11. We encourage members to support our commitment to environmental protection by choosing to receive the Company's communication through email. Members holding shares in demat mode, who have not registered their email addresses are requested to register their email addresses with their respective DP, and members holding shares in physical mode are requested to update their email addresses with the Company or RTA or Depository to receive copies of the Annual Report 2024-25 in electronic mode.
12. **Updation of PAN and other details**

SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSDPoD-1/P/ CIR/2023/37 dated March 16, 2023, mandated furnishing

of PAN, KYC details (i.e. postal address with pin code, email address, mobile number, bank account details) and Nomination details by holders of physical securities through Form ISR-1. It may be noted that any service request or complaint can be processed only after the folio is KYC compliant.

The timeline for furnishing the above mentioned details were further extended till December 31, 2023 vide SEBI Circular No. SEBI/HO/MIRSD/MIRSDPoD- 1/P/ CIR/2023/158 dated September 26, 2023.

In this connection, shareholders holding shares in physical form are requested to update their PAN, KYC, Nomination details. The Forms for updating KYC can be downloaded from our website www.bagnetwork24.in, under shareholder's corner of Investor Relation.

We urge the shareholders for registration and/ or updation of their email id, Permanent Account Number (PAN), address and bank mandate with the Company to ensure receipt of Annual Report, dividend and/ or any other consideration and other communication timely, faster and easier and more importantly to avoid fraudulent encashment of dividend warrants.

Accordingly, to update the KYC details with the Company or intimate about change in their KYC, the following procedure may be followed:

Demat Holding:

Update the PAN and KYC (i.e. postal address with pin code, email address, mobile number, bank account details) through your Depository Participants (DPs).

Physical Holding:

PAN and KYC documents can be sent directly to the RTA in any of the following manner:

Through 'In Person Verification' (IPV): Shareholders can submit their required documents at the office of the RTA.

Through hard copies: Shareholders can send duly self-attested and dated hard copies of the required documents to below mentioned address of the RTA.

Electronic Mode: Shareholders can send the required documents with E-sign from their registered email ID, as prescribed by SEBI.

The Company has also issued public notice urging the shareholders for registration and/or Updation of their email id, Permanent Account Number (PAN) and bank mandate with the Company to ensure receipt of Annual Report, dividend and/or any other consideration and other communication timely, faster and easier and more importantly avoids fraudulent encashment of warrants.

To mitigate unintended challenges on account of freezing of folios, SEBI vide its Circular No. SEBI/HO/MIRSD/POD-1/P/ CIR/2023/181 dated November 17, 2023, has done away with the provision regarding freezing of folios not having PAN, KYC, and Nomination details.

In terms of SEBI Circular no. SEBI/HO/MIRSD/POD-1/P/

CIR/2024/81 dated June 10, 2024 and other applicable provisions, the Members of the Company (who have not opted for the nomination) are encouraged, in their own interest, to provide 'choice of nomination' for ensuring smooth transmission of shares held by them as well as to prevent accumulation of unclaimed assets in securities market. To avail the facility of nomination or to opt out or cancel/ make any variation in the already submitted nomination, Members are requested to reach out to Alankit Assignments Limited in case of shares held in physical mode and to their respective DPs in case of shares held in demat form.

13. Awareness about Online Resolution of Disputes in the Indian Securities Market through Online Dispute Resolution ('ODR') Portal:

I. This is to inform the members that Securities and Exchange Board of India ("SEBI") vide circular no. SEBI/HO/OIAE/OIAE_IAD1/P/CIR/2023/131 dated July 31, 2023 issued guidelines for online resolution of disputes in the Indian securities market through establishment of a common ODR Portal which harnesses online conciliation and online arbitration for resolution of disputes arising between investors/ clients and listed companies (including their RTA's) or specified intermediaries/ regulated entities in the securities market.

II. SEBI vide circular no. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023 has further clarified that the investor shall first take up his/her/ their grievance with the Market Participant (Listed Companies, specified intermediaries, regulated entities) by lodging a complaint directly with the concerned Market Participant. If the grievance is not redressed satisfactorily, the investor may escalate the same through the SCORES Portal <https://scores.gov.in/scores/Welcome.html> in accordance with the process laid out. After exhausting the above options for resolution of the grievance, if the investor is still not satisfied with the outcome, he/she/they can initiate dispute resolution through the ODR Portal.

III. The SMART ODR Portal can be accessed at: <https://smartodr.in/login> and the same can also be accessed through the Company website www.bagnetnetwork24.in.

14. The Company has provided the facility to Members to exercise their right to vote by electronic means through both remote e-voting and e-voting during the AGM. The process of remote e-voting with necessary User ID and password is given in subsequent paragraphs. Such remote e-voting facility is in addition to the voting that will take place at the 32nd AGM, being held through VC / OAVM.

15. Members joining the Meeting through VC / OAVM, who have not already cast their vote by means of remote e-voting, shall be able to exercise their right to vote

through e-voting at the AGM. The Members who have cast their vote by remote e-voting prior to the AGM may also join the AGM through VC / OAVM but shall not be entitled to cast their vote again.

16. The Company has fixed **Thursday, September 4, 2025 as the cut-off** date for identifying the Members who shall be eligible to vote through remote e-voting facility and for participation and voting in the AGM. Secretarial Auditors' observation(s) in Secretarial Audit Report and Directors' explanation thereto:

1. The number of Directors on the Board were less than the minimum number of directors required on the Board as per Regulation 17(1) of the SEBI Listing Regulations. As per the SEBI Listing Regulations, the Board of Directors of the Listed Entity shall be comprised of not less than six directors. Accordingly, the composition of the Board of Directors was not as per Regulation 17 of the SEBI Listing Regulations for a period of 58 days from the commencing from April 01, 2024 to May 28, 2024.
2. For the period 58 days from the commencing from April 01, 2024 to May 28, 2024, the Stakeholders Relationship Committee of the Board of Directors was not duly constituted and had members less than minimum three members as required under Section 178 of the Act read with Regulation 20(2) of the SEBI Listing Regulations.
3. During the period under review, BSE and NSE has imposed fines for non-compliance of Regulations 17(1) and Regulation 20(2) of the SEBI Listing Regulations. The Company within time limit duly paid the fines.

Response

The non-compliance regarding the composition of the Board of Directors and the Stakeholders Relationship Committee was not willful. It arose due to inadvertent circumstances. Appointment term for one of directors had come to and end on March 31st 2024, and the Board was looking for a suitable replacement, which took longer time than expected, causing this unintended.

The Board and the management have always made conscious efforts to comply with all the applicable laws and regulations, including SEBI Listing Regulations, the Act. It is stated that the non-compliance of certain provisions of the SEBI Listing Regulations and the Act, which occurred during the period under review occurred inadvertently. While the Company has paid the penalty in the prescribed timelines, the Board/Stakeholders Relationship Committee in its capacity has always taken requisite and timely steps to ensure compliance with respect to the minimum number of Directors required

on the Board / Committees of the Company. The management has taken note of the issue and assures that appropriate measures have been implemented to ensure such non-compliance does not occur in the future.

(v) Reporting of Frauds by Auditors

CORPORATE GOVERNANCE REPORT

[Pursuant to Part C of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

“Creating an ethical culture means instilling and maintaining a commitment to doing the right thing, this time and every time-so much so that it becomes entwined in the essential DNA of the firm”

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is an ethically driven business process and practices to ensure that the affairs of the Company are being managed in a way, which ensures accountability, transparency, and fairness in all its transactions in the widest sense, and meet its stakeholders' aspirations and societal expectations. B.A.G. Films and Media Limited (herein after referred as **“the Company”**) philosophy on Corporate Governance is to conduct business and its dealings with all stakeholders in compliance with laws and high standard of business ethics for effective control and management system in organizations, which leads to enhancement of shareholders and other stakeholders' value. The Company has a duty towards all its stakeholders to operate the business of the Company based on the core principles of good governance, accountability, transparency, integrity, societal, environment and regulatory compliances while creating long-term value for all its stakeholders. These elements collectively enable an organization to operate efficiently and ethically. The Board of directors (herein after referred as **“the Board”**) considers itself as a Trustee of its shareholders and acknowledges its responsibilities towards them for creating and safeguarding their wealth. The Company has always believed in complying with the law Rules and Regulations not only in letter but in spirit as well. The Company, strives to do better in all aspects of its functioning, highlighting its focus on better governance. Corporate Governance is the balance between economic and social goals and between individual and societal goals which the Company strives to uphold at all times.

As a media organization, we recognize our unique role in society — upholding the right to information, protecting freedom of expression, and fostering public trust. We are committed to maintaining editorial independence, ethical reporting standards, and compliance with all applicable laws and regulations governing the media industry.

Our governance practices is designed to ensure a balanced representation of executive and non-executive directors on our Board, robust oversight through board committees, and adherence to ethical codes that reflect both corporate and editorial integrity.

The Company firmly believes that sound Corporate Governance is essential for enhancing and maintaining stakeholder trust, and consistently strives to align its performance goals with the governance principles. Your Company's essential charter is shaped by the objectives of transparency, professionalism and accountability. The Company continuously endeavors to improve on these aspects on an ongoing basis.

The Company has adopted a Code of Conduct for its employees, including the executive director. In addition, the Company has also adopted a Code of Conduct for its non-executive directors, which includes Code of Conduct for Independent Directors, which suitably incorporates the duties of Independent Directors as laid down in the Companies Act, 2013 (herein after referred as **“the Act”**).

The Company confirms compliance with the applicable provisions relating to Corporate Governance stipulated in the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015 (herein after referred as **“the SEBI Listing Regulations”**) the details of which are given below.

2. BOARD OF DIRECTORS

The Board comprises of eminent and distinguished personalities with an optimum mix of proficiency and vast experience in the media and entertainment sector, management, corporate, legal and financial experts thereby ensuring the best interest of the stakeholders and the Company. The Board is constituted with a high level of integrated, knowledgeable and committed professionals.

The Board provides strategic guidance and independent views to the Company's senior management while discharging its fiduciary responsibilities. The Board also provides direction and exercises appropriate control to ensure that the Company is managed in a manner that fulfils stakeholders' aspirations and societal expectations.

2.1 Size and Composition of the Board of Directors

The Composition of the Board is in conformity with Regulation 17 of the SEBI Listing Regulations, read with Section 149 of the Act, as 50% of the Board comprises of Independent Directors, which is an optimum mix of Executive and Non-Executive Directors. As of March 31, 2025, the Board consists of six Directors, comprising one Executive Director serving as the Chairperson and Managing Director and five Non-Executive Directors, three of whom are Independent Directors, including one Woman Independent Director.

Ms. Anuradha Prasad Shukla, Chairperson and Managing Director and Ms. Anamika Sood Independent Director are woman directors in the Board of the Company.

The Board's strength is enhanced by its diversity in terms of skills, gender and experience. This inclusive composition reflects a judicious balance of professionalism, competence, and deep sectoral knowledge—enabling the Board to provide robust leadership and informed oversight.

The present strength of the Board reflects a judicious mix of professionalism, competence and sound knowledge, which enables the Board to provide effective leadership and oversight to the Company. The Chairperson is the Managing Director and one of the Promoter of the Company. The total Board strength comprises of:

Executive Director	Non-Executive Director	Independent Director	Total Strength
1	2	3	6

During the year under review, the non-executive directors of the Company had no pecuniary relationship or transactions with the Company, other than sitting fees and reimbursement of expenses incurred by them for attending meetings of the Board / Committee of the Company.

None of the Directors has any inter-se relation among themselves or any employees of the Company.

No Director holds directorships in more than 10 public companies or in more than 7 listed companies. In terms of Regulation 25(8) of the SEBI Listing Regulations, all Independent Directors have confirmed that they are not aware of any circumstances or situation, which exist or may be reasonably anticipated that could impair or impact their ability to discharge their duties. In the opinion of the Board, the Independent Directors fulfil the conditions specified in the SEBI Listing Regulations and are independent of the Management. No Executive Director of the Company serves as an Independent Director in any listed company. The rich and vast professional expertise of Independent Directors gives immense benefits to the Company.

None of the Directors is a Member of more than 10 committees and Chairperson of more than 5 committees as specified in Regulation 26(1) of the SEBI Listing Regulations, across all the public companies in which they are Directors. The necessary disclosures regarding committee positions have been made by the Directors. All the Independent Directors have registered themselves with the Independent Director's Databank. The necessary disclosures regarding other Directorship(s)/Committee Membership(s)/ Chairmanship(s) have been made by all the Directors in the first Board Meeting of the financial year commence from April 1, 2025.

2.2 Skills and Competencies

The Board ensures that the expertise, knowledge and experience needed to effectively steer the Company forward are represented on the Board. The selection and appointment process for Directors is designed to identify individuals whose specific skills and professional background complement the overall competency matrix of the Board. While it is recognized that not every Director will possess all the required competencies individually, the Board as a whole must reflect a comprehensive and balanced set of skills. Moreover, as the Company continues to evolve and grow, the expertise required at the Board level may also change to meet new challenges and opportunities. In considering candidates for appointment to the Board, the Nomination & Remuneration Committee (NRC) and the Board prioritize individuals with integrity and strong ethical values, along with relevant skills, industry experience and governance capabilities essential for Board effectiveness.

In terms of the requirement of the SEBI Listing Regulations, the Board has identified core skills, expertise, and competencies of the Directors in the context of the Company's businesses for effective functioning. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

[Pursuant to part B of Schedule V to the SEBI (Listing Obligations and disclosure Requirements) Regulations, 2015]

We present a comprehensive report on Management Discussion and Analysis Report focusing on business performance and outlook within the competitive landscape set by B.A.G. Films and Media Limited ("BAG/the Company").

A. INDUSTRY STRUCTURE AND DEVELOPMENT

The Indian Media and Entertainment (M&E) industry is one of the important sector for the Indian economy and is making significant strides. The Indian M&E sector saw a transformative growth in 2024, fuelled by cutting-edge technology adoption, a surge in regional content demand, and the convergence of traditional and digital platform.

In 2024, generative AI (GenAI) tools created an impact in the Indian M&E sector, driving innovation across content creation, postproduction and distribution. However, the best is yet to come, as these tools increase their adoption in 2025 and 2026.

The adoption of AI-powered search engine across various M&E platforms is revolutionizing user experiences through personalized content suggestions. AI driven algorithms have improved the accuracy of content recommendations by 25%, enhancing user engagement. This improved performance is not only boosting audience engagement but is also expanding the user base. Thus, reflecting the industry's commitment to innovation.

The media and entertainment industry is undergoing significant transformations in 2024-25, driven by technological advancements, shifting consumer behaviour, and evolving business models. Here are an overview of the industry's structure and development:

Key Trends:

Digitalization: The industry is increasingly shifting towards digital platforms, with streaming services and social media playing a central role in content consumption.

Generative AI: AI-powered content creation is gaining traction, with applications in video, text, animation, and audio production. This trend is expected to continue, with 54.54% annual growth rate in generative AI adoption.

Immersive Entertainment: Augmented reality (AR), virtual reality (VR), and mixed reality (MR) are becoming more prominent, with the immersive entertainment market expected to grow.

Streaming Services: Streaming services are looking to consolidation, live sports, and ad-based revenue to drive growth, with the global OTT video market projected to reach INR 4.05 Trillion by 2030.

Industry Structure:

Segmentation: The media and entertainment industry can be segmented into broadcasting, digital media, film and television, music, gaming, publishing, sports, and advertising.

Growth Drivers:

5G Networks: The adoption of 5G networks is expected to drive growth in mobile video consumption, with average mobile video session length increasing to 35 minutes in fully covered 5G markets.

Increasing Internet Penetration: Growing internet penetration is changing the way people consume media and entertainment, with digital platforms becoming increasingly popular.

Changing Consumer Behaviour: Consumers are shifting towards online entertainment, with streaming services and social media becoming more popular.

In 2024, digital media is poised for explosive growth, potentially overtaking television to become the leading segment of the M&E sector. This surge in digital media is forecasted to propel the M&E sector's growth to a 10% annual rate, crossing INR 3.1 trillion by 2027. This growth is buoyed by a robust digital infrastructure, widespread adoption of OTT platforms, significant growth in the gaming segment, and the availability of cost-effective options for consumers.

Growth		23.3%	8.3%	3.3%	7.2%		

All figures are gross of taxes (INR in billion) for calendar years | FICCI-EY Report 2025 estimates

Indian M&E industry continued to grow by 3.3% in 2024, reaching INR 2.5 Trillion, 30% above its pre-pandemic levels in 2019 level. Digital media overtook television for the first time to become the largest segment, contributing 32% of M&E sector revenues. We expect the M&E sector to grow 7.2% in 2025 to reach INR 2.68 Trillion, and then grow at a CAGR of 7% to reach INR 3.07 trillion by 2027.

During the year 2024, the M&E sector contributes 0.73% to India's GDP. The share of traditional media (television, print, filmed entertainment, live events, OOH, music, radio) together saw their revenues drop by 3% and their shares stood at 41% of M&E sector revenues in 2024.

New media, comprising digital and online gaming, led the growth in 2024, contributing INR 113 billion and consequently, increased its contribution to the M&E sector from 38% in 2023 to 41% in 2024.

While traditional media, such as television and radio, continue to dominate the market reaching 800 and 400 million consumers respectively, digital has truly caught up, recording a reach of 600 million. While print, with a reach of 300 million, and cinema with 100 million, may appear smaller, they continue to remain essential in shaping the future of the industry.

Experiential (outside the home and interactive) segments continued their strong growth in 2024, even as online gaming, filmed entertainment, live events, and OOH

media segments grew at a combined 18%, contributing 48% of the total growth.

Challenges:

The industry is highly competitive, with streaming services and social media platforms competing for audience attention and advertising dollars.

INDUSTRY SIZE AND PROJECTION

Everyone wants to stay entertained, especially in a world filled with uncertainty and media and entertainment companies are facing uncertainties of their own. After robust 10.6% growth in 2021 and a notable surge in industry growth after the pandemic receded, the pace of growth in the entertainment and media industry is projected to decline in each of the next four years 2024 – 2027. The analysts expect the annual industry growth rate to level out at 2.8% by 2027, underscoring a recalibration in the media and entertainment industry.

Amidst this recalibration, digitalization continues to shape the media and entertainment industry. Equip yourself with valuable insights into media and entertainment industry trends that will affect the industry.

Companies are aggressively expanding vernacular content to tap into deeper and previously underserved markets. As a result, despite an increase in the time spent accessing entertainment and media content, consumer spending per capita in the digital entertainment and media industries is expected to decrease in upcoming years.

The M&E sector has entered an era of innovation and transformation as organisations seek to increase their relevance and appeal to both popular and more niche consumers. Traditional businesses – print, radio, broadcasting – are witnessing the greatest change with digital platform companies emerging as the primary disruptors. The biggest beneficiaries are the Indian consumers who have greater flexibility and choice in their M&E consumption and have finally found their place at the centre of the entire ecosystem.

Television

The Television has always been a way for families to spend time together and build discuss stories and character. The future of the Indian television market looks promising with continuous technological advancements and increasing consumer demand for high-quality content and smart TV features. The market is expected to see further growth in UHD and smart TV segments, driven by innovations and expanding internet penetration across the country.

During the year under review, the number of television channels increased from 899 to 936 channels. Total TV screens will increase from 190 million in 2024 to 214 million by 2026, with the mix changing significantly in favor of connected TVs today. The situation post 2026 could be quite different, once wired broadband crosses 60 million to 70 million homes and 5G connections scale significantly. At this point, we expect connected TVs to start scaling more quickly, and reach 100 million by 2030, while linear TV homes drop to 140 million, of which 57 million would be free TV homes.

Television continued to degrow in 2024

INR billion (gross of taxes) | FICCI-EY Report 2025 analysis

Television revenues fell for the second year in a row, despite viewership remaining largely flat. Advertising revenue fell 6% on the back of a corresponding fall in ad volumes and a 10%+ fall in advertisers on the medium. Subscription revenues fell 3% due to a reduction in six million Pay TV homes as both Free TV and Connected TV homes grew. Connected TVs (whose revenues are included under digital media) grew to around 30 million, up from 23 million in December 2023.

TV segment revenues fell 4.5% in 2024, for the second year in a row after a 2% fall in 2023. TV advertising revenue fell 6% on the back of similar ad volume reduction and a 12% reduction in brands using television. Distribution revenue fell 3% on the back of a 6% reduction in Pay TV households (a loss of 6 million paying subscribers to 111 million) and a small increase in ARPU to INR281 (gross of taxes). Active connected TV sets reached 50 million, of which around 30 million connected to the internet weekly.

Factors impact growth of time spent on television include:

- Rising popularity of YouTube, which has around 467 million monthly users as of end of 2024 and provides a relatively free multi-lingual and individually curated Indian and global content palette, including certain premium content from broadcasters and studios.
- Growth of social media, short video and gaming, which all compete for the consumer's free time, and have achieved a reach in excess of 400 million.

- Availability of high quality and niche content on OTT streaming platforms, which caters to niche and more affluent audiences.
- Growth of wired and wireless broadband to around 38 million households, and sale of smart TVs, which are growing consumption on that distribution channel BARC.

Digital Media

Digital media has completely reshaped how the media industry creates, distributes, and monetizes content. It is not just a shift in format but it is a full-blown revolution. Digital media has not just added new tools but it's rewritten the rules. Traditional media outlets are adapting fast, but digital-native platforms are leading the charge.

Platforms like YouTube, Instagram, and Facebook allow individuals to produce and share content globally. Now day's Digital tools make it easier and cheaper to create high-quality videos, podcasts, and graphics. Newsrooms use AI for writing reports, editing videos, and even generating headlines. Media companies now distribute content across websites, apps, social media, and smart TVs.

Growth in Digital Media Sector:

Digital media grew 17% in 2024 and was the fastest growing segment of the Indian M&E sector. For the first time in 2024, the digital media segment became the largest segment of the Indian M&E sector at INR802 billion, overtaking television. Digital media now accounts for 32% of the Indian M&E sector and India has, in effect, reached its digital inflection point. Subscription accounted for just 13% of total revenues, due to the large advertising models in play in India, led by Google and Meta, as well as the growing advertising revenues earned by e-commerce platforms. Enhanced digital engagement led to different patterns in content consumption and advertising.

Digital Media grew 17% in 2024

INR billion (gross of taxes), including SME ad spends | FICCI-EY Report 2025 analysis

Here are some factors supporting digital growth under media and entertainment industry:

- Telecom subscriptions remained stable at 1.2 billion in 2024. 5G adoption crossed 270 million subscriptions, though 4G subscriptions still dominated. 4G and 5G subscriptions are estimated to grow 92% of all mobile subscriptions by 2030, which will grow the base of content consumers.
- Growth of e-commerce advertising, which provides rich consumer data to enable segmentation and attribution accuracy across India's top 50 million affluent households.
- According to data published by Ookla in December 2024, India ranked 23rd in the world for mobile speeds and 93rd for fixed broadband speeds, with the median mobile internet connection speed via cellular networks at 103.75 Mbps and the median fixed broadband connection speed being 62.62 Mbps.
- Time spent on media (including social media, films, entertainment, music and casual games) increased to 779 billion hours (69% of total time spent) in 2024.
- Growth in 5G consumers, which provides the ability to improve the video and audio consumption experience.
- Easy digital payment options facilitate online transactions and subscription-based models.
- The mobile phone has thus become the go-to medium for large, national awareness campaigns as well as more targeted regional and local ones.
- Popular streaming platforms like Netflix, Amazon Prime, and Disney+ Hotstar are changing content consumption habits.
- E-commerce advertising grew 50% to reach INR147 billion to garner 21% of total digital advertising as more brands used online channels like Amazon, Flipkart, Jio, Nykaa, Myntra etc., to drive brand awareness and sales, these platforms seen as being closest to the point of consideration and purchase.

The 5G technology will unlock the potential of entertainment for Communications Service Providers (CSPs) enabling them to capitalize on mobile media growth and provide content over the internet without the involvement of an IPTV, cable, or satellite provider. Technical limitations, including slow and unreliable networks, have historically made it difficult to deliver digital media, entertainment, and advertising content. 5G will help companies serve higher-quality, interactive, and immersive experiences across a wider variety of connected devices. It will also enable marketers to

collect more accurate and granular data to personalize messaging.

India's media and entertainment (M&E) industry is undergoing a dramatic transformation and advertising is right at the heart of it. The Indian entertainment industry, one of the largest and most dynamic sectors globally, is significantly influenced by advertising. In 2024, advertising continues to play a pivotal role in shaping the industry's landscape, driven by technological advancements, evolving consumer preferences, and the proliferation of digital platforms.

Digital surpassed traditional advertising for the first time this year, and will drive growth in the sector moving forward. Several factors, including the growth of 5G, rising per capita income of Indians and the growing SME advertiser base, are driving digital ad spends. That said, traditional print, radio and cinema advertising trends also indicate healthy growth in the coming times. The advertising expenditure in India substantially grew in 2024, driven by the resurgence of economic activities post-pandemic. The Indian ad market is expected to see a double-digit growth rate, reflecting strong consumer demand and business confidence.

Advertising growth is keeping pace with India's nominal GDP growth across 2023 and 2024. In 2024, advertising grew 8.1% compared to the nominal GDP growth of 8.7%.

Advertising reached its highest ever level in 2024, of INR1.28 trillion. Advertising comprises 51% of the total M&E sector in 2024, and 0.38% of India's GDP. Internet advertising in India is projected to grow at a 15.9% CAGR, making it the fastest in Asia-Pacific and second-fastest globally. Revenues from connected TV ads are forecast to reach USD 51 billion globally by 2029, with India contributing significantly.

In 2025, the Indian entertainment industry's advertising landscape is marked by rapid growth, digital transformation, and evolving consumer behaviour. While digital platforms are leading the charge, traditional media continues to hold significant value. The key to success for advertisers lies in leveraging technology, embracing innovative ad formats, and maintaining a consumer-centric approach to create impactful and engaging advertising campaigns.

Digital advertising is set to overtake traditional media, accounting for a significant share of the total ad spend. With the increasing internet penetration and smartphone usage, brands are leveraging digital platforms to target specific audiences effectively. Despite the rise of digital,

television remains a dominant medium for advertisers due to its extensive reach and impact. Innovations such as addressable TV and interactive ads are enhancing viewer engagement and providing better ROI for advertisers.

Platforms like Facebook, Instagram, and Twitter are witnessing a surge in ad revenues. Influencer marketing continues to be a powerful tool, with brands collaborating with popular influencers to reach younger demographics. OTT (Over-The-Top) Services: The growth of OTT platforms like Netflix, Amazon Prime, and local players such as Jio Hotstar and Zee5 has opened new avenues for advertising. These platforms offer targeted advertising opportunities through data-driven insights.

Advertising revenues grew 8.1%, led by: (i) performance advertising on digital media, including spends on e-commerce platforms, (ii) growth in demand for premium and digital OOH media, (iii) resilience of print and radio retail revenues.

However, there was a fall in both subscription and animation and VFX revenues. Subscription revenues were impacted by a reduction in Pay TV homes of six million falling theatrical admissions and a relatively poor performance by films at the box office, with revenues falling 5.6% fall in transaction gaming revenues post the implementation of a higher GST on real money games. Content and content services volumes were also impacted by the drop in subscription revenues.

Television advertising dragged growth down by 20%, driven by a decline in ad volumes and a shift in viewership to connected TVs, whose revenues are counted under digital media.

Distribution

Television subscription revenues in India decreased 3% in 2024, despite a reduction of 6.4 million in pay TV homes, due to an approximately 2.5% increase in TV subscription ARPU, which reached INR 281 (gross of taxes) at end-customer prices during the year. While broadcasters increased channel prices uniformly, ARPU increased differently across markets, in some cases resulting in an increase in under-declared households/pirated households, as LCOs could not pass on price increases to end consumers.

The fall in pay television homes has been attributed to continued movement to connected TVs at the top end of the market, growth of alternate entertainment options and digital platforms, as well as availability of a sizeable content bouquet for Hindi speaking markets on free television, which grew in 2024

Broadcasters whom earned revenues for between 111 to 160 million paid subscriptions in 2024, as compared to 118 to 163 million reported in 2023, indicating a potential base of pirated connections between 10 and 15 million homes.

Active paid subscriptions continued to reduce in 2024

	2020	2021	2022	2023	2024
Cable	72	68	64	63	60
DTH	56	55	54	52	49
HITS	2	2	2	2	2
Total Pay TV	131	125	120	118	111
Free TV	40	43	45	45	49
Total	171	168	165	163	160

Radio

Radio segment of M&E Industry revenues grew 9% in 2024 to INR25 billion on the back of a growth in ad volumes, and alternate revenue streams. On an average, 20% of radio revenues are related to events, content production and other revenue streams. Radio had higher reach than television. During the year Radio FM reach more than 95 million households. The Free Dish service also delivers All India Radio's audio programming content of 25 satellite radio channels.

As audiences evolve, radio is transforming— blending audio, digital, and experiential engagement.

Growth will be driven by solutions-led sales, innovative content, and government policy support, ensuring radio's relevance and impact in a dynamic media landscape.

All India Radio generates programming in 23 languages and 179 dialects across 591 radio stations, covering 98% of India's population whereas India had 1,478 operational radio stations, an increase of 165 stations over previous year, including 388 private FM stations and 499 community radio stations.

The government is rolling out 730 new FM channels across 234 cities as part of the Phase III FM Radio Policy. This expansion supports the "vocal for local" initiative and focuses on enhancing local content, particularly in smaller tier-II and III cities.

The proposed 4% license fee for new stations could help the auctions, but there is a need to understand the overall state of the FM radio segment, and build proactive regulation to assist its survival.

Radio companies are focusing on integrated solutions, including content production, event IPs, social media, commissioned podcasts, audio stories, influencer marketing, etc., to their retail advertisers as a one-stop shop. Creating event IPs, brand activation, building communities, international music streaming, content production, digital marketing and influencer marketing were the top contributors to such revenues for radio companies we surveyed.

Radio segment revenues grew 9 % in 2024

Billion (gross of taxes) FICCI-EY Report 2025 estimates

Radio segment revenues grew 9% in 2024 to INR 25 billion, but were still just 81% of 2019 revenues. Ad volumes increased marginally by 3% in 2024 as compared to the previous year, while ad rates remained stressed.

Radio companies are focusing on building regional shows, with novel and engaging content, which are multi-media in nature, and non-FCT revenues contributed an average 20% of total revenues. Lack of unified and independent third party monitoring continues to be an industry issue.

Radio companies will increase their focus on non-metros, where the presence of less expensive smartphone which have FM receivers is relatively higher, and feature phones still exist in large numbers

The Telecom Regulatory Authority of India (TRAI) has released recommendations on issues related to FM radio broadcasting, including private FM Radio operators being allowed to broadcast news and current affairs programs, limited to 10 minutes in each clock hour.

The government has been considering the launch of digital terrestrial audio and video in certain cities, which does not consume data. However, new receivers would be needed in phones and cars, which could take some years to gain scale, and issues in moving from analogue to digital radio would need to be carefully addressed. We believe that digital radio could help more than double radio segment revenues within four years of its launch.

We expect that FM radio stations, whose music curation capabilities and stationality are second to none, will

provide their linear feeds (or curated versions of the feeds) on paid streaming platforms, creating a win-win situation for both radio broadcasters and audio OTT platforms.

Broadcasting

The Indian broadcasting sector, comprising television and radio, has continued to expand. According to industry reports, the television segment alone is projected to grow at a CAGR of 8.1% from 2024 to 2029. This growth is primarily fueled by the increasing penetration of smart TVs, the rising popularity of OTT (Over-The-Top) platforms, and higher investments in content creation.

The 2024 amendments to India's broadcasting and cable regulations reshape the industry by enforcing pricing, interconnection, and service quality standards.

Broadcasting is witnessing phenomenal technological development. We have to enable a regulatory and governance framework that facilitates technological innovation and growth, maintains a level playing field across diverse players; enhances consumer choice & experience, yet ensures responsible content dissemination.

Broadcasting in India spans **television, radio, and digital platforms**, forming a major part of the country's media ecosystem.

- **Television broadcasting** remains a dominant force, with diverse content across languages and genres. While traditional TV still reaches millions, it's facing stiff competition from streaming services.
- **Radio broadcasting**, led by Prasar Bharati and private FM stations, continues to engage urban and rural audiences—especially for music, talk shows, and public service messaging.
- **Digital broadcasting and OTT platforms** are fast becoming the new norm, with mobile internet driving growth. Giants like Netflix, Hotstar, and Amazon Prime are revolutionizing content consumption.
- The sector operates within a **regulated framework** governed by TRAI and the Ministry of Information & Broadcasting, balancing innovation with content standards.

The Indian broadcasting sector has witnessed substantial transformation and growth during 2024-2025, driven by technological advancements, changing viewer preferences, and regulatory developments. This period has been marked by a significant increase in digital content consumption, the emergence of new business models, and intensified competition among broadcasters.

There has been a significant shift towards digital platforms, with OTT services gaining substantial traction. The proliferation of high-speed internet and affordable data plans has accelerated the adoption of digital streaming services, leading to a surge in online viewership.

AI tools streamline storytelling by generating scripts, identifying plot gaps, and creating storyboards. Multilingual content production was enhanced with AI powered voice cloning and automatic lip-syncing.

Regional content continues to be a major growth driver. The demand for content in regional languages has increased, leading broadcasters to invest heavily in producing localized content to cater to diverse linguistic audiences. Despite the rise of digital platforms, linear TV remains dominant, especially in rural areas where internet penetration is lower. However, urban viewers are increasingly shifting towards digital platforms for their content consumption, creating a dual growth trajectory for both linear and digital TV.

By 2026, automated scriptwriting will be a cornerstone for Indian cinema, enabling smaller production houses to scale quickly and craft stories that resonate with diverse cultural nuances. This can be adapted by regional film production, ad agencies, OTT series, and has the potential to reduce pre-production costs by 20% to 30%, significantly enhance productivity, and streamline content workflows.

Television advertising remains a significant revenue stream for broadcasters. Innovations such as addressable TV advertising, which allows targeted ads based on viewer data, are enhancing the effectiveness of TV ads and providing better ROI for advertisers.

Out of Home Media

Out-of-home (OOH) media in India refers to advertising that reaches consumers while they are outside their homes—through billboards, transit ads, digital screens, and public installations. Key categories like real estate, education, organized retail, consumer services, FMCG and other premium categories continued their spending on OOH assets. It's a dynamic and evolving segment of the advertising industry.

- Traditional formats like billboards and posters remain widespread, especially in high-traffic urban areas.
- Digital OOH (DOOH) is growing rapidly, with interactive screens, 3D LED displays, and augmented reality campaigns becoming more common

Out of Home (OOH) media is on a growth trajectory

as transit and digital media continue to grow along with traditional media. Although traditional media constitutes a bulk of the segment, transit and digital media are growing and would soon outnumber premium traditional media in the coming years. Macro-economic factors such as urbanization and growth of affluence are also contributing to the growth of the segment.

It is estimated that there are 185,000 active DOOH screens across around 50 cities in India today, of which around 15% are of the large-format premium variety.

Transit media grew as India invested in more airports, railway stations, metro lines and bus stands. Station naming rights were also popular and provided assured long-term cash flows to licensors. Transit Media comprises 28% of total OOH segments.

However, some respondents expressed concerns that traditional billboards could see some decline due to a slowdown in consumer spending, and felt that fiscal policies of the government, government OOH spending and metro consumer spending would be critical parameters.

Podcast

Podcasting has rapidly emerged as a dynamic and influential segment within India's digital media landscape, blending storytelling, education, and entertainment in an audio-first format. The podcasting landscape in India has seen remarkable growth and transformation during 2024-2025, driven by increased internet penetration, smartphone adoption, and changing content consumption patterns. This period has been marked by the rise of diverse content genres, new monetization strategies, and the entry of major global players into the Indian market.

- India is the third-largest podcast market globally, with over 200 million listeners expected by 2025.
- The industry is projected to grow to ₹17,895 crore in revenue by 2025, driven by smartphone penetration and low data costs.
- Popular genres include self-improvement, spirituality, comedy, business, and regional storytelling.
- Regional language content is booming, with podcasts now available in Hindi, Tamil, Telugu, Bengali, and more.
- Platforms like Spotify, YouTube, Facebook and Kuku FM are democratizing access and

The primary audience for podcasts in India consists of young urban professionals and students, with a significant

portion of listeners falling in the age group of 18-35 years. The increasing demand for on-the-go, personalized content is driving this trend. With over 40 million monthly active podcast listeners, India is becoming a significant market for audio content. The convenience of consuming content while commuting, working, or multitasking has contributed to the popularity of podcasts.

Educational and self-improvement podcasts focusing on topics such as personal finance, mental health, and professional development are increasingly popular. Podcasts like “The Habit Coach” and “The Ranveer Show” are notable examples. There is a growing demand for podcasts in regional languages, reflecting the diverse linguistic landscape of India. Platforms are investing in creating content in languages such as Hindi, Tamil, Telugu, Marathi, and Bengali.

A growing number of independent podcasters and content creators are entering the market, producing content across various genres such as news, storytelling, comedy, health, business, and technology. Celebrities and influencers are also leveraging podcasts to engage with their audiences.

Skyline Radio Network Limited

Your FM radio station, on frequency 106.4 in the name of "Dhamaal24 - Har Khushi hai Jahan" is now the voice of the regions and its many shows are household names in all ten cities where it is operational i.e. Hissar, Karnal, Patiala, Ranchi, Muzaffarpur, Dhule, Jalgaon, Ahmednagar, Simla and Jabalpur.

Dhamaal24 believes that life must be lived to the fullest and celebrated. Dhamaal24 is a channel with a slice of life and approach to the infotainment & entertainment programming. Various programs are purposely aligned for maximum listenership. Our content entices regional listeners.

Differences in music royalty rates prevent FM radio companies from creating and airing their radio channels on internet streaming platforms — an issue which the industry needs to resolve to mutually benefit broadcasters and music licensors — as curated content with RJ interactions are largely missing online, and migrant population cannot enjoy radio stations in the language of their choice.

B. OPPORTUNITIES AND THREATS

The Indian media and entertainment (M&E) industry is buzzing with potential and driven by a combination of factors such as digital transformation, increasing internet penetration, and a diverse and dynamic consumer base.

However, the industry also faces several challenges that could impact its growth trajectory. This note provides a detailed analysis of the opportunities and threats in the Indian M&E industry.

Opportunities for Indian Media Industry

Here's a segment-wise breakdown of the key opportunities in the Indian Media and Entertainment Industry:

Television

- Regional channel growth: Audiences increasingly prefer content in local languages.
- Connected TVs: Higher adoption of smart TVs is driving hybrid consumption—mix of linear TV and streaming.
- Ad revenue recovery: Post-pandemic normalization has sparked brand spending in key categories like FMCG and automotive.

Film & Cinema

- Multiplex expansion: Tier 2 & 3 cities are seeing new cinema infrastructure.
- Regional cinema success: Films in Telugu, Tamil, Malayalam, and Kannada are performing well across geographies.
- Global tie-ups: Co-productions and OTT premieres on global platforms are making Indian films internationally visible.

Digital & OTT

- Boom in OTT platforms: Subscription growth and ad-supported models are surging, especially in vernacular content.
- Influencer economy: Social media creators are emerging as micro media houses.
- Podcast & audio streaming: Growing popularity among young audiences, especially in infotainment and comedy.

Gaming & Esports

- Massive user base: India has the world's second-largest internet population, fueling online gaming growth.
- Government support: Recognition of esports as part of multi-sports events is boosting legitimacy and investment.
- Local game development: "Made in India" games and studios are slowly gaining traction.

Music & Live Entertainment

- Music streaming: Regional and indie music is thriving on platforms like Spotify, JioSaavn, and Gaana.

- Concerts & festivals: Return of live events post-COVID is rejuvenating the event economy.
- Virtual performances: New formats like VR concerts and interactive live streams are on the rise.

Threats for Indian Media Industry

Here's a detailed breakdown of the key challenges and threats facing different segments of India's Media and Entertainment industry:

Television

- Audience fragmentation: Rapid growth in digital platforms is pulling viewers away from traditional TV.
- Ad revenue volatility: Brands are shifting budgets to digital, creating uncertainty for broadcasters.
- Content piracy: Unauthorized distribution of cable and satellite broadcasts still poses economic losses.

Film & Cinema

- High production costs: Budgets are rising, but returns are unpredictable—especially for theatrical releases.
- OTT cannibalization: Direct-to-streaming releases are reducing footfall in cinemas.
- Limited theatrical screens: Compared to the audience size, India has fewer cinema screens per capita.

Digital & OTT

- Subscription fatigue: With multiple platforms, users are becoming selective—impacting monetization.
- Regulatory scrutiny: Content on OTT platforms is under growing government regulation and censorship pressure.
- Cybersecurity risks: Data breaches and platform hacking threaten user trust and brand value.

Gaming & Esports

- Online addiction concerns: Rising screen time among youth is attracting parental and policy scrutiny.
- Payment and fraud issues: Microtransactions and unregulated third-party payments have led to misuse.
- Lack of robust IP protection: Indian gaming IPs are vulnerable to imitation and lack enforcement mechanisms.

Music & Live Entertainment

- Copyright infringement: Music piracy, sampling

without credit, and unauthorized re-uploads plague creators.

- Event unpredictability: Weather, security, and permissions make live events risky investments.
- Platform monopoly: Dominance of global streaming platforms challenges independent music discovery.

AI & Personalization

- AI is reshaping TV through personalized recommendations, automated editing, and even script generation.
- Content localization using AI (subtitling/dubbing) is expanding global reach

Regulatory Challenges

- The evolving regulatory landscape for digital content poses a challenge. Stricter regulations on content standards and censorship could impact creative freedom and operational efficiency.
- Changes in advertising regulations, such as restrictions on certain types of advertisements, can affect revenue streams.
- The widespread issue of digital piracy threatens revenue and undermines the value of original content. Efforts to combat piracy through technology and legal measures are essential but remain a significant challenge.

C. SEGMENT WISE PERFORMANCE

The segment wise performance has been shown elsewhere in the Annual Report.

D. OUTLOOK

The Indian media and entertainment (M&E) industry is diverse and dynamic, encompassing various segments such as television, film, digital media, print, music, radio, and live events.

Our main businesses are:

1. Creating original and diverse show content;
2. Exploring opportunities across channels, languages;
3. Building our marketing and distribution capabilities;
4. Creating newer show formats for television content;
5. Leveraging opportunities in regional markets by expanding network.

The Indian media and entertainment industry is undergoing a transformative phase, with digital media leading the growth trajectory. While traditional segments like television and print face challenges from digital disruption, they continue to hold

significant value. The film and music industries are leveraging digital platforms to expand their reach, and live events are rebounding with hybrid formats. Overall, the industry is set for continued growth, driven by technological advancements, innovative content, and evolving consumer preferences. Addressing challenges such as piracy, regulatory changes, and monetization strategies will be crucial for sustained success.

E. RISK AND CONCERNS

The Indian media and entertainment (M&E) industry is a rapidly evolving sector with significant growth potential. However, it also faces several risks and concerns that could impact its progress.

Being a content driven entity, we are strengthening our intellectual property to ensure cost optimization at all levels. The four key pillars that continue to influence the digital Media and Entertainment space are infrastructure; mobility, government policy and digital technologies. We continue to have a readily available database of our IP, such as scripts, dialogues, clips and other content. The following risks and challenges are affecting our business:

1. **Censorship and Content Standards:** Stringent content regulations and censorship laws can limit creative freedom and affect the type of content produced. The lack of clear guidelines can lead to arbitrary decisions, impacting the industry's ability to innovate and address diverse audience interests.
2. **OTT Regulation:** The increasing scrutiny and potential regulation of OTT platforms could affect the flexibility and variety of content offered. New policies might impose restrictions on content types, age ratings, and advertisements, posing challenges for content creators and distributors.
3. **Digital Piracy:** Piracy remains a significant concern, especially with the easy availability of pirated content online. This not only affects revenue but also undermines the value of original content.
4. **Data Breaches:** Increasing digital consumption exposes the industry to cybersecurity threats, including data breaches and hacking. Ensuring robust cybersecurity measures is essential to protect sensitive content and consumer data.
5. **Cyber risk in the Entertainment Industry:** M&E companies will need to develop efficient detection and continuous monitoring systems to identify personal data breaches promptly. Companies will need to invest in cyber resilience programs to manage the identification of affected individuals, and reporting to the data protection board and data principals within specified time.

- 6. IP Protection:** Weak intellectual property enforcement can discourage investment in high-quality content production and impact the overall growth of the industry.
- 7. Impact on Advertising Revenue:** Economic downturns can lead to reduced advertising budgets, impacting the primary revenue source for many media companies. This can lead to a contraction in spending on content production and innovation.

While the Indian media and entertainment industry is poised for continued growth, it must navigate a landscape filled with regulatory, technological, economic, audience behavior, and operational risks. Addressing these challenges through strategic planning, innovation, and adaptive measures will be crucial for sustaining growth and maintaining competitiveness in this dynamic sector.

Broadcasting companies pay transponder charges to satellite companies for transmission of their TV signals. The tax authorities contend that payments made towards transponder charges are in the nature of royalty.

India boasts a comprehensive data privacy law, the Digital Personal Data Protection Act (DPDPA) 2023, M&E companies stand at the threshold of a new compliance era. While the government is in the process of rolling

out rules to operationalize DPDPA, M&E companies must grasp the impact and adapt swiftly to the evolving landscape of data privacy.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has established a robust internal control framework, commensurate with the size and nature of its business operations. These controls are designed to address governance, compliance, audit, control, and reporting concerns that may impact its operations. These internal controls play a vital role in ensuring regulatory compliance, protecting assets, preventing fraud, and ensuring the accuracy of financial reporting. The Company's internal auditors are responsible for regularly monitoring and evaluating the effectiveness of these internal control systems. Any significant findings are promptly reported to management for swift corrective action.

The Audit Committee of the Board of Directors is active in checks and balances that ensure the adequacy and effectiveness of the internal control systems. This committee suggests improvements to strengthen the internal controls and ensure their ongoing effectiveness.

The CMD/CFO Certification provided elsewhere in the report discusses about the adequacy of our internal control systems and procedures.

G. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Company has prepared its standalone and consolidated audited financial statements as per Indian Accounting Standards (Ind AS) for the financial year 2024-25. The standalone and consolidated performance of the Company and its subsidiaries, for the year under review along with previous year figures are given below:

(Rs in Lakhs)

The details of the financial performance of the Company are appearing in the Balance Sheet, Profit & Loss Account and other financial statements appearing separately.

H. MATERIAL DEVELOPMENT IN HUMAN RESOURCES

BAG considers Human Resources to be one of the key elements to sustain competitive advantage in the News Media Sector. Media organizations are human driven; its growth depends upon the quality contribution made by the people in the organization. INDEPENDENT AUDITOR'S REPORT

**To the Members of
B.A.G. Films and Media Limited,
Report on the Audit of Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of B.A.G. Films and Media Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year ended on that date and notes to the Standalone Financial Statements including a summary of significant accounting policies and other explanatory information (herein after referred to as the standalone financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the this standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31st 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole,

and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue recognition

The key audit matter

Revenue is measured net of any trade discounts and volume rebates to customers ("discounts and rebates"). Material estimation by the Company is involved in recognition and measurement of rebates and discounts. This includes establishing an accrual at year end, particularly in arrangements with varying terms which are based on annual contracts or shorter-term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end.

We identified the evaluation of accrual for rebates and discounts as a key audit matter.

How the matter was addressed in our audit

Our audit procedures included:

- Understanding the process followed by the Company to determine the amount of accrual for discounts and rebates.
- Evaluating the design and implementation and testing operating effectiveness of Company's general IT controls, key manual and application controls over the Company's IT systems including controls over rebates agreements / arrangements, rebate payments / settlements and Company's review over the rebate accruals.
- Inspecting on a sample basis, key customer contracts. Based on the terms and conditions relating to discounts and rebates, assessing the Company's revenue recognition policies with reference to the requirements of the applicable accounting standards
- Performing substantive testing by selecting samples of discounts and rebates transactions recorded during the year as well as period end discounts and rebates accruals and matching the parameters used in the computation with the relevant source documents.
- Examining historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and comparing this expectation against the actual rebate accrual, completing further inquiries and obtaining underlying documentation, on a sample basis, as appropriate. Further, we also performed retrospective review to evaluate the precision with which management makes estimates.

- Checking completeness and accuracy of the data used by the Company for accrual of discounts and rebates,
- Testing actualisation of estimated accruals on a sample basis
- Testing a selection of rebate accruals recorded after 31 March 2025 and assessing whether the accrual is recorded in the correct period.
- Testing a selection of payments made after 31 March 2025 and where relevant, comparing the payment to the related rebate accrual.
- Critically assessing manual journal entries posted to revenue, on a sample basis, to identify unusual items and examining the underlying documentation.

Provisions and contingent liabilities relating to taxation, litigations and claims

The key audit matter

The provisions and contingent liabilities relate to ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, transfer pricing arrangements, claims, general legal proceedings, environmental issues and other eventualities arising in the regular course of business.

As at the year ended March 31, 2025, the amounts involved are significant. The computation of a provision or contingent liability requires significant judgement by the Company because of the inherent complexity in estimating future costs. The amount recognised as a provision is the best estimate of the expenditure. The provisions and contingent liabilities are subject to changes in the outcomes of litigations and claims and the positions taken by the Company. It involves significant judgement and estimation to determine the likelihood and timing of the cash outflows and interpretations of the legal aspects, tax legislations and judgements previously made by authorities.

How the matter was addressed in our audit

Our audit procedures included:

- Understanding the process followed by the Company for assessment and determination of the amount of provisions and contingent liabilities relating to taxation, litigations and claims.
- Evaluating the design and implementation and testing operating effectiveness of key internal controls around the recognition and measurement of provisions and re-assessment of contingent liabilities.
- Involving our tax professionals with specialised skills and

knowledge to assist in the assessment of the value of significant provisions and contingent liabilities relating to taxation matter, on sample basis, in light of the nature of the exposures, applicable regulations and related correspondence with the authorities.

- Inquiring the status in respect of significant provisions and contingent liabilities with the Company's internal tax and legal team, including challenging the assumptions and critical judgements made by the Company which impacted the computation of the provisions and inspecting the computation.
- Assessing the assumptions used and estimates of outcome and financial effect, including considering judgement of the Company, supplemented by experience of similar decisions previously made by the authorities and, in some cases, relevant opinions given by the Company's advisors.
- Testing data used to develop the estimate for completeness and accuracy.
- Evaluating judgements made by the Company by comparing the estimates of prior year to the actual outcome.
- Evaluating the Company's disclosures in the standalone financial statements in respect of provisions and contingent liabilities.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Director's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement

of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (**"the Order"**) issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure "A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

 - (d) In our opinion, the this standalone financial statements comply with the Ind AS specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to these Standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate

Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2025 on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses during the year ended March 31, 2025.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding

Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- vi. Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being

tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

3. With respect to the other matters to be included in the Auditor's Report under section 197(16) of the Act:

In our opinion and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act read with Schedule V of the Act.

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2 (f) of the Independent Auditor’s Report of even date to the members of B.A.G. films and Media Limited on the standalone financial statements for the year ended March 31, 2025)

We have audited the internal financial controls with reference to financial statements of B.A.G. Films and Media Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements include those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Notes to Standalone Financial Statements

for the year ended March 31, 2025

1. COMPANY INFORMATION

B.A.G. Films and Media Limited ("the Company") is a public Limited company incorporated on January 22, 1993 under the Companies Act, 1956 having registered office at 352, Aggarwal Plaza, Plot No.8, Kondli, East Delhi, New Delhi-110096, India. The Equity shares of the Company are listed on the BSE Limited [BSE] and National Stock Exchange of India Limited [NSE].

The Company is primarily engaged in the business of content production, distribution and allied activities and leasing. The Company also provides infrastructural support for content production.

2. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation and Measurement

(a) Basis of preparation

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The standalone financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Act.

An asset is treated as current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;

- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The standalone financial statements are presented in Indian National Rupee (INR), the functional currency of the Company. Items included in the standalone financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency'). Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions are recognised in the standalone statement of profit and loss. Foreign currency denominated monetary assets and liabilities are translated into functional currency at exchange rates in effect at the balance sheet date, the gain or loss arising from such translations are recognised in the standalone statement of profit and loss.

All amounts included in the financial statements are reported in lakhs of Indian rupees except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

The standalone financial statements of the Company for the year ended March 31, 2025 were approved and adopted by the Board of Directors in their meeting held on 28th May, 2025.

(b) Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

The accounting policies adopted are the same as those which were applied for the previous financial year.

2.2 Use of Accounting Estimates and Judgements

The preparation of standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect

the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of standalone financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its standalone financial statements:

Impairment of Investments in Subsidiaries

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

Useful lives of Property, Plant and Equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of Deferred Tax Assets

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Provisions and Contingent Liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement

benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

2.3 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the company.

2.4 Significant Accounting Policies

The significant accounting policies used in preparation of the standalone financial statements have been included in the relevant notes to the standalone financial statements.

(a) Revenue Recognition

Ind AS 115 'Revenue from Contracts with Customers'

The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognised.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Unearned and deferred revenue ("contract liability") is

recognised when there is billings in excess of revenues.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for. The Company disaggregates revenue from contracts with customers by geography and nature of services.

- Revenue generated from the commissioned television programs and Internet series produced for broadcasters is recognized over the period of time over the contract period.
- Rent income is recognised on accrual basis as per the agreed terms on straight line basis.
- Sale of Rights are recognised in accordance with the terms of agreements with customers.
- Revenue from other services is recognised as and when such services are completed / performed.
- Income from infrastructure support, building rent and royalty income is recognised based on the terms of the underlying agreement.
- Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate (EIR) applicable.
- Revenue from subsidiaries is recognised based on transaction price which is at arm's length.
- Dividend income on investments is recognised when the right to receive dividend is established.

The transaction price, being the amount to which the Company expects to be entitled and has rights to under the contract is allocated to the identified performance obligations. The transaction price will also include an estimate of any variable consideration where the Company's performance may result in additional revenues based on the achievement of agreed targets.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the group does not adjust any of the transaction prices for the time value of money.

(b) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee

The Company's lease asset classes primarily comprise of lease for land and building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets as below:

i) Right-of-use Assets

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

ii) Lease Liabilities

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease

payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a Lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(c) Property, Plant and Equipment

Property, plant and equipment are stated at costs less accumulated depreciation (other than freehold land) and impairment loss, if any. The cost includes purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on fixed assets after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciation is provided for property, plant and equipment on pro-rata basis over the estimated useful life from the date the assets are ready for intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the standalone statement of profit and loss.

The Management believes that the useful lives best represents the period over which the management expects to use these assets based on an internal assessment and technical evaluation where necessary.

Capital work-in-progress:

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress. The capital work-in-progress is carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

(d) Financial Instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date

of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through other Comprehensive Income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Profit or Loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial Liabilities at Fair Value through Profit or Loss

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are

transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial Liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Impairment of Financial Assets (other than at Fair Value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(e) Investments in Subsidiaries:

Investments in Subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

(f) Inventories:

Inventories are valued at the lower of cost and net realisable value. Cost is computed on a weighted average basis.

Cost of raw materials and stores and spares includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. The this items are valued at net realisable value if the

finished products in which they are to be incorporated are expected to be sold at a loss.

Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(g) Cash and Cash Equivalents:

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(h) Provisions and Contingent Liabilities:

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are recognised when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the standalone financial statements.

(i) Expenditure:

Expenses are accounted on accrual basis.

(j) Employee benefits

Employee benefits include contribution to provident fund, superannuation fund, gratuity fund, compensated absences, pension and employee state insurance scheme.

Short Term Employee Benefits

Short term employee benefits including salaries and performance incentives, are charged to standalone statement of profit and loss on an undiscounted, accrual basis during the period of employment.

Defined Benefit Plans

Gratuity and Pension are defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations, being carried out at the date of each statement of financial position. The retirement benefit obligations recognised in the statement of financial position represents the present value of the defined obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company.

Defined Contribution Plans

Contributions to defined contribution plans like provident fund and superannuation, funds are recognised as expense when employees have rendered services entitling them to such benefits.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are stated as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are stated as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

(k) Income Taxes:

Income tax expense for the year comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent it relates to a business combination or to an item which is recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable/ receivable on the taxable income/ loss for the year using applicable tax rates for the relevant period, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to Income tax is included in Other Income.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the

carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Uncertain Tax Position

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method (the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

(l) Foreign Currencies:

1. Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Company's financial statements are presented in Indian rupee (INR) which is also the Company's functional and presentation currency.

2. Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are generally recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the

date when the fair value is determined.

3. Exchange Differences

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

(m) Earnings Per Share:

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(n) Borrowings and Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of Profit & Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

(o) Dividend Distributions

The Company recognizes a liability to make the payment of dividend to owners of equity, when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by

the shareholders. A corresponding amount is recognised directly in equity.

(p) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The operating segments have been identified on the basis of the nature of products/services. Further:

1. Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter - segment revenue.
2. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
3. Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.
4. Segment results includes margins on intersegment sales which are reduced in arriving at the profit before tax of the Company.
5. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.
6. Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated business.

(q) Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

26. EMPLOYEE BENEFITS

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below:

Defined Contribution Plans

The Company has certain defined contribution plans. Contributions are made to provident fund, and employee's state insurance scheme for employees as per regulations. The contributions are made to registered funds administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or any constructive obligation.

Contribution to Defined Contribution Plan recognized as expense for the year is as under:

Employer's Contribution to Provident Fund :	Rs. 5.50 Lakhs (Previous Year Rs. 9.42 Lakhs)
Employer's Contribution to ESI :	Rs. 0.14 Lakhs (Previous Year Rs. 0.14 Lakhs)

Defined Benefit Plans:

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The Company provides benefits such as gratuity, pension and provident fund (Company managed fund) to its employees which are treated as defined benefit plans.

The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The gratuity fund is managed by third party fund.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligations at the balance sheet date using the Projected Unit Credit Method.

The following table sets out the funded status of the defined benefit schemes and the amount recognised in the financial statements:

g. Actuarial Assumptions

Company attention was drawn to provisions of accounting standard that actuarial assumptions are an entity's best estimates of variables that will determine the ultimate cost of providing post employment benefits and shall be unbiased & mutually compatible.

i) Economic Assumptions

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds at the accounting date relevant to currency of benefit payments for a term that matches the liabilities. Salary growth rate is company's long term best estimate as to salary increases & takes account of inflation, seniority, promotion, business plan, HR policy and other relevant factors on long term basis as provided in relevant accounting standard. Valuation assumptions are as follows which have been agreed by the company:

(₹ in Lakhs)

Expected Rate of Return on Plan Assets	NIL	NIL	NIL	NIL
Expected Average remaining working lives of employees (years)	12.66	11.29	12.66	11.29

ii) Demographic Assumption

Attrition rates are the company's best estimate of employee turnover in future determined considering factors such as nature of business & industry, retention policy, demand & supply in employment market, standing of the company, business plan, HR Policy etc as provided in the relevant accounting standard

Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

b. Expense recognized in the statement of profit and loss

(₹ in Lakhs)

Particulars	Gratuity	Leave Encashment
	March 31, 2025	March 31, 2025
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	69.48	19.80
Impact due to increase of 0.50%	(1.61)	(0.25)
Impact due to decrease of 0.50 %	1.71	0.25
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	69.48	19.80
Impact due to increase of 0.50%	1.46	0.26
Impact due to decrease of 0.50 %	(1.38)	(0.25)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in an assumptions occurring at the end of the reporting period while holding all other assumption constraint. In practice it is unlikely to occur and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. Sensitivities due to mortality & withdrawals are not material & hence impact of change due to these not calculated.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period. Sensitivities as rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable.

Notes:

- The current service cost recognised as an expense is included in Note 21 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the Actuary.
Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.
- The obligation for leave benefits (non funded) is also recognised using the Projected Unit Credit Method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 21 'Employee benefits expense'.

28. SEGMENT REPORTING

The Managing Director of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108 - operating segments. The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. The Company has identified business segments as its primary segment. Business segments are primarily Audio -Visual Production and Leasing. Each segment item reported is measured at the measure used to report to CODM for the purposes of making decisions about allocating resources to the segment and assessing its performance.

Revenues and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Property, plant & equipment that are used interchangeably amongst segments are not allocated to primary segment.

30. FINANCIAL INSTRUMENTS
a) Fair Value Measurements

Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk. The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received.

b) Categories of financial instruments and fair value thereof (₹ in Lakhs)

Particulars	March 31,2025		March 31,2024	
	Carrying amount	Fair Value	Carrying amount	Fair Value
a) Financial assets				
i) Measured at amortised cost				
Trade receivables	1,034.64	1,034.64	854.30	854.30
Cash and cash equivalents	57.24	57.24	71.87	71.87
Other financial assets	435.26	435.26	430.02	430.02
Investments	24,832.31	24,832.31	24,832.31	24,832.31
ii) Measured at fair value through profit and loss account				
Investment	5.00	3.15	5.00	3.72
b) Financial liabilities				
i) Measured at amortised cost				
Trade payables	774.93	774.93	596.21	596.21
Other financial liabilities	3,416.80	3,416.80	3,118.81	3,118.81
Term Loan*	-	-	138.89	138.89

* Includes current maturities of long term borrowings.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial instruments measured at amortised cost.

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

c) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2025.

	March-25	March-24	Fair Value Hierarchy	Valuation technique(s) & key inputs used
Financial assets at fair value through profit and loss				
Investment in Equity Shares	3.15	3.72	Level 1	Quoted in an active market

The carrying value of current trade receivables, cash and cash equivalents, current loans, trade payables and other financial assets and liabilities are considered to be the same as their fair values due to their short term nature.

d) Financial Risk Management Objectives and Policies

The Company is exposed primarily to fluctuations in credit, liquidity, interest rate risk and market risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and financial liabilities. The risk management policy is approved by the Board of Directors. The focus of risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Refer note 4 for methods, assumptions and information used to measure expected credit losses.

Financial instruments that are subject to credit risk consist of trade receivables, loans, investments, cash and cash equivalents, bank deposits and other financial assets.

The carrying amount of following financial assets represents the maximum credit exposure: (₹ in Lakhs)

	March 31, 2025	March 31, 2024
Trade Receivable (Unsecured)		
- Over six months	591.57	678.03
- Less than six months	443.07	176.27
Total	1,034.64	854.30

Trade receivable consists of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of the accounts receivable.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit-rating agencies. The credit risk on mutual funds, optionally fully convertible debentures and deposit is limited because the counter parties are generally banks and financial institutions with high credit ratings assigned by credit rating agencies.

Liquidity Risk Management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below analyse the company's financial liabilities into relevant maturity grouping based on their contractual maturities.

(₹ in Lakhs)

	Due in 1st year	Due in 2 to 5th year	Due after 5 Years	Total
Contractual Maturities of Financial Liabilities				
March 31, 2025				
Trade payables and other financial liabilities	3,786.22	408.36	-	4,194.58
	Due in 1st year	Due in 2 to 5th year	Due after 5 Years	Total
Contractual Maturities of Financial Liabilities				
March 31, 2024				
Trade payables and other financial liabilities	3,761.73	95.03	-	3,856.76

iv. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

➤ Foreign Currency Risk Exposure:

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

The Company does not have any exposure to foreign currency risk as at March 31, 2025 (Previous year Nil).

➤ Interest Rate Risk

The Company's investments are primarily in fixed rate interest bearing fixed deposits with banks. Hence the Company is not significantly exposed to interest rate risk.

➤ Other Price Risk

The Company is exposed to equity price risks arising from equity investments. The Company's equity investments are held for strategic rather than trading purposes.

➤ Equity Price Sensitivity Analysis

The sensitivity analysis below has been determined based on the exposure to equity price risks at the end of the reporting period.

31. The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment had released draft rules for the Code on Social Security, 2020 on November 13, 2020. The Company will assess the impact and its evaluation once the subject rules are notified. The Company will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

INDEPENDENT AUDITOR'S REPORT

**To the Members of
B.A.G. Films and Media Limited**

Report on the audit of Consolidated Financial Statements

Opinion

We have Audited the Consolidated Financial Statements of B.A.G. Films and Media Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at March 31, 2025, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the financial year ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the this consolidated financial statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025 and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional

judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue recognition

The key audit matter

As disclosed in consolidated financial statements, revenue is measured net of any trade discounts and volume rebates to customer ("discounts and rebates").

Material estimation by the Group is involved in recognition and measurement of rebates and discounts. This includes establishing an accrual at year end, particularly in arrangements with varying terms which are based on annual contracts or shorter-term arrangements. In addition, the value and timing of promotions for products varies from period to period, and the activity can span beyond the year end.

We identified the evaluation of accrual for rebates and discounts as a key audit matter.

How the matter was addressed in our audit

Our audit procedures included:

- Understanding the process followed by the Company to determine the amount of accrual for discounts and rebates.
- Evaluating the design and implementation and testing operating effectiveness of Company's general IT controls, key manual and application controls over the Company's IT systems including controls over rebates agreements / arrangements, rebate payments / settlements and Company's review over the rebate accruals.
- Inspecting on a sample basis, key customer contracts. Based on the terms and conditions relating to discounts and rebates, assessing the Company's revenue recognition policies with reference to the requirements of the applicable accounting standards
- Performing substantive testing by selecting samples of discounts and rebates transactions recorded during the year as well as period end discounts and rebates accruals and matching the parameters used in the computation with the relevant source documents.
- Examining historical rebate accrual together with our understanding of current year developments to form an expectation of the rebate accrual as at year end and comparing this expectation against the actual rebate accrual, completing further inquiries and obtaining

underlying documentation, on a sample basis, as appropriate. Further, we also performed retrospective review to evaluate the precision with which management makes estimates.

- Checking completeness and accuracy of the data used by the Company for accrual of discounts and rebates,
- Testing actualisation of estimated accruals on a sample basis
- Testing a selection of rebate accruals recorded after March 31, 2025 and assessing whether the accrual is recorded in the correct period.
- Testing a selection of payments made after March 31, 2025 and where relevant, comparing the payment to the related rebate accrual.
- Critically assessing manual journal entries posted to revenue, on a sample basis, to identify unusual items and examining the underlying documentation.

Provision and contingent liabilities relating to taxation, litigations and claims

The key audit matter

The provisions and contingent liabilities relate to ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, transfer pricing arrangements, claims, general legal proceedings, environmental issues and other eventualities arising in the regular course of business.

As at the year ended March 31, 2025, the amounts involved are significant. The computation of a provision or contingent liability requires significant judgement by the Group because of the inherent complexity in estimating future costs. The amount recognised as a provision is the best estimate of the expenditure. The provisions and contingent liabilities are subject to changes in the outcomes of litigations and claims and the positions taken by the Group. It involves significant judgement and estimation to determine the likelihood and timing of the cash outflows and interpretations of the legal aspects, tax legislations and judgements previously made by authorities.

How the matter was addressed in our audit

Our audit procedures included:

- Understanding the process followed by the Group for assessment and determination of the amount of provisions and contingent liabilities relating to taxation, litigations and claims.
- Evaluating the design and implementation and testing operating effectiveness of key internal controls around the recognition and measurement of provisions and re-assessment of contingent liabilities.
- Involving our tax professionals with specialised skills and knowledge to assist in the assessment of the value of

significant provisions and contingent liabilities relating to taxation matter, on sample basis, in light of the nature of the exposures, applicable regulations and related correspondence with the authorities.

- Inquiring the status in respect of significant provisions and contingent liabilities with the Group's internal tax and legal team, including challenging the assumptions and critical judgements made by the Company which impacted the computation of the provisions and inspecting the computation.
- Assessing the assumptions used and estimates of outcome and financial effect, including considering judgement of the Group, supplemented by experience of similar decisions previously made by the authorities and, in some cases, relevant opinions given by the Group's advisors.
- Testing data used to develop the estimate for completeness and accuracy.
- Evaluating judgements made by the Group by comparing the estimates of prior year to the actual outcome.
- Evaluating the Group's disclosures in the consolidated financial statements in respect of provisions and contingent liabilities.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our Auditor's Report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these

consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as this.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to the consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management and Board of Director use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiaries) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditors' Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in 3(xxii) and 4 of the Companies (Auditor's Report) Order, 2020 ("the Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the Consolidated Financial Statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that in respect of those companies where audits have been completed under section 143 of the Act, there are no qualifications or adverse remarks in the CARO reports of the said companies included in the Consolidated Financial Statements.
2. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the this consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the this consolidated financial statements have been kept so far as it appears from our examination of those books.

- c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the this consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company and its subsidiaries which are incorporated in India, as on March 31, 2025 and taken on record by the Board of Directors of respective companies, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3) of the Act and paragraph 2(h) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- g) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated financial statements disclose the impact of pending litigations as at March 31, 2025 on the consolidated financial position of the Group.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended March 31, 2025.

- iv. (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- vi. Based on our examination, which included test checks, the Group has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail, to the extent enable and operated, has been preserved by the Holding Company and above referred subsidiaries as per the statutory requirements for record retention.
3. With respect to the other matters to be included in the Auditor's Report under section 197(16) of the Act: In our opinion and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act. The subsidiary companies incorporated in India have not paid any remuneration to its directors during the year.

Annexure “A” to the independent Auditor’s Report

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2 (g) of the Independent Auditor’s Report of even date to the members of B.A.G. films and Media Limited on the consolidated financial statements for the year ended March 31, 2025)

In conjunction with our audit of the consolidated financial statements of B.A.G Films and Media Limited (hereinafter referred to as “the Holding Company”) as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and such companies incorporated in India under the Companies Act, 2013 (hereinafter referred to as “the Act”) which are its subsidiary companies, as of that date.

Management’s and Board of Director’s Responsibility for Internal Financial Controls

The respective Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the Auditors’ judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company’s internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2025 based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential

components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

2. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation and measurement

a) Basis of preparation and consolidation

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements

All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle, paragraph 66 and 69 of Ind AS 1 and other criteria as set out in the Division II of Schedule III to the Act.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Subsidiaries are entities where the group exercise control or hold more than one-half of its total share capital. The net assets and results of acquired businesses are included in the consolidated financial statements from their respective dates of acquisition, being the date on which the Group obtains control. The results of disposed businesses are included in the consolidated financial statements up to their date of disposal, being the date control ceases.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year. The consolidated financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealized profits/losses, unless cost/revenue cannot be recovered.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognized as

'Goodwill on Consolidation' in the consolidated financial statements. On the other hand, where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognized as 'Capital Reserve' and shown under the head 'Other Equity' in the consolidated financial statements. Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and
- b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence

The profit/ loss and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the consolidated statement of profit and loss and Consolidated Statement of Changes in Equity.

The consolidated financial statements are presented in Indian National Rupee (INR), the functional currency of the Group. Items included in the consolidated financial statements of the Group are recorded using the currency of the primary economic environment in which the Group operates (the 'functional currency'). Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions are recognized in the consolidated statement of profit and loss. Foreign currency denominated monetary assets and liabilities are translated into functional currency at exchange rates in effect at the balance sheet date, the gain or loss arising from such translations are recognized in the consolidated statement of profit and loss.

The expenses in consolidated statement of profit and loss are net of reimbursements (individually not material) received from Group Companies.

All amounts included in the financial statements are reported in lakhs of Indian rupees except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

The consolidated financial statements of the Group for the year ended March 31, 2025 were approved for issue in accordance with the resolution of the Board of Directors on 28th May, 2025.

b) Basis of Measurement

These consolidated financial statements are prepared under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value.

The accounting policies adopted are the same as those which were applied for the previous financial year.

2.2 Key Accounting Estimates and Judgements

The preparation of consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Group to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of consolidated financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Group uses the following critical accounting estimates in preparation of its consolidated financial statements:

Useful lives of Property, Plant and Equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Provision for Income Tax and Deferred Tax Assets

The Group uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

Valuation of Deferred Tax Assets

The A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be

measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Provisions and Contingent Liabilities

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Group uses significant judgements to assess contingent liabilities. Contingent liabilities are recognised when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Group to use assumptions. These assumptions have been explained under employee benefits note.

2.3 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the company.

2.4 Significant Accounting Policies

The significant accounting policies used in preparation of the consolidated financial statements have been included in the relevant notes to the consolidated financial statements.

- (a) Revenue recognition Ind AS 115 "Revenue from Contracts with Customers" The Companies (Indian Accounting Standards) Amendment Rules, 2018 issued by the Ministry of Corporate Affairs (MCA) notified Ind AS 115 "Revenue

from Contracts with Customers" related to revenue recognition which replaces all existing revenue recognition standards and provide a single, comprehensive model for all contracts with customers. The revised standard contains principles to determine the measurement of revenue and timing of when it is recognized. Revenue is recognised to the extent it is probable that economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues. In accordance with Ind AS 37, the Group recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received. Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for. The Company disaggregates revenue from contracts with customers by geography and nature of services.

- Revenue generated from commissioned television programs and internet series produced for broadcasters is recognized over the period of time over contract period.
- Broadcasting revenue - Advertisement revenue (net of discount and volume rebates) is recognised when the related advertisement or commercial appears before the public i.e. on telecast. Subscription revenue (net of share to broadcaster) is recognised on time basis on the provision of television broadcasting service to subscribers.
- Sales of media content - Revenue is recognised when the significant risks and rewards have been transferred to the customers in accordance with the agreed terms.
- Revenue from other services is recognised as and when such services are completed / performed.
- Income from infrastructure support, building rent and royalty income is recognised based on the terms of the underlying agreement.
- Sale of Rights are recognised in accordance with the terms of agreements with customers.

- Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate (EIR) applicable.

The transaction price, being the amount to which the Group expects to be entitled and has rights to under the contract is allocated to the identified performance obligations. The transaction price will also include an estimate of any variable consideration where the Group's performance may result in additional revenues based on the achievement of agreed targets.

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Revenue excludes any taxes and duties collected on behalf of the government.

b) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a Lessee

The Groups lease asset classes primarily comprise of lease for land and building. the Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets as below:

i) Right-of-use Assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use

assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right of- use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the underlying assets.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are included in other current and non-current financial liabilities.

iii) Short-term Leases and Leases of Low-value Assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

"Lease liability" and "Right of Use" asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

Group as a Lessor

Leases for which the Group is a lessor is classified as finance or operating lease. Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(c) Property, Plant and Equipment

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition or construction of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance cost are charged to the consolidated statement of profit and loss during the period in which they are incurred.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Consolidated Statement of Profit and Loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets".

Depreciation is provided for property, plant and equipment on pro-rata basis over the estimated useful life from the date the assets are ready for intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Management believes that the useful live best represents the period over which the management expects to use these assets based on internal assessment and technical evaluation where necessary.

Capital work-in-progress:

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date

and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress. The capital work-in-progress is carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

(d) Intangible Assets

Intangible assets with finite useful lives that are acquired are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over the estimated useful lives.

The estimated useful life for intangible assets is 15 years. The estimated useful life and amortisation method are reviewed at each reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

- **Licenses**

Licenses represent one time entry fees paid to Ministry of Information and Broadcasting ('MIB') under the applicable licensing policy for Frequency Modulation ('FM') Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Consolidated Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Consolidated Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

(e) Financial Instruments

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Financial assets at Amortised Cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through other Comprehensive Income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Profit or Loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized

in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

Derecognition

Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial Liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

Impairment of Financial Assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(f) Inventories:

Inventories are valued at the lower of cost and net realizable value. Cost is computed on a weighted average basis.

Cost of raw materials and stores and spares includes

cost of purchase and other costs incurred in bringing the inventories to their present location and condition. The this items are valued at net realizable value if the finished products in which they are to be incorporated are expected to be sold at a loss.

Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(g) Cash and Cash Equivalents:

The Group considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(h) Provisions and Contingent Liabilities:

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Group uses significant judgements to assess contingent liabilities. Contingent liabilities are recognized when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed in the standalone financial statements.

The Company has extended corporate guarantees amount to ₹977.80 lakhs in favour of Yes Bank Limited for credit facility.

(i) Expenditure:

Expenses are accounted on accrual basis.

(j) Employee benefits

Employee benefits include contribution to provident fund, superannuation fund, gratuity fund, compensated absences, pension and employee state insurance scheme.

Short Term Employee Benefits

Short term employee benefits including salaries and performance incentives, are charged to standalone statement of profit and loss on an undiscounted, accrual

basis during the period of employment.

Defined Benefit Plans

Gratuity and Pension are defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations, being carried out at the date of each statement of financial position. The retirement benefit obligations recognized in the statement of financial position represents the present value of the defined obligations reduced by the fair value of scheme assets. Any, asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company.

Defined Contribution Plans

Contributions to defined contribution plans like provident fund and superannuation, funds are recognized as expense when employees have rendered services entitling them to such benefits.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are stated as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are stated as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

(k) Income Taxes:

Income tax expense for the year comprises of current tax and deferred tax. It is recognized in the Consolidated Statement of Profit and Loss except to the extent it relates to a business combination or to an item which is recognized directly in equity or in other comprehensive income.

Current tax is the expected tax payable/ receivable on the taxable income/ loss for the year using applicable tax rates for the relevant period, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to Income tax is included in Other Income.

Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognized based on the expected manner of realisation or settlement of the

carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Uncertain Tax Position

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method (the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

(l) Foreign Currency Translation

1. Functional and Presentation Currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's financial statements are presented in Indian rupee (INR) which is also the Group's functional and presentation currency.

2. Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are generally recognised in the consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

3. Exchange Differences

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

(m) Earnings Per Share:

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(n) Borrowings and Borrowing costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Consolidated Statement of Profit & Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

(o) Dividend Distributions

The Group recognizes a liability to make the payment of dividend to owners of equity, when the distribution is authorized and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

(p) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The operating segments have been identified on the basis of the nature of products/services. Further:

1. Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter - segment revenue.
2. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
3. Income which relates to the Group as a whole and not allocable to segments is included in unallocable income.
4. Segment results includes margins on intersegment sales which are reduced in arriving at the profit before tax of the Group.
5. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.
6. Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated business.

(q) Fair Value Measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 -** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 -** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 -** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated balance sheet on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

The above figures do not include provisions for encashable leave, gratuity and premium paid for group health insurance, as separate actuarial valuation / premium paid are not available.

30. EMPLOYEE BENEFITS

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

Defined contribution plans

The Group has certain defined contribution plans. Contributions are made to provident fund, and employee's state insurance scheme for employees as per regulations. The contributions are made to registered funds administered by the government. The obligation of the Group is limited to the amount contributed and it has no further contractual or any constructive obligation.

Contribution to Defined Contribution Plan recognized as expense for the year is as under:

Employer's Contribution to Provident Fund:	Rs. 40.83 Lakhs (Previous Year Rs. 44.44 Lakhs)
Employer's Contribution to ESI :	Rs. 1.21 Lakhs (Previous Year Rs. 1.29 Lakhs)

Defined benefit plans:

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The Group provides benefits such as gratuity, pension and provident fund (Company managed fund) to its employees which are treated as defined benefit plans.

The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The gratuity fund is managed by third party fund.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligations at the balance sheet date using the Projected Unit Credit Method.

The following table sets out the funded status of the defined benefit schemes and the amount recognised in the financial statements:

g. Actuarial Assumptions

Group attention was drawn to provisions of accounting standard that actuarial assumptions are an entity's best estimates of variables that will determine the ultimate cost of providing post employment benefits and shall be unbiased & mutually compatible.

i) Economic Assumptions

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities & the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been agreed by the group:

Particulars	Gratuity		Leave Encashment	
	March31,2025	March31,2024	March31,2025	March31,2024
Discount Rate (%)	6.93	7.23	6.93	7.23
Future salary increase	5.50	5.50	5.50	5.50
Expected Rate of Return on Plan Assets	0.00	0.00	0.00	0.00

ii. Demographic Assumption

Attrition rates are the company's best estimate of employee turnover in future determined considering factors such as nature of business & industry, retention policy, demand & supply in employment market, standing of the company, business plan, HR Policy etc as provided in the relevant accounting standard

Particulars	Gratuity		Leave Encashment	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
i) Retirement Age (Years)	60	60	60	60
ii) Mortality Table	100% of IALM (2012-14)	100% of IALM (2012-14)	100% of IALM (2012-14)	100% of IALM (2012-14)
iii) Ages				
Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

iii. Sensitivity Analysis of the defined benefit obligation

(₹ in Lakhs)

Particulars	Gratuity	Leave Encashment
	March31,2025	March31,2025
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	223.28	38.16
Impact due to increase of 0.50%	(8.53)	(1.04)
Impact due to decrease of 0.50 %	9.11	1.09
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	223.28	38.16
Impact due to increase of 0.50%	8.94	1.10
Impact due to decrease of 0.50 %	(8.43)	(1.05)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in an assumptions occurring at the end of the reporting period while holding all other assumption constraint. In practice it is unlikely to occur and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. Sensitivities due to mortality & withdrawals are not material & hence impact of change due to these not calculated.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Sensitivities as rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable

Notes:

- The current service cost recognised as an expense is included in Note 23 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

- The obligation for leave benefits (non funded) is also recognised using the Projected Unit Credit Method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 23 'Employee benefits expense'.

31. EARNING PER SHARE (EPS)

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The Company did not have any potentially dilutive securities in any of the years presented.

a. Basic Earning per share

(₹ in Lakhs)

Particulars	Year ended March 31 , 2025	Year ended March 31 , 2024
a. Basic Earnings Per Share

Basic Earnings per share (one equity share of 2/- each)	0.50	0.33
b. Diluted Earnings per share		
Numerator for earnings per share		
Profit after taxation	981.84	658.41
Denominator for earnings per share

Diluted Earnings per share	0.41	0.28
Face Value per equity share (one equity share of 2/- each)	2.00	2.00

32. FINANCIAL INSTRUMENTS

a) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk. The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received.

b) Categories of financial instruments and fair value thereof

(₹ in Lakhs)

	March 31, 2025		March 31, 2024	
	Carrying amount	Fair Value	Carrying amount	Fair Value
a) Financial assets				
i) Measured at amortised cost				
Trade receivables	6,686.34	6,686.34	7,119.13	7,119.13
Cash and cash equivalents	1,137.93	1,137.93	1,010.82	1,010.82
Other financial assets	8,487.57	8,487.57	7,173.60	7,173.60
Investments	12,221.59	12,221.59	12,455.61	12,455.61
ii) Measured at fair value through profit and loss account				
Investment	43.00	60.31	43.00	56.27
b) Financial liabilities				
i) Measured at amortised cost				
Trade payables	2,552.40	2,552.40	2,265.64	2,265.64
Other financial liabilities	7,870.81	7,870.81	6,762.86	6,762.86
ii) Non-current liabilities				
Other financial liabilities	4,065.59	4,065.59	3,765.59	3,765.59

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial instruments measured at amortised cost.

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

c) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Quantative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2025.

	March 31,2025	March 31,2024	Fair Value Hierarchy	Valuation technique(s) & key inputs used
Financial assets at fair value through profit and loss				
Investment in Equity Shares	3.15	3.72	Level 1	Quoted in an active market
Investment in Mutual Fund	57.16	52.55	Level 1	Quoted in an active market

The carrying value of current trade receivables, cash and cash equivalents, current loans, trade payables and other financial assets and liabilities are considered to be the same as their fair values due to their short term nature.

d) Financial risk management objective and policies

The Group is exposed primarily to fluctuations in credit, liquidity, interest rate risk and market risks, which may adversely impact the fair value of its financial instruments. The Group has a risk management policy which covers risks associated with the financial assets and financial liabilities. The risk management policy is approved by the Board of Directors. The focus of risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Group.

Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Refer note 4 for methods, assumptions and information used to measure expected credit losses.

Financial instruments that are subject to credit risk consist of trade receivables, loans, investments, cash and cash equivalents, bank deposits and other financial assets.

The carrying amount of following financial assets represents the maximum credit exposure:

(₹ in Lakhs)

	March 31,2025	March 31,2024
Trade Receivable (Unsecured)		
- Over six months	1,555.87	2,540.29
-Less than six months	5,130.47	4,578.84
Total	6,686.34	7,119.13

Trade receivable consists of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of the accounts receivable.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. The credit risk on mutual funds, nonconvertible debentures and other debt instruments is limited because the counterparties are generally banks and financial institutions with high credit ratings assigned by credit rating agencies.

Liquidity Risk Management

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below analyse the Group's financial liabilities into relevant maturity grouping based on their contractual maturities.

(₹ in Lakhs)

	Due in 1st year	Due in 2 to 5th year	Due after 5 Years	Total
Contractual maturities of financial liabilities				
March 31, 2025				
Trade payables and other financial liabilities	10,423.21	-	-	10,423.21
Borrowings	101.05	1,107.99	2,957.59	4,166.63
	Due in 1st year	Due in 2 to 5th year	Due after 5 Years	Total

Trade payables and other financial liabilities	9,028.50	-	-	9,028.50
Borrowings	257.11	1,210.38	2,555.21	4,022.70

iv. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

➤ Foreign Currency Risk Exposure:

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

The Company does not have any exposure to foreign currency risk as at March 31, 2025 (Previous year Nil).

➤ Interest rate risk

The Company's investments are primarily in fixed rate interest bearing fixed deposits with banks. Hence the Company is not significantly exposed to interest rate risk.

➤ Other Price Risk

The Company is exposed to equity price risks arising from equity investments. The Company's equity investments are held for strategic rather than trading purposes.

➤ Equity Price Sensitivity Analysis

The sensitivity analysis below has been determined based on the exposure to equity price risks at the end of the reporting period.
