“improving efficiency and focussing on excellence in operations is key for us”

India is a fast-changing economy in the current scenario and challenging at the same time. The country is now concentrating on fully optimising the investments made during the nineties and thereafter. This has paved the way for an aspirational society that puts its best foot forward backed by knowledge, propelled by vision and strengthened by values.

In view of this, we at MSP Group are improving our operational excellence and emphasis is being laid on integrating and consolidating ourselves to produce final products. Our pellet capacity has been scaled up and implementation of a conveyer system for hot billet transportation has been carried out. These initiatives on our behalf have helped us boost our support systems and grow from strength to strength.

With continuous importance given to enhancing our core competencies, MSP Group with long term strategy and vision is looking forward to a sustainable future. The constant integration of our processes, together with cost-cutting measures will improve our efficiencies. We also still hold true by our commitment to responsibly participate in India's economic development and give back to society to make our dreams a reality.

A Glimpse of MSP Steel & Power Ltd.

At MSP Steel and Power Limited (MSP), we are amongst the forerunners of steel manufacturers in India. We have a diverse product mix that consists of pellets, sponge iron, billet, power, TMT bars and structurals such as joists, angles, channels and beams. We have fully integrated and consolidated across the value chain and have manufacturing facilities in Jamgaon, Raigarh in Chhatisgarh.

our mission

to rise from a regional player
to a leading national player.

our vision

to unleash the power of our
products, to help enhance the
country's economic growth
and the well being of its citizens.

“Our continuous ability to innovate enables us to enhance our execution and service delivery. The growing level of dedication and passion to excel gives us the confidence to meet our desired growth objectives”

DEAR SHAREHOLDERS,

The financial year 2013-14 has shown that there was slow but steady recovery in several major economies, mainly U.S and Europe. Though there were signs of this recovery in the short term, there will be challenges in the medium term, as there is overcapacity in China and Europe, which can be corrected with sustained growth in demand in the medium and long term.

During the financial year under review world-wide annual steel production increased by 3.5% as compared to the previous year, where as the World steel demand grew by 6.1% which is higher than that which was forecast by the World Steel Association due to stronger than expected demand in the developed world in the second half of the year. The emerging economies however continues to struggle with structural issues and financial market volatility. At present global steel demand recovery continues but growth is stabilising at a lower rate with continued volatility and uncertainty in the many emerging economies leading to a challenging environment for steel companies. But higher growth in worldwide steel demand augurs well for the steel sector as a whole.

India remained the 4th largest steel producing country in the world, behind China, Japan, and the United States. US. Crude steel production in India grew by 4.6% to 81.2 million tonnes whereas steel demand grew by 1.8%. Construction sector accounts for around 60 percent of the Country's total steel demand while the automobile industry consumes 15%. Both the sectors were plagued by a slowdown in the economy which grew 4.9% in 2013-14, against the growth rate of 4.5% in 2012-13. Hence demand slowdown from key consuming industries, affected sales volumes and also led to a softening in overall sales realization of Indian Steel producers. On the other hand, input costs remained at high levels, notwithstanding a moderation in international coking coal prices, leading to a reduction in the operating profitability of steel players in the sector. Besides lower operating margins, high capital charges too have dented their net margins. India's GDP growth has slowed down to 5% in 2013 on account of rising inflation and tight monetary controls. This has led to weak domestic steel demand, which grew by 3.3% in 2013 in spite of rise in demand in the last quarter. This growth in steel production in India and increase in worldwide of steel, resulted in India becoming the net exporter of steel in Financial Year 2013-14 after a gap of six years. Total steel exports by India during the Financial Year stood at 5.59 million tonnes, as against imports of 5.44 million tonnes as per the report issued by Joint Plant Committee (JPC), a unit of the steel ministry. In spite of the above mentioned problems due to slowdown in the economy our company managed to excel in all the fields. The plants at the factory operated at higher capacity and the Company achieved a higher sales turnover.

The Company's plant is proximate to raw material resources and it progressively secured its raw material requirement, which substitutes the need to make large capital investment with relatively moderate capacities that can be progressively scaled, commissioned projects ahead of schedule and created a business model that represent a balance of revenues and margin growth. As a result of this business way across the Company expects to enhance stakeholder value in a sustainable way across the foreseeable future.

Our team's dynamic and professional mindset has further enabled us to meet the untold challenges. Our continuous ability to innovate enables us to enhance our execution and service delivery. The growing level of dedication and passion to excel gives us the confidence to meet our desired growth objectives. In addition, we will fulfill our obligations to all our stakeholders, customers and employees as well as the nation and the larger society, providing all of them with industry-leading values through advanced and responsible management.

With best wishes,

PURAN MAL AGRAWAL

Chairman

Bringing our Support Systems Together.

With Commitment.

With Expertise.

This year at MSP, the initiatives undertaken are a reflection of our growing expertise in the field as well as our commitment to survive the challenging environment that we operate in. We have not only established our capacities in the pellet plant, coal washery, power plant and steel melting shop plant but also ensured timely execution and production at the optimal level.

As seen before, we make products across the value chain:

Pellets | Sponge Iron | Billets and Ingots | TMT Bars |

Structural Products | Power

The complete integration of our steel plant from top to bottom gives us renewed hope and we are highly optimistic about creating a sustainable future.

OUR PERFORMANCE OVER THE LAST FEW YEARS.

Bringing our Capabilities Together. With Strategy. With Action.

In the business of Steel and Power, vertical integration is an important process in the security of raw materials and plays a major role in creating constant value. This value chain is enhanced with technological prowess, cost-reducing measures and network efficiency. Therefore at MSP, we are using these strengths to make the most of industry opportunities

COST EFFICIENCY

Coal gasification plant to convert coal to hot gas which is used further to generate electricity. This helped us to reduce fuel cost and decrease carbon emissions.

Conveyers replacing manual system to transfer hot billets to rolling mill helped reduce emissions and logistical costs

NETWORK EFFICIENCY

Our wide network of pan-India distributors help us reach out to customers across Madhya Pradesh, Chhattisgarh, Delhi, Maharashtra, Haryana, and Gujarat. Besides, we also export our products to Nepal and Bangladesh.

TECHNOLOGICAL PROWNESS

We used high-technology, computer-aided testing facilities with respect to size, structure, elongation, proof stress, bendability, ovality, and weldability.

We have license to use Thermex quenching system and technology of M/s Henningsdorfer Stahl Engineering GmbH, Germany in our rolling mill to produce high-strength Thermex Quenched and Self Tempered (QST) rebars

“The Management with a view to modernize and expand the existing facilities at its plant at Raigarh has decided to take up a new project which includes setting up a Brick Making Plant, Expansion of Rolling and Structural Rolling Mill”.

DEAR SHAREHOLDERS,

Steel is at the core of a green economy, in which economic growth and environmental responsibility exist as a mutually beneficial partnership that serves the entire globe. Steel demand in India is expected to grow by 3.3% to 76.2 Mt in 2014, following 1.8% growth in 2013, due to an improved outlook for the construction and manufacturing sectors, even though this will be constrained by high inflation and structural problems. With a 3.3% increase in demand in 2014, followed by an even better 4.5% in 2015 citing expectations of structural reforms implemented by a new government.

FINANCIAL PERFORMANCE Despite Financial Year 2013-14 being a challenging year, the Company achieved a turnover of ₹ 1308.56 crores which marks a growth of nearly 29% as compared from previous year. The company reported EBITDA of ₹ 195.28 crores and a net profit after tax of ₹ 21.00 crores at the end of the financial year resulting in EPS of ₹ 2.38 per share.

FUTURE STEPS The Management with a view to modernize and expand the existing facilities at its plant at Raigarh has decided to take up a new project which includes setting up a Brick Making Plant, Expansion of Rolling and Structural Rolling Mill, setting up of hot billet charging system in Rolling & Structural Rolling Mill and some other modifications. With the above, the capacity of rolling mill will increase by 25,000 tonnes and structural Rolling Mill by 40,000 tonnes. The company will save substantial cost in the manufacture of TMT Bars with this increase in capacity. The Company is planning to consolidate and optimise the existing resources in the best possible way.

STRATEGY Over the upcoming year, we shall be focusing on stabilising our operations to achieve our goal. We are further focusing on improving our efficiencies at all the levels. We expect the steel demand in India to pick up gradually. The current economic environment in combination with growth ambitions carries with it an evolving set of risks. Your company, recognises that these risk need to be managed to protect its customers, employees, shareholders and other stakeholders to achieve its business objective and enable sustainable growth. An integrated system of risk management and internal controls framework has been deployed taking into account various factors such as size and nature of the inherent risk and the regulatory environment.

Your company, realises its responsibility towards the society in which it operates and contributes towards the society and environment. The Company has been engaged in various kinds of social work such as providing clean drinking water to the areas in and around the plant location, renovation of schools, building of concrete roads, providing medical help to the poor, etc.

Today, we are confident of achieving our planned objective on time, with our vibrant and dynamic human resource. The Management is looking forward towards a great year ahead for your company.

Best Wishes,

SURESH KUMAR AGRAWAL

Managing Director

**Bringing our
Community Together.**
With Duty.
With Engagement.

We at MSP firmly believe that continuous social enrichment is essential for the balance between the community and the industry. We aim to make a positive contribution to the under privileged sectors of the society by undertaking a broad range of socio-economic, infrastructural, educational, safety, environment and health activities.

OUR INITIATIVES OVER THE PAST YEARS INCLUDE:

COMMUNITY WELFARE

Installed deep tube wells and motors in Jamgaon and made water tanks available in the village and adjoining areas. We also undertake regular cleaning and dredging of ponds and provide free bus service from the village to Raigarh.

INFRASTRUCTURAL DEVELOPMENT

We have constructed a *pucca* road and built school boundary and playgrounds.

EDUCATION

Running an English medium school in Jamgaon Village, where uniforms and school books are provided to the children free of cost. We also sponsor teachers in various government schools of Raigarh.

HEALTH AND SAFETY

Provided the village with regular medical check-ups, 24 hour ambulance service, eye operation camps, and fire fighter tanks, in addition to fire safety equipment.

ENVIRONMENT

Regularly undertake beautification and gardening activities to maintain a green belt. This includes activities such as planting trees and plants in the surrounding villages and adjoining areas.

EVERY YEAR, WE AIM TO GO A STEP FURTHER. NEW CSR ACTIVITIES THIS YEAR INCLUDE:

DEVELOPMENT OF SURROUNDING AREAS

A concrete road, 9m wide and 330m long, was built to enable villagers to reach the state highway very quickly and easily. Prior to this, during monsoons the people of Mahapali village had to use the broken path causing great discomfort. The project was completed in August 2013.

RENOVATION OF PUBLIC UTILITIES

As part of its initiatives, MSP renovated the village pond at Mahapali so villagers can use it in the most efficient manner. The pond has been constructed in a way that it can now store enough water for use throughout the year for the villagers. Concrete steps have also been constructed in four regions around the pond.

Management Discussion and Analysis Report

INDIAN ECONOMIC SCENARIO

The global economy began its modest recovery in FY 2013-14 with improved demand from OECD economies in the second half of 2013. While the trend is expected to accelerate in the current year, the positive outlook is subdued by the potential consequences of tapering. Emerging market like India faced multiple challenges, capital outflows, intense exchange rate pressures and volatile current account movement. The financial year 2013-14 turned out to be a challenging one for the Indian economy.

In the context where the International Monetary Fund (IMF) has predicted around 4% global growth for calendar years 2014-18, CRISIL's 6.5% growth estimate for India appears pretty decent. Of the 188 countries that the IMF has forecasts for, 151 are expected to lag India over the next five years. However, the fiscal and monetary initiatives taken by the Indian Government and Reserve Bank of India helped stabilise financial market conditions, but the domestic macro environment still remains challenging.

An improvement in investment efficiency, which has fallen drastically over the last two years, is expected to kick in with faster project clearances, implementation of stalled infrastructure projects and resumption of mining activities. This, in turn, will support investment growth, especially when demand – both domestic and global – begins to rebound, improving capacity utilisation, thus laying the foundation for India's entry into a phase of healthier growth. So the task before the new government is laid out clearly – the focus has to be on improving the efficiency of the economy by debottlenecking it.

Prime Minister Narendra Modi, who took oath to office on May 26 with the strongest parliamentary majority in 30 years, has vowed to engineer a turnaround by stepping up investment and clearing regulatory hurdles

for businesses. The new government is without doubt in a very strong position to push through reforms.

The performance of the economy has been mixed so far in F.Y 2014–15 with a stable rupee, strong stock market performance, rising inflation, stagnant industrial production and narrowing trade deficit. Further, there have been developments across the globe with signs of recovery in the US, continued stimulus by the ECB to foster growth in the Euro region and most recent Iraq crisis which triggered off a spike in oil prices.

GLOBAL STEEL INDUSTRY

Global growth picked up in the second half of 2013, averaging 3.67% from the 2.33% recorded during the previous six months partly driven by increases in inventory. This brings overall growth in 2013 to 3% for the global economy with advanced economies growing by 1.3% and emerging markets by 4.7%. Advanced economies accounted for much of the pickup, whereas growth in emerging markets increased only modestly. The strengthening in activity was mirrored in global trade and industrial production. IMF suggests a slight moderation in global growth in the first half of 2014. Overall, global growth is projected to strengthen to 3.6% in 2014 and 3.9% in 2015.

A major impulse to global growth came from USA where the economy grew at 3.25% in the second half of 2013. Some of this was due to strong export growth and temporary increases in inventory demand. This was also backed up by accommodative monetary conditions as well as the real estate sector, higher household wealth and easier bank lending conditions.

ECONOMICS Growth in the EURO region is projected to reach only 1.2% in 2014 and 1.50% in 2015. This would be a turnaround from negative growth in 2012 and 2013. In Germany, supportive monetary conditions, robust labour market conditions, and improved confidence have resulted in a pickup in domestic demand which has gone along with a tentative revival in investment and housing. This has been supported by a sharp reduction in the pace of fiscal tightening from about 1% of GDP in 2013 to 0.25%. However, growth in demand is expected to remain sluggish, given continued financial fragmentation, tight

credit and a high corporate debt burden. Past credit supply shocks in some economies have been not yet fully reversed and are still weighing on credit and growth.

In Japan, growth is expected in private investment and exports, given increased partner country growth and the substantial Yen depreciation. Nevertheless, activity overall is projected to slow moderately in response to a tightening fiscal policy stance in 2014–15. The tightening is the result of a two-step increase in the consumption tax rate to 8% from 5% in the second quarter of 2014 and then to 10% in the fourth quarter of 2015—and to the unwinding of reconstruction spending and the first stimulus package of the Abenomics program.

THE EMERGING MARKETS SCENARIO In emerging markets and developing economies, growth picked up slightly in the second half of 2013 but was weaker than that in advanced economies reflecting two factors:

A | Exports increased on account of stronger activity in advanced economies and currency depreciation while fiscal policies are projected to be broadly neutral. **B |** Continued weakness in investment as external funding and domestic financial conditions tightened. Supply-side and other structural constraints on investment and potential output are issues in some economies.

Overall, however, emerging market and developing economies continue to contribute more than two-thirds of global growth, and their growth is projected to increase from 4.7% in 2013 to 4.9% in 2014 and 5.3% in 2015.

The forecast for China is that growth will remain broadly unchanged at about 7.5% in 2014–15 which is a marginal decline from 2012–13. This projection is predicated on the assumption that the authorities gradually rein in rapid credit growth and make progress in implementing their reform blue-print so as to put the economy on a more balanced and sustainable growth path.

For India, real GDP growth is projected to strengthen to 5.4% in 2014 and 6.4% in 2015, assuming that government efforts to revive investment growth succeed and export growth strengthens after the recent rupee depreciation.

Elsewhere in emerging and developing Asia,

growth is expected to remain at 5.3% in 2014 because of tighter domestic and external financial conditions before rising to 5.7% in 2015, helped by stronger external demand and weaker currencies.

Looking to the overall scenario of the world, demand of steel is expected to improve in the current fiscal year.

BUSINESS OVERVIEW

PERFORMANCE REVIEW OF THE COMPANY The Company is engaged in steel business, which, in context of Accounting Standard (AS - 17) issued by the Institute of the Chartered Accountants of India, is considered to be the only business segment. The Company's overall operational performance has been satisfactory during the year. Its brief financial performance for 2013-14 is given below:

(₹ in Lacs)

PARTICULARS	YEAR ENDED	
	31.03.2014	31.03.2013
Revenue from operations (gross)	1,30,856.20	1,01,535.62
PBDIT	19,528.31	16,698.03
Interest and financial charges	10,875.26	9,050.63
Cash profit	7,579.97	6,640.44
Depreciation	5,479.61	4,627.92
Tax expenses	1,073.09	1,006.96
Net profit	2,100.34	2,012.52

The company is working towards optimum utilization of manpower, machine & money during the current tough economic situation. With the mix of above strategy, the company is trying to consolidate its operations & financials and trying to optimize its profitability. EBIDTA level has improved in the FY 2013-14 in comparison to FY 2012-13 and it has been well positioned to capture the maximum benefit of turnaround vowed by Prime Minister Narendra Modib by stepping up investment and clearing regulatory hurdles for businesses.

RISK MANAGEMENT AND CONCERNS

The current economic environment in combination with growth ambitions carries with it an evolving set

of risks. MSP recognises that these risk need to be managed to protect its customers, employees, shareholders and other stakeholder to achieve its business objective and enable sustainable growth. An integrated system of risk management and internal controls framework has been deployed taking in to account various factors such as size and nature of the inherent risk and the regulatory environment. The risk management framework undergoes continuous improvement to allow management to optimize its management of risk exposures while taking advantage of business opportunities.

Identified risks are grouped into five types, namely strategic, financial, operational, employment risk and environmental.

Brief descriptions of the different types of risks are given below.

- Strategic risks pose threat to the survival of the Company's business. Some of these risks include technological developments, government policies, investment plans, new product development and other related risks.
- Financial risk causes direct or indirect financial losses to the Company.
- Operational risks can lead to loss on the back of a failure or inadequacy in the quality control of the business process.
- Various events, such as work accidents, health hazards, remuneration issues, lack of potential employee and even the terminating of working relationship can lead to employment risks. Environmental risks cause environmental degradation, pollution, social disruption, and other issues, in turn adversely impacting the Company's reputation.

MSP's focus is on the risks that threaten the achievement of business objectives of the group over the short to medium term. An overview of these risks is provided hereafter, including the action taken to mitigate these risks.

STRATEGIC RISK To mitigate the strategic risk the Company undertook several efforts;

- Implementing cost reducing measures.
- Invest in projects to strengthen cost competitiveness
- Implementing new operating system.

FINANCIAL RISK To mitigate the financial risk, the Company undertook several efforts.

- Treasury Risk—The company maintain a financial

framework to ensure that it is able to maintain an appropriate level of financial capacity.

- Interest Rate Risk—MSP borrows funds in the domestic market to meet fund requirements.
- MSP hedges its exposure.

PLANT OPERATIONS RISK To mitigate the risk of disruptions in plant operations, the Company undertook several efforts. It:

- Implemented predictive and preventive maintenance programmes consistently
- Identified critical equipment in every plant and supporting unit, to be programmed on maintenance and procurement management and spare part availability
- Conducted annual maintenance programmes
- Performed daily, weekly and monthly production reviews on the operating performance of production facilities
- Reviewed and implemented the revitalisation programme to ensure reliable operations of production facilities

EMPLOYMENT RISK To mitigate the employee related risks, the Company:

- Developed Human Capital Maintenance with the advanced aspects of Health Care and Welfare to perform employee welfare and help them overcome health problems
- Formulated the operational health, safety and environmental standards procedure
- Conducted induction courses programme for new employees.
- Organised safety campaign, health and the protection of working environment
- Provided retirement plans and programmes for employees

ENVIRONMENT RISK

- Protection for the environment lies at the core of all operations at MSP Steel. The Company is aware of the negative impact and legal actions that might happen if its operations affect the environment. Hence, it undertakes prudent steps to reduce its environmental footprint.
- To reduce its environment footprints and ensure proper compliance with the relevant policies, the Company:
- Established and assigned working units, which are

specifically responsible to manage health, safety and Environment

- Implemented consistent rules and regulations as well as including those already set in the Environmental Management System (ISO)
- Analysed the Company's environment footprint through environmental impact analysis (EIA) for plant operation activities and the Environmental Monitoring Plan or Environmental Plan to do it consistently.
- Completed the production unit by installing de-dusting system, water treatment plant, waste management systems for pollution control

The Board has been trying to set the right tone at the Company's managerial level. It believes in the motto: To improve performance, one has to understand how to manage risk better.

The Company has been integrating concepts of strategic planning, operations management and internal control to mitigate and monitor various risks involving IT security, market, financial reporting, exchange, contractual compliance, policy compliance and so on.

INTERNAL CONTROLS AND SYSTEMS

The Company's Board of Directors operates an extensive system of internal control. It includes the organisation's plan and policies to ensure orderly and efficient business conduct. The Board has also set up appropriate processes to monitor the relevant external and internal risks. The Company follows the COSO model of internal control system to deal efficiently and effectively with all the five components of Internal Control System, namely:

- Risk assessment
- Control environment
- Control activities
- Information and communication
- Monitoring the activities of the different levels of the organisation

The Company's internal audit is carried out effectively, leading to an independent and systematic assessment of its data, records, performances, and so on with a pre-determined objective. It has the potential to be one of the most influential and value-added services

available to the Board. It emphasises on:

- Operational effectiveness and efficiency
- Resource protection
- Reliability of internal and external reporting
- Compliance with applicable laws, regulations and internal policies

Internal audit works as a catalyst for improving an organisation's effectiveness, thus providing insight and recommendations based on analysis and assessments of data and business processes. With its commitment to integrity and accountability, internal audit provides value to governing bodies and senior management as an objective source of independent advice. The organisation promotes independent examination of its plans and the policies, subject to the overall control environment supervision by the Board Level Audit Committee. This leads to accountability and transparency of operations and promotes independent examination.

During the year, the Company focused on encouraging independent decision making, documentation of shortcomings of the various processes and departments, and correction of the work processes.

It is supplemented by well-documented policies, guidelines, procedures and regular reviews, which are carried out by the Company's Internal Audit Department. The reports containing significant audit findings are periodically submitted to the Company's management and its Audit Committee.

FINANCIAL MANAGEMENT

The senior management personnel periodically monitors the capital budgeting and subsequent progress of the under-implemented projects. The projects are funded by borrowing from a consortium of banks at competitive rates; the balance is covered by internal accruals and promoter contribution. During the year, the Company issued 1,20,00,000, 6% Non Cumulative Redeemable Preference shares of ₹ 10 each at a premium of ₹ 90 per share.

The Company's well-trained and highly efficient professionals are responsible for overseeing factory operations as well as the functions of the accounting and finance department. The team ensures that the established organisational procedures laid down by the

senior management at a strategic level are followed and translated even in financial results and periodic management reports. Regular audits are conducted to ensure that the proper controls are in place.

FINANCIAL PERFORMANCE

During 2013-14, the Company performed satisfactorily, commissioning its 1,17,000 Mt of Steel Melting Shop, 25,000 Mt of Rolling Mill and 40,000 Mt of Light Structural Rolling Mill is under construction. Going forward, the Company expects that revenues from the newly commissioned projects to improve the overall margins and increase profitability. Besides, incremental capacity utilisations from other existing projects are also likely to help improve the revenues and EBITDA margins in the years to come.

STATUTORY COMPLIANCE

The Company's various units offer confirmation to ensure compliance with all statutory requirements. A declaration is then made by the Managing Director at each Board Meeting regarding compliance with the provisions of the various statutes. The Company Secretary, as Compliance Officer, ensures compliance with the SEBI regulations and provisions of the Listing Agreements.

INDUSTRIAL RELATIONS AND HUMAN RESOURCE MANAGEMENT

Prudent people practices lie at the core of MSP Steel's activities. The workforce is created, developed and motivated with a customer-centric, process-based, transparent and agile work culture. The Company's work culture is responsive to business needs and challenges, but gives them a sense professional ownership. It also elicits innovative responses from all. This has made MSP Steel's human resource an admirable and competitive workforce that not only epitomizes the Company's long term vision, but also owns the skills to realise it.

People form the foundation that drives the success and growth of the organisation. The Company undertook various HR initiatives like change dynamics, retention policies of key business drivers based on their competencies and their performance.

CAUTIONARY STATEMENT

Statements made in this report describing the Company's objectives, projections, estimates, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

Independent Auditors' Report

To the Members of

MSP STEEL & POWER LIMITED

1 REPORT ON THE FINANCIAL STATEMENTS We have audited the accompanying financial statements of **MSP Steel & Power Limited ('the Company')**, which comprises the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

2 MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS The Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub section (3C) of Section 211 of the Companies Act, 1956 ('the Act') read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3 AUDITOR'S RESPONSIBILITY Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by The Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures

in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- (ii) In the case of the Statement of Profit and Loss, of the profit for the year ended on that date, and
- (iii) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

5 REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

(i) As required by the Companies (Auditors' Report) Order 2003 ('the Order'), as amended, issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure, a statement on the matters specified in paragraphs 4 and 5 of the order.

(ii) As required by the Section 227(3) of the Act, we report that: **A** | We have obtained all information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit; **B** | In our opinion proper books of accounts as required by the law have been kept by the

Company so far as appears from our examination of those books; **C** | The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of accounts; **D** | In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in sub section (3C) of Section 211 of the Companies Act 1956 read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013; and **E** | On the basis of written representations received from the directors as on the 31st March, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014, - from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956;

THE ANNEXURE referred to in our report to the members of MSP STEEL & POWER LIMITED ('THE COMPANY') for the **YEAR ENDED 31ST MARCH 2014**

(i) **A** | The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets. **B** | As explained to us, all the fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable keeping in mind the size of the Company and nature of its assets. As informed, no material discrepancies were noticed on such verification. **C** | There was

no substantial disposal of fixed assets during the year.

(ii) **A** | As informed to us, a part of the inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. **B** | As per the information given to us, the procedures of physical verification of inventories followed by the management, in our opinion, are reasonable and adequate in relation to the size of the Company and the nature of its business. **C** | The Company is maintaining proper records of inventory. As explained to us, the discrepancies noticed on verification between the physical stocks and the book records were not material and the same have been properly dealt with in the books of account.

(iii) **A** | The Company has granted loans to a party covered in the register maintained under section 301 of the Companies Act, 1956. The maximum amount outstanding during the year was ₹ 1198.25 lacs and the year end balance of loans given to such parties was ₹ 288.83 lacs. **B** | In our opinion and according to the information and explanations given to us, the rate of interest and other terms and conditions of loan as aforesaid are not prima facie prejudicial to the interest of the Company. **C** | The above loans are stated to be repayable on demand. As informed, the repayment of above loans, to the extended demanded from the borrowers, during the year had been received by the Company and thus, there has been no default on the part of the borrower. The payment of interest with respect to such loans is stated to be regular. **D** | According to the information and explanations given to us, all loans given are repayable on demand and accordingly there is no overdue amount of loans granted to such parties. **E** | The Company has taken loans from nine parties (including interest free loan from seven parties) covered in the register maintained under section 301 of the Companies Act, 1956. The maximum amount outstanding during the year was ₹ 5,175.76 lacs and the year end balance of loans taken from such parties was ₹ 4,957.50 lacs. **F** | In our opinion and according to the information and explanations given to us, the rate of interest and other terms and conditions for such loan are prima facie not prejudicial to the interest of the Company. **G** | As informed, the loan taken and interest thereon (wherever applicable) is payable after

one year, and thus, there has been no default on part of the Company in repayment of loan and interest.

(iv) In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and with regard to sale of goods. During the course of our audit, we have neither observed nor have been informed of any major weaknesses in the said internal control system.

(v) A | According to the information and explanations given to us, we are of the opinion that the transactions that need to be entered in the register maintained under Section 301 of the Companies Act, 1956 have been so entered. **B |** In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements entered in the register maintained under Section 301 of the Companies Act, 1956 and exceeding the value of rupees five lacs in respect of any party during the period under audit, have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.

(vi) No deposits within the meaning of Section 58A, 58AA or any other relevant provisions of the Companies Act, 1956 and the rules framed there under have been accepted by the Company.

(vii) The Company has an internal audit system commensurate with the size and nature of the Company.

(viii) As informed to us, the Company has made and maintained cost records as prescribed by the Central Government under Section 209(1) (d) of the Act. We have not made a detailed examination of such records. However, we have broadly reviewed the records maintained and are of the opinion, that prima facie, the prescribed accounts and records have been maintained.

(ix) A | According to the records of the Company examined by us, in our opinion, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues including provident fund, investor education protection fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it.

According to the information and explanations given to us, no undisputed amounts payable in respect of statutory dues as aforesaid were outstanding, as at 31st March 2014 for a period of more than six months from the date they became payable, except entry tax for ₹ 254.83 lacs. **B |** According to the information and explanations given to us, there are no dues of sales tax, income tax, customs duty, wealth tax, service tax, excise duty and cess which have not been deposited on account of any dispute, except:

Notes to the Financial Statement for the year ended 31st March, 2013

MSP STEEL & POWER LIMITED **SIGNIFICANT ACCOUNTING POLICIES**

1 CORPORATE INFORMATION

MSP Steel & Power Limited ('the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The Company is engaged in the manufacture and sale of iron and steel products and generation and sale of power.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A | BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respect with the Accounting Standards ('AS') notified under the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act 2013 (to the extent notified), the relevant provisions of the Companies Act, 1956 (to the extent applicable) and the guidelines issued by the Securities and Exchange Board of India (SEBI). The financial statements have been prepared on an accrual basis and under the historical cost convention.

B | USE OF ESTIMATES The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on

the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

C | TANGIBLE AND INTANGIBLE FIXED ASSETS

- Fixed Assets are stated at cost, less accumulated depreciation and impairment if any. The cost of acquisition comprises of purchase price inclusive of duties (net of Cenvat / VAT), taxes, incidental expenses, erection/commissioning/trial run expenses and borrowing cost etc., up to the date the assets are ready for intended use. Borrowing costs relating to acquisition of fixed assets for the period of time for it to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.
- Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.
- Machinery spares which can be used only in connection with an item of fixed assets and whose use as per technical assessment, is expected to be irregular, are capitalized and depreciated prospectively over the residual life of the respective assets.
- All direct expenditure and administrative costs relating to construction/erection of the project for bringing it to the working conditions for intended use are capitalized as "Pre-operative & Trial Run Expenses (pending allocation)".
- Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and impairment loss, if any.

D | DEPRECIATION/AMORTIZATION OF FIXED ASSETS

The classification of Plant and Machinery into continuous and non-continuous process is done as per the

technical evaluation and depreciation thereon is provided accordingly.

Depreciation on fixed assets is calculated on a 'straight-line basis' using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule XIV to the Companies Act, 1956, whichever is higher.

Depreciation on assets added / disposed off during the year is provided on pro-rata basis.

Depreciation on change in the value of fixed assets due to exchange rate fluctuation on has been provided prospectively over the residual life of the respective assets.

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

Cost of leasehold land is amortized over the period of lease.

The intangible assets are amortized over the useful economic life of the respective assets.

E | LEASES Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as 'operating leases'. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

F | IMPAIRMENT OF FIXED ASSETS The carrying amount of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price and 'value in use' of the assets. In assessing value in use, the estimated future cash flows are discounted to their present value.

G | BORROWING COSTS Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the ac-

quisition, construction/erection or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to revenue.

H | GOVERNMENT GRANTS AND SUBSIDIES Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

Where the Company receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost, it is recognized at a nominal value.

I | INVESTMENTS Investments that are readily realizable and intended to be held for not more than a year are classified as 'Current Investments'. All other investments are classified as 'Long-term Investments'.

On initial recognition, all investments are measured at cost. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. Provision for diminution in value is recognized when there is an 'other than temporary' decline in the value of the investments.

J | INVENTORIES

- Raw materials, Components, Stores and Spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products for which they will be used are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on 'First in First out' basis.

- Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on annual average basis.
- Saleable scrap and by-products are valued at net realizable value.
- Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

K | REVENUE RECOGNITION All expenses and income to the extent considered payable and receivable respectively, unless otherwise stated, are accounted for on an accrual basis. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which generally coincides with delivery.

Sale of Power Revenue from sale of power is recognized on transmission of power to the customers from the grid.

Sale of carbon credits Revenue is recognized when carbon credit units are sold to third parties and there is no significant uncertainty as regards the collection thereof.

Export Incentives Export Incentives under the Duty Drawback scheme are recognized when such incentive accrues upon export of goods provided that there is reasonable certainty of receiving the credit and its quantification can be assessed. Income is recognized at lower of the estimated credit receivable and estimated net realisable value.

Interest Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the Statement of Profit and Loss.

Insurance Claims Insurance Claims are accounted depending on the certainty of receipts on settlement.

L | FOREIGN CURRENCY TRANSACTIONS AND BALANCES

Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing on the date of the transaction.

Foreign currency monetary items are restated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences arising on the settlement or reporting of monetary items at rates different from those at which they were initially recorded are recognized as income or expenses in the year in which they arise except for fixed assets.

The premium/ discount arising at the inception of forward exchange contract is amortized and recognized as an expense/ income over the life of the contract. Exchange differences on such contracts at the reporting date are recognized in the Statement of Profit and Loss. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.

M | EMPLOYEE BENEFITS

- Short term employee benefits are charged off at the undiscounted amount in the period in which the related service is rendered.
- Post employment and other long term employee benefits are charged off in the period in which the employee has rendered services. The amount charged off is recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to Statement of Profit and Loss.
- The Company’s contribution to the Provident Fund and the Family pension fund are charged to Statement of Profit and Loss.

N | INCOME TAXES Tax expense comprises both Current Tax and Deferred Tax at the applicable enacted or substantively enacted rates.

Current Tax represents the amount of Income Tax payable in respect of taxable income for the reporting

period. Provision for Current Tax is made on the basis of estimated taxable income for the period at the rates prevailing under the Income-tax Act, 1961. Current Tax is net of credit for entitlement for Minimum Alternative Tax (MAT).

Deferred Tax represents the effect of timing difference between taxable income and accounting income for the reporting period that originates in one year and are capable of reversal in one or more subsequent years. Deferred Tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be realized in future.

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the ICAI, the said asset is created by way of credit to Statement of Profit & Loss and shown as MAT credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

O | PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements.

P | DERIVATIVE INSTRUMENTS Derivative contracts, other than foreign currency forward contracts covered under AS 11, are marked to market on a portfolio basis, and the net loss, if any, after considering the offsetting effect of gain on the underlying hedged item, is charged to the Statement of Profit and Loss. Net gain, if any, after considering the offsetting effect of loss on the underlying hedged item, is ignored.

Q | EXCISE DUTY Excise Duty and Cess on manufacturing goods is accounted for at the time of their clearances from the factory. Excise Duty and Cess in respect of stock of finished goods and scrap awaiting clearance from the factory at the year-end are considered for valuation of inventory.

R | EARNINGS PER SHARE Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders are divided with the weighted average number of shares outstanding during the year after adjustment for the effects of all dilutive potential equity shares.

Terms/rights attached to preference shares

The company has only one class of preference shares (i.e. 6% non cumulative redeemable preference shares) having a nominal value of ₹ 10/- per share. The preference shareholders shall have the right to vote on any resolution of the Company directly affecting their rights. The company declares and pays preferential dividend in Indian rupees.

The preference share(s) of the Company are non cumulative in nature and therefore in case the Company does not declare dividend in any particular year, dividend right gets lapsed and is not eligible for carry forward in future years.

During the year, the Company had issued 12,000,000 numbers of preference shares of ₹ 10/- each in the same class with a premium of ₹ 90/- per share.

Preference shares are redeemable within 20 years from the date of allotment at a price to be decided by the Board of Directors at the time of redemption.

In the event of liquidation of the Company, the holders of preference shares will be entitled to receive assets of the company, before its distribution to equity shareholders. The distribution will be in proportion to the number of preference shares held by the preference shareholders.

42. VALUATION OF CURRENT ASSETS, LOANS & ADVANCES AND CURRENT LIABILITIES

In the opinion of the management, current assets (including trade receivables), loans and advances and current liabilities (including trade payables) have the value at which these are stated in the Balance Sheet, unless otherwise stated, and adequate provisions for all known liabilities have been made and are not in excess of the amount reasonably required.

43. As per information available with the Company, there are no suppliers covered under Micro, Small and Medium Enterprise Development Act, 2006. As a result, no interest provision/payment has been made by the Company to such creditors, if any, and no disclosure thereof is made in the accounts.

44. During the year, the Company has completed the demerger of its Cement division. The “Scheme of Arrangement” (‘the Scheme’) involved transfer of Cement division to a “Transferee Company” (MSP Cement Limited, 100% wholly owned subsidiary of the Company), whose equity shares are not listed in any stock exchange in India or abroad. The Transferee Company had issued its equity shares in consideration of such transfer to its holding company. The Scheme became effective on July 05, 2013 i.e. date of sanction of the Honorable High Court of Kolkata and certified copy of the same has been filed with the Registrar of Companies. The Scheme of Demerger has been accounted for in terms of the Court Orders and alterations or modifications as approved by the Board of Directors of the Company and the Transferee Company as provided for in the Scheme.

Consequent to demerger of the Cement Division of the Company in terms of the Scheme, the financial statements of the Company for the year ended March 31, 2014, do not include the assets of the Cement division, and are therefore strictly not comparable with the figures of the previous year ended March 31, 2013. The transfer of the shares in the said subsidiary to the Company has been effected through due process under relevant laws and regulations.

All the assets and liabilities relating to the Cement division of the Company, on the appointed date, have been transferred to the Transferee Company. The excess of assets over liabilities relating to the Cement division of Re. 1/- has been charged to P&L account under Sundry balance written off in terms of the Scheme as per Accounting Standard 10.

The carrying value of the assets and liabilities of the demerged division is as follows:

Assets transferred :

Current Assests & Advances (₹ in lacs)	53.07
--	-------

Consideration:

No. of equity shares	530,698
Face value (₹)	10
Total equity in consideration of demerger (₹ in lacs)	53.07

45. The amount due from related parties are good and hence no provision for doubtful debts in respect of dues from such related parties is required. No amount has been written back / written off during the year in respect of due to / from related parties.

46. The previous year’s figures have been reworked, regrouped, rearranged and reclassified wherever necessary as per the Revised Schedule VI to the Companies Act, 1956. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year. Bifurcation of assets and liabilities into Non-current and current for preparation of financial statements has been made by the management.

Independent Auditors' Report (consolidated)

To the Members of

MSP STEEL & POWER LIMITED

1 REPORT ON THE FINANCIAL STATEMENTS We have audited the accompanying consolidated financial statements of **MSP Steel & Power Limited ('the Company')**, its subsidiaries and joint ventures, hereinafter referred to as the '**Group**' [refer Note 2(a)], which comprises the consolidated Balance Sheet as at 31st March, 2014, the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

2 MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS The Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3 AUDITOR'S RESPONSIBILITY Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by The Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements

are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

4 OPINION In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the separate audit reports on the financial statements/financial information of the subsidiaries and jointly controlled entities and the unaudited financial statements/financial information of the subsidiary; referred to below in the other matters paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) In the case of the consolidated Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- (ii) In the case of the consolidated Statement of Profit and Loss, of the profit for the year ended on that date, and
- (iii) In the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

5 OTHER MATTERS

- (i) We did not audit the financial statement of Madanpur South Coal Company Limited (a jointly controlled entity) whose financial statement reflect

total assets (net) of ₹ 1,564.19 lacs as at 31st March, 2014 and total revenues (net) of ₹ 0.03 lacs for the year then ended. This financial statement has been audited by other auditor whose report have been furnished to us by the Management, and our opinion, in so far as it relates to the amounts included in respect of the jointly controlled entity, is based solely on the reports of the other auditor.

(ii) We did not audit the financial statement of subsidiary company namely MSP Group International (Singapore) Pte Limited whose financial statement reflects total assets (net) of ₹ 1.47 lacs as on 31st March, 2014, total revenues (net) of ₹ 12.03 lacs and net cash outflow of ₹ 3.57 lacs for the period then ended. This financial statement was not audited by their auditor, and our opinion, in so far as it relates to the amounts included in respect of the said subsidiary, is based solely on such unaudited financial statements.

Our opinion is not qualified in respect of these matters.

MSP STEEL & POWER LIMITED
SIGNIFICANT ACCOUNTING POLICIES
1 CORPORATE INFORMATION

MSP Steel & Power Limited is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The company is engaged in the manufacture and sale of iron and steel products and generation and sale of power.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A | PRINCIPLES OF CONSOLIDATION The Consolidated Financial Statements have been prepared in accordance with the Accounting Standard ('AS') – 21 on 'Consolidated Financial Statements' and AS – 27 on 'Financial Reporting of Interest in Joint Ventures' notified under the Companies (Accounting Standards) Rules, 2006, (as amended).

The Consolidated Financial Statements relate to MSP Steel & Power Limited ('the Company'), its subsidiaries and joint ventures (collectively referred to as Group). The details are as given below:

NAME OF THE SUBSIDIARIES/ JOINT VENTURE (JV)	COUNTRY OF INCOR- PORATION	PROPORTION OF OWNERSHIP / INTEREST	
		As at 31st March 2014	As at 31st March 2013
MSP Group International (Singapore) Pte Ltd.	Singapore	100.00%	100.00%
MSP Cement Ltd.	India	100.00%	100.00%
AA ESS Trade-links Pvt. Ltd.	India	52.32%	52.32%
Madanpur South Coal Company Ltd. (JV)	India	14.90%	14.90%

CONSOLIDATION PROCEDURE:

(i) The financial statements of the Group have been prepared based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue and expenses as per the respective financial statements. Intra group balances and intra group transactions have been eliminated. The group's interest in the joint venture is accounted using proportionate consolidation.

(ii) The consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances, unless otherwise stated.

(iii) The difference between the costs of investments in the subsidiaries over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the consolidated financial statements as Goodwill or Capital Reserve, as the case may be.

(iv) Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the revenue of the Group in order to arrive at the net revenue attributable to the shareholders of the Company. The excess of loss over the minority interest in the equity, if any, is adjusted in majority interest.

(v) Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

(vi) In terms of AS – 11, 'The Effects of Changes in Foreign Exchange Rates', foreign subsidiary of the Company is integral to the operations of the Company. Financial statements of this subsidiary has been translated at the following exchange rates:

- Revenue and expenses: At the average exchange rates during the year.
- Fixed Assets and Investment: At average exchange rates in the year of purchase.
- All other assets and liabilities: Closing rates prevailing at year end.

Any exchange difference arising on consolidation is recognized in the consolidated statement of profit and loss.

(vii) Investments other than in subsidiaries and joint ventures have been accounted as per AS – 13, 'Accounting for Investments'.

B | BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these consolidated financial statements to comply in all material respect with the Accounting Standards ('AS') notified under the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 (to the extent notified) and the relevant provisions of the Companies Act, 1956 (to the extent applicable). The consolidated financial statements have been prepared on an accrual basis and under the historical cost convention.

C | USE OF ESTIMATES The preparation of consolidated financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

D | TANGIBLE AND INTANGIBLE FIXED ASSETS

- Fixed Assets are stated at cost, less accumulated depreciation and impairment if any. The cost of acquisition comprises of purchase price inclusive of duties (net of Cenvat / VAT), taxes, incidental expenses, erection/commissioning/trial run expenses and borrowing cost etc., up to the date the assets are ready for intended use. Borrowing costs relating to acquisition of fixed assets for the period of time for it to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.
- Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day re-

pair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

- Machinery spares which can be used only in connection with an item of fixed asset and whose use, as per technical assessment, is expected to be irregular, is capitalized and depreciated prospectively over the residual life of the respective assets.
- All direct expenditure and administrative costs relating to construction/erection of the project for bringing it to the working conditions for intended use, are capitalized as "Pre-operative & Trial Run Expenses (pending allocation)".
- Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment loss, if any.

E | DEPRECIATION/AMORTIZATION OF FIXED ASSETS

The classification of Plant and Machinery into continuous and non-continuous process is done as per the technical evaluation and depreciation thereon is provided accordingly.

Depreciation on fixed assets is calculated on a 'straight-line basis' using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule XIV to the Companies Act, 1956, whichever is higher.

Depreciation on assets added / disposed off during the year is provided on pro-rata basis.

Depreciation on change in the value of fixed assets due to exchange rate fluctuation has been provided prospectively over the residual life of the respective assets.

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

Cost of leasehold land is amortized over the period of lease.

The intangible assets are amortized over the useful economic life of the respective assets.

F | LEASES Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as 'operating

leases'. Operating lease payments are recognized as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term.

G | IMPAIRMENT OF FIXED ASSETS The carrying amounts of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price and 'value in use' of the assets. In assessing value in use, the estimated future cash flows are discounted to their present value.

H | BORROWING COSTS Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction/erection or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to revenue.

I | GOVERNMENT GRANTS AND SUBSIDIES Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

Where the Company receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost, it is recognized at a nominal value.

J | INVESTMENTS Investments that are readily realizable and intended to be held for not more than a

year are classified as 'Current Investments'. All other investments are classified as 'Long-term Investments'.

On initial recognition, all investments are measured at cost. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. Provision for diminution in value is recognized when there is an 'other than temporary' decline in the value of the investments.

K | INVENTORIES

- Raw materials, Components, Stores and Spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products for which they will be used are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on 'First in First out' basis.

- Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on annual average basis.

- Saleable scrap and by-products are valued at net realizable value.

- Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

I | REVENUE RECOGNITION All expenses and income to the extent considered payable and receivable respectively, unless otherwise stated, are accounted for on an accrual basis. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which generally coincides with delivery.

Sale of Power Revenue from sale of power is recognized on transmission of power to the customers from the grid.

Sale of carbon credits Revenue is recognized

when carbon credit units are sold to third parties and there is no significant uncertainty as regards the collection thereof.

Export Incentives Export Incentives under the Duty Draw Back scheme are recognized when such incentive accrues upon export of goods provided that there is reasonable certainty of receiving the credit and its quantification can be assessed.

Interest Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the Statement of Profit and Loss.

Insurance Claims Insurance Claims are accounted depending on the certainty of receipts on settlement.

M | FOREIGN CURRENCY TRANSACTIONS AND BALANCES

Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing on the date of the transaction.

Foreign currency monetary items are restated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences arising on the settlement or reporting of monetary items at rates different from those at which they were initially recorded are recognized as income or expenses in the year in which they arise.

The premium/ discount arising at the inception of forward exchange contract is amortized and recognized as an expense/ income over the life of the contract. Exchange differences on such contracts at the reporting date are recognized in the Statement of Profit and Loss. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.

N | EMPLOYEE BENEFITS

- Short term employee benefits are charged off at the undiscounted amount in the period in which the related service is rendered.
- Post employment and other long term employee benefits are charged off in the period in which the employee has rendered services. The amount charged

off is recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to Consolidated Statement of Profit and Loss.

- The Company's contribution to the provident fund and the family pension fund are charged to consolidated statement of profit & loss.

O | INCOME TAXES Tax expense comprises both Current Tax and Deferred Tax at the applicable enacted or substantively enacted rates.

Current Tax represents the amount of Income Tax payable in respect of taxable income for the reporting period. Provision for Current Tax is made on the basis of estimated taxable income for the period at the rates prevailing under the Income-tax Act, 1961. Current Tax is net of credit for entitlement for Minimum Alternate Tax (MAT).

Deferred Tax represents the effect of timing difference between taxable income and accounting income for the reporting period that originates in one year and are capable of reversal in one or more subsequent years. Deferred Tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be realized in future.

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the ICAI, the said asset is created by way of credit to Statement of Profit & Loss and shown as MAT credit entitlement. The company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect the company will pay normal Income Tax during the specified period.

P | PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an

outflow of resources. Contingent Liabilities are not recognized but are disclosed in the Notes. Contingent Assets are neither recognized nor disclosed in the consolidated financial statements.

Q | DERIVATIVE INSTRUMENTS Derivative contracts, other than foreign currency forward contracts covered under AS 11, are marked to market on a portfolio basis, and the net loss, if any, after considering the offsetting effect of gain on the underlying hedged item, is charged to the Consolidated Statement of Profit and Loss. Net gain, if any, after considering the offsetting effect of loss on the underlying hedged item, is ignored.

R | EXCISE DUTY Excise duty and cess on manufacturing goods is accounted for at the time of clearances

from the factory. Excise duty and cess in respect of stock of finished goods and scrap awaiting clearance from the factory at the year end are considered for valuation of inventory.

S | EARNINGS PER SHARE Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders are divided with the weighted average number of shares outstanding during the year after adjustment for the effects of all dilutive potential equity shares.
