Chairman's Message

Dear Shareholders,

It's been a remarkable year for all of us at Pokarna Ltd., a year which brought Company's agility, adaptability and executional capabilities to the fore. Challenging macro external headwinds during the year demanded Company demonstrate such qualities and I am really pleased with the way we performed.

Before I begin discussing our operational performance, let me briefly mention the key financial highlights- revenues from engineered stone business jumped from ~₹ 135 crore to ~₹ 201 crore, reflecting the strong business growth, while granite business generated revenues worth ~₹ 184 crore as against ~₹ 183 crore during last year. Apparel business reported revenues worth ~₹ 9 crore as against ~₹ 7 crore during last year. Consolidated Profit for the year grew by ~65% and stood at ~₹ 51 crore as against previous year's profit of ~₹ 31 crore. In order to commemorate the completion of 25 years of your Company's journey the board has recommended a special silver jubilee dividend of ₹ 7 per share, along with a regular dividend of ₹ 3 per share, totaling up to a dividend of ₹ 10 per share, i.e. 100% dividend.

Engineered stone business performed exceedingly well during the year, continuing its strong momentum from last year. Capitalizing on strong demand, your Company was able to consolidate its position as being the largest quartz surfaces manufacturing firm in the Country. The Company also undertook several measures during the year which helped cap off a phenomenal year for the business. Recognizing the growing trend amongst consumers towards bigger size slabs, your Company undertook modernization and upgradation activities enabling it to manufacture jumbo size slabs. Further your Company's persistent focus on introducing newer and innovative products helped in maintaining revenue momentum during the year. Further, your Company's quartz surfaces were also kosher certified during the year, which should help us meet growing demand for the products conforming to Kashrut principles. In addition, it will help strengthen the trust for our products in the Jewish market. The Company is also monitoring present and projected demand picture across markets to ascertain feasibility of undergoing capacity expansion.

Performance of granite business remained largely steady though on the back of heightened competitive environment during the year. Your Company had to face growing competition from Brazilian players, who owing to acute depreciation in their currency vis-à-vis were able to serve major proportion of the demand. In addition to currency factor, the business also had to function in a relatively weaker demand environment, which further compounded the challenges. However, your Company given its vast experience is confident of overcoming such headwinds and expects to deliver strong performance going ahead.

Innovation has been central to our success and will continue to remain a cornerstone going forward as well. Offering novel and attractive products is critical to hold customers interest and as such Company undertakes necessary measures towards strengthening its R&D capabilities. Our expansive portfolio comprising of some of the most sought after designs and shades is a testament of our commitment and capability and has helped us develop a strong connect with our customers.

Also, keeping in view the value proposition and commitment we offer to our customers; your Company is working towards strengthening its distribution network to help serve the customers even better. Presence across faster growing geographies will help further propel our growth and help lower our dependency on particular market / economy. We are also undertaking necessary measures towards enhancing our brand visibility and distribution network which should help us develop strong brand equity and better serve our customers across the globe.

We feel we have the right plans and people in place to drive the business forward. The actions and the investments which we plan to undertake should help us strengthen our innovation & revenue management capabilities besides improving our portfolio composition. We would also leverage on our advantages – rich experience, diverse product portfolio and improving brand equity to navigate uncertain business environment. We believe we are well positioned to deliver consistent growth going forward.

Lastly, I would like to thank all the employees, business partners, bankers, vendors and other business associates and all the shareholders for their unrelenting support. We are committed towards ensuring that our best years are ahead of us.

**Our
commitment.
Written in
stone.**

Our persistent focus on quality, be it product, processes or technology, has been the cornerstone of our growth. With a strong belief that perseverance pays, we have been relentless in our efforts to formulate a strong business model. Our strategies are moulded around our vision to become one of the best natural stone companies in the world. Moving alongside this strategy, our product quality stands second to none.

To compete with the global giants, our strategy has been to make technology our most potent weapon. We have used the best available technology and processes to make pieces of art for our customers. Every piece is cut and designed to perfection. It is this that has enabled us to build a very robust brand in the export market. Today, Pokarna is one of the leading exporters of finished stones and largest exporter of Quartz surfaces from India. Our customer base is spread across more than 50 nations. US, Europe, the Middle East, etc. are key export regions.

We have built a very strong strategy across our marketing capabilities, having developed a long-term relationship with our distribution channel across countries.

POKARNA LIMITED

Business Strategy

It takes a lot to convert one's dreams into reality. Supreme passion, dedication, perseverance and agility are imperatives to bring about the change. At Pokarna, we are driven by our dream. Our dream is to become one of the best companies in our business segment. We have moved with a strong conviction and a plan to make it a reality. We have followed the strategy of giving the best. The best to our customers, our channel partners, our employees.

By never compromising on quality we have developed a very long-term and rock solid distribution network. Our suppliers value our dedication and passion and have been always delighted with supreme quality products, cut and made to perfection. Our passion for perfection has been lauded across our markets and by our stakeholders.

Our culture of innovation has been one of the cornerstones of our business strategy. We have been continuously bringing in new innovative designs in both, our Quartz surfaces and natural stone segments, giving us an edge over the competition.

Our strategy has also been to develop the best talent within the Company. We have also been very conscious of the health of our employees and provide the best work atmosphere and adhere to the highest safety standards. We are certified with GREENGUARD, GREENGUARD GOLD, Kosher and NSF (for Quartz surfaces) and have the ISO 9001 certifications, which are a testimonial to our stringent commitment towards environment.

Market Expansion and Growth

When we started our journey 25 years back, we wanted to make our footprint on the world. Today, with exports to more than 50 countries across various continents, our dream is a reality. Today, we are one of the leading exporters of Granite and largest exporter of Quartz surface from India and hold strong brand equity across various markets. Our brand Quantra is a known name today and is recognized for being among the best quality Quartz surface, in the global arena.

To further strengthen our brand Quantra over the global landscape, we have launched a refreshingly new dedicated website (www.quantra.in) which offers various features. Also a 3D visualizer enables the customers to be their own architects. We have also been continuously participating in various exhibitions in the US, Italy, Turkey, India, Brazil and China for promoting our products. We have further enhanced our branding expenditure through advertisements in trade related magazines, to further strengthen our vast distribution network.

To take firsthand information of the key target export markets and understand the nuances of the different regions, the top management frequently visits these markets. This has also helped to further strengthen the trust with our distributors. We have made huge inroads into the fast reviving U.S. market. The U.S. is one of the fastest growing Advanced Economies and the housing sector is also steadily reviving. This has led to a robust demand for our Quartz surface products.

Further, to make inroads in the European market, we have formed a contact with the Dutch firm, Dekker Zevenhuizen. Dekker Zevenhuizen is one of the biggest retailers of home interiors in the Benelux market and would be an exclusive distributor for co-branded Quartz surfaces. This would help us to further strengthen our global presence.

**Design and
Production
Excellence**

Having developed the best in class processes, to deliver natural stone from our mines and factories, we expanded in the synergistic business of Quartz surface in 2009. With exports on the horizon, we moved towards Italy, the Mecca for stone technology, to source the best available technology to process Quartz surfaces, at our Vishakapatnam facility. The quest for the best was achieved by finalizing on the patented Bretonstone® Technology. We are currently the only Company in India to have this high-end technology.

Backed by our technology prowess, all our products match the global standards and are setting some new benchmarks in terms of quality and design. Our products comply with some of the most stringent standards for low-chemical emissions in the indoor environment. Also, with the GREENGUARD, GREENGUARD GOLD and NSF certifications for Quartz surfaces, our products are well accepted in schools and healthcare facilities. With the receipt of Kosher certification from OU (Orthodox Union) - New York, for Quartz surfaces, we will make further inroads in the US market, where we already have a very strong market and distribution network.

Management Discussion And Analysis

Economic Overview

Global economy remained weak during the year amidst slower than anticipated pick-up in commercial and industrial activities across developed and emerging nations. Subdued demand and investment undertakings more so in extractive industries resulted in decelerating of manufacturing activities. Confluence of such action resulted in global growth contracting to 3.1% in 2015 as against 3.4% in 2014. In addition, heightened volatility in financial market following sharp decline in commodity prices compounded worries raising fresh concerns over much anticipated recovery. Economic activities in developed economies continued to remain modest and uneven with many of them continuing to reel under the impact of spillover effect of previous financial crisis – high debt, constrained investment, and low productivity. Amongst developed countries, US economy appeared most resilient supported by still-easy financial conditions and strengthening of housing and labor markets; while stronger private consumption on the back of lower oil prices and accommodative financial stance is expected to help Euro Zone tide over weakening of its net exports.

Performance of emerging nations as well remained mixed in partly reflective of the anemic global growth. Deceleration in China's growth following its efforts to shift the national economy more towards consumer spending and services also had a fallout effect on commodity prices, many of which tumbled to multi year low. Weakened commodity prices altered the economic dynamics of commodity dependent economies like Brazil, South Africa and Russia for the worse. However, on the flip side lower commodity prices significantly aided the performance of commodity importing nations with India being one amongst them.

Indian economy stood as a beacon of stability, growth and optimism amidst all the gloom and uncertain environment. Improving macros, supportive fiscal and monetary policies are expected to revive and reignite the country's growth engine helping it to emerge as the fastest growing major economy in the world.

Stone Industry

As per Internazionale Marmi E Macchine Carrara Research, 2015 remained a strong year for international trade of natural stone, with trade flow of 25.7 billion euro; higher by 12.4% over the previous year. This increase was largely value driven with higher average unit value of products on the international market by the main players in the sector.

China continued to maintain its leadership position in the global exports market with 42% share in the total natural stone exports. Italy was the second largest exporter with a share of 12.4%.

The US a major importer of finished natural stone, imported stone materials primarily finished products worth 2.4 billion euro in 2015, higher by 24.1% compared to previous year. The positive trend of the US demand was sustained on the back of strengthening of its currency, and the growing appeal of natural stone, in particular marble, with the material being used not only for floors and walls but also objects of design in marble and furnishings.

China, Brazil and India remained the top three trading partners for US, with imports from India growing 19.8% during the year. In absolute terms, total quantity imported from India during 2015 stood at 281,158 metric tons. Brazil and China occupying the top two slots experienced contraction of 24% and 12% during the year with volume of 843,928 metric tons and 404,246 metric tons respectively.

Imports by US of Quartz surfaces as well continued to remain strong, expanding at 55.1% over preceding year. In quantity terms, engineered stone imports amounted to 66.1 million sq. ft during 2015. China, Spain, Israel were the top three countries supplying Quartz surfaces with China reporting an annual growth of 136.5%. India which ranked sixth in the list recorded a growth of 246.3% in 2015, with exports of 3,487,310 sq.ft.

The European Union (EU), one of the biggest markets for the worldwide natural stone industry with imports of Euro 2.4 billion, registered a growth of 5.1% during 2015.

Import of natural stone in Japan slowed down during the year, though the trend is expected to reverse owing to investment in residential buildings, commercial facilities and projects associated with the Olympic Games of Tokyo 2020.

India has also been one of the key players in the global export of natural stone, with close to a 10% share of global exports.

Granite

Global Scenario: Granite production globally, is largely confined to China, Brazil, India, Saudi Arabia, Italy and Spain. Of these China, Brazil and India together contribute 80% to 90% of the global granite production.

Currently the U.S. is the world's biggest consumer of granite and its demand is largely fulfilled by imports from Brazil, China and India. Of the total imports of granite by the U.S amounting to 1,793,007 metric tons in 2015, the trio accounted for almost 85% with Brazil constituting 47%, China 22% and India 16% of the total imports.

Indian Scenario: India possesses a wide spectrum of dimensional stones and is home to almost all varieties of natural stone - marble, sandstone, granite, limestone etc. With deposits situated across length and breadth of the country, India is also attributed with more than 66% of around 300 shades available in the world.

India accounts for around 20% of the world's resources of granite and as per Indian Bureau of Mines the country has an estimated granite reserve of around 43,000 million cubic metres. Domestic granite industry though remains fairly fragmented marked by presence of large number of small size players. One of the primary reasons for the fragmentation is the fact that granite is still classified as 'Minor Mineral' which results in state government controlling its mining and processing operations. Indian granite industry has grown at an approximate CAGR of 15% during FY2009-10 to FY 2013-14 on the back of growing housing construction globally. Domestic demand is expected to remain strong, mirroring the trend in real estate industry.

Granite is the main raw material required in housing sector - used in building, furnishing and decorating and as such real estate sector remains a main demand generator for the product. Further, with Indian real estate market expected to touch US\$ 180 billion by 2020 prospects for granite business remains robust.

India's exports of granite also have seen steady growth over the years, in sync with increasing global demand. According to FIGSI, of the stone industry's total exports worth ₹ 12,000 crore, 80% is constituted by granite. Bulk of country's granite is exported to China, USA, Turkey, Germany and UK. USA the biggest consumer of granite has seen almost tenfold increase in its imports of granite in the past 20 years. Brazil, China and India are amongst the major countries to plug bulk of the demand gap in US.

Growth in exports is expected to remain firm, likely to grow at a CAGR of 16-18% during the period FY 2014-19 on the back of higher demand from USA and China.

Despite its impressive growth, the sector at present faces headwinds in terms of inconsistent policies, heightened competition and soft demand. India is believed to be amongst the only country wherein stone industry is classified under minor mineral industry resulting in each state forming and implementing its own rules and policies. In addition, lack of new leases and non-renewal of existing mining leases continue to add on to sector's worries. Further, delays in procuring requisite clearances owing to red-tapism have eroded country's competitive edge over its peers. Such factors have helped China score over India in the latter's traditional markets like Japan and Korea. Shipment to Italy as well got reduced by about 80%. Lastly, with Middle East countries such as Saudi Arabia and Iran stepping up their production of granite, limestone, marble etc., Indian companies now have to compete within a highly intensive competitive environment.

In light of the above situation, the Industry body Federation of Indian Granite and Stone Industry (FIGSI) has been requesting for issuance of long term quarry mining leases and implementation of first come, first serve policy. Further, it is also imperative in declaring granite as a 'major mineral' given that it will not only lower royalty outgo on mining but will also result in enhancing segment's competitiveness.

Pokarna Perspective: Granite

Established in 1991, Pokarna Ltd is one amongst the country's leading exporters of finished granite. The Company offers some of the most novel and innovative natural stones surfaces. Its color palette includes over 75 varieties of granite sourced primarily from captive quarries. The Company's captive quarries are endowed with some of the most coveted and desirable colors like Silver Waves and Black Galaxy etc. It also import part of its granite requirement from some of the reputed and well established domestic and global independent suppliers. Pokarna processes granite from two of its state-of-the-art manufacturing facilities. The plants are equipped with machines and technology, imported from some of the finest companies in the world like Breton, Pedrini, Pellegrini etc.

With customer satisfaction and innovation as its focal point, the Company continues to work meticulously towards offering precise, novel and quality granite at various price points for its customers. With unmatched consistency of color, texture and quality, Pokarna's granite surfaces are an ideal material for residential and commercial applications. Driven by such ethos the Company has successfully carved a niche for itself in both domestic and international market.

The Company generated revenues worth ₹ 184 crore from the segment during the year as against ₹ 183 crore during last year. Segment's performance during the year was primarily impacted by heightened competition especially from Brazilian companies following sharp decline in its currency vis-à-vis the USD. Buoyed by weak currency and close proximity to US market Brazilian firms were able to better compete with Indian firms. Further, with gradual slowdown in overall construction activity, demand for the product also remained a bit subdued. However, your Company is confident of withstanding the near term pressure and reverting back to its historical growth. Of the total revenue, 77% was earned through exports, of which US region constituted 27%. The Company had earned revenue amounting to ₹ 49 crore from US last year which accounted for 35% of the overall exports earnings. Overall Domestic:Export mix for the year stood as 23:77 as against 24:76 reported during last year. Segment's PBIT for the year stood at ₹ 49 crore as against ₹ 48 crore during last year.

Overall growth prospects of the business remains bright on the back of improving housing market in US and gradual pick up in construction activities around the globe. Challenges stemming from Brazil are likely to linger in the near term; however the Company is confident of mitigating them and retaining its position as one of the leading firm in the segment.

Engineered Stone / Quartz Surfaces

Quartz Surfaces a man-made product, comprises majorly of quartz, one of nature's strongest material and a mix of bonding agent, pigment and additives. Similar in appearance to natural stone, quartz enjoy certain innate benefits not available with natural material namely durability, strength and stain and heat resistant qualities. Further, natural stones are also porous which leaves room for bacteria to get into fissures and pores where it can be tough to eradicate, while on the other hand Engineered stone doesn't absorb liquids resulting in easier cleaning and more effective than natural stone. Owing to such factors, engineered stone has been rated as most preferred material for countertop by Consumer reports magazine scoring over other materials like granite, ceramic tile, stainless steel, laminate, marble, limestone, and concrete. Further, engineered stone's texture can be fine or coarse, depending on how it is processed, and can be combined with glass and other reflective materials for a sparkling finish.

Engineered stone is also the fastest growing material to be used in the countertop industry. Rapid growth of the product has been driven by the material's superior physical attributes relative to other countertop materials, its attractive relative value, as well as broad array of colors and ease of fabrication. The growth is expected to remain strong as it gains further awareness and acceptance in several existing and newer markets - the product is fairly matured and developed in Israel and Australia, it is still at a nascent stage in markets like USA and Canada, two of the largest markets in the world. The product is expected to witness a disproportionate growth trajectory if it is able to meaningfully increase its receptiveness in these two regions, given their size and magnitude. USA's engineered stone imports amounted to 66.1 million sq. ft. during 2015, higher by 55.1% over preceding year.

In China as well, consumption of engineered stone is expected to increase at a CAGR of 15.0% from 2015 through 2020. China's consumption of quartz surface products is expected to have a compound annual growth rate (CAGR) of 18.8% from 2015 through 2020, with annual sales of 10 million square meters per year being expected.

Pokarna Perspective: Engineered Stone / Quartz Surfaces

Pokarna offers exquisite array of engineered stone surfaces through its wholly owned subsidiary Pokarna Engineered Stone Limited (PESL). PESL is the largest exporter of engineered stone surfaces in the country and is also the only Company in India to produce quartz surfaces using the patented Bretonstone® Technology. Bretonstone System from Breton S.p.A. of Italy, is considered to be amongst the finest of its kind in the world.

With passion, innovation and research as its cornerstone, PESL has been offering some of the most sought after engineered stone surfaces in terms of design and patterns under its brand Quantra. Available in more than 64 colors, the Company's portfolio has ample depth and versatility in terms of design with unmatched durability. The Company's unrelenting commitment towards offering the freshest and the most beautiful designs in the industry has helped it carve a niche for itself and build a strong brand loyalty with its customers.

The Company has a state-of-the-art quartz manufacturing plant located in the port city of Vishakapatnam, Andhra Pradesh. The unit's strategic location enables the Company to source quartz from Andhra Pradesh, which is noted for its strong physical characteristics and high level of clarity. Further, the plant is also equipped with extensive laboratory, enabling the Company's R&D staff to develop new colors, create product prototype and analyze various products via its modern machinery. Such thrust and commitment towards innovation has helped the Company maintain a strong product pipeline, with existing portfolio getting replenished on a timely and consistent basis.

The Company strives towards developing and setting up benchmarks in terms of innovation and quality for others to emulate. Further, the depth of Company's product portfolio has made it relatively easier for home owners and designers to explore new design possibilities for any environment, style preference or application in turn helping it to build on its leadership position.

The Company is also equally dedicated and motivated towards preserving the environment and pays utmost attention towards ensuring minimum impact. The Company rigorously scrutinizes its production process from a health, safety and environmental point of view.

The Company is also working towards increasing its brand visibility across regions and as such has been taking necessary actions in terms of increasing its touch points and reach. During the year, the Company revamped its existing website with one equipped with new functions making it more user friendly, providing comprehensive product details - colors, textures, new surfaces etc. It also enables the user to take pictorial stock of Company's aesthetically appealing surfaces - full of colors and textures. The revised website is amongst one of the many activities planned by the Company towards enhancing its brand image and strengthening its bond with the customers. The Company is hopeful that its renewed strategy will trigger the next growth phase for its Quartz surfaces business.

Further, the Company also modernized the molding line at its manufacturing unit to develop Jumbo size slabs. Demand for jumbo size slabs are growing more so in USA and as such the latest upgradation activity will help the Company better tap the business opportunities in the segment. Further, bigger size slab results in better yield, facilitates color-matching and minimizes seams.

During the year the Company's quartz surfaces also received kosher certification from OU (Orthodox Union) - New York under Pareve designation. The certification confirms the Company's products adhere to the highest quality of Kashrut supervision and permits kosher consumers to use the Company's products in their kitchen. Besides, it also enables the Company to expand its presence and help better meet the growing demand for products conforming with Kashrut (or kosher concept) principles. Lastly, it also strengthens the trust of the Company's products in Jewish market.

The Company generated revenues worth ₹ 201 crore from the business during the year as against ₹ 136 crore, a growth of 48%. Strong demand, improved product mix and functioning at higher utilization contributed to robust top line expansion. Further, rupee depreciation against USD abetted revenue momentum. Domestic:Export mix for the year stood at 4:96 as against 11:89. Of the total overseas sales, revenue from USA constituted 80%, as against 73% during previous year.

PBIT for the segment during the year stood at ₹ 83 crore as against ₹ 32 crore during previous year. Lower input prices mainly polymer resins, following acute decline in crude prices significantly aided in improving margins and overall profitability of the business.

Outlook for the business continues to remain positive driven by strong demand for the product across the globe. Strong employment and housing data in USA coupled with rising preference amongst the end users towards the engineered stone should assist in sustaining the demand. Further, the Company's continuous focus on strengthening its brand through R&D investment & development of new colors, designs, and textures should help it to tap the growth potential going forward.

Outlook

Industry Forecast

The overall progress and development of the decorative surfacing industry is closely tied to the housing market with any pick-up in construction and residential activity portending better times for the business.

The US housing industry which had been subdued until recently is now reflecting a slow but steady revival with growing confidence and demand amongst the homeowners. The trend is reflected by the better home sales and housing starts figure - 2015, was the best year for sales of new single-family homes since 2007. Further, after having breached one million housing starts in 2014, 2015 saw growth of more than 10% finishing at an estimated 1,111,200.

The momentum in the housing segment is expected to remain strong on the back of improving macros, with The National Association of Home Builders' (NAHB) Housing and Interest Rate predicting housing starts to grow by more than 10% in 2016 and end the year with 1.25 million and 1.52 million levels in 2017. Further, it also expects home prices to increase by 4.5% on an average in addition to the pick-up in housing starts.

Non-residential construction activities as well are progressing gradually and are expected to maintain its momentum, with FMI predicting growth in five major nonresidential construction segments closely tied with surfacing. Of the five construction sector, lodging sector is expected to clock the fastest rate, followed by office, commercial and educational sector.

The improving prospects for non-residential construction is further corroborated by the Consensus Construction Forecast from American Institute of Architects (AIA), an average of forecasts from seven major building market institutions with their Economist expecting more than 8% overall growth, with 10% growth on the commercial / industrial side and 7% for institutional facilities.

Experts believe Remodeling / Home improvement sector will build on its improved performance during the year, with the American Society of Interior Designers (ASID) expecting strong business conditions for the current year after monitoring the first six months. Their forecast is anchored on improving trend in economic and labor market. Further as per, Home Improvement Research Institute's latest update, Home improvement market which reported a 4.4% growth in 2015 expects similar growth rate from 2016 through 2019. Homeowner opting for larger and more discretionary projects into their home improvement priorities is one of the key reasons expected to drive the improvement in remodeling market.

As per Freedonia Group's latest report, demand for countertop in United States is expected to grow 4.2% annually to 810 mn sq.ft by 2019 and attain size of \$ 29.3 bn.

Rebound in new building construction activity coupled with increased spending on improvement and repair of existing structures is expected to drive the growth through 2019. Further, a shift in product mix from laminates to higher-priced alternative materials is expected to boost value gains.

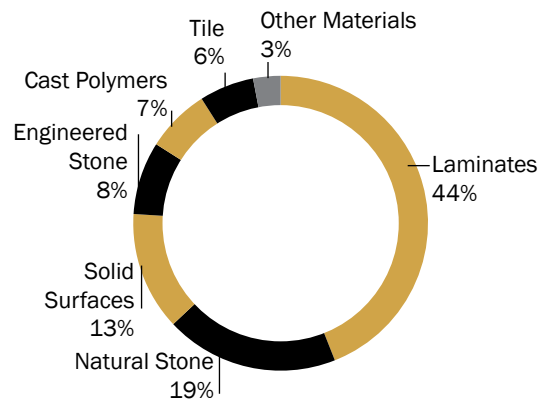

Countertop industry's growth in the past had been primarily driven by a rise in residential construction following improved employment, rising disposable incomes and low interest rate regime. Of the above mentioned factors, residential market plays a pivotal role in the growth

of countertop industry as it typically constitutes about four-fifths of overall countertop demand.

The report states that laminates are expected to retain their leadership position with 44% share, while natural stone is expected to corner one-fifth share of 810 million sq. ft, USD 29.3 billion countertop market in 2019. Shift in consumer preference for appearance of stone coupled with declining prices is expected to propel granite demand. Moderate decline in granite prices over the past decade has resulted in improving its availability and popularity across masses.

The report further states that shift amongst high-end homes users and businesses towards unique, less commonly used surfaces is expected to drive the growth for engineered stone, natural stones other than granite, and niche materials such as various metals, concrete, and recycled materials. Increased demand for value added materials – which create novel & distinguished countertops will help push up its share in the overall mix. Engineered stone given their durability, aesthetic appeal and maintenance free characteristics is expected to be the fastest growing stone surface; its share in US countertop industry is expected to grow to 8.5% by 2019 from its 5.8% during 2009.

Apparel

Textile and Apparel industry has been one of the key contributors towards transforming India into economic powerhouse. The sector is one of the largest contributors to India’s exports with approximately 11% of total exports. Further it is also the second largest employer after agriculture, providing employment to over 45 million people directly and 60 million people indirectly. Lastly, the sector also contributes approximately 5% to India’s gross domestic product (GDP), and 14% to overall Index of Industrial Production (IIP).

According to a study by Wazir Advisors and PCI Xylenes & Polyester the sector has the potential to reach US\$ 500 billion in size. The growth implies domestic sales to rise to US\$ 315 billion from currently US\$ 68 billion. At the same time, exports are implied to increase to US\$ 185 billion from approximately US\$ 41 billion currently.

Similar to Textile, Retail industry has also contributed positively to country’s growth accounting for over 10% of the nation’s GDP and around 8% of the employment. India, the fifth largest global destination in terms of retail space is expected to grow to US\$ 1 trillion by 2020 with higher income level, urbanization and attitudinal shifts being the key growth drivers. Further, India is also expected to become the world’s fastest growing e-commerce market, driven by robust investment in the sector and rapid increase in the number of internet users.

During the year, Apparel business generated revenues worth ₹ 9 crore as against ₹ 7 crore during previous year. The Company markets its product under the brand “Stanza” and currently has 8 exclusive outlets. Functioning at sub-optimal level coupled with elevated operating cost are primary factors for the subdued performance of the business. The division’s revenue were entirely derived from domestic market. PBIT for the segment stood at ₹ (8) crore as against ₹ (10) crore during FY15.

Risk & Concern

Our principal risks have been assessed according to impact and likelihood, and are described below. The order in which these risks appear does not necessarily reflect the likelihood of their occurrence or the relative magnitude of their impact on our business. It is essential to have in place necessary systems to manage these risks, while balancing the relative risk/reward equations demanded by stakeholders. Our management systems, organizational structures, processes, standards, and code of conduct together form our internal control systems, which govern how we conduct business and manage all associated risks. Materiality and tolerance for risk are key considerations in our decision-making.

Risk	Impact	Mitigant
Discovery risk	The increased production rates from our growth oriented quarries demand on exploration and prospecting initiatives to replace reserves and resources at a pace faster than depletion. A failure in our ability to discover new reserves, enhance existing reserves or develop new operations in sufficient quantities to maintain or grow the current level of our reserves could negatively affect our prospects.	Our strategic priority is to add to our reserves through continuous focus on survey and exploration of new quarries. In order to accelerate this process, we have created a separate team with adequate financial resources.
Operational turnaround of apparel business	Losses of the apparel manufacturing and retailing division impact overall profitability of the Company.	We are seriously reviewing our apparel manufacturing and retailing operations. We are committed to improving operating performance of this business. Several cost-saving initiatives are under way to reduce losses and become operationally positive.
Reliability and predictability in operational performance	Our operations are subject to conditions and events beyond our control that could, among other matters, increase our mining, transportation or production costs, disrupt or halt operations at our mines and production facilities for varying lengths of time	Asset utilisation and cost of production (CoP) continues to be a priority. We carry out periodic benchmarking of CoP and other operational efficiencies.
Currency exchange rate fluctuations	We derive substantial income from exports. We have foreign currency loans and we also import a small portion of our raw materials and a significant part of our consumables and capital equipment, hence it gives a partial natural hedge. Any volatility in the Currency exchange rate would therefore impact the Company.	Pokarna doesn't fluctuate in forex. The Audit Committee reviews our forex-related matters periodically and suggests necessary courses of action as may be needed by businesses from time to time, and within the overall framework of our forex policy.
Political, legal and regulatory risk	We export to many countries around the globe, which have varying degrees of political and commercial stability. Any unrest and instability in such countries would impact the Company.	We monitor regulatory and political developments on a continuous basis

Breaches in information/IT security	Like many other organisations, our reliance on computers and network technology is increasing. Any cyber security breach could have an impact on business operations.	Organisation is in place for information and IT security. IT security policies and procedures are defined. An IT system is in place to monitor logical access controls.
Community relations	The continued success of our existing operations and future projects are in part dependent upon broad support and a healthy relationship with the respective local communities. Failure to identify and manage local concerns and expectations could affect the organization's reputation and social license to operate and grow.	We have periodic engagements with all local communities to establish relations based on trust and mutual benefit. Our focus is on local consent prior to accessing resources or starting work. We seek to identify and minimise potential negative operational impacts and risks through responsible behaviour - acting transparently and ethically, promoting dialogue and complying with commitments to stakeholders. The Board's Corporate Social Responsibility (CSR) Committee decides the focus areas of all CSR activities, budget and programmes to be undertaken.
Health, safety and environment	The granite mining and processing sector is subject to extensive health, safety, and environmental laws, regulations and standards. Evolving regulations, standards and stakeholder expectations could result in increased cost or litigation.	Compliance of local regulations and standards, and protecting our people, communities and the environment from harm and our operations from business interruptions, are our key focus areas. We have appropriate policy in place for occupational health-related matters. We are implementing programmes to eliminate fatalities and control injuries. We continue to improve on our safety investigations and follow-up processes.
Talent/skill shortage risk	The Company's efforts to continue its growth and efficient operations will place significant demand on its management resources. Our highly skilled workforce and experienced management team is critical to maintaining its current operations, implementing its development projects and achieving longer-term growth.	We continue to invest in initiatives to widen our talent pool. Our performance management system is designed to provide reward and remuneration structures and personal development opportunities to attract and retain key employees.

Internal Control Systems & Adequacy

The Company has set up a proper and adequate system of internal control to ensure protection of assets against disposition or loss on account of unauthorized use and that all transactions are approved, recorded and rightly reported. Also, the system has been designed to ensure that financial and other records are accurate for preparing financial information and other data, and for maintaining accountability for assets and liabilities. The control system is also equally aided by rigorous internal audit, guidelines and procedures.

Human Resources

Your Company strives towards building a transparent and conducive work environment for its employees. The focus is on covering all aspects of employee lifecycle to provide them a holistic experience. Your Company recognizes that workforce with a proper work-life balance will be a motivated and committed contributor.

During his / her tenure, the employee is exposed to different roles, assigned various tasks and multiple skill development activities to keep them motivated and progressive. Further, the Company also conducts interventions to gather ideas around innovations to engage and develop employees.

- j. **Gratuity:** Not exceeding half months' salary for each completed year of service.
- k. Reimbursement of entertainment and all other expenses incurred for the business of the Company as per rules of the Company.
- l. **Other Allowance/benefits/perquisites:** Any other allowance, benefits and perquisites as per the Rules applicable to senior executives of the Company and/or which may be applicable in the future and/or any other allowance, benefit, perquisite as the Board of Directors may decide from time to time.
- m. **Leave Travel Concession:** For the MD and his family once in a year incurred in accordance with any rules specified by the Company.
Explanation: For the aforesaid purposes "Family" means the spouse, the dependent children and dependent parents of the MD. Perquisites shall be evaluated as per income Tax Rules, 1962, wherever applicable and in the absence of any such rules, perquisites shall be valued at actual cost.
- n. **Commission:** As the Board of Directors of the Company may, upon recommendation or, if required, approval of the Nomination and Remuneration Committee, at their sole discretion, approve, from time to time, payable quarterly or at other intervals, as may be decided by the Board.
- o. **Overall Remuneration:** The aggregate remuneration in any financial year shall not exceed the limits prescribed from time to time under Sections 197, 198 and other applicable provisions of the Companies Act, 2013 read with Schedule V to the said Act, as may, for the time being, be in force.
- p. **Minimum Remuneration:** In the event of loss or inadequacy of profits, in any financial year during the currency of tenure of service, the payment of remuneration shall be governed by the limits prescribed under Section II, III, IV of Part II of Schedule V to the Companies Act, 2013, including any statutory modification or re-enactment thereof, as may, for the time being, be in force.
None of the Directors and Key Managerial Personnel of the Company and their relatives except Mr. Rahul Jain, Mr. Gautam Chand Jain, Mrs. Apurva Jain and their respective relatives are concerned or interested, financially or otherwise, in the resolution mentioned at Item No. 5 of the Notice.
The Board recommends the resolution set forth in Item No. 5 for the approval of the Members.

Item No. 6

The Company is required under Section 148 of the Act to have the audit of its cost records of its quarrying operations conducted by a Cost Accountant in Practice. The Board of Directors of the Company has on the recommendation of the Audit Committee, approved the appointment and remuneration of Messrs DZR & Co., Cost Accountants, the Cost Auditors of the Company to conduct the audit of cost records of the Company for products covered under the Companies (Cost Records and Audit) Rules, 2014 for the Financial Year ending March 31, 2017, at a remuneration of ₹ 1,00,000 plus reimbursement of out-of-pocket expenses.

In accordance with the provisions of Section 148 of the Act read with Companies (Cost Records and Audit) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board of Directors has to be ratified by the members of the Company.

Accordingly, the consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 6 of the Notice for ratification of the remuneration payable to the Cost Auditors for the Financial Year ending March 31, 2017.

None of the Directors and Key Managerial Personnel of the Company and their respective relatives are concerned or interested, financially or otherwise in the Resolution mentioned at Item No. 6 of the Notice.

The Board recommends the resolution set forth in Item No. 6 for the approval of the Members.

Item No. 7

Rule 19(2) of the Securities Contracts (Regulations) Rules, 1957 provides that the Articles of Association ("AoA") of a Company which is desirous of listing its securities on the stock exchange shall be inclusive of the following clauses, amongst others:

1. No unclaimed dividend shall be forfeited before the claim becomes barred by law; and
2. Right to call of shares shall not be given to any person except with the sanction of the Company in General Meetings.

The Company filed application with National Stock Exchange of India Limited ("NSE"), for Listing its Equity Shares on the said Exchange. The Company had given an undertaking to "NSE" to amend the AoA of the Company, at the first general meeting of the Company to be held after the listing of its equity shares, by adding clauses to it, as proposed in the resolution.

As per the provisions of section 14 of the Companies Act, 2013, approval of the shareholders by way of a special resolution is required to amend the AoA of a company. Accordingly, the amendment to the AoA of the Company is proposed for approval of the Members.

A copy of the Memorandum and AoA of the Company together with the proposed alterations is available for inspection by the members of the Company at its Registered Office between 11.00 a.m. to 5.00 p.m. on any working day of the Company. A copy of the Memorandum and AoA of the Company together with the proposed alterations are also being uploaded on the Company's website, i.e. www.pokarna.com for perusal by the Members.

None of the Directors and Key Managerial Personnel of the Company and their respective relatives are concerned or interested, financially or otherwise in the Resolution mentioned at Item No. 7 of the Notice.

The Board recommends the resolution set forth in Item No. 7 for the approval of the Members.

DIVIDEND

The Directors are pleased to recommend the dividend of ₹ 10 per equity share (which includes one-time special silver jubilee dividend of ₹ 7 per equity share) for the Financial Year ended March 31, 2016. The dividend is subject to the approval of the Members at the Annual General Meeting ("AGM") scheduled on Friday, September 16, 2016. The total dividend pay-out works out to 35.95 % (Financial Year 2014-15: 11.45%) of the net profit for the standalone results.

The Register of Members and Share Transfer Books will remain closed from September 10, 2016 to September 16, 2016 (both days inclusive) for the purpose of payment of the dividend for the Financial Year ended March 31, 2016 and the AGM.

TRANSFER TO RESERVES

No amount is proposed for transfer to the general reserve. An amount of ₹ 1,724.81 Lacs is proposed to be retained in the profit and loss account.

OVERVIEW AND THE STATE OF THE COMPANY AFFAIRS

Your company couldn't operationalize new quarries in granite due to delays in getting leases and environmental clearances. Added to this is competition from Brazilian exporters who are selling in record quantities to the USA, but at low prices and giving extended payment terms. The above factors and tepid demand from China for granite blocks contributed to almost flat performance in granite business. Apparel manufacturing and retailing business have been through several iterations in its model to make it work, but gestation period seems to be longer than what we envisaged. Given the favorable demand outlook, quartz surfaces business is expected to further improve capacity utilization and is well placed to benefit from the accelerated growth in the sector.

During the financial year under review, on a standalone basis, the Company achieved revenue of ₹ 19,292.68 Lacs as against ₹19,062.94 Lacs in the previous year, thereby registering a growth of 1.21%. EBIDTA for the year under review was ₹ 5,025.74 Lacs, as against ₹4,878.80 Lacs representing a increase of 3.01%. The net profit for the year March 31, 2016 increased from ₹ 1,625.49 Lacs to ₹ 1,724.81 Lacs, showing a growth of 6.11%.

On a consolidated basis, during the financial year under review, the Company achieved revenue of ₹ 39,432.27 Lacs as against ₹ 32,635.93 Lacs in the previous year, thereby registering a growth of 20.82%. EBIDTA for the year under review was ₹ 13,853.48 Lacs, as against ₹ 9,072.29 Lacs representing a growth of 52.70%. The net profit for the year March 31, 2016 increased from ₹ 3,136.15 Lacs to ₹ 5,120.86 Lacs, showing a growth of 63.29%. The increased bottom line translated into improved earnings per share from ₹ 50.58 in 2014-15 to ₹ 82.58 in 2015-16 on a consolidated basis.

The Company could achieve such remarkable growth and performance due to wholly owned subsidiary viz Pokarna Engineered Stone Limited implementing tighter operating controls, prudent raw material sourcing, increased capacity utilization, superior product mix and controlled overheads.

DIRECTORS' RESPONSIBILITY STATEMENT

Based on the framework of internal financial controls and compliance systems established and maintained by the Company, work performed by the internal, statutory, cost and secretarial auditors and the reviews performed by the relevant Board Committees, including the Audit Committee, the Board is of the opinion that the Company's internal financial controls were adequate and effective during the financial year 2015-16. Accordingly, pursuant to Section 134(5) of the Companies Act, 2013, the Board of Directors, to the best of their knowledge and ability, confirm that:

- in the preparation of the annual accounts, the applicable accounting standards have been followed and that there are no material departures;
- that they have, in the selection of the accounting policies, consulted the Statutory Auditors and have applied their recommendations consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of financial year and of the profit of the Company for that period;
- they have taken proper and sufficient care to the best of their knowledge and ability, for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- they have prepared the annual accounts on a going concern basis;
- they have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- A proper system has been devised to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

SUBSIDIARIES, ASSOCIATES AND JOINT VENTURE COMPANIES

Pursuant to AS-21 issued by the Institute of Chartered Accountants of India, Consolidated Financial Statements presented by the Company include the financial information of Pokarna Engineered Stone Limited ("PESL"), the wholly owned subsidiary company. The Company had no joint venture or associate during the financial year 2015-16.

As per the requirement of Section 129(3) of the Companies Act, 2013, a separate statement containing the salient features of the financial statements of the subsidiary in prescribed Form AOC-1 is attached to the financial statements of the Company. The Audited Accounts of the subsidiary companies will be available on the website of the Company - www.pokarna.com. The financial performance of PESL is given below:

During the financial year under review, PESL achieved revenue of ₹ 20,147.68 Lacs as against ₹ 13,573.59 Lacs in the previous year, thereby registering a growth of 48.43%. EBIDTA for the year under review was ₹ 9,106.64 Lacs as against ₹ 4,347.08 Lacs in the previous year, representing a growth of 109.49%. The net profit for the year March 31, 2016 increased from ₹ 3,397.73 Lacs to ₹ 1,511.02 Lacs, showing a growth of 124.86%.

CONSOLIDATED FINANCIAL STATEMENT

In accordance with the Act, read with the Companies (Accounts) Rules, 2014 and Accounting Standard (AS)-21 on Consolidated Financial Statements, the Audited Consolidated Financial Statement is provided in the Annual Report.

CORPORATE DEBT RESTRUCTURING

PESL resorted to Corporate Debt Restructuring ("CDR") mechanism in March 2012 due to the adverse business scenario. PESL achieved turnaround in very short period of about 4 years and has opted for voluntary exit from CDR mechanism. The exit from CDR mechanism is subject to approval by the competent authorities of respective banks and the CDR empowered group. This is one of the shortest turnarounds in the history of CDR mechanism. The provision for recompense amount of ₹ 1751.95 Lacs has been made in the Financials Statements of PESL for the year ended March 31, 2016. For further details, refer Note. 2.24 in Consolidated Financial Statements.

CDR exit will lead to greater operational and financial flexibility to PESL and it can go ahead with its growth plans.

CORPORATE GOVERNANCE

The Directors reaffirm their commitment to good corporate governance practices. During the year under review, the Company was in compliance with the provisions relating to corporate governance as provided under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"). The compliance report is provided in the Corporate Governance section of this Annual Report. The auditor's certificate on compliance with the conditions of corporate governance of the Listing Regulations is given in Annexure to this Report.

The Managing Director and Chief Financial Officer of the Company have issued necessary certificate pursuant to the provisions of Regulation 17(8) of the Listing Regulations and the same forms part of this Report.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Management's Discussion & Analysis Report for the year under review is presented in a separate section forming part of the Annual Report.

BUSINESS RESPONSIBILITY REPORT

The Business Responsibility Reporting as required by Regulation 34(2) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, is not applicable to your Company for the financial year ending March 31, 2016.

CORPORATE SOCIAL RESPONSIBILITY

The Company is a caring corporate citizen and lays significant emphasis on the development of the host communities around which it operates. The Company, with this intent, has identified projects relating to Health Care, Sanitation, and Education during the year and initiated various activities in neighboring villages around its plant location. The Corporate Social Responsibility Policy is available on your Company's website, <http://www.pokarna.com/wp-content/uploads/2016/04/CSR-Policy.pdf>.

The Annual Report on CSR activities is given in Annexure II to this Report

At the end of the year, there is an unspent CSR amount of ₹ 21,80,289/- Company proposes to accumulate the CSR funds, in order to take up the large projects, which would benefit the public at large.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Mrs. Apurva Jain, retires by rotation and, being eligible, seeks re-appointment.

Based on the recommendation of the Nomination and Remuneration Committee, Mr. Rahul Jain was appointed as the Managing Director of the Company with effect from May 2, 2016, subject to the approval of the Members in the ensuing AGM.

The Board recommends the appointment of Mr. Rahul Jain and the re-appointment of Mrs. Apurva Jain. Items seeking your approval on the above are included in the Notice convening the AGM. Brief resumes of the directors being appointed / re-appointed form part of the Notice of the ensuing AGM.

During the financial year 2015-16, Mr. Gautam Chand Jain, Mr. Rahul Jain, and Mrs. Apurva Jain have not received any commission / remuneration from the subsidiary company.

Further, details relating to the CSRC are provided in the Corporate Governance Report forming part of this Annual Report.

RISK MANAGEMENT POLICY

In terms of provisions of Section 134(3)(n) of the Companies Act, 2013, the Company has framed and put in place a Risk Management policy to mitigate the risks, both internal and external, which the Company is exposed to. The risk management policy of the Company is uploaded on the website of the Company i.e. <http://www.pokarna.com/wp-content/uploads/2014/07/Risk-Management-Policy.pdf>

Business Risk Assessment procedures have been set in place for self-assessment of business risks, operating controls and compliance with the Corporate Policies. The Company manages, monitors and reports on the principal risks and uncertainties that can impact the ability to achieve the objectives. This is an ongoing process to track the evaluation of risks and delivery of mitigating action plans.

There is no identification of risks which in the opinion of the Board may threaten the existence of the Company.

RELATED PARTY TRANSACTIONS

All transactions entered with Related Parties for the year under review were on arm’s length basis and there are no material related party transactions as per the provisions of Section 188 of the Companies Act, 2013 and the Rules made thereunder. Thus, disclosure in form AOC-2 in terms of Section 134 of the Companies Act, 2013 is not required. The Company has developed a framework through Standard Operating Procedures for the purpose of identification and monitoring of such Related Party Transactions.

All Related Party Transactions are placed before the Audit Committee as also to the Board for approval. Transactions entered into pursuant to omnibus approval are placed before the Audit Committee and the Board for review and approval on a quarterly basis.

The policy on Related Party Transactions as approved by the Board of Directors has been uploaded on the website of the Company <http://www.pokarna.com/wp-content/uploads/2016/04/RPT-policy.pdf>

Your attention is drawn to the Related Party disclosures set out in Note no. 2.27 of the Standalone Financial Statements.

INTERNAL FINANCIAL CONTROLS

The Board of Directors “Board” has devised systems, policies and procedures / frameworks, which are currently operational within the Company for ensuring the orderly and efficient conduct of its business, which includes adherence to Company’s policies and standard operating procedures, safeguarding assets of the Company, prevention and detection of frauds and errors, accuracy and completeness of the accounting records and timely preparation of reliable financial information. In line with best practices, the Audit Committee and the Board reviews these internal control systems to ensure they remain effective and are achieving their intended purpose. Where weaknesses, if any, are identified as a result of the reviews, new procedures are put in place to strengthen controls. These controls are in turn reviewed at regular intervals.

The Company's internal financial control system comprises in-house Internal Audit Division, supplemented by internal audit checks from M. Murali Jaganmohan, Chartered Accountant, the Internal Auditors. The Company's system of internal audit includes: covering quarterly verification of inventory, a monthly review of accounts and a quarterly review of critical business processes. The Internal Auditors also concurrently audit the majority of the transactions in value terms.

To further strengthen the legal compliance process, the Company is in final stages of implementing web based comprehensive legal compliance tool that tracks compliances across factories, mines and other places of business. This tool drills down from the CMD to the executive level person who is responsible for compliance. This tool when fully implemented will automate the compliance process and will generate alerts for proper and timely compliance. The tool is expected to be made fully operational during FY 2017.

Due to the limitations inherent in any risk management system, the process for identifying, evaluating, and managing the material business risks is designed to manage, rather than eliminate risk. Besides it is created to provide reasonably, but not absolute assurance against material misstatement or loss.

Since the Company has strong internal control systems which get further accentuated by review of SEBI Regulations, Companies Act, 2013, the CMD and CFO give their recommendation for strong internal financial control to the Board.

Based on the information provided, nothing has come to the attention of the Directors to indicate that any material breakdown in the function of these controls, procedures or systems occurred during the year under review. There have been no significant changes in the Company's internal financial controls during the year that have materially affected or are reasonably likely to materially affect its internal financial controls.

There are inherent limitations to the effectiveness of any system of disclosure, controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their objectives. Moreover, in the design and evaluation of the Company's disclosure controls and procedures, the management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

CORPORATE GOVERNANCE REPORT

I. Company's Philosophy

Pokarna defines corporate governance as the system that allocates duties and authority among the Board of directors. The result of good corporate governance is intended to be a well system run, efficient Company that identifies and deals with its problems in a timely manner, creates value for its shareowners' and meets its legal as well as ethical responsibilities.

Our commitment to strong, responsible corporate governance embarks on our Board of directors. Each Board member is essentially concerned to preserve the integrity that has characterized the Company.

We take the subject of corporate governance very seriously from the boardroom to the manufacturing floor. Integrity has always been one of our values; it is the foundation of our reputation and one of our most precious assets. We govern ourselves with a rigorous system of checks and balances to ensure utmost compliance to fair and honest business practices. This ensures that our integrity is never compromised.

We believe that the integrity of any Company must come from a leadership committed to behavior that is honest, decent and fair and from directors and employees who share that commitment and bring it to life at all levels of the organization. That's exactly what we do at Pokarna limited.

FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To
The Members
Pokarna Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Pokarna Limited (the Company), which comprise the Balance Sheet as at March 31, 2016, the statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the Act) with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and Cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the act and rules made there under.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its Profit and its Cash Flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by the Companies (Auditors Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the Order) and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
10. As required by Section 143 (3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2016, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B.
 - g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us
 - i. The Company has disclosed the impact of pending litigations as on March 31, 2016 on its financial position in its financial statements (refer Note No.2.24);
 - ii. The Company has made provision, as required under the applicable law or Accounting Standards, for material foreseeable losses, if any, on long term contracts. ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Pokarna Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2016

1. Significant Accounting Policies

A Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention on accrual basis to comply in all material aspects and in accordance with Indian Generally Accepted Accounting Principles (GAAP), which comprises of mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). The accounting policies have been consistently applied by the Company unless otherwise stated.

B Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

C Revenue Recognition

- (i) The company recognises revenues on the sale of products, net of discounts and sales incentives, when the products are dispatched / delivered to the customer/ dealer or when delivered to the carrier for export sales, which is when risks and rewards of ownership pass to the customer /dealer.
- (ii) Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection.
- (iii) Revenue from services is recognized as per the terms of the contracts with the customers when the services are performed.
- (iv) Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (v) Dividend income is recognized when the company's right to receive dividend is established.
- (vi) Export entitlements under the duty remission scheme are recognized as income when the right to receive the credit as per the terms of the scheme is established in respect of the exports made.

D Recognition of Expenditure

Expenses are accounted for on an accrual basis and provision is made for all known losses and liabilities.

E Fixed Assets

- (i) Fixed Assets are stated at cost less accumulated depreciation and impairment loss, if any.
- (ii) The cost of Fixed Asset comprises its purchase price, including non-refundable taxes & duties and directly attributable cost of bringing the asset (including leasehold improvements) to its working condition for its intended use.
- (iii) All costs, including borrowing costs till commencement of commercial production, attributable to fixed assets are capitalized.

F Intangible Assets

Intangible assets are stated at cost less accumulated amortization. Intangible assets are amortized on a straight line basis over their estimated useful life of 10 years.

G Impairment of Assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

H Capital Work-in-Progress

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the balance sheet date.

I Depreciation

Depreciation on fixed assets is provided on straight line method, at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013.

Capital expenditure and improvements on lease hold property is amortized over the lease period or useful life of the asset, whichever is less.

J Investments

Current investments are carried at lower of cost and quoted / fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

K Inventories

Inventories are valued at the lower of cost and net realizable value. Obsolete, slow moving and defective inventories are identified at the time of physical verification and necessary provision is made for such inventories. The cost is determined using the first-in-first out method for all categories of inventories. Cost includes in case of Raw materials, Stores & spares and consumables the purchase price and attributable direct cost less discounts. In case of work-in-process and finished goods cost includes direct labour, material costs and production overheads.

L Employee Benefits

Short-term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the statement profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the Statement of Profit and Loss.

M Foreign Currency Transactions

- (i) Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing on the date of transaction.
- (ii) Monetary assets & liabilities denominated in foreign currencies are restated at the appropriate rates of exchange prevailing on the date of Balance Sheet. Resultant gain or loss is accounted during the year.
- (iii) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.
- (iv) In respect of Forward Exchange contracts entered into to hedge foreign currency risks, the difference between the forward rate and exchange rate at the inception of the contract is recognized as income or expense over the life of the contract. Further, the exchange differences arising on such contracts are recognized as income or expense along with the exchange differences on the underlying assets / liabilities. Further, in case of other contracts with committed exchange rates, the underlying is accounted at the rate so committed. Profit or loss on cancellations / renewals of forward contracts is recognized during the year. In case of option contracts, the losses are accounted on mark to market basis.

N Leases

Operating lease payments are recognized as expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

O Borrowing Cost

Interest and other borrowing costs attributable to qualifying assets are capitalized. Other interest and borrowing costs are charged to statement of Profit & Loss.

P Provisions, Contingent Liabilities and Contingent Assets

(i) Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

(ii) Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

(iii) Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

Q Accounting for Taxes on Income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act,1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax asset is recognised and carried forward only to the extent that there is a virtual certainty that the asset will be realised in future.

Defined Benefit Plan

The employees' gratuity fund scheme managed by a Trust (Life Insurance Corporation of India for Granite Division of the company) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for Compensated Absence is recognized in the same manner as gratuity.

ANNEXURE - A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 10 (f) of the Independent Auditors' Report of even date to the members of Pokarna Limited on the consolidated financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Pokarna Limited (hereinafter referred to as "the Holding Company") and its subsidiary, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2016

1. Significant Accounting Policies

A Basis of Preparation of Financial Statements

The financial statements of the subsidiary used in the consolidation are drawn up to the same reporting date as that of the Parent Company i.e., year ended March 31, 2016.

The financial statements are prepared under the historical cost convention on accrual basis to comply in all material aspects and in accordance with Indian Generally Accepted Accounting Principles (GAAP), which comprises of mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). The accounting policies have been consistently applied by the Company unless otherwise stated.

Principles of Consolidation

The financial statements of the Parent Company and its subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealized profits.

The financial statements of the Parent Company and its subsidiary have been consolidated using uniform accounting policies.

B Other Significant Accounting Policies

A Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

B Revenue Recognition

- (i) The company recognises revenues on the sale of products, net of discounts and sales incentives, when the products are dispatched / delivered to the customer/ dealer or when delivered to the carrier for export sales, which is when risks and rewards of ownership pass to the customer /dealer.
- (ii) Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection.
- (iii) Revenue from services is recognized as per the terms of the contracts with the customers when the services are performed.
- (iv) Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (v) Dividend income is recognized when the company's right to receive dividend is established.
- (vi) Export entitlements under the duty remission scheme are recognized as income when the right to receive the credit as per the terms of the scheme is established in respect of the exports made.

C Recognition of Expenditure

Expenses are accounted for on an accrual basis and provision is made for all known losses and liabilities.

D Fixed Assets

- (i) Fixed Assets are stated at cost less accumulated depreciation and impairment loss, if any.
- (ii) The cost of Fixed Asset comprises its purchase price, including non-refundable taxes & duties and directly attributable cost of bringing the asset (including leasehold improvements) to its working condition for its intended use.
- (iii) All costs, including borrowing costs till commencement of commercial production, attributable to fixed assets are capitalized.

E Intangible Assets

Intangible assets are stated at cost less accumulated amortization. Intangible assets are amortized on a straight line basis over their estimated useful life of 10 years.

F Impairment of Assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

G Capital Work-in-Progress

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the balance sheet date.

H Depreciation

Depreciation on fixed assets is provided on straight line method, at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013.

Capital expenditure and improvements on lease hold property is amortized over the lease period or useful life of the asset, whichever is less.

I Investments

Current investments are carried at lower of cost and quoted / fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

J Inventories

Inventories are valued at the lower of cost and net realizable value. Obsolete, slow moving and defective inventories are identified at the time of physical verification and necessary provision is made for such inventories. The cost is determined using the first-in-first out method for all categories of inventories. Cost includes in case of Raw materials, Stores & spares and consumables the purchase price and attributable direct cost less discounts. In case of work-in-process and finished goods cost includes direct labour, material costs and production overheads.

K Employee Benefits

Short-term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the statement profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the Statement of Profit and Loss.

L Foreign Currency Transactions

- (i) Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing on the date of transaction.
- (ii) Monetary assets & liabilities denominated in foreign currencies are restated at the appropriate rates of exchange prevailing on the date of Balance Sheet. Resultant gain or loss is accounted during the year.
- (iii) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.
- (iv) In respect of Forward Exchange contracts entered into to hedge foreign currency risks, the difference between the forward rate and exchange rate at the inception of the contract is recognized as income or expense over the life of the contract. Further, the exchange differences arising on such contracts are recognized as income or expense along with the exchange differences on the underlying assets / liabilities. Further, in case of other contracts with committed exchange rates, the underlying is accounted at the rate so committed. Profit or loss on cancellations / renewals of forward contracts is recognized during the year. In case of option contracts, the losses are accounted on mark to market basis.

M Leases

Operating lease payments are recognized as expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

N Borrowing Cost

Interest and other borrowing costs attributable to qualifying assets are capitalized. Other interest and borrowing costs are charged to statement of Profit & Loss.

O Provisions, Contingent Liabilities and Contingent Assets

- (i) Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.
- (ii) Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.
- (iii) Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

P Accounting for Taxes on Income

- (i) Current Tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income-tax Act, 1961.
- (ii) Deferred Tax

Deferred tax assets and liabilities are recognised by computing the tax effect on timing differences which arise during the year and reverse in the subsequent periods. The Company is eligible for tax exemption available under section 10AA of the Income Tax Act, 1961, in respect of its unit in Special Economic Zone. In view of tax exemption available to the Company under Section 10AA of the Income Tax Act, 1961, deferred tax is recognised in respect of timing differences, which originate before or during the tax holiday period but reverse before or after the tax holiday period. Deferred tax assets against unabsorbed depreciation and carried forward loss under tax laws, are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets on other timing differences are recognised only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.
- (iii) Minimum Alternate Tax

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.
- (iv) Current and Deferred tax is measured based on the provisions of tax laws and tax rates enacted or substantively enacted as at the Balance Sheet date.

Defined Benefit Plan		

The employees' gratuity fund scheme managed by a Trust (Life Insurance Corporation of India for Granite Division of the company) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for Compensated Absence is recognized in the same manner as gratuity.
