“Marching Ahead with Confidence”

My Dear Shareholder,

I am pleased to share with you the performance of Suprajit for the year 2024-25. The enclosed reports and financial statements provide you with detailed and relevant information.

Geopolitical conflicts in the Middle East and Ukraine, tariff-related uncertainties, higher inflation and interest rates were the major challenges for the year gone-by and continue to impact the Company in the current year. Your Company has delivered satisfactory operational performance under these challenging times. We remain focused on operational excellence and maintain strong customer relationships. Team Suprajit is preparing itself for the new normal of global turmoil, consolidating its presence as a global player with a strong local presence, close to customers. The acquisitions of LDC and SCS entities are clearly focused on preparing Suprajit in that direction—offering onshore, nearshore and low-cost solutions to our customers.

I take this opportunity to brief you on Suprajit’s strategy both on the domestic and global fronts. On the global front, a final phase of restructuring of Suprajit Controls Division (SCD) has been launched. This will include the following:

1. **Restructuring of operations across Juarez, Matamoros, Wichita and Canada** : Operations at Juarez will be closed down and moved mostly to Matamoros for better operational efficiencies.
2. **Scaling down of Suprajit Germany GmbH** : The German warehouse now relocated to Hungary. Team will be scaled down to focus on business development and engineering support out of Germany.
3. **“Operational excellence” projects continue at Morocco** : Our India, Germany and Hungary teams are now working closely on multiple operational efficiency and supply chain synergy projects.

4. Streamlining Chinese Operations and leveraging local synergies (Suprajit Jiaxing and Shanghai Lonestar).
5. Utilizing the facilities across Suprajit Controls Division (SCD), more efficiently, for the requirements of the group.

These initiatives will lead to a fully integrated SCD within the next four quarters, lowering our cost base, improving customer access, and enhancing business opportunities apart from strengthening operational performance.

Our strategies on the domestic front include:

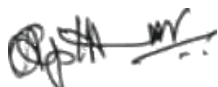

1. **Domestic Cables Division (DCD)** will continue to focus on OEMs while expanding beyond cables and enhancing its aftermarket footprint. The recently announced Joint Venture with Chuo Spring Company Limited, Japan, will strengthen our entry into the Japanese passenger vehicle segment.
2. **Suprajit Electronics Division (SED)**, will further diversify its customer base, both domestic and exports, with strong electronic product development and manufacturing capabilities.
3. **Phoenix Lamps Limited (PLD)** will continue its 'Last Man standing' strategy, leveraging the Trifa brand globally and further exploring after market presence in India. It also plans to introduce new products within the existing infrastructure.
4. **Suprajit Technology Centre (STC)** is now strategically focused on becoming a full systems supplier in braking and actuation systems, while continuing to develop multiple products for SED. Our recent partnership with Bluebrake (Italy) brings ABS technology for the two-wheeler markets in India. With a team of 125 engineers and, 50 patents under various stages of grant, STC is a shining example of an Indian company who believes in homegrown engineers to deliver high-end technology and innovation.
5. To sum up, the year ahead will be one of consolidation and growth, driven by global integration, new product launches, and a single-minded focus on the strategies outlined above. Our approach is logical, pragmatic, and aligned with customer needs in an ever-evolving domestic and global landscape. These strategies will be further enabled by our 'One Suprajit' initiatives, bringing everyone onto a single operational platform, including SAP, PLM, IoT and others.

We recently celebrated "Sambhrama", our 40th anniversary. While the journey so far has been gratifying, I am even more excited about the road ahead - one that sees Suprajit firmly embedded in the global landscape. I believe this path will further energize our core philosophy: 'De-risk and Grow Profitably', as we emerge as a truly global player in our businesses.

I remain confident that Team Suprajit will continue to deliver value to all stakeholders, including you, our valued shareholders. I look forward to your continued support and good wishes.

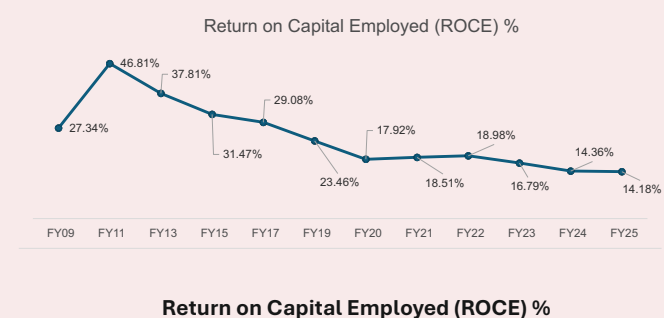

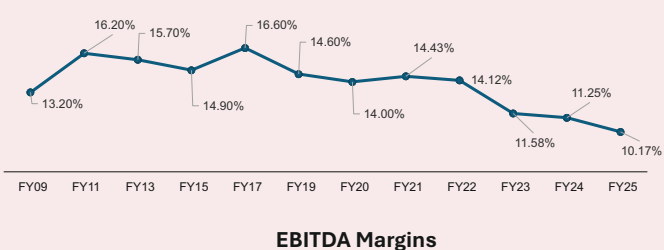

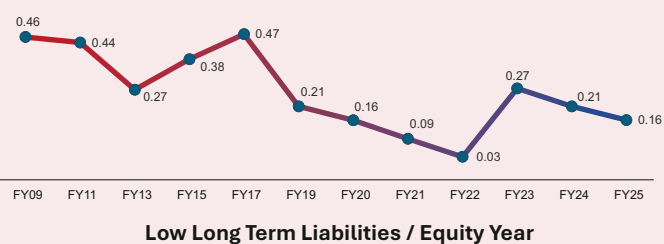

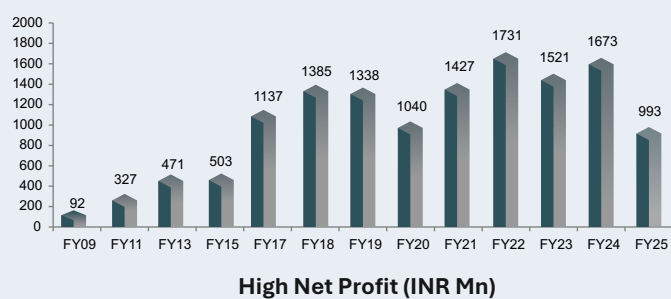

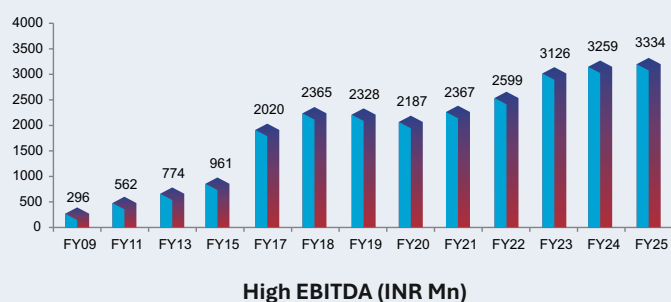

With warm personal regards,

Yours sincerely,

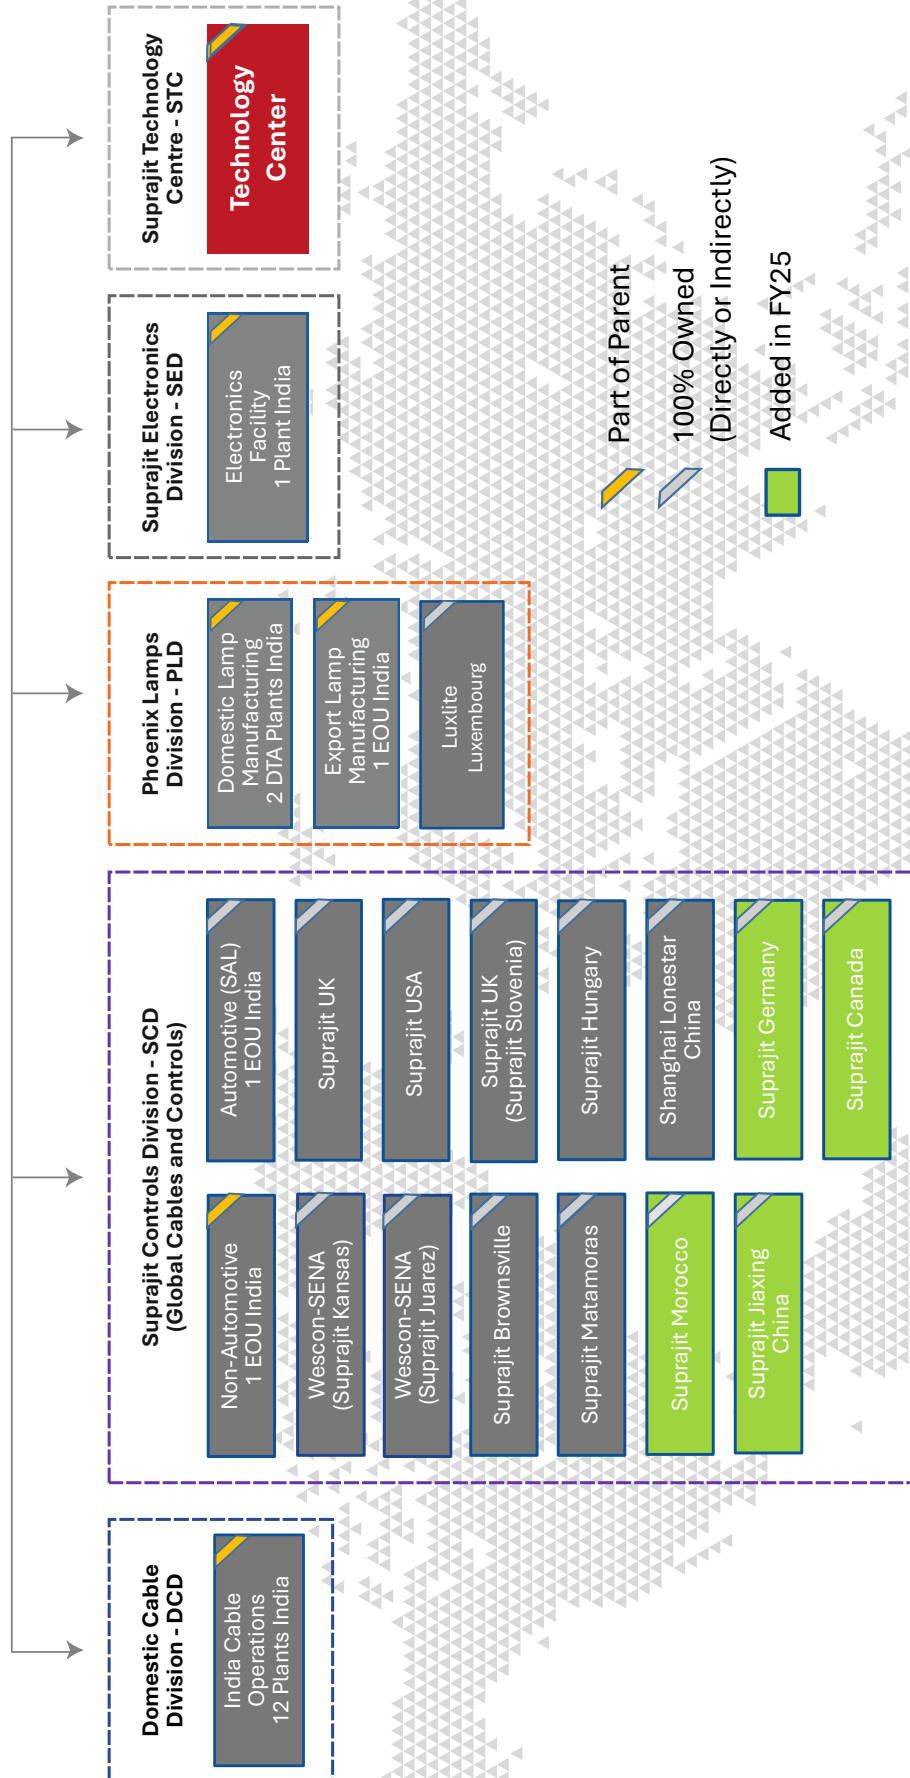

K. Ajith Kumar Rai,
Chairman

FY 2024-25 was a transformative year for Suprajit, marked by the completion of the first tranche acquisition of Stahlschmidt Cable Systems, expanding the Group's global footprint to Germany and Morocco. Despite integration challenges, Suprajit Controls Division delivered revenue and margin growth, secured record new business wins, and advanced cross-divisional synergies under the "Beyond Cables" strategy. The year also saw strong performances across divisions - Domestic Cable, Phoenix Lamps, Electronics, and Wescon - driven by new product launches, OEM partnerships, productivity gains, and disciplined cost management.

Strategic initiatives such as ABS technology partnerships, Chuo Spring JV for advanced cables, and restructuring of European operations further strengthened Suprajit's product portfolio, market reach, and operational efficiency.

Suprajit reinforced its people strategy by embedding Employee Vision, Core Values, and leadership development into culture, while maintaining high standards of governance, compliance, and stakeholder engagement.

With a sharp focus on braking systems, electro-mechanical actuation, and display systems, the Group is leveraging its multinational engineering network to share know-how and expand offerings worldwide.

Strong customer relationships, targeted market diversification, and resilience in navigating macroeconomic and supply chain challenges - combined with product innovation, ESG commitment, and operational agility - position Suprajit for sustained, profitable growth in FY 2025-26 and beyond.

Akhilesh Rai

Director & CSO
(Chief Strategy Officer)

FY 2024-2025 marked a year that somewhat completes Suprajit's long stated strategies. We completed a two-tranche acquisition of Stahlschmidt Cable Systems - adding Germany & Morocco in July 2024, Canada & China in April 2025 - completing our footprint for our global customers. It was a tough year turning around the SCS business and reducing redundancies, inefficiencies - but with supply chain settling down and a good team in place, we expect to put the business firmly back on its feet.

The Electronics Division, built on our own technology stack and IP, showed strength despite EV turmoils. Similarly, our Braking products are getting significant traction - with our ABS tie-up with Blubrake secures global rights to a next gen ABS. The Chuo Spring JV for advanced transmission cables in India has begun to build a strong relationship with Japanese customers.

As we head into FY 2025-26, these strategic assets, combined with sustained R&D, position us to deliver cross-divisional growth - across Actuators, Electronics & Sensors, and Braking Systems.

Our geographic reach was setup at the right time as global policies become more protectionist, while the recent announcement of mandatory ABS - show further alignment of our product strategy, with customers and regulatory trends.

**Medappa
Gowda J**

Group CFO &
Company Secretary

FY 2024-25 was marked by the partial SCS acquisition and integration of KA-LDC entities into Suprajit practices. Treasury, cash management, and balanced multi-currency hedging supported growth across multiple geographies. Global insurance coverage was implemented for group-wide risks, assets, and liabilities.

Robust ERP, MIS, and IT systems strengthened accounting, reporting, and statutory compliance across diverse manufacturing locations. Delegation to local management teams, supported by corporate guidance, has fostered independence and efficient project execution. Annual and half-yearly budgeting ensured disciplined capital allocation.

As a listed entity, Suprajit prioritised governance, regulatory compliance, and transparent disclosures, earning investor confidence. Ethical practices, dividend distribution, and strong relationships with stakeholders, banks, customers, and employees continue to underpin the Group's sustainable growth.

**James Gerard
Ryan**

President - SCD

Suprajit Controls Division (SCD) transitioned from integration to growth, delivering 3.25% revenue growth and a 40.3% EBITDA increase, despite market challenges. Operational gains in Wescon, Lone Star, and Siofok drove margin improvements, though Mexico was impacted by tariff issues. Customers are engaged and resolution expected early next year.

The Tranche 1 SCS acquisition boosted YoY growth to 15.8%, with short-term margin dilution anticipated to reverse as operations stabilize. SCD achieved a record \$39M in strategic new business wins, including key OEM breakthroughs in off-highway, ICE, and EV sectors, while advancing cross-division synergies under the "Beyond Cables" strategy. Resilience, adaptability, and strategic execution position SCD for continued profitable growth amid evolving global challenges.

**Narayan
Shankar K**

COO - Domestic
Cable Division

Suprajit's Domestic Cable Division, the company's oldest, is driving growth "Beyond Cables" with products such as latches, brake systems, mirrors, and more, while partnering closely with EV OEMs. With strong domestic and export aftermarket performance, TPM-led efficiency improvements, and a customer-focused, agile workforce, the division is well-positioned to meet evolving market demands and capture new opportunities through innovation and market expansion.

Ashutosh Rai

Chief Technology
Officer

At Suprajit, we believe in developing products from fundamentals, ensuring our customers receive ideal and highly optimized solutions to their requirements. This demands a fundamental analysis of the problem statement, the environment, and the factors contributing to product performance. This approach - and ultimately the success of our new products - has transformed our customers' perception of us from a "cable maker" to a solutions provider, enabling us to deliver greater value and move up the value chain.

We believe that focus - the deep and expansive knowledge of a select few products - rather than dispersion - a shallow knowledge of many products - is what differentiates Suprajit and allows us to innovate in the spaces we choose to be in. Our product focus has been, and remains, on just three areas: braking, electro-mechanical actuation, and display systems.

A key initiative in FY25 and FY26 is to leverage the multinational reach of our engineering teams by sharing product lines and process know-how across regions. This will mean a larger product portfolio for our business development teams to offer to customers anywhere in the world.

**Akhilesh
Goel**

COO, Phoenix
Lamps Division

In 2024-25, Phoenix Lamps Division delivered strong results driven by lower commodity prices, continued VA/VE and productivity initiatives, and growth in OEM supplies, despite export declines, halogen bulb demand reduction, and challenges in the PV segment. The year saw stable retrofit 2W LED sales, the launch of the retrofit HS1 LED bulb for OEMs, geographic expansion, ESG performance gains, and ongoing cost optimization to strengthen competitiveness for 2025-26.

Praveen Rao

COO
Suprajit SED

In 2024-25, Suprajit Electronics Division achieved over 25% sales growth across clusters, sensors, driver modules, and actuators, driven by multiple new launches, key OEM recognitions, and approvals from major global non-automotive OEMs for sensor and actuator exports. With upcoming advanced connected HMI devices, sensors, and actuators from the Tech Centre, and continued focus on reliability, innovation, and QCDDMM excellence, the division is poised for sustained accelerated growth.

Neil Collis

Managing Director
Suprajit Europe Ltd.

In 2024-25, Suprajit's European operations overcame supply chain disruptions from the Red Sea crisis, maintaining 100% delivery performance through close customer collaboration and strategic use of premium freight. With continued operational gains, multiple new OEM launches, and the integration of SCS teams in Germany and Morocco - including a new warehouse in Hungary - the division is poised to build on its momentum in sales and operations in the coming year.

Gopal Doraiswamy

VP – Sales & Business
Development, Suprajit
Controls Division

In FY 2025, Suprajit secured major new automotive and electronics business wins, positioning Suprajit Automotive, Shanghai Lonestar, and the Electronics Division for strong future growth, while expanding global customer trust in non-cable products. Despite macroeconomic and tariff headwinds, the global sales team is leveraging expanded capabilities, optimized tariff solutions, and new product applications to pursue long-term contracts and capitalize on growth opportunities, particularly in China's rising automotive market.

Saliha Krich

Managing Director,
Luxlite Lamp SarL

Luxlite-Trifa maintained stable revenues while completing a major restructuring of its European operations, setting the stage for global expansion of the Trifa brand. By focusing on competitive value, extensive market coverage, customer-centric sourcing, flexible packaging, operational agility, quality compliance, and environmental responsibility, the company is positioned to strengthen its presence in a challenging European market and capture new growth opportunities.

**Deepak
Mangalore**

Vice President - HR

Suprajit deepened the integration of its Employee Vision, Core Values, and Talent Acceleration frameworks into everyday culture, leadership, and decision-making, while expanding structured learning, succession planning, and internal mobility to strengthen leadership continuity. With a sharper focus on manager capability building, a four-dimensional wellness framework, and a strong people-first culture, the company aims to harness its workforce as the true multiplier of strategy and driver of future growth.

Pascal Bradu

General Manager -
Wescon Controls LLC

In 2024-25, Wescon Controls achieved positive revenue growth despite flat OPE demand and a sharp agriculture market decline, driven by diversification into new markets, major OEM wins in “Beyond Cables” products, and entry of sensor solutions into the off-highway sector. Productivity gains, cost optimization, supply chain enhancements, and a refined “make or buy” strategy have strengthened efficiency and set a solid foundation for continued growth.

Hence, in compliance with the Circulars, the AGM of the Company is being held through VC. The registered office of the Company shall be deemed to be the venue for the AGM.
2. A Statement pursuant to the provisions of Section 102 of the Companies Act, 2013 relating to the Special Business to be transacted at the Annual General Meeting is annexed hereto.
3. A Member entitled to attend and vote at the Meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a Member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed hereto.
4. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
5. Since the AGM being held through VC / OAVM, the route map of the venue of the Meeting is not annexed hereto.
6. The Notice of the AGM has been uploaded on the website of the Company at www.suprajit.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e., www.evotingindia.com.
7. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
8. Pursuant to Circulars, the facility to appoint Proxy to attend and cast vote for the Members is not available for this AGM. However, pursuant to Section 113 of the Companies Act, 2013, representatives of the Bodies Corporate can attend the AGM through VC / OAVM and cast their votes through e-voting.
9. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC / OAVM. Corporate Members intending to authorize their representatives to participate and vote at the Meeting are requested to send a certified copy of the Board Resolution / authorization letter to the Company OR upload on the e-voting portal.
10. The Register of Members of the Company will remain closed from September 7, 2025 to September 13, 2025 (both days inclusive).
11. An Interim Dividend of ₹1.25 (125%) declared on February 12, 2025 has been paid to those Members, whose names appeared on the Company's Register of Members / Beneficial Owners Position as per the records of the depositories as on February 18, 2025 (Record Date). Members who have not so far encashed the dividend are advised to submit their claim to the Company (Email Id: investors@suprajit.com) or RTA (Email Id: gopi@integratedindia.in) quoting their Folio No. / DP ID Client ID.
12. Final Dividend of ₹1.75 (175%) per Equity Share as recommended by the Board, if approved by the Members, will be paid to those Members whose names appear on the Register of Members of the Company / beneficial owners as per the records of depositories as at the end of September 6, 2025.
13. SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021 (subsequently amended by Circular Nos. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated December 14, 2021, SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 March 16, 2023 and SEBI/HO/MIRSD/POD-1/P/CIR/2023/181 November 17, 2023) has mandated that with effect from April 1, 2024, dividend to security holders (holding securities in physical form), shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature.
14. Members may note that the Income-tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid PAN	10% or as notified by the Government of India
Members not having PAN / valid PAN	20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be paid during the financial year 2024-25 does not exceed ₹ 5,000 and also in cases where members provide Form 15G / Form 15H (Form 15H is applicable to individuals aged 60

years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

Also, no tax shall be deducted for Shareholders (e.g. LIC, GIC for whom Section 194 of the Act is not applicable), Persons Covered under Section 196 of the Act (e.g. Mutual Funds, Govt.) and Category - I & II Alternative Investment Funds (AIF) registered with SEBI on submission of documents as below:

Shareholders (e.g. LIC, GIC for whom Section 194 of the Act is not applicable)	<ul style="list-style-type: none"> - Documentary evidence that the said provisions u/s 194 are not applicable. - a declaration that it has full beneficial interest with respect to the shares owned by it along with PAN

Category - I & II Alternative Investment Funds (AIF) registered with SEBI	<p>AIF established / incorporated in India - Self-declaration that its income is exempted under Section 10 (23FBA) of the Income Tax Act, 1961 and they are governed by SEBI regulations as Category I or Category II AIF along with self-attested copy of the PAN card and registration certificate</p>

For non-resident shareholders taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable.

In order to apply the Tax Treaty rate, following documents would be required:

1)	Self-attested copy of Indian Tax Identification number (PAN), if available
2)	Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the shareholder is a resident
3)	Form 10F duly filled and signed
4)	<p>Self-declaration from Non-resident, primarily covering the following (Please Click the below Link to download the Form https://ipostatus.integratedregistry.in/TaxExemptionRegistration.aspx</p> <ul style="list-style-type: none"> - Non-resident is eligible to claim the benefit of respective tax treaty. - Non-resident receiving the dividend income is the beneficial owner of such income - Dividend income is not attributable / effectively connected to any Permanent Establishment (PE) or Fixed Base in India. - Declaration stating that the construct and affairs of the shareholders are not arranged with the main or principal purpose of obtaining any tax benefits, directly or indirectly, under the Tax Treaty.

However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA"), read with Multilateral Instrument between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Self-attested copy of PAN if available / Self-attested copy of Indian Tax Identification number (PAN), if available

- Self-declaration in Form 10F
- Self-declaration by the member of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by the member

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents.

Kindly note that the Company is not obligated to apply the beneficial Tax Treaty rates at the time of tax deduction/ withholding on dividend amounts. Application of beneficial Tax Treaty Rate shall depend upon the completeness of the documents submitted by the Non- Resident shareholder and review to the satisfaction of the Company.

Shareholders who are exempted from TDS provisions through any circular or notification may provide documentary evidence in relation to the same, to enable the Company in applying the appropriate TDS on Dividend payment to such shareholder.

The aforesaid documents, as applicable, should be received from registered e-mail ID by e-mail to Integrated Registry Management Services Pvt. Ltd at their e-mail id gopi@integratedindia.in / giri@integratedindia.in or the same can be uploaded on the web link of RTA https://www.integratedindia.in/Exemption_Form_Submission.aspx on or before September 13, 2025 to enable the Company to determine the appropriate TDS / withholding tax rate applicable and remit the same to the Government within the stipulated date. No communication on the tax determination / deduction received post September 13, 2025 shall be considered for payment of Dividend with the appropriate deduction / no deduction.

For withholding of taxes as mentioned above, the residential status of the shareholders will be considered as per the data available with the Company / RTA / the Depository Participants (the "DPs"). In case there is change in their status, then the shareholders are requested to update their current status with the Company / RTA / the DPs on or before September 13, 2025.

25. Additional information pursuant to Regulation 36 of SEBI Listing Regulations in respect of the Directors seeking appointment / re-appointment at the AGM is annexed separately, which forms part of this Notice.

Voting through Electronic means:

26. In compliance with Section 108 of the Act, read with the corresponding rules, Regulation 44 of the LODR Regulations and in terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a Member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
27. The voting period begins on Tuesday, September 9, 2025 at 9.00 AM IST and ends on Friday September 12, 2025 at 5.00 PM IST. During this period, the Members whose names appear in the Register of Members / list of Beneficial Owners as on September 6, 2025 i.e. the date prior to the commencement of Book Closure date, are entitled to vote on the Resolutions set forth in this Notice. The e-voting module shall be disabled by CDSL for voting thereafter.
28. The facility for voting during the AGM will also be made available. Members present in the AGM through VC and who have not cast their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through the e-voting system during the AGM.
29. Shareholders who have already voted prior to the Meeting date would not be entitled to vote at the Meeting again. However, they can participate in the VC / OAVM.
30. The Members can join the AGM in the VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the EGM / AGM through VC / OAVM will be made available to at least 1000 members on first come first serve basis. This will

not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

THE INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- i) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on

various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- ii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Post buy-back, the paid-up share capital of the Company reduced to ₹137,069,385/- (Rupees One Thirty Seven Million Sixty Nine Thousand Three Eighty Five Only).

OPERATIONS – MANAGEMENT DISCUSSION AND ANALYSIS:

During the year, your Company announced the signing of Share and Asset Purchase Agreement for the acquisition of the business of Stahlschmidt Cable Systems (SCS), out of insolvency proceedings in Germany. This was a two-stage acquisition. The first tranche involving European and Moroccan part was successfully completed effective 1st July 2024. The second tranche involving the operations in China and Canada was completed effective 1st June 2025. SCS, a renowned manufacturer of automotive cable systems, went into insolvency due to significant losses. Considering manufacturing footprint in Morocco and China, an engineering and business development centers in Germany and Canada, makes this an ideal fit for your company's long-term plan. With the acquisition of LDC entities from Kongsberg Automotive 2 years ago and now SCS, your Company has a perfect global footprint for its customers to offer onshore, near-shore and low-cost manufacturing footprints, unmatched by the competitors.

Your Company, on a standalone basis, recorded an operational income of ₹17,184.63 million during the financial year 2024-25 as against ₹15,367.36 million during the financial year 2023-24 reflecting a growth of 11.83%. Operational EBITDA for the year was ₹2,979.27 million during the financial year 2024-25 as against ₹2,759.63 million during the financial year 2023-24 recording a growth of 7.96%. The consolidated group operational income, excluding SCS, was ₹31,056.40 million for the financial year 2024-25 as against Rs. 28,958.55 million for the financial year 2023-24 recording a growth of 7.24%. The consolidated Operational EBITDA, excluding SCS, for the year was ₹4,011.45 million during the financial year 2024-25 as against ₹3,258.55 million during the financial year 2023-24 recording a growth of 23.11%. Consolidated EBITDA, excluding SCS at 12.92% shows a significant improvement compared to the previous year.

The income for the 9 months for acquired operations relating to SCS in Europe was ₹1,713.12 Million with an Operational EBITDA loss of ₹490 Million. This is largely due to the fact that these entities are acquired from insolvency. It is expected that by the end of the current financial year SCS entities / assets purchased are expected to turn EBITDA positive.

SUPRAJIT CONTROLS DIVISION (SCD) :

Global uncertainty, geopolitical disruptions, and a general economic slowdown, along with inflation, significant wage increases in Mexico, special import duties for Chinese products, etc had its impact on growth. The non-automotive business remained muted this year. However, strong order wins in the automotive division across geographies are a clear silver lining for this division. Operationally, all the plants are performing satisfactorily. The year also saw the relocation of the China plant.

Despite these challenges, the operational revenue of the division grew by 3% with an EBITDA of 9.74% for the year, excluding SCS entities. The EBITDA margin improved from 6% to 9.7% excluding SCS, showing a turnaround in operations.

ACQUISITION:

During the year the Company has announced the acquisition of Stahlschmidt Cable Systems (SCS), out of insolvency proceedings in Germany. SCS is a well-known Light Duty Cable maker with a marquee customer base. SCS brings valuable low-cost manufacturing capabilities in Morocco, a strong German engineering and sales team, and China exports through Canada. Headquartered in Germany, SCS has plants in Morocco and China.

The Acquisition was completed in two stages through Suprajit USA Inc., the wholly owned subsidiary of the Company: The first stage (Germany, Poland and Morocco) and China, Canada in second stage. For completion of acquisition the Company has incorporated Suprajit Germany GmbH, Germany, Suprajit Canada Limited, Canada and Suprajit (Jiaxing) Automotive Systems Company Limited, China.

DOMESTIC CABLE DIVISION (DCD):

DCD manufactures cables and certain new products beyond cables in India.

The DCD performed well with 13% growth in income. The operational EBITDA was at 16.70% for the year 2024-25 as against 17.95% for the year 2023-24 largely due to increased employee strengths at STC and Corporate, to meet the future requirements of the Company. The division, while consolidating its position with the OEM customers and aftermarket, will also focus on 'Beyond Cables' projects including CBS, latch assembly, actuators, other braking products, etc.

PHOENIX LAMPS DIVISION (PLD):

PLD manufactures Halogen lamps in India for domestic market, direct exports and through Luxlite. While the operational revenue remained flat, the division delivered strong EBITDA margin at 14.8% compared to 12.1% last year. There has been good traction of Trifa brand in the global market.

SUPRAJIT ELECTRONICS DIVISION (SED):

SED comprises of Electronics facility at Doddaballapur - a new division of your Company.

SED sales grew by 27.41% with an operating EBITDA margin of 7.25%. The division established a second SMT line during the year. One of the key EV customers reduced business volumes significantly, leading to certain underutilization of the expanded facility. Significant efforts are put in by the team to ensure new businesses in domestic and export markets. Deliveries of actuators, digital clusters, rotary sensors and other products to customers continue to scale new highs.

SUPRAJIT TECHNOLOGY CENTRE (STC):

STC is the Innovation Center at Suprajit Group, located in Bengaluru.

STC, is focused on developing multiple products, including electronics, actuators, digital clusters and braking products. Working closely with the customers, new contracts have been won for the products of STC. Many products are under evaluation with customers. A larger premise to house growing STC team is being set up at Plot No. 100, Bommasandra Indl. Area, Bengaluru.

SUPRAJIT CHUHATSU CONTROL SYSTEMS PRIVATE LIMITED:

During the year the Company has incorporated Suprajit Chuhatsu Control Systems Private Limited. The Company has signed a Memorandum of Understanding (MOU) with Chuo Spring Company Limited, Japan (Chuo). This collaboration includes a 50:50 joint venture (JV) in India to design, manufacture, and supply transmission cables, and a Technical Assistance (TA) agreement, which grants JV access to Chuo's unique Japanese Transmission cable technology.

The JV and TA will first focus on delivering projects for India's two leading Japanese PV OEMs. The collaboration brings together two globally recognised cable suppliers. It extends the reach of Chuo's special Transmission cable technology to India and may further support Suprajit's global OEM customers. The collaboration further expands SEL's product range to key Japanese customers, and the transmission cable market, going forward.

CURRENT YEAR AND OUTLOOK FOR THE FUTURE:

While the uncertainties related to global conflicts and tariffs remain unresolved, the year ahead will be a year of consolidation and growth. The recent announcement of consolidation of Suprajit Controls Division along with focussed domestic activities and new product launches will usher a new era for Suprajit and its future growth. Our strategy to derisk and grow profitably through our four divisions and STC would create a clear long term sustainable profitable growth for your company. This will be further strengthened with our One-Suprajit solution through SAP, IoT, PLM, etc.

Suprajit is one of the few cable companies in the world who can provide clear options to customers to supply from onshore, nearshore and low-cost destinations. This makes your Company a strategically important supplier to our marquee customer base.

SALIENT FEATURE OF FINANCIAL STATEMENT OF SUBSIDIARIES:

A separate statement in Form AOC-1, is given as **Annexure-1**, which contains the salient features of the financial statement of Subsidiaries. The Annual Accounts and related documents of the Subsidiary Companies will be kept open for inspection at the Registered Office of the Company. 18. MANAGEMENT DISCUSSION & ANALYSIS REPORT

a) INDUSTRY STRUCTURE AND DEVELOPMENT:

Your Company continues to be the market leader in automotive cables in the world and with the acquisition of SCS, have expanded the manufacturing footprint to include Morocco. Further gained trust of major Automotive OEMs in Europe and USA along with their tier 1 vendors. In the product of Halogen Lamps, continue the pole position in India, both in the Original Equipment Manufacturing (OEM) and Aftermarket segments, while expanding worldwide supplies through exports to many countries for original fitment as well as in the aftermarket. The Electronics division has shown continued growth and successfully supported your manufacturing facilities in Mexico and Hungary. Post the acquisition of SCS and Kongsberg's Light duty cable division, it is time to consolidate all operations and businesses worldwide. In this direction, your company has embarked upon a consolidation phase of all the acquired entities worldwide, which will bring in cost advantages and draw upon the global reach to further win business worldwide. Commercialization of products generated out of Suprajit Technology Centre has gained traction both in Mechanical products like the Combined Brake system, Mechanical Disc brake system and with electronics products like Digital speedometers, Sensors, and actuators. Your company, with its strong belief in "De-risk and Diversify" strategy, is now in a much better position compared to peers in the current atmosphere of rising trade barriers and increased complexities of the supply chain. This is primarily due to its diverse presence across geographies, products, customers, and segments. Focus continues to Optimise, streamline and assimilate the acquired entities with a focused attention on cost optimization across all business divisions, introduction of new products, which will help Company to enhance the value proposition to the customers and be perceived as a "Technology and a Solution provider".

b) OPPORTUNITIES AND THREATS:

OPPORTUNITIES:

- The mantra of positioning the manufacturing plants as "On-Shore, Near-Shore and Off-Shore" facilities for the US and EU markets provides good risk-reward proposition to our customers and is being increasingly valued by the customers.
- Move towards protectionism and raising of trade barriers in USA and in EU region is an opportunity for our various plants across the globe.
- The current trend in the Global Industry of a "China + 1" strategy and in some cases going local in procurement from companies which are multilocal, spread across the globe.

4. Your Company is recognised by the OEMs and the Tier 1 players globally, as a preferred cable and control system provider with global R&D and manufacturing footprint.
5. Reducing capacities world over for the Halogen Bulbs and vacated by some of the bigger players provides your Company to expand into these territories and grow the market share in a dwindling market, in this product range.
6. Good export potential for cables and halogen lamps in the OEM business.
7. Good potential to grow in the domestic business and in the aftermarket.
8. Your company is positioned to provide subsystems and mechanisms along with the Cables.
9. Potential to grow aftermarket through OLM brands as well.
10. Introduction of additional products for the aftermarket.
11. Your company is in the process of partnering with technology players, while continuing its focus on developing technology in-house and is now being viewed as a "Technology Provider" in the Industry.
12. Added capability of "Braking systems" and "Electronics / Mechatronics" products into the product portfolio is a huge push to think and expand "beyond cables" and as an Engineering company providing solutions to real life problems in the Industry.

THREATS:

1. War in Ukraine continues to be a major threat with the added middle east war, which has led to economic slowdown and uncertainties, particularly in the EU.
2. The "Red Sea" and the "Panama Canal" problems have raised the freight and container costs and added to the supply chain uncertainties.
3. Protectionist moves by the economic super giants like USA and China is disrupting established trade and supply chains.
4. High inflation and relatively high interest rates can slow down the world economy significantly.
5. The service quality and delivery issues can lead to costs and margin erosion.
6. Unpredictable and unstable situation in commodity prices and its availability.
7. Currency fluctuations.
8. Labour shortages and increasing in labour costs in countries like India, China, Mexico, and Hungary.
9. LED replacing the Halogen Bulbs continues to be a threat in the OE head lamp segment.
10. Technological changes could pose a threat to the fit and form of the certain Cable requirements and will need more innovative functioning in these vehicles with the Cables.

c) SEGMENT WISE OR PRODUCT WISE PERFORMANCE

As of March 31, 2025, the Company is engaged in manufacturing and trading of automotive cables and components, Non-Automotive Cables and Components, Halogen lamps, LED Drop-in solutions, Digital and Mechanical instrument clusters, mechatronic products like "Seat latch", "Steering locks", "Head rest mechanism", Braking products like Brake shoes, Brake pads, combi-brake system, brake lever assemblies etc.

The Company has identified this as single business segment and that being manufacturing and selling of automotive and other components. The internal reporting and performance of the Group is assessed by the Chief Executive Officer as single segment. However, for the purpose of explaining the performance of the Company to investors, the management provides further break down at product and customer level.

d) OUTLOOK:

The business outlook from the customer continues to be unclear and hence it is difficult to estimate at this moment. The continued war in middle east, uncertainties in the Red sea area, rising inflation in USA are contributing to the uncertainties globally, while the move from ICE (Internal combustion engine) to alternative power trains like Hybrid, CNG, EV is moving at a rapid pace in India with many emerging new players. Alternate power trains like CNG, Hybrids with technological innovations accompanying with it proves to be challenging the hegemony of pure play, "Battery Operated Electric vehicles (BEVs)". Climatic changes is a recognized factor in the business outlook with greater uncertainties in the weather patterns across the globe. Your company is ready to take any increased volumes, escalating commodity prices, controlling costs through TPM activities and facing new emerging technologies with new products from the Technology Center by engaging both traditional players and the new players in the marketplace.

e) RISKS AND CONCERNS:

The major concerns for the current year are the continued war in Ukraine and Gaza leading to economic disruption, the major shipping routes being held to ransom, continued rumblings in the South China sea, and high inflation in large parts of the world economy, political uncertainties with certain democratic nations going in for elections. This is compounded by uncertainties due to the tariffs being imposed and continuous changes on the policy and process in the USA market. Starving the world of "Rare earth materials" like Neodymium is a significant risk to the industry world wide more specifically to the EV industry in India.

The Company's risk management strategy encompasses in-depth identification, assessment and Prioritization of risk followed by speedy mobilization of resources to minimize, monitor, and control the losses of unfortunate events.

f) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has an adequate system of internal controls commensurate with its size to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition. All the transactions are authorized, recorded, and reported correctly.

The Company's internal control systems are further supplemented by an extensive program of internal audit by a firm of Chartered Accountants and periodic review by the Management. The internal control system is designed to ensure that all financial and other records are reliable for preparing financial statements and for maintaining accountability of assets.

Internal Controls department that was formed to ensure roll out of "Standard Operating Procedures", has been addressing the points raised by the Internal auditors to strengthen the overall systems, controls, and processes. Standardisation of systems, processes and Controls is an ongoing exercise across all the entities within your Company group worldwide.

g) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES & INDUSTRIAL RELATIONS FRONT INCLUDING NUMBER OF PEOPLE EMPLOYED:

Employees continue to be the key for the continued success of Organization. Industrial relations have been generally harmonious in all units. A 'Chairman's Club' continues to identify, nurture, train and fast-track high caliber employees.

Continuous learning, training, upskilling, and building the team spirit continues and regular in-house training programs for employees at all levels help in these objectives. A special project has been launched to ensure continuity of managerial and other talents through a structured "Succession planning process" called TASC. While getting skilled manpower at various levels in the operations continues to be a challenge and employee turnover remained low during the year. The Company has satisfactory recruitment system in place to address every challenging requirement of the Company at all levels of the organization.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R / O)	Rationale for identifying The risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Waste Management & Circular Economy	Opportunity	Embracing circular economy principles through waste reduction, reuse, and recycling helps minimize landfill dependency and promotes resource efficiency.	Implement 3R strategies (Reduce, Reuse, Recycle), Monitor hazardous waste handling practices Train employees on waste segregation and Engage with authorized recyclers and disposal vendors	Negative Impact
2	Energy Consumption	Risk	Energy costs form a significant portion of operational expenditure. Fluctuations in energy prices and regulations can impact profitability.	This is managed through forecasting of potential regulatory impacts on our costs and initiating mitigation action to reduce this through our operational performance, including energy efficiency investment, long term price modelling and energy procurement and renewable electricity targets.	Negative Impact
3	Reduce Carbon Footprint	Opportunity	Minimizing carbon emissions is vital to addressing climate change and meeting evolving environmental compliance standards. It also creates opportunities to boost operational efficiency, lower costs, and position.	We are actively working to lower its carbon footprint by integrating energy efficient technologies in operations, streamlining logistics to cut transport-related emissions, and prioritizing procurement of renewable and sustainable materials. Further, we promote a culture of environmental consciousness through employee engagement initiatives focused on climate action.	Positive Impact
4	Cybersecurity & Data Protection	Risk	Increasing digitalization exposes the company to data breaches and cyber threats, potentially affecting customer data, internal systems, and compliance.	We have adopted multi-layered data security protocols, conducts regular IT audits, and ensures employee training on data protection. Our IT department actively monitors vulnerabilities and maintains incident response mechanisms.	Negative Impact
5	Occupational Health & Safety	Risk	Ensuring a safe working environment is critical. Workplace accidents can disrupt operations and affect employee morale and compliance status.	We follows strict EHS guidelines across all manufacturing units. Regular safety audits, safety training sessions, PPE usage monitoring, and root cause analysis of incidents help mitigate health and safety risks.	Negative Impact

PRINCIPLE 6:**Businesses should respect and make efforts to protect and restore the environment.**

We follow strict environmental regulations and responsibly manage hazardous and non-hazardous waste. Our practices include:

- Segregation at source with color-coded bins
- Separate storage for different types of waste
- Quantity tracking and disposal through authorized dealers

We did not undertake projects requiring environmental impact assessments during the year, and none of our units are located in ecologically sensitive areas.

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format

Parameter	FY 2024-25	FY 2023-24
From renewable source		
Total electricity consumption (A)	12040 GJ	7710 GJ
Total fuel consumption (B)	-	-
Energy consumption through other sources (C) (Solar/Wind)	-	-
Total energy consumed from renewable resources (A+B+C)	12040 GJ	GJ
From non-renewable source		
Total electricity consumption (D)	73403 GJ	70750 GJ
Total fuel consumption (E)	26998 GJ	24764 GJ
Energy consumption through other sources (F)	-	-
Total energy consumed from non-renewable sources (D+E+F)	100401 GJ	95514 GJ
Total energy consumed (A+B+C+D+E+F)	112441 GJ	103224 GJ
Energy intensity per Rupee of turnover (Total energy consumed/ revenue from operations)	65.4 GJ / Crore of Turnover	67.2 GJ / Crore of Turnover
Energy intensity per Rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	15.90 GJ / Crore of PPP adjusted Turnover	18.4 GJ / Crore of PPP adjusted Turnover
Energy intensity in terms of physical output	-	-
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency.

No, an independent assessment, evaluation, or assurance has not been carried out by any external agency.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

The operations of the company are not covered under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water		
(ii) Groundwater	96241	86602
(iii) Third party water*	52674	46170
(iv) Seawater / desalinated water		
(v) Others		
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	148915	132772
Total volume of water consumption (in kilolitres)	148915	132772
Water intensity per Rupee of turnover (Total water consumption / Revenue from operation)	86.7 KL / Crore of Turnover	86.4 KL / Crore of Turnover
Water intensity per Rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	21.0 KL / Crore of PPP adjusted Turnover	23.7 KL / Crore of PPP adjusted Turnover
Water intensity in terms of physical output	-	-
Water intensity (optional) - the relevant metric may be selected by the entity	-	-

*Municipal Water

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency.

No. independent assessment/ evaluation/assurance has been carried out by an external agency

4. Provide the following details related to water discharge:

Parameter	FY 2024-25	FY 2023-24
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water	0	0
- No treatment		
- With treatment - please specify level of treatment		
(ii) To Groundwater	0	0
- No treatment		
- With treatment - please specify level of treatment		
(iii) To Seawater	0	0
- No treatment		
- With treatment - please specify level of treatment		
(iv) Sent to third-parties		
- No treatment		
- With treatment - please specify level of Treatment (STP Treated water)	2177	1313
(v) Others	0	0
- No treatment		
- With treatment - please specify level of treatment		
Total water discharged (in kilolitres)	1313	1313

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, an independent assessment, evaluation, or assurance has not been carried out by any external agency.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation
- No
6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25	FY 2023-24
NO _x	mg/Nm ³	24.44	27.9
So _x	mg/Nm ³	14.09	9.6
Particulate matter (PM)	mg/Nm ³	32.36	38.1
Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-
Others – please specify	-	-	-

Note: Indicate if any independent assessment / evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency.

No independent assessment / evaluation/assurance has been carried out by an external agency.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric ton of CO ₂ equivalent	1947	1658
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric ton of CO ₂ equivalent	14823	16174
Total Scope 1 and Scope 2 emissions per Rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric ton of CO ₂ Equivalent / Crores of Turnover	9.8	11.7
Total Scope 1 and Scope 2 emission intensity per Rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric ton of CO ₂ Equivalent / Crores of PPP adjusted Turnover	2.4	3.2
Total Scope 1 and Scope 2 emission intensity in terms of physical output		-	-
Total Scope 1 and Scope 2 emission intensity (optional) - the relevant metric may be selected by the entity		-	-

Note: Indicate if any independent assessment / evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency.

Yes, the sustainability consultants “Sustainability Actions Private Limited” has done assessment of the above calculations.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

The Company has installed the renewable solar plants in 6 units, which will be able to generate 2756 KWP. The Company has entered into power purchase agreement in order to enhance its source of renewable power supply for the plants located in the State of Karnataka.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25	FY 2023-24
Total Waste generated (in metric ton)		
Plastic waste (A)	114.66	114.7
E-waste (B)	0.54	0.5
Bio-medical waste (C)	0.01	0.0
Construction and demolition waste (D)		0.0
Battery waste (E)	0.20	0.2
Radioactive waste (F)		
Other Hazardous waste. Please specify, if any. (G)- Used Oil	2.02	3.5
Oil soaked Cotton waste (H)	4.14	1.6
Zinc (I)		4.4
Paint Sludge (J)	0.62	0.6
Total Other Hazardous Waste (G+H+I+J)	6.78	10.18
Other Non-hazardous waste generated if any. (K) - Paper	4.05	5.6
Steel (L)	319.95	279.0
Wood (M)	112.06	68.1
Corrugated Box (N)	224.99	179.7

Waste intensity per Rupee (Crores) of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP)	0.12 Tons/ Cr of PPP adjusted turnover	0.14 Tons/ Cr of PPP adjusted turnover
Waste intensity in terms of physical output	-	-
Waste intensity (optional) - the relevant metric may be selected by the entity	-	-

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric ton)		
Category of waste – Plastics / E-Waste / Battery / Zinc / Paper / Steel / Corrugated Box / Other Metal Waste / Glass Waste		
(i) Recycled	718.34	738.22
(ii) Re-used	-	-
(iii) Other recovery operations	-	-
Total	718.34	738.22
For each category of waste generated, total waste disposed by nature of disposal method (in metric ton)		
Category of waste		
(i) Incineration (Bio Medical Waste / Used Oil / Wood)	114.09	71.68
(ii) Landfilling (Paint sludge / Organic Waste)	19.35	17.9
(iii) Other disposal operations	-	-
Total	133.44	89.59

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency.

No independent assessment/ evaluation/assurance has been carried out by an external agency.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

We adhere to strict environmental compliance standards and ensure responsible disposal of hazardous waste through authorized dealers. Non-hazardous waste is systematically reused and recycled wherever possible.

The Company has established the following waste management practices:

1. **Segregation of waste at source** using color-coded bins for effective waste categorization.
 2. **Dedicated storage areas** for hazardous and non-hazardous waste to prevent cross-contamination.
 3. **Maintenance of quantity registers** for both the generation and disposal of waste in line with the Hazardous Waste Management Rules.
11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

The entity's operations and offices are not located in or around any ecologically sensitive areas.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

No projects were undertaken by the Company during the current financial year that required environmental impact assessments under applicable laws.

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, the Company is compliant with all applicable environmental laws / regulations / guidelines in India.

Leadership Indicators

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

- i. Name of the area - Not Applicable
- ii. Nature of operations - Not Applicable
- iii. Water withdrawal, consumption and discharge in the following format - Not Applicable

Parameter	FY 2024-25	FY 2023-24
Water discharge by destination and level of treatment (in kilolitres)		
i) Surface water	-	-
ii) Groundwater	-	-
iii) Third party water	-	-
iv) Seawater / desalinated water	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)
If yes, name of the external agency. - Not Applicable

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	-	-
Total Scope 3 emissions per Rupee of turnover		-	-
Total Scope 3 emission intensity (optional) - the relevant metric may be selected by the entity		-	-

Note: Indicate if any independent assessment / evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Not Applicable

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities
- The company does not have any plants around ecologically sensitive areas
4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sl. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Maintaining the power factor value nearby 0.99	Periodic monitoring and regular review of power consumption	Reduction of the Reactive power losses
2	Synchornization of DG with Solar	Instead of installing a higher capacity generator, we have completed the synchronization of a 320 KVA DG and 450 KWP solar plant in Unit 14	Reduced power consumption
3	Installation of higher capacity UPS	Higher capacity UPS prevents Breakdowns due to power losses. Thus reducing the Rejections/ Scrap	Rejection / Scrap Reduction
4	Efficient preventive maintenance measures for DG and transformers	Periodic maintenance is carried out to avoid unwanted breakdowns	Increased efficiency
5	STP projects	Installation of Sequence Batch Reactors (SBR) based Sewage treatment plants (STP) for water treatment and reuse	Reduced water consumption
6	Solar energy usage	Solar Energy used for power consumption	Reduction of CO ₂ emissions (Scope 2)
7	Maintaining the power factor value nearby 0.99	Periodic monitoring and regular review of power consumption	Reduction of the Reactive power losses

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words / web link.

Yes. The Company has business continuity and disaster management plan in place. This plan includes strategies for identifying potential risks, maintaining critical operations, facilitating quick recovery processes, data backup and recovery, alternative communication methods, and designated response teams. Directly sourced from MSMEs/ small producers	70%	72%
Sourced directly from within India	63%	66%

- Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage

Location	FY 2024-25	FY 2023-24
Rural	-	-
Semi-Urban	8%	6%
Urban	21%	25%
Metropolitan	71%	69%

Leadership Indicators

- Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above)

Sl. No.	Details of negative social impact identified	Corrective actions taken
1.	Nil	Nil

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

Sl. No.	State	Aspirational District	Amount spent (In INR)
1.	Nil	Nil	Nil

- (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized / vulnerable groups? (Yes/No):
No
- (b) From which marginalized /vulnerable groups do you procure?
NA
- (c) What percentage of total procurement (by value) does it constitute?
NA

3. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge

Sl.No.	Intellectual Property based on traditional knowledge	Owned / Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
1.	Nil	Nil	Nil	Nil

4. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Name of authority	Brief of the case	Corrective actions taken
Nil	Nil	Nil

5. Details of beneficiaries of CSR Projects:

Sl. No.	CSR Project	No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized groups

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31.03.2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members
SUPRAJIT ENGINEERING LIMITED
(CIN: L29199KA1985PLC006934)

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by SUPRAJIT ENGINEERING LIMITED (CIN: L29199KA1985PLC006934) (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31.03.2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Suprajit Engineering Limited for the financial year ended on 31.03.2025 according to the provisions of:

- i) The Companies Act, 2013 and the Rules made thereunder;

- iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act, 1992"): -
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018;
 - (h) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (i) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (j) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013;
 - (k) Circulars / Guidelines issued thereunder;
- (vi) There are no specific laws applicable to the Company pursuant to the business carried by the Company.
- (vii) The other general laws as may be applicable to the Company including the following:

(1) Employer / Employee Related Laws & Rules:

- The Factories Act, 1948
- The Employees State Insurance (ESI) Act, 1948
- The Employees Provident Funds & Miscellaneous Provisions Act, 1952
- Contract Labour (R&A) Act, 1970
- The Minimum Wages Act, 1948
- The Payment of Wages Act, 1936

STANDALONE FINANCIAL STATEMENTS OF SUPRAJIT ENGINEERING LIMITED

INDEPENDENT AUDITOR'S REPORT

To

The Members of Suprajit Engineering Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Suprajit Engineering Limited ("the Company"), which comprise the standalone Balance sheet as at March 31, 2025, the standalone Statement of Profit and Loss, including the statement of Other Comprehensive Income/(Loss), the standalone Cash Flow Statement and the standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income/ (loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance

with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment assessment of Investments in Subsidiaries (refer note 6(a) of the standalone financial statements)	
<p>As at March 31, 2025, the carrying value of investments in wholly owned subsidiaries included in the standalone balance sheet amounts to ₹3,908.32 million.</p> <p>To assess if there is any impairment in these investments, management conducts impairment tests annually or whenever changes in circumstances or events indicate that, the carrying amount of such investment may not be recoverable. An impairment loss is recognized if the recoverable amount is lower than the carrying value.</p> <p>The recoverable amount is estimated by calculating the value in use, basis valuation conducted by the management factoring future business plans and such valuation report/ future business plans are reviewed and approved by the Audit Committee/ Board of Directors of the Company.</p> <p>This is a key audit matter as the testing of investment impairment is complex and involves significant judgement. The key assumptions included in impairment tests are projected revenue growth, operating margins, discount rates and terminal growth etc.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> We understood the Company's process for identification of indicators for impairment and evaluated the Company's internal controls over its impairment assessment of investment in subsidiaries. We understood the key assumptions applied by the management such as revenue growth, operating margins, discount rates and terminal growth rates in determining impairment; We tested the key assumptions and considered the sensitivity scenarios performed by management; We tested the methodologies used and the computations by the management in their valuation reports; and We assessed the disclosures made in the standalone financial statements.

INDEPENDENT AUDITOR'S REPORT

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income/ (loss), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial

INDEPENDENT AUDITOR'S REPORT

statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph (i)(vi) below on reporting under Rule 11(g) and as explained in note 49(vii) to the standalone financial statements, the Company does not have server physically located in India for the daily backup of the books of account and other books and papers maintained in electronic mode in case of two applications;
 - (c) The standalone Balance Sheet, the standalone Statement of Profit and Loss including the Statement of Other Comprehensive Income/ (Loss), the standalone Cash Flow Statement and standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards

specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g);
- (g) With respect to the adequacy of the internal financial controls of the Company with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer note 36(a) to the standalone financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts including derivative contracts - Refer note 20 to the standalone financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in note 10 and note 49(v) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including

INDEPENDENT AUDITOR'S REPORT

foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. a) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- b) The interim dividend declared and paid by the Company during the year and until the date of this audit report is in accordance with section 123 of the Act.

- c) As stated in note 17 to the standalone financial statements, the Board of Directors of the

Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. Based on our examination which included test checks, and as explained in note 49(vii) to the standalone financial statements, the Company has used four accounting software for maintaining its books of accounts in respect of which audit trail was not enabled for the application and the underlying database. Accordingly, we cannot comment upon whether during the year there was any instance of audit trail feature being tempered with. Additionally, where applicable, the audit trail in respect of said software for the financial year ended March 31, 2024 has not been preserved by the Company as per the statutory requirements for record retention.

"REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN
DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SUPRAJIT ENGINEERING LIMITED**

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.
- (iii) (a) During the year the Company has provided loans, advances in the nature of loans to other parties as follows:

Particulars (₹ in million)	Guarantees	Loans	Advances in the nature of loans
Aggregate amount granted / provided during the year			
- Subsidiaries	-	3,208.77	
- Others (i.e. employees)	-	-	15.48
Balance outstanding as at balance sheet date in respect of above cases			
- Subsidiaries	5,006.51	3,252.09	-
- Others (i.e. employees)	-	-	10.42

Other than the above, the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, limited liability partnerships or any other party.

- (b) During the year the investments made, guarantees provided and the terms and conditions of the grant of all loans, advances in the nature of loans and guarantees are not prejudicial to the Company's interest.
- (c) The Company has granted loans to a subsidiary and advances in the nature of loans during the year to other parties where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular.
- (d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- (e) There were no loans or advances in the nature of loans granted to companies, firms, Limited Liability Partnerships or any other parties which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 186 of the Act as applicable in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company. In our opinion and according to the information and explanations given to us, there are no loans to directors including entities in which they are interested in respect of which provisions of section 185 of the Act are applicable.
- (v) The Company has not accepted any deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to the manufacture of automobile components and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, duty of custom, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there have been slight delays in payment of advance income tax, tax deducted at source and professional tax in a few cases. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed dues in respect of goods and services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SUPRAJIT ENGINEERING LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Suprajit Engineering Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

1. Corporate information

Suprajit Engineering Limited ('the Company') is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The registered office of the Company is situated at No. 100 & 101, Bommasandra Industrial Area, Bengaluru - 560 099. The Company CIN is L29199KA1985PLC006934.

The Company is engaged in the business of manufacturing of auto components consisting mainly of control cables, speedo cables, auto lamps and other components for automobiles and caters to both domestic and international markets.

The standalone financial statements were authorised for issue in accordance with a resolution of the Company's Board of Directors on May 28, 2025.

2. Material accounting policies

(a) Basis of preparation of standalone financial statements

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements.

The standalone financial statements have been prepared on a historical cost basis, except for certain assets and liabilities which have been measured at fair value at the end of the reporting period, as explained further in the accounting policies below. The standalone financial statements are presented in Indian Rupees ("INR/ ₹") and all values are rounded to the nearest Million (INR 000,000), except when otherwise indicated.

(b) Use of estimates, assumptions and judgments

The preparation of the standalone financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the standalone financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

Impairment of financial assets

In accordance with Ind AS 109, the Company assesses impairment of financial assets ('Financial instruments') and recognises expected credit losses, which are measured through a loss allowance.

The Company provides for impairment of investment in subsidiaries. Impairment exists when there is a diminution in value of the investment and the recoverable value of such investment is lower than the carrying value of such investment.

The Company provides for impairment of trade receivables based on assumptions about risk of default and expected timing of collection. The Company uses judgement in making these assumptions and selecting inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date (refer note 38(b)).

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

The mortality rate is based on publicly available mortality

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

tables. These mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Fair Value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using internal valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Also refer note 2(e).

Share-based payments (Employee Stock Appreciation Plan)

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 45.

Taxes

The Company's major tax jurisdictions is in India. Significant judgments are involved in determining the provision for income taxes and tax credits, including the amount expected to be paid or refunded (refer note 33).

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that future taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and

the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts [Refer to note 2(l)].

(c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- expected to be settled in normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(d) Foreign currencies

The standalone financial statements are presented in Indian Rupee (₹), which is also the Company's functional currency. Transactions in foreign currencies are initially recorded by the Company at their respective functional

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

currency spot rates at the date, the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the standalone statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in other comprehensive income ("OCI") or the statement of profit or loss are also recognized in OCI or the statement of profit or loss, respectively).

(e) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy,

described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The Company's management determines the policies and procedures for fair value measurement. External valuers are involved, wherever considered necessary.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above. This note summarizes accounting policy for fair value and the other fair value related disclosures are given in the relevant notes.

(f) Revenue from contract with customer

The Company earns revenue from contract with customer primarily from sale of goods.

Revenue from contract with customers is recognized upon transfer of control of promised products to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer, it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Revenues in excess of invoicing are classified as contract assets (which we refer to as Unbilled Revenue)

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The revenue is collected immediately upon sale of goods or as per agreed credit terms which is within 0 to 365 days upon delivery.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated.

Variable Consideration

Rights of return, volume discounts, or any other form of variable consideration is estimated using either the sum of probability weighted amounts in a range of possible consideration amounts (expected value), or the single most likely amount in a range of possible consideration amounts (most likely amount), depending on which method better predicts the amount of consideration realizable. Transaction price includes variable consideration only to the extent it is probable that a significant reversal of revenues recognized will not occur when the uncertainty associated with the variable consideration is resolved. Our estimates of variable consideration and determination of whether to include estimated amounts in the transaction price may involve judgment and are based largely on an assessment of our anticipated performance and all information that is reasonably available to us.

Sale of Services

Revenue from service contracts are recognized as per the contractual terms as and when the services are rendered. No further obligations remains and the collection is probable.

Royalty Income

Royalty income is recognised on accrual basis in accordance with the substance of their relevant agreements.

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the standalone statement of profit and loss.

Export benefits

Export entitlements in the form of Remission of Duties and Taxes on Exported Products (RoDTEP) and Duty Entitlement Pass Book / draw back (DEPB) are recognized in the standalone

statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividend

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

(g) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the standalone statement of profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government grants related to expenditure on property, plant and equipment are credited to the statement of profit and loss over the useful lives of qualifying assets or other systematic basis representative of the pattern of fulfilment of obligations associated with the grant received. Grants received less amounts credited to the statement of profit and loss at the reporting date are included in the balance sheet as other liabilities.

(h) Taxes

Current income tax

Tax Expense comprises of current tax and deferred tax and is recognized in the standalone statement of profit and loss.

Current income tax assets and liabilities is the amount of income tax determined to be payable / recoverable in respect of taxable income as computed in accordance

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside the standalone statement of profit or loss is recognized outside the standalone statement of profit or loss (either in OCI or in equity in correlation to the underlying transaction). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

Deferred income tax

Deferred income tax is recognized using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

(i) Property, plant and equipment

Property, plant and equipment and capital-work-in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects, if the

recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the standalone statement of profit or loss as incurred.

Depreciation is calculated on a straight-line basis over the useful lives of the assets, as specified in Schedule II to the Act except in case of certain assets wherein depreciation is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Useful lives (years)

Buildings - Factory	30
Buildings- Others	60
Electrical installations	21
Plant and equipments	5 to 30
Dies and moulds	5
Furniture and fixtureS	10 and 15
Office equipments	5 and 10
Vehicles	8 and 10
Computers and networks	3 and 6

In respect of plant and machinery (excluding pipelines and electrical fittings etc.) used at any time during the year on double shift or triple shift basis, the depreciation for that period is increased by 50% or 100%, respectively.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the standalone statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(j) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the standalone statement of profit or loss in the period in which the expenditure is incurred.

Intangible assets are amortized over the useful economic life and assessed for impairment, whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset are reviewed at least at the end of each reporting period. The amortization expense on intangible assets is recognized in the standalone statement of profit and loss.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the standalone statement of profit and loss when the asset is derecognized.

A summary of amortization policies applied to the Company's intangible assets, is as below:

	Useful lives (years)
Trade mark	5
Software	3
Business rights	5
Patents	5

(k) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(l) Leases

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is or contains a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

	Useful lives (years)
Leasehold land	15 to 99
Buildings	3 to 5

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (n) Impairment of non-financial assets.

Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Companies lease liabilities are included in Interest-bearing loans and borrowings (refer note 18(b)).

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

(m) Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- **Raw materials:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- **Finished goods and work-in-progress:** Cost includes cost of direct materials and labour and a proportion

of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

- **Traded goods:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Cost is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(n) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ("CGU") fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Companies of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets / forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country in which the entity operates, or for the market in which the asset is used.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the standalone statement of profit or loss, unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(o) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the standalone statement of profit and loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provision for warranty is recognized based on the historical experience and future estimate claims by the management. The estimate of such warranty related costs is revised annually.

(p) Retirement and other employee benefits

Retirement benefit in the form of provident fund and employee state insurance which are defined contribution schemes. The Company has no obligation, other than the contribution payable to the provident fund and employee state insurance. The Company recognizes contribution payable to the provident fund and employee state insurance scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund i.e. Employee's Company Gratuity cum Life Assurance Scheme of Life Insurance Corporation of India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the standalone balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the standalone statement of profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes changes in the net defined benefit obligation which includes service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and net interest expense or income, as an expense in the standalone statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Company presents the leave as a current liability in the standalone balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where the Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(q) Share-based payment (Employee Stock Appreciation Plan)

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

That cost is recognized, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and / or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The standalone statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and / or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and / or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and / or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(r) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in below categories:

- Financial assets at amortized cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets, derivatives and equity instruments at fair value through profit or loss (FVTPL)

A 'Financial asset' is measured at the amortized cost, if both the following conditions are met:

- (i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. This category generally applies to trade and other receivables.

A 'Financial asset' is classified as FVTOCI, if both of the following criteria are met:

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

- (i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI.

FVTPL is a residual category for financial assets. Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the standalone statement of profit or loss.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the standalone statement of profit or loss.

Investment in subsidiary

Investments in subsidiary are carried at cost less provision for impairment, if any.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track

changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original Effective interest rate ('EIR'). ECL allowance (or reversal) recognized during the period is considered as income / expense in the standalone statement of profit and loss. This amount is reflected under the head 'other expenses' in the standalone statement of profit or loss.

The Company uses a provision matrix based on age to determine impairment loss allowance on portfolio of its trade receivables.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include borrowings, lease liabilities, trade and other payables, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification. Financial liabilities at fair value through the standalone statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the standalone statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains / loss are not subsequently transferred to profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the standalone statement of profit or loss.

Loans and borrowings

Borrowings is the category most relevant to the Company. After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in standalone statement of profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the standalone statement of profit and loss.

Financial guarantee

Financial guarantee issued by the Company that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument, is recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the standalone statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet, if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(s) Derivative financial instruments and hedge accounting

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swap to hedge its foreign currency risks and interest rate risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to the standalone statement of profit and loss.

Any derivative that is either not designated as a hedge or is so designated but is ineffective as per Ind AS 109, is

categorized as a financial asset or financial liability, at fair value through statement of profit and loss. Derivative designated as hedge and is effective as per Ind AS 109, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income.

(t) Cash and cash equivalents

Cash and cash equivalents in the standalone balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(u) Standalone statement of cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(v) Cash dividend to equity holders

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

(w) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the standalone financial statements.

(x) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The effects of anti-dilutive potential equity shares are not considered in calculating dilutive earnings per share.

(y) Segment reporting

In accordance with Ind AS 108, Operating segments,

segment information has been provided in the consolidated financial statements of the Company and therefore no separate disclosure on segment information is given in these standalone financial statements.

New and amended standards

Several amendments and interpretations apply for the first time annual periods beginning on or after April 01, 2024, but do not have an impact on the financial statements of the Company. The Company has not early adopted any standards or amendments that have been issued but are not yet effective.

The dividend declared / proposed and paid is in accordance with section 123 of the Companies Act, 2013.		

Nature and purpose of reserves

17.1 Capital reserve

The Company recognised capital subsidy received (₹4.58 Million) prior to April 1, 2017 and profit on forfeiture of the Company's own equity instruments (₹0.55 Million) to capital reserve.

17.2 Capital redemption reserve

Capital redemption reserve includes ₹293.70 Million arising on redemption of Preference shares of erstwhile Phoenix Lamps Limited and merger of Phoenix Lamps Limited with the Company, the balances have been brought as such to the Company. Further, the Company recognised capital redemption reserve of ₹1.50 Million and ₹1.50 Million on buy back of equity shares during the year ended March 31, 2022 and March 31, 2025 respectively.

17.3 Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

17.4 General reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

17.5 Share based payments reserves

Share based payments reserves represents employee share based expense recognised in fair valuation of option expenses on ESAR.

The management is confident that the demands raised by the Officers of the respective departments are not tenable under the respective statutory provisions. Pending outcome of the aforesaid matters under litigation, no provision has been made in the books of account towards these demands. The Company does not expect any material adverse effect in respect of the above contingent liabilities.</p> <p>** Net of tax provision made for pending litigations.</p> <p>#Corporate guarantee of USD 58.5 Million (March 31, 2024: 58.5 Million) issued on behalf of subsidiary Suprajit USA Inc, to their bankers.</p> <p>^ During the year ended March 31, 2023, the Company received a show cause notice in respect of classification of a product under Goods and Services Tax (GST), to pay additional liability of ₹130.99 Million along with interest and penalty pertaining to the period July 01, 2017 to September 19, 2021. In this regard, the Company has received an order on January 08, 2025 from the GST Authority, dropping the said demand along with applicable Interest and Penalty thereon.</p> <p>Further, during the year ended March 31, 2025, the Company received two show cause notices in respect of classification of certain products of the Company, pertaining to the period from July 01, 2017 to March 31, 2019 and April 01, 2019 to March 31, 2023 to pay additional liability of ₹1,374.40 Million. Both SCNs propose to reclassify some products, which contradicts the interpretation of section notes, chapter notes, and HSN explanatory notes. In respect of some of the products, the Company has already obtained favourable order previously in the abovesaid matter. Consequently, the proposals in both SCNs are untenable even on their merits. In this regard, the Honourable High Court Of Karnataka has granted interim stay, restraining the GST authorities from passing any order pursuant to the Show Cause Notice. The Company believes it has a strong case on merits and does not expect any liability.</p>		
c) The Company has issued comfort letter to provide continued financial support to its subsidiary Luxlite Lamp SARL, Suprajit USA Inc and its subsidiaries.		

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

- 37.** The Company has entered into 'International transactions' with 'Associated Enterprises' which are subject to Transfer Pricing regulations in India. The Company is in the process of carrying out transfer pricing study for the year ended March 31, 2025 in this regard, to comply with the requirements of the Income Tax Act, 1961. The Management of the Company, is of the opinion that such transactions with Associated Enterprises are at arm's length and hence in compliance with the aforesaid legislation. Consequently, this will not have any impact on the standalone financial statements, particularly on account of tax expense and that of provision for taxation.

There have been no transfer between Level 1, Level 2 and Level 3 during the year ended March 31, 2025 and March 31, 2024.

42. (iii) Valuation technique used to determine fair value

- The Company holds derivative financial instruments such as foreign currency forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace. Hence, the valuation is considered Level 2 by the management.
- The Company has investment in quoted mutual funds / bonds. The investments other than investment in subsidiaries are carried at fair value through profit and loss using quoted prices in active markets and accordingly classified within Level 1 of the valuation hierarchy.
- The Company has investment in unquoted equity shares under a power purchase agreement with the investee carried at fair value through profit and loss through inputs that are not based on observable market data and accordingly considered Level 3 by the management.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

43. Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and capital ratios in order to ensure sustained growth in the business and to maximise the shareholders value.

₹ in Million

	As at March 31, 2025	As at March 31, 2024
A. Total equity attributable to the share holders of the Company (Capital)	13,814.64	13,035.24
B. Borrowings		
Non-current borrowings	374.79	525.00
Current borrowings	3,071.30	2,118.05
Lease Liabilities	51.39	48.31
Less: Cash and cash equivalents	(357.93)	(301.64)
Less: Current investments (limited to the extent of borrowings)	(1,958.29)	(2,389.72)
Net debt	1,181.26	0.00
C. Total capital and net debt (A+B)	14,995.90	13,035.24
D. Gearing ratio (B / C)	8%	0%

- The Company is predominantly equity financed as evident from the capital structure table above. Further the Company has sufficient cash and cash equivalents, current investments and financial assets which are liquid to meet the debts
- In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. The breaches in meeting the financial covenants would permit the bank to immediately call borrowings. There have been no breaches in the financial covenants of any borrowings in the current year.

44. Financial risk management

Objective and policies:

The Company's principal financial liabilities comprise borrowings, lease liabilities and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, Investment in mutual funds and bonds, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, fair value through profit and loss investments and derivative financial instruments.

i) a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate due to change in the market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's borrowings with floating interest rates.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant. The impact on entity's profit before tax due to change in the interest rate / fair value of financial liabilities are as disclosed below:

₹ in Million

	Year ended March 31, 2025		Year ended March 31, 2024	
	1% increase	1% decrease	1% increase	1% decrease
Effect on profit before tax	(35.28)	35.28	(27.18)	27.18

i) b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exchange risk arises from its foreign operations and foreign currency revenues and expenses. The Company has exposures to United States Dollars ('USD'), Great Britain Pound ('GBP'), Euro ('EUR') and other currencies. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities.

The Company uses derivative financial instruments, such as foreign exchange forward contracts, to mitigate the risk of changes in foreign currency exchange rates in respect of its trade receivables.

Below is the summary of unhedged foreign currency exposure of Company's financial assets and liabilities.

₹ in Million

Currency	Foreign currency amount		Amount in ₹

Net financial assets			4,053.98	1,742.36

^ Rounded off

The Company holds derivative financial instruments such as foreign currency forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these transactions are banks. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The Company has taken foreign currency forward contracts in respect of highly probable forecast transactions as below:

₹ in Million

Currency	Foreign currency amount		Amount in ₹	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
EUR	5.77	5.50	554.84	514.36
GBP	1.25	1.10	136.76	117.50
USD	0.25	-	22.32	-
			713.92	631.86

Sensitivity analysis

Every 1% appreciation or depreciation of the respective foreign currencies compared to functional currency of the Company would cause the profit before tax in proportion to revenue to increase or decrease respectively by 0.24% (March 31, 2024: 0.11%).

i) c) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase and manufacture of automotive cables & lamps and therefore require a continuous supply of certain commodities. The Company's Board of Directors has developed and enacted a risk management strategy regarding commodity price risk and its mitigation.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, investments, loan to subsidiary, foreign exchange transactions and other financial instruments.

a. Trade receivables

Credit risk is managed by each business unit as per the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security.

b. Credit risk exposure

The Company's credit period generally ranges from 0-365 days. The credit risk exposure of the Company is as below:

₹ in Million

	As at March 31, 2025	As at March 31, 2024
Trade receivables (A)	3,427.26	3,029.87
Impairment allowance (allowance for bad and doubtful debts)		
Balance as per last financial statements	25.19	13.75
Add / (Less): Charge / (reversal) for the year	19.20	11.98
Less: Utilised during the year	(0.24)	(0.54)
Closing balance (B)	44.15	25.19
Total (A-B)	3,383.11	3,004.68

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The Company evaluates the concentration of risk with respect to trade receivables as low, since majority of its customers are reputed automobile companies and are spread across multiple geographies.

c. Financial instruments and cash deposits

Credit risk is limited, as the Company generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investment primarily includes investment in liquid mutual fund units and bonds. Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

iii) Liquidity risk

The Company's principal sources of liquidity are cash and cash equivalents, investment in mutual funds, bonds and the cash flow that is generated from operations. The Company believes that the cash and cash equivalents is sufficient to meet its current requirements. Accordingly no liquidity risk is perceived.

The break-up of cash and cash equivalents, deposits and current investments is as below:

₹ in Million

	As at March 31, 2025	As at March 31, 2024
Cash and cash equivalents	357.93	301.64

Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income/ (loss), consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud

or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate

INDEPENDENT AUDITOR'S REPORT

internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we

determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of fifteen subsidiaries whose financial statements (before consolidation adjustments) include total assets of ₹14,750.86 million as at March 31, 2025, and total revenues of ₹18,432.34 million and net cash inflows of ₹69.35 million for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, incorporated in India, as noted in the 'Other Matter' paragraph we report that there are no qualifications or adverse remarks in the CARO report.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SUPRAJIT ENGINEERING LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Suprajit Engineering Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company (the Holding Company and its subsidiary company together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls

with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SUPRAJIT ENGINEERING LIMITED

the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with

reference to consolidated financial statements of the Holding Company, in so far as it relates to one subsidiary, which is a company incorporated in India, is based on the corresponding reports of the auditors of such subsidiary company incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

1. Corporate information

The consolidated financial statements comprise financial statements of Suprajit Engineering Limited ('SEL' or 'the Company' or 'the Holding Company') and its subsidiaries (collectively, 'the Group'). SEL is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange in India. The registered office of the Holding Company is situated at No. 100 & 101, Bommasandra Industrial Area, Bengaluru - 560 099.

The Group is engaged in the business of manufacturing of auto components consisting mainly of control cables, speedo cables, auto lamps and other components for automobiles and caters to both domestic and international markets.

The consolidated financial statements were authorised for issue in accordance with a resolution of the Company's Board of Directors on May 28, 2025.

2. Material accounting policies

(a) Basis of preparation of Consolidated financial statements

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the consolidated financial statements.

The consolidated financial statements have been prepared on a historical cost basis, except for certain assets and liabilities which have been measured at fair value at the end of the reporting period, as explained further in the accounting policies below. The consolidated financial statements are presented in Indian Rupees ("INR/ ₹") and all values are rounded to the nearest million (INR 000,000), except when otherwise indicated.

(b) Basis of consolidation

The consolidated financial statements for the year ended March 31, 2025 comprise the financial statements of Suprajit Engineering Limited and its subsidiaries (collectively referred to as "the Group").

Following subsidiaries have been considered in the preparation of the consolidated financial statements:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

All the above subsidiaries are under the same management. Suprajit USA Inc. is an investment company holding certain subsidiaries and all other subsidiaries are engaged in the same principle activities as the holding company.

The Company incorporated Suprajit Chuhatsu Control Systems Private Limited (Suprajit Chuhatsu) on December 27, 2024 and it did not have commercial operations during the year. The Company has entered into a Memorandum of Understanding (MOU) with the Chuo Spring Company Limited, Japan (Chuo). This collaboration includes a 50:50 joint venture (JV) in India to design, manufacture, and supply transmission cables, and a Technical Assistance agreement, which grants JV access to Chuo's unique Japanese Transmission cable technology. Suprajit Chuhatsu will subsequently be converted into a JV.

Trifa Lamps Germany, GmbH and SCS Polska Sp. z o.o., are in liquidation and will be voluntarily wound up subject to statutory and other necessary approvals.

Control exists when the parent has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the holding company, i.e., year ended on March 31. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date

as the financial statements of the parent, to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- Combine like items of assets, liabilities, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. The excess of cost to the Company of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the date on which the investment in the subsidiaries were made, is recognized as 'Goodwill' being an intangible asset in the consolidated financial statements and is tested for an impairment on an annual basis. On the other hand, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Company, it is recognized as 'Capital Reserve' and shown in 'Other Equity', in the consolidated financial statements. The 'Goodwill / Capital Reserve' is determined separately for each subsidiary company and such amounts are not set off between different entities.
- Eliminate in full intragroup assets and liabilities, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and property, plant & equipment are eliminated in full).

Considering the effect of consolidation of first stage of acquisition of Stahlschmidt Cable Systems (SCS) business beginning July 01, 2024, as detailed in note 46 to the consolidated financial statements, the amounts for the current year ended March 31, 2025 are not comparable with those of previous year.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group.

(c) Use of estimates, assumptions and judgements

The preparation of the consolidated financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the consolidated financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

Impairment of financial assets

In accordance with Ind AS 109, the Group assesses impairment of financial assets ('Financial instruments') and recognises expected credit losses, which are measured through a loss allowance.

The Group provides for impairment of trade receivables based on assumptions about risk of default and expected timing of collection. The Group uses judgement in making these assumptions and selecting inputs to the impairment calculation, based on the Group's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill recognized by the Group. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in note 2(p).

Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by external valuation experts and in certain cases by management internally (refer note 46, 5 and 6).

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation is determined using actuarial valuation. An actuarial

valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date (Refer note 39).

The Group operates defined benefit plans in certain overseas jurisdictions, in accordance with local laws. Liabilities with regard to these defined benefit plans are determined by valuation at each Balance Sheet date using the projected unit credit method.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

The mortality rate is based on publicly available mortality tables. These mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Fair Value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the consolidated balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using internal valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Also refer note 2(g).

Share-based payments (Employee Stock Appreciation Plan)

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 45.

Taxes

The Group's two major tax jurisdictions are India and the United States, though the Group also files tax returns in other foreign jurisdictions. Significant judgments are involved in determining the provision for income taxes and tax credits including the amount expected to be paid or refunded. Also refer note 2(j) and note 34.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that future taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts [Refer to note 2(n)].

(d) Current versus non-current classification

The Group presents assets and liabilities in the consolidated balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- expected to be settled in normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(e) Business combination and goodwill

The Group accounts for its business combinations using acquisition method of accounting. Acquisition related costs are recognized in the consolidated statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognized at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognized as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognized as capital reserve.

Business combinations arising from transfers of interests in entities that are under the common control are accounted using pooling of interest method. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

Goodwill is initially measured at cost and subsequently measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination.

A cash generating unit to which goodwill has been allocated is tested for impairment annually as at March 31 or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized in the consolidated statement of profit and loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

(f) Foreign currencies

The Consolidated financial statements are presented in Indian Rupee (₹), which is also the Group's functional currency. For each entity the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

The functional currency of the Company and its Indian subsidiaries is Indian Rupee whereas the functional currency of foreign subsidiaries is the currency of their countries of domicile. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the consolidated balance sheet date.

Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the consolidated statement of profit and loss.

Assets and liabilities of entities with functional currency other than presentation currency have been translated to the presentation currency using exchange rates prevailing on the consolidated balance sheet date. Statement of profit and loss have been translated using weighted average exchange rates. Translation adjustments have been reported as foreign currency translation reserve in the consolidated statement of changes in equity.

(g) Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate

in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Group's management determines the policies and procedures for fair value measurement. External valuers are involved, wherever considered necessary.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above. This note summarizes accounting policy for fair value and the other fair value related disclosures are given in the relevant notes.

(h) Revenue from contract with customer

The Group earns revenue from contract with customer primarily from sale of goods.

Revenue from contract with customers is recognized upon transfer of control of promised products to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those goods. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer, it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Revenues in excess of invoicing are classified as contract assets (which we refer to as Unbilled Revenue).

The specific recognition criteria described below must also be met before revenue is recognized.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

The revenue is collected immediately upon sale of goods or as per agreed credit terms which is within 0 to 365 days upon delivery.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated.

Variable Consideration

Rights of return, volume discounts, or any other form of variable consideration is estimated using either the sum of probability weighted amounts in a range of possible consideration amounts (expected value), or the single most likely amount in a range of possible consideration amounts (most likely amount), depending on which method better predicts the amount of consideration realizable. Transaction price includes variable consideration only to the extent it is probable that a significant reversal of revenues recognized will not occur when the uncertainty associated with the variable consideration is resolved. Our estimates of variable consideration and determination of whether to include estimated amounts in the transaction price may involve judgment and are based largely on an assessment of our anticipated performance and all information that is reasonably available to us.

Sale of Services

Revenue from service contracts are recognized as per the contractual terms as and when the services are rendered. No further obligations remains and the collection is probable.

Interest income

For all financial instruments measured at amortized cost,

interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating EIR, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the consolidated statement of profit and loss.

Export benefits

Export entitlements in the form of Remission of Duties and Taxes on Exported Products (RoDTEP) and Duty Entitlement Pass Book / draw back (DEPB) are recognized in the consolidated

statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividend

Revenue is recognized when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

(i) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the consolidated statement of profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government grants related to expenditure on property, plant and equipment are credited to the statement of profit and loss over the useful lives of qualifying assets or other systematic basis representative of the pattern of fulfilment of obligations associated with the grant received. Grants received less amounts credited to the statement of profit and loss at the reporting date are included in the balance sheet as other liabilities.

(j) Taxes on income

Tax Expense comprises of current tax and deferred tax and is recognized in the consolidated statement of profit and loss.

Current income tax assets and liabilities is the amount of income tax determined to be payable / recoverable in respect of taxable income as computed in accordance

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside the consolidated statement of profit or loss is recognized outside the consolidated statement of profit or loss (either in OCI or in equity in correlation to the underlying transaction). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

Deferred income tax

Deferred income tax is recognized using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets include Minimum Alternative Tax ("MAT") paid in accordance with the tax laws in India, which is likely to

give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the consolidated balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

(k) Property, plant and equipment

Property, plant and equipment and capital-work-in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the consolidated statement of profit or loss as incurred.

Depreciation is calculated on a straight-line basis over the useful lives of the assets, as specified in Schedule II to the Act except in case of certain assets wherein depreciation is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Useful lives (years)

Buildings - Factory	10 to 30
Buildings - Others	60
Lease hold Improvements	3 to 6
Electrical installations	21
Plant and equipments	2 to 30
Dies and moulds	5
Furniture and fixtures	5 to 15
Office equipments	3 to 10
Vehicles	5 to 10
Computers	3 and 6

In respect of plant and machinery (excluding pipelines and electrical fittings etc.) used at any time during the year on double shift or triple shift basis, the depreciation for that period is increased by 50% or 100%, respectively.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(l) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the consolidated statement of profit or loss in the period in which the expenditure is incurred.

Intangible assets are amortized over the useful economic life and assessed for impairment, whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognized in the consolidated statement of profit and loss.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated statement of profit and loss when the asset is derecognized.

A summary of amortization policies applied to the Group's intangible assets, is as below:

	Useful lives (years)
Software	3
Business rights	5
Patents	5 and 10
Customer relationship	10
Non-compete agreement	1
Trade marks	5 to 10

(m) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(n) Leases

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is or contains a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

The Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

	Useful lives (years)
Leasehold land	12 to 99
Buildings	1 to 10

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (p) Impairment of non-financial assets

Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including insubstance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are included in Interest-bearing loans and borrowings (refer note 18(b)).

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(o) Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- **Raw materials:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- **Finished goods and work-in-progress:** Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.
- **Traded goods:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Cost is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(p) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ("CGU") fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets / forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country in which the entity operates, or for the market in which the asset is used.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the consolidated statement of profit or loss, unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(q) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the consolidated statement of profit and loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provision for warranty is recognized based on the historical experience and future estimate claims by the management. The estimate of such warranty related costs is revised annually.

(r) Retirement and other employee benefits

Retirement benefit in the form of provident funds and employee state insurance which are defined contribution schemes. The Group has no obligation, other than the contribution payable to the provident fund and employee state insurance. The Group recognizes contribution payable to the provident fund scheme and employee state insurance scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund i.e. Employee's Group Gratuity cum Life Assurance Scheme of Life Insurance Corporation of India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the consolidated balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the consolidated statement of profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes changes in the net defined benefit obligation which includes service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and net interest expense or income, as an expense in the consolidated statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

credit method at the year-end. The Group presents the leave as a current liability in the consolidated balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where the Group has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(s) Share-based payment (Employee Stock Appreciation Plan)

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model (refer note 45).

That cost is recognized, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and / or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The consolidated statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and / or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and / or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and / or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms

had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(t) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in below categories:

- Financial assets at amortized cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit or loss (FVTPL)

A 'Financial asset' is measured at the amortized cost, if both the following conditions are met:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

- (i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. This category generally applies to trade and other receivables.

A 'Financial asset' is classified as FVTOCI, if both of the following criteria are met:

- (i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI.

FVTPL is a residual category for financial assets. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit or loss.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the consolidated statement of profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired; or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of

impairment loss on the financial assets and credit risk exposure. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e., all cash shortfalls), discounted at the original Effective interest rate ('EIR'). ECL allowance (or reversal) recognized during the period is considered as income / expense in the consolidated statement of profit and loss. This amount is reflected under the head 'other expenses' in the consolidated statement of profit or loss.

The Group uses a provision matrix based on age to determine impairment loss allowance on portfolio of its trade receivables.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include borrowings, lease liabilities, trade and other payables, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification. Financial liabilities at fair value through the statement of profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains / loss are not subsequently transferred to profit or loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the consolidated statement of profit or loss.

Loans and borrowings

Borrowings is the category most relevant to the Group. After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Financial guarantee

Financial guarantee issued by the Group that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument, is recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet, if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(u) Derivative financial instruments and hedge accounting

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swap to hedge its foreign currency risks and interest rate risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to the consolidated statement of profit and loss.

Any derivative that is either not designated as a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through statement of profit and loss. Derivative designated as hedge and is effective as per Ind AS 109,

the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income.

(v) Cash and cash equivalents

Cash and cash equivalents in the consolidated balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(w) Consolidated statement of cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(x) Cash dividend to equity holders

The Group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

(y) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

(z) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The effects of

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

anti-dilutive potential equity shares are not considered in calculating dilutive earnings per share.

(aa) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chief Executive Officer has been identified as the chief operating decision maker.

The Group has identified a single business segment being manufacturing and selling of automotive and other components. This being a single segment no additional segment disclosure has been made for the business segment. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

The Group's operations are categorized geographically as (a) India (b) United States of America ('USA') (c) Rest of the world. 'Rest of the world' primarily comprises the

Group's operations in the 'United Kingdom', 'Germany', 'Luxembourg', 'Hungary', 'Mexico', 'Morocco', 'Poland', 'Canada' and 'China'. Customer relationships are driven based on customer domicile.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to the segments on the basis of their relationship to the operating activities of the segment.

New and amended standards

Several amendments and interpretations apply for the first time annual periods beginning on or after April 01, 2024, but do not have an impact on the financial statements of the Group. The Group has not early adopted any standards or amendments that have been issued but are not yet effective.

4. Right-of-use assets

The Group has lease contracts for leasehold land, prepaid leasehold land rentals, factory premises and office space. Leases generally have lease terms between 1 and 99 years.

The Group also has certain leases of warehouse, with lease terms of 12 months or less and leases of office equipment with low value. The Group applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases. Refer note 18(b) for lease liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Goodwill impairment testing

The Group tests whether goodwill has suffered any impairment on an annual basis as at March 31. The recoverable amount of a CGU is determined based on value-in-use calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by the management. An average of the range of each assumption used is mentioned below:

₹ in Million

	As at March 31, 2025	As at March 31, 2024
Growth rate	1% to 11.2%	1% to 20.20%
Operating margins	12.3% to 17.2%	10.2% to 12.9%
Discount rate	11.0% to 14.1%	10.4% to 14.5%

The above discount rate is based on the Weighted Average Cost of Capital (WACC) which represents the weighted average return attributable to all the assets of the CGU. These estimates are likely to differ from future actual results of operations and cash flows.

As at March 31, 2025, and March 31, 2024 the Group assessed the carrying value of Luxlite Lamps and Wescon controls LLC at their CGU level, based on future operational plan, projected cash flows and valuation carried out. Considering the aforesaid valuation, the management is of the view that, the carrying value of its goodwill as at March 31, 2025 and March 31, 2024 is appropriate.

Nature and purpose of reserves
17.1 Capital reserve

The Group recognised capital subsidy received (₹4.58 Million) prior to April 1, 2017 along with profit on forfeiture of the Company's own equity instruments (₹0.55 Million) to capital reserve.

17.2 Capital redemption reserve

The Group recognised capital redemption reserve on redemption of Preference shares of erstwhile Phoenix Lamps Limited and upon merger of erstwhile Phoenix Lamps Limited with the Company, the balances have been brought as such to the Company. Further, during the year, the Company recognised capital redemption reserve ₹1.50 Million and ₹1.50 Million on buy back of equity shares during the year March 31, 2022 and March 31, 2025 respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025**17.3 Securities premium**

Securities premium is used to record the premium on issue of shares. The reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

17.4 General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

17.5 Share based payments reserves

Share based payments reserves represents employee share based expense recognised in fair valuation of option expenses on ESAR.

17.6 Foreign currency translation reserve

Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

*These demands are disputed by the Group and the Group has filed appeals against these orders with various appellate authorities. The management is confident that the demands raised by the Officers of the respective departments are not tenable under the respective statutory provisions. Pending outcome of the aforesaid matters under litigation, no provision has been made in the books of account towards these demands. The Group does not expect any material adverse effect in respect of the above contingent liabilities.

** Net of tax provision made for pending litigations.

^ During the year ended March 31, 2023, the Company received a show cause notice in respect of classification of a product under Goods and Services Tax (GST), to pay additional liability of ₹130.99 Million along with interest and penalty pertaining to the period July 01, 2017 to September 19, 2021. In this regard, the Company has received an order on January 08, 2025 from the GST Authority, dropping the said demand along with applicable Interest and Penalty thereon.

Further, during the year ended March 31, 2025, the Company received two show cause notices in respect of classification of certain products of the Company, pertaining to the period from July 01, 2017 to March 31, 2019 and April 01, 2019 to March 31, 2023 to pay additional liability of ₹1,374.40 Million. Both SCNs propose to reclassify some products, which contradicts the interpretation of section notes, chapter notes, and HSN explanatory notes. In respect of some of the products, the Company has already obtained favourable order previously in the abovesaid matter. Consequently, the proposals in both SCNs are untenable even on their merits. In this regard, the Honourable High Court Of Karnataka has granted interim stay, restraining the GST authorities from passing any order pursuant to the Show Cause Notice. The Company believes it has a strong case on merits and does not expect any liability.

- 38.** The Group Companies have entered into 'International transactions' with 'Associated Enterprises' which are subject to Transfer Pricing regulations in India, as well as in the other geographies. The Group is in the process of carrying out transfer pricing study for the year ended March 31, 2025 in this regard, to comply with the requirements of the Income Tax Act, 1961 and other applicable laws in other countries. The Management of the Group, is of the opinion that such transactions with Associated Enterprises are at arm's length and hence in compliance with the aforesaid legislation. Consequently, this will not have any impact on the consolidated Ind AS financial statements, particularly on account of tax expense and that of provision for taxation.

39. Employee benefit plans

(a) Defined contribution plans

The Group makes contributions to Provident Fund, Employee State Insurance scheme, 401(k) plan and other Social Security Schemes which are defined contribution plan for qualifying employees. Under the scheme, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits.

The Group has recognised the following amounts towards the defined contribution plans in the consolidated statement of profit and loss:

42. (iii) Valuation technique used to determine fair value

- The Group holds derivative financial instruments such as foreign currency forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace. Hence, the valuation is considered Level 2 by the management.
- The Group enters into contracts with financial institutions in nature of interest rate swap, the fair value of which is estimated using forward-looking interest rate curves and discounted cash flows that are observable or can be corroborated by observable market data, therefore, are classified with in Level 2 of the valuation hierarchy.
- The Group has investment in quoted mutual funds / bonds. These investments are carried at fair value through profit and loss using quoted prices in active markets and accordingly classified within Level 1 of the valuation hierarchy.
- The Group has invement in unquoted equity shares under a power purchase agreement with the investee carried at fair value through profit and loss through inputs that are not based on observable market data an accordingly considered Level 3 by the management.

C. Total capital and net debt (A+B)	17,037.36	14,421.22
D. Gearing ratio (B / C)	25%	6%

- The Group is predominantly equity financed as evident from the capital structure table above. Further the Group has sufficient cash and cash equivalents, current investments and financial assets which are liquid to meet the debts.
- In order to achieve this overall objective, the Group capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. The breaches in meeting the financial covenants would permit the bank to immediately call borrowings. There have been no breaches in the financial covenants of any borrowings in the current year.

44. Financial risk management

Objective and policies:

The Group's principal financial liabilities comprise borrowings, lease liabilities and trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Groups principal financial assets include investment in mutual funds and bonds, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, fair value through profit and loss investments and derivative financial instruments.

i) a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate due to change in the market interest rates. The Group's exposure to the risk of changes in market interest rate relates primarily to the Group's borrowings with floating interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant. The impact on entity's profit before tax due to change in the interest rate/ fair value of financial liabilities are as disclosed below:

	1% increase	1% decrease	1% increase	1% decrease
Effect on profit before tax	(81.97)	81.97	(71.09)	71.09

i) b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exchange risk arises from its foreign operations, foreign currency revenues and expenses. The Group has exposures to United States Dollars ('USD'), Great Britain Pound ('GBP'), Euro ('EUR') and other currencies. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities and financing activities.

Group uses derivative financial instruments, such as foreign exchange forward contracts, to mitigate the risk of changes in foreign currency exchange rates in respect of its trade receivables.

Below is the summary of unhedged foreign currency exposure of Group's financial assets and liabilities.

₹ in Million

Currency	Foreign currency amount		Amount in ₹

Net financial assets			1.34	177.24

The Group holds derivative financial instruments such as foreign currency forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these transactions are banks. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

The Group has taken foreign currency forward contracts in respect of highly probable forecast transactions as below:

₹ in Million

Currency	Foreign currency amount		Amount in ₹	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024

USD	5.50	2.20	486.50	187.56
Total			5,055.03	3,426.66

Sensitivity analysis

Every 1% appreciation or depreciation in the respective foreign currencies against functional currency of the each of the group entities would cause the profit before tax in proportion to revenue to increase or decrease respectively by 0.00% (March 31, 2024: 0.01%).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

i) c) Commodity price risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase and manufacture of automotive cables & lamps and therefore require a continuous supply of certain commodities. The Group's Board of Directors has developed and enacted a risk management strategy regarding commodity price risk and its mitigation.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, investments, foreign exchange transactions and other financial instruments.

a. Trade receivables

Credit risk is managed by each business unit as per the Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security.

b. Credit risk exposure

The Group's credit period generally ranges from 0-365 days. The credit risk exposure of the Group is as below:

₹ in Million

	As at March 31, 2025	As at March 31, 2024
Trade receivables (A)	5,900.88	5,226.40
Impairment allowance (allowance for bad and doubtful debts)		
Balance as per last financial statements	40.85	28.56
Add: Charge for the year	64.38	19.61
Add / Less: Utilised during the year	(23.88)	(7.60)
Add: Exchange differences	1.77	0.28
Closing balance (B)	83.12	40.85
Total (A-B)	5,817.76	5,185.55

The Group evaluates the concentration of risk with respect to trade receivables as low, since majority of its customers are reputed automobile companies and are spread across multiple geographies.

c. Financial instruments and cash deposits

Credit risk is limited, as the Group generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investment primarily includes investment in liquid mutual fund units. Counterparty credit limits are reviewed by the Group periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

iii) Liquidity risk

The Group's principal sources of liquidity are cash and cash equivalents, investment in mutual funds and the cash flow that is generated from operations. The Group believes that the cash and cash equivalents is sufficient to meet its current requirements. Accordingly no liquidity risk is perceived.
