## KEY HIGHLIGHTS

During the quarter, the COVID-19 pandemic and consequent nationwide lockdowns has substantially disrupted the economic activities with high uncertainty. In accordance with Central Government guidelines the Company's all units and offices were completely closed for the whole of April month and started to open from 4th May, 2020 onwards. Even after 4th May there were intermittent area-specific full/partial lock downs at some of the units and offices of the Company. As April was completely washed out and May was almost washed out, the activities started to pick up from late May. In such universal situation our Company could not be an exception and our operations also suffered accordingly. Apart from this Company's plywood unit at Kolkata was also closed for 30 days due to damages caused by Amphan Cyclone in West Bengal in the month of May, 2020.

On overall basis our revenue for the quarter is almost $35 \%$ of revenue of corresponding quarter in last year. However, despite such major disruptions Company is EBIDTA positive and having CASH PROFIT. Year on year basis overall blended EBIDTA was $2.7 \%$ compared to $16.3 \%$ in corresponding last quarter.

## KEY HIGHLIGHTS - continued

Company continued to honour all its commitments to all stake holders. Payment to all vendors were made as per originally agreed payment schedules and all ordered materials were accepted. In case of our customers we extended credit period with originally agreed cash discounts for a period ranging from 30 days to 60 days. Although we could have delayed vendor payments but we kept our commitments in line with reputation of CENTURYPLY. This have resulted in slight increase of our Debt level and inventory level, but all have now come back to normal level.

Revenue in all reported segments was down in the range of 62 to $75 \%$ except in case of Logistic Segment it was down by only 10\% . Company's Container Freight Service Stations were falling under essential services, so were not subject to lock down closure.

## KEY HIGHLIGHTS - continued

The business of company's major domestic and overseas subsidiaries is dependent on operations of the company, so their performance is also impacted. Laos units are still closed and their viability will be again explored once operations in India are normalised

Company is looking future with optimism. July, 2020 revenue was almost $75 \%$ of July 2019 revenue. Collection from Debtors is normalising and Debt level is again coming down. Loss caused by Amphan at Kolkata factory is fully covered with insurance. Company's conservative policy of low-gearing and lowest finance cost is keeping the Company in comfortable position. Our Rating Agency ICRA has maintained our long term rating of AA- in its recent surveillance exercise. Company is also spending on advertisement of its newly added feature of VIROKILL technology in Plywood and Laminates. This technology kills all viruses on the surface of plywood \& laminates and is well taken by consumers. Company is continuing to invest in balancing equipment and innovations wherever possible. Planned green-field capacity of MDF and Particle Board is still kept in abeyance but will be taken up very soon.
