Board Meetings

The Board of Directors met four (4) times during the financial year. The provisions of Companies Act, 2013 and listing agreement with stock exchanges / SEBI Listing Regulations were adhered to while considering the time gap between two meetings.

Remuneration Policy

The Board has, on the recommendation of the Nomination & Remuneration Committee framed a policy for selection and appointment of Directors, Senior Management and their remuneration. The Remuneration Policy is available on the website of the company and the terms of reference are given separately in the Corporate Governance Report.

Board Evaluation

Pursuant to the provisions of the Companies Act, 2013 and Clause 49 of the Listing Agreement/SEBI Listing Regulations, the Board has carried out an annual performance evaluation of its own performance, the directors individually as well as the evaluation of the working of its committees. The manner in which the evaluation has been carried out has been detailed out in the Corporate Governance Report.

Directors' Responsibility Statement

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of section 134(3)(c) of the Companies Act, 2013:

- (i) in the preparation of the annual financial statements for the year ended 31 March 2016, the applicable accounting standards had been followed along with proper explanations relating to material departures;
- (ii) the directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit of the company for the year;
- (iii) the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (iv) the directors had prepared the annual accounts on a "going concern basis";
- (v) the directors, had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (vi) the directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Outlook

A detailed discussion on the performance of the company, industry structure, threats, opportunities, risks, future outlook and strategy is given separately in the Management's Discussion and Analysis section, which forms a part of this annual report.

Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo

In terms of Section 134(3)(m) of the Companies Act, 2013 and the rules framed thereunder, your Directors furnish the required details below:

- (a) Conservation of Energy: Your Company uses electric energy for all its equipments such as air conditioners, computer terminals, lighting and utilities in the work premises. All possible measures have been taken to conserve energy:
 - through periodic energy audits to identify potential areas for saving
 - by incorporating energy-efficient equipment
 - through automation i.e. using timers, automatic level controllers, etc.
- (b) Research and Development (R&D): Your Company being a technology products company, Research and Development is the single most important investment into securing the future of the company. Especially in the area of Mobile technologies, which requires constant innovation

to be ahead of market and competition, research and development becomes a necessity. This is also reflected in your company Brand Tag Line "Innovate. Lead." During the past year we have spent over 30% of resources on building technologies in not only enhancing our Core MSP Platform Capabilities but also in the areas of Predictive Analytics, 4G packet core, convergent billing, policy management, mobile banking and wallet products. Apart from building new products and components, past year significant time has been spent in enhancing the capabilities of existing products making them more feature rich, flexible to manage and at the same time robust to handle higher performance demands. In an effort to further develop exclusivity of the technologies your company is actively seeking patent grants on some of these areas. Addition of a new patent in MSP (Mobile Service Platform) area in April 2015 is an example of the same.

- (c) Technology Absorption: Your Company operates in the High Technology area of software products and hence new technology absorption is a constant process. Your Company has adapted newer technologies in the Area of Data Rating & Management, Analytics, 4G core, Near Field Communications (NFC) and newer API's & Interfaces. Additionally, Your Company is strongly focussed on Cloud enablement & is actively working towards moving large part of its test labs to cloud based environments there by reducing future capital investment needs.
- (d) The details of foreign exchange earnings and outgo are given in note no. 29 and 28 of the Notes forming part of the standalone financial statements of the company.

Quality certifications

Your company's quality management system (QMS) has its foundation on decades of experience and industry best practices that are aligned with international standard quality models and certifications.

ISO 9001:2008 – Quality Management System

QMS enhancing customer satisfaction

Your company is certified for ISO 9001:2008 by BSI, India. Our products & solutions therefore ensure customer satisfaction.

ISO 27001:2013 – Information Security Management System

Information security management system enhancing Confidentiality, Availability and Integrity

The company is also certified for ISO 27001:2013 by Bureau VERITAS Certification, India. This assures that the company maintains confidentiality, integrity and availability of corporate and client information.

Risk Management

Although the company has long been following the principle of risk minimisation as is the norm in every industry, it has now become a compulsion.

Therefore, in accordance with clause 49 of the listing agreement / SEBI Listing Regulations the Board members were informed about risk assessment and minimisation procedures after which the Board formally adopted steps for framing, implementing and monitoring the risk management plan for the company.

A disciplined approach to risk is important in a diversified organization like ours in order to ensure that we are executing according to our strategic objectives and that we only accept risk for which we are adequately compensated. We evaluate risk at the individual transaction level, and evaluate aggregated risk at the customer, industry, geographic and collateral-type levels, where appropriate.

At the end of each year, management and the Board jointly develop a list of major risks that company plans to prioritize in the next year. Key areas of Risk Management for the year 2016-17 include Data Security and Privacy, Technology obsolescence, Service Delivery, retention and development of Human Resources, Business competition and continuity, Foreign exchange fluctuations & New compliances.

The main objective of Your Company's risk management policy is to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business. In order to achieve the key objective, the policy establishes a structured and disciplined approach to Risk Management, in order to guide decisions on risk related issues.

The risk governance structure is led by the Audit/Risk Compliance Committee, chaired by the Mr. Anil Kumar Sood. This committee is responsible for the effective management of the risks facing the Company. The Committee meets on a quarterly basis and reports to the Board. As a matter of policy, these risks are assessed and steps as appropriate are taken to mitigate the same.

Internal Control Systems and Their Adequacy

The company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The scope and authority of the Internal Audit (IA) function is defined in the Internal Audit Charter. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit/Risk Compliance Committee of the Board.

The Internal Audit monitors and evaluates the efficacy and adequacy of internal control system in the company, its compliance with operating systems, accounting procedures and policies at all locations of the company and its subsidiaries. Based on the report of internal audit function, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit/Risk Compliance Committee of the Board.

Vigil Mechanism / Whistle Blower Policy

In order to ensure that the activities of the company and its employees are conducted in a fair and transparent manner by adoption of highest standards of professionalism, honesty, integrity and ethical behaviour, the company has adopted a vigil mechanism policy. This policy is explained in corporate governance report and also posted on the website of the company.

Related Party Transactions

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the company with the promoters, directors, key managerial personnel or other designated persons which may have a potential conflict with the interest of the company at large.

All related party transactions are placed before the Audit/Risk Compliance Committee as also the Board for approval.

The Board of Directors of the company has, on the recommendation of the Audit/Risk Compliance Committee, adopted a policy to regulate transactions between the company and its related parties, in compliance with the applicable provisions of the Companies Act, 2013, the Rules framed thereunder and the Listing Agreement / SEBI Listing Regulations. This Policy was considered and approved by the Board and has been uploaded on the website of the company.

Enhancing Shareholder Value

Enhancing Shareholder Value is the common thread that runs through everything we do as a company... from innovating new products and broadening our existing portfolio, to successful restructuring efforts and improving our working capital. Throughout our history, delivering value to our shareholders has been and will continue to be uppermost in our minds as we manage our business. However, in the last few years, due to declining revenues and performance, the company has been unable to declare dividends. Your company is also committed to creating value for all its stakeholders by ensuring that its corporate actions positively impact the stock price and creation of Shareholder Value.

Corporate Social Responsibility

The provisions for corporate social responsibility ("CSR") under the Companies Act, 2013, are not applicable to the company for the current financial year. However, your company has been, over the years, pursuing as part of its corporate philosophy, an unwritten CSR policy voluntarily which goes much beyond mere philanthropic gestures and integrates interest, welfare and aspirations of the community with those of the company itself in an environment of partnership for inclusive development.

Corporate Governance

A report on Corporate Governance including the relevant Auditors' Certificate regarding compliance with the conditions of Corporate Governance as stipulated in SEBI Listing Regulations is annexed. Management's Discussion and Analysis is also annexed.

Particulars of Loans, Guarantees & Investments

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in note no. 23 and 13 of the Notes forming part of the standalone financial statements of the company.

Subsidiary Companies

The statement pursuant to Section 129 of the Companies Act, 2013 in respect of subsidiaries is attached as Annexure-1. The annual accounts of these subsidiaries and the related detailed information will be made available to any member of the company seeking such information at any point of time and are also available for inspection by any member of the company at the registered office of the company. The company shall furnish a copy of annual accounts of subsidiaries to any member on demand.

During the year the Company closed down the operations of Megasoft Consultants Pte Ltd, Singapore a wholly owned subsidiary as business operations were not viable. The necessary legal formalities under the provisions of Singapore Companies Act have been completed and the Business Registry and Facilitation Department of Accounting & Corporate Regulatory Authority (ACRA), Singapore had issued Certificate of Striking off the name of the Company from their records.

Further, the Company also closed down its Indian Subsidiary i.e., BCGI Wireless Private Limited, Hyderabad, India as business operations were not viable. Hence, the Company applied to the Registrar of Companies, Telangana & Andhra Pradesh, Government of India, Ministry of Corporate Affairs seeking striking off of the name of the Company from their records. Accordingly, a Certificate of Striking Off the same dated 15 October, 2015 has been received from the said Registrar of Companies.

Consolidated Financial Statements

The consolidated financial statements of the company prepared in accordance with the prescribed Accounting Standards form part of this Annual Report pursuant to the SEBI Listing Regulations.

Fixed Deposits

The company has not accepted any deposits from the public, and as such, there are no outstanding deposits in terms of the Companies (Acceptance of Deposits) Rules, 2014.

Particulars of Employees

There are no employees falling within the provisions of section 134(3)(q) of the Companies Act, 2013 read with Rule 5(2) and 5(3) of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014] as amended and applicable to your company.

Employee Stock Option Scheme

The company had two stock option plans viz Associates Stock Option Plan 2004 and Employees Stock Option Plan 2007 which provided for the granting of stock options to employees / directors of the company and its subsidiaries (not being promoter directors of the company). The said plans lapsed during the financial year under review in accordance with the terms of the shareholders' resolutions dated 18.06.2004, 10.05.2005, 22.06.2006 and 08.06.2007.

Extract of Annual Return

The details forming part of the extract of the Annual Return in form MGT-9 has been given in the Annexure-2 appended hereto and forms part of this report.

Auditors' Report

Except as specified and explained below there are no other qualifications, reservations, or adverse remarks or disclaimers in the Auditors' Report. Observations made in the Auditors' Report are self-explanatory and therefore do not call for any further comments under Section 134(1) of the Companies Act, 2013.

The qualification made by the Auditors in their Standalone & Consolidated Report following is the explanation as under:

Qualification : In respect of Bad debts written off amounting to ₹ 28,02,11,164/- these have not been debited to the statement of profit & loss and have been directly adjusted against the opening general reserves which in our opinion is not in accordance with "Accounting Standard No. 5, Net Profit or loss for the period, prior period items and changes in accounting policies." Accordingly the statement of profit & loss has been affected.

Explanation : The subject bad debts in question were pertaining to very old period and having no chances of recovery, have been adjusted directly against the profits generated in earlier years.

Management's Discussion and Analysis

(1) Background and Overview

Innovation is the Core of your Company and accordingly your company has continued to invent and grow its patent portfolio. In the past year, the company was awarded two new patents. The patents were awarded by the US Patent and Trademark Office of which one was for performing authentication and service translation for Mobile Virtual Network Operators (MVNOs). With more than a decade of experience in launching MVNE/MVNO services across the globe, Megasoft has always been well positioned to serve this segment. The other patent strengthens our mobile payments portfolio and aims at offering enhanced customer experience. The award of both patents only reiterates our strong belief and commitment to continue innovating and contributing to the industry.

Your Company continues to introduce new innovative products and services. Our offerings will help companies simplify their businesses while maintaining the profitability, quality of service and customer experience. Our rich industry experience and domain expertise enables us to deliver a suite of offerings making us quite confident to add new contracts. We will engage, enhance and extend our high performance portfolio of offerings to meet the ever-increasing future needs of our clients worldwide.

The decades of experience and our team's expertise will continue to enable us deliver multi-dimensional projects. Customer centric services offered by the company will provide the edge to be a technology partner of choice. Our deep understanding of technology's role as a value creator and the agility to respond to clients has been instrumental in sustaining and growing our leadership position. As a global leader, we enable enterprises adapt to changing market conditions and derive maximum value from their investments.

(2) Financial results

The company reported a turnover of ₹ 6,568.29 Lakhs in 2016 as against ₹ 10,072.85 Lakhs in 2015. This generated an overall profit of ₹ 129.81 Lakhs for the financial year under review.

(3) Industry Outlook

(A) MVNO market expecting robust growth

The MVNO (Mobile Virtual Network Operator) concept has evolved over the years and many of the present day mobile subscribers are customers of MVNOs. MVNOs are expected to grow faster than mobile network operators. New services such as mobile money and M2M will help drive this growth but the most important factor is the changing regulatory environment supporting MVNOs.

The global MVNO Market is expected to reach \$73.20 billion by 2020, according to a new study by Grand View Research. Increasing global mobile subscribers and demand for data services is expected to favor market growth over the next six years.

GSMA Intelligence said the number of MVNOs worldwide increased by 70 per cent between June 2010 and June 2015, reaching 1,017. As of June 2015, MVNOs are in over 30 countries across the developing

regions, up from 13 countries in June 2010. GSMA Intelligence has also recorded 260 MNO sub-brands spread across 56 countries. The global MVNO subscribers are expected to reach 300 million by 2020 from 170 million in 2014. Globally, MVNOs account for about 2% of mobile subscriptions, a figure set to reach 3.8% at end-2018.

With the Telecom Regulatory Authority of India recently approving rules to regulate MVNOs in the country, the telecom landscape in India is expected to scale the next level of growth. Technology advancements such as LTE and 4G infrastructure are expected to provide new avenues to the Indian MVNO market. Independent research firms predict India to be one of the world's largest MVNO markets. If MVNOs succeed, the market could easily represent a US \$4 Billion opportunity very quickly.

(B) Mobile enablement presents opportunities

Mobile adoption rates are on the rise and if market reports are any indication, growth rates aren't slowing down anytime soon. Consumers and employees alike are the driving forces behind mobile adoption spurred by the evolution in mobile device capabilities along with the speed of mobile networks.

The use of mobile and wireless technologies to support the achievement of health objectives has the potential to transform the face of health service delivery across the globe. A powerful combination of factors is driving this change. These include rapid advances in mobile technologies and applications, a rise in new opportunities for the integration of mobile health into existing e-Health services, and the continued growth in coverage of mobile cellular networks.

M-Banking is already the largest channel for the majority of banks by volume of transactions. Banks are increasingly shifting to a 'mobile first' approach and providing 'branded utility' applications such as cloud-based data storage and home-buying research support.

India has witnessed in the past mobile (access) driven growth, internet (information) driven growth and content (entertainment) driven growth. The mobile space in India is now witnessing commerce (transaction) driven growth. Future growth in our country can be anticipated largely from rural areas, the enterprise segment and of course, mobile enablement.

The quick acceptance of rapidly evolving telecom technology and the onslaught of smart devices have taken India by storm too. With the Government's emphasis on creating smart cities, providing better rural access & connectivity and mobile enabling the enterprise segment, key aspects such as mobile enablement and IoT will take precedence in the near future.

(C) Predictive Analytics Market worth 7.8 Billion USD by 2020

According to Zion Research, the global predictive analytics market was valued at approximately USD 2.5 billion in 2014 and is expected to reach approximately USD 7.8 billion by 2020, growing at a CAGR of around 17.0% between 2015 and 2020.

The predictive analytics market is segmented on the basis delivery mode including cloud based and predictive on-premises

installation. Cloud based segment accounted for largest share of predictive analytics market in 2014. This segment is expected to witness significant growth in the years to come owing to increasing IT priorities among different enterprises over the past couple of years.

North America predictive analytics market led the global industry with share more than 55% in 2014. This region expected to continue its dominance in predictive analytics market over the forecast period. Europe was another leading regional market for predictive analytics. Deployment of IoT coupled with shifting trend towards smart cities is a key factor to propel the demand in this region. Asia Pacific is also expected to witness fastest growth in the years to come.

(D) Mobile Payments

Global mobile money market is expected to grow from \$12.34 billion in 2014 to \$78.02 billion by 2019, at a Compound Annual Growth Rate (CAGR) of 44.6% during the forecast period from 2014 to 2019. In terms of regions, MEA is expected to be the biggest market in terms of market size, whereas APAC and North America are expected to experience increased market traction.

Powered by the now-ubiquitous smartphone and increasing adoption of mobile payments, it is clear that this is the year that mobile transactions will go mainstream. Forrester Research forecasts that mobile payments by United States consumers will go from \$52 billion in 2015 to \$142 billion by the end of 2019.

Consumers worldwide will use their mobile phones to spend a total of US\$620bn on all forms of mobile transaction this year, representing a 37.8% year-on-year growth from \$450bn in 2015. By 2017, total mobile payment volumes will reach \$780bn, climbing to \$930bn in 2018 and \$1.08tn in 2019.

(4) Business Strategy and Priorities for 2016

For 2016 and beyond, the company will execute on the following approach to growing the business:

(I) Latin America Focus

The Latin American market is large and complex, with wide variations within and across each country in the region in terms of wealth, demographics and preferences. Megasoft will focus its business development and sales efforts to specifically concentrate on developing markets in the region such as Mexico, Brazil, Chile and Columbia. The company's MSP offering will address the fast growing MVNO markets in Mexico, Columbia, Chile and other countries in the region, which is expected to add more MVNOs over the 2016-2020 period.

The company's geographically diverse sales focus allow it to concentrate and target those regions where businesses are optimistic, economies are stable or growing and investments in mobile are continuing to be made. Your Company is strengthening its presence in LATAM region with new deployments in the region. The company continues to have a strong pipeline in this region and is confident of adding more customers this year and in future. Your Company has also further strengthened its Spanish Language abilities at its back office as well, to enhance customized offerings and support to clients of this region.

The company has also hired independent consultants well-versed with the telecommunications industry to penetrate and create additional revenue streams from new customers in this region. The multiple channels adopted to grow business and sales will enable the company to capitalize on the myriad opportunities that this region offers.

(II) Launch of Services

With the view to leverage its decades long strength in mobile & hosted IT environment management across a larger market opportunity, Your Company launched its re-entry into the IT Services business, with specialized focus on Cloud, Cyber Security, IOT (Internet of Things) & M-enablement areas. Experts from our company will consultatively engage with enterprises to deploy sophisticated cloud services. We will also facilitate organizations to seamlessly migrate from traditional non cloud infrastructure to shared multi-tenant cloud environment. The company's objective will be to deliver performance and cost advantages to our customers by ensuring high availability and disaster recovery.

Working with varied organizations today and in future demands data security. Megasoft, an ISO 27001:2012 certified company applies resourceful expertise of integrated cyber security, intelligence & communication to efficiently undertake measures and drive initiatives in preventing and tackling cyber-crimes. Your Company's expertise and abilities from a system integrator perspective are extensive. Megasoft will use the System Integration approach to combine high-end professional IT services, including software engineering, IT infrastructure design, network operations and cloud computing technologies. The company will incorporate cyber safety and security measures that focus on business continuity.

Additionally, your Company aims to act as the epicenter of managing services for IoT platform providers and other IoT market participants. A strong focus will be on the ability to exploit all the assets and capabilities available in the network, service and business layers. The company will extend its telecom expertise and state-of-the-art service enablement framework to uniquely position top notch services across the IoT value-chain. We will deliver services to help our customers implement, integrate and manage various components of their IoT ecosystem.

The declining revenues and profit margins are forcing Communication Service Providers (CSPs) to invest their limited resources in network management with specialists. For nearly 25 years, Megasoft has been providing telecom services across the globe. The tremendous experience in the communications industry can enable our clients realize significant operational efficiencies and discover new sources of revenue. Your company's service offerings will span entire network life cycle from network consulting & planning, design development & engineering, integration & testing, operations & maintenance environments to managing end-to-end services efficiently.

(III) AMPLIO

Mobile Operators and Internet Service Providers are challenged to improve their profitability under stiff competition amid

⁷ <http://www.mobilemarketer.com/cms/opinion/columns/22358.html>

⁸ <http://www.nfcworld.com/2016/02/04/341939/global-mobile-payment-revenue-to-hit-620bn-in-2016/>

growing demand for bandwidth and capacity. The ability to optimize network resources while creatively monetizing customer behavior is gaining importance and XIUS AMPLIO, our recently launched product, will address this core need.

Your Company realizes the much-felt need of service providers for a solution that uniquely combines technology, predictive analytics, with domain and operational expertise anchored around customer experience. XIUS AMPLIO enables service providers to refine the services they already provide, with a focus on creating richer, personalized experiences. With better intelligence on customer usage patterns, service providers can leverage new valuable sources of customer insight to drive and multiply data revenue.

(IV) Expanding to New MVNO Markets

The recent decision of our Telecom Commission to allow Mobile Virtual Network Operators (MVNOs) in India, awaiting Telecom Minister's approval, provides your Company with a huge opportunity to offer our Mobile Services Platform (MSP) to local/global MVNOs entering India. Under Brand XIUS, your Company is in the process of putting together a Consortium of partners and together with them, your Company will offer a complete "Concept to Market" offering the prospective new MVNOs planning to launch in India. It is not unreasonable to expect MVNO market share in India to reach about 10% of all connections in just a few years. Successful MVNOs in India can soon be serving more than 80 million connections with a significantly sizeable revenue share and your Company is in a great position to benefit from this large home market.

Additionally, Iranian ICT market is also opening up and it offers untapped opportunities for foreign investment and doing business in telecom, IT, media and other vertical markets. The Communication Regulatory Authority (CRA) of Iran had welcomed applications for MVNOs and based on data published by the CRA, 30 international operators have submitted their interests for making partnership with Iranian companies. In South America too, there are several countries who are witnessing a growth in MVNO launches and your Company intends to target all these markets to expand further, globally.

(V) Partnership Approach to Business Development & Sales

Developing business in new countries and markets takes time, resources and on-the-ground championing. In order to shorten the business development cycle and leverage the existing market know-how in new markets, your Company is pursuing a partnership based approach to new markets, wherein sales efforts are driven by channel partners, in-country agents, as well as Network Equipment Providers (as we help fill a niche for them with green-field operators and regional carriers). Besides, the company will also partner with independent consultants to leverage their expertise and skills while also extending our global presence. Vendors that already have a key presence in prominent organizations, multi-country operations and those that align with our services and standards of operation will also be preferred for partnering with our company and strengthening our brand.

(VI) Increasing Annuity based Revenue

Your Company will emphasize on building annuity-based revenue in order to generate sustainable and predictable

revenues as well as profits. The company intends to focus on this model to help our customers realize increased value from their purchase and also to easily accelerate the time to repurchase instead of an upfront Capital outflow. Offering managed services also helps us generate regular revenue inflow while enabling us stay in close contact with our customers. Our business approach will also go a long way in keeping the customer engaged and continuing their loyalty.

(A) Operational Priorities

Our growth and the company's objective of serving our customers better necessitated the move of our Global Delivery Center at Hyderabad to a new facility with upgraded infrastructure. A presence in the heart of the technology hub meant enhanced connectivity, convenient access and the friendliest of environments with the likes of Google & Oracle as neighbors. The new facility houses ramped up data center and Network Operations Center (global NOC) and will also enable future engineering and delivery team expansions. The company made this upgrade without impacting support levels and deliverables to each of our customers.

Your Company has been one of the top technology companies over the past decades because of our quality employees. We offer many opportunities to improve and advance each individual's professional development. Our professional culture fosters collaboration and excellence within an inspiring environment. We are continually growing our teams and will align the expertise and skills of every individual with the company's objectives.

As informed earlier, your Company has obtained registration for the TSIC allotted Hyderabad properties located in Madhapur and Nanakramguda IT Hubs. During the next financial year, it will be a priority for your Company to develop these properties to comply with the registration conditions laid down by Telangana State Industrial Infrastructure Corporation Limited (TSIIC) as well as to monetize the same to improve your Company's network.

The company continues its tight cost controls, debt reduction and repayment as well as monetization of some of its real estate assets.

(B) Sources of Revenue

The company derives revenues through the following revenue models:

- **Hosted Managed Services (Annuity)**

The company operates its platform end-to-end in datacenters and gets paid monthly, based on a revenue-share or per-subscriber transaction fee model, around a multi-year contract. The company also normally charges an upfront technology implementation fee from ASP customers.

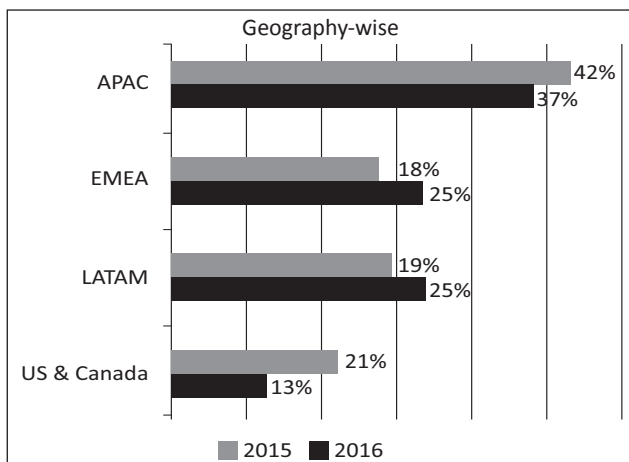

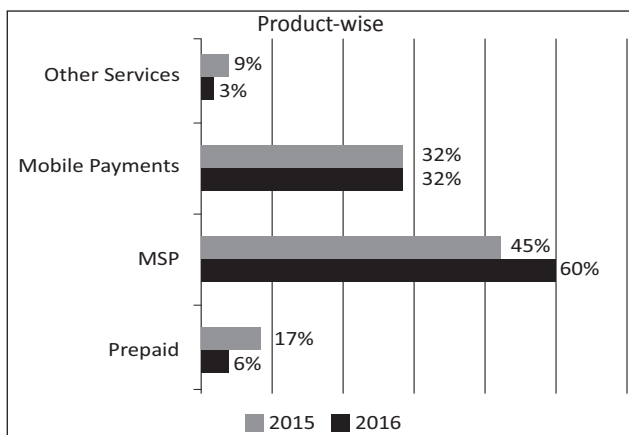

- **Software Licensing**

The company also offers its platforms on a capacity licensing basis to mobile operators, wherein its platforms are installed in the carrier's premises in return for a one-time license fee for a stated limited capacity (subscriber, throughput, or other appropriate metric).

- **Services, Maintenance and Customization**

The company also realizes revenues derived from customizing its platforms to suit specific service needs of carrier customers. This is a steady revenue source with AMCs (Annual Maintenance Contracts).

(C) Segment-wise Performance

(D) Quality Certifications

Our Quality Management System (QMS) has its foundation on decades of experience and industry best practices that are aligned with international standard quality models and certifications.

ISO 9001:2008 – Quality Management System

QMS enhancing customer satisfaction

Your company is certified for ISO 9001:2008 by BSI, India. Our products & solutions therefore ensure customer satisfaction.

ISO 27001:2013 – Information Security Management System

(5) Our Offering

1. Mobile Services Platform (MSP)

Megasoft, with a presence of nearly 25 years, operates in India and international telecom markets. Our Mobile Services Platform manages more than 350 million phone calls a day. Having built our own successful business in India gives us the local knowledge to provide MVNO entrants a real advantage in this complex market.

XIUS Mobile Infrastructure Solutions and Services enhance the way service providers across an array of industries deliver and capitalize upon next-generation mobile services.

- XIUS MSP provides end-to-end infrastructure for 3G/4G Mobile Operators, MVNE/MVNOs, Converged Broadband 4G/LTE Service Providers, Mobile Operator Wholesale Departments, and M2M/IOT Service Providers.
- XIUS Mobile Services Platform (MSP) offers a complete suite of cost-competitive and reliable infrastructure options that enable Mobile services delivery along with real-time rating and billing.
- Megasoft is best positioned to enable service providers navigate an increasingly complex mobile ecosystem by allowing to launch branded mobile services.

2. Mobile Enablement

Mobile phones are in widespread use and have increasingly become tools that consumers can use for myriad reasons. Megasoft is uniquely positioned and facilitates clients to evolve in their technology and business models by providing mobile enablement platform for service delivery through mobile including payments. Mobile enablement focuses on providing seamless customer experience through mobile as it is done across other service delivery channels. We extend our telecom expertise and serve various enterprises and industry verticals that are extensively becoming mobile conscious such as healthcare, education and banking.

3. AMPLIO

With the forecast of continued mobile network infrastructure spending around the globe especially on data and customer experience management, the company is well positioned to address this area of need in the market. Megasoft realizes the much-felt need of service providers for a solution that uniquely combines technology, predictive analytics, with domain and operational expertise anchored around customer experience.

The company continues its expansion and application of its core capabilities in mobile data, customer experience, network optimization, distribution management etc. and enablement to offer products that leverage the mobile depth and experience possessed by the company and its employees.

XIUS AMPLIO enables service providers to refine the services they already provide, with a focus on creating richer, personalized experiences. With better intelligence on customer usage patterns, service providers can leverage new valuable sources of customer insight to drive and multiply data revenue.

4. Payments

Mobile payments are bound to move toward the main-stream over the next three years. The global mobile payment transaction volume is forecasted to reach a staggering \$721.4 billion by 2017

and this makes it more important than ever for Megasoft to capitalize on this trend. Mobile payments will soon be a medium to reach a group of 2 billion unbanked people in a cost-efficient manner.

Megasoft has the technology expertise as well as the experience of having offered payment management solutions to clients across geographical regions. These facts make the company confident about its capabilities to deliver future projects in this area. The company believes that there will be a significant advantage to strengthen our approach and focus on mobile payments. More importantly, the company has a well-chalked out plan to target the right audience and make the most of mobile payments.

Megasoft has been providing payments and related mobile retail financial services and technologies for over 10 years. The company has gathered rich experience by deploying their mobile banking & payments solutions in Venezuela, Ecuador and Mexico primarily targeting the unbanked population. The company has efficiently managed a large agent network (700K – 800K agent points) and facilitates payments and remittance services to unbanked customers. An integral prerequisite of these deployments required the company to integrate with major banks and financial institutions.

5. Services

Leveraging decades of services experience, technology leadership & execution excellence, Megasoft in 2016, launched Cyber Security, Cloud, M-enablement & IoT and Mobile Network Services. Being a field-proven and tested services company, we will enable our customers to create and deliver a host of new experiences for their end users, automate previously manual processes, drastically reduce response times for critical operations, understand operations in real-time and make more accurate predictions about where their business is going. Megasoft has also added technology partners to the eco system to provide comprehensive end to end service offering. To mention a few the partners are Dell, F5, HP, Oracle, RedHat and others.

6. Risks and Concerns

The company's management embarked on a number of initiatives to manage business risks (given below):

Market Risk

The company's growth is dependent on Mobile Telecom industry growth. The telecom industry has historically suffered from an extended sales cycle and high debtors' position, detrimental to cash flows. With the macroeconomic situation still fluid and the telco industry facing falling ARPU's worldwide, sustained capital expenditure in the mobile industry remains uncertain and this may affect the company's performance. The company is also aiming at non-telco customers for its mobile transactions platforms. While this reduces the company's sole dependence on mobile telco's for its revenues, it may also pose unknown challenges and risks due to the company's lack of experience in these segments.

With Megasoft exploring new geographies, new products & services we anticipate new known and unknown competition and market risk.

Protection of Intellectual Property Rights

In a knowledge-driven business, the primary responsibility is to safeguard intellectual property. The company encourages

employees to ideate and file patents to protect intellectual property. Megasoft has filed applications for 120 patents of which 35 have been awarded so far. In the past year, the company was awarded two new patents by the USPTO – one for performing authentication and service translation for Mobile Virtual Network Operators (MVNOs) and another that strengthens our mobile payments portfolio and aims at offering enhanced customer experience. The award of both patents only reiterates our strong belief and commitment to continue innovating and contributing to the industry.

Litigation

There is an increasing trend towards litigation regarding intellectual property rights, patents and trademarks in the software and telecom industry. There are also other corporate legal risks including contractual performance and product performance. The company has an insurance policy in place to mitigate these risks.

Foreign Currency Fluctuation

The company enjoys a substantial exposure to foreign exchange-related risks on account of earnings denominated in foreign currencies by exporting software, products and solutions. A majority of the company's revenues are US\$ denominated; the continued depreciation of the Indian rupee vis-à-vis the US\$ can result in much higher interest and capital repayment outflows for the company. Also, such huge fluctuations make revenue and profit projections more unpredictable.

Client Concentration

Revenue is distributed across all clients and not dependent on any one company. The company expanded its sales focus on new geographies and market segments and will expand its revenue base and achieve a better spread in revenues and clients.

7. Internal Controls

The company possesses an adequate system of internal controls to safeguard assets. Checks and balances were in place and reviewed at regular intervals to ensure that transactions were properly authorized and reported correctly. The Audit Committee, in consultation with Internal Auditors, reviewed the internal control systems at regular intervals and initiated corrective action(s) wherever deemed necessary.

Additionally, the company has already initiated a corporate management initiative to define best practices in processes, methodologies, systems and metrics with a specific focus on customer interaction and service delivery. The company commissioned a new research and development organization with supporting processes, customer support, managed services processes, management reporting and control systems (MRCS) and automation. Going forward, the company will regularly assess risks and controls for existing and new process flows.

The continuance of the company's 'cash and caution' policy enabled the company to remain profitable at the end of the financial year.

8. Human Assets

The company enjoys cordial relationships with employees as it endeavors to provide them with a professionally rewarding and enriching work environment. The company possesses an effective performance management system that focuses on employee development, measuring key result areas, competencies and training needs.

The company advocates work-life balance and welfare activities that enhance team cohesiveness. F5 a welfare activity that was initiated last year has become a great success and has brought tremendously enthusiasm and motivation among the employees. To keep the skillset honed and up to date, the employees are professionally trained in technologies like LTE, Predictive Analytics & Big data. To ensure profitable contract closure the company has revised the sales incentive plan to motivate the sales organization with more closures.

9. Financial results review

The financial statements complied with the requirements of the Companies Act, 2013, and the Generally Accepted Accounting Principles (GAAP) in India.

FINANCIAL PERFORMANCE (CONSOLIDATED)

Share capital

There is no change in the company's equity share capital during the financial year under review.

Reserves and surplus

The movement in Foreign Currency Translation Reserve during the financial year under review was due to fluctuation in foreign currency rate.

The profit earned during the year has been carried forward in full. Certain advances made by the overseas subsidiary prior to 2007 (being the date of acquisition of that wholly owned subsidiary) have been set-off to retained earnings by that subsidiary. Accordingly, the surplus in statement of profit and loss was lower at the end of the current financial year.

Independent Auditors' Report on Consolidated Financial Statements

To the Members of the Megasoft Limited

Report on the consolidated financial Statements

We have audited the accompanying consolidated financial statements of Megasoft Limited ('the Holding Company') and its subsidiaries and associate (collectively referred to as 'the Company' or 'the Group'), comprising the consolidated balance sheet as at 31 March 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the consolidated financial statement').

Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of the Consolidated financial statements in terms of the requirements of the companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and the consolidated cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Companies Act, 2013 (hereinafter referred to as 'the Act') read with Rule 7 of the companies (Accounts) Rules, 2014. The Board of Directors of the company is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and performance the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment; include the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that given a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial

statements give the information required by the Act in the manner so required and give a true a fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company, as at 31 March 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Report on other legal and regulatory requirements

- 1 As required by sub- section 3 of section 143 of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of accounts as required by the law relating to the preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of these books.
 - c. The consolidated balance sheet, the consolidated statement of profit & loss, and the consolidated cash flow statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with the Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company as on 31 March 2016 taken on record by the Board of Directors of the holding Company and the report of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group Companies incorporated in India is disqualified as on 31 March 2016 from being appointed as Director of that company in terms of sub-section 164 of the Act.
 - f. *In respect of Bad debts written off amounting to Rs. 28,02,11,164/- these have not been debited to the statement of profit & loss and have been directly adjusted against the opening general reserves which in our opinion is not in accordance with "Accounting Standard No. 5, Net Profit or loss for the period, prior period items and changes in accounting policies." Accordingly the statement of profit & loss has been affected.*
 - g. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. According to the information and explanation given to us, there were no pending litigation which would impact the financial position of the Company;
 - ii. The Company did not have any material foreseeable losses on long-term contracts including derivatives contracts; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and subsidiary companies incorporated in India.

2 Significant Accounting policies

(i) Basis for preparation

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on accrual basis. GAAP comprises mandatory accounting standards as specified in the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 and guidelines issued by the Securities and Exchange Board of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standards required a change in the accounting policy hitherto in use. The Management evaluates all recently issued or revised accounting standards on an on-going basis.

The financial statements are prepared in accordance with the principle required for the preparation and presentation of consolidated financial statements as laid down under the accounting standards on Consolidated Financial Statements as specified in the Companies (Accounting Standards) Rules, 2006. The financial statements of Megasoft Limited and its subsidiaries have been combined on a line-by-line basis by adding together book values of like item of assets, liabilities, income and expenses after eliminating intragroup balances and transactions and resulting unrealized gain/loss. The consolidated financial statements are prepared by applying uniform accounting policies in use at the group. Minority interests have been excluded. Exchange difference resulting from the difference due to translation of foreign currency assets and liabilities in subsidiaries is disclosed as foreign currency translation reserve.

(ii) Use of Estimate

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amounts

of revenues and expenses during the reporting period. Examples of such estimates include estimates of carrying value of work in progress, provision for doubtful debts and useful life of fixed assets. Actual results could differ from estimates.

(iii) Revenue Recognition

Revenue from software development on time and material basis is recognized based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts or on the percentage of completion basis. Provision for estimated losses on incomplete contract is recorded in the period in which such losses become probable based on the current estimates. Revenue from product licenses and related revenue are recognized as follows:

- License fees, on delivery and subsequent milestone schedule as per the terms of the contract with the end user
- Product maintenance revenues, Over the period of the maintenance contract

(iv) Fixed Assets & Depreciation

Fixed assets are stated at cost of acquisition less accumulated depreciation. Direct costs such as freight, installation costs, duties and taxes are included in the cost of the asset until the assets are ready to be put to use. Assets acquired under hire purchase / leases are capitalized and the corresponding liability is recorded at an amount equal to the fair value of the hired / leased assets or the present value of the minimum hire/lease payments, whichever is lower, at the inception of the lease/hire purchase. Leased rentals in respect of leased assets are charged to profit and loss Account. Initial costs incurred in connection with specific leasing / hire purchase activities directly attributable to activities performed by the company for a financial lease/hire purchase are included as part of the amount recognized as an asset under the lease/hire purchase.

Depreciation on fixed assets is provided using the straight line method in accordance with the rates specified under the local laws of the respective countries. Depreciation is charged on a pro-rata basis on fixed assets purchased/sold during the period. Depreciation on assets acquired under financial lease / hire purchases is provided using the straight-line method over the shorter of the lease / hire purchase term and useful life of the asset.

(v) Intangible Assets and Amortization

Intangible assets are stated at cost of acquisition or construction less accumulated amortization and impairment losses if any. Intangible assets are amortized over their estimated useful economic life. Gains or Losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and losses when the asset is derecognized.

(vi) Impairment of assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable

amount is the greater of the assets net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Previously recognized impairment loss is further provided or reversed depending on the changes in circumstances.

(vii) Investments

Investments in subsidiary / other companies are classified as long-term investments and are stated at cost. Any diminution in value is to be determined for each investment individually on the basis of its expected benefits to the Company. The exact quantum of such benefits is dependent on a number of uncertain future events.

(viii) Foreign Currency transactions

The consolidated financial statements are prepared in Indian Rupees, which is the functional currency for Megasoft Limited. The translation of the functional currencies into the reporting currency is performed for assets and liabilities of the foreign subsidiary companies currency exchange rate in effect at the balance sheet date, for revenue, costs and expenses using average exchange rates prevailing during the reporting periods and for share capital, using the exchange rate at the date of the transaction. The resultant translation exchange gain/loss has been disclosed as "Foreign Currency Translation Reserve" under "Reserve & Surplus".

All income and expenditure transactions of the foreign branch during the year are included in these accounts at the average rate of exchange. Monetary assets and liabilities are translated at rates prevailing on the balance sheet date. Non-monetary assets and liabilities are translated at the rate prevailing on the date of the transaction. Depreciation is translated at the rates used for the transaction of the values of the assets on which depreciation is computed. Net gain/loss on foreign currency translation is recognized in the profit & loss Account.

In case of forward exchange contract or any other financial instruments that is in substance a forward exchange contract to hedge the foreign currency risk which is on account of firm commitment and / or is a highly probable forecast transaction, the premium or discount arising at the inception of the contract is amortized as expenses or income over the life of the contract.

Gain / Losses on settlement of transaction arising on cancelled or renewal of such a forward exchange contract are recognized as income or expenses for the period.

In all other cases the gain or loss on contract is computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the reporting date for the remaining maturity of the contract and the contracted forward rate (or the forward rate last used to measure a gain or loss on that contract for an earlier period) is recognized in the profit or loss account for the period.

(ix) Retirement benefits

India

Contributions to provident fund are deposited with a recognized provident fund. Provision for gratuity and leave encashment is made on the basis of an actuarial valuation.

Subsidiary companies

Retirement benefits are provided to employees of subsidiary companies in accordance with the local laws

and regulations prevailing in the country in which the subsidiary company is located.

(x) Borrowing cost

Borrowing costs other than those directly attributable to qualifying Fixed Assets are recognized as an expense in the period in which they are incurred.

(xi) Taxes

Current tax

Current tax is measured at the amount expected to be paid out or recovered from the tax administration adopting the applicable rates in forces.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. However, where there is virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonable / virtual certainty (as the case may be) to be realised.

The break-up of major components of the deferred tax assets and liabilities as of each year-end Balance sheet date have been arrived at after setting off deferred tax assets and liabilities where the company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing laws.

(xii) Provisions and contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past events, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation and a reliable estimate can be made of the amount of the obligation. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognized a contingent liability but discloses its existence in the financial statements.

(xiii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shareholders.

Independent Auditors' Report To The Members of Megasoft Limited

Report on the Standalone Financial Statements

We have audited the accompanying financial statements of Megasoft Limited which comprise the balance sheet as at 31 March 2016, the statement of profit and loss, the cash flow statement for the year ended, and a summary of the significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the financial position, financial performance and the cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Companies Act, 2013 (hereinafter referred to as 'the Act') read with Rule 7 of the companies (Accounts) Rules, 2014. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's fair preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company, as at 31 March 2016, and their profit and their cash flows for the year ended on that date.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.

2. As required by sub-section 3 of section 143 of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statements.
- b) In our opinion, proper books of accounts as required by the law relating to the preparation of the aforesaid financial statements have been kept so far as it appears from our examination of these books.
- c) The balance sheet, the statement of profit & loss, and the cash flow statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the financial statements.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with the Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Company as on 31 March 2016 taken on record by the Board of Directors of the Company and the report of the statutory auditors, none of the Directors of the Company is disqualified as on 31st March 2016 from being appointed as Director of that company in terms of sub-section 164 of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in Annexure B ; and
- g) *In respect of Bad debts written off amounting to Rs.28,02,11,164/- , these have not been debited to the statement of profit & loss and have been directly adjusted against the opening general reserves, which in our opinion is not in accordance with "Accounting Standard No. 5, Net Profit or Loss for the period, prior period items and changes in accounting policies." Accordingly the statement of profit & loss has been affected.*
- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. According to the information and explanation given to us, there were no pending litigation which would impact the financial position of the Company;
 - ii. The Company did not have any material foreseeable losses, on long-term contracts including derivatives contracts; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. Megasoft Limited as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on

the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements

[All amounts in the financial statements are presented in Rupees in Lakhs, as otherwise stated]

1 Corporate Information

Megasoft Limited, a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956, on 29 June 1999 and is registered office in Chennai. The company's shares are listed on BSE and NSE, in India. The company is a unique trans-nation company with customers, employees and operations across multiple continents and combines the best global practices with a focus on the global telecommunication domain.

2 Significant Accounting policies

(i) Basis for preparation

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on accrual basis. GAAP comprises mandatory accounting standards as specified in the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India. Accounting policies have been consistently applied except where a newly issued accounting policy hitherto in use.

The Management evaluates all recently issued or revised accounting standards on an on-going basis.

(ii) Use of Estimate

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Examples of such estimates include estimates of carrying value of provision for doubtful debts and useful life of fixed assets. Actual results could differ from estimates.

(iii) Revenue Recognition

Revenue from software development on time and material basis is recognized based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts or on the percentage of completion basis. Provision for estimated losses on incomplete contract is recorded in the period in which such losses become probable based on the current estimates. Revenue from product licenses and related revenue are recognized as follows:

- License fees, on delivery and subsequent milestone schedule as per the terms of the contract with the end use
- Product maintenance revenues, over the period of the maintenance contract

(iv) Fixed Assets & Depreciation

Fixed assets are stated at cost of acquisition less accumulated depreciation. Direct costs such as freight, installation costs, duties and taxes are included in the cost of the asset until the assets are ready to be put to use. Assets acquired under hire purchase / leases are capitalized and the corresponding liability is recorded at an amount equal to the fair value of the hired / leased assets or the present value of the minimum hire/lease payments, whichever is lower, at the inception of the lease/hire purchase. Leased rentals in respect of leased assets are

charged to profit and loss Account. Initial costs incurred in connection with specific leasing / hire purchase activities directly attributable to activities performed by the company for a financial lease/hire purchase are included as part of the amount recognized as an asset under the lease/hire purchase.

Depreciation on fixed assets other than computer systems & software is provided using the straight-line method in accordance either the rate specified under Schedule II to the companies Act, 2013. Depreciation on computer system & software other than telecom related assets is provided on the basis of estimated useful life of four years. Depreciation is charged on a pro-rata basis on fixed assets purchased / sold during the year. Depreciation on assets acquired under finance lease/hire purchase is provided using the straight line method over the shorter of the lease/hire purchase term and useful life of the asset.

(v) Intangible Assets and Amortization

Intangible assets are stated at cost of acquisition or construction less accumulated amortization and impairment losses if any. Intangible assets are amortized over their estimated useful economic life. Gains or Losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and losses when the asset is derecognized.

(vi) Impairment of assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Previously recognized impairment loss is further provided or reversed depending on the changes in circumstances.

(vii) Investments

Investments in subsidiary / other companies are classified as long-term investments and are stated at cost. Any diminution in value is to be determined for each investment individually on the basis of its expected benefits to the Company. The exact quantum of such benefits is dependent on a number of uncertain future events.

(viii) Foreign Currency transactions

Transactions in foreign currency are recorded at the rate of exchange prevailing on the date of the transaction or at average monthly exchange rates that approximate the actual rates of exchange prevailing at the dates of the transactions. Current assets and liabilities denominated in foreign currency are translated at the rate of exchange as at Balance Sheet date as per the provisions of AS-11. All resulting gain or losses are recognized in the profit & loss account. Foreign exchange gain or losses relating to the acquisition of fixed assets are adjusted to the cost of the assets.

All income and expenditure transactions of the foreign branch during the year are included in these accounts at the average rate of exchange. Monetary assets and liabilities are translated at rates prevailing on the balance sheet date. Non-monetary assets and liabilities are translated at the rate prevailing on the date of the transaction. Depreciation is translated at the rates used for the transaction of the values of the assets on which depreciation is computed. Net gain/loss on foreign currency translation is recognized in the profit & loss Account.

In case of forward exchange contract or any other financial instruments that is in substance a forward exchange contract to hedge the foreign currency risk which is on account of firm commitment and / or is a highly probable forecast transaction, the premium or discount arising at the inception of the contract is amortized as expenses or income over the life of the contract.

Gain / Losses on settlement of transaction arising on cancelled or renewal of such a forward exchange contract are recognized as income or expenses for the period.

In all other cases the gain or loss on contract is computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the reporting date for the remaining maturity of the contract and the contracted forward rate (or the forward rate last used to measure a gain or loss on that contract for an earlier period) is recognized in the profit or loss account for the period.

ix. Retirement benefits

Provident Fund

Employees received benefits from a provident fund, which is a defined contribution plan. Both the employee and the company make monthly contributions to the Regional Provident Fund equal to a specified percentage of the covered employee's salary. The company has no further obligation under the plan beyond its monthly contributions.

Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity, a non-funded, defined benefits retirement plan (the "Gratuity Plan") covering all employees. The plan, subject to the provisions of the Act, provides a lump sum payment to vested employees at retirement or termination of employment of an amount based on the respective employee's salary and the years of employment with the company. The Company estimates its liability on adhoc basis in the interim financial reports and on an actuarial valuation basis as of each year-end balance sheet date carried out by an independent actuary, and is charged to profit & loss Account in accordance with AS-15 (revised)

Leave encashment

Leave encashment cost is a defined benefit, and is accrued on adhoc basis in the interim financial reports on an actuarial valuation basis as of each year-end balance sheet date carried out by an independent actuary, and is charged to profit & loss Account in accordance with AS-15 (revised).

(x) Borrowing cost

Borrowing costs other than those directly attributable to qualifying Fixed Assets are recognized as an expense in the period in which they are incurred.

(xi) Taxes

Current tax

Current tax is measured at the amount expected to be paid out or recovered from the tax administration adopting the applicable rates in forces.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. However, where there is virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonable / virtual certainty (as the case may be) to be realized.

The break-up of major components of the deferred tax assets and liabilities as of each year-end Balance sheet date have been arrived at after setting off deferred tax assets and liabilities where the company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing laws.

(xii) Provisions and contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past events, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation and a reliable estimate can be made of the amount of the obligation. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognized a contingent liability but discloses its existence in the financial statements.

(xiii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of dilutive potential equity shares.

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be continuous, the Company is in the process of continually updating the documentation for the international transactions entered into with the associated enterprises during the financial year. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

Disclaimer

In this annual report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
