Limited Review Report on Unaudited Quarterly Standalone Financial Results of UltraTech Cement Limited pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To
Board of Directors of
UltraTech Cement Limited

We have reviewed the accompanying Statement of unaudited standalone financial results ('the Statement') of UltraTech Cement Limited ('the Company') for the three months period ended 30 June 2018, attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). Attention is drawn to the fact that the figures for the three months period ended 31 March 2018 as reported in these standalone financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the end of the third quarter of the previous financial year. The figures up to the end of the third quarter of the previous financial year had only been reviewed and not subjected to audit.

This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors in their meeting held on 18 July 2018. Our responsibility is to issue a report on the Statement based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' specified under section 143(10) of the Companies Act, 2013. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review is limited primarily to inquiries of the Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with applicable Accounting Standards i.e. Ind AS prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.

UltraTech Cement Limited

We draw attention to Note 4 of the Statement which describes the following matters:

- (a) In terms of order dated 31 August 2016, the Competition Commission of India ('CCI') has imposed penalty of Rs.1,175.49 crores for alleged contravention of the provisions of the Competition Act, 2002 by the Company. The Company had filed an appeal against CCI Order before the Competition Appellate Tribunal ('COMPAT'). NCLAT has completed its hearing on the matter and order is awaited. Based on a legal opinion and considering the uncertainty relating to the outcome of this matter, no provision has been considered in the books of account. Our conclusion is not modified in respect of this matter.
- (b) In terms of order dated 19 January 2017, the CCI has imposed penalty of Rs.68.30 crores pursuant to a reference filed by the Government of Haryana for alleged contravention of the provisions of the Competition Act, 2002 in August 2012 by the Company. Consequent to reconstitution of Tribunals by the Government, this matter has now been transferred to the NCLAT. Our conclusion is not modified in respect of this matter.

UltraTech Cement Limited, today announced its unaudited financial results for the quarter ended 30th June, 2018.

Financials

Net Sales have soared 27% to Rs 8,841 crore from Rs.6,938 crore over previous year. Profit before Interest, Depreciation and Tax was Rs.1,763 crore vis-à-vis Rs.1,798 crore in the corresponding period of the previous year.

On a standalone basis, Net Sales stood at Rs.8,476 crore (Rs.6,533 crore). Profit before Interest, Depreciation and Tax was Rs.1,697 crore (Rs. 1,725 crore).

Sales volume jumped 34% over Q1FY18. Notwithstanding the hike in fuel prices, the Company achieved an operating EBITDA of Rs.929/t as compared to Rs.922/t in Q4FY18.

Corporate Development

The Company's acquisition of 21.2 mtpa cement capacity in June 2017 has already achieved an average capacity utilisation of 70% across all the regions and a cash break even. This has been one of the fastest ramp ups of an acquired capacity.

During the quarter, the Board of Directors approved a Scheme of Arrangement amongst Century Textiles and Industries Limited (Century), the Company and their respective shareholders and creditors (the Scheme). In terms of the Scheme, Century will demerge its cement business into the Company. Century's cement business consists of 3 integrated cement units in Madhya Pradesh, Chhattisgarh and Maharashtra and a grinding unit in West Bengal. In terms of the Scheme, the Company will issue 1 (one) equity share of face value Rs. 10/- each for every 8 (eight) equity shares of Century of face value Rs. 10/- each to the shareholders of Century. The transaction is subject to the requisite regulatory approvals.

The Company has commissioned the second cement mill of 1.75 mtpa capacity at Manavar District - Dhar, Madhya Pradesh in June, 2018. This project went on stream in a record time of less than a year which is a world record in project execution and at a cost of less than \$90/mt. The plant has already stabilised and is operating at a capacity utilisation of 60%. Work on the Company's 4 mtpa grinding unit at Bara in Uttar Pradesh is progressing well and shall be commissioned by March, 2019. This vaults UltraTech to the 3rd largest cement company globally (excluding China) and the largest player in India.

Upon completing the acquisition of Century's cement business and with the on-going capacity expansions, the Company's cement manufacturing capacity will stand augmented to 111.1 mtpa, including its overseas capacity.

Outlook

With the cement industry now in its up-cycle, demand is expected to be healthy. The key drivers being higher government budget allocation for infrastructure and rural development, increased rural housing demand consequent to increase in Minimum Support Price for kharif crop and pre-election spending. With the additional capacities acquired by the Company through the organic and inorganic route and its rapid ramp-up, UltraTech is very well placed to participate in the growth of the economy.
