- > In May 2018, Arrow and Apotex Inc. (Apotex) announced their intention to merge their businesses in Australia to build the largest player in the Australian generic pharmaceutical market
- > The merger transaction would have delivered Strides a minimum ownership of 50% in the merged entity.
- > Strides **considered acquiring 100%** ownership of the combined entity which, however, would have resulted in significant increase of debt on the balance sheet and the **estimated combined synergies & EBITDA** could not support the **leverage the company was comfortable with**
- > Post ACCC approval and additional due diligence, Strides **preferred an exit strategy which is in the best interest of shareholders**
- > Consequently, the Board recommended selling of our ownership in Arrow

STRATEGIC RATIONALE

- > Strides will also **retain access to the IP of 140 products** in the Arrow portfolio with fungibility in other global markets including key regulated markets
- > **Strengthened balance sheet** with significant reduction in debt in spite of retaining substantial EBITDA

- > The initial net proceeds of **AUD 300 m (US\$ 213 m)** along with additional **US\$ 42 m** released from the general claims escrow account on Agila transaction will be deployed to pare debt and retain growth capital
- > The transaction will be subject to certain other conditions & approval of the shareholders of Strides. It also remains **subject to the completion of the Arrow/Apotex** which is expected to complete by March 31, 2019.

STATEMENT OF STANDALONE UNAUDITED RESULTS

FOR THE QUARTER AND NINE MONTHS ENDED DECEMBER 31, 2018

- 10 On December 4, 2013, the Company and its wholly owned subsidiary, Strides Pharma Asia Pte Limited ("the Singapore Subsidiary"), completed the sale of investments in Agila Specialties Private Limited and Agila Specialties Global Pte Limited (together, "Agila") to Mylan Laboratories Limited and Mylan Institutional Inc. (together, "Mylan") pursuant to separate agreements, each dated as of February 27, 2013 (the "SPAs"). Pursuant to the SPAs, the Strides Group established escrow arrangements to fund certain potential indemnification liabilities, including specified employee, tax and regulatory remediation costs from such consideration. These escrow arrangements included a US\$ 100 million 'General Claims Escrow' account and a US\$ 100 million 'Regulatory Escrow' account. Pursuant to the SPAs, the Company has also provided a corporate guarantee to Mylan for US\$ 200 million (valid up to December 4, 2020) on behalf of Singapore Subsidiary which can be used for discharging financial obligations, if any, of the Singapore Subsidiary to Mylan.

Under the terms of the SPAs, claims against the Company / the Singapore subsidiary (as the case may be) can only be made under specific provisions contained in the SPAs which include the procedures and timelines for submission of notifications of claims and actual claims and commencing arbitration proceedings. The Company had received a consolidated notification of claims from Mylan under the terms of the SPAs. These claims were related to third party claims, tax claims, claims against the regulatory escrows and general claims. In the previous years, a significant portion of these claims were settled out of the Regulatory Escrow deposit and the remaining balance of the Escrow account was recognised as income on full and final settlement of related claims. Further, the Company and Mylan also agreed on full and final settlement of warranty and indemnity claims to be adjusted against the 'General Claims Escrow'. During the previous period, the Company was in arbitration proceedings for certain third party claims.

During the current quarter, the arbitration proceedings with respect to the third party claims have been settled in favour of the Company and Mylan. The Singapore subsidiary and Mylan have entered into an agreement whereby Mylan has released the pending balance in Escrow account. The Singapore subsidiary has recorded a net gain of INR 27.182 Lakhs (net off related expenses and outstanding tax claims) under discontinued operations.

- 11 Pursuant to the approvals of the board of directors of the Company, the Group entered into definitive agreements with India Life Sciences Fund III, LLC (ILF) for investment in Consumer Healthcare (CHC) business. During the current quarter, ILF invested in Strides Global Consumer Healthcare Ltd, UK and Strides Consumer Private Limited, India consequent to which the Group ceded its control over the entities carrying out CHC business. However, the Company continues to exercise significant influence and has classified its investments in CHC business as "Investment in Associates".

- 12 During the quarter ended June 30, 2018, 40,000 equity shares under the Strides Arcolab ESOP 2011 Scheme and 8,878 equity shares under Strides Arcolab ESOP 2015 Scheme were allotted by the Company, on exercising equal number of options.

During the previous quarter ended September 30, 2018, 315,500 equity shares under the Strides Shasun ESOP 2016 Scheme were granted to the eligible employees.

During the current quarter ended December 31, 2018, 8,563 equity shares under Strides Arcolab ESOP 2015 Scheme were allotted by the company, on exercising equal number of options.

- 13 The Company has adopted Ind AS 115, Revenue from Contracts with Customers with effect from April 1, 2018. The core principle of this standard is that the Company shall recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Under Ind AS 115, the Company recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer which is different from transfer of risk and rewards under the old revenue standard.

Further, pursuant to the requirements of the new standard, the Company also evaluated its open arrangements on out-licensing arrangements with reference to upfront license fees received in earlier periods and concluded that some of the performance obligations may not be distinct and hence would need to be bundled with the subsequent continuing obligations. Accordingly, the Company has recognised an incremental deferred revenue relating to such open contracts on the transition date.

Adoption of this standard resulted in decrease in retained earnings by Rs. 1,430 lakhs as at March 31, 2018 and increase in Revenue from Operations by Rs. 2,456 lakhs with a corresponding increase in expenses by Rs. 2,343 lakhs (primarily on account of increased material costs) resulting in a net increase in profit after tax for the nine months ended by Rs. 97 Lacs and an increase in diluted EPS by Rs. 0.11 for the nine months ended December 31, 2018. Comparative periods were not restated given the Company adopted the standard using the cumulative effect approach.

To
The Board of Directors of Strides Pharma Science Limited

We have reviewed the accompanying statement of unaudited standalone financial results ("Statement") of Strides Pharma Science Limited (*formerly known as Strides Shasun Limited*) ('the Company') for the quarter and nine months period ended 31 December 2018 attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, '*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*' specified under section 143(10) of the Companies Act, 2013. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. STATEMENT OF CONSOLIDATED UNAUDITED RESULTS

FOR THE QUARTER AND NINE MONTHS ENDED DECEMBER 31, 2018

10 On December 4, 2013, the Company and its wholly owned subsidiary, Strides Pharma Asia Pte Limited ("the Singapore Subsidiary"), completed the sale of investments in Agila Specialties Private Limited and Agila Specialties Global Pte Limited (together, "Agila") to Mylan Laboratories Limited and Mylan Institutional Inc. (together, "Mylan") pursuant to separate agreements, each dated as of February 27, 2013 (the "SPAs"). Pursuant to the SPAs, the Strides Group established escrow arrangements to fund certain potential indemnification liabilities, including specified employee, tax and regulatory remediation costs from such consideration. These escrow arrangements included a US\$ 100 million 'General Claims Escrow' account and a US\$ 100 million 'Regulatory Escrow' account. Pursuant to the SPAs, the Company has also provided a corporate guarantee to Mylan for US\$ 200 million (valid up to December 4, 2020) on behalf of Singapore Subsidiary which can be used for discharging financial obligations, if any, of the Singapore Subsidiary to Mylan.

Under the terms of the SPAs, claims against the Company / the Singapore subsidiary (as the case may be) can only be made under specific provisions contained in the SPAs which include the procedures and timelines for submission of notifications of claims and actual claims and commencing arbitration proceedings. The Company had received a consolidated notification of claims from Mylan under the terms of the SPAs. These claims were related to third party claims, tax claims, claims against the regulatory escrows and general claims. In the previous years, a significant portion of these claims were settled out of the Regulatory Escrow deposit and the remaining balance of the Escrow account was recognised as income on full and final settlement of related claims. Further, the Company and Mylan also agreed on full and final settlement of warranty and indemnity claims to be adjusted against the 'General Claims Escrow'. During the previous period, the Group and Mylan was in arbitration proceedings for certain third party claims.

During the current quarter, the arbitration proceedings with respect to the third party claims have been settled in favor of the Group and Mylan. The Group and Mylan have entered into an agreement whereby Mylan has released the pending balance in Escrow account. The group has recorded a net gain of INR 27,182 Lakhs (net off related expenses and outstanding tax claims) under discontinued operations (Refer Note 11 below).

12 The Group has adopted Ind AS 115, Revenue from Contracts with Customers with effect from April 1, 2018. The core principle of this standard is that the Group shall recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Under Ind AS 115, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer which is different from transfer of risk and rewards under the old revenue standard.

Further, pursuant to the requirements of the new standard, the Group also evaluated its open arrangements on out-licensing arrangements with reference to upfront license fees received in earlier periods and concluded that some of the performance obligations may not be distinct and hence would need to be bundled with the subsequent continuing obligations. Accordingly, the Group has recognised an incremental deferred revenue relating to such open contracts on the transition date.

Adoption of this standard resulted in decrease in retained earnings by Rs. 6,098 lakhs as at March 31, 2018 and increase in Revenue from Operations by Rs.2,799 lakhs with a corresponding increase in expenses by Rs. 2,343 lakhs (primarily on account of increased material costs) resulting in a net increase in profit after tax by Rs. 431 lakhs and an increase in diluted EPS by Rs. 0.48 for nine months ended December 31, 2018. Comparative periods were not restated given the Group adopted the standard using the cumulative effect approach.

13 Subsequent to the quarter, the group proposed to acquire the remaining 50% equity stake in Vivimed Life Sciences Private Limited, India (associate) and in Strides Vivimed Pte Limited, Singapore (subsidiary) for an aggregate consideration of INR 7,500 Lakhs. The transaction is subject to conclusion of definitive agreements and closing conditions.

To
The Board of Directors of Strides Pharma Science Limited

We have reviewed the accompanying statement of unaudited consolidated financial results (“Statement”) of Strides Pharma Science Limited (*formerly known as Strides Shasun Limited*) (“the Company”), its subsidiaries, its associates and its joint ventures (collectively referred to as ‘the Group’) (Refer Annexure 1), for the quarter and nine months period ended 31 December 2018 attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘Listing Regulations’).

This Statement is the responsibility of the Company’s Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, ‘*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*’ specified under section 143(10) of the Companies Act, 2013. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We draw attention to:

- We did not review the financial information of 6 subsidiaries included in the Statement, whose unaudited financial information reflect total revenue of Rs. 43,792 lakhs and Rs. 122,948 lakhs for the quarter and nine months period ended 31 December 2018 respectively. This unaudited financial information has been reviewed by other auditors whose reports have been furnished to us, and our conclusion on the unaudited consolidated financial results and the year-to-date results, to the extent they have been derived from such unaudited financial information is based solely on the report of such other auditors.

We also refer to Note 7 of the Statement which more fully explains that, based on the report received from auditor of one of the subsidiaries, the comparative information for the quarter ended 31 December 2017, nine months period ended 31 December 2017 and for the year ended 31 March 2018 has been restated with respect to accounting for deferred taxes on business combinations.

- We did not review the financial information of 57 subsidiaries, joint ventures and associates included in the Statement. These subsidiaries account for total revenue of Rs. 12,696 lakhs and Rs. 39,545 lakhs for the quarter and nine months period ended 31 December 2018 respectively. The Statement also includes the Group’s share of net loss (and other comprehensive income) of Rs. 696 lakhs and Rs. 2,717 lakhs for the quarter and nine months period ended 31 December 2018 respectively in respect of such associates and joint ventures. These unaudited financial information have been furnished to us by the Management and our opinion on the Statement is based solely on such unaudited financial information.

Our conclusion is not modified in respect of above matters.

Strides Pharma Science Limited

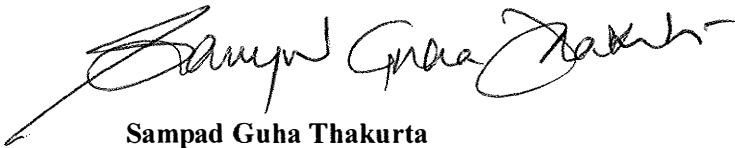

Limited review report (continued)

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with applicable accounting standards i.e. Ind AS prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.
