MARCHING AHEAD WITH CONFIDENCE

My Dear Shareholder,

I have pleasure in sharing with you yet another year of satisfying performance by your Company, despite a challenging environment. The enclosed Directors' Report and the Annual Accounts will give you full details and highlights of your Company's performance.

The economy grew at less than 5% in the year that has passed by. Interest rates and inflation remained high. The policy paralysis at the Centre added to the woes of the industry and the automotive industry grew by 4%. Against this background, I am pleased to inform you that your Company outperformed, as always, and grew by 15% with matching profitability, a commendable performance.

Team Suprajit continues to focus on building customer confidence in the domestic OEM market, to aggressively push in the aftermarket and to make inroads in exports. This business consolidation and de-risking, along with focused cost management at all levels, helped your Company do exceedingly well when compared to the rest of the industry.

The capacity expansion to 150 million cables per year was completed during the year, our near term goal, with two new units going into full production. With increased orders and favourable \$-₹, exports clocked robust growth with enhanced margins. Aftermarket business continues to grow rapidly, with new product launches showing positive and sustainable growth. Although the domestic OEM business grew modestly, your Company was able to retain its position as the Numero Uno for mechanical cables in India.

The current year appears to have started on a positive note. Although the GDP is expected to grow only at 5% during the year, a perceptible change in sentiment seems to have occurred due to the resounding mandate for the new Government. With an absolute majority at the Centre, it is expected that the new Government will take much needed policy initiatives and project clearances. Should this happen, it is expected that during the second half of the year, GDP growth may gather momentum. It is also hoped that commodity prices will remain stable. If interest rates and inflation come down with policy measures, it will give a much-needed boost to Indian economy over the years to come. This could also translate in to a good growth in the automotive sector.

With this as the background, your Company is planning significant capacity expansion over the next two years. This will take the group's manufacturing capacity to 225 million cables from the current 150 million. Major capacity expansion will happen with plants at Chennai, Bangalore and Pathredi (Rajasthan) along with capacity balancing in most other units.

The subsidiaries have performed commendably, with significant sales growth and profitability improvements. This is expected to continue in the current year.

You are aware that Suprajit Foundation was established in 2011 to carry out the CSR activities of the Suprajit group. It has made good progress in its focus areas of Education, Healthcare and Rural development. The activities of the Foundation are elaborated elsewhere in this Annual Report.

Team Suprajit has done a commendable job in enhancing customer comfort, consolidating and managing growth, curtailing cost and protecting margins. These, along with our prudent and conservative financial management, aggressive customer focus as a 'Value for Money Supplier', are all the hallmarks of our continued success. I believe we are in the right path of pursuing a robust and profitable growth.

A diversified customer mix, new focus areas for our products, cost effective manufacturing, focused automotive and non-automotive exports and plans to grow aftermarket through multiple products along with product diversification plans, all give me the confidence that Team Suprajit will continue to perform consistently, to deliver a strong performance during the year and add value to all our stakeholders.

To this end, I seek your continued support and good wishes.

With warm personal regards,

Yours sincerely,

K. Ajith Kumar Rai
Chairman & Managing Director

OPERATIONS –MANAGEMENT DISCUSSION AND ANALYSIS:

Indian economy slowed down further during the year with GDP growing at less than 5%. With policy paralysis at the centre, high interest rates and inflation, the automotive industry had a dismal performance for the year and grew at 4%. This low industry growth is for the second year in succession. Against this, your Company has recorded a growth of 17.61%.

Your Company recorded an income of ₹ 53,605 lakhs during the year 2013 -14 as against ₹ 46,891 lakhs during the year 2012-13, recording a growth of 14.31%. During the year 2012-13, there was an exceptional income of ₹ 518 lakhs due to sale of a property. Excluding this, during the year 2013 – 14, the Profit After Tax was ₹ 4,765 lakhs as against the adjusted Profit After Tax of ₹ 4,227 lakhs during the year 2012-13, recording a growth of 12.72%. the year 2012-13, a growth of 21.15%. As you will note, your Company has surpassed the industry growth, again, due to customer focused approach and continued outperformance in the aftermarket and export business.

During the year, new cable plants, both at Bommasandra (Karnataka) and Pathredi (Rajasthan) were well established. Commercial production at the new automotive plant at its subsidiary Suprajit Automotive was fully established. During the year, your Company has also acquired 4 acres of land in the outskirts of Chennai for the proposed cable plant for its customers in that region.

CURRENT YEAR:

Indian GDP is likely to grow at around 5% during the current year for the third year in a row. However, with the change in the Government at the centre with full majority, it is expected that the policy paralysis that plagued India will change for the better. With the expectation of growth oriented programs from the new government, Indian GDP and the Indian automotive industry may grow well in the coming years.

Automotive growth in the current year is expected to be at single digit. Your Company endeavors to grow faster than the industry, as in the past. The group is planning a capacity expansion from the current 150 mn to about 225 mn cables per year with a capital outlay of about ₹ 65 crores over the next 2 years. Capacity expansion plan at Pathredi has started. Construction of a new plant at Vallam Vadagal, Chennai, is expected to start soon. An additional plant in Bangalore is also envisaged.

Your Company's focus in the aftermarket along with exports, both in the automotive and non-automotive businesses continue to yield higher growth to the Company. This trend is expected to continue in the current year.

DEMATERILISATION OF SHARES:

As per the directives issued by the Securities and Exchange Board of India (SEBI), Shares of your Company are to be traded compulsorily in dematerialized form. LISTING OF EQUITY SHARES:

Your Company's Shares continue to be listed at the Stock Exchange at Mumbai and at National Stock Exchange.

WHOLLY OWNED SUBSIDIARIES:

The wholly owned subsidiaries, Suprajit Automotive Private Limited and Suprajit Europe Limited have performed significantly better during the year. On a consolidated basis, the two subsidiaries have performed better both in terms of

revenue and profitability compared to previous years. The two subsidiaries work in tandem for business.

The consolidated sales of the subsidiaries were ₹ 6,729 lakhs against ₹ 4,514 lakhs previous year, an increase of 49%. The EBITDA was ₹ 796 lakhs against ₹ 438 lakhs previous year an increase of 82%. The Profit Before Tax was ₹ 496 lakhs against ₹ 132 lakhs previous year an increase of 276%. This trend is expected to continue in the current year. 18. MANAGEMENT DISCUSSION AND ANALYSIS REPORT:**a. Business Overview**

Indian economy continued to struggle with less than 5% GDP growth, high inflation and interest rates. The slowdown was evident and noticeable in the automotive sector as well, which grew at 4%. World economy continues to be weak although US economy has started to grow. Rupee depreciation was the only silverlining for the exporting companies.

This significant slowdown in the automotive industry has not augured well for the component suppliers. However, with focused customer management and its philosophy of 'Value for Money', Suprajit continues to perform creditably in a difficult market place. With a new regime at the centre, with clear mandate, the outlook is stable for the Indian economy and hence gives the comfort for Suprajit to continue to perform well.

Significant increase in commodity prices, continued high inflation and interest rates, product recalls, employee unrest and \$-₹ fluctuations are the threats faced by all the component suppliers, including Suprajit.

However, strong customer loyalty due to its ability to deliver quality products in time, competitive price along with good developmental capability, makes Suprajit a perfect vendor partner for its customers. This will lead to a satisfactory business performance for the Company.

b. Human Resource Development:

With slowing down of economy, there appears to be some stability at staff levels with reduced turnover of

people. However, skilled manpower continues to be challenging at the plant levels. Your Company has a satisfactory recruitment system in place to address the requirements of your Company.

c. Corporate Social Responsibility:

Suprajit Foundation is spearheading the CSR activities of the Company. The focus area for the Foundation is education, healthcare and Rural Development. To this end, the Foundation has implemented relevant projects during the past years as elaborated hereunder. Foundation intends to spend a portion of donations for the ongoing projects and develop a corpus for a significant project in the focus area at a later date.

ONGOING PROJECTS:**EDUCATION:**

Vittala Suprajit Industrial Training Institute: Suprajit Foundation continues to support VSITI (<http://vittalsuprajititi.org>). The institute has 4 courses (Electrician, Fitter, Mechanics of Motors Vehicle and Mechanical Refrigeration & Air-conditioning) with a total current strength of 180 students. First batch graduated in 2013. A significant number of students were placed in various companies including Suprajit.

Bhavan BBMP School: Suprajit Foundation continues to sponsor this slum area school in Srirampuram, run by Bruhat Bangalore Mahanagara Palike (<http://www.bhavanbbmpublicschool.com>). The school has 300 students. The school will eventually have classes up to 10th standard. This is a significantly subsidized school for the children from poorest in this area.

Suprajit Foundation has set-up girls' toilets and provided benches in government schools in rural areas.

Scholarships: The scholarship project in the rural has now 124 students as against 61 students last year. Students have been funded for various educational courses including Medical, Engineering, ITI, Diploma and other university courses.

This school has mostly deprived children from urban slum communities. The mid-day meal, apart from giving much needed nutritious food to the children has improved their performance as well as attendance at the school.

Healthcare:

Suprajit Foundation continues to support Karunashraya, a Hospice for advance stage cancer patients. It supports heart surgeries through the Needy Heart Foundation and works with Rotary on dialysis projects for the economically backward patients in designated hospitals.

New Projects:

CONSOLIDATED FINANCIAL STATEMENTS
OF
SUPRAJIT ENGINEERING LIMITED

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To
The Board of Directors
Suprajit Engineering Limited
Bangalore

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of Suprajit Engineering Limited ('the Company') and its two wholly owned subsidiaries (collectively referred as 'the Group') which comprise the Consolidated Balance Sheet as at March 31, 2014, the Consolidated Profit and Loss Statement and the Consolidated Cash Flow statement for the year then ended and a summary of significant accounting policies, notes on consolidated financial statements and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India including Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"), read with the general circular 15/2013 dated 13.09.2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's

preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of the reports of the other auditors on the financial statements of the two subsidiaries as noted below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2014;
- b. in the case of the Consolidated Profit and Loss Statement, of the profit of the Group for the year ended on that date; and
- c. in the case of Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matters

We did not audit the financial statements of the two subsidiaries whose financial statements reflect total assets of ₹ 83.71 crores as at March 31, 2014, total revenues of ₹ 92.02 crores and net cash inflows amounting to ₹ 1.89 crores for the year ended on that date. The financial statements and other financial information of the subsidiaries have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors. One of these being a foreign subsidiary, the financial statements have not been prepared and audited under the applicable Indian laws and regulations.
