UltraTech Cement, an Aditya Birla Group company today announced its financial results for the year ended 31st March, 2014.

Financials – Q4FY14

Net Sales stood at ₹ 5,832 crores as compared to ₹ 5,391 crores in the corresponding period of the previous year. Profit before interest, depreciation and tax is ₹ 1,329 crores as against ₹ 1,383 crores. Profit after Tax is ₹ 838 crores (including tax provision reversal related to earlier years - ₹ 95.56 crores) compared to ₹ 726 crores in FY13.

The combined cement and clinker sales of grey cement is 12.18 MMT (11.13 MMT) up by 9% , while for white cement and wall care putty it is 3.29 LMT (2.92 LMT).

Financials – FY14

Net Sales stood at ₹ 20,078 crores vis-à-vis ₹ 20,023 crores in the corresponding period of the previous year. Profit before interest, depreciation and tax is ₹ 4,147 crores as against ₹ 4,980 crores. Profit after Tax is ₹ 2,144 crores (including tax provision reversal related to earlier years - ₹ 95.56 crores) compared to ₹ 2,655 crores in FY13.

The combined cement and clinker sales of grey cement is 41.47MMT (40.65 MMT), while for white cement and wall care putty it is 11.42LMT (10.18LMT).

The year witnessed continuing pressure on input and logistics costs, given the increase in railway freight and a continuous hike in diesel prices. Although there was some relief on account of softening in prices of imported coal, the impact was negated by the depreciation in rupee.

Optimization of fuel mix and other initiatives helped in maintaining costs almost at the previous year levels.

Dividend

The Board of Directors at their meeting held today recommended a dividend of 90%, at the rate of ₹ 9/- per share of face value of ₹ 10/- each aggregating ₹ 246.82 crores. The Company will absorb the Corporate Tax on dividend amounting to ₹ 41.95 crores, resulting in a total payout of ₹ 288.77 crores.

Corporate Development

The acquisition of the Gujarat Cement Unit of Jaypee Cement Corporation Limited ("JCCL"), comprising of an integrated cement unit at Sewagram and Grinding Unit at Wanakbori at an enterprise value of ₹ 3,800 crores besides the actual net working capital at Closing ("the Unit") has been approved by the shareholders and creditors of both JCCL and the Company and also the Hon'ble Bombay High Court and the Hon'ble Allahabad High Court. The Competition Commission of India had earlier approved the proposed combination. The Scheme is now subject to the final approval of the Securities and Exchange Board of India.

With the commissioning of these units the cement capacity of the Company stands raised to 53.95 mtpa.

The Company has earmarked around ₹ 10,000 crores to be incurred in setting up the remaining grinding units, clinkerisation plants, cement terminals and other capex in the current round of expansions. These are likely to be commissioned in a phased manner by 2015. A judicious mix of internal accruals and borrowings has been used for funding the projects.

Outlook

The long term cement demand is likely to grow over 8% in line with GDP growth. The value drivers for growth will continue to be housing demand and infrastructure development.
