to impact measured performance.

Maximum performance (the point at which the maximum plan payout is made) shall be based on an exceptional level of achievement, which is decided and approved on a yearly basis.

VIII. Executive Benefits and Perquisites

Our executives are eligible to participate in our broad-based retirement, health and welfare, and other employee benefit plans. In addition to these broad-based plans, they are eligible for perquisites and benefits plans commensurate with their roles. These benefits are designed to encourage long-term careers with the Group.

Other Remuneration Elements

Each of our executives is subject to an employment agreement. Each such agreement generally provides for a total remuneration package for our executives including continuity of service across the Group Companies.

We limit other remuneration elements, for e.g. Change in Control (CIC) agreements, severance agreements, to instances of compelling business need or competitive rationale and generally do not provide for any tax gross-ups for our executives.

Risk and Compliance

We aim to ensure that the Group's remuneration programmes do not encourage excessive risk taking. We review our remuneration programmes for factors such as, remuneration mix overly weighted towards annual incentives, uncapped pay-outs, unreasonable goals or thresholds, steep pay-out cliffs at certain performance levels that may encourage short-term decisions to meet pay-out thresholds.

Claw back Clause:

In an incident of restatement of financial statements, due to fraud or non-compliance with any requirement of the Companies Act 2013 and the rules made thereafter, we shall recover from our executives, the remuneration received in excess, of what would be payable to him / her as per restatement of financial statements, pertaining to the relevant performance year.

Implementation

The Group and Business Centre of Expertise teams will assist the Nomination, Remuneration and Compensation Committee in adopting, interpreting and implementing the Executive Remuneration Philosophy/Policy. These services will be established through "arm's length", agreements entered into as needs arise in the normal course of business.

An energetic, intuitive zeal that arises from emotional engagement with the organisation that makes work joyful and inspires each one to give his or her best. A voluntary, spontaneous and relentless pursuit of goals and objectives with the highest level of energy and enthusiasm.

Seamlessness

Thinking and working together across functional groups, hierarchies, businesses and geographies. Leveraging diverse competencies and perspectives to garner the benefits of synergy while promoting organisational unity through sharing and collaborative efforts.

Speed

Responding to internal and external customers with a sense of urgency. Continuously striving to finish before deadlines and choosing the best rhythm to optimise organisational efficiencies.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

"Our values provide us with our roots and they provide us with our wings."

Mr. Kumar Mangalam Birla,
Chairman, Aditya Birla Group

Corporate Governance Report (Contd.)

The Aditya Birla Group is one of the pioneers in the field of Corporate Governance. As a part of the Group, the Company is committed to continuously adopt and adhere to the best governance practices, to achieve the goal of making the Company a value-driven organisation.

The Company's governance practices are a product of self-desire, reflecting the culture of trusteeship that is deeply ingrained in its value system and reflected in its strategic thought process. At a macro level, the Company's governance philosophy rests on five basic tenets, viz., Board accountability to the Company and Members, strategic guidance and effective monitoring by the Board, protection of minority interests and rights, equitable treatment of all Members and transparency and timely disclosures.

The Corporate Governance framework of the Company is based on an effective and independent Board, separation of Board's supervisory role from the Senior Management team and constitution and functioning of Board Committees, as required under applicable laws.

The Board functions either as a full Board or through various Committees constituted to oversee specific functions. The Senior Management provides the Board detailed reports on the Company's performance periodically.

Compliance with Corporate Governance Guidelines

The Company is in compliance with the requirements stipulated under Chapter IV read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations") with respect to corporate governance.

The details of compliance with Corporate Governance requirements during the financial year ended 31st March 2022 ("financial year under review") are as follows:

I. BOARD OF DIRECTORS

Composition

The Board of Directors of the Company ("the Board") comprised of 11 (Eleven) Directors including 1(One) Managing Director & CEO, 4 (Four) Non-Executive Directors and 6 (Six) Independent Directors, of whom one is a Woman Independent Director. The Chairman of the Board, Mr. Kumar Mangalam Birla, is a Non-Executive and Non-Independent Director. The composition of the Board is in conformity with the requirements of the Companies Act, 2013 ("the Act") and Regulation 17 of the

SEBI Listing Regulations. In terms of the provisions of the Act and SEBI Listing Regulations, the Directors submit necessary disclosures regarding the positions held by them on the Board and/ or Committees of other Companies, from time to time.

On the basis of such disclosures, it is confirmed that as on the date of this report, none of the Directors: -

Independent Auditors' Report

To the Members of

Aditya Birla Sun Life AMC Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of Aditya Birla Sun Life AMC Limited ("the Company"), which comprise the Balance sheet as at 31st March 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those

Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31st March 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>(a) Revenue from Asset Management and Advisory Fees and Management Fees from Portfolio Management and Other Services (as described in Note 2(xiv) of the standalone financial statements)</p> <p>Revenue from operations is the most significant balance in the Statement of Profit and Loss. It majorly comprises of:</p> <ul style="list-style-type: none"> - Asset Management and Advisory Fees amounting to ₹ 1,22,016.84 lacs. - Management Fees from Portfolio Management and Other Services amounting to ₹ 4,330.56 lacs. <p>The Asset Management and Advisory Fees is based on certain percentage of the applicable daily Assets Under Management ('AUM') in accordance with guidelines prescribed under SEBI (Mutual Fund) Regulations, 1996 as amended from time to time. There are inherent risks in computing such revenue streams including computation of applicable AUM and manual input of key contractual terms, which could result in errors. Considering the complexity in contractual terms involving multiple schemes, it requires monitoring to ensure completeness.</p> <p>Accordingly, we have considered revenue from asset management and advisory fees and management fees from portfolio management and other services as a key audit matter. Any discrepancy in such computation could give rise to a material misstatement in the financial statements.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained and read the accounting policy for revenue recognition. • Obtained an understanding of the significant revenue items and identified where there is a higher risk of error due to manual processes, complex contractual terms, and areas of judgement. • Test checked the design and operating effectiveness of key controls in place across the Company over recognition of Management Fees. • Obtained and assessed independent assurance reports for the relevant controls at the third-party administrators. • Obtained and read the investment management fee report, issued by statutory auditors of mutual fund schemes and reconciled the certified amounts with the accounting records of the Company. • On a sample basis, obtained and tested arithmetical accuracy of revenue calculation and the reconciliation with the accounting records. • On sample basis, verified the input of contractual terms with rates approved by the management. • On a sample basis, checked the receipts of such income in bank statements. • Re-calculated Management Fees from Portfolio Management and Other Services in respect of certain sample contracts and compared with the actual fees charged by the Company for such contracts. • Evaluated the disclosure relating to management fee income earned by the Company.

We have determined that there are no other key audit matters to communicate in our report.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Independent Auditors' Report (Contd.)

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going

concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended 31st March 2022 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

To the Independent Auditors' Report of even date on the Standalone Financial Statements of Aditya Birla Sun Life AMC Limited

To the Members of

Aditya Birla Sun Life AMC Limited

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls with reference to standalone financial statements of Aditya Birla Sun Life AMC Limited ("the Company") as of 31st March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

The Company's Management is responsible for establishing and maintaining internal financial controls over financial reporting based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy

and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to standalone financial statements included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of internal financial controls over financial reporting with reference to these standalone financial statements

A company's internal financial controls over financial reporting with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail,

accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting with reference to standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTE: 2 SIGNIFICANT ACCOUNTING POLICIES

i. Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (IND AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time)

The Standalone Financial Statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial instruments, measured at fair value
- Gratuity plan assets, measured at fair value

The Financial Statements are presented in Indian rupees and all values are rounded to the nearest lakh, except when otherwise indicated.

Note to the financial statements

In preparing the accompanying financial statements, the Company's management has assessed the impact of the pandemic on its operations and its assets including the value of its investments, asset management rights and trade receivables as at 31st March 2022. Further, there has been no material change in the controls or processes followed in the preparation of the financial statements.

The management does not, at this juncture, believe that the impact of COVID-19 pandemic on the value of the Company's assets is likely to be material. As the situation is evolving, its effect on the operations of the Company may be different from that estimated as at the date of approval of these financial statements.

ii. Presentation of financial statements

The Company presents its balance sheet in order of liquidity. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 34

iii. Use of estimates

The preparation of the Financial Statements in conformity with the Indian Accounting Standards (Ind AS) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities as of the date of financial statements and the reported amount of revenue and expenses during the reporting year. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results may differ from those estimates and assumptions used in preparing the accompanying financial statements. Any revision to the accounting estimates will be recognised prospectively in the current and future years.

Significant estimates and judgements used for: -

- Estimates of useful lives and residual value of property, plant and equipment, and other intangible assets (Refer Note 8.1 and 8.2)
- Measurement of defined benefit obligations, actuarial assumptions (Refer Note 25)

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

- Recognition of deferred tax assets/liabilities (Refer Note 13)
- Recognition and measurement of provisions and contingencies (Refer Note 12 and Note 23)
- Financial instruments – Fair values, risk management and impairment of financial assets (Refer Note 6)
- Determination of lease term (Refer Note 33)
- Discount rate for lease liability (Refer Note 33)
- Estimates of Share based payments (Refer Note 19, 25 and 35)

iv. Functional and presentation currency

The Financial Statements of the Company are presented in Indian rupees, the national currency of India, which is the functional currency of the Company.

v. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and cash in hand and short-term investments with an original maturity of three months or less which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

vi. Property, plant and equipment

Property, Plant and equipment are stated at their cost of acquisition less accumulated depreciation, and accumulated impairment losses. The cost of acquisition is inclusive of taxes (except those which are refundable), duties, freight and other incidental expenses related to acquisition and installation of the assets. As on April 1, 2017, i.e., its date of transition to IND AS, the Company has used Indian GAAP carrying value as deemed costs. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the

net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss when the asset is derecognised.

vii. Capital work in progress

Projects under which property plant and equipment are not ready for their intended use are carried at cost less accumulated impairment losses, comprising direct cost, inclusive of taxes, duties, freight, and other incidental expenses.

viii. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred. As at 1st April 2017, i.e., its date of transition to Ind AS, the Company has used Indian GAAP carrying value as deemed cost. An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss. when the asset is derecognised.

ix. Intangible assets under development

The intangible assets under development includes cost of intangible assets that are not ready for their intended use less accumulated impairment losses.

x. Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is provided on a straight-line basis at the rates and useful life as prescribed in Schedule II of the Companies Act, 2013 or as determined by the management based on technical advice, except assets individually costing less than ₹5,000 which are fully depreciated in the year of purchase / acquisition. Depreciation commences when assets are ready for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever

Significant Accounting policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting year and adjusted prospectively, if appropriate. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Following is the summary of useful life of the assets as per management estimates and as required by the Companies Act, 2013.

No	Particulars	Useful life (In Years)	
		Estimated Useful Life	Useful Life as Prescribed by Schedule II of the Companies Act, 2013
A	Depreciation on property, plant and equipment		
1	Computers		
	- Servers and networks*	3 Years	6 Years
	- Other	3 Years	3 Years
2	Office Equipment	5 Years	5 Years
3	Vehicles – Motor Car/Two Wheelers*	5 Years	8 Years
4	Furniture and Fixtures*	5 Years	10 Years
5	Mobile Phone (Included in office equipment)	2 Years	Not specified
6	Leasehold Improvements	Over the primary period of the lease term or 3 years, whichever is less	Not specified
B	Amortisation of intangible assets		
1	Investment Management Rights	10 Years	Not specified
2	Software	3 Years	Not specified

* Based on technical advice, Management believes that the useful life of assets reflect the periods over which they are expected to be used. Depreciation on assets sold during the year is recognized on a pro-rata basis in the Statement of Profit and Loss from/till the date of acquisition/sale.

xi. Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated impaired when the carrying cost of an asset or cash-generating unit's (CGU) exceeds its recoverable value. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The recoverable amount is the greater of the assets' or CGU's fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered.

If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. An impairment loss, if any, is charged to Statement of Profit and Loss Account in the year in which an asset is identified as impaired. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

xii. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the

basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

xiii. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument to another entity.

Financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial instruments are recognised initially at fair value, with the exception of trade receivables. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Trade receivables that do not contain a significant financing component for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on trade date while, loans and borrowings are recognised net of directly attributable transactions costs.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: financial assets comprising amortised cost, debt instruments at fair value through other comprehensive income (FVTOCI), equity instruments at FVTOCI, financial assets at fair value through profit and loss account (FVTPL) and financial liabilities at amortised cost or FVTPL. The classification of financial instruments depends on the contractual cash flow characteristics and the objective of the business model for which it is held and whether the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal outstanding.

Management determines the classification of its financial instruments at initial recognition.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Significant Accounting policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

Classification of financial assets:

a) Financial assets at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

The Company determines its business model at the level that best reflects how it manages financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- Reports reviewed by the entity's key management personnel on the performance of financial assets
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the year for which the interest rate is set.

Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest method, less any impairment loss.

Financial assets at amortised cost are represented by investments in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and other financial assets.

b) Debt Instruments at FVTOCI

A debt instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
- The asset's contractual cash flows represent SPPI debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs.

Fair value movements are recognised in other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain loss in Profit or Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model. Currently, the Company does not hold any interest-bearing debt instrument that qualifies to be classified under this category.

c) Equity instruments at FVTOCI

All equity instruments are measured at fair value. Equity instruments held for trading is classified as FVTPL, described below. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which are not subsequently

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

recycled to Profit or Loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Currently, the Company has not classified any equity instrument at FVTOCI.

d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL. In addition, the Company may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss. For all equity instruments at FVTPL, dividend is recognised in Profit or Loss when the right of payment has been established.

Financial liabilities

a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value and subsequently carried at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss

within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

xiv. Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Revenue from contracts with customers is recognised when control of services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

I. Rendering of services

The Company principally generates revenue by providing asset management services to Aditya Birla Sun Life Mutual Fund and other clients.

Significant Accounting policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

- a) Management fees are recognized on accrual basis at specific rates, applied on the average daily net assets of each scheme. The fees charged are in accordance with the terms of Scheme Information Documents of respective schemes and are in line with the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.
- b) Portfolio Management Fees and Advisory Fees are recognized on an accrual basis as per the terms of the contract with the customers.
- c) Management fees from other services are recognized on an accrual basis as per the terms of the contract with the customers at specific rates applied on net assets.

These contracts include a single performance obligation (series of distinct services) that is satisfied over time and the management fees and/or advisory fees earned are considered as variable consideration.

If the consideration promised in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for rendering the promised services to a customer. The amount of consideration can vary because of discounts, rebates, refunds, credits, price concessions, incentives, performance bonuses, or other similar items. The promised consideration can also vary if an entitlement to the consideration is contingent on the occurrence or non-occurrence of a future event.

II. Dividend and interest income

- a) Dividend income is recognised when the Company's right to receive dividend is established, it is probable that economic benefits associated with dividend will flow to the entity and the amount of dividend can be measured reliably. This is generally when shareholders approve the dividend.
- b) Interest income from financial assets, is recognised on a time proportion basis, taking into account the amount outstanding and the rate applicable.

xv. Foreign currency transactions and balances

The Company's Financial Statements are presented in INR, which is also the functional currency. Transactions in foreign currency are recorded at the rate of exchange prevailing on the date of transaction.

Foreign currency monetary items are reported using closing rate of exchange at the end of the year. The resulting exchange gain/loss is reflected in the Statement of Profit and Loss. Other non-monetary items, like Property Plant & Equipment and Intangible Assets are carried in terms of historical cost using the exchange rate at the date of transaction.

xvi. Employee benefits

- a) Provident Fund: Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.
- b) Gratuity: The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent years.

Past service costs are recognised in profit or loss on the earlier of:

- The date of plan amendment or curtailment
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
 - Net interest expense or income
- c) Leave Encashment: Provision for leave encashment is made on the basis of actuarial valuation of the expected liability. Re-measurement gains/losses are recognised as profit or loss in the year in which they arise.
- d) Long Term Incentive Plan: The Company has long term incentive plan for different cadre of employees. The same is actuarially determined and assessed on yearly basis. Re-measurement gains/losses are recognised as profit or loss in the year in which they arise.

xvii. Leases

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes right – of – use ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. The Company applies the short-term lease recognition exemption to its short-term leases of its branches/rental offices (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. For these short-term and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and accumulated impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The estimated useful life of right-of-use assets (primarily buildings) range between 1 year to 9 years. The right-of-use assets are also subject to impairment. Refer Note 2(xi) on impairment of non-financial assets.

The lease liability is initially measured at the present value of the future lease payments. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment on exercise of an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Amendments to Ind AS 116: COVID-19-Related Rent Concessions.

The amendments to Ind AS 116 provides a practical expedient to lessees in accounting for rent concessions that are a direct consequence of the COVID-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a COVID-19 related rent concession from a lessor is a lease modification. A lessee that makes this election

Significant Accounting policies

and other explanatory information (notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

accounts for any change in lease payments resulting from the COVID-19 related rent concession the same way it would account for the change under Ind AS 116, if the change were not a lease modification. The practical expedient applies only to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met:

- i) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change.
- ii) Any reduction in lease payments affects only payments originally due on or before 31st March 2023 (for example, a rent concession would meet this condition if it results in reduced lease payments before 31st March 2023 and increased lease payments that extend beyond 31st March 2023).
- iii) There is no substantive change to other terms and conditions of the lease.

The lessees will apply the practical expedient retrospectively, recognising the cumulative effect of initially applying the amendment as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of the annual reporting period in which the lessee first applies the amendment.

The amendments are applicable for annual reporting periods beginning on or after the 1st April 2020. The Company has elected to apply the practical expedient of not assessing the rent concessions as a lease modification for all rent concessions which are granted due to COVID-19 pandemic. This amendment had no significant impact on the standalone financial statements of the Company (Refer Note 18 – Other Income).

xviii. Earnings per share ("EPS")

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted EPS, profit after tax for the year attributable to the equity shareholders and the weighted-average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xix. Fund and commission expenses:

Prior to 21st October 2018, certain scheme related expenses and commission were being borne by the Company in

accordance with circulars and guidelines issued by SEBI and the Association of Mutual Funds in India (AMFI). Commission paid for future period for the mutual fund schemes (including for Equity Linked Savings Schemes) until 21st October 2018 is treated as prepaid expenses and is amortized on the contractual period and charged to Statement of Profit and Loss account unless considered recoverable from schemes. Pursuant to circulars issued by SEBI in this regard, after 21st October 2018, these expenses, subject to some exceptions, are being borne by the mutual fund schemes. New Fund Offer (NFO) expenses on the launch of schemes are borne by the Company and recognised in profit or loss as and when incurred.

Commission is paid to the brokers for Portfolio Management and other services as per the terms of agreement entered into with respective brokers. In case of certain portfolio management schemes and other services, the brokerage expenses are amortised over the tenure of the product or commitment period. Unamortised brokerage is treated as Non-financial Assets considering the normal operating cycle of the Company.

xx. Taxes

Current tax:

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax:

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax

assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

xxi. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Claims against the Company, where the possibility of any outflow of resources in settlement is remote are not disclosed as contingent liabilities. A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is virtually certain.

xxii. Share based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The Company measures the cost of equity-settled transactions with employees using Black-Scholes Model to determine the fair value of the liability incurred on the grant date. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs

Significant Accounting policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

to the valuation model including the expected life of the share option, volatility and dividend yield, and making assumptions about them.

Equity-settled share-based payments to employees are measured by reference to the fair value of the equity instruments at the grant date using Black- Scholes Model. The fair value, determined at the grant date of the equity-settled share-based payments, is charged to profit and loss on the straight-line basis over the vesting period of the option, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

In case of forfeiture/lapse stock option, which is not vested, amortised portion is reversed by credit to employee compensation expense. In situation where the stock option expires unexercised, the related balance standing to the credit of the Employee Stock Options Outstanding Account is transferred within equity.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share

Also, a separate Employee stock options scheme (ESOP) ("the scheme") has been established by Aditya Birla Capital Limited ("ABCL") (Entity having significant influence). The

scheme provides that employees are granted an option to subscribe to equity shares of ABCL that vest in a graded manner. The options may be exercised within a specified period. Measurement and disclosure of Employee share-based payment plan is done in accordance with Ind AS 102 Share Based Payments.

ABCL follows the Black-Scholes Merton Value method to account for its stock-based employee compensation plans. The cost incurred by the ABCL, in respect of options granted to employees of the Company is charged to the Statement of Profit and Loss during the year and recovered by them.

xxiii. Cash dividend to equity holders of the company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders except in the case of interim dividend. A corresponding amount is recognised directly in equity.

Nature and Purpose of the reserves

Share Premium:

Share Premium is used to record the premium (amount received in excess of face value of equity shares) on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of Section 52 of Companies Act, 2013. The Company has utilised the Share Premium in issue of bonus equity shares in the current year.

General reserve:

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up share capital of the Company for that year, then the total dividend distribution is less than total distributable reserve for that year.

Consequent to introduction of the Companies Act 2013, the requirement to mandatorily transfer a specified percentage of net profit to general reserve has been withdrawn. However the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

Retained earnings:

Retained earnings are the profits that a company has earned to date, less any dividends or other distributions paid to the Shareholders, net of utilisation as permitted under applicable regulations.

Share Option Outstanding Account:

The grant date fair value of equity-settled share-based payment transactions with employees and directors are recognised in the Statement of Profit and Loss with the corresponding credit to this account over the vesting period.

The management assessed that cash and cash equivalents, trade receivables, other financial assets, trade payables, lease liabilities and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Accordingly, fair value hierarchy for these financial instruments have not been presented above.

Valuation techniques used to determine fair value:-

- Mutual Funds:- Net Asset Value (NAV) declared by the mutual fund at which units are issued or redeemed
- Alternative Investment Funds:- Net Asset Value (NAV) provided by issuer fund which is arrived at based on valuation from independent valuer for unlisted portfolio companies, quoted price of listed portfolio companies and price of recent investments
- Debt Securities:- Fair value of debt securities which are actively traded bonds, is derived on the basis of quoted price available on the National Stock Exchange
- Equity Instruments:- Discounted cash flow based on present value of the expected future economic benefit

In order to assess Level 3 valuations as per Company's investment policy, the management reviews the performance of the investee companies (including unlisted portfolio companies of venture capital funds and alternative investment funds) on a regular basis by tracking their latest available financial statements / financial information, valuation report of independent valuers, recent transaction results etc. which are considered in valuation process.

NOTE: 32 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities comprise trade and other payables. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also holds investments in mutual fund units, debt and equity instruments.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by Risk Management Committee and the auditors have relied on the same. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates and prices (such as foreign exchange rates, interest rates, other prices). The Company is exposed to market risk primarily related to interest rate risk and price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The sensitivity of the portfolio towards the interest rate is mentioned in the table below

Sensitivity

The following table demonstrates the sensitivity to :

- Interest Rate Risk is basis impact on debt portfolios for 1% change in interest rates.
- Hybrid funds considered at 100% as a conservative basis for assessing interest rate impact on portfolio. (which form approximately 1% of the entire portfolio of schemes).

Impact on profit and loss:

(₹ in Lakh)		
Risk	As at 31 Mar 22	As at 31 Mar 21
Interest Rate Risk – (Impact of 1% increase in interest rate)	1.64%	1.60%
Effect on Profit and Loss	(2,774.86)	(2,448.88)
Interest Rate Risk – (Impact of 1% decrease in interest rate)	1.64%	1.60%
Effect on Profit and Loss	2,774.86	2,448.88

(ii) Foreign currency risk

The Company has insignificant amount of foreign currency denominated assets and liabilities. Accordingly, there is no significant exposure to currency risk.

(iii) Price risk

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices and related market variables including interest rate for investments in debt oriented mutual funds and debt securities, caused by factors specific to an individual investment, its issuer and market.

The Company's exposure to price risk arises from investments in Units of mutual funds, alternative investment funds, etc which are classified as financial asset at Fair Value through Profit and Loss and is as follows:

(₹ in Lakh)		
Particulars	For the year ended 31 Mar 22	For the year ended 31 Mar 21

Effect on Profit and Loss		
5% increase in prices	9,942.67	8,110.51
5% decrease in prices	(9,942.67)	(8,110.51)

B. Credit risk

Credit Risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's has clearly defined policies to mitigate counterparty risks. Cash and liquid investments are held primarily in mutual funds and banks with good credit ratings. Defined limits are in place for exposure to individual counterparties in case of mutual fund houses and banks.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Company has major receivable from mutual fund schemes.

Other financial assets measured at amortised cost	12,278.86	12,222.98

Expected Credit Loss on Financial Assets

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL or life time ECL, the company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. For trade receivables, the company applies a simplified approach in calculating ECLs. Therefore, the company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The company has determined based on historical experience and expectations that the ECL on its trade receivables is insignificant and was not recorded. The company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:

- Historical trend of collection from counterparty
- Company's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain

Significant Accounting Policies

and other explanatory information(notes) forming part of the Standalone financial statements for the year ended 31st March, 2022

Other notes to accounts:

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e., the difference between the cash flows due to the company in accordance with contract and the cash flows that the Company expects to receive).

The Company has three types of financial assets that are subject to the expected credit loss:

- Cash and cash equivalent
- Trade and other receivables
- Investment in debt securities measured at amortised cost

Trade and Other Receivables:-

Exposures to customers' outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of collection from counterparties on timely basis reflects low level of credit risk. As the Company has a contractual right to such receivables as well as the control over such funds due from customers, the Company does not estimate any credit risk in relation to such receivables.

Cash and Cash Equivalents:-

The Company holds cash and cash equivalents and other bank balances as per note 3 and 4. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high.

Investment in Debt Securities measured at amortised cost:-

Funds are invested after taking into account parameters like safety, liquidity and post tax returns etc. The Company avoids concentration of credit risk by spreading them over several counterparties with good credit rating profile and sound financial position. The Company's exposure and credit ratings of its counterparties are monitored on an ongoing basis.

C. Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations or at a reasonable price. The Company's Finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

All the future cash flows to which the lease is potentially exposed are reflected in the measurement of lease liabilities.

Critical accounting judgements and key sources of estimation uncertainty

Critical judgements required in the application of Ind AS 116 may include, among others, the following:

- Identifying whether a contract (or part of a contract) includes a lease;
- Determining whether it is reasonably certain that an extension or termination option will be exercised;
- Classification of lease agreements (when the entity is a lessor);
- Determination of whether variable payments are in-substance fixed;
- Establishing whether there are multiple leases in an arrangement;
- Determining the stand-alone selling prices of lease and non-lease components.

Independent Auditor's Report

To the Members of

Aditya Birla Sun Life AMC Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of Aditya Birla Sun Life AMC Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated balance sheet as at 31st March 2022, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2022, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified

under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Revenue from Asset Management and Advisory Fees and Management Fees from Portfolio Management and Other Services (as described in Note 2(xv) of the consolidated financial statements)</p> <p>Revenue from operations is the most significant balance in the Statement of Profit and Loss. It majorly comprises of:</p> <ul style="list-style-type: none"> - Asset Management and Advisory Fees amounting to ₹ 1,24,965.61 lacs. - Management Fees from Portfolio Management and Other Services amounting to ₹ 4,330.55 lacs. <p>The Asset Management and Advisory Fees is based on certain percentage of the applicable daily Assets Under Management ('AUM') in accordance with guidelines prescribed under SEBI (Mutual Fund) Regulations, 1996 as amended from time to time. There are inherent risks in computing such revenue streams including computation of applicable AUM and manual input of key contractual terms, which could result in errors. Considering the complexity in contractual terms involving multiple schemes, it requires monitoring to ensure completeness.</p> <p>Accordingly, we have considered revenue from asset management and advisory fees and management fees from portfolio management and other services as a key audit matter. Any discrepancy in such computation could give rise to a material misstatement in the financial statements.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained and read the accounting policy for revenue recognition. • Obtained an understanding of the significant revenue items and identified where there is a higher risk of error due to manual processes, complex contractual terms, and areas of judgement. • Test checked the design and operating effectiveness of key controls in place across the Company over recognition of Management Fees. • Obtained and assessed independent assurance reports for the relevant controls at the third-party administrators. • Obtained and read the investment management fee report, issued by statutory auditors of mutual fund schemes and reconciled the certified amounts with the accounting records of the Company. • On a sample basis, obtained and tested arithmetical accuracy of revenue calculation and the reconciliation with the accounting records. • On sample basis, verified the input of contractual terms with rates approved by the management. • On a sample basis, checked the receipts of such income in bank statements. • Re-calculated Management Fees from Portfolio Management and Other Services in respect of certain sample contracts and compared with the actual fees charged by the Company for such contracts. • Evaluated the disclosure relating to management fee income earned by the Company.

Information other than the financial statements and auditor's report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent;

Independent Auditor's Report (Contd.)

and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether

the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended 31st March 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matter

We did not audit the financial statements and other financial information, in respect of three subsidiaries, whose financial statements include total assets of ₹ 7,236.79 lacs as at 31st March 2022, and total revenues of ₹ 4,187.70 lacs and net cash inflows of ₹ 1,058.73 lacs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management.

Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

All of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.

To the independent auditor's report of even date on the consolidated financial statements of Aditya Birla Sun Life AMC limited

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of Aditya Birla Sun Life AMC Limited as of and for the year ended 31st March 2022, we have audited the internal financial controls over financial reporting of Aditya Birla Sun Life AMC Limited (hereinafter referred to as the "Holding Company").

Management's responsibility for internal financial controls

The Board of Directors of the Holding Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls,

both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of internal financial controls over financial reporting with reference to consolidated financial statements

A Company's internal financial controls over financial reporting with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference

to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls over financial reporting with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, has maintained in all material respects, adequate internal financial controls over financial reporting with reference to consolidated financial statements and such internal financial controls over financial reporting with reference to consolidated financial statements were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTE: 2 SIGNIFICANT ACCOUNTING POLICIES

i. Basis of preparation of financial statements

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The Consolidated Financial Statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial instruments, measured at fair value
- Gratuity plan assets, measured at fair value

The consolidated financial statements are presented in Indian rupees and all values are rounded to the nearest lakh, except when otherwise indicated.

Note to the financial statements

In preparing the accompanying financial statements, the Group’s management has assessed the impact of the pandemic on its operations and its assets including the value of its investments, asset management rights and trade receivables as at 31st March 2022. Further, there

has been no material change in the controls or processes followed in the preparation of the financial statements.

The management does not, at this juncture, believe that the impact of COVID-19 pandemic on the value of the Group’s assets is likely to be material. As the situation is evolving, its effect on the operations of the Group may be different from that estimated as at the date of approval of these financial statements.

ii. Presentation of financial statements

The Group presents its balance sheet in order of liquidity. Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Group and/or its counterparties

An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 36

iii. Use of estimates

The preparation of the financial statements in conformity with the Indian Accounting Standards (IND AS) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities as of the date of financial statements and the reported amount of revenue and expenses during the reporting period. The estimates and assumptions used in the accompanying financial statements are based upon management’s evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results may differ from those estimates and assumptions used in preparing the accompanying financial statements. Any revision to the accounting estimates will be recognised prospectively in the current and future periods.

Significant estimates and judgements used for: -

- Estimates of useful lives and residual value of Property, Plant and Equipment, and other intangible assets (Refer Note 9.1 and 9.2)

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

- Measurement of defined benefit obligations, actuarial assumptions (Refer Note 26)
- Recognition of deferred tax assets/liabilities (Refer Note 14)
- Recognition and measurement of provisions and contingencies (Refer Note 13 and Note 24)
- Financial instruments – Fair values, risk management and impairment of financial asset (Refer Note 7)
- Determination of lease term (Refer Note 35)
- Discount rate for lease liability (Refer Note 35)
- Estimates of Share based payments (Refer Note 20, 26 and 37)

iv. Functional and presentation currency

The consolidated financial statements of the Group are presented in Indian rupees, the national currency of India, which is the functional currency of the Company. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using the functional currency.

v. Principles of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31st March 2022. The Group consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

- The Group also considers all relevant facts and circumstances in assessing whether it has power over an investee, including:
- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies of the subsidiaries have been harmonised to ensure the consistencies with the policies that have been adopted by the Company. The financial statements of the Company and its subsidiaries combined have been consolidated on a line-by-line basis by adding together the values of like items of assets, liabilities, income and expenses, after eliminating intra-Group balances and transactions and offsetting the carrying amount of the Company's investment in each subsidiary and the Company's portion of equity in each subsidiary as per Ind AS 110 "Consolidated Financial Statements".

The Financial statements of the wholly owned Subsidiaries used in the consolidation are drawn up to the same reporting date as of the Company i.e. year ended on 31st March. When the end of the reporting period of the Company is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the Company to enable the Company to consolidate the financial information of the subsidiary.

The Company acts as the fund manager for Aditya Birla Sun Life Mutual Fund and therefore has a significant involvement with the funds. However, fund managers are subject to substantial investment restrictions and guidelines. In all cases, the Company could be removed without cause, by the majority of the unit holders. The Company does not have significant investments in the units of mutual funds. Therefore, the funds managed by the Company are not consolidated.

India Advantage Fund Limited (IAFL) is a collective investment scheme set up as a fund in Mauritius with the status of a limited company under the Mauritius Companies Act. In terms of constitution and private placement memorandum, IAFL has classes of redeemable participating shares. Each class of participating shares has its own Balance Sheet and Profit and Loss account. The Profit / Loss of each such class belongs to the participating shareholders of that class. Aditya Birla Sun Life Asset Management Company Limited (ABSLAMC) owns 100% of the management share and management shareholder is not entitled to any beneficial interest in the profit / loss of various classes nor is required to make good any shortfall. In substance there are no direct or indirect economic benefits received by the management shareholders. The substance over form must prevail. Accordingly, the Group has not consolidated IAFL in the Consolidated Financial Statements.

Aditya Birla Sun Life AMC Pte. Limited, Singapore has made investment in International Opportunities Fund. All these funds are segregated portfolio company set up as a fund in Cayman Islands under the Cayman Islands Monetary Act. In terms of constitution and private placement memorandum, all these funds has various segregated portfolio which issue redeemable participating shares. Each Segregated Portfolio of participating shares has its own Balance Sheet and Profit and Loss account. The Profit / Loss of each such Portfolio belongs to the participating shareholders of that segregated portfolio. Aditya Birla Sun Life Asset Management Company Pte. Limited (ABSLAMC) owns 100% of the management share and management shareholder is not entitled to any beneficial interest in

the profit / loss of various segregated portfolios nor is required to make good any shortfall. In substance there are no direct or indirect economic benefits received by the management shareholders. The substance over form must prevail. Accordingly, the Group has not consolidated these funds in the Consolidated Financial Statements.

vi. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and cash in hand and short-term investments with an original maturity of three months or less which are subject to an insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Group's cash management.

vii. Property, plant and equipment

Property, Plant and equipment are stated at their cost of acquisition less accumulated depreciation, and impairment losses. The cost of acquisition is inclusive of taxes (except those which are refundable), duties, freight and other incidental expenses related to acquisition and installation of the assets. As on 1st April 2017, i.e. its date of transition to IND AS, the Group has used Indian GAAP carrying value as deemed costs. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss when the asset is derecognised.

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

viii. Capital work in progress

Projects under which property plant and equipment are not ready for their intended use are carried at cost less accumulated impairment losses, comprising direct cost, inclusive of taxes, duties, freight, and other incidental expenses.

ix. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred. As on 1st April 2017, i.e. its date of transition to IND AS, the Group has used Indian GAAP carrying value as deemed costs. An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss. when the asset is derecognised.

x. Intangible assets under development

The intangible assets under development includes cost of intangible assets that are not ready for their intended use less accumulated impairment losses.

xi. Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is provided on a straight-line basis at the rates and useful life as prescribed in Schedule II of the Companies Act, 2013 or as determined by the management based on technical advice, except assets individually costing less than ₹ 5,000 which are fully depreciated in the year of purchase / acquisition. Depreciation commences when assets are ready for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Following is the summary of useful life of the assets as per management estimates and as required by the Companies Act, 2013.

No	Particulars	Useful life (In Years)	
		Estimated Useful Life	Useful Life as Prescribed by Schedule II of the Companies Act, 2013
A	Depreciation on property, plant and equipment		
1	Computers		
	- Servers and networks*	3 Years	6 Years
	- Other	3 Years	3 Years
2	Office Equipment	5 Years	5 Years
3	Vehicles – Motor Car/Two Wheelers*	5 Years	8 Years
4	Furniture and Fixtures*	5 Years	10 Years
5	Mobile Phone (Included in office equipment)	2 Years	Not specified
6	Leasehold Improvements	Over the primary period of the lease term or 3 years, whichever is less	Not specified
B	Amortisation of intangible assets		
1	Investment Management Rights	10 Years	Not specified
2	Software	3 Years	Not specified

* Based on technical advice, Management believes that the useful life of assets reflect the periods over which they are expected to be used. Depreciation on assets sold during the year is recognized on a pro-rata basis in the Statement of Profit and Loss from/till the date of acquisition/sale.

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

xii. Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is treated impaired when the carrying cost of an asset or cash-generating unit's (CGU) exceeds its recoverable value. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The recoverable amount is the greater of the assets' or CGU's fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. An impairment loss, if any, is charged to Statement of Profit and Loss Account in the year in which an asset is identified as impaired. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

xiii. Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

xiv. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument to another entity.

Financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instruments.

All financial instruments are recognised initially at fair value, with the exception of trade receivables. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Trade receivables that do not contain a significant

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

financing component for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on trade date while, loans and borrowings are recognised net of directly attributable transactions costs.

For the purpose of subsequent measurement, financial instruments of the Group are classified in the following categories: financial assets comprising amortised cost, debt instruments at fair value through other comprehensive income (FVTOCI), equity instruments at FVTOCI, financial assets at fair value through profit and loss account (FVTPL) and financial liabilities at amortised cost or FVTPL. The classification of financial instruments depends on the contractual cash flow characteristics and the objective of the business model for which it is held and whether the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal outstanding.

Management determines the classification of its financial instruments at initial recognition.

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Classification of Financial assets:

a) Financial assets at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- Reports reviewed by the entity's key management personnel on the performance of financial assets
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

As a second step of its classification process the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Group applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Financial assets at amortised cost are represented by investments in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and other financial assets.

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

b) Debt instruments at FVTOCI

A debt instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
- The asset's contractual cash flows represent SPPI debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs.

Fair value movements are recognised in other comprehensive income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain loss in Profit or Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model. Currently, the Group does not hold any interest-bearing debt instrument that qualifies to be classified under this category.

c) Equity instruments at FVTOCI

All equity instruments are measured at fair value. Equity instruments held for trading is classified as FVTPL, described below. For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument-by-instrument basis. If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which are not subsequently recycled to Profit or Loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Currently, the Group has not classified any equity instrument at FVTOCI.

d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL. In addition, the Group may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Financial assets at fair value through profit or loss are carried

in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss. For all equity instruments at FVTPL, dividend is recognised in Profit or Loss when the right of payment has been established.

Financial liabilities

a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value and subsequently carried at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/losses are not subsequently transferred to P&L. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Group has not designated any financial liability as at fair value through profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

xv. Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Revenue from contracts with customers is recognised when control of services are transferred to the customer at an amount

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

that reflects the consideration to which the Group expects to be entitled in exchange for those services.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

I. Rendering of services

The Group principally generates revenue by providing asset management services to Aditya Birla Sun Life Mutual Fund and other clients.

- a) Management fees are recognized on accrual basis at specific rates, applied on the average daily net assets of each scheme. The fees charged are in accordance with the terms of Scheme Information Documents of respective schemes and are in line with the provisions of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.
- b) Portfolio Management Fees and Advisory Fees are recognized on an accrual basis as per the terms of the contract with the customers.
- c) Management fees from other services are recognized on an accrual basis as per the terms of the contract with the customers at specific rates applied on net assets.

These contracts include a single performance obligation (series of distinct services) that is satisfied

over time and the management fees and/or advisory fees earned are considered as variable consideration.

If the consideration promised in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for rendering the promised services to a customer. The amount of consideration can vary because of discounts, rebates, refunds, credits, price concessions, incentives, performance bonuses, or other similar items. The promised consideration can also vary if an entitlement to the consideration is contingent on the occurrence or non-occurrence of a future event.

II. Dividend and interest Income

- a) Dividend income is recognised when the Group's right to receive dividend is established, it is probable that economic benefits associated with dividend will flow to the entity and the amount of dividend can be measured reliably. This is generally when shareholders approve the dividend.
- b) Interest income from financial assets, is recognised on a time proportion basis, taking into account the amount outstanding and the rate applicable.

xvi. Foreign currency transactions and balances

The Group's consolidated financial statements are presented in Indian rupees, the national currency of India, which is the functional currency of the Company. For each entity, the Company determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions in foreign currency are recorded by the Group's entities at their respective functional currency spot rates at the date of transaction. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Foreign currency monetary items are reported using functional currency spot rates of exchange at the reporting date. The resulting exchange gain/loss is reflected in the Statement of Profit and Loss with the exception of exchange differences arising on monetary items that form part of a Company's net investment in the subsidiaries which are recognised in profit or loss in the separate financial statements of the Company or the individual financial statements of the subsidiaries, as appropriate. In the consolidated financial statements, such exchange differences are recognised initially OCI. Other non-monetary items, like Property Plant & Equipment and Intangible

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

Assets are carried in terms of historical cost using the exchange rate at the date of transaction.

Translation of foreign subsidiaries is done in accordance with Indian Accounting Standard (Ind AS) 21 "The Effects of Changes in Foreign Exchange Rates". On consolidation, the assets and liabilities of foreign subsidiaries are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI.

xvii. Employee benefits

- a) **Provident Fund:** Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

- b) **Gratuity:** The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent years.

Past service costs are recognised in profit or loss on the earlier of:

- The date of plan amendment or curtailment

- The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
 - Net interest expense or income
- c) **Leave Encashment:** Provision for leave encashment is made on the basis of actuarial valuation of the expected liability. Re-measurement gains/losses are recognised as profit or loss in the year in which they arise.
- d) **Long Term Incentive Plan:** The Group has long term incentive plan for different cadre of employees. The same is actuarially determined and assessed on yearly basis. Re-measurement gains/losses are recognised as profit or loss in the year in which they arise.

xviii. Leases

The Group's lease asset classes primarily consist of leases for buildings. The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (1) the contract involves the use of an identified asset (2) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes right – of – use ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. The Group applies the short-term lease recognition exemption to its short-term leases of its branches/rental offices (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. For these short-term and low value leases, the Group recognizes

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and accumulated impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The estimated useful life of right-of-use assets (primarily buildings) range between 1 year to 9 years. The right-of-use assets are also subject to impairment. Refer Note 2(xii) on impairment of non-financial assets.

The lease liability is initially measured at the present value of the future lease payments. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

Lease liabilities are remeasured with a corresponding adjustment to the related right of-use asset if the group changes its assessment on exercise of an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Amendments to Ind AS 116: COVID-19 related rent concessions.

The amendments to Ind AS 116 provides a practical expedient to lessees in accounting for rent concessions that are a direct consequence of the COVID-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a COVID-19 related rent concession from a lessor is a lease modification. A lessee that makes this election

accounts for any change in lease payments resulting from the COVID-19 related rent concession the same way it would account for the change under Ind AS 116, if the change were not a lease modification. The practical expedient applies only to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met:

- i) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change.
- ii) Any reduction in lease payments affects only payments originally due on or before 31st March 2023 (for example, a rent concession would meet this condition if it results in reduced lease payments before 31st March 2023 and increased lease payments that extend beyond 31st March 2023).
- iii) There is no substantive change to other terms and conditions of the lease.

The lessees will apply the practical expedient retrospectively, recognising the cumulative effect of initially applying the amendment as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of the annual reporting period in which the lessee first applies the amendment.

The amendments are applicable for annual reporting periods beginning on or after the 1st April 2020. The Group has elected to apply the practical expedient of not assessing the rent concessions as a lease modification for all rent concessions which are granted due to COVID-19 pandemic. This amendment had no significant impact on the consolidated financial statements of the Group (Refer note 19-Other income).

xix. Earnings per share ("EPS")

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted EPS, profit after tax for the year attributable to the equity shareholders and the weighted-average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xx. Fund and commission expenses

Prior to 21st October 2018, certain scheme related expenses and commission were being borne by the Company in accordance with circulars and guidelines issues by SEBI

Significant Accounting Policies

and other explanatory information (notes) forming part of the Consolidated financial statements for the year ended 31st March 2022

and the Association of Mutual Funds in India (AMFI). Commission paid for future period for the mutual fund schemes (including for Equity Linked Savings Schemes) until 21st October, 2018 is treated as prepaid expenses and is amortised on the contractual period and charged to Statement of Profit and Loss account unless considered recoverable from schemes. Pursuant to circulars issued by SEBI in this regard, after 21st October 2018, these expenses, subject to some exceptions, are being borne by the mutual fund schemes. New Fund Offer (NFO) expenses on the launch of schemes are borne by the Company and recognised in profit or loss as and when incurred.

Commission is paid to the brokers for Portfolio Management and other services as per the terms of agreement entered into with respective brokers. In case of certain portfolio management schemes and other services, the brokerage expenses are amortised over the tenure of the product or commitment period. Unamortised brokerage is treated as Non-financial Assets considering the normal operating cycle of the Company.

xxi. Taxes

Current tax:

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax:

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and,

at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes

relate to the same taxable entity and the same taxation authority.

xxii. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Group has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Claims against the Group, where the possibility of any outflow of resources in settlement is remote are not disclosed as contingent liabilities. A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is virtually certain.

xxiii. Share based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The Group measures the cost of equity-settled transactions with employees using Black-Scholes Model to determine the fair value of the liability incurred on the grant date. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination

of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield, and making assumptions about them.

Equity-settled share-based payments to employees are measured by reference to the fair value of the equity instruments at the grant date using Black-Scholes Model. The fair value, determined at the grant date of the equity-settled share-based payments, is charged to profit and loss on the straight-line basis over the vesting period of the option, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

In case of forfeiture/lapse stock option, which is not vested, amortised portion is reversed by credit to employee compensation expense. In situation where the stock option expires unexercised, the related balance standing to the credit of the Employee Stock Options Outstanding Account is transferred within equity.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Also, a separate Employee stock options scheme (ESOP) ("the scheme") has been established by Aditya Birla Capital Limited ("ABCL") (Entity having significant influence). The scheme provides that employees are granted an option to subscribe to equity shares of ABCL that vest in a graded manner. The options may be exercised within a specified period. Measurement and disclosure of Employee share-based payment plan is done in accordance with Ind AS 102 Share Based Payments.

ABCL follows the Black-Scholes Merton Value method to account for its stock-based employee compensation plans. The cost incurred by the ABCL, in respect of options granted to employees of the Company is charged to the Statement of Profit and Loss during the year and recovered by them.

xxiv. Cash dividend to equity holders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders except in the case of interim dividend. A corresponding amount is recognised directly in equity.

Nature and Purpose of the reserves

Share Premium:

Share Premium is used to record the premium (amount received in excess of face value of equity shares) on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of Section 52 of Companies Act, 2013. The Group has utilised the Share Premium in issue of bonus equity shares in the current year.

General reserve:

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up share capital of the Company for that year, then the total dividend distribution is less than total distributable reserve for that year.

Consequent to introduction of the Companies Act 2013, the requirement to mandatorily transfer a specified percentage of net profit to general reserve has been withdrawn. However the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

Retained earnings:

Retained earnings are the profits that a company has earned to date, less any dividends or other distributions paid to the Shareholders, net of utilisation as permitted under applicable regulations.

Foreign Currency Translation Reserve:

Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income as described in accounting policy and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

Share Option Outstanding Account:

The grant date fair value of equity-settled share-based payment transactions with employees and directors are recognised in the Statement of Profit and Loss with the corresponding credit to this account over the vesting period.

NOTE: 30 SEGMENT INFORMATION FOR THE YEAR ENDED 31ST MARCH 2022

The CEO of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108 - "Operating Segments". The CODM evaluates the Group's performance and allocates resources. The Group's operations predominantly relate to providing asset management services and portfolio management services. In the opinion of the CODM and Management, the risks and rewards attached to the business are similar in nature. Hence the separate Segment under Ind AS 108 on "Operating Segments" is not required to be reported as the Group's business is restricted to single Operating Segment i.e. Asset Management Services.

There is only one customer contributing in excess of 10% of the total revenue of the Company.

The management assessed that cash and cash equivalents, trade receivables, other financial assets, trade payables, lease liabilities and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Accordingly, fair value hierarchy for these financial instruments have not been presented above.

Valuation techniques used to determine fair value: -

- Mutual Funds: - Net Asset Value (NAV) declared by the mutual fund at which units are issued or redeemed
- Alternative Investment Funds: - Net Asset Value (NAV) provided by issuer fund which is arrived at based on valuation from independent valuer for unlisted portfolio companies, quoted price of listed portfolio companies and price of recent investments
- Debt Securities: - Fair value of debt securities which are actively traded bonds, is derived on the basis of quoted price available on the National Stock Exchange
- Equity Instruments: - Discounted cash flow based on present value of the expected future economic benefit

In order to assess Level 3 valuations as per Group's investment policy, the management reviews the performance of the investee companies (including unlisted portfolio companies of venture capital funds and alternative investment funds) on a regular basis by tracking their latest available financial statements / financial information, valuation report of independent valuers, recent transaction results etc. which are considered in valuation process.

NOTE: 34 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial liabilities comprise trade and other payables. The Group's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Group also holds investments in mutual fund units, debt and equity instruments.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by Risk Management Committee and the auditors have relied on the same. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates and prices (such as foreign exchange rates, interest rates, other prices). The Company is exposed to market risk primarily related to interest rate risk and price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The sensitivity of the portfolio towards the interest rate is mentioned in the table below

Sensitivity

The following table demonstrates the sensitivity to :

- Interest rate risk is basis impact on debt portfolios for 1% change in interest rates.
- Hybrid funds considered at 100% as a conservative basis for assessing interest rate impact on portfolio. (which form approximately 1% of the entire portfolio of schemes).

Impact on profit and loss:

Risk	As at 31 Mar 22	As at 31 Mar 21
Interest Rate Risk – (Impact of 1% increase in interest rate)	1.64%	1.60%
Effect on Profit and Loss	(2,774.86)	(2,448.88)
Interest Rate Risk – (Impact of 1% decrease in interest rate)	1.64%	1.60%
Effect on Profit and Loss	2,774.86	2,448.88

(ii) Foreign currency risk

The Group has insignificant amount of foreign currency denominated assets and liabilities. Accordingly, there is no significant exposure to currency risk.

Other notes to accounts:

(iii) Price risk

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices and related market variables including interest rate for investments in debt oriented mutual funds and debt securities, caused by factors specific to an individual investment, its issuer and market.

The Group's exposure to price risk arises from investments in Units of mutual funds, alternative investment funds, etc which are classified as financial asset at Fair Value through Profit and Loss and is as follows:

(₹ in Lakh)		
Particulars	For the year ended 31 Mar 22	For the year ended 31 Mar 21
Investment exposure to price risk	1,98,853.44	1,62,210.11

The table below sets out the effect on profit or loss and equity due to reasonable possible weakening / strengthening in prices/ market value by 5%

(₹ in Lakh)		
Particulars	For the year ended 31 Mar 22	For the year ended 31 Mar 21
Effect on Profit and Loss		
5% increase in prices	9,942.67	8,110.51
5% decrease in prices	(9,942.67)	(8,110.51)

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group's has clearly defined policies to mitigate counterparty risks. Cash and liquid investments are held primarily in mutual funds and banks with good credit ratings. Defined limits are in place for exposure to individual counterparties in case of mutual fund houses and banks.

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Group has major receivable from mutual fund schemes.

Expected credit loss on financial assets

The Group continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL or life time ECL, the Group assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has determined based on historical experience and expectations that the ECL on its trade receivables is insignificant and was not recorded. The Group applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:

- Historical trend of collection from counterparty
- Group's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e., the difference between the cash flows due to the Group in accordance with contract and the cash flows that the Company expects to receive).

The Group has following types of financial assets that are subject to the expected credit loss:

- Cash and cash equivalent
- Trade and other receivables
- Investment in debt securities measured at amortised cost

Trade and other receivables:-

Exposures to customers' outstanding at the end of each reporting period are reviewed by the Group to determine incurred and expected credit losses. Historical trends of collection from counterparties on timely basis reflects low level of credit risk. As the Group has a contractual right to such receivables as well as the control over such funds due from customers, the Group does not estimate any credit risk in relation to such receivables.

Cash and cash equivalents:-

The Group holds cash and cash equivalents and other bank balances as per note 3 and 4. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be high.

Investment in debt securities measured at amortised cost:-

Funds are invested after taking into account parameters like safety, liquidity and post-tax returns etc. The Group avoids concentration of credit risk by spreading them over several counterparties with good credit rating profile and sound financial position. The Group's exposure and credit ratings of its counterparties are monitored on an ongoing basis.

C. Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations or at a reasonable price. The Group's Finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

Critical accounting judgements and key sources of estimation uncertainty

Critical judgements required in the application of Ind AS 116 may include, among others, the following:

- Identifying whether a contract (or part of a contract) includes a lease;
- Determining whether it is reasonably certain that an extension or termination option will be exercised;
- Classification of lease agreements (when the entity is a lessor);
- Determination of whether variable payments are in-substance fixed;
- Establishing whether there are multiple leases in an arrangement;
- Determining the stand-alone selling prices of lease and non-lease components.

Key sources of estimation uncertainty in the application of Ind AS 116 may include, among others, the following:

- Estimation of the lease term;
- Determination of the appropriate rate to discount the lease payments;
- Assessment of whether a right-of-use asset is impaired.
