Limited Review Report

Review Report to The Board of Directors Sterlite Technologies Limited

- 1. We have reviewed the accompanying statement of unaudited financial results of Sterlite Technologies Limited ('the Company') for the quarter and nine months ended December 31, 2015 (the "Statement"). This Statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
- 2. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 3. As stated in Note no. 6 of the financial results, the Company had in an earlier year received an order of CESTAT upholding a demand of Rs.188 crores (including penalties and excluding interest) (Rs.188 crores as at December 31, 2014) in a pending excise/customs matter. The Company's appeal against this order with the Honourable Supreme Court has been admitted. Based on the current status and legal advice received, provision for liability as recorded in the accompanying standalone financial results is considered adequate by Management. In the event the decision of the Honourable Supreme Court goes against the Company on any of the grounds of appeal, additional provision against the said demand may be required. Pending disposal of the matter by the Honourable Supreme Court, we are unable to comment on the adequacy of the provisions made towards the amount of excise / customs duty payable. Our audit report on the financial statements for the year ended March 31, 2015 was qualified in respect of this matter.
- 4. Based on our review conducted as above, except for the possible effects of our observation in paragraph 3, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

DR. ANAND AGARWAL CEO & WHOLE TIME DIRECTOR

Notes:

- 1. The above results have been reviewed by the Audit Committee. The Board of directors at its meeting held on January 28, 2016 approved the above results.
- 2. During the previous quarter ended Sep 30, 2015, as permitted by MCA Notification dated August 29, 2014, the Company had applied the provisions of para 4(a) under the heading Notes after Part C in Schedule II of the Companies Act, 2013 relating to identification of components of fixed assets w.e.f April 1,2015. As a result, the depreciation charge for the quarter and nine months ended December 31, 2015 is higher by Rs. 0.48 crore and Rs. 1.66 crores respectively. Further, an amount of Rs. 12.38 crores (net of tax of Rs. 6.55 crores) pertaining to components of fixed assets for which the remaining useful lives were nil as at April 1, 2015 has been adjusted to General Reserve.
- 3. The Board of directors of the Company on May 18, 2015 had approved the Scheme of Arrangement under Sections 391 394 of the Companies Act, 1956 ('the Scheme') between Sterlite Technologies Limited ('STL' or 'Demerged company'), Sterlite Power Transmission Limited ('SPTL' or 'Resulting company') and their respective shareholders and creditors for the demerger of power products and solutions business (including the investments of STL in power transmission infrastructure subsidiaries) into its subsidiary SPTL with the appointed date of April 1, 2015 subject to the approval of shareholders and creditors, approvals of the relevant regulatory authorities and the sanction of the H'ble Bombay High Court. The Scheme inter alia provides for issue of equity shares or redeemable preference shares of SPTL to the shareholders of STL. The Scheme would become effective upon receipt of all requisite approvals and filing of the certified copies of the Court order with the Registrar of Companies. Pending the requisite approvals/filings, no effect of adjustments (including tax adjustments) arising out of the proposed demerger has been considered in the above results.
- 4. During the previous quarter ended Sep 30, 2015, the Company had acquired 100% of the paid equity share capital of Elitecore Technologies Private Limited, a global telecom software product company, from First Carlyle Ventures Mauritius and other shareholders pursuant to share purchase agreement dated September 22, 2015. Elitecore Technologies is proposed to be merged into Sterlite Technologies.
- 5. Pursuant to proposed demerger as mentioned in note 4 above and in accordance with Accounting Standard 24, "Discontinuing Operations", the financial results of the Power Product & Solutions Business (Discontinuing Operations) from Standardner result perspective is as under:

Sterlite Technologies' Q3FY16 PAT up 82%Y-o-Y

- Nine month revenue, EBITDA & PAT surpass full year FY15 performance

NEWS RELEASE

FOR IMMEDIATE PUBLICATION

Mumbai, India – January 28, 2016: Sterlite Technologies Limited "Sterlite" [BSE: 532374, NSE:STRTECH], a global leader in high-speed data and power transmission network solutions, today announced strong financial results for the quarter and nine month period ending December 31, 2015. Revenue, net profit and EBITDA for 9MFY16 remarkably crossed the full year FY15 performance.

With the cumulative investment of \$60 billion by public and private sector being envisaged over the next 5 years in the creation of robust telecom infrastructure in the country, Sterlite Technologies, in partnership with the Government, is aiming to be one of the major drivers behind India's transformation to the digital age. We are implementing key Government projects such as Defence's Network for Spectrum, Smart City and BharatNet which will enable high-speed broadband connectivity and access to information, governance, and opportunities to the average citizen. In line with the Government's and customers' requirements for integrated expertise in designing, building and managing high-speed data networks, Sterlite has built a full portfolio of innovative, future-proof offerings, including products, solutions and software. In the Power business, the company sees tremendous opportunity due to the Government's thrust on key initiatives like 24X7 Power For All, renewable energy development, Uday, etc.

Business highlights

- During the quarter, Sterlite was recognised amongst India's Top 25 Innovative Industrial Companies by CII with strong focus on building capabilities in basic research & network development.
- All of Sterlite's optical fibre operations in India & China continue to operate above rated capacity. During the quarter, the optical fibre business achieved an annualised sales rate of about 22 million km, for a total rated capacity of 20 million km.
- Elitecore Technologies, acquired in 2015, was awarded a Smart City project under Digital India. Scope includes providing Wi-Fi connectivity, smart street lighting, environment censors. IP surveillance, smart transport solutions, etc.

Registered Office - E1, MIDC Area, Waluj, Aurangabad - 431136, Maharashtra

- With global fibre demand at 360 million km presently, Sterlite expanded global customer base for optical fibre with key order wins.
- In Power business, STL is set to deliver India's first Smart Line to the state of Goa.
- Subsidiary Sterlite Grid sets new industry benchmark by commissioning a transmission project ahead of schedule.
- Sterlite Grid became the first power transmission company to raise money through the bond market. It raised Rs 925 crore through non-convertible debentures, which will reduce its overall interest cost.
- Sterlite Grid won an order to Build, Own, Operate & Maintain approximately 350 km of power transmission line in Odisha with approximate capital expenditure of Rs 1,250 crore.
- Sterlite Technologies' Optical Fibre manufacturing plant at Waluj, Aurangabad won the prestigious Frost & Sullivan India Manufacturing Excellence Award (IMEA) 2015
 Gold Certificate for its Future Ready manufacturing capabilities and global competitiveness.
- Won the IDC Insights Award 2015 for Excellence in Transformation through projects that created business value through technology & set new benchmarks for industry best practices.

- 1. The above results have been reviewed by the Audit Committee. The Board of directors at its meeting held on January 28, 2016 approved the above results.
- 2. During the previous quarter ended Sep 30, 2015, as permitted by MCA Notification dated August 29, 2014, the Company had applied the provisions of para 4(a) under the heading Notes after Part C in Schedule II of the Companies Act. 2013 relating to identification of components of fixed assets w.e.f April 1.2015. As a result, the depreciation charge for the quarter and nine months ended December 31, 2015 is higher by Rs. 0.48 crore and Rs. 1.66 crores respectively. Further, an amount of Rs.12.38 crores (net of tax of Rs. 6.55 crores) pertaining to components of fixed assets for which the remaining useful lives were nil as at April 1, 2015 has been adjusted to General Reserve.
- 3. The Board of directors of the Company on May 18, 2015 had approved the Scheme of Arrangement under Sections 391 394 of the Companies Act, 1956 ('the Scheme') between Sterlite Technologies Limited ('STL' or 'Demerged company'), Sterlite Power Transmission Limited ('SPTL' or 'Resulting company') and their respective shareholders and creditors for the demerger of power products and solutions business (including the investments of STL in power transmission infrastructure subsidiaries) into its subsidiary SPTL with the appointed date of April 1, 2015 subject to the approval of shareholders and creditors, approvals of the relevant regulatory authorities and the sanction of the H'ble Bombay High Court. The Scheme inter alia provides for issue of equity shares or redeemable preference shares of SPTL to the shareholders of STL. The Scheme would become effective upon receipt of all requisite approvals and filing of the certified copies of the Court order with the Registrar of Companies. Pending the requisite approvals/filings, no effect of adjustments (including tax adjustments) arising out of the proposed demerger has been considered in the above results.
- 4.
